Explanatory Note

This Current Report on Form 8-K/A is being filed solely to amend Item 2.05 of the January 8, 2013 Current Report filed by Actavis, Inc. (Actavis or the Company) in order to provide the amount of estimated accelerated depreciation charges expected to be incurred in connection with the planned restructuring of the Company's Corona, California facility. This Current Report on Form 8-K/A does not otherwise revise or update the January 8, 2013 Current Report in any way.

Item 2.05 Costs Associated with Exit or Disposal Activities.

On January 8, 2013, Actavis filed a Current Report on Form 8-K reporting amounts of certain pre-tax future cash expenditures it expected to incur in connection with the planned restructuring of operations at its Corona, California facility. As of the date of the filing of that Current Report, the Company was unable to provide a good faith estimate of the accelerated depreciation charges it expected to incur through the end of 2014 when the restructuring is expected to be completed.

The Company believes it can now make a good faith estimate of the accelerated depreciation costs it expects to incur in connection with the restructuring of its Corona facility. As of the date of this filing, the Company expects to incur non-cash accelerated depreciation costs of approximately \$55 to \$60 million through the end of 2014 when the restructuring of its Corona operations is expected to be completed.

Forward Looking Statements

Any statements in this Form 8-K/A about future expectations, plans and prospects for the Company, including without limitation our expectations regarding the amount of accelerated depreciation charges and the timing of the expected completion of the Corona restructuring, constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Such forward-looking statements represent management's current expectations and are inherently uncertain. There are a number of important factors that could cause actual results to differ materially from those indicated by such forward-looking statements, including, but are not limited to, those discussed in the section titled "Risk Factors" included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2011, as filed with the Securities and Exchange Commission, or SEC, on February 16, 2012, and as updated in our subsequent filings with the SEC. Furthermore, such forward-looking statements speak only as of the date of this report. Except as required by law, we undertake no obligation to update any forward-looking statements to reflect events or circumstances after the date of such statements.
