

LG.Philips LCD Co., Ltd.
Form 6-K
February 08, 2006

SECURITIES AND EXCHANGE COMMISSION

Washington, D.C. 20549

Form 6-K

**REPORT OF FOREIGN PRIVATE ISSUER
PURSUANT TO RULE 13a-16 OR 15d-16 UNDER
THE SECURITIES EXCHANGE ACT OF 1934**

For the month of February 2006

LG.Philips LCD Co., Ltd.

(Translation of Registrant's name into English)

20 Yoido-dong, Youngdungpo-gu, Seoul 150-721, The Republic of Korea

(Address of principal executive offices)

Indicate by check mark whether the registrant files or will file annual reports under cover of Form 20-F or Form 40-F.

Form 20-F Form 40-F

Edgar Filing: LG.Philips LCD Co., Ltd. - Form 6-K

Indicate by check mark if the registrant is submitting the Form 6-K in paper as permitted by Regulation S-T Rule 101(b)(1): _____

Note: Regulation S-T Rule 101(b)(1) only permits the submission in paper of a Form 6-K if submitted solely to provide an attached annual report to security holders.

Indicate by check mark if the registrant is submitting the Form 6-K in paper as permitted by Regulation S-T Rule 101(b)(7): _____

Note: Regulation S-T Rule 101(b)(7) only permits the submission in paper of a Form 6-K if submission to furnish a report or other document that the registration foreign private issuer must furnish and make public under the laws of the jurisdiction in which the registrant is incorporated, domiciled or legally organized (the registrant's home country), or under the rules of the home country exchange on which the registrant's securities are traded, as long as the report or other document is not a press release, is not required to be and has not been distributed to the registrant's security holders, and if discussing a material event, has already been the subject of a Form 6-K submission or other Commission filing on EDGAR.

Indicate by check mark whether by furnishing the information contained in this Form, the registrant is also thereby furnishing the information to the Commission pursuant to Rule 12g3-2(b) under the Securities Exchange Act of 1934.

Yes _____ No X

I. Activities and Remuneration of Outside Directors, etc.

3. Remuneration of Outside Directors & Non-Standing Directors

(KRW Million)

| | <u>Number of Persons</u> | <u>Remuneration Limit*</u> | <u>Results</u> | <u>Average Payment per Person</u> | <u>Remarks</u> |
|------------------------|------------------------------|--------------------------------|----------------|---------------------------------------|----------------|
| Non-Standing Director | 2 | 13,400 | 43 | 21.5 | |
| (Non-Outside Director) | | | | | |
| Outside Director | 5** | | 235 | 47 | |

* Remuneration limit for the total 9 directors, including standing directors

** The number of outside directors increased from 2 to 5 as 3 outside directors were newly appointed at the AGM on March 23, 2005.

II. 2005 Total Amount of Transactions of LG.Philips LCD H.Q. with Major Shareholders and Their Affiliates, which is equivalent to 5% or more of 2004 Total Assets or Sales Revenue.

(KRW Billion)

| <u>Transaction Type</u> | <u>Counterpart (Relationship)</u> | <u>Transaction Period</u> | <u>Transaction Amount</u> | <u>Ratio*</u> |
|-------------------------|--|------------------------------|---------------------------|---------------|
| Sales, etc. | LG.Philips LCD America Inc. (Subsidiary) | Jan. 1, 2005 ~ Dec. 31, 2005 | 787 | 9.7% |
| Sales, etc. | LG.Philips LCD Germany GmbH (Subsidiary) | Jan. 1, 2005 ~ Dec. 31, 2005 | 1,021 | 12.6% |
| Sales, etc. | LG.Philips LCD Japan Co., Ltd. (Subsidiary) | Jan. 1, 2005 ~ Dec. 31, 2005 | 891 | 11.0% |
| Sales, etc. | LG.Philips LCD Taiwan Co., Ltd. (Subsidiary) | Jan. 1, 2005 ~ Dec. 31, 2005 | 792 | 9.8% |
| Sales, etc. | LG.Philips LCD Hong Kong Co., Ltd. (Subsidiary) | Jan. 1, 2005 ~ Dec. 31, 2005 | 516 | 6.4% |
| Sales, etc. | LG.Philips LCD Shanghai Co., Ltd. (Subsidiary) | Jan. 1, 2005 ~ Dec. 31, 2005 | 818 | 10.1% |
| Sales, etc. | LG.Philips LCD Nanjing Co., Ltd. (Subsidiary) | Jan. 1, 2005 ~ Dec. 31, 2005 | 3,058 | 37.8% |
| Sales/Purchase | LG Electronics Inc. (Largest Shareholder) | Jan. 1, 2005 ~ Dec. 31, 2005 | 566 | 7.0% |
| Purchase, etc | LG Chem. Ltd. (Affiliate) | Jan. 1, 2005 ~ Dec. 31, 2005 | 406 | 5.0% |
| Purchase, etc | LG International Japan Co., Ltd. (Subsidiary of Affiliate) | Jan. 1, 2005 ~ Dec. 31, 2005 | 1,074 | 13.3% |

* Compared to 2004 non-consolidated Sales Revenue (KRW 8,079.9 Billion)

** Transaction amount is to be reported in the audit report of FY 2005 and subject to change.

III. Reference Relating to the Business

1. Overview

A. Industry

(1) Industry characteristics and growth potential

- TFT-LCD technology is one of the most widely used technologies in the manufacture of flat panel displays and the demand for flat panel displays is growing rapidly. The flat panel display industry is characterized by high entry barriers due to rapidly evolving technology, capital-intensive characteristics, and the significant investments required to achieve economies of scale, among other factors. There is strong competition between a limited number of players within the industry and production capacity in the industry, including ours, is being increased.
- The demand for LCD panels for Notebook PCs & Monitors has been closely related to the IT industry cycle. The demand for LCD panels for TVs is growing with the start of HDTV broadcasting and as LCD TV is anticipated to play a key role in the digital display area. We expect competition between TFT-LCD and PDP technologies to intensify in the area of large flat TV products. In addition, LCD panel markets for applications, such as mobile phones, PDAs, medical applications and automobile navigation systems, among others, are growing steadily.
- The average selling prices of our display panels have declined in general and are expected to continually decline with time irrespective of industry-wide fluctuations as a result of, among other factors, technology advances and cost reductions.

(2) Cyclicity of LCD industry

- The TFT-LCD business has high cyclicity as well as being a capital intensive business. In spite of the increase in demand for products, this industry has experienced periodic volatility caused by imbalances between demand and supply due to capacity expansion within the industry.
- Intense competition and expectations of demand growth may lead panel manufacturers to invest in manufacturing capacity on similar schedules, resulting in a surge in capacity when production is ramped up at new fabrication facilities.
- During such surges in capacity growth, our customers can exert and have exerted strong downward pricing pressure, resulting in sharp declines in average selling prices and significant fluctuations in our gross margins. Conversely, demand surges and fluctuations in the supply chain can lead to price increases.

(3) Competitiveness

- Our ability to compete successfully also depends on factors both within and outside our control, including product price, performance and reliability, successful and timely investment and product development, success of our end-brand customers in marketing their brands and products, component and raw material supply costs, and general economic and industry conditions.
- Core competitiveness includes technology leadership, capability to design new products and premium products, timely investment in advanced fabs, cost leadership through application of large production lines, innovation of process and productivity, and collaborative customer relationships.
- Most importantly, cost leadership and stable and long-term relationships with customers are critical to secure profit even in a buyer's market.
- A substantial portion of our sales is attributable to a limited group of end-brand customers and their designated system integrators. The loss of these end-brand customers, as a result of customers entering into strategic supplier arrangements with our competitors or otherwise, would thus result in reduced sales.
- Developing new products and technologies that can be differentiated from those of our competitors is critical to the success of our business. We take active measures to protect our intellectual property internationally by obtaining patents and undertaking monitoring activities in our major markets. It is also necessary to recruit and retain the experienced key staffs and highly skilled line operators.

(4) Sourcing material

- Materials are sourced in-house (color filters) as well as from domestic and overseas vendors. However, recently, the domestic portion is growing due to the active participation of domestic vendors.
- The shortage of raw materials may arise temporarily due to the rapid increase in demand for raw materials from capacity expansion in the TFT-LCD industry.
- We have purchased, and expect to purchase, a substantial portion of our equipment from a limited number of qualified foreign and local suppliers. From time to time, increased demand for new equipment may cause lead times to extend beyond those normally required by the equipment vendors.

(5) Others

- Most TFT-LCD panel makers are located in Asia.

a. Korea: LG.Philips LCD, Samsung Electronics (including Joint Venture between Samsung

Electronics and Sony Corporation), BOE-Hydis

b. Taiwan: AU Optronics, Chi Mei Optoelectronics, CPT, QDI, etc.

c. Japan: Sharp, Hitachi, etc.

d. China: SVA-NEC, BOE-OT, etc.

B. Company

(1) Company overview

- We started the TFT-LCD business in 1998. We currently operate seven fabrication facilities located in Gumi and Paju, Korea and four module facilities located in Gumi & Paju, Korea and Nanjing, China.
- We became the first LCD maker in the world to commence commercial production at a 4th generation fab (P3) in July 2000 and at a 5th generation fab (P4) in March 2002, and we started mass production at our 6th generation fab (P6) in August 2004, which allows us to produce LCD panels for large TVs and monitors. Following mass production at our 7th generation fab (P7) in January 2006, we became a panel maker who operates both 6th and 7th generation lines, which we believe will strengthen our position as a leader in the LCD TV market.
- In the fiscal year 2005, despite the difficult business environment, including a fall in product prices, volatile foreign exchange rates and high oil prices, our non-consolidated sales revenue grew 10% year-on-year to KRW 8,890 billion with operating income of KRW 448 billion and net income of KRW 517 billion.
- In addition, we successfully completed the capital increase of USD 1,386 million through the issuance of ADRs in July 2005, resulting in our financial stability with non-consolidated liability to equity ratio of 69.3% and net debt to equity ratio of 21.5% as of December 31, 2005.
- In terms of our operational performance, we were recognized as the number one producer of large TFT-LCD panels based on the number of units sold in 2005, according to DisplaySearch.
- Business area of the company for disclosure is limited to LCD business.

(2) Market shares

- World wide market share of large-size TFT-LCD panels (≥ 10) based on revenue

| | <u>from Q1 to Q3 in 2005</u> | <u>2004</u> |
|-----------------------|------------------------------|-------------|
| Panel for Notebook PC | 22.3% | 19.7% |
| Panel for Monitor | 23.7% | 22.7% |
| Panel for TV | 24.6% | 19.9% |
| Total | 22.9% | 21.0% |

(Source: DisplaySearch Q4 2005)

(3) Market characteristics

- LCD is a key product for the display industry and the demands for LCD have been steadily rising.
- Due to the recent high growth in the display appliance market for the flat display format, the scale of the LCD market is growing at a rapid rate, resulting in expansion of the market centered mainly in America, Japan, Europe and China.
- The LCD market has experienced a high rate of growth based on IT related products. With expansion of the market for LCD televisions, we expect that the LCD market will continuously grow.

(4) New business etc.

- P7, the 7th generation fab which has been constructed at a TFT-LCD industrial complex in Paju, Korea, started mass production in January 2006. P7 is scheduled to reach a production capacity of 45,000 input glass sheets per month by the third quarter of 2006 and is expected to reach its initial design capacity of 90,000 input glass sheets per month by the first quarter of 2007.
- We have commenced building construction of P8 at the TFT-LCD industrial complex in Paju, Korea in anticipation of growth of TFT-LCD market.
- In September 2005, we entered into an agreement to build a back-end module production plant in Wroclaw, Poland, becoming the first global LCD industry player to commence such production in Europe. We plan to break ground on the plant during the first half of 2006 and expect to begin production during the first half of 2007. The Polish plant is expected to have an initial capacity of 3 million modules per year. We are going to invest a total of EUR 429 million in the plant by 2011, at which time it is scheduled to reach its design capacity of 11 million units per year.

(5) Organization chart

- JRD : Joint Representative Director

- CEO : Chief Executive Officer

- CFO : Chief Financial Officer

- COO : Chief Operating Officer

- CTO : Chief Technology Officer

- CMSO : Chief Marketing Sales Officer

2. Reference Relating to AGM

A. Matters Relating to the Annual General Meeting

(1) Date and Time: 10:00 A.M., February 28, 2006 (Tuesday)

(2) Venue : Auditorium of the A building, LG.Philips LCD Paju LCD Complex
1007, Deogeun-ri, Wollong-myeon, Paju-si, Gyeonggi-do, Korea

B. Agenda for Meeting

(1) For reporting: a. Audit Committee's Audit Report

b. Business Report

(2) For approval: a. Non-consolidated Balance Sheet, Non-consolidated Income Statement

& Non-consolidated Statement of Appropriations of Retained Earnings of Fiscal Year 2005

b. Appointment of a Director

c. Remuneration Limit for Directors in 2006

C. Details of Agenda for Approval**Agenda 1: Non-consolidated Balance Sheet, Non-consolidated Income Statement &****Non-consolidated Statement of Appropriations of Retained Earnings of Fiscal Year 2005**

(1) Business Performance in FY 2005

- Despite the difficult business environment, including a fall in product prices, volatile foreign exchange rates and high oil prices, our sales revenue grew 10% year-on-year to KRW 8,890 billion with operating income of KRW 448 billion and net income of KRW 517 billion in 2005.

(2) Financial Statements

a. Non-consolidated Balance Sheets

| (Based on Korean GAAP) | (KRW Million) | | |
|--|----------------|----------------|----------------|
| <u>Description</u> | <u>FY 2005</u> | <u>FY 2004</u> | <u>Remarks</u> |
| 1. Current assets | 3,196,934 | 2,638,616 | |
| 2. Fixed assets | 9,798,981 | 6,960,077 | |
| 1) Investment assets | 660,628 | 409,955 | |
| 2) Tangible assets | 8,988,459 | 6,366,651 | |

| a. Dividend | | | |
| 3. Unappropriated retained earnings to be carried forward to subsequent year | 3,480,349 | 2,963,337 | |

Agenda 2: Appointment of a Director

Name: Rudy Provoost

Date of Birth: October 16, 1959

Candidate for Outside Director: None

Nominator: Board of Directors

Current Job: CEO of Philips Consumer Electronics

- Major Career:
- Degrees in Psychology and Business Administration from the University of Gent in Belgium
 - Executive Vice-President of Philips Consumer Electronics in Europe (2000)
 - Member of Philips Group Management Committee (2003 ~)
 - CEO of Philips Consumer Electronics (2004 ~)
 - President and Chairman of the Executive Board of EICTA, the European Information and Communications Technology Industry Association (2004 ~)

Business Transaction with LPL during the last 3 years: None

Agenda 3: Approval of Remuneration Limit for Directors

| Category | FY2005 | FY2006 |
|--|------------------|------------------|
| Number of Directors (Number of Outside Directors) | 9 (5) | 9 (5) |
| Total Amount of Remuneration or Remuneration Limit | KRW 13.4 billion | KRW 13.4 billion |

IV. Matters Relating to the Solicitor of Proxy

1. Matters Relating to the Solicitor of Proxy

a. Name of Solicitor: LG.Philips LCD Co., Ltd. (LPL)

b. Number of LPL Shares Held by Solicitor: None

c. The Principal Shareholders of the Solicitor

| Name of principal shareholder | Relationship with LPL | Number of shares held | Ownership ratio |
|-------------------------------|--|----------------------------|-----------------|
| LG Electronics Inc. | Largest shareholder | 135,625,000 (common stock) | 37.9% |
| Philips Electronics | Company acting in concert with the largest shareholder | 117,625,000 (common stock) | 32.9% |
| Total | | 253,250,000 (common stock) | 70.8% |
