THE COMPANY

Dominion is a fully integrated gas and electric energy holding company headquartered in Richmond, Virginia. As of September 30, 2005, we had approximately \$55.6 billion in assets.

We manage our operations through four primary business lines that integrate our electric and gas services, streamline operations, and position us for long-term growth in the competitive marketplace:

Dominion Delivery Dominion Delivery manages our regulated electric and gas distribution systems serving approximately 4.0 million customer accounts and our customer service operations. Our electric distribution operations serve residential, commercial, industrial and governmental customers in Virginia and northeastern North Carolina. Gas distribution operations serve residential, commercial and industrial gas sales and transportation customers in Ohio, Pennsylvania and West Virginia. Dominion Delivery also operates our nonregulated retail energy marketing business serving approximately 1.1 million customer accounts in the Northeast, Mid-Atlantic and Midwest and manages 200 billion cubic feet of natural gas storage in Ohio and Pennsylvania.

Dominion Energy Dominion Energy manages our 7,900 miles of gas transmission pipeline, our 6,000 miles of electric transmission lines, an approximately 760 billion cubic foot natural gas storage network and our Cove Point, Maryland liquefied natural gas facility. It oversees certain natural gas production located in the Appalachian Basin and producer services, including aggregation of gas supply,

market-based services related to gas transportation and storage and associated gas trading.

Dominion Exploration & Production Dominion Exploration & Production manages our onshore and offshore oil and gas exploration and production activities. With approximately 5.9 trillion cubic feet of proved natural gas reserves and, under normal conditions, approximately 1.2 billion cubic feet equivalent of daily production, Dominion Exploration & Production is one of the nation's largest independent oil and gas operators. We operate offshore on the outer continental shelf and deepwater areas of the Gulf of Mexico and onshore in western Canada, the Appalachian Basin, the Permian Basin, the Mid-Continent Region and other selected regions in the continental United States.

Dominion Generation Dominion Generation manages our approximately 28,100 megawatt portfolio of electric power generation and guides our generation growth strategy and energy trading and marketing activities associated with optimization of our generation assets. The generation mix is diversified and includes coal, nuclear, gas, oil, hydro and purchased power. Our strategy for our electric generation operations focuses on serving customers in the MAIN-to-Maine region. Our generation facilities are located in Connecticut, Illinois, Indiana, Massachusetts, North Carolina, Ohio, Pennsylvania, Rhode Island, Virginia, West Virginia and Wisconsin.

Principal Subsidiaries

Dominion's principal direct, legal subsidiaries include Virginia Electric and Power Company (Dominion Virginia Power), a regulated public utility engaged in the generation, transmission, distribution and sale of electric energy in Virginia and northeastern North Carolina, Consolidated Natural Gas Company (CNG), an oil and gas producer, and a transporter, distributor and retail marketer of natural gas serving customers in the Northeast, the Mid-Atlantic and the Midwest, Dominion Energy, Inc., which is involved in merchant electric generation, energy trading and marketing and natural gas exploration and production and Virginia Power Energy Marketing, Inc., which provides fuel and risk management services to Dominion Virginia Power and engages in price risk management activities on behalf of our other subsidiaries.

Other

For additional information about us, see WHERE YOU CAN FIND MORE INFORMATION in this prospectus.

USE OF PROCEEDS

Unless otherwise indicated in the applicable prospectus supplement or other offering materials, we will use the net proceeds from the sale of securities to meet a portion of our general capital requirements of the Company, including the refinancing of our outstanding debt, including our commercial paper, and for other general corporate purposes.

RATIO OF EARNINGS TO FIXED CHARGES

For purposes of this ratio, earnings are determined by adding distributed income of equity investees and fixed charges (excluding interest capitalized) to income before income taxes and minority interest after eliminating the equity in earnings or losses of equity investees. These earnings are then divided by total fixed charges. Fixed charges consist of interest charges (without reduction for Allowance for Funds Used During Construction) on long-term and short-term debt, interest capitalized, the portion of rental expense that is representative of the interest factor and preferred stock dividends of consolidated subsidiaries (grossed-up by a factor of pre-tax net income divided by net income).

The ratio of earnings to fixed charges for each of the periods indicated is as follows:

9 Months	12 Months	Years Ended December 31,				
Ended Septem-	Ended Septem-					
ber 30, 2005 ¹	ber 30, 2005 ²	2004 ³	2003 ⁴	2002	2001 ⁵	2000 ⁶
2.33	2.28	2.78	2.29	2.82	1.82	1.56

¹ Earnings for the nine months ended September 30, 2005 include \$567 million in charges related to the impacts of Hurricanes Katrina and Rita, primarily reflecting the de-designation of hedge contracts resulting from the delay of natural gas and oil production following the hurricanes, a \$77 million charge related to the termination of a power purchase contract, \$21 million in net charges connected to trading activities discontinued in 2004, including the Batesville long-term power-tolling contract divested in the second quarter of 2005, and other activities, and \$16 million in impairment charges related to Dominion Capital, Inc. assets. Excluding these items from the calculation would result in a higher ratio of earnings to fixed charges for the nine months ended September 30, 2005.

² Earnings for the twelve months ended September 30, 2005 include \$567 million in charges related to the impacts of Hurricanes Katrina and Rita, primarily reflecting the de-designation of hedge contracts resulting from the delay of natural gas and oil production following the hurricanes, \$179 million in charges resulting from the termination of certain long-term power purchase contracts, \$25 million of impairment charges related to Dominion's investment in and planned divestiture of Dominion Capital, Inc., a \$198 million charge related to Dominion's divestiture of its interest in a long-term power tolling contract, a \$10 million charge related to the sale of natural gas and oil production assets in British Columbia, and \$14 million of charges related to other items. Excluding these items from the calculation would result in a higher ratio of earnings to fixed charges for the twelve months ended September 30, 2005.

³ Earnings for the twelve months ended December 31, 2004 include \$76 million of impairment charges related to Dominion's investment in and planned divestiture of Dominion Capital, Inc., a \$23 million benefit associated with the disposition of certain assets held for sale, an \$18 million benefit from the reduction of accrued expenses associated with Hurricane Isabel restoration activities, \$96 million of losses related to the discontinuance of hedge accounting for certain oil hedges and subsequent changes in the fair value of those hedges during the third quarter following Hurricane Ivan, \$71 million in charges resulting from the termination of certain long-term power purchase contracts, a \$184 million charge related to the valuation of Dominion's interest in a long-term power tolling contract, a \$10 million charge related to the sale of natural gas and oil production assets in British Columbia, and \$27 million of charges related to net legal settlements and other items. Excluding these items from the calculation would result in a higher ratio of earnings to fixed charges for the twelve months ended December 31, 2004.

⁴ Earnings for the twelve months ended December 31, 2003 include a \$134 million impairment of Dominion Capital, Inc. assets, \$28 million for severance costs related to workforce reductions, an \$84 million impairment of certain assets held for sale, \$197 million for restoration expenses related to Hurricane Isabel, a \$105 million charge related to the termination of a power purchase contract, \$64 million in charges for the restructuring and termination of certain electric sales contracts, and a \$144 million charge related to our investment in Dominion Telecom, Inc. including impairments, the cost of refinancings, and reallocation of equity losses. Excluding these items from the calculation would result in a higher ratio of earnings to fixed charges for the twelve months ended December 31, 2003.

⁵

Edgar Filing: DOMINION RESOURCES INC /VA/ - Form S-3ASR

Earnings for the twelve months ended December 31, 2001 include \$220 million related to the cost of the buyout of power purchase contracts and non-utility generating plants previously serving the company under long-term contracts, a \$40 million loss associated with the divestiture of Saxon Capital Inc., a \$281 million write-down of Dominion Capital, Inc. assets, a \$151 million charge associated with Dominion's estimated Enron-related exposure, and a \$105 million charge associated with a senior management restructuring initiative and related costs. Excluding these items from the calculation above would result in a higher ratio of earnings to fixed charges for the twelve months ended December 31, 2001.

- ⁶ Earnings for the twelve months ended December 31, 2000 include \$579 million in restructuring and other acquisition-related costs resulting from the CNG acquisition and a write-down at Dominion Capital, Inc. Excluding these items from the calculation above would result in a higher ratio of earnings to fixed charges for the twelve months ended December 31, 2000.

DESCRIPTION OF SENIOR DEBT SECURITIES

We will issue the Senior Debt Securities (also referred to in this prospectus as Debt Securities) in one or more series under our Senior Indenture dated as of June 1, 2000 between us and JPMorgan Chase Bank, N.A. (formerly known as The Chase Manhattan Bank), as trustee, as supplemented from time to time. We have summarized selected provisions of the Senior Indenture below. The Senior Indenture has been filed as an exhibit to the registration statement, and you should read the Senior Indenture for provisions that may be important to you. In the summary below, we have included references to section numbers of the Senior Indenture so that you can easily locate these provisions. Capitalized terms used in this description have the meanings specified in the Senior Indenture.

General

The Senior Debt Securities will be our direct, unsecured obligations and will rank equally with all of our other senior and unsubordinated debt.

Because we are a holding company that conducts all of our operations through our subsidiaries, our ability to meet our obligations under the Debt Securities is dependent on the earnings and cash flows of those subsidiaries and the ability of those subsidiaries to pay dividends or to advance or repay funds to us. Holders of Debt Securities will generally have a junior position to claims of creditors of our subsidiaries, including trade creditors, debtholders, secured creditors, taxing authorities, guarantee holders and any preferred stockholders. As of September 30, 2005, Dominion Virginia Power had approximately 2.59 million issued and outstanding shares of preferred stock. In addition to trade debt, all of our operating subsidiaries have ongoing corporate debt programs used to finance their business activities. As of September 30, 2005, our subsidiaries had approximately \$9.1 billion of outstanding long-term debt (including securities due within one year).

The Senior Indenture does not limit the amount of Debt Securities that we may issue under it. We may issue Debt Securities from time to time under the Senior Indenture in one or more series by entering into supplemental indentures or by our Board of Directors or a duly authorized committee authorizing the issuance. A form of supplemental indenture to the Senior Indenture is an exhibit to the registration statement.

The Senior Indenture does not protect the holders of Debt Securities if we engage in a highly leveraged transaction.

Provisions of a Particular Series

The Debt Securities of a series need not be issued at the same time, bear interest at the same rate or mature on the same date. Unless otherwise provided in the terms of a series, a series may be reopened, without notice to or consent

of any holder of outstanding Debt Securities, for issuances of additional Debt Securities of that series. The prospectus supplement or other offering materials for a particular series of Debt Securities will specify the terms of that series, including, if applicable, some or all of the following:

the title and type of the Debt Securities;

the total principal amount of the Debt Securities;

the portion of the principal payable upon acceleration of maturity, if other than the entire principal;

the date or dates on which principal is payable or the method for determining the date or dates, and any right that we have to change the date on which principal is payable;

the interest rate or rates, if any, or the method for determining the rate or rates, and the date or dates from which interest will accrue;

any interest payment dates and the regular record date for the interest payable on each interest payment date, if any;

any payments due if the maturity of the Debt Securities is accelerated;

any optional redemption terms or any other repayment terms;

any provisions that would obligate us to repurchase or otherwise redeem the Debt Securities, or any sinking fund provisions;

the currency in which payments will be made if other than U.S. dollars, and the manner of determining the equivalent of those amounts in U.S. dollars;

if payments may be made, at our election or at the holder's election, in a currency other than that in which the Debt Securities are stated to be payable, then the currency in which those payments may be made, the terms and conditions of the election and the manner of determining those amounts;

any index or formula used for determining principal, interest, or premium, if any;

the percentage of the principal amount at which the Debt Securities will be issued, if other than 100% of the principal amount;

whether the Debt Securities are to be issued in fully registered certificated form or in book-entry form represented by certificates deposited with, or on behalf of, a securities depository and registered in the name of the depository's nominee (Book-Entry Debt Securities);

denominations, if other than \$1,000 each or multiples of \$1,000;

any changes to events of defaults or covenants; and

any other terms of the Debt Securities. (*Sections 201 & 301 of the Senior Indenture.*)

The prospectus supplement or other offering materials will also indicate any special tax implications of the Debt Securities and any provisions granting special rights to holders when a specified event occurs.

Conversion or Redemption

No Debt Security will be subject to conversion, amortization, or redemption, unless otherwise provided in the applicable prospectus supplement or other offering materials. Any provisions relating to the conversion or redemption of Debt Securities will be set forth in the applicable prospectus supplement or other offering materials, including whether conversion is mandatory or at our option. If no redemption date or redemption price is indicated with respect to a Debt Security, we cannot redeem the Debt Security before the Stated Maturity. Debt Securities subject to redemption by us will be subject to the following terms:

redeemable on and after the applicable redemption dates;

redemption dates and redemption prices fixed at the time of sale and set forth on the Debt Security; and

redeemable in whole or in part (provided that any remaining principal amount of the Debt Security will be equal to an authorized denomination) at our option at the applicable redemption price, together with interest, payable to the date of redemption, on notice given not more than 60 nor less than 20 days before the date of redemption. (*Section 1104 of the Senior Indenture.*)

We will not be required to:

issue, register the transfer of or exchange any Debt Securities of a series during the period beginning 15 days before the date the notice is mailed identifying the Debt Securities of that series that have been selected for redemption; or

register the transfer of, or exchange any Debt Security of that series selected for redemption except the unredeemed portion of a Debt Security being partially redeemed. (*Section 305 of the Senior Indenture.*)

Repayment at the Option of the Holder; Repurchases by the Company

We must repay the Debt Securities at the option of the Holders before the Stated Maturity Date only if specified in the applicable prospectus supplement or other offering materials. Unless otherwise provided in the prospectus supplement or other offering materials, the Debt Securities subject to repayment at the option of the Holder will be subject to repayment:

on the specified Repayment Dates; and

at a repayment price equal to 100% of the unpaid principal amount to be repaid, together with unpaid interest accrued to the Repayment Date. (*Section 1302 of the Senior Indenture.*)

For any Senior Debt Security to be repaid, the Trustee must receive, at its office maintained for that purpose in the Borough of Manhattan, New York City not more than 60 nor less than 30 calendar days before the date of repayment:

in the case of a certificated Senior Debt Security, the certificated Senior Debt Security and the form in the Senior Debt Security entitled Option of Holder to Elect Purchase duly completed; or

in the case of a book-entry Senior Debt Security, instructions to that effect from the beneficial owner to the securities depository and forwarded by the securities depository. Exercise of the repayment option by the Holder will be irrevocable. (*Section 1303 of the Senior Indenture*)

Only the securities depositary may exercise the repayment option in respect of beneficial interests in the book-entry Senior Debt Securities. Accordingly, beneficial owners that desire repayment in respect of all or any portion of their beneficial interests must instruct the participants through which they own their interests to direct the securities depositary to exercise the repayment option on their behalf. All instructions given to participants from beneficial owners relating to the option to elect repayment will be irrevocable. In addition, at the time the instructions are given, each beneficial owner will cause the participant through which it owns its interest to transfer its interest in the book-entry Senior Debt Securities or the global certificate representing the related book-entry Senior Debt Securities, on the securities depositary's records, to the Trustee. See DESCRIPTION OF SENIOR DEBT SECURITIES Global Securities.

Payment and Transfer; Paying Agent

The paying agent will pay the principal of any Debt Securities only if those Debt Securities are surrendered to it. Unless we state otherwise in the applicable prospectus supplement or other offering materials, the paying agent will pay principal, interest and premium, if any, on Debt Securities, subject to such surrender, where applicable, at its office or, at our option:

by wire transfer to an account at a banking institution in the United States that is designated in writing to the Trustee before the deadline set forth in the applicable prospectus supplement or other offering materials by the person entitled to that payment (which in the case of Book-Entry Debt Securities is the securities depositary or its nominee); or

by check mailed to the address of the person entitled to that interest as that address appears in the security register for those Debt Securities. (*Sections 307 & 1001 of the Senior Indenture.*)

Neither we nor the Trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in a Book-Entry Debt Security, or for maintaining, supervising or reviewing any records relating to the beneficial ownership interests. We expect that the securities depositary, upon receipt of any payment of principal, interest or premium, if any, in a Book-Entry Debt Security, will credit immediately the accounts of the related participants with payment in amounts proportionate to their respective holdings in principal amount of beneficial interest in the Book-Entry Debt Security as shown on the records of the securities depositary. We also expect that payments by participants to owners of beneficial interests in a Book-Entry Debt Security will be governed by standing customer instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in street name and will be the responsibility of the participants.

Unless we state otherwise in the applicable prospectus supplement or other offering materials, the Trustee will act as paying agent for the Debt Securities, and the principal corporate trust office of the Trustee will be the office through which the paying agent acts. We may, however, change or add paying agents or approve a change in the office through which a paying agent acts. (*Section 1002 of the Senior Indenture.*)

Any money that we have paid to a paying agent for principal or interest on any Debt Securities which remains unclaimed at the end of two years after that principal or interest has become due will be repaid to us at our request. After repayment to the Company, holders should look only to us for those payments. (*Section 1003 of the Senior Indenture.*)

Fully registered securities may be transferred or exchanged at the corporate trust office of the Trustee or at any other office or agency we maintain for those purposes, without the payment of any service charge except for any tax or governmental charge and related expenses. (*Section 1002 of the Senior Indenture.*)

Global Securities

We may issue some or all of the Debt Securities as Book-Entry Debt Securities. Book-Entry Debt Securities will be represented by one or more fully registered global certificates. Book-Entry Debt Securities of like tenor and terms up to \$500,000,000 aggregate principal amount

may be represented by a single global certificate. Each global certificate will be registered with the securities depository or its nominee and deposited with the securities depository or its custodian. Unless it is exchanged in whole or in part for Debt Securities in definitive form, a global certificate may generally be transferred only as a whole unless it is being transferred to certain nominees of the depository. (*Section 305 of the Senior Indenture.*)

Unless otherwise stated in any prospectus supplement or other offering materials, The Depository Trust Company will act as the securities depository. Beneficial interests in global certificates will be shown on, and transfers of global certificates will be effected only through, records maintained by the securities depository and its participants. If there are any additional or differing terms of the depository arrangement with respect to the Book-Entry Debt Securities, we will describe them in the applicable prospectus supplement or other offering materials.

Holders of beneficial interests in Book-Entry Debt Securities represented by a global certificate are referred to as beneficial owners. Beneficial owners will be limited to institutions having accounts with the securities depository or its nominee, which are called participants in this discussion, and to persons that hold beneficial interests through participants. When a global certificate representing Book-Entry Debt Securities is issued, the securities depository will credit on its book-entry, registration and transfer system the principal amounts of Book-Entry Debt Securities the global certificate represents to the accounts of its participants. Ownership of beneficial interests in a global certificate will be shown only on, and the transfer of those ownership interests will be effected only through, records maintained by:

the securities depository, with respect to participants' interests; and

any participant, with respect to interests the participant holds on behalf of other persons.

As long as the securities depository or its nominee is the registered holder of a global certificate representing Book-Entry Debt Securities, that person will be considered the sole owner and holder of the global certificate and the Book-Entry Debt Securities it represents for all purposes. Except in limited circumstances, beneficial owners:

may not have the global certificate or any Book-Entry Debt Securities it represents registered in their names;

may not receive or be entitled to receive physical delivery of certificated Book-Entry Debt Securities in exchange for the global certificate; and

will not be considered the owners or holders of the global certificate or any Book-Entry Debt Securities it represents for any purposes under the Debt Securities or the Senior Indenture. (*Section 308 of the Senior Indenture.*)

We will make all payments of principal, interest and premium, if any, on a Book-Entry Debt Security to the securities depository or its nominee as the holder of the global certificate. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of securities in definitive form. These laws may impair the ability to

transfer beneficial interests in a global certificate.

Payments participants make to beneficial owners holding interests through

those participants will be the responsibility of those participants. The securities depositary may from time to time adopt various policies and procedures governing payments, transfers, exchanges and other matters relating to beneficial interests in a global certificate. None of the following will have any responsibility or liability for any aspect of the securities depositary's or any participant's records relating to beneficial interests in a global certificate representing Book-Entry Debt Securities, for payments made on account of those beneficial interests or for maintaining, supervising or reviewing any records relating to those beneficial interests:

the Company;

the Trustee; or

any agent of any of the above.

Covenants

Under the Senior Indenture we will:

pay the principal, interest and premium, if any, on the Debt Securities when due;

maintain a place of payment;

deliver an officer's certificate to the Trustee at the end of each fiscal year confirming our compliance with our obligations under the Senior Indenture;

preserve and keep in full force and effect our corporate existence except as provided in the Senior Indenture; and

deposit sufficient funds with any paying agent on or before the due date for any principal, interest or premium, if any. (*Sections 1001, 1002, 1003 & 1006 of the Senior Indenture.*)

Consolidation, Merger or Sale

The Senior Indenture provides that we may consolidate or merge with or into, or sell all or substantially all our assets to, another Person, provided that any successor assumes our obligations under the Senior Indenture and the Debt Securities issued under the Senior Indenture. We must also deliver an opinion of counsel to the Trustee affirming our compliance with all conditions in the Senior Indenture relating to the transaction. When the conditions are satisfied, the successor will succeed to and be substituted for us and, in the case of a sale of all or substantially all our assets, we will be relieved of our obligations under the Senior Indenture. (*Sections 801 & 802 of the Senior Indenture.*)

Events of Default

Event of Default when used in the Senior Indenture, will mean any of the following with respect to Debt Securities of any series:

failure to pay the principal or any premium on any Debt Security when due;

failure to deposit any sinking fund payment for that series when due that continues for 60 days;

failure to pay any interest on any Debt Securities of that series, when due, that continues for 60 days;

failure to perform any other covenant in the Senior Indenture (other than a covenant expressly included solely for the benefit of other series) that continues for 90 days after the Trustee or the holders of at least 33% of the outstanding Debt Securities of that series give us written notice of the default;

certain events in bankruptcy, insolvency or reorganization of the Company; or

any other Event of Default included in the Senior Indenture or any supplemental indenture. *(Section 501 of the Senior Indenture.)*

In the case of a general covenant default described above, the Trustee may extend the grace period. In addition, if holders of a particular series have given a notice of default, then holders of at least the same percentage of Debt Securities of that series, together with the Trustee, may also extend the grace period. The grace period will be automatically extended if we have initiated and are diligently pursuing corrective action.

An Event of Default for a particular series of Debt Securities does not necessarily constitute an Event of Default for any other series of Debt Securities issued under the Senior Indenture. Additional events of default may be established for a particular series and, if established, will be described in the applicable prospectus supplement or other offering materials.

If an Event of Default for any series of Debt Securities occurs and continues, the Trustee or the holders of at least 33% in aggregate principal amount of the Debt Securities of the series may declare the entire principal of all the Debt Securities of that series to be due and payable immediately. If this happens, subject to certain conditions, the holders of a majority of the aggregate principal amount of the Debt Securities of that series can void the declaration. (*Section 502 of the Senior Indenture.*)

The Trustee may withhold notice to the holders of Debt Securities of any default (except in the payment of principal or interest) if it considers the withholding of notice to be in the best interests of the holders. Other than its duties in case of a default, a Trustee is not obligated to exercise any of its rights or powers under the Senior Indenture at the request, order or direction of any holders, unless the holders offer the Trustee reasonable indemnity. If they provide this reasonable indemnification, the holders of a majority in principal amount of any series of Debt Securities may direct the time, method and place of conducting any proceeding or any remedy available to the Trustee, or exercising any power conferred upon the Trustee, for any series of Debt Securities. However, the Trustee must give the holders of Debt Securities notice of any default to the extent provided by the Trust Indenture Act. (*Sections 512, 601, 602 & 603 of the Senior Indenture.*)

The holder of any Debt Security will have an absolute and unconditional right to receive payment of the principal, any premium and, within certain limitations, any interest on that Debt Security on its maturity date or redemption date and to enforce those payments. (*Section 508 of the Senior Indenture.*)

Defeasance

We will be discharged from our obligations on the Senior Debt Securities of any series at any time if we deposit with the Trustee sufficient cash or government securities to pay the principal, interest, any premium and any other sums due to the stated maturity date or a redemption date of the Senior Debt Securities of the series. If this happens, the holders of the Senior Debt Securities of the series will not be entitled to the benefits of the Senior Indenture except for registration of transfer and exchange of Senior Debt Securities and replacement of lost, stolen or mutilated Senior Debt Securities. (*Section 402 of the Senior Indenture.*)

Under federal income tax law as of the date of this prospectus, a discharge may be treated as an exchange of the related Senior

Debt Securities. Each holder might be required to recognize gain or loss equal to the difference between the holder's cost or other tax basis for the Senior Debt Securities and the value of the holder's interest in the defeasance trust. Holders might be required to include as income a different amount than would be includable without the discharge. We urge prospective investors to consult their own tax advisers as to the consequences of a discharge, including the applicability and effect of tax laws other than the federal income tax law.

Satisfaction; Discharge

We may discharge all our obligations (except those described below) to holders of the Debt Securities issued under the Senior Indenture, which Debt Securities have not already been delivered to the Trustee for cancellation and which either have become due and payable or are by their terms due and payable within one year, or are to be called for redemption within one year, by depositing with the Trustee an amount certified to be sufficient to pay when due the principal, interest and premium, if any, on all outstanding Debt Securities. However, certain of our obligations under the Senior Indenture will survive, including with respect to the following:

remaining rights to register the transfer, conversion, substitution or exchange of Debt Securities of the applicable series;

rights of holders to receive payments of principal of, and any interest on, the Debt Securities of the applicable series, and other rights, duties and obligations of the holders of Debt Securities with respect to any amounts deposited with the Trustee; and

the rights, obligations and immunities of the Trustee under the Senior Indenture. (*Section 401 of Senior Indenture.*)

Modification of Senior Indenture; Waiver

Under the Senior Indenture our rights and obligations and the rights of the holders may be modified with the consent of the holders of a majority in aggregate principal amount of the outstanding Debt Securities of each series affected by the modification. No modification of the principal or interest payment terms, and no modification reducing the percentage required for modifications, is effective against any holder without its consent. (*Section 902 of the Senior Indenture.*) In addition, we may supplement the Senior Indenture to create new series of Debt Securities and for certain other purposes, without the consent of any holders of Debt Securities. (*Section 901 of the Senior Indenture.*)

The holders of a majority of the outstanding Debt Securities of all series under the Senior Indenture with respect to which a default has occurred and is continuing may waive a default for all those series, except a default in the payment of principal or interest, or any premium, on any Debt Securities or a default with respect to a covenant or provision which cannot be amended or modified without the consent of the holder of each outstanding Debt Security of the series affected. (*Section 513 of the Senior Indenture.*)

Item 15. Indemnification of Directors and Officers.

Article VI of Dominion's Articles of Incorporation mandates indemnification of its directors and officers to the full extent permitted by the Virginia Stock Corporation Act (the Virginia Act) and any other applicable law. The Virginia Act permits a corporation to indemnify its directors and officers against liability incurred in all proceedings, including derivative proceedings, arising out of their service to the corporation or to other corporations or enterprises that the officer or director was serving at the request of the corporation, except in the case of willful misconduct or a knowing violation of a criminal law. Dominion is required to indemnify its directors and officers in all such proceedings if they have not violated this standard.

In addition, Article VI of Dominion's Articles of Incorporation limits the liability of its directors and officers to the full extent permitted by the Virginia Act as now and hereafter in effect. The Virginia Act places a limit on the liability of a director or officer in derivative or shareholder proceedings equal to the lesser of (i) the amount specified in the corporation's articles of incorporation or a shareholder-approved bylaw; or (ii) the greater of (a) \$100,000 or (b) twelve months of cash compensation received by the director or officer. The limit does not apply in the event the director or officer has engaged in willful misconduct or a knowing violation of a criminal law or a federal or state securities law. The effect of Dominion's Articles of Incorporation, together with the Virginia Act, is to eliminate liability of directors and officers for monetary damages in derivative or shareholder proceedings so long as the required standard of conduct is met.

Dominion has purchased directors' and officers' liability insurance policies. Within the limits of their coverage, the policies insure (1) the directors and officers of Dominion against certain losses resulting from claims against them in their capacities as directors and officers to the extent that such losses are not indemnified by Dominion and (2) Dominion to the extent that it indemnifies such directors and officers for losses as permitted under the laws of Virginia.

Item 17. Undertakings.

The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and
 - (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

- (2) That for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
 - (A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
 - (B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or

Edgar Filing: DOMINION RESOURCES INC /VA/ - Form S-3ASR

prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was a part of the registration statement or made in any such document immediately prior to such effective date.

II-3

- (5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

In a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (7) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
- (8) To file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of section 310 of the Trust Indenture Act (Act) in accordance with the rules and regulations prescribed by the Commission under section 305(b)2 of the Act.
