VOTING PROCEDURES

Solicitation and Voting of Proxies

The Board of Directors solicits this proxy for use at the corporation's 2008 annual meeting of shareholders. The corporation's directors, officers and bank employees may solicit proxies in person or by telephone, facsimile, email or other similar means without additional compensation. The corporation will pay the cost of preparing, assembling, printing, mailing and soliciting proxies and any additional material that the corporation sends to its shareholders. The corporation will make arrangements with brokerage firms and other custodians, nominees and fiduciaries to forward proxy solicitation materials to the beneficial owners of stock held by these entities. The corporation will reimburse these third parties for their reasonable forwarding expenses.

Only shareholders of record as of the close of business on February 15, 2008, may vote at the annual meeting. The corporation's records show that, as of the voting record date, 3,489,297 shares of common stock were outstanding. On all matters to come before the annual meeting, shareholders may cast one vote for each share held. Cumulative voting rights do not exist with respect to the election of directors. See "Principal Shareholders" on page 28 for a list of the persons known by the corporation to be beneficial owners of 5% or more of the corporation's common stock.

If your shares are registered directly in your name with Mid Penn Bancorp, Inc.'s transfer agent, Registrar and Transfer Company, you are considered, with respect to those shares, the shareholder of record, and these proxy materials are being sent directly to you by the corporation. As the shareholder of record, you have the right to grant your voting proxy directly to the proxy holders or to vote in person at the meeting. The corporation has enclosed a proxy for your use.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by your broker or nominee which is considered, with respect to those shares, the shareholder of record. As the beneficial owner, you have the right to direct your broker how to vote and are also invited to attend the meeting. By properly completing a proxy, the shareholder appoints Roberta A. Hoffman, Randall L. Klinger and Eric S. Williams as proxy holders to vote the shares as indicated on the proxy. Proxy holders will vote any signed proxy not specifying to the contrary **FOR** the election of Matthew G. DeSoto, Robert C. Grubic and Gregory M. Table of Contents

The proxy holders will count votes withheld and abstentions when determining the presence of a quorum for each matter. The proxy holders will not count broker non-votes when determining the presence of a quorum for the particular matter as to which the broker withheld authority.

If a quorum is present, the three candidates for director receiving the highest number of votes cast by shareholders will be elected. GOVERNANCE OF THE CORPORATION

Governance

Our Board of Directors believes that the purpose of corporate governance is to ensure that we maximize shareholder value in a manner consistent with legal requirements and the highest standards of integrity. The Board has adopted and adheres to corporate governance practices, which the Board and senior management believe promote this purpose, are sound and represent best practices. We continually review these governance practices, Pennsylvania law (the state in which we are incorporated), the rules and listing standards of the American Stock Exchange (AMEX) and SEC regulations, as well as best practices suggested by recognized governance authorities.

Currently, our Board of Directors has eleven members. Under the AMEX standards for independence, the following directors meet the standards for independence: Jere M. Coxon, Matthew G. DeSoto, A. James Durica, Robert C. Grubic, Gregory M. Kerwin, Theodore W. Mowery, Donald E. Sauve, Edwin D. Schlegel, Guy J. Snyder, Jr. and William A. Specht, III. This constitutes more than a majority of our Board of Directors. Only independent directors serve on our Audit, Compensation and Nominating and Corporate Governance Committees.

In determining the directors' independence, the Board of Directors considered loan transactions between the bank and the directors, their family members and businesses with whom they are associated, as well as any contributions made to non-profit organizations with whom they are associated.

The table below includes a description of other categories or types of transactions, relationships or arrangements considered by the Board (in addition to those listed above) in reaching its determination that the directors are independent.

Table of Contents

Name	Independent	Other Transactions/Relationships/Arrangements
Mr. Coxon	Yes	None
Mr. DeSoto	Yes	None
Mr. Durica	Yes	None
Mr. Grubic	Yes	Engineering Services
Mr. Kerwin	Yes	Legal Services
Mr. Mowery	Yes	Bank Insurance Coverage
Mr. Sauve	Yes	Food Purchases
Mr. Schlegel	Yes	None
Mr. Snyder	Yes	Heating Oil Purchases
Mr. Specht	Yes	None

In each case, the Board determined that none of the transactions above impaired the independence of the director. For more information, please refer to *Certain Relationships and Related Transactions* on page 28.

The corporation's Board of Directors oversees all business, property and affairs of the corporation. The Chairman and the corporation's officers keep the members of the Board informed of the corporation's business through meetings and by providing reports and other materials to the members. During fiscal 2007, the corporation's Board of Directors held 13 meetings, and the bank's Board of Directors held 14 meetings. In addition, the corporation's independent Board members held two independent Board Meetings during fiscal 2007.

Code of Ethics

In 2003, as required by law and regulation, the corporation and the bank adopted a Code of Ethics. We amended our Code of Ethics twice in 2005 and again on February 22, 2006. We have filed a copy of the amended Code of Ethics that applies to directors, officers and employees with the SEC as Exhibit 14 to the Form 8-K filed on February 27, 2006. The Code of Ethics encourages individuals to report any conduct that they believe in good faith to be an actual or apparent violation of the Code of Ethics. The Code of Ethics is available on the *Investor Relations* page of Mid Penn's website at www.midpennbank.com.

Please refer to the *Investor Relations* page of Mid Penn's website at www.midpennbank.com for complete details.

Table of Contents

A shareholder who intends to nominate an individual for election to the Board of Directors (other than a candidate proposed by the Board of Directors) must notify the Secretary of the corporation in compliance with the requirements of Article 10, Section 10.1 of the corporation's Bylaws. Any shareholder who intends to nominate a candidate for election to the Board of Directors must notify the Secretary of the corporation in writing not less than 60 days prior to the date of any shareholder meeting called for the election of directors.

Annual Meeting Attendance

All ten (10) directors attended the 2007 Annual Meeting of Shareholders. While the corporation does not have a formal policy regarding attendance, all directors are strongly encouraged to attend the Annual Meeting of Shareholders.

Committees and Meetings of the Corporation's Board of Directors

During 2007, the Board of Directors of the corporation maintained three standing committees: Audit, Compensation, and Nominating and Corporate Governance Committees which jointly serve the corporation and the bank. Only independent directors serve on these committees. Chairman Dakey attends committee meetings only when and to the extent requested by the committees. The function of each of these committees is described below.

AUDIT. This committee oversees audit coverage, selects the independent auditors, reviews the annual financial statements of the corporation and auditor's reports, and monitors with management and the auditor the system of internal controls and its accounting and reporting practices. All members of the Audit Committee are non-employee directors and are independent as defined in Section 121(A) of the AMEX listing standards. The Audit Committee has a charter which is attached as Appendix A. A. James Durica serves as the Audit Committee Financial Expert and Chairman of this committee.

NOMINATING AND CORPORATE GOVERNANCE. This committee identifies individuals qualified to become Board members, evaluates and selects, or recommends to the Board, director nominees for each election of directors. All members are independent (as independence is currently defined in Section 121(A) of the AMEX listing standards). Edwin Schlegel serves as Chairman of this committee.

The Nominating and Corporate Governance Committee has a charter which is attached as Appendix B. Candidates for director must be qualified in terms of education, professional experience, business contacts and special skills. Other less tangible, but equally important, qualifications include general representation from the markets served, enthusiasm, maturity, reputation, compatibility with other Board members, diplomacy and independent judgment. In addition, candidates should have a vested interest in the corporation through ownership of corporation stock. The Nominating and Corporate Governance Committee Policy and Charter was revised in August 2007 and requires directors to own a minimum of 2,500 shares of Mid Penn Bancorp, Inc. common stock or agree to acquire a minimum of 2,500 shares of Mid Penn Bancorp, Inc. stock within one year from the August 2007 Board meeting date, or in the case of newly appointed directors, one year from their date of appointment to the Board of Directors. Additional share ownership is encouraged.

Table of Contents

The Nominating and Corporate Governance Committee process for identifying and evaluating nominees consists of compiling a list of nominees recommended by shareholders, Mid Penn Bancorp, Inc. directors and individuals who have approached officers and directors for consideration. Information is gathered concerning the potential Board member's location of business and residence, shares owned, profession or business, and deposit and loan relationship with the bank. Personal information about the individual is also gathered to determine if he/she meets the criteria listed in the Nominating and Corporate Governance Committee Policy and Charter. The Nominating and Corporate Governance Committee screens this information to form a smaller number of final candidates to be interviewed. Upon completion of the interviews, the Nominating and Corporate Governance Committee makes a final recommendation to the full Board of Directors for appointment. All potential candidates are screened by the same process regardless of whether they were recommended by a shareholder or by another party.

COMPENSATION. This committee assures that senior executives are compensated effectively in a manner consistent with the bank's compensation strategy, internal equity considerations, competitive practice, and the requirements of the appropriate regulatory bodies. This committee also reviews salary adjustments, compensation and benefits programs for all employees and makes recommendations to the Board of Directors. The Compensation Committee has a charter which is attached as Appendix C to the 2007 Proxy Statement. Gregory Kerwin serves as Chairman of this committee.

The Audit Committee developed a policy for pre-approval for services provided by the independent auditors. The policy requires the Audit Committee to pre-approve all audit and permissible non-audit services provided by the independent auditors. These services may include audit services, audit related services, tax services and other permissible services. Under the policy, pre-approval will generally be provided for up to one year and any pre-approval is detailed as to the particular service or category of services. In addition, the Audit Committee may also pre-approve particular services on a case-by-case basis. For each proposed service, the independent auditor is required to provide detailed back-up documentation at the time of approval. Under the policy, a de minimis exception is provided whereby pre-approval may be waived for non-audit services that meet all of the following requirements:

The aggregate amount of all such services is not more than 5 percent of the total amount of fees paid to the independent auditor during the year in which the services are provided.

Such services were not recognized as non-audit services by the company at the time of the engagement.

ELECTION OF DIRECTORS

Qualifications and Nomination of Directors

The corporation's Bylaws authorize the number of directors to be not less than five (5) nor more than twenty-five (25). The Bylaws also provide for three classes of directors with staggered 3-year terms of office. The Board of Directors nominated the three persons named below to serve as directors until the 2011 annual meeting of shareholders or until their earlier death, resignation or removal from office. The nominees are presently members of the Board of Directors and have consented to serve another term as a director if re-elected. If the nominees should be unavailable to serve for any reason, a majority of the Board of Directors then in office may select someone to fill the vacancy until the expiration of the term of the class of directors to which he or she is appointed.

The Board of Directors is divided into three classes. Terms of the members of each class expire at successive annual meetings. Currently, Class A consists of four directors, Class B consists of three directors, and Class C consists of four directors. Shareholders will elect three Class A directors at this annual meeting to serve for a 3-year term.

The proxy holders intend to vote proxies for the election of each of the three nominees named below, unless you indicate that your vote should be withheld from any or all of them. Each nominee elected as a director will continue in office until his or her successor has been duly elected and qualified, or until his or her death, resignation, retirement or removal from office.

Compensation of the Board of Directors

Directors received no remuneration for attendance at the meetings of the Board of Directors of the corporation. All director fees are paid by the bank. The bank participates in the L. R. Webber Associates, Inc. Salary/Benefits Survey, which includes a survey of director fees and benefits. The bank also periodically conducts a survey of director fees, committee fees and other director compensation of banks that are similar in size and in similar markets to the bank. Based on the surveys, which are reviewed by the Compensation Committee, a recommendation by the Compensation Committee is presented to the Board of Directors for final approval.

During 2007, Mid Penn Bank directors earned an annual fee of \$10,500. A bonus was payable to directors each year based upon whether the bank meets certain performance criteria, with respect to earnings and growth, as outlined in the bank's Performance Bonus Plan. Effective January 1, 2008, the director bonus plan was eliminated. Members of the Nominating and Corporate Governance Committee and members of the Compensation Committee received \$250 for each meeting attended, while members of the Audit Committee received \$300 per meeting attended. Directors who are also officers of the bank are not paid for attending committee meetings. In 2007, the Board of Directors was paid \$153,650 in the aggregate, for all Board of Directors' fees, bonuses and committee meetings attended. In addition, A. James Durica was paid \$16,763 in fees for services rendered in his capacity as chairman of the Audit Committee, which includes his work to prepare for committee meetings and to attend meetings with the bank's auditors, compliance consultants, SEC counsel, and other advisors the bank uses in connection with its audit program. Robert Grubic and Theodore Mowery were each paid an additional \$100 for attending the bank's Advisory Board Meetings.

The bank maintains a deferred fee plan for directors, which enables a director to defer payment of his fees until he leaves the Board. The following are the current directors who each deferred \$8,000 in fees for 2007: Robert Grubic, Theodore Mowery, Donald Sauve, Edwin Schlegel and Guy Snyder, Jr. Deferred director fees paid to retired directors during 2007 totaled \$11,926.

In May 1995, the Mid Penn Bank directors adopted a retirement bonus plan, subsequently renamed director retirement plan. The plan pays a retirement fee to directors who voluntarily terminate their service on the Board with at least five years of service. The retirement fee is determined by multiplying the base retirement amount for the member's position (\$533.35 for the Chairman, \$266.68 for all other directors, which figures reflect the inflationary adjusted rates for 2007) by the number of full years the member served. No portion of the payment under this plan is assignable. The plan contains an inflationary adjustment provision and provides for survivor benefits. Payments due under the plan are paid quarterly for a term of 15 years to the director or his/her designated beneficiary. Earl Etzweiler, Harvey Hummel, Charles Lebo, Warren Miller, William Nelson and Eugene Shaffer received a total of \$47,402 under this plan in 2007.

The following table summarizes the total director compensation awarded or earned for services in all capacities to the corporation and to the bank for the fiscal year ended December 31, 2007.

COMPENSATION DISCUSSION AND ANALYSIS*Introduction*

The Board of Directors has appointed a Compensation Committee which administers the compensation program. The committee strives to offer a fair and competitive compensation policy to govern named executive officers' base salaries and incentive plans and to attract and maintain competent, dedicated and ambitious managers whose efforts will enhance the products and services of the corporation and of the bank, resulting in higher profitability, increased dividends to the corporation's shareholders and appreciation in market value of the corporation's common stock.

The elements of compensation are base salary, bonus plans, supplemental benefits, retirement benefits and deferred compensation plans. As each element of compensation is intended to accomplish a specific goal, payments under one element are not taken into account when determining the amount to be paid under a different element.

Named Executive Officers' Role in Determining Compensation

The compensation of the named executive officers is reviewed and approved annually by the Board of Directors upon the recommendation of the Compensation Committee. The Compensation Committee considers the views and recommendations of the Chief Executive Officer in making compensation decisions affecting executive officers who report to him. The Chief Executive Officer's role in recommending compensation programs is to develop and recommend appropriate performance measures and targets for individual compensation levels and compile competitive benchmark data to assess competitive labor market. The Chief Executive Officer does not participate in the discussions or decisions regarding changes in his compensation.

Table of Contents

Base Salary

Base salary is designed to attract and retain executives who can further the strategic objectives of the corporation and bank. Base salary is a major component of the named executive officers' compensation and is reviewed every year to determine whether the salary is at the appropriate level. The Compensation Committee uses the L. R. Webber Associates, Inc. Salary/Benefits Survey described below, under *Benchmarking*, as a benchmark for base salary determination. The Committee uses this peer group of banks because of common industry issues and competition for the same executive talent group.

The Committee bases compensation increases to executive officers on subjective analysis of each individual's contribution to the bank. Numerous factors are used in determining compensation increases, including: the bank's earnings, return on assets, return on equity, market share, total assets and loans. Although performance and increases were measured by these factors, among others, no direct correlation formula exists between any specific criterion and an executive officer's compensation. The Committee's analysis did not provide a specific weight to any criteria and its determination is subjective after review of all information deemed relevant.

Prior to 2007, Chairman Dakey was paid director fees for his services as a board member on the Mid Penn Bank Board. Based on a recommendation by the Compensation Committee and subsequently approved by the Mid Penn Bank Board, Chairman Dakey's director fees were eliminated as of January 1, 2007, and his base salary was increased by the amount of his director fees.

Benchmarking

The companies comprising the peer group in the L. R. Webber Associates, Inc. Salary/Benefits Survey are broken into two groups. The banks by asset size of \$400 to \$499 million include the following 10 banks and 3 thrifts:

- | | |
|---|---|
| 1 st Summit Bank, Johnstown | Mid Penn Bank, Millersburg |
| Alliance Bank, Broomall | NOVA Savings Bank, Berwyn |

| Dime Bank, Honesdale | Union National Community Bank, Lancaster |
| Juniata Valley Bank, Mifflintown | At its request, one bank was not listed in the survey |
| Kishacoquillas Valley National Bank, Reedsville | |

A second group contains banks in the same geographic area as Mid Penn Bank and is comprised of the following 20 banks and 2 thrifts:

- | | |
|--|---|
| Adams County National Bank, Gettysburg | Fulton Financial Corporation, Lancaster |
| Agchoice Farm Credit, Mechanicsburg | Graystone Bank, Lancaster |

First National Bank of Fredericksburg, Fredericksburg	Union National Community Bank, Lancaster
First National Bank of Greencastle, Greencastle	York Traditions Bank, York
Fleetwood Bank, Fleetwood	At its request, one bank was not listed in the survey

The peer banks are utilized to arrive at salary ranges for all employees, including executive officers. The base salary levels set by the bank are comparable to the banks in the survey. The salary levels for executive officers of Mid Penn Bank fall within the ranges of the L. R. Webber Associates, Inc. Salary/Benefits Survey. The 2007 salary increases for executive officers were not increased as a result of benchmarking to the salary survey. Average base salary increases for the three named Mid Penn executives were 5.23%, which is comparable to the average salary increase of 4% for their positions in the L. R. Webber Associates, Inc. Salary/Benefits Survey.

Bonus Plan

Chairman Dakey, Mr. Laudenslager and Mr. Williams participate in the bank-wide bonus plan. The Board of Directors has determined that Chairman Dakey and Mr. Laudenslager are in key positions to influence the financial results of the bank and implemented an extra bonus to incent them to improve the earnings of the bank and achieve individual and corporate quarter and annual financial goals. The 2007 bank-wide bonus plan has two primary financial components: growth in earnings per share and growth in core deposits. The bonus calculation is based on Mid Penn Bancorp's performance in these two areas compared to a group of six community banking organizations of comparable size to Mid Penn Bancorp, Inc. The six banking organizations have had a history of strong financial performance and consist of the following entities:

CNB Financial Corporation, Clearfield	Norwood Financial, Honesdale
Codorus Valley Bancorp, Inc., York	Orrstown Fin. Services, Inc., Shippensburg
Juniata Valley Financial Corp., Mifflintown	Penns Woods Bancorp, Inc., Jersey Shore

The bonus is calculated by comparing Mid Penn's performance in growth in earnings per share and growth in core deposits to the averages for the peer group. Bonus levels are tiered and require that Mid Penn's performance equals the average for the peer group for employees to qualify for a bonus. The range of bonus available to all employees is the same as the named executive officers, with a minimum bonus of 3% if Mid Penn matches the peer average, up to a maximum of 9% if Mid Penn exceeds the peer group average by 15%. Employees did not qualify for a bonus based on the performance criteria of the bonus formula, and therefore no bonuses were paid for 2007. The bonus plan is discretionary and may be amended by the Board of Directors at any time.

The extra bonus plan, in which Chairman Dakey and Mr. Laudenslager participate, requires that the bank attains performance levels to qualify for the bank-wide bonus plan. Since no bank-wide bonus was paid for 2007, no extra bonus was paid to Chairman Dakey and Mr. Laudenslager. The Compensation Committee determined in 2007 that the extra bonus plan was antiquated and was no longer an effective bonus plan. In September 2007, at the recommendation of the Compensation Committee, the Board of Directors approved the elimination of the extra bonus plan and further approved the extra bonus amounts of base salary

Table of Contents

for Chairman Dakey and Mr. Laudenslager be added to their base salaries effective January 1, 2008. The amount of the salary increase was 20% of base salary for Chairman Dakey and 6% of base salary for Mr. Laudenslager. These amounts represent the same extra bonus percentage that had been paid to Mr. Dakey since he was hired in 1993 and to Mr. Laudenslager since 1997.

Commercial Lender s Incentive Plan

To reward his efforts in managing the commercial lending group, Mr. Williams participates in the Commercial Lender s Incentive Plan, whereby he is rewarded for achieving specific bank goals. The purpose of the Commercial Lender s Incentive Plan is to promote a superior level of performance by the bank s lenders to meet and exceed portfolio and quality goals; to motivate, reward and reinforce superior operating performance both on a department and individual basis; to attract and retain the best commercial lenders; to encourage an atmosphere of teamwork; and to enhance profitability and productivity in support of the bank s immediate and future business goals.

Mr. Williams Commercial Lender s Incentive Plan is based on the performance of the commercial lending group and its performance relative to goals in three areas: loans originated, loans outstanding and fee income. To earn an incentive, the commercial lending group must exceed budget goals by at least 5%. The maximum incentive Mr. Williams can receive under the plan is 20% of his base pay. In January 2007, Mr. Williams received an incentive of \$5,296 for the commercial lending group s performance for the year 2006. The commercial lending group did not reach its performance goal for 2007, and therefore, Mr. Williams did not receive an incentive under this plan. The Commercial Lender s Incentive Plan is a discretionary plan, and the Compensation Committee has the ability to increase or decrease bonus awards at its discretion and could grant a bonus award if performance targets are not met due to unusual circumstances. The Compensation Committee has not made adjustments to the Commercial Lender s Incentive Plan in the past.

Incentive Programs

The bank also offers an individual business referral incentive program which rewards executive officers and employees for referring business to the bank and a perfect attendance bonus to reward executive officers and employees for having perfect attendance.

Employee Benefits Consultants

The bank has not utilized outside consultants to assist with its various compensation programs and benefits. The bank has utilized various surveys, including the L. R. Webber Associates, Inc. Salary/Benefits Survey previously mentioned, to determine the adequacy of its compensation components and how the various components compare to peer banks. The Compensation Committee used the services of Mosteller & Associates to establish the Commercial Lender s Incentive Plan in which Mr. Williams participates. The Compensation Committee has the authority to utilize employee benefits consultants at its sole discretion.

Benefit Plans

Insurance Plans

Group life insurance, group disability and health insurance are available to all eligible employees and executive officers. All executive officers and employees may elect to participate in voluntary dental and vision plans. Such plans are standard in the industry and in the geographic area for all industries, as well as necessary to compete for talented employees at all levels of the bank. These plans are not tied to bank or individual performance. The cost of providing such plans to all eligible employees and executive officers is not taken into account when determining specific salaries of the named executive officers and is seen as a cost of doing business.

Split Dollar Plan

Life insurance is provided to Chairman Dakey under an endorsement split dollar arrangement which provides a split-dollar share of death benefits to the executive's beneficiary, depending upon the executive's eligibility to receive payments. The plan is funded with bank-owned life insurance (BOLI) and is used to provide an additional benefit to Chairman Dakey. Split-dollar life insurance plans are widely available in the banking industry, because the bank will recover its plan costs upon the death of the executive, and the executive's beneficiary will receive a split of the insurance proceeds. Although this benefit does not provide any current remuneration to the executive, it provides the bank with a mechanism to use to attract, retain and reward highly qualified executives, and it provides further incentive for longevity with the bank.

Retirement Plans

The bank believes that it is important to assist employees in saving for retirement and believes that by providing a mechanism to save for retirement, the bank is providing the named executive officers with incentive to continue in the employ of the bank.

The bank offers an Employee Profit Sharing Retirement Plan and Employee Stock Ownership Plan (ESOP) in which the named executive officers participate. A summary of each plan follows.

The Compensation Committee requested and reviewed retirement plan surveys from the National Profit Sharing Council and its actuary firm to use as a basis to compare the level of benefits the bank provides compared to the survey results. The Compensation Committee adjusted the level of retirement benefits it provides to executive officers and employees based on the results of the surveys. The named executives participate at the same percentage of retirement contributions as all bank employees.

Employee Profit Sharing Retirement Plan

The named executive officers participate in the same retirement plans as all other employees. The bank maintains the employee profit sharing retirement plan, which covers all employees who meet eligibility requirements. The bank's profit sharing retirement plan rewards employees for their efforts in assisting the corporation meet its financial goals. The level of

Table of Contents

contribution the bank provides is discretionary and is not tied to a specific formula. The Board of Directors approves the contribution level based on a recommendation made by the Compensation Committee. A bank contribution of 6% of base salary was provided to all eligible employees, including the named executives for 2007.

As part of the Employee Profit Sharing Retirement Plan, the bank's 401(k) plan allows employees to save their own money for retirement, to earn a matching contribution from the bank and to direct the investment of all funds in the 401(k) plan. The amount of match contributed to the named executives' plan is the same as contributed to all other eligible employees. This plan is viewed as a necessity to successfully hire and retain employees in a competitive marketplace. The amount of the match provided by the bank is discretionary and is approved by the Board of Directors based on the recommendation of the Compensation Committee. For 2007, the bank matched 50% of the named executives' contributions up to a maximum bank contribution of 3%.

Employee Stock Ownership Plan

The bank maintains an employee stock ownership plan for all bank employees and its subsidiaries who satisfy the length of service requirements. Participants do not contribute to the plan and the bank, in its discretion, may contribute. The plan is designed to reward performance and to drive an ownership culture by rewarding employees with corporation stock. The level of the bank's contribution is discretionary and is not tied to any specific formula. The contribution level is approved by the Board of Directors based on a recommendation by the Compensation Committee. All eligible employees, including the named executives, received a contribution of 2% of their base pay for 2007.

Salary Continuation Agreement

The bank provides a salary continuation agreement to Chairman Dakey. These agreements are designed to account for some of the limitations with traditional pension plans and to encourage Chairman Dakey to remain an employee of the bank. Chairman Dakey's vesting schedule provides a 50% vesting of the benefit after 5 years of service, 75% after 10 years and 100% after 15 years of service. Vesting applies to the early termination and disability benefit provided for in the plan, but does not apply to a change of control. Upon retirement, Chairman Dakey receives a specific annual benefit. In the event that Chairman Dakey terminates prior to retirement, the amount of the annual benefit is reduced. Salary continuation agreements are typical in the financial services industry, and the amount payable under the agreement is also consistent with what is expected in the financial services industry.

Executive Deferred Compensation Agreement and Executive Deferred Bonus Agreement

In an effort to offer Chairman Dakey an additional method of saving for retirement and to account for some of the limitations with traditional pension plans, the bank maintains a non-qualified deferred compensation plan in which he is eligible to participate. The plan is also designed to encourage Chairman Dakey to remain an employee of the bank, by allowing him to defer a portion of his income to be paid out in the event of retirement, early termination, disability, a change of control or death. The amounts deferred accrue an annual rate of interest of eight percent (8%).

Executive Employment Agreement

On September 1, 2007, Mid Penn Bank entered into an Executive Employment Agreement with Alan W. Dakey, Chairman, President and Chief Executive Officer. The bank wishes to retain Chairman Dakey in his present capacity and is aware that Executive Employment Agreements are common in the banking industry for the Chief Executive Officer. The bank wishes to grow, and Chairman Dakey is expected to pursue acquisition opportunities for the bank. The Board did not want Chairman Dakey to have personal reservations concerning the pursuit of acquisitions because he did not have the protection of an employment agreement.

Chairman Dakey's Executive Employment Agreement contains standard terms and conditions compared to employment agreements in place for the Chief Executive Officers of comparable Pennsylvania banks of similar size. Legal counsel prepared an initial draft contract, with the final provisions negotiated between the Compensation Committee and Chairman Dakey. The final agreement was approved by the Mid Penn Board of Directors prior to its execution. The term of the contract is two years, with automatic two-year renewals unless terminated by either party with advance written notice as to termination.

Triggering Events in Contracts

The triggering events contained in Chairman Dakey's Employment Agreement are termination without cause, termination after a change of control, and termination for good reason. The Compensation Committee wanted to provide Chairman Dakey with the security of knowing that if he is terminated in one of those scenarios that he will receive some form of compensation during the transition phase from working for the corporation to finding another position. The Compensation Committee believes that the triggering events in these agreements are appropriate in that they encourage Chairman Dakey to act in the best interests of the shareholders in evaluating any change of control opportunities and keeps him focused on running the corporation in the face of real or rumored corporate transactions. In addition, the contract contains a non-competition provision, whereby the executive is not allowed to compete with the corporation or solicit customers of the corporation for a specific period of time.

Material Differences in Named Executive Officers' Compensation

The Compensation Committee determined the amount and type of compensation to be awarded to the named executive officers based on the salary and benefit survey information provided in the L. R. Webber Associates, Inc. Salary/Benefits Survey. As previously mentioned, the base salary increases for the named executives were comparable to salary adjustments in the L. R. Webber Associates, Inc. Salary/Benefits Survey. The Compensation Committee considers the salary ranges for the particular positions and has maintained executive salaries in the salary ranges for these executive positions. The Compensation Committee considers the performance evaluations, which are completed for each named executive, as another consideration in determining annual base salary increases. There were no material differences in the percentage of salary adjustments among the three named executives. The differential between salary levels for each of the three named executives is primarily driven by salary differentials in the salary survey with consideration also given to the experience and time in their respective positions.

Table of Contents

Accounting and Tax Treatments

There were no decisions or changes made to compensation or benefit plans as a result of accounting and/or tax treatments. Section 280G of the Internal Revenue Code of 1986, as amended, generally disallows a deduction for compensation paid to employees in the event of a change of control which is in excess of three times the employee's base salary as defined in the Section. The employee also is subject to a 20% excise tax on the amount of the excess payment, often referred to as an excess parachute payment. Chairman Dakey's Employment Agreement provides that if the payment to Chairman Dakey would trigger Section 280G, then the amount which he will receive will be reduced to an amount which would not trigger the excise tax.

Equity Compensation Plans

The corporation does not maintain any equity compensation plans or stock options for executives or board members. The Board has determined that stock options are not consistent with the corporation's philosophy and approach to compensation. Cash compensation is deemed the more appropriate form of payment.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management, and based on the review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the corporation's proxy statement.

Executive Bonus and Incentive Plans

Chairman Dakey, Mr. Laudenslager and Mr. Williams participate in the bank-wide bonus plan which is based on two components: growth in earnings per share and growth in core deposits. The bonus formula allows for a maximum bonus of 9% of base salary. Based on the components of the bonus formula, no bonus was earned for the year 2007. The bonus earned based on this formula for 2006 was 5.50% and was paid to all employees in January 2007. Since Chairman Dakey and Mr. Laudenslager were in key positions to influence the financial results of the bank and as an incentive for them to improve the earnings of the bank, the Board implemented an extra bonus payable to Chairman Dakey and Mr. Laudenslager in the event that all employees qualify for a bonus under the bank-wide bonus plan. The extra bonus was 20% of base pay for Chairman Dakey and 6% of base pay for Mr. Laudenslager and was paid in addition to and at the same time the bank-wide bonus was paid. This extra bonus had been in place for the past 14 years and was since discontinued by the Board of Directors in 2007, effective January 1, 2008.

To reward his efforts in managing the commercial lending group, Mr. Williams participates in a chief lending officer incentive plan. The purpose of the plan is to reward Mr. Williams' contribution to a superior level of organizational and operating performance for the commercial lending group. The operation of the plan is predicated on attaining and exceeding pre-established goals for the commercial lending group. Mr. Williams received an incentive under this plan of 4.95% of his base salary for 2007 and 2006, amounting to \$5,296 in 2007 and \$4,876 in 2006.

Employee Profit Sharing Retirement Plan

The corporation does not maintain a defined benefit pension plan. The bank, however, maintains the Employee Profit Sharing Retirement Plan, created in 1949, restated in 1994, and last amended in 2007, which covers all bank employees who meet eligibility requirements. The Board of Directors instituted a 401(k) Plan as part of the Employee Profit Sharing Retirement Plan effective January 1, 2007 for all bank employees who satisfy eligibility requirements. Eligible employees are entitled to receive a share of the bank's contribution to the plan if they are bank employees on December 31st. For the year 2007, the Board approved a matching contribution rate of 50% of the employee contribution, up to a maximum bank contribution of 3%. The Board maintains the right to adjust its matching rate on an annual basis.

The annual contribution is determined by the bank's Board of Directors and is contingent upon current or accumulative profits of the bank with the total amount of the annual contribution not to exceed 15% of the total eligible compensation paid by the bank to all participating employees. A participating employee's share of such annual contribution is allocated on the basis of the participating employee's eligible compensation up to \$225,000 as compared to the total eligible compensation of all the participating employees. The contributions to the plan are paid to a trust fund that is administered by the bank's Trust Department. A participating employee is allocated a share of the net income of the trust fund and the increase or decrease in the fair market value of its assets on the basis of such employee's beginning of the plan year.

Table of Contents

account balance, plus forfeitures of unvested balances from employees who terminated employment, less any payments as compared to the total beginning account balances, less payments to all the participating employees. A notice of the account balance is given to participating employees annually.

Distributions under the plan can be made to participating employees upon retirement, either normal or early retirement as defined in the plan, at death or disability of the participating employee or upon severing employment if either partially or fully vested. The plan provides for percentage vesting of 20% for the first full two years of service increasing annually thereafter to 100% vesting after six full years of participation. The plan provides for an accelerated vesting schedule in the event it becomes top-heavy.

Management cannot determine the extent of the benefits that any participating employee may be entitled to receive under the plan on the date of termination of employment because the amount of the benefits is dependent, among other things, upon the bank's future earnings, the participants future compensation and the future earnings of the plan's trust fund. As of December 31, 2007, the total market value of the Employee Profit Sharing Retirement Fund was approximately \$6,982,379, which does not include 401(k) Plan. As of December 31, 2007, there were no shares of Mid Penn Bancorp, Inc. common stock in the plan.

Contributions the bank paid to the plan were \$321,708 for 2007, including the employer match for the 401(k) Plan. The bank contributed \$10,470 in 2007 to the plan for Mr. Dakey, Chairman of the Board, President and Chief Executive Officer of the corporation and the bank; \$5,938 for Mr. Laudenslager, Executive Vice President and Chief Financial Officer of the bank; and \$6,900 for Mr. Williams, Executive Vice President and Chief Lending Officer of the bank. In addition, the bank made matching contributions to the 401(k) Plan in 2007 of \$5,247 for Chairman Dakey, \$2,474 for Mr. Laudenslager and \$3,462 for Mr. Williams. As of February 15, 2008, Chairman Dakey had 15 years of credited service under the plan. Mr. Laudenslager and Mr. Williams had 23 and 7 years of credited service under the plan, respectively.

Employee Stock Ownership Plan

Effective January 1, 1998, the Board of Directors adopted the Mid Penn Bank Employee Stock Ownership Plan for all bank employees and its subsidiaries who satisfy length of service requirements. The Plan was last amended in 2007. Participants do not contribute to the plan. The Plan invests in shares of Mid Penn Bancorp, Inc. stock, holding 45,193 shares as of December 31, 2007. Each year the bank may, in its discretion, contribute to the ESOP. In 2007, the bank contributed \$78,569 to the plan. As of December 31, 2007, the total market value of the Employee Stock Ownership Plan was approximately \$1,294,339. In 2007, the bank contributed \$3,490 to the plan for Mr. Dakey, Chairman of the Board, President and Chief Executive Officer of the corporation and the bank; \$1,979 for Mr. Laudenslager, Executive Vice President and Chief Financial Officer of the bank; and \$2,300 for Mr. Williams, Executive Vice President and Chief Lending Officer of the bank.

In 2001, the bank purchased bank-owned life insurance to fund the premiums of the Officer's Split Dollar Life Insurance Plan. Chairman Dakey will have a vested insurance benefit in the policies at the earliest of the following events: (1) reaching normal retirement age while employed by the company; (2) reaching a total of 70 when the participant's age and years of service are combined; (3) termination of employment due to disability; (4) termination of employment following a change of control. SHAREHOLDER PROPOSAL

We received the following shareholder proposal from Gerald R. Armstrong, 820 Sixteenth Street, No. 705, Denver, Colorado 80202-3227. Mr. Armstrong owns approximately 115 shares of common stock. Mid Penn Bancorp disclaims any responsibility for the content of this proposal and supporting statement which are presented verbatim from the shareholder.

Resolution

That the shareholders of MID PENN BANCORP request its Board of Directors to take the steps necessary to eliminate classification of terms of the Board of Directors to require that all Directors stand for election annually. The Board declassification shall be completed in a manner that does not affect the unexpired terms of the previously-elected Directors.

Statement

The proponent believes the election of directors is the strongest way that shareholders influence the directors of any corporation. Currently, our board of directors is divided into three classes with each class serving three-year terms. Because of this structure, shareholders may only vote for one-third of the directors each year. This is not in the best interest of shareholders because it reduces accountability.

U. S. Bancorp, Associated Banc-Corp, Piper-Jaffray Companies, Fifth-Third Bancorp, Pan Pacific Retail Properties, Qwest Communications International, Xcel Energy, Greater Bay Bancorp, North Valley Bancorp, Pacific Continental Corporation, Regions Financial Corporation, CoBiz Financial Inc., Marshall & Illsley Corporation, and Wintrust Financial, Inc. are among the corporations electing directors annually because of the efforts of the proponent.

The performance of our management and our Board of Directors is now being more strongly tested due to economic conditions and the accountability for performance must be given to the shareholders whose capital has been entrusted in the form of share investments.

A study by researchers at Harvard Business School and the University of Pennsylvania's Wharton School titled "Corporate Governance and Equity Prices" (Quarterly Journal of Economics, February, 2003), looked at the relationship between corporate governance practices (including classified boards) and firm performance. The study found a significant positive link between governance practices favoring shareholders (such as annual directors election) and firm value.

While management may argue that directors need and deserve continuity, management should become aware that continuity and tenure may be best assured when their performance as directors is exemplary and is deemed beneficial to the best interests of the corporation and its shareholders.

The proponent regards as unfounded the concern expressed by some that annual election of all directors could leave companies without experienced directors in the event that all incumbents are voted out by shareholders. In the unlikely event that shareholders do vote to replace all directors, such a decision would express dissatisfaction with the incumbent directors and reflect a need for change.

If you agree that shareholders may benefit from greater accountability afforded by annual election of all directors, please vote **FOR** this proposal.

Table of Contents

The Board recommends a vote AGAINST this proposal.

The Board of Directors has carefully considered the proposal and the arguments in favor and against a classified board. Our review included consideration of the present state of financial services industry, the history of the classified board and current regional and national corporate practices relating to classified boards. After our review, we concluded that at present the classified board system remains in the best interests of the corporation and its shareholders.

Stability and Continuity. We believe that a classified board enhances the stability and continuity of the Board of Directors. Our Board of Directors puts great emphasis on long-term planning and focus. By electing one-third of the directors each year, it ensures that two-thirds of the directors remaining have the requisite experience and knowledge of the company's ongoing business and affairs to implement and focus on strategic long-term planning and goals. A sudden change in board composition could jeopardize our long-term plans.

Accountability. While our directors hold three-year terms on a classified board, they have the same fiduciary and legal duties to the shareholders of Mid Penn Bancorp as directors elected on a yearly basis. It is the manner in which directors conduct themselves on the board that drives corporate governance and not the frequency to which they are elected. Furthermore, as visible local community and business leaders, they are available to be contacted by any shareholder to discuss issues throughout the year.

Independence. We believe that a classified board enhances director independence. By electing one-third of the board each year, our directors are insulated from pressure by management or special interest groups that may have interest which are contrary to the best interests of shareholders.

Value Protection. A classified board also protects your company against unfriendly or unfavorable takeover proposals. If persons or entities of questionable intent or hostile to the long-term shareholder interests took a position in the company which permitted them to determine the outcome of an election of directors in a yearly election regime, they could abruptly change the composition of the board in a single year and thereby diminish shareholder value protections. However, a classified board would slow any change in board composition over the span of a couple of years. This would encourage any influences of questionable intent to negotiate with the board and permit the board to consider various alternatives, if available, and maximize shareholder value.

Vote Required and Board Recommendation

Assuming a quorum is present, the affirmative vote of a majority of the votes cast on the proposal at the annual meeting, whether in person or by proxy, is required for the approval of the proposal presented above. However, because this proposal is only a request, approval of the proposal will not automatically repeal the classified board. Eliminating the classified board would require further action by the board.

The Board recommends a vote AGAINST this proposal. Proxies solicited by the board will be voted AGAINST this proposal unless otherwise instructed on the proxy card.

CODE OF ETHICS

Board Approved: June 25, 2003

Last Revision Date: January 24, 2007

The Directors, the CEO, the CFO, the employees and individuals designated as "Insiders" in Mid Penn Bancorp, Inc. and Mid Penn Bank (the "Company") hold an important and elevated role in corporate governance. They are vested with both the responsibility and authority to protect and preserve the interests of all of the Company's constituents, including shareholders, customers and citizens of the communities in which we conduct business. The maintenance of extremely high standards of honest, ethical and impartial conduct is essential to assure the proper performance of the Company's business and the maintenance of the public's trust. This Code of Ethics prescribes the policies and procedures to be employed and enforced in the Company's operations.

It is your responsibility to comply with the law and behave in an ethical manner. This responsibility cannot be delegated or assumed by the Company.

This Code cannot anticipate every possible situation or cover every topic in detail. From time-to-time the Company may establish compliance programs to address specific subjects or you may find certain topics also covered in the Employee Reference Handbook. If you are unclear about a situation, seek guidance before taking action.

The standards in this Code do not necessarily take into account all legal requirements. Where more restrictive local laws or requirements exist, those take precedence.

You must comply with all applicable governmental laws, rules and regulations. Failure to obey laws and regulations violates this Code and may expose both you and the Company to criminal or civil prosecution. Any violation of this Code or other compliance programs may result in corrective action, up to and including termination. The Company may also seek civil remedies from you and even refer criminal misconduct to law enforcement agencies.

You are responsible for reporting suspected violations of this Code to our Corporate Compliance Officer or by following the procedures in the Whistleblower Policy located in the Company's Employee Reference Handbook.

If you have a question about a topic covered in this Code, please review Mid Penn's Employee Reference Handbook. If you still have a concern regarding any unethical or illegal conduct, please contact our Corporate Compliance Officer or follow the guidelines in the Whistleblower section of the Company's Employee Reference Handbook.

Conflicts of Interest

A conflict of interest exists any time you face a choice between what is in your personal interest (financial or otherwise) and the interest of the Company. These situations are not always easy to avoid. When a conflict of interest arises, it is important that you act with great care to avoid even the appearance that your actions were not in the best interest of the Company. If you find yourself in a position where your objectivity may be questioned because of individual interest or family or personal relationships, notify our Corporate Compliance Officer immediately.

Ownership Interests

Board of Directors approval is required for the Company to do business with a company in which a member of the Board of Directors, an officer, an employee or a family member of a director, officer or employee owns directly or indirectly an interest. Any loan requests by executive officers and directors will need final approval by the Board of Directors and must be in compliance with Regulation O.

Gifts, Meals, Services and Entertainment

You should not request or accept anything that might be used as a means to influence, or even appear to influence, you against the Company's best interests. Personal gifts should not be accepted other than those considered common business courtesies and for which you would reasonably expect to give something similar in return in the normal course of business.

Safeguarding Company Assets/Accuracy of Books and Records

The Company maintains internal controls to provide direction on protecting Company assets and financial accountability. The controls are based upon the following principles.

Table of Contents

Maintain off-the-book accounts to facilitate questionable or illegal payments; or

Violate any law or regulation.

Do:

Ensure effective internal controls and procedures are designed and implemented;

Prepare project budget proposals with accurate information;

Maintain books, accounts and records according to generally accepted accounting principles, using enough detail to reflect accurately and fairly Company transactions;

Record transactions in a timely manner, so that no misleading financial information is created. (These transactions include, but are not limited to, income, expense, indebtedness, obligation, reserves and acquisition or disposition of assets, etc.); and

Give full, fair, accurate, timely, and understandable disclosure in any and all periodic reports filed with the Securities Exchange Commission and other public communications made by the Company.

All employees, officers and directors are required to respond honestly and candidly when dealing with the bank's independent and internal auditors, regulators and attorneys.

Safeguarding Confidential Information

Trade secrets and other proprietary information of the Company and its customers and suppliers, employee data, information about the Company's customers and suppliers, and all other non-public information that might be of use to the Company's competitors or harmful to the Company or its customers, if disclosed, is confidential information. Confidential information should be protected by all Covered Persons and, except to the extent legally required or specifically authorized by an appropriate representative of the Company, should not be disclosed to persons inside or outside the Company who do not have a legitimate, work-related need to know such information. The loss of this information through inadvertent or improper disclosure could be harmful to the Company and its customers and suppliers.

Insider Trading

Edgar Filing: MID PENN BANCORP INC - Form DEF 14A

Insider trading is a crime that can carry severe penalties. If you know material, confidential information about the Company or any company with whom we have a business relationship and you trade Company securities, such as stocks or bonds, while in possession of that information or tell others about it before it is made public, you may have violated the insider trading laws. Please review the Insider Trading Policy and the Employee Handbook for details on our insider trading policy.

Material information is the type of news that would affect a reasonable investor's decision on whether or not to invest in the Company's stock. Examples include plans to issue securities, sharp changes in earnings patterns, changes in dividend rates, changes in key management personnel, mergers, acquisitions, and important regulatory actions affecting the Company. This policy forbids you from trading not only in Company stock, but also in stock of our suppliers, customers or other companies with whom we have a business relationship, while in possession of material inside information, learned in the course of your employment at our Company.

We encourage all members of the Board of Directors, officers and employees to invest in our stock. However, if you have access to any information not readily available to the public, you must be very careful when trading stock to be sure you have not traded while in possession of material non-public information. When you have such information:

Do not tell anyone not authorized to have the information. A casual remark to a friend may find its way to a broker and eventually to the entire financial community thereby requiring the Company to make a premature or unplanned public announcement. This tipping may be illegal and damaging to the Company.

In compliance with the Sarbanes-Oxley Act of 2002, do not trade and trading is prohibited in the Company's stock (or that of an applicable outside company) until the news has been made public for at least two full business days. Circumstances suggesting the possibility of insider trading may result in an investigation by governmental authorities of the Company and stockbroker records of stock trading transactions. This investigation could damage our Company's reputation and result in liability or penalties, including criminal charges and fines against the individual.

This policy against insider trading also covers transfers into and out of the Company stock or savings plans and changes in patterns involving purchases of our stock within the plans. However, generally, regular scheduled purchases of the Company stock within plans are not prohibited.

If you are planning to effect a transaction in our securities, you must contact our Corporate Compliance Officer in advance.

Table of Contents

Bribery, Kickbacks and Other Improper Payments

The Company, our Board of Directors, officers and employees must maintain high ethical and professional standards in all dealings.

Do not directly or indirectly promise, offer or make payment in money or anything of value to anyone, including a government official, agent or employee of a government, political party, labor organization or business entity or a candidate of a political party, with the intent to induce favorable business treatment or to improperly affect business or governmental decisions.

Our Code does not take into account all local legal requirements. Where more restrictive local laws exist, those take precedence. In general, the Company does not consider ordinary and reasonable business entertainment or gifts of insubstantial value that are customary and legal in the local market to be improper.

Document any entertainment of and gifts to customers and potential customers.

Loans are not made by the Company to its Board members, officers or employees. Loans may be made by our banking subsidiaries and will comply with all federal and state laws, statutes and regulations.

Do not solicit for yourself or for a third party (other than the Company itself) anything of value from anyone in return for any business, service or confidential information of the Company.

Do not accept anything of value (other than bona fide salary, wages and fees referred to in 18 U.S.C. 215(c)) from anyone in connection with the business of the Company, either before or after a transaction is discussed or consummated.

Reporting Standards

Full, fair, accurate, and timely reporting of all financial matters is a high priority. Periodic reports to the SEC and other regulatory entities must be comprehensive, timely, and accurate. Any discrepancies or shortcomings discovered through the reporting process must immediately be brought to the attention of senior management, and where appropriate, the Audit Committee and Board of Directors. In the event you feel that your reporting of these issues is not adequately resolving the issue, you should follow the procedures described in the Whistleblower Policy as contained in the Company's Employee Reference Handbook.
