ABOUT THIS PROSPECTUS

This prospectus is part of an automatic shelf registration statement on Form S-3 that we filed with the Securities and Exchange Commission, or the SEC, as a well-known seasoned issuer as defined in Rule 405 under the Securities Act of 1933, as amended (the Securities Act), utilizing a shelf registration process. Under this shelf registration process, we may, from time to time, offer and sell the securities described in this prospectus and the applicable prospectus supplements in one or more offerings.

This prospectus provides you with a general description of the securities we may offer. Each time we sell securities, we will provide a prospectus supplement containing specific information about the terms of the securities being offered. A prospectus supplement may include a discussion of any risk factors or other special considerations applicable to those securities or to us. A prospectus supplement may also add, update or change information in this prospectus. If there is any inconsistency between the information in this prospectus and the applicable prospectus supplement, you should rely on the information in the prospectus supplement. We filed a registration statement containing this prospectus with the SEC. The registration statement includes exhibits that provide more detail on the matters discussed in this prospectus. You should read this prospectus, the related exhibits filed with the SEC and the applicable prospectus supplement together with additional information described under the headings Where You Can Find More Information and Incorporation of Certain Documents by Reference.

When acquiring any securities discussed in this prospectus, you should rely only on the information provided in this prospectus and in the applicable prospectus supplement, including the documents incorporated by reference. Neither we, nor any underwriters or agents (if applicable), have authorized anyone to provide you with different information. If anyone provides you with different or inconsistent information you should not rely on it. We are not offering the securities in any jurisdiction where such offer is prohibited. You should not assume that the information in this prospectus, any prospectus supplement or any document incorporated by reference is truthful or complete at any date other than the date mentioned on the cover page of these documents.

Unless the context otherwise indicates (which is the case specifically in Description of Debt Securities), the terms Albemarle, we, us, our Company mean Albemarle Corporation and its consolidated subsidiaries.

Factors that could cause actual results to differ materially include, without limitation:

deterioration in economic and business conditions;

future financial and operating performance of our major customers and industries served by us;

the timing of orders received from customers;

the gain or loss of significant customers;

competition from other manufacturers;

changes in the demand for our products;

limitations or prohibitions on the manufacture and sale of our products;

availability of raw materials;

changes in the cost of raw materials and energy, and our inability to pass through such increases;

changes in laws and increased government regulation of our operations or our products;

the inability to maintain current levels of product or premises liability insurance or the denial of such coverage;

political unrest affecting the global economy, including adverse effects from terrorism or hostilities;

political unrest or instability affecting our manufacturing operations or joint ventures;

changes in accounting standards;

the inability to achieve results from our global manufacturing cost reduction initiatives as well as our ongoing continuous improvement and rationalization programs;

changes in interest rates, to the extent such rates (1) affect our ability to raise capital or increase our cost of funds, (2) have an impact on the overall performance of our pension fund investments and (3) increase our pension expense and funding obligations;

volatility and substantial uncertainties in the debt and equity markets; and

the other factors detailed from time to time in the reports we file with the SEC. We assume no obligation to provide revisions to any forward-looking statements should circumstances change, except as otherwise required by securities and other applicable laws.

RISK FACTORS

An investment in our securities involves a high degree of risk. Prior to making a decision about investing in our securities, you should carefully consider the specific risk factors discussed in the sections entitled Risk Factors contained in any applicable prospectus supplement and our filings with the SEC incorporated by reference in this prospectus (including future filings we make with the SEC that are also incorporated by reference), together with all of the other information contained in this prospectus or any applicable prospectus supplement. If any of the risks or uncertainties actually occur, our business, financial condition and results of operations could be materially and adversely affected. In that case, the trading price of our securities could decline and you might lose all or part of the value of your investment.

RATIOS OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of consolidated earnings to fixed charges for the years and the period indicated:

		Year Ended December 31,				Nine Months Ended September 30,	
	2005	2006	2007	2008	2009	2010	
Ratio of earnings to fixed charges	3.6x	3.5x	6.2x	4.6x	5.8x	12.3x	

For purposes of computing the ratios of earnings to fixed charges, earnings consist of pre-tax income before adjustment for net income attributable to non-controlling interests or equity in net income or losses of unconsolidated investments plus fixed charges, amortization of capitalized interest, less capitalized interest and

net income attributable to non-controlling interests that have not incurred fixed charges. Fixed charges consist of interest expense (before capitalized interest), and a portion of rental expense (1/3) that we believe to be representative of interest. During the periods presented in the table above, no shares of preferred stock were outstanding.

USE OF PROCEEDS

Unless otherwise indicated in the applicable prospectus supplement, we expect to use the net proceeds from the sale of the securities for general corporate purposes, which may include, among other things, working capital, capital expenditures, the repurchase of shares of common stock, the repayment or refinancing of outstanding indebtedness, funding pension obligations or acquisitions. Specific information concerning the use of proceeds from the sale of any securities will be included in the applicable prospectus supplement relating to such securities.

DESCRIPTION OF DEBT SECURITIES

This section describes the general terms and provisions of the debt securities that may be offered by this prospectus. This section does not describe every aspect of the indentures or the debt securities. This summary is subject to and qualified in its entirety by reference to all the provisions of the indentures, including definitions of some of the terms used in the indentures. You must look to the indentures for the most complete description of what we describe in summary form in this prospectus and the applicable prospectus supplement. A copy of the form of each indenture is filed as an exhibit to the registration statement of which this prospectus is a part. See Where You Can Find More Information for information on how to obtain a copy. You should also refer to the Trust Indenture Act of 1939, certain terms of which are made a part of the indentures by reference.

The terms of the series described in the prospectus supplement relating to that series may vary from the terms described in this prospectus. The prospectus supplement relating to each series of debt securities will be attached to the front of this prospectus. There may also be a further prospectus supplement, known as a pricing supplement, which contains the precise terms of debt securities we are offering.

We may issue as many distinct series of debt securities under either indenture as we wish without limitation as to aggregate principal amount under the terms of the relevant indenture. Neither indenture limits our ability to incur additional indebtedness. This section summarizes the material terms of the debt securities that are common to all series, although the prospectus supplement that describes the terms of each series of debt securities may also describe differences with the material terms summarized in this prospectus.

We may issue senior or subordinated debt securities. Neither the senior debt securities nor the subordinated debt securities will be secured by any of our property or assets. Thus, by owning a debt security, you are one of our unsecured creditors.

The senior debt securities will constitute part of our senior debt and will rank equally with all of our other unsecured and unsubordinated debt. The senior debt securities will be issued under the senior debt indenture. The senior debt indenture has been qualified under the Trust Indenture Act. The senior indenture is an exhibit to the registration statement of which this prospectus is a part.

The subordinated debt securities will constitute part of our subordinated debt and will be subordinate in right of payment to all of our senior indebtedness, as defined in the subordinated debt indenture. The subordinated debt securities will be issued under the subordinated debt indenture. The subordinated debt indenture is an exhibit to the registration statement of which this prospectus is a part. The prospectus supplement for any series of subordinated debt securities will indicate the approximate amount of senior indebtedness outstanding as of the end of the most recent fiscal quarter.

Debt securities in this prospectus refers to both the senior debt securities and the subordinated debt securities. In this Description of Debt Securities section, references to Albemarle, the company, we, our or us are only to Albemarle Corporation and not its subsidiaries.

The indentures are substantially identical, except for the covenants described below under Restrictive Covenants Limitations on Liens and Other Encumbrances and Restrictive Covenants Restrictions on Sale and Leaseback Transactions, which are included only in the senior debt indenture, and the provisions relating to subordination, which are included only in the subordinated debt indenture.

Reference to the indenture or the trustee with respect to any debt securities means the indenture under which those debt securities are issued and the trustee under that indenture.

The trustee has two main roles:

First, the trustee can enforce your rights against us if we default on our obligations under the terms of the applicable indenture or the debt securities. There are some limitations, however, on the extent to which the trustee acts on your behalf as described below under Default and Related Matters Events of Default Remedies if an Event of Default Occurs; and

Second, the trustee performs administrative duties for us, such as sending you interest payments, registering the transfer of your debt securities to a new holder and sending you notices.

We may issue the debt securities as original issue discount securities, which are securities that are offered and sold at a substantial discount to their stated principal amount. The prospectus supplement relating to original issue discount securities will describe federal income tax consequences and other special considerations applicable to any such debt securities. The debt securities may also be issued as indexed securities or securities denominated in foreign currencies or currency units, as described in more detail in the prospectus supplement relating to any such debt securities. The prospectus supplement relating to specific debt securities will also describe any special considerations and any material additional tax considerations applicable to such debt securities.

In addition, the specific financial, legal and other terms relating to a particular series of debt securities will be described in a prospectus supplement and any pricing supplement relating to the series. The prospectus supplement relating to a series of debt securities will describe to the extent applicable, the following terms of the series:

the title of the series of debt securities;

whether it is a series of senior debt securities or a series of subordinated debt securities and if subordinated debt securities, the related subordination terms if different from those described under Subordination Provisions;

any limit on the aggregate principal amount of the series of debt securities and whether such series may be reopened for the issuance of additional debt securities of such series;

the Person to whom interest on a debt security is payable, if other than the holder on the regular record date;

the date or dates on which the series of debt securities will mature;

the rate or rates, which may be fixed or variable, per annum at which the series of debt securities will bear interest, if any, and the date or dates from which that interest, if any, will accrue;

the place or places where the principal of (and premium, if any) and interest on the debt securities is payable;

the dates on which interest on the series of debt securities will be payable and the regular record dates for the interest payment dates;

any mandatory or optional sinking funds or analogous provisions or provisions for redemption, in whole or in part, at our option or the option of the holder;

Edgar Filing: ALBEMARLE CORP - Form S-3ASR

the date, if any, after which and the price or prices at which the series of debt securities may, in accordance with any optional or mandatory redemption provisions, be redeemed and the other detailed terms and provisions of those optional or mandatory redemption provisions, if any;

if the debt securities may be converted into or exercised or exchanged for our common stock or preferred stock, the terms on which conversion, exercise or exchange may occur, including whether conversion, exercise or exchange is mandatory, at the option of the holder or at our option, the period during which conversion, exercise or exchange may occur, the initial conversion, exercise or exchange price or rate and the circumstances or manner in which the amount of common stock or preferred stock issuable upon conversion, exercise or exchange may be adjusted;

if other than denominations of \$1,000 and any integral multiple thereof, the denominations in which the series of debt securities will be issuable;

if other than the principal amount thereof, the portion of the principal amount of the series of debt securities that will be payable upon the declaration of acceleration of the maturity of such series of debt securities;

the currency of payment of principal, premium, if any, and interest on the series of debt securities, if other than the currency of the United States;

if the currency of payment for principal, premium, if any, and interest on the series of debt securities is subject to our or a holder s election, the currency or currencies in which payment can be made and the period within which, and the terms and conditions upon which, the election can be made;

any index, formula or other method used to determine the amount of payment of principal or premium, if any, and interest on the series of debt securities;

any addition or change to the restrictive covenants applicable to such series of debt securities;

whether the debt securities will be subject to defeasance as described under Defeasance or otherwise;

any event of default under the series of debt securities if different from, or in addition to, those described under Default and Related Matters Events of Default What Is an Event of Default?;

if the series of debt securities will be initially issuable only in the form of a global security, as described under Legal Ownership Global Securities, the depositary or its nominee with respect to the series of debt securities, if other than The Depository Trust Company, and the circumstances under which the global security may be registered for transfer or exchange or authenticated and delivered in the name of a Person other than the depositary or its nominee;

the location where the security register will be maintained and the location of the paying agent;

any proposed listing of the series of debt securities on any securities exchange; and

any other terms, additional covenants, or special features of the series of debt securities. Form, Exchange and Transfer

The debt securities will be issued:

Edgar Filing: ALBEMARLE CORP - Form S-3ASR

only in fully registered form;

without interest coupons; and

unless otherwise indicated in the prospectus supplement, in denominations of \$1,000 and any integral multiple thereof. A global security will be issued in denominations equal to the aggregate principal amount of outstanding debt securities represented by that global security. See Legal Ownership below for additional information regarding global securities and the limitations on your rights as the beneficial owner of an interest in a global security.

You may have your debt securities broken into more debt securities of smaller denominations or combined into fewer debt securities of larger denominations, as long as the total principal amount is not changed. This is called an exchange.

You may exchange or transfer debt securities at the office of the trustee. The trustee acts as our agent for registering debt securities in the names of holders and transferring debt securities. We may change this appointment to another entity or perform the service ourselves. The entity performing the role of maintaining the list of registered holders is called the security registrar. It will also register transfers of the debt securities.

You will not be required to pay a service charge to transfer or exchange debt securities, but you may be required to pay for any tax or other governmental charge associated with the exchange or transfer. The transfer or exchange will only be made if the security registrar is satisfied with your proof of ownership.

If we designate additional transfer agents, they will be named in the prospectus supplement. We may cancel the designation of any particular transfer agent. We may also approve a change in the office through which any transfer agent acts.

Redemption

Provisions relating to the redemption of debt securities, if any, will be set forth in the applicable prospectus supplement. Unless we state otherwise in the applicable prospectus supplement, we may redeem debt securities only upon notice mailed at least 30 but not more than 60 days before the date fixed for redemption. Unless we state otherwise in the applicable prospectus supplement, that notice may state that (1) the redemption will be conditional upon the trustee or paying agent receiving sufficient funds to pay the principal, premium and interest on the debt securities subject to redemption on the date fixed for redemption and (2) if the trustee or the paying agent does not receive those funds, the redemption notice will not apply, and we will not be required to redeem the debt securities subject to redemption.

If the debt securities are redeemable and we redeem less than all of the debt securities of a particular series, we may block the transfer or exchange of debt securities during the period beginning 15 days before the day we mail the notice of redemption and ending on the day of that mailing, in order to freeze the list of holders to prepare the mailing. We may also refuse to register transfers or exchanges of debt securities selected for redemption, except that we will continue to permit transfers and exchanges of the unredeemed portion of any debt security being partially redeemed.

Payment and Paying Agents

We will pay interest to you if you are a holder listed in the trustee s records at the close of business on a particular day in advance of each due date for interest, even if you no longer own the debt security on the interest due date. That particular day, usually about two weeks in advance of the interest due date, is called the regular record date and will be stated in a prospectus supplement. Holders buying and selling debt securities must work out between them how to compensate for the fact that we will pay all the interest for an interest period to the one who is the registered holder on the regular record date. The most common manner is to adjust the sales price of the debt securities to pro rate interest fairly between buyer and seller. This pro rated interest amount is called accrued interest.

Unless the prospectus supplement states otherwise, we will pay principal, interest and any other money due on the debt securities at the office of the paying agent whom we will designate for this purpose. The paying agent will pay interest and any other money due on debt securities issued as global securities by wire transfer to the holder of those global securities. You must make arrangements to have your payments on debt securities that are not in global form picked up at, or wired from, that office; we may also choose to pay interest by mailing checks.

Unless the prospectus supplement states otherwise, an office or agency of the trustee in New York City will be designated as our sole paying agent for payments with respect to the debt securities of each series. We may also arrange for additional paying agents, and may change paying agents, including our use of the trustee s corporate trust office. We may also choose to act as our own paying agent. We must notify the trustee of changes in the paying agents for any particular series of debt securities.

Regardless of who acts as paying agent, all money paid by us to a paying agent that remains unclaimed at the end of two years after the amount is due to holders will be repaid to us. After that two-year period, you may look only to us for payment and not to the trustee, any other paying agent or anyone else.

Subordination Provisions

Subordinated debt securities will be subject to contractual provisions in the subordinated debt indenture that may prohibit us from making payments on those securities under certain circumstances. Subordinated debt securities are subordinate and junior in right of payment, to the extent and in the manner stated in the subordinated debt indenture, to all of our Senior Indebtedness, as defined below, including all debt securities we issue under the senior debt indenture. However, payment from the cash or the proceeds of U.S. government notes or bonds held in any defeasance trust (as described below under ______) will not be subordinated to any senior indebtedness or subject to these restrictions.

Unless otherwise defined in a prospectus supplement for a series of subordinated debt securities, Senior Indebtedness includes all amounts payable by us under or in respect of all of our Indebtedness, as defined below, including the principal of, premium, if any, interest, penalties, fees and other charges or any other payment due pursuant thereto. Our obligations to satisfy the expenses and fees of the trustee under the subordinated debt indenture will constitute Senior Indebtedness.

Unless otherwise defined in a prospectus supplement for a series of subordinated debt securities, the following types of our Indebtedness will not rank senior to the subordinated debt securities:

Indebtedness we owe to one of our subsidiaries;

Indebtedness that, by its terms, expressly provides that it does not rank senior to the subordinated debt securities;

Indebtedness incurred in the form of any accounts payable or other liability to trade creditors arising in the ordinary course of business (including guarantees thereof or instruments evidencing these liabilities);

Indebtedness we owe to any trust, or a trustee of such trust, partnership other entity affiliated with us, that is a financing vehicle for us, and that is in connection with the issuance by the vehicle of equity securities; and

Indebtedness we may incur in violation of the subordinated debt indenture.

The subordinated debt indenture provides that, unless all principal of and any premium or interest on the senior indebtedness has been paid in full, no payment or other distribution may be made (including any distribution of our or our subsidiaries property to purchase, retire or redeem subordinated debt securities) in respect of any subordinated debt securities in the following circumstances:

in the event and during the continuation of any default in the payment of principal, premium, if any, or interest on any senior indebtedness beyond any applicable grace period until the payment default has been cured or waived or ceased to exist and any related acceleration has been rescinded or such senior indebtedness has been paid in full or

in the event that the trustee or we receive written notice that any event of default with respect to certain designated senior indebtedness has occurred and is continuing, permitting the holders of that designated senior indebtedness (or a trustee) to accelerate the maturity of that designated senior indebtedness, whether or not the maturity is in fact accelerated until, either (1) the event of default has been cured or waived or ceased to exist and any related acceleration has been rescinded or such designated senior indebtedness has been paid in full or (2) the 179th day after the date the trustee or we received the notice referred to above.

If the trustee under the subordinated debt indenture or any holders of the subordinated debt securities receive any payment or distribution that is prohibited under the subordination provisions, then the trustee or the holders will have to deliver that money to the holders of the senior indebtedness.

Even if the subordination provisions prevent us from making any payment when due on the subordinated debt securities of any series, we will be in default on our obligations under that series if we do not make the payment when due. This means that the trustee under the subordinated debt indenture and the holders of that series can take action against us, but they will not receive any money until the claims of the holders of senior indebtedness have been fully satisfied.

Indebtedness means, with respect to any Person on any date of determination, without duplication:

(a) the principal and premium (if any) in respect of indebtedness of such Person for borrowed money;

(b) the principal and premium (if any) in respect of all obligations of such Person in the form of or evidenced by notes, debentures, bonds or other similar instruments, including obligations incurred in connection with its acquisition of property, assets or businesses;

(c) capitalized lease obligations of such Person;

(d) all obligations of such Person under letters of credit, bankers acceptances or similar facilities issued for its account;

(e) all obligations of such Person issued or assumed in the form of a deferred purchase price of property or services, including master lease transactions pursuant to which such Person or its subsidiaries have agreed to be treated as owner of the subject property for federal income tax purposes (but excluding trade accounts payable or accrued liabilities arising in the ordinary course of business);

(f) all payment obligations of such Person under swaps and other hedging arrangements;

(g) all obligations of such Person pursuant to its guarantee or assumption of certain of another entity s obligations and all dividend obligations guaranteed or assumed by such Person;

(h) all obligations to satisfy the expenses and fees of the respective trustees under the indentures;

(i) all obligations pursuant to all amendments, modifications, renewals, extensions, refinancings, replacements and refundings by such Person of certain of the obligations described above; and

(j) guarantees of any of the foregoing.

Restrictive Covenants

General

We have made certain promises in each indenture called covenants where, among other things, we promise to maintain our corporate existence. In addition, in the senior debt indenture we have made the promises described in the two succeeding subsections. The subordinated debt indenture does not include these promises. Capitalized terms used in the following summary have the meanings specified in the senior debt indenture, unless otherwise defined below.

Limitation on Liens and Other Encumbrances

We have agreed that neither we nor any Restricted Subsidiary (as defined below) will incur, issue, assume or guarantee any Indebtedness secured by any Lien (as defined below) upon any Principal Property (as defined below) or shares of capital stock or indebtedness of any Restricted Subsidiary without securing the debt securities equally and ratably with all other Indebtedness secured by the Lien. This covenant has exceptions, which permit:

(1) Liens existing on the date of the senior debt indenture;

(2) Liens existing on any Principal Property owned or leased by a corporation at the time it becomes a Restricted Subsidiary;

(3) Liens existing on any Principal Property at the time of its acquisition by us or a Restricted Subsidiary, which Lien was not incurred in anticipation of such acquisition and was outstanding prior to such acquisition;

(4) Liens to secure any Indebtedness incurred prior to, at the time of, or within 12 months after the acquisition of any Principal Property for the purpose of financing all or any part of the purchase price thereof and any Lien to the extent that it secures Indebtedness which is in excess of such purchase price and for the payment of which recourse may be had only against such Principal Property;

(5) Liens to secure any Indebtedness incurred prior to, at the time of, or within 12 months after the completion of the construction and commencement of commercial operation, alteration, repair or improvement of any Principal Property for the purpose of financing all or any part of the cost thereof and any Lien to the extent that it secures Indebtedness which is in excess of that cost and for the payment of which recourse may be had only against the Principal Property;

(6) Liens in favor of us or any of our Restricted Subsidiaries;

(7) Liens in favor of the United States or any state or any other country, or any agency, instrumentality or political subdivision of any of the foregoing, to secure partial, progress, advance or other payments or performance pursuant to the provisions of any contract or statute, or to secure any Indebtedness incurred for the purpose of financing all or any part of the purchase price or the cost of constructing or improving the property subject to such Liens;

(8) Liens imposed by law, such as mechanics, workmen s, repairmen s, materialmen s, carriers, warehousemen s, vendors or other similar Liens arising in the ordinary course of business, or federal, state or municipal government Liens arising out of contracts for the sale of products or services by us or any Restricted Subsidiary, or deposits or pledges to obtain the release of any of the foregoing;

(9) Pledges or deposits under workmen s compensation laws or similar legislation and Liens of judgments thereunder which are not currently dischargeable, or good faith deposits in connection with bids, tenders, contracts (other than for the payment of money) or leases to which we or any Restricted Subsidiary is a party, or deposits to secure public or statutory obligations of us or any Restricted Subsidiary, or deposits in connection with bids, the benefits of any law, regulation or arrangement pertaining to unemployment insurance, old age pensions, social security or similar matters, or deposits of cash or obligations of the United States to secure surety, appeal or customs bonds to which we or any Restricted Subsidiary is a party, or deposits in litigation or other proceedings such as, but not limited to, interpleader proceedings;

(10) Liens in connection with legal proceedings being contested in good faith by appropriate proceedings, including liens arising out of judgments or awards against us or any Restricted Subsidiary, which judgments or awards are being appealed, and Liens incurred for the purpose of obtaining a stay order or discharge during a legal proceeding to which we or any Restricted Subsidiary is a party;

(11) Liens for taxes or assessments or governmental charges or levies not yet due or delinquent, or which can thereafter be paid without penalty, or which are being contested in good faith by appropriate proceedings;

(12) Liens consisting of easements, rights of way and restrictions on the use of real property, and defects in title, which do not (a) interfere materially with the use of the property covered thereby in the ordinary course of our or any Restricted Subsidiary s business or (b) materially detract from the property s value in our opinion; and

(13) Any extension, renewal or replacement (or successive extensions, renewals or replacements), in whole or in part, of any Lien referred to in the foregoing clauses (2) through (12) above, so long as the principal amount of the Indebtedness secured thereby does not exceed the principal amount of Indebtedness so secured at the time of the extension, renewal or replacement (except that, where an additional principal amount of Indebtedness is incurred to provide funds for the completion of a specific project, the additional principal amount, and any related financing costs, may be secured by the Lien as well) and the Lien is limited to the same property subject to the Lien so extended, renewed or replaced, plus improvements on the property.

Notwithstanding the foregoing, we and any one or more of our Restricted Subsidiaries may issue, assume or guarantee Indebtedness secured by a Lien that would otherwise be subject to the foregoing restrictions if at the time of incurrence (the Incurrence Time), the amount equal to the sum of:

the aggregate amount of the Indebtedness, plus

all of our other Indebtedness and the Indebtedness of our Restricted Subsidiaries secured by a Lien that would otherwise be subject to the foregoing restrictions (not including Indebtedness permitted to be secured under the foregoing restrictions), plus

the aggregate Attributable Debt (as defined below) determined as of the Incurrence Time of Sale and Leaseback Transactions (as defined below), other than Sale and Leaseback Transactions permitted as described under Restrictions on Sale and Leaseback Transactions below entered into after the date of the senior debt indenture and in existence at the Incurrence Time, less

the aggregate amount of proceeds of such Sale and Leaseback Transactions that have been applied as described under Restrictions on Sale and Leaseback Transactions below,

does not exceed 15% of our Consolidated Net Tangible Assets (as defined below).

Attributable Debt means, in respect of a Sale and Leaseback Transaction and as of any particular time, the present value of the obligation of the lessee thereunder for net rental payments during the remaining term of such lease, including any extensions. The present value of the obligation of the lessee is discounted at the rate of interest implicit in the terms of the lease involved in the Sale and Leaseback Transaction, as determined in good faith by us. Net rental payments exclude any amounts required to be paid by the lessee, whether or not designated as rent or additional rent, on account of maintenance and repairs, services, insurance, taxes, assessments, water rates or similar charges or any amounts required to be paid by the lessee, subject to monetary inflation or the amount of sales, maintenance and repairs, insurance, taxes, assessments, water rates or similar charges.

Consolidated Net Tangible Assets means the aggregate amount of assets after deducting the following:

(a) applicable reserves and other properly deductible items;

(b) all goodwill, trade names, trademarks, patents, unamortized debt discount and expense and other like intangibles; and

(c) all current liabilities, as reflected in our latest consolidated balance sheet contained in our most recent annual report on Form 10-K or quarterly report on Form 10-Q filed pursuant to the Exchange Act prio
