Item 2.02 Results of Operations and Financial Condition.

See Item 7.01 below, which is incorporated by reference herein.

Item 7.01 Regulation FD Disclosure.

On October 21, 2013, Chemtura Corporation (the Company) launched a process to amend its Senior Secured Term Facility Credit Agreement (the Term Loan Facility Agreement), among the Company, Bank of America, N.A., as administrative agent, the other agents party thereto and the lenders party thereto. As contemplated, the amendment to the Term Loan Facility Agreement (the Amendment) would, among other things, (i) reduce the interest rate and LIBOR floor on the term loans outstanding under the Term Loan Facility Agreement (the term loans), (ii) provide for a 1% prepayment premium if the term loans are refinanced with certain specified refinancing debt within 6 months, (iii) introduce scheduled quarterly amortization of the term loans in the amount of 1% annually, and (iv) permit additional flexibility for the Company under certain of its operating covenants (including but not limited to additional flexibility for debt, investments, restricted payments and dispositions) in the Term Loan Facility Agreement. While no assurance can be given that the Company will complete the amendment, the Company expects the amendment to its Term Loan Facility Agreement will become effective during the fourth quarter of 2013.

In addition, the Company currently anticipates that the net cash proceeds from the previously announced sale of its Consumer Products business will be \$280 million or greater. Following completion of the sale, the Company currently expects to use approximately \$100-120 million of the net proceeds to pay down a portion of the term loans.

In connection with the Amendment, the Company is providing the lenders under the Term Loan Facility Agreement the following preliminary financial data as of September 30, 2013:

cash and cash equivalents was approximately \$311 million; and

total debt, including current maturities, was approximately \$894 million.

The preliminary financial data presented above is subject to completion and reflects the Company's current good faith estimates and may be revised as a result of management's further review of the Company's results. The Company has not completed its normal review procedures as of, and for, the quarter ended September 30, 2013, and there can be no assurance that the final results for such quarter will not differ from these preliminary results. Any such changes could be material. During the course of the preparation of the Company's consolidated financial statements and related notes as of, and for, the quarter ended September 30, 2013, the Company may identify items that would require it to make material adjustments to such preliminary financial data. These preliminary results should not be viewed as a substitute for financial statements prepared in accordance with U.S. generally accepted accounting principles. The Company's consolidated financial statements and related notes as of, and for, the quarter ended September 30, 2013 may not be filed with the Securities and Exchange Commission until after the expected completion date of the Amendment.

In accordance with General Instruction B.2 of Form 8-K, the preliminary financial results contained in Item 2.02 and Item 7.01 in this Current Report on Form 8-K shall not be deemed to be filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act) or otherwise subject to liability of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as expressly set forth by specific reference in such filing.
