INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Q: Why did you send me this Notice of Internet Availability of Proxy Materials?

A: We sent you the Notice of Internet Availability of Proxy Materials because the Board of Directors of the Company (the Board or the Board) is soliciting your proxy to vote at the 2012 Annual Meeting of Shareholders (the Annual Meeting). The Annual Meeting will be held at the Meydenbauer Center, 11100 NE 6th Street, Bellevue, Washington 98004 on June 7, 2012, at 9:00 a.m.

This Proxy Statement summarizes the information regarding the matters to be voted upon at the Annual Meeting. You do not need to attend the Annual Meeting, however, to vote your shares. You may simply vote your shares by telephone or over the Internet in accordance with the instructions contained on the proxy card or print, complete, sign, and return the proxy card.

On April 17, 2012 there were 17,025,237 shares of common stock of the Company outstanding. If you owned shares of our common stock at the close of business on the record date, you are entitled to one vote for each share of common stock you owned as of that date. We made this Proxy Statement available on or about April 26, 2012 to all shareholders entitled to vote their shares at the Annual Meeting. All share-related information in this Proxy Statement has been adjusted for the 1-for-8 reverse stock split, which became effective February 17, 2012.

Q: How many votes do I have?

A: You have one vote for each share of common stock that you owned on the record date. The proxy card will indicate the number of shares.

Q: How do I vote by proxy?

A: If you properly cast your vote by either by voting your proxy by telephone or via the Internet or executing and returning the proxy card, and your vote is not subsequently revoked by you, your vote will be voted in accordance with your instructions. If you sign the proxy card but do not make specific choices, your proxy will vote your shares as recommended by the Board as follows:

FOR the election of each of the nominees for director;

FOR the proposed amendment to the 2006 MicroVision, Inc. Incentive Plan;

FOR ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm. If any other matter is presented, your proxy will vote in accordance with his best judgment. At the time we printed this Proxy Statement, we knew of no matters that needed to be acted on at the Annual Meeting other than those discussed in this Proxy Statement.

Q: May my broker vote for me?

A: Under the rules of the Financial Industry Regulatory Authority, if your broker holds your shares in its street name, the broker may vote your shares on routine matters even if it does not receive instructions from you. At the Annual Meeting your broker may, without instructions from you, vote on Proposal 3, but not on any of the other proposals.

Q: What are abstentions and broker non-votes?

A: An abstention represents the action by a shareholder to refrain from voting for or against a proposal. Broker non-votes represent votes that could have been cast on a particular matter by a broker, as a shareholder of record, but that were not cast because the broker (i) lacked discretionary voting authority on the matter and did not receive voting instructions from the beneficial owner of the shares or (ii) had discretionary voting authority but nevertheless refrained from voting on the matter.

Q: May I revoke my proxy?

A: Yes. You may change your mind after you send in your proxy card or vote your shares by telephone or via the Internet by following these procedures. To revoke your proxy:

Vote again by telephone or Internet;

Send in another signed proxy card with a later date;

Send a letter revoking your proxy to MicroVision's Secretary at the Company's offices in Redmond, Washington; or

Attend the Annual Meeting and vote in person.

Q: How do I vote in person?

A: If you plan to attend the Annual Meeting and vote in person, we will give you a ballot when you arrive. If your shares are held in a brokerage account or by another nominee, the Notice of Internet Availability of Proxy Materials is being forwarded to you. Follow the instructions on the Notice of Internet Availability of Proxy Materials in order to vote your shares by proxy or in person. Alternatively, you may contact the person in whose name your shares are registered and obtain a proxy from that person and bring it to the Annual Meeting.

Q: What is the quorum requirement for the meeting?

A: The quorum requirement for holding the meeting and transacting business is a majority of the outstanding shares entitled to be voted. The shares may be present in person or represented by proxy at the meeting. Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum.

Q: What vote is required to approve the election of directors?

A: The six nominees for director who receive the most votes will be elected. So, if you do not vote for a nominee, or you withhold authority to vote for a nominee, your vote will not count either for or against the nominee. Abstentions and broker non-votes will have no effect on the outcome of voting for directors.

Q: What vote is required to approve the proposed amendment to the 2006 MicroVision, Inc. Incentive Plan?

A: The amendment to the 2006 MicroVision, Inc. Incentive Plan will be approved if the number of votes cast in favor of this proposal exceeds the number of votes cast against this proposal. Abstentions and broker non-votes will not be counted for or against the proposal and will have no effect on the outcome of the vote.

Q: What vote is required to ratify the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm (Proposal 3)?

A: For Proposal 3, you may vote **FOR**, **AGAINST**, or **ABSTAIN**.

The affirmative vote of a majority of the votes properly cast on the proposal at the 2012 Annual Meeting is required to ratify the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm. Abstentions and broker non-votes will have no effect on the outcome of Proposal 3.

Q: Is voting confidential?

A: We keep all the proxies and ballots private as a matter of practice.

Board Meetings and Committees

Our Board of Directors met 11 times during 2011. All directors attended at least 75% of the aggregate meetings of the Board and meetings of the Board committees on which they served. The Board also approved certain actions by unanimous written consent. We have adopted a policy that each of our directors be requested to attend our Annual Meeting each year. All directors attended our Annual Meeting in 2011.

Independence Determination

No director will be deemed to be independent unless the Board affirmatively determines that the director has no material relationship with the Company, directly or as an officer, share owner, or partner of an organization that has a relationship with the Company. The Board observes all criteria for independence set forth in the NASDAQ listing standards and other governing laws and regulations.

In its annual review of director independence, the Board considers all commercial, banking, consulting, legal, accounting, charitable, or other business relationships any director may have with us. As a result of its annual review, the Board has determined that all of the directors, with the exception of Alexander Tokman, are independent (the Independent Directors). The Independent Directors are identified by an asterisk in the table above.

The NASDAQ listing standards have both objective tests and a subjective test for determining who is an independent director. The objective tests state, for example, that a director is not considered independent if he or she is our employee or is a partner in or executive officer of an entity to which we made, or from which we received, payments in the current or any of the past three fiscal years that exceed 5% of the recipient's consolidated gross revenue for that year. The subjective test states that an independent director must be a person who lacks a relationship that, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. None of the non-employee directors were disqualified

Table of Contents

from independent status under the objective tests. In assessing independence under the subjective test, the Board took into account the standards in the objective tests, and reviewed and discussed additional information provided by the directors and us with regard to each director's business and personal activities as they may relate to us and our management. Based on all of the foregoing, as required by NASDAQ rules, the Board made a subjective determination as to each Independent Director that no relationship exists which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The Board has not established categorical standards or guidelines to make these subjective determinations, but considers all relevant facts and circumstances.

In addition to the Board-level standards for director independence, the directors who serve on the Audit Committee each satisfy standards established by the Securities and Exchange Commission (the SEC) providing that to qualify as independent for purposes of membership on that Committee, members of audit committees may not accept, directly or indirectly any consulting, advisory, or other compensatory fee from us other than their director compensation.

Board's Role in Risk Oversight

It is management's responsibility to manage risk and bring to the Board's attention risks that are material to the Company. The Board has oversight responsibility of the processes established to report and monitor systems for the most significant risks applicable to the Company. The Board administers its risk oversight role directly and through its committee structure and the committees' regular reports to the Board at Board meetings. The Board reviews strategic, financial and execution risks and exposures associated with the annual plan and multi-year plans, major litigation and other matters that may present material risk to our operations, plans, prospects or reputation; acquisitions and divestitures and senior management succession planning.

Board Expertise and Diversity.

The Nominating Committee seeks to have a Board that represents diversity as to experience, gender, race and ethnicity, but does not have a formal policy with respect to diversity. We seek a Board that reflects a range of talents, ages, skills, viewpoints, professional experience, educational background and expertise to provide sound and prudent guidance with respect to our operations and interests. All of our directors are financially literate, and two members of our Audit Committee are audit committee financial experts.

Board Leadership Structure

Our Board annually elects a Chairman of the Board. The Board has chosen to separate the roles of Chairman and Chief Executive Officer. Mr. Gorton currently serves as Chairman and Lead Independent Director. In this role, among other duties, Mr. Gorton meets with our Chief Executive Officer and with senior officers as necessary, schedules and presides at meetings of the Board, including meetings of the Independent Directors, serves as a liaison between the Board and our management, approves meeting schedules and agendas, and undertakes other responsibilities designated by the Board. The Board believes that the separate roles of Mr. Tokman as Chief Executive Officer and Mr. Gorton as Chairman and Lead Independent Director currently well serve the interests of us and our shareholders. Mr. Tokman can devote his attention to leading the Company and focus on our business strategy. Mr. Gorton provides an appropriate level of independence in the Company's leadership through his review and approval of meeting agendas and his leadership of the Board.

Committees

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating Committee. The Board of Directors has adopted a written charter for each of these Committees. The full text of each charter is available on our website located at www.microvision.com.

Table of Contents

The Audit Committee

The Board has an Audit Committee which assists the Board by monitoring and overseeing: (1) our accounting and financial reporting processes and the audits of our financial statements, (2) the integrity of our financial statements, (3) our compliance with legal and regulatory requirements, and (4) the performance of our internal finance and accounting personnel and our independent auditors. The Audit Committee conducts discussions related to our earnings announcements and periodic filings, as well as numerous other informal meetings and communications among the Chair, various Audit Committee members, the independent auditors and/or members of our management. Messrs. Cowell, Mulligan and Turner currently serve on the Audit Committee, with Mr. Cowell serving as Chairman. The Audit Committee met 5 times during 2011.

Among other matters, the Audit Committee monitors the activities and performance of our external auditors, including the audit scope, external audit fees, auditor independence matters and the extent to which the independent auditor may be retained to perform non-audit services. The Audit Committee and the Board of Directors have ultimate authority and responsibility to select, evaluate and, when appropriate, replace our independent auditor. The Audit Committee also reviews the results of the external audit work with regard to the adequacy and appropriateness of our financial, accounting and internal controls. Management and independent auditor presentations to and discussions with the Audit Committee also cover various topics and events that may have significant financial impact or are the subject of discussions between management and the independent auditor. In addition, the Audit Committee generally oversees our internal financial controls and financial disclosure procedures.

The audit committee financial experts designated by the Board are Col. Richard A. Cowell (Ret.) and Brian Turner, each an independent director. Col. Cowell holds a degree in accounting and has served for ten years as Chair of our Audit Committee. During his twenty-five years of service in the United States Army, Col. Cowell oversaw and actively supervised various complex governmental projects that involved government accounting with a breadth and level of complexity comparable to accounting issues raised by our financial statements, including issues relating to estimates, accruals, and reserves. Since retiring from the Army, Col. Cowell served as a Principal at Booz Allen Hamilton, Inc., where he provided consulting services relating to significant government projects and grants which involve significant and complex accounting issues. Mr. Turner has eight years experience as a chief financial officer of three public companies and has thirteen years of experience in various roles at PricewaterhouseCoopers LLP, including Director, Corporate Finance. Mr. Turner has been actively involved in and has supervised the preparation of financial statements that present a breadth and complexity of issues comparable to accounting issues raised by our financial statements.

The Compensation Committee

The Compensation Committee makes decisions on behalf of, and recommendations to, the Board regarding salaries, incentives and other forms of compensation for directors, officers, and other key employees, and administers policies relating to compensation and benefits. The Compensation Committee also serves as the Plan Administrator for our stock option plans. The Compensation Committee reviewed the relationship between our risk management policies and practices, organizational structure, operating policies, corporate strategy and our compensation programs to confirm that our compensation programs do not encourage unnecessary and excessive risks. The Compensation Committee Report is set forth below on page 18. Messrs. Gorton and Turner and Ms. Horan currently serve as members of the Compensation Committee, with Mr. Turner serving as chairman. The Compensation Committee met 4 times during 2011.

The Nominating Committee

The Nominating Committee counsels the Board of Directors with respect to Board and Committee structure and membership. In fulfilling its duties, the Nominating Committee, among other things, will:

establish criteria for nomination to the Board and its committees, taking into account the composition of the Board as a whole;

In its assessment of each potential candidate, the Nominating Committee will review the nominee's judgment, experience, independence, understanding of our or other related industries and such other factors the Nominating Committee determines are pertinent in light of the current needs of the Board. The Nominating Committee will also take into account the ability of a director to devote the time and effort necessary to fulfill his or her responsibilities.

Nominees may be suggested by directors, members of management, and, as described above, by shareholders. In identifying and considering candidates for nomination to the Board, the Nominating Committee considers, in addition to the requirements set out in the Nominating Committee charter, quality of experience, our needs and the range of talent and experience represented on the Board.

Shareholder Communication with the Board of Directors

We have adopted written procedures establishing a process by which our shareholders can communicate with the Board of Directors regarding various topics related to the Company. A shareholder desiring to communicate with the Board, or any individual director, should send his or her written message to the Board of Directors (or the applicable director or directors) care of the Corporate Secretary, MicroVision, Inc., 6222 185th Avenue NE, Redmond, Washington 98052. Each submission will be forwarded, without editing or alteration, by the Secretary to the Board, or the applicable director or directors, on or prior to the next scheduled meeting of the Board. The Board will determine the method by which such submission will be reviewed and considered. The Board may also request the submitting shareholder to furnish additional information it may reasonably require or deem necessary to sufficiently review and consider the submission of such shareholder.

Compensation Committee Interlocks And Insider Participation

All members of the Compensation Committee during 2011 were independent directors, and none of them were our employees or former employees of the Company. During 2011, none of our executive officers served on the compensation committee (or equivalent), or the board of directors, of another entity whose executive officer(s) served on the Compensation Committee or Board of Directors.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires that our directors, executive officers, and greater-than 10% shareholders file reports with the SEC relating to their initial beneficial ownership of our securities and any subsequent changes. They must also provide us with copies of the reports.

Based solely on a review of the copies of such forms in our possession, and on written representations from reporting persons, we believe that all of these reporting persons complied with their filing requirements during 2011.

Code of Ethics

We have adopted a code of ethics applicable to our principal executive officer, principal financial officer, principal accounting officer and general counsel, known as the Code of Ethics for MicroVision Executives. We have also adopted a code of conduct applicable to our directors, officers, and employees, known as the Code of Conduct. The Code of Ethics for MicroVision Executives and the Code of Conduct are available on our website. In the event that we amend or waive any of the provisions of the Code of Ethics for MicroVision Executives applicable to our principal executive officer, principal financial officer, and principal accounting officer, we intend to disclose the same on our website at www.microvision.com.

Proposal Two Amendment to the 2006 MicroVision, Inc. Incentive Plan

The Board of Directors has authorized an amendment to the 2006 MicroVision, Inc. Incentive Plan (as amended, the Incentive Plan), subject to shareholder approval. The amendment will increase the number of shares of common stock reserved for issuance upon exercise of options granted under the Incentive Plan by 700,000 to a total of 2,750,000 shares.

On April 17, 2012, the last reported sale price of the Company's common stock on the Nasdaq Global Market was \$2.48 per share.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE FOREGOING AMENDMENT TO THE 2006 MICROVISION, INC. INCENTIVE PLAN.

Summary of the Incentive Plan

The Incentive Plan amended, restated and renamed our 1996 Stock Option Plan. The Incentive Plan was originally adopted by the Board in April 2006 and approved by the shareholders in September 2006. The Incentive Plan will terminate on the tenth anniversary of the date of approval by the shareholders, unless earlier terminated by the Board. A maximum of 2,050,000 shares of common stock may be delivered in satisfaction of awards made under the Incentive Plan. The maximum number of shares of common stock for which stock options may be granted to any person in any calendar year and the maximum number of shares of common stock subject to stock appreciation rights, or SARs, granted to any person in any calendar year will each be 250,000. The maximum benefit that will be paid to any person under other awards in any calendar year will be, to the extent paid in shares, 250,000 shares, and, to the extent paid in cash, \$3,000,000. In the event of a stock dividend, stock split or other change in our capital structure, the Administrator will make appropriate adjustments to the limits described above and will also make appropriate adjustments to the number and kind of shares of stock or securities subject to awards, any exercise prices relating to awards and any other provisions of awards affected by the change. The Administrator may also make similar adjustments to take into account other distributions to stockholders or any other event, if the Administrator determines that adjustments are appropriate to avoid distortion in the operation of the Incentive Plan and to preserve the value of awards.

Administration. The Board of Directors administers the Incentive Plan. The term Administrator is used in this proxy statement to refer to the person (the Board and its delegates) charged with administering the Incentive Plan. The Administrator has full authority to determine who will receive awards and to determine the types of awards to be granted as well as the amounts, terms, and conditions of any awards. Awards may be in the form of options, SARs, restricted or unrestricted stock, deferred stock, other stock-based awards, or cash awards, and any such award may be a performance-based award. The Administrator has the right to determine any questions that may arise regarding the interpretation and application of the provisions of the Incentive Plan and to make, administer, and interpret such rules and regulations as it deems necessary or advisable. Determinations of the Administrator made under the Incentive Plan are conclusive and bind all parties.

Eligibility. Participation is limited to employees, non-employee directors, as well as consultants and advisors who are selected by the Administrator to receive an award. The group of persons from which the Administrator will select participants consisted of approximately 115 individuals as of April 17, 2012. Following shareholder approval of the Incentive Plan amendment, the Company intends to award an aggregate of approximately 500,000 restricted stock units and options to purchase approximately 370,000 shares of common stock to non-executive officer employees for retention purposes. These grants are subject to later approval by the Company's Board of Directors and the Company may determine to change, delay or not grant the contemplated awards.

Stock Options. The Administrator may, from time to time, award options to any participant subject to the limitations described above. Stock options give the holder the right to purchase shares of common stock of the

Table of Contents

Company within a specified period of time at a specified price. Two types of stock options may be granted under the Incentive Plan: incentive stock options, or ISOs, which are subject to special tax treatment as described below, and nonstatutory options, or NSOs. Eligibility for ISOs is limited to employees of the Company and its subsidiaries.

The exercise price of an ISO cannot be less than the fair market value of the common stock at the time of grant. In addition, the expiration date of an ISO cannot be more than ten years after the date of the original grant. In the case of NSOs, the exercise price and the expiration date are determined in the discretion of the Administrator. The Administrator also determines all other terms and conditions related to the exercise of an option, including the consideration to be paid, if any, for the grant of the option, the time at which options may be exercised and conditions related to the exercise of options.

Stock Appreciation Rights. The Administrator may grant SARs under the Incentive Plan. An SAR entitles the holder upon exercise to receive an amount in cash or common stock or a combination thereof (as determined by the Administrator) computed by reference to appreciation in the value of a share of common stock above a base amount which may not be less than fair market value on the date of grant.

Stock Awards; Deferred Stock. The Incentive Plan provides for awards of nontransferable shares of restricted common stock, as well as unrestricted shares of common stock. Awards of restricted stock and unrestricted stock may be made in exchange for past services or other lawful consideration. Generally, awards of restricted stock are subject to the requirement that the shares be forfeited or resold to the Company unless specified conditions are met. Subject to these restrictions, conditions and forfeiture provisions, any recipient of an award of restricted stock will have all the rights of a stockholder of the Company, including the right to vote the shares and to receive dividends. Other awards under the Incentive Plan may also be settled with restricted stock. The Incentive Plan also provides for deferred grants (deferred stock) entitling the recipient to receive shares of common stock in the future on such conditions as the Administrator may specify. Any stock award or award of deferred stock resulting in a deferral of compensation subject to Section 409A of the Code will be construed to the maximum extent possible consistent with the requirements of Section 409A of the Code.

Performance Awards. The Administrator may also make awards subject to the satisfaction of specified performance criteria. Performance awards may consist of common stock or cash or a combination of the two. The performance criteria used in connection with a particular performance award will be determined by the Administrator. In the case of performance awards intended to qualify for exemption under Section 162(m) of the Internal Revenue Code, the Administrator will use objectively determinable measures of performance in accordance with Section 162(m) that are based on any or any combination of the following (determined either on a consolidated basis or, as the context permits, on a divisional, subsidiary, line of business, project or geographical basis or in combinations thereof): sales; revenues; assets; expenses; earnings before or after deduction for all or any portion of interest, taxes, depreciation, or amortization, whether or not on a continuing operations or an aggregate or per share basis; return on equity, investment, capital or assets; one or more operating ratios; borrowing levels, leverage ratios or credit rating; market share; capital expenditures; cash flow; stock price; stockholder return; sales of particular products or services; customer acquisition or retention; acquisitions and divestitures (in whole or in part); joint ventures and strategic alliances; spin-offs, split-ups and the like; reorganizations; or recapitalizations, restructurings, financings (issuances of debt or equity) or refinancings. The Administrator will determine whether the performance targets or goals that have been chosen for a particular performance award have been met.

General Provisions Applicable to All Awards. Neither ISOs nor, except as the Administrator otherwise expressly provides, other awards may be transferred other than by will or by the laws of descent and distribution. During a recipient's lifetime an ISO and, except as the Administrator may provide, other non-transferable awards requiring exercise may be exercised only by the recipient. Shares delivered under the Incentive Plan may consist of either authorized but unissued or treasury shares. The number of shares delivered upon exercise of a stock option is determined net of any shares transferred by the optionee to the Company (including through the holding back of shares that would otherwise have been deliverable upon exercise) in payment of the exercise price or tax withholding.

Mergers and Similar Transactions. In the event of a consolidation or merger in which the Company is not the surviving corporation or which results in the acquisition of substantially all of the Company's stock by a person or entity or by a group of persons or entities acting together, or in the event of a sale of substantially all of the Company's assets or a dissolution or liquidation of the Company, the following rules will apply except as otherwise provided in an Award:

If the transaction is one in which there is an acquiring or surviving entity, the Administrator may provide for the assumption of some or all outstanding awards or for the grant of new awards in substitution therefor by the acquiror or survivor.

If the transaction is one in which holders of common stock will receive a payment (whether cash, non-cash or a combination), the Administrator may provide for a cash-out, with respect to some or all awards, equal in the case of each affected award to the excess, if any, of (A) the fair market value of one share of common stock times the number of shares of common stock subject to the award, over (B) the aggregate exercise or purchase price, if any, under the award (in the case of an SAR, the aggregate base price above which appreciation is measured), in each case on such payment terms and other terms, and subject to such conditions, as the Administrator determines.

If there is no assumption or substitution of any award requiring exercise, each such outstanding award will become fully exercisable prior to the completion of the transaction on a basis that gives the holder of the award a reasonable opportunity to exercise the award and participate in the transaction as a stockholder.

Each award, other than outstanding shares of restricted stock, unless assumed will terminate upon consummation of the transaction.

Any share of common stock delivered pursuant to the cash-out or acceleration of an award, as described above, may, in the discretion of the Administrator, contain such restrictions, if any, as the Administrator deems appropriate to reflect any performance or other vesting conditions to which the award was subject. In the case of restricted stock, the Administrator may require that any amounts delivered, exchanged or otherwise paid in respect of such stock in connection with the transaction be placed in escrow or otherwise made subject to such restrictions as the Administrator deems appropriate to carry out the intent of the Incentive Plan.

Amendment. The Administrator may at any time or times amend the Incentive Plan or any outstanding Award for any purpose which may at the time be permitted by law, and may at any time terminate the Incentive Plan as to any future grants of awards. The Administrator may not, however, alter the terms of an Award so as to affect adversely the Participant's rights under the Award without the Participant's consent, unless the Administrator expressly reserved the right to do so at the time of the Award.

Federal Income Tax Consequences

The following discussion summarizes certain federal income tax consequences of the grant and exercise of stock options under the Incentive Plan under the law as in effect on the date of this proxy statement. The summary does not purport to cover federal employment tax or other federal tax consequences that may be associated with stock options or federal tax consequences associated with other awards under the Incentive Plan, nor does it cover state, local or non-U.S. taxes.

ISOs. In general, an optionee realizes no taxable income for regular income tax purposes upon the grant or exercise of an ISO. However, the exercise of an ISO may result in an alternative minimum tax liability to the optionee. With certain exceptions, a disposition of shares purchased under an ISO within two years from the date of grant or within one year after exercise (a disqualifying disposition) produces ordinary income to the optionee equal to the value of the shares at the time of exercise less the exercise price. A corresponding deduction is available to the Company. Any additional gain recognized in the disqualifying disposition is treated

Table of Contents

as a capital gain for which the Company is not entitled to a deduction. In general, if the disqualifying disposition is an arm's length sale at less than the fair market value of the shares at time of exercise, the optionee's ordinary income, and the Company's corresponding deduction, are limited to the excess, if any, of the amount realized on the sale over the amount paid by the optionee for the stock. If the optionee does not dispose of the shares until after the expiration of these one- and two-year holding periods, any gain or loss recognized upon a subsequent sale is treated as a long-term capital gain or loss for which the Company is not entitled to a deduction.

NSOs. In general, in the case of a NSO, the optionee has no taxable income at the time of grant but realizes income in connection with exercise of the option in an amount equal to the excess (at the time of exercise) of the fair market value of the shares acquired upon exercise over the exercise price; a corresponding deduction is available to the Company; and upon a subsequent sale or exchange of the shares, any recognized gain or loss after the date of exercise is treated as a capital gain or loss for which the Company is not entitled to a deduction.

In general, an ISO that is exercised by the optionee more than three months after termination of employment is treated as an NSO. ISOs are also treated as NSOs to the extent they first become exercisable by an individual in any calendar year for shares having a fair market value (determined as of the date of grant) in excess of \$100,000.

The Administrator may award stock options that are exercisable for restricted stock. Under Section 83 of the Code, an optionee who exercises an NSO for restricted stock will generally have income only when the stock vests. The income will equal the fair market value of the stock at that time less the exercise price. However, the optionee may make a so-called 83(b) election in connection with the exercise to recognize taxable income at that time. Assuming no other applicable limitations, the amount and timing of the deduction available to the Company will correspond to the income recognized by the optionee. If an ISO is exercised for restricted stock, a timely 83(b) election will have the effect, in general, of fixing the amount taken into account for alternative minimum tax purposes at the excess of the fair market value of the shares at time of exercise over the exercise price. However, for regular income tax purposes the ordinary income and corresponding Company deduction associated with a disqualifying disposition of stock acquired upon exercise of an ISO, where the stock was restricted at time of exercise but vested prior to the disposition, would be determined by reference to the fair market value of the shares on the date of vesting whether or not the optionee made an 83(b) election.

Under the so-called golden parachute provisions of the Code, the accelerated vesting of awards in connection with a change in control of the Company may be required to be valued and taken into account in determining whether a participant has received compensatory payments, contingent on the change in control, in excess of certain limits. If these limits are exceeded, a substantial portion of amounts payable to the participant, including the payment consisting of accelerated vesting of awards, may be subject to an additional 20% federal tax and may be nondeductible to the Company.

Under Section 162(m) of the Code, certain remuneration in excess of \$1 million may be nondeductible if paid to any covered employee of a publicly held corporation (generally the corporation's chief executive officer and its next three most highly compensated executive officers, excluding the chief financial officer, in the year that the compensation is paid). Stock options issued under the Incentive Plan are intended to qualify for exemption from the Section 162(m) deduction limit.

Stock options awarded under the Incentive Plan are intended to be exempt from the rules of Section 409A of the Code and guidance issued thereunder and will be administered accordingly. However, neither the Company nor the Administrator, nor any person affiliated with or acting on behalf of the Company or the Administrator, will be liable to any participant or to the estate or beneficiary of any participant by reason of any acceleration of income, or any additional tax or interest penalties, resulting from the failure of an award to satisfy the requirements of Section 409A of the Code.

Proposal Three Ratification of the Selection of Independent Registered Public Accounting Firm

The Audit Committee of the Board has selected PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the current fiscal year, subject to ratification by the Company's stockholders at the Annual Meeting. The Company has been advised by PricewaterhouseCoopers LLP that it is a registered public accounting firm with the Public Company Accounting Oversight Board (the PCAOB) and complies with the auditing, quality control, and independence standards and rules of the PCAOB and the SEC. A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting to respond to appropriate questions and to make a statement if he or she so desires.

Although stockholder ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm is not required, the Board is nevertheless submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification. Unless contrary instructions are given, shares represented by proxies solicited by the Board will be voted for the ratification of the selection of PricewaterhouseCoopers LLP as the independent registered public accounting firm of the Company for the year ending December 31, 2012. Should the selection of PricewaterhouseCoopers LLP not be ratified by the stockholders, the Audit Committee will reconsider the matter. Even in the event the selection of PricewaterhouseCoopers LLP is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change is in the best interests of the Company and its stockholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE SELECTION OF PRICEWATERHOUSECOOPERS LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

OTHER BUSINESS

The Company knows of no other matters to be voted on at the Annual Meeting or any adjournment or postponement of the meeting. If, however, other matters are presented for a vote at the meeting, the proxy holders (the individuals designated on the proxy card) will vote your shares according to their judgment on those matters.

Table of Contents**EXECUTIVE COMPENSATION****Compensation Discussion and Analysis*****Executive Compensation Objectives***

The Company's executive compensation program is designed to attract, retain, motivate and recognize high performance executive officers. The Compensation Committee is responsible for and oversees the Company's compensation program. The Company's philosophy is to provide compensation programs that incentivize and reward both the short and long-term performance of the executive officers relative to the Company's performance. Thus, the Compensation Committee utilizes compensation components that measure overall Company performance, including performance against the Company's annual strategic operating plan. In addition, the Compensation Committee seeks to align the interests of the Company's executive officers with its shareholders.

Executive Compensation Components

Overview. The principal elements of the Company's compensation are base salary, incentive bonus awards, and equity awards. The Company's executive compensation policy recognizes that stock price is only one measure of performance, and given industry business conditions and the long-term strategic direction and goals of the Company, it may not necessarily be the best current measure of executive performance. Thus, the Compensation Committee considers the median level of compensation of its peer group and the achievement of the Company's business objectives when determining executive compensation.

The Compensation Committee retained Milliman, Inc., an independent compensation consultant, in connection with its determination of 2011 compensation. The consultant was tasked with examining the compensation of the named executive officers and providing an analysis of that compensation relative to other companies. The consultant studied data from the proxy statements of a select group of publicly-traded companies and from nationally recognized surveys. Data from these two sources was equally weighted in determining the median market levels of compensation. The Company's peer group was selected based on input from the Compensation Committee and senior management. In selecting the Company's peer group, the Compensation Committee and senior management considered companies that were at a similar business stage and companies that were of a similar size in the high-technology and general industries in which the Company operates. In providing its report to the Compensation Committee, the consultant also took into account that information for the Company's peer group was reported as of different dates for different companies. The companies comprising the Company's peer group were Active Power Inc., Arrowhead Research Corp., Capstone Turbine Corp., DTS Inc., eMagin Corp., I D Systems Inc., Identive Group Inc., Image Sensing Systems Inc., Immersion Corp., Phoenix Technologies Ltd. and Universal Display Corp. Data from these companies was compiled and averaged over a three-year period. Since proxy data is not job specific (i.e., various positions could be represented among the named executive officers), job specific data from nationally recognized surveys was also used. The nationally recognized published surveys utilized were the Aon Executive Compensation Survey, Economic Research Institute Executive Compensation Survey, Culpepper Executive Survey, Towers Watson Top Management Compensation Survey and Milliman Executive Compensation Survey.

Base Salary. Base salaries for the named executive officers are primarily based on the position, taking into account competitive market compensation paid by other companies in the Company's peer group for similar positions. Recommendations from the Chief Executive Officer as to increases in base salaries for each executive officer (other than for the Chief Executive Officer) based on the Chief Executive Officer's evaluation of the executive officer's performance are also taken into account.

As with total executive compensation, the Compensation Committee believes that executive base salaries should generally target the median base salary of the Company's peer group. Each named executive officer's base salary is also determined by reviewing the other components of the executive officer's compensation to

Table of Contents

ensure that the total compensation is in line with the Compensation Committee's overall compensation philosophy. The Compensation Committee makes a recommendation on the Chief Executive Officer's compensation to the full Board of Directors, which then has the authority to approve it.

Salaries for 2011 were based on the compensation objectives mentioned above and in the case of Alexander Tokman, his employment agreement. Base salary rates in 2011 for Messrs. Tokman, Wilson, Walker, Madhavan and O'Sullivan were \$359,443, \$220,460, \$236,288, \$220,460 and \$362,167, respectively. Amounts for Mr. O'Sullivan represent payments made to Amphibian Pte Ltd. ("Amphibian") for services rendered by Mr. O'Sullivan to the Company. Mr. O'Sullivan is the Managing Director and sole stockholder of Amphibian. The Company engaged Amphibian to obtain the services of Mr. O'Sullivan as well as other employees of Amphibian.

Incentive Bonus. The Compensation Committee believes that a portion of an executive officer's total compensation, an incentive bonus, should be based on the Company's performance. The Compensation Committee believes that structuring a significant portion of each executive officer's annual cash compensation as an incentive bonus, and the contingent nature of that compensation, induces an executive officer to execute on both the short and long-term goals of the Company. It has structured the executive compensation program to reflect this philosophy by creating an incentive bonus framework that translates Company performance into incentive bonuses.

Each of the named executive officers is eligible for an annual incentive bonus. The amount of the bonus depends generally on the level of Company performance, with a target set as a percentage of base salary. The Compensation Committee approves the target bonus percentages and the actual bonus awards for all executive officers, except the Chief Executive Officer. The Compensation Committee makes a recommendation to the full Board regarding the Chief Executive Officer. Target bonus percentages are set to be approximately at the median of the Company's peer group.

In 2011, the Compensation Committee recommended to the Board, and the Board approved, 65% as a target bonus award (as a percentage of base salary) for the Chief Executive Officer. The amount of the bonus actually awarded to executives is determined solely in the discretion of the Compensation Committee for all executive officers, except the Chief Executive Officer. The Compensation Committee makes a recommendation to the full Board regarding the Chief Executive Officer. Based on management's recommendation that no incentive bonuses be paid to any executive officer with respect to 2011, the Compensation Committee and Board using its discretionary authority determined that no incentive bonuses would be paid to Jeff Wilson, Thomas Walker, Sridhar Madhavan, Joseph O'Sullivan or Alexander Tokman.

Equity Awards. The Compensation Committee believes that equity participation is a key component of the Company's executive compensation program. Equity awards are designed to attract and retain executive officers and to motivate them to enhance shareholder value by aligning the financial interests of executive officers with those of shareholders. Each year the Compensation Committee reviews the size and composition of the equity grants to ensure that they are aligned with the Company's compensation philosophy of compensating executives at the median of the Company's peer group. Similar to base salary, a review of equity award levels is conducted to ensure that a named executive officer's equity compensation comports with the Compensation Committee's overall philosophy and objectives and is competitive with the Company's peer group.

The Compensation Committee's practice is to make annual equity awards as part of its overall philosophy of performance-based compensation. Restricted stock units and stock options are awarded by the Compensation Committee to executive officers based on a philosophy of providing equity incentives at the median of the Company's peer group.

In 2011, Joseph O'Sullivan was awarded 12,500 stock options. Messrs. Tokman, Wilson, Walker and Madhavan did not receive any stock options in 2011.

Table of Contents

In order to further align the interests of executive officers with those of shareholders, in 2011 the Compensation Committee considered and approved a long-term incentive proposal to grant restricted stock units that would vest on the achievement of milestones directly related to the Company's stated objectives. Accordingly, Mr. Tokman was awarded 43,750 restricted stock units and each of Messrs. Wilson, Walker and Madhavan were awarded 13,750 restricted stock units. Vesting of these restricted stock unit awards is conditioned upon continued employment and the Company achieving a milestone related to the sales of direct green laser PicoP display engine technology. Mr. O'Sullivan did not receive any restricted stock grants in 2011. Stock options and restricted stock units awarded to the named executive officers in 2011 were granted under, and subject to, the 2006 Incentive Plan.

Tax Deductibility of Compensation

Limitations on the deductibility of compensation may occur under Section 162(m) of the Internal Revenue Code of 1986, which generally limits a public company's tax deduction for compensation paid to its named executive officers to \$1 million in any year. In addition, Section 162(m) specifically exempts certain performance-based compensation from the deduction limit. It is the intent of the Compensation Committee to have the Company's compensation program be deductible without limitation. However, the Compensation Committee will take into consideration various other factors, together with Section 162(m) considerations, in making executive compensation decisions and could, in certain circumstances, approve and authorize compensation that is not fully tax deductible.

Processes and Procedures

Role of the Compensation Committee and the Chief Executive Officer in the Compensation Process. The Chief Executive Officer, with the assistance and support of the human resources department, provides recommendations regarding the compensation of the executive officers, including himself. The Compensation Committee considers these recommendations and consults with the Chief Executive Officer as to his recommendations for the executive officers. The Compensation Committee considers the Chief Executive Officer's recommendations, together with the Compensation Committee's philosophy, objectives and market data in approving these recommendations. The Compensation Committee makes a recommendation on the Chief Executive Officer's compensation to the full Board of Directors, who then has the authority to approve it.

Role of Compensation Consultants in the Compensation Process. The Compensation Committee's charter provides the Compensation Committee with the authority to retain a compensation consulting firm in its discretion. As described above, the Company retained Milliman, Inc. as its independent compensation consultant in connection with determining 2011 compensation.

Compensation Committee Report

The Compensation Committee has reviewed and discussed this Compensation Discussion and Analysis with management. Based on the review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement for filing with the Securities and Exchange Commission.

Potential Payments upon Termination or Change in Control

All of our named executive officers, except for Alexander Tokman, are employed at will and do not have employment agreements. Mr. Tokman's employment agreement is summarized below. Under the 2006 Incentive Plan, 100% of each of the named executive officers' options which have not been exercised will become fully vested and immediately exercisable upon a change of control of the Company that does not result in an assumption, substitution or pay off of such award by the acquiring company. In addition, 100% of each named executive officers restricted stock units will become fully vested upon a change of control at the Company.

In addition, as more fully described below under the heading Severance and Employment Agreements Change of Control Severance Agreement, in November 2011 the Company entered into a Change of Control Severance Agreement pertaining to certain of its executive officers, including Messrs. Walker, Wilson and Madhavan.

Table of Contents

The following table sets forth aggregate estimated payment obligations to each of our named executive officers assuming a termination without cause, or a change in control, occurred on December 31, 2011.

- (1) We included the estimated intrinsic value of accelerating any award of stock options or awards that are accelerated upon a change in control. In the case of a change in control, we assumed that all such awards would be cashed out at closing using the closing price of our common stock on the NASDAQ Global Market on December 30, 2011, which was \$2.88 per share on an as-adjusted basis. See the section titled *Outstanding Equity Awards at Fiscal Year-End 2011* for information regarding unvested equity awards.

Severance and Employment Agreements**Mr. Tokman's Employment Agreement**

Payment upon Termination. Under Mr. Tokman's employment agreement with the Company dated April 7, 2009, if he dies, becomes disabled, retires, terminates his employment other than for good reason or is terminated by us for cause, he will be provided his earned but unpaid base salary, earned but unused vacation time, any bonus compensation for the prior year which is unpaid on the date of termination to the extent bonuses are paid to other officers, 18 months of certain group and medical benefits for Mr. Tokman's family and any business expenses which have not yet been reimbursed by us. If we terminate him other than for cause, or if he terminates his employment for good reason, he will receive, in addition to the amounts listed in the foregoing sentence, his base salary for 18 months following the date of his termination, plus an amount equal to his target bonus for the year prior to the termination, and we will continue to pay certain group medical and dental expenses in that 18-month period. We do not accelerate the vesting of equity incentives for our executive officers in the event of a termination of employment. In the event of a change in control of the Company, all unvested stock options vest upon the change in control if the change in control does not result in an assumption, substitution or pay off of such award by the acquiring company, and the Compensation Committee has the discretion to remove the vesting restrictions on all unvested restricted shares.

In determining whether a termination occurred with or without cause, cause is deemed to exist under Mr. Tokman's employment agreement when there is a repeated willful failure to perform or gross negligence in the performance of his duties; fraud, embezzlement or other dishonesty with respect to us; a material breach of his obligations of confidentiality, non-competition, or non-solicitation against us; or commission of a felony or other crime involving moral turpitude.

In determining whether Mr. Tokman has good reason to terminate his employment, good reason is deemed to exist when: we have failed to continue him in a certain position; there is a substantial diminution in the nature and scope of his responsibilities; there is a material failure of us to provide him with base salary and benefits, excluding an inadvertent failure which is cured within a certain time period; or his office is relocated more than thirty-five miles from the then-current location of our principal offices without his consent. Mr. Tokman may only terminate his employment for good reason if he (a) gives notice to us within ninety (90) days of the initial occurrence of the event or condition constituting good reason, setting forth in reasonable detail the nature of such good reason; (b) we fail to cure within thirty (30) days following such notice; and (c) Mr. Tokman terminates his employment within thirty (30) days following the end of the thirty (30)-day cure period (if we fail to cure).

Table of Contents

Payment upon a Change in Control. In the event of a change of control and the termination of Mr. Tokman's employment other than for cause by us within two years following a change of control or if Mr. Tokman terminates his employment for good reason within six months following a change of control, we must pay Mr. Tokman an amount equal to two times the sum of one year of base salary plus a payment equal to his target bonus. The foregoing amount will be paid in a single lump sum. We must also pay the full cost of Mr. Tokman's continued participation in our group health and dental plans for two years or, if less, for so long as he remains entitled to continue such participation under applicable law. In addition, 100% of his options, restricted stock or other equity awards which have not been exercised and have not expired or been surrendered or cancelled, will become exercisable in accordance with the applicable award agreement.

Our obligation to pay the severance amounts mentioned in this *Payments upon a Termination or Change in Control* section is subject to Mr. Tokman signing an employee release. Also, Mr. Tokman must comply with certain confidential information and assignment of intellectual property obligations. Further, Mr. Tokman is subject to a non-compete and non-solicit obligation for 12 months following his termination.

Change of Control Severance Plan

In November 2011, the Company adopted a Change of Control Severance Plan (the *Severance Plan*). Under the Severance Plan, a change of control is defined as the occurrence of any of the following events: (i) the acquisition by any person or group of more than 50% of the then outstanding securities of the Company entitled to vote generally in the election of directors; (ii) individuals who constitute the board of directors cease for any reason to constitute at least a majority of the board, provided, however, that any individual becoming a director whose election, or nomination for election, by the Company's shareholders, was approved by a vote of at least a majority of the incumbent directors are considered as though such individual were a member of the incumbent board; (iii) certain reorganizations, recapitalizations, mergers or consolidations; (iv) the sale, transfer or other disposition of all or substantially all of the assets of the Company; or (v) approval by the shareholders of the Company of a complete liquidation or dissolution of the Company.

In the event that a designated participant, including the Chief Financial Officer and the General Counsel, is terminated on, or during the two-year period following, a change of control, for any reason other than by the Company for cause (or, in the case of a participant other than a designated participant, any termination of the participant's employment, on or during the eighteen-month period following a change of control, by the Company other than for cause or by the participant for good reason), the Company will pay the participant an amount equal to one year of base salary at the rate in effect at the date of termination or, if higher, on the date of the change of control, plus a payment equal to the target bonus for which the participant is eligible, which amount shall be payable within ten business days following the later of the effective date of the release of claims described below or the date it is received by the Company. If, however, the timing associated with the execution, revocation and effectiveness of the release of claims would otherwise allow the payment described above to be made in either of two taxable years, such payment will not be made prior to the first day of the second taxable year. The Company will also pay the full cost of the participant's continued participation in the Company's group health and dental plans for one year or, if less, for so long as the participant remains entitled to continue such participation under applicable law. In addition, all options held by the participant which are not exercisable, and which have not been exercised and have not expired or been surrendered or cancelled, will become initially exercisable upon termination and will otherwise be and remain exercisable in accordance with their terms, and all other equity-based compensation awards granted to the participant, including, restricted stock and restricted stock units, will become vested and become free of restrictions.

Payment under the Plan is contingent upon the participant executing and delivering to the Company a release from all claims in any way resulting from, arising out of or connected with such participant's employment with the Company.
