**Item 1.01 Entry into a Material Definitive Agreement**

On July 11, 2011, Choice Hotels International Services Corp., a wholly-owned subsidiary of Choice Hotels International, Inc. (the Company), as tenant, and F.P. Rockville II Limited Partnership (the Landlord), as landlord, executed an Office Lease (the Lease) for office space to which the Company intends to relocate its corporate headquarters. The obligations of the tenant under the Lease have been guaranteed by the Company. The relocation is expected to occur upon construction of an office building, completion of other improvements to the property and building, and satisfaction of other conditions and contingencies set forth in the Lease, including significant conditions related to the scope and timing of the construction, development and permitting of the office building.

The target commencement date for the Lease, which is the date on which the Company will take occupancy of its leased premises for purposes of commencing an interior fit-out of the premises, is December 1, 2012. The target rent commencement date for the Lease, which is the date on which the Company will begin to make rental payments to the Landlord under the Lease, is June 1, 2013. The Lease runs for an initial term of 10 years from the rent commencement date. The leased premises will consist of approximately 138,000 square feet of office space in a to-be constructed office building located in Rockville, Maryland (the Building). The Company has an option to extend the Lease beyond the initial term for up to 15 years at then-current fair market rent.

No rent is due under the Lease until the rent commencement date, which is currently targeted to occur on or about June 1, 2013. Thereafter, the annual rent is established at a specific minimum amount and is re-set to a new minimum amount each year. Subject to one or more applicable adjustments set forth in the Lease, the Company's minimum annual rent amount during the initial term ranges from approximately \$5.5 million during the initial year to approximately \$7.6 million during the final year. During the initial 10-year term of the Lease, the minimum expected rent payments by the Company are expected to be approximately \$67 million. In addition, beginning on or about the first anniversary of the rent commencement date, the Company is obligated to pay its proportionate share of the cost of operating, policing, managing, maintaining and repairing the Building.

Subject to the Company maintaining leased premises of at least 125,000 square feet, the Company has the right to contract the leased premises by between 5,000 and 25,000 square feet at the completion of the fifth year after the rent commencement date upon payment to the Landlord of a termination fee based on the value of six months of rental and other required payments under the Lease related to the contracted space.

The Company also has the right to expand the leased premises by: (1) up to approximately 23,000 square feet prior to June 1, 2012; and (2) up to approximately 11,500 square feet within the first six months after the rent commencement date; and (3) between 8,000 and 12,000 square feet within the first fifty-seven months after the rent commencement date; and (4) between 8,000 and 12,000 square feet within the first one-hundred seventeen months after the rent commencement date (but only if the Company has exercised its right to extend the term of the Lease beyond the initial 10-year term).
