PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the Board) of Lumber Liquidators, Inc. (the Company) for use at the 2009 Annual Meeting of Stockholders (the Annual Meeting) to be held on Thursday, May 21, 2009, at the time and place set forth in the notice of the meeting, and at any adjournments or postponements thereof. The approximate date on which this Proxy Statement and form of proxy are first being mailed to stockholders is April 17, 2009.

If the enclosed proxy is properly executed and returned, it will be voted in the manner directed by the stockholder. If no instructions are specified, proxies will be voted in favor of the proposals set forth in this proxy statement. In addition, if other matters properly come before the meeting or any adjournments or postponements thereof, the persons named in the accompanying proxy and acting thereunder will have discretion to vote on these matters in accordance with their best judgment. Any person giving the enclosed form of proxy has the power to revoke it by voting in person at the meeting, or by giving written notice of revocation to the Secretary of the Company at any time before the proxy is exercised. Please note, however, that if your shares are held of record by a broker, bank or nominee and you wish to vote at the meeting, you will not be permitted to vote in person unless you first obtain a proxy issued in your name from the record holder.

A quorum is necessary for the transaction of business at the Annual Meeting. A quorum exists when a majority of the common stock entitled to vote at the Annual Meeting is present either in person or by proxy. Abstentions, broker non-votes and votes withheld for director nominees count as shares present at the Annual Meeting for purposes of determining whether a quorum exists. With respect to the election of directors, such election will be decided by plurality vote of the votes cast at the Annual Meeting, either in person or by proxy. The two nominees for director receiving the highest number of votes cast in person or by proxy at the Annual Meeting will be elected. Other than the election of directors, the affirmative vote of a majority of the votes cast at the Annual Meeting on each proposal, either in person or by proxy, is required for the approval of each proposal. Stockholders who abstain from voting on any or all proposals will be included in the number of stockholders present at the Annual Meeting for purposes of determining the presence of a quorum. Abstentions and broker non-votes will not be included in the total of votes cast and will not affect the outcome of the vote. Our transfer agent will tabulate the votes cast by each proxy and in person at the Annual Meeting.

We, the Company, will bear the cost of the solicitation. In addition to mailing this material to stockholders, we have asked banks and brokers to forward copies to persons for whom they hold stock of the Company and request authority for execution of the proxies. We will reimburse the banks and brokers for their reasonable out-of-pocket expenses in doing so. Our officers and regular employees, without being additionally compensated, may solicit proxies by mail, telephone, telegram, facsimile or personal contact. All reasonable proxy soliciting expenses will be paid by us in connection with the solicitation of votes for the Annual Meeting.

Our principal executive offices are located at 3000 John Deere Road, Toano, Virginia 23168, telephone number (757) 259-4280.

Record Date and Voting Securities

Only stockholders of record at the close of business on April 9, 2009 are entitled to notice of and to vote at the Annual Meeting. On that date, we had outstanding and entitled to vote 26,803,202 shares of common stock, \$0.001 par value per share. Each outstanding share of our common stock entitles the record holder to one (1) vote on each matter.

PROPOSAL ONE

ELECTION OF DIRECTORS

The Board of Directors is currently fixed at seven (7) members divided into three classes, with each class having as nearly as possible one-third of the total number of directors. The initial term of office for our Class III directors will end at the annual meeting of stockholders in 2010. Our Class I directors' terms will end at the annual meeting of stockholders in 2011. The Board in its business judgment has determined that all of the members of the Nominating and Corporate Governance Committee are independent, as determined in accordance with the rules of the New York Stock Exchange.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Our overall compensation philosophy is to maintain effective compensation programs that are as simple and flexible as possible, and permit us to make responsive adjustments to changing market conditions. We strive to provide our executive officers with compensation that is competitive within our industry, considering, among other things, geographic location. In doing so, we seek to attract and retain the key employees necessary to achieve the continued success of our business while remaining mindful of our desire to control costs. Further, it is our intent to align executive pay with stockholders' interests, recognize individual accomplishments, and unite executive management behind common objectives.

The Compensation Committee of the Board is responsible for implementing and administering our compensation plans and programs. The Compensation Committee consults, and expects to continue to consult, with the chief executive officer, the chairman and other members of management in the exercise of its duties. Notwithstanding such consultation, the Compensation Committee retains absolute discretion over all compensation decisions with respect to the executive officers.

The Compensation Committee reviews our executive compensation program every year and may conduct an in-depth market analysis of executive compensation as it determines is necessary to ensure that our compensation programs meet our objectives. Decisions by the Compensation Committee relating to the compensation of our executive officers are reported to the full Board of Directors. The Compensation Committee considers recommendations of the chairman and the chief executive officer with respect to the compensation of other executives but makes its own determinations in all cases. In determining the compensation of our executive officers, the Compensation Committee evaluates total overall compensation, as well as the mix of salary, cash bonus incentives and equity incentives, using a number of factors including the following:

our financial and operating performance, measured by attainment of specific strategic objectives and operating results;

the duties, responsibilities and performance of each executive officer, including the achievement of identified goals for the year as they pertain to the areas of our operations for which the executive is personally responsible and accountable;

historical cash and equity compensation levels; and

compensation competitiveness.

Compensation levels for executives are differentiated based on the principle that total compensation should increase with an executive's position and responsibility, while at the same time, a greater percentage of total compensation should be tied to corporate and individual performance, and therefore be at risk, as position and responsibility increase.

We do not currently have a policy for recovering past compensation paid to our executives in the event that a restatement of our financial statements would have reduced compensation at the time of payment. We may consider adopting such a policy in the future.

2008 Compensation Program

In 2008, we employed a mix of base salary, annual cash bonus awards and equity incentive awards to compensate our executive officers. In setting the value and combination of the various components, we sought to align our executives' compensation with each executive's individual performance and with the Company's performance on both a short-term and long-term basis. We continue to expect that a significant portion of an executive's total compensation be tied both to our annual and long-term performance as well as to the creation of stockholder value.

Base Salary. Base salary levels for our executive officers are reviewed each year and adjusted based upon a variety of factors including the executive's tenure with the Company, scope of responsibility, individual

Table of Contents

performance, internal equity, experience and changes in the competitive marketplace. The factors impacting base salary levels are not independently assigned specific weights. In March 2008, Mr. Griffiths reviewed the base salary for each executive officer other than himself and Mr. Sullivan and presented the Compensation Committee with recommendations regarding changes in the base salaries for such executive officers. The Compensation Committee considered Mr. Griffiths' recommendations as well as the factors noted above in determining the base salaries for those executive officers. With regard to the base salaries for Mr. Griffiths and Mr. Sullivan, the Compensation Committee assessed, among other factors, their accomplishments during the year, their contributions to the Company's performance and their responsibilities for the Company's operations.

With regard to our named executive officers, the following adjustments to their base salaries were implemented in 2008:

Executive	2007 Base Salary(1)(\$)	2008 Base Salary(2)(\$)	Percentage Change
Mr. Griffiths	500,000	515,000	3.0%
Mr. Terrell	200,000	230,000	15.0%
Mr. Greenan	230,000	230,000	0.0%
Mr. Morrison	283,250	291,748	3.0%
Mr. Sullivan	300,000	309,000	3.0%

(1) These figures represent the base salary for each individual after the 2007 reviews.

(2) These figures represent the base salary for each individual after the 2008 reviews.

These adjustments were based upon the factors discussed above and consideration of each individual's performance in 2008 and contributions to the Company.

In setting Mr. Terrell's 2008 base salary, consideration was given to research compiled by The Titan Group LLC, a human resources consultant, from third-party reports and databases regarding the base salaries paid to chief financial officers at other companies (both retail and all industries) with annual revenues comparable to ours. That research revealed that Mr. Terrell's 2007 base salary was significantly less than the salaries paid to those holding similar positions. Mr. Terrell's increased base salary for 2008 places him closer to the 50th percentile for base salaries included in the research. Moreover, Mr. Terrell's 2008 base salary, as adjusted, is better aligned with the base salaries of other members of the Company's senior management.

With regard to Mr. Greenan's base salary, in late 2006, it was adjusted to eliminate a commission payment component. Given the proximity in time of that adjustment, his base salary was not changed in 2007. In 2008, upon consideration of the base salaries of his peers at the Company and the other factors noted above, Mr. Greenan's salary was not adjusted.

Annual Cash Bonus Awards. Executives and certain salaried associates have the opportunity to earn an annual cash bonus under our Annual Bonus Plan for Executive Management (the Bonus Plan). The Bonus Plan is expressed as a percentage of annual base salary. The targeted bonus percentages vary among the Bonus Plan participants based upon, among other things, their responsibilities, ability to influence operations and performance, and position in the Company. Specifically, the following sets forth the target bonus amounts for our named executive officers and the amounts awarded and paid to each under the Bonus Plan for 2008:

Executive	2008 Base Salary(1)(\$)	Target Bonus Percentage	Target Bonus Amount(\$)	Percentage of Target Bonus Awarded in 2008	Bonus Amount Awarded in 2008(\$)
Mr. Griffiths	515,000	100%	515,000	45%	231,750
Mr. Terrell	230,000	50%	115,000	55%	63,250
Mr. Greenan	230,000	50%	115,000	59%	68,209
Mr. Morrison	291,748	75%	218,811	56%	123,081
Mr. Sullivan	309,000	100%	309,000	61%	189,263

(1) These figures represent the base salary for each individual after the 2008 reviews.

Table of Contents

The Bonus Plan includes two components. The first component is based upon the Company's performance against financial goals set by the Compensation Committee. The second relates to each individual's performance against established personal goals for that individual. These personal goals are based on the areas of our operations for which the executive is personally responsible and accountable. At the executive level, the target bonus amount is weighted more heavily toward the Company's performance, thereby more closely aligning executives' interests with the interests of stockholders. Specifically, in 2008, the two components were weighted for the named executive officers as follows:

75% on the Company's performance against financial goals, and

25% on the achievement of personal goals established for each named executive officer.

For the corporate performance goal in 2008, the Company determined that fully-diluted earnings per share (EPS), exclusive of non-recurring items, represented the most comprehensive financial measure in evaluating executive performance. The earnings-per-share target was set at \$0.83 per share (the EPS Target). The EPS Target was intended to be challenging but achievable and represented an increase of 101.3% over our actual 2007 EPS of \$0.48 per share. A scale was then established which set percentages of the corporate performance component that would be paid out depending on the amount by which the Company missed or exceeded the EPS Target. The applicable scale for 2008 is set forth below:

Actual EPS as a Percentage

of Targeted EPS	Company Performance Award Percentage
Under 90%	Zero
90% - 99%	50%
100% - 119%	100%
120%	120%

In 2008, actual EPS was \$0.82 per share, and \$0.78 per share exclusive of the impact from the Variable Plan, other than legal expense, or 94% of the EPS Target. Accordingly, each of the named executive officers received 50% of the corporate performance component of the Bonus Plan. The following table summarizes the amounts paid to our named executive officers for the corporate performance component of the Bonus Plan for 2008:

Executive	Company Performance Target Amount(1)(\$)	Percentage of Corporate Performance Target Awarded	Corporate Performance Amount Awarded(\$)
Mr. Griffiths	386,250	50%	193,125
Mr. Terrell	86,250	50%	43,125
Mr. Greenan	86,250	50%	43,196
Mr. Morrison	164,108	50%	82,054
Mr. Sullivan	231,750	50%	115,875

-

(1) The Corporate Performance Target Amount is 75% of the Target Bonus Amount for each named executive officer.

Table of Contents

For the personal goal portion of the Bonus Plan in 2008, the Company sought to establish objectives for the executives that were both specific and measurable with the understanding that they must be compatible with the individual's position with the Company. The goals were weighted to provide greater consistency between the individual's key areas of responsibility and the determination of the individual's bonus award, if any. The specific measures for the named executive officers included the following:

Jeffrey W. Griffiths	<ul style="list-style-type: none"> Net Sales Growth and Operating Margin Expansion New Store Return on Invested Capital Free Cash Flow Store Base Growth
Daniel E. Terrell	<ul style="list-style-type: none"> External Reporting and Compliance Strategic Planning, Budgeting and Reporting Staff Development Strategic Project Development
Tyler C. Greenan	<ul style="list-style-type: none"> New Store Growth Planning and Real Estate Existing Store Relocations and Major Remodeling New Store Financial Modeling Visual Merchandising Development
Robert M. Morrison	<ul style="list-style-type: none"> Sales and Store Base Growth Store Training Programs Strategic Project Development Commercial Sales Development
Thomas D. Sullivan	<ul style="list-style-type: none"> Marketing and Advertising Efficiency and Effectiveness Vendor-Mill Relationships Employee Relationships

The Compensation Committee was provided with self-assessments from each named executive officer. In addition, Mr. Griffiths provided the Compensation Committee with recommendations regarding the proposed payout for each named executive officer, including himself, under the personal goals component of the Bonus Plan. His recommendations included an assessment of each named executive officer's performance against his personal goals and general contribution to our successful operations. The Compensation Committee considered, among other things, the self-assessments, Mr. Griffiths' recommendations and certain Company operational and financial information and awarded the following sums to the named executive officers under the personal goals component of the Bonus Plan for 2008:

Edgar Filing: Lumber Liquidators, Inc. - Form DEF 14A

Executive	Personal Goal Target Amount(1)(\$)	Percentage of Personal Goal Target Awarded	Personal Goal Amount Awarded(\$)
Mr. Griffiths	128,750	30%	38,625
Mr. Terrell	28,750	70%	20,125
Mr. Greenan	28,750	87%	25,084
Mr. Morrison	54,703	75%	41,027
Mr. Sullivan	77,250	95%	73,388

(1) The Personal Goal Target Amount is 25% of the Target Bonus Amount for each named executive officer.

Mr. Griffiths' personal goals included certain financial and operational targets. The targets that were not achieved included 2008 sales growth of 20.9% over 2007, operating margin expansion of 7.8%, as adjusted for certain items including stock-based compensation expense, and a more than 680.0% increase in free cash flow from 2007. The targets that were achieved, either in full or in part, included growth in the store base unit count of

29% or more and newer store locations achieving a 4-wall contribution as a percentage of net sales in excess of our store model. Upon review and consideration of his performance toward these targets as well as the other goals noted above, Mr. Griffiths was awarded 30% of his personal goal target amount.

Mr. Sullivan's personal goals were focused primarily on effectively managing the Company's marketing and advertising strategies while leveraging 40 basis points of the associated expenses in comparison to 2007. He was able to achieve that target in 2008. Upon review and consideration of his performance toward that target as well as the other goals noted above, Mr. Sullivan was awarded 95% of his personal goal target amount.

Mr. Terrell achieved his personal goal regarding timely and accurate financial reporting and regulatory compliance. He partially achieved his goals relating to strategic planning and internal reporting but did not achieve his project development objective. As a result, Mr. Terrell was awarded 70% of his personal goal target amount.

Mr. Morrison partially achieved his personal goals relating to new store performance including growth in the store base unit count, sales growth and occupancy cost management and control. Likewise, he partially achieved his objectives regarding strategic project and commercial sales development. In light of his accomplishments toward his goals, Mr. Morrison was awarded 75% of his personal goal target amount.

Mr. Greenan's personal goals included new store opening and sales growth objectives and margin expansion, which he achieved in part. In addition, he partially achieved his store operation objectives. Based upon a review of his performance toward these goals, Mr. Greenan was awarded 87% of his personal goal target amount.

Equity Incentive Awards. The long-term component of our compensation program consists of the grant of equity awards that are intended to create a mutuality of interest with stockholders by motivating our executive officers to manage our business so that our stockholders' investment will grow in value over time. The equity awards are also intended to reward longevity and increase retention, as we do not maintain a defined benefit pension plan or provide other post-retirement medical or life benefits. Because the benefit received, if any, depends upon the performance of our stock price over the term of the equity incentive award, such awards are intended to provide incentives for executive officers to enhance our long-term performance, as reflected in stock price appreciation over the long term, thereby increasing stockholder value.

The Company currently provides equity awards pursuant to the Lumber Liquidators, Inc. 2007 Equity Compensation Plan (the "2007 Plan"), from which it grants stock options and restricted stock awards. Equity awards to the named executive officers have been in the form of non-qualified stock options with vesting periods of four years. The Company intends equity awards to be a significant portion of the named executive officers' total compensation to best align with long-term store base growth at the current stage of the Company's maturity.

In 2008, non-qualified stock options were awarded to certain of the Company's named executive officers. In determining the amounts of the awards, the Compensation Committee considered an analysis of the Company's equity plans performed by Pearl Meyer and Partners ("PM&P") prior to and in anticipation of the Company's IPO, recommendations submitted by Mr. Griffiths and an evaluation of the fair value of the equity award in relation to the individual's total compensation. The PM&P analysis primarily assessed share dilution, overhang and burn rates in relation to a peer group assuming certain equity grants by the Company. The following is a list of the equity awards approved by the Compensation Committee and awarded to our named executive officers in 2008:

Executive	2008 Option Awards(\$)
Mr. Griffiths	
Mr. Terrell	119,584
Mr. Greenan	35,621
Mr. Morrison	119,584
Mr. Sullivan	

Table of Contents

With regard to Mr. Griffiths and Mr. Sullivan, the Compensation Committee believed that their existing equity interests in the Company and other compensation provide sufficient alignment with stockholder interests and focus on long-term growth. The equity awards for Mr. Terrell, Mr. Morrison and Mr. Greenan were based upon their respective responsibilities with the Company as well as retention considerations, compensation levels among the Company's other executive officers, and other factors noted above.

2009 Compensation Program

Under the leadership of the Compensation Committee, we will continue to manage compensation with the following objectives:

to maintain a straightforward and flexible program that allows us to make adjustments in response to changes in market conditions;

to provide compensation packages necessary to attract and retain key executives to help ensure that we remain competitive;

to provide non-equity incentive compensation that depends on the executive's individual performance, and our financial performance, as compared against established goals; and

to provide an appropriate link between compensation and the creation of stockholder value through equity awards tied to our long-term performance.

To achieve these objectives, we will continue to utilize a mix of base salary, annual cash bonus awards and equity incentive awards. These components of executive compensation will be used together to strike an appropriate balance between cash and stock compensation and between short-term and long-term incentives. Base salary will remain a key component of our executive compensation, allowing us to attract and retain qualified executives. The annual cash bonus will be used to incentivize all of our executives to successfully coordinate efforts, in both the short and long terms, to enhance the Company, and therefore stockholder, value. The annual cash bonuses will continue to be awarded on the basis of a combination of the Company's achievement of certain objective financial performance measures and individual attainment of personal goals relating to areas of operations that he/she can control or influence. Finally, equity awards will continue to be awarded to executives in the form of stock options, restricted stock and/or unrestricted stock in a manner that seeks to align management's interests with long-term stockholder interests and encourage retention of key performers.

Tax Deductibility Under Section 162(m)

Section 162(m) of the Internal Revenue Code imposes a limitation on the deductibility of non-performance based compensation in excess of \$1 million paid to named executive officers of public companies. We intend to qualify executive compensation for deductibility under Section 162(m) if doing so is consistent with our best interests and the interests of our stockholders. Because our corporate objectives may not always be consistent with the requirements of full deductibility, it is conceivable that we may enter into compensation arrangements in the future under which payments are not deductible under Section 162(m). We currently believe that we should be able to continue to manage our executive compensation program for the named executive officers to preserve the related federal income tax deductions, although individual exceptions may occur.

Retirement, Deferred Compensation and Pension Plans

Our executive officers who are eligible may participate at their election in our 401(k) retirement savings plan that provides employees with an opportunity to contribute a portion of their cash compensation to the plan on a tax-deferred basis to be invested in specified investment options and distributed upon their retirement. Consistent with the 401(k) plan, we match 50% of each employee's contributions to the 401(k) plan up to a maximum of 3% of the employee's base salary. The employer matching contribution vests based on the employee's years of service.

Table of Contents

The Board has not adopted any plans for the deferral of executive compensation or for the payment of defined benefits or pensions based on an executive officer's salary and/or years of service. In addition, we have not adopted a supplemental executive retirement plan or other excess plan that pays benefits to highly compensated executives whose salaries exceed the Internal Revenue Service's maximum allowable salary for qualified plans.

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis contained in this Proxy Statement. Based upon that review and discussion, the Committee has recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2008, for filing with the Securities and Exchange Commission.

Discussion of the Summary Compensation Table and Grants of Plan-Based Awards Table

Employment Agreement with Jeffrey W. Griffiths. Pursuant to the employment agreement entered into between the Company and Jeffrey W. Griffiths, Mr. Griffiths has been employed as our president and chief executive officer for a four-year term commencing September 18, 2006. The agreement provides for an annual base salary of \$500,000, which may be increased based on an annual performance review. In addition, the Board in its discretion may award Mr. Griffiths an annual performance bonus, based on our financial performance and Mr. Griffiths' job performance. Under the agreement, Mr. Griffiths was granted options to purchase 745,000 shares of our stock (approximately 3% of our outstanding shares at that time) at fair market value as of October 18, 2006 (determined based on a valuation of the stock as of October 1, 2006). The options vest 25% on each of the first four anniversaries of the grant, provided that the options will become fully vested upon the occurrence of a Griffiths Agreement Sale Event (defined as (i) our dissolution or liquidation, (ii) a sale of all or substantially all of our assets or (iii) a merger, reorganization or consolidation in which our stock is converted into or exchanged for securities of a successor entity and the holders of a majority of voting power prior to the transaction do not hold a majority of voting power of the successor entity following the transaction).

The agreement also provides for certain payments in the event of termination, as described below. Mr. Griffiths is bound under the agreement by a confidentiality provision, and non-competition and non-solicitation clauses that apply to his employment and for a period of two years following the later of the date of termination of his employment and the date (if any) that a court enters a judgment enforcing the relevant provision.

Letter Agreement with Robert M. Morrison. On December 28, 2005, we entered into an offer letter agreement with Robert M. Morrison, our senior vice president, store operations. Under the agreement, Mr. Morrison's base

salary for his first year of employment was \$275,000. He is eligible for an annual bonus as discussed in more detail above in Compensation Discussion and Analysis. In conjunction with the commencement of his employment with us, we made an initial grant to Mr. Morrison of an option to purchase 114,760 shares of our common stock.

We have not entered into employment agreements with any of the other named executive officers. For additional information concerning the Company's executive compensation policies see Compensation Discussion and Analysis above.

Upon the occurrence of a Griffiths Agreement Sale Event, Mr. Griffiths' options will become fully vested, as disclosed in the table below. If his employment had been terminated without cause or he had terminated his employment for Good Reason on December 31, 2008, we would have paid Mr. Griffiths \$1,030,000.

Outside Directors Deferral Plan

On November 21, 2008, the Board of Directors adopted the Lumber Liquidators, Inc. Outside Directors Deferral Plan (the Deferral Plan) under which each of the Company s non-employee directors has the opportunity to defer receipt of all or a portion of his fees until his departure from the Board. In so doing, the Board intended to provide an incentive to the non-employee directors to own shares of our common stock, thereby aligning their interests more closely with the interests of our stockholders. Deferral elections must be made by December 31 for the deferral of fees in the next calendar year.

Under the Deferral Plan, a non-employee director may elect to defer up to 100% of his compensation in 25% increments and have such compensation invested in deferred stock units. Deferred stock units attributable to the deferral of cash compensation are credited as of the day on which such compensation is otherwise payable in accordance with the Company s then applicable director compensation policies (the Payment Date), and the number of deferred stock units is determined by dividing the deferred compensation payable on the Payment Date by the closing price of the Company s common stock as of the Payment Date. Deferred stock units credited with respect to a restricted common stock awards are determined using the closing price as of the grant date of the award of such shares of common stock.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In connection with our IPO, the Company adopted a formal written policy concerning related party transactions. Under that policy, a related party transaction is a transaction, arrangement or relationship involving the Company or a consolidated subsidiary (whether or not we or the subsidiary is a direct party to the transaction), on the one hand, and (i) a director, executive officer or employee of the Company or a consolidated subsidiary, his or her immediate family members or any entity that any of them controls or in which any of them has a substantial beneficial ownership interest; or (ii) any person who is the beneficial owner of more than 5% of our voting securities or a member of the immediate family of such person. The Audit Committee evaluates each related party transaction for the purpose of recommending to the disinterested members of the Board whether the transaction is fair, reasonable and within the Company's policy, and should be ratified and approved by the Board. At least annually, management will provide the Audit Committee with information pertaining to related party transactions. Related party transactions entered into, but not approved or ratified as required by the policy concerning related party transactions, will be subject to termination by us or the relevant subsidiary, if so directed by the Audit Committee, taking into account factors as it deems appropriate and relevant.

Currently, the only related person transactions are the transactions with Tom Sullivan, our founder and chairman, and TA Associates, all as described in more detail below. With the exception of the renewals in 2009 of certain leases involving Mr. Sullivan, all of these arrangements were entered into prior to the establishment of our related party transaction policy. The renewals were handled in accordance with the policy.

Relationship with the TA Associates Funds

In 2004, we entered into a registration rights agreement with the TA Associates Funds that relates to shares of our common stock held by them at any time. Subject to certain exceptions, including our right to defer a demand registration under certain circumstances, under the registration rights agreement, the TA Associates Funds can require us to register for public sale under the Securities Act of 1933 all shares of common stock they request be registered at any time after May 7, 2008. Under the agreement, we must use our best efforts to qualify and remain qualified to register securities pursuant to a registration statement on Form S-3 under the Securities Act. The TA Associates Funds are also entitled to piggyback registration rights with respect to any future registration statement we file for an underwritten public offering of securities. We are responsible, subject to certain exceptions, for the expenses of any offering of the shares of the TA Associates Funds pursuant to the registration rights agreement. The registration rights agreement does not include a liquidated damages clause and provides no penalty for liquidated damages.

Leases Involving Mr. Sullivan

We lease our Toano finishing, distribution and headquarters facility, which includes a store location, and 23 of our other store locations from ANO LLC (ANO), a company that is wholly owned by Mr. Sullivan. The operating lease for our Toano facility has a base period that runs through December 31, 2019. Our store leases generally have five-year base periods and multiple five-year renewal periods. Our rent expense attributable to ANO was \$2.5 million in 2008 and we expect a similar rent expense attributable to ANO in 2009. The future minimum payments under our leases with ANO as of December 31, 2008 total approximately \$15.8 million.

We lease one store location each from Wood on Wood Road, Inc. (Wood on Wood) and BMT Holdings, LLC (BMT). Wood on Wood is wholly owned by Mr. Sullivan, and he has a 50% membership interest in BMT. Each lease is for a five-year base period and has a five-year renewal period. The lease with BMT is currently in the third year of its renewal period. Our rent expense attributable to Wood on Wood was \$0.07 million in 2008. Our rent expense attributable to BMT was \$0.05 million in 2008. We expect to incur similar rent expenses attributable to Wood on Wood and BMT in 2009. Audit Committee Report

The Audit Committee operates under a written charter adopted by the Board of Directors of the Company. The charter reflects the requirements of the Sarbanes-Oxley Act of 2002, the SEC and the New York Stock Exchange (the NYSE). Each member of the Audit Committee is independent in accordance with the applicable rules of the SEC, the NYSE, and our corporate governance guidelines.

The Audit Committee reviews and discusses the following matters with management and the Company's independent registered public accounting firm, Ernst & Young LLP:

Quarterly and year-end results, consolidated financial statements and reports, prior to public disclosure.

The Company's disclosure controls and procedures, including internal control over financial reporting.

The independence of our registered public accounting firm.

Management's report and the independent registered public accounting firm's report and attestation on internal control over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act of 2002.

The Audit Committee routinely meets with the Company's internal auditors and independent registered public accounting firm, with and without management present.

The Audit Committee has oversight responsibilities only and it is not acting as an expert in accounting or auditing. The Audit Committee relies without independent verification on the information provided to its members and on the representations made by management and the independent auditors. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that the Company's consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America or that the audit of the Company's consolidated financial statements by the independent auditors has been carried out in accordance with auditing standards generally accepted in the United States of America.

Management has the primary responsibility for the preparation of the Company's 2008 consolidated financial statements and the overall reporting process, including the systems of internal control over financial reporting, and has represented to the Audit Committee that the Company's 2008 consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America. The Audit Committee reviewed and discussed the audited consolidated financial statements with management and the independent auditors. In accordance with the requirements established by the Statement on Auditing Standards No. 61, as amended, *Professional Standards*, these discussions included, among other things, a review of significant accounting policies, their application and estimates, and the independent auditors' judgment about the Company's accounting controls and the quality of the Company's accounting practices.

The Audit Committee has received from the independent auditors written disclosures and a letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with the independent auditors and considered the issue of their independence from the Company, including whether their performance of non-audit services is compatible with maintaining their independence.

Relying on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2008, for filing with the SEC.
