Noncash transactions:

The Company executed a \$2,000,000 intermediate term note in October 2003, which resulted in the reclassification of \$1,125,000 from current maturities of long-term debt and \$875,000 from borrowings under lines of credit to long-term debt on the September 30, 2003 balance sheet as the Company met the requirements for making the reclassification.

RGC RESOURCES, INC. AND SUBSIDIARIES

CONDENSED NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS UNAUDITED

1. In the opinion of management, the accompanying unaudited condensed consolidated financial statements contain all adjustments necessary to present fairly RGC Resources, Inc.'s financial position as of December 31, 2003 and the results of its operations and its cash flows for the three months ended December 31, 2003 and 2002. Because of seasonal and other factors, the results of operations for the three months ended December 31, 2003 are not indicative of the results to be expected for the fiscal year ending September 30, 2004. Quarterly earnings are affected by the highly seasonal nature of the business as variations in weather conditions generally result in greater earnings during the winter months.
2. The condensed consolidated financial statements and condensed notes are presented as permitted by Form 10-Q and do not contain certain information included in the Company's annual consolidated financial statements and notes thereto. The condensed consolidated financial statements and condensed notes should be read in conjunction with the financial statements and notes contained in the Company's Form 10-K.
3. On October 1, 2003, Bluefield Gas Company executed a \$2,000,000 unsecured 26 month note to refinance a portion of its maturing long-term debt and a portion of its outstanding line-of-credit balance. The note has a variable interest rate based on 30-day LIBOR plus 113 basis point spread. The note maturity was structured to correspond with maturity periods of other debt instruments of RGC Resources, Inc. to allow for a more comprehensive debt offering in the future. Because the Company had both the intent and ability to execute the note at the end of its fiscal year, the Company reclassified the \$2,000,000 from current maturities of long-term debt and lines-of-credit to long-term debt on its September 30, 2003 Balance Sheet.
4. The Company's risk management policy allows management to enter into derivatives for the purpose of managing commodity and financial market risks of its business operations. The Company's risk management policy specifically prohibits the use of derivatives for speculative purposes. The key market risks that RGC Resources, Inc. would seek to hedge include the price of natural gas and propane gas and the cost of borrowed funds.

The Company has historically entered into futures, swaps and caps for the purpose of hedging the price of propane in order to provide price stability during the winter months. During 2003, the Company had entered into propane price cap arrangements due to the uncertainty of energy prices during the current heating season. The price caps provide protection against increasing prices and allow the Company to benefit from reductions in energy prices. The price caps qualify as cash flow hedges; therefore, changes in the fair value are reported in other comprehensive income. No portion of the hedges were ineffective during the three months ended December 31, 2003 and 2002.

In addition, the Company has historically entered into futures, swaps and caps for the purpose of hedging the price of natural gas in order to provide price stability during the winter months. During 2003, the Company had entered into both price caps and swap

arrangements for the purchase of natural gas. The fair value of these instruments is recorded in the balance sheet with the offsetting entry to over-recovery or under-recovery of gas costs. Net income and other comprehensive income are not affected by the change in market value as any cost incurred or benefit received from these instruments is recoverable or refunded through the regulated natural gas purchased gas adjustment (PGA) mechanism. Both the Virginia State Corporation Commission (SCC) and the West Virginia Public Service Commission (PSC) currently allow for full recovery of prudent costs associated with natural gas purchases, and any additional costs or benefits associated with the settlement of these instruments will be passed through to customers when realized.

The Company also entered into an interest rate swap related to the \$8,000,000 note issued in November 2002. The swap essentially converted the three-year floating rate note into fixed rate debt with a 4.18 percent interest rate. The swap qualifies as a cash flow hedge with changes in fair value reported in other comprehensive income.

A summary of the derivative activity is provided below:

- Basic earnings per common share are based on the weighted average number of shares outstanding during each period. The weighted average number of shares outstanding for the three-month period ended December 31, 2003 was 2,010,247 compared to 1,967,635 for the same period last year. The weighted average number of shares outstanding assuming dilution was 2,021,897 for the three-month period ended December 31, 2003 compared to 1,968,735 for the same period last year. The difference between the weighted average number of shares for the calculation of basic and diluted earnings per share relates to the dilutive effect associated with the assumed issuance of stock options as calculated using the Treasury Stock method.

7. The Company has a Key Employee Stock Option Plan (the "Plan"), which is intended to provide the Company's executive officers with long-term (ten-year) incentives and rewards tied to the price of the Company's common stock. The Company applies the recognition and measurement principles of APB Opinion No. 25, *Accounting for Stock Issued to Employees*, and related Interpretations in accounting for this Plan. No stock-based employee compensation expense is reflected in net income as all options granted under the Plan had an exercise price equal to the market value of the underlying common stock on the date of the grant. The following table illustrates the effect on net income and earnings per share if the Company had applied the fair value recognition provisions of FASB Statement No. 123, *Accounting for Stock-Based Compensation*, to the options granted under the Plan.

9. Both Roanoke Gas Company and Bluefield Gas Company, subsidiaries of RGC Resources, Inc., operated manufactured gas plants (MGPs) as a source of fuel for lighting and heating until the early 1950 s. A by-product of operating MGPs was coal tar, and the potential exists for on-site tar waste contaminants at the former plant sites. The extent of contaminants at these sites, if any, is unknown at this time. An analysis at the Bluefield Gas Company site indicates some soil contamination. The Company, with concurrence of legal counsel, does not believe any events have occurred requiring regulatory reporting. Further, the Company has not received any notices of violation or liabilities associated with environmental regulations related to the MGP sites and is not aware of any off-site contamination or pollution as a result of prior operations. Therefore, the Company has no plans for subsurface remediation at the MGP sites. Should the Company eventually be required to remediate either site, the Company will pursue all prudent and reasonable means to recover any related costs, including insurance claims and regulatory approval for rate case recognition of expenses associated with any work required. A stipulated rate case agreement between the Company and the West Virginia Public Service Commission recognized the Company s right to defer MGP clean-up costs, should any be incurred, and to seek rate relief for such costs. If the Company eventually incurs costs associated with a required clean-up of either MGP site, the Company anticipates recording a regulatory asset for such clean-up costs to be recovered in future rates. Based on anticipated regulatory actions and current practices, management believes that any costs incurred related to this matter will not have a material effect on the Company s financial condition or results of operations.
10. The Company adopted SFAS No. 143, *Accounting for Asset Retirement Obligations*, on October 1, 2002. SFAS No. 143 requires the reporting at fair value of a legal obligation associated with the retirement of tangible long-lived assets that result from acquisition,

RGC RESOURCES, INC. AND SUBSIDIARIES

construction or development. Management has determined that the Company has no material legal obligations for the retirement of its assets. However, the Company provides a provision, as part of its depreciation expense, for the ultimate cost of asset retirements and removal. Removal costs are not a legal obligation as defined by SFAS No. 143 but rather the result of cost-based regulation and therefore accounted for under the provisions of SFAS No. 71, *Accounting for the Effects of Certain Types of Regulation*. Upon adoption of SFAS No. 143, the Company classified removal costs that do not have an associated legal retirement obligation as a regulatory liability, in accordance with regulatory treatment.

In accordance with guidance that became available subsequent to the Company's filing of its Quarterly Report on Form 10-Q on February 13, 2004, the Company has reclassified the estimated costs of removal of utility plant previously recognized in accumulated depreciation as a separate liability for the periods ended December 31, 2003 and September 30, 2003. As a result of the adoption of SFAS No. 143, these liabilities are reported as regulatory liabilities.

The following table shows how consolidated utility plant, net and deferred credits and other liabilities on the balance sheet have been revised.

	December 31, 2003	September 30, 2003
Utility plant, net - as reported	\$ 60,017,296	\$ 59,790,899
Utility plant, net reclassification	5,706,666	5,449,702
Utility plant, net - as revised	<u>\$ 65,723,962</u>	<u>\$ 65,240,601</u>

Total deferred credits and other Liabilities - as revised	<u>\$ 11,549,070</u>	<u>\$ 11,174,031</u>

The Company also adopted SFAS No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*, on October 1, 2002. The adoption of the standard had no material impact on the Company's financial position or results of operations.

RGC RESOURCES, INC. AND SUBSIDIARIES

ITEM 2- MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

General

RGC Resources, Inc. is an energy services company primarily engaged in the regulated sale and distribution of natural gas to approximately 59,300 residential, commercial and industrial customers in Roanoke, Virginia and Bluefield, Virginia and West Virginia and the surrounding areas through its Roanoke Gas Company and Bluefield Gas Company subsidiaries. Natural gas service is provided at rates and for the terms and conditions set forth by the State Corporation Commission (SCC) in Virginia and the Public Service Commission (PSC) in West Virginia.

RGC Resources, Inc. also provides unregulated energy products through Diversified Energy Company, which operates as Highland Propane Company and Highland Energy Company. Highland Propane sells and distributes propane to approximately 18,500 customers in western Virginia and southern West Virginia. Highland Energy brokers natural gas to several industrial transportation customers of Roanoke Gas Company and Bluefield Gas Company. Propane sales have become a more significant portion of the consolidated operation with an annual growth rate that far exceeds the growth in natural gas customers.

RGC Resources, Inc. also provides information system services to software providers in the utility industry through RGC Ventures, Inc. of Virginia, which operates as Application Resources.

Management views warm winter weather; energy conservation, fuel switching and bad debts due to high energy prices; and competition from alternative fuels each as factors that could have a significant impact on the Company's earnings.

For the quarter ended December 31, 2003, rising energy prices continued to be a primary concern for management as higher prices could result in customer retention issues, higher customer account delinquencies and reduced usage through conservation and fuel switching. In addition, the warmer weather has led to reduced deliveries of both natural gas and propane as compared to the same period last year.

Results of Operations

Consolidated net income for the three-month period ended December 31, 2003 was \$1,599,403 compared to \$1,538,137 for the same period last year.

Total operating revenues for the three months ended December 31, 2003 increased by \$5,844,645, or 21 percent, compared to the same period last year, primarily due to increasing gas costs and implementation of base rate increases. The average cost of natural gas and propane increased by 35 percent and 24 percent, respectively. Sales volumes declined for both the natural gas and propane activity with total regulated natural gas deliveries decreasing by more than 3 percent, while propane deliveries declined by nearly 9 percent. The total number of heating-degree days (an industry measure by which the average daily temperature falls below 65

degrees Fahrenheit) declined by 11 percent from the same period last year. Energy marketing volumes, on the other hand, increased by 27 percent due in part to the recovering economy and to the return of a few customers who had purchased natural gas from other sources. Other revenues increased by 5 percent due to a higher level of service billing work.

	Quarter Ended 12/31/03	Quarter Ended 12/31/02	Increase/ (Decrease)	Percentage
Operating Revenues				
Gas Utilities	25,232,488	21,093,267	4,139,221	20%
Propane Operations	4,367,615	4,449,776	(82,161)	-2%
Energy Marketing	4,493,413	2,716,562	1,776,851	65%
Other	207,256	196,522	10,734	5%
Total Operating Revenues	34,300,772	28,456,127	5,844,645	21%

Total operating margin increased by \$91,776, or 1 percent, for the quarter ended December 31, 2003 over the same period last year. Regulated natural gas margins increased by \$438,221, or 7 percent, even though total delivered volume (tariff and transporting) decreased by 126,025 dekatherms, or 3 percent. Tariff sales, primarily consisting of residential and commercial usage, declined 8 percent due to the 11 percent decline in heating degree-days from the same period last year. Transporting volumes, which correlate more with economic conditions rather than weather, provided a strong increase of 14 percent, reflecting improvement in the economy and increased industrial production. The Company was able to realize an increase in the regulated natural gas margins due to a non gas cost rate increase effective October 16, 2003 for Roanoke Gas Company and the implementation of a new billing rate structure in April 2003 which allowed Roanoke Gas Company to recover the specific costs associated with financing its investment in gas inventory and prepaid gas service. Both Roanoke Gas Company and Bluefield Gas Company placed increased rates into effect during the quarter ended December 31, 2003. Roanoke Gas Company's rates were placed into effect subject to refund pending a final order from the Virginia SCC. Bluefield Gas Company's rates were placed into effect in accordance with a final rate order issued by the West Virginia PSC. As a result of the rate increases, the Company realized approximately \$196,000 in additional customer base charges, which is a flat monthly fee billed to each natural gas customer, and approximately \$270,000 associated with increase in the volumetric price of natural gas. More information regarding the rate increase may be found under the Regulatory Affairs section below.

Furthermore, prior to April 2003, billing rates for Roanoke Gas Company customers included a component to recover the financing costs of natural gas inventory and prepaid gas service based upon historical inventory levels and historical interest rates and the allowed rate of return on equity. Therefore, when costs increased, the Company had to absorb the higher financing costs without rate relief. The new rate structure provides for a different recovery mechanism, which

RGC RESOURCES, INC. AND SUBSIDIARIES

ITEM 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

also results in different timing of revenue recognition. The Company is able to recover higher financing costs related to increased inventory and prepaid gas balances arising from higher gas costs; conversely, the Company will pass along savings to customers if financing costs decrease due to lower inventory and prepaid gas balances resulting from reductions in gas costs. The new rate structure resulted in the recognition of additional revenue related to the recovery of these financing costs during fiscal 2003. Under the new rate structure, the revenue associated with the calculated carrying cost is accrued based upon gas inventory and prepaid gas levels, primarily during the summer and fall as gas is being injected into storage. Under the previous rate structure, the majority of the revenue was recorded in winter and early spring when customers were billed for higher levels of gas consumption. As a result of the new rate structure, the Company recorded approximately \$170,000 in additional revenues and margin related to the carrying costs during the current quarter. Of the \$170,000, approximately \$61,000 was associated with recovery of financing costs on higher cost inventory and prepaid gas balances, while the remaining balance represents a timing issue on revenue recognition. Consequently, for comparative purposes, revenues will be lower in the second quarter of fiscal 2004 when inventory levels and the related carrying cost accruals are lower. If the impact of any weather differential between periods is ignored, management anticipates most of the reduction in revenues in the second quarter will be offset by the rate increase implemented in October 2003.

	Quarter Ended 12/31/03	Quarter Ended 12/31/02	Increase/ (Decrease)	Percentage
Operating Margin				
Gas Utilities	6,599,995	6,161,774	438,221	7%
Propane Operations	1,982,596	2,345,253	(362,657)	-15%
Energy Marketing	56,426	72,931	(16,505)	-23%
Other	118,556	85,839	32,717	38%
Total Operating Margin	8,757,573	8,665,797	91,776	1%

Propane margins decreased by \$362,657, or 15 percent, on a 287,223, or 9 percent, gallon decline in deliveries from the same period last year. The decrease in volumes is attributable to the warmer weather. In addition to the margin impact from weather, propane operations realized only a \$9,702 derivative gain for the quarter ended December 31, 2003 compared to a realized derivative gain of \$120,839 for the same period last year. Rapidly increasing propane prices and competition also contributed to the decline in margin due to price resistance from customers. The energy marketing division margin decreased by \$16,505 even though total sales volume increased by 157,252 dekatherms, or 27 percent. The increase in sales volumes was associated with improving economic conditions and the return of a few customers from other marketers. The decline in margin was expected as the current unit margins for the energy marketing operations reflect current and long-term market expectations due to higher energy prices and

competition. Other margins increased by \$32,717, or 38 percent, due to increased level of billable service work.

The table below reflects volume activity and heating degree-days.

Operations expenses increased by \$20,947, or less than one percent, for the three-month period ended December 31, 2003 compared to the same period last year. Increase in bad debt expense of \$39,263, due to higher revenues, and increase in corporate insurance premiums of \$39,000 were nearly offset by modest declines in operations labor and certain other expenses. Maintenance expenses were comparable to the same period last year, decreasing by \$6,835, or 2 percent. The Company's primary maintenance focus during the quarter was pipeline maintenance and leak repair.

General taxes increased \$11,387, or 2 percent, for the three-month period ended December 31, 2003 compared to the same period last year primarily due to increased business and occupation (B&O) taxes, a revenue sensitive tax, related to higher revenues in the West Virginia natural gas operations.

Interest charges decreased by \$9,610, or nearly 2 percent, even though the Company's average total debt position during the current quarter increased by 12 percent over the same period last year. The increase in average total debt for the quarter was attributable to capital expenditures and the funding of higher accounts receivable balances and prepaid gas service related to higher energy prices. The overall average interest rate on total debt decreased from 5.09 percent to 4.48 percent. The decline in the overall average interest rate was attributed to the 22 percent decline

RGC RESOURCES, INC. AND SUBSIDIARIES

ITEM 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

in the Company's average short-term line-of-credit rates as a result of the Federal Reserve's continuing reductions in interest rates and lower interest rates on the variable rate portion of the Company's long-term debt.

Income tax expense increased by \$20,822, which corresponds to the increase in pre-tax income for the quarter.

The three-month earnings presented herein should not be considered as reflective of the Company's consolidated financial results for the fiscal year ending September 30, 2004. The total revenues and margins realized during the first three months reflect higher billings due to the weather sensitive nature of the gas business. Any improvement or decline in earnings depends primarily on weather conditions during the remaining winter months and the level of operating and maintenance costs during the remainder of the year.

Critical Accounting Policies

The consolidated financial statements of RGC Resources, Inc. are prepared in accordance with accounting principles generally accepted in the United States of America. The amounts of assets, liabilities, revenues and expenses reported in the Company's financial statements are affected by estimates and judgments that are necessary to comply with generally accepted accounting principles. Estimates used in the financial statements are derived from prior experience, statistical analysis and professional judgments. Actual results could differ from the estimates, which would affect the related amounts reported in the Company's financial statements. Although, estimates and judgments are applied in arriving at many of the reported amounts in the financial statements including provisions for employee medical insurance, projected useful lives of capital assets and goodwill valuation, the following items may involve a greater degree of judgment.

Revenue recognition The Company bills natural gas customers on a monthly cycle basis; however, the billing cycle periods for most customers do not coincide with the accounting periods used for financial reporting. The Company accrues estimated revenue for natural gas delivered to customers not yet billed during the accounting period. Determination of unbilled revenue relies on the use of estimates, current and historical data.

Bad debt reserves The Company evaluates the collectibility of its accounts receivable balances based upon a variety of factors including loss history, level of delinquent account balances and general economic climate.

Retirement plans The Company offers a defined benefit pension plan and a post-retirement medical plan to eligible employees. The expenses and liabilities associated with these plans are determined through actuarial means requiring the estimation of certain assumptions and factors. In regard to the pension plan, these factors include assumptions regarding discount rate, expected long-term rate of return on plan assets, compensation increases and life expectancies, among

RGC RESOURCES, INC. AND SUBSIDIARIES

ITEM 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

others. Similarly, the post-retirement medical plan also requires the estimation of many of the same factors as the pension plan in addition to assumptions regarding rate of medical inflation and Medicare availability. Actual results may differ materially from the results expected from the actuarial assumptions due to changing economic conditions, volatility in interest rates and changes in life expectancy to name a few. Such differences may result in a material impact on the amount of expense recorded in future periods or the value of the obligations on the balance sheet.

Derivatives As discussed in the Item 3 Qualitative and Quantitative Disclosures about Market Risk section below, the Company hedges certain risks incurred in the normal operation of business through the use of derivative instruments. The Company applies the requirements of Statement of Financial Accounting Standards No. 133, *Accounting for Derivative Instruments and Hedging Activities*, which requires the recognition of all derivative instruments as assets or liabilities in the Company's balance sheet at fair value. Fair value is based upon quoted futures prices for the commodities of propane and natural gas. Changes in the commodity and futures markets will impact the estimates of fair value in the future. Furthermore, the actual market value at the point of realization of the derivative may be significantly different from the futures value used in determining fair value in prior financial statements.

Regulatory accounting The Company's regulated operations follow the accounting and reporting requirements of Statement of Financial Accounting Standards No. 71, *Accounting for the Effects of Certain Types of Regulation*. The economic effects of regulation can result in a regulated company deferring costs that have been or are expected to be recovered from customers in a period different from the period in which the costs would be charged to expense by an unregulated enterprise. When this results, costs are deferred as assets in the consolidated balance sheet (regulatory assets) and recorded as expenses when such amounts are reflected in rates. Additionally, regulators can impose liabilities upon a regulated company for the amounts previously collected from customers and for current collection in rates of costs that are expected to be incurred in the future (regulatory liabilities).

Asset Management

Effective November 1, 2001, Roanoke Gas Company and Bluefield Gas Company (the Companies) entered into a contract with a third party (counter-party) to provide future gas supply needs. The counter-party has also assumed the management and financial obligation of the Company's firm transportation and storage agreements. In connection with the agreement, the Companies exchanged gas in storage at November 1, 2001 for the right to receive an equal amount of gas in the future as provided by the agreement. As a result of this arrangement, natural gas inventories on the balance sheet are replaced with a new classification called prepaid gas service. This contract expires on October 31, 2004. Management is in the preliminary stages of soliciting bids for the replacement of this contract.

RGC RESOURCES, INC. AND SUBSIDIARIES

ITEM 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Under the asset management agreement, the Companies no longer have title or ownership of the physical asset; instead, the Companies make monthly payments for the right to receive gas in the future. Therefore, a greater risk exists regarding the ultimate realization of the prepayment depending on the ongoing viability of the counter-party. The Companies have attempted to mitigate the risks in the event of a failure to perform or bankruptcy on the part of the counter-party by requiring certain contractual restrictions on inventory and other provisions. As of December 31, 2003, the total value of prepaid gas service on the Balance Sheet was \$10,995,800.

Energy Costs

Natural gas and propane commodity prices have been at unusually high levels over the last several quarters, and the Company entered the current heating season with its highest embedded prepaid and inventory gas costs. Management perceives a significant reason for high energy prices is the accumulated impact of years of inconsistent regulatory policy and the continued failure of Congress and the President to pass meaningful national energy use and resource development legislation. In the absence of such legislation, accessible natural gas reserves will continue to decline as well as increased demand for natural gas from electric generation facilities will keep natural gas prices at elevated levels. In recognition of these issues, management believes that it has planned for adequate supplies to fulfill customer needs for the current winter. In addition, management believes that it has hedged against significant further escalation of prices for the current heating season based on normal weather volume projections. The Company uses various hedging mechanisms including summer storage injections, financial instruments and fixed price contracts to limit weather driven volatility in energy prices.

Natural gas costs are fully recoverable under the present regulatory Purchased Gas Adjustment (PGA) mechanisms, and increases and decreases in the cost of gas are passed through to the Company's customers. The unregulated propane and energy marketing operations are able to more rapidly adjust pricing structures to compensate for increasing costs. However, due to the competitive nature of these unregulated markets, there can be no assurance that the Company can adjust its pricing to sufficiently recover cost increases without negatively affecting sales and competitive position.

Although rising energy prices are recoverable through the PGA mechanism for the regulated operations, high energy prices may have a negative impact on earnings through increases in bad debt expense and higher interest costs because the delay in recovering higher gas costs requires borrowing to temporarily fund receivables from customers, LNG (liquefied natural gas) and prepaid gas service levels. As discussed in the results of operations, the new rate structure implemented in April 2003 will provide the Company a level of protection against the impact that rising energy prices may have on bad debts and carrying costs on LNG storage and prepaid gas service by allowing for more timely recovery of these costs. However, this new rate structure will not protect the Company from increased rate of bad debts or increases in interest rates.

ITEM 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Regulatory Affairs

During the quarter ended December 31, 2003, Roanoke Gas Company placed into effect new base rates effective for service rendered on and after October 16, 2003 to provide for approximately \$1,800,000 in additional annual revenues. These higher rates are subject to refund pending a final order by the Virginia SCC. The Company has recorded an estimated reserve that management believes may be refundable to customers based upon its current assessment of its rate increase request. The amount of the final rate award may be more or less than the amount reflected in the financial statements and will not be known until the final order is received.

In addition, Bluefield Gas Company placed into effect new base rates effective for service rendered on and after December 4, 2003. The case was settled with a final order from the West Virginia PSC approving an increase in annual rates of \$112,000 in addition to a provision to recover the deferred expense associated with the restoration of service to customers resulting from the gas line rupture in January 2003. A \$0.05 per billing unit will be included in Bluefield Gas customers' billings until the deferred expenses are fully recovered. Bluefield Gas Company filed a new application for increased rates in January 2004.

Environmental Issues

Both Roanoke Gas Company and Bluefield Gas Company, subsidiaries of RGC Resources, Inc., operated manufactured gas plants (MGPs) as a source of fuel for lighting and heating until the early 1950s. A by-product of operating MGPs was coal tar, and the potential exists for on-site tar waste contaminants at the former plant sites. The extent of contaminants at these sites, if any, is unknown at this time. An analysis at the Bluefield Gas Company site indicates some soil contamination. The Company, with concurrence of legal counsel, does not believe any events have occurred requiring regulatory reporting. Further, the Company has not received any notices of violation or liabilities associated with environmental regulations related to the MGP sites and is not aware of any off-site contamination or pollution as a result of prior operations. Therefore, the Company has no plans for subsurface remediation at the MGP sites. Should the Company eventually be required to remediate either site, the Company will pursue all prudent and reasonable means to recover any related costs, including insurance claims and regulatory approval for rate case recognition of expenses associated with any work required. A stipulated rate case agreement between the Company and the West Virginia Public Service Commission recognized the Company's right to defer MGP clean-up costs, should any be incurred, and to seek rate relief for such costs. If the Company eventually incurs costs associated with a required clean-up of either MGP site, the Company anticipates recording a regulatory asset for such clean-up costs to be recovered in future rates. Based on anticipated regulatory actions and current practices, management believes that any costs incurred related to this matter will not have a material effect on the Company's financial condition or results of operations.

RGC RESOURCES, INC. AND SUBSIDIARIES

ITEM 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Capital Resources and Liquidity

The Company's primary capital needs are for the funding of its continuing construction program and the seasonal funding of its accounts receivable, LNG storage and gas prepayment requirements under the asset management contract. The Company's construction program is composed of a combination of replacing old bare steel and cast iron pipe with new plastic or coated steel pipe and expansion of natural gas and propane service to new customers. Total capital expenditures were \$1,712,366 and \$1,891,849 for the three-month periods ended December 31, 2003 and 2002, respectively. The Company's total capital budget for the current year is approximately \$7,200,000. It is anticipated that these costs and future capital expenditures will be funded with the combination of operating cash flow, sale of Company equity securities through the Dividend Reinvestment and Stock Purchase Plan and issuance of debt.

The Company also funds seasonal levels of gas prepayments, LNG storage and accounts receivables. From April through October, the Company prepays its asset manager for the right to receive additional natural gas in the colder winter months. This gas prepayment replaces the old underground natural gas storage that was used prior to the asset management contract. Furthermore, a majority of the Company's sales and billings occur during the winter months. As a result, accounts receivable balances increase during these months and decrease during the summer months. Total accounts receivable balances were \$18,902,360 and \$15,338,184 at December 31, 2003 and 2002, respectively.

The level of borrowing under the Company's line of credit agreements can fluctuate significantly due to the time of the year, changes in the wholesale price of energy and weather outside the normal temperature ranges. As the wholesale price of natural gas increases, short-term debt generally increases because the payment to the Company's energy suppliers is due before the Company can recover its costs through the monthly billing of its customers. In addition, colder weather requires the Company to purchase greater volumes of natural gas, the cost of which is recovered from customers on a delayed basis.

At December 31, 2003, the Company had available lines of credit for its short-term borrowing needs totaling \$28,000,000, of which \$19,080,000 was outstanding. The terms of short-term borrowings are negotiable, with variable rates based upon 30 day Libor. These lines of credit expire March 31, 2004, unless extended. The Company anticipates being able to extend or replace the lines of credit upon expiration.

On October 1, 2003, Bluefield Gas Company executed a \$2,000,000 unsecured 26 month note to refinance a portion of its maturing long-term debt and a portion of its outstanding line-of-credit balance. The note has a variable interest rate based on 30-day LIBOR plus 113 basis point spread. The note maturity was structured to correspond with maturity periods of other debt instruments of RGC Resources, Inc. to allow for a more comprehensive debt offering in the future. Because the Company had both the intent and ability to execute the note at the end of its

RGC RESOURCES, INC. AND SUBSIDIARIES

ITEM 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

fiscal year, the Company reclassified the \$2,000,000 from current maturities of long-term debt and lines-of-credit to long-term debt on its September 30, 2003 Balance Sheet.

At December 31, 2003, the Company's capitalization consisted of 46 percent in long-term debt and 54 percent in common equity.

Forward-Looking Statements

From time to time, the Company may publish forward-looking statements relating to such matters as anticipated financial performance, business prospects, technological developments, new products, research and development activities and similar matters. The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements. In order to comply with the terms of the safe harbor, the Company notes that a variety of factors could cause the Company's actual results and experience to differ materially from the anticipated results or other expectations expressed in the Company's forward-looking statements. The risks and uncertainties that may affect the operations, performance, development and results of the Company's business include the following: (i) failure to earn on a consistent basis an adequate return on invested capital; (ii) increasing expenses and labor costs and labor availability; (iii) price competition from alternative fuels; (iv) volatility in the price and availability of natural gas and propane; (v) uncertainty in the projected rate of growth of natural gas and propane requirements in the Company's service area; (vi) general economic conditions both locally and nationally; (vii) increases in interest rates; (viii) increased customer delinquencies and conservation efforts resulting from high fuel costs and/or colder weather; (ix) developments in electricity and natural gas deregulation and associated industry restructuring; (x) variations in winter heating degree-days from normal; (xi) changes in environmental requirements and cost of compliance; (xii) impact of potential increased governmental oversight and compliance costs due to the Sarbanes-Oxley law; (xiii) cost and availability of property and liability insurance in the wake of terrorism concerns and corporate failures; (xiv) ability to raise debt or equity capital in the wake of recent corporate financial irregularities; (xv) impact of uncertainties in the Middle East; (xvi) failure of Congress to pass a comprehensive energy policy could serve to perpetuate high energy prices; and (xvii) new accounting standards issued by the Financial Accounting Standards Board, which could change the accounting treatment for certain transactions. All of these factors are difficult to predict and many are beyond the Company's control. Accordingly, while the Company believes its forward-looking statements to be reasonable, there can be no assurance that they will approximate actual experience or that the expectations derived from them will be realized. When used in the Company's documents or news releases, the words, anticipate, believe, intend, plan, estimate, expect, objective, project, forecast or similar words or future or conditional verbs such as will, would, should, could or may are intended to identify forward-looking statements.

Forward-looking statements reflect the Company's current expectations only as of the date they are made. We assume no duty to update these statements should expectations change or actual results differ from current expectations.

RGC RESOURCES, INC. AND SUBSIDIARIES

ITEM 3 QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company is exposed to market risks associated with interest rates and commodity prices. Interest rate risk is related to the Company's outstanding long-term and short-term debt. Commodity price risk is experienced by the Company's regulated natural gas operations, propane operations and energy marketing business. The Company's risk management policy, as authorized by the Company's Board of Directors, allows management to enter into derivatives for the purpose of managing commodity and financial market risks of its business operations.

The Company is exposed to market risk related to changes in interest rates associated with its borrowing activities. At December 31, 2003, the Company had \$19,080,000 outstanding under its lines of credit, \$2,500,000 outstanding on an intermediate-term variable rate note for Highland Propane and \$2,000,000 outstanding on an intermediate-term variable rate note for Bluefield Gas. A hypothetical 100 basis point increase in market interest rates applicable to the Company's variable rate debt outstanding at December 31, 2003 would have resulted in an increase in quarterly interest expense of approximately \$59,000. The Company also has an \$8,000,000 intermediate term variable rate note that is currently being hedged by a fixed rate interest swap.

The Company manages the price risk associated with purchases of natural gas and propane by using a combination of fixed price contracts, prepaid gas service payments and derivative commodity instruments including futures, price caps, swaps and collars. As of December 31, 2003, the Company had entered into derivative price cap agreements for the purpose of hedging the price of propane gas. With respect to propane gas, a hypothetical 10 percent reduction in market price would result in a decrease in fair value for the Company's propane gas derivative contracts of approximately \$37,000.

As of December 31, 2003, the Company had entered into both derivative price caps and swap arrangements for the purpose of hedging the price of natural gas. Any cost incurred or benefit received from the derivative arrangement is recoverable or refunded through the regulated natural gas purchased gas adjustment (PGA) mechanism. Both the Virginia SCC and the West Virginia PSC currently allow for full recovery of prudent costs associated with natural gas purchases, and any additional costs or benefits associated with the settlement of the derivative contract will be passed through to customers when realized. A hypothetical 10% reduction in the market price of natural gas would result in a decrease in fair value of approximately \$293,000 for the Company's natural gas derivative contracts.

ITEM 4 CONTROLS AND PROCEDURES

Based on their evaluation of the Company's disclosure controls and procedures (as defined by Rule 13a-15(e) under the Securities Exchange Act of 1934) as of December 31, 2003, the Company's Chief Executive Officer and principal financial officer have concluded that these disclosure controls and procedures are effective. There has been no change during the quarter ended December 31, 2003, in the Company's internal control over financial reporting or in other factors that has materially affected, or is reasonably likely to materially affect, this internal control over financial reporting.

Part II Other Information

12/1/2003	\$ 22.750	218.074

F. Indemnification. Notwithstanding anything to the contrary contained in Section 10(G), Borrower shall indemnify, defend and hold Lender and its successors and assigns harmless from and against any and all claims, demands, suits, losses, damages, assessments, fines, penalties, costs or other expenses (including reasonable attorneys' fees and court costs) arising from or in any way related to any of the transactions contemplated hereby, including, but not limited to, actual or threatened damage to the environment, agency costs of investigation, personal injury or death, or property damage, due to a release or alleged release of Hazardous Materials, arising from Borrower's business operations, any other property owned by Borrower or in the surface or ground water arising

By agreeing to binding arbitration, the parties irrevocably and voluntarily waive any right they may have to a trial by jury in respect of any Claim. Edgar Filing: RGC RESOURCES INC - Form 10-Q/A

(1) **London Inter-Bank Offered Rate** means the average per annum interest rate at which U.S. dollar deposits would be offered for the **Applicable Interest Period**, as defined below, by major banks in the London inter-bank market, as shown on the Telerate Page 3750 (or any successor page) at approximately 11:00 a.m. London time two (2) **London Banking Days** before the commencement of the **Applicable Interest Period**. If such rate does not appear on the Telerate Page 3750 (or any successor page), the rate for that **Applicable Interest Period** will be determined by such alternate method as reasonably selected by Lender. A **London Banking Day** is a day on which Lender's London Banking Center is open for business and dealing in offshore dollars.

(2) **Reserve Percentage** means the total of the maximum reserve percentages for determining the reserves to be maintained by member banks of the Federal Reserve System for Eurocurrency Liabilities, as defined in Federal Reserve Board Regulation D, rounded upward to the nearest 1/100 of one percent. The percentage will be expressed as a decimal, and will include, but not be limited to, marginal, emergency, supplemental, special, and other reserve percentages.

(3) **Applicable Interest Period** means each one-month period commencing on the first **LIBOR Banking Day**, defined below, of each calendar month through and including the day immediately before the first **LIBOR Banking Day** of the next calendar month. **LIBOR Banking Day** means a day, other than a Saturday or a Sunday, on which Lender is open for business in New York and London and dealing in offshore dollars.

(c) If at any time after the date hereof, the Lender (which shall include, for purposes of this Section, any corporation controlling the Lender) determines that the adoption or modification of any applicable Law regarding taxation, the Lender's required levels of reserves, deposits, insurance or capital (including any allocation of capital requirements or conditions), or similar requirements, or any interpretation or administration thereof by any Tribunal or compliance of the Lender with any of such requirements, has or would have the effect of (a) increasing the Lender's costs relating to the loan

evidenced by this Note, or (b) reducing the yield or rate of return of the Lender on such loan, to a level below that which the Lender could have achieved but for the adoption or modification of any such requirements, the Borrower shall, within fifteen (15) days of any request by the Lender, pay to the Lender such additional amounts as (in the Lender's sole judgment, after good faith and reasonable computation) will compensate the Lender for such increase in costs or reduction in yield or rate of return of the Lender. No failure by the Lender to immediately demand payment of any additional amounts payable hereunder shall constitute a waiver of the Lender's right to demand payment of such amounts at any subsequent time. Nothing herein contained shall be construed or so operate as to require the Borrower to pay any interest, fees, costs or charges greater than is permitted by applicable Law. For purposes of this Note:

Laws means all constitutions, treaties, statutes, laws, ordinances, regulations, rules, order, writs, injunctions, or decrees of the United States of America, any state or commonwealth, any municipality, any foreign country, any territory or possession, or any Tribunal; and

Tribunal means any state, commonwealth, federal, foreign, territorial or other court or governmental department, commission, board, bureau, district, authority, agency, central bank, or instrumentality, or any arbitration authority.

Notwithstanding any provision of this Note, Lender does not intend to charge and Borrower shall not be required to pay any amount of interest or other charges in excess of the maximum permitted by the applicable law of the Commonwealth of Virginia; if any higher rate ceiling is lawful, then that higher rate ceiling shall apply, and any payment in excess of such maximum shall be refunded to Borrower or credited against principal, at the option of Lender. The foregoing sentence shall have no effect if under Virginia law Borrower is unable to plead usury as a defense.

2. Accrual Method. Unless otherwise indicated, interest at the Rate set forth above will be calculated by the 365/360 day method (a daily amount of interest is computed for a hypothetical year of 360 days; that amount is multiplied by the actual number of days for which any principal is outstanding hereunder).

3. Rate Change Date. Any Rate based on a fluctuating index or base rate will change, unless otherwise provided, each time and as of the date that the index or base rate changes. In the event any index is discontinued, Lender shall substitute an index determined by Lender to be comparable, in its sole discretion.

4. Payment Schedule. All payments received hereunder shall be applied first to the payment of any expense or charges payable hereunder or under any other loan documents executed in connection with this Note, then to interest due and payable, with the balance applied to principal, or in such other order as Lender shall determine at its option.

The principal of and interest on this Note shall be due and payable as follows:

- a. On October 1, 2003, and the same day of each month thereafter until this Note is paid in full, the amount of accrued but unpaid interest hereon shall be due and payable; and
- b. All indebtedness hereunder, including outstanding principal and accrued interest, unless sooner paid, shall be due and payable on November 21, 2005.

5. Automatic Payment.

Borrower has elected to authorize Lender to effect payment of sums due under this Note by means of debiting Borrower's account number /VA. This authorization shall not affect the obligation of Borrower to pay such sums when due, without notice, if there are insufficient funds in such account to make such payment in full on the due date thereof, or if Lender fails to debit the account.

6. Waivers, Consents and Covenants. Borrower, any indorser or guarantor hereof, or any other party hereto (individually an Obligor and collectively Obligors) and each of them jointly and severally: (a) waive presentment, demand, protest, notice of demand, notice of intent to accelerate, notice of acceleration of maturity, notice of protest, notice of nonpayment, notice of dishonor, and any other notice required to be given under the law to any Obligor in connection with the delivery, acceptance, performance, default or enforcement of this Note, any indorsement or guaranty of this Note, or any other documents executed in connection with this Note or any other note or other loan documents now or hereafter executed in connection with any obligation of Borrower to Lender (the Loan Documents); (b) consent to all delays, extensions, renewals or other modifications of this Note or the Loan Documents, or waivers of any term hereof or of the Loan Documents, or release or discharge by Lender of any of Obligors, or release, substitution or exchange of any security for the payment hereof, or the failure to act on the part of Lender, or any indulgence shown by Lender (without notice to or further assent from any of Obligors), and agree that no such action, failure to act or failure to exercise any right or remedy by Lender shall in any way affect or impair the obligations of any Obligors or be construed as a waiver by Lender of, or otherwise affect, any of Lender's rights under this Note, under any indorsement or guaranty of this Note or under any of the Loan Documents; and (c) agree to pay, on demand, all costs and expenses of collection or defense of this Note or of any indorsement or guaranty hereof and/or the enforcement or defense of Lender's rights with respect to, or the administration, supervision, preservation, or protection of, or realization upon, any property securing payment hereof, including, without limitation, reasonable attorney's fees, including fees related to any suit, mediation or arbitration proceeding, out of court payment agreement, trial, appeal, bankruptcy proceedings or other proceeding, in the amount of 25% of the principal amount of this Note, or such greater amount as may be determined reasonable by any arbitrator or court, whichever is applicable.

7. Prepayments. Prepayments may be made in whole or in part at any time without penalty or premium. All prepayments of principal shall be applied in the inverse order of maturity, or in such other order as Lender shall determine in its sole discretion. If there is a prepayment of any such principal, because of acceleration or otherwise, the prepayment shall be accompanied by the amount of accrued interest on the amount prepaid.

8. Delinquency Charge. To the extent permitted by law, a delinquency charge may be imposed in an amount not to exceed four percent (4%) of any payment that is more than fifteen days late.

9. Events of Default. The following are events of default hereunder: (a) the failure to pay or perform any obligation, liability or indebtedness of any Obligor to Lender, or to any affiliate or subsidiary of Bank of America, N.A. Corporation, whether under this Note or any Loan Documents, as and when due (whether upon demand, at maturity or by acceleration); (b) the failure to pay or perform any other obligation, liability or indebtedness of any Obligor to any other party; (c) the death of any Obligor (if an individual); (d) the resignation or withdrawal of any partner or a material owner/guarantor of Borrower, as determined by Lender in its sole discretion; (e) the commencement of a proceeding against any Obligor for dissolution or liquidation, the voluntary or involuntary termination or dissolution of any Obligor or the merger or consolidation of any Obligor with or into another entity; (f) the insolvency of, the business failure of, the appointment of a custodian, trustee, liquidator or receiver for or for any of the property of, the assignment for the benefit of creditors by, or the filing of a petition under bankruptcy, insolvency or debtor's relief law or the filing of a petition for any adjustment of indebtedness, composition or extension by or against any Obligor; (g) the determination by Lender that any representation or warranty made to Lender by any Obligor in any Loan Documents or otherwise is or was, when it was made, untrue or materially misleading; (h) the failure of any Obligor to timely deliver such financial statements, including tax returns, other statements of condition or other information, as Lender shall request from time to time; (i) the entry of a judgment against any Obligor which Lender deems to be of a material nature, in Lender's sole discretion; (j) the seizure or forfeiture of, or the issuance of any writ of possession, garnishment or attachment, or any turnover order for any property of any Obligor; (k) the determination by Lender that it is insecure for any reason; (l) the determination by Lender that a material adverse change has occurred in the financial condition of any Obligor; or (m) the failure of Borrower's business to comply with any law or regulation controlling its operation.

10. Remedies upon Default. Whenever there is a default under this Note (a) the entire balance outstanding hereunder and all other obligations of any Obligor to Lender (however acquired or evidenced) shall, at the option of Lender, become immediately due and payable and any obligation of Lender to permit further borrowing under this Note shall immediately cease and terminate, and/or (b) to the extent permitted by law, the Rate of interest on the unpaid principal shall be increased at Lender's discretion up to the maximum rate allowed by law, or if none, 25% per annum (the Default Rate). The provisions herein for a Default Rate shall not be deemed to extend the time for any payment hereunder or to constitute a grace period giving Obligors a right to cure any default. At Lender's option, any accrued and unpaid interest, fees or charges may, for purposes of computing and accruing interest on a daily basis after the due date of this Note or any installment thereof, be deemed to be a part of the principal balance, and interest shall accrue on a daily compounded basis after such date at the Default Rate provided in this Note until the entire outstanding balance of principal and interest is paid in full. Upon a default under this Note, Lender is hereby authorized at any time, at its option and without notice or demand, to set off and charge against any deposit accounts of any Obligor (as well as any money, instruments, securities, documents, chattel paper, credits, claims, demands, income and any other property, rights and interests of any Obligor), which at any time shall come into the possession or custody or under the control of Lender or any of its agents, affiliates or correspondents, any and all obligations due hereunder. Additionally, Lender shall have all rights and remedies available under each of the Loan Documents, as well as all rights and remedies available at law or in equity.

11. Non-waiver. The failure at any time of Lender to exercise any of its options or any other rights hereunder shall not constitute a waiver thereof, nor shall it be a bar to the exercise of any of its options or rights at a later date. All rights and remedies of Lender shall be cumulative and may be pursued singly, successively or together, at the option of Lender. The acceptance by Lender of any partial payment shall not constitute a waiver of any default or of any of Lender's rights under this Note. No waiver of any of its rights hereunder, and no modification or amendment of this Note, shall be deemed to be made by Lender unless the same shall be in writing, duly signed on behalf of Lender; each such waiver shall apply only with respect to the specific instance involved, and shall in no way impair the rights of Lender or the obligations of Obligors to Lender in any other respect at any other time.

12. Applicable Law, Venue and Jurisdiction. This Note and the rights and obligations of Borrower and Lender shall be governed by and interpreted in accordance with the law of the Commonwealth of Virginia. In any litigation in connection with or to enforce this Note or any indorsement or guaranty of this Note or any Loan Documents, Obligors, and each of them, irrevocably consent to and confer personal jurisdiction on the courts of the Commonwealth of Virginia or the United States located within the Commonwealth of Virginia and expressly waive any objections as to venue in any such courts. Nothing contained herein shall, however, prevent Lender from bringing any action or exercising any rights within any other state or jurisdiction or from obtaining personal jurisdiction by any other means available under applicable law.

13. Partial Invalidity. The unenforceability or invalidity of any provision of this Note shall not affect the enforceability or validity of any other provision herein and the invalidity or unenforceability of any provision of this Note or of the Loan Documents to any person or circumstance shall not affect the enforceability or validity of such provision as it may apply to other persons or circumstances.

14. Binding Effect. This Note shall be binding upon and inure to the benefit of Borrower, Obligors and Lender and their respective successors, assigns, heirs and personal representatives, provided, however, that no obligations of Borrower or Obligors hereunder can be assigned without prior written consent of Lender.

15. Controlling Document. To the extent that this Note conflicts with or is in any way incompatible with any other document related specifically to the loan evidenced by this Note, this Note shall control over any other such document, and if this Note does not address an issue, then each such document shall control to the extent that it deals most specifically with an issue.

16. ARBITRATION. ANY CONTROVERSY OR CLAIM BETWEEN OR AMONG THE PARTIES HERETO INCLUDING BUT NOT LIMITED TO THOSE ARISING OUT OF OR RELATING TO THIS INSTRUMENT, AGREEMENT OR DOCUMENT OR ANY RELATED INSTRUMENTS,

AGREEMENTS OR DOCUMENTS, INCLUDING ANY CLAIM BASED ON OR ARISING FROM AN ALLEGED TORT, SHALL BE DETERMINED BY BINDING ARBITRATION IN ACCORDANCE WITH THE FEDERAL ARBITRATION ACT (OR IF NOT APPLICABLE, THE APPLICABLE STATE LAW), THE RULES OF PRACTICE AND PROCEDURE FOR THE ARBITRATION OF COMMERCIAL DISPUTES OF J.A.M.S./ENDISPUTE OR ANY SUCCESSOR THEREOF (J.A.M.S.), AND THE SPECIAL RULES SET FORTH BELOW. IN THE EVENT OF ANY INCONSISTENCY, THE SPECIAL RULES SHALL CONTROL. JUDGMENT UPON ANY ARBITRATION AWARD MAY BE ENTERED IN ANY COURT HAVING JURISDICTION. ANY PARTY TO THIS INSTRUMENT, AGREEMENT OR DOCUMENT MAY BRING AN ACTION, INCLUDING A SUMMARY OR EXPEDITED PROCEEDING, TO COMPEL ARBITRATION OF ANY CONTROVERSY OR CLAIM TO WHICH THIS AGREEMENT APPLIES IN ANY COURT HAVING JURISDICTION OVER SUCH ACTION.

ALL ARBITRATION HEARINGS WILL BE COMMENCED WITHIN 90 DAYS OF THE DEMAND FOR ARBITRATION; FURTHER, THE ARBITRATOR SHALL ONLY, UPON A SHOWING OF CAUSE, BE PERMITTED TO EXTEND THE COMMENCEMENT OF SUCH HEARING FOR UP TO AN ADDITIONAL 60 DAYS.

B. RESERVATION OF RIGHTS. NOTHING IN THIS ARBITRATION PROVISION SHALL BE DEEMED TO (I) LIMIT THE APPLICABILITY OF ANY OTHERWISE APPLICABLE STATUTES OF LIMITATION OR REPOSE AND ANY WAIVERS CONTAINED IN THIS INSTRUMENT, AGREEMENT OR DOCUMENT; OR (II) BE A WAIVER BY LENDER OF THE PROTECTION AFFORDED TO IT BY 12 U.S.C. SEC. 91 OR ANY SUBSTANTIALLY EQUIVALENT STATE LAW; OR (III) LIMIT THE RIGHT OF LENDER HERETO (A) TO EXERCISE SELF HELP REMEDIES SUCH AS (BUT NOT LIMITED TO) SETOFF, OR (B) TO FORECLOSE AGAINST ANY REAL OR PERSONAL PROPERTY COLLATERAL, OR (C) TO OBTAIN FROM A COURT PROVISIONAL OR ANCILLARY REMEDIES SUCH AS (BUT NOT LIMITED TO) INJUNCTIVE RELIEF, WRIT OF POSSESSION OR THE APPOINTMENT OF A RECEIVER. LENDER MAY EXERCISE SUCH SELF HELP RIGHTS, FORECLOSE UPON SUCH PROPERTY, OR OBTAIN SUCH PROVISIONAL OR ANCILLARY REMEDIES BEFORE, DURING OR AFTER THE PENDENCY OF ANY ARBITRATION PROCEEDING BROUGHT PURSUANT TO THIS INSTRUMENT, AGREEMENT OR DOCUMENT. NEITHER THIS EXERCISE OF SELF HELP REMEDIES NOR THE INSTITUTION OR MAINTENANCE OF AN ACTION FOR FORECLOSURE OR PROVISIONAL OR ANCILLARY REMEDIES SHALL CONSTITUTE A WAIVER OF THE RIGHT OF ANY PARTY, INCLUDING THE CLAIMANT IN ANY SUCH ACTION, TO ARBITRATE THE MERITS OF THE CONTROVERSY OR CLAIM OCCASIONING RESORT TO SUCH REMEDIES.

Richards) (**Lender**) to make loans or advances or to extend credit or other financial accommodations or benefits, with or without security, to or for the account of Borrower, the undersigned Guarantor , if more than one, then each of them jointly and severally, hereby irrevocably and unconditionally guarantees to **Lender** the full and prompt payment when due, whether by acceleration or otherwise, of any and all Liabilities (as hereinafter defined) of Borrower to **Lender** . This Guaranty is continuing and unlimited as to the amount, and is cumulative to and does not supersede any other guaranties.

Guarantor further unconditionally guarantees the faithful, prompt and complete compliance by Borrower with all Obligations (as hereinafter defined). The undertakings of Guarantor hereunder are independent of the Liabilities and Obligations of Borrower and a separate action or actions for payment, damages or performance may be brought or prosecuted against Guarantor, whether or not an action is brought against Borrower or to realize upon the security for the Liabilities and/or Obligations, whether or not Borrower is joined in any such action or actions, and whether or not notice is given or demand is made upon Borrower.

Lender shall not be required to proceed first against Borrower, or any other person, or entity, whether primarily or secondarily liable, or against any collateral held by it, before resorting to Guarantor for payment, and Guarantor shall not be entitled to assert as a defense to the enforceability of the Guaranty any defense of Borrower with respect to any Liabilities or Obligations.

2. Paragraph Headings, Governing Law and Binding Effect. Guarantor agrees that the paragraph headings in this Guaranty are for convenience only and that they will not limit any of the provisions of this Guaranty. Guarantor further agrees that this Guaranty shall be governed by and construed in accordance with the laws of the Commonwealth of Virginia and applicable United States federal law. Guarantor further agrees that this Guaranty shall be deemed to have been made in the Commonwealth of Virginia at **Lender**'s address indicated above, and shall be governed by, and construed in accordance with, the laws of the Commonwealth of Virginia, or the United States courts located within the Commonwealth of Virginia, and is performable in the Commonwealth of Virginia. This Guaranty is binding upon Guarantor, his, their or its executors, administrators, successors or assigns, and shall inure to the benefit of **Lender**, its successors, indorsees or assigns. Anyone executing this Guaranty shall be bound by the terms hereof without regard to execution by anyone else.

3. Definitions.

A. Guarantor shall mean Guarantor or any one or more of them.

B. Liability or Liabilities shall mean without limitation, indebtedness, and obligations of Borrower and/or Guarantor to **Lender**, whether direct or indirect, absolute or contingent, joint or several, secured or unsecured, due or not due, liquidated or unliquidated, arising by operation of law or otherwise, now or hereafter existing, or held or to be held by **Lender** for its own account or as agent for another or others, whether created directly, indirectly, or acquired by assignment or otherwise, including but not limited to all extensions or renewals thereof, and all sums payable under or by virtue thereof, including without limitation, all amounts of principal and interest, all expenses (including reasonable attorney's fees and cost of collection) incurred in the collection thereof or the enforcement of rights thereunder (including without limitation, any liability arising from failure to comply with state or federal laws, rules and regulations concerning the control of hazardous waste or substances at or with respect to any real estate securing any loan guaranteed hereby), whether arising in the ordinary course of business or otherwise. If Borrower is a partnership, corporation or other entity the term Liability or Liabilities as used herein shall include all Liabilities to **Lender** of any successor entity or entities.

C. Loan Documents shall mean all security agreements and other documents securing payment of the Liabilities and all notes and other agreements, documents, and instruments evidencing or relating to the Liabilities and Obligations.

D. Obligation or Obligations shall mean all terms, conditions, covenants, agreements and undertakings of Borrower and/or Guarantor under all notes and other documents evidencing the Liabilities, and under security agreements and other agreements, documents and instruments executed in connection with the Liabilities or related thereto.

4. Waivers by Guarantor. To the extent permitted by law, Guarantor waives notice of acceptance of this Guaranty, notice of any Liabilities or Obligations to which it may apply, presentment, demand for payment, protest, notice of dishonor or nonpayment of any Liabilities, notice of intent to accelerate, notice of acceleration, and notice of any suit or the taking of other action by **Lender** against Borrower, Guarantor or any other person, any applicable statute of limitations and any other notice to any party liable on any Loan Document (including Guarantor).

So long as there remains any liability of Guarantor hereunder, each Guarantor also hereby waives any claim, right or remedy which such Guarantor may now have or hereafter acquire against Borrower that arises hereunder and/or from the performance by any other Guarantor hereunder including, without limitation, any claim, remedy or right of subrogation, reimbursement, exoneration, contribution, indemnification, or participation in any claim, right or remedy of **Lender** against Borrower or against any security which **Lender** now has or hereafter acquires, whether or not such claim, right or remedy arises in equity, under contract, by statute, under common law or otherwise.

Guarantor also waives the benefits of any provision of law requiring that **Lender** exhaust any right or remedy, or take any action, against Borrower, any Guarantor, any other person and/or property including but not limited to the provisions of the Virginia Code Section 49-25 and the Virginia Code Section 49-26, as amended, or otherwise.

Lender may at any time and from time to time (whether before or after revocation or termination of this Guaranty) without notice to Guarantor (except as required by law), without incurring responsibility to Guarantor, without impairing, releasing or otherwise affecting the Obligations of Guarantor, in whole or in part, and without the indorsement or execution by Guarantor of any additional consent, waiver or guaranty: (a) change the manner, place or terms of payment, or change or extend the time of or renew, or change any interest rate or alter any Liability or Obligation or installment thereof, or any security therefor; (b) loan additional monies or extend additional credit to Borrower, with or without security, thereby creating new Liabilities or Obligations the payment or performance of which shall be guaranteed hereunder, and the Guaranty herein made shall apply to the Liabilities and Obligations as so changed, extended, surrendered, realized upon or otherwise altered; (c) sell, exchange, release, surrender, realize upon or otherwise deal with in any manner and in any order any property at any time pledged or mortgaged to secure the Liabilities or Obligations and any offset there against; (d) exercise or refrain from exercising any rights against Borrower or others (including Guarantor) or act or refrain from acting in any other manner; (e) settle or compromise any Liability or Obligation or any security therefor and subordinate the payment of all or any part thereof to the payment of any Liability or Obligation of any other parties primarily or secondarily liable on any of the Liabilities or Obligations; (f) release or compromise any Liability of Guarantor hereunder or any Liability or Obligation of any other parties primarily or secondarily liable on any of the Liabilities or Obligations; or (g) apply any sums from any sources to any Liability without regard to any Liabilities remaining unpaid.

5. Subordination. Upon written demand of **Lender after a default by Borrower on the Obligations or by Guarantor under this Guaranty**, Guarantor agrees that it will not demand, take or receive from Borrower, by set-off or in any other manner, payment of any debt, now and at any time or times hereafter owing by Borrower to Guarantor unless and until all the Liabilities and Obligations shall have been fully paid and performed, and any security interest, liens or encumbrances which Guarantor now has and from time to time hereafter may have upon any of the assets of Borrower shall be made subordinate, junior and inferior and postponed in priority, operation and effect to any security interest of **Lender** in such assets.

6. Waivers by Lender. No delay on the part of **Lender** in exercising any of its options, powers or rights, and no partial or single exercise thereof, shall constitute a waiver thereof. No waiver of any of its rights hereunder, and no modification or amendment of this Guaranty, shall be deemed to be made by Lender unless the same shall be in writing, duly signed on behalf of Lender; and each such waiver, if any, shall apply only with respect to the specific instance involved, and shall in no way impair the rights of Lender or the obligations of Guarantor to Lender in any other respect at any other time.

7. Termination. This Guaranty shall be binding on Guarantor until written notice of revocation signed by such Guarantor or written notice of the death of such Guarantor shall have been received by Lender. No notice of revocation or termination hereof shall affect in any manner rights arising under this Guaranty with respect to Liabilities or Obligations that shall have been committed, created, contracted, assumed or incurred prior to receipt of such written notice pursuant to any agreement entered into by Lender prior to receipt of such notice. The sole effect of such notice of revocation or termination hereof shall be to exclude from this Guaranty, Liabilities or Obligations thereafter arising that are unconnected with Liabilities or Obligations theretofore arising or transactions entered into theretofore.

In the event of the death of Guarantor, the liability of the estate of the deceased Guarantor shall continue in full force and effect as to (i) the Liabilities existing at the date of death, and any renewals or extensions thereof, and (ii) loans or advances made to or for the account of Borrower after the date of death of the deceased Guarantor pursuant to a commitment made by Lender to Borrower prior to the date of such death.

8. Partial Invalidity and/or Enforceability of Guaranty. The unenforceability or invalidity of any provision of this Guaranty shall not affect the enforceability or validity of any other provision herein and the invalidity or unenforceability of any provision of any Loan Document as it may apply to any person or circumstance shall not affect the enforceability or validity of such provision as it may apply to other persons or

circumstances.

In the event Lender is required to relinquish or return the payments, the collateral or the proceeds thereof, in whole or in part, which had been previously applied to or retained for application against any Liability, by reason of a proceeding arising under the Bankruptcy Code, or for any other reason, this Guaranty shall automatically continue to be effective notwithstanding any previous cancellation or release effected by Lender.

9. Change of Status. Guarantor will not become a party to a merger or consolidation with any other company, except where Guarantor is the surviving corporation or entity, and all covenants under this Guaranty are assumed by the surviving entity. Further, Guarantor may not change its legal structure, without the written consent of Lender and all covenants under this Guaranty are assumed by the new or surviving entity. Guarantor further agrees that this Guaranty shall be binding, legal and enforceable against Guarantor in the event Borrower changes its name, status or type of entity.

10. Financial and Other Information. Guarantor has made an independent investigation of the financial condition and affairs of Borrower prior to entering into this Guaranty, and Guarantor will continue to make such investigation; and in entering into this Guaranty Guarantor has not relied upon any representation of Lender as to the financial condition, operation or creditworthiness of Borrower. Guarantor further agrees that Lender shall have no duty or responsibility now or hereafter to make any investigation or appraisal of Borrower on behalf of Guarantor or to provide Guarantor with any credit or other information which may come to its attention now or hereafter. Guarantor agrees to provide the following financial information and statements in form and content acceptable to Lender and such additional information as requested by Lender from time to time.

Guarantor's annual financial statements in form satisfactory to Lender by April 1 of each year, certified and dated by Guarantor.

11. Notices. Notice shall be deemed reasonable if mailed postage prepaid at least ten (10) days before the related action to the address of Guarantor or Lender, at their respective addresses indicated at the beginning of this Guaranty, or to such other address as any party may designate by written notice to the other party. Each notice, request and demand shall be deemed given or made, if sent by mail, upon the earlier of the date of receipt or five (5) days after deposit in the U.S. Mail, first class postage prepaid, or if sent by any other means, upon delivery.

12. Guarantor Duties. Guarantor shall upon notice or demand by Lender promptly and with due diligence pay all Liabilities and perform and satisfy all Obligations for the benefit of Lender in the event of (a) the occurrence of any default under any Loan Documents; (b) the failure of any Borrower or Guarantor to perform any obligation or pay any liability or indebtedness of any Borrower or Guarantor to Lender, or to any affiliate of Lender, whether under any Note, Guaranty, or any other agreement, now or hereafter existing, as and when due (whether upon demand, at maturity or by acceleration); (c) the death of the Guarantor; (d) the commencement of a proceeding against any Borrower or Guarantor for dissolution or liquidation, the voluntary or involuntary termination or dissolution of any Borrower or Guarantor or the merger or consolidation of any Borrower or Guarantor with or into another entity; (e) the insolvency, or the business failure of, or the appointment of a custodian, trustee, liquidator or receiver for or of any of the property of, or the assignment for the benefit of creditors by, or the filing of a petition under bankruptcy, insolvency or debtor's relief law or the filing of a petition for any adjustment of indebtedness, composition or extension by or against any Borrower or Guarantor; (h) the sole determination by Lender that any representation or warranty to Lender in any Loan Document or otherwise to Lender was untrue or materially misleading when made; (f) the failure of Guarantor or Borrower to timely deliver such financial statements including tax returns and all schedules, or other statements of condition or other information, as Lender shall request from time to time in accordance with this Guaranty or any loan agreement in effect between Borrower

and Lender; (g) the entry of a judgment against Borrower or Guarantor which Lender deems to be of a material nature in the sole discretion of Lender; (h) the seizure or forfeiture of Borrower or Guarantor's property, or the issuance of any writ of possession, garnishment or attachment, or any turnover order; (i) the sole determination by Lender that Guarantor or Borrower jointly or severally, has suffered a material adverse change in its financial condition; (j) the determination by Lender that for any reason it is insecure; (k) any lien or additional security interest being placed upon any collateral which is security for any Loan Document; or (l) the failure of Borrower's business to comply with any law or regulation controlling the operation of Borrower's business.

13. Remedies. Upon the failure of Guarantor to fulfill its duty to pay all Liabilities and perform and satisfy all Obligations as required hereunder, Lender shall have all of the remedies of a creditor and, to the extent applicable, of a secured party, under all applicable law, and without limiting the generality of the foregoing, Lender may, at its option and without notice or demand: (a) declare any Liability due and payable at once; (b) take possession of any collateral pledged by Borrower or Guarantor wherever located, and sell, resell, assign, transfer and deliver all or any part of said collateral of Borrower or Guarantor at any public or private sale or otherwise dispose of any or all of the collateral in its then condition, for cash or on credit or for future delivery, and in connection therewith Lender may impose reasonable conditions upon any such sale, and Lender, unless prohibited by law the provisions of which cannot be waived, may purchase all or any part of said collateral to be sold, free from and discharged of all trusts, claims, rights or redemption and equities of Borrower or Guarantor whatsoever; Guarantor acknowledges and agrees that the sale of any collateral through any nationally recognized broker-dealer, investment banker or any other method common in the securities industry shall be deemed a commercially reasonable sale under the Uniform Commercial Code or any other equivalent statute or federal law, and expressly waives notice thereof except as provided herein; and (c) set-off against any or all liabilities of Guarantor all money owed by Lender or any of its agents or affiliates in any capacity to Guarantor whether or not due, and also set-off against all other Liabilities of Guarantor to Lender all money owed by Lender in any capacity to Guarantor, and if exercised by Lender, Lender shall be deemed to have exercised such right of set-off and to have made a charge against any such money immediately upon the occurrence of such default although made or entered on the books subsequent thereto.

Lender shall have a properly perfected security interest in all of Guarantor's funds on deposit with Lender to secure the balance of any Liabilities and/or Obligations that Guarantor may now or in the future owe Lender. Lender is granted a contractual right of set-off and will not be liable for dishonoring checks or withdrawals where the exercise of Lender's contractual right of set-off or security interest results in insufficient funds in Guarantor's account. As authorized by law, Guarantor grants to Lender this contractual right of set-off and security interest in all property of Guarantor now or at anytime hereafter in the possession of Lender, including but not limited to any joint account, special account, account by the entireties, tenancy in common, and all dividends and distributions now or hereafter in the possession or control of Lender.

14. Attorney Fees, Cost and Expenses. Guarantor shall pay all costs of collection and reasonable attorney's fees, including reasonable attorney's fees in connection with any suit, mediation or arbitration proceeding, out of Court payment agreement, trial, appeal, bankruptcy proceedings or otherwise, incurred or paid by Lender in enforcing the payment of any Liability or defending this agreement.

15. Preservation of Property. Lender shall not be bound to take any steps necessary to preserve any rights in any property pledged as collateral to Lender to secure Borrower and/or Guarantor's Liabilities and Obligations as against prior parties who may be liable in connection therewith, and Borrower and Guarantor hereby agree to take any such steps. Lender, nevertheless, at any time, may (a) take any action it deems appropriate for the care or preservation of such property or of any rights of Borrower and/or Guarantor or Lender therein; (b) demand, sue for, collect or receive any money or property at any time due, payable or receivable on account of or in exchange for any property pledged as collateral, to Lender to secure Borrower and/or Guarantor's Liabilities to Lender; (c) compromise and settle with any person liable on such property; or (d) extend the time of payment or otherwise change the terms of the Loan Documents as to any party liable on the Loan Documents, all without notice to, without incurring responsibility to, and without affecting any of the Obligations or Liabilities of Guarantor.

16. ARBITRATION. ANY CLAIM OR CONTROVERSY (CLAIM) BETWEEN THE PARTIES, WHETHER ARISING IN CONTRACT OR TORT OR BY STATUTE INCLUDING, BUT NOT LIMITED TO, CLAIMS RESULTING FROM OR RELATING TO THIS AGREEMENT SHALL, UPON THE REQUEST OF EITHER PARTY, BE RESOLVED BY BINDING ARBITRATION IN ACCORDANCE WITH THE FEDERAL ARBITRATION ACT (TITLE 9, US CODE). ARBITRATION PROCEEDINGS WILL BE CONDUCTED IN ACCORDANCE WITH THE APPLICABLE RULES FOR THE ARBITRATION OF DISPUTES OF JAMS OR ANY SUCCESSOR THEREOF. THE ARBITRATION SHALL BE CONDUCTED IN ANY U. S. STATE WHERE REAL OR TANGIBLE PERSONAL PROPERTY

COLLATERAL FOR THE CREDIT IS LOCATED OR IF THERE IS NO SUCH COLLATERAL, IN VIRGINIA. THE ARBITRATION HEARING SHALL COMMENCE WITHIN 90 DAYS OF THE DEMAND FOR ARBITRATION AND CLOSE WITHIN 90 DAYS OF COMMENCEMENT, AND ANY AWARD, WHICH MAY INCLUDE LEGAL FEES, SHALL BE ISSUED (WITH A BRIEF WRITTEN STATEMENT OF THE REASONS THEREFORE) WITHIN 30 DAYS OF THE CLOSE OF HEARING. ANY DISPUTE CONCERNING WHETHER A CLAIM IS ARBITRABLE OR BARRED BY THE STATUTE OF LIMITATIONS SHALL BE DETERMINED BY THE ARBITRATOR. THIS ARBITRATION PROVISION IS NOT INTENDED TO LIMIT THE RIGHT OF ANY PARTY TO EXERCISE SELF-HELP REMEDIES, TO SEEK AND OBTAIN INTERIM OR PROVISIONAL RELIEF OF ANY KIND OR TO INITIATE JUDICIAL OR NON-JUDICIAL FORECLOSURE AGAINST ANY REAL OR PERSONAL PROPERTY COLLATERAL. BY AGREEING TO BINDING ARBITRATION, THE PARTIES IRREVOCABLY AND VOLUNTARILY WAIVE ANY RIGHT THEY MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY CLAIM. FURTHERMORE, IF FOR ANY REASON A CLAIM IS NOT ARBITRATED, THE PARTIES IRREVOCABLY AND VOLUNTARILY AGREE TO WAIVE ANY RIGHT TO A TRIAL BY JURY IN RESPECT OF SUCH CLAIM.

17. Controlling Document. To the extent that this Continuing and Unconditional Guaranty conflicts with or is in any way incompatible with any other Loan Document concerning this Obligation, any promissory note shall control over any other document, and if such promissory note does not address an issue, then each other document shall control to the extent that it deals most specifically with an issue.

18. Execution Under Seal. This Guaranty is being executed under seal by Guarantor.

19. NOTICE OF FINAL AGREEMENT. THIS WRITTEN CONTINUING AND UNCONDITIONAL GUARANTY REPRESENTS THE FINAL AGREEMENT BETWEEN THE PARTIES AND MAY NOT BE CONTRADICTED BY EVIDENCE OF PRIOR, CONTEMPORANEOUS, OR SUBSEQUENT ORAL AGREEMENTS OF THE PARTIES. THERE ARE NO UNWRITTEN ORAL AGREEMENTS BETWEEN THE PARTIES.
