Item 1.01. Entry into a Material Definitive Agreement.

On November 22, 2011, Oceaneering AS, a Norwegian limited liability company and a wholly owned subsidiary of Oceaneering International, Inc., a Delaware corporation (collectively, "Oceaneering") entered into a definitive share purchase agreement with AGR Group ASA, a Norwegian company, and Fieldco Invest AS, a Norwegian company (together, the "Sellers"), to acquire from the Sellers all the outstanding equity interests in AGR Field Operations Holdings AS, a Norwegian company ("AGR Field Operations"). AGR Field Operations, through its subsidiaries, provides inspection, maintenance, subsea engineering and field operations services, principally to the oil and gas industry in regions offshore Norway and Australia.

The expected purchase price for all of the outstanding equity interests in AGR Field Operations (including indebtedness of the acquired businesses to be retired immediately following the closing) is approximately 1.365 billion Norwegian Kroner (approximately \$240 million), which will be payable in cash at the time of the closing of the transaction. The closing is currently expected to occur before the end of 2011. Oceaneering intends to finance the acquisition with a combination of cash on hand and funds available under its revolving credit facility.

The Sellers and Oceaneering have made customary representations, warranties and covenants in the share purchase agreement and the completion of the acquisition is subject to the satisfaction or waiver of customary conditions, including receipt of all applicable consents and approvals. The acquisition transaction is subject to termination by either the Sellers or Oceaneering for various reasons, including their mutual written consent.

A copy of the press release issued to announce the execution of the share purchase agreement is included as Exhibit 99.1 to this Current Report on Form 8-K and incorporated herein by reference.
