BSQUARE CORPORATION

PROXY STATEMENT FOR 2011 ANNUAL MEETING OF SHAREHOLDERS

PROCEDURAL MATTERS

General

The enclosed proxy is solicited by the Board of Directors of BSQUARE Corporation, a Washington corporation, for use at the 2011 Annual Meeting of Shareholders (the "Annual Meeting") to be held on Wednesday, June 8, 2011 at 10:00 a.m., local time, and at any adjournment thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Shareholders. The Annual Meeting will be held at the Company's principal executive offices at 110 110th Avenue NE, Suite 200, Bellevue, Washington 98004. The Company's telephone number at its principal executive offices is (425) 519-5900. As used in this proxy statement, we, us, our and the Company refer to BSQUARE Corporation.

These proxy solicitation materials were mailed on or about May 4, 2011 to all shareholders entitled to vote at the Annual Meeting.

Record Date and Outstanding Shares

Only shareholders of record at the close of business on April 22, 2011 (the "record date") are entitled to receive notice of and to vote at the Annual Meeting. The only outstanding voting securities of the Company are shares of common stock, no par value. As of the record date, 10,584,873 shares of our common stock were issued and outstanding, held by 144 shareholders of record.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time prior to its use by delivering to the Secretary of the Company, at the address referenced above, a written instrument revoking the proxy or delivering a duly executed proxy bearing a later date (in either case no later than the close of business on June 7, 2011) or by attending the Annual Meeting and voting in person.

Voting and Solicitation

Each holder of common stock is entitled to one vote for each share held.

This solicitation of proxies is made by our Board of Directors, and all related costs will be borne by the Company. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. Proxies may also be solicited by certain of our directors, officers or other employees (without additional consideration).

Shareholders of Record and Street Name Holders

Where shares are registered directly in the holder's name, that holder is considered the shareholder of record with respect to those shares. If shares are held in a stock brokerage account or held by a bank, trust or other nominee, then the broker, bank, trust or other nominee is considered to be the shareholder of record with respect to those shares. Those shares are said to be held in "street name" on behalf of the beneficial owner of the shares. Street name holders generally cannot vote their shares directly and must instead instruct the broker, bank, trust or other nominee how to vote their shares using the voting instruction form provided by that broker, bank, trust or other nominee.

Quorum; Abstentions; Broker Non-Votes

At the Annual Meeting, inspectors of election will determine the presence of a quorum and tabulate the results of the voting by shareholders. A quorum exists when holders of a majority of the total number of outstanding shares of common stock that are entitled to vote at the Annual Meeting are present at the Annual Meeting in person or by proxy. A quorum is necessary for the transaction of business at the Annual Meeting. Abstentions and broker non-votes will be included in determining the presence of a quorum at the Annual Meeting.

Broker non-votes may occur as to shares held in street name. Under the rules that govern brokers who have record ownership of shares that are held in street name for their clients, in the absence of instructions from the beneficial owner of those shares, brokers may vote those shares on behalf of their clients with respect to routine matters (such as the ratification of auditors), but not with respect to non-routine matters (such as the election of directors). If the proposals to be acted upon at any meeting include both routine and non-routine matters, the broker may turn in a proxy card for uninstructed shares that casts votes with respect to routine matters but not with respect to non-routine matters. The non-vote with respect to non-routine matters is called a broker non-vote.

With regard to Proposal No. 1, the nominee for election to the Board of Directors who receives the greatest number of votes cast for the election of the director by the shares present, in person or by proxy, will be elected to the Board of Directors and abstentions and broker non-votes will have no effect on the outcome. Shareholders are not entitled to cumulate votes in the election of directors.

The approval of Proposal No. 2, the ratification of the appointment of Moss Adams LLP as our independent registered public accounting firm, will require that the votes cast in favor of the proposal exceed the votes cast against the proposal, and abstentions and broker non-votes will have no effect on the outcome.

All shares entitled to vote and represented by properly executed, unrevoked proxies received prior to the Annual Meeting will be voted at the Annual Meeting in accordance with the instructions indicated on those proxies. If no instructions are indicated on a properly executed proxy, the shares represented by that proxy will be voted *for* the election of the Class II director nominated by the Governance and Nominating Committee of the Board of Directors and *for* the ratification of the appointment of Moss Adams LLP as our independent registered public accounting firm for the year ending December 31, 2011.

If any other matters are properly presented for consideration at the Annual Meeting, which may include, for example, a motion to adjourn the Annual Meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the persons named in the enclosed proxy and acting thereunder will have discretion to vote on those matters as they deem advisable. We do not currently anticipate that any other matters will be raised at the Annual Meeting.

Deadlines for Receipt of Shareholder Proposals

Shareholder proposals may be included in our proxy statement and form of proxy for an annual meeting so long as they are provided to us on a timely basis and satisfy the other conditions set forth in Rule 14a-8 under the Securities Exchange Act of 1934, as amended, regarding the inclusion of shareholder proposals in company-sponsored proxy materials. For a shareholder proposal to be considered pursuant to Rule 14a-8 for inclusion in our proxy statement and form of proxy for the annual meeting to be held in 2012, we must receive the proposal at our principal executive offices, addressed to the Secretary of the Company, no later than January 5, 2012. Submitting a shareholder proposal or director nomination does not guarantee that it will be included in the Company's proxy statement and form of proxy.

In addition, a shareholder proposal that is not intended for inclusion in the Company's proxy statement and form of proxy under Rule 14a-8 shall be considered timely within the provisions of our Bylaws and may be

brought before the 2012 annual meeting of shareholders provided that we receive information and notice of the proposal in compliance with the requirements set forth in our Bylaws, addressed to the Secretary of the Company at our principal executive offices, no later than March 10, 2012. A copy of the full text of our Bylaws may be obtained by writing to the Secretary of the Company at our principal executive offices.

We strongly encourage any shareholder interested in submitting a proposal to contact the Secretary of the Company in advance of these deadlines to discuss any proposal he or she is considering, and shareholders may want to consult knowledgeable counsel with regard to the detailed requirements of applicable securities laws. All notices of shareholder proposals, whether or not intended to be included in the Company's proxy materials, should be in writing and sent to our principal executive offices, located at: BSQUARE Corporation, 110 110th Avenue NE, Suite 200, Bellevue, Washington 98004, Attention: Secretary.

PROPOSAL ONE

ELECTION OF DIRECTORS

General

Our Articles of Incorporation provide that the Board of Directors has seven seats, divided into three classes, with each class having a three-year term. A director serves in office until his or her respective successor is duly elected and qualified unless the director is removed, resigns or, by reason of death or other cause, is unable to serve in the capacity of director. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of an equal number of directors. Set forth below is certain information furnished to us by the director nominee and by each of the incumbent directors whose terms will continue following the Annual Meeting. There are no family relationships between any of our directors or officers.

Nominee for Director

One Class II director is to be elected at the Annual Meeting for a three-year term ending in 2014. The Governance and Nominating Committee of the Board of Directors has nominated Brian T. Crowley for election as Class II director. Mr. Crowley is a current director and was most recently elected by the shareholders at the 2008 annual meeting. Donald B. Bibeault was also elected by the shareholders at the 2008 annual meeting as a Class II director. On April 12, 2011, Mr. Bibeault notified the Board of Directors that he did not intend to stand for reelection to the Board at the Annual Meeting. The Governance and Nominating Committee and the Board of Directors have decided to leave the Class II director position that was held by Mr. Bibeault vacant while the Board of Directors considers the selection of a new director.

Unless otherwise instructed, the proxy holders will vote the proxies received by them for the election of Mr. Crowley to the Board of Directors. Mr. Crowley has indicated that he will serve if elected. The Company does not anticipate that Mr. Crowley will be unable or unwilling to stand for election, but, if that occurs, all proxies received may be voted by the proxy holders for another person nominated by the Governance and Nominating Committee. As we have only named one nominee, proxies cannot be voted for more than one person.

Vote Required for Election of Director

If a quorum is present, the nominee for election to the Board of Directors receiving the greatest number of votes cast for the election of the director by the shares present, in person or by proxy, will be elected to the Board of Directors.

CORPORATE GOVERNANCE

Board of Directors Leadership Structure

The Board of Directors has adopted a structure whereby the Chairman of the Board is an independent director. We believe that having a Chairman independent of management provides effective leadership for the Board of Directors and helps ensure critical and independent thinking with respect to the Company's strategy and performance. Our Chief Executive Officer is also a member of the Board of Directors as the sole management representative on the Board of Directors. We believe this is important to make information and insight about the Company directly available to the directors in their deliberations. Our Board of Directors believes that separating the Chief Executive Officer and Chairman of the Board roles and also having the Chairman of the Board role represented by an independent director is the appropriate leadership structure for our Company at this time and demonstrates our commitment to good corporate governance.

Our Chairman of the Board is responsible for the smooth functioning of our Board of Directors, enhancing its effectiveness by guiding Board of Directors processes and presiding at Board of Directors meetings and executive sessions of the independent directors. Our Chairman also presides at shareholder meetings and ensures that directors receive appropriate information from our Company to fulfill their responsibilities. Our Chairman also acts as a liaison between our Board of Directors and our executive management, promoting clear and open communication between management and the Board of Directors.

Board of Directors Role in Risk Oversight

Our Board of Directors has responsibility for the oversight of risk management. Our Board, either as a whole or through its committees, regularly discusses with management our major risk exposures, their potential impact on our Company and the steps we take to manage them. While our Board is ultimately responsible for risk oversight at our Company, our Board committees assist the Board of Directors in fulfilling its oversight responsibilities in certain areas of risk. In particular, our Audit Committee focuses on financial and accounting risks. Our Governance and Nominating Committee focuses on the management of risks associated with Board organization, membership, structure and corporate governance. Finally, our Compensation Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to the management of risks arising from our compensation policies and programs and related to succession planning for our executive officers.

Board of Directors Independence

The Board of Directors has determined that, after consideration of all relevant factors, Messrs. Bibeault, Howse, Jurgensen, Land and Savoy and Ms. VanderMeulen, constituting a majority of our Board of Directors, qualify as independent directors as defined under applicable rules of The NASDAQ Stock Market LLC (Nasdaq) and that such directors do not have any relationship with the Company that would interfere with the exercise of their independent business judgment.

Standing Committees and Attendance

The Board of Directors held a total of eight meetings during 2010. The Board has an Audit Committee, a Compensation Committee, a Governance and Nominating Committee, an Investment Committee and an IPO Litigation Committee. Information about these committees and committee meetings is set forth below.

The Audit Committee currently consists of Messrs. Howse (Committee Chair), Jurgensen and Land. The Board of Directors has determined that, after consideration of all relevant factors, Messrs. Howse, Jurgensen and Land qualify as independent directors under applicable rules of Nasdaq and the Securities and Exchange Commission (SEC). Each member of the Audit Committee is able to read and understand fundamental financial statements, including our consolidated balance sheets, consolidated statements of operations and

consolidated statements of cash flows. Further, no member of the Audit Committee has participated in the preparation of our consolidated financial statements, or those of any current subsidiary of the Company, at any time during the past three years. The Board of Directors has designated Mr. Jurgensen as the audit committee financial expert as defined under applicable SEC rules and has determined that Mr. Jurgensen possesses the requisite financial sophistication under applicable Nasdaq rules. The Audit Committee is responsible for overseeing our independent auditors, including their selection, retention and compensation, reviewing and approving the scope of audit and other services by our independent auditors, reviewing the accounting principles, policies, judgments and assumptions used in the preparation of our financial statements and reviewing the results of our audits. The Audit Committee is also responsible for reviewing the adequacy and effectiveness of our internal controls and procedures, including risk management, establishing procedures regarding complaints concerning accounting or auditing matters, reviewing and, if appropriate, approving related-party transactions, and reviewing compliance with our Code of Business Conduct and Ethics. The Audit Committee held four meetings during 2010.

The Audit Committee operates under a written charter setting forth the functions and responsibilities of the committee, which is reviewed annually by the committee and amended by the Board of Directors as is determined to be necessary or desirable. A current copy of the Audit Committee charter is available on our website at www.bsquare.com on the Management and Governance page.

The Compensation Committee currently consists of Messrs. Jurgensen (Committee Chair) and Savoy. The Board of Directors has determined that, after consideration of all relevant factors, Messrs. Jurgensen and Savoy qualify as independent and non-employee directors under applicable Nasdaq and SEC rules, and qualify as outside directors pursuant to the Internal Revenue Code and the regulations promulgated thereunder. The Compensation Committee makes recommendations to the Board of Directors regarding the general compensation policies of the Company as well as the compensation plans and specific compensation levels for its executive officers. The Compensation Committee held three meetings during 2010.

The Compensation Committee has a number of functions and responsibilities as delineated in its written charter, which is reviewed annually by the committee and amended by the Board of Directors as is determined to be necessary or desirable. In March 2011 the Compensation Committee reviewed its charter and recommended certain amendments, which the Board of Directors approved on April 18, 2011. A current copy of the Compensation Committee charter is available on our website at www.bsquare.com on the Management and Governance page.

One of the primary responsibilities of the Compensation Committee is to oversee, and make recommendations to the Board of Directors for its approval of, the compensation programs and performance of our executive officers, which includes the following activities:

Establishing the objectives and philosophy of the executive compensation programs;

Designing and implementing the compensation programs;

Evaluating the performance of executives relative to their attainment of goals under the programs and reporting to the Board of Directors such evaluation information;

Evaluating the Company's succession plan for its Chief Executive Officer;

Calculating and establishing payouts and awards under the programs as well as discretionary payouts and awards;

Reviewing base salary levels of the executives; and

Engaging consultants from time to time, as appropriate, to assist with program design, benchmarking, etc.

Additional information regarding the roles and responsibilities of the Compensation Committee, as well as the role that our executive officers play in recommending compensation, is set forth below under Executive Officer Compensation.

The Compensation Committee also periodically reviews the compensation of the Board of Directors and proposes modifications, as necessary, to the full Board for its consideration.

The Governance and Nominating Committee currently consists of Ms. VanderMeulen (Committee Chair) and Messrs. Land and Savoy. The Board of Directors has determined that, after consideration of all relevant factors, Ms. VanderMeulen and Messrs. Land and Savoy qualify as independent directors under applicable Nasdaq rules. The Governance and Nominating Committee met twice in 2010.

The Governance and Nominating Committee operates under a written charter setting forth the functions and responsibilities of the committee, which is reviewed annually by the committee and amended by the Board of Directors as is determined to be necessary or desirable. In March 2011 the Governance and Nominating Committee reviewed its charter and recommended certain amendments, which the Board of Directors approved on April 18, 2011. A current copy of the Governance and Nominating Committee charter is available on our website at www.bsquare.com on the Management and Governance page.

The primary responsibilities of the Governance and Nominating Committee are to:

Develop and recommend to the Board of Directors criteria for selecting qualified director candidates;

Identify individuals qualified to become Board members;

Evaluate and select director nominees for each election of directors;

Consider the committee structure of the Board of Directors and the qualifications, appointment and removal of committee members;

Recommend codes of conduct and codes of ethics applicable to the Company; and

Provide oversight in the evaluation of the Board of Directors and each committee.

The Investment Committee was formed in February 2009 as an advisory committee to assist the Board of Directors in exercising its oversight of the Company's cash and investments policies. During 2010, the Investment Committee consisted of Messrs. Savoy (Committee Chair) and Howse and held two meetings.

The IPO Litigation Committee currently consists of Messrs. Jurgensen and Howse. As disclosed in the Company's periodic reports filed with the SEC, the Company and certain of our current and former officers and directors were named as defendants in a consolidated class action lawsuit alleging violations of the federal securities laws in connection with the Company's initial public offering in 1999. In May 2003, the Board of Directors established a special IPO Litigation Committee consisting of Messrs. Jurgensen and Howse, neither of whom was a defendant in the class action litigation. The IPO Litigation Committee has the sole authority to review any proposed agreement to settle the class action litigation on behalf of the Company and to decide whether or not the Company should enter into or reject any proposed settlement. In 2009, the IPO Litigation Committee reviewed and approved a proposed settlement of the litigation. This settlement was entered into, and on October 5, 2009, the district court granted final approval of the settlement. However, the settlement is subject to pending appeals. The IPO Litigation Committee did not hold any meetings during 2010.

No director attended fewer than 75% of the aggregate of the meetings of the Board of Directors and committees thereof, if any, upon which such director served during the period for which he has been a director or committee member during 2010.

Director Nomination Process

The Board of Directors has determined that director nomination responsibilities should be handled by the Governance and Nominating Committee (the Committee). One of the Committee's goals is to assemble a

Board that brings to the Company a variety of perspectives and skills derived from high quality business and professional experience. Although the Committee and the Board of Directors do not have a formal diversity policy, the Board of Directors instructed the Committee to consider such factors as it deems appropriate to develop a Board and committees that are diverse in nature and comprised of experienced and seasoned advisors. Factors considered by the Committee include judgment, knowledge, skill, diversity (including factors such as race, gender and experience), integrity, experience with businesses and other organizations of comparable size, including experience in software products and services, business, finance, administration or public service, the relevance of a candidate's experience to the needs of the Company and experience of other Board members, familiarity with national and international business matters, experience with accounting rules and practices, the desire to balance the considerable benefit of continuity with the periodic injection of the fresh perspective provided by new members, and the extent to which a candidate would be a desirable addition to the Board of Directors and any committees of the Board of Directors. In addition, directors are expected to be able to exercise their best business judgment when acting on behalf of the Company and its shareholders, act ethically at all times and adhere to the applicable provisions of the Company's Code of Business Conduct and Ethics. Other than consideration of the foregoing and applicable SEC and Nasdaq requirements, unless determined otherwise by the Committee, there are no stated minimum criteria, qualities or skills for director nominees, although the Committee may also consider such other factors as it may deem are in the best interests of the Company and its shareholders, and provided that at least one member of the Board of Directors serving on the Audit Committee should meet the criteria for an audit committee financial expert having the requisite financial sophistication under applicable Nasdaq and SEC rules, and a majority of the members of the Board of Directors should meet the definition of independent director under applicable Nasdaq rules.

The Committee identifies director nominees by first evaluating the current members of the Board of Directors willing to continue in service. Current members of the Board of Directors with skills and experience that are relevant to the Company's business and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the Board of Directors with that of obtaining a new perspective. The Committee also takes into account an incumbent director's performance as a Board member. If any member of the Board of Directors does not wish to continue in service, if the Committee decides not to re-nominate a member for reelection, or if the Board of Directors decides to recommend that the size of the Board of Directors be increased, the Committee identifies the desired skills and experience of a new nominee in light of the criteria described above. Current members of the Board of Directors and management are polled for suggestions as to individuals meeting the Committee's criteria. Research may also be performed to identify qualified individuals. Nominees for director are selected by a majority of the members of the Committee, with any current directors who may be nominees themselves abstaining from any vote relating to their own nomination.

It is the policy of the Committee to consider suggestions for persons to be nominated for director that are submitted by shareholders. The Committee will evaluate shareholder suggestions for director nominees in the same manner as it evaluates suggestions for director nominees made by management, then-current directors or other appropriate sources. Shareholders suggesting persons as director nominees should send information about a proposed nominee to the Secretary of the Company at our principal executive offices as referenced above at least 120 days prior to the anniversary of the mailing date of the prior year's proxy statement. This information should be in writing and should include a signed statement by the proposed nominee that he or she is willing to serve as a director of the Company, a description of the proposed nominee's relationship to the shareholder and any information that the shareholder feels will fully inform the Committee about the proposed nominee and his or her qualifications. The Committee may request further information from the proposed nominee and the shareholder making the recommendation. In addition, a shareholder may nominate one or more persons for election as a director at our annual meeting of shareholders if the shareholder complies with the notice, information, consent and other provisions relating to shareholder nominees contained in our Bylaws. Please see the section above titled "Deadlines for Receipt of Shareholder Proposals" for important information regarding shareholder proposals.

Code of Ethics

We have adopted a Code of Business Conduct and Ethics in compliance with the applicable rules of the SEC that applies to our principal executive officer, our principal financial officer and our principal accounting officer or controller, or persons performing similar functions, as well as to all members of the Board of Directors and all other employees of the Company. A copy of this policy is available on the Management and Governance page on our website at www.bsquare.com or free of charge upon written request to the attention of the Secretary of the Company, by regular mail at our principal executive offices, email to investorrelations@bsquare.com, or facsimile at 425-519-5998. We will disclose, on our website, any amendment to, or a waiver from, a provision of our Code of Business Conduct and Ethics that applies to our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions and that relates to any element of the Code of Business Conduct and Ethics enumerated in applicable rules of the SEC. There were no such amendments to, or waivers from, a provision of our Code of Business Conduct and Ethics during 2010.

2010 Director Compensation

We have established a compensation plan to attract and retain qualified non-employee directors to serve on our Board of Directors. This plan includes cash and stock awards for directors for service on the Board of Directors and on committees. Directors receive a one-time grant of 25,000 stock options when joining the board and quarterly grants of 1,500 shares of restricted stock. The Chairman of the Board receives a one-time grant of 50,000 stock options when joining the board and quarterly grants of 3,000 shares of restricted stock. The Company pays annual cash fees of \$20,000 to directors who do not serve on any of the primary committees (the Audit Committee, the Governance and Nominating Committee and the Compensation Committee), \$25,000 to directors who serve on the Governance and Nominating Committee or the Compensation Committee, and \$30,000 to directors who serve on the Audit Committee. Directors who serve on more than one of these primary committees earn additional annual cash fees of \$5,000, but no additional amounts are paid if a director serves on more than two of these committees. All amounts are payable in quarterly increments. Directors are also reimbursed for reasonable expenses incurred in attending Board of Directors and committee meetings. The Chairman of the Board receives an additional \$10,000 in annual cash fees, payable in quarterly increments. Mr. Crowley, our President and Chief Executive Officer and a member of our Board of Directors, does not receive additional compensation for services provided as a director.

The following table presents the 2010 compensation of our non-employee directors. The compensation of Mr. Crowley is described in the Summary Compensation Table in the section titled Executive Officer Compensation.

This allowance, which is currently \$1,800 per year, is now being included in All Other Compensation for both years shown in the table.

Employment Agreements with Named Executive Officers

We have agreements with our named executive officers, which include provisions regarding post-termination compensation. We do not have a formal severance policy or plan applicable to our executive officers as a group. Under the agreements with Mr. Crowley and Mr. Mahan, if either officer is terminated without cause (as defined in the applicable agreement, subject to certain exceptions), they will receive termination payments equal to six months of their annual base salary, paid on our normal payroll schedule. In addition, the equity awards held by Mr. Crowley and Mr. Mahan would continue to vest post-termination over the period during which they receive these termination payments. Mr. Crowley and Mr. Mahan are entitled to these termination payments provided they enter into a separation and release agreement acceptable to the Company which includes, among other things, non-solicitation and non-competition provisions that apply for a period of twelve months following termination and an obligation to protect the property of the Company, including intellectual property.

Mr. McMillan joined our Company as Vice President of Worldwide Sales and Marketing in February 2010. Under the employment agreement with Mr. McMillan, if he is terminated when neither cause nor long-term disability exists (as defined in the agreement, subject to certain exceptions) and provided that he enters into a release of any employment-related claims acceptable to the Company, he will receive termination payments equal to four months of his annual base salary, paid on our normal payroll schedule. However, if we give Mr. McMillan at least one full month's advance notice of termination, these termination payments will be reduced by one month's salary for each full month of advance notice given. In addition, the equity awards held by Mr. McMillan would continue to vest post-termination for 120 days from the termination date.

No other benefits accrue to the named executive officers under their severance arrangements (such as continuation of medical benefits) under their current employment contracts. The incentive compensation plan applicable to Mr. McMillan for 2010 (as described below under "Incentive Plan Compensation - Incentive Sales Compensation Plan," and which is subject to change on a quarterly basis), provide that with respect to monthly sales commissions, he will receive payment for invoices generated prior to termination, and with respect to quarterly bonuses based on sales quotas, he must be employed on the last day of a quarter to be eligible for bonus amounts with respect to that quarter.

The agreements with our named executive officers govern the termination of the officer by the Company; they do not address termination by an acquiring company of a named executive officer after a change in control of the Company. There are no individual change-in-control agreements in effect with any of our named executive officers. The terms of our Third Amended and Restated Stock Plan (the "Stock Plan") do not specifically provide for accelerated vesting of equity awards for participants in the event of a change in control. Instead, the Stock Plan provides that individual equity award agreements may provide for accelerated vesting in connection with certain transactions defined in the Stock Plan (including certain change-in-control transactions). No currently outstanding equity award agreement provides for such acceleration of vesting. In addition, the Stock Plan provides that the Board of Directors may elect to accelerate vesting for any Stock Plan participant at such times and in such amounts as the Board of Directors determines. Any change in control agreement with an executive officer, should it be deemed necessary, would require approval by the Compensation Committee and the Board of Directors.

Determination of Compensation

Total Compensation

For purposes of evaluating executive officer total compensation including base salary, discretionary bonus, equity awards and incentive compensation, the Compensation Committee primarily considers two factors:

Benchmark data: Historically, the Compensation Committee has engaged a compensation consultant on an annual basis to compare our executive compensation program with those of public companies in the Pacific Northwest with revenue of less than \$100 million. A consultant was not engaged by the Compensation Committee with respect to the determination of 2009 or 2010 compensation for the reasons noted below.

Company and individual-specific factors: In addition to considering compensation levels of executives at similarly sized regional public companies, the Compensation Committee, in conjunction with the Chief Executive Officer, reviews the Company's financial performance objectives as well as non-financial performance objectives applicable to each executive (other than the Chief Executive Officer). The Company's financial performance objectives are determined through collaboration with the Chief Executive Officer, the Board of Directors and the Compensation Committee. The non-financial performance objectives applicable to each executive officer (other than the Chief Executive Officer) are determined in collaboration with the Chief Executive Officer, the executive officer and the Compensation Committee. The Compensation Committee, without input from the Chief Executive Officer, determines the financial and non-financial performance objectives applicable to the

Chief Executive Officer. These objectives and associated awards are governed by the AEBP with respect to Mr. Crowley, Mr. Mahan, and other executive officers who are not members of the sales team, and are governed by a non-equity incentive sales compensation plan with respect to Mr. McMillan. These incentive plans are described below under Incentive Plan Compensation.

Base Salary and Discretionary Bonus

The Compensation Committee's goal is to provide a competitive base salary for our executive officers. The Compensation Committee has not established any formal guidelines for purposes of setting base salaries (such as payment at a particular percentile of the benchmark group), but instead considers the benchmark data along with the Company's performance and the individual's performance and experience in determining what represents a competitive salary. The Compensation Committee also considers these factors in its recommendations to the Board of Directors regarding whether and in what amounts to award discretionary cash bonuses, apart from cash awards that may be provided for under incentive plans.

With respect to both 2009 and 2010, in response to overall economic conditions and a need for the Company to proactively manage expenses, our Chief Executive Officer, in conjunction with the Compensation Committee and the Board of Directors, determined that executive salaries would not be changed. The Compensation Committee and the Board of Directors also determined that the Chief Executive Officer's salary would not be changed with respect to 2009 or 2010 for the same reasons. The annual base salaries set forth below with respect to Mr. Crowley and Mr. Mahan have therefore been in effect since March 2008. Mr. McMillan joined the Company in February 2010.

The following table presents the current annual base salaries of our named executive officers:

Name	Annual Base Salary
Brian T. Crowley	\$ 270,000
Scott C. Mahan	\$ 208,000
Mark E. McMillan	\$ 160,000

Equity Awards

Longer-term incentives in the form of grants of stock options, restricted stock, restricted stock units and other forms of equity instruments to executive officers are governed by the Stock Plan and are made both under incentive plans and outside of those plans.

The Compensation Committee recommends grants and awards of stock options and other forms of equity instruments given to our executive officers under the Stock Plan. Grants and awards recommended by the Compensation Committee are then submitted to the Board of Directors for approval. Stock options have historically been granted at the time of hire of an executive officer. Further, the Compensation Committee periodically reviews the equity ownership of the executive officers and may recommend to the Board of Directors additional awards of equity instruments under the Stock Plan based on a number of factors, including benchmark data, Company performance and individual performance, the vested status of currently outstanding equity awards, the executive's equity ownership in relation to the other executives and other factors. The Compensation Committee maintains no formal guidelines for these periodic reviews. Stock options are awarded with exercise prices equal to the closing market price per share of our common stock on the grant date.

On February 22, 2010, in connection with his engagement as our Vice President, Worldwide Sales and Marketing, we granted to Mr. McMillan a stock option to purchase up to 50,000 shares of our common stock at an exercise price of \$2.34 per share, which option vests quarterly in equal annual installments over a four-year period.

Our named executive officers also participate in incentive compensation programs. Mr. Crowley and Mr. Mahan, as well as other executive officers of the Company who are not members of the sales team, participate in the Annual Executive Bonus Program, while Mr. McMillan, as our Vice President, Worldwide Sales and Marketing, participates in a non-equity incentive sales compensation plan.

Incentive Plan Compensation

Annual Executive Bonus Program

The objectives of the AEBP are to:

Encourage and reward individual and corporate performance;

Seek alignment of executive officers' compensation with shareholder interests on both a short-term and long-term basis; and

Attract and retain highly-qualified executives.

The AEBP, under which executive officers have the potential to earn awards of cash and restricted stock units, is maintained in collaboration among the Compensation Committee, the Board of Directors and the Chief Executive Officer. Payment under the AEBP is contingent on the achievement of an adjusted annual net income target for the Company and the achievement of individual objectives set for the executive. Individual objectives may be related to achievements such as growing revenue streams, developing successful new products, maintaining low involuntary employee turnover and improving infrastructure to enhance business velocity.

The amount of bonus earned under the AEBP is determined by the following formula, the elements of which are described below:

$$\text{Bonus Amount} = \text{Base Salary} * \text{Target Bonus Opportunity} * \text{Company Achievement Multiplier (50\% to 150\%)} * \text{Individual Achievement Multipliers (0\% to 100\%)}$$

Target Bonus Opportunity. The Target Bonus Opportunity for each executive officer is set as a percentage of base salary. The philosophy used by the Compensation Committee in setting the Target Bonus Opportunity is similar to that used in setting base salaries for the executive officers, including consideration of the benchmark data described previously, among other things.

The 2010 Target Bonus Opportunity percentages were as follows:

Title	Target Bonus Opportunity
Chief Executive Officer	65%
Chief Financial Officer	45%
Vice President	35%

Company Achievement Multiplier. The Compensation Committee, in conjunction with the Chief Executive Officer and Board of Directors, determines the threshold financial measures that the Company must meet in order for executives to earn bonuses under the AEBP. Because reported net income contains equity-based compensation expense, and because the actual amount of compensation expense is variable based on factors largely out of the control of the executive team, the Compensation Committee has decided that net income with equity-based expense added back, or adjusted net income, will be used as the primary measure for achievement in the AEBP. Additionally, because it is not possible to accurately forecast the amount of executive bonuses earned at the start of the year, and because executive bonuses are not included in the Company's annual budget, adjusted net income excludes any executive bonus expense. The Compensation Committee also has discretion to make other adjustments based on particular facts and circumstances that may arise. The Compensation Committee has set three adjusted net income targets:

Bonus Trigger: This is the amount of adjusted net income that the Company must earn in order for any AEBP bonuses to be paid. Once adjusted net income reaches this amount, the Company Achievement Multiplier is set at 50%.

Bonus Target: This is the target adjusted net income level at which the Company Achievement Multiplier is set at 100%. This number corresponds to the net income number set forth in the 2010 budget that is formally approved by the Board of Directors, with any 2010 equity-based compensation expense estimate added back.

Bonus Cap: This is the adjusted net income level at which the Company Achievement Multiplier will cap at 150%.

If the Company does not achieve the Bonus Trigger, then the Company Achievement Multiplier is set at 0%, and no bonuses are paid under the AEBP.

When adjusted net income falls between the Bonus Trigger and the Bonus Target, the Company Achievement Multiplier will be prorated from 50% to 100%. When adjusted net income falls between the Bonus Target and the Bonus Cap, the Company Achievement Multiplier will be prorated from 100% to 150%. If adjusted net income is greater than the Bonus Cap, the Company Achievement Multiplier will remain capped at 150%.

For 2010, the financial targets for the Company Achievement Multiplier were as follows:

Description	Adjusted Net Income		Bonus Percentage
	Minimum	Maximum	
Below Trigger	\$ 0	\$ 2,473,000	0%
Trigger to Target	\$ 2,473,000	\$ 3,440,000	50% to 100% pro rated
Target	\$ 3,440,000	\$ 3,440,000	100%
Above Target	\$ 3,440,000	\$ 4,373,000	100% to 150% pro rated
	\$ 4,373,000	and above	capped at 150%

Individual Achievement Multiplier. Each executive other than the Chief Executive Officer is assigned objectives by the Chief Executive Officer. The Compensation Committee in conjunction with the Board of Directors determines the Chief Executive Officer's objectives. Objectives for executives other than the Chief Executive Officer may be modified by the Chief Executive Officer during the year in order to suit current business conditions. Objectives are meant to provide guidance and incentive for each executive in the day to day operation of a particular business function.

Each objective carries a particular weighting, with the sum of all objective weightings adding up to 100%.

At the end of the year, the Chief Executive Officer reviews each objective with the particular executive, and determines if the objective was achieved (0% or 100%), or in the case of a prorated objective, what percentage of the objective was achieved. The Chief Executive Officer's determination is reviewed by the Compensation Committee. The Compensation Committee reviews the Chief Executive Officer's achievement of objectives.

The Individual Achievement Multiplier is then determined by multiplying the achievement level of each objective by the assigned weighting for that objective. The results for all objectives are then added together to form the Individual Achievement Multiplier.

For example, if an executive had four objectives, each weighted at 25%, the Individual Achievement Multiplier would be determined as follows:

$$\text{Individual Achievement Multiplier} = (\text{Objective 1 Achievement \%} * 25\%) + (\text{Objective 2 Achievement \%} * 25\%) + (\text{Objective 3 Achievement \%} * 25\%) + (\text{Objective 4 Achievement \%} * 25\%)$$

As noted above, the objective achievement percentage for pass/fail objectives will be 0% or 100%. For prorated objectives, the objective achievement percentage will be prorated between 0% and 100%, inclusive.

Payment of Bonuses. When an executive earns a bonus under the AEBP, the mix of consideration is dependent on the amount of bonus earned. The amount of the bonus which is up to or equal to 35% of the executive's base salary (or prorated base salary if the executive was not with us for the full year) is paid in cash, with the remainder paid in the form of restricted stock units which vest over two years in four equal installments semiannually on the last day of July and December of the two years following the year as to which the bonus is payable (2011 and 2012 with respect to 2010 compensation). The number of restricted stock units in the grant is determined by dividing the non-cash portion of the bonus by the closing price of our common stock on the date of grant.

Generally, the Compensation Committee and Chief Executive Officer will attempt to complete bonus calculations as quickly as possible once the fiscal year ends and our finance team has delivered a stable view of adjusted net income for the year. Once the bonus calculations are complete, they must be presented to and approved by the Board of Directors. If restricted stock units are to be awarded to executives, the grant date will be the date that the AEBP awards are approved by the Board of Directors.

Executives must be employed by us at the end of the measurement year in order to be eligible for a bonus. If an executive leaves the employ of the Company before previously awarded restricted stock units have fully vested, any unvested units will be forfeited.

Computation of 2010 Bonus Amounts.

In 2010, our adjusted net income exceeded the Bonus Cap, and the Company Achievement Multiplier was therefore 150%.

The 2010 Individual Achievement Multipliers for Mr. Crowley and Mr. Mahan were 90% and 93.75%, respectively, determined by their assessed achievement of equally-weighted individual objectives. Mr. Crowley's objectives were (i) achievement of revenue and gross profit targets with demonstration of appropriate cost controls, (ii) completion of a strategic plan for the Company, and (iii) implementation of a system to institutionalize idea generation; and Mr. Mahan's goals were (i) development of a sales acceleration plan, (ii) development and implementation of tax planning strategies, (iii) advancement of the Company's investor relations program and (iv) execution within approved budgets.

As such, the bonus amounts for Mr. Crowley and Mr. Mahan were as follows:

Mr. Crowley: $\$270,000 * 60% * 150% * 90% = \$218,700$

Mr. Mahan: $\$208,000 * 45% * 150% * 93.75% = \$131,625$

Of these amounts, \$94,500 and \$72,800 were paid in cash to Mr. Crowley and Mr. Mahan, respectively, representing 35% of their respective base salaries for 2010. The remainder as to each was paid in restricted stock units. The date of grant of these restricted stock units was February 23, 2011, and the closing price of our common stock on that day was \$11.83. As such, Mr. Crowley received a grant of 10,498 restricted stock units, and Mr. Mahan received 4,972 restricted stock units.

Incentive Sales Compensation Plan

Sales executives participate in non-equity incentive compensation plans with provisions tailored to the particular individual. The terms of these plans, including the 2010 plan applicable to Mr. McMillan, are determined by agreement with the sales executive each year with respect to a particular year's incentive

compensation, but with terms that are subject to change each quarter. The plan applicable to Mr. McMillan for 2010 provided for commissions and bonuses based on Company performance, including percentage commissions on worldwide revenue and worldwide gross profit from particular business lines, and bonuses of fixed dollar amounts payable quarterly based on achievement of revenue and gross profit quotas for those business lines. Percentage commissions based on revenue ranged from 0.18% of revenue to 1.01% of revenue depending on the business line. There are no minimum or maximum amounts payable; percentage commissions depend entirely on the Company's level of achievement with respect to the particular revenue and gross profit measures, while quarterly bonuses are either earned or missed according to whether the particular Company performance quota is met. The plan for 2010 did not include any individual performance criteria, as distinguished from Company performance criteria.

Special 2010 RSU Grants

In August 2010 the Compensation Committee recommended, and the Board of Directors approved, a grant of restricted stock units to certain of our executive officers, the vesting of which was contingent upon our achievement of an adjusted net income target of \$3.44 million for 2010. The awards to our named executive officers were in the amounts of 50,000 restricted stock units to Mr. Crowley, and 25,000 restricted stock units to each of Messrs. Mahan and McMillan. These grants were subject to forfeiture in full if the target was not met, and otherwise vest in two equal installments, the first on the date the Compensation Committee determined that the target had been met (which occurred on February 22, 2011) and the second on December 31, 2011.

Other Compensation and Perquisites

Executives are eligible to participate in standard benefit plans available to all employees including the Company's 401(k) retirement plan, medical, dental, disability, vacation and sick leave and life and accident insurance. The same terms apply to all employees for these benefits except where the value of the benefit may be greater for executives due to the fact that they are more highly compensated than most other employees (e.g., disability benefits). However, all executive officers receive a phone allowance of \$1,800 per year, as do other employees whose job responsibility requires them to be on call. The individuals receiving the allowance are not reimbursed for normal cell phone usage. We provide no pension or deferred compensation benefits to our executive officers. We do not currently have in place any tax gross-up arrangements with our executives.

Employee Benefit Plans*Equity Compensation Plan Information*

The following table presents certain information regarding our common stock that may be issued upon the exercise of options and vesting of restricted stock units granted to employees, consultants or directors as of December 31, 2010:

	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)

(1) Amount includes 346,776 restricted stock units granted and unvested as of December 31, 2010.

(2) The Stock Plan provides for an automatic annual increase in the number of shares reserved for issuance by an amount equal to the lesser of: (i) four percent of our outstanding shares at the end of the previous fiscal year, (ii) an amount determined by our Board of Directors, or (iii) 375,000 shares. In February 2011, the number of shares reserved for issuance under the Stock Plan was increased by 375,000 per these terms. The number of securities reflected above in column (c) does not reflect this increase.

Stock Plan

Under the terms of the Stock Plan, we have granted options to purchase common stock to our officers, directors, employees and consultants. Under the terms of the Stock Plan, we also have the ability to issue restricted stock, restricted stock units and certain other equity-based compensation to our officers, directors, employees and consultants. We awarded restricted stock to our directors in 2010. We also awarded restricted stock units to certain employees in 2010.

401(k) Plan

We maintain a tax-qualified 401(k) employee savings and retirement plan for eligible U.S. employees. Eligible employees may elect to defer a percentage of their eligible compensation in the 401(k) plan, subject to the statutorily prescribed annual limit. We may make matching contributions on behalf of all participants in the 401(k) plan in the amount equal to one-half of the first 6% of an employee's contributions. Matching contributions are subject to a vesting schedule; all other contributions are fully vested at all times. We intend the 401(k) plan to qualify under Sections 401(k) and 501 of the Internal Revenue Code of 1986, as amended, so that contributions by employees or the Company to the 401(k) plan and income earned, if any, on plan contributions are not taxable to employees until withdrawn from the 401(k) plan (except as regards Roth contributions), and so that we will be able to deduct our contributions when made. The trustee of the 401(k) plan, at the direction of each participant, invests the assets of the 401(k) plan in any of a number of investment options.

In February 2009, all matching contributions by the Company in the 401(k) plan were suspended in response to overall economic conditions and a need for the Company to proactively manage expenses. In light of improved conditions in the overall economy and in our business, we resumed matching contributions as of August 20, 2010.

Beneficial ownership is determined in accordance with the rules of the SEC. The number of shares listed below under the heading "Amount and Nature of Beneficial Ownership" is the aggregate beneficial ownership for each shareholder and includes:

restricted stock awards;

currently vested options; and

stock options and restricted stock units that are not currently vested but will become vested within 60 days of March 31, 2011.

Deemed Outstanding Shares) and are also separately listed below under the heading "Number of Shares Underlying Options and RSUs." For purposes of calculating the number of shares beneficially owned by a shareholder, director or executive officer and resulting percentage ownership, the Deemed Outstanding Shares are not treated as outstanding for the purpose of computing the percentage ownership of common stock outstanding of any other person.

This table is based on information supplied by officers, directors, principal shareholders and filings made with the SEC. Percentage ownership is based on 10,565,623 shares of common stock outstanding as of March 31, 2011.
