On February 26, 2013, Quadrant 4 Systems Corporation (the "Company") completed the acquisition of assets being sold by three separate technology companies. The Company acquired assets from BlazerFish LLC, a private company; Teledata Technology Solutions, Inc., a private company, and Momentum Mobility, a private company. Pending audits of the financial information from the sellers, the acquired assets are represented to have generated approximately \$25,000,000 in gross revenue during the past calendar year (2012) and the Company estimates that the financial results will be a positive value on earnings before interest, taxes, depreciation and amortization (EBITDA) although the extent of income has not yet been determined. The Company intends to separately report the financial details in a subsequent Current Report under Form 8-K upon completion of audits and compilation of relevant data.

The total cost of the three acquisitions will be paid over the next 36 months and is approximately \$12,200,000 comprised of the following: \$1,200,000 paid at closing; \$4,000,000 in seller financing consisting of both short-term and long-term notes; an additional \$3,000,000 in earn-out payments to the sellers, contingent on achieving certain milestones and other performance criteria, assumption of trade and other liabilities up to \$1,700,000 and the issuance of 7,000,000 new shares of restricted common stock based on an agreed value of \$.33 per share. Additionally, the Company will issue 3,000,000 new shares of restricted common stock based on an agreed value of \$.33 per share for \$1,000,000 to fund the cash component to close the transaction.

As previously reported, Company is continuing to reorganize its business activities into market-segment subsidiaries with its focus on Social Media, Mobility, Analytics and Cloud-based technologies and solutions ("SMAC" solutions). With acquisition of these new assets that include several proprietary technology platforms, client contracts and employee base, Quadrant 4 Systems Corporation will continue to offer highly differentiated SMAC solutions aimed at Healthcare, Retail/logistics and Financial Services vertical industries.
