b. Comparative Information

Certain amounts in the unaudited financial statements at March 31, 2007 were reclassified for disclosure on a comparative basis with those for the period ended March 31, 2008.

NOTE 2: CONSIDERATION OF THE EFFECTS OF INFLATION

The unaudited financial statements have been prepared in constant monetary units, reflecting the overall effects of inflation through August 31, 1995. From that date and until December 31, 2001 the government discontinued the restatement of the financial statements due to a period of monetary stability. From January 1, 2002 up to February 28, 2003 the effects of inflation were recognized due to the existence of an inflationary period. As from that date again, the restatement of the financial statements was discontinued.

IRSA Inversiones y Representaciones Sociedad Anónima

and subsidiaries

Notes to the Unaudited Consolidated Financial Statements (Continued)

In thousand of pesos

NOTE 2: (Continued)

This criterion is not in line with current professional accounting standards, which establish that the financial statements should be restated through September 30, 2003. However, due to the low level of inflation rates during the period from March to September 2003, this deviation has not had a material effect on the consolidated financial statements taken as a whole.

The rate used for restatement of items was the domestic whole revenue price index published by the National Institute of Statistics and Census.

NOTE 3: SIGNIFICANT ACCOUNTING POLICIES

The unaudited financial statements of the subsidiaries mentioned in Note 1, have been prepared on a consistent basis with those applied by IRSA Inversiones y Representaciones Sociedad Anónima. The Note 1 to the unaudited basic financial statements details the most significant accounting policies applied by the Company. Below are the most relevant accounting policies adopted by the subsidiaries, which are not included in that Note.

a. Banco Hipotecario S.A. shares

Banco Hipotecario S.A. shares were valued by using the equity method of accounting by the end of the period. See Note 1.5.i. to the unaudited basic financial statements.

b. Revenue recognition

In addition to the description in the unaudited basic financial statements:

Net income for admission rights and rental of stores and stands

Leases with tenants are accounted for as operating leases. Tenants are generally charged a rent, which consists of the higher of (i) a monthly base rent (the Base Rent) and (ii) a specified percentage of the tenant's monthly gross sales (the Percentage Rent) (which generally ranges between 4% and 10% of tenant's gross sales).

Furthermore, pursuant to the rent adjustment clause in most leases, the tenant's Base Rent generally increases between 7% and 12% each year during the term of the lease. Minimum rental income is recognized following the accrue method. Certain lease agreements contain provisions, which provide for rents based on a percentage of sales or based on a percentage of sales volume above a specified

and subsidiaries

Notes to the Unaudited Consolidated Financial Statements (Continued)

NOTE 3: (Continued)

b. (Continued)

threshold. APSA determines the compliance with specific targets and calculates the additional rent on a monthly basis as provided for in the contracts. Thus, these contingent rents are not recognized until the required thresholds are exceeded.

Generally, the Company's lease agreements vary from 36 to 120 months. Law No. 24,808 provides that tenants may rescind commercial lease agreements after the initial six months, upon not less than 60 days' written notice, subject to penalties which vary from one to one and a half months rent if the tenant rescinds during the first year of its lease, and one month of rent if the tenant rescinds after the first year of its lease.

Additionally, the Company monthly charges its tenants administration fees relating to the administration and maintenance of the common area and the administration of contributions made by tenants to finance promotional efforts for the overall shopping centers operations. These fees are prorated among the tenants according to their leases and varies from shopping center to shopping center.

Administration fees are recognized monthly when accrued. In addition to rent, tenants are generally charged admission rights, that tenants may be required to pay upon entering into a lease or upon lease renewal. Admission right is normally paid in one lump sum or in a small number of monthly installments. Admission rights are recognized in earnings using the straight-line method over the life of the respective lease agreements.

Lease agent operations

Fibesa S.A. and Comercializadora Los Altos S.A. (formerly Altocity.com S.A.), companies in which APSA have shares of 99.9999% and 100% respectively, act as the leasing agents for APSA bringing together that company and potential lessees for the retail space available in certain of APSA's shopping centers. Fibesa S.A.'s and Comercializadora Los Altos S.A. (formerly Altocity.com S.A.) revenues are derived primarily from collected commissions from spaces lease agreements calculated as a percentage of the final rental income value. Revenues are recognized at the time the transaction is successfully concluded.

Credit card operations

Revenues derived from credit card transactions include commissions, financing income, charges to users for life and disability insurance and statements of accounts. Commissions are recognized at the time the merchants' transactions

and subsidiaries

are processed, while the remaining income is recognized at the time it is accrued.

Hotel operations

The Company recognizes revenues from its rooms, catering, and restaurant facilities as accrued on the close of each business day.

Net operating results from each business unit are disclosed in Note 4.

c. Intangible assets

Intangible assets are carried at cost restated as mentioned in Note 2, less accumulated amortization and corresponding allowances for impairment in value. Included in the Intangible Assets caption are the following:

Trademarks

Trademarks include the expenses and fees related to their registration.

Pre-operating expenses

This item reflects expenses generated by the opening of new shopping malls restated as mentioned in Note 2. Those expenses are amortized by the straight-line method in 3 years, beginning as from the date of opening of the shopping center.

Property development expenses

Expenses incurred related to the selling of development properties, including advertising, commissions and other expenses, are charged to net income for the period in which the corresponding income is accrued, based on the percentage of completion method.

The value of these assets does not exceed its estimated recoverable value at the end of each period/year as applicable.

NOTE 3: (Continued)

c. (Continued)

Projects Development Expenses

Intangible assets, related to projects development expenses of the Solares de Santa María S.A. subsidiary, have been valued at acquisition cost and they will be amortized during the fiscal year in which the Company starts developing the project.

The value of the intangible assets does not exceed their estimated recoverable value at period end.

d. Goodwill

Negative goodwill represents the excess of the market value of net assets of the subsidiaries at the percentage of participation acquired over the acquisition cost. Goodwill has been restated following the guidelines mentioned in Note 2 and amortization has been calculated by the straight-line method based on an estimated useful life, that in no case exceed 20 years, considering the weighted-average of the remaining useful life of identifiable assets acquired subject to depreciation.

Additionally, also includes goodwill from the subsidiary APSA, originated from the purchase of shares of Tarshop S.A., Fibesa S.A. and Emprendimiento Recoleta S.A., which is amortized through the straight-line method over a period that not exceeds 10 years. The goodwill resulting from the purchase of the shareholding in Empalme S.A.I.C.F.A. y G. is amortized in 16 years.

NOTE 4: NET OPERATING INCOME BY BUSINESS UNIT

The Company has determined that its reportable segments are those that are based on the Company's method of internal reporting. Accordingly, the Company has six reportable segments. These segments are Sales and development of properties, Office and others, Shopping centers, Credit card, Hotel and financial operations and others. As mentioned in Note 1, the unaudited consolidated statements of income were prepared following the guidelines of Technical Resolution No. 21 of the F.A.C.P.C.E.

A general description of each segment follows:

IRSA Inversiones y Representaciones Sociedad Anónima

and subsidiaries

Notes to the Unaudited Consolidated Financial Statements (Continued)

In thousand of pesos

NOTE 4: (Continued)

Sale and development of properties

This segment includes the operating results of the Company's construction and / or sale of residential buildings business.

Office and others

This segment includes the operating results of the Company's lease and service revenues of office space and other building properties from tenants.

Shopping centers

This segment includes the operating results of the Company's shopping centers principally comprised of lease and service revenues from tenants.

Hotel operations

This segment includes the operating results of the Company's hotels principally comprised of room, catering and restaurant revenues.

Credit card

This segment includes the operating results from operations with credit cards, which include commissions, financing income, charges to users by life and disability insurance and statements of accounts, among others.

Financial operations and others

This segment primarily includes revenues and associated costs generated from the sale of equity securities, other securities-related transactions and other non-core activities of the Company. This segment also includes gain/loss in equity investments of the Company relating to the banking activity.

The Company measures its reportable segments based on operating result. Inter-segment transactions, if any, are accounted for at current market prices. The Company evaluates performance of its segments and allocates resources to them based on operating result. The Company is not dependent on any single customer.

The accounting policies of the segments are the same as those described in Note 1 to the unaudited basic financial statements and in Note 3 to the unaudited consolidated financial statements.

NOTE 16: RESTRICTED ASSETS

Puerto Retiro S.A.

On April 18, 2000, Puerto Retiro S.A. (indirect subsidiary of the Company) was notified of a filing made by the National Government, through the Ministry of Defense, to extend the petition in bankruptcy of Inversora Dársena Norte S.A. (Indarsa) to Puerto Retiro S.A. Concurrently with the complaint, at the request of plaintiff, the bankruptcy court granted an order restraining the ability of Puerto Retiro S.A. to sell or dispose in any manner the acquired real estate property from Tandanor S.A.C.I.y N. in June 1993.

Indarsa had acquired 90% of the capital stock of Tandanor S.A.C.I.y N. to a formerly estate owned company privatized in 1991, engaged in the shipyard industry.

Indarsa did not comply with the payment of the outstanding price for the acquisition of the stock of Tandanor, and therefore the Ministry of Defense requested the bankruptcy of Indarsa, pursuing to extend the bankruptcy to Puerto Retiro S.A.

The evidence steps of the legal procedures have been completed. Puerto Retiro S.A. appealed the precautionary measure, being the same confirmed by the Court on December 14, 2000. The parties have submitted their claims in due time. The file was passed for the judge to issue a pronouncement, this being a decree adjourning the summoning of decisions to pronouncement in the understanding that there exists pre-judgment in respect of the penal cause filed against ex-officers of the Ministry of Defense and ex-directors of the Company. Consequently, the matter will not be solved until there is final judgment in penal jurisdiction.

The Management and legal advisors of Puerto Retiro S.A. estimate that there are legal and technical issues sufficient to consider that the request for postponement of bankruptcy will be denied by the court. However, taking the circumstances into account and the progress of the legal action, this position cannot be considered final.

Hoteles Argentinos S.A. mortgage loan

In March 2005, Credit Suisse First Boston International (CSI) acquired the debt for US\$ 11,1 million of Hoteles Argentinos (HASA), which had been in non-compliance since January 2002. In April 2006 HASA reduced the capital amount payable to US\$ 6.0 million. The balance will accrue a LIBOR interest rate 6 months plus 7.0% and will be cancelled as follows:

Maturity date	
- 09-15-2008	US\$ 225
- 03-15-2009	US\$ 239

In addition, two credit default swaps were subscribed. One between IRSA and CSI for 80% of the restructured debt value, and the other one is between Starwood Hotels and Resorts Worldwide Inc. (Starwood) and CSI for 20% of the restructured debt value. Under these contracts, both companies (IRSA and Starwood) are able to protect CSI in case of non-compliance with HASA's obligations. For valuable consideration, the Company and Starwood will be paid a coupon on a periodical basis. To support the obligations assumed, the Company deposited as guarantee the amount of US\$ 1.2 million.

NOTE 17: TARSHOP S.A. CREDIT CARD RECEIVABLES SECURITIZATION

Tarshop has ongoing revolving year securitization programs through which Tarshop S.A., a majority-owned subsidiary of APSA, transfers a portion of its customer credit card receivable balances to master trusts that issues certificates to public and private investors.

Under the securitization programs, Trusts may issue two types of certificates representing undivided interests in the Trusts Títulos de Deuda Fiduciaria (TDF) and Certificados de Participación (CP), which represent debt, and equity certificates, respectively. Interest and principal services are paid periodically to the TDF holders throughout the life of the security. CPs are subordinated securities which entitle the CP holders to share pro rata in the cash flows of the securitized credit card receivables, after principal and interest on the TDFs and other fees and expenses have been paid. During the revolving period no payments are made to TDF and CP holders. Principal collections of the underlying financial assets are used by the Trust to acquire additional credit card receivables throughout the revolving period. Once the revolving period ends, a period of liquidation occurs during which: (i) no further assets are purchased, (ii) all cash collections are used to fulfill the TDF service requirements and (iii) the remaining proceeds are used to fulfill the CPs service requirements.

In consideration of the receivables transferred to the Trusts, which have been eliminated from the Tarshop's balance sheet, that received cash (arising from the placement of the debt securities by the Trusts) and CPs issued by the trusts. The latter are recorded at their equity values at the closing of the period/year on the basis of the financial statements issued by the trusts.

Tarshop S.A., agreed on a Securitization Program of consumption portfolio for the purpose of securing long-term financing and the possibility of direct access to the capital market.

Under this Securitization Program, at March 31, 2008, Tarshop S.A. transferred to financial trusts the total amount of Ps. 1,287,400 of credits receivable originated in the use of its clients' credits cards and personal loans carrying promissory notes. Consequently, T.D.F. Series A were issued for Ps. 1,102,200, T.D.F. Series B for Ps. 70,900, C.P. Series C for Ps. 114,100, and C.P. Series D for Ps. 200.

On the other hand, Tarshop S.A. acquired all the C.P. Series C in an amount equal to its nominal value, and all the remaining T.D.F. and C.P. were placed to investments through a public offer in Argentina. As credit protection to investors, Tarshop S.A. has made a cash reserve for losses in the amount of Ps. 16,400.

NOTE 18: SALE IN OWNERSHIP OF BANCO HIPOTECARIO S.A. AMONG SUBSIDIARIES

NOTE 20: ADOUSITION OF CORDOBA SHOPPING

On July 7, 2006 Alto Palermo S.A. (APSA) and Shopping Alto Palermo S.A. (SAPSA) subscribed a sale contract of shares for the purchase of all the shareholding of Empalme S.A.I.C.F.A. y G., owner of the Córdoba Shopping Villa Cabrera. This operation was subject to certain conditions precedent, one of these being the approval of the National Commission for the Defense of Competitiveness. This condition was duly approved and notified on December 20, 2006.

The agreed price for such operation is a gross amount of US\$ 12,000 added a variable amount arising from the adjustment subsequent to closing (originally established in the contract), which was determined in Ps. 3,961. The company was incorporated on December 31, 2006. As of March 31, 2008 APSA and SAPSA have paid US\$ 8,000 and the amount representing the adjustment subsequent to period-end. Two (2) installments of US\$ 2,000 are still outstanding, to become due June and December, 2008 respectively. These installments accrue 6% nominal annual interest. To secure the unpaid purchase price, we have pledged in favor of the sellers 100% of our equity interests in Empalme. Upon repaying each of the resulting installments, the encumbrance will be partially lifted.

Córdoba Shopping Villa Cabrera is a shopping center covering 35,000 square meters of surface area, including 106 commercial stores, 12 cinemas and parking lot for 1,500 vehicles, located in Villa Cabrera, city of Córdoba. This investment represents for APSA and SAPSA a significant growth opportunity in the commercial centers segment. It will also be in line with the expansion strategy and presence in the most important cities inside the country.

Note 22: (Continued)

Main issue terms and conditions of the Convertible Negotiable Obligations are as follows:

Issue currency: US dollars.

Due date: On May 2, 2006, the Meeting of Shareholders decided to postpone the date of original maturity to July 19, 2014 this being the reason for the Convertible Negotiable Obligations (CNO) to be classified as non-current in these unaudited financial statements. Since the conditions of the CNO have not substantially modified, the postponement of the original maturity have not had an impact on these unaudited financial statements.

Interest: at a fixed nominal rate of 10% per annum. Interest is payable semi-annually.

Payment currency: US dollars or its equivalent in pesos.

Conversion right: the notes can be converted at any time at the option of each holder into ordinary shares at a conversion price equivalent to the higher of the result from dividing the nominal value of the Company's shares (Ps. 0.1) by the exchange rate and US\$ 0.0324, which means that each Note is potentially exchangeable for 30.864 shares of Ps. 0.1 par value each.

Right to collect dividends: the shares underlying the conversion of the negotiable obligations will be entitled to the same right to collect any dividends to be declared after the conversion as the shares outstanding at the time of the conversion.

On March 31, 2008, the holders of Negotiable Obligations convertible into APSA common shares, have exercised their right to convert them for a total amount of US\$ 2,770, with the consequent issuance of common stock of nominal value Ps. 0.1 per share. As of March 31, 2008 the outstanding balance of APSA Convertible Negotiable Obligations amounted to US\$ 47,230, of which US\$ 31,738 correspond to the Company which is eliminated in the consolidation process.

NOTE 23: ALTO PALERMO OPTIONS GRANTED IN RELATED PARTIES

On September 29, 2004, at the time of entering the purchase contract of the Mendoza Plaza Shopping S.A. shareholding, APSA subscribed an agreement with Inversiones Falabella Argentina S.A. by which it granted to the latter the irrevocable right for a put-option of its shares in Mendoza Plaza Shopping S.A., which may be exercised until the last working day of October 2008, in the amount of US\$ 3,000 under the terms specifically established in the contract.

NOTE 24: EARNINGS PER SHARE

Below is a reconciliation between the weighted-average number of common shares outstanding and the diluted weighted-average number of common shares. The latter has been determined considering the number of additional common shares that would have been outstanding if the holders had exercised their right to convert the convertible negotiable obligations held by them into common shares, up to nominal amount of US\$ 100,000, described in Note 13 to the unaudited basic financial statements.

NOTE 25: PROVISION FOR UNEXPIRED CLAIMS AGAINST LLAO LLAO HOLDING S.A.

The Company Llao Llao Holding S.A. (in the process of dissolution due to merger with IRSA Inversiones y Representaciones S.A.), predecessor of Llao Llao Resorts S.A. (LLR) in the operation of the hotel complex Hotel Llao Llao , was sued in 1997 by the National Parks Administration to obtain collection of the unpaid balance of the additional sale price, in Argentine external debt securities amounting to U.S. dollars 2,870. A ruling of the court of original jurisdiction sustained the claim. That ruling was appealed, and the Court of Appeals confirmed the judgment of the court of original jurisdiction, demanding payment from the company of US\$ 3,799, plus interest accrued through payment, punitive interest and lawyers' fees.

On March 2, 2004, such Company made a payment in cash of Ps. 7,191 and a transfer of Argentine external debt securities class FRB - FRB L+13/16 2005 for a total of Ps. 1,964. The total amount settled on that date was Ps. 9,155.

In line with the matters reported by the lawyers in respect of this lawsuit, the company management recorded a reserve for an amount Ps. 4,892 of March 31, 2008, which was determined according to the difference between the amount claimed and the amount deposited.

In addition, as of March 31, 2008, LLR appropriated a reserve of Ps. 159 for payment of fees to the lawyers of the other party.

NOTE 26: SALE OF BENAVIDEZ PLOT OF LAND

In March 2004, Inversora Bolívar S.A. (subsidiary) sold to Desarrolladora El Encuentro S.A. (DEESA) a plot of land in Benavidez through the exchange of (i) US\$ 980 in cash and (ii) 110 residential plots of the mentioned plot of land for an amount of US\$ 3,000.

As guarantee of the operation, DEESA set up a first mortgage in favor of Inversora Bolívar S.A. on real property amounting to US\$ 3,000 in guarantee of compliance with the operation and delivered US\$ 500 to Inversora Bolívar S.A. corresponding to a deposit in guarantee of performance on the obligations undertaken. This balance will not accrue interest in favor of DEESA, and it had been accorded that it would be returned as follows: 50% at the time of certification of 50% of the progress of work and the remaining 50% upon certification of 90% of work progress.

On December 26, 2006 Inversora Bolívar subscribed an agreement by which the amount of US\$ 250 was reimbursed to DEESA.

NOTE 27: DAMAGES IN ALTO AVELLANEDA

On March 5, 2006 there was a fire in the Alto Avellaneda Shopping produced by an electrical failure in one of the stores. Although there were neither injured persons nor casualties, there were serious property damages and the area as well as certain stores had to be closed for repairs. The total damaged area covered 36 stores and represented 15.7% of the total square meters built. Between the months of June and August 2006 this area was reopened and the operation returned to normal.

As of June 30, 2006 APSA has eliminated the proportional part of fixed assets damaged with an estimated book value of Ps 6,300.

APSA has insurance coverages against all risks and third party liability to cover this type of disaster. As of the date of issuance of these unaudited financial statements the liquidation process related with the insurance policies mentioned previously has finalized and the final indemnification amount obtained and collected for this item amounts to Ps. 9,400.

At period end, the amount of Ps. 10,302 was pending of accrual. The lease agreement is for a period of 10 years, renewable for 4 consecutive equal periods, at the option of Village Cinema S.A.

Also included are the leasehold improvements to be accrued made by third parties, arising from APSA.

NOTE 29: TRANSFER THE MANAGEMENT OF ABRIL

On May 24, 2006 the Company, Inversora Bolívar S.A. and Baldovinos S.A. made a proposal to the Commission of Residents of Abril Club de Campo for passing the administration of the Club and the subsequent transference of the shares of Abril S.A. (hereinafter the Offer Letter). This proposal replace the one dated May 4, 2005.

The proposal included monetary and non-monetary renderies, to be done by the Company and Inversora Bolívar, among which the following can be outlined:

1. The making in equal parts of a contribution to Abril S.A. the amount of Ps. 650. The repairment of all the roadways of Abril Club de Campo.
2. The transfer to Abril S.A. of two plots of land of the Abril establishment.
3. The incorporation of Inversora Bolívar as merged company of Baldovinos S.A. in favor of Abril of a free perpetual easement and that no buildings will be constructed in relation of the Big House and four plots of land adjacent to the Main House located in Abril Club de Campo.
4. The responsibility for all severance payment (including salary) of a former employee of the Club.
5. The payment of any dues for lightning, cleaning and maintenance of public roads to the Municipality of Berazategui if such amount is higher to the amount recorded in the financial statements of Abril S.A. as of September 30, 2005 as well as of any related legal fee.

In compliance with the terms of the Offer Letter, the amount for indemnities, salaries and other issues of an employee who retired from the Club was paid.

On June 13, 2007, the Company and Inversora Bolívar S.A. entered into a Trust Contract by which it was transferred to the Trust, whose trustee is Dr. Eduardo Roca, the trust property on the shares Class A and B of Abril S.A., and It started the process of transference of the Abril S.A. shareholding to the owners of plots of land of the Club de Campo Abril.

NOTE 30: NEUQUEN PROJECT

Note 30: (Continued)

On December 13, 2006, Shopping Neuquén S.A. signed an agreement with both the Municipality and the Province of Neuquén by which the time terms for construction of the commercial and housing enterprising was re-scheduled. Also, Shopping Neuquén S.A. was authorized to transfer to third parties the ownership of the plots of land in which the real estate will be divided with the exception of the land in which the Shopping Center will be constructed. Such agreement was subject to two conditions, both already complied with, consisting in the ratification of the agreement by means of an ordinance of the legislative body of the Municipality of Neuquén, and that the new architectonic project and the extension of the environmental impact research submitted were approved by such Municipality.

After having obtained the approval, the Company had 150 days' term to submit the drafts of the architectonic project, such term maturing on February 17 of the current year. However, such drafts presentation took place prior to the referred date. Once the mentioned drafts are registered, which to the date of these financial statements has not occurred, the Company has to start the works within 90 days' term.

The first stage of the construction works (this stage including the minimum construction of 21,000 square meters of the Shopping Center and of 10,000 square meters of the hypermarket) should be finished in a maximum time term of 22 months as from the date in which the construction process was initiated. In case the conditions are not complied with, the Municipality of Neuquén is entitled to rescind the agreement and file the legal actions it deems pertinent.

The agreement referred to above put an end to the file called Shopping Neuquén S.A. against Municipalidad de Neuquén on Administrative Action under judicial procedure before the High Court of Neuquén.

NOTE 31: INVESTMENT IN BANCO HIPOTECARIO

Compensation of the National Government to financial entities as a result of the asymmetric pesification

The National Government, through Decree 905, provided for the issuance of National Government Compensating Bonds, to compensate financial entities for the adverse equity effects generated due to the conversion into pesos, under various exchange ratios, of the credits and obligations denominated in foreign currency as established by Law No. 25,561, Decree 214 and addenda. Decree 905 also provided for covering the negative difference in the net position of foreign currency denominated assets and liabilities resulting from its translation into pesos as established by the above-mentioned regulations, and entitled the Argentine Republic Central Bank to determine the pertinent rules.

After several submissions, Banco Hipotecario S.A. submitted the last presentation as regards sections 28 and 29 of Decree 905 Compensation to Financial Entities, as follows:

- National Government Compensation Bond US\$ 2012 (section 29, points b, c and d): compensating bond difference between pesified assets and liabilities at Ps. 1.00 for the rate of exchange difference of Ps. 0.40, translated at Ps. 1.40 per US\$ dollar: US\$ 360,811.

- National Government Compensation Bond coverage US\$ 2012 (section 29 point e). Coverage bond difference between assets and liabilities in US dollars net of the compensating bond: US\$ 832,827.

In September 2002 and October 2005, the Argentine Central Bank credited US\$ 344,050 and US\$ 16,761 in BODEN 2012, respectively, for compensation.

On August 1, 2005, a note was submitted to the Argentine Central Bank stating the acceptance of the number of BODEN verified by the Superintendence of Financial and Exchange Entities.

Finally, in September 2005 began the subscription of Coverage BODEN 2012. As of March 31, 2008 the subscription in BODEN 2012 amounts to US\$ 773,531.

Exposure to the non-financial public sector

Banco Hipotecario S.A. keeps recorded in its financial statements assets with the Non-Financial Public Sector amounting to Ps. 2,822,464. On the other hand, liabilities to the Argentine Central Banks recorded as of March 31, 2008 amount to Ps. 193,744, being the credit balance related to advances to subscribe BODEN 2012 in line with sections 28 and 29 of Decree 905/02.

The net exposure with the Public Sector, without considering liquid assets in accounts authorized by the Argentine Central Bank, amount to Ps. 2,628,720 and Ps. 3,092,047 as of March 31, 2008 and 2007, respectively.

Banco Hipotecario S.A. intends to allocate assets portfolio of the public sector as guarantee for the application of the advancement to finance the coverage bonds subscription, as provided for in section 29 of Decree 905/02.

As from January 1, 2006, the dispositions of point 12 of Communication A 3911 (Communication A 4455) became effective, as regards that the assistance to the Public Sector (average measured) cannot exceed 40% of total Assets of the last day of the previous month. Through Communication A 4546 of July 9, 2006, it was established that as from July 1, 2007, such limit was modified to 35%. The exposure of Banco Hipotecario S.A. to the Public Sector originated in compensations granted by the National Government as a result of year 2002 crisis, principally related to the asymmetric pesification of assets and liabilities. To such extent and considering that assets to the Public Sector exceeded the mentioned limit. On January 19, 2006, Banco Hipotecario S.A. reported to the Argentine Central Bank that it will gradually decrease the proportion of assets subject to the exposure to the Public Sector, in line with the amortization and cancellation made by the Government of the bonds received for asymmetric compensation in the currency of issuance. To date, no objections to this issue have been received.

As of March 31, 2008 and 2007 the assistance to the Public Sector arises 26% and 35%, respectively from total assets.

NOTE 32: ACQUISITION OF THE PALERMO INVEST S.A. SHAREHOLDING

On October 4, 2006, the Company acquired the remaining 33.33% of the shares of Palermo Invest S.A. to GSEM/AP Holdings, L.P., in the total amount of US\$ 18,000, at the date of the contract paying US\$ 9,000. The remaining balance will be paid in three equal and consecutive instalments of US\$ 3,000 due on October 4, 2008 and 2009 which will accrue 9% annual interest to be paid quarterly. In October, 2007 the Company paid the first installment.

Simultaneously, a contract on assignment of shares was entered into between the Company (the assignor) and Patagonian Investment S.A. (the assignee), in an amount of US\$ 1,080 to become due on November 2, 2007, after several postponements. As of March 31, 2008 the Company has fully collected the unpaid balance.

NOTE 33: ACQUISITION OF PLOTS OF LAND IN BARILOCHE

In December 2006, the Company purchased several plots of land covering a surface area of 129 thousand square meters, located in San Carlos de Bariloche, Province of Río Negro. The total transaction amount was US\$ 7,000 having the Company paid US\$ 4,200 in cash. The remaining US\$ 2,800 was covered by a first degree mortgage on the real estate acquired, payable in 36 monthly, equal and consecutive installments of US\$ 86 each, the first to become due on January 14, 2007 and the rest on the same day of the next months. These installments include capital amortization and interest calculated according to the French system at 7% annual on balance amounts.

NOTE 34: FINANCING AND OCCUPATION AGREEMENT WITH NAI INTERNACIONAL II, INC.

On August 12, 1996 Empalme S.A.I.C.F.A. y G entered into an agreement with NAI INTERNACIONAL II, INC. by which the latter loaned up to US\$ 8,200 for the construction of a cinema complex and a part of the parking lot located in the Córdoba Shopping area, this item being shown in fixed assets. This loan initially accrued a LIBOR interest rate plus 1.5%. Accrual of interests started in April 1999 according to a period of grace provided in the contract clauses.

Related to this loan contract, Empalme S.A.I.C.F.A. y G. signed an occupation agreement of the building and the cinema area in favor of NAI INTERNACIONAL II, INC. (hereinafter "The Agreement"). Occupation of the area was established for a 10-year period as from the date of commencement to be automatically postponed during four additional periods of five years each. It is understood that date of commencement means the date in which the occupant starts exhibiting movies to the public in the cinema building that is October 1997.

NOTE 34: (Continued)

Under the terms of the Agreement, the amounts owed according to the loan to Empalme S.A.I.C.F.A. y G. are offset against the payments of possession arising from the occupation of NAI INTERNACIONAL II, INC. of the building and the cinema area. The Agreement provides that if following the last term mentioned in the previous paragraph there still is any unpaid amount of the loan plus interest, the Agreement will be postponed for a definite term established as the lesser of:

- The time-term necessary to fully pay the loan unpaid amount, or
- Ten (10) years.

Once the last time term has elapsed and if there still is an amount outstanding, the Company will be released of any payment obligation of the remaining portion of the loan plus interest.

On July 1, 2002 NAI INTERNACIONAL II, INC. assigned all the rights and obligations arising from the Agreement to NAI INTERNACIONAL II, INC. SUCURSAL ARGENTINA. Also, other changes were made to the Agreement, the following being the most significant:

The debt outstanding was converted into Argentine pesos (Ps. 1 = US\$ 1) in accordance with the disposition of Law No. 25,561 and National Executive Decree No. 214/02. Under sections 4 and 8 of the referred Decree and complementary addenda, the referential stabilization coefficient is to be applied to the above debt outstanding as from February 3, 2002.

All the obligations of Empalme S.A.I.C.F.A. y G. included in the Agreement by which NAI INTERNACIONAL II, INC. is guaranteed the use of the cinema center, as well as those obligations that imply restrictions on the use or the possession of Empalme S.A.I.C.F.A. y G. or third parties, are covered by antichresis in rem right.

The extension agreed on January 1, 2002 was established for suspending the occupation payments owed by the occupant to the owner as well as the payments to account of capital and interests of the owner to the creditor for a six-month period as from the above-mentioned date. These payments will be renewed as from July 2002.

The capital outstanding as of March 31, 2008 and interest accrued at such date arising from the original loan agreement and modifications are recorded in Customer Advances included in Leases and services advances for a total amount of Ps. 17,306.

NOTE 35: ACQUISITION OF THE BUILDING KNOWN AS EX- ESCUELA GOBERNADOR VICENTE DE OLMOS (CITY OF CORDOBA)

In November 2006, APSA participated in a public bidding of the Corporación Inmobiliaria Córdoba S.A. for the sale of the building known as Ex Escuela Gobernador Vicente de Olmos, located in the city of Córdoba. The building covers 5,147 square meters of surface area. A part of the Patio Olmos commercial center is in operation in this building in four commercial plants and two underground

parking lots. This commercial center also includes two neighbor buildings with cinemas and a commercial annex connected to the bidding sector and legally related through easement contracts.

The building is under a concession contract, effective for 40 years term due in February 2032, APSA acting as grantor. The contract grants to the licensee the commercial use of the building and establishes a series of payments in favor of the grantor such series increasing in Ps. two thousands, five hundred and thirteen (Ps. 3) every 47 months. To the date of these financial statements, the concession is undergoing month 193, the effective monthly canon being Ps. twelve thousands, five hundred and seventy five (Ps. 13) and the next increase estimated for month 235.

The offer of APSA for the purchase of the building was Ps. 32,500 payable as follows: 30%, that is the amount of Ps. 9,700, at the time of awarding the bid and the remaining amount of Ps 22,700 at the date of the signature of the transfer deed document.

On November 20, 2006 APSA was notified that the bidding had been awarded. Consequently, 30% of the price offered according to the terms of the bidding has been duly paid.

On January 15, 2007 APSA was notified by the National Commission for the Defense of Competitiveness that two claims had been submitted to the entity, one by a private individual and the other one by the licensee of the commercial center in respect of this operation. On February 1, 2007 APSA responded the claims.

On June 26, 2007, we were notified of a resolution issued by such agency by which it was resolved to open the summary proceedings under case file No. 501:0491102/2006 of the Registry to the Ministry of Economy and Production styled Grupo IRSA et al in re. infringement to Law No. 25,156 (C 1163) under section 30 Law No. 25,156.

On September 25, 2007, the transfer deed was signed with the Government of the Province of Córdoba for the building in which Centro Comercial Patio Olmos is currently operating. The transference of the respective concession contract was also entered into. In such operation, the balance of the price agreed for Ps. 22,700 was cancelled. APSA has recorded this transaction as an addition in Fixed Assets.

On January 24, 2008 we received a note of the National Commission for the Defense of the Competition, record N ° S01/0477593/2007 (DP No. 38) by which APSA is requested to report and deliver the pertinent documentation on the matter related to such operation.

NOTE 36: NEW COMMERCIAL DEVELOPMENT

In December 2006, APSA entered into a series of agreements for the construction, marketing and management of a new commercial enterprise that is being developed in Saavedra, City of Buenos Aires, by Panamerican Mall S.A. (PAMSA) a company incorporated at the end of 2006 in which APSA has a shareholding of 80%.

NOTE 36: (Continued)

APSA made capital contributions in PAMSA for Ps. 158,300 and sold to this company the plot of land located in the streets named Posta, Pico and Arias (bought to Philips Argentina S.A.) in the amount of Ps. 59,900. APSA will pay future capital contributions in PAMSA in a maximum amount of US\$ 37,800 million with the purpose of finishing the pertinent construction works and to guarantee the functioning and use of the commercial center which have been partially integrated as of the date of issuance of these unaudited financial statements.

The other PAMSA shareholder is Centro Comercial Panamericano S.A. owner of the remaining 20% of the shareholding. This company made capital contribution to PAMSA for Ps. 24,600 and transferred to PAMSA the ownership of a plot of land located in the streets Melian, Vedia and Arias (limiting the plot of land sold by APSA) in the total amount of Ps. 61,500. Centro Comercial Panamericano S.A. will make capital contributions in PAMSA for completing the construction works and starting the commercial center up to a maximum amount of US\$ 9,400 which have been partially integrated as of the date of issuance of these unaudited financial statements.

During the period ended March 31, 2008, both APSA and Centro Comercial Panamericano S.A. made irrevocable contributions to PAMSA for Ps. 55,994 and Ps. 13,998, respectively.

The project includes the construction of a commercial center, a hypermarket, a cinema complex and an office building and/or housing building. This is one of the most significant enterprises initiated by APSA.

NOTE 37: ALTO PALERMO S.A.- ISSUANCE OF NOTES

On May 11, 2007, Alto Palermo S.A. issued two new series of notes in the total amount of US\$ 170,000. NOTE 38: CAPITALIZATION PROGRAM FOR EXECUTIVE MANAGEMENT

The Company and its subsidiary APSA have developed during the year ended June 30, 2007, the design of a capitalization program for executive management staff through contributions that will be realized by employees and by the Company.

That plan is addressed to employees selected by the Company and its subsidiaries APSA and Inversora Bolivar S.A. with the purpose of keeping them in the company and increasing their total compensation through an extraordinary reward, provided that certain specific conditions are complied with.

Participation and contributions to the Plan are on a voluntary basis. Once the beneficiary has accepted, it will be able to make two types of contributions: a monthly one (base on the salary) and an extraordinary one (based on the annual bonus). The suggested contribution is up to 2.5% of the monthly salary and up to 15% of the bonus. On the other hand, the Company and its subsidiary APSA contribution will be 200% of the monthly contributions and 300% of the employee's extraordinary contributions.

Funds collected from participants' contributions will send to an independent financial means especially created for such purpose and placed in Argentina as a Common Investment Fund, which has the approval by the National Securities Commission. Such funds will be freely redeemed under the requirement of the participants.

The funds arising from the Company and its subsidiaries contributions will flow to other independent financial means separated from the previous one.

In the future the participants will have access to 100% of the plan benefits (that is, including the Company and its subsidiaries contributions made in favor of the financial means especially created) under the circumstances that follow:

Ordinary retirement in line with the applicable working regulations

Total or permanent disability or inability

Death

In case of resignation or discharge without legal justification, the participant will obtain the amounts contributed by the company only if he has participated in the plan during a minimum term of five years, provided certain conditions were complied with.

As of March 31, 2008, security charges of the Company amount to Ps. 2,149.

NOTE 39: ACQUISITION OF PLOT OF LAND IN VICENTE LOPEZ AND CREATION OF CYRSA

For the nine-months periods beginning on July 1, 2007 and 2006

and ended March 31, 2008 and 2007

In thousand of pesos

NOTE 1: ACCOUNTING STANDARDS

Below are the most relevant accounting standards used by the Company to prepare these unaudited financial statements:

1.1. Preparation and presentation of unaudited financial statements

These unaudited financial statements are stated in Argentine pesos and were prepared in accordance with disclosure and valuation criteria contained in the Technical Resolutions issued by the Argentine Federation of Professional Councils in Economic Sciences, approved with certain amendments by the Professional Council in Economic Sciences of the Autonomous City of Buenos Aires, in accordance with the resolutions issued by the National Securities Commission.

Unification of professional accounting standards

The National Securities Commission has issued General Resolutions No. 485 and 487 on December 29, 2005 and January 26, 2006, respectively.

Such resolutions have adopted, with certain modifications, the new accounting standards recently issued by the Professional Council in Economic Sciences of the Autonomous City of Buenos Aires through its Resolution CD N° 93/2005. These standards are to be obligatorily applied for fiscal years or interim periods corresponding to fiscal years started as from January 1, 2006.

The principal change that the application of these new standards has generated relates to the treatment of the adjustment for inflation in calculating the deferred tax which can be taken as a temporary difference, according to the Company's criteria. At present the adjustment for inflation is considered as a permanent difference in the deferred income tax calculation. The Company in accordance with the new accounting standards has decided not to recognize the deferred liability generated by the effect of the adjustment for inflation on the fixed assets and other non-monetary assets. The estimated effect as of March 31, 2008 that the adoption of the new criteria would have generated would be a decrease in shareholders' equity of approximately Ps. 159.3, which should be recorded in the income statement accounts of previous years for Ps. 193.9 (loss) and in the income statement accounts of the period for Ps. 34.6 (gain).

In accordance with the Company's Management the potential effect that the new accounting standards would have in its subsidiary Banco Hipotecario S.A. would not be significant on the amount of the Company's investment.

The above-mentioned liability would probably turn to the previous position according to the detail that follows:

Item	Up to 12 months	From 1 to 2 years	From 2 to 3 years	Over 3 years	Total
Amount in millions	8.9	8.9	8.8	132.7	159.3

1.2. Use of estimates

The preparation of financial statements requires the Company's Management, at a specific date, to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities as of the date of the financial statements, and the reported amounts of revenues and expenses for the period. The Company's Management makes estimations to calculate, for example, the allowance for doubtful accounts, depreciation and amortization, the impairment of long-lived assets, income taxes and contingencies. Actual results might differ from the estimates and assumptions made at the date of preparation of these unaudited financial statements.

1.3. Recognition of the effects of inflation

The unaudited financial statements have been prepared in constant Argentine pesos, reflecting the overall effects of inflation through August 31, 1995. From that date and until December 31, 2001 the Company discontinued the restatement of the financial statements due to a period of monetary stability. From January 1, 2002 up to February 28, 2003 the effects of inflation were recognized due to the existence of an inflationary period. As from that date, the restatement of the financial statements was discontinued.

This criterion is not in line with current professional accounting standards, which establish that the financial statements should have been restated through September 30, 2003. However, due to the low level of inflation rates during the period from March to September 2003, this deviation has not had a material effect on the unaudited financial statements taken as a whole.

The rate used for restatement of items in these unaudited financial statements is the domestic wholesale price index published by the National Institute of Statistics and Census.

1.4. Comparative information

Balances items as of June 30, 2007 shown in these unaudited financial statements for comparative purposes arise from audited annual financial statements for the year then ended June 30, 2007.

Certain amounts of the financial statements for the nine-month period ended March 31, 2007 have been reclassified for comparative purposes with the figures of the current period.

1.5. Valuation criteria

a. Cash and banks

Cash on hand has been valued at face value.

b. Foreign currency assets and liabilities

Foreign currency assets and liabilities were valued at each period/year-end exchange rates.

Operations denominated in foreign currency are converted into pesos at the exchange rates in effect at the date of settlement of the operation.

c. Current investments

Current investments in debt securities and mutual funds were valued at their net realizable value.

d. Mortgages and lease receivables and trade accounts payable

Mortgages and lease receivables and trade accounts payable have been valued at the price applicable to spot operations at the time of the transaction plus interest and implicit financial components accrued at the internal rate of return determined at that moment.

e. Financial receivables and payables

Financial receivables and payables have been valued at the amount deposited and collected, respectively, net of operating costs, plus financial results accrued based on the internal rate of return estimated at that time.

f. Other receivables and payables

Sundry current assets and liabilities have been valued at face value plus the financial results accrued at the closing of the corresponding period/year.

Sundry receivables and payables (value added tax, deposits in guarantee, and accounts receivable in trust) disclosed under other current and other non-current receivables and payables, were valued based on the best estimate of the amount receivable and payable, respectively, discounted at an interest rate that reflect the value-time of money and the estimate specific transaction risks at the time of incorporation to assets and liabilities, respectively.

As established by the regulations of the National Securities Commission, deferred tax assets and liabilities and Minimum Presumed Income Tax (MPIT) have not been discounted.

Liabilities in kind:

Liabilities in kind corresponding to obligations to deliver units to be built are valued considering the cost of the assets received. The Company estimates that this value does not exceed the cost of construction of the units to deliver plus additional costs to transfer the assets to the creditor.

g. Balances corresponding to financial transactions and sundry receivables and payables with related parties

Receivables and payables with related parties generated by financial transactions and other sundry transactions were valued in accordance with the terms agreed by the parties.

h. Inventories

A property is classified as inventories upon determination by the Board of Directors that the property is to be marketed for sale in the normal course of business over the next several years.

Properties classified as inventories have been valued at acquisition or construction cost restated as mentioned in Note 1.3., or estimated market value, whichever is lower. As of June 30, 2006 the Company maintained allowances for impairment of certain inventories for those which market value is lower than cost (See Exhibit E). Costs include land and land improvements, direct construction costs, construction overhead costs, interest on indebtedness and real estate taxes. During the year ended June 30, 2007 there were no items charged to assets.

During the nine-month period ended March 31, 2008 interest costs were capitalized.

Inventories on which advance payments that establish price have been received, and the operation's contract terms and conditions assure that the sale will be effectively accomplished and that the income will be realized, are valued at its fair market value. Profits arising from such valuation are shown in the Gain from recognition of inventories at net realizable value caption of the unaudited Statements of Income.

Properties held for sale are classified as current or non-current based on the estimated date of sale and the time at which the related receivable is expected to be collected by the Company.

h. (Continued)

The amount recorded in inventories, net of allowances set up, does not exceed their estimated recoverable value at the end of the period/year.

Credits in kind:

The Company has credits in kinds related to rights on the construction of certain units. The units relating to the buildings called Terreno Caballito and Dique III have been valued according to the accounting measuring standards corresponding to inventories receivables and there have been disclosed under Inventories .

i. Non-current investments

Investments in debt securities:

Investments in debt securities were valued based on the best estimate of the discounted amount receivable, applying the corresponding internal rate of return estimated at the time of incorporation to assets, as the Company will hold them to maturity. The value thus obtained does not exceed the respective estimated recoverable value at the end of the period/year.

Investments in subsidiaries and affiliated companies:

Investments in subsidiaries and affiliated companies detailed in Exhibit C, have been valued by using the equity method of accounting based on the unaudited financial statements at March 31, 2008 issued by them. The accounting standards used by the subsidiaries to prepare their unaudited financial statements are the same as those used by the Company. The accounting standards used by the related companies to prepare their unaudited financial statements are those currently in effect.

The unaudited Financial Statements of Banco Hipotecario S.A. and Banco de Crédito y Securitización S.A. are prepared in accordance with the Central Bank of the Argentine Republic (BCRA) standards. For the purpose of the valuation of the investment in the Company, adjustments necessary to adequate the unaudited financial statements to the professional accounting standards have been considered.

This item also includes the lower or higher value paid for the purchase of shares in subsidiaries and affiliated companies assignable to the assets acquired, and goodwill related to the subsidiary Alto Palermo S.A., Palermo

Invest S.A., Pereiraola S.A.I.C.I.F.y A., Hoteles Argentinos S.A., Rummaala S.A. and the related company, Banco Hipotecario S.A.

The Company has an important investment in Banco Hipotecario S.A. This investment is valued according to the equity method due to the significant influence of the economic group on the decisions of Banco Hipotecario S.A. and to the intention of keeping said investment on a permanent basis.

In accordance with the regulations of the BCRA and the contracts signed as a result of Banco Hipotecario S.A.'s financial debt restructuring process, there are certain restrictions on the distribution of profits by Banco Hipotecario S.A. to the Company.

Corporations purchased by the Company were recorded in line with the acquisition method set forth in Technical Resolution No. 18. All assets and liabilities acquired to third independent parties were adjusted to show their fair value. The Company identified the assets and liabilities acquired, including intangible assets like: leasing contracts acquired in higher or lesser conditions to market conditions, costs included in entering into current lease contracts (the last being the market cost that the Company avoids paying for acquiring leasing contracts in operation) and intangible value of relations with customers. The process of identification and the determination of the price paid is a matter that requires complex judgments and significant estimates.

The Company used the information contained in valuations estimated by independent appraisers as primary base for assigning the price paid for the land and the building acquired. The amounts assigned to all the other assets and liabilities were based on independent valuations or in the Company's own analysis on comparable assets and liabilities. The current value of tangible assets acquired considers the property value as if it were empty.

Under the terms of Technical Resolution No. 21, taking into account that the market value of the tangible and intangible assets and liabilities identified exceed the price paid, the intangible assets acquired were not recognized as they would give rise to an increase of the negative goodwill at the time of purchase.

Certificates of participation in IRSA I financial trust:

The certificates of participation in IRSA I financial trust have been valued at the amount resulting from apportioning the participation certificate holding to the trust assets.

Undeveloped parcels of lands:

The Company acquires undeveloped land in order to provide an adequate and well-located supply for its residential and office building operations. The Company's strategy for land acquisition and development is dictated by specific market conditions where the Company conducts its operations.

Land held for development and sale and improvements are stated at cost restated as mentioned in Note 1.3. or market value, whichever is lower. The Company maintains allowances for impairment of certain parcels of undeveloped land for which their market value is lower than cost. (See Exhibit E).

Land and land improvements are transferred to inventories or fixed assets when construction commences or their trade is decided.

The values thus obtained, net of the allowances recorded, do not exceed their respective estimated recoverable values at the end of the period/year.

j. Fixed assets, net

Fixed assets comprise primarily of rental properties and other properties and equipment held for use by the Company.

Fixed assets value, net of allowances set up, does not exceed estimated recoverable value at the end of the period/year.

Rental properties

Rental properties are carried at acquisition and/or construction cost, restated as mentioned in Note 1.3., less accumulated depreciation and allowance for impairment at the end of the period/year. The Company capitalizes accrued interest costs associated with long-term construction projects. During the period ended March 31, 2008, interest costs for Ps. 65 were capitalized in the building known as DIQUE IV .

During the current period the Company acquired the building known as Museo Renault which was valued at its acquisition cost. At the date of these financial statements, the Company is in the process of analysis of current value of this asset as to identify possible greater values or negative goodwill as specified in RT 21.

Accumulated depreciation is computed under the straight-line method over the estimated useful lives of each asset. Expenditures for ordinary maintenance and repairs are charged to results in the period incurred.

The Company has allowances for impairment of certain rental properties as disclosed in Exhibit A. Increases and decreases of such allowances are disclosed in Exhibit E.

Significant renovations and improvements, which improve or extend the useful life of the asset are capitalized and depreciated over its estimated remaining useful life. At the time depreciable assets are retired or otherwise disposed of, the cost and the accumulated depreciation of the assets are eliminated from the accounts and the resulting gain or loss is disclosed in the unaudited statement of income.

Other properties and equipment

Other properties and equipment properties are carried at cost, restated as mentioned in Note 1.3., less accumulated depreciation at the end of the period/year. Accumulated depreciation is computed under the straight-line method over the estimated useful lives of the assets, as specified below:

Assets	Estimated useful life (years)
Leasehold improvements	On contract basis
Furniture and fixtures	10
Vehicles	5
Machinery and equipment	10
Computer equipment	3

The cost of maintenance and repairs is charged to expense as incurred.

The cost of significant renewals and improvements are added to the carrying amount of the respective assets. When assets are retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts.

k. Deferred financing cost

Expenses incurred in connection with the issuance of Negotiable Obligations and proceeds of loans are amortized over the life of the related issuances. In the case of redemption or conversion of these notes, the related expenses are amortized using the accelerated depreciation method.

Amortization has been recorded under Financial results, net in the unaudited statements of income as a greater financing expense.

l. Customer advances

Customer advances represent payments received in advance in connection with the sale and rent of properties.

m. Income tax

The Company has recognized the charge for income tax by the deferred tax liability method, recognizing timing differences between measurements of accounting and tax assets and liabilities (see Note 14).

To determine deferred assets and liabilities, the tax rate expected to be in effect at the time of reversal or use has been applied to timing differences identified and tax loss carry forwards, considering the legal regulations approved at the date of issuance of these unaudited financial statements.

n. Minimum Presumed Income Tax (MPIT)

The Company calculates MPIT by applying the current 1% rate on computable assets at the end of the year. This tax complements income tax. The Company's tax obligation in each period/year will coincide with the higher of the two taxes. However, if MPIT exceeds income tax in a given period, that amount in excess will be computable as payment on account of income tax arising in any of the following ten years.

At March 31, 2008, the Company has estimated the MPIT, recognizing under Other receivables the amount estimated to be offset as payment on account of income tax in future years in accordance with current regulations, and expensing the remaining balance.

o. Allowances and Provisions

Allowance for doubtful accounts: the Company provides for losses relating to mortgages, lease and other accounts receivable. The allowance for losses is recognized when, based on current information and events, it is

IRSA Inversiones y Representaciones Sociedad Anónima

NOTE 1: (Continued)

1.5. (Continued)

o. (Continued)

probable that the Company will be unable to collect all amounts due according to the terms of the agreements. The allowance is determined on a one-by-one basis considering the present value of expected future cash flows. While Management uses the information available to make assessments, future adjustments to the allowance may be necessary if future economic conditions differ substantially from the assumptions used in making the assessments. Management has considered all events and/or transactions that are subject to reasonable and normal methods of estimations, and the unaudited financial statements reflect that consideration.

For impairment of assets: the Company regularly assesses its non-current assets for recoverability whenever there is an indication that the carrying amount of an asset may exceed its recoverable value.

In such cases, the Company has estimated the recoverable value of rental properties based on their economic use value, which is determined based on estimated future cash flows discounted. For the rest of the assets (inventories and undeveloped parcels of land) the Company makes a comparison with market values based on values of comparable properties. If the recoverable value of assets, which had been impaired in prior years, increases, the Company records the corresponding reversals of impairment loss as required by accounting standards.

Increases and decreases of allowances for impairment of assets during the period ended March 31, 2008 and during the fiscal year ended June 30, 2007 are detailed in Exhibit E.

For lawsuits: the Company has certain contingent liabilities with respect to existing or potential claims, lawsuits and other proceedings, including those involving labor. The Company accrues liabilities when it is probable that future costs will be incurred and such costs can be reasonably estimated. Such accruals are based on developments to date, the Company's estimates of the outcomes of these matters and the Company's lawyers' experience in contesting, litigating and settling other matters.

As the scope of the liabilities becomes better defined, there may be changes in the estimates of future costs, which could have an effect on the Company's future results of operations and financial condition or liquidity.

o. (Continued)

At the date of issuance of these unaudited financial statements, Company's Management understands that there are no elements to foresee other potential contingencies having a negative impact on these unaudited financial statements.

p. Shareholders' equity accounts

Amounts of shareholders' equity accounts have been restated following the guidelines detailed in Note 1.3. until February 28, 2003. Subsequent movements are stated in the currency of the month to which they correspond.

Common stock account was stated at historical nominal value. The difference between value stated in constant currency, following the guidelines detailed in Note 1.3., and historical nominal value is shown under Inflation adjustment of common stock forming part of the shareholders' equity.

q. Results for the period

The results for the period are shown as follows:

Amounts included in unaudited Income Statement are shown in currency of the month to which they correspond.

Charges for assets consumed (fixed asset depreciation, intangible asset amortization and cost of sales) were determined based on the values recorded for such assets.

Results from investments in subsidiary and affiliated companies was calculated under the equity method, by applying the percentage of the Company's equity interest to the results of such companies, with the adjustments for application of Technical Resolution No. 21.

r. Advertising expenses

The Company generally charges the advertising and publicity expenses to results when they are incurred. Advertising and promotion expenses were approximately Ps. 303 and Ps. 780 for the periods ended March 31, 2008 and 2007, respectively.

s. Pension information

The Company does not maintain any pension plans. Argentine laws provide for pension benefits to be paid to retired employees from government pension plans and/or privately managed funds plan to which employees may elect to contribute.

t. Derivative financial instruments

The Company has entered into an interest rate swap agreement in order to hedge the risks of fluctuation in interest rates related to its financial debt which accrues interest at variable rate.

u. Revenue recognition

u.1. Sales of properties

The Company records revenue from the sale of properties when all of the following criteria are met:

the sale has been consummated.

there is sufficient evidence to demonstrate the buyer's ability and commitment to pay for the property.

the Company's receivable is not subject to future subordination.

the Company has transferred the property to the buyer.

The Company uses the percentage-of-completion method of accounting with respect to sales of development properties under construction. Under this method, revenue is recognized based on the ratio of costs incurred to total estimated costs according to budgeted costs. The Company does not commence revenue and cost recognition until such time as the decision to proceed with the project is made and construction activities have begun. The percentage-of-completion method of accounting requires the Company's Management to prepare budgeted costs in connection with sales of properties/units. All changes to estimated costs of completion are incorporated into revised estimates during the contract period.

u.2. Leases

Revenues from leases are recognized on a straight line basis over the life of the related lease contracts.

v. Cash and cash equivalents

The Company considers, for cash flow purposes, all highly liquid investments with original maturities of three months or less, consisting primarily of mutual funds, as cash equivalents.

w. Monetary assets and liabilities

Monetary assets and liabilities are stated at their face value plus or minus the related financial gain or loss.

x. Vacation expenses

Vacation expenses are fully accrued in the period in which the employee renders services in order to be able to take such vacation.

b. Restriction on the distribution of profits

In accordance with the Argentine Corporations Law and the Company's By-laws, 5% of the net and realized profit for the year, calculated in accordance with Argentine GAAP plus (less) prior year adjustments must be appropriated, once accumulated losses are absorbed, by resolution of the shareholders to a legal reserve until such reserve equals 20% of the Company's outstanding capital. This legal reserve may be used only to absorb losses.

NOTE 12: RESTRICTED ASSETS

The Company has a first degree mortgage on the property identified as Bouchard 710 amounting to US\$ 17,250, as guarantee of the amount owed for the purchase of the referred building which matures on May 26, 2008. (See Note 6)

NOTE 13: NEGOTIABLE OBLIGATIONS CONVERTIBLE INTO COMMON SHARES

On November 21, 2002, the Company issued Negotiable Obligations Convertible into Common Shares for a nominal value of US\$ 100,000, falling due in the year 2007, bearing interest at an annual rate of 8%, payable semi-annually in arrears and which, at the time of their conversion, provide the right to subscribe 100,000,000 common shares (warrants).

As a result of the distribution of 4,587,285 treasury stock, the Company has adjusted the conversion price of its Convertible Negotiable Obligations and the exercise price of the warrants in accordance with the terms of the issue. Thus, the conversion price of the Negotiable Obligations fell from US\$ 0.5571 to US\$ 0.54505 and the exercise price of the warrants dropped from US\$ 0.6686 to US\$ 0.6541. Said adjustment came into force as from December 20, 2002.

The holder is entitled to exchange each Negotiable Obligation issued by IRSA for 1.8347 shares (0.1835 GDS) and has an option to purchase the same number of shares at the exercise price set for the warrant.

Convertible Negotiable Obligations and options matured on November 14, 2007.

NOTE 13: (Continued)

Convertible negotiable obligations were underwritten in full and were paid in cash and the proceeds used to restructure or partially settle the Company's financial debt at the time of such subscription.

As of November 14, 2007, the Negotiable Obligations have been fully paid and warrants have been exercised as indicated as follows:

	Outstanding Convertible Negotiable Obligations (N.V. US\$)	Common stock (outstanding shares)	Funds received for exercised warrants, in dollars
As of the date of issue of the Convertible Negotiable Obligations	100,000,000	211,999,273	
Post conversion (NOV - 14 - 2007)		578,676,460	119,894,454

As of June 30, 2007, the Company had Negotiable Obligations for US\$ 18,904,946 and warrants outstanding for US\$ 43,226,409.

During the nine-month period ended on March 31, 2008, Negotiable Obligations amounting to 18,847,289 were converted (generating an increase in common stock of 34,582,162) and US\$ 58 were paid in Negotiable Obligations. Consequently, all the Negotiable Obligations issued were fully cancelled.

During the nine-month period ended March 31, 2008, the amount of 43,123,215 warrants were exercised. Therefore, there was an increase in common stock of 79,125,142 and incoming funds for US\$ 51,756.

As a consequence of the cancellation of the Convertible Negotiable Obligations debt, the Company's common stock has been set in Ps. 578,676 representing 578,676,460 common non-endorsable shares, nominal value Ps. 1 each and one vote each.

NOTE 15: ADQUISITION OF THE DOCK DEL PLATA BUILDING

On June 2, 2005 a contract called Credit Default Swap was entered into with Credit Suisse International (CSI , formerly Credit Suisse First Boston) by which the Company is committed to acquire in specific circumstances for US\$ 10.0 million, a loan with a mortgage guarantee on an office building in the Buenos Aires City. This loan has a nominal value of US\$ 12,812, such entity being the creditor. To guarantee the fulfillment of said contract, the Company transferred as guaranty the amount of US\$ 4.0 million.

This contract was rescinded on November 15, 2006 and the Company received from CSI the amount of US\$ 4.0 million, which had been previously transferred as guarantee for such transaction. The Company recorded this amount to the partial payment of the purchase price that, added to the transference of US\$ 4.8 million, completed the total price of US\$ 8.8 million paid for the purchase of the office building covering 8,900 square meters of surface area called Dock del Plata in Puerto Madero, City of Buenos Aires. The title deed was signed on the same day. Through the payment of these amounts the mortgage on these units became extinguished and the Company acquired them free of mortgage.

NOTE 16: SALE IN OWNERSHIP OF BANCO HIPOTECARIO S.A.

On June 15, 2007 the Company sold 26,410,150 shares of Banco Hipotecario S.A. to Inversora Bolivar S.A. in the price of Ps. 3.09 per share (market value) being the amount of the transaction Ps. 81,607.

Inversora Bolivar S.A. should cancel the transaction in four-year term with an annual interest rate of 11%.

As of March 31, 2008 the holding in Banco Hipotecario S.A. amounts to 75,000,000 shares.

NOTE 17: DIQUE III: BARTER, OPTION CONTRACT AND PRELIMINARY SALE CONTRACT

On September 7, 2004, Buenos Aires Trade and Finance Center S.A. (at that time 100% subsidiary of the Company) and Desarrollos y Proyectos Sociedad Anónima (DYPSA) signed a commitment of barter and option contract whereby the Company (i) delivered DYPSA plot 1c) of Dique III in exchange for receiving, within a maximum term of 36 months, representing in the aggregate 28.50% of the housing unit area built in the building to be constructed by DYPSA and (ii) granted DYPSA an option to acquire plot 1e) of Dique III mentioned above through an exchange, within a maximum term of 548 days counted as from the signing of the deed of conveyance of plot 1c) and subject to the progress of work agreed between the parties. The value of the transaction was US\$ 8,030 and US\$ 10,800, respectively.

NOTE 17: (Continued)

As a guaranty for the first transaction, DYPSA set up a first degree mortgage for US\$ 8,030 on plot 1c).

In May 2006, DYPSA accepted the option to acquire on an exchange basis, parcel 1e), and on June 28, 2006 the transfer deed was signed in a value of US\$ 13,530. As guarantee for this transaction, DYPSA furnished a first degree mortgage in the amount of US\$ 10,800 on plot e). As consideration, DYPSA would forward in a maximum 36 months term housing units, trunk storage units and garages jointly representing 31.50% of the own square meters surface built of the second building.

On March 29, 2007, DYPSA transferred to the Company the possession of all of the individual storage spaces and parking lots in a total amount of US\$ 487, corresponding to the barter for the plot 1c).

On May 18, 2005 Buenos Aires Trade and Finance Center S.A. signed the preliminary sales contract for the plot of parcel 1d), of Dique III. The amount of US\$ 2,150 was delivered and DYPSA will pay the balance of US\$ 6,350 at the time of signing the pertinent deed and subsequent transfer of property, scheduled originally for November 17, 2005.

On November 2, 2007, both the Company and DYPSA have jointly decided to replace the non-monetary valuable consideration referred to above of the e) plot with the payment of US\$ 18,250, still being to be collected the amount of US\$ 7,000 as of March 31, 2008. The credit in favor of the Company is disclosed in mortgages and leases receivable, net.

On April 18, 2008 the final deed on compliance of obligations was signed as well as the cancellation of the mortgage in favor of the Company; also, the total remaining balance of price was collected. As a result of the cancellation of the exchange a profit of US\$ 4,720 was recorded.

NOTE 18: CABALLITO PLOT OF LAND BARTER CONTRACT

On May 4, 2006 Koad S.A. (Koad) and the Company entered into a barter agreement valued at US\$ 7,500 by which the Company sold to Koad the plot of land number 36 of Terrenos de Caballito for Koad to build at its exclusive charge, expense and responsibility a building group called Caballito Nuevo. As consideration Koad paid the Company the amount of US\$ 50 and the balance of US\$ 7,450 will be cancelled by delivering 118 apartments and 55 parking units within the maximum term of 1,188 days. The final number of units to be received will depend of the effective date in which Koad will deliver the units, as there are different bonuses according to the date of the delivery.

NOTE 18: (Continued)

Furthermore, Koad encumbered with privilege mortgage in first degree in favor of the Company the building subject to this transaction in the amount of US\$ 7,450 and constituted an insurance for US\$ 2,000 and is going to constitute another one for US\$ 500 at the time the units are transferred.

As of December 31, 2007 the building was included in the Pre-apartments Regime and the complementary deed was signed. Such deed includes a detail of the units to be received by the Company.

NOTE 19: PURCHASE OPTION OF REPUBLICA BUILDING

On December 22, 2006 the Company signed with Banco Comafi S.A., acting as trustee of Fideicomiso República, an irrevocable purchase and sale option contract for US\$ 74,000 regarding a building located in the City of Buenos Aires (including the transfer of all the pertinent rental agreements effective at the date the option was signed), known as Edificio Tucumán 1 República, recently acquired by the trustee in a public auction. The exercise of this option is subject to certain precedent conditions. At the moment of the title deed, 50% of the purchase price will be paid and the balance (the remaining 50%) will be paid in five annual, equal and consecutive installments at an annual, fixed annual interest rate of 8% payable biannually. The balance has been secured by a mortgage set up on the same building.

On April 28, 2008 the Company subscribed the purchase option for the building and the transfer deed was signed.

PRICE: it was fixed in the amount of US\$ 70,277.

PAYMENT: it will be made in an only payment together with the transfer deed.

MODALITY: Part of the price was paid with a mortgage loan granted by Banco Macro in the understanding that this form of financing the sale will not imply increasing the costs that the Company had originally assumed. The referred loan is mortgaged under the following terms:

- i. Loan amount: (US\$ 33,558);
- ii. Terms and payment: five (5) years, five (5) equal, annual and consecutive installments (first due date: April 28, 2009);
- iii. Repayment of capital: IRSA is entitled to unilaterally pre-cancel at any time, deducting the non-running interest and with no cost at all.
- iv. Interest: will accrue an interest of 12% annual nominal on the remaining amounts, calculated on running days taking a year of 365 days. Interest will be paid every six months as from the date of the deed and up to the total cancellation of the loan.

Taking the above acquisition into account, the Company's leasing surface area has increased in approximately 19,890 square meters.

NOTE 20: ACQUISITION OF THE BOUCHARD BUILDING

On December 28, 2006 the Company submitted in commission an offer to Banco Río de la Plata S.A. -the latter as trustee of Fideicomiso Financiero Edificio La Nación - to acquire a building located in Bouchard 551/557 in the City of Buenos Aires, covering 33,324 square meters of surface area, totally leased. The offer, which was accepted by the seller the same day of its presentation, consisted in the acquisition by the Company of the building and the transferring to the Company of all the lease contracts effective at the time of acquisition. The price offered by the Company was US\$ 84,100 the amount of US\$ 15,000 having been paid at the time of the offer. On March 15, 2007, the Company was granted the title deed and the possession of the premises and the price balance in the amount of US\$ 69,100 was paid. After the title deed was granted, an inquiry was submitted to the National Commission on Defense of the Competition (CNDC) with regard to the need for reporting such transaction as economic concentration.

The CNDC resolution issued in connection with the referred inquiry was appealed at courts by the Company and at present the related decision is pending.

On January 9, 2008, the Company sold, assigned and transferred the undivided 29.85% of the BOUCHARD PLAZA building located at Bouchard 551 of the City of Buenos Aires known as Edificio La Nación, covering 9,946 square meters of surface area and 133 garages in the amount of US\$ 34.4 million as well as the effective possession of such property to TECHINT COMPAÑÍA TÉCNICA INTERNACIONAL SOCIEDAD ANÓNIMA COMERCIAL E INDUSTRIAL (TECHINT).

Said operation generated a profit of Ps. 19.0 million. The lease contracts previously entered into with NORTEL NETWORKS DE ARGENTINA S.A. and with TECHINT were assigned together with the sale of the undivided 29.85% of the building.

On January 15, 2008, the Company and Techint filed a consulting opinion with the National Commission on Defense of the Competition concerning the need to report such operation as one of economic concentration

SUMMARY as of March 31, 2008

Macroeconomic Context

As a result of the sustained economic expansion seen in recent years, the marked reduction in the unemployment levels and the increase in the international prices of the commodities exported by Argentina, signs of an acceleration in inflation have been noted in the past months. To measure inflation, the Government has attempted to launch a Price Index with a calculation design similar to the US CPI but which has encountered practical implementation problems. In the first months of calendar 2008, the Argentine economy continued to show upward trends in economic activity. According to official data about the first two-month period, the Estimate of Monthly Economic Activity (EMAE) recorded a 9.4% growth compared to the first two months of the previous fiscal year. Thus the Argentine economy has achieved its sixty-third month of expansion since December 2002.

As regards Public Finances, they have performed favorably. The upward trend in economic activity encourages consumption and thus tax revenues have hit unprecedented highs. During the first months of calendar 2008, the primary budget surplus showed a 74% change compared to the situation a year earlier fueled by the high levels posted by tax revenues. As regards the external accounts, the Argentine trade balance yielded a US\$ 2,146 million surplus as of March 31, 2008. Consequently, the Central Bank of Argentina (BCRA) saw a strengthening in its reserve position which grew, year-on-year, by 36.61% and in late April amounted to US\$ 50 billion.

The favorable performance shown by Argentina's balance of trade and budget, hand in hand with the international scenario that favors food-exporting countries seems to leave the Argentine economy better positioned than before in the event of international financial crises.

As regards the sectors in which we carry out our operations, construction continues to expand. In accordance with the Summary Indicator of Construction Activities (ISAC in Spanish), prepared by the National Institute of Statistics and Census (INDEC), for the first quarter of calendar 2008, there has been an 11.2% increase compared to the same cumulative set of figures for the previous year. When compared to the same month of the previous year, in March the indicator showed a 12.4% increase, without the effect of seasonality, and a 6.9% effect in the series that considers the effect of seasonality.

In aggregate terms, in spite of the increase in the price level, consumption is still on the rise which in turn has a favorable impact on the results of our Shopping Centers. Based on the information from official sources on the sales registered at Supermarkets and Shopping Centers, supermarket sales have shown a year-on-year 39.6% change, measured in current prices for the first quarter of fiscal 2008. As regards the performance of Shopping Center sales, the Argentine Institute of Statistics and Census (INDEC) estimates that in the first quarter of 2008 they have grown by 30.5% compared to the same period in 2007, measured in current pesos.

Housing demand in the residential real estate market has shown a sustained growth in recent years, underpinned by the income recovery in the population, the local investors' trend to channel savings to the real estate segment and the inflow of foreign investors who are attracted by the City of Buenos Aires and its alluring real estate values compared to other capitals of the world. In this context, while the excessive supply of mortgage loans has shored up real estate prices in the major economies of the world, in our market real estate prices have lagged as compared to these economies because housing credits remain at levels lower than 2% of the GDP. Therefore, a crisis in low-quality mortgage loans that adversely affects housing values is not likely to occur.

As regards the office sector in Buenos Aires, it is still undergoing a critical situation on the supply side, with a demand that is still on the rise as a result of economic growth and historical demand. Vacancies arise when companies relocate to another place and the level of vacancies is technically zilch in the highest categories. This imbalance between supply and demand has been constantly pushing up prices in leases, notably the prices of top category offices.

IRSA Inversiones y Representaciones Sociedad Anónima

The hotel segment, and five stars hotels in particular, have been favored in the last five years by the increase in the number of tourists with high purchasing power. In an international scenario in which worldwide inflow of tourists reached record highs in 2007, according to the latest issue of the WTO World Tourism Barometer, Argentina ranked second among the American countries with the largest growth rate in tourist arrivals, with a 11% increase compared to 2006.

Comments on the quarterly results for the period ended on March 31, 2008

Given these macroeconomic conditions, our revenues rose by 58.7%, up from Ps.521.9 million as of March 31, 2007 to Ps.828.5 million as of March 31, 2008. The share of the Company's various segments in net revenues was as follows: sales and developments Ps.175.2 million, offices and other rental properties Ps.73.0 million, shopping centers Ps.252.0 million, hotels Ps.115.1 million, credit cards Ps.212.7 million and financial operations and others Ps.0.5 million.

Our **operating income** improved considerably, reaching Ps.223.7 million as of March 31, 2008 compared to Ps.159.8 million as of March 31, 2007.

Although we have seen an increase in the income yielded by our main business segments, net income for the nine months ended on March 31, 2008 totaled Ps.22.9 million compared to the Ps.113.9 million income posted during the same period of fiscal 2007. It must be noted that in the first quarter of the current fiscal year, we recorded a Ps. 30.0 million loss, which means that in the second and third quarter we had the capacity of generating income sufficient to offset the loss in cumulative terms. Besides, this drop in income that arises from the comparison to the same period of the previous fiscal year is not explained by the operational activities of the various business segments that showed good performance throughout the fiscal year but rather by non-operational results, such as a reduction in the net financial results and losses from other companies.

As regards financial results, they entailed a Ps.74.0 million loss for the nine months ended on March 31, 2008, compared to income for Ps.23.6 million in the same period of fiscal 2007. The reason for this variation is twofold: on one hand, there is the issuance of Notes (Negotiable Obligations) by IRSA and APSA in fiscal 2007 which accrued interest as reflected in the increase in financing expenses. On the other hand, there was an impairment in certain financial assets in the portfolio resulting from the conditions prevailing in the market.

Finally, the results from related companies showed a loss of Ps.16.5 million compared to a gain of Ps.25.4 million in the same period of fiscal 2007, which may be mainly attributed to extraordinary losses in our related company Banco Hipotecario S.A. due to the decrease in the valuation of its portfolio of long-term Government securities. This notwithstanding, Banco Hipotecario continues to see growth in its portfolio of loans, an increase in its adjusted gains/losses from financial intermediation and increased income from the services supplied to its customers through an increase in the number of credit cards, consumer loans and portfolio of deposits and the expansion of its branch network.

Highlights for the third quarter of fiscal 2008, including references to relevant events subsequent to the end of the period

I. Offices and Other Rental Properties

During the third quarter of fiscal 2008, income from rental properties totalled Ps.73.0 million, a 92.6% increase compared to the figure of Ps.37.9 million recorded in the same period of fiscal 2007.

We have grown significantly in this segment due mainly to the higher rental prices of our office buildings, the increase in the leasable area in portfolio and the full occupancy levels at our class A and AAA buildings in which we are consolidating our market position.

The sustained increase in demand for rental properties and the scarce supply of new spaces have given rise to a strong recovery in prices which have already reached and even surpassed the levels attained during the years prior to the 2001 crisis in dollar terms. According to Cushman & Wakefield records, the rental prices of AAA class offices in the Catalinas and Plaza Roma areas range from US\$36/sqm/month to US\$40/sqm/month, compared to a range of US\$30/sqm/month to US\$35/sqm/month in the last year, whereas average rental prices of A class offices stand between US\$/sqm 25 per month and US\$/sqm 28 per month. It should be noted that as most lease agreements are executed for a 36-month term, the effect of this recovery will be shown in the results for the successive years. At present, the rental value of our office portfolio stands at US\$22/ sqm/month, which value will be gradually updated as our lease agreements are renewed.

Our offices continue to have full occupancy levels, reaching 98.3% during the first nine months of fiscal 2008, compared to 98.9% for the first nine months of the previous fiscal year. This slight drop in the occupancy level compared to the same period of fiscal 2007 is due to the turnover of lessees in the Intercontinental Building. The implied vacancy rate of our offices is 1.7%, lower than the market average which is in the region of 2.0% according to Cushman & Wakefield records, which shows the high quality of our real estate and the Company's strong positioning. Besides, these values are way below the ones recorded during the years prior to the 2001 crisis, which exceeded 6%.

The promising future in this business segment encourages us to continue studying the possibility of adding new spaces to our portfolio, either through construction or purchase of built properties with proven yield, in top-rated locations:

Dique IV, Puerto Madero. Our current portfolio of projects includes the addition of 11,000 sqm of leasable area in Dique IV in Puerto Madero, currently under construction and entailing a total investment of Ps.61.5 million approximately. Work progress is 40% and completion is scheduled for December 2008.

Exercise of the Purchase Option concerning Edificio República . Subsequent to the close of the quarter, on April 28 we acquired the building known as Edificio República , located in the intersection of Tucumán and Bouchard streets, after having exercised the purchase option for that building. The final price we paid was US\$70.3 million. This property, which was designed by the renowned architect César Pelli (who also designed the World Financial Center in New York and the Petronas Towers in Kuala Lumpur) is a unique premium office building in downtown Buenos Aires and adds approximately 19,890 gross leasable square meters to IRSA's portfolio. Of that total, we expect to secure lease agreements over approximately 16,000 square meters in the short run.

IRSA Inversiones y Representaciones Sociedad Anónima

After the acquisition of the República Building, our portfolio represents approximately 145,126 sqm of leasable A and AAA surface area, 22.6% higher than the leasable area we had at March 31, 2007.

Besides, at the beginning of the quarter, Techint Compañía Técnica Internacional Sociedad Anónima Comercial e Industrial submitted a bid to purchase 29.9% of the Bouchard Plaza building, known as Edificio La Nación, which represented a highly attractive opportunity for our Company in terms of consummating the appreciation of its portfolio of assets. The transaction, which was agreed over a surface area of 9,946 sqm and 133 parking spaces, amounted to US\$ 34.4 million and yielded income for Ps.19.0 million. It must be highlighted that the lease agreements entered into with Nortel Networks de Argentina S.A., and Techint were assigned.

The detail below refers to our office space as of March 31, 2008.

II. Alto Palermo S.A (APSA): Shopping Centers and Tarjeta Shopping

The following information relates to data extracted from the balance sheet of our subsidiary Alto Palermo S.A. (APSA), the company which operates our shopping center segment, in which we had a 62.5% interest as of March 31, 2008.

Net income for the nine-month period was Ps. 69.4 million, compared to Ps. 53.3 million income in the same period of the previous fiscal year. In percentage terms, this improvement is equivalent to a 30.3% increase.

Total revenues as of March 31, 2008 amounted to Ps. 468.4 million, i.e., 34.7% higher than the figure registered a year earlier. This increase is mainly attributable to the dynamics perceived in consumer spending which has fostered sales in our shopping center and credit card segments.

Gross profit for the period showed a robust 31.9% increase, from Ps. 231.8 million in the period ended as of March 31, 2007 to Ps. 305.8 million in the period ended as of March 31, 2008.

The consolidated operating income for the period registered a gain of Ps. 148.6 million as compared to Ps.126.0 million registered in the same period of the previous year, which stands for a 17.9% increase. The increase in operating results at lower rates than the increase in total revenues is the result of: (1) a higher incidence of the credit card segment in the business, which operates at lower margins; (2) the results of the subsidiary Tarshop during the period, as explained under Credit Card Segment .

As regards the performance of the **Shopping Center** segment itself, revenues have performed favorably, increasing by 27.1% compared to the same period a year earlier. The EBITDA¹ for this segment has grown in line with this increase and showed a slight improvement when compared to revenues as it rose by 29.1% compared to the first nine months in the previous fiscal year.

During the nine-month period ended on March 31, 2008, the sales of our lessees continued to rise and reached Ps. 2,669.2 million. In nominal terms, these sales are 31.4% higher than a year earlier.

The business success of our lessees continues to push up demand for space in our Shopping Centers, which allows us to maintain occupancy at 98.5%. The performance shown by this variable reflects not only an improvement in our business but also the excellent quality of our portfolio of shopping centers.

Panamerican Mall Project, City of Buenos Aires. In December 2006 we entered into several agreements for the construction, marketing and management of a new shopping center to be developed in the neighborhood of Saavedra, City of Buenos Aires, by Panamerican Mall S.A.. The project includes the construction of a shopping center, a hypermarket, a cinema complex and an office building and/or a residential building. This is one of the Company's most important projects. In March 2007 we started to build the shopping center, which we expect to open in early 2009. As of March 31, 2008, the degree of progress of the works was 26%.

¹ EBITDA represents operating income plus depreciation and amortization charges. EBITDA is not regarded as a generally accepted accounting measure and should therefore not be used to measure financial or operating performance.

IRSA Inversiones y Representaciones Sociedad Anónima

Torres Rosario, City of Rosario. On October 11, 2007 we signed a swap agreement with Condominios del Alto S.A. pursuant to which the Company swapped a portion of plot 2-g, with a total area of 7,901.30 square meters, intended for the construction of housing units in exchange for 15 units to be built with a constructed surface area of 1,504.45 square meters and 15 parking spaces. In the course of the fiscal period under consideration, progress has been made in the construction of external networks.

Neuquén Project. On September 20, 2007, the Municipality of Neuquén approved the feasibility studies of our urban development project and the environmental impact study concerning the execution of the housing project in the City of Neuquén. On February 7, 2008, the blueprints were filed with the Municipality and the construction fees were paid. We are now waiting for the Municipality's resolution.

Tarjeta Shopping

Tarshop S.A. is a credit card company in which we hold a 80% interest.

Our credit card segment posted **income** for Ps. 1.3 million, which represents a decrease compared to the income for Ps.11.9 million recorded in the same period of the previous year, as a result of higher financial and operational costs, together with the increase in delinquency levels. In this respect, receivables overdue for 90 days as of March 31, 2008 were at a 6.9% level.

Net revenues rose significantly by 42.2%, from Ps. 149.5 million in the nine-month period ended as of March 31, 2007, to Ps. 212.7 million in the same nine-month period of this fiscal year. In addition, operating results amounted to Ps. 9.0 million.

The EBITDA of the Credit Cards segment was Ps. 12.5 million, a reduction from Ps. 29.4 million in the same period of the previous fiscal year.

The credit portfolio including securitized coupons as of March 31, 2008 amounted to Ps. 910.7 million, 40.3% higher than the Ps. 648.9 million portfolio as of March 31, 2007.

III. Sales and Developments

In the nine months ended on March 31, 2008, the sales and developments segment recorded revenues for Ps.175.2 million, compared to Ps. 40.0 million for the same period of the previous fiscal year. The following paragraphs describe the Company's major developments:

Barrio Chico (formerly San Martín de Tours). This is a unique project in Barrio Parque, the most exclusive residential area in the city of Buenos Aires. Sales in this project were launched in May 2007, with a high degree of success. Previously, efforts had been made to develop the image of the product, in whose context the designation chosen was Barrio Chico and was accompanied by advertising in the most important printing media. At present the project is complete and during the quarter ended on March 31, 2008 two units were sold, which means that there is only one unit pending sale.

Torres Renoir, Dique III. In view of the steady demand for residential properties in the area of Puerto Madero, during fiscal year 2006 we closed swap agreements that allowed us to start the construction of these two exclusive residential buildings of 42 and 51 floors. In the light of the development boom in this area, the project has aroused great expectations in the market, given its outstanding features. On September 30, 2006, and due to the market's interest in this project, sales were launched in Tower 1, whose current degree of progress is 94.0%. As of March 31, 2008, 96.0% of our units had been sold, with one unit pending sale.

In connection with Tower 2, during the second quarter of the current fiscal year, on November 2, 2007 the Company and the developer decided to replace the swap agreement for Tower 2 for a payment of US\$18.3 million, which amount was fully paid subsequent to the end of the third quarter. The income resulting from this transaction amounted to approximately US\$4.7 million.

Caballito. On May 4, 2006 we entered into a US\$7.5 million swap agreement with Koad S.A. whereby we transferred title of block 36 of the property Terrenos de Caballito to Koad in order for it to develop at its sole expense, cost and risk, a complex known as Caballito Nuevo. The construction works have already started, and include two apartment towers of 34 floors each, with 1, 2 and 3 room units of 40 to 85 sqm. surface area, including a wide variety of amenities and services. In consideration for it, Koad paid to us US\$0.05 million while the US\$7.45 million balance will be repaid through the delivery of 118 apartment units and 55 parking

IRSA Inversiones y Representaciones Sociedad Anónima

spaces. The final number of units to be received will depend on the date of actual delivery by Koad, as the agreement provides for rewards based on terms of delivery. At present, the degree of progress is 15.0% and marketing is expected to be launched in the coming quarters.

Abril, Hudson, Province Buenos Aires. In Abril we have developed a 312-hectare private residential community for the construction of single family homes targeting the upper-middle income market. Abril is located near Hudson City, approximately 34 kilometers south of the City of Buenos Aires. The project includes 20 neighborhoods subdivided into 1,273 lots of approximately 1,107 square meters each. Abril also includes an 18-hole golf course, 130 hectares of woodlands, a 4,000 square meter mansion and entertainment facilities, a bilingual school, horse stables and sports centers and a shopping center. The neighborhoods have been completed, and during the second quarter of fiscal year 2008 the sale of the last plots available in stock was launched. This was reflected in the sale of 26% of the lots in the third quarter of the same fiscal year.

El Encuentro, Municipality of Tigre, Province of Buenos Aires. In the district of Benavidez, Municipality of Tigre, 35 km north from downtown Buenos Aires, we are developing a 99.8 hectare gated residential complex known as El Encuentro. It will have a privileged front access to Highway No. 9, allowing an easy way to and from the city. Given the rise in the values of land in the Northern area of the Province of Buenos Aires, particularly in the area in which the development is located, our expectations regarding sales of the lots to be received pursuant to the swap agreement are highly positive. As of March 31, 2008, the utilities in the neighborhood were all operational: electricity, water, sewage, effluent treatment plant, public lighting, finished roads, accesses, buildings, sports sector, etc. The pending works include a road tunnel and the Bancalari-Benavidez expressway. Marketing actions concerning the future housing units in this neighborhood started at the beginning of the quarter.

Solares de Santa Maria, Ciudad de Buenos Aires, (formerly Santa María del Plata). Solares de Santa María is a 70-hectare property facing the River Plate, located in the south border of Puerto Madero (10 minutes away from the Presidential Palace) where we plan to start developing an urban project through our subsidiary Solares de Santa María S.A., in which we hold a 90% equity interest. The project has been designed with a residential profile and also features mixed uses, including offices, retail stores, hotels, sports and sailing clubs and service support areas such as a school, supermarket, parking areas, etc., and has been conceived as a new neighborhood in the City of Buenos Aires.

Since its purchase in 1997, we followed the application process for obtaining validation and approval of the project before the governmental authorities of the City of Buenos Aires. So as to optimize and achieve project start-up, while such consents and authorizations are obtained the Company has made contacts with investors with international experience in this kind of real estate developments.

Recently, in November 2007, the Executive Branch of the Government of the City of Buenos Aires approved the project through Decree 1584/2007. The approval was made in compliance with the standards of the urban design previously approved by the Urban Planning Council of the Executive Branch, and was passed upon by all competent authorities. The assignment of places for public use and convenience is the maximum one provided for in the Planning Code: 50% of the site will be donated for public use and convenience (357,975 sqm) in which common recreational green and sailing areas, roads, pedestrian lanes, etc. will be constructed. However, several operational and implementation issues remain to be approved by different areas of the authorities in charge of the urban affairs of the City of Buenos Aires.

IRSA Inversiones y Representaciones Sociedad Anónima

This notwithstanding, the Decree has been challenged in court in its formal and procedural aspects, but the authorities have not rendered a decision in connection with this challenge yet. In this sense, we shall evaluate in due course the actions to adopt in order to protect our vested rights.

Organization of IRSA-CYRELA and launch of the Horizons residential project. In the first quarter of fiscal 2008, we created together with CYRELA, a renowned Brazilian developer, an undertaking that operates under the name IRSA-CYRELA (CYRSA) to develop top-level construction residential units in Argentina that applies innovating sales and financing policies and is based on a new concept in residential units in line with the most modern trends in the world.

IRSA-CYRELA's first project, which has been developed in a plot made up by two adjacent blocks in the Vicente López neighborhood was launched in March under the name Horizons. It is one of the most significant developments in Greater Buenos Aires and it will entail a new concept in residential complexes given its emphasis on the use of common spaces. This project includes two complexes with a total of six buildings; a complex facing the river with three 14-floor buildings and another complex on Avenida del Libertador with three 17-floor buildings, totaling 59,000 sqm of construction distributed in 467 units. With its unique and innovating style in residential complexes, Horizons has 32 items of amenities: a meeting room; a work zone; indoor swimming pools; club house and spa, sauna, gym, children room, teen room; theme-park areas; and aerobic trail, to name but a few. The showroom was opened to the public in March quite successfully as the units have all been reserved. They will be completed and delivered in late 2010.

The following is a detail of the properties being developed by IRSA as of March 31, 2008.

IV. Hotels

Income from the hotel segment rose by 21.9%, up from Ps.94.4 million for the first nine months of fiscal 2007 to Ps.115.1 million for the same period in fiscal 2008.

This was mainly due to the increase in the average rate, which in the first nine months of fiscal 2008 performed quite favorably with an average per room of Ps.619 compared to Ps.481 for the previous period. In addition, occupancy levels remain high and reached 75.7%.

The significant inflows of local and international tourists seen in recent years have allowed hotel activities to consolidate their excellent performance. In this respect, we continue with the works to improve and refurbish Hotel Sheraton Libertador and Hotel Intercontinental.

The following table shows information regarding our hotels for the nine-month period ended March 31, 2008.

IRSA's issue of new shares. On October 10, 2007, the Company's General Ordinary and Extraordinary Shareholders' Meeting approved a capital stock increase through the issuance of up to 280 million shares of common stock. In turn, the Shareholders' Meeting approved the issuance of warrants to subscribe shares in the Company's common stock free of charge, which may be exercised by those who subscribed the capital stock increase. These warrants entitle subscribing shareholders to one share every three subscribed shares. As of the date hereof, we have decided not to launch this transaction due to the prevailing market conditions.

VI. Brief comment on prospects for the next quarter

In terms of economic activity, the Argentine economy continues to show upward trends for the fifth consecutive year, driven mainly by consumption, a variable whose impact is highly positive on our business despite the increase in the level of prices. The favorable performance shown by Argentina's balance of trade and budget and the sustained demand for the products of the agriculture industry, which constitute Argentina's main exports, are factors that improve the Argentine economy's prospects in the event of external shocks.

As regards the coming quarter, we intend to continue to offer a wide range of commercial proposals in our shopping centers in accordance with the needs of our consumers, aimed at obtaining customers to recognize us and to buy into our proposals. With the goal being to maintain our leading position in the industry, we have

embarked upon a process to refurbish some of our shopping centers (Alto Palermo Shopping, Alto Avellaneda, Patio Bullrich, Paseo Alcorta and Shopping Abasto). This process is fully underway and it is estimated to be completed in the next quarter. Additionally, we are always assessing the various investment opportunities arising in the shopping center industry geared towards the expansion of our portfolio of properties in the Autonomous City of Buenos Aires and in the Argentine provinces. Panamerican Mall and Shopping Neuquén are both representative examples of this strategy for expansion at the national level. Another cornerstone of our business strategy consists in assigning our spaces in lease to lessees that enjoy widespread local and international recognition. On this basis, we will continue to diversify our lessees and we will encourage the presence of leading brands in our shopping centers thus offering our consumers the best products in the market.

As regards the office segment, the demand continues to be active and the supply side is slow and immediately absorbed, with vacancies remaining at low levels. Therefore, we believe that the level of prices per square meter shall continue to grow and we will continue to analyze the addition of new spaces to our portfolio. Along this line, we have engaged in the construction of a building whose gross leasable area is approximately 11,000 square meters in Puerto Madero s Dique IV. In addition, it must be pointed out that the appreciation expected in the price per square meter has not yet been fully reflected in our Financial Statements because the rent stipulated in the lease agreements of a major part of our portfolio of assets has not yet been adjusted, so we consider that the performance of income from this segment shall be very favorable in the coming quarters.

And we cannot insist enough on the huge potential for growth enjoyed by the Company and materialized in its land reserves strategically located, as is the case of the plots of land in Puerto Madero, Caballito, Neuquén, Rosario, Córdoba, to name but a few. In the future we will continue to develop these land reserves through our business lines. In terms of the residential market, we will continue with the proceedings required to move forward with the urbanization project in Solares de Santa María and with the development of the residential segment through the vehicle IRSA-CYRELA, whose first project was launched during this quarter with bright prospects.
