CTI INDUSTRIES CORPORATION

PART I. FINANCIAL INFORMATION AND MANAGEMENT'S DISCUSSION AND ANALYSIS

Item 1. Financial Statements

THIS FORM 10-QSB/A IS BEING FILED FOR THE PURPOSE OF AMENDING AND

Edgar Filing: CTI INDUSTRIES CORP - Form 10QSB/A

RESTATING PARTS OF FORM 10-QSB TO REFLECT THE RESTATEMENT OF OUR CONDENSED CONSOLIDATED FINANCIAL STATEMENTS AS OF AND FOR THE PERIODS ENDED SEPTEMBER 30, 2001 AND 2002. THESE REVISIONS HAVE BEEN MADE REGARDING SUBORDINATED DEBT ROLLFORWARDS, THE RECALCULATION OF EXPENSES ASSOCIATED WITH CERTAIN WARRANTS ISSUED BY THE COMPANY AND THE RECOGNITION OF CERTAIN EXPENSES ASSOCIATED WITH CERTAIN LITIGATION. ALL PORTIONS OF THE FORM 10-QSB THAT ARE EFFECTED BY THESE REVISIONS HAVE BEEN ADJUSTED ACCORDINGLY. ALL INFORMATION IN THIS FORM 10-QSB/A IS AS OF SEPTEMBER 30, 2002 AND DOES NOT REFLECT ANY SUBSEQUENT INFORMATION OR EVENTS OTHER THAN THE RESTATEMENT.

The following financial statements of the Registrant are attached to this Form 10-QSB:

1. Unaudited Condensed Consolidated Balance Sheet as at September 30, 2002
2. Unaudited Condensed Consolidated Statements of Operations - Three and Nine Month Periods Ended September 30, 2002 and September 30, 2001
3. Unaudited Condensed Consolidated Statements of Cash Flows - Nine Months Ended September 30, 2002 and September 30, 2001

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operation

Results of Operations

On August 19, 2002, we reported that we had discovered accounting inaccuracies in certain prior period financial statements requiring restatement of the financial statements for those periods. This statement involved inaccuracies related to the recording of expenses associated with the issuance of certain warrants by the Company. Thereafter, we received comment letters from the SEC relating to the calculation of expenses associated with the issuance of these warrants and, also, related to the timing of the recording of certain litigation settlement expense. After a review of these matters, we are restating our statements of operations, cash flows, and stockholders' equity for the years ended December 31, 2001 and 2000 and for the interim periods ended March 31, June 30 and September 30 of 2001 and 2002, and the balance sheets as of December 31, 2001 and 2000.

We have determined that in 2000 and 2001, the Company did not record the proper amount of expense associated with the issuance of warrants by the Company in connection with the issuance of certain subordinated debt and certain senior debt by the Company. Based upon the fair value of the warrants at the time of issuance, a debt discount was to be recorded in the amount of such warrant value with respect to the subordinated and senior debt with which the warrants were associated. This discount was to be amortized and expensed over the term of the debt. The total amount of this debt discount related to the warrants was \$386,353 and was to be recorded over the period from November, 1999 through September 30, 2002. During that time, the total amount actually recorded was \$14,273, which was recorded for the quarter ended December 31, 2001.

We have determined that the amount of such expense should have been recorded in the following periods for the following amounts:

Two Months Ended December 31, 1999	\$42,556
Quarter Ended March 31, 2000	\$45,523
Quarter Ended June 30, 2000	\$45,523
Quarter Ended September 30, 2000	\$45,523
Quarter Ended December 31, 2000	\$45,523
Quarter Ended March 31, 2001	\$42,471

Edgar Filing: CTI INDUSTRIES CORP - Form 10QSB/A

Quarter Ended June 30, 2001	\$36,368
Quarter Ended September 30, 2001	\$43,243
Quarter Ended December 31, 2001	\$18,998
Quarter Ended March 31, 2002	\$ 6,875
Quarter Ended June 30, 2002	\$ 6,875
Quarter Ended September 30, 2002	\$ 6,875

In April, 2002, the Company entered into an agreement with a former shareholder under which the Company agreed to purchase 74,513 shares of the Company's common stock from the shareholder and two of the shareholder's children at the price of \$3.31 per share and to settle certain pending litigation among the shareholder and the Company without other payment or consideration. Of the total purchase price for the shares, \$75,000 was allocated as expense related to this settlement, and the remaining \$171,000 was recorded as a retirement of shares, thereby increasing the amount reported as treasury stock. This \$75,000 expense was recorded for the period ended June 30, 2002. Management has determined that this expense should have been recorded as an expense in the period ending December 31, 2001.

The restated financial statements in this Report incorporate the proper entries for these expenses and all necessary adjustments have been made to the statement of operations, cash flows, stockholders' equity and balance sheet in the financial statements.

Net Sales. For the fiscal quarter ended September 30, 2002, net sales were \$10,873,000, compared to net sales of \$6,808,000 for the three months ended September 30, 2001, an increase of 59.7%. During the quarter ended September 30, 2002, sales of laminated and printed films represented 53.6% of total sales, metalized balloons 33.3% of total sales and latex balloons 11.8% of total sales. For the same period of the prior year, laminated and printed films represented 50.2% of total sales, metalized balloons 30.0% and latex balloons 19.6%. Net sales for the first nine months of fiscal 2002 increased 59.4% to \$31,517,000, compared to net sales of \$19,765,000 for the nine months ended September 30, 2001. For the nine month period, sales of laminated, specialty and printed films increased from \$7,715,000 to \$16,309,000, an increase of 111.4% for the period. This increase resulted from an increase in sales principally to two customers, one of which represented 32.7% of the Company's total sales revenue for the nine month period and the other represented 18.4% of total sales revenue for that same period. During the nine month period, sales of metalized balloons also increased by 50% over the same period in the prior year and sales of latex balloons declined by 15% compared to the same period in the prior year. For

2

the nine month period ended September 30, 2002, sales of laminated and printed films represented 51.8% of total sales, metalized balloons represented 33.2% of total sales and latex balloons represented 12.4% of total sales. For the same period in the prior year, laminated and printed films represented 39% of sales, metalized balloons 35.3% of sales and latex balloons 23.1% of sales.

Cost of Sales. For the fiscal quarter ended September 30, 2002, cost of sales increased to 75.3% of net sales as compared to 71.3% of net sales in the three month period ended September 30, 2001. This increase was the result principally of lower than expected margins in the production and sales of foil and latex balloons. Cost of goods sold was 75.1% of net sales for the first nine months of fiscal 2002, compared to 72.7% for the nine-month period ended September 30, 2001.

Administrative. For the fiscal quarter ended September 30, 2002, administrative expenses were \$1,169,000, or 10.7% of net sales as compared to

Edgar Filing: CTI INDUSTRIES CORP - Form 10QSB/A

\$857,000, or 12.6% of net sales for the three month period ended September 30, 2001. For the first nine months of fiscal 2002, administrative expenses were \$3,253,000, or 10.3% of net sales as compared to \$2,422,000, or 12.3% of net sales for the nine month period ended September 30, 2001. The increase in administrative expenses is attributable principally to an increase in personnel needed to support the increase in sales volume.

Litigation settlements. In April, 2002, the Company entered into an agreement with a former shareholder under which the Company agreed to purchase 74,513 shares of the Company's common stock from the shareholder and two of the shareholder's children at the price of \$3.31 per share and to settle certain pending litigation among the shareholder and the Company without other payment or consideration. Of the total purchase price for the shares, \$75,000 has been allocated as expense related to this settlement, and the remaining \$171,000 has been recorded as a retirement of shares, thereby increasing the amount reported as treasury stock. These allocations have been deemed a subsequent event to year end 2001 and have previously been reflected in the financial statements to the Company's Report on Form 10-KSB/A for the period ending December 31, 2001, as restated.

On June 28, 2002, the Company entered into a settlement agreement with respect to pending litigation among the Company, Real Fresh, Inc., Packaging Systems, LLC and Honeywell International, Inc. The total amount of expense incurred by the Company during the nine month period ended September 30, 2002 in connection with this matter was \$105,000.

Selling. For the fiscal quarter ended September 30, 2002, selling expenses were \$408,000, or 3.8% of net sales, as compared to \$492,000, or 7.2% of net sales for the three month period ended September 30, 2001. For the first nine months of fiscal 2002, selling expenses were \$1,158,000, or 3.7% of net sales as compared to \$1,363,000, or 6.9% of net sales for the nine month period ended September 30, 2001. The decline in selling expense dollars is primarily related to a decrease in commissions and royalty expense, both in total amount and as a percentage of net sales. This decline is the result principally of the relative increase in sales of printed and laminated films for which very little in commissions and no royalties are paid.

3

Advertising and Marketing. For the fiscal quarter ended September 30, 2002, advertising and marketing expenses were \$459,000, or 4.2% of net sales as compared to \$296,000, or 4.3% of net sales in the three month period ended September 30, 2001. For the first nine months of fiscal 2002, advertising and marketing expenses were \$1,293,000, or 4.1% of sales as compared to \$874,000, or 4.4% of net sales for the nine month period ended September 30, 2001.

Other Income or Expense. Interest expense decreased to \$220,000 for the quarter ended September 30, 2002, as compared to \$259,000 as restated for the three month period ended September 30, 2001. Interest expense decreased to \$605,000 for the nine months ended September 30, 2002, as compared to \$880,000 as restated for the nine month period ended September 30, 2001. The decrease in interest expense for the nine months was due to the Company's refinancing of its debt in the first quarter of 2001, and the applicable floating rate of interest on outstanding borrowings.

During the three and nine month periods ended September 30, 2002, CTI Mexico incurred expense with respect to currency fluctuation, related to dollar denominated obligations, in the amount of \$52,000 and \$266,000 respectively. This expense is reflected in the consolidated statement of operations.

Edgar Filing: CTI INDUSTRIES CORP - Form 10QSB/A

Net Income or Loss. For the fiscal quarter ended September 30, 2002, the Company had income before taxes and minority interest of \$415,000 as compared to (loss) before taxes and minority interest of (\$76,000) as restated for the three month period ended September 30, 2001. Income tax expense for the third quarter of fiscal 2002 was \$27,000, resulting in net income of \$387,000 after minority interest of \$1,000. The income tax expense for the three month period ended September 30, 2001 was \$2,000, resulting in a net (loss) of (\$58,000) after minority interest of (\$20,000). For the nine months ended September 30, 2002, net income was \$891,000, as compared to a net loss of (\$210,000) as restated for the nine month period ended September 30, 2001.

Financial Condition

Cash Flow Items. Cash flow provided by operations during the nine months ended September 30, 2002 was \$1,531,000, which was affected by an increase in accounts payable resulting from increased sales volume. During the nine month period ended September 30, 2001, cash flows used in operations were \$853,000, which was affected by an increase in both accounts receivable and inventory resulting from increased sales volume and a decrease in the amount of depreciation expense.

Investment Activities. During the nine months ended September 30, 2002, cash flow used in investing activities for the purchase of machinery and equipment was \$1,095,000. In the nine month period ended September 30, 2001, \$682,000 was used in investing activities, primarily for the purchase of machinery and equipment.

4

Financing Activities. For the nine months ended September 30, 2002, cash flow used in financing activities was \$333,000. The primary use of this cash flow was for a reduction in the line of credit and payments on long term debt. Cash flow provided by financing activities for the nine month period ending September 30, 2001 was \$1,248,000, resulting from the net proceeds from new long-term indebtedness (less the payment of prior indebtedness).

Liquidity and Financial Resources. At September 30, 2002, the Company had a cash balance of \$244,000. The Company's current cash management strategy includes maintaining minimal cash balances and utilizing the revolving line of credit and the CapEx loan for liquidity. At September 30, 2002 the Company had utilized \$5,077,000 of the revolving line of credit. This credit arrangement has a maximum availability at the end of the current fiscal quarter of \$8,074,000 based on a computation of eligible inventory and accounts receivable. The actual availability at September 30, 2002 was \$5,181,000 based on the eligibility computation mentioned above. In the current fiscal quarter \$1,309,000 was advanced under the CapEx line of credit for the purchase of fixed assets leaving \$691,000 available for future purchases. At September 30, 2002, the Company had deficit working capital of (\$6,000).

Litigation. During April, 2002, the Company repurchased 74,513 shares of its common stock from a shareholder and two of his children at the price of \$3.31 per share. The total purchase price of \$246,638 has been paid via a note payable requiring eight quarterly installments of \$27,705 plus an initial payment totaling \$25,000. At September 30, 2002 \$108,115 has been paid. The full effect of the liability was accrued for in December of 2001 and is reflected in the Company's Form 10-KSB/A for the period ended December 31, 2001, as restated.

The Company believes that existing capital resources and cash generated from operations will be sufficient to meet the Company's requirements for at least 12 months.

Edgar Filing: CTI INDUSTRIES CORP - Form 10QSB/A

Seasonality. In the metalized balloon product line, sales have historically been seasonal, with approximately 22% to 25% of annual sales of metalized balloons being generated in December and January and 11% to 13% of annual metalized sales being generated in September and July in recent years. The sale of latex balloons and laminated film products have not historically been seasonal. As sales of latex balloons and laminated film products have increased in relation to sales of metalized balloons, the effect of this seasonality has been reduced.

Safe Harbor Provision of the Private Securities Litigation Act of 1995 and Forward Looking Statements. The Company operates in a dynamic and rapidly changing environment that involves numerous risks and uncertainties. The market for metalized and latex balloon products is generally characterized by intense competition, frequent new product introductions and changes in customer tastes which can render existing products unmarketable. The statements contained in Item 2 (Management's Discussion and Analysis of Financial Condition and Results of Operation) that are not historical facts may be forward-looking statements (as such term is defined in the rules promulgated pursuant to the Securities Exchange Act of 1934) that are subject to a variety of risks and uncertainties more fully described in the Company's filings with the Securities and

5

Exchange Commission including, without limitation, those described under "Risk Factors" in the Company's Form SB-2 Registration Statement (File No. 333-31969) effective November 5, 1997. The forward-looking statements are based on the beliefs of the Company's management, as well as assumptions made by, and information currently available to the Company's management. Accordingly, these statements are subject to significant risks, uncertainties and contingencies which could cause the Company's actual growth, results, performance and business prospects and opportunities in 2001 and beyond to differ materially from those expressed in, or implied by, any such forward-looking statements. Wherever possible, words such as "anticipate," "plan," "expect," "believe," "estimate," and similar expressions have been used to identify these forward-looking statements, but are not the exclusive means of identifying such statements. These risks, uncertainties and contingencies include, but are not limited to, the Company's limited operating history on which expectations regarding its future performance can be based, competition from, among others, national and regional balloon, packaging and custom film product manufacturers and sellers that have greater financial, technical and marketing resources and distribution capabilities than the Company, the availability of sufficient capital, the maturation and success of the Company's strategy to develop, market and sell its products, risks inherent in conducting international business, risks associated with securing licenses, changes in the Company's product mix and pricing, the effectiveness of the Company's efforts to control operating expenses, general economic and business conditions affecting the Company and its customers in the United States and other countries in which the Company sells and anticipates selling its products and services and the Company's ability to (i) adjust to changes in technology, customer preferences, enhanced competition and new competitors; (ii) protect its intellectual property rights from infringement or misappropriation; (iii) maintain or enhance its relationships with other businesses and vendors; and (iv) attract and retain key employees. There can be no assurance that the Company will be able to identify, develop, market, sell or support new products successfully, that any such new products will gain market acceptance, or that the Company will be able to respond effectively to changes in customer preferences. There can be no assurance that the Company will not encounter technical or other difficulties that could delay introduction of new or updated products in the future. If the Company is unable to introduce new products and respond to industry changes or customer preferences on a timely

Edgar Filing: CTI INDUSTRIES CORP - Form 10QSB/A

basis, its business could be materially adversely affected. The Company is not obligated to update or revise these forward-looking statements to reflect new events or circumstances.

Item 3. Controls and Procedures

- (a) Evaluation of disclosure controls and procedures. Our principal executive officer and principal financial officer, after evaluating the effectiveness of our disclosure controls and procedures (as defined in Exchange Act Rules 13a-14(c) and 15d-14(c)) as of a date within ninety days before the filing date of this report, have concluded that, as of such date our disclosure controls and procedures were adequate and effective to ensure that

6

material information relating to the Company would be made known to them by others within the Company.

- (b) Changes in internal controls. There were no significant changes in our internal controls or in other factors that could significantly affect the Company's disclosure controls and procedures subsequent to the date of their evaluation, nor were there any significant deficiencies or material weaknesses in the Company's internal controls. As a result, no corrective actions were required or undertaken.

Part II. OTHER INFORMATION

Item 1. Legal Proceedings

On September 5, 2002, Byrne Sales Associates, Inc. filed an action against the Company for breach of contract in the Circuit Court of Jefferson County, Wisconsin claiming as damages the amount of \$150,805. In the action, the plaintiff alleges that certain products manufactured by the Company to the plaintiff were defective. The Company has not yet filed a responsive pleading in this action. Management of the Company believes the claims in the action are without merit in fact or law and intends vigorously to defend the action.

Item 2. Changes in Securities

On July 1, 2002, (the "Conversion Date"), pursuant to the terms of Section 4, Paragraph 2 (B) (5) of the Company's Articles of Incorporation, all shares of the Company's no par value Class B Common Stock were automatically converted, on a one-for-one basis, into an equal number of shares of the Company's no par value Common Stock. A total of 366,300 shares of the Company's Class B Common Stock were converted into 366,300 shares of the Company's Common Stock on the Conversion Date.

Prior to the Conversion Date, holders of Class B Common Stock, voting separately as a single class, were permitted to elect by majority vote a majority of members of the Company's Board of Directors, while the remaining directors were elected by a majority of the holders of Class B Common Stock and Common Stock voting together as a single class. As a consequence of the conversion, all directors of the Company shall be elected by a majority of the holders of the Company's Common Stock after the Conversion Date.

Item 3. Defaults Upon Senior Securities

Not applicable.

Edgar Filing: CTI INDUSTRIES CORP - Form 10QSB/A

Item 4. Submission of Matters to a Vote of Security Holders

Not applicable.

7

Item 5. Other Information

The Certifications of the Chief Executive Officer and the Chief Financial Officer of Registrant Pursuant to Section 906 of the Sarbanes-Oxley Act of 2002 are attached as Exhibits to this Report on Form 10-QSB.

On August 29, 2002, the Company entered into an agreement with three shareholders of CTI Mexico, S.A. de C.V. ("CTI Mexico") under which the Company agreed to purchase 1,602,286 shares of stock of CTI Mexico, representing approximately 21.8% of the outstanding shares of CTI Mexico, for the aggregate amount of \$150,000, of which \$12,500 was paid at the time of closing and the balance is payable in 11 installments of \$12,500, without interest. The shares of CTI Mexico purchased in this transaction were immediately transferred to the Company. Prior to this purchase, the Company owned 76% of the outstanding shares of CTI Mexico. The Company now owns 98% of the outstanding capital stock of CTI Mexico.

Item 7. Exhibits and Reports on Form 8-K

(a)	Exhibits*	No.

	Statement re: Computation of Per Share Earnings	11
(b)	Current Reports on Form 8-K.	

On July 30, 2002, the Company filed a Form 8-K to report the replacement of the Company's then current auditors, Grant Thornton, LLP with McGladrey & Pullen, LLP, effective July 24, 2002.

- o Also incorporated by reference the Exhibits filed as part of the SB-2 Registration Statement of the Registrant, effective November 5, 1997, and subsequent periodic filings.

CTI Industries Corporation and Subsidiaries
Notes to Unaudited Condensed Consolidated Financial Statements

Note 1 - Basis of Presentation

The accompanying financial statements are unaudited but in the opinion of management contain all the adjustments (consisting of those of a normal recurring nature) considered to present fairly the financial position and the results of operations and cash flow for the periods presented in conformity with generally accepted accounting principles for interim financial information and the instructions to Form 10-QSB and Article 10 of Regulation S-X. Accordingly, they do not include all the information and footnotes required by generally accepted accounting principles for complete financial statements.

Operating results for the three and nine months ended September 30, 2002 are not necessarily indicative of the results that may be expected for the fiscal year ending December 31, 2002. For further information, refer to the consolidated financial statements and footnotes thereto included in the Company's annual report on Form 10-KSB for the fiscal year ended December 31, 2001. As further explained in note 5, the company has restated previously reported results for the three and nine month periods ended September 30, 2001.

Principles of consolidation and nature of operations:

The consolidated financial statements include the accounts of the Company and its wholly-owned subsidiaries, CTI Balloons Limited and CTF International S.A. de C.V., and its majority owned subsidiary CTI Mexico S.A. de C.V. All significant intercompany transactions and accounts have been eliminated in consolidation. The Company (i) designs, manufactures and distributes balloon products throughout the world and (ii) operates systems for the production, lamination, coating and printing of films used for food packaging and other commercial uses and for conversion of films to flexible packaging containers and other products.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and use assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

In the opinion of management, all adjustments, consisting only of normal

Edgar Filing: CTI INDUSTRIES CORP - Form 10QSB/A

recurring adjustments considered necessary for a fair presentation, have been included. The results of operations for the three months and nine months ended September 30, 2002 are not necessarily indicative of the results to be expected for the full year or for any future periods. The accompanying unaudited, condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements contained in the Company's Annual Report on Form 10-KSB/A filed with the Securities and Exchange Commission on December 31, 2001. The balance sheet at September 30, 2002 has been derived from the audited financial statement as of and for the year ended December 31, 2001 but does not include all the information and footnotes required by generally accepted accounting principles for complete financial statements.

Note 2 - Restatement

The Company restated its balance sheet as of December 31, 2001. The restatement is further discussed in Note 3 of the Notes to the Consolidated Financial Statements on Form 10-KSB/A for the year ended December 31, 2001.

Note 3 - Line of Credit and Notes Payable

In January 2001, the Company entered into a Loan and Security Agreement with a new lender under which the lender has provided the Company with a credit facility in the amount of \$9,500,000, secured by equipment, inventory, receivables, and other assets of the Company. The credit facility included a term loan of \$1,426,000, at an interest rate of prime plus 0.75%, and a revolving line of credit at an interest rate of prime plus 0.50%, the amount of which is based on advances of up to 85% of eligible receivables and 40% of the value of the Company's eligible inventory. At September 30, 2002 the Company had utilized \$5,077,000 of the revolving line of credit. The actual availability at September 30, 2002 was \$5,181,000 based on the eligibility computation mentioned above. The credit facility is secured by substantially all assets of the Company. The term of this credit facility is for a period of three years, which may be extended by either party for an additional year.

Also in January 2001, another lender loaned to the Company the sum of \$2,873,000 in a refinance of the Company's principal office building and property situated in Barrington, Illinois. The loan is secured by the aforementioned building and property, and has been made in the form of two notes. The first note is in the principal amount of \$2,700,000, bears interest at the rate of 9.75%, and has a term of five years with an amortization period of 25 years. The second note is in the principal amount of \$173,000 with an interest rate of 10%, and has a term of three years.

On or about May 22, 2002, the Company entered into an Amendment to the Loan and Security Agreement pursuant to which additional advances of approximately \$491,000 were made to the Company, increasing the balance under the term loan portion of the facility to \$1,578,000.

In third quarter fiscal 2002, additional advances of \$1,350,000 were made for the purchase of equipment, increasing the balance under the term loan portion of the facility to \$2,944,000.

In May, 2002, the Company entered into a Third Amendment to the Loan and Security Agreement pursuant to which (i) the aggregate amount of the credit facility was increased to \$11,500,000 and (ii) the Company was granted a CapEx Line of Credit in the amount of \$2,000,000. Under the CapEx Line of Credit, the Company is entitled to receive advances in connection with the purchase of capital equipment at the rate of 70% of the invoice amount of the equipment purchased. The Company has utilized \$1,309,000 of the CapEx Line of Credit leaving a balance of \$691,000 available. The Company intends to use all or

Edgar Filing: CTI INDUSTRIES CORP - Form 10QSB/A

substantially all of the remaining balance of the CapEx Line of Credit in

connection with the purchase of capital equipment during the balance of 2002. Outstanding balances under the CapEx Line of Credit will bear interest at the rate of One Percent in excess of the prime rate.

Note 4 - Legal Proceedings

On September 5, 2002, Byrne Sales Associates, Inc. filed an action against the Company for breach of contract in the Circuit Court of Jefferson County, Wisconsin claiming as damages the amount of \$150,805. In the action, the plaintiff alleges that certain products manufactured by the Company to the plaintiff were defective. The Company has not yet filed a responsive pleading in this action. Management of the Company believes that the action is without merit in fact or law and intends vigorously to defend the action.

In April, 2002, the Company entered into an agreement with a former shareholder under which the Company agreed to purchase 74,513 shares of the Company's common stock from the shareholder and two of the shareholder's children at the price of \$3.31 per share and to settle certain pending litigation among the shareholder and the Company without other payment or consideration. Of the total purchase price for the shares, \$75,000 has been allocated as expense related to this settlement, and the remaining \$171,000 has been recorded as a retirement of shares, thereby increasing the amount reported as treasury stock. These allocations have been deemed a subsequent event to year end 2001 and have previously been reflected in the financial statements to the Company's Report on Form 10-KSB/A for the period ending December 31, 2001, as restated.

On June 28, 2002, the Company entered into a settlement agreement with respect to pending litigation among the Company, Real Fresh, Inc., Packaging Systems, LLC and Honeywell International, Inc. The total amount of expense incurred by the Company during the nine month period ended September 30, 2002 in connection with this matter was \$105,000.

Note 5 - Comprehensive Income

Total Comprehensive Income was \$416,000 and \$970,000 for the three and nine months ended September 30, 2002 and was \$23,000 and (\$128,000) for the three and nine months ended September 30, 2001.

Note 7 - Adoption of Statement 142

On January 1, 2002, the Company implemented Statement of Financial Accounting Standards No. 142, Goodwill and Other Intangible Assets. Under the provisions of SFAS 142, goodwill is no longer subject to amortization over its estimated

Edgar Filing: CTI INDUSTRIES CORP - Form 10QSB/A

useful life, but instead will be subject to at least annual assessments for impairment by applying a fair-value based test. SFAS 142 also requires that an acquired intangible asset should be separately recognized if the benefit of the intangible asset is obtained through contractual or other legal rights, or if the asset can be sold, licensed, rented or exchanged, regardless of the acquirer's intent to do so. The Company has no acquired intangible assets other than goodwill. The Company determined that no transitional impairment loss was required at January 1, 2002.

The Company retained an independent public accounting firm to conduct a study and make a determination whether the goodwill reflected on the Company's financial statements was impaired as of December 31, 2001. On July 31, 2002, the Company received the report and opinion of the outside accounting firm to the effect there was no impairment of the goodwill reflected on the financial statements of the Company as of December 31, 2001. Further, during January and February, 2002, management of the Company prepared forecasts of the operations of its Mexico subsidiary and determined that there was no impairment to the goodwill on the financial statements of the Company.

The gross carrying amount of goodwill as of September 30, 2002 is \$1,113,108.

Note 8 - Recent Accounting Pronouncements

SFAS No. 143, Accounting for Asset Retirement Obligations, addresses financial accounting and reporting for obligations associated with the retirement of tangible long-lived assets and the associated asset retirement costs. The statement requires that the fair value of a liability for an asset retirement obligation be recognized in the period it is incurred if a reasonable estimate of fair value can be made. The associated retirement costs are capitalized as a component of the carrying amount of the long-lived asset and allocated to expense over the useful life of the asset. The statement is effective for financial statements issued for fiscal years beginning after September 15, 2002.

Edgar Filing: CTI INDUSTRIES CORP - Form 10QSB/A

Management does not believe the adoption of the statement will have a material impact on the Company's consolidated financial statements.

SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets, establishes accounting and reporting standards for the impairment or disposal of long-lived assets. This statement supercedes SFAS No. 121, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed. SFAS No. 144 provides one accounting model to be used for long-lived assets to be disposed of by sale, whether previously held for use or newly acquired and broadens the presentation of discontinued operations to include more disposal transactions. The provisions of SFAS No. 144 are effective for financial statements issued for fiscal years beginning after December 15, 2001. The Company adopted the statement as of January 1, 2002 and the implementation of this standard did not have a material impact on the Company's consolidated financial statements.

Note 9 - Property, Plant and Equipment Agreements

At September 30, 2002, the Company had outstanding purchase agreements for equipment with an aggregate purchase price of \$2,911,000, of which approximately \$1,370,000 is being currently reflected as projects under construction on the balance sheet. The purchase of the equipment is being funded principally by the CapEx Line of Credit extended by the Company's principal lender.

Note 10 - Geographic Segment Data

The Company's operate primarily in one business segment which designs, manufactures, and distributes balloon products. The Company's operate in foreign and domestic regions. Information about the Company's operations by geographic areas is as follows.

	Net Sales to External Customers		Long Term Assets	
	For the Nine Months Ended	September 30,	at September 30,	
	2002	2001	2002	2001
United States	\$28,034,000	\$16,690,000	\$ 7,999,000	\$5,867,000
Mexico	1,991,000	1,737,000	2,422,000	3,006,000
United Kingdom	669,000	630,000	9,000	15,000
Other	823,000	708,000	--	
	\$31,517,000	\$19,765,000	\$10,430,000	\$8,888,000

Note 11 - Concentration of Credit Risk

Concentration of credit risk with respect to trade accounts receivable is generally limited due to the number of entities comprising the Company's customer base. The Company performs ongoing credit evaluations and provides an allowance for potential credit losses against the portion of accounts receivable which is estimated to be un-collectible. Such losses have historically been within management's expectations. For the nine months ended September 30, 2002, the Company had two customers that accounted for approximately 33% (\$10,510,000) and 19% (\$6,050,000), respectively, of consolidated net sales.

Note 12 - Purchase of Stock of Subsidiary

Edgar Filing: CTI INDUSTRIES CORP - Form 10QSB/A

On August 29, 2002, the Company entered into an agreement with three shareholders of CTI Mexico, S.A. de C.V. ("CTI Mexico") under which the Company agreed to purchase 1,602,286 shares of stock of CTI Mexico, representing approximately 21.8% of the outstanding shares of CTI Mexico, for the aggregate amount of \$150,000, of which \$12,500 was paid at the time of closing and the balance is payable in 11 installments of \$12,500, without interest. The shares of CTI Mexico purchased in this transaction were immediately transferred to the Company. Prior to this purchase, the Company owned 76% of the outstanding shares of CTI Mexico. The Company now owns 98% of the outstanding capital stock of CTI Mexico.
