PROXY STATEMENT

GENERAL INFORMATION

This Proxy Statement is issued in connection with the solicitation of the enclosed proxy by the Board of Directors of Northrop Grumman Corporation for use at the 2010 Annual Meeting of Shareholders. Our principal office is located at 1840 Century Park East, Los Angeles, California, 90067. We intend to mail a Notice of Internet Availability of Proxy Materials to shareholders of record and to make this Proxy Statement and accompanying materials available on the Internet on or about April 9, 2010.

Instead of mailing a printed copy of this Proxy Statement and accompanying materials to each shareholder of record, we have elected to provide a Notice of Internet Availability of Proxy Materials as permitted by the rules of the Securities and Exchange Commission. Such Notice instructs you as to how you may access and review all of the proxy materials and how you may provide your proxy. If you would like to receive a printed or e-mail copies of this Proxy Statement and accompanying materials from us, you must follow the instructions for requesting such materials included in the Notice.

Outstanding Voting Securities

On March 23, 2010 there were 300,845,143 shares of our common stock outstanding. Holders of record at the close of business on that date are entitled to vote at the Annual Meeting. Each share is entitled to one vote.

Voting at the Meeting or by Proxy

Shares represented by a properly executed proxy will be voted at the meeting in accordance with the shareholder's instructions. If no instructions are given, the shares will be voted according to the recommendations of the Board of Directors. Therefore, if no instructions are given, the proxyholders named on the card will vote FOR each of the twelve director nominees listed under Proposal One, FOR Proposal Two to ratify the appointment of Deloitte & Touche LLP as our independent auditor for the year ending December 31, 2010, FOR Proposal Three, the management proposal to amend and restate our Restated Certificate of Incorporation, FOR Proposal Four, the management proposal to amend the Certificate of Incorporation of Northrop Grumman Systems Corporation, and AGAINST Proposal Five, the shareholder proposal asking us to reincorporate in North Dakota. If shares are held on an individual's behalf under any of our savings plans, the proxy will serve to provide confidential instructions to the plan Trustee or Voting Manager who then votes the participant's shares in accordance with the individual's instructions. For those participants who do not return executed proxy cards, the applicable Trustee or Voting Manager will vote their plan shares in the same proportion as shares held under the plan for which voting directions have been received, unless the Employee Retirement Income Security Act (ERISA) requires a different procedure.

A shareholder who executes a proxy may revoke it at any time before its exercise by delivering a written notice of revocation to the corporate secretary or by signing and delivering another proxy that is dated later. A shareholder attending the meeting in person may revoke the proxy by giving notice of revocation to the inspector of election at the meeting or by voting at the meeting. If any other matters are properly brought before the meeting, the enclosed proxy card gives discretionary authority to the proxyholders named on the card to vote the shares in their best judgment.

Voting instructions from savings plan participants must be received by the plan Trustee or Voting Manager by 11:59 p.m. Eastern Time on May 16, 2010 to be used by the plan Trustee or Voting Manager to determine the votes for plan shares.

With respect to the election of directors, shareholders may vote for, against, or abstain in regards to each nominee. With respect to each other proposal, shareholders may vote in favor of the proposal, against the proposal or abstain from voting.

Table of Contents

Brokers who hold shares of common stock for the accounts of their clients may vote such shares either as directed by their clients or in their own discretion if permitted by the stock exchanges or other organizations of which they are members. Members of the New York Stock Exchange (NYSE) are permitted to vote their clients' proxies in their own discretion on certain matters if the clients have not furnished voting instructions within ten days of the meeting. However, NYSE Rule 452 defines various proposals as "non-discretionary" and brokers who have received no instructions from their clients do not have discretion to vote on those items. When a broker votes a client's shares on some but not all of the proposals at a meeting, the withheld votes are referred to as "broker non-votes". We expect the NYSE will deem Proposals Two, Three and Four to be discretionary such that brokers will be entitled to vote shares on behalf of their clients in the absence of instructions received ten days prior to the meeting.

For Proposal One, the election of directors, a nominee will be elected if the votes cast for his or her election exceed the votes cast against his or her election. Abstentions and broker non-votes will not have any effect on the outcome of a nominee's election. Proposal Two, the ratification of the appointment of Deloitte & Touche LLP as our independent auditor will be adopted by shareholders if the votes cast for the proposal exceed the votes cast against the proposal. Abstentions and broker non-votes (if any) will not have any effect on the outcome of Proposal Two. For Proposals Three and Four, the management proposals to amend and restate our Restated Certificate of Incorporation and to amend the Certificate of Incorporation of our wholly-owned subsidiary Northrop Grumman Systems Corporation, the affirmative vote of a majority of the voting power of the outstanding shares of common stock is required for approval of these proposals. Abstentions and broker non-votes (if any) will have the same effect as votes against these proposals. For Proposal Five and all other proposals properly submitted for shareholder action at the meeting, such proposals will be adopted by the shareholders if the votes cast for the proposal exceed the votes cast against the proposal. Abstentions and broker non-votes (if brokers cannot vote on the proposal absent client instruction) will not have any effect on the outcome of Proposal Five or other proposals properly brought before the meeting.

The presence in person or by proxy of shareholders entitled to cast at least a majority of the votes that all shareholders are entitled to cast will constitute a quorum at the Annual Meeting. Persons returning executed proxy cards will be counted as present for purposes of establishing a quorum even if they abstain from voting on any or all proposals. Shares held by brokers who vote such shares on any proposal will be counted as present for purposes of establishing a quorum, and broker non-votes on other proposals will not affect the presence of a quorum.

Voting by Telephone or on the Internet

Registered shareholders and participants in our savings plans may grant a proxy for their shares over the telephone or on the Internet.

Our Bylaws specifically permit electronically transmitted proxies. The procedures available to registered shareholders to permit them to transmit proxies electronically are designed to authenticate the identity of each shareholder.

Registered shareholders and plan participants may go to www.edocumentview.com/noc to view the Proxy Statement and Annual Report on the Internet. Registered shareholders and plan participants may vote on the Internet, as well as view the documents, by logging on to www.envisionreports.com/noc and following the instructions given. Any registered shareholder or plan participant may also grant a proxy by calling 800-652-VOTE (800-652-8683) (toll-free) with a touch-tone telephone and following the recorded instructions.

Persons who own stock beneficially through a bank, broker or other agent may not vote directly. They will instead need to instruct the record owner as to the voting of their shares using the procedure identified by the bank, broker or other agent. Beneficial owners who hold our common stock in "street name" through a broker receive voting instruction forms from their broker. Most beneficial owners will be able to provide voting instructions by telephone or the Internet by following the instructions on the form they receive from their broker. Beneficial owners may view the Proxy Statement and Annual Report on the Internet by logging on to <http://www.edocumentview.com/noc>.

Table of Contents

The method used to grant a proxy or give voting instructions will not affect a registered shareholder's right to attend or vote at the Annual Meeting. A person who beneficially owns shares of common stock through a bank, broker or other nominee can vote his or her shares in person at the Annual Meeting only if he or she obtains from the bank, broker or other nominee a proxy, often referred to as a "legal proxy", to vote those shares, and presents such proxy to the inspector of election at the meeting together with his or her ballot.
