The exchange notes will represent the same debt as the original notes and we will issue the exchange notes under the same indenture under which the original notes were issued. As with the original notes, the exchange notes are fully and unconditionally guaranteed by the guarantors of the original notes.

We refer to the original notes and the exchange notes collectively in this prospectus as the "notes." We refer to this exchange offer as the "exchange offer."

The exchange offer is subject to customary conditions, which we may waive.

We will exchange all original notes that are validly tendered and not withdrawn prior to the expiration of the exchange offer for an equal principal amount of exchange notes.

You may withdraw your tender of original notes at any time prior to the expiration of the exchange offer.

If you fail to tender your original notes, you will continue to hold unregistered, restricted securities, and it may be difficult to transfer them.

We believe that the exchange of original notes for exchange notes will not be a taxable transaction for U.S. federal income tax purposes, but you should see the discussion under the caption Certain United States Federal Income Tax Considerations for more information.

We will not receive any proceeds from the exchange offer.

Investing in the exchange notes involves risks. See Risk Factors, beginning on page 10, for a discussion of certain factors that you should consider before deciding to exchange original notes for exchange notes pursuant to this exchange offer.

Each broker-dealer that receives the exchange notes for its own account pursuant to this exchange offer must acknowledge by way of the letter of transmittal that it will deliver a prospectus in connection with any resale of the exchange notes. The letter of transmittal states that by so acknowledging and by delivering a prospectus, such broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of the exchange notes received in exchange for original notes where such original notes were acquired by such broker-dealer as a result of market-making activities or other trading activities. We have agreed that, for a period of up to 90 days after the expiration of the exchange offer, we will make this prospectus available to any broker-dealer for use in connection with any such resale. See Plan of Distribution.

There is no established trading market for the original notes or the exchange notes. We do not intend to list the exchange notes on any securities exchange or seek approval for quotation through any automated trading system.

Neither the Securities and Exchange Commission (SEC) nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

Our Company

We are one of the oldest publicly-traded precious metals mining companies operating in the United States and, we believe, the largest primary silver producer, as well as one of the largest zinc and lead producers, in the United States. We discover, acquire, develop, produce and market silver, gold, lead and zinc. In doing so, we strive to manage our business activities in a safe, environmentally responsible and cost-effective manner. We and our subsidiaries have provided precious and base metals to the U.S. economy and worldwide since 1891 from northern Idaho's Silver Valley. We currently have operating mines in Alaska, Quebec and Idaho, exploration and pre-development properties in four world-class silver mining districts in North America, a corporate office in northern Idaho, a secondary corporate office in Vancouver, British Columbia, and a technical office in Val d'Or, Quebec. We are organized and managed in three segments that encompass our current operating units: the Greens Creek, Casa Berardi and Lucky Friday units.

At present, our principal assets consist of the following mines and projects:

the Greens Creek unit, an underground mine producing silver, gold, lead and zinc, and nearby exploration;

the Casa Berardi unit, an underground mine producing gold, and nearby exploration;

the Lucky Friday unit, an underground mine producing silver, lead and zinc, and nearby exploration;

San Sebastian, a project located near Durango, Mexico;

San Juan Silver, a project located near Creede, Colorado;

Silver Valley, a project located in Idaho's Silver Valley; and

The Exchange Offer

The following summary contains basic information about the exchange offer and the exchange notes. This summary is not intended to be complete. You should read the full text and more specific details contained elsewhere in this prospectus. For a more detailed description of the exchange notes, see Description of the Exchange Notes. With respect to the discussion of the terms of the notes on the cover page, in this summary of the offering and under the caption Description of the Exchange Notes, the terms we, us, our or the Company refer only to Hecla Mining Company, and not to any of its subsidiaries.

On April 12, 2013, we issued \$500.0 million in aggregate principal amount of 6.875% senior notes due 2021, which we refer to as the original notes, in a private offering to a group of initial purchasers in reliance on exemptions from, or in transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws. We entered into a registration rights agreement with the initial purchasers in the private offering in which we agreed, among other things, to file the registration statement of which this prospectus forms a part and to complete an exchange offer for the original notes. The following is a summary of the exchange offer.

Exchange Notes

\$500.0 million aggregate principal amount of 6.875% senior notes due 2021, which we refer to as the exchange notes. We refer to the exchange notes and original notes collectively as the notes.

The terms of the exchange notes are substantially identical to the terms of the original notes, except that the transfer restrictions, registration rights and provisions for additional interest relating to the original notes do not apply to the exchange notes.

The Exchange Offer

We are offering exchange notes in exchange for a like principal amount of our original notes. You may tender your original notes for exchange notes by following the procedures described under the heading The Exchange Offer.

Expiration Date; Withdrawal

The exchange offer will expire at 5:00 P.M., New York City time, on _____, _____, unless we extend it. You may withdraw any original notes that you tender for exchange at any time prior to the expiration of this exchange offer. See The Exchange Offer Terms of the Exchange Offer for a more complete description of the tender and withdrawal period.

Conditions to the Exchange Offer

The exchange offer is not subject to any conditions, other than that the exchange offer does not violate any applicable law or any interpretations of the staff of the SEC.

The exchange offer is not conditioned upon any minimum aggregate principal amount of original notes being tendered in the exchange.

Procedures for Tendering Original Notes To participate in this exchange offer, you must properly complete and duly execute a letter of transmittal, which accompanies this prospectus, and transmit it, along with all other documents required by such letter of transmittal, to the exchange agent on or before the expiration date at the address provided on the cover page of the letter of transmittal.

Table of Contents

In the alternative, you can tender your original notes by book-entry delivery following the procedures described in this prospectus, whereby you will agree to be bound by the letter of transmittal and we may enforce the letter of transmittal against you.

If a holder of original notes desires to tender such notes and the holder's original notes are not immediately available, or time will not permit the holder's original notes or other required documents to reach the exchange agent before the expiration date, or the procedure for book-entry transfer cannot be completed on a timely basis, a tender may be effected pursuant to the guaranteed delivery procedures described in this prospectus. See **The Exchange Offer** **How to Tender Original Notes for Exchange**.

United States Federal Income Tax Consequences

Your exchange of original notes for exchange notes to be issued in the exchange offer will not result in any gain or loss to you for U.S. federal income tax purposes. See **Certain United States Federal Income Tax Considerations**.

Use of Proceeds

We will not receive any cash proceeds from the exchange offer.

Consequences of Failure to Exchange Your Original Notes

Original notes not exchanged in the exchange offer will continue to be subject to the restrictions on transfer that are described in the legend on the original notes. In general, you may offer or sell your original notes only if they are registered under, or offered or sold under an exemption from, the Securities Act and applicable state securities laws. Except as required by the registration rights agreement, we do not currently intend to register the original notes under the Securities Act.

Resales of the Exchange Notes

Based on interpretations of the staff of the SEC, we believe that you may offer for sale, resell or otherwise transfer the exchange notes that we issue in the exchange offer without complying with the registration and prospectus delivery requirements of the Securities Act if:

you are not a broker-dealer tendering notes acquired directly from us;

you acquire the exchange notes issued in the exchange offer in the ordinary course of your business;

you are not participating, do not intend to participate, and have no arrangement or undertaking with anyone to participate, in the

distribution of the exchange notes issued to you in the exchange offer;
and

you are not an affiliate of our company, as that term is defined in Rule 405 of the Securities Act.

Table of Contents

If any of these conditions are not satisfied and you transfer any exchange notes issued to you in the exchange offer without delivering a proper prospectus or without qualifying for a registration exemption, you may incur liability under the Securities Act. We will not be responsible for, or indemnify you against, any liability you incur.

Any broker-dealer that acquires exchange notes in the exchange offer for its own account in exchange for original notes which it acquired through market-making or other trading activities must acknowledge that it will deliver this prospectus when it resells or transfers any exchange notes issued in the exchange offer. See Plan of Distribution for a description of the prospectus delivery obligations of broker-dealers.

**Acceptance of Original Notes and
Delivery of Exchange Notes**

Subject to the satisfaction or waiver of the conditions to the exchange offer, we will accept for exchange any and all original notes properly tendered prior to the expiration of the exchange notes offer. We will complete the exchange offer and issue the exchange notes promptly after the expiration of the exchange offer.

Exchange Agent

The Bank of New York Mellon Trust Company, N.A., the trustee under the indenture governing the notes, is serving as exchange agent in connection with the exchange offer. The address and telephone number of the exchange agent are set forth under the heading The Exchange Offer The Exchange Agent.

The Exchange Notes

The following summary is provided solely for your convenience. This summary is not intended to be complete. You should read the full text and more specific details contained elsewhere in this prospectus. For a more detailed description of the exchange notes, see Description of the Exchange Notes. With respect to the discussion of the terms of the notes on the cover page, in this summary of the offering and under the caption Description of the Exchange Notes, the terms we, us, our or the Company refer only to Hecla Mining Company, and not to any of its subsidiaries.

The exchange offer applies to the \$500.0 million aggregate principal amount of the original notes outstanding as of the date hereof. The form and terms of the exchange notes will be identical in all respects to the form and the terms of the original notes except that the exchange notes:

will have been registered under the Securities Act;

will not be subject to restrictions on transfer under the Securities Act;

will not be entitled to the registration rights that apply to the original notes; and

will not be subject to any increase in annual interest rate as described below under The Exchange Offer Purpose of the Exchange Offer.

The exchange notes evidence the same debt as the original notes exchanged for the exchange notes and will be entitled to the benefits of the same indenture under which the original notes were issued, which is governed by New York law. We refer to the exchange notes and original notes collectively as the notes.

Issuer	Hecla Mining Company
Notes Offered	\$500,000,000 aggregate principal amount of 6.875% senior notes due 2021.
Maturity	The exchange notes will mature on May 1, 2021.
Interest	Interest on the exchange notes will accrue at a rate of 6.875% per annum. Interest on the exchange notes will be payable semi-annually in cash in arrears on May 1 and November 1 of each year, commencing November 1, 2013.

Guarantees

The exchange notes will be guaranteed on a senior unsecured basis by our existing and future domestic restricted subsidiaries, subject to certain exceptions.

Ranking

The exchange notes and the guarantees will be our and the guarantors senior unsecured obligations and will be equal in right of payment with all of our and the guarantors existing and future senior debt and senior to any of our and the guarantors future subordinated debt. The exchange notes and the guarantees will rank effectively junior to all of our and the guarantors existing and future secured debt, including borrowings outstanding under our revolving credit facility, to the extent of the value of the collateral securing such debt. The exchange notes will also be structurally subordinated to all of the liabilities of our existing and future subsidiaries that do not guarantee the exchange notes.

Table of Contents

After giving effect to the Acquisition and the issuance of the original notes, for which we are offering to exchange the exchange notes, we and our subsidiaries had approximately \$510.4 million of indebtedness outstanding as of September 30, 2013, of which \$20.0 million effectively ranked senior to the exchange notes, and, following a recent amendment to our credit facility, we have unused commitments of \$100 million under our revolving credit facility, all of which would effectively rank senior to the exchange notes if borrowed.

As of September 30, 2013, our non-guarantor subsidiaries had \$176.2 million of total liabilities, all of which would have been functionally senior to the exchange notes.

Optional Redemption

The notes will be redeemable, in whole or in part, at any time and from time to time on or after May 1, 2016, on the redemption dates and at the redemption prices specified under Description of the Exchange Notes Optional Redemption, *plus* accrued and unpaid interest, if any, to the date of redemption. In addition, prior to May 1, 2016, we may redeem some or all of the notes at a redemption price of 100% of the principal amount, plus accrued and unpaid interest, if any, to the redemption date, plus a *make whole* premium.

Also, we may redeem up to 35% of the notes before May 1, 2016 with the net cash proceeds from certain equity offerings.

Change of Control Offer

If we experience specific kinds of changes of control, we must offer to repurchase all of the notes at 101% of their principal amount, *plus* accrued and unpaid interest. See Description of the Exchange Notes Repurchase at the Option of Holders Change of Control.

Asset Sale Offer

If we sell certain assets and do not repay certain debt or reinvest the proceeds of such sales within certain time periods, we must offer to repurchase a portion of the notes as described under Description of the Exchange Notes Repurchase at the Option of Holders Asset Sales.

Certain Covenants

The indenture contains covenants that limit, among other things, our ability and the ability of some of our subsidiaries to:

incur additional indebtedness;

pay dividends or make other distributions or repurchase or redeem our capital stock;
