Important Information About The Special Meeting and Voting

Q. Why am I receiving this proxy statement?

A. You are receiving this proxy statement because you have been identified as a stockholder of Infinity as of the record date, and thus you are entitled to vote at the special meeting. This document serves as a proxy statement of Infinity, used to solicit proxies for the special meeting. This document contains important information about the special meeting, and you should read it carefully.

Q. What matters are being voted on at the special meeting?

A. At the special meeting, stockholders of Infinity will consider and act upon the approval of the issuance and sale of shares of our common stock and warrants to purchase shares of our common stock to Purdue Pharma L.P. and Purdue Pharmaceutical Products L.P. pursuant to the Marketplace Rules of the NASDAQ Stock Market. For more information, please see the section entitled **Proposal 1 -Approval of the Issuance and Sale of Shares of Our Common Stock and Warrants to Purchase Shares of Our Common Stock to Purdue Pharma L.P. and Purdue Pharmaceutical Products L.P. pursuant to the Marketplace Rules of the NASDAQ Stock Market** on page 6 of this proxy statement.

Q. Why is Infinity seeking to issue and sell shares of its common stock and warrants to purchase shares of its common stock to Purdue Pharma L.P. and Purdue Pharmaceutical Products L.P.?

A. On November 19, 2008, we entered into strategic alliance agreements with each of Mundipharma International Corporation Limited and Purdue Pharmaceutical Products L.P. to develop and jointly commercialize pharmaceutical products. In connection with the entry into these strategic alliances, we also entered into a securities purchase agreement and line of credit agreement with Purdue Pharma L.P., an independent associated company of the parties to the strategic alliance agreements, and Purdue Pharmaceutical Products L.P. Pursuant to the securities purchase agreement, we issued and sold shares of our common stock at an initial closing to Purdue Pharma L.P. and Purdue Pharmaceutical Products L.P. and we have agreed to issue and sell additional shares of common stock and warrants to purchase shares of common stock at a second closing to such purchasers, subject to obtaining stockholder approval of such issuance and sale. For a more detailed description of the strategic alliance agreement, securities purchase agreement and line of credit agreement, please see the section entitled **Proposal 1 -Approval of the Issuance and Sale of Shares of Our Common Stock and Warrants to Purchase Shares of Our Common Stock to Purdue Pharma L.P. and Purdue Pharmaceutical Products L.P. pursuant to the Marketplace Rules of the NASDAQ Stock Market** on page 6 of this proxy statement.

Q. What will happen if stockholder approval of the issuance and sale of shares of common stock and warrants to purchase shares is not obtained?

A. If we do not obtain stockholder approval of the proposal described herein, we will not complete the second closing contemplated by the securities purchase agreement. In such event, we would not receive the funds contemplated to be raised at the second closing. In addition, because receipt of stockholder approval for the second closing is a condition to the effectiveness of the line of credit, we would also not have access to the line of credit in such event. For a more detailed description of the consequences of not obtaining stockholder approval of the proposal, please see the section entitled **Proposal 1 -Approval of the Issuance and Sale of Shares of Our Common Stock and Warrants to Purchase Shares of Our Common Stock to Purdue Pharma L.P. and Purdue Pharmaceutical Products L.P. pursuant to the Marketplace Rules of the NASDAQ Stock Market - Consequences if Stockholder Approval is Not Obtained** on page 14 of this proxy statement.

Q. How does the Board of Directors of Infinity recommend that I vote?

A. The Board of Directors unanimously recommends that stockholders vote **FOR** the approval of the issuance and sale of shares of our common stock and warrants to purchase shares of our common stock to Purdue Pharma L.P. and Purdue Pharmaceutical Products L.P.

A. To be able to vote, you must have been a stockholder of record at the close of business on December 2, 2008, the record date for the special meeting. The number of outstanding shares entitled to vote at the meeting is _____ shares of common stock.

If you were a stockholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the special meeting, or at any postponements or adjournments of the meeting.

Q. What are the voting rights of holders of our common stock?

A. Each outstanding share of our common stock will be entitled to one vote on each matter considered at the special meeting.

A. If you are a record holder, meaning your shares are registered in your name, you may vote:

(2) **By Submitting Voting Instructions By Mail:** You will receive instructions from your broker or other nominee explaining how you can submit voting instructions for your shares by mail. You should follow those instructions.

(3) **In Person at the Meeting:** Contact your broker or other nominee who holds your shares to obtain a brokers proxy card and bring it with you to the meeting. **You will not be able to vote in person at the meeting unless you have a proxy from your broker issued in your name giving you the right to vote your shares.**

Table of Contents

Q. Will my shares be voted if I don't return my proxy?

A. If your shares are registered directly in your name, your shares will not be voted if you do not submit a proxy over the Internet or by telephone, return your proxy, or vote by ballot at the meeting. If your shares are held in street name, your brokerage firm may, under certain circumstances, vote your shares if you do not return your proxy. Brokerage firms can vote customers' unvoted shares on routine matters. If you do not return a proxy to your brokerage firm to vote your shares, your brokerage firm may, on routine matters, either vote your shares or leave your shares unvoted. Your brokerage firm cannot vote your shares on any matter that is not considered routine.

Proposal 1, the approval of the issuance and sale of shares of our common stock and warrants to purchase shares of our common stock to Purdue Pharma L.P. and Purdue Pharmaceutical Products L.P. pursuant to the Marketplace Rules of the NASDAQ Stock Market is not considered a routine matter. We encourage you to provide voting instructions to your brokerage firm by giving your proxy to your brokerage firm. This ensures that your shares will be voted at the meeting according to your instructions. You should receive directions from your brokerage firm about how to submit your proxy to your brokerage firm at the time you receive this proxy statement.

Q. How many shares must be present to hold the meeting?

A. A majority of our outstanding shares of common stock must be present at the meeting to hold the meeting and conduct business. This is called a quorum. For purposes of determining whether a quorum exists, we count as present any shares that are represented by proxy or that are represented in person at the meeting. For purposes of establishing a quorum, we will count as present shares that a stockholder holds even if the stockholder votes to abstain or does not vote on one or more of the matters to be voted upon.

If a quorum is not present, we expect to adjourn the meeting until we obtain a quorum.

Q. What vote is required to approve each matter and how are votes counted?

A. Proposal 1 Approval of the Issuance and Sale of Shares of Our Common Stock and Warrants to Purchase Shares of Our Common Stock to Purdue Pharma L.P. and Purdue Pharmaceutical Products L.P. pursuant to the Marketplace Rules of the NASDAQ Stock Market

To approve Proposal 1, stockholders holding a majority of the shares of our common stock having voting power present in person or represented by proxy must vote FOR the proposal. Any shares of common stock acquired by Purdue Pharma L.P. and Purdue Pharmaceutical Products L.P. as part of the initial closing pursuant to the securities purchase agreement can not be counted as part of the vote in favor of the proposal pursuant to NASDAQ Stock Market rules. If your shares are held by your broker in street name, and you do not vote your shares, your brokerage firm may not vote your unvoted shares on Proposal 1. Broker non-votes are not voting power present and, therefore, will have no effect on the outcome of voting on this matter. Abstentions are voting power present and, therefore, will have the effect of a vote against this matter.

Q. Are there other matters to be voted on at the meeting?

A. We do not know of any other matters that may come before the meeting other than Proposal 1. If any other matters are properly presented at the meeting, the persons named in the accompanying proxy intend to vote, or otherwise act, in accordance with their judgment on the matters.

Table of Contents

- Q. Where can I find the voting results?** **A.** We expect to report the voting results in our Annual Report on Form 10-K for the year ending December 31, 2008, which we anticipate filing with the Securities and Exchange Commission in March 2009.
- Q. What are the costs of soliciting these proxies?** **A.** We will bear the cost of soliciting proxies. Proposal 1 Approval of the Issuance and Sale of Shares of Our Common Stock and Warrants to Purchase Shares of Our Common Stock to Purdue Pharma L.P. and Purdue Pharmaceutical Products L.P. pursuant to the Marketplace Rules of the NASDAQ Stock Market

Overview

On November 19, 2008, we entered into strategic alliance agreements with each of Mundipharma International Corporation Limited, or Mundipharma, and Purdue Pharmaceutical Products L.P., or Purdue, to develop and jointly commercialize pharmaceutical products.

In connection with the execution of the strategic alliance agreements, we entered into a securities purchase agreement with Purdue and Purdue Pharma L.P., or Purdue Pharma. We refer to Purdue and Purdue Pharma as the purchasers. On November 19, 2008, or the initial closing, we issued and sold an aggregate of 4,000,000 shares, which we refer to as the initial closing shares, of our common stock, at a purchase price of \$11.25 per share, for an aggregate purchase price of \$45,000,000. Of the initial closing shares, 2,000,000 shares were purchased by each purchaser.

In addition, under the terms of the securities purchase agreement, the purchasers have agreed to purchase from us, and we have agreed to issue and sell to the purchasers, an aggregate of 2,000,000 shares of our common stock, which we refer to as the second closing shares, and warrants to purchase up to an aggregate of 6,000,000 shares of our common stock, which we refer to as the warrants, for an aggregate purchase price of \$30,000,000 at a second closing. The sale and issuance of the second closing shares and the warrants at the second closing is subject to approval by our stockholders and other customary closing conditions.

As of November 20, 2008, the purchasers owned approximately 16.6% of our outstanding common stock. In the event that we issue and sell shares of our common stock to the purchasers at the second closing, the purchasers would own approximately 23% of our outstanding common stock.

In addition, in connection with the execution of the strategic alliance agreements, we as borrower executed a line of credit agreement, which we refer to as the credit agreement, with the purchasers as lenders. The credit agreement provides for the borrowing by us from the lenders of one or more unsecured loans up to an aggregate maximum principal amount of \$50,000,000. The loans may be drawn from the later to occur (such later date, the line of credit availability date) of (i) April 1, 2009 and (ii) the earlier to occur of (x) the second closing date and (y) termination by the purchasers of the securities purchase agreement with respect to the second closing in the event of the occurrence of specified material adverse changes in our clinical development program, until the third anniversary of the line of credit availability date. If neither the second closing date nor the termination of the securities purchase agreement with respect to the second closing has occurred by May 31, 2009, the lenders' obligation to make loans terminates.

The terms of the strategic alliance agreements, the securities purchase agreement and the credit agreement are described more fully below in the section entitled Summary of Terms of Agreements.

Background

We believe that our long-term value will be driven by the medicines we create. We regularly evaluate different strategies for improving our competitive position and enhancing stockholder value. As part of these evaluations, we have, from time to time, considered various strategic alternatives in pursuing our business plan, principally focusing on strategic alliances and collaborations.

Specifically, we have adopted an efficient strategy for funding our capital intensive research activities to provide us with the financial strength to support our scientific innovation. Over the years, we have established several alliances with leading pharmaceutical and biotechnology companies that have been instrumental in providing capital and complementary capabilities to support our internal research. In our alliances, over time we have striven to increase our role in product development and participation in any downstream commercial activities and financial return generated by them. In addition, the cost-sharing provisions of these alliances help us control our cash burn rate, which enables us both to invest heavily in our programs and, potentially, to reach key development milestones before requiring additional financing. This has become of increasing importance given the current debt and equity financing environment.

In January 2008, we publicly announced our principal corporate goals and objectives for 2008. Among these was evaluating strategic opportunities to enhance our product pipeline and to reach key value-creating milestones. We considered multiple potential strategic transactions, including alliances around our Hedgehog pathway program as well as multi-program alliances.

Table of Contents

In keeping with this goal, during 2008 we engaged in discussions with over ten major pharmaceutical and biotechnology companies based in the United States, Europe, and Japan to identify an optimal strategic alliance partner. We considered many factors in the evaluation of potential alliance partners, including their long-term strategic interests in oncology, their geographic interests relating to an oncology franchise, the potential financial arrangement between the companies, and the manner in which an alliance would operate between the companies. A principal goal of our alliance efforts was to identify a partner with a commitment to growing its oncology franchise outside of the United States and for whom our products would be important contributors in this effort. We also focused on alliance partners who would not insist on obtaining U.S. commercialization rights to our products as a condition of the alliance.

During a meeting of our board of directors held on May 22-23, 2008, our chief executive officer, Steven Holtzman, spoke with several board members requesting that they help identify potential alliance partners that met the foregoing criteria. In early July, one of our directors called Mr. Holtzman and reported Purdue's desire to expand the oncology pipeline of Mundipharma, an independent associated company of Purdue based in Europe, to include innovative, new products, and asked our director to suggest biotech companies with whom Purdue might consider entering discussions.

As a result of this introduction, Mr. Holtzman had an initial discussion by telephone with a Purdue director. During the discussion, the director described Purdue's goals in oncology and Mr. Holtzman described, in general terms, our discovery and clinical development programs in oncology as well as the key criteria that an alliance with Purdue would have to meet. As a result of this discussion, it was agreed that Mr. Holtzman would have a preliminary discussion with Mr. James Dolan, Purdue Pharma's senior vice president, licensing and business development, to explore a potential alliance.

On August 4, 2008, Mr. Dolan and Mr. Holtzman had an initial discussion by telephone. During the discussion, Mr. Dolan described Purdue's capabilities and goals in oncology and Mr. Holtzman described, in general terms, our discovery and clinical development programs in oncology as well as the key criteria (described above) that any alliance with us would have to meet. As a result of this discussion, it was agreed that the parties would sign a mutual confidential disclosure agreement, or CDA, and arrange a more in-depth discussion.

On August 13, 2008, the parties entered into the CDA and, at our offices, Mr. Dolan met with Mr. Holtzman, Ms. Adelene Perkins, our chief business officer and Dr. Julian Adams, our chief scientific officer. In this meeting, Mr. Dolan provided an in-depth overview of the Purdue family of companies worldwide, their capabilities, and, in particular, their efforts and strategic objectives in the field of oncology. Mr. Holtzman, Ms. Perkins and Dr. Adams provided an in-depth overview of our values and culture, business strategy, research and development capabilities, pipeline of pre-clinical and clinical drug candidates, and a general outline of the type of alliance that would be of interest to us.

On August 19, 2008, Mr. Holtzman and Ms. Perkins met with Dr. Anthony Evnin, our lead outside director, at our offices concerning the potential direction of the Purdue alliance discussion and, on August 21, 2008, Mr. Holtzman, Ms. Perkins and Dr. Jeffrey Tong, our vice president, corporate and product development, met with Dr. Evnin at his office in New York City to discuss the potential Purdue alliance. On the same day, the same group met with an investment banker, experienced in structuring large alliances between biotechnology and large pharmaceutical companies, to discuss alliance structures potentially appropriate to a Purdue-Infinity relationship.

On August 22, 2008, Mr. Holtzman, Ms. Perkins and Dr. Adams sent to our board of directors by e-mail, a briefing document describing our business development activities. This memorandum described the key terms of an alliance structure that would be presented to Purdue. The memorandum compared the proposed Purdue structure with landmark biotechnology deals under which the biotech company received comparable, relatively non-dilutive funding while retaining commercialization rights to its products in the U.S. market. In response to the briefing document, Mr. Holtzman received e-mail responses from members of our board of directors endorsing the approach.

On September 2 and 3, 2008, a team from Purdue visited Infinity to meet with members of our executive leadership team. During these meetings, we made in-depth presentations similar to those presented August 13, 2008.

On September 9, 2008, Ms. Perkins, Dr. Tong and Dr. Steven Kafka, our vice president of finance, had a teleconference with Mr. Dolan and Mr. Edward Mahony, chief financial officer of Purdue, to review our product portfolio and financial profile and to review initial collaboration concepts. Dr. Tong sent an email to Messrs. Dolan and Mahony with a summary of collaboration concepts later that day for use at a Purdue board of directors meeting on September 10, 2008.

Table of Contents

On September 12, 2008, Mr. Dolan called Ms. Perkins to confirm that the Purdue board of directors had met on September 10, 2008 and had agreed to proceed with further negotiations relating to the outlined collaboration concepts by us.

On Monday, September 15, 2008, Mr. Evin met with Mr. Jim Dolan and two Purdue directors for dinner in New York City to discuss, among other things, the proposed Infinity-Purdue relationship.

On September 16, 2008, Mr. Holtzman, Ms. Perkins and Dr. Adams visited Purdue's headquarters and met with five members of Purdue's board as well as members of Purdue's senior management, after which we and Purdue agreed that each party wished to continue discussions concerning a potential strategic alliance.

Between September 19, 2008 and September 24, 2008, representatives of our senior management continued their discussions and negotiations relating to the key concepts of the proposed alliance with Mr. Dolan. On September 24, 2008, Ms. Perkins, Dr. Tong and Dr. Kafka met with Mr. Dolan at Purdue's offices in New York to review and finalize the concept for the collaboration and review financial terms and structure.

On September 25, 2008, Mr. Holtzman and Dr. Adams met in London with additional members of Purdue's board of directors to discuss our capabilities as well as the conceptual structure of the proposed alliance.

Between September 30, 2008 and October 22, 2008, the parties extensively negotiated the terms of the proposed alliance in order to prepare a detailed term sheet for consideration by our board of directors and Purdue's board of directors.

On October 22, 2008, Purdue's board met to discuss and provide feedback on the revised term sheet. Mr. Dolan provided feedback to Ms. Perkins in the early evening of October 22, 2008. Ms. Perkins then sent the our board a summary of the status of deal discussions on the evening of October 22 in advance of a meeting of our board of directors on October 23, 2008.

On October 23, 2008, Mr. Gerald Quirk, our vice president and general counsel, reviewed a summary of the deal discussion with our board of directors. Following extensive discussions, our board of directors authorized senior management to continue discussions with Purdue within certain parameters. Ms. Perkins reviewed these issues with Mr. Dolan on the evening of October 23 for review by Mr. Dolan with the Purdue board on October 24, 2008.

On October 24, 2008, Mr. Jim Dolan and Mr. Stuart Baker, counsel to Purdue, and a Purdue director called Ms. Perkins to review certain modifications to the terms proposed by us on October 23, 2008 and Ms. Perkins negotiated certain modifications. Mr. Holtzman was then connected to the call to express our support for these modifications. Ms. Perkins sent an email to our board on the evening of October 24 summarizing the changes since the prior day's board review and received board endorsement for proceeding on the revised terms.

During the week of October 26, 2008, our senior management and outside counsel, WilmerHale, conducted a series of negotiations with Purdue and its outside counsel regarding the specifics of the proposal and the comments made by each party's board of directors.

On October 30, 2008, Dr. Tong sent Mr. Evan Vosburgh and Mr. Thomas Mehrling a package of scientific diligence materials for review. Also, on October 30, 2008, Mr. Quirk sent Mr. Dolan a draft of the definitive securities purchase agreement and form of warrant.

On October 31, 2008, Mr. Holtzman, Ms. Perkins, and Dr. Adams met in Stamford, Connecticut with two Purdue directors, Mr. Dolan, and Mr. Vosburgh, to discuss the collaboration and the expected interactions between the parties in the conduct of the collaboration. In addition, Mr. Quirk and Mr. Michael Nesler, our patent counsel, met with Purdue intellectual property counsel in Stamford, Connecticut on October 31, 2008 to review our intellectual property related to our programs. Also, on October 31, 2008, Mr. Seth Tasker, our counsel, sent Mr. Dolan a draft of the definitive agreement for the line of credit agreement.

From early November 2008 through November 19, 2008, we responded to due diligence requests made by Purdue and its outside counsel and negotiated the terms and provisions of the draft securities purchase agreement and the line of credit agreement.

On November 12, 2008, Mr. Quirk sent our board a full package of drafts of all the definitive agreements and proposed resolutions to be considered at a meeting of our board of directors for provisional approval on November 14, 2008.

On November 12-13, 2008, Ms. Perkins, Mr. Quirk, Dr. Tong and members of WilmerHale met in Stamford, Connecticut with Mr. Dolan, Mr. Mahony and their internal and outside counsel to negotiate the final provisions of the alliance agreements. Also, on November 13, 2008, Mr. Dolan, Mr. Vosburgh and a Purdue director met with Ms. Perkins and Dr. Tong to discuss the future of the collaborative relationship.

Table of Contents

On November 14, 2008, Mr. Quirk sent our board the final definitive agreements and resolutions necessary for approval. On November 14, 2008, our board of directors convened a meeting to discuss the proposed strategic alliance and equity and debt financing, subject to the final documentation. Following a presentation by members of our senior management and our in-house and outside legal counsel, our board of directors approved the strategic alliance and equity and debt financing documents.

From November 14, 2008 through November 19, our senior management and internal and outside counsel continued to negotiate the definitive transaction agreements.

On November 18, 2008, our board of directors met by teleconference to hear an update concerning the status of final open issues relating to line of credit agreement and the alliance agreements and reaffirmed their authorization of the transaction.

After the close of market on November 19, 2008, we executed definitive agreements with each of Mundipharma, Purdue and Purdue Pharma and we publicly announced the transaction before the opening of the market on November 20, 2008.

Stockholder Approval Requirement

We are seeking stockholder approval of the issuance and sale of the shares of common stock and warrants to purchase shares of our common stock to the purchasers at the second closing in accordance with the Marketplace Rules of the NASDAQ Stock Market. These rules are applicable to us because our common stock is listed on the Nasdaq Global Market. Rule 4350(i)(1)(B) of the Marketplace Rules of the NASDAQ Stock Market requires stockholder approval of the issuance of securities that would result in a change in control of Infinity. The NASDAQ Stock Market generally deems a change of control to have occurred if an investor or group of investors acquires, or obtains the right to acquire, 20% or more of the common stock (or securities convertible into or exercisable for common stock) or the voting power of an issuer on a post-transaction basis. Because the purchasers would own, in the aggregate, in excess of 20% of our outstanding common stock if we issued and sold to the purchasers the number of shares of our common stock and warrants to purchase the number of shares of our common stock in the second closing contemplated by the securities purchase agreement described herein, the issuance and sale of shares of our common stock and warrants to purchase shares of our common stock to the purchasers at the second closing would likely constitute a change in control under the Marketplace Rules of the NASDAQ Stock Market.

Summary of Terms of Agreements

Strategic Alliance Agreements

On November 19, 2008, we entered into strategic alliance agreements with each of Mundipharma International Corporation Limited, or Mundipharma, and Purdue Pharmaceutical Products L.P., or Purdue, to develop and commercialize pharmaceutical products. The alliance includes product candidates that inhibit or target the Hedgehog cell signaling pathway and fatty acid amide hydrolase, or FAAH, and product candidates arising out of all of our discovery projects in all disease fields that achieve development candidate status on or before December 31, 2011 (with Mundipharma having the right, through the exercise of two consecutive one-year options, to extend such period through December 31, 2013). We refer to this period as the funded research period. The strategic alliance agreements expressly exclude our heat shock protein 90 and Bcl-2 programs. During the funded research period, Mundipharma also has an option to obtain commercialization rights outside of the United States for certain products and product candidates in-licensed by us from third parties. The agreement with Purdue is focused on the development and commercialization of products targeting FAAH for sale in the United States. The agreement with Mundipharma is focused on the development and commercialization of all other products and product candidates for sale outside of the United States.

Under the strategic alliance agreements, we will have responsibility for the performance of early discovery projects and the development of all product candidates on a worldwide basis. Mundipharma and Purdue will pay for, in the aggregate, 100% of all research and development expenses incurred by us for all early discovery projects and for each product candidate until the later of December 31, 2013 and the commencement of the first phase 3 clinical study of such product candidate, which we refer to as the transition date. The parties have agreed upon a three year budget for research and development expenses of \$50 million, \$65 million and \$85 million for the period beginning on November 19, 2008 and ending on December 31, 2009, calendar year 2010 and calendar year 2011, respectively. After the transition date for each product candidate, Mundipharma and Purdue and Infinity will share all research and development costs for such product candidate equally.

Table of Contents

Upon completion of the first phase 1 clinical study of the first product developed under the research program that inhibits or targets FAAH, Purdue and Mundipharma may elect to assume responsibility for the future development and commercialization of FAAH products for sale in and outside of the United States, respectively. Purdue and Mundipharma have the right to opt out of any early discovery project or any preclinical or clinical development program on an annual basis in November of each year. Purdue and Mundipharma also have a one-time right in mid-2009 to opt out of either or both of the Hedgehog development program or the FAAH project. In the event of an opt-out decision, Purdue and Mundipharma will continue to provide funding for, in the aggregate, 100% of our budgeted research and development expenses for the applicable project or program for one year after the date of such opt-out. In addition, each party has the right to opt out of continued development of a product candidate after it has reached the transition date, with a one year tail funding obligation for its 50% of post-transition date research and development expenses. If a party exercises its right to opt-out of the development of a product or product candidate after the transition date, the other party may elect to continue the development and assume responsibility for the worldwide commercialization of such product or product candidate, subject to the payment of a royalty.

Except as set forth above with respect to FAAH products and opt-out products, we will have the right and responsibility to market and sell products arising from the research program in the United States and Mundipharma will have the right and responsibility to market and sell products arising from the research program outside of the United States. Other than pursuant to the strategic alliance agreements, neither Infinity nor Mundipharma may develop, manufacture or commercialize products that arise out of the research program or products that are directed to the same target or pathway as a product included in the research program, unless and until a party terminates its rights with respect to such products.

If we in-license any product or product candidate for which commercialization rights outside of the United States are available for grant by us to Mundipharma, Mundipharma will have the option to include such in-licensed product or product candidate in the alliance by paying us a prescribed percentage of the up-front license fee or other acquisition cost, which percentage could be up to 60% of such fee or cost, in order for Mundipharma to obtain rights in all countries outside of the United States, and by funding research and development costs in the same manner as products or product candidates arising out of our internal discovery programs. The agreement with Mundipharma provides for the agreed-upon research and development budgets to be updated to reflect the inclusion of any in-licensed products or product candidates. There will be no royalties paid between the parties on in-licensed candidates.

Except with respect to products that have been in-licensed by us, for which no royalties will be payable between the parties, we are obligated to pay Purdue and Mundipharma a 5% royalty on net sales of the commercialized products until such time as such parties have recovered all research and development expenses paid to us under the research program prior to the applicable transition dates. After such cost recovery, we will owe royalties to Purdue and Mundipharma at the following rates:

Calendar Year Net Sales	Royalty Rate
Less than or equal to US\$250,000,000	1%
Greater than US\$250,000,000 and less than or equal to US\$500,000,000	2%
Greater than US\$500,000,000	3%

For products in which Purdue and Mundipharma have opted-out of development prior to the transition date, we will owe royalties of 1% to 5% of net sales as a function of the stage of development of the applicable product candidate at the time of opt-out. For products in which either party has opted-out of development following the transition date, the commercializing party will pay the other party a 5% royalty on net sales.

Mundipharma is obligated to pay us royalties on calendar year net sales outside of the United States of products arising out of the alliance, on a product-by-product basis, at the following rates:

For products other than FAAH products:

Calendar Year Net Sales	Royalty Rate
Less than or equal to US\$250,000,000	10%
Greater than US\$250,000,000 and less than or equal to US\$500,000,000	15%
Greater than US\$500,000,000	20%

Edgar Filing: INFINITY PHARMACEUTICALS, INC. - Form PRE 14A

For FAAH products:

Calendar Year Net Sales	Royalty Rate
Less than or equal to US\$150,000,000	10%
Greater than US\$150,000,000 and less than or equal to US\$300,000,000	15%
Greater than US\$300,000,000	20%

Table of Contents

Purdue is obligated to pay us royalties on calendar year net sales in the United States of FAAH products at the following rates:

Calendar Year Net Sales	Royalty Rate
Less than or equal to US\$100,000,000	10%
Greater than US\$100,000,000 and less than or equal to US\$200,000,000	15%
Greater than US\$200,000,000	20%

With respect to each of the preceding tables of royalty rates, once net sales reaches a higher threshold in a calendar year, the royalty rate shall apply to all net sales in such calendar year, not just the incremental net sales. Royalties are payable until the later to occur of the last-to-expire of specified patent rights and the expiration of non-patent regulatory exclusivities in a country, provided that if royalties are payable solely on the basis of non-patent regulatory exclusivity, each of the rates above are reduced by one-half. In addition, all royalties payable under the strategic alliance agreements, whether by us, Purdue or Mundipharma, are subject to reduction on account of third party royalty payments or patent litigation damages or settlements, with any such reductions capped at 50% of the amounts otherwise payable during the applicable royalty payment period.

Each of the strategic alliance agreements expire when the parties thereto have no further obligations to each other thereunder. Either party may terminate the strategic alliance agreement to which it is a party on 60 days prior written notice if the other party materially breaches the agreement and fails to cure such breach within the 60-day notice period. The strategic alliance agreements may also be terminated by the Purdue and Mundipharma in the event of a change in control of Infinity or in the event that, during the funded research period, (i) Julian Adams, Ph.D. is no longer a full-time executive of Infinity, or (ii) both Steven H. Holtzman and Adelene Q. Perkins are no longer full-time executives of Infinity.

In addition, the strategic alliance agreements require us, during the funded research period, to use commercially reasonable efforts to retain the services of Mr. Holtzman, Ms. Perkins and Dr. Adams and to allocate an adequate amount of such executives' time to the alliance, as well as to consider (in addition to any other factors the compensation committee of our board deems relevant) the success of the research programs covered by the alliance and the role of these executives in that success, in making incentive compensation decisions for these executives.

Upon termination of either strategic alliance agreement by us or Purdue or Mundipharma, as the case may be, Infinity or Purdue or Mundipharma, as applicable, may terminate the other strategic alliance agreement.

Securities Purchase Agreement

On November 19, 2008, we executed a securities purchase agreement with Purdue Pharma L.P., or Purdue Pharma, and Purdue Pharmaceutical Products L.P., or Purdue, whom we refer to collectively as the purchasers.

On November 19, 2008, or the initial closing, we issued and sold to the purchasers an aggregate of 4,000,000 shares, which we refer to as the initial closing shares, of our common stock, at a purchase price of \$11.25 per share, for an aggregate purchase price of \$45,000,000. Of the initial closing shares, 2,000,000 shares were purchased by each purchaser.

In addition, under the terms of the securities purchase agreement, the purchasers have agreed to purchase from us, and we have agreed to issue and sell to the purchasers, an aggregate of 2,000,000 shares of our common stock, which we refer to as the second closing shares, and warrants to purchase up to an aggregate of 6,000,000 shares of our common stock, which we refer to as the warrants, for an aggregate purchase price of \$30,000,000 at a second closing, or the second closing. The sale and issuance of the second closing shares and the warrants at the second closing is subject to approval of the sale and issuance of the second closing shares and the warrants at the second closing by our stockholders and other customary closing conditions.

Each of the purchasers will purchase an equal number of second closing shares and warrants at the second closing. Specifically, each of the purchasers will receive warrants exercisable for (i) 500,000 shares of our common stock, exercisable commencing on the second closing and expiring on July 1, 2010, with an initial exercise price of \$15.00 per share, with such exercise price increasing over time depending on when such warrants are exercised, up to a maximum exercise price of \$20.00 per share, (ii) 1,000,000 shares of our common stock exercisable commencing on the second closing and expiring on July 1, 2011, with an initial exercise price of \$20.00 per share, with such exercise price increasing over time depending on when such warrants are exercised, up to a maximum exercise price of \$30.00 per share, and (iii) 1,500,000 shares of our common stock, exercisable commencing on the second closing and expiring on July 2, 2012, with an initial exercise price of \$30.00 per share, with such exercise price increasing over time depending on when such warrants are exercised, up to a maximum exercise price of \$40.00 per share.

Edgar Filing: INFINITY PHARMACEUTICALS, INC. - Form PRE 14A

The securities purchase agreement may be terminated by the purchasers with respect to the second closing in the event that any of the conditions to closing have become impossible to fulfill, including in the occurrence of an event constituting specified material adverse changes in our clinical development program, as more fully described in the securities purchase agreement, since the date of

execution of the securities purchase agreement. The purchasers may also terminate the securities purchase agreement if the second closing has not occurred by March 31, 2009, unless such failure to close is the result of the failure to receive any necessary approvals under United States federal antitrust laws.

We have agreed to file with the Securities and Exchange Commission, or SEC, within 30 days following the date of the initial closing, a registration statement covering the resale to the public by the purchasers of the initial closing shares. In connection therewith, we have agreed to (i) use commercially reasonable efforts to cause such registration statement to be declared effective by the SEC within 90 days after the filing thereof and (ii) cause such registration statement to remain effective until all initial closing shares covered thereby have been sold or may be sold without volume restrictions pursuant to Rule 144.

We have also agreed to file with the SEC, within 30 days following the date of the second closing, a registration statement covering the resale to the public by the purchasers of the second closing shares and the shares of common stock issuable upon exercise of the warrants, which we refer to as the warrant shares. In connection therewith, we have agreed to (i) use commercially reasonable efforts to cause such registration statement to be declared effective by the SEC within 90 days after the filing thereof and (ii) cause such registration statement to remain effective until all second closing shares covered thereby have been sold or may be sold without volume restrictions pursuant to Rule 144. We have agreed not to file any other registration statements, other than registration statements on Form S-4 or Form S-8, until the registration statements for both the initial closing shares and second closing shares are declared effective by the SEC, provided that we may file amendments to registration statements already filed.

We have also agreed to permit one representative of the purchasers or an associated company (as defined in the securities purchase agreement) to attend regular meetings of our board of directors until the earlier to occur of December 31, 2013 and the termination of the strategic alliance agreements, subject to exclusion of such representative in certain circumstances, such as in the case of discussions of disputes with Purdue or Mundipharma, potential conflicts with our obligations to third parties, and in other matters where the board of directors concludes that the exercise of its fiduciary duties so requires.

The securities purchase agreement also provides that, subject to the rights agreement, which is described below, including the second amendment to rights agreement, also described below, if on or after the date of the initial closing, we issue shares of our common stock, or securities convertible into shares of our common stock other than pursuant to the securities purchase agreement, each of the purchasers may, from time to time following the date of the second closing and up to the earlier to occur of December 31, 2013 and the termination of the strategic alliance agreements, make acquisitions in open market purchases and/or privately negotiated transactions of up to such additional number of shares of common stock as may be required to ensure that the purchasers maintain their aggregate common stock ownership level at various levels set forth in the securities purchase agreement, which levels depend on whether, and how many of, the warrants have been exercised.

The above summary of the securities purchase agreement is qualified in its entirety by reference to the securities purchase agreement, a copy of which is attached as *Annex A* to this proxy statement. The above summary of the warrants is qualified in its entirety by reference to the form of warrant, which is attached as exhibit C to the securities purchase agreement.

Amendment to Rights Agreement

In connection with the execution of the securities purchase Agreement, on November 19, 2008, we entered into a second amendment to rights agreement, which we refer to as the second amendment to rights agreement, with American Stock Transfer & Trust Company, LLC, as rights agent, who also serves as our transfer agent, which amends the Rights Agreement dated February 13, 2003, as amended by the First Amendment thereto, dated April 10, 2006, which, as so amended, we refer to as the rights agreement. The following summary of the second amendment to rights agreement is qualified in its entirety by reference to the second amendment to rights agreement, the form of which is attached as exhibit A to the securities purchase agreement.

The second amendment to rights agreement provides that as of the initial closing, the purchasers and their associated companies, as defined in the second amendment to rights agreement, may own up to 33.3%, which we refer to as the maximum percentage, of our fully-diluted common stock outstanding (which assumes the exercise or conversion of all exercisable or convertible securities then outstanding) without such ownership causing such parties to be deemed acquiring persons for purposes of the rights agreement and thereby triggering the shareholder rights under the rights agreement. Such maximum percentage may be comprised of a combination of:

shares of common stock acquired pursuant to the securities purchase agreement;

up to 2,400,000 shares of common stock that may be purchased from time to time after the second closing by the purchasers in open market purchase transactions and/or privately negotiated acquisitions;

shares of common stock acquired in accordance with the rights described in the second-to-last paragraph of the section entitled securities purchase agreement above; and

Table of Contents

shares of common stock acquired upon exercise of the warrants.

The second amendment to rights agreement also provides that the purchasers and their associated companies' aggregate ownership of common stock in excess of the maximum percentage shall not result in the purchasers and their associated companies being deemed acquiring persons for purposes of the rights agreement, if such excess amount is the result of an acquisition of common stock by us or the exercise or cancellation of outstanding securities that are exercisable, convertible or exchangeable for shares of common stock which, by reducing the number of shares outstanding, increases the proportionate number of shares beneficially owned by such parties of the our fully-diluted common stock to more than the maximum percentage.

Line of Credit Agreement

On November 19, 2008, in connection with the execution of the strategic alliance agreements, we as borrower executed a line of credit agreement, where we refer to as the credit agreement, with the purchasers as lenders.

The credit agreement provides for the borrowing by us from the lenders of one or more unsecured loans up to an aggregate maximum principal amount of \$50,000,000. The loans may be drawn from the later to occur (such later date, the line of credit availability date) of (i) April 1, 2009 and (ii) the earlier to occur of (x) the second closing date and (y) termination by the purchasers of the securities purchase agreement with respect to the second closing in the event of the occurrence of specified material adverse changes in our clinical development program, until the third anniversary of the line of credit availability date. If neither the second closing date nor the termination of the securities purchase agreement with respect to the second closing has occurred by May 31, 2009, the lenders' obligation to make loans terminates. The loans, which may be used by us for any proper corporate purpose, mature on the tenth anniversary of the line of credit availability date, which we refer to as the maturity date.

Borrowings made pursuant to the credit agreement will bear interest, payable on the maturity date, at a fluctuating rate, which will be set at the prime rate on the business day prior to the funding of each loan and will be reset on the last business day of each month ending thereafter, which we refer to as the floating rate. Interest will be compounded on each successive three-month anniversary of the funding of each loan. In the event any principal or interest on any loan is not paid when due under the credit agreement, such overdue amount will bear interest at a rate per annum equal to 5% plus the floating rate for such loan.

Outstanding loans may be prepaid without penalty or premium prior to the maturity date. Amounts borrowed under the credit agreement, once borrowed, may not be borrowed again.

We may, at our irrevocable election on up to two (2) occasions, make a payment of any amount owed to the lenders under the credit agreement by delivery to the lenders of a number of shares of our common stock, which we refer to as the repayment shares, calculated by dividing the amount to be paid to the lenders under the credit agreement by the average closing price of our common stock for the twenty (20) trading days prior (and not including) the date that we make such payment by delivery of repayment shares; provided, however, we may not make such payment if the effect of such delivery of repayment shares would cause the lenders to own a percentage of outstanding common stock greater than the maximum percentage. The notice of payment by repayment shares must be delivered by us between seven months and eight months prior to the date of such payment. The issuance of the repayment shares will be subject to customary closing conditions, including stockholder approval if such approval is then required under applicable rules and regulations, including the Marketplace Rules of the NASDAQ Stock Market.

In the event that the strategic alliance agreements are terminated, we must provide lenders with notice of such termination within two business days. Within 45 days of such notice, each of the lenders may accelerate our obligations under the credit agreement to such lender, whereupon the commitments of such lender may be automatically terminated and all of our outstanding obligations to such lender will become due and payable in one year, or, if earlier, the maturity date.

We have agreed to file with the SEC, within five business days following the date of each issuance of repayment shares, a registration statement covering the resale to the public by the lenders of the repayment shares. In connection therewith, we have agreed to (i) use commercially reasonable efforts to cause such registration statement to be declared effective by the SEC within 90 days after the share payment date and (ii) cause such registration statement to remain effective until all repayment shares covered thereby have been sold or may be sold without volume restrictions pursuant to Rule 144. We have agreed not to file any other registration statements, other than registration statements on Form S-4 or Form S-8, until such registration statement is declared effective by the SEC, provided that we may file amendments to registration statements already filed.

The credit agreement also contains representations and warranties and affirmative and negative covenants by us, including with respect to our SEC filings and the repayment shares, and by the lenders. The lenders have agreed that the loans will be subordinated to other senior indebtedness of us.

Edgar Filing: INFINITY PHARMACEUTICALS, INC. - Form PRE 14A

The credit agreement provides for certain events of default by us, including a change in control of Infinity, and other customary events of default. The credit agreement also provides for an event of default if Purdue and Mundipharma exercise their respective

rights to terminate the strategic alliance agreements if, during the funded research period, (i) Julian Adams, Ph.D. is no longer a full-time executive of Infinity, or (ii) both Steven H. Holtzman and Adelene Q. Perkins are no longer full-time executives of Infinity. In the event of a default by us, the lenders may declare all obligations under the credit agreement immediately due and payable, terminate the lenders commitments to make loans under the credit agreement, and enforce any and all rights of the lenders under the credit agreement and related documents. For certain events of default related to bankruptcy, the commitments of lenders will be automatically terminated and all of our outstanding obligations will become immediately due and payable.

Effect on Outstanding Common Stock

The issuance and sale of shares of our common stock to the purchasers at the second closing would likely have a dilutive effect on a stockholder's percentage voting power in Infinity. Moreover, the issuance of shares of our common stock upon the exercise of the warrants we propose to issue and sell to the purchasers at the second closing would likely have a further dilutive effect on a stockholder's percentage voting power in Infinity.

The issuance and sale of shares of our common stock to the purchasers at the second closing would increase the proportionate ownership of our outstanding common stock by the purchasers, and the issuance and sale of warrants at the second closing could further increase the proportionate ownership of our outstanding common stock by the purchasers in the event that the purchasers exercise such warrants. Through their ownership of our common stock, the purchasers may have significant influence over corporate actions requiring stockholder approval, such as the election of directors, amendment of our charter documents and the approval of merger or significant asset sale transactions, which could render more difficult or discourage an attempt to obtain a controlling interest in Infinity or the removal of the incumbent board of directors and may discourage unsolicited takeover attempts which might be desirable to stockholders.

Consequences if Stockholder Approval is Not Obtained

If we do not obtain stockholder approval as described in this proxy statement, we will not issue and sell the shares of our common stock and warrants to the purchasers at the second closing as contemplated by the securities purchase agreement because doing so would not be in compliance with the Marketplace Rules of the NASDAQ Stock Market, and such non-compliance could result in the delisting of our common stock from the NASDAQ Global Market. In addition, obtaining stockholder approval is one of the conditions to the purchasers' obligation to consummate the second closing. Accordingly, if we do not obtain stockholder approval, we will not receive the \$30.0 million of proceeds from the sale of the common stock and warrants and we would not have access to the line of credit.

Even if our stockholders approve the issuance and sale of shares of our common stock and warrants to the purchasers at the second closing, we can provide no assurance that such issuance and sale will actually take place. The securities purchase agreement contains certain closing conditions which the purchasers and Infinity must meet before the parties are obligated to consummate the second closing. There can be no assurance that the parties will meet all of these closing conditions or that the parties will otherwise be able to consummate the second closing.

No Appraisal Rights

Under Delaware law, our stockholders are not entitled to appraisal rights with respect to the proposed issuance and sale of shares of our common stock and warrants to the purchasers at the second closing.

Recommendation of the Board of Directors and Required Vote

Our board of directors unanimously recommends that the stockholders vote FOR the approval of the issuance and sale of shares of our common stock and warrants to purchase shares of our common stock to Purdue Pharma L.P. and Purdue Pharmaceutical Products L.P.

The affirmative FOR vote of the stockholders holding a majority of the shares of our common stock having voting power present in person or represented by proxy at the special meeting of stockholders is required for the approval of this proposal.

Neither the Company nor the Subsidiary has entered into an agreement or waiver or been requested to enter into an agreement or waiver extending any statute of limitations relating to the payment or collection of taxes of the Company or the Subsidiary, or, to the Knowledge of the Company or its Subsidiary, aware of any circumstances that would cause the taxable years or other taxable periods of the Company or the Subsidiary not to be subject to the normally applicable statute of limitations. (p) Insurance. The Company and the Subsidiary are insured by insurers of recognized financial responsibility against losses and risks and in amounts as are prudent and customary in the businesses in which the Company and the Subsidiary are engaged. The Company's insurance contracts are in effect in accordance with their respective terms. Neither the Company nor the Subsidiary has any reason to believe that it will not be able to renew its existing insurance coverage as and when such coverage expires or to obtain similar coverage from similar insurers as may be necessary to continue its business on terms consistent with market for the Company's and the Subsidiary's respective lines of business.

(q) Sarbanes-Oxley: Internal Accounting Controls. The Company has established disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) for the Company and designed such disclosure controls and procedures to ensure that material information relating to the Company, including its Subsidiary, is made known to the certifying officers by others within those entities, particularly during the period in which the Company's most recently filed periodic report under the Exchange Act, as the case may be, is being prepared. The Company's certifying officers have evaluated the effectiveness of the Company's controls and procedures as of the date prior to the filing date of the most recently filed periodic report under the Exchange Act (such date, the Evaluation Date). The Company presented in its most recently filed periodic report under the Exchange Act the conclusions of the certifying officers about the effectiveness of the disclosure controls and procedures based on their evaluations as of the Evaluation Date. Since the Evaluation Date, there have been no significant changes in the Company's internal controls (as such term is defined in Item 307(b) of Regulation S-K under the Exchange Act) or, to the Knowledge of the Company, in other factors that could significantly affect the Company's internal controls.

(c) Conflicting Agreements and Other Matters. Neither the execution and delivery of this Agreement nor the performance by such Purchaser of its obligations hereunder will conflict with, result in a breach of the terms, conditions or provisions of, constitute a default under, result in the creation of any Lien upon any of the properties or assets of such Purchaser pursuant to, or require any consent, approval or other action by or any notice to or filing with any Government Entity pursuant to, the organizational documents or agreements of such Purchaser or any agreement, instrument, order, judgment, decree, statute, law, rule or regulation by which such Purchaser is bound, except for filings after the Closings under Section 13(d) of the Exchange Act and filings under the HSR Act.

(e) General Solicitation. 4. Registration Rights.

4.1 Registration of the Shares and the Warrant Shares.

(a) The Company shall file with the SEC, within 30 days following the Initial Closing Date, a Registration Statement covering the resale to the public by the Purchasers of the Initial Closing Shares. The Company shall use commercially reasonable efforts to cause the Registration Statement covering the Initial Closing Shares to be declared effective by the SEC (collectively, the Initial Closing Registrable Shares) within 90 days after the filing thereof. The Company shall cause such Registration Statement to remain effective under the Securities Act until all Initial Closing Registrable Shares covered by such Registration Statement have been sold or may be sold without volume restrictions pursuant to Rule 144. The Company shall promptly, and in no event in more than two (2) Business Days, notify the Purchasers of the effectiveness of such Registration Statement after the Company confirms effectiveness with the SEC. In connection with the Company's preparation and filing of the Registration Statement, each of the Purchasers shall deliver to the Company within 10 days after the Initial Closing, a completed questionnaire in the form attached hereto as Exhibit D.

(b) The Company shall file with the SEC, within 30 days following the Second Closing Date, a Registration Statement covering the resale to the public by the Purchasers of the Second Closing Shares and Warrant Shares. The Company shall use commercially reasonable efforts to cause the Registration Statement covering the Second Closing Shares and Warrant Shares to be declared effective by the SEC (collectively, the Second Closing Registrable Shares and, together with the Initial Closing Registrable Shares, the Registrable Shares) within 90 days after the filing thereof. The Company shall cause such Registration Statement to remain effective under the Securities Act until all Second Closing Registrable Shares covered by such Registration

Statement have been sold or may be sold without volume restrictions pursuant to Rule 144. The Company shall promptly, and in no event in more than two (2) Business Days, notify the Purchasers of the effectiveness of such Registration Statement after the Company confirms effectiveness with the SEC.

4.2 Registration Representations and Warranties and Covenants.

(a) Other Registrations. The Company shall not file any other registration statements, other than registration statements on Form S-4 or Form S-8, until the Registration Statements required to be filed pursuant to Sections 4.1(a) and (b) hereunder are declared effective by the SEC, provided that this Section 4.2(a) shall not prohibit the Company from filing amendments to registration statements already filed.

(b) Compliance. Each Purchaser covenants and agrees that it will comply with the prospectus delivery requirements of the Securities Act as applicable to it in connection with sales of Registrable Shares pursuant to a Registration Statement. The Company shall comply in all material respects with all applicable rules and regulations of the SEC applicable to the filing of a Registration Statement.

4.3 Registration Procedures.

(a) In connection with the filing by the Company of a Registration Statement covering Registrable Shares, the Company shall furnish to each Purchaser (i) a copy of the prospectus, including a preliminary prospectus, in conformity with the requirements of the Securities Act and (ii) such other documents as such Purchaser may reasonably request, in order to facilitate the public sale or other disposition of Registrable Shares.

(b) The Company shall use commercially reasonable efforts to register or qualify the Registrable Shares covered by a Registration Statement under the securities laws of each state of the United States as the Purchasers shall reasonably request; provided, however, that the Company shall not be required in connection with this paragraph (b) to qualify as a foreign corporation or execute a general consent to service of process in any jurisdiction.

(c) If for any reason the SEC does not permit the registration of all of the Warrant Shares in the Registration Statement filed pursuant to Section 4.1(b), then the Company shall file as soon as reasonably practicable an additional Registration Statement covering the resale by the Purchasers of any previously unregistered Warrant Shares on the first date after which the SEC will permit the filing of a Registration Statement covering any such remaining Warrant Shares.

(d) If the Company has delivered preliminary or final prospectuses to the Purchasers and after having done so the prospectus is amended or supplemented to comply with the requirements of the Securities Act, the Company shall promptly notify the Purchasers and, if requested by the Company, the Purchasers shall immediately cease making offers or sales of Registrable Shares covered by a Registration Statement and return all prospectuses to the Company. The Company shall promptly provide the Purchasers with revised or supplemented prospectuses and, following receipt of the revised or supplemented prospectuses, the Purchasers shall be free to resume making offers and sales of Registrable Shares under such Registration Statement.

(e) The Company shall be entitled to include in a Registration Statement covering Registrable Shares the shares of Common Stock held by other shareholders of the Company, provided such other shares of Common Stock are excluded first from such Registration Statement in order to comply with any applicable laws or request from any Government Entity, Nasdaq or any applicable listing agency.

(f) The Company shall pay the expenses incurred by it in complying with its registration obligations under this Section 4, including all registration and filing fees, exchange listing fees, fees and expenses of counsel for the Company, and fees and expenses of accountants for the Company, but excluding (i) any brokerage fees, selling commissions or underwriting discounts incurred by the Purchasers in connection with sales under any Registration Statement covering Registrable Shares and (ii) the fees and expenses of one counsel retained by the Purchasers.

(g) The Company shall use commercially reasonable efforts to avoid the issuance of any order suspending the effectiveness of a Registration Statement, or any suspension of the qualifications (or exemption from qualification) of any of the Registrable Shares for sale in any jurisdiction. The Company shall advise the Purchasers promptly after it shall receive notice of any stop order or issuance of any order by the SEC delaying or suspending the effectiveness of a Registration Statement covering Registrable Shares or of the initiation of any proceeding for that purpose, and it will promptly use commercially reasonable efforts to prevent the issuance of any stop order or to obtain its withdrawal at the earliest possible moment if such stop order should be issued.

4.4 Registration Confidentiality. Each Purchaser agrees to treat as confidential (unless otherwise publicly disclosed by the Company or a third party not to the knowledge of Purchaser in breach of an agreement of confidentiality with the Company) any written notice from the Company regarding the Company's plans to file a Registration Statement and shall not disclose such information to any other person, or use such information, except as is necessary to exercise its rights under this Agreement.

4.5 Indemnification.

(a) The Company agrees to indemnify and hold harmless each Purchaser and their Associated Companies, each underwriter, and each other person, if any, who controls such Purchaser and their Associated Companies or underwriter within the meaning of the Securities Act or Exchange Act from and against any losses, claims, damages or liabilities to which such Purchaser and their Associated Companies, such underwriter or controlling person may become subject (under the Securities Act, the Exchange Act, state securities or Blue Sky laws or otherwise) insofar as such losses, claims, damages or liabilities (or actions or proceedings in respect thereof) arise out of, or are based upon any untrue statement of a material fact contained in any Registration Statement covering the Registrable Shares or in any preliminary prospectus or final prospectus contained in such Registration Statement, or any amendment or supplement to

Table of Contents

such Registration Statement, or the omission or alleged omission to state a material fact required to be stated therein or necessary to make the statements therein not misleading, and the Company will reimburse each Purchaser and its Associated Companies, underwriter or controlling person for any reasonable legal or other expenses reasonably incurred in investigating, defending or preparing to defend any such action, proceeding or claim, or preparing to defend any such action, proceeding or claim; provided, however, that the Company shall not be liable in any such case to the extent that such loss, claim, damage or liability arises out of, or is based upon, an untrue statement made in such Registration Statement, preliminary prospectus or prospectus, or any amendment or supplement in reliance upon and in conformity with written information furnished to the Company by or on behalf of such Purchaser and their Associated Companies, underwriter or controlling person specifically for use in the preparation thereof or any statement or omission in any prospectus that is corrected in any subsequent prospectus that was delivered to such Purchaser prior to the pertinent sale or sales by such Purchaser.

(b) Each Purchaser, severally and not jointly, agrees to indemnify and hold harmless the Company, each underwriter and each person, if any, who controls the Company within the meaning of Section 15 of the Securities Act, each officer of the Company who signs the Registration Statement and each director of the Company, from and against any losses, claims, damages or liabilities to which the Company or any such underwriter, officer, director or controlling person may become subject (under the Securities Act, the Exchange Act, state securities or Blue Sky laws or otherwise), insofar as such losses, claims, damages or liabilities (or actions or proceedings in respect thereof) arise out of, or are based upon any untrue statement of a material fact contained in any Registration Statement covering the Registrable Shares or in any preliminary prospectus, final prospectus contained in such Registration Statement, or any amendment or supplement to such Registration Statement or the omission or alleged omission to state a material fact required to be stated therein or necessary to make the statements therein not misleading, if such untrue statement or omission was made in reliance upon and in conformity with written information furnished by or on behalf of such Purchaser specifically for use in preparation of the Registration Statement, prospectus, amendment or supplement and such Purchaser will reimburse the Company, or such underwriter, officer, director or controlling person, as the case may be, for any legal or other expenses reasonably incurred in investigating, defending or preparing to defend any such action, proceeding or claim; provided, however, that the Purchaser's obligation to indemnify the Company shall be limited to the net amount received by such Purchaser from the sale of the Registrable Shares.

(c) Promptly after receipt by any indemnified person of a notice of a claim or the beginning of any action in respect of which indemnity is to be sought against an indemnifying person pursuant to this Section 4.5, such indemnified person shall notify the indemnifying person in writing of such claim or of the commencement of such action, but the omission to so notify the indemnifying party will not relieve it from any liability which it may have to any indemnified party under this Section 4.5 (except to the extent that such omission materially and adversely affects the indemnifying party's ability to defend such action). Subject to the provisions hereinafter stated, in case any such action shall be brought against an indemnified person, the indemnifying person shall be entitled to participate therein, and, to the extent that it shall elect by written notice delivered to the indemnified party promptly after receiving the aforesaid notice

from such indemnified party, shall be entitled to assume the defense thereof, with counsel reasonably satisfactory to such indemnified person. After notice from the indemnifying person to such indemnified person of its election to assume the defense thereof, such indemnifying person shall not be liable to such indemnified person for any legal expenses subsequently incurred by such indemnified person in connection with the defense thereof; provided, however, that if there exists or shall exist a conflict of interest that would make it inappropriate, in the opinion of counsel to the indemnified person, for the same counsel to represent both the indemnified person and such indemnifying person or any Affiliate or Associated Company or associate thereof, the indemnified person shall be entitled to retain its own counsel at the expense of such indemnifying person; provided, however, that no indemnifying person shall be responsible for the fees and expenses of more than one separate counsel (together with appropriate local counsel) for all indemnified parties. In no event shall any indemnifying person be liable in respect of any amounts paid in settlement of any action unless the indemnifying person shall have approved the terms of such settlement; provided, however, that such consent shall not be unreasonably withheld. No indemnifying person shall, without the prior written consent of the indemnified person, effect any settlement of any pending or threatened proceeding in respect of which any indemnified person is or could have been a party and indemnification could have been sought hereunder by such indemnified person, unless such settlement includes an unconditional release of such indemnified person from all liability on claims that are the subject matter of such proceeding.

(d) If the indemnification provided for in this Section 4.5 is unavailable to or insufficient to hold harmless an indemnified party under paragraph (a) or (b) above in respect of any losses, claims, damages or liabilities (or actions or proceedings in respect thereof) referred to therein, then each indemnifying party shall contribute to the amount paid or payable by such indemnified party as a result of such losses, claims, damages or liabilities (or actions in respect thereof) in such proportion as is appropriate to reflect the relative fault of the Company on the one hand and the Purchasers on the other hand, in connection with the statements or omissions or other matters which resulted in such losses, claims, damages or liabilities (or actions in respect thereof), as well as any other relevant equitable considerations. The relative fault shall be determined by reference to, among other things, in the case of an untrue statement, whether the untrue statement relates to information supplied by the Company on the one hand or a Purchaser on the other hand and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such untrue statement. The Company and the Purchasers agree that it would not be just and equitable if contribution pursuant to this paragraph (d) were determined by pro rata allocation (even if the Purchasers were treated as one entity for such purpose) or by any other method of allocation which does not take into account the equitable considerations referred to above in this paragraph (d). The amount paid or payable by an indemnified party as a result of the losses, claims, damages or liabilities (or actions in respect thereof) referred to above in this paragraph (d) shall be deemed to include any legal or other expenses reasonably incurred by such indemnified party in connection with investigating or defending any such action or claim. Notwithstanding the provisions of this paragraph (d), a Purchaser shall not be required to contribute any amount in excess of the amount by which the net amount received by such Purchaser from the sale of the Registrable Shares to which such loss relates exceeds the amount of any damages which such Purchaser has otherwise been required to

Table of Contents

pay by reason of such untrue statement. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation.

(e) The rights and obligation of the Company and the Purchaser under this Section 4.5 shall survive the termination of this Agreement.

4.6 Termination. All of the Company's obligations to register the Registrable Shares under this Agreement shall terminate on a merger or consolidation of the Company, provided that the shares received as merger consideration in exchange for the Shares and Warrant Shares are freely tradable on a national securities exchange.

5. Rights Agreement.

(a) The Company shall at all times keep in full force and effect the Second Amendment to Rights Agreement, which generally provides that the Purchasers and Associated Companies may own the number of shares of outstanding Common Stock that does not exceed 33.3% of the Company's fully-diluted Common Stock outstanding (which assumes the exercise or conversion of all exercisable or convertible securities then outstanding) (the Maximum Percentage) without such ownership causing such Purchasers and Associated Companies to be deemed Acquiring Persons for purposes of the Rights Agreement, which Maximum Percentage, as further provided in the Second Amendment to Rights Agreement, may be comprised of a combination of (i) Shares, (ii) up to 2,400,000 shares of Common Stock (subject to adjustment for any stock split, reverse stock split, stock dividend, reclassification, recapitalization or other similar change to the Common Stock) that may be purchased from time to time after the Second Closing Date in the sole discretion of the Purchasers in open market purchases and/or privately negotiated acquisitions, (iii) Warrant Shares from time to time (so long as such Warrant exercise does not result in the Purchasers and Associated Companies owning in excess of the Maximum Percentage) and (iv) shares of Common Stock that the Purchasers may acquire as a consequence of the exercise of rights pursuant to Section 5(b). The Second Amendment to Rights Agreement also provides that the Purchasers and Associated Companies' ownership of fully-diluted Common Stock outstanding in excess of the Maximum Percentage shall not result in the Purchasers and/or Associated Companies being deemed an Acquiring Person for purposes of the Rights Agreement if as a result of an acquisition of Common Stock by the Company, or the exercise or cancellation of outstanding securities that are exercisable, convertible or exchangeable for shares of Common Stock (including but not limited to outstanding options and warrants to purchase Common Stock), which, by reducing the number of shares of fully-diluted Common Stock outstanding, increases the proportionate number of shares owned by the Purchasers and Associated Companies to more than the Maximum Percentage. For the sake of clarity, the Company will use reasonable best efforts to ensure that the Purchasers and/or Associated Companies compliance with this Section 5 does not trigger the provisions of any shareholder rights plan or similar plan or arrangement, the Second Amendment to the Rights Agreement, or the Rights Agreement, as may be further amended, and will take all further action as may be reasonably required to accomplish the intent of this Section 5.

Table of Contents

(b) Subject to the Rights Agreement, including the Second Amendment to Rights Agreement, and notwithstanding the limitation set forth in Section 5(a)(ii), if on or after the Initial Closing Date the Company issues shares of its Common Stock, or securities convertible or exercisable into shares of its Common Stock other than the Second Closing Shares, Warrants or Warrant Shares, each of the Purchasers may, in its sole discretion from time to time following the Second Closing Date and up to the earlier to occur of (i) December 31, 2013, and (ii) the termination of both of the Strategic Alliance Agreements, make open market purchases and/or privately negotiated acquisitions from time to time of up to such additional number of shares of Common Stock as may be required to ensure that the Purchasers maintain their aggregate Common Stock ownership level at the levels set forth in Schedule 5(b).

(c) Quarterly and upon Purchasers' written request, the Company shall provide (within five (5) Business Days of any request) a statement as to the number of current outstanding shares of Common Stock and the Company's good faith estimate of Purchasers' current ownership percentage (which shall be based upon publicly available information and/or information furnished by the Purchasers to the Company in writing).

(d) The Company will not enter into any shareholder rights plans or similar plan or arrangement, or further amendment to the Rights Agreement, that would allow a claim to be made or enforced by the Company that any Purchaser or any Associated Company is an Acquiring Person for purposes of the Rights Agreement or otherwise deemed to trigger the provisions of any such plan provided that the Purchasers and Associated Companies are in compliance with this Section 5.

6. Covenants and Additional Agreements.

(a) Obligations. The Company and each Purchaser shall use reasonable best efforts to take or cause to be taken all actions, and to do or cause to be done all other things, necessary, proper or advisable in order to fulfill and perform its obligations in respect of this Agreement, or otherwise to consummate and make effective the transactions contemplated hereby and thereby.

(b) Consents and Approvals. The Company and each Purchaser shall, as promptly as practicable, (i) make, or cause to be made, all filings and submissions (including but not limited to under the HSR Act and foreign antitrust filings and any filings under the rules and regulations of the SEC) required under any law applicable to it or its Subsidiary or Associated Companies, and give such reasonable undertakings as may be required in connection therewith, and (ii) use all reasonable efforts to obtain or make, or cause to be obtained or made, all Permits necessary to be obtained or made by it, in each case in connection with this Agreement, the sale and transfer of the Securities pursuant hereto and the consummation of the other transactions contemplated hereby or thereby.

(c) Further Actions. The Company and each Purchaser shall coordinate and cooperate with the other parties in exchanging such information and supplying such reasonable assistance as may be reasonably requested by such other parties in connection with the filings and other actions contemplated by this Agreement. The Company and each Purchaser will execute, acknowledge and deliver such further instruments, and do all such other acts, as may be necessary or appropriate in order to carry out the purposes and intent of this Agreement.

(d) Notice. At all times prior to the Second Closing Date, the Company and each Purchaser shall promptly notify each other in writing of any fact, condition, event or occurrence that could reasonably be expected to result in the failure of any of the conditions contained in Section 7 to be satisfied, promptly upon becoming aware of the same.

(e) SEC Filings: Financial Statements. (2) the Purchasers (as such term is defined in that certain Securities Purchase Agreement, dated as of November 19, 2008, between the Company and the Purchasers named therein (the Securities Purchase Agreement)) and any of their Associated Companies (as defined below) (such Purchasers and their Associated Companies referred to herein collectively as the Investment Group) solely with respect to:

(B) Up to an additional two million four hundred thousand (2,400,000) shares of Common Stock acquired by the Investment Group after the Second Closing Date (as defined below) in open market purchase transactions and/or privately negotiated acquisitions, other than pursuant to a Make Whole Acquisition (as defined in paragraph (D) below);

(C) Up to an additional six million (6,000,000) shares of Common Stock issuable upon exercise of the Warrants (as defined below) acquired by the members of the Investment Group pursuant to Section 1(b) of the Securities Purchase Agreement; and

(D) the Investment Group solely as a result of the exercise of their rights described in the following sentence to make one or more Make Whole Acquisitions. If on or after the Initial Closing Date (as defined below) the Company issues shares of Common Stock or issues Common Stock upon conversion or exercise of securities convertible or exercisable into shares of Common Stock other than pursuant to the Securities Purchase Agreement, such additional shares of Common Stock as may be acquired in open market purchases and/or privately negotiated acquisitions from time to time by members of the Investment Group as may be required to maintain the Investment Group's Common Stock ownership percentage as set forth in Schedule 5(b) of the Securities Purchase Agreement (each a "Make Whole Acquisition"); provided that any such Make Whole Acquisition only occurs during the period commencing upon the Second Closing Date and ending on the earlier to occur of (x) December 31, 2013 and (y) the termination of the Strategic Alliance Agreements, as such term is defined in the Securities Purchase Agreement;

Subject to Section 1.1(4) below and notwithstanding anything contained in clauses (A) through (D) above, in no event shall the total amount of Common Stock beneficially owned by the members of the Investment Group exceed 33.3% of the Company's then current Fully-Diluted Common Outstanding (as defined below).

(4) any Person that the board of directors of the Company in good faith determines has become an "Acquiring Person" inadvertently, and such Person has divested or divests as promptly as practicable a sufficient number of shares of Common Stock so that such Person would no longer be an "Acquiring Person" hereunder. Furthermore, notwithstanding anything stated in Section 1.1 of this Amendment to the contrary, no Person shall become an "Acquiring Person" as a result of (i) an acquisition of Common Stock by the Company or (ii) in the case of

the Investment Group, the exercise or cancellation of outstanding securities that are exercisable, convertible or exchangeable for shares of Common Stock (including but not limited to outstanding options and warrants to purchase Common Stock), which, as a result of reducing the number of shares of Fully-Diluted Common Outstanding, increases the proportionate number of shares beneficially owned by such person to 15% or more of the shares of Common Stock then outstanding (or, in the case of the Investment Group, more than 33.3% of the Company's then current Fully-Diluted Common Outstanding); provided, however, that if a Person shall become the Beneficial Owner of 15% or more of the shares of Common Stock then outstanding (or, in the case of the Investment Group, more than 33.3% of the Company's then current Fully-Diluted Common Outstanding) as a result of (i) the acquisition of shares of Common Stock by the Company (as described in the immediately preceding clause) or (ii) in the case of the Investment Group, the exercise or cancellation of outstanding securities that are exercisable, convertible or exchangeable for shares of Common Stock (including but not limited to outstanding options and warrants to purchase Common Stock) and shall thereafter become the Beneficial Owner of any additional shares of Common Stock (other than as a result of a stock dividend, stock split or similar transaction effected by the Company in which all holders of Common Stock are treated equally), then such Person shall be deemed to be an Acquiring Person hereunder.

All references herein to numbers of shares of Common Stock or Fully-Diluted Common Outstanding shall be subject to adjustment for any stock split, reverse stock split, stock dividend, reclassification, recapitalization or other similar change to the Common Stock.

For purposes of this definition of Acquiring Person, (i) Fully-Diluted Common Outstanding shall mean the number of then issued and outstanding shares of Common Stock together with all shares of Common Stock issuable upon the exercise or conversion, as applicable, of all exercisable or convertible securities of the Company then outstanding and (ii) the terms Associated Companies, Initial Closing Date, Initial Closing Shares, Second Closing Date, Second Closing Shares and Warrants shall have the meanings given them in the Securities Purchase Agreement.

1.2 That Section 35 of the Right Agreement, as amended, be deleted.

2. No Other Amendment. Except as provided in this Amendment, the Rights Agreement, as amended, shall remain in full force and effect without any modification. The Company will not enter into any further amendment to the Rights Agreement that would allow a claim to be made or enforced by the Company that the Investment Group is an Acquiring Person for purposes of the Rights Agreement or otherwise deemed to trigger the provisions of the Rights Agreement provided that the Investment Group is in compliance with Section 1.1 of this Amendment. By executing below, the Company certifies that this Amendment has been executed and delivered in compliance with the terms of Section 27 of the Rights Agreement. This Amendment shall become effective when executed and delivered by the Company and the Rights Agent as provided in Section 27 of the Rights Agreement and shall be irrevocable.

3. Counterparts. This Amendment may be executed in counterparts, each of which shall constitute an original and all of which, when taken together, shall constitute one agreement.

We express no opinion as to the availability of any equitable or specific remedy upon any breach of any of the agreements as to which we are opining herein, or any of the agreements, documents or obligations referred to therein, or to the successful assertion of any equitable defenses, inasmuch as the availability of such remedies or the success of any equitable defense may be subject to the discretion of a court. Infinity Pharmaceuticals, Inc., a Delaware corporation (the Company), for value received, hereby certifies that _____ (the Initial Registered Holder), or its registered assigns (the Registered Holder), is entitled, subject to the terms and conditions set forth below, to purchase from the Company, at any time or from time to time on or after the date set forth below under Initial Exercise Date, and on or before 5:00 p.m. (Boston time) on the date set forth below under Final Exercise Date, _____ shares of Common Stock, \$.001 par value per share, of the Company (Common Stock), at the purchase price set forth below under the heading Purchase Price. Table of Contents

Initial Exercise Date	Final Exercise Date	Purchase Price
Second Closing Date		
1. <u>Exercise</u> .		
<p>(a) <u>Exercise for Cash</u>. The Registered Holder may, at its option, elect to exercise this Warrant, in whole but not in part, by surrendering this Warrant, with the purchase form appended hereto as <u>Exhibit A</u> duly executed by or on behalf of the Registered Holder, at the principal office of the Company, or at such other office or agency as the Company may designate, accompanied by payment in full, in lawful money of the United States, of the Purchase Price payable in respect of the number of Warrant Shares purchased upon such exercise.</p>		
<p>(b) <u>Exercise Date</u>. Each exercise of this Warrant shall be deemed to have been effected immediately prior to the close of business on the day on which this Warrant shall have been surrendered to the Company as provided in subsection 1(a) above (the <u>Exercise Date</u>). At such time, the person or persons in whose name or names any certificates for Warrant Shares shall be issuable upon such exercise as provided in subsection 1(c) below shall be deemed to have become the holder or holders of record of the Warrant Shares represented by such certificates.</p>		
<p>(c) <u>Issuance of Certificates</u>. As soon as practicable after the exercise of this Warrant, and in any event within 3 days thereafter, the Company, at its expense, will cause to be issued in the name of, and delivered to, the Registered Holder (or as the Registered Holder may direct upon payment by the Registered Holder of any applicable transfer taxes) a certificate or certificates for the number of full Warrant Shares to which the Registered Holder shall be entitled upon such exercise plus, in lieu of any fractional share to which the Registered Holder would otherwise be entitled, cash in an amount determined pursuant to Section 1(d) hereof.</p>		
<p>(d) <u>Fractional Shares</u>. The Company shall not be required upon the exercise of this Warrant to issue any fractional shares, but shall pay the value thereof to the Registered Holder in cash on the basis of the Fair Market Value per share of Common Stock. The <u>Fair Market Value</u> per share of Common Stock shall be determined as follows:</p> <p>(1) If the Common Stock is listed on a national securities exchange or another nationally recognized trading system as of the Exercise Date, the Fair Market Value per share of Common Stock shall be deemed to be the average of the high and low reported sale prices per share of Common Stock thereon on the trading day immediately preceding the Exercise Date (<u>provided</u> that if no such price is reported on such day, the Fair Market Value per</p>

share of Common Stock shall be deemed to be the average of the high and low reported sale price per share of Common Stock thereon on the last reported trading day preceding the Exercise Date).

(2) If the Common Stock is not listed on a national securities exchange or another nationally recognized trading system as of the Exercise Date, the Fair Market Value per share of Common Stock shall be deemed to be the amount most recently determined by the Board of Directors of the Company (the Board) to represent the fair market value per share of the Common Stock (including without limitation a determination for purposes of granting Common Stock options or issuing Common Stock under any plan, agreement or arrangement with employees of the Company).

(e) Exercise Limitations. This Warrant is one of a series of Warrants issued to the Purchaser and its Associated Companies pursuant to the Securities Purchase Agreement. Notwithstanding anything to the contrary contained herein, the number of shares of Common Stock that may be acquired by the Initial Registered Holder, or any Associated Company to which this Warrant is transferred, upon exercise of this Warrant shall be limited to the extent necessary to insure that, following such exercise, the total number of shares of outstanding Common Stock then owned by such Initial Registered Holder and any Associated Company to which this Warrant is transferred, together with shares of outstanding Common Stock owned by Associated Companies, does not exceed 33.3% of the fully-diluted number of shares of Common Stock outstanding (giving effect to all securities that are then exercisable for, or convertible into, Common Stock).

2. Adjustments.

(a) Adjustment for Stock Splits and Combinations. If the Company shall at any time or from time to time after the date on which this Warrant was first issued (the Original Issue Date) effect a subdivision of the outstanding Common Stock, the Purchase Price then in effect immediately before that subdivision shall be proportionately decreased. If the Company shall at any time or from time to time after the Original Issue Date combine the outstanding shares of Common Stock, the Purchase Price then in effect immediately before the combination shall be proportionately increased. Any adjustment under this paragraph shall become effective at the close of business on the date the subdivision or combination becomes effective.

(b) Adjustment for Certain Dividends and Distributions. In the event the Company at any time, or from time to time after the Original Issue Date shall make or issue, or fix a record date for the determination of holders of Common Stock entitled to receive, a dividend or other distribution payable in additional shares of Common Stock, then and in each such event the Purchase Price then in effect immediately before such event shall be decreased as of the time of such issuance or, in the event such a record date shall have been fixed, as of the close of business on such record date, by multiplying the Purchase Price then in effect by a fraction:

(1) the numerator of which shall be the total number of shares of Common Stock issued and outstanding immediately prior to the time of such issuance or the close of business on such record date, and

Table of Contents

(2) the denominator of which shall be the total number of shares of Common Stock issued and outstanding immediately prior to the time of such issuance or the close of business on such record date plus the number of shares of Common Stock issuable in payment of such dividend or distribution;

provided, however, that if such record date shall have been fixed and such dividend is not fully paid or if such distribution is not fully made on the date fixed therefor, the Purchase Price shall be recomputed accordingly as of the close of business on such record date and thereafter the Purchase Price shall be adjusted pursuant to this paragraph as of the time of actual payment of such dividends or distributions.

(c) Adjustment in Number of Warrant Shares. When any adjustment is required to be made in the Purchase Price pursuant to subsections 2(a) or 2(b), the number of Warrant Shares purchasable upon the exercise of this Warrant shall be changed to the number determined by dividing (i) an amount equal to the number of shares issuable upon the exercise of this Warrant immediately prior to such adjustment, multiplied by the Purchase Price in effect immediately prior to such adjustment, by (ii) the Purchase Price in effect immediately after such adjustment.

(d) Adjustments for Other Dividends and Distributions. In the event the Company at any time or from time to time after the Original Issue Date shall make or issue, or fix a record date for the determination of holders of Common Stock entitled to receive, a dividend or other distribution payable in securities of the Company (other than shares of Common Stock) or in cash or other property (other than regular cash dividends paid out of earnings or earned surplus, determined in accordance with generally accepted accounting principles), then and in each such event provision shall be made so that the Registered Holder shall receive upon exercise hereof, in addition to the number of shares of Common Stock issuable hereunder, the kind and amount of securities of the Company, cash or other property which the Registered Holder would have been entitled to receive had this Warrant been exercised on the date of such event and had the Registered Holder thereafter, during the period from the date of such event to and including the Exercise Date, retained any such securities receivable during such period, giving application to all adjustments called for during such period under this Section 2 with respect to the rights of the Registered Holder.

(e) Adjustment for Reorganization. If there shall occur any reorganization, recapitalization, reclassification, consolidation or merger involving the Company in which the Common Stock is converted into or exchanged for securities, cash or other property (other than a transaction covered by subsections 2(a), 2(b) or 2(d)) (collectively, a Reorganization), then, following such Reorganization, the Registered Holder shall receive upon exercise hereof the kind and amount of securities, cash or other property which the Registered Holder would have been entitled to receive pursuant to such Reorganization if such exercise had taken place immediately prior to such Reorganization. In any such case, appropriate adjustment (as determined in good

faith by the Board) shall be made in the application of the provisions set forth herein with respect to the rights and interests thereafter of the Registered Holder, to the end that the provisions set forth in this Section 2 (including provisions with respect to changes in and other adjustments of the Purchase Price) shall thereafter be applicable, as nearly as reasonably may be, in relation to any securities, cash or other property thereafter deliverable upon the exercise of this Warrant.

(f) Certificate as to Adjustments. Upon the occurrence of each adjustment or readjustment of the Purchase Price pursuant to this Section 2, the Company at its expense shall, as promptly as reasonably practicable but in any event not later than 10 days thereafter, compute such adjustment or readjustment in accordance with the terms hereof and furnish to the Registered Holder a certificate setting forth such adjustment or readjustment (including the kind and amount of securities, cash or other property for which this Warrant shall be exercisable and the Purchase Price) and showing in detail the facts upon which such adjustment or readjustment is based. The Company shall, as promptly as reasonably practicable after the written request at any time of the Registered Holder (but in any event not later than 10 days thereafter), furnish or cause to be furnished to the Registered Holder a certificate setting forth (i) the Purchase Price then in effect and (ii) the number of shares of Common Stock and the amount, if any, of other securities, cash or property which then would be received upon the exercise of this Warrant.

3. Expiration Notice. The Company will use commercially reasonable efforts to send the Registered Holder a notice 30 days in advance of the expiration of this Warrant.

4. Transfers, etc.

(a) This Warrant and the Warrant Shares shall not be sold or transferred unless either (i) they first shall have been registered under the Securities Act of 1933, as amended (the Act), or (ii) the Company first shall have been furnished with an opinion of legal counsel, reasonably satisfactory to the Company, to the effect that such sale or transfer is exempt from the registration requirements of the Act. Notwithstanding the foregoing, no registration or opinion of counsel shall be required for (i) a transfer by a Registered Holder which is an entity to a wholly owned subsidiary of such entity, a transfer by a Registered Holder which is a partnership to a partner of such partnership or a retired partner of such partnership or to the estate of any such partner or retired partner, a transfer by a Registered Holder which is a limited liability company to a member of such limited liability company or a retired member or to the estate of any such member or retired member, a transfer by a Registered Holder to any of its Associated Companies, or a transfer by a Registered Holder to the Company, provided that the transferee in each case (except the last) agrees in writing to be subject to the terms of this Section 4, or (ii) a transfer made in accordance with Rule 144 under the Act.

(b) Each Warrant and each certificate representing Warrant Shares shall bear legends substantially in the following form:

THE SECURITIES REPRESENTED BY THIS CERTIFICATE HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933 OR THE SECURITIES LAWS OF ANY STATE

Table of Contents

AND MAY NOT BE SOLD OR OTHERWISE DISPOSED OF EXCEPT PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER SUCH ACT AND APPLICABLE STATE SECURITIES LAWS OR AN APPLICABLE EXEMPTION TO THE REGISTRATION REQUIREMENTS OF SUCH ACT OR SUCH LAWS.

The foregoing legend shall be removed from any Warrants and from the certificates representing any Warrant Shares, at the request of the holder thereof, at such time as they become registered under the Act or eligible for resale pursuant to Rule 144 under the Act.

(c) The Company will maintain a register containing the name and address of the Registered Holder of this Warrant. The Registered Holder may change its address as shown on the warrant register by written notice to the Company requesting such change.

(d) Subject to the provisions of Section 4 hereof, this Warrant and all rights hereunder are transferable, in whole or in part, upon surrender of this Warrant with a properly executed assignment (in the form of Exhibit B hereto) at the principal office of the Company (or, if another office or agency has been designated by the Company for such purpose, then at such other office or agency).

5. No Impairment. The Company will not, by amendment of its charter or through any reorganization, transfer of assets, consolidation, merger, dissolution, issue or sale of securities or any other voluntary action, avoid or seek to avoid the observance or performance of any of the terms of this Warrant, but will at all times in good faith assist in the carrying out of all such terms and in the taking of all such action as may be necessary or appropriate in order to protect the rights of the Registered Holder against impairment.

6. Notices of Record Date, etc. In the event:

(a) the Company shall take a record of the holders of its Common Stock (or other stock or securities at the time deliverable upon the exercise of this Warrant) for the purpose of entitling or enabling them to receive any dividend or other distribution, or to receive any right to subscribe for or purchase any shares of stock of any class or any other securities, or to receive any other right; or

(b) of any capital reorganization of the Company, any reclassification of the Common Stock of the Company, any consolidation or merger of the Company with or into another corporation (other than a consolidation or merger in which the Company is the surviving entity and its Common Stock is not converted into or exchanged for any other securities or property), or any transfer of all or substantially all of the assets of the Company; or

(c) of the voluntary or involuntary dissolution, liquidation or winding-up of the Company,

then, and in each such case, the Company will send or cause to be sent to the Registered Holder a notice specifying, as the case may be, (i) the record date for such dividend, distribution or right, and the amount and character of such dividend, distribution or right, or (ii) the effective date on which such reorganization, reclassification, consolidation, merger, transfer, dissolution, liquidation or winding-up is to take place, and the time, if any is to be fixed, as of which the holders of record of Common Stock (or such other stock or securities at the time deliverable upon the exercise of this Warrant) shall be entitled to exchange their shares of Common Stock (or such other stock or securities) for securities or other property deliverable upon such reorganization, reclassification, consolidation, merger, transfer, dissolution, liquidation or winding-up. Such notice shall be sent at least 5 days prior to the record date or effective date for the event specified in such notice.

7. Reservation of Stock. The Company will at all times reserve and keep available, solely for issuance and delivery upon the exercise of this Warrant, such number of Warrant Shares and other securities, cash and/or property, as from time to time shall be issuable upon the exercise of this Warrant.

8. Exchange or Replacement of Warrants.

(a) Upon the surrender by the Registered Holder, properly endorsed, to the Company at the principal office of the Company, the Company will, subject to the provisions of Section 4 hereof, issue and deliver to or upon the order of the Registered Holder, at the Company's expense, a new Warrant or Warrants of like tenor, in the name of the Registered Holder or as the Registered Holder (upon payment by the Registered Holder of any applicable transfer taxes) may direct, calling in the aggregate on the face or faces thereof for the number of shares of Common Stock (or other securities, cash and/or property) then issuable upon exercise of this Warrant.

(b) Upon receipt of evidence reasonably satisfactory to the Company of the loss, theft, destruction or mutilation of this Warrant and (in the case of loss, theft or destruction) upon delivery of an indemnity agreement (with surety if reasonably required) in an amount reasonably satisfactory to the Company, or (in the case of mutilation) upon surrender and cancellation of this Warrant, the Company will issue, in lieu thereof, a new Warrant of like tenor.

9. Notices. All notices and other communications from the Company to the Registered Holder in connection herewith shall be mailed by certified or registered mail, postage prepaid, or sent via a reputable nationwide overnight courier service guaranteeing next business day delivery, to the address last furnished to the Company in writing by the Registered Holder. All notices and other communications from the Registered Holder to the Company in connection herewith shall be mailed by certified or registered mail, postage prepaid, or sent via a reputable nationwide overnight courier service guaranteeing next business day delivery, to the Company as follows: Infinity Pharmaceuticals, Inc., 780 Memorial Drive, Cambridge, MA 02139, Attention: General Counsel. If the Company should at any time change the location of its principal office to a place other than as set forth below, it shall give prompt written notice to the Registered Holder and thereafter all references in this Warrant to the location of its principal office at the

particular time shall be as so specified in such notice. All such notices and communications shall be deemed delivered (i) two business days after being sent by certified or registered mail, return receipt requested, postage prepaid, or (ii) one business day after being sent via a reputable nationwide overnight courier service guaranteeing next business day delivery.

10. No Rights as Stockholder. Until the exercise of this Warrant, the Registered Holder shall not have or exercise any rights by virtue hereof as a stockholder of the Company. Notwithstanding the foregoing, in the event (i) the Company effects a split of the Common Stock by means of a stock dividend and the Purchase Price of and the number of Warrant Shares are adjusted as of the date of the distribution of the dividend (rather than as of the record date for such dividend), and (ii) the Registered Holder exercises this Warrant between the record date and the distribution date for such stock dividend, the Registered Holder shall be entitled to receive, on the distribution date, the stock dividend with respect to the shares of Common Stock acquired upon such exercise, notwithstanding the fact that such shares were not outstanding as of the close of business on the record date for such stock dividend.

11. Amendment or Waiver. Any term of this Warrant may be amended or waived only by an instrument in writing signed by the party against which enforcement of the change or waiver is sought. No waivers of any term, condition or provision of this Warrant, in any one or more instances, shall be deemed to be, or construed as, a further or continuing waiver of any such term, condition or provision.

12. Section Headings. The section headings in this Warrant are for the convenience of the parties and in no way alter, modify, amend, limit or restrict the contractual obligations of the parties.

13. Governing Law. This Warrant will be governed by and construed in accordance with the internal laws of the State of New York (without reference to the conflicts of law provisions thereof).

14. Facsimile Signatures. This Warrant may be executed by facsimile signature.
