The performance criteria used for performance awards intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code have been expanded. The performance criteria used in performance goals governing performance-based awards granted to covered employees may include any or all of the following criteria at the parent, subsidiary, business unit or business segment level as appropriate: (1) the Company s return on equity, assets, capital or investment; (2) pre-tax or after-tax profit levels; (3) bookings or revenue growth; (4) bookings or revenues; (5) operating income as a percentage of sales; (6) total shareholder return; (7) changes in the market price of the stock; (8) sales or market share; (9) earnings per share; (10) improvements in operating margins; (11) operating cash flow or free cash flow; (12) working capital improvements; and (13) design wins or entering into contracts with key customers.

The grant of any award other than an option or stock appreciation right will reduce the number of shares of common stock available for issuance under the 2005 Plan by 1.36 shares of common stock for each share actually subject to the award, instead of 1.75 shares of common stock as previously provided in the 2005 Plan.
