**ITEM 2.02 Results of Operations and Financial Condition**

On July 24, 2012, Pentair, Inc. (the Company) issued a press release announcing its earnings for the second quarter of 2012 and a conference call in connection therewith. A copy of the release is attached hereto as Exhibit 99.1 and incorporated herein by reference.

This press release refers to certain non-GAAP financial measures (adjusted operating income, adjusted operating margins, adjusted earnings per share and free cash flow) and a reconciliation of those non-GAAP financial measures to the corresponding financial measures contained in the Company's financial statements prepared in accordance with generally accepted accounting principles.

The 2012 adjusted operating income, adjusted operating margins and adjusted earnings per share eliminate specific tax gains, certain expenses incurred related to the previously disclosed proposed merger with Tyco Flow Control International Ltd. and certain targeted restructuring activities. The 2011 adjusted operating income, adjusted operating margins and adjusted earnings per share eliminate certain expenses incurred related to the acquisition of Norit's Clean Process Technologies business. Management utilizes these adjusted financial measures to assess the run-rate of its continuing operations against those of prior periods without the distortion of these factors. The Company believes that these non-GAAP financial measures will be useful to investors as well to assess the continuing strength of the Company's underlying operations in light of the downturn in the residential end markets.

The Company uses free cash flow to assess its cash flow performance. The Company believes free cash flow is an important measure of operating performance because it provides the Company and its investors a measurement of cash generated from operations that is available to pay dividends, make acquisitions, repay debt and repurchase shares. In addition, free cash flow is used as criterion to measure and pay compensation-based incentives. The Company's measure of free cash flow may not be comparable to similarly titled measures reported by other companies.

**ITEM 8.01 Other Events**
