PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

To Be Held May 26, 2010

INTRODUCTION

General

This Proxy Statement is furnished in connection with the solicitation of proxies for use at the Annual Meeting of Shareholders (the Meeting) of Sierra Bancorp (the Company), to be held at the Main Office of Bank of the Sierra, 90 North Main Street, Porterville, California at 7:30 p.m. on Wednesday, May 26, 2010 and at any and all adjournments thereof.

We expect to mail this Proxy Statement and accompanying Notice to shareholders on approximately April 28, 2010.

The matters to be considered and voted upon at the Meeting will be:

1. **Election of Directors.** To elect the following four individuals to serve as Class I directors until the 2012 annual meeting of shareholders and until their successors are elected and qualified:

Robert L. Fields
James C. Holly

Lynda B. Searcy
Morris A. Tharp

2. **Ratification of Appointment of Independent Accountants.** To ratify the appointment of Vavrinek, Trine, Day & Co., LLP as the Company's independent registered public accounting firm for 2010.

3. To transact such other business as may properly come before the Meeting and any and all adjournments thereof.

Revocability of Proxies

A Proxy for use at the Meeting is enclosed. Any shareholder who executes and delivers such Proxy has the right to revoke it at any time before it is exercised by filing with the Secretary of the Company an instrument revoking it or a duly executed proxy bearing a later date, or by attending the Meeting and voting in person. (Any shareholder who holds shares in certificate form and attends the Meeting may simply revoke his or her previously submitted proxy and vote their shares at that time. Shareholders whose shares are held by a broker or are otherwise not registered in their own names will need additional documentation from their record holder to vote any shares personally at the Meeting.) Subject to such revocation, all shares represented by a properly executed Proxy received in time for the Meeting will be voted by the proxy holders whose names are set forth in the accompanying Proxy in accordance with the instructions on the Proxy. If no instruction is specified with respect to a matter to be acted upon, the shares represented by the Proxy will be voted in favor of the election of the nominees for directors set forth herein, in favor of Proposal 2 and, if any other business is properly presented at the Meeting, in accordance with the recommendations of the Board of Directors.

Solicitation of Proxies

The solicitation of the Proxy accompanying this Proxy Statement is made by the Company's Board of Directors, and we will bear the costs of such solicitation, including preparation, printing and mailing costs. The proxies will be solicited principally through the mails, but officers, directors and regular employees of the Company may solicit proxies personally or by telephone. Arrangements will be made with brokerage firms and other custodians, nominees and fiduciaries to forward these proxy solicitation materials to shareholders whose stock in the Company is held of record by such entities, and we will reimburse such brokerage firms, custodians, nominees and fiduciaries for reasonable out-of-pocket expenses incurred by them in connection therewith.

VOTING SECURITIES

There were 11,633,046 shares of the Company's common stock issued and outstanding on March 29, 2010, which has been set as the record date for the purpose of determining the shareholders entitled to notice of and to vote at the Meeting. The presence, in person or by proxy, of at least a majority of the total number of outstanding shares of our common stock is necessary to constitute a quorum at the Meeting for the transaction of business. Abstentions and broker non-votes are each included in the determination of the number of shares present for determining a quorum but are not counted on any matters brought before the Meeting.

Each shareholder is entitled to one vote on each proposal per share of common stock held as of the record date. Shareholders do not have cumulative voting rights in connection with the election of directors. The election of four directors to serve until the 2012 Annual Meeting of Shareholders requires approval by a plurality of the votes cast by the shares of common stock entitled to vote in the election. This means that the four nominees who receive the highest number of properly cast votes will be elected as directors even if those nominees do not receive a majority of the votes cast. Shares represented by proxies that are marked with instructions to withhold authority for the election of one or more director nominees or that are not voted (whether by abstention, broker non-vote or otherwise) will not be counted in determining the number of votes cast for those persons. For all other matters, including the ratification of the appointment of our accountants, a majority of votes cast shall decide the outcome of each matter submitted to the shareholders at the Meeting. Abstentions will be included in the vote totals and, as such, will have the same effect on proposals as a negative vote. Broker non-votes (i.e., the submission of a proxy by a broker or nominee specifically indicating the lack of discretionary authority to vote on the matter), if any, will not be included in vote totals and, as such, will have no effect on any proposal.

ELECTION OF DIRECTORS

Our Bylaws currently provide that the number of directors shall be not fewer than six nor more than eleven until changed by a bylaw amendment duly adopted by the vote or written consent of our shareholders. The Bylaws further provide that the exact number of directors shall be fixed from time to time, within the foregoing range, by a bylaw or amendment thereof or by a resolution duly adopted by the vote or written consent of our shareholders or by our Board of Directors. The exact number of directors is presently fixed at seven.

Pursuant to the Company's Articles of Incorporation, the Board of Directors is divided into two classes, designated Classes I and II. The directors serve staggered two-year terms, so that directors of only one class are elected at each Annual Meeting of Shareholders. At the Meeting, shareholders will be asked to elect the following four Class I directors whose terms expire this year, for an additional term of two years:

Robert L. Fields
James C. Holly

Lynda B. Searcy
Morris A. Tharp

Since shareholders do not have cumulative voting rights in the election of directors, a plurality of the votes cast is required for the election of directors. This means that the four nominees who receive the highest number of properly cast votes will be elected as directors even if those nominees do not receive a majority of the votes cast. In the event that any of the nominees should be unable to serve as a director, it is intended that the Proxy will be voted for the election of such substitute nominee, if any, as shall be designated by the Board of Directors. Management has no reason to believe that any nominee will become unavailable.

CORPORATE GOVERNANCE

General

The Board of Directors believes that it is important to encourage the highest level of corporate ethics and responsibility and has fully implemented the corporate governance requirements of Nasdaq and the Securities and Exchange Commission (the SEC).

Code of Ethics

We have adopted a Code of Ethics which applies to all of our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer and persons performing similar functions. The Code of Ethics requires that our directors, officers and employees avoid conflicts of interest, comply with all laws and other legal requirements, conduct business in an honest and ethical manner and otherwise act with integrity and in the Company's best interests. Under the terms of the Code of Ethics, directors, officers and employees are required to report any conduct that they believe in good faith to be an actual or apparent violation of the Code of Ethics. The Code of Ethics may be found on our web site, www.sierrabancorp.com under the topic Governance Documents. We intend to post notice of any waiver from, or amendment to, any provision of our Code of Ethics on this web site.

Procedures for Reporting Concerns about Accounting, Internal Accounting Controls or Auditing Matters

As a mechanism to encourage compliance with the Code of Ethics, we have established procedures for (i) receiving, retaining and addressing complaints received regarding accounting, internal accounting controls or auditing matters; (ii) allowing employees to anonymously report any problems they may detect with respect to such matters; and (iii) reporting any suspected violations of the Code or of law. The Code of Ethics also prohibits the Company from retaliating against any director, officer or employee who makes a good faith report of a suspected violation of the Code or of law (even if the report is mistaken), or against anyone who assists in the investigation of a reported violation.

Director Independence

General. The overwhelming majority of the members of our Board of Directors have historically been independent, and our Audit, Nominating and Governance, and Compensation Committees are comprised solely of independent directors in accordance with SEC and Nasdaq requirements. The Board has determined that all of its directors, other than the President and Chief Executive Officer, are independent as that term is defined by the Nasdaq rules.

Executive Sessions. The independent directors meet regularly in executive session without any members of management present.

Director Attendance

Board and Committee Meeting Attendance. During the fiscal year ended December 31, 2009, our Board of Directors held a total of fourteen meetings. Each director attended at least 75% of the aggregate of (a) the total number of such meetings and (b) the total number of meetings held by all committees of the Board on which such director served during 2009.

Director Attendance at Annual Meetings of Shareholders. The Board believes it is important for all directors to attend the annual meeting of shareholders in order to show their support for the Company and to provide an opportunity for shareholders to communicate any concerns to them. The Company's policy is to encourage, but not require, attendance by each director at the Company's annual meeting of shareholders. All of our directors attended our Annual Meeting of Shareholders in 2009.

Shareholder Communications with Board of Directors

Shareholders may communicate with the Board of Directors or with any individual director by mailing a communication to our principal executive offices addressed to the Board of Directors or to the individual director. All of such communications, except those clearly of a marketing nature, will be forwarded unopened directly to the appropriate director or presented to the full Board of Directors at the next regularly scheduled Board meeting.

Director Nomination Procedures, Qualifications and Related Matters

Procedure for Consideration of Director Nominees. Prior to making any recommendations to the Board of Directors concerning the nomination of directors for each year's annual meeting, the Nominating and Governance Committee (the "Governance Committee") shall (i) evaluate the performance, attendance records of, and any loans or other transactions between the Company or the Bank and each of the current Board members proposed for reelection, and on that basis consider the appropriateness of such members standing for reelection; (ii) review the composition and size of the Board in order to ensure that the Board is comprised of members reflecting the proper expertise, skills, attributes and personal and professional backgrounds for service as directors of the Company; (iii) consider the need to augment the Board for any specific purpose; (iv) review and consider any additional requests from outside parties to serve as directors; (v) if a new nominee is needed, determine the specific skills and experience desired in a new director; and (vi) in such case, identify potential nominees who have such skills and experience, determine whether the potential nominees are shareholders of the Company, investigate the potential nominee's background, develop personal knowledge about the candidate, develop a consensus of the committee members with respect to which potential nominee would be best suited for the position, determine whether the candidate is interested, and vote on the recommendation.

The Governance Committee shall consider recommendations from directors, officers and employees of the Company and the Bank, as well as persons recommended by shareholders of the Company, and shall evaluate persons recommended by directors, officers or employees in the same manner as those recommended by shareholders in selecting Board nominees.

Director Qualifications. In considering possible candidates for election as a director, the Governance Committee shall be guided by the principle that each director should: (i) be an individual of the highest ethical character and integrity; (ii) have substantial experience which is of particular relevance to the Company; (iii) have the ability and willingness to devote sufficient time to the affairs of the Company; (iv) have a meaningful financial stake in the Company so as to assure that every director's interests are aligned with those of the shareholders; (v) be knowledgeable about the business activities and market areas in which the Company and its subsidiaries engage; (vi) have a general appreciation regarding major issues facing public companies of a size and operational scope similar to the Company, including contemporary governance concerns, regulatory obligations of a public issuer, strategic business planning, competition in a global economy, and basic concepts of corporate accounting and finance; (vii) live or work within 25 miles of an existing or proposed office of the Bank; (viii) have an excellent personal and professional reputation in and commitment to one or more communities in which the Company does business; (ix) serve or have served as chief executive officer or in another position of active leadership with a business or professional interest located within the market areas served by the Company and its subsidiaries; (x) have an inquiring mind, a willingness to ask hard questions, and the ability to work constructively with others; (xi) have the ability and desire to exercise independent thinking when considering matters brought before the Board, and not be unduly influenced by the opinions of others; (xii) have no conflict of interest that would interfere with his or her performance as a director; and (xiii) have the capacity and desire to represent the best interests of the shareholders as a whole and not primarily a specific interest group or constituency.

While the Board and the Governance Committee believe that every director should possess as many of the foregoing attributes as possible, the Governance Committee has not recommended, and the Board has not established, any specific group of such attributes to be considered minimum qualifications for serving as a director.

In considering the desirability of any particular candidate as a potential director, the Governance Committee shall also consider the contributions that a candidate can be expected to make to the collective functioning of the Board based upon the totality of the candidate's credentials, experience and expertise, the

composition of the Board at the time, and other relevant circumstances, including the fit of the individual's skills and personality with those of other directors and potential directors in building a Board that is effective, collegial and responsive to the needs of the Company.

Board Diversity, Qualifications and Experience. As currently comprised, the Board of Directors is a diverse group of individuals who are drawn from various market sectors and industry groups with a presence in the Company's markets. The Board considers diversity as one of many factors in evaluating the composition of the Board but has no set policy in this regard. Board members are individuals with knowledge and experience who serve and represent the communities we serve. Current Board representation provides backgrounds in accounting, banking, farming, manufacturing, and retail. The expertise of these individuals covers accounting and financial reporting, corporate management, strategic planning, business acquisitions, marketing, retail and small business operations. What follows is a brief description of the particular experience, attributes and qualifications of each member of the Company's Board of Directors that led to the conclusion that these individuals should serve as directors of the Company.

Albert L. Berra has been a director of the Bank and of Sierra Bancorp since their formations in 1977 and 2000, respectively. He has served on numerous committees of the Bank and the Company throughout that time and is currently Chairman of both the Audit Committee and the Compensation Committee. A native of Porterville, Dr. Berra attended schools here and then attended the University of California and went on to St. Louis University to complete his dental and orthodontic training. After his service in the U.S. Army, Dr. Berra returned to Porterville to establish his orthodontics practice, which he has had since that time. He is also involved in many community activities.

Robert L. Fields was an original proponent of the Bank and has been a director of the Bank since 1982. He has also been a director of the Company since its formation in 2000 and has served on the Compensation Committee and Senior Loan Committee for many years. Mr. Fields was born in Wisconsin and after serving his military service, attended college in Los Angeles. He then worked for a jewelry store in Beverly Hills and later had the opportunity to buy his own jewelry store in Porterville. During the 35 years Mr. Fields has lived in this area, he has become involved in many civic activities. Currently retired from the jewelry business, he is managing his personal investments.

James C. Holly is a founding Director as well as President and Chief Executive Officer of the Bank, and has served in those same capacities for the Company since its formation in 2000. He was born and raised in Racine, Wisconsin and received both a BBA and an MBA degree from the University of Wisconsin. Following his active duty in the U.S. Army he started management training with United California Bank, now Wells Fargo Bank. After ten years as a Branch Manager, Mr. Holly then left and joined in the effort to organize Bank of the Sierra of which he has been President and CEO since its inception in 1977.

Vincent L. Jurkovich has been a director of the Bank and of Sierra Bancorp since their formations in 1977 and 2000, respectively, and was an original proponent of the Bank. He has served on numerous committees of the Bank and the Company throughout that time and has served on the Audit and Senior Loan Committees for many years. He is a native of Porterville and owns and operates Porterville Concrete Pipe, a business which was started by his father in 1919.

Lynda B. Searcy has been a director since December 2007 and has been a valuable member of the Audit Committee since that time. She also serves on several other Board committees including the Senior Loan Committee. She received her undergraduate degree from the University of Florida and her Masters Degree in Taxation from the San Joaquin College of Law. Ms. Searcy is the tax partner at McKinley Searcy Associates, an accounting and consulting firm which she joined in 1983. Ms. Searcy is deeply committed to the community, as demonstrated by her involvement with, among others, the Rotary Club of Porterville (Past President), Porterville Chamber of Commerce (Past Treasurer), Tule River Economic Development Corporation (Past Treasurer) and Tulare County Office of Education Foundation (Board Member).

Morris A. Tharp is an original proponent of the Bank and has served as Chairman of the Board of the Bank and of Sierra Bancorp since their formations in 1977 and 2000, respectively. He has served on the Audit Committee for many years and also serves on the Capital Committee, as well as being an ex officio member of all

other Board committees. Mr. Tharp is a native of Porterville and following his schooling, joined his father in the family business of E.M. Tharp, Inc. Over the years, he has purchased the family business and is now sole owner. For many years he has been very involved in community activities.

Gordon T. Woods was an original proponent of the Bank and has been a director of the Bank and of Sierra Bancorp since their formations in 1977 and 2000, respectively. He attended Arizona State and the University of Arizona on scholarship, majoring in chemical engineering, and is a U.S. Army veteran. His professional experience includes employment as a chemical engineer, as well as executive positions with divisions of Gulf Oil Company and Ford Motor Company. In 1969 he moved to Porterville and established Hydrokleen Systems, a designer and manufacturer of water and waste treatment systems, and in 1989 he established Gordon T. Woods Construction. He is currently CEO of both of those companies. Mr. Woods has been active in numerous service organizations in Porterville and has also served on the Porterville City Council, including two years as the Mayor and two years as Mayor Pro-Tem.

Consideration of Shareholder Recommendations. In considering any additional requests from outside parties to serve as directors, including parties recommended by shareholders, the Governance Committee shall follow the same principles outlined above, and shall request of any potential nominee such information, including a completed Directors and Officers Questionnaire of the same type completed by each of the Company's existing directors and executive officers each year in connection with the preparation of the Company's proxy materials, as the committee deems necessary to enable it to properly evaluate such person's qualifications and to be aware of any information concerning such person which might require disclosure to shareholders pursuant to the SEC rules concerning proxy statements.

A shareholder wishing to submit recommendations for director candidates for election at an annual meeting of shareholders must do so in writing by December 15 of the previous calendar year, and must include the following in the written recommendation: (i) a statement that the writer is a shareholder and is proposing a candidate for consideration; (ii) the name and contact information for the candidate; (iii) a statement of the candidate's business and educational experience; (iv) information regarding the candidate's qualifications to be a director; (v) the number of shares of the Company's stock owned either beneficially or of record by the candidate and the length of time such shares have been so owned; (vi) the written consent of the candidate to serve as a director if nominated and elected; (vii) information regarding any relationship or understanding between the proposing shareholder and the candidate; (viii) a statement that the proposed candidate has agreed to furnish to the Company all information (including a completed Directors and Officers Questionnaire as described above) as the Company deems necessary to evaluate such candidate's qualifications to serve as a director; and (ix) as to the shareholder giving the notice (a) the name and address of the shareholder and (b) the number of shares of the Company's stock which are owned beneficially or of record by the shareholder.

Nominations by Shareholders. The procedures for nominating directors (as opposed to making recommendations pursuant to the above procedure), other than by the Company, are set forth in our Bylaws, which provide in pertinent part as follows:

Nominations for election of members of the Board of Directors may be made by the Board of Directors or by any shareholder entitled to vote for the election of directors. Notice of intention to make any nominations by a shareholder shall be made in writing and shall be delivered or mailed to and received by the Secretary of the Corporation not less than one hundred twenty (120) calendar days in advance of the date corresponding to that on which the Corporation's proxy statement was released to the shareholders in connection with the previous year's annual meeting of shareholders; provided, however, that in the event that no annual meeting was held in the previous year or the date of the annual meeting has been changed by more than thirty (30) days from the date contemplated at the time of the previous year's proxy statement, notice by the shareholder must be received by the Secretary of the Corporation not later than the close of business on the later of (i) one hundred and twenty (120) days prior to such annual meeting; or (ii) ten (10) days after the date the notice of such meeting is sent to shareholders pursuant to Section 2.2(d) of these Bylaws. Such notification shall contain the following information to the extent known to the notifying shareholder: (a) the name and address of each proposed nominee; (b) the principal occupation of each proposed nominee; (c) the number of

Board Leadership Structure. The Company is focused on corporate governance practices, and independent Board oversight is valued as an essential component of strong corporate performance to enhance shareholder value. Our commitment to independent oversight is demonstrated by the fact that all of our directors, except our Chief Executive Officer, are independent. In addition, all of the members of the Board's Audit Committee, Compensation Committee, and Governance Committee, are independent.

The Company currently has an independent Chairman separate from the Chief Executive Officer, and our corporate governance guidelines specify that these two positions should be kept separate except in unusual circumstances. Such circumstances have not occurred in the Company's history. The Board believes it is important to maintain flexibility in its leadership structure, but firmly supports having an independent director in a board leadership position. If for any reason it were necessary for the Chairman to also hold the office of Chief Executive Officer temporarily, the Board would appoint an independent lead director to serve in an independent leadership position during this time. Having an independent Chairman or lead director enables non-management directors to raise issues and concerns for Board consideration without immediately involving management. The Chairman provides independent leadership of the Board and also serves as a liaison between the Board and senior management. The Board has determined that the current structure, an independent Chair, separate from the Chief Executive Officer, is the most appropriate structure at this time, while ensuring that, at all times, there will be an independent director in a Board leadership position.

Board Role in Risk Oversight. Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. We face a number of risks, including credit risk, interest rate risk, liquidity risk, financial reporting risk, operational risk, strategic risk and reputation risk. Management is responsible for the day-to-day management of risks the Company faces, while the Board, as a whole and through its committees, particularly the Audit and Compensation Committees, has responsibility for the oversight of risk management and consideration of the Company's entire risk profile. The Board considers the most significant risks facing the Company and the Company's general risk management strategy, to ensure that risks undertaken by the Company are consistent with the Board's objectives. In its risk oversight role, the Board of Directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed.

The Senior Loan Committee (comprised of directors), of which Mr. Holly is chairman, is responsible for monitoring and controlling risks associated with lending. The Committee meets twice a month, and the Chief Credit Officer presents detailed reports to the Committee at least once per month (including loan concentration reports, details on nonperforming loans and foreclosed assets, etc.).

The Audit Committee is responsible for overseeing the Company's financial reporting risk, oversees the entire audit function and evaluates the effectiveness of internal and external audit efforts. It receives a status report from the Company's Internal Audit Coordinator on a monthly basis regarding the Company's assessment of risks and the adequacy and effectiveness of internal control systems.

The full Board takes responsibility for ensuring that other risks are monitored and controlled, including liquidity and interest rate risk, and the Chief Financial Officer presents quarterly reports to the Board to assist with this responsibility. In addition, to accomplish the Board's overall risk management strategy, the Board works closely, and meets frequently and as necessary, with senior management to discuss strategy and risks facing the Company. Senior management attends appropriate portions of the Board meetings and is available to address any questions or concerns raised by the Board on risk management and any other matters. The Chairman of the Board and other independent directors work together to provide strong, independent oversight of the Company's management and affairs directly and through its standing committees and, when necessary, special meetings of

independent directors. While we believe that this division of responsibility is the most effective approach for addressing the risks facing our Company, we will continue to re-examine our Board leadership structure on a regular basis, recognizing that different structures may be appropriate in different situations faced by the Company.

COMMITTEES OF THE BOARD

Audit Committee

General. The Board of Directors has, among others, a standing Audit, Compliance and CRA Committee (the Audit Committee), composed of directors Berra (Chairman), Jurkovich, Searcy, Tharp and Woods, each of whom is an independent director as defined by the rules of Nasdaq. Each member of the Audit Committee also meets the independence criteria prescribed by applicable law and the rules of the SEC for Audit Committee membership. Each Audit Committee member meets Nasdaq's financial knowledge requirements and has substantial experience as the chief executive officer or equivalent of his or her respective business or profession. In addition, at least one member of the Audit Committee has the requisite financial sophistication required under the rules of Nasdaq for one such member. While the Board believes that each member of the Audit Committee is highly qualified to discharge his or her duties, the Board has not designated any particular member of the Audit Committee as an audit committee financial expert under the SEC's rules.

During the fiscal year ended December 31, 2009, the Audit Committee held a total of twelve meetings. The purpose of this committee, with respect to its audit duties, is to meet with the Company's outside auditors, in order to fulfill the legal and technical requirements necessary to adequately protect the Company's directors, shareholders, employees and depositors. It is also the responsibility of the Audit Committee to select the Company's independent registered public accounting firm and to make certain that this firm has the necessary freedom and independence to freely examine all company records. Further, the Audit Committee pre-approves all audit and permissible non-audit services to be performed by the independent public accountants, with certain de minimis exceptions. Each year the committee reviews the risk management assessment of the Company's branches, credit centers and operating units and assigns priorities for the year to have independent reviews conducted by loan, operational, information systems and compliance teams hired by the committee. The committee meets with such independent review consultants on at least an annual basis and approves the contractual basis of each engagement letter and arrangement under consideration. Further, as part of its regular monthly meeting schedule, the committee meets on a quarterly basis to review the Company's Form 10-Q. The committee also meets with the accounting audit partner in charge of the engagement, who presents the audited consolidated financial reports to the committee upon completion of the annual engagement. The committee receives and reviews management letters and all reports of external independent firms which have been contracted to perform agreed upon procedures for the benefit of the Company and the committee. Additionally, the committee reviews all Reports of Examination prepared by regulators regarding safety and soundness, compliance, or other examinations performed by such agencies. As part of its responsibilities, the committee also reviews and approves any and all management initiated responses to engagements conducted by independent consultant firms or regulatory agencies, prior to their dispersal to the appropriate reviewing agent. Finally, the Audit Committee has ultimate responsibility for determining matters of interpretation with respect to the audit and accounting related portions of our Code of Ethics, and for making all final decisions concerning any disciplinary actions relating to those portions of the Code.

Audit Committee Charter. The Board of Directors has adopted an Audit Committee charter, which outlines the purpose of the Audit Committee, delineates the membership requirements and addresses the key responsibilities of the committee. The charter may be found on our web site, www.sierrabancorp.com under the topic Governance Documents.

Audit Committee Report. The Audit Committee has reviewed and discussed with management our audited consolidated financial statements as of and for the fiscal year ended December 31, 2009. The committee has discussed with our independent public accountants, which are responsible for expressing an opinion on the conformity of our audited consolidated financial statements with generally accepted accounting principles, the matters required to be discussed by Statement on Auditing Standards No. 114, including their judgments as to the quality of our financial reporting. The committee has received from the independent public accountants written disclosures and a letter as required by the Independence Standards Board, Standard No. 1, as amended, and

discussed with the independent public accountants the firm's independence from management and from the Company. In considering the independence of our independent public accountants, the committee took into consideration the amount and nature of the fees paid the firm for non-audit services, as described on page 26 below. The Audit Committee also reviewed management's report on its assessment of the effectiveness of the Company's internal control over financial reporting and the independent registered public accounting firm's report on the effectiveness of the Company's internal control over financial reporting.

In reliance on the review and discussions described above, the committee recommends to the Board of Directors that the year-end audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2009 for filing with the SEC.

We do not pay fees to any third party to identify or evaluate or assist in identifying or evaluating potential nominees. The Board and the Governance Committee have adopted specific policies and procedures concerning the director nomination process, in accordance with which the Governance Committee considers various matters and criteria and on that basis recommends the proposed slate of nominees to the full Board. The specific procedures and criteria which the Governance Committee follows and considers in making its decisions concerning recommended nominations for directors are described above under **CORPORATE GOVERNANCE** Director Nomination Procedures, Qualifications and Related Matters.

Compensation Committee Interlocks and Insider Participation in Compensation Decisions. The persons named above were the only persons who served on the Compensation Committee during the fiscal year ended December 31, 2009. None of these individuals has ever been an officer or employee of the Company or any of its subsidiaries. None of our executive officers serves as a member of the Board of Directors or compensation committee of any other entity that has one or more executive officers serving as a member of our Board of Directors or our Compensation Committee.

Compensation Committee Report. In performing its oversight role, the Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis included in this Proxy Statement with management. Based on such review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement to be filed on Schedule 14A with the SEC.

In addition, the full Board of Directors, including all members of the Compensation Committee, reviewed the compensation structure for employees of the Company and concluded that none of the elements comprising such compensation encourages behavior that would lead to excessive risks for the Company.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Philosophy and Objectives

Our primary objectives with respect to executive compensation are to attract and retain the most talented and dedicated executives possible, and to align their interests with those of our shareholders. To that end, we strive to implement compensation plans that are competitive relative to similar publicly-traded banking institutions, and to maintain a substantial level of at-risk compensation for our executives that is, in part, dependent upon the Company's financial performance. Compensation for our Named Executive Officers consists primarily of the following elements, which are discussed in greater detail below: base salary; an annual formula incentive bonus in the case of the CEO, and annual discretionary bonuses based on performance guidelines for the other Named Executive Officers; and long-term incentive awards, including stock option grants, salary continuation agreements, and split-dollar insurance benefits. The Compensation Committee evaluates and adjusts the weighting of these components relative to overall compensation from time to time to support Company objectives. The committee and the Board also believe it is important to address internal pay equity considerations, so that the compensation of the CEO is fair and reasonable in relation to that of the other Named Executive Officers, and the compensation of the other Named Executive Officers is reasonable in relation to each other given their relative duties and responsibilities, level of experience, and certain other relevant factors. We do not have employment agreements with our Named Executive Officers, but we do provide salary continuation agreements as described below.

Process for Making Compensation Decisions

Roles of the Compensation Committee and the Compensation Consultant. The Compensation Committee has responsibility for reviewing executive compensation, and for making recommendations to the Board with regard to appropriate target compensation levels and compensation component weightings for all of the Named Executive Officers in alignment with our compensation philosophy. Compensation includes the primary components listed in the previous paragraph, as well as any perquisites, or special or supplemental benefits. In making its recommendations to the Board, the Compensation Committee evaluates compensation for comparable positions at peer institutions, the relative financial performance of the Company, recommendations of the CEO (in the case of the other Named Executive Officers), internal pay equity, the past performance and future goals of the CEO, and independent analysis performed by the Committee. The specific factors considered are detailed below under Targeted Compensation and Elements of Executive Compensation. The committee has the authority to engage consultants and request other information as needed to fairly measure and evaluate the overall compensation of the Named Executive Officers. The committee did not retain a consultant in 2009; rather, it directed Company personnel to utilize publicly available data to update a peer compensation study completed for the Company in a prior year by Towers/Perrin, a professional compensation consulting firm.

Role of the Chief Executive Officer. The CEO annually reviews the performance of the Named Executive Officers other than himself, and presents his conclusions and recommendations based on those reviews to the Compensation Committee. In 2009, the CEO considered the updated peer compensation study and the stated objectives of the Compensation Committee and the Board in formulating his recommendations for base salary adjustments, target bonus amounts, and equity awards. The committee can exercise its discretion in modifying the CEO's recommendations before making its recommendations to the Board, but generally accepts them as presented. The CEO is not a member of the Compensation Committee, but is invited to attend meetings of the committee as necessary to provide input and recommendations on compensation for the other Named Executive Officers. The CEO is not involved with any aspect of determining his own pay.

Targeted Compensation

As discussed above, the Compensation Committee utilized an updated peer compensation study to assist in establishing targeted levels and components of compensation for the Named Executive Officers. The peer group consists of 15 publicly traded bank holding companies which provide general banking services, located primarily in non-metropolitan areas in California or Oregon, with total assets ranging between approximately 50% and 200% of

those of the Company (the Peer Group^{1 4}). The Peer Group will be subject to modification for future studies to ensure that it continues to meet the desired comparison criteria. The study provides an analysis of base salary, short-term incentives (including incentive bonuses), and long-term incentives (including the value of stock option awards and increases in pension values) (collectively, Total Direct Compensation), for Peer Group officers equivalent to the Named Executive Officers for whom compensation information is publicly disclosed. Direct proxy matches were available for the CEO, the Chief Financial Officer, and the Chief Credit Officer. The fourth highest paid individual in the Peer Group disclosures was used for comparative data for the Chief Banking Officer if that position was not specifically listed.

An important element in determining targeted Total Direct Compensation for the Named Executive Officers was the Company's performance relative to peer institutions. In comparison to the other companies in the Peer Group, the Company had the second highest return on equity in 2008, which was the most recent data available at the time of the peer compensation study, and the third highest return on equity in 2009. Furthermore, the Company has consistently placed high in U.S. Banker magazine's periodic lists of the top-performing publicly-traded banks in the nation, based on return on equity: the Company ranked 10th in the Top 200 Community Banks list published in 2009; it was sixth on the list in 2008; and it was 10th in the 2007 Top 200 Mid-Tier Banks list.

Based on the Company's superior financial performance relative to peer institutions, information in the peer compensation study, recommendations of the CEO (in the case of the other Named Executive Officers), individual performance, and independent analysis performed by the Compensation Committee, the committee retained the Peer Group's 75th percentile for Total Direct Compensation as an appropriate general target level for Total Direct Compensation for the Named Executive Officers. However, after applying the overriding principle of internal equity and in consideration of the variability in short-term incentive compensation payments by the Company and its peer financial institutions in the past few years, Total Direct Compensation established by the committee for an individual Named Executive Officer might exceed or fall short of the 75th percentile target for any given year. With regard to the components of Total Direct Compensation, the goal of the Compensation Committee was to maintain a substantial level of at risk compensation while ensuring that neither base salary nor potential short-term incentive compensation are substantially below the Peer Group's 50th percentile.

The aforementioned variables being duly analyzed and considered, the Compensation Committee came to a unanimous conclusion concerning appropriate targets for base salaries, short-term incentives, and long-term incentives for the Named Executive Officers. The committee then presented its recommendations to the Board, which unanimously approved those recommendations. This resulted in increases in the Named Executive Officers' base salaries, short-term incentive potential, and stock option grants.

Elements of Executive Compensation

Base Salary. Base salaries for our executives are dependent on the scope of their responsibilities, taking into account competitive market compensation paid by similar companies for comparable positions. Generally, we believe that executive base salaries should be targeted so as not to be substantially below the 50th percentile of the Peer Group for executives in similar positions with similar responsibilities. Base salaries are reviewed annually, and adjusted as necessary to realign them with market levels after taking into account individual responsibilities, performance and experience. This review takes place in the fourth quarter, and prior to 2009 salary adjustments were generally effective every November 1st. In 2009, the Committee elected to delay base salary increases until January 1, 2010, and it is expected that annual salary adjustments, if any, will continue to be effective on January 1st in future years.

^{1 4} The Peer Group consists of the following bank holding companies: American River Bankshares, Rancho Cordova, California; Bank of Marin Bancorp, Novato, California; Cascade Bancorp, Bend, Oregon; Columbia Bancorp, The Dalles, Oregon; Farmers & Merchants Bancorp, Lodi, California; First Northern Community Bancorp, Dixon, California; Harrington West Financial Group, Inc., Solvang, California; Heritage Commerce Corp, San Jose, California; North Valley Bancorp, Redding, California; Pacific Continental Corporation, Eugene, Oregon; Pacific Mercantile Bancorp, Costa Mesa, California; Premier West Bancorp, Medford, Oregon; Provident Financial Holdings, Inc., Riverside, California; San Joaquin Bancorp, Bakersfield, California; and Trico Bancshares, Chico, California.

Discretionary Annual Bonuses for Named Executive Officers Other than the CEO. The Board of Directors has the authority to award discretionary annual bonuses to the Named Executive Officers based on the recommendations of the Compensation Committee. For Named Executive Officers other than the CEO, the Board has adopted a Graduated Incentive Pay-out Plan that is dependent on individual performance, as determined by the CEO, the Compensation Committee and the Board; and the Company's net income relative to Board-approved targets. The earnings targets and individual performance goals are carefully established to provide a challenge to the Named Executive Officers, while at the same time being realistically achievable without engaging in activities with excessive risk. The Board, based on the recommendations of the Compensation Committee, establishes the potential levels for incentive bonuses at the start of each fiscal year. Bonuses for any given calendar year are typically not paid until March of the following year, subsequent to our receipt of the final audit report for the year and review and approval of bonus recommendations by the Board of Directors. For 2009, the potential bonus level for Named Executive Officers other than the CEO was 50% of base salary. However, this plan also specifies that these potential levels are guidelines only, and that all payments made pursuant to the plan are ultimately made at the discretion of the Board of Directors. The Compensation Committee makes recommendations to the Board concerning the appropriate discretionary bonuses for the Named Executive Officers subject to this plan, and the Board approves the final bonus amounts. The earnings targets for 2009 required the Company to achieve net income of at least \$9.15 million, which would have resulted in discretionary annual bonus payments of 75% of total target amounts, with the payout ratio increasing incrementally up to a full bonus payout if the Company earned at least \$12.20 million in net income. Based on the Company's financial performance relative to those earnings targets, the Company's Named Executive Officers other than the CEO did not qualify for, nor were they approved for, discretionary annual bonuses for 2009. Likewise, in 2008, net income did not reach the minimum threshold of \$15.83 million required for discretionary short-term incentive payments.

CEO Incentive Bonus. The bonus for the CEO is determined by a separate agreement with the Board dating back to the inception of the Bank, which specifies an annual bonus of 5% of the Company's pre-tax profits up to a maximum of 100% of his base salary. In view of the Company's 2009 performance compared to earnings targets, and the fact that the other Named Executive Officers did not receive any discretionary bonuses for 2009 due to such performance, the CEO declined to accept the incentive bonus of \$420,000 to which he was entitled for the 2009 calendar year.

Equity Incentives and Stock Ownership. Our 2007 Stock Incentive Plan authorizes the Board of Directors or the Compensation Committee to grant directors and employees of the Company restricted stock awards and/or options to purchase shares of our common stock. We have not issued, nor do we currently have plans to issue, restricted stock awards. Rather, we expect to continue to use stock options as our primary long-term equity incentive vehicle, as has been our past practice. The Board and the Compensation Committee feel that stock options align the interests of executives with those of shareholders, provide a balance to the shorter-term nature of base salary and discretionary annual bonuses, and are the best form of equity compensation from the standpoint of encouraging executive retention.

For the past few years we have made, and in the future we expect to continue to make, annual stock option grants to most officers of the Company, although these grants are given at the discretion of the Board of Directors. In determining the number of stock options to be granted, the Board takes into account the officer's position, scope of responsibility, and ability to impact profits and shareholder value. These grants generally have five-year vesting periods, except for those for the CEO, whose options vest immediately upon grant. Because the Company's stock has historically been relatively thinly traded, the strike price for the options has been determined using the average of the closing price of the Company's stock for a specified number of trading days immediately preceding the date of grant. The stock options have been granted during open trading windows (i.e., at times when directors and executive officers are permitted to trade personally) pursuant to the Company's Insider Trading Policy, and no options may be granted to anyone if material nonpublic information is available to the Board at the proposed time of grant. Additional details concerning the Plan and options granted during 2009 and held at December 31, 2009 by the Named Executive Officers are set forth below under EXECUTIVE OFFICER AND DIRECTOR COMPENSATION Grants of Plan-Based Awards and Outstanding Equity Awards at Fiscal Year End. We do not have specific requirements for our executives to hold certain levels of stock ownership.

Salary Continuation Agreements. To encourage our Named Executive Officers to remain with the Company, we have entered into salary continuation agreements with them that provide annual benefits of up to \$100,000 per year for periods of up to fifteen years after retirement. The benefit amounts and terms are determined by the individual's position and scope of responsibility, as well as the amount of the annual accrual required to accumulate the appropriate liability for payment obligations. This benefit becomes fully vested and payable upon a change in control if followed by resignation or other termination of employment. The material terms of the salary continuation agreements for each of the Named Executive Officers are described below under EXECUTIVE OFFICER AND DIRECTOR COMPENSATION Potential Payments Upon Termination or Change in Control Salary Continuation and Split Dollar Agreements. The Board and the Committee have concluded that providing these agreements is competitively necessary as virtually all comparable institutions offer similar agreements to their senior officers with comparable positions.

Split-Dollar Life Insurance. We also have split-dollar life insurance agreements with our Named Executive Officers. In connection with these agreements, the Company purchased life insurance policies on the lives of the executives. The Company owns the insurance policies, is entitled to their cash surrender value, and is responsible for paying the cost of the insurance. In the event of the executive's death, the split-dollar agreements provide that a portion of the policy proceeds shall be paid to the executive's designated beneficiaries. The split-dollar amount represents, for the most part, the present value of the salary continuation payments referenced in the previous paragraph. In some cases, but not all, the split-dollar allocation continues after the executive's retirement. The executive is responsible for taxes on the imputed value of split-dollar benefits provided under all agreements entered into in 2005 or later. For some earlier-dated agreements, the Company pays an annual bonus sufficient in amount for the executive to reimburse the Company for the imputed value of the insurance and pay income taxes on the bonus. The Company also provides a small amount of additional life insurance coverage to the Named Executive Officers under its group term life insurance program, which is provided to all employees.

Deferred Compensation Plan. Executive officers are eligible to participate in a non-qualified deferred compensation plan, the 401 Plus Plan, whereby they can elect to defer all or part of their salary and/or bonus for payment after retirement or termination of employment. Deferred compensation amounts are not taxed until received by the participant. Deferred compensation balances are unsecured obligations of the Company, and are credited/charged by the Company for gains/losses pegged to participant-directed investment allocations. Investment allocation options include equity funds, real estate funds, bond funds and a fixed income alternative. The Company offsets deferred compensation gains/losses with tax-advantaged losses/income on separate account Company-owned life insurance that is invested in options similar to those selected by deferred compensation plan participants. Further details on the 401 Plus Plan are described below under EXECUTIVE OFFICER AND DIRECTOR COMPENSATION Deferred Compensation.

Perquisites and Other Programs. The Company provides its executive officers with perquisites and personal benefits that it believes are reasonable and consistent with its overall compensation strategy to attract and retain qualified executives and to facilitate the performance of their duties. The Company maintains a 401(k) employee savings and retirement plan, which is offered to all employees. After the end of each calendar year a discretionary contribution to the 401(k) plan is considered by the Board of Directors, which has typically resulted in a Company contribution to plan participants in the range of 50% to 75% of the lesser of the participant's actual contribution during the preceding calendar year or 6% of the participant's gross cash compensation during the preceding calendar year. Other benefits available to all employees include medical, dental, and vision insurance. Executive officers may also be provided club memberships, an automobile allowance, a mileage reimbursement, use of a Company-owned automobile, use of a cell phone, and/or a cell-phone allowance, but no such perquisites are described in the Summary Compensation Table below as no Named Executive Officer received reportable benefits in 2007 through 2009 totaling \$10,000 or more.

Conclusion. The Compensation Committee intends to continue to link executive compensation to corporate performance and shareholder return, while avoiding forms of compensation that might encourage behavior which could have an adverse impact on the Company. The various pay vehicles offered are balanced to compensate our executives for current performance and provide motivation for them to contribute to our overall future success, and we believe that our executive compensation policies and programs serve the best interests of our Company and our shareholders.

¹⁵ Includes portions of these individuals' salaries which were deferred pursuant to the Company's 401(k) Plan or 401 Plus Plan. The 401(k) Plan permits all employees contribute a portion of their annual compensation on a pre-tax basis. To ensure that the 401(k) Plan maintains its qualified status, highly compensated employees are limited to contributions of approximately 6% of their annual compensation on a pre-tax basis. Annual employer contributions may also be made to the 401(k) Plan at the discretion of the Board of Directors, for distribution to plan participants as a specified percentage of the lesser of their individual contribution or 6% of their annual compensation. The recipients of employer matching contributions are not vested in those amounts during their first year of employment but vest at the rate of 20% per year thereafter, so that by the end of their sixth year of employment they are fully vested in all employer contributions. Employer matching contributions are included in the table above under All Other Compensation. Highly compensated employees are also allowed to defer up to 100% of their annual compensation pursuant to a non-qualified 401 Plus Plan, although no matching employer contributions are made to that plan. The 401 Plus Plan is described below under Deferred Compensation.

¹⁶ The amounts reflected in the Bonus column for the Named Executive Officers other than the CEO are based on the Company's Graduated Incentive Pay-Out Plan, and in the case of the CEO represent discretionary bonuses if applicable. As discussed in the Compensation Discussion and Analysis, the Graduated Incentive Pay-Out Plan does not specify fixed incentive bonus amounts, but rather establishes guidelines on the basis of which the Compensation Committee and the Board award discretionary bonuses. Portions of the amounts in the Bonus column may have been deferred pursuant to the Company's 401(k) Plan or 401 Plus Plan. See Deferred Compensation. The non-equity incentive plan amount for the CEO is based on his separate agreement with the Board whereby he receives an annual bonus of

5% of the Company's pre-tax profits, up to a maximum of 100% of his base salary. In view of the Company's 2009 and 2008 performance compared to earnings targets, and the fact that the other Named Executive Officers did not receive any discretionary bonuses for 2009 or 2008 due to such performance, the CEO declined to accept the incentive bonuses of \$420,000 for 2009 and \$369,000 for 2008 to which he was entitled.

Grants of Plan-Based Awards

The following table furnishes information regarding plan-based awards granted to the Named Executive Officers during 2009. No restricted stock awards were granted to the Named Executive Officers in 2009.

¹⁸ Represents the salary continuation plan accruals, i.e., the total change for each year in the accrued liability balance established with respect to the benefit obligation associated with the post-retirement salary continuation agreement of each Named Executive Officer. See Pension Benefits and Potential Payments Upon Termination or Change in Control for more information about the salary continuation agreements. There were no above-market or preferential earnings on non-qualified deferred compensation accounts. The Company maintains an account for each deferred compensation plan participant that includes deferred compensation and any earnings thereon. Each account is credited (or charged) in an amount equal to the average account balance multiplied by returns (positive or negative) on participant-designated indices. The indices are based on funds available to the investing public, including a money market fund, a bond fund, a real estate fund, and numerous equity and hybrid funds. For more information see Deferred Compensation.

¹⁹ Perquisites and other personal benefits provided to each of the Named Executive Officers in the years reported were less than \$10,000 per individual per year. The figures in the All Other Compensation column include: employer contributions to these individuals' accounts pursuant to the 401(k) Plan; imputed term life insurance premiums for Messrs. Gardunio and McPhaill; and cash bonuses for Messrs. Holly and Taylor to reimburse them for the imputed value and tax costs associated with their split dollar life insurance benefits. Such bonus amounts were \$22,294, \$20,177 and \$18,141 for Mr. Holly for 2009, 2008 and 2007, respectively. For Mr. Holly only, also includes director fees of \$29,100 \$28,300 and \$26,600 for 2009, 2008 and 2007, respectively. All other amounts described herein were less than \$10,000 per individual per year.

²⁰ Mr. Holly was entitled to receive non-equity incentive plan awards of \$420,000 for 2009 and \$369,000 for 2008 based on his separate agreement with the Board which provides an annual bonus of 5% of the Company's pre-tax profits, up to a maximum of 100% of his base salary. However, in view of the Company's performance in 2009 and 2008 compared to earnings targets, and the fact that the other Named Executive Officers did not receive any discretionary bonuses for those years due to such performance, Mr. Holly declined to accept his incentive bonuses. See COMPENSATION DISCUSSION AND ANALYSIS CEO Incentive Bonuses. Had Mr. Holly accepted them, the awards would have been earned in the year made, so the target and maximum amounts would have both corresponded to the actual amount paid, and would have been included as Non-Equity Plan Compensation in the Summary Compensation Table above.

²¹ The exercise price for all options is the fair market value on the date of grant, as determined by the Board of Directors in accordance with the terms of the stock incentive plan. As there is a relatively limited trading market for the Company's stock, and the price is therefore subject to fluctuation, the Board of Directors does not believe that the closing price of the stock on the date of grant is generally an accurate measure of the fair market value of the Company's stock on that date. Accordingly, to determine the fair market value on the date of grant, the Board uses the weighted average closing price for all trading days in the 30 calendar days immediately preceding the grant date to determine the market price of the stock for purposes of stock option grants. For the options granted in 2009, the exercise price was higher than the closing market price on the grant date.

²² Represents the aggregate grant date fair value as computed pursuant to FASB accounting standards on stock compensation. The assumptions used in valuing these option awards are detailed in Note 2 to the consolidated financial statements contained in our Annual Report to Shareholders for 2009.

Option Exercises and Stock Vested

No stock options were exercised by the Named Executive Officers during 2009. No information is provided concerning stock awards, as the Named Executive Officers did not have any stock awards as of December 31, 2009.

Pension Benefits

The table below shows the present value of accumulated benefits payable to each of the Named Executive Officers under his Salary Continuation Agreement. Detailed information concerning the material provisions of such agreements appears below under Potential Payments Upon Termination or Change in Control Salary Continuation and Split Dollar Agreements.

- ²³ All outstanding options vest at the rate of 20% per year commencing one year from the date of grant, except for options granted to the CEO, which vest immediately upon grant. Options are for terms of ten years. Unvested options accelerate in the event of a change in control of the Company, and options terminate in the event of termination of employment, with the time period for exercise of the vested portion depending on the reason the service ceases. In the case of termination for cause, the options expire immediately.

Deferred Compensation

The Company has a 401 Plus Non-Qualified Deferred Compensation Plan (the 401 Plus Plan), pursuant to which the Named Executive Officers among others may elect to defer a portion of their annual compensation. The Company does not make contributions to the plan. The 401 Plus Plan is unfunded for tax purposes and for purposes of ERISA. The Company maintains an account for each 401 Plus Plan participant that includes deferred compensation and any earnings thereon. All amounts in these accounts represent unsecured liabilities of the Company. Each account is credited (or charged) every calendar quarter in an amount equal to the average account balance multiplied by returns (positive or negative) on participant-designated indices. The indices are based on funds available to the investing public, including a money market fund, a bond fund, a real estate fund, and numerous equity and hybrid funds. There were no above-market or preferential earnings on the 401 Plus Plan accounts, and no employer matching credits or performance incentive credits have been added to any account. The Company hedges participant earnings with income from Company-owned life insurance that is invested in the same funds that participant-directed indices are based upon, and with deferred tax assets associated with participant accounts. Deferral amounts are selected by the participant in accordance with applicable legal requirements. Payouts may be either lump sum or paid out over time upon retirement or other termination of employment, at the election of the participant subject to various legal requirements and restrictions.

²⁴ Benefits due under the salary continuation agreements are set forth in each agreement and are not determined by a formula based on years of service.

²⁵ Represents the cumulative amount accrued with respect to the salary continuation agreements for each of the Named Executive Officers as of December 31, 2009. Monthly charges are made to accrue for these post-retirement benefit obligations in a systematic and orderly way using an appropriate discount rate, such that the accrued liability balance at the participant's retirement date will be equal to the then present value of the benefits promised under the salary continuation agreement. During 2009, we used a 6.0% discount rate.

The following table sets forth information concerning activity under the 401 Plus Plan for the Named Executive Officers as of and for the fiscal year ended December 31, 2009:

Potential Payments Upon Termination or Change in Control

The following discussion summarizes the compensation and benefits payable to the Named Executive Officers in the event of a termination of employment under various circumstances, assuming that a termination of employment had occurred on December 31, 2009. The benefits which would be triggered in the event of a change in control include: (i) acceleration of unvested stock options; and (ii) accelerated vesting and payment of benefits under salary continuation agreements. For the salary continuation benefits to be triggered, the individuals must also either resign or be terminated following the change in control.

The Named Executive Officers would have been entitled to exercise or receive the value of their unvested stock options if a change in control had occurred on December 31, 2009. However, since all unvested stock options held by the Named Executive Officers had strike prices in excess of the market price of the Company's stock at December 31, 2009, there was no value to those options on that date. Under their salary continuation agreements, each of the Named Officers would have received the following annual benefits beginning in 2010, assuming a change in control and related termination or resignation as of December 31, 2009: Messrs. Holly, Taylor and McPhaill: \$100,000 per year for fifteen years; and Mr. Gardunio: \$75,000 per year for ten years. In the case of Mr. Holly, as he had already reached his retirement age prior to December 31, 2009, there would have been no additional benefit resulting from the change in control.

If any of the Named Executive Officers had been terminated on December 31, 2009 without cause, or had left the Company due to death or disability, they would have been vested in a portion of their retirement benefits under their salary continuation agreements. Mr. Holly reached his normal retirement age under his agreement in August 2006, so would have received the full \$100,000 per year for fifteen years in the event of termination for any reason (other than cause) at December 31, 2009. If Mr. Taylor, Mr. Gardunio, or Mr. McPhaill had left the Company at December 31, 2009 due to disability or termination without cause, they would have received their accrued liability balances of \$119,871, \$206,624, and \$37,722, respectively. None of these three individuals would have received any benefits in the event of voluntary termination. The lump sum amounts that would have been paid upon the death of any of the Named Executive Officers at December 31, 2009, are as follows: Mr. Holly: \$978,000; Mr. Taylor: \$992,000; Mr. Gardunio: \$581,000; and Mr. McPhaill: \$992,000. The material terms of the salary continuation agreements with the Named Executive Officers, including the payments due under the various circumstances described in this paragraph, are described in more detail below.

²⁶ These amounts were included for 2009 in the Salary and/or Bonus columns of the Summary Compensation Table in Summary Executive Compensation Information above.

²⁷ These amounts were not included in the Summary Compensation Table as none of the earnings on the accounts were above-market or preferential.

²⁸ The balances in these accounts represent a combination of cumulative participant contributions and earnings or losses thereon. The following balances represent cumulative participant contributions only, through December 31, 2009 (including any Executive Contributions in Last Fiscal Year in the table above, as well as any amounts for prior years that are included in the Summary Compensation Table for the year earned and deferred): Mr. Holly: \$315,051; Mr. Taylor: \$150,821; Mr. Gardunio: \$283,409; and Mr. McPhaill: \$4,800.

Salary Continuation and Split Dollar Agreements. The Company entered into a salary continuation agreement with Mr. Holly in October 2002 which provides an annual benefit of \$100,000 per year for fifteen years upon retirement or at age 66 (whichever is later), subject to certain conditions. Mr. Holly reached his normal retirement age under his agreement in August 2006, so will receive the full \$100,000 per year for fifteen years in the event of termination of employment, except that no benefits would be paid in the event of termination for cause. The Company also entered into a split dollar agreement with Mr. Holly in October 2002 (amended in July 2003) which provides for a lump sum death benefit in the amount of approximately \$978,000 in the event of death prior to retirement while still employed by the Bank. In the event of death after retirement, Mr. Holly's beneficiary shall receive the full lump sum death benefit under the split dollar agreement in addition to all retirement benefits previously paid under the salary continuation agreement at the time of death, which retirement benefits shall cease at that time.

The Company also entered into a salary continuation agreement with Mr. Taylor in October 2002 (amended in January 2007), which provides an annual benefit of \$100,000 per year for fifteen years upon retirement or at age 65 (whichever is later), subject to certain conditions. In the event of a change in ownership of more than 50% of the Company's stock (subject to certain exceptions), Mr. Taylor will be fully vested in his retirement benefits if he resigns or is terminated for any reason, and will begin to receive such benefits within the month following termination of his employment (subject to the requirements of Section 409A of the Internal Revenue Code), rather than at age 65. No benefits are payable in the event of voluntary termination or termination for cause. In the event of disability or termination without cause, Mr. Taylor would be entitled to a lump sum payment equal to the amount accrued on the Company's books for such liability as of the end of the month preceding termination or disability. The accrual balance at December 31, 2009 is shown in the Pension Benefits table above. This amount can change depending on the current discount rate, but by current estimates will be approximately \$148,000 at the end of December 2010, \$656,000 at the end of December 2020, and \$992,000 when the benefit is fully vested and accrued in August 2024. The Company also entered into a split dollar agreement with Mr. Taylor in October 2002 which provides for certain payments in the event of death in addition to those provided in his salary continuation agreement. The two agreements together provide for a combined lump sum death benefit in the amount of approximately \$992,000 in event of death prior to retirement while still employed by the Bank. In the event of death after retirement or other termination of employment, Mr. Taylor's beneficiary will receive a lump sum death benefit of approximately \$658,000 under his split dollar agreement. In addition, his beneficiary will receive, or continue to receive, the same benefits under his salary continuation agreement to which he was entitled at the time of his death.

The Company also entered into a salary continuation agreement and a split dollar agreement with Mr. Gardunio in August 2005 containing the same material terms as Mr. Taylor's agreements, except that the amount of his annual benefit is \$75,000; it will be paid for a period of ten rather than fifteen years; the amount of the lump sum death benefit, which is provided under the split dollar agreement only, will be approximately \$581,000; and the retirement benefits under his salary continuation agreement will cease in the event of death after retirement. In the event of disability or termination without cause, Mr. Gardunio's lump sum accrual balance due would be approximately \$261,000 at the end of 2010, subject to change depending on the discount rate. This benefit will be fully accrued in August 2015 at which time it is estimated to be \$566,000, which is the net present value of \$75,000 per year for ten years discounted at an annual rate of 6%. The accrual balance at December 31, 2009 is shown in the Pension Benefits table above.

The Company also entered into a salary continuation agreement, but no split dollar agreement, with Mr. McPhaill in January 2007 containing the same material terms as Mr. Taylor's salary continuation agreement, except that Mr. McPhaill's salary continuation agreement provides a lump sum death benefit of approximately \$992,000 in the event of death prior to retirement while still employed by the Bank; and in the event of death after retirement or other termination of employment, there will be no lump sum death benefit, but his beneficiary will receive, or continue to receive, the same benefits under his salary continuation agreement to which he was entitled at the time of his death. In the event of disability or termination without cause, Mr. McPhaill's lump sum accrual balance would be approximately \$52,000 at the end of 2010, \$252,000 at the end of 2020, and \$615,000 at the end of 2030, subject to change depending on the discount rate. This benefit will be fully accrued in May 2037, at which time it is estimated to be \$992,000, which is the net present value of \$100,000 per year for fifteen years discounted at an annual rate of 6%. The accrual balance at December 31, 2009 is shown in the Pension Benefits table above.

The Company accrues monthly for the post-retirement benefit obligations under the salary continuation agreements in a systematic and orderly way using an appropriate discount rate. The Company also purchased single premium life insurance policies when the salary continuation agreements were originally established, in part to provide tax advantaged income to offset the annual cost of the accruals. These policies name the Company as beneficiary and the proceeds or cash surrender value of the policies will ultimately reimburse the Company for the original investments in the policies, as well as for payments made under the salary continuation agreements. The Company purchases additional life insurance from time to time such that the aggregate amount is appropriate in relation to the accruals and ultimate obligations under the salary continuation agreements. The amounts expended for the Named Executive Officers for the salary continuation agreements in 2009 were more than offset by such tax advantaged income.

Compensation of Directors

Non-employee directors received \$900 per meeting for their attendance at Board meetings in 2009 and \$500 per meeting for committee meetings attended, except the Chairman of the Board who received \$1,500 per Board meeting, and the Chairman of the Audit Committee who received \$1,000 per Audit Committee meeting chaired. The President received \$900 per meeting for attendance at Board of Directors meetings, but did not receive any fees for attending committee meetings. In addition, all directors received an annual retainer of \$16,500. The annual retainer and per meeting fees remain unchanged for 2010.

On October 1, 2002, the Company instituted a Director Retirement Plan for all non-employee directors at the time. Under the plan, each non-employee director entered into a director retirement agreement with the Company providing a retirement benefit of \$25,000 per year for ten years, commencing at retirement. All plan participants are eligible for retirement after five years from the date their agreements or at age 70, whichever comes later. In the case of death either before or after a director becomes eligible to retire, the benefit paid to designated beneficiaries will be a lump sum equal to the present value of any remaining unpaid annual benefits, discounted at 8%. Assuming that no annual retirement payments have been made, the death benefit will be approximately \$173,000. Death benefits are in the form of split-dollar life insurance proceeds for current directors with retirement agreements.

In case of disability, the Company will continue to accrue until the later of the five-year vesting period or age 70, at which time the director will receive the full accrued amount (equal to the present value of \$25,000 per year for ten years, discounted at 8%). Immediate vesting will occur in the event of a change in control, and annual retirement payments will commence immediately.

Effective January 1, 2007, the Company entered into supplemental retirement agreements with each of the non-employee directors at the time, providing for additional payments of \$25,000 per year for ten years at retirement on or after the later of age 70 or five years from the date of the agreement. In the event of disability or a change in control prior to that time, the annual payment would be a reduced amount, based on the Company's accrued liability under the agreement at the end of the plan year immediately prior to termination of service. Each agreement also includes a pre-retirement death benefit, which is a lump sum amount equal to the Company's accrued liability as of the end of the month immediately prior to death.

The Company accrues monthly for the post-retirement benefit obligations under the retirement agreements in a systematic and orderly way using an appropriate discount rate. The Company also purchased single premium life insurance policies covering most of the non-employee directors when the Director Retirement Plan was implemented, in part to provide tax advantaged income to offset the annual cost of the accruals. These policies name the Company as beneficiary and the proceeds or cash surrender value of the policies will ultimately reimburse the Company for the original investments in the policies, as well as for payments made under the retirement agreements. The Company purchases additional life insurance from time to time such that the aggregate amount is appropriate in relation to the accruals and ultimate obligations under the retirement agreements. The aggregate amount accrued for retirement benefits on behalf of current non-employee directors during 2009 was \$271,000. However, this amount was more than offset by tax advantaged income the Company earned on the insurance policies during the year.

The table below summarizes the compensation paid to non-employee directors for the year ended December 31, 2009. Compensation paid to Mr. Holly, the only director who is also a Named Executive Officer, is set forth above in the various sections above concerning compensation paid to Named Executive Officers.

RELATED PARTY TRANSACTIONS

Some of our executive officers and directors and the companies with which they are associated have been customers of, and have had banking transactions with, Bank of the Sierra (the Bank) in the ordinary course of the Bank's business since January 1, 2009, and the Bank expects to continue to have such banking transactions in the future. All loans and commitments to lend included in such transactions were made in the ordinary course of business and on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with other persons not related to the Bank, and in the opinion of the Board of Directors, did not involve more than the normal risk of repayment or present any other unfavorable features.

²⁹ Represents the aggregate grant date fair value of options granted in 2009, computed pursuant to FASB accounting standards on stock compensation. The assumptions used in valuing these option awards are detailed in Note 2 to the consolidated financial statements contained in our Annual Report to Shareholders for 2009. As of December 31, 2009, each non-employee director held fully vested stock options covering the following numbers of shares: Dr. Berra: 37,500 shares; Mr. Fields: 12,500 shares; Mr. Jurkovich: 52,000 shares; Ms. Searcy: 7,500 shares; Mr. Tharp: 42,500 shares; and Mr. Woods: 20,000 shares. During 2009, director Woods exercised stock options covering 2,500 shares of common stock, recognizing value of \$21,625 upon exercise, which represents excess of the aggregate fair market value over the aggregate exercise price of the shares at the time of exercise. Information concerning stock options granted to and held by Mr. Holly, who is also a Named Executive Officer, is set forth above under "Grants of Plan-Based Awards" and "Outstanding Equity Awards at Fiscal Year-End."

³⁰ Represents the retirement plan accruals, i.e., the total change from December 31, 2008 to December 31, 2009 in the accrued liability balance established with respect to the benefit obligation associated with the Director Retirement Plan agreement for each non-employee director. There were no above market or preferential earnings on non-qualified deferred compensation accounts.

³¹ Perquisites and other personal benefits provided to each of the non-employee directors in 2009 were less than \$10,000. The amounts in this column represent cash bonuses to reimburse the applicable individual for the imputed value and tax costs associated with their split dollar life insurance benefits.

³² Mr. Tienken retired as a director on April 29, 2009 and passed away on May 25, 2009.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

Management knows of no person who owned beneficially more than 5% of the Company's outstanding common stock as of March 29, 2010, except for the persons listed in the table below.
