**Purchase of a portfolio of bulk distribution, light industrial and service center buildings**

On May 16, 2006, we filed a Form 8-K with regard to our entry into a purchase agreement dated May 10, 2006 (the Agreement ) to acquire a portfolio of 79 bulk distribution, light industrial and service center buildings comprising approximately 7.9 million square feet located in eight markets ( Cal TIA ).

On June 15, 2006, we filed a Form 8-K dated June 9, 2006 with regard to the acquisition pursuant to the Agreement of 78 of the 79 buildings as well as a land parcel comprising 9.2 acres. The aforementioned Form 8-K was filed without the requisite financial information. Accordingly, we are filing this Form 8-K/A to include that financial information. Due to the non-related party nature of this transaction, only audited statements for the year ended December 31, 2005 are required. We are not aware of any material factors relating to this acquisition that would cause the reported financial information not to be necessarily indicative of future operating results.

Dividend Capital Trust Inc.

Denver, Colorado

We have audited the accompanying statement of revenues and certain expenses of the Cal TIA portfolio ( Cal TIA ) for the year ended December 31, 2005. This financial statement is the responsibility of Cal TIA s management. Our responsibility is to express an opinion on the financial statement based upon our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying statement of revenues and certain expenses was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission and for inclusion in the Current Report on Form 8-K of Dividend Capital Trust Inc., as described in Note 1. The presentation is not intended to be a complete presentation of Cal TIA s revenues and expenses.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the revenues and certain expenses of Cal TIA for the year ended December 31, 2005, on the basis of accounting described in Note 1.

**Cal TIA Portfolio**

**Notes to Statements of Revenues and Certain Expenses**

**Note 1 - Description of Business and Summary of Significant Accounting Policies**

The accompanying statements of revenues and certain expenses reflect the operations of the Cal TIA portfolio ( Cal TIA ) for the year ended December 31, 2005 and for the three months ended March 31, 2006 (unaudited). Cal TIA consists of 79 bulk distribution, light industrial and service center buildings comprising approximately 7,889,000 rentable square feet located in the following eight markets: Atlanta, Baltimore, Charlotte, Cincinnati, Dallas, Miami, Orlando and San Francisco (collectively, Cal TIA ). As of December 31, 2005, and as of June 9, 2006 (the date of acquisition), Cal TIA had an occupancy percentage of 88.5% and 90.7% (unaudited), respectively.

On May 10, 2006, Dividend Capital Trust Inc. (the Company ) entered into a purchase agreement to acquire Cal TIA from unrelated third parties. Pursuant to the purchase agreement, on June 9, 2006, the Company acquired 78 of the 79 buildings in Cal TIA for a total cost of approximately \$500.7 million (which includes an acquisition fee of \$4.9 million paid to Dividend Capital Advisors LLC, an affiliate of the Company), which was paid using the Company s existing cash balances, net proceeds from our partnership s private placement and debt proceeds of approximately \$387.0 million.

The Company s acquisition of the remaining building in Cal TIA, which comprises 19,100 square feet and is located in the San Francisco market, is contingent upon the election of the building s current tenant not to exercise a purchase option to acquire the building. Pursuant to this purchase option, the tenant has until September 7, 2006 to acquire the building. If the tenant elects not to exercise its purchase option, the Company anticipates that it will acquire this remaining building within thirty days of receiving notice from the sellers that such option has not been exercised for a purchase price of approximately \$2.4 million. The operations of this building are included in the accompanying statements of revenues and certain expenses of Cal TIA.

The accounting records of Cal TIA are maintained on the accrual basis. The accompanying statements of revenues and certain expenses were prepared pursuant to the Rule 3-14 of the Securities and Exchange Commission, and exclude certain expenses such as mortgage interest, depreciation and amortization, professional fees and other costs not directly related to future operations of Cal TIA. These statements are not intended to be a complete presentation of Cal TIA s revenues and expenses.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The future results of operations can be significantly impacted by the rental market of the Atlanta, Baltimore, Charlotte, Cincinnati, Dallas, Miami, Orlando and San Francisco regions as well as general overall economic conditions.

**Interim Information (unaudited)**

In the opinion of management, the unaudited information for the three months ended March 31, 2006, included herein contains all the adjustments necessary, which are of a normal recurring nature, to present fairly the revenues and certain expenses for the three months ended March 31, 2006. Results of interim periods are not necessarily indicative of results to be expected for the year. Management is not aware of any material factors that would cause the information included herein to not be indicative of future operating results.

**Index to Financial Statements****DIVIDEND CAPITAL TRUST INC.****Cal TIA Portfolio****Notes to Statements of Revenues and Certain Expenses (Continued)****Note 2 - Operating Leases**

Cal TIA's revenues are primarily obtained from tenant rental payments as provided for under non-cancelable operating leases. Cal TIA records rental revenue for the full term of the lease on a straight-line basis. In the case where the minimum rental payments increase over the life of the lease, Cal TIA records a receivable due from the tenant for the difference between the amount of revenue recorded and the amount of cash received. This accounting treatment resulted in an increase (decrease) in rental income of \$2,311,985 and (\$412,856) for the year ended December 31, 2005 and for the three months ended March 31, 2006, respectively.

Future minimum lease payments due under these leases for the next five years as of December 31, 2005, are as follows:

<b>Year Ending December 31,</b>	
2006	\$ 30,185,368
2007	26,376,099
2008	20,278,023
2009	15,560,351
2010	9,763,297
Thereafter	21,835,405
	<b>\$ 123,998,543</b>

Tenant reimbursements of operating expenses are included in other revenues in the accompanying statements of revenues and certain expenses.

For the year ended December 31, 2005, there were no tenants who accounted for greater than 10% of either rental revenues or future minimum revenues.
