Effective March 25, 2005, Mr. David W. Gyska was appointed to serve as a member of the board of directors (the Board) of Seattle Genetics, Inc. (the Company). A copy of the related press release is furnished as Exhibit 99.1 to this Current Report.

From November 2000 to October 2004, Mr. Gyska served as Senior Vice President and Chief Financial Officer of Scios Inc., a biopharmaceutical company, and from December 1998 to November 2000, he was Vice President of Finance and Chief Financial Officer of Scios Inc. From 1993 to December 1998, Mr. Gyska was Vice President, Finance and Chief Financial Officer of Cardiac Pathways Corporation, a medical device company. Mr. Gyska was with Ernst & Young LLP from 1982 to 1993 and served as a partner from 1989 to 1993. Mr. Gyska holds a B.A. in accounting and a B.A. in finance from Loyola University of Chicago and an M.B.A. from Golden Gate University.

Pursuant to the Company's automatic option grant program for non-employee directors under the Company's 2000 Directors' Stock Option Plan, Mr. Gyska was granted an option to purchase 25,000 shares of the Company's Common Stock. The exercise price per share is equal to the fair market value per share on the date the option was granted. The option shall vest and become exercisable at the rate of one-fourth (1/4) of the shares subject to the option on the first anniversary of the date of grant of the option and 1/36 of the remaining shares subject to the option each month thereafter. Vesting accelerates under certain circumstances.

Also pursuant to the Company's automatic option grant program, starting in 2006, Mr. Gyska will receive an option to purchase 10,000 shares of the Company's Common Stock at each regular annual meeting of the Company's stockholders, provided that he continues to be a member of the Board. The exercise price per share of each option will be equal to the fair market value per share on the date such option is granted. For each of these annual option grants, 100% of the option shares shall vest on the day before the first anniversary of the date of grant of each annual option. Vesting accelerates under certain circumstances.

The Company also announced that on March 25, 2005, Douglas E. Williams, Ph.D., a Class II member of the Board informed the Company he will be resigning from the Board effective as of March 25, 2005. Dr. Williams' decision was not as a result of any disagreements with the Company.
