MARTIN MIDSTREAM PARTNERS L.P.
NOTES TO CONSOLIDATED AND CONDENSED FINANCIAL STATEMENTS (Dollars in thousands, except where otherwise indicated)
June 30, 2013
(Unaudited)

(1)General

Martin Midstream Partners L.P. (the "Partnership") is a publicly traded limited partnership with a diverse set of operations focused primarily in the United States Gulf Coast region. Its four primary business lines include: terminalling and storage services for petroleum products and by-products including the refining, blending, and packaging of finished lubricants; natural gas services, including liquids distribution services and natural gas storage; sulfur and sulfur-based products processing, manufacturing, marketing and distribution; and marine transportation services for petroleum products and by-products.

The Partnership's unaudited consolidated and condensed financial statements have been prepared in accordance with the requirements of Form 10-Q and United States Generally Accepted Accounting Principles ("U.S. GAAP") for interim financial reporting. Accordingly, these financial statements have been condensed and do not include all of the information and footnotes required by U.S. GAAP for annual audited financial statements of the type contained in the Partnership's annual reports on Form 10-K. In the opinion of the management of the Partnership's general partner, all adjustments and elimination of significant intercompany balances necessary for a fair presentation of the Partnership's financial position, results of operations, and cash flows for the periods shown have been made. All such adjustments are of a normal recurring nature. Results for such interim periods are not necessarily indicative of the results of operations for the full year. These financial statements should be read in conjunction with the Partnership's audited consolidated financial statements and notes thereto included in the Partnership's annual report on Form 10-K for the year ended December 31, 2012, filed with the Securities and Exchange Commission (the "SEC") on March 4, 2013, as amended by Amendment No. 1 on Form 10-K/A for the year ended December 31, 2012 filed on March 28, 2013.

Management has made a number of estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities to prepare these consolidated financial statements in conformity with U.S. GAAP. Actual results could differ from those estimates.

As discussed in Note 4, on July 31, 2012, the Partnership completed the sale of its East Texas and Northwest Louisiana natural gas gathering and processing assets owned by Prism Gas Systems I, L.P. ("Prism Gas"), a wholly-owned subsidiary of the Partnership. These assets, along with additional gathering and processing assets discussed in Note 4, are collectively referred to as the "Prism Assets." The Partnership has retrospectively adjusted its prior period consolidated and condensed financial statements to comparably classify the amounts related to the operations and cash flows of the Prism Assets as discontinued operations.

On October 2, 2012, the Partnership, which owned 10.74% of the Class A interests and 100% of the Class B interests, acquired all of the remaining Class A interests in Redbird Gas Storage LLC ("Redbird") from Martin Underground Storage, Inc., ("MUS") a subsidiary of Martin Resource Management Corporation ("Martin Resource Management" or "Parent"). In 2011, the Partnership and Martin Resource Management formed Redbird, a natural gas storage joint venture to invest in Cardinal Gas Storage Partners LLC ("Cardinal"). Cardinal is a joint venture between Redbird and Energy Capital Partners ("ECP") that is focused on the development, construction, operation and management of natural gas storage facilities across northern Louisiana and Mississippi.

On October 2, 2012, the Partnership acquired from Cross Oil Refining and Marketing, Inc. ("Cross"), a wholly-owned subsidiary of Martin Resource Management, certain specialty lubricant product blending and packaging assets ("Blending and Packaging Assets").

The acquisitions of the Redbird Class A interests and the Blending and Packaging Assets were considered a transfer of net assets between entities under common control. As a result, the acquisitions of the Redbird Class A interests and the Blending and Packaging Assets are recorded at amounts based on the historical carrying value of these assets at October 2, 2012, and the Partnership is required to update its historical financial statements to include the activities of the Redbird Class A interests and the Blending and Packaging Assets as of the date of common control. The Partnership's accompanying historical financial statements have been retrospectively updated to reflect the effects on financial position, cash flows and results of operations attributable to the activities of the Redbird Class A interests and the Blending and Packaging Assets as if the Partnership owned these assets for the periods presented. Net income attributable to the Redbird Class A interests and the activities of the Blending and Packaging Assets for periods prior to the Partnership's acquisition of the assets is not allocated to the general and limited partners for purposes of calculating net income per limited partner unit. See Note 10.

(2) New Accounting Pronouncements

In February 2013, the Financial Accounting Standards Board ("FASB") amended the provisions of Accounting Standards Codification ("ASC") 220 related to accumulated other comprehensive income, which does not change the current requirements for reporting net income or other comprehensive income in financial statements. The standard requires entities to provide information about the amounts reclassified out of accumulated other comprehensive income by component. The entity is required to present, either on the face of the statement where net income is presented or in the notes, significant amounts reclassified out of accumulated other comprehensive income by the respective line items of net income but only if the amount reclassified is required under U.S. GAAP to be reclassified to net income in its entirety in the same reporting period. For other amounts that are not required under U.S. GAAP to be reclassified in their entirety to net income, an entity is required to cross-reference to other disclosures required under U.S. GAAP that provide additional detail about those amounts. This amended guidance was adopted by the Partnership effective January 1, 2013. As this new guidance only requires enhanced disclosure, adoption did not impact the Partnership's financial position or results of operations.

(3) Acquisitions

NL Grease, LLC

On June 13, 2013, the Partnership acquired certain assets of NL Grease, LLC ("NLG") for \$12,203. NLG is a Kansas City, Missouri based grease manufacturer that specializes in private-label packaging of commercial and industrial greases. The transaction was accounted for under the acquisition method of accounting in accordance with ASC 805 relating to business combinations. This transaction was funded by borrowings under the Partnership's revolving credit facility. The assets acquired by the Partnership were recorded in the Terminalling and Storage segment at fair value of \$12,203 in the following preliminary purchase price allocation:

Inventory and other current assets	\$1,572	
Property, plant and equipment	5,964	
Other assets	5,113	
Other long-term obligations	(446)
Total	\$12,203	

The purchase price allocation resulted in the recognition of \$5,113 in definite-lived intangible assets with no residual value, including \$2,418 of technology, \$2,218 attributable to a customer list, and \$477 attributable to a non-compete agreement. The amounts assigned to technology, the customer list, and the non-compete agreement are amortized over the estimated useful life of ten years, three years, and five years, respectively. The weighted average life over which these acquired intangibles will be amortized is approximatelysix years.

The Partnership's results of operations included revenues of \$521 and a net loss of \$156 for the three and six months ended June 30, 2013 related to the NLG acquisition.

The Partnership has not obtained all of the information necessary to finalize the purchase price allocation. The final purchase price allocation is expected to be completed during the third quarter of 2013.

Talen's Marine & Fuel LLC

On December 31, 2012, the Partnership acquired all of the outstanding membership interests in Talen's Marine & Fuel LLC ("Talen's") from OEP Marine Fuel Investment, LLC and OEP Marine Fuel Holdings, Inc. (collectively referred to as "Quintana Energy Partners") for \$103,368, subject to certain post-closing adjustments, including the assumption of a note payable in the amount of \$2,971. The transaction was accounted for under the acquisition method of accounting in accordance with ASC 805 relating to business combinations. Additionally, as required by ASC 805, the Partnership expensed acquisition related costs, of which \$58 were recorded in selling, general and administrative expenses for the six months ended June 30, 2013. Through this acquisition, the Partnership acquired certain terminalling facilities and other terminalling related assets located along the Texas and Louisiana gulf coast. The purchase was funded by borrowings under the Partnership's revolving credit facility. Simultaneous with the acquisition, the Partnership sold certain working capital-related assets and a customer relationship intangible asset to Martin Energy Services LLC ("MES"), a wholly-owned subsidiary of Martin Resource Management for \$56,000. Due to the Talen's acquisition, MES entered into various service agreements with Talen's pursuant to which the Partnership provides certain terminalling and marine services to MES. The excess carrying value of the assets over the purchase price paid by Martin Resource Management at the sales date was \$4,268 and was recorded as an adjustment to partners' capital. The remaining net assets retained by the Partnership were recorded in the Terminalling and Storage segment at fair value of \$43,100 in the following preliminary purchase price allocation:

Purchase price paid to acquire Talen's	\$103,368	
Less proceeds received from Martin Resource Management for assets sold (described above)	(56,000)
Less excess of carrying value of assets sold to Martin Resource Management over the purchase price paid by Martin Resource Management	(4,268)
Total	\$43,100	
Cash	\$5,096	
Accounts and other receivables, net	2,682

Goodwill	11,279	
Notes payable	(2,971)
Current liabilities	(1,480)
Other long-term obligations	(469)
Total	\$43,100	

Goodwill recognized from the acquisition primarily relates to the expected contributions of the entity to the overall corporate strategy in addition to synergies and acquired workforce, which are not separable from goodwill.

The Partnership's results of operations included revenues of \$1,232 and net income of \$39 for the three months ended June 30, 2013 and revenues of \$2,672 and net income of \$557 for the six months ended June 30, 2013 related to the Talen's acquisition.

The Partnership has not obtained all of the information necessary to finalize the purchase price allocation. The final purchase price allocation is expected to be completed during 2013.

Lubricant Blending and Packaging Assets

On October 2, 2012, the Partnership purchased the Blending and Packaging Assets from Cross. The consideration consisted of \$121,767 in cash at closing, plus a final net working capital adjustment of \$907 paid in October of 2012. The purchase was funded by borrowings under the Partnership's revolving credit facility. This acquisition is considered a transfer of net assets between entities under common control. The acquisition of the Blending and Packaging assets was recorded at the historical carrying value of the assets at the acquisition date, which were as follows:

The excess purchase price over the historical carrying value of the assets at the acquisition date was \$60,308 and was recorded as an adjustment to partners' capital.

Redbird Class A Interests

On October 2, 2012, the Partnership acquired from MUS all of the remaining Class A interests in Redbird for \$150,000 in cash. The Partnership began making Class A investments in Redbird during the fourth quarter of 2011. Prior to the transaction, the Partnership owned a 10.74% Class A interest and a 100% Class B interest in Redbird. The purchase was funded by borrowings under the Partnership's revolving credit facility. This acquisition is considered a transfer of net assets between entities under common control. The acquisition of these interests was recorded at the historical carrying value of the interests at the acquisition date. The Partnership recorded an investment in unconsolidated entities of \$68,233 and the excess of the purchase price over the carrying value of the Class A interests of \$81,767 was recorded as an adjustment to partners' capital.

(4) Discontinued operations and divestitures

On July 31, 2012, the Partnership completed the sale of its East Texas and Northwest Louisiana natural gas gathering and processing assets owned by Prism Gas and other natural gas gathering and processing assets also owned by the Partnership to a subsidiary of CenterPoint Energy Inc. (NYSE: CNP) ("CenterPoint"). The Partnership received net cash proceeds from the sale of \$273,269. The asset sale includes the Partnership's 50% operating interest in Waskom Gas Processing Company ("Waskom"). A subsidiary of CenterPoint owned the other 50% percent interest.

Additionally, on September 18, 2012, the Partnership completed the sale of its interest in Matagorda Offshore Gathering System ("Matagorda") and Panther Interstate Pipeline Energy LLC ("PIPE") to a private investor group for \$1,530.

The Partnership classified the results of operations of the Prism Assets, which were previously presented as a component of the Natural Gas Services segment, as discontinued operations in the consolidated and condensed statements of operations for all periods presented.

The Prism Assets' operating results, which are included within income from discontinued operations, were as follows:

(6) Investments in Unconsolidated Entities and Joint Ventures

As discussed in detail in Note 4, the Partnership sold its 50% interests in Waskom, Matagorda, and PIPE in 2012. The equity in earnings associated with these investments during the period owned is recorded in income from discontinued operations for the three and six months ended June 30, 2012.

On May 1, 2008, certain assets and liabilities were contributed to acquire a 50% ownership interest in Cardinal. In conjunction with this transaction, ECP contributed cash for a 50% ownership interest in Cardinal.

The initial carrying amount of the investment in Cardinal was less than the contributed underlying net assets. Of the basis difference, \$1,250 relates to differences in the carrying value of fixed assets contributed as compared to amounts recorded by Cardinal, and is being amortized over 40 years, the approximate useful life of the underlying assets. Such amortization amounted to \$8 and \$16 for each of the three and six months ended June 30, 2013 and 2012, respectively. The remaining basis difference is a permanent difference that will be realized upon sale of the investment in Cardinal.

On May 24, 2011, Redbird was formed to hold membership interests in Cardinal. On May 27, 2011, initial contributions consisted of all of Martin Resource Management's membership interests in Cardinal for 100% of the Class A interests in Redbird. Simultaneously, the Partnership acquired 100% of the Class B interests in Redbird for approximately \$59,319. Concurrent with the closing of this transaction, Redbird contributed the cash to Cardinal which used the cash, along with a contribution from ECP, to acquire all of the outstanding equity interests in Monroe Gas Storage Company, LLC as well as an option on development rights to an adjacent depleted reservoir facility. As discussed in Note 3, on October 2, 2012, the Partnership, acquired the remaining Class A interests in Redbird from Martin Resource Management. As this acquisition is considered a transfer of net assets between entities under common control, the acquisition is recorded at the historical carrying value of these assets at that date. The Partnership is required to retrospectively update its historical financial statements to include the activities of the Class A interests in Redbird as of the date of common control. The Partnership's accompanying historical financial statements for the three and six months ended June 30, 2012 have been retrospectively updated to reflect the effects on financial

position, cash flows and results of operations attributable to the Redbird Class A interests as if the Partnership owned these assets for these periods.

At June 30, 2013, Redbird owned an unconsolidated 42.19% interest in Cardinal. Redbird utilized the investments by the Partnership to invest in Cardinal to fund projects for natural gas storage facilities.

At June 30, 2013, the Partnership owned an unconsolidated 50% interest in Caliber Gathering, LLC ("Caliber").

During the second quarter of 2012, the Partnership acquired an unconsolidated 50% interest in Pecos Valley Producer Services LLC ("Pecos Valley"). The Partnership sold its interest in Pecos Valley during the third quarter of 2012.

(7) Derivative Instruments and Hedging Activities

The Partnership's results of operations are materially impacted by changes in crude oil, natural gas and NGL prices and interest rates. In an effort to manage its exposure to these risks, the Partnership periodically enters into various derivative instruments, including commodity and interest rate hedges.

(a) Commodity Derivative Instruments

The Partnership is not currently exposed to market risks associated with commodity prices but from time to time has used derivatives to manage the risk of commodity price fluctuation. The Partnership has established a hedging policy and monitors and manages the commodity market risk associated with potential commodity risk exposure. These hedging arrangements have been in the form of swaps for crude oil, natural gas and natural gasoline. In addition, the Partnership has focused on utilizing counterparties for these transactions whose financial condition is appropriate for the credit risk involved in each specific transaction.

Due to the sale of the Prism Assets during 2012, the Partnership terminated and settled all of its commodity derivative instruments during the second quarter of 2012. For the three and six months ended June 30, 2012, changes in the fair value of the Partnership's derivative contracts were recorded in both earnings (income from discontinued operations) and in accumulated other comprehensive income as a component of partners' capital.

(b) Impact of Commodity Cash Flow Hedges

Crude Oil. For the three and six months ended June 30, 2012, net gains and losses on swap hedge contracts increased crude revenue (included in income from discontinued operations) by \$618 and \$533, respectively.

Natural Gas. For the three and six months ended June 30, 2012, net gains and losses on swap hedge contracts increased gas revenue (included in income from discontinued operations) by \$533 and \$736, respectively.

Natural Gas Liquids. For the three and months ended June 30, 2012, net gains and losses on swap hedge contracts decreased liquids revenue (included in income from discontinued operations) by \$1,116 and \$1,061, respectively.

For information regarding gains and losses on commodity derivative instruments and related hedged items, see "Tabular Presentation Gains and Losses on Derivative Instruments and Related Hedged Items" within this Note.

(c) Impact of Interest Rate Derivative Instruments

The Partnership is exposed to market risks associated with interest rates. From time to time, the Partnership enters into interest rate swaps to manage interest rate risk associated with the Partnership's variable rate debt and term loan credit facilities.
