Section 7 Regulation FD**Item 7.01 Regulation FD Disclosure**

Officers of WellPoint, Inc. (WellPoint) expect to speak with securities analysts and investors on August 13, 2013. During these meetings, the officers expect to discuss WellPoint's net income per share guidance for full year 2013, as adjusted for the factors discussed below.

WellPoint today announced that it expects to complete the repurchase of approximately \$1.1 billion aggregate principal amount of outstanding notes during the third quarter of 2013. The early retirement of this debt is expected to result in an after-tax expense of approximately \$97 million during the quarter. WellPoint also expects to realize net tax benefits of approximately \$65 million during the third quarter due to a favorable tax election made subsequent to the AMERIGROUP Corporation acquisition. As a result, WellPoint is reducing its full year 2013 GAAP earnings per share guidance by \$0.11 to at least \$7.89. This revised outlook includes expenses of \$0.32 per share related to the early retirement of debt, partially offset by benefits of \$0.21 per share related to the favorable tax election. This updated guidance does not include any investment gains or losses realized since June 30, 2013.

Excluding these items, WellPoint continues to expect adjusted earnings per share of at least \$8.00 for the full year of 2013 (refer to the table below).
