PROXY STATEMENT

SOLICITATION OF PROXIES

This proxy statement is provided in connection with the solicitation of proxies by the board of directors of Storm Cat Energy Corporation, a corporation organized under the laws of British Columbia, for use at the Annual General Meeting of the shareholders, to be held on June 18, 2008, at 10:00 a.m., Mountain daylight time, or any adjournment or postponement thereof, at 8th Avenue SW, Suite 200, 209, Calgary, Alberta, Canada (the "Annual General Meeting"). The Company maintains its principal executive offices at 1125 17th Street, Suite 2310, Denver, Colorado 80202. We use the terms the "Company," "Storm Cat," "we," "us" and "our" to refer to Storm Cat Energy Corporation in this proxy statement.

Pursuant to new rules promulgated by the Securities and Exchange Commission (the "SEC"), we are providing access to our proxy materials, which include our notice of annual general meeting, proxy statement and annual report over the Internet at <http://www.stormcatenergy.com/2008annualmeeting>. These proxy materials are available free of charge.

This proxy statement and the accompanying form of proxy are expected to first be sent or given to shareholders beginning on or about May 12, 2008. While it is expected that the solicitation will be primarily by mail, proxies may be solicited personally or by telephone by the directors and regular employees of the Company. All costs of solicitation will be borne by the Company. The Company will pay for preparing, assembling and mailing this proxy statement and any other proxy materials transmitted on behalf of the board of directors. The Company will, upon request, reimburse brokerage firms and others for their reasonable expenses in forwarding proxy materials to the beneficial owners of the Company's common shares.

This proxy statement is being sent to both registered and non-registered owners of common shares of the Company. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of common shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send these materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (1) delivering these materials to you, and (2) executing your proper voting instructions. Please return your voting instructions as specified in the form of proxy. For further information relating to non-registered owners see the discussion below under the heading "Information For Non-Registered (Beneficial) Owners Of Common Shares."

APPOINTMENT AND REVOCATION OF PROXIES

The individuals named in the accompanying proxy are directors and/or officers of the Company and will represent management of the Company at the Annual General Meeting. A SHAREHOLDER WISHING TO APPOINT SOME OTHER PERSON (WHO NEED NOT BE A SHAREHOLDER) TO REPRESENT HIM AT THE ANNUAL GENERAL MEETING HAS THE RIGHT TO DO SO, EITHER BY INSERTING SUCH PERSON'S NAME IN THE BLANK SPACE PROVIDED IN THE FORM OF PROXY AND STRIKING OUT THE TWO PRINTED NAMES OR BY COMPLETING ANOTHER FORM OF PROXY. A proxy will not be valid unless the completed, dated and signed form of proxy is received by Computershare Investor Services Inc. not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding the Annual General Meeting or any adjournment thereof, or is delivered to the Chairman of the Annual General Meeting prior to the commencement of the Annual General Meeting or an adjourned meeting. The mailing address of Computershare Investor Services Inc. is 100 University Avenue, 11th Floor, Toronto, Ontario, Canada M5J 2Y1. Registered shareholders may also deposit their proxies through telephone

and Internet services made available by Computershare Investor Services Inc. See the attached form of proxy for further instructions.

A shareholder who has given a proxy may revoke it by an instrument in writing executed by the shareholder or by his attorney authorized in writing or, where the shareholder is a corporation, by a duly authorized officer or attorney of the corporation, and delivered either to the registered office of the Company, 3000 - 1055 West Georgia Street, Vancouver, British Columbia, Canada V6E 3R3, at any time up to and including the last business day preceding the day of the Annual General Meeting, or if adjourned, any reconvening thereof, to the Chairman of the Annual General Meeting on the day of the Annual General Meeting or, if adjourned, any reconvening thereof or in any other manner provided by law. A revocation of a proxy does not affect any matter on which a vote has been taken prior to the revocation. Proxies in the form enclosed, unless revoked, will be voted at the Annual General Meeting as directed by you on the form or, in the absence of such direction, in favor of Proposals 1 and 2 at the Annual General Meeting.

-1-

INFORMATION FOR NON-REGISTERED (BENEFICIAL) OWNERS OF COMMON SHARES

Common shares owned by many shareholders of the Company are not registered on the records of the Company in the beneficial shareholders' own name. Rather, such common shares are registered in the name of a securities dealer, bank or other intermediary, or in the name of a clearing agency (referred to in this proxy statement as "intermediaries"). Shareholders who do not hold their common shares in their own name (referred to in this proxy statement as "non-registered owners") should note that only registered shareholders or duly appointed proxyholders are permitted to vote at the Annual General Meeting. A non-registered owner cannot be recognized at the Annual General Meeting for the purpose of voting his common shares unless such holder is appointed by the applicable intermediary as a proxyholder.

Non-registered owners who have not objected to their intermediary disclosing certain ownership information about themselves to the Company are referred to as "NOBOs." Those non-registered owners who have objected to their intermediary disclosing ownership information about themselves to the Company are referred to as "OBOs."

In accordance with applicable securities regulatory policy (National Instrument 54-101 of the Canadian Securities Administrators) the Company has elected to seek voting instructions directly from NOBOs. The Intermediaries (or their service companies) are responsible for forwarding this proxy statement and the proxy to each OBO, unless the OBO has waived the right to receive them.

Proxy statements sent to non-registered owners who have not waived the right to receive proxy statements are accompanied by a request for voting instructions (a "VIF"). This form is provided instead of a proxy. By returning the VIF in accordance with the instructions noted on it a non-registered owner is able to instruct the registered shareholder how to vote on behalf of the non-registered owner. VIF's, whether provided by the Company or by an intermediary, should be completed and returned in accordance with the specific instructions noted on the VIF.

In either case, the purpose of this procedure is to permit non-registered owners to direct the voting of the common shares that they beneficially own. If a non-registered owner who receives a VIF wishes to attend the Annual General Meeting or have someone else attend on his behalf, then the non-registered owner may request a legal proxy as set forth in the VIF, which will grant the non-registered owner or his nominee the right to attend and vote at the Annual General Meeting.

IF YOU ARE A NON-REGISTERED OWNER AND WISH TO VOTE IN PERSON AT THE ANNUAL GENERAL MEETING, PLEASE REFER TO THE INSTRUCTIONS SET OUT ON THE "REQUEST FOR VOTING INSTRUCTIONS" (VIF) THAT ACCOMPANIES THIS PROXY STATEMENT.

EXERCISE OF DISCRETION

Common shares represented by proxy are only entitled to be voted on any poll and, where a choice with respect to any matter to be acted upon has been specified in the form of proxy, the common shares will, on a poll, be voted or withheld from voting in accordance with the specification so made.

SUCH COMMON SHARES WILL ON A POLL BE VOTED FOR EACH MATTER FOR WHICH NO CHOICE HAS BEEN SPECIFIED BY THE SHAREHOLDER.

VOTING AT THE ANNUAL GENERAL MEETING

The common shares of the Company are listed on the American Stock Exchange ("AMEX") and the Toronto Stock Exchange ("TSX"). The only voting securities of the Company are its common shares. Only shareholders of record at the close of business on May 5, 2008, the date selected as the record date by the board of directors, are entitled to vote their common shares at the Annual General Meeting. Each holder of common shares is entitled to one vote per share

of common shares on each matter submitted to the shareholders for vote. At the close of business on April 28, 2008, 81,109,403 common shares were outstanding and entitled to vote.

At least two shareholders of an aggregate of 5% of the issued common shares who are present, in person or by proxy, will constitute a quorum for the transaction of business at the Annual General Meeting or any adjournment or postponement thereof. Directors are elected by a plurality of the affirmative votes cast by the shareholders present at the Annual General Meeting in person or by proxy, and entitled to vote. Cumulative voting is not permitted in the election of directors. The affirmative vote of the holders of a majority of the voting power of the common shares present at the Annual General Meeting, in person or by proxy, and entitled to vote, and actually cast is necessary for ratification and appointment of the Company's auditors. If the ratification of the selection and appointment of auditors is not approved, the Audit Committee of the board of directors will review its future selection of auditors.

Abstentions and broker non-votes are not relevant to the election of directors. Abstentions and broker non-vote will have no effect on the vote on the proposal for the ratification and appointment of the Company's auditors. A "broker non-vote" occurs if you do not provide the record holder of your shares (usually a bank, broker, or other nominee) with voting instructions on a matter and the holder is permitted to vote, but does not vote, on the matter without instructions from you under the AMEX rules.

Unless you indicate otherwise on your proxy card, the persons named as your proxies will vote your shares: "FOR" all of the nominees for director named in this proxy statement; and "FOR" ratification and appointment of Hein & Associates LLP as the Company's independent registered public accounting firm for the year ending December 31, 2008.

Only shareholders and persons holding proxies from shareholders may attend the meeting. If your shares are registered in your name, you should bring a form of identification to the meeting. If your shares are held in the name of a broker, trust, bank or other nominee you will need to bring a proxy or letter from that broker, trust, bank or other nominee that confirms you are the beneficial owner of those shares.

PROPOSAL 1. ELECTION OF DIRECTORS

Storm Cat's business and affairs are managed under the direction of the board of directors, which is currently comprised of seven members. The size of the board of directors may be fixed from time to time by the board of directors as provided in the Articles of the Company.

The term of office of each of the present directors expires at the Annual General Meeting. At this Annual General Meeting, there are seven nominees for election to the board of directors, each of whom, if elected, will serve until the next annual general meeting of the shareholders or until his successor is elected or appointed, unless his office is earlier vacated in accordance with the Articles of the Company, or with the provisions of the British Columbia Business Corporations Act (the "Business Corporations Act"). Management does not contemplate that any of these nominees will be unable to serve as a director. The names of each nominee and continuing director, their respective ages (as of April 29, 2008), the province or state and country in which each is ordinary resident, periods during which they have served the Company as a director, position (if any) with the Company, business experience during at least the past five years and directorships of other publicly-owned corporations appear below. The number of our common shares beneficially owned by each nominee, directly or indirectly, or over which control or direction is exercised, is set out below under "Beneficial Ownership of Voting Securities." There are no family relationships among any director, executive officer, or any person nominated or chosen by the Company to become a director.

Each nominee is an incumbent director and has consented to be named herein and to serve on the board of directors if elected. If any of these director nominees should be unavailable for election at the time of the Annual General Meeting, which is not anticipated, the proxies will be voted for such other person as may be recommended by the board of directors in place of each such nominee.

National Instrument 58-101 of the Canada Securities Administrators—Disclosure of Corporate Governance Practices ("NI 58-101") requires the Company to disclose in this proxy statement a summary of its corporate governance protocols.

Code of Business Conduct and Ethics

The board of directors has adopted a Code of Business Conduct and Ethics applicable equally to the Company's directors, officers and employees. The code sets forth, among other things, the Company's conflict of interest policy and policies for the protection of the Company's property, proprietary information and integrity of records and financial reports, equal opportunities, political activities and contributions, protection of the health and safety of the Company's employees, officers and directors.

The Company regards maintaining a culture of ethical business conduct and social responsibility as critically important. Management consistently strives to instill the Company's principles into the practices and actions of the

Company's management and staff. The board monitors compliance with the code by requiring management and supervisors to assume responsibility for the conduct of those who report to them. All known or suspected breaches of the code are required to be reported to a supervisor, general manager, the Chief Executive Officer, or the Chief Financial Officer. The Code of Conduct calls on all directors, officers and employees of the Company to strive to avoid situations that create, have the potential to create, or create the appearance of, a conflict of interest. A director or officer who has a material interest in any transaction or agreement that comes before the board for decision is required to disclose his or her interest to the board members and to abstain from any vote taken on the matter.

Board Mandate

The board of directors is responsible for supervising management in carrying on the business and affairs of the Company. Directors are required to act and exercise their powers with reasonable prudence in the best interests of the Company. In discharging its mandate, the board is responsible for the oversight and review of the development of, among other things, the following matters:

- the strategic planning process of the Company;
- identifying the principal risks of the Company’s business and ensuring the implementation of appropriate systems to manage these risks;
- planning for succession of management;
- the Company’s policies regarding communications with its shareholders and others; and
- the integrity of the internal controls and management information systems of the Company.

In carrying out its mandate, the board relies primarily on management to provide it with regular detailed reports on the operations of the Company and its financial position. The board reviews and assesses these reports and other information provided to it at meetings of the full board and of its committees. Other management personnel regularly attend board meetings to provide information and answer questions, including our President and Chief Operating Officer and our Chief Financial Officer. Directors also consult from time to time with management. At least annually, the board reviews management’s report on its business and strategic plan and any changes with respect to risk management and succession planning.

Board and Committee Information

The board of directors held 13 meetings during 2007. During 2007 each of our incumbent directors, other than J. Scott Zimmerman, attended at least 75% of the total number of meetings held by the board of directors and by the committees of the board of directors on which they served for the period during which he was a member.

Interested parties, including our shareholders, desiring to communicate with our board members, including the non-management directors as a group, may do so by mailing a request to our Secretary, Storm Cat Energy Corporation, at 1125 17th Street, Suite 2310, Denver, Colorado 80202. Pursuant to the instruction of the Company's non-management directors, the Secretary will review inquiries and if they are relevant to, and consistent with our operations, policies and procedures, they will be forwarded to the director or directors to whom it is addressed. Inquiries not forwarded will be retained by the Company and will be made available to any director on request.

Shareholder Recommendations of Candidates for Director

Shareholders wishing to recommend candidates to the Nominating Committee for consideration as directors should submit a written recommendation to the office of the Secretary, Storm Cat Energy Corporation, at 1125 17th Street, Suite 2310, Denver, Colorado 80202. The Nominating Committee employs a process for evaluating all candidates for director, including those recommended by shareholders. See the discussion under the heading "Corporate Governance—Nominating Committee."

Independence

As at the date hereof, the Board of Directors of the Company consists of seven directors, six of whom are independent directors under the applicable listing standards of the AMEX and five of whom are independent directors pursuant to the requirements of NI 58-101. Pursuant to the AMEX listing standards, a director will be considered an independent director if he or she is not an executive officer or employee of the Company and if the board of directors makes an affirmative determination that the director does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, and is not otherwise deemed not to be independent. Applying the AMEX listing standards, the directors determined that each of Messrs. Clark, Penner, O'Byrne, Whitney, Wight and Wozniak is an independent director.

Mr. Brooker is not considered to be an independent director under AMEX listing standards because he is currently an executive officer of the Company. In determining whether the members of the board of directors are independent under the AMEX standards, the board took into consideration the arrangements for legal services between the Company and Beatty & Wozniak, P.C., a law firm of which Mr. Wozniak is a partner. The board determined that the arrangements did not affect Mr. Wozniak's independence under the listing standards of AMEX. See "Related Party Transactions" for more information.

Pursuant to NI 58-101 a director is considered independent if he has no direct or indirect relationship with the Company which could, in the view of the board, reasonably be expected to interfere with the exercise of his independent judgment, and is not otherwise deemed not to be independent. Applying the criteria in NI 58-101, each of Messrs. Clark, O'Byrne, Penner, Whitney and Wight is an independent director. Mr. Brooker is not considered to be an independent director because he is currently an executive officer of the Company. Mr. Wozniak is not considered to be an independent director under NI 58-101 due to the arrangements for legal services between the Company and Beatty & Wozniak, P.C., a law firm of which Mr. Wozniak is a partner. See "Related Party Transactions" for more information.

The independent members of the board believe that their majority on the board, their sophistication and their knowledge of the Company's business are sufficient to facilitate the functioning of the board independently of management and to provide for open and candid discussion among the independent directors.

Executive Sessions

The independent directors hold regularly scheduled meetings without the non-independent directors and other members of management in attendance and are able to hold such meetings whenever they wish.

Attendance at Annual General Meetings

We encourage, but do not require, our board members to attend our annual general meeting of shareholders. Last year, each of our directors serving at the time of the annual general meeting, other than Mr. Zimmerman, attended the annual general meeting of shareholders.

Committees

Our board of directors has established four standing committees. The standing committees consist of an Audit Committee, Compensation Committee, Nominating Committee and Executive Committee. Each of the standing committees, other than the Executive Committee, is comprised entirely of independent directors. Copies of the charter for each standing committee, other than the Executive Committee which has not formally adopted a charter, are available on our website at www.stormcatenergy.com under "Corporate Governance."

The functions performed by each of the committees are briefly described below.

Audit Committee

The members of the Audit Committee during 2007 and as of the date of this proxy statement are Messrs. Clark, Penner and Whitney. Mr. Penner is the Chairman of the Audit Committee. The Audit Committee met five times during 2007. The Audit Committee has the responsibility of assisting the board of directors' oversight of the quality and integrity of the Company's financial statements and other financial information, the compliance of such statements and information with legal and regulatory requirements, the qualifications and independence of the Company's independent registered public accounting firm, and the performance of the Company's internal accounting procedures and the independent registered public accounting firm. The Audit Committee operates under an Audit Committee charter adopted by our board of directors, a copy of which is available on our website at www.stormcatenergy.com

under “Corporate Governance.”

The members of the Audit Committee do not have fixed terms for holding their positions and are appointed by, and may be replaced by, the board of directors. Each of the members serving on our Audit Committee satisfies the standards for independence of AMEX and the SEC as they relate to audit committees. Our board of directors believes each of the members of the Audit Committee is financial literate and Mr. Penner qualifies as an “audit committee financial expert” within the meaning of the regulations of the SEC.

Compensation Committee

The members of the Compensation Committee during 2007 and as of the date of this proxy statement are Messrs. O’Byrne, Wight and Wozniak. Mr. Wozniak is the Chairman of the Compensation Committee. The Compensation Committee met two times during 2007. The Compensation Committee is responsible for assisting the board of directors in discharging their responsibilities relating to compensation of officers and directors and overseeing the Company’s compensation structure, including equity compensation plans and benefit programs. The Compensation Committee has the authority to retain, at the Company’s expense, outside consultants, legal counsel and other advisors as it deems appropriate to assist it in its performance of its responsibilities, including the authority to approve such advisors’ fees and other engagement terms. The Compensation Committee’s duties and responsibilities include reviewing and approving corporate goals and objectives relevant to the compensation of the Company’s executive officers, evaluating their performance, and as a committee, determining and recommending our executive officers’ compensation levels based on such evaluations. The Compensation Committee also reviews and discusses the Compensation Discussion and Analysis with our management, and based on such review and discussions, recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement. The Compensation Committee operates under a Compensation Committee charter adopted by our board of directors, a copy of which is available on our website at www.stormcatenergy.com under “Corporate Governance.”

The members of the Compensation Committee do not have fixed terms for their positions, are appointed by, and may be replaced by, the board of directors. Each of the members of the Compensation Committee satisfies the standards for independence of AMEX.

Nominating Committee

The members of the Nominating Committee during 2007 and as of the date of this proxy statement are Messrs. Clark, O'Byrne and Wozniak. Mr. Wozniak is the Chairman of the Nominating Committee. The Nominating Committee met one time during 2007. The Nominating Committee is responsible for assisting the board of directors in identifying individuals qualified to be members of the board of directors, to recommend director nominees, to assist the board in the event of any vacancy on the board and to recommend qualified individuals to fill any vacancies, and to recommend to the board director nominees for board committees. The mandate of the Nominating Committee includes overseeing the effective functioning of the board, which includes a periodic review of the effectiveness of the board as a whole and of the composition of the board. To date, given the small size of the board and the frequency with which its meetings are held, the board has not found it necessary to institute any formal process in order to satisfy itself that the board, its committees and its individual directors are performing effectively. The Nominating Committee is entitled to rely, in good faith, on information, opinions, reports of statements or other information prepared by officers or other employees of the Company, counsel, public accounts or other persons of similar professional competence. The Nominating Committee operates under a Nominating Committee charter adopted by the board of directors, a copy of which is available at www.stormcatenergy.com under "Corporate Governance."

The members of the Nominating Committee do not have fixed terms for their positions, are appointed by, and may be replaced by, the board of directors. Each of the members of the Nominating Committee satisfies the standards for independence of AMEX.

Executive Committee

The Executive Committee was formed in June 2006. The members of the Executive Committee during 2007 were Messrs. Clark, Wight and Zimmerman. Mr. Zimmerman was a member of the Executive Committee until expiration of his term as director in June 2007. The Executive Committee met two times during 2007. The board decided to dissolve the Executive Committee in June 2007.

Other Directorships

For information respecting our directors that serve as directors of any other publicly-owned corporations or issuers that are reporting issuers or the equivalent in Canada or elsewhere see "Proposal 1. Election of Directors" above.

Position Descriptions

The board has not adopted written position descriptions for the chairman of the board and the chairman of each board committee, on the basis that the role of the chairman is well understood by all of the directors. The board has also not adopted a written position description for the Chief Executive Officer, Mr. Brooker, on the basis that his role and responsibilities are well understood by him and by the directors.

Orientation and Continuing Education

The board does not have a formal orientation and education program for new directors. Upon joining the board in June of 2007, Joseph M. Brooker was provided with an orientation program regarding the role of the board, its committees and its directors, and the nature and operation of the Company's current and past business. He was also provided with a copy of the Company's policies which include the Code of Business Conduct, Disclosure Policy, Insider Trading Policy, AFE Policy, Delegation of Authority, Hedging Policy, Purchase Policy, Complaints

Procedures and Employee Handbook. New directors are also provided with the Audit and Compensation Committee Charters. The board encourages directors to participate in continuing education opportunities in order to ensure that the directors may maintain or enhance their skills and abilities as directors, and maintain a current and thorough understanding of the Company's business.

Director Compensation For 2007

On June 20, 2007, the Compensation Committee approved an amended director compensation policy (the "Director Compensation Policy") that was adopted and approved by the board of directors on June 21, 2007. Under the Director Compensation Policy, each director receives a one-time grant of 100,000 common share options under the Storm Cat Energy Corporation Amended and Restated Share Option Plan (or any successor plan) within 30 days of the date of his or her initial appointment or election to the board, which options will vest 1/3rd every six months, over an eighteen months period from the date of grant, provided that such options are subject to immediate vesting upon change of control of the Company.

Each director that has served for a complete year, which is the period from the Annual General Meeting at which the director was last elected to May 31 of the following year, is deemed to have earned 15,000 fully-vested common share options as at the close of business on May 31 of each year. Such options will be treated as having been earned for past services to the Company such that both continuing and retiring Directors that have served for the year then just completed will be awarded the options effective on June 1 of each year.

Each director elected to the board at the Annual General Meeting is, in addition to the above-described grants of stock options, entitled to a grant of RSUs under the Storm Cat Energy Corporation Restricted Share Unit Plan (or any successor plan) entitling the director to acquire 5,000 common shares. The RSUs vest as to 1,250 common shares at the end of each quarter. Directors who join the board between Annual General Meetings will be entitled to a grant of RSUs entitling the director to acquire 1,250 common shares for each full quarter remaining prior to the Company's next expected Annual General Meeting, vesting as to 1,250 common shares at the end of each quarter.

-7-

In addition to the equity awards described above, the Director Compensation Policy provides for annual cash compensation in the form of a retainer of \$1,000 per quarter, plus additional amounts of: (a) \$1,000 per meeting for physical attendance at any quarterly board meeting, (b) \$500 per meeting for participation by telephone in a quarterly board meeting; and (c) \$500 per meeting for any other board meeting over 30 minutes in duration, and an additional \$500 if any such meeting is over two hours in duration. Board members are also entitled to receive \$1,000 per year for service on each board committee, plus an additional \$2,500 per year for service as a chair of any board committee. No additional amounts are paid for participation in board committee meetings. All of our directors are reimbursed for reasonable out-of-pocket expenses related to attendance at board and board committee meetings.

Prior to adoption of the amended Director Compensation Policy in June 2007, directors were granted unrestricted RSUs at the end of a quarter as compensation for service for that quarter. During 2007, our non-employee directors received compensation in the form of cash fees, options and stock awards as further described below. Compensation paid to Mr. Brooker, who became our Chief Executive Officer as well as our director during 2007, and Mr. Zimmerman, our former President and Chief Executive Officer and a former director, for their service as directors is shown in the "2007 Summary Compensation Table" on page 15.

AUDIT COMMITTEE REPORT

Our Audit Committee reviews our financial reporting process on behalf of our board of directors. On June 23, 2005, our board of directors adopted a written charter for our Audit Committee, and has re-evaluated it in connection with the filing of our Annual Report on Form 10-K with the Securities and Exchange Commission. In fulfilling its responsibilities, the Audit Committee has reviewed and discussed the audited financial statements contained in the 2007 Annual Report on Form 10-K with our management and our independent registered public accounting firm, Hein & Associates LLP. Our management is responsible for the financial statements and the reporting process, including the system of internal controls. Hein & Associates is responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States. Hein & Associates is also responsible for expressing an opinion on the effectiveness, and on management's assessment of the effectiveness of the Company's internal control over financial reporting.

The Audit Committee has discussed with Hein & Associates the matters requiring discussion by Statement on Auditing Standards No. 61, Communication with Audit Committees, as modified or supplemented, and all other matters required to be discussed with the auditors. In addition, the Audit Committee has received the written disclosures and the letter from Hein & Associates required by Independence Standards Board No. 1 (Independence Discussions with Audit Committees), as modified or supplemented, and discussed with Hein & Associates their independence from Storm Cat and its management. The Audit Committee has also considered whether, and determined that, the independent registered public accounting firm's provision of other non-audit services to us is compatible with maintaining Hein & Associates' independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the board of directors (and the board of directors approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2007, for filing with the Securities and Exchange Commission.

Respectfully submitted on April 29, 2008, by the members of the Audit Committee of the board of directors.

Robert D. Penner, Chairman
Robert J. Clark
Jon R. Whitney

In accordance with the rules and regulations of the SEC, the above report of the Audit Committee shall not be deemed to be "soliciting material" or to be "filed" with the SEC or subject to Regulations 14A or 14C of the Securities Exchange Act of 1934, as amended (the "Exchange Act") or to the liabilities of Section 18 of the Exchange Act and shall not be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Exchange Act, notwithstanding any general incorporation by reference of this proxy statement into any other filed document.

Independent Registered Public Accounting Firm

Audit Committee Pre-Approval Policy

The Audit Committee pre-approves all audit and permissible non-audit services provided by our independent registered public accounting firm on a case-by-case basis unless such non-audit services which are not pre-approved are reasonably expected not to constitute, in the aggregate, more than 5% of the fees paid to our independent registered public accounting firm for that year, were not recognized, and are promptly brought to the attention of the Audit Committee and approved prior to the completion of the audit. These services may include audit services, audit-related services, tax services and other services. Our Chief Financial Officer is responsible for presenting the Audit Committee with an overview of all proposed audit, audit-related, tax or other non-audit services to be performed by our independent registered public accounting firm. The presentation must be in sufficient detail to define clearly the services to be performed. The Audit Committee does not delegate its responsibilities to pre-approve services performed by our independent registered public accounting firm to management.

EXECUTIVE COMPENSATION

Compensation Discussion And Analysis

Executive Compensation Philosophy and Objectives

The Compensation Committee and the board of directors has responsibility for establishing, implementing and monitoring the Company's overall executive compensation policies and practices. Our named executive officers in this proxy statement include our principal executive officer, our principal financial officer, our President and Chief Operating Officer as well as our former Vice President, Canadian and International Operations who resigned in July 2007 and our former President and Chief Executive Officer who resigned in April 2007. Storm Cat has no other executive officers. The board has operated pursuant to a compensation philosophy of providing short- and long-term initiatives to attract qualified individuals during the initial growth phase of the Company's development and to drive the Company's financial performance by providing monetary and equity awards that are linked to the success of the Company and returns to shareholders. Historically, compensation decisions have been made at the board's discretion in the context of personnel needs and the Company's performance.

The Compensation Committee and the board evaluates both the Company's performance and compensation to ensure that the Company maintains its ability to attract and retain superior employees in key positions with the skills and experience necessary to implement the Company's business objectives. In order to remain competitive in the market for executive talent, the Compensation Committee evaluates executive compensation levels at similarly situated companies (the "Peer Group"). The Compensation Committee selected the Company's Peer Group after an examination of oil and gas companies focused on exploration and development of unconventional reserves, with similar property holdings. The Peer Group for compensation decisions in 2006 and 2007 consisted of Carrizo Oil & Gas, Inc., Double Eagle Petroleum Co., Galaxy Energy Corporation, Gasco Energy, Inc., Kodiak Oil & Gas Corp., NGAS Resources, Inc., Teton Energy Corporation, Torrent Energy Corporation and Warren Resources, Inc.

The Compensation Committee considers four primary components of compensation when evaluating compensation of our named executive officers. The primary elements consist of:

- Base Salary;
- Annual Cash Bonus;
- Long-Time Incentives (Stock Options and Restricted Share Units); and
- Benefits packages.

The award of base salary, annual cash bonus, long-term incentives and benefit packages are in the complete discretion of the Compensation Committee in accordance with its charter; however, the historical practice of the Company has been for the board to ratify all compensation decisions of the Compensation Committee. This permits the Compensation Committee and the board to control and tailor compensation levels based on the Company's and each named executive officer's individual performance. Base salary is intended to provide the basic level of market competitive compensation. The Compensation Committee evaluates base salaries at the Peer Group companies in order to assist it in setting base salary levels that will attract and retain key employees.

Annual cash bonuses are provided at the end of the year and awarded dependent upon the Company's and each named executive officer's individual performance during the year. The Compensation Committee evaluates the Company's stock performance, revenues, acquisition and exploration activities and other achievements.

The Company's long term incentives consist of stock options and restricted share units, or RSUs, pursuant to our Amended and Restated Share Option Plan and our Restricted Share Unit Plan, both adopted in June 2006. The Compensation Committee awards long term incentives to align the interests of the executives with those of shareholders. Upon joining the Company, executives are granted stock options or RSUs on a case-by-case basis. Our named executive officers may also be awarded stock options or RSUs one or more times throughout the year to focus the executive's efforts on the Company's stock performance. All equity awards are approved by the Compensation Committee and ratified by the board of directors. The Compensation Committee's practice is to award stock options with exercise prices based on the closing market price of the Company's common shares on the date of the grant. Historically, the Compensation Committee has awarded long term incentives with eighteen month vesting periods in order to incentive focus on the Company's stock performance during its first three years of operations. Starting in 2007, the Compensation Committee has extended vesting periods to twenty-four months to improve the retentive value of the awards and to incentivize the Company's long term growth.

Currently, the Company does not use perquisites to compensate its named executive officers. The Compensation Committee and the board has determined to provide all employees with the same benefits packages, and thus, named executive officers do not receive any perquisites or benefits beyond those offered to all of the Company's employees. The Company does not provide pension benefits to any named executive officers or any of its employees.

The Compensation Committee in determining compensation awards does not typically set an allocation or "weight" attributable to each element of compensation. All elements of compensation are considered each year to determine appropriate levels of base salary, annual cash incentives, long term incentives and benefits in order to attract, retain and motivate the Company's named executive officers.

-12-

The amounts of compensation awarded by the Compensation Committee to our named executive officers, other than the Chief Executive Officer, is based in part on the recommendations of the Chief Executive Officer and in most cases, tracks the Chief Executive Officer's recommendations. The Compensation Committee makes, and the board ratifies, all determinations regarding compensation awards, with named executive officers, including any serving as a director, excluded from the process.

The Compensation Committee has considered the potential impact of Section 162(m) of the Internal Revenue Code adopted under the Federal Revenue Reconciliation Act of 1993. Section 162(m) disallows tax deduction to any publicly-held corporation for individual compensation exceeding \$1 million in any taxable year paid to the Chief Executive Officer and up to three other most highly compensated officers who are included in the summary compensation table in the Company's proxy statement for the following fiscal year, excluding chief financial officer, unless compensation is performance-based. Since the targeted cash compensation of each of the named executive officers is well below the \$1 million threshold, the Compensation Committee believes that Section 162(m) will not reduce the tax deductions that would be available to the Company for executive compensation in 2007 or for compensation awards to be granted to the Company's executives in the future. The Company policy is to qualify to the extent reasonable for executive compensation for deductibility under applicable tax laws.

In April 2008, the Compensation Committee adopted a formalized incentive compensation plan with identified performance targets to attract and retain key employees and link rewards granted to named executive officers to Company performance. This plan is discussed further below under the heading "Contemplated Changes in Executive Compensation."

Compensation Elements In 2007

Base Salary

Base salaries for the named executive officers are established based on the scope of their responsibilities, taking into account competitive market compensation for similar positions amongst the Peer Group, and an executive's ability to contribute to the Company's success. The Company does not have employment agreements with any of its named executive officers that require the setting of salary levels. Each named executive officer is paid a base salary that is reviewed annually by the Compensation Committee and the board. Salary adjustments take into account salary adjustments amongst the Company's Peer Group and other similarly situated companies, the success and growth of the Company, including its stock performance, and the context of a named executive officer's role, responsibilities, experience, tenure, individual performance and contribution to the Company's results. The actual base salaries paid to the named executive officers in 2007 are disclosed in the "2007 Summary Compensation Table" on page 15.

Annual Bonuses

The Compensation Committee awards annual cash bonuses at its discretion and upon ratification by the board. After taking into consideration the Company's performance during year 2007, the Compensation Committee determined, and the board concurred, not to award any cash bonuses to its named executive officers for year 2007.

Equity-Based Awards

Similar to the annual cash bonuses, stock options and RSUs are awarded at the Compensation Committee's discretion upon ratification by the board. Upon ratification by the board, the Compensation Committee awarded 20,000 unrestricted RSUs, together with a small cash payment to offset the tax liability associated with such grant, to each of our President and Chief Operating Officer and Chief Financial Officer for their assistance and dedication through the transition after the resignation of the Company's former Chief Executive Officer and the appointment of Mr. Brooker as the Company's Chief Executive Officer in June 2007. In connection with Mr. Brooker's appointment as our Chief Executive officer, the Compensation Committee approved a grant of 200,000 stock options that vest ratably over

twenty-four months on July 5, 2008, January 5, 2009 and July 5, 2009. Mr. Brooker also received 100,000 stock options in accordance with the Director Compensation Policy that vest ratably over eighteen months on December 21, 2007, June 21, 2008 and December 21, 2008. All options have an exercise price on the closing market price of the Company's common shares on the TSX on the date of the grant. The level and exercise prices of awards to each named executive officer is reflected in the "2007 Grants of Plan-Based Awards" table on page 17.

Benefits

In 2007, executives were eligible for health and welfare benefits on the same terms and conditions as benefits available to the Company's eligible employees. These benefits included health and dental coverage, AD&D coverage, term life insurance coverage, as well as a 401(k) savings plan. Historically and in 2007, contributions to 401(k) savings plans were not matched by the Company.

Potential Payments Upon Termination

The Company has not entered into employment agreements or stand-alone change in control or severance agreements with any of its named executive officers or other employees. On September 19, 2007, the board of directors, upon the recommendation of and approval by the Compensation Committee, adopted and approved a Change in Control Severance Pay Plan, or the Severance Plan. The Severance Plan is effective only in the event of a change in control, as defined in the Severance Plan, of the Company. Upon the occurrence of such a change in control, the Company will pay an employee, if the Company terminates such employee's employment other than for cause, as defined in the Severance Plan, or if the employee terminates employment due to death or for good reason, as defined in the Severance Plan, during the change in control period, the following amounts: (i) the accrued obligations of the Company owing to the employee, including base salary owed to date, the employee's annual bonus on a pro rata basis and any accrued vacation pay not already paid; and (ii) additional severance benefits to three tiers of employees as follows:

- Tier 1 Employees: Chief Executive Officer, President, Chief Operating Officer and Chief Financial Officer. An amount equal to two times the sum of the employee's annual base salary and annual bonus. The severance period for a Tier 1 Employee is eighteen months.

- Tier 2 Employees: All employees that are not Tier 1 Employees and that have been employed by the Company or an affiliate for at least 12 consecutive months. An amount equal to one time the sum of the employee's annual base salary and annual bonus. The severance period for a Tier 2 Employee is twelve months.
- Tier 3 Employees: All employees that are not Tier 1 Employees and that have NOT been employed by the Company or an affiliate for at least 12 consecutive months. An amount equal to the employee's monthly compensation (one-twelfth of annual base salary) for each consecutive month period of service with the Company (rounded to the nearest month), up to a maximum severance benefit of eleven times the Employee's monthly compensation and a minimum severance benefit of two times the employee's monthly compensation.

An employee must execute a waiver and release agreement with respect to the employee's potential claims concerning his or her employment or separation in the form provided by the Company to be eligible for the above Tier 1, Tier 2 or Tier 3 severance benefits. Such severance benefits are contingent upon the completion of the change in control and may be offset against certain other amounts owing or offers made to the employee. Tier 1 and Tier 2 Employees may be eligible for the continuation of certain other benefits, and all employees may be eligible for payment of other benefits owing to them. If a change in control causes any payments to Tier 1 or Tier 2 Employees to be subject to additional excise tax, such Tier 1 and Tier 2 Employees shall be entitled to an additional gross-up payment equal to the amount of the excise tax. Payments to Tier 3 Employees may be subject to further limitations if considered "parachute payments" as defined under the tax code. If any employee is terminated for cause, such employee shall be entitled only to his or her annual base salary and other benefits through the date of termination. All equity compensation grants made to an employee by the Company and outstanding at the time of a change in control shall be accelerated and vest 100%.

Contemplated Changes in Executive Compensation

The Compensation Committee recently adopted a formalized annual incentive compensation plan for 2008 with identified performance targets to attract and retain key employees and link rewards granted to named executive officers to Company performance. The annual incentive plan includes objective performance criteria such as growth in net asset value, production and EBITDA, as well as subjective discretion by the Compensation Committee to adjust awards based on the Company's overall success and individual merit. The Compensation Committee has set a target award opportunity as a percentage of base salary based on their position and level of responsibility in the Company. The amount of any annual cash incentive award will be based on achievement of the Company's goals in the three performance categories listed above. Each of the performance categories has been weighted accordingly and performance targets have been established in order to payout awards at a minimum threshold level, a target level and a maximum outstanding level. If the Company fails to achieve the minimum threshold level of performance for a measure, then no payout for that measure will be made. Achievement at the threshold level will generally payout 25% of the target award opportunity and achievement at the target and outstanding levels will generally payout at 100% and 200%, respectively, of the target award opportunity. Any payout will be subject to the discretion of the Compensation Committee to consider other subjective factors it deems appropriate.

All of the Company's employees and name executive officers will participate in this new compensation plan. Target performance for the named executive officers will be set by the Compensation Committee and reviewed on an annual basis. Target performance levels for the remaining employees will be set by the Chief Executive Officer and approved by the Compensation Committee.

Amounts represent RSUs granted under the Storm Cat Energy Corporation Restricted Share Unit Plan. Unvested (1) RSUs generally vest upon a change in control of the Company, as such term is defined in the Storm Cat Energy Corporation Change in Control Severance Pay Plan.

Amounts represent options granted under the Storm Cat Energy Corporation Amended and Restated Share Option (2) Plan. These options expire five years from the date of grant and are subject to earlier termination upon certain events related to termination of employment. Options not yet exercisable generally become exercisable upon a change in control of the Company, as such term is defined in the Storm Cat Energy Corporation Change in Control Severance Pay Plan.

Options are granted with an exercise price in Canadian dollars and based on the closing market price of the (3) Company's common shares on the TSX on the date of grant or on the date prior to the grant. The exercise price of the grant made to Mr. Brooker on June 21, 2007, was based on the closing market price of the Company's common shares on the TSX on the date of the grant, which was C\$1.22. The grants made to Mr. Brooker and Mr. Zimmerman on July 5, 2007, was based on the closing market price of the Company's common shares on the TSX on the date of the grant, which was C\$1.20. The amounts shown here are a conversion of the exercise price into US Dollars on the date of the grant.

(4) Amounts reflect closing market price of the Company's common shares on the dates of grant based as traded on AMEX.

Amounts represent the full grant date fair value of RSUs and stock options granted to the named executive (5) officers. Generally, the full grant date fair value is the amount that the Company would expense in its financial statements over the award's vesting schedule. See notes (1) and (2) to the "2007 Summary Compensation Table" for further discussion regarding computation of these amounts.

Mr. Brooker was granted 5,000 and 20,000 unrestricted RSUs on April 5, 2007 and May 1, 2007, respectively, as (6) a consultant prior to commencement of his employment. Subsequent to his employment, he was granted 5,000 RSUs that vest ratably (1,250 shares) at the end of each quarter for his services as a director on the board of directors during the following twelve months from the date of grant in accordance with the Director Compensation Policy. See note (2) to the “2007 Director Compensation Table” for more information.

As a result of such modifications, these options were subject to the retirement eligibility provisions of SFAS 123R, which resulted in acceleration of expense recognition, as more fully described in note (8) to the “2007 Summary Compensation Table.” The incremental fair value, computed as of the modification date in accordance with SFAS 123R, with respect to the modified options is \$392,522, converted into US dollars based on the average exchange rate for 2007 of C\$1.00: US\$0.93565.

(8) Options vested on March 9, 2008.

Mr. Martin resigned as Vice President of Canadian and International Operations on July 9, 2007, effective July 31,
(9) 2007. As of Mr. Martin's resignation, all unvested stock options were terminated as of Mr. Martin's resignation and all vested options remained exercisable for 90 days after July 31, 2007.

(10) Mr. Zimmerman resigned as the President and Chief Executive Officer effective as of April 9, 2007. Pursuant to the Separation Agreement, as further described in note (8) to the "2007 Summary Compensation Table," the Company agreed to accelerate Mr. Zimmerman's outstanding unvested stock options and agreed to extend the expiration date of Mr. Zimmerman's options from 90 days after the effective date of Mr. Zimmerman's expiration of his term as a director as set forth in the original terms of the option award until the original expiration date of each of the options.

Option Exercises and Stock Vested In Year 2007

Name	Stock Awards	
	Number of Shares	
	Acquired on Vesting (1)	Value Realized On Vesting (1)
Joseph M. Brooker	27,500	\$28,312(2)
Paul Wiesner	20,000	\$21,200(3)
Keith J. Knapstad	20,000	\$22,600(4)
Donald R. Martin	—	—
J. Scott Zimmerman	5,000	\$5,000(5)

These amounts reflect the number of shares acquired and the aggregate dollar amount realized on the vesting of (1) RSUs for each of the named executive officers during the most recent year ended December 31, 2007. The value realized was computed by multiplying the number of RSUs by the market value of the Company's common shares underlying the RSUs on the TSX on the vesting date (or the next trading day as applicable). The value of the Company's common shares at vesting is based on the closing market price of our common shares and converted from Canadian dollars to U.S. dollars based on the exchange rate on the date of vesting.

As a consultant, Mr. Brooker acquired 5,000 shares with a market price of \$0.86 upon vesting of RSUs on April 5, (2) 2007 and 20,000 shares with a market price of \$1.11 upon vesting of RSUs on May 1, 2007. In addition, as a director, he acquired 1,250 common shares with a market price of \$0.74 upon vesting of RSUs on September 30, 2007, and 1,250 common shares with a market price of \$0.71 upon vesting of RSUs on December 31, 2007.

(3) Mr. Wiesner acquired 20,000 common shares with a market price of \$1.06 upon vesting of RSUs on July 17, 2007.

(4) Mr. Knapstad acquired 20,000 common shares with a market price of \$1.13 upon vesting of RSUs on July 5, 2007.

(5) Mr. Zimmerman acquired 3,750 common shares with a market price of \$0.95 upon vesting of RSUs on April 2, 2007, and 1,250 common shares with a market price of \$1.15 upon vesting of RSUs on June 21, 2007.

Potential Payments Upon Termination or Change in Control

Pursuant to our Amended and Restated Share Option Plan, upon a sale of the Company, all unvested options, other than those granted to consultants conducting activities intended to promote the merits or awareness of or the purchase or sale of the Company's securities, will be deemed fully vested.

If a sale of the Company were to have occurred on December 31, 2007, there would be no intrinsic value of options accelerated for any of our named executive officers because the closing market price of the Company's common shares on the TSX on December 31, 2007, is less than the exercise prices of the options granted to our named executive officers of the Company that are currently unvested that would have been accelerated upon a sale of the Company.

Pursuant to our Restricted Share Unit Plan, upon the occurrence of a change of control of the Company, all outstanding RSUs will automatically vest in full. As of December 31, 2007, 2,500 of the RSUs held by our Chief Executive Officer had not fully vested, and as a result, were such change in control to have occurred on December 31, 2007, the value of RSUs accelerated for our Chief Executive Officer would have been \$1,775.

On September 19, 2007, the board of directors, upon the recommendation of and approval by the Compensation Committee, adopted and approved a Change in Control Severance Pay Plan. For a description of this plan, see the discussion above under the heading “Compensation Discussion and Analysis—Potential Payments Upon Termination.”

Upon the occurrence of a change in control, the Company has agreed to pay to an employee, if the Company terminates such employee’s employment other than for cause, or if the employee terminates employment due to death or for good reason, during the change in control period, the following amounts: (i) the accrued obligations of the Company owing to the employee, including base salary owed to date, the employee’s annual bonus on a pro rata basis and any accrued vacation pay not already paid; and (ii) additional severance benefits to three tiers of employees as follows:

- Tier 1 Employees: Chief Executive Officer, President, Chief Operating Officer and Chief Financial Officer. An amount equal to two times the sum of the employee’s annual base salary and annual bonus. The severance period for a Tier 1 Employee is eighteen months.
- Tier 2 Employees: All employees that are not Tier 1 Employees and that have been employed by the Company or an affiliate for at least 12 consecutive months. An amount equal to one time the sum of the employee’s annual base salary and annual bonus. The severance period for a Tier 2 Employee is twelve months.
- Tier 3 Employees: All employees that are not Tier 1 Employees and that have NOT been employed by the Company or an affiliate for at least 12 consecutive months. An amount equal to the employee’s monthly compensation (one-twelfth of annual base salary) for each consecutive month period of service with the Company (rounded to the nearest month), up to a maximum severance benefit of eleven times the Employee’s monthly compensation and a minimum severance benefit of two times the employee’s monthly compensation.

Such severance benefits are contingent upon the completion of the change in control and may be offset against certain other amounts owing or offers made to the employee. If any employee is terminated for cause, such employee shall be entitled only to his or her annual base salary and other benefits through the date of termination. All equity compensation grants made to an employee by the Company and outstanding at the time of a change in control shall be accelerated and vest 100%.

Share Option Plan

The shareholders of the Company first adopted the Storm Cat Energy Corporation Share Option Plan at the Annual and Special Meeting held on June 23, 2005, for the benefit of directors, officers, employees, management employees and consultants of the Company. The shareholders of the Company approved certain amendments to the Share Option Plan at the Extraordinary General Meeting held on October 20, 2005. At the Annual and Special General Meeting held on June 27, 2006, the shareholders approved the Amended and Restated Share Option Plan, which was further amended upon approval of shareholders at the Annual General Meeting held on June 21, 2007. See Proposals 3 and 4 contained in the Company's proxy statement for the 2007 Annual General Meeting filed with the SEC April 30, 2007, and available on SEDAR at www.sedar.com, for a description of the principal features of the Amended and Restated Share Option Plan.

Restricted Share Unit Plan

On June 27, 2006, the shareholders of the Company approved our Restricted Share Unit Plan at the Annual and Special General Meeting, which was amended upon approval of shareholders at the Annual General Meeting held on June 21, 2007.

Under the Restricted Share Unit Plan, RSUs are granted to directors, officers, employees and consultants. The RSUs are “phantom” shares that rise and fall in value based on the value of the Company’s common shares and are redeemed for cash or actual common shares on the vesting dates determined by the board of directors when the RSUs are granted. See Proposal 5 contained in the Company’s proxy statement for the 2007 Annual General Meeting filed with the SEC April 30, 2007, and available on SEDAR at www.sedar.com, for a description of the principal features of the Restricted Share Unit Plan.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than ten percent of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of our common shares and other equity securities. Executive officers, directors and holders of greater than ten percent (10%) of our common shares are required by regulations of the SEC to furnish us with copies of all Section 16(a) reports they file.

To our knowledge, based solely upon a review of the copies of such reports furnished to us and written representations that no other reports were required to be filed during the year ended December 31, 2007, all filing requirements under Section 16(a) applicable to our officers, directors and ten percent shareholders were satisfied, other than the late reporting of (i) the vesting of RSUs on September 30, 2007, granted to our directors for board service; (ii) the grant of RSUs on September 19, 2007, to Mr. Wozniak; (iii) the grant of options and RSUs on June 21, 2007, to Mr. Brooker; and (iv) the grant of RSUs on April 2, 2007, to our directors for board service.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Person Transaction Policy

The board has adopted a policy for the review, approval or ratification of transactions involving the Company and “related persons” as defined under the relevant SEC rules. The policy covers any related person transaction that meets the minimum threshold for disclosure in the proxy statement under the relevant SEC rules (generally, transactions involving amounts exceeding \$120,000 in which a related person has a direct or indirect material interest). Our policy is as follows:

- Any proposed related person transaction must be reported to the Company’s Chief Executive Officer, Chief Financial Officer or General Counsel, which we refer to in this policy as authorized officers, and reviewed and approved by the Audit Committee, after full disclosure of the related person’s interest in the transaction, prior to effectiveness or consummation of the transaction, whenever practicable.
- If an authorized officer determines that advance approval of such transaction is not practicable under the circumstances, the Audit Committee shall review, after full disclosure of the related person’s interest in the transaction, and, in its discretion, may ratify the transaction at the next Audit Committee meeting or at its next meeting following the date that such transaction comes to the attention of such authorized officer.
- An authorized officer may present any such transaction arising in the time period between meetings of the Audit Committee to the Chair of the Audit Committee, who shall review and may approve such transaction, subject to ratification, after full disclosure of the related person’s interest in the transaction, by the Audit Committee at the next Audit Committee meeting.
- Transactions involving compensation of executive officers shall be reviewed and approved by the Compensation Committee, pursuant to the Compensation Committee charter.
- In review of a related person transaction, the Audit Committee will review all relevant information available to it, and the Audit Committee may approve or ratify such transaction only if the Audit Committee determines that, under all of the circumstances, the transaction is in, or is not inconsistent with, the best interests of the Company.
- The Audit Committee may, in its sole discretion, impose such conditions as it deems appropriate on the Company or the related person in connection with the approval of such transaction.

Related Party Transactions

The Company has entered into an agreement with Beatty & Wozniak, P.C., a law firm of which Mr. Wozniak is a partner, for a retainer and legal fees of a minimum of \$10,000 per month plus reasonable expenses. In the year ended December 31, 2007, the Company paid Beatty & Wozniak \$240,564 in legal fees and expenses.

Prior to his appointment as chief executive officer, Mr. Brooker acted as a consultant to the board of directors in March and April 2007. In exchange for these consulting services, the Company granted to Mr. Brooker 25,000 RSUs as consulting fees.

The Company closed its private offerings of Series A Convertible Subordinated Notes due March 31, 2012 and Series B Convertible Subordinated Notes due March 31, 2012, on January 30, 2007, and March 30, 2007, respectively. Trapeze Asset Management Inc. and Trapeze Capital Corp., two related entities that, together with a group including 1346049 Ontario Limited and Randall Abramson, beneficially own more than 5% of the Company’s common shares, participated in both the Company’s Series A Note and Series B Note offerings. The two entities purchased \$3,700,000 in Series A Convertible Subordinated Notes, convertible at a rate of \$1.17 per share into

3,162,394 common shares, and \$13,100,000 in Series B Convertible Subordinated Notes, convertible at a rate of \$1.17 per share into 11,196,581 common shares.

Both Series A Convertible Subordinated Notes and Series B Convertible Subordinated Notes accrue interest at a rate of 9.25% per annum, which the Company pays quarterly in arrears. The Notes are immediately convertible at a conversion price of \$1.17 per share. Our board of directors approved the transactions with Trapeze Asset Management Inc. and Trapeze Capital Corp.

Employment and Indemnification Agreements

We do not have employment agreements with any of our officers or employees. On December 8, 2005, the board of directors adopted a form of Indemnity Agreement to be used as a template for the Company's indemnity agreements with the directors and officers. Pursuant to the Indemnity Agreement, the Company will indemnify each director and officer against claims against such person in connection with the execution of his or her duties as a director or officer of the Company or by virtue of he or she holding any other position as a director or officer with any other entity at the Company's request; provided that a court does not find that such individual did not fail to act honestly and in good faith with a view to the best interest of the Company or any other entity with which such individual holds or held a position as a director or officer at the Company's request, in the case of a criminal proceeding or administrative proceeding enforced by a monetary penalty, such individual did not have reasonable grounds for believing that his or her conduct was unlawful, and in the case of any act, error or omission of such individual, he or she acted fraudulently or maliciously. As of the date of this proxy statement, the Company has entered into indemnity agreements with each of its directors and officers.

Our Audit Committee has unanimously selected Hein & Associates LLP to be our independent registered public accounting firm and auditors for the year ending December 31, 2008, and has further directed that management submit the selection of Hein & Associates LLP as our independent registered public accounting firm and auditors for the year ending December 31, 2008, for ratification and appointment by the shareholders at the Annual General Meeting. Hein & Associates LLP was first appointed auditors of the Company on September 6, 2005.

The Audit Committee's selection is being submitted to the shareholders for ratification and appointment at the Annual General Meeting. The persons designated in the enclosed proxy will vote your shares "FOR" ratification and appointment unless you include instruction in your signed proxy to the contrary. If the shareholders fail to ratify and appoint the selection of this firm, our Audit Committee will reconsider the matter.

Representatives of Hein & Associates are not expected to be present at the Annual General Meeting to answer questions from the shareholders. If representatives of Hein & Associates LLP are present at the Annual General Meeting and so desire, they will be given an opportunity to make a statement on behalf of Hein & Associates LLP.

The board of directors unanimously recommends a vote "FOR" ratification of the selection and appointment of Hein & Associates LLP as the Company's independent registered public accounting firm for the year ending December 31, 2008.
