SUMMARY

Denny's Corporation

We are America's largest full-service family-style restaurant chain, consisting of 554 company-owned units and 1,062 franchised and licensed units, with operations in the United States, Canada, Costa Rica, Guam, Mexico, New Zealand and Puerto Rico.

Denny's restaurants generally are open 24 hours a day, 7 days a week. This always open operating platform is a distinctive competitive advantage. Our abundant value strategy promotes high quality, generous portions and reasonable prices with friendly and efficient service in a pleasant atmosphere. Denny's expansive menu offers traditional American-style food such as hamburgers and fries, grilled chicken breast dinners, the very popular Grand Slam breakfast and our Meat Lover's breakfast.

Our principal executive offices are located at 203 East Main Street, Spartanburg, South Carolina 29319, and our telephone number at that address is (864) 597-8000. For additional information regarding us and our business, see "Where You Can Find More Information" and "Incorporation of Certain Documents By Reference."

Recent Developments

On July 7, 2004, we sold 48,429,997 shares of common stock in a private placement to the Selling Stockholders, pursuant to the terms of Subscription Agreements, each dated as of July 6, 2004, by and between each Selling Stockholder and us. The Selling Stockholders paid a purchase price of \$1.90 per share of common stock, resulting in aggregate gross proceeds to us of approximately \$92 million. The proceeds from the equity placement have been applied to reduce indebtedness and for general corporate purposes. As of July 29, 2004, we have repurchased approximately \$35 million aggregate principal amount of our 11.25% Senior Notes, leaving a balance outstanding of \$343.9 million. As of August 26, 2004, we have also repurchased approximately \$9 million aggregate principal amount of our 12.75% Senior Notes, leaving a balance outstanding of \$111.7 million. In addition, we have paid off the \$40 million balance outstanding under the term loan portion of our credit facility. As previously reported, we are now evaluating our recapitalization alternatives which may include refinancing our credit facility as well as refinancing some or all of the balance of our senior notes.

As part of each Subscription Agreement, we entered into a Registration Rights Agreement dated as of July 6, 2004 with each Selling Stockholder pursuant to which we agreed to file a registration statement with the Securities and Exchange Commission, or the Commission, to register the shares held by the Selling Stockholders for resale. The registration statement of which this prospectus is a part was filed with the Commission pursuant to the Registration Rights Agreement.

On August 13, 2004, our subsidiaries, Denny's Inc. and Denny's Realty Inc., entered into a commitment letter for \$275 million of senior secured credit facilities. The new facilities will consist of a \$200 million, five-year term loan and a \$75 million, four-year revolving credit facility. Banc of America Securities LLC and UBS Securities LLC will act as joint lead arrangers for the new facilities. The new credit facilities will refinance our existing credit facility, refinance a portion of our existing senior notes and be available for working capital, capital expenditures and other general corporate purposes. The new credit facilities will be guaranteed by Denny's Corporation and its other subsidiaries and will generally be secured by liens on the same collateral that secure our existing facility. The closing of the new credit facilities, expected to occur in September of 2004, is subject to, among other conditions, the negotiation of definitive agreements on mutually acceptable terms, as well as other customary

Edgar Filing: DENNYS CORP - Form S-3/A

conditions for financings of this type. If we are unable to close on the new credit facilities before our current facility expires, our financial condition and results of operations will be materially affected.

RISK FACTORS

An investment in our common stock involves a high degree of risk. In addition to the other information contained in this prospectus and in documents that we incorporate by reference into this prospectus, you should carefully consider the following risks before purchasing our common stock. If any of these risks occurs, our business, financial condition and operating results could be materially adversely affected. The following are not the only risks and uncertainties we face. Additional risks and uncertainties of which we are unaware or which we currently believe are immaterial could also adversely affect our business, financial condition or results of operations. In any case, the trading price of our common stock could decline and you could lose all or part of your investment. See also Forward Looking Statements.

Our substantial indebtedness could adversely affect our operations.

We have now and will continue to have a significant amount of indebtedness. As of June 30, 2004, we had total indebtedness of approximately \$582.5 million and a shareholders' deficit of approximately \$324.3 million.

Our substantial indebtedness could have important consequences. For example, it could:

make it more difficult for us to satisfy our obligations with respect to our indebtedness;

require us to continue to dedicate a substantial portion of our cash flow from operations to payments on our indebtedness, which would reduce the availability of our cash flow to fund future working capital, capital expenditures, acquisitions and other general corporate purposes;

increase our vulnerability to general adverse economic and industry conditions;

limit our flexibility in planning for, or reacting to, changes in our business and the industry in which we operate;

restrict us from making strategic acquisitions or pursuing business opportunities;

place us at a competitive disadvantage compared to our competitors that have relatively less indebtedness; and

limit, along with the financial and other restrictive covenants in our indebtedness, among other things, our ability to borrow additional funds. Failing to comply with those covenants could result in an event of default which, if not cured or waived, could have a material adverse effect on our business, financial condition and results of operations.

Inability to refinance our credit facility could adversely affect our financial condition and results of operations.

Edgar Filing: DENNYS CORP - Form S-3/A

Our current credit facility expires on December 20, 2004. We continue to be dependent upon our credit facility in order to provide liquidity for continuing operations. We currently believe that our cash flow from operations, combined with our current cash and cash equivalents balances and capacity for additional borrowings under our credit facility will enable us to meet our anticipated cash requirements and capital expenditures through December 20, 2004.

Our ability to maintain continuity of operations will depend on a number of factors, including our ability to negotiate a replacement credit facility. Though we believe that we will be able to obtain a refinancing of our credit facility before our current facility expires, no assurance can be given that such additional financing, when needed, will be available on terms favorable to us, if at all. Our substantial existing debt and our credit profile classification as non-investment grade may affect our ability to negotiate acceptable terms to a replacement credit facility. If we are unable to negotiate a replacement credit facility, our financial condition and results of operations will be materially affected.

Despite current indebtedness levels, we and our subsidiaries may still incur substantially more indebtedness, including secured indebtedness. Incurring more indebtedness could intensify the risks described above.

Subject to the restrictions in our credit facility and the indentures governing our senior notes, we may incur significant additional indebtedness. Although the terms of the indentures governing our senior notes and our credit facility contain restrictions on the incurrence of additional indebtedness, these restrictions are subject to a number of qualifications and exceptions, and additional indebtedness incurred in compliance with these restrictions could be substantial. If new debt is added to our current debt levels, the related risks that we and they

Table of Contents

now face could intensify. At June 30, 2004, we had outstanding revolving loans of \$1.7 million, letters of credit of \$35.1 million and term loans of \$40 million under our credit facility, leaving net availability of \$78.2 million. At July 29, 2004, with the prepayment of the term loans and the reduction of our commitments under our credit facility, we had outstanding revolving loans of \$5.4 million, and letters of credit of \$34.8 million under our credit facility, leaving net availability of \$74.8 million. We continue to monitor our cash flow and liquidity needs. Although we believe that funds from operations and amounts available under our working capital facility will be adequate to cover those needs, we may seek additional sources of funds including additional financing sources and continued selected asset sales, to maintain sufficient cash flow to fund our ongoing operating needs, pay interest and scheduled debt amortization and fund anticipated capital expenditures over the next twelve months.

As a holding company, Denny's depends on upstream payments from its operating subsidiaries.

Denny's is a holding company, which currently conducts its operations through consolidated subsidiaries. As such, substantially all of our assets are owned by our subsidiaries. Accordingly, we depend upon dividends, loans and other intercompany transfers from our subsidiaries to meet our debt service and other obligations. These transfers are subject to contractual restrictions and are contingent upon the earnings of our subsidiaries.

Our ability to generate cash depends on many factors beyond our control, and we may not be able to generate the cash required to service or repay our indebtedness.

Our ability to pay or to refinance our indebtedness, including our credit facility which matures in December of 2004, will depend upon our future operating performance, which will be affected by general economic, financial, competitive, legislative, regulatory and other factors that are beyond our control. Our historical financial results have been, and our future financial results are expected to be, subject to substantial fluctuations. We cannot be sure that our business will generate sufficient cash flow from operations, that currently anticipated revenue growth and operating improvements will be realized or that future borrowings will be available to us under our credit facility (currently set to expire in December 2004), or any refinancing thereof, in amounts sufficient to enable us to service or reduce our indebtedness or to fund our other liquidity needs. Our ability to maintain or increase operating cash flow will depend upon:

consumer tastes;

the success of our marketing initiatives and other efforts by us to increase customer traffic in our restaurants; and

prevailing economic conditions and other matters, many of which are beyond our control.

If we are unable to meet our debt service obligations or fund other liquidity needs, we may need to refinance all or a portion of our indebtedness on or before maturity or seek additional equity capital. We cannot be sure that we will be able to pay or refinance our indebtedness or obtain additional equity capital on commercially reasonable terms, or at all.

Restrictive covenants in our debt instruments restrict or prohibit our ability to engage in or enter into a variety of transactions, which could adversely affect us.

Edgar Filing: DENNYS CORP - Form S-3/A

The indentures governing Denny's senior notes contain various covenants that limit, among other things, our ability to:

incur additional indebtedness;

pay dividends or make distributions or certain other restricted payments;

make certain investments;

create dividend or other payment restrictions affecting restricted subsidiaries;

Table of Contents

issue or sell capital stock of restricted subsidiaries;

guarantee indebtedness;

enter into transactions with stockholders or affiliates;

create liens;

sell assets and use the proceeds thereof;

engage in sale-leaseback transactions; and

enter into certain mergers and consolidations.

The credit facility contains similar and additional restrictive covenants, including financial maintenance requirements. If and when we refinance our credit facility, we may become subject to similar or more restrictive covenants. These covenants could have an adverse effect on our business by limiting our ability to take advantage of financing, merger and acquisition or other corporate opportunities and to fund our operations.

A breach of a covenant in our debt instruments could cause acceleration of a significant portion of our outstanding indebtedness.

A breach of a covenant or other provision in any debt instrument governing our current or future indebtedness could result in a default under that instrument and, due to cross-default and cross-acceleration provisions, could result in a default under our other debt instruments. In addition, our credit facility requires us to maintain certain financial ratios. Our ability to comply with these covenants may be affected by events beyond our control, and we cannot be sure that we will be able to comply with these covenants. Upon the occurrence of an event of default under the credit facility or any other debt instrument, the lenders could elect to declare all amounts outstanding to be immediately due and payable and terminate all commitments to extend further credit. If we were unable to repay those amounts, the lenders could proceed against the collateral granted to them, if any, to secure the indebtedness. If the lenders under our current or future indebtedness accelerate the payment of the indebtedness, we cannot be sure that our assets would be sufficient to repay in full our outstanding indebtedness.

Additional shares of our common stock will become eligible for sale, and significant sales of such shares could result in a decrease in the price of our common stock.

The market price for our common stock could drop as a result of sales of large numbers of shares in the market or the perception that such sales could occur. On July 7, 2004, we completed a private placement of 48,429,997 shares of our common stock to the Selling Stockholders and agreed to register these shares for resale without restriction with the Commission. The registration statement of which this prospectus is a part was filed with the Commission pursuant to a Registration Rights Agreement with the Selling Stockholders. When the registration statement becomes effective, the shares will be freely transferable.

The restaurant business is highly competitive.

The restaurant business is highly competitive and the competition is expected to increase. If we are unable to compete effectively, our business will be adversely affected. The following are important aspects of competition:

price;

restaurant location;

food quality;

quality and speed of service;

Table of Contents

attractiveness and repair and maintenance of facilities; and

the effectiveness of marketing and advertising programs.

Our restaurants compete with a wide variety of restaurants ranging from national and regional restaurant chains (some of which have substantially greater financial resources than we do) to locally owned restaurants. There is also active competition for advantageous commercial real estate sites suitable for restaurants.

Food service businesses may be adversely affected by changes in consumer tastes, economic conditions and demographic trends.

Food service businesses are often adversely affected by changes in:

consumer tastes;

national, regional and local economic conditions; and

demographic trends.

The performance of individual restaurants may be adversely affected by factors such as:

traffic patterns;

demographic consideration; and

the type, number and location of competing restaurants.

Multi-unit food service chains such as ours can also be materially and adversely affected by publicity resulting from:

poor food quality;

illness;

injury; and

other health concerns or operating issues.

Dependence on frequent deliveries of fresh produce and groceries subjects food service businesses to the risk that shortages or interruptions in supply caused by adverse weather or other conditions could adversely affect the availability, quality and cost of ingredients. In addition, the food service industry in general and our results of operations and financial condition in particular may also be adversely affected by unfavorable trends or developments such as:

inflation;

increased food costs;

labor and employee benefits costs (including increases in minimum hourly wage and employment tax rates);

regional weather conditions; and

the availability of experienced management and hourly employees.

The locations where we have restaurants may cease to be attractive as demographic patterns change.

The success of our owned and franchised restaurants is significantly influenced by location. Current locations may not continue to be attractive as demographic patterns change. It is possible that the neighborhood or economic conditions where our restaurants are located could decline in the future, potentially resulting in reduced sales in those locations.

Table of Contents

There are numerous risks related to franchising.

The majority of Denny's restaurants are owned and operated by independent franchisees. Many Denny's franchisees have experienced financial difficulties. In the last five years, several franchisees, including the largest, have been liquidated through bankruptcy. Our franchise agreement requires each franchisee to remodel the restaurant every seven or eight years, and a franchisee may not have sufficient funds available to complete the work and continue in operations. The royalties, contributions to advertising and, in some cases, rents we receive from franchise restaurants depend on the financial health of the franchisee as well as operating results of the franchisee at a particular location.

Although the loss of revenues from the closure of any one franchise restaurant may not be material, such revenues generate margins that exceed those generated by company-owned restaurants or offset expenses which we continue to incur, such as rental expense on those restaurants that we originally owned and leased.

Our business model has from time to time involved the sale of company-owned restaurants to franchisees, many of whom borrowed heavily to acquire the businesses. While we hold very little of that debt, the high leverage of franchisees might put them at a disadvantage with respect to competitors.

The interests of franchisees, as owners of the majority of Denny's restaurants, might sometimes conflict with our interests. For example, whereas franchisees are concerned with their individual business strategies and objectives, we are responsible for ensuring the success of our entire chain of restaurants and for taking a longer-term view with respect to system improvements.

Numerous government regulations impact our business.

We and our franchisees are subject to federal, state and local laws and regulations governing, among other things:

health;

sanitation;

environmental matters;

safety;

the sale of alcoholic beverages; and

hiring and employment practices, including minimum wage laws.

Edgar Filing: DENNYS CORP - Form S-3/A

Restaurant operations are also subject to federal and state laws that prohibit discrimination and laws regulating the design and operation of facilities, such as the Americans with Disabilities Act of 1990. The operation of our franchisee system is also subject to regulations enacted by a number of states and rules promulgated by the Federal Trade Commission. If we or our franchisees fail to comply with these laws and regulations, we could be subjected to closure, fines, penalties, and litigation, which may be costly. We cannot predict the effect on our operations, particularly on our relationship with franchisees, caused by the future enactment of additional legislation regulating the franchise relationship.

Negative publicity generated by incidents at a few restaurants can adversely affect the operating results of our entire chain and the Denny's brand.

Food safety concerns, criminal activity, alleged discrimination or other operating issues stemming from one restaurant or a limited number of restaurants do not just impact that particular restaurant or a limited number of

Table of Contents

restaurants. Rather, our entire chain of restaurants is at risk from negative publicity generated by an incident at a single restaurant. This negative publicity can adversely affect the operating results of our entire chain and the Denny's brand.

Our common stock is traded in the over-the-counter market, and it may never be listed on a national exchange.

Our common stock is currently traded in the over-the-counter market and quoted on the OTC Bulletin Board under the symbol DNYY. Our common stock may never be listed on a national securities exchange or Nasdaq. This means that it may be hard or impossible to find a willing buyer for our common stock in the future.

We do not intend to pay dividends in the foreseeable future.

The terms of our credit facility and the indentures governing our senior notes prevent us from declaring or paying any cash dividend on our common stock. We intend to retain any earnings we generate for use in operation and expansion of our business and, therefore, do not anticipate paying any dividends on our common stock in the foreseeable future.

adverse publicity;

terms and availability of capital;

PLAN OF DISTRIBUTION

Each of the Selling Stockholders is acting independently of us in making decisions with respect to the timing, manner and size of each sale of shares and have not advised us of any specific plan for distribution of the shares offered by this prospectus. The Selling Stockholders and any of their pledgees, assignees and successors-in-interest may, from time to time, sell any or all of their shares of common stock on any stock exchange, market or trading facility on which the shares are traded or in private transactions, subject to applicable law. These sales may be public or private at prices prevailing in such market, fixed prices or prices negotiated at the time of sale. The shares may be sold by the Selling Stockholders directly to one or more purchasers, through agents designated from time to time or to or through broker-dealers designated from time to time. In the event the shares are publicly offered through broker-dealers or agents, the Selling Stockholders may enter into agreements with respect thereto. The Selling Stockholders may, subject to applicable law, also use any one or more of the following methods when selling shares:

ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;

block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;

purchases by a broker-dealer as principal and resale by the broker-dealer for its account;

an exchange distribution in accordance with the rules of the applicable exchange;

privately negotiated transactions;

short sales;

sales by broker-dealers of a specified number of such shares at a stipulated price per share;

a combination of any such methods of sale; or

any other method permitted pursuant to applicable law.

The Selling Stockholders may also sell shares under Rule 144 under the Securities Act of 1933, as amended, or the Securities Act, if available, rather than under this prospectus. The Selling Stockholders may also engage in short sales against the box, puts and calls and other transactions in our securities or derivatives of our securities and may sell or deliver shares in connection with these trades.

Edgar Filing: DENNYS CORP - Form S-3/A

Broker-dealers engaged by the Selling Stockholders may arrange for other brokers-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the Selling Stockholders (or, if any broker-dealer acts as agent for the purchaser of shares, from the purchaser) in amounts to be negotiated. The Selling Stockholders do not expect these commissions and discounts to exceed what is customary in the types of transactions involved. Discounts, concessions, commissions and similar selling expenses, if any, attributable to the sale of shares will be borne by a Selling Stockholder. The Selling Stockholders may agree to indemnify any agent, dealer or broker-dealer that participates in transactions involving sales of the shares if liabilities are imposed on that person under the Securities Act.

Table of Contents

The Selling Stockholder may from time to time pledge or grant a security interest in some or all of the shares of common stock owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the shares of common stock from time to time under this prospectus, or under an amendment to this prospectus under Rule 424(b)(3), or other applicable provision of the Securities Act of 1933, amending the list of Selling Stockholders to include the pledgee, transferee or other successors in interest as selling stockholders under this prospectus.

The Selling Stockholders also may transfer the shares of common stock in other circumstances, in which case the transferees, pledgees, donees or other successors in interest will be the selling beneficial owners for purposes of this prospectus and may sell the shares of common stock from time to time under this prospectus, or under an amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act amending the list of Selling Stockholders to include the pledgee, transferee, donee or other successors in interest as Selling Stockholders under this prospectus. The Selling Stockholders and the broker-dealers or agents that participate in the distribution of the shares may be deemed to be underwriters within the meaning of the Securities Act in connection with such sales. In such event, any discounts and any commissions received by such broker-dealers or agents and any profit on the sale of the shares purchased by them and any discounts or commissions might be deemed to be underwriting discounts or commissions under the Securities Act. Any such Selling Stockholders, broker-dealers and agents may engage in transactions with, and perform services for, us. At the time a particular offer of shares is made by the Selling Stockholders, to the extent required, a prospectus will be distributed which will set forth the aggregate number of shares being offered, and the terms of the offering, including the public offering price thereof, the name or names of any broker-dealers or agents, any discounts, commissions and other items constituting compensation from, and the resulting net proceeds to, the Selling Stockholders. Each Selling Stockholder has purchased the shares of our common stock in the ordinary course of business.

In order to comply with the securities laws of certain states, sales of shares offered hereby to the public in such states may be made only through broker-dealers who are registered or licensed in such states. Sales of shares offered hereby must also be made by the Selling Stockholders in compliance with other applicable state securities laws and regulations. We are required to pay all fees and expenses incident to the registration of the shares; provided, that the Selling Stockholders are required, severally and not jointly, to pay any legal or other fees incurred by such Selling Stockholders and all underwriting fees and discounts, selling commissions, brokerage fees and stock transfer taxes applicable to shares sold by such Selling Stockholders hereby. We have agreed to indemnify the Selling Stockholders against certain losses, claims, damages and liabilities, including liabilities under the Securities Act.

The Selling Stockholders have advised us that they have not entered into any agreements, understandings or arrangements with any underwriters or broker-dealers regarding the sale of shares of common stock, nor is there an underwriter or coordinating broker acting in connection with a proposed sale of shares of common stock by any Selling Stockholder. If we are notified by any Selling Stockholder that any material arrangement has been entered into with a broker-dealer for the sale of shares of common stock, if required, we will file a supplement to this prospectus disclosing (i) the name of each such Selling Stockholder and of the participating broker-dealer(s), (ii) the number of shares involved, (iii) the price at which such shares were sold, (iv) the commissions paid or discounts or concessions allowed to such broker-dealer(s), where applicable, (v) that such broker-dealer(s) did not conduct any investigation to verify the information set out or incorporated by reference in this prospectus and (vi) other facts material to the transaction. In addition, if we are notified by a Selling Stockholder that a donee or pledgee intends to sell more than 500 shares, a supplement to this prospectus will be filed.

Each Selling Stockholder and any other person participating in such distribution will be subject to applicable provisions of the Exchange Act, and the rules and regulations thereunder, including, without limitation, Regulation M of the Exchange Act, which may limit the timing of purchases and sales of any of the shares of common stock by the Selling Stockholders and any other participating person. Regulation M may also restrict the ability of any person engaged in the distribution of the shares of common stock to engage in

market-making activities with respect to the shares of common stock. All of the foregoing may affect the marketability of the shares of common stock and the ability of any person or entity to engage in market-making activities with respect to the shares of common stock.

We may suspend the use of this prospectus for one or more reasonable periods of time if we reasonably determine that sales of shares under this prospectus would require premature disclosure of information we determine not to be in our best interest to disclose and which we are not otherwise required to disclose. If such a suspension occurs, we will file a prospectus supplement or post-effective amendment, if required.

Item 15. *Indemnification of Directors and Officers*

Denny's Corporation is a Delaware corporation. Reference is made to Section 102(b)(7) of the Delaware General Corporation Law (the "DGCL"), which enables a corporation in its original certificate of incorporation or an amendment thereto to eliminate or limit the personal liability of a director to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except (i) for any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or knowing violation of law, (iii) pursuant to Section 174 of the DGCL (providing for liability of directors for unlawful payment of dividends or unlawful stock purchases or redemptions) or (iv) for any transaction from which a director derived an improper personal benefit.

Reference is also made to Section 145 of the DGCL, which provides that a corporation may indemnify any persons, including officers and directors, who are, or are threatened to be made, parties to any threatened, pending or completed legal action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of such corporation), by reason of the fact that such person is or was an officer, director, employee or agent of such corporation or is or was serving at the request of such corporation as an officer, director, employee or agent of another corporation or enterprise. The indemnity may include expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding, provided such officer, director, employee or agent acted in good faith and in a manner he reasonably believed to be in or not opposed to the corporation's best interests and, with respect to any criminal action or proceeding, had no reasonable cause to believe that his conduct was unlawful. A Delaware corporation may indemnify officers, directors, employees and agents in an action by or in the right of the corporation under the same conditions, except that no indemnification is permitted without judicial approval if the officer, director, employee or agent is adjudged to be liable to the corporation. Where an officer, director, employee or agent is successful on the merits or otherwise in the defense of any action referred to above,

Edgar Filing: DENNYS CORP - Form S-3/A

the corporation must indemnify him against the expenses that such officer, director, employee or agent actually and reasonably incurs.

Denny's Corporation's Restated Certificate of Incorporation and By-Laws provide for indemnification of its officers and directors to the full extent permitted under Delaware law. Specifically, Articles Sixth and Seventh of the Restated Certificate of Incorporation provide for indemnification of officers and directors to the extent permitted by Section 145 of the DGCL and the elimination of liability of directors to the extent permitted by Section 102(b)(7) of the DGCL, and Article 5, Section 14 of the By-Laws provides for indemnification of officers and directors to the extent permitted by Section 145 of the DGCL. Consequently, Denny's Corporation

maintains officers' and directors' liability insurance for the benefit of its officers and directors. The Employment Agreement dated November 1, 2003 between Denny's Corporation and Nelson J. Marchioli also provides for the indemnification of Mr. Marchioli by Denny's Corporation to the extent permitted by Delaware law and, in connection therewith, calls for the advancement of attorneys' fees and expenses (subject to repayment in certain circumstances).

Item 17. Undertakings

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933 (the "Securities Act");

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement.

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (1)(i) and (1)(ii) of this section do not apply if the registration statement is on Form S-3, Form S-8 or Form F-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein and the offering of such securities at that time shall be deemed the initial *bona fide* offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

Table of Contents

The undersigned registrant hereby undertakes that:

(1) For purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
