Item 8.01. Other Events

On January 20, 2011, Market Leader, Inc. (the Company) issued a press release announcing the acquisition of KWKLY, LLC (*kwkly*), a mobile software-as-a-service lead generation platform that provides home buyers with real-time access to property information on their Web-enabled phones, while at the same time connecting real estate professional customers of *kwkly* with those home buyers.

In connection with the transaction, the Company paid \$1.15 million in cash and stock. In addition, the Company entered into an employment agreement with the founder and sole owner of *kwkly* pursuant to which, among other things, the Company granted that individual stock options to purchase a total of 300,000 shares, of which a portion was vested as of the date of grant and the remaining portion vests over a two-year vesting period. The transaction closed on January 7, 2011. The addition of *kwkly*'s operations is expected to contribute modestly to the Company's revenue and EBITDA. The Company also expects to offer the *kwkly* service to Market Leader customers later this year.
