Dear New York Community Bancorp Inc. Shareowner:
SUPPORT PROPOSAL #4 TO PROVIDE FOR MAJORITY VOTE IN DIRECTOR ELECTIONS
We would be grateful for your support of Proposal #4 at the New York Community Bancorp Inc. June 7, 2012 annual general meeting. On record date April 9, 2012 CalPERS owned approximately 1,213,513 shares of New York Community Bancorp common stock. As a significant long-term shareowner of the company we ask that you support our non-binding shareowner proposal asking the Board of Directors to amend the company's articles of incorporation and/or bylaws to provide that director nominees be elected by the affirmative vote of a majority of the votes cast, and

MAJORITY VOTE STANDARD TRENDS

a plurality vote standard be retained for contested director elections.

Plurality voting is rapidly being replaced with majority voting in uncontested director elections. Approximately 80% of the companies in the S&P 500 and 60% of the companies in the Russell 1000 have adopted some form of majority voting – an indication of the current direction of good corporate governance.

PLEASE SUPPORT PROPOSAL #4
