NOTE A -- BASIS OF FINANCIAL STATEMENT PRESENTATION

The accompanying unaudited consolidated financial statements include the accounts of Siena Holdings, Inc. ("SHI"), formerly Lomas Financial Corporation ("LFC"), and its subsidiaries (collectively, the "Company"). SHI's wholly-owned, principal subsidiaries are Siena Housing Management Corp. and LLG Lands, Inc. ("LLG"). Prior to October 1, 1996, SHI's wholly-owned principal subsidiary was Lomas Mortgage USA, Inc. ("LMUSA"), now known as Nomas Corp. ("Nomas"). As a result of the confirmation of LMUSA's Chapter 11 reorganization plan, the Company's interest in LMUSA was extinguished effective October 1, 1996. LFC's plan of reorganization was confirmed on October 4, 1996, but not effective until March 1997.

In accordance with the American Institute of Certified Public Accountants' Statement of Position 90-7, "Financial Reporting by Entities in Reorganization Under the Bankruptcy Code", the Company adopted fresh-start accounting as of March 31, 1997, after all material conditions required by the Plan were satisfied. Since April 1, 1997, the Company's financial statements have been prepared as if it was a new reporting entity. Under fresh-start accounting, all assets and liabilities were restated to reflect their reorganization value, which approximated fair value at the date of reorganization. The Company's management and representatives of the creditors' committee concluded that, based on the fact that the Company has historically incurred losses from operations and has projected minimal future operating profits, the reorganization value of the Company (the fair value of the Company before considering liabilities) was equivalent to the fair value of the Company's tangible assets and that no other intrinsic value existed. As a result, all assets and liabilities were stated at their fair value.

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10-Q and Rule 10-01 of Regulation S-X. They do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. Operating results for the quarter are not necessarily indicative of the results that may be expected for the fiscal year. For further information, refer to the consolidated financial statements and footnotes thereto included in the Company's annual report on Form 10-K for the year ended June 30, 2002.

NOTE B -- REORGANIZATION

On October 10, 1995, LFC, two subsidiaries of LFC and LMUSA (collectively the "Debtor Corporations") filed separate voluntary petitions for reorganization under Chapter 11 of the Federal Bankruptcy Code in the District of Delaware. The petitioning subsidiaries were Lomas Information Systems, Inc. ("LIS") and Lomas Administrative Services, Inc. ("LAS"). The Debtor Corporations filed two separate plans of reorganization with the Bankruptcy Court. An order confirming the second amended joint plan of reorganization filed on October 4, 1996 for LFC, LIS and LAS (the "Joint Debtors") and a stipulation and order among the Joint Debtors and the appointed statutory committee of unsecured creditors of LFC (the "LFC Creditors' Committee") regarding technical modifications to the plan of reorganization and confirmation order filed on January 27, 1997 together with the second amended joint plan of reorganization filed on July 3, 1996 are collectively referred to herein as the "Joint Plan". The Joint Plan was confirmed on October 4, 1996, but not effective until March 7, 1997, after

Edgar Filing: SIENA HOLDINGS INC - Form 10-Q

certain conditions were either met or waived by the LFC Creditors' Committee.

5

The Joint Plan provided for a transfer by the Company of \$3 million in cash to partially fund a litigation trust to pursue third-party claims pursuant to the LFC/LMUSA joint litigation trust agreement among LFC and its subsidiaries and LMUSA, dated March 6, 1997 (the "LFC/LMUSA Litigation Trust"). Subject to certain exceptions, the LFC Creditors' Trust (as defined herein) and the creditors' trust established pursuant to the LMUSA Plan will receive sixty and forty percent, respectively, of net proceeds from litigation. In March 2000, the LFC Creditors' Trust received \$7.1 million of net proceeds from the LFC/LMUSA Litigation Trust resulting from litigation.

The Class 3 general unsecured creditors were to receive a combination of cash and new common stock as settlement of their allowed claim, pursuant to the Joint Plan. On August 30, 2002, the remaining assets of the Creditors' Trust were liquidated and contingent liabilities were reserved for, resulting in a final net distribution of \$1.7 million. The total of cash distributions through December 31, 2002 was \$34 million. As provided for in the Joint Plan and a decision of the LFC Creditors' Committee, 4,000,000 shares of the new common stock were issued by the stock transfer agent on the initial distribution date of November 12, 1997. For balance sheet presentation and earnings (loss) per share, the 4,000,000 shares were considered issued as of April 1, 1997. The process by the stock distribution agent resulted in 3,822,121 shares of common stock actually distributed to former creditors through March 7, 1999, the deadline for exchanging predecessor company bonds for common stock. In the second quarter of fiscal year 2000, the stock distribution agent distributed the final 177,879 shares, including shares held for disputed claims, to all allowed creditors that had received prior stock distributions.

The Company, as trustee of the Creditors' Trust (the "Trustee"), has attempted to maximize the value of the Creditors' Trust assets, and the success of these efforts can be seen by the total of seven cash distributions and two common stock distributions that the Trustee made over the life of the Creditors' Trust to the beneficiaries. During the LFC bankruptcy, the various claims were trading around six to eight cents on the dollar. The Trustee estimates that the total amount of cash and stock distributions to beneficiaries was more than \$40 million, or more than twenty-eight and a half cents per dollar of bond value. The Trustee expects the Court to sign the final bankruptcy orders for the Creditors' Trust in the third quarter of fiscal year 2003.

On November 5, 1998, the Company received \$2.2 million from the Company's Chairman of the Board (\$2.102 million net of stock offering expenses) in exchange for 2 million shares of the Company's common stock, as approved by the Company's Board of Directors on September 23, 1998. This transaction increased the number of outstanding shares of common stock to 6 million. THE 6,000,000 SHARES OF THE NEW COMMON STOCK ARE RESTRICTED IF THE EFFECT OF A TRANSFER WOULD RESULT IN AN OWNERSHIP INCREASE TO 4.5 PERCENT OR ABOVE OF THE TOTAL OUTSTANDING SHARES OR FROM 4.5 PERCENT TO A GREATER PERCENTAGE OF THE TOTAL OUTSTANDING SHARES, WITHOUT PRIOR APPROVAL BY THE BOARD OF DIRECTORS AS DESCRIBED IN THE RESTATED CERTIFICATE OF INCORPORATION.

THE LFC CREDITORS TRUST AND ANY PROCEEDS FROM THE LFC/LMUSA LITIGATION TRUST ARE SOLELY FOR THE BENEFIT OF THE FORMER CREDITORS OF THE JOINT DEBTORS. STOCKHOLDERS WILL NOT BENEFIT FROM THESE TRUSTS UNLESS THEY HELD CLASS 3 - GENERAL UNSECURED CLAIMS AS DEFINED IN THE JOINT PLAN. SEE "NOTE C-- CREDITORS' TRUST".

NOTE C -- CREDITORS' TRUST

Edgar Filing: SIENA HOLDINGS INC - Form 10-Q

The Joint Plan established a creditors' trust (the "Creditors' Trust") in which the Company serves as trustee. The Creditors' Trust held the non-reorganized assets of the Company in trust pending their disposition and/or distribution to the creditors in accordance with the terms of the Joint Plan. The Creditors' Trust was organized for the sole purpose of liquidating the non-reorganized assets including proceeds, if any from the LFC/LMUSA Litigation Trust. The original termination date was March 7, 2002, however, through a series of extensions, the original termination date was extended until December 31, 2002. On August 30, 2002, the remaining assets of the Creditors' Trust were liquidated and contingent liabilities were reserved for, resulting in a final net distribution to trust beneficiaries of \$1.7 million. The total of cash distributions through December 31, 2002 was \$34 million.

6

The Company, as trustee of the Creditors' Trust (the "Trustee"), has attempted to maximize the value of the Creditors' Trust assets, and the success of these efforts can be seen by the total of seven cash distributions and two common stock distributions that the Trustee made over the life of the Creditors' Trust to the beneficiaries. During the LFC bankruptcy, the various claims were trading around six to eight cents on the dollar. The Trustee estimates that the total amount of cash and stock distributions to beneficiaries was more than \$40 million, or more than twenty-eight and a half cents per dollar of bond value. The Trustee expects the Court to sign the final bankruptcy orders for the Creditors' Trust in the third quarter of fiscal year 2003.

The assets and liabilities of the Creditors' Trust are not reflected in the accompanying Consolidated Balance Sheets as the Company is not the beneficiary of the Trust. Accordingly, revenues and expenses related to the Creditors' Trust assets and liabilities since April 1, 1997, are not reflected in the accompanying Statements of Consolidated Operations and Comprehensive Income (Loss). The allocation of costs between the Creditors' Trust and the Company is based on management's estimate of each entity's proportional share of costs. Gains and losses from the Creditors' Trust are solely for the former creditors' benefit and the Company has no risk of loss on the assets or liabilities. The amounts ultimately distributed to the former creditors were solely dependent on the success of the Company, the amounts realized from the collection of assets and settlement of liabilities for both the Creditors' Trust and the LFC/LMUSA Litigation Trust. Stockholders who are not former creditors of the Joint Debtors are not beneficiaries of the Creditors' Trust.

The Company charged to the Creditors' Trust expenses of \$38,000 and \$74,000 for the quarter and six months ended December 31, 2002, respectively, and \$24,000 and \$57,000 for the quarter and six months ended December 31, 2001, respectively, reported as trust expense reimbursement on the Company's Statements of Consolidated Operations and Comprehensive Income (Loss). The expenses consisted of an overhead allocation from the Company, based upon management's estimate of resources used by the Creditors' Trust. The allocation of overhead to the Creditors' Trust was slightly higher for the periods ended December 31, 2002 as a result of the additional work related to the final distribution and the liquidation of the trust. As a result of the liquidation, the Company expects minimal trust expense reimbursement income for the remainder of the fiscal year or thereafter.

THE LFC CREDITORS TRUST AND ANY PROCEEDS FROM THE LFC/LMUSA LITIGATION TRUST ARE SOLELY FOR THE BENEFIT OF THE FORMER CREDITORS OF THE JOINT DEBTORS. STOCKHOLDERS WILL NOT BENEFIT FROM THESE TRUSTS UNLESS THEY HELD CLASS 3 - GENERAL UNSECURED CLAIMS AS DEFINED IN THE JOINT PLAN.

Edgar Filing: SIENA HOLDINGS INC - Form 10-Q

NOTE D -- INVESTMENT IN REAL ESTATE

The Company's investment in real estate, owned by LLG, consists of 162.1 acres (approximately 138.0 acres net of flood plain) of unimproved land in Allen, Texas (the "Allen property") as of December 31, 2002. The southern boundary of the Allen property is the Exchange Parkway, which provides access to the property from Central Expressway on the west and from Highway 5 on the east. As of December 31, 2002, the Allen property included five tracts of land: one tract of approximately 31.9 net acres zoned multi-family, one tract of approximately 77.2 net acres zoned light industrial, two tracts of approximately 24.2 net acres zoned commercial and one tract of 4.6 net acres zoned residential. With a continuing view towards maximizing shareholder value, management is attempting to have the one residential tract re-zoned as commercial.

The Company's strategy for its real estate holdings has been to attempt to increase the value of the property through the re-zoning of certain tracts. As previously reported, several of the re-zoning proposals were approved, specifically relocating the multifamily tract to a more accessible location in 1999, and changing the single family zoning to light industrial. In the fourth quarter of fiscal year 2001, five acres of the multi-family property were successfully re-zoned as light industrial.

On February 23, 2001, the Company completed the sale of approximately 17.3 acres of property zoned light industrial to Crow Family Holdings Industrial Texas, LP ("Crow Family Holdings"), an unaffiliated partnership. Net cash proceeds from the sale totaled \$1.251 million and the Company recorded a gain on sale of real estate of \$945,000 in the quarter ended March 31, 2001, as previously reported in the Company's Consolidated Financial Statements. In addition, Crow Family Holdings acquired outstanding options, which expired 18 months from the original sale date, to purchase substantially all the remaining light industrial property (approximately 77.2 net acres). On January 16, 2002, the Company received additional cash proceeds of \$36,000 from the real estate sale in February 2001, representing the final settlement

7

and proration of rollback taxes, reported as additional gain on the sale of real estate in the Company's Consolidated Financial Statements.

On February 22, 2002, the Company and Crow Family Holdings agreed to the First Amendment to Sale Contract (the "First Amendment") which extended the closing date on the sale of 14.25 acres of property zoned light industrial to on or before August 22, 2002. In addition, the First Amendment extended the option period to August 22, 2002, on all outstanding options. The Company received a \$125,000 non-refundable deposit, which was included in unearned income on the Company's Consolidated Balance Sheets as of June 30, 2002. On August 23, 2002, the Company was informed that Crow Family Holdings would not close on the transaction or exercise their options. Therefore, the Company recognized the \$125,000 as other real estate income reported in the Company's Statements of Consolidated Operations and Comprehensive Income (Loss) for the quarter ended September 30, 2002. In the second quarter of fiscal year 2003, Crow Family Holdings indicated that they no longer had an interest in entering into an agreement with the Company.

The Company is currently marketing the property zoned for multifamily use, and continues to market the light industrial and commercial properties. During the past year, management has been disappointed in being unsuccessful in completing the sale of some of the properties; most notably, the agreement with Crow Family Holdings for the light industrial property. The Company is

Edgar Filing: SIENA HOLDINGS INC - Form 10-Q

continuing to market the properties, even though the near-term outlook for commercial real estate is rather uncertain, due to the increasingly soft economic conditions, various customer project delays, and especially the suddenly depressed real estate market in the nearby Dallas telecom corridor. Management has also been considering the amount of time available to the Company to hold and maintain the various real estate assets given the new cost and operating environments that the Company finds itself in today. Management expects increased costs related to new legislation in the areas of public reporting and shareholder administration, legal, audit and liability insurance. These higher costs and lower revenue expectations directly affect the ability of the Company to carry the real estate assets for an extended period of time.

Due to these various changes discussed above, management now believes that it is not more likely than not that the Company will be able to realize any benefit related to the deferred tax assets, net of the existing valuation allowance as of December 31, 2002. Therefore, in the quarter ended December 31, 2002, the Company reestablished the valuation allowance for pre-reorganization deferred tax assets by charging deferred federal income tax expense in the amount of \$1.908 million, which eliminated the net deferred tax asset balance included in the Company's Consolidated Balance Sheet. As of December 31 and June 30, 2002, the Company reported a net deferred tax asset balance of \$0 and \$1.908 million, respectively, included in long term assets on the Company's Consolidated Balance Sheets.

Real estate is carried at the fresh-start reporting value as of March 31, 1997, adjusted for improvements capitalized in accordance with the Company's capitalization policy. The Company's investment in real estate was reported as \$4.764 million and \$4.656 million as of December 31, 2002, and June 30, 2002, respectively, on the Company's Consolidated Balance Sheets. Even though there has been a decline in the market values as described above, the real estate investment amounts carried on the Company's Consolidated Balance Sheets are not deemed to be impaired as of December 31, 2002.

NOTE E -- ASSISTED CARE FACILITY MANAGEMENT

Siena Housing Management, Inc. ("SHM") manages and maintains an assisted care facility in Houston, Texas under a management agreement into which it entered on June 27, 1977 (the "Management Agreement") with Treemont, Inc. ("Treemont"). Under this agreement, SHM receives a fee based on gross revenues and net income of Treemont. Refer to the Company's annual report on Form 10-K for the fiscal year ended June 30, 2002, for more information on the Company's assisted care business and management contract.

On January 4, 2001, the Company agreed to the First Amendment to Management Agreement (the "First Amendment") with Treemont which specifies the terms for a potential sale of the Treemont facility. SHM consented that the owners of Treemont may sell the facility with absolute discretion and terminate the Management Agreement in exchange for a graduated percentage of the net proceeds (as defined) from the sale of the facility. If a sale transaction is ultimately concluded, SHM shall not be obligated to terminate the Management Agreement if SHM does not receive at least \$2 million as its share of the proceeds. The owners of Treemont agreed to provide written notice of the commencement of any negotiations. During the second quarter of fiscal year 2002, SHM was notified of the commencement of negotiations by the Treemont owners with a prospective buyer. In the first quarter of fiscal year 2003, SHM was informed that the owners of Treemont had signed an agreement to sell the property. In February 2003, the sale terminated on its own terms, however, the owners of Treemont are continuing to evaluate their position and intend to continue to market the property for sale.

Edgar Filing: SIENA HOLDINGS INC - Form 10-Q

NOTE F -- INVESTMENTS IN EQUITY SECURITIES

Investments in equity securities are classified as available-for-sale and are held by the Company's real estate subsidiary, LLG. The fair value of the securities based on quoted market prices was \$96,000 and \$197,000 as of December 31 and June 30, 2002, respectively. The cost basis of the securities as of December 31 and June 30, 2002, was reported as \$176,000 and \$176,000, respectively. The cost basis was reduced by \$41,000 during fiscal year 2002 for realized losses from other than a temporary decline in the value of the securities. Unrealized gains and losses are included, net of tax, in accumulated other comprehensive loss, a component of stockholders' equity as reported on the Company's Consolidated Balance Sheets. Realized gains and losses are reported in revenue on the Company's Statements of Consolidated Operations and Comprehensive Income (Loss). Realized losses from other than temporary decline in value of the securities are reported as expense on the Company's Statements of Consolidated Operations and Comprehensive Income (Loss).

NOTE G -- STOCKHOLDERS' EQUITY

As of December 31 and June 30, 2002, the Company had 15,000,000 shares of \$.10 par value common stock authorized, with 6,000,000 shares issued and outstanding. The common stock has no preemptive or other subscription rights and there are no conversion rights, redemption or sinking fund provisions with respect to such shares.

For the six months ended December 31, 2002, the Company recorded \$7,000 in compensation expense related to stock options which increased additional paid-in-capital by \$7,000. SHI and its subsidiaries decreased the post-reorganization deferred tax assets by \$1,000 as a result of an unrealized holding gain on investments in equity securities for the six months ended December 31, 2001, resulting in an increase to additional paid-in-capital of \$1,000. The Company also recorded \$8,000 in compensation expense in the six months ended December 31, 2001, related to stock options which increased additional paid-in-capital by \$8,000, resulting in a total increase to additional paid-in-capital of \$9,000 for the six months ended December 31, 2001.

The Company, as of December 31 and June 30, 2002, had 1,000,000 shares of \$1.00 par value preferred stock authorized, with 0 shares issued and outstanding.

NOTE H -- FEDERAL INCOME TAXES

For the quarter and six months ended December 31, 2002, SHI and its subsidiaries reported federal income tax expense of \$1.886 million and \$1.908 million, respectively, and \$0 and \$0 for the quarter and six months ended December 31, 2001, respectively. The federal income tax expense for the quarter and six months ended December 31, 2002, included \$1.908 million of deferred tax expense resulting from the reestablishment of the valuation allowance for pre-reorganization deferred tax assets, as discussed below.

Due to the various changes in the commercial real estate market and the Company's higher cost and lower revenue expectations discussed in "Note D - Investment in Real Estate", management now believes that it is not more likely than not that the Company will be able to realize the benefit of these deferred tax assets, net of the existing valuation allowance as of December 31, 2002. Therefore, in the quarter ended December 31, 2002, the Company reestablished the valuation allowance for pre-reorganization deferred tax assets by charging deferred federal income tax expense in the amount of \$1.908 million, which eliminated the net deferred tax asset balance included in the Company's Consolidated Balance Sheet. As of December 31 and June 30, 2002, the Company

Edgar Filing: SIENA HOLDINGS INC - Form 10-Q

reported a net deferred tax asset balance of \$0 and \$1.908 million, respectively, included in long term assets on the Company's Consolidated Balance Sheets.

SHI and its subsidiaries had \$95 million in gross deferred tax assets as of December 31 and June 30, 2002, subject to an offsetting valuation allowance of \$95 million and \$93.0 million as of December 31 and June 30, 2002, respectively. Essentially all of this valuation allowance is considered to be attributable to pre-reorganization tax attributes. Accordingly, future utilization of these pre-reorganization tax attributes on a consolidated basis will result in a federal income tax benefit to the extent of the net deferred tax assets that had been previously recognized. Future utilization of these pre-reorganization tax attributes in an amount greater than the net deferred tax assets that had been previously recognized will result in direct increases to additional paid-in-capital. The Company reported gross deferred tax liabilities

9

of \$0 and \$7,000 as of December 31 and June 30, 2002, respectively. Refer to the "Federal Income Taxes" footnote as reported in the annual report on Form 10-K for the year ended June 30, 2002, for more information.

In assessing the realizability of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which these temporary differences become deductible. Management considers the reversal of any deferred tax liabilities, projected future taxable income and tax planning strategies in making this assessment.

NOTE I -- LOSS PER SHARE

Losses per common share were determined using the weighted average shares issued. The effects of outstanding options are not included in the calculation of diluted loss per common share as they are anti-dilutive. Therefore, the effect of the 120,000 and 144,000 options for the quarter and six months ended December 31, 2002, respectively, and 134,000 and 126,000 options for the quarter and six months ended December 31, 2001, respectively, are not included in the calculation of diluted loss per common share.

NOTE J -- RECENT ACCOUNTING PRONOUNCEMENTS

In December 2002, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 148, Accounting for Stock-Based Compensation - Transition and Disclosure, an Amendment of FASB Statement No. 123. SFAS No. 148 provides alternative methods of transition for a voluntary change to the fair value-based method of accounting for stock-based employee compensation. In addition, SFAS No. 148 amends the disclosure requirements of SFAS No. 123, Accounting for Stock-Based Compensation to require prominent disclosure in both annual and interim financial statements about the method of accounting for stock-based employee compensation arrangements in each period presented, and provides for a specific tabular format of the pro forma disclosures required by SFAS No. 123. The disclosures to be provided in annual financial statements for SFAS No. 148 will be required for fiscal years ended after December 15, 2002, and the disclosures to be provided in interim financial reports will be required for interim periods begun after December 15, 2002.

SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets, addresses the financial accounting and reporting for the impairment of long-lived assets and for long-lived assets to be disposed of. This statement

Edgar Filing: SIENA HOLDINGS INC - Form 10-Q

supersedes SFAS No. 121, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed of. SFAS No. 144 requires, among other things, that impairment losses resulting from the initial application of its provision for long-lived assets to be held and used be reported in the period in which the recognition criteria are initially applied and met based on the facts and circumstances existing at that date. This statement, like SFAS No. 121, requires consideration of the continuing effect of events or changes in circumstances that occurred prior to initial application of SFAS No. 144. The Company adopted SFAS No. 144 on July 1, 2002, and there was no impact on its consolidated financial statements.

NOTE K -- INDUSTRY SEGMENT DATA OF OPERATIONS

The Company has two reportable segments: (1) assisted care management, which receives a fee for managing and maintaining an assisted care facility in Houston, Texas, and (2) real estate investment and development. The accounting policies of the segments are the same as those of the Company. Refer to the "Significant Accounting Policies" footnote as reported in the annual report on Form 10-K for the year ended June 30, 2002, for more information. The Company's management evaluates performance of each segment based on profit and loss from operations excluding allocation of corporate overhead expenses and interest income.

The following table summarizes the Company's identifiable assets by segment as of December 31 and June 30, 2002 (in thousands):

(table on following page)

10

	December 31, 2002	June 30, 2002

NOTE K -- SUBSEQUENT EVENTS

On February 13, 2003, the Company's Board of Directors has approved the formation of a special committee of independent directors to explore a "going private" transaction by means of a "reverse stock split". The contemplated transaction is subject to a number of conditions, including the approval of the transaction by the special committee, which will consist solely of independent members of the Board, the receipt of a fairness opinion from the financial advisor to the special committee that the proposed transaction is fair from a financial point of view to the Company's stockholders, and approval by the Company's stockholders. There is no assurance that the contemplated transaction will be completed.

Also in February 2003, the Company reported by issuance of a Form 8-K that

Edgar Filing: SIENA HOLDINGS INC - Form 10-Q

it has completed the sale of an easement over a portion of light industrial property for a sewer line to the City of Fairview. The Company shall have the right to fully use the premises covered by the easement; however, the Company may not erect buildings over the easement tract.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Results of Operations

Statements contained herein that are not purely historical are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, including but not limited to statements regarding the Company's expectations, hopes, beliefs, intentions or strategies regarding the future. Actual results could differ materially from those projected in any forward-looking statements as a result of a number of factors, including those detailed in this Management's Discussion and Analysis of Financial Condition and Results of Operations, as well as those set forth elsewhere herein. The forward-looking statements are made as of the date of these financial statements and the Company undertakes no obligation to update or revise the forward-looking statements, or to update the reasons why actual results could differ materially from those projected in the forward-looking statements.

The operating results of the Company during the quarters and six months ended December 31, 2002 and 2001 were as follows (in thousands):

	Quarter Ended December 31		Six Months Ended December 31	
	2002	2001	2002	2001
Operating income:

	=====	=====	=====	=====

Assisted Care Management. The Company's operating income of the assisted care management operations for the quarter and six months ended December 31, 2002 was approximately \$27,000 and \$26,000, respectively, higher than the same periods in the prior year. SHM manages and maintains an assisted care facility in Houston, Texas under a

management agreement into which it entered on June 27, 1977 with Treemont, Inc. ("Treemont"). Under this agreement, SHM receives a fee based on gross revenues and a defined net income of Treemont. Refer to the Company's annual report on Form 10-K for the fiscal year ended June 30, 2002, for more information on the Company's assisted care business and management contract. The management fee received by Siena Housing Management, Inc. ("SHM"), a wholly-owned subsidiary of the Company, was higher in the quarter and six months ended December 31, 2002, than in the same periods in the prior year by approximately \$17,000, as a result of lower debt payments (which are included in the defined net income calculation) offset by higher insurance expense reported by Treemont. In addition, SHM reported reduced franchise tax and travel expenses that accounted for the remainder of the favorable variance.

On January 4, 2001, the Company agreed to the First Amendment to Management Agreement (the "First Amendment") with Treemont which specifies the terms for a potential sale of the Treemont facility. SHM consented that the owners of Treemont may sell the facility with absolute discretion and terminate the Management Agreement in exchange for a graduated percentage of the net proceeds (as defined) from the sale of the facility. If a sale transaction is ultimately concluded, SHM shall not be obligated to terminate the Management Agreement if SHM does not receive at least \$2 million as its share of the proceeds. The owners of Treemont agreed to provide written notice of the commencement of any negotiations. During the second quarter of fiscal year 2002, SHM was notified of the commencement of negotiations by the Treemont owners with a prospective buyer. In the first quarter of fiscal year 2002, SHM was informed that the owners of Treemont had signed an agreement to sell the property. In February 2003, the sale terminated on its own terms, however, the owners of Treemont are continuing to evaluate their position and intend to continue to market the property for sale.

Real Estate. The Company's investment in real estate, owned by LLG, consists of 162.1 acres (approximately 138.0 acres net of flood plain) of unimproved land in Allen, Texas (the "Allen property") as of December 31, 2002. The southern boundary of the Allen property is the Exchange Parkway, which provides access to the property from Central Expressway on the west and from Highway 5 on the east. As of December 31, 2002, the Allen property included five tracts of land: one tract of approximately 31.9 net acres zoned multi-family, one tract of approximately 77.2 net acres zoned light industrial (formerly single-family), two tracts of approximately 24.2 net acres zoned commercial and one tract of 4.6 net acres zoned residential. With a continuing view towards maximizing shareholder value, management is attempting to have the one residential tract re-zoned as commercial.

The Company's strategy for its real estate holdings has been to attempt to increase the value of the property through the re-zoning of certain tracts. As previously reported, several of the re-zoning proposals were approved, specifically relocating the multifamily tract to a more accessible location in 1999, and changing the single family zoning to light industrial. In the fourth quarter of fiscal year 2001, five acres of the multi-family property were successfully re-zoned as light industrial.

On February 23, 2001, the Company completed the sale of approximately 17.3 acres of property zoned light industrial to Crow Family Holdings Industrial Texas, LP ("Crow Family Holdings"), an unaffiliated partnership. Net cash proceeds from the sale totaled \$1.251 million and the Company recorded a gain on sale of real estate of \$945,000 in the quarter ended March 31, 2001, as previously reported in the Company's Consolidated Financial Statements. In

Edgar Filing: SIENA HOLDINGS INC - Form 10-Q

addition, Crow Family Holdings acquired outstanding options, which expire 18 months from the original sale date, to purchase substantially all the remaining light industrial property (approximately 77.2 acres). On January 16, 2002, the Company received additional cash proceeds of \$36,000 from the real estate sale in February 2001, representing the final settlement and proration of rollback taxes, reported as additional gain on the sale of real estate in the Company's Consolidated Financial Statements.

On February 22, 2002, the Company and Crow Family Holdings agreed to the First Amendment to Sale Contract (the "First Amendment") which extended the closing date on the sale of 14.25 acres of property zoned light industrial to on or before August 22, 2002. In addition, the First Amendment extended the option period to August 22, 2002, on all outstanding options. The Company received a \$125,000 non-refundable deposit, which was included in unearned income on the Company's Consolidated Balance Sheets as of June 30, 2002. On August 23, 2002, the Company was informed that Crow Family Holdings would not close on the transaction or exercise their options. Therefore, the Company recognized the \$125,000 as other real estate income reported in the Company's Statements of Consolidated Operations and Comprehensive Income (Loss) for the quarter ended September 30, 2002. In the second quarter of fiscal year 2003, Crow Family Holdings indicated that they no longer had an interest in entering into an agreement with the Company.

13

The Company is currently marketing the property zoned for multifamily use, and continues to market the light industrial and commercial properties. During the past year, management has been disappointed in being unsuccessful in completing the sale of some of the properties; most notably, the agreement with Crow Family Holdings for the light industrial property. The Company is continuing to market the properties, even though the near-term outlook for commercial real estate is rather uncertain, due to the increasingly soft economic conditions, various customer project delays, and especially the suddenly depressed real estate market in the nearby Dallas telecom corridor. Management has also been considering the amount of time available to the Company to hold and maintain the various real estate assets given the new cost and operating environments that the Company finds itself in today. Management expects increased costs related to new legislation in the areas of public reporting and shareholder administration, legal, audit and liability insurance. These higher costs and lower revenue expectations directly affect the ability of the Company to carry the real estate assets for an extended period of time.

Due to these various changes discussed above, management now believes that it is unlikely that the Company will be able to realize any benefit related to the deferred tax assets, net of the existing valuation allowance as of December 31, 2002. Therefore, in the quarter ended December 31, 2002, the Company reestablished the valuation allowance for pre-reorganization deferred tax assets by charging deferred federal income tax expense in the amount of \$1.908 million, which eliminated the net deferred tax asset balance included in the Company's Consolidated Balance Sheet. As of December 31 and June 30, 2002, the Company reported a net deferred tax asset balance of \$0 and \$1.908 million, respectively, included in long term assets on the Company's Consolidated Balance Sheets.

Real estate is carried at the fresh-start reporting value as of March 31, 1997, adjusted for improvements capitalized in accordance with the Company's capitalization policy. The Company's investment in real estate was reported as \$4.764 million and \$4.656 million as of December 31, 2002, and June 30, 2002, respectively, on the Company's Consolidated Balance Sheets. Even though there has been a decline in the market values as described above, the real estate

Edgar Filing: SIENA HOLDINGS INC - Form 10-Q

investment amounts carried on the Company's Consolidated Balance Sheets are not deemed to be impaired as of December 31, 2002.

The real estate operating results for the second quarter in fiscal year 2003 were consistent with the same quarter in fiscal year 2002. However, the operating results for the six months ended December 31, 2002, were significantly higher than the six months ended December 31, 2001, due to the recognition of \$125,000 as other real estate income in August 2002. In the six months ended December 31, 2002, improvement costs of \$108,000 related to developing the property, primarily property taxes, were capitalized in accordance with the Company's capitalization policy, as compared to \$67,000 of costs that were capitalized during the six months ended December 31, 2001. Costs related to the re-zoning, marketing and developing the property will continue, some of which may be capitalized.

Other Income. The Company reported trust expense reimbursement income of \$38,000 and \$74,000 for the quarter and six months ended December 31, 2002, respectively, as compared to \$24,000 and \$57,000 for the quarter and six months ended December 31, 2001, respectively, for an overhead allocation based upon management's estimate of resources used by the Creditors' Trust. The allocation of overhead to the Creditors' Trust was slightly higher for the periods ended December 31, 2002 as a result of the additional work related to the final distribution and the liquidation of the trust. As a result of the liquidation, the Company expects minimal trust expense reimbursement income for the remainder of the fiscal year or thereafter. Interest income was consistent for the quarters and six months ended December 31, 2002 and 2001.

Other Expenses. Unallocated corporate expenses were higher at \$211,000 and \$382,000 for the quarter and six months ended December 31, 2002, respectively, as compared to \$170,000 and \$310,000 for the quarter and six months ended December 31, 2001, respectively. Specifically, this increase in unallocated corporate expenses was primarily attributable to: (1) insurance premiums renewed in October 2002 have increased quarterly insurance expense by \$8,000 over the prior year; (2) professional legal and accounting expenses increased \$28,000 and \$40,000 over the same periods in the prior year; (3) incentive bonuses totaling \$15,000 paid in the first quarter of fiscal 2003 to directors and officers pursuant to existing compensation plans; and (4) directors' fees were \$5,000 higher due to an additional meeting held in the first quarter of this fiscal year. Unfortunately, a major factor in this increase of unallocated corporate expenses is directly related to the newly mandated SEC requirements for public corporations, which will have a significant and noticeable unintended impact on smaller companies such as SHI. As reported, the Company has experienced and expects that it will continue to experience increased premiums for liability insurance and increased expenses for shareholder and public reporting, legal and auditing matters.

14

Federal Income Tax Expense. For the quarter and six months ended December 31, 2002, SHI and its subsidiaries reported federal income tax expense of \$1.886 million and \$1.908 million, respectively, and \$0 and \$0 for the quarter and six months ended December 31, 2001, respectively. The federal income tax expense for the quarter and six months ended December 31, 2002, included \$1.908 million of deferred tax expense resulting from the reestablishment of the valuation allowance for pre-reorganization deferred tax assets. See "Note H - Federal Income Taxes" for further information.

Accrued Medical Insurance Premiums. In connection with the reorganization in March 1997, the Company agreed to assume the pre-petition liability to provide certain employees of a former subsidiary and their spouses with medical

Edgar Filing: SIENA HOLDINGS INC - Form 10-Q

insurance. The total amount of the liability was estimated using a life expectancy age of 90, an annual health care cost increase rate of approximately 5% and a discount rate of approximately 6.5%. As of December 31 and June 30, 2002, the Company had an accrued liability established for payments to be made to 27 people to be used toward the payment of insurance. As of December 31 and June 30, 2002, the current portion of the accrual for medical insurance premiums is \$107,000 and \$81,000, respectively, and the long term liability amount, included in long term liabilities on the Company's Consolidated Balance Sheets, is \$366,000 and \$392,000, respectively. Most of the medical insurance premium payments have not been made since December 2001, but are included in current liabilities on the Company's Consolidated Balance Sheets, while the Company obtains and reviews the terms of the prepetition liabilities.

Liquidity and Capital Resources

As of December 31, 2002, the only liabilities of the Company were accounts payable and accrued expenses which will be paid from current operating cash available as of December 31, 2002.

Critical Accounting Policies

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Some of the assets and liabilities by their nature are more subject to estimates and assumptions. For the Company, the amount of the net deferred tax asset balance reported on the Company's Consolidated Balance Sheets is based on management's most recent estimated value of the investment in real estate in excess of the related tax basis. Such estimate changed in the quarter ended December 31, 2002, and could change again in the future based on the occurrence of one or more future events. See "Note H - Federal Income Taxes" for further information as to the change.

The Company's liability for accrued medical insurance premiums was estimated using a life expectancy age of 90, an annual health cost care increase rate of approximately 5% and a discount rate of approximately 6.5%. Such estimate could change in the future based on the occurrence of one or more future events

Item 3. Quantitative and Qualitative Disclosures About Market Risk

The Company is subject to potential fluctuations in operations and the fair value of certain of its assets, as well as variations in expected cash flows due to changes in market interest rates and equity prices. On December 15, 2000, the Company's board of directors authorized the use of up to 20% of the Company's cash for the investment in equity securities, with no more than 50% invested in any one company. The investment in equity securities exposes the Company to general market risks. The investments had a fair market value of \$96,000 and \$197,000 as of December 31 and June 30, 2002, respectively, with an adjusted cost basis of \$176,000 for both periods. The securities are classified as available-for-sale and reported on the Company's Consolidated Balance Sheets at fair market value with the unrealized holding (gain) loss included, net of tax, in accumulated other comprehensive (income) loss, a component of stockholders' equity. Realized gains (losses) are reported as revenue in the Company's Consolidated Statements of Consolidated Operations and Comprehensive Income (Loss). Realized losses for other than temporary decline in value are reported in the Company's Statements of Consolidated Operations and Comprehensive Income (Loss).

Item 4. Controls and Procedures

Edgar Filing: SIENA HOLDINGS INC - Form 10-Q

Evaluation of Disclosure Controls and Procedures. The Company's Chief Executive Officer and Chief Financial Officer have reviewed and evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Exchange Act Rules 240.13a - 14(c) and 15d - 14(c)) as of a date within 90 days before the filing date of this quarterly report. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that the

15

Company's current disclosure controls and procedures are effective and timely, providing them with material information relating to us required to be disclosed in the reports we file or submit under the Exchange Act.

Changes in Internal Controls. There have not been any significant changes in our internal controls or in other factors that could significantly affect these controls subsequent to the date of their evaluation. We are not aware of any significant deficiencies or material weaknesses, therefore no corrective actions were taken.

PART II -- OTHER INFORMATION

Item 3. Defaults Upon Senior Securities.

Refer to the Company's annual report on Form 10-K for the year ended June 30, 2002, for information regarding defaults by the Company relating to the debt obligations of the Predecessor Company.

Item 6. Exhibits and Reports on Form 8-K.

(a) Exhibits:

Exhibit
Number

- (99.1) Certification of Chief Executive Officer Pursuant to Section 906 of the Sarbanes-Oxley Act of 2002
- (99.2) Certification of Chief Financial Officer Pursuant to Section 906 of the Sarbanes-Oxley Act of 2002

(b) Reports on Form 8-K:

None.

16

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.

CERTIFICATION PURSUANT TO
SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002
BY THE CHIEF EXECUTIVE OFFICER

I, John P. Kneafsey, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Siena Holdings, Inc.;
2. Based on my knowledge, this quarterly report does not contain any untrue statement of a material fact or omit to state a material fact, necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this quarterly report;
3. Based on my knowledge, the financial statements, and other financial information included in this quarterly report, fairly present, in all material respects, the financial condition, results of operations and cash flows of the registrant as of and for the periods presented in this quarterly report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a - 14 and 15d - 14) for the registrant and we have:
 - a. Designed such disclosure controls and procedures to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this quarterly report is being prepared;
 - b. Evaluated the effectiveness of the registrant's disclosure controls and procedures as of a date within 90 days prior to the filing date of this quarterly report (the "Evaluation Date"); and
 - c. Presented in this quarterly report our conclusions about the effectiveness of the disclosure controls and procedures based on our evaluation as of the Evaluation Date;
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent function):
 - a. all significant deficiencies in the design or operation of internal controls which could adversely affect the registrant's ability to record, process, summarize and report financial data and have identified for the registrant's auditors any material weaknesses in internal controls; and

Edgar Filing: SIENA HOLDINGS INC - Form 10-Q

- b. any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal controls; and
6. The registrant's other certifying officer and I have indicated in this quarterly report whether or not there were significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of our most recent evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.
