PROXY STATEMENT

INTRODUCTION

The Board of Directors is soliciting proxies to be used at the 2003 Annual Meeting of Stockholders of Mace Security International, Inc. (Mace or the Company). Mace will begin mailing this proxy statement and the enclosed form of proxy to its stockholders on or about November 20, 2003.

The Board of Directors is soliciting your proxy to encourage you to vote on proposals at the Annual Meeting and to obtain your support for the proposals. You are invited to attend the Annual Meeting and vote your shares directly. If you do not attend, you may vote by proxy, which allows you to direct another person to vote your shares at the Annual Meeting on your behalf, using the accompanying proxy card. **Even if you plan to attend the Annual Meeting, it is a good idea to complete, sign and return the proxy card in case your plans change. You can always vote in person at the Annual Meeting, even if you have already returned the proxy card.**

About This Proxy Solicitation

This proxy solicitation has two parts: the proxy card and this proxy statement.

The Proxy Card The proxy card permits you to vote by proxy, whether or not you attend the Annual Meeting. When you sign the proxy card, you appoint certain individuals as your representatives at the Annual Meeting. They will vote your shares of Mace common stock at the Annual Meeting as you have instructed on the proxy card. If a proposal comes up for a vote that is not on the proxy card, they will vote your shares as they deem appropriate.

This Proxy Statement This proxy statement contains important information for you to consider when deciding how to vote on the proposals. Please read it carefully. It is divided into four sections following this Introduction:

Mace will pay for soliciting these proxies. In addition to use of the mails, Mace's directors, officers and employees may solicit proxies in person, by telephone, facsimile or by other means, in all cases without additional compensation. Mace will reimburse brokers, nominees, custodians and fiduciaries for their reasonable out-of-pocket expenses in forwarding proxy materials to the beneficial owners of Mace common stock.

About the Annual Meeting

When And Where Mace will hold the Annual Meeting on December 19, 2003, at 10:00 AM, Eastern Time, at Mace Security International, Inc. Corporate Headquarters, 1000 Crawford Place, Suite 400, Mt. Laurel, New Jersey 08054.

Quorum Requirement Mace's bylaws require that a majority of outstanding shares of Mace common stock must be represented at the Annual Meeting, whether in person or by proxy, constituting a quorum in order to transact business. Abstentions and broker non-votes will be counted in determining whether or not there is a quorum at the Annual Meeting.

The Proposals Stockholders will vote on the following proposals at the Annual Meeting:

amendment of the Mace Amended and Restated Certificate of Incorporation to implement staggered director terms;

election of five directors;

amendment of the Mace Amended and Restated Certificate of Incorporation to decrease the authorized shares of Common Stock and Preferred Stock;

amendment of the Mace Amended and Restated Certificate of Incorporation to require notice of stockholder proposals; and

ratification of the Board's appointment of Grant Thornton, LLP as Mace's independent auditors for fiscal year 2003.

Other Matters There were no stockholder proposals submitted for the Annual Meeting. Neither Mace nor its Board intend to bring any other matters before the Annual Meeting. The Board has no present knowledge that any other matters will be presented by others for action at the Annual Meeting. However, stockholders will be able to vote on any other matters that properly come before the Annual Meeting.

Presence of Independent Auditors Representatives of Grant Thornton LLP, Mace's independent auditors, are expected to be present at the Annual Meeting. They will have the opportunity to make a statement at the Annual Meeting, if they choose, and they are expected to be available to respond to stockholder questions.

The Stockholders As of the record date of November 12, 2003, there were _____ shares of Mace common stock issued and outstanding. On December 17, 2002, Mace effected a one-for-two reverse stock split. All stock prices, share amounts, per share information, stock options and stock warrants set forth in this Proxy Statement have been restated to reflect the reverse split, unless otherwise noted. Only stockholders of

A complete list of stockholders entitled to vote at the Annual Meeting will be available for inspection by any stockholder for any purpose relating to the Annual Meeting for ten days prior to the meeting during ordinary business hours at Mace's headquarters located at 1000 Crawford Place, Suite 400, Mt. Laurel, New Jersey 08054.

Table of Contents

Voting at the Annual Meeting

You are entitled to one vote for each share of Mace common stock that you owned of record at the close of business on November 12, 2003. The presence, in person or by proxy, of the holders of a majority of shares of common stock issued and outstanding and entitled to vote at the Annual Meeting is necessary to constitute a quorum. Abstentions are counted as shares present at the meeting for purposes of determining whether a quorum exists. Abstentions have the effect of a vote against any matter to which they are specified. Proxies submitted by brokers that do not indicate a vote for some or all of the proposals because they do not have discretionary voting authority and have not received instructions as to how to vote on those proposals (so-called broker non-votes) are considered shares present at the meeting for purposes of determining whether a quorum exists. Broker non-votes will not affect the outcome of the vote on any matter unless the matter requires the affirmative vote of a majority of the outstanding shares and in such case will have the effect of a vote against that matter.

The five nominees for director receiving the highest number of affirmative votes shall be elected as directors. Stockholders do not have the right to cumulate their votes in the election of directors. The other proposals require the approval of a majority of all shares of Mace common stock entitled to vote for such proposal that are represented at the Annual Meeting in person or by proxy.

How To Vote Your Shares

You may vote in one of two ways:

return your completed, signed and dated proxy card before the Annual Meeting; or

cast a written ballot in person at the Annual Meeting (you will need a legal proxy from your stockbroker if you hold your shares in street name).

Voting By Proxy The proxy card has simple instructions. By returning a completed proxy card before the Annual Meeting, you will direct the appointed persons (known as proxies) to vote your shares at the Annual Meeting in accordance with your instructions. Gregory M. Krzemien and Ronald R. Pirollo will serve as your proxies for the Annual Meeting. If you complete all of the proxy card except for the voting instructions, then the proxies will vote your shares **for** the election of the nominated directors, **for** the ratification of Grant Thornton LLP as Mace's independent auditors, and **for** the approval of the amendments to the Amended and Restated Certificate of Incorporation. If any nominee for election to the Board is unable to serve, which is not anticipated, then the designated proxies will vote your shares **for** any substitute nominee chosen by the Board. If any other matters properly come before the Annual Meeting, then the designated proxies will vote your shares *in their discretion* on such matters.

How To Revoke Your Proxy You may revoke your proxy at any time before it is exercised at the Annual Meeting by any of the following means:

notifying Mace's Secretary in writing (notice to be sent to Mace's executive offices, the address for which is located on the first page of this proxy statement);

Edgar Filing: MACE SECURITY INTERNATIONAL INC - Form PRE 14A

submitting another proxy card with a later date; or

attending the Annual Meeting and voting by written ballot (mere attendance at the Annual Meeting will not by itself revoke your proxy).

Table of Contents

THE PROPOSALS

Proposal 1. Amendment of the Amended and Restated Certificate of Incorporation

Approval and adoption of an amendment to Mace's Amended and Restated Certificate of Incorporation to implement a staggered board of directors, divided into three classes. If this proposal is approved the directors elected at the 2003 Annual Meeting will be divided into three Classes with Class I being elected for one year, Class II being elected for two years and Class III being elected for three years. At elections after the 2003 Annual Meeting, each Class when standing for election would be elected for a three-year term.

The Board of Directors has unanimously approved and is proposing for stockholder approval an amendment to Mace's Amended and Restated Certificate of Incorporation. The amendment would add an Article Seventh. The text of Article Seventh is set forth in the Second Restated Certificate of Incorporation of Mace Security International, Inc. which is attached as Appendix A to this Proxy Statement. Article Seventh (a) adopts a staggered board of directors, divided into three classes and serving three-year terms with only one class of directors to be elected at each annual meeting of the stockholders, (b) provides for the filling of any vacancies or new positions on the Board of Directors by a majority of the remaining directors, (c) provides procedures that stockholders must follow in order to nominate directors; and (d) provides that the amendment, repeal or adoption of any provision inconsistent with the new Article Seventh may only occur on the affirmative vote of at least two-thirds (2/3) of the outstanding shares of the common stock.

The directors have approved an amendment of Article 3.01 of the Company's bylaws to be effective upon the approval of Proposal 1. Article 3.01 of the bylaws currently provides for directors to have a one-year term. The amendment of Article 3.01 of the bylaws would provide that each director would have a three-year term, except for directors elected at this 2003 Annual Meeting. The directors elected at this 2003 Annual Meeting would have a one-year term for Class I directors, a two-year term for Class II directors, and a three-year term for Class III directors.

Under existing provisions of the Company's Amended and Restated Certificate of Incorporation and bylaws, directors of the Company are elected annually for terms of one year. The bylaws currently provide that the number of directors shall be established by the Board by resolution, which number may be increased or decreased by Board resolution, and that vacancies on the Board of Directors may be filled by a majority of the directors then in office.

Section 3.03 of the Company's bylaws provide that any director may be removed at any time by the unanimous vote of all other directors or as provided in the Company's Certificate of Incorporation. The Company's current Amended and Restated Certificate of Incorporation and the Second Restated Certificate of Incorporation do not contain a provision regarding the removal of directors. Where there is no classified board of directors, Delaware law provides that shareholders may remove directors with or without cause by a majority vote. Where there is a classified board of directors, Delaware law provides that shareholders may remove directors only for cause, unless the Certificate of Incorporation otherwise provides. The Second Restated Certificate of Incorporation does not have a provision allowing removal of directors other than for cause. The approval of Proposal 1 would eliminate the right of stockholders to remove directors without cause. If Proposal 1 is approved, the Board of Directors, under Section 3.03 of the Company's bylaws would be able to remove a director without cause. Removing a director where cause is required is more difficult, unless cause is readily apparent.

Classified Board and Removal of Directors

Edgar Filing: MACE SECURITY INTERNATIONAL INC - Form PRE 14A

Article Seventh, Paragraph (a) will divide the directors into three approximately equal classes. The directors of each class will serve three-year terms and the term of one class will expire each year.

Table of Contents

To implement the classified board, Article Seventh, Paragraph (a) provides that Class I, Class II and Class III directors to be elected at the 2003 Annual Meeting will have terms of one year, two years and three years, respectively. See Proposal 2, Election of Directors, below. If Proposal 1 is adopted, Class I directors elected at the 2003 Annual Meeting will hold office until the 2004 annual meeting; Class II directors elected at the 2003 Annual Meeting will hold office until the 2005 annual meeting; and Class III directors elected at the 2003 Annual Meeting would hold office until the 2006 annual meeting; and, in each case, until their successors are duly elected and qualified or until earlier death, resignation or removal. At each annual meeting commencing with the 2004 annual meeting, directors elected to succeed those in the class whose terms then expire will be elected for three-year terms so that the terms of one class of directors will expire each year. Thus, after 2003, shareholders will elect only one class of the directors at each annual meeting. Each director will serve until a successor is elected and qualified or until earlier death, resignation or removal. Delaware law provides that the certificate of incorporation of a corporation may provide that the directors be divided into one, two or three classes, the terms of office of the directors initially classified to be as follows: the first class to expire at the annual meeting of shareholders next ensuing, the second class one year thereafter and the third class two years thereafter. The number of directors to be elected at the 2003 Annual Meeting is five. The Board of Directors presently has no plans, arrangements, commitments or understandings with respect to increasing or decreasing the size of the Board or any class of directors.

For information regarding the nominees for election to the Board of Directors at the 2003 Annual Meeting and the class of directors in which each director will initially serve, if Proposal 1 is adopted, see Proposal 2 Election of Directors.

Where there is a classified board of directors, Delaware law provides that shareholders may remove directors only for cause, unless the Certificate of Incorporation otherwise provides. The Second Restated Certificate of Incorporation does not have a provision allowing the removal of directors without cause. The approval of Proposal 1 would have the effect of allowing stockholders to remove directors only for cause.

Advantages of a Classified Board and Removal only for Cause. The Board of Directors believes that dividing the directors into three classes is advantageous to the Company and its stockholders because by providing that directors will serve three-year terms rather than one-year terms, the likelihood of continuity and stability in the policies formulated by the Board will be enhanced. While management has not experienced any problems with continuity in the past, it wishes to ensure that this experience will continue and believes that the staggered election of directors will promote continuity because only one class of the directors will be subject to election each year.

The amendment would significantly extend the time required to make any change in control of the Board and will tend to discourage any hostile takeover bid for the Company. Presently, a change in control of the Board can be made by the holders of a majority of the Company's shares of common stock at a single annual meeting. Under the proposed amendment, it will take at least two annual meetings for such stockholders to make a change in control of the Board, since only a minority of the directors will be elected at each meeting. Staggered terms would guarantee that approximately two-thirds of the directors, or more, at any one time have at least one year's experience as directors of the Company.

One method for a takeover bidder to obtain control is to acquire a majority of the outstanding shares of a company through a tender offer or open market purchases and then using its voting power to remove the existing directors. Requiring cause in order to remove a director would defeat this strategy. Potential takeover bidders will therefore be more likely to negotiate with the existing Board regarding a change of control. The Board believes that the adoption of Article Seventh would properly condition a director's continued service upon his ability to serve rather than his position relative to a dominant stockholder.

Disadvantages of a Classified Board and Removal only for Cause. The Amendment will make it more difficult for stockholders to change the composition of the Board even if stockholders believe such a change would be desirable. Also, because of the additional time required to change control of the Board, the Amendment will tend to perpetuate incumbent management. Since the Amendment will increase the amount of time required for a takeover bidder to obtain control of the Company without the cooperation of the Board, even if the takeover bidder were to

Edgar Filing: MACE SECURITY INTERNATIONAL INC - Form PRE 14A

acquire a majority of the Company's outstanding stock, it will tend to discourage certain tender offers, perhaps including some tender offers which stockholders might feel would be in their best interests. As a result, stockholders may be deprived

Table of Contents

of opportunities to sell some or all of their shares in a tender offer. Tender offers for control usually involve a purchase price higher than the current market price and may involve a bidding contest between competing takeover bidders. The Amendment could also discourage open market purchases by a potential takeover bidder. Such purchases could temporarily increase the market price of the Company's stock, enabling stockholders to sell their shares at a price higher than that which would otherwise prevail. In addition, the Amendment could decrease the market price of the Company's common stock by making the stock less attractive to persons who invest in securities in anticipation of an increase in price if a takeover attempt develops.

Preventing stockholders from removing directors without cause will make the removal of any director more difficult, even if such removal is believed by the stockholders to be in their best interests. If the amendment with respect to classification of the Board is approved, stockholders will not have the ability to remove a director at will. If stockholders could remove directors without cause, directors might be less responsive to stockholders.

The proposed Article Seventh has the effect of permitting removal of directors only for cause. While what constitutes cause has not been conclusively established by the Delaware courts, actions such as embezzlement, disclosure of trade secrets, or other violations of fiduciary duty have been found to constitute cause for removal. Courts have indicated that the desire to take over management of a company or the failure to cooperate in management's plans for a company do not constitute cause for removal.

Stockholders seeking to remove a director for cause could be forced to initiate a lawsuit to clarify the exact meaning of cause, which could be costly and time-consuming. Stockholders should recognize that the Amendment will make more difficult the removal of a director in circumstances which do not constitute a takeover attempt and where, in the opinion of the holders of a majority of the Company's outstanding shares, cause for such removal may exist. Moreover, the proposed Amendment may have the effect of delaying an ultimate change in existing management which might be desired by a majority of the stockholders.

Filling Vacancies

The proposed Article Seventh, Paragraph (b) provides that vacancies on the Board may be filled solely by the affirmative vote of a majority of the remaining directors then in office, although less than a quorum. Persons so elected to fill a vacancy on the Board would hold office for the remainder of the full term of the class of directors in which the new directorship was created or the vacancy occurred and until such director's successor shall have been elected and qualified. Any decrease in the number of directors constituting the Board of Directors shall not shorten the term of any incumbent director.

Advantages of Provision Concerning Filling Vacancies. Currently, Article 3.02 of the bylaws permits the directors to fill vacancies on the Board of Directors. Directors being empowered to fill vacancies is a deterrent to the strategy of removing existing directors and replacing them with persons chosen by the takeover bidder. The amendment is consistent with, and supportive of, the concept of a classified board in that it tends to moderate the pace of change in the Board of Directors. The Board believes that the amendment will help ensure that the elected directors will serve out their terms. The provision is intended to provide stability within the management and organization of the Company by vesting the power to fill vacant positions solely in the elected representatives of the stockholders. It will prevent a third party seeking majority representation on the Board from obtaining such representation simply by enlarging the Board and then filling the new directorships with its own nominees.

The proposed Amendment is in accordance with the General Corporation Law of the State of Delaware which provides that vacancies and newly created directorships resulting from any increase in the authorized number of directors may be filled by a majority of the directors then in office,

although less than a quorum, unless the Certificate of Incorporation or bylaws provide otherwise.

Disadvantages to Provision Concerning Filling Vacancies. The proposed Amendment eliminates any stockholder power to fill vacancies or newly created positions on the Board of Directors. The proposed Amendment would render more difficult, and may discourage, an attempt to acquire control of the Company without the approval of the Company's management. By allowing the Board to fill vacancies, the proposed Amendment may have the effect of delaying an ultimate change in existing management which might be desired by a majority of the stockholders.

Table of Contents

Notice Requirement for Nominations of Directors by Stockholders

The Proposed Article Seventh, Paragraph (c), provides that, subject to any existing rights of holders of Preferred Stock then outstanding, only persons who are nominated in accordance with the procedures specified in Article Seventh, Paragraph (c) are eligible for election as directors. Such nominations may be made at a meeting of the stockholders by, or at the direction of, the Board of Directors by any nominating committee or person appointed by the Board or by any stockholder of the Company entitled to vote for the election of directors at the meeting, provided such stockholder has complied with the notice procedures. Written notice of a stockholder nomination must be made to the Secretary of the Company not less than 60 days prior to the scheduled meeting, regardless of any postponements, deferrals or adjournments of that meeting to a later date. If, however, less than 70 days' notice or prior public disclosure of the date of the scheduled meeting is given or made, notice by the stockholder, to be timely, must be so delivered or received not later than the close of business on the tenth day following the earlier of the day on which such notice of the date of the scheduled annual meeting was mailed or the day on which such public disclosure was made. This notice must set forth the name, age, business address and residence address of the person being nominated, that person's principal occupation or employment, the class and number of shares of capital stock of the Company which are beneficially owned by that person and any other information required to be disclosed under the rules of the United States Securities and Exchange Commission. The notice must also include the name and the address of the stockholder presenting the nomination and the class and number of shares of the Company's stock which are beneficially owned by that person on the date of the stockholder notice. Other relevant information may also be requested by the Company. The validity of the notice will be determined by the presiding officer at the annual meeting.

Advantages of a Notice Requirement for Nominations of Directors by Stockholders. Without this Amendment, a stockholder could nominate any person for election as a director, without prior notice to the Board or other stockholders, at any meeting called for the purpose of electing directors. The advance notice requirement, by preventing stockholder nominations from the floor at an annual meeting of stockholders, affords the Board a meaningful opportunity to consider the qualifications of the proposed nominees and, to the extent it deems it necessary or desirable, to inform stockholders about such qualifications. This provision, it is believed, will further the objective of the Board to identify candidates who have the character, education, training, experience and proven accomplishments that give promise of significant contribution to the responsible and profitable conduct of the Company's business. The Board believes that it is advantageous to be able to consider in advance the qualification of any proposed nominee, as opposed to being confronted with a surprise nomination at or shortly before a meeting of stockholders.

Disadvantages to a Notice Requirement for Nominations of Directors by Stockholders. Although the Amendment does not give the Board any power to approve or disapprove stockholder nominations for directors, it will preclude stockholder nominations if proper procedures are not followed. Although the Board does not believe that the proposed amendment will have a significant impact on any attempt by a third party to obtain control of the Company, it is possible that it may discourage or deter a third party from conducting a solicitation of proxies to elect its own slate of directors, or otherwise attempting to obtain control of the Company or effect a change in management, without regard to whether this would be beneficial to the Company and its stockholders.

Requirement of a Two-thirds ($\frac{2}{3}$) Shareholder Vote to Amend or Repeal Article Seventh

Proposed Article Seventh, Paragraph (d) requires that in order to amend, repeal or adopt any provision inconsistent with Article Seventh the affirmative vote of at least two-thirds ($\frac{2}{3}$) of the outstanding shares of common stock of the Company shall be required.

Advantages of Provision Concerning Requirement of Two-thirds ($\frac{2}{3}$) Vote. Under the General Corporation Law of the State of Delaware, amendments to the Certificate of Incorporation require the approval of the holders of a majority of the outstanding stock entitled to vote thereon, but the law also permits a corporation to include provisions in its Certificate of Incorporation which require a greater vote than the vote otherwise required by law for any corporate action. With respect to such supermajority provisions, the Delaware law requires that any alteration, amendment or repeal thereof be approved by an equally large stockholder vote.

Table of Contents

Disadvantages to Provision Concerning Requirement of Two-thirds (²/₃) Vote. The requirement of an increased stockholder vote is designed to prevent a person holding or controlling a majority, but less than two-thirds (²/₃), of the shares of the Company from avoiding the requirements of the proposed amendments by simply repealing them.

Existing Anti-Takeover Devices

The current Amended and Restated Certificate of Incorporation authorizes the issuance of up to 10,000,000 shares of preferred stock, par value \$0.01 per share (the *Preferred Stock*). If Proposal 3 is approved the authorized Preferred Stock will be reduced to 5,000,000 shares. Preferred Stock can be issued by the Board in one or more series, none of which has been reserved or issued. The Board of Directors is authorized, without any further action by the stockholders, to determine the powers, preferences, and any other rights, and the qualifications, limitations and restrictions of any series and the designation of the Preferred Stock. Pursuant to the authority granted by this provision, the Board of Directors may designate a series of preferred stock in connection with adopting a stockholders' rights plan commonly known as a "poison pill." Stockholders' rights plans are designed to encourage potential acquirers to negotiate with a company's board of directors to preserve for stockholders the value of a company in the event of a takeover attempt, particularly if the common stock of the company is trading at prices substantially less than the company's long-term value. Rights plans reduce the likelihood that a potential acquirer who is unwilling to pay a market premium that a company's board of directors determines is sufficient will attempt to acquire stock by means of an open market accumulation, front-end loaded tender offer or other coercive or unfair takeover tactics.

The Board of Directors has not adopted a stockholders' rights plan. If the Board does approve and adopt a rights plan, it would discourage unsolicited takeover bids from third parties or efforts to remove incumbent management, or make these actions more difficult to accomplish. A rights plan would have an even greater anti-takeover effect assuming that the Amendment set forth in Proposal 1 is approved. Together with the creation of a staggered board of directors, a rights plan would ensure that in the case of an unsolicited takeover offer, the Company and its stockholders would be protected from takeover attempts, or the acquisition of a substantial block of equity on terms which may be less favorable to its stockholders generally than would be available in transactions negotiated with and approved by the Board of Directors.

Provisions Under Delaware Law. Section 203 of the Delaware General Corporation Law, which is applicable to the Company, may be deemed to have certain anti-takeover effects by prescribing certain voting requirements in instances in which there is a transaction between a publicly held Delaware corporation and an "interested stockholder" (defined generally as a person owning 15% or more of a corporation's outstanding voting stock) during the three-year period following the time such person became an interested stockholder.

In addition, although Section 214 of the Delaware General Corporation Law provides that a corporation's certificate of incorporation may provide for cumulative voting for directors, Mace's Amended and Restated Certificate of Incorporation does not provide for cumulative voting. As a result, the holders of a majority of the votes of the outstanding shares of Mace's common stock have the ability to elect all of the directors being elected at any annual meeting of stockholders.

Except for the filing of the Amendment to the Amended and Restated Certificate of Incorporation and the adoption of the amendment to the bylaws, both as discussed above, the Board of Directors has no current intention to otherwise adopt any other anti-takeover measures, although the Board of Directors may determine to adopt one or more of such measures at a later date. If the amendments to our Amended and Restated Certificate of Incorporation are not approved, the term of office of our directors will not change and the current provisions of our Amended and Restated Certificate of Incorporation and bylaws will continue to govern.

Effect of Article Seventh

The adoption of Article Seventh would make more difficult or discourage a proxy contest or the assumption of control by a holder of a substantial block of the Company's common stock or a change in control of the Board and could thus have the effect of entrenching incumbent management. At the same time, Article Seventh would serve to ensure that the Board and management, if confronted by a surprise proposal from a third party who has acquired a block of the

Table of Contents

Company's common stock, will have sufficient time to review the proposal and appropriate alternatives to the proposal and to attempt to negotiate a better transaction, if possible, for the stockholders.

The Article Seventh Amendments are being presented to stockholders for their adoption as a single proposal. As discussed above, the Board of Directors believes that Article Seventh, taken together, would, if adopted, effectively reduce the possibility that a third party could effect a sudden or surprise change in majority control of the Company's Board of Directors without the support of the incumbent Board. Adoption of the amendments may have significant effects on the ability of stockholders of the Company to change the composition of the incumbent Board of Directors and to benefit from certain transactions which are opposed by the incumbent Board.

The accumulation of substantial stock positions in public companies by third parties is often a prelude to proposing a takeover or a restructuring or sale of all or part of a company or other similar extraordinary corporate action. Such actions are often undertaken by the third party without advance notice to or consultation with management or the directors of such a company. In many cases, the purchaser seeks representation on the company's board of directors in order to increase the likelihood that its proposal will be implemented by the company. If the company resists the efforts of the purchaser to obtain representation on the company's board, the purchaser may commence a proxy contest to have its nominees elected to the board in place of certain directors, or to obtain control by electing its nominees to a majority of the directorships.

The Board of Directors of the Company believes that if such a purchaser were to purchase a significant or controlling interest in the Company, its ability to remove the Company's directors and obtain control of the Board and thereby to remove the Company's management would severely curtail the Company's ability to negotiate effectively with such purchaser. The threat of obtaining control of the Board would deprive the Board of the time and information necessary to evaluate the proposal, to study alternative proposals and to help ensure that the best price is obtained in any transaction involving the Company which may ultimately be undertaken.

The proposed amendments are intended to encourage persons seeking to acquire control of the Company to initiate such an acquisition through arms-length negotiations with the Company's management and Board of Directors. Article Seventh, if adopted, could also have the effect of discouraging a third party from making a tender offer or otherwise attempting to obtain control of the Company, even though such an attempt might be beneficial to the Company and its stockholders. In addition, since the amendments may discourage accumulations of large blocks of the Company's stock, adoption of the amendments could tend to reduce the temporary fluctuations in the market price of the Company's common stock which are caused by such accumulations. Accordingly, stockholders could be deprived of certain opportunities to sell their shares at a temporarily higher market price. Article Seventh would also make it more difficult for the Company's stockholders to replace the Board or management even if a majority of the stockholders believe such replacement to be in the best interests of the Company. As a result, the amendments, if adopted, would tend to perpetuate the incumbent Board and management.

The Board of Directors of the Company is asking stockholders to consider and adopt Article Seventh in order to discourage the types of transactions described above, which involve an actual or threatened change of control of the Company. The proposed amendments are designed to make it more difficult and time-consuming to change majority control of the Board and thus to reduce the vulnerability of the Company to an unsolicited takeover proposal, particularly a proposal that does not contemplate the acquisition of all of the Company's outstanding shares, or an unsolicited proposal for the restructuring or sale of all or part of the Company. The Board believes that adoption by stockholders of Article Seventh will serve to encourage any person intending to attempt such a takeover or restructuring to first try to negotiate with the Board and management of the Company and that the Board and management will therefore be better able to protect the interest of all stockholders.

Article Seventh is contained in the Second Restated Certificate of Incorporation which is set forth in Appendix A to this proxy statement. If approved by the stockholders of Mace, the Second Restated Certificate of Incorporation will become effective upon its filing with the Secretary of State of the State of Delaware on or about December 19, 2003.

Proposal 3. Amendment of the Amended and Restated Certificate of Incorporation

Approval and adoption of an amendment to Mace's Amended and Restated Certificate of Incorporation to decrease the number of authorized shares of Common Stock from 100,000,000 to 35,000,000 and decrease the number of authorized shares of Preferred Stock from 10,000,000 to 5,000,000.

The Board of Directors has unanimously approved and is proposing for stockholder approval an amendment to Mace's Amended and Restated Certificate of Incorporation to decrease the number of authorized shares of Common Stock from 100,000,000 to 35,000,000 and decrease the number of authorized shares of Preferred Stock from 10,000,000 to 5,000,000.

Table of Contents

The Board of Directors is in favor of Proposal 3 for the following reasons:

The Board of Directors does not foresee a need in the near term to issue numbers of shares approaching the amounts that are currently authorized and unissued; and

Reducing the number of authorized shares will significantly reduce the amount of the franchise tax payable by Mace to the state in which it is incorporated.

The approval and adoption of the amendment set forth in the first sentence of Article Fourth in the Second Restated Certificate of Incorporation will not affect in any way the validity of currently outstanding stock certificates and will not require you to surrender or exchange any stock certificates that you currently hold. The rights of the Company's stockholders will not be affected by the decrease in the number of authorized shares of Common Stock and Preferred Stock.

The decrease in the authorized stock is set forth in the first sentence of Article Fourth of the Second Restated Certificate of Incorporation, attached as Appendix A to this proxy statement. If approved by the stockholders of Mace, the change to the first sentence of Article Fourth contained in the Second Restated Certificate of Incorporation will become effective upon its filing with the Secretary of State of the State of Delaware on or about December 19, 2003.

The Board of Directors recommends that you vote FOR Proposal 3.

Proposal 4. Amendment of the Amended and Restated Certificate of Incorporation

Approval and adoption of an amendment to Mace's Amended and Restated Certificate of Incorporation to provide for a notice requirement that stockholders must satisfy in order to present a proposal for consideration at an annual meeting of stockholders.

The Board of Directors recommends that the Company's Amended and Restated Certificate of Incorporation be amended to add an Article Eighth, which provides that the only business that may be conducted at any annual meeting of the stockholders is business that has been brought before the annual meeting by, or at the direction of, the majority of the directors or by any stockholder of the Company who provides timely notice of the proposal in writing to the Secretary of the Company. To be timely, a stockholder's notice must be delivered to, or mailed to and received at, the principal executive offices of the Company not less than 60 days prior to the scheduled annual meeting, regardless of any postponements, deferrals or adjournments of that meeting to a later date. If, however, less than 70 days' notice or prior public disclosure of the date of the scheduled meeting is given or made, notice by the stockholder, to be timely, must be so delivered or received not later than the close of business on the tenth day following the earlier of the day on which such notice of the date of scheduled annual meeting was mailed or the day on which such public disclosure was made. The stockholder's notice to the Secretary must set forth in writing each matter the stockholder proposes to bring before the annual meeting including: a brief description thereof and the reasons for conducting such business at the annual meeting; the names and addresses, as they appear on the corporate books, of stockholders supporting such proposal; the class and number of shares of the Company's stock which are beneficially owned by the supporting stockholders on the date of the presenting stockholder's notice; and any financial interest of the presenting stockholder in such proposal. The determination as to whether the notice provisions have been met will be made by the presiding officer at the annual meeting. This provision applies only to new business and not to other reports of officers, directors, or committees of the Board of Directors.

Edgar Filing: MACE SECURITY INTERNATIONAL INC - Form PRE 14A

At the present time neither the Amended and Restated Certificate of Incorporation nor the bylaws of the Company specify what business may be conducted at an annual meeting. Therefore, any business may be conducted that is specified in the notice of annual meeting or that is properly brought before the meeting. A determination as to whether business (other than as specified in the notice of meeting) is properly before a meeting would generally be made by the Chairman of the meeting at the time any such business was presented.

Table of Contents

Advantages of Provision Concerning Notice Requirements for Shareholder Proposals. The proposed amendment provides an orderly procedure for the notification of the Board of Directors of business which is to be presented at stockholders' meetings. This will enable the Board of Directors to plan such meetings and also, to the extent it deems it necessary or desirable, to inform the stockholders, prior to the meeting, of any new business that will be presented at the meeting. The Board will also be able to make a recommendation or statement of its position so as to enable stockholders to better determine whether they desire to attend the meeting or grant a proxy to the Company as to the disposition of any such business. The proposed amendment does not give the Board any power to approve or disapprove the business that stockholders desire to be conducted at the meeting, but it does provide for a more orderly procedure for conducting the meeting.

Disadvantages to Provision Concerning Notice Requirements for Shareholder Proposals. The proposed Amendment may limit to some degree the ability of stockholders to initiate discussion at a stockholders' meeting. It will also preclude the conducting of business at a particular meeting if the proper notice procedures have not been followed. Nothing in the proposed amendment precludes discussion by any stockholder of any business properly brought before the annual meeting.

The provision requiring notice for stockholder proposals is set forth in Article Eighth of the Second Restated Certificate of Incorporation, attached as Appendix A of this proxy statement. If approved by the shareholders of Mace, Article Eighth will become effective upon its filing with the Secretary of State of the State of Delaware on or about December 19, 2003.

The Board of Directors recommends that you vote FOR Proposal 4.

Proposal 5. Ratification of the Board's appointment of Independent Auditors

Ratification of the Board's appointment of Grant Thornton LLP as Mace's independent auditors for fiscal year 2003.

The Audit Committee of the Board of Directors selects the independent public accountants to audit Mace's books of account and other corporate records. The Audit Committee's selection of Grant Thornton LLP to audit Mace's books of account and other corporate records for 2003, which has been approved by the Board of Directors, is being submitted to you for ratification.

About Prior Audits

The rules and regulations of the Securities and Exchange Commission require Mace to make the following disclosures to you:

The reports of Grant Thornton LLP on Mace's consolidated financial statements for the fiscal years ended December 31, 2002, 2001 and 2000, did not contain any adverse opinion or disclaimer of opinion, or modification or qualification as to uncertainty, audit scope or accounting principles. In connection with its audits for each of the last three fiscal years, there have been no disagreements between Mace and Grant Thornton LLP on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Grant Thornton LLP, would have caused them to refer to any such disagreements in their report on Mace's consolidated financial statements for such years.

Equity Compensation Plan Information

Stock options are issued periodically to employees at an exercise price of no less than the then current market price of the common stock and generally expire ten years from the date of grant. Allocation of available options and vesting schedules are at the discretion of the Compensation Committee and are determined by potential contribution to, or impact upon, the overall performance of the Company by the executives and employees. Stock options are also issued periodically to members of the Board of Directors. These options may have similar terms as those issued to officers or may vest immediately. The purpose of the Stock Option Plan, which has been approved by the stockholders of the Company, is to provide a means of performance-based compensation in order to provide incentive for the Company's employees. Warrants have been issued in connection with the purchase and sale of certain businesses and to a director. The terms of the warrants have been established by the Board of Directors of the Company. Certain of the warrants have been approved by stockholders.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities and Exchange Act requires Mace's directors and executive officers, as well as persons beneficially owning more than 10% of Mace's outstanding shares of common stock and certain other holders of such shares (collectively, Covered Persons), to file with the Securities and Exchange Commission and the NASDAQ Stock Market (the NASDAQ), within specified time periods, initial reports of ownership, and subsequent reports of changes in ownership, of common stock and other equity securities of Mace.

Based upon Mace's review of copies of such reports furnished to it and upon representations of Covered Persons that no other reports were required, to Mace's knowledge, all of the Section 16(a) filings required to be made by the Covered Persons with respect to 2002 were made on a timely basis.

Paolino, Muir or Papadakis was an executive officer or director.

Compensation Committee Report on Executive Compensation

Throughout fiscal 2002, the Compensation Committee of the Company's Board of Directors consisted of directors Louis D. Paolino, Jr., Richard B. Muir and Constantine N. Papadakis, Ph.D.

The following report of the Compensation Committee is required by the rules of the Securities and Exchange Commission to be included in this Proxy Statement and addresses the Company's executive compensation policies for the fiscal year ended December 31, 2002. This report shall not be deemed incorporated by reference into any filing under the Securities Act of 1933, as amended (the Securities Act), or the Securities

Exchange Act of 1934, as amended (the Exchange Act), by virtue of any general statement in such filing incorporating this proxy statement by reference, except to the extent that the Company specifically incorporates the information contained in this section by reference, and shall not otherwise be deemed filed under either the Securities Act or the Exchange Act.

General. The Company's compensation policies for executives are intended to further the interests of the Company and its stockholders by encouraging growth of its business through securing, retaining, and motivating management employees of high caliber who possess the skills necessary to the development and growth of the Company.

The Company's current compensation package consists of two major components: base compensation and stock options. Together these elements comprise total compensation value. The total compensation paid to the Company's executive officers is influenced significantly by the need (i) to attract management employees with a high level of expertise, and (ii) to motivate and retain key executives for the long-term success of the Company and its stockholders.

Table of Contents

The fiscal year ended December 31, 2002, was a challenging year for the Company. In 2002, Mace focused its management efforts on maximizing operating profits in an economy which had suffered a downturn. Management efforts were also focused on developing the Company's security electronics surveillance business. Additionally, the financing and re-financing of the Company's long-term debt demanded significant time and attention. The Compensation Committee considered these numerous factors and the Company's financial results in formulating its executive compensation policies and practices for fiscal 2002. The Committee also considered the Deloitte & Touche study of compensation levels dated November 28, 2000 for each executive position when determining compensation. After considering all factors, annual salary increases of \$19,250, \$14,000 and \$7,000 were given to Mr. Kramer, Mr. Krzemien and Mr. Pirollo, respectively, in April of 2002.

Base Compensation. The Committee established annual base salary levels for its executives based on competitive data, level of experience, position, responsibility, and individual and Company performance. The Company has sought to maintain total cash compensation levels for executives, other than the Chief Executive Officer, below the median in the range of survey data, which included companies providing consumer services on a national basis. The Committee has used comparative data provided by Deloitte & Touche.

Stock Options. The Company grants stock options to its executive management under its employee stock option plans. Option grants are intended to offer significant returns if the Company is successful and, therefore, create significant incentives to devote the effort called for in order to implement the Company's strategic plan. The Compensation Committee believes that executives' interests are directly tied to enhanced stockholder value. Thus, stock options are used to provide the executive management team with a strong incentive to perform in a manner that should result in the long-term success of the Company.

Performance Bonuses and Stock Options. The Company maintains the option to supplement base compensation with awards of performance bonuses in the form of cash and stock options to reward efforts undertaken by its key executive officers which are extraordinary in nature.

Chief Executive Officer Compensation. Mr. Paolino, in his capacity as Chairman of the Board, Chief Executive Officer, and President, participates in the same compensation programs as the other executive officers. The Committee did not increase Mr. Paolino's compensation from his contracted-for compensation. The Committee believes that Mr. Paolino's compensation is competitive with the amount paid by companies in similar industries and competitive situations, as supported by a competitive compensation analysis conducted by Deloitte & Touche and the Compensation Committee's review of Mr. Paolino's salary in the context of (i) the Company's performance and growth, and (ii) compensation packages of chief executive officers at comparable companies.

ADDITIONAL INFORMATION

Certain Relationships and Related Party Transactions

Effective August 1, 2000, Mace entered into a five-year lease with Bluepointe, Inc., a corporation controlled by Louis D. Paolino, Jr., Mace's Chairman, Chief Executive Officer and President, for Mace's executive offices in Mt. Laurel, New Jersey. The lease terms were subject to a survey of local real estate market pricing and approval by the Company's Audit Committee and provide for an initial monthly rental payment of \$15,962, which increases by 5% per year in the third through fifth years of the lease. Mace believes that the terms of this lease (based on an annual rate of \$19.00 per square foot) are competitive when compared to similar facilities in the Mt. Laurel, New Jersey area. Mace has also entered into a three-year furniture lease/purchase agreement with Bluepointe, Inc., dated January 1, 2001, which provided for an initial payment of \$20,000 and monthly rental payments thereafter of \$4,513, for the use of the furnishings in Mace's executive offices. The rental rates were based upon a third-party valuation of the furnishings, and Mace believes that the terms of the furniture lease are competitive with similar leasing arrangements available in the local area. These arrangements were approved by the Audit Committee.

The Company purchased charter airline services from Air Eastern, Inc., and LP Learjets, LLC, charter airline companies owned by Louis D. Paolino, Jr., the Company's Chairman, Chief Executive Officer and President. The Company incurred approximately \$5,000 in 2003 and \$29,000 in 2002 for such services. On November 6, 2001, the Audit Committee approved an arrangement subject to quarterly review under which the Company prepaid LP Learjets, LLC \$5,109 per month for the right to use a Learjet 31A for 100 hours per year. Additionally, when the Learjet 31A is used, the Company pays to third parties unaffiliated with Louis D. Paolino, Jr., the direct costs of the Learjet's per-hour use, which include fuel, pilot fees, engine insurance and landing fees. As of July 2002, the Company is no longer prepaying LP Learjets, LLC for the future right to use the Learjet 31A.

In February 2000, the Company entered into a Management Agreement with Mark Sport, Inc. (Mark Sport), a Vermont corporation controlled by Jon E. Goodrich, a director of the Company. The Management Agreement entitled Mark Sport to operate the Company's Security Products Segment and receive all profits or losses for a seven-month term beginning January 1, 2000 in exchange for certain payments to the Company. The Management Agreement was extended several times through amendments. A February 21, 2002 amendment extended the term of the Management Agreement through April 30, 2002, and reconciled the amount owed by Mark Sport to the Company under the Management Agreement from February 2000 through December 31, 2001. Mark Sport and the Company agreed in the amendment that Mark Sport, as of December 31, 2001, owed the Company \$127,000, resulting in a resolution of certain disputes and a reduction of the amounts owed by Mark Sport of approximately \$92,000. The Management Agreement expired on April 30, 2002 and was further amended on July 22, 2002 to reconcile the amount owed by Mark Sport to Mace under the Management Agreement for the period January 1, 2002 through April 30, 2002. Mark Sport and Mace agreed in their final amendment that Mark Sport owed the Company \$100,000 for this period, resulting in a resolution of certain disputes and a reduction of the amounts recorded by the Company as owed by Mark Sport of approximately \$39,000. At September 30, 2003, Mark Sport owed the Company \$127,000. These agreements were approved by the Audit Committee.

The Company's Consumer Products Division leases manufacturing and office space under a five-year lease with Vermont Mill, Inc. (Vermont Mill), which provides for monthly lease payments of \$9,167 through November 2004. Vermont Mill is controlled by Jon E. Goodrich, a director of the Company. The Company believes that the lease rate is lower than lease rates charged for similar properties in the Bennington, Vermont area. On July 22, 2002, the lease was further amended and approved by the Audit Committee to provide Mace the option and right to cancel the lease with proper notice and a payment equal to six months of the then current rent for the leased space occupied by Mace.

Vermont Mill borrowed a total of \$228,671 from the Company through December 31, 2001. On February 22, 2002, Vermont Mill executed a three-year promissory note with monthly installments of \$7,061 including interest at a rate of 7%. The Company's Lease Agreement with Vermont Mill was approved by the Audit Committee and provides for a right of offset of lease payments against this promissory note in the

event monthly payments are not made by Vermont Mill. At September 30, 2003, the balance owed on this promissory note was \$121,000.

Table of Contents

From January 1, 2003 through September 30, 2003, the Company's Electronic Surveillance Products Division sold approximately \$60,000 of electronic security equipment to DSS, Inc. Louis Paolino, III, the son of the Company's CEO, Louis D. Paolino, Jr., is a one-third owner of DSS, Inc. The pricing extended to DSS, Inc. is no more favorable than the pricing given to third-party customers who purchase in similar volume. Additionally, DSS, Inc. was hired by the Company to install security cameras in several of the Company's car washes at an installation fee of \$6,800. At September 30, 2003, DSS, Inc. owed the Company approximately \$50,000.

Deadline For Stockholder Proposals

June 15, 2004, is the deadline for stockholders to submit proposals pursuant to Rule 14a-8 of the Exchange Act for inclusion in Mace's Proxy Statement for Mace's 2004 Annual Meeting of Stockholders. If Proposal 4 is adopted with respect to the stockholder meeting notice provisions a notice of a stockholder proposal submitted outside of the processes of Rule 14a-8 of the Exchange Act is considered untimely after July 16, 2004. If a stockholder gives notice of a proposal after this deadline, the proxies will be allowed to use their discretionary authority to vote against such matter when and if raised at the 2004 meeting. However, if less than 70 days' notice or prior public disclosure of the date of the 2004 Annual Meeting is given, to be timely, a stockholder notice must be delivered not later than the 10th day following the earlier of the day on which the notice of the annual meeting date was mailed or the day on which the public disclosure was made.

Mace's Annual Report

A copy of Mace's 2002 Annual Report to Stockholders (including its Annual Report on Form 10-K, with financial statements and schedules, but excluding exhibits) accompanies this Proxy Statement, but it is not to be regarded as proxy solicitation material. **Upon request and with the payment of a reasonable fee, Mace will furnish to record and beneficial holders of its common stock copies of exhibits to the Form 10-K. Any director elected in accordance with the preceding sentence shall hold office for the remainder of the full term of the class of directors in which the new directorship was created or the vacancy occurred and until such director's successor shall have been elected and qualified. (c) Nominations of Directors. Subject to the rights, if any, of the holders of shares of Preferred Stock then outstanding only persons who are nominated in accordance with the following procedures shall be eligible for election as directors. Nominations of persons for election to the Board of Directors of the Company may be made at a meeting of stockholders by or at the direction of the Board of Directors by any nominating committee or person appointed by the Board or by any stockholder of the Company entitled to vote for the election of directors at the meeting who complies with the notice procedures set forth in this Article Seventh. Such nominations, other than those made by or at the direction of the Board, shall be made pursuant to timely notice in writing to the Secretary of the Company. To be timely, a stockholder's notice must be delivered to, or mailed and received at, the principal executive offices of the Company not less than 60 days prior to the scheduled annual meeting, regardless of any postponements, deferrals or adjournments of that meeting to a later date; provided, however, that if less than 70 days' notice or prior public disclosure of the date of the scheduled annual meeting is given or made, notice by the stockholder, to be timely, must be so delivered or received not later than the close of business on the tenth day following the earlier of the day on which such notice of the date of the scheduled annual meeting was mailed or the day on which such public disclosure was made. The presiding officer of the annual meeting shall determine and declare at the annual meeting whether the nomination was made in accordance with the terms of this Article Seventh. If the presiding officer determines that a nomination was not made in accordance with the terms of this Article Seventh, Paragraph c, he or she shall so declare at the annual meeting and any such defective nomination shall be disregarded.

MACE SECURITY INTERNATIONAL, INC.

AMENDED AUDIT COMMITTEE CHARTER DATED AUGUST 11, 2003

I. Purpose

The purpose of the Audit Committee (the "Committee") is to provide assistance to the Board of Directors (the "Board") of Mace Security International, Inc. (the "Company"), in fulfilling the Board's oversight responsibilities regarding the Company's accounting and system of internal controls and the quality and integrity of the Company's independent auditors. In so doing, the Committee should endeavor to maintain free and open means of communication between the members of the Committee, the other members of the Board, the independent auditors and the management of the Company.

In the exercise of its oversight, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements fairly present the Company's financial position and results of operations in accordance with generally accepted accounting principles. Instead, such duties remain under the oversight of management and the independent auditors.

II. Membership

The Committee shall be composed of three or more members of the Board. The members shall be appointed by action of the Board and shall serve at the discretion of the Board. Each Committee member shall be financially literate as determined by the Board in its business judgement and shall satisfy the independence requirements of the NASDAQ National Market. At least one member of the Committee shall have accounting or related financial management expertise, as determined by the Board in its business judgement.

III. Committee Organization and Procedures

- A. The members of the Committee shall appoint a Chair of the Committee by majority vote. The Chair (or in his or her absence, a member designated by the Chair) shall preside at all meetings of the Committee.
- B. The Committee shall have the authority to establish its own rules and procedures consistent with the bylaws of the Company for notice and conduct of its meetings, should the Committee, in its discretion, deem it desirable to do so.
- C. The Committee may, in its discretion, include in its meetings members of the Company's financial management, representatives of the independent auditors, and other financial personnel employed or retained by the Company. The Committee may meet with the independent auditors in separate executive sessions to discuss any matters that the Committee believes should be addressed privately, without management's presence. The Committee may likewise meet privately with management, as it deems appropriate.
- D. The Committee may, at its discretion, utilize the services of the Company's regular corporate legal counsel with respect to legal matters or, at its discretion, retain outside legal counsel if it determines that such counsel is necessary or appropriate under the

circumstances.

Table of Contents

IV. Key Functions

The Committee and the Board recognize that the Company's management is responsible for preparing the Company's financial statements and that the independent auditors are responsible for auditing those financial statements. Additionally, the Committee and the Board recognize that financial management, including the internal accounting staff, as well as the independent auditors, has more time and knowledge and more detailed information concerning the Company than do Committee members; consequently, in carrying out its responsibilities, the Committee is not providing any expert or special assurance as to the Company's financial statements or any professional certificate as to the independent auditors' work. It is not the duty of the Committee to plan or conduct audits or to determine whether the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles.

The following functions shall be the common recurring activities of the Committee in carrying out its responsibilities. These functions are set forth as a guide with the understanding that the Committee may diverge from this guide as it considers appropriate given the circumstances.

A. Oversight Responsibilities

(i) The independent auditors shall be ultimately accountable to the Committee and the Board in connection with the audit of the Company's annual financial statements and related services. In this regard, the Committee shall select and periodically evaluate the performance of the auditors and, if necessary, recommend that the Board replace the independent auditors. As appropriate, the Committee shall recommend to the Board the nomination of the independent auditors for stockholder approval at any meeting of stockholders.

(ii) The Committee and the corporate chief financial officer shall approve the fees to be paid to the independent auditors and any other terms of the engagement of the independent auditors. The Chair (or in his or her absence, a member designated by the Chair) may represent the entire Committee for purposes of this discussion.

(iii) The Committee shall receive from the independent auditors, at least annually, a written statement delineating all relationships between the independent auditors and the Company, consistent with Independence Standards Board Standard No. 1. The Committee shall actively engage in a dialogue with the independent auditors with respect to any disclosed relationships or services that, in the view of the Committee, may affect the objectivity and independence of the independent auditors. If the Committee determines that further inquiry is advisable, the Committee shall recommend that the Board take any appropriate action in response to the independent auditors' independence.

B. Annual Audit

(i) The Committee shall meet with the independent auditors, chief financial officer and other management personnel in connection with each annual audit to discuss the scope of the audit and the procedures to be followed. The Chair (or in his or her absence, a member designated by the Chair) may represent the entire Committee for purposes of this discussion.

Table of Contents

(ii) The Committee shall review¹ and discuss the audited financial statements with the management of the Company.

(iii) The Committee shall discuss with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 as then in effect including, among others: (1) the methods used to account for any significant unusual transaction reflected in the audited financial statements; (2) the effect of significant accounting policies in any controversial or emergent areas for which there is a lack of authoritative guidance or a consensus to be followed by the independent auditors; (3) the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of those estimates; and (4) any disagreements with management over the application of accounting principles, the basis for management's accounting estimates, or the disclosures in the financial statements.

(iv) The Committee shall, based on the review and discussion in paragraph B(iii) above, and based on the disclosures received from the independent auditors regarding its independence and discussions with the auditors regarding such independence, conclude whether the audited financial statements should be included in the Company's Annual Report on Form 10-K for the fiscal year subject to the audit.

C. Quarterly Review

(i) The independent auditors are required to review the interim financial statements to be included in Form 10-Q of the Company using professional standards and procedures for conducting such reviews, as established by generally accepted auditing standards as modified or supplemented by the Securities and Exchange Commission, prior to the filing of the Form 10-Q. The Committee, in its discretion, may discuss with management and the independent auditors in person, at a meeting, or by conference telephone call, the results of the quarterly review including such matters as significant adjustments, management judgements, accounting estimates, significant new accounting policies and disagreements with management. The Chair (or in his or her absence, a member designated by the Chair) may represent the entire Committee for purposes of this discussion.

(ii) The Committee shall review the Company's quarterly and annual financial statements with the Company's Chief Financial Officer before they are released publicly. The review of annual financial statements shall be conducted prior to publication.

D. Internal Controls

(i) The Committee shall discuss with the independent auditors, at least annually, the adequacy and effectiveness of the accounting and financial controls of the Company, and consider any recommendations for improvement of such internal control procedures.

(ii) The Committee shall discuss with the independent auditors and with management any letter of recommendation provided by the independent auditors and any other significant matters brought to the attention of the Committee by the independent auditors as a result of its annual audit. The Committee should allow management adequate time to consider any such matters raised by the independent auditors.

¹ Auditing Literature, particularly, Statement on Auditing Standards No. 71, defines the term "review" to include a particular set of required procedures to be undertaken by independent accountants. The members of the Audit Committee are not independent accountants, and the term "review" as used in this Amended Audit Committee Charter is not intended to have this meaning. Consistent with footnote 47 of the SEC Release No. 34-42266, any use in this Amended Audit Committee Charter of the term "review" should not be interpreted to suggest that the Committee members can or should follow the procedures required of auditors performing review of interim financial statements.

Table of Contents

E. Other Responsibilities

(i) The Committee shall review and reassess the Committee's Charter at least annually and submit any recommended changes to the Board for its consideration.

(ii) The Committee shall provide the report for inclusion in the Company's Annual Proxy Statement required by Item 306 of Regulation S-K of the Securities and Exchange Commission.

(iii) The Committee, through its Chair, shall report periodically, as deemed necessary or desirable by the Committee, but at least annually, to the full Board regarding the Committee's actions and recommendations, if any.

(iv) The Committee may institute investigations of suspected improprieties on any material matter selected by the Committee and is authorized to engage on behalf of the Company special counsel, independent auditors or outside experts when necessary.

(v) The Committee shall annually disclose amounts received by Audit Committee members from the Company and its affiliates and any other transactions with the Company or its affiliates to which they are a party, other than amounts received for service as a Director or Board Committee member. Such disclosure shall be noted in the minutes of the appropriate Committee meeting.

(vi) The Committee shall annually review all existing related party transactions or other conflicts of interest that exist between employees/directors and the Company. The Committee shall review all proposed related party transactions. The Company shall not enter into any related party transactions unless first approved of by the Committee. The Committee may also make recommendations to the full Board of Directors on actions to be taken that relate to any proposed or existing related party transactions.

F. Minutes

Minutes of each meeting will be compiled by the Company's Corporate Secretary who shall act as Secretary to the Committee, who is also a member of the Company's internal legal staff, or in the absence of the Corporate Secretary, by an Assistant Corporate Secretary of the Company, or any other person designated by the Committee.
