TELECOM ARGENTINA ANNOUNCES

TIMING OF APE SOLICITATION FOR ITS

DEBT RESTRUCTURING

Buenos Aires, June 21, 2004 **Telecom Argentina S.A. (BASE: TECO2, NYSE: TEO).** Telecom Argentina S.A. (**Telecom**) today announced the commencement of the solicitation to grant powers of attorney or commitments to approve the restructuring of all of its outstanding unconsolidated financial debt pursuant to an Acuerdo Preventivo Extrajudicial, or an out-of-court restructuring agreement governed by Argentine law (the **APE**).

The APE solicitation will commence on Tuesday, June 22, 2004 and will expire at 3:00 p.m., New York City time, 4:00 p.m., Buenos Aires time, on July 21, 2004, unless Telecom extends it in its sole discretion.

Telecom has been in discussions with an ad hoc committee of its creditors as well as representatives of other creditor groups, included for Italy the Associazione per la Tutela degli Investitori in Titoli Argentini (**TFA**), who have indicated their support for Telecom 's debt restructuring proposal.

Pursuant to the terms of the final APE and the terms and conditions which are set forth in detail in a solicitation statement to be distributed to holders of Telecom 's unsecured financial debt, under Telecom 's debt restructuring plan:

On the date the new notes are issued, Telecom will make a cash payment for accrued but unpaid interest on the outstanding debt from January 1, 2004 until the issue date as follows:

Edgar Filing: TELECOM ARGENTINA SA - Form 6-K

For holders who receive Telecom's Series A Notes (as described below), this payment will be calculated based on an annual rate equal to 5.53% for Series A notes denominated in US dollars, 4.83% for Series A notes denominated in euro, 1.93% for Series A notes denominated in yen and 3.23% for Series A notes denominated in pesos and the principal amount of new notes issued under this option.

For holders who receive Telecom's Series B Notes (as described below) this payment will be calculated based on an annual rate equal to 9% and the principal amount of new notes issued under this option.

For holders who receive cash under Option C (as described below), this payment will be based on the amount of interest that Telecom has accrued on the US\$663 million of available cash in Option C from January 1, 2004 until the issuance date, and will be payable at an annual rate equal to the federal funds rate.

For purposes of calculating the outstanding debt to be restructured pursuant to the APE, Telecom will increase the principal face amount of the outstanding debt to be restructured by making an adjustment corresponding to a portion of the accrued but unpaid interest on all of its outstanding debt for the period from June 25, 2002 through December 31, 2003 (the principal face amount adjustment). As a result, for each 1,000 denominated in U.S. dollars, euro or Japanese yen principal face amount of outstanding debt, a holder of outstanding debt will have 1,058 denominated in U.S. dollars, euro or Japanese yen, as applicable, of outstanding debt to be restructured pursuant to the APE.

The outstanding principal amount of the Peso Notes will be adjusted by the Coeficiente de Estabilización de Referencia, the reference stabilization coefficient as calculated by the Central Bank.

As contemplated by Telecom's debt restructuring plan described in the solicitation statement, holders of Telecom's unsecured financial debt may select among three options:

Option A: Step-Up Notes that mature in 2014 (the Series A Notes) with an initial interest coupon of 5.53% for Series A Notes denominated in U.S. dollars (4.83% for euro-denominated, 1.93% for yen-denominated and 3.23% for peso-denominated Series A Notes) from the issuance date through October 15, 2008; and 8% for Series A Notes denominated in U.S. dollars (6.89% for euro-denominated, 3.69% for yen-denominated and 3.42% for peso-denominated Series A Notes) from October 16, 2008 through October 15, 2014.

For each 1,058 aggregate principal amount of outstanding debt, including the principal face amount adjustment, holders who receive Series A Notes will receive consideration that corresponds to 100% of 1,058.

Holders may elect to receive Series A Notes denominated in the same currency as the outstanding Telecom debt held by them or in US dollars.

Principal will be due and payable in semi-annual installments and will begin amortizing on the Series A Notes commencing on October 15, 2004.

Option B: Step-Up Notes that mature in 2011 (the Series B Notes) with an initial interest coupon of 9.0% from the issuance date through October 15, 2005, 10.0% from October 16, 2005 through October 15, 2008 and 11.0% from October 16, 2008 through October 15, 2011.

For each 1,058 aggregate principal amount of outstanding debt, including principal face amount adjustment, holders who receive Series B Notes will receive consideration that corresponds to approximately 94.5% of 1,058.

Holders who elect to receive the Series B Notes agree that up to 37.5% of the outstanding Telecom debt held by them may be allocated to Option C to the extent Option C is not fully subscribed.

Series B Notes will only be denominated in equivalent US dollars.

Principal will be due and payable in semi-annual installments and will begin amortizing on the Series B Notes commencing on October 15, 2004.

Edgar Filing: TELECOM ARGENTINA SA - Form 6-K

A maximum of US\$1,376 million of principal amount of outstanding debt, including the principal face amount adjustment, may be retired under Option B.

Option C: Cash at a price from 740 to 850 per 1,058 principal amount of outstanding debt, including the principal face amount adjustment, as determined pursuant to a Modified Dutch Auction process.

The Option C cash consideration will be paid in equivalent U.S. dollars.

A maximum of US\$825 million of outstanding principal amount, including the principal face amount adjustment, may be retired under Option C.

The APE solicitation and the execution of the APE is subject to the condition that holders of Telecom's outstanding debt elect to retire at least the equivalent of US\$300 million of Telecom's principal amount of outstanding debt including principal face amount adjustment under Option A.

The completion of the APE and the issuance date of the notes will also depend on obtaining requisite majorities approving the APE (in accordance with the Argentine Bankruptcy Law), the judicial homologation of the APE and additional conditions precedent as described in the Solicitation Statement filed with the Argentine Comisión Nacional de Valores, the U.S. Securities and Exchange Commission and the Italian Commissione Nazionale per le Società e la Borsa (CONSOB). Pursuant to applicable Argentine law, the Solicitation Statement will be filed with the Argentine Comisión Nacional de Valores on June 22, 2004.
