Compensation Discussion and Analysis

The Compensation Discussion and Analysis describes our executive compensation philosophy, components and policies, including analysis of the compensation earned by our named executive officers for fiscal 2013 as detailed in the accompanying tables.

Executive Summary

Setting Fiscal 2013 Compensation. In making compensation decisions for fiscal 2013, our CHR Committee took into account a number of factors, including (i) the need to attract and retain talented executives (ii) our financial performance and achievement of corporate objectives; and (iii) the achievement of individual objectives by each executive officer.

Elements of Compensation. Consistent with our philosophy that executive compensation should incentivize our executive officers to enhance shareholder value, each of our executive officers is compensated with base salary, short-term cash incentives and long-term incentives tied to the value of our restricted voting shares, as well as (to a lesser extent) perquisites and personal benefits, retirement benefits and termination and change in control benefits.

Key Compensation Decisions During Fiscal 2013. Our CHR Committee and our Board made the following key executive compensation decisions for fiscal 2013:

approval of option grants to certain of our executive officers;

approval of the Patheon Global Bonus Plan for fiscal 2013 (the 2013 Bonus Plan);

approval of discretionary bonus payments to our executive officers;

approval of salary increases for certain of our executive officers; and

approval of compensation arrangements for new executive officers to enhance our leadership team.

Compensation Philosophy and Objectives

Our compensation philosophy is based on pay for performance. We reward our executive officers for delivering superior performance that contributes to our long-term success and the creation of shareholder value.

The objectives of our compensation program are to:

attract and retain qualified and experienced individuals to serve as executive officers;

align the compensation level of each executive officer with his or her level of responsibility;

motivate each executive officer to achieve short and long-term corporate goals;

align the interests of executive officers with those of shareholders; and

reward executive officers for excellent corporate and individual performance.

Process for Determining Executive Compensation

Role of Our CHR Committee and Board

Our CHR Committee and Board share responsibility for determining executive compensation. Our Board's involvement in the executive compensation process reflects its desire to oversee compensation decisions regarding our executive officers, particularly our Chief Executive Officer. Accordingly, our CHR Committee makes recommendations regarding, and our Board approves, our executive compensation policies and programs, the compensation of our Chief Executive Officer and the grant of equity awards. Our CHR Committee is solely responsible for approving the compensation of our executive officers, other than our Chief Executive Officer, for establishing and approving payments under our annual cash incentive plan and for reporting such decisions to our Board.

Role of Executive Officers

Other than providing input into their individual performance objectives, neither our Chief Executive Officer nor our other executive officers have any role in recommending or setting their own compensation. Our Chief Executive Officer makes recommendations to our CHR Committee regarding the compensation of our other executive officers and provides input regarding executive compensation programs and policies generally.

Role of Compensation Consultants

We retained Mercer to act as our independent compensation consultant. Mercer reports directly to our CHR Committee. For fiscal 2013, our CHR Committee engaged Mercer to assist it in implementing our compensation philosophy for the executive officers in keeping with our overall objectives, including by gathering relevant market data to assist our CHR Committee in making compensation decisions for our named executive officers. On occasion, we also engage Mercer to provide consulting services for non-executive compensation matters and strategic matters. The fees paid to Mercer for these additional services did not exceed \$100,000 in fiscal 2013.

Role of Benchmarking and Comparative Analysis

Our CHR Committee used market analyses provided by Mercer as a reference point to evaluate the competitiveness of the total compensation, and competitive positioning, of our executive officers. Under the terms of its engagement, and with our assistance, Mercer constructed a peer group of publicly traded companies with U.S. operations that are similar to us in terms of revenue size, industry and operating characteristics (the Mercer Peer Group) and compared the compensation of each of our executive officers to executive officers in similar positions at companies in the Mercer Peer Group. On December 13, 2012, Mercer recommended the removal of two companies outside of Patheon's suggested revenue range as well as two companies that had been acquired since the previous study. In connection with this recommendation, four additional companies were proposed and accepted as replacements. The companies comprising the Mercer Peer Group for fiscal 2013 were as follows: Perrigo Company, PAREXEL International Corporation, Steris Corp., The Cooper Companies, Inc., Charles River Laboratories International, Inc., ResMed Inc., IDEXX Labs Inc., West Pharmaceutical Services, Inc., Par Pharmaceutical Companies, Inc., Impax Laboratories, Inc., Integra Lifesciences Holdings Corporation, Medicas Pharmaceutical Corp., Cubist Pharmaceuticals, Inc., Alexion Pharmaceuticals, Inc., Regeneron Pharmaceuticals, Inc., Myriad Genetics, Inc., and Onyx Pharmaceuticals, Inc. In addition, Mercer also reviewed proxy statement data for a number of companies in published compensation surveys, namely (i) the 2012 Mercer Executive Remuneration Survey; (ii) the Radford Global Life Sciences Survey 2012; and (iii) the Towers Watson General Industry Executive Compensation Survey 2012. The companies comprising each of the aforementioned surveys are listed in Appendices A, B and C, respectively. Companies for which proxy statement

data was collected are noted in italics. As discussed below, we used the results of Mercer's review in connection with certain compensation decisions for our named executive officers.

Role of the Advisory (Non-binding) Vote to Approve Executive Compensation

We provide our shareholders with the opportunity to cast an advisory (non-binding) vote to approve executive compensation, or the Say-on-Pay proposal, every three years. At the 2012 Annual and Special Meeting of Shareholders, a substantial majority of the votes cast (over 94%) at that meeting voted in favor of the Say-on-Pay proposal, which our CHR Committee believes affirms our shareholders' support of our executive compensation program. Our CHR Committee considered the result of this vote, and following such consideration, did not make any changes to our executive compensation decisions or policies. Our CHR Committee will continue to consider the outcome of Say-on-Pay votes when making future compensation decisions for our named executive officers.

Factors Considered in Making Individual Pay Decisions

Compensation Elements

At this time, we do not target a specific mix of executive compensation by allocating total compensation between cash and noncash pay, between current and long-term pay or among different types of long-term incentive awards. The profile of our executive compensation is driven by decisions made for each component of pay separately, which we intend to be appropriately competitive, as well as the impact of our decisions on total compensation. However, consistent with our compensation philosophy, our CHR Committee believes that a significant portion of each named executive officer's compensation should be at risk.

Role of Company and Individual Performance

Our compensation philosophy is based on pay for performance. We reward our executive officers for delivering superior performance that contributes to our long-term success and the creation of shareholder value. In measuring such performance, we consider the achievement of both corporate and individual goals.

We reward significant contributions by our executive officers through salary increases, payments under our annual cash incentive plans and through long-term equity awards. In particular, our 2013 Bonus Plan was designed to focus our executive officers on the achievement of both corporate and individual performance objectives. The corporate performance objectives under our 2013 Bonus Plan were recommended to our CHR Committee by our Chief Executive Officer and approved by our CHR Committee.

The individual performance objectives under our 2013 Bonus Plan were determined by our CHR Committee in consultation with our Chief Executive Officer. Our Chief Executive Officer submitted individual performance objectives for our executive officers (who themselves had input into the determination of their individual objectives), other than himself, to our CHR Committee. Our CHR Committee reviewed the submitted individual performance objectives and approved them with any such changes as it believed appropriate. Our CHR Committee approved the individual performance objectives for our current Chief Executive Officer.

Table of Contents

Internal Pay Equity

We consider internal pay equity when setting compensation for our executive officers. Although we have not established a policy regarding the ratio of total compensation of our Chief Executive Officer to that of our other executive officers, we do review compensation levels to ensure that appropriate equity exists between our Chief Executive Officer and our other executive officers, as well as among our executive officers (other than the Chief Executive Officer). Differences in compensation among our named executive officers are attributable to differences in levels of experience, performance and market demand for executive talent.

Fixed Compensation Base Salary

Overview

Base salary is intended to reflect the skills, competencies, experience and performance of each named executive officer. Base salary levels also are targeted to be comparable to salaries offered for positions involving similar responsibilities and complexity at other companies. Competitive base salaries enable us to attract and retain qualified individuals to serve as named executive officers. Base salary also aligns the compensation level of each named executive officer to his or her level of responsibility. Base salaries are adjusted annually where appropriate based on levels of responsibility and sustained performance. Base salary is linked to other elements of compensation such as the annual cash incentive bonus, certain retirement plan benefits and termination and change in control benefits.

Fiscal 2013 Base Salaries

The key salary decisions made during fiscal 2013 for our named executive officers were as follows:

Michael Lehmann. Mr. Lehmann was hired in fiscal 2013, and his salary was based on the amount our CHR Committee determined to be appropriate to induce him to join our company. Our CHR Committee determined Mr. Lehmann's salary based on his past experience, skills and compensation from prior employers.

Aqeel Fatmi. Following the Banner Acquisition in December 2012, we entered into a new employment agreement with Dr. Fatmi that provided an increase in his salary from \$294,462 to \$345,000. Our CHR Committee determined that it was appropriate to increase Dr. Fatmi's salary based on the expansion of his responsibilities to include a global role within our company, in addition to his existing responsibilities with respect to the Banner subsidiaries.

Harry R. Gill, III. We increased Mr. Gill's salary during fiscal 2013 from \$285,000 to \$350,000. Our CHR Committee determined that the increase was appropriate to compensate Mr. Gill in connection with his increased responsibilities for overseeing environmental, health and safety matters for our company.

Variable Compensation Short-Term and Long-Term Incentives

The variable elements of our compensation include short-term incentives in the form of the opportunity for an annual cash incentive bonus and long-term incentives in the form of stock options. The level of variable compensation offered to our named executive officers is determined, in part, based on an overall assessment of our business

performance, including achievement against stated corporate objectives.

Short-Term Incentive Cash Incentive Bonuses

Overview

Under our 2013 Bonus Plan, our named executive officers and other members of our senior management may receive cash incentive bonuses based on certain performance criteria, subject to certain prescribed limits. The annual cash incentive bonus is intended to motivate our named executive officers to achieve short-term corporate and individual goals and to ultimately reward them for excellent corporate and individual performance. For fiscal 2013, payments to our named executive officers and other members of senior management were made under the 2013 Bonus Plan, based on the achievement of certain corporate and individual objectives established by our CHR Committee and Chief Executive Officer. Additional bonus payments were made to named executive officers and other members of senior management in the discretion of our CHR Committee.

Table of Contents

2013 Bonus Plan Opportunity

Target awards under our 2013 Bonus Plan are set forth in each named executive officer's employment agreement. All of our named executive officers, other than Mr. Mullen and Dr. Fatmi, have a target bonus of 45% of base salary. Mr. Mullen has a target bonus of 100% of base salary. Dr. Fatmi has a target bonus of 40% of base salary. We believe that maintaining target bonuses within a narrow range of 40-45% for each of our named executive officers other than our Chief Executive Officer appropriately rewards their performance, is consistent with principles of pay equity and helps us attract and retain the executives we need to run our business.

Our CHR Committee approved the various weights allocated to the different financial performance objectives under our 2013 Bonus Plan to incentivize contributions by our named executive officers to our overall corporate performance. In addition, our CHR Committee determined that part of the bonus opportunity should be based on the achievement of individual objectives to focus our named executive officers to execute on projects without an immediately quantifiable financial impact but that would contribute to both our short-term and long-term success.

Financial Objectives

Corporate Adjusted EBITDA comprised 50% of the corporate objectives for our named executive officers and is defined as loss from continuing operations before repositioning expenses, interest expense, foreign exchange losses reclassified from other comprehensive income (loss), refinancing expenses, acquisition and integration costs (including certain product returns and inventory write-offs recorded in gross profit), gains and losses on sale of capital assets, income taxes, asset impairment charges, depreciation and amortization, stock-based compensation expense, consulting costs related to our operational initiatives, purchase accounting adjustments, acquisition-related litigation expenses and other income and expenses, with additional adjustments for foreign currency exchange differences versus budgeted exchange rates and other one-time, non-operating gains or losses at the discretion of management.

Corporate Net Free Cash Flow comprised 25% of the corporate objectives for our named executive officers and is defined as cash flow from operations minus capital spending.

Corporate Revenue, as determined under U.S. GAAP, comprised 25% of the corporate objectives for our named executive officers.

Under the 2013 Bonus Plan, the payout with respect to achievement of any one corporate objective was not conditioned on the achievement of any other corporate objective. Under our 2013 Bonus Plan, if we did not meet the threshold performance of 90% of target for Corporate Adjusted EBITDA or Corporate Net Free Cash Flow, or 96% of Corporate Revenue, there would be no payout to our named executive officers under the plan for the applicable objective. If performance were to fall between threshold and target or between target and maximum for a particular objective, payout factors would be interpolated on a straight-line basis for such objective.

In setting the financial targets under our 2013 Bonus Plan, our CHR Committee focused on establishing targets for which attainment was not assured and which would require significant effort on the part of our named executive officers. For fiscal 2013, target Corporate Adjusted EBITDA, Corporate Net Free Cash Flow and Corporate Revenue were based on our 2013 budget.

The following table shows the payout percentages related to the achievement of each of our corporate goals under our 2013 Bonus Plan:

Corporate Corporate**Adjusted Net Free**

	EBITDA Goal (millions of US\$)	Cash Flow (millions of US\$)	Performance (% of Target)	Payout Factor	Payout (% of Target Bonus)

Maximum	2081.6	110%	2.0x	200%

Table of Contents*Individual Objectives*

In addition to corporate and/or financial objectives, a component of each named executive officer's bonus eligibility was based on the achievement of individual objectives. At the end of fiscal 2013, the Chief Executive Officer discussed with each then-employed named executive officer his or her achievement of individual objectives and assigned a performance rating. The CHR Committee discussed with the Chief Executive Officer his achievement of his individual objectives and assigned a performance rating. Under the 2013 Bonus Plan, the named executive officer's bonus eligibility is based on the achievement of the financial objectives and a multiplier for his or her performance rating as follows, with a maximum possible payout under the 2013 Bonus Plan of 200% of the executive's target amount:

Rating	Description	Pay for Performance Multiplier
1	Not Acceptable	0
2	Sometimes Meets Expectations	0-0.5
3	Meets Expectations	0.75-1.0
4	Exceeds Expectations	1.0-1.25
5	Outstanding	1.25-1.75

Individual objectives for our named executive officers included individual performance goals specific to such individual or his or her area of responsibility. Individual goals included timely achievement of certain strategic and financial goals, functional financial and budget goals, design and implementation of productivity measures, quality and compliance results, and development of new business opportunities, as follows:

James C. Mullen: (i) achieve the financial goals including pro forma revenue exceeding \$1,100 million; (ii) update our company's strategic plan; (iii) lead the Banner integration; (iv) achieve Right First Time (RFT) and On Time Delivery (OTD) in excess of 90%; (v) increase Operational Excellence (OE) and Cost of Quality savings by \$30 million; (vi) achieve sales targets in excess of \$80 million for PDS and CMO and \$20 million for Banner; and (vii) take actions to enhance employee talent to include the creation of development plans for all direct reports.

Stuart Grant: (i) achieve certain financial goals as set out in 2013 budget; (ii) improve the effectiveness of our company's finance function and processes by identifying and filling gaps and development plans agreed for all direct reports; (iii) ensure successful integration of Banner to Patheon; (iv) streamline the revenue process; and (v) develop a clear financial strategy and plan for the next 24 months.

Michael Lehmann: (i) achieve certain financial goals, including PDS revenue of \$156 million; (ii) improve RFT and OTD to meet or exceed 90% for PDS; (iii) increase OE and Cost of Quality savings by \$30 million; (iv) project expansion/COS Sales target of greater than \$112.1 million for PDS; (v) achieve sales target of \$82 million for PDS; (vi) assist in the Banner integration; (vii) assist in developing growth and financial strategies and identifying acquisition targets; and (viii) take actions to enhance employee talent to include the creation of development plans for all direct reports.

Aqeel Fatmi: With respect to Dr. Fatmi's Global Research & Development role: (i) implement a development strategy for our Banner Life Sciences business; (ii) expand our research and development capabilities to include other dosage forms; and (iii) obtain approval for and launch certain Banner products. With respect to his Chief Scientific Officer role: (i) identify, select and recommend new drug delivery technology platforms; (ii) evaluate business adjacencies in sourcing of active ingredients; (iii) improve certain products; (iv) increase the recognition and visibility of our subject-matter experts; (v) ensure successful integration of Banner with our company; and (vi) successfully launch certain Banner products in the global marketplace.

Harry R. Gill, III: (i) improve OE and Cost of Quality savings for CMO and PDS Operations; (ii) re-design and implement One Patheon site Quality Organization; (iii) assist in the Banner integration; (iv) drive implementation of key training initiatives; and (v) implement with IT and Procurement a Vendor Management Program.

Antonella Mancuso: (i) achieve certain financial goals, including achieving fiscal 2013 CMO revenue of greater than \$662.2 million; (ii) improve RFT and OTD to exceed 90% (iii) meet target procurement savings goals of \$7.4 million; (iv) assist in the Banner integration; (v) define specific talent upgrade and relative development plan with all direct reports; (vi) OE, de-bottlenecking and Cost of Quality savings equal to or greater than \$26.5 million; and (vii) assist our Chief Executive Officer in review of strategic plan. Because Ms. Mancuso was not employed by us at the time payout determinations were made under our 2013 Bonus Plan, she was not eligible for payments thereunder.

Table of Contents*2013 Bonus Plan Results*

The following table shows the percentage of achievement of the financial objectives applicable to our named executive officers eligible for a bonus for fiscal 2013:

(in millions of US\$ unless otherwise noted)

Financial Objective	Target	Actual	Achievement (%)
Corporate Adjusted EBITDA	160.7	135.5	84.4
Corporate Net Free Cash Flow	(7.5)	(35.8)	-378%
Corporate Revenue	1,040.8	1024.2	98.4

Because we did not achieve the minimum Corporate Adjusted EBITDA and Corporate Net Free Cash Flow objectives under the 2013 Bonus Plan, our named executive officers were only eligible to receive payouts under the plan with respect to the Corporate Revenue objective. Although we did not achieve the minimum Corporate Adjusted EBITDA and Corporate Net Free Cash Flow objectives, our CHR Committee decided to award discretionary cash bonuses to each of our named executive officers in addition to the amounts payable to these executive officers under the 2013 Bonus Plan.

Our CHR Committee determined that awarding these discretionary cash bonuses was consistent with its pay-for-performance philosophy because, among other things, our CHR Committee determined we advanced our initiatives with respect to site closures, operational excellence programs, procurement and activities related to the integration of Banner and that each of our named executive officers serving at the end of fiscal 2013 achieved or made substantial progress towards achieving his individual objectives as discussed above, which significantly contributed to our company's success. In addition, our CHR Committee determined that the achievement of the Corporate Adjusted EBITDA and Corporate Net Free Cash Flow objectives under the 2013 Bonus Plan (which metrics were not adjusted following the acquisition of Banner) was negatively impacted by financing, transaction, synergy and operational costs associated with the acquisition of Banner. In making this determination, our CHR Committee determined that the Banner Acquisition was of strategic long-term importance to our company and, accordingly, did not believe it was appropriate to penalize our named executive officers as a result of costs incurred during fiscal 2013 in connection with this transaction.

The bonuses awarded to our named executive officers other than Ms. Mancuso were as follows:

Name ⁽¹⁾	Target Bonus	Target Fiscal 2013 Bonus (\$)	2013 Bonus Plan Paid (\$)	Discretionary Bonus Paid (\$)	Total Bonus Paid (\$)	Total Bonus Paid (% of Target)
James C. Mullen	100%	900,000	168,750	638,370	807,120	89.7
Stuart Grant	45%	193,500	36,281	137,869	174,150	90.0
Michael Lytton	45%	180,000	33,750	128,250	162,000	90.0
Michael Lehmann	45%	175,500	32,527	140,948	173,475	98.8
Aqeel Fatmi ⁽²⁾	40%	110,931	20,800	51,305	72,105	65.0
Harry R. Gill, III	45%	139,500	26,156	99,394	125,550	90.0

- (1) Ms. Mancuso's employment with Patheon ended on July 10, 2013. Since she was not employed with us at the time of payout, she was not eligible for a discretionary bonus. Ms. Mancuso received termination benefits as described below under Potential Payments upon Termination or Change in Control.
- (2) In addition to the above-noted amounts, Dr. Fatmi also earned \$35,336 under the 2012 Banner bonus plan, in which he was a participant. This amount represents the total bonus payable under such plan for Banner's 2012 fiscal year (January 1 - December 31, 2012).

Following the Banner Acquisition, the Corporate Net Free Cash Flow and Corporate Adjusted EBITDA targets were not adjusted for the impact from acquisition, integration, and restructuring activities and costs. Revenue targets funded for 2013, however, due to the costs of the diligence, acquisition, and restructuring from the Banner Acquisition, and the EBITDA and Cash Flow targets were missed. Performance goals for our company for restructuring, synergy savings, and OE targets were exceeded in 2013. As a result, the CHR Committee made a decision within plan guidelines to provide discretionary bonus payments.

In setting the discretionary bonuses for each named executive officer (other than Ms. Mancuso), our CHR Committee first determined the percentage of the named executive officer's target fiscal 2013 that it determined was appropriate based on corporate and individual performance for fiscal 2013. With respect to our named executive officers other than our Chief Executive Officer, this determination was based on the recommendation of our Chief Executive Officer. Our CHR Committee then awarded a discretionary bonus in an amount that, combined with the amounts payable under the 2013 Bonus Plan, would provide the named executive officer short-term cash incentive compensation in an amount equal to the percentage of target bonus determined by our CHR Committee. In determining the appropriate percentage of target for each named executive officer our CHR Committee and (as applicable) our Chief Executive Officer considered the following:

Table of Contents

James C. Mullen: Our CHR Committee determined that a total short-term cash incentive award of 89.7% of target was appropriate based on (i) leadership provided throughout the Banner integration and execution on synergy and value creation targets; (ii) key contributions made during 2013 to improve revenue; (iii) exceeding critical OE achievements; and (iv) valuation and viability assessments in connection with strategic transactions.

Stuart Grant: Our CHR Committee determined, based on the recommendation of our Chief Executive Officer, that a total short-term cash incentive award of 90.0% of target was appropriate based on (i) financial leadership during the Banner integration; (ii) work to ensure financial improvements were made with respect to spend which included procurement savings that exceeded expectations and process enhancements that improved cost and cash management; and (iii) key contributions in valuation and viability assessments and financing work in connection with strategic transactions.

Michael Lytton: Our CHR Committee determined, based on the recommendation of our Chief Executive Officer, that a total short-term cash incentive award of 90.0% of target was appropriate based on (i) leadership on critical OE achievements; (ii) integration of Banner business; and (iii) key contributions in valuation and viability assessments in connection with strategic transactions.

Michael Lehmann: Our CHR Committee determined, based on the recommendation of our Chief Executive Officer that a total short-term cash incentive award of 100.0% of target was appropriate based on (i) achievements related to his PDS leadership role to include OE efforts and organizational design enhancements; (ii) the creation and implementation of a PDS strategic plan to include the expansion of PDS sites; and (iii) interim leadership of the Global Sales and Marketing function which resulted in improved PDS and CMO sales performance for the year.

Aqeel Fatmi: Our CHR Committee determined, based on the recommendation of our Chief Executive Officer, that a total short-term cash incentive award of 65.0% of target was appropriate based on (i) the creation of an executable product development plan for the Banner Life Sciences business; (ii) exceptional performance on global product approvals including multiple products approved in United States, Europe and Mexico; and (iii) assistance with the integration of Banner within our company.

Harry R. Gill, III: Our CHR Committee determined, based on the recommendation of our Chief Executive Officer that a total short-term cash incentive award of 90.0% of target was appropriate based on (i) exceeding targets with OE results; (ii) role in the Banner integration to drive quality processes across all sites; and (iii) the implementation of key training initiatives across all sites which resulted in significant improvements in site delivery and right first time targets.

Retention Bonuses Dr. Fatmi

In addition to the discretionary bonus and 2013 Bonus Plan payment that Dr. Fatmi received with respect to fiscal 2013 performance, Dr. Fatmi has also received and become eligible to receive certain retention bonuses in connection with his continued service with our company. Under the VION Holding N.V. 2012 Retention Incentive Plan for Banner Companies (the Retention Incentive Plan), which we assumed in connection with the Banner Acquisition, Dr. Fatmi received \$701,354 as an incentive to remain employed by Banner through the closing date of the Banner

Acquisition and received an additional \$136,472 as an incentive to remain employed by us through the four months following the closing date. VION Holding N.V. reimbursed us for all payments made to Dr. Fatmi under the Retention Incentive Plan. In addition to these retention bonuses, prior to and in connection with our entry into a definitive agreement to acquire Banner, Dr. Fatmi entered a change of control agreement with Banner, dated August 6, 2012, as amended on October 24, 2012 (the Banner Change of Control Agreement). The Banner Change of Control Agreement required us to pay Dr. Fatmi a cash bonus equal to nine months base salary if Dr. Fatmi continued to be employed by our company on December 14, 2013, the first anniversary of the Banner Acquisition. Because Dr. Fatmi satisfied this condition of the Banner Change of Control Agreement, we paid him this retention bonus in December 2013. We determined that this additional retention bonus was appropriate given Dr. Fatmi s importance to our company and to the success of the Banner Acquisition.

Dr. Fatmi also received a total of \$35,336 in additional bonuses earned in respect of the Banner 2012 fiscal year ended December 31, 2012, under bonus arrangements that we assumed from Banner in connection with the acquisition. Of this total, \$1,359 was earned following the Banner Acquisition and is included in Dr. Fatmi s compensation for fiscal 2013.

Long-Term Incentives Incentive Stock Option Plan

Overview

Long-term incentives are intended to motivate our named executive officers to achieve long-term corporate goals and to ultimately reward them for excellent corporate performance. Long-term incentives do not influence any other element of compensation. Our stock option plan is designed to grant options to our named executive officers, directors and certain other persons in order to (i) encourage their productivity in furthering our growth and development; (ii) assist us in retaining and attracting executives with experience; and (iii) give us the ability to reward significant performance achievements.

Table of Contents

Fiscal 2013 Grants

In connection with his hiring, we granted Mr. Lehmann 300,000 options. Our CHR Committee approved this award to induce Mr. Lehmann to join our company based on his experience, skills and compensation received from former employers, while also providing a significant incentive for him to increase shareholder value. In addition, in connection with his appointment as Interim Executive Vice President, Global Sales & Marketing, we granted Mr. Lehmann 50,000 options. Our CHR Committee believes that this grant was appropriate in recognition of his dual role.

In connection with the addition of oversight of environmental, health and safety matters to Mr. Gill's role, we granted Mr. Gill 50,000 options. Our CHR Committee believes that this grant was appropriate to compensate Mr. Gill for his additional duties.

In connection with the acquisition of Banner and the transition of Dr. Fatmi to the position of Executive Vice President, Global Research & Development and Chief Scientific Officer for Patheon, we granted Dr. Fatmi 90,000 options. Our CHR Committee believes that this grant was appropriate to retain and incentivize Dr. Fatmi.

Equity Award Grant Practices

Our stock option grant practices provide that we may not issue options during a blackout period as defined in our trading policies. Quarterly blackout periods begin two weeks before the end of each fiscal quarter and end at the close of business on the second business day following the public release of our quarterly or annual financial results. In addition, supplemental blackout periods are imposed to allow the receipt of material information by the market or in certain cases as determined by our Chief Executive Officer or General Counsel.

Perquisites and Personal Benefits

We provide certain perquisites and personal benefits to recruit and retain our named executive officers. The level of perquisites and personal benefits provided to our named executive officers does not influence any other element of compensation.

Our group benefits are intended to provide competitive and adequate protection in case of sickness, disability or death. We offer health, dental, pension or retirement, life insurance and disability programs to all of our employees on the same basis. In addition, our named executive officers receive certain enhanced benefits for medical, dental, vision, life insurance and disability, including premium waivers and enhanced coverage.

In addition to enhanced health, life insurance and related benefits, during fiscal 2013, certain of our named executive officers received automobile allowances or the use of a company car, and certain of our named executive officers received relocation benefits and incentives (and related tax gross-ups) to offset the cost of their relocation to our U.S. headquarters.

Benefits Relating to Termination and Change in Control

Our named executive officers are covered by termination and change in control provisions in their employment agreements. The events that trigger payment under these arrangements were determined through the negotiation of the applicable employment agreement. In addition, our stock option plan and certain of the award agreements entered into thereunder contain change in control provisions.

Risk Management

Our CHR Committee and our Board endeavor to design our compensation programs to help ensure that these programs do not encourage our executive officers to take unnecessary and excessive risks that could harm our long-term value. We believe that the following components of our executive compensation program, which are discussed more fully above, discourage our executive officers from taking unnecessary or excessive risks:

Base salaries and personal benefits are sufficiently competitive and not subject to performance risk.

The vesting periods of our stock option awards are designed to better align our executives' interests with the long-term interests of our shareholders.

Corporate and individual performance objectives for our executive officers are generally designed to be achievable with sustained and focused effort.

Table of Contents

Minimum thresholds apply to all components of our annual incentive plans for both (i) the funding of the plans and (ii) payout levels of performance objectives, including individual performance objectives.

Our annual incentive plans are, subject to applicable regulations, discretionary, and we have documented our reserved right to amend or discontinue our incentive plans at any time with or without notice.

In order for an employee to receive a payout under one of our annual incentive plans, he or she must be employed at the time of payout, unless our CHR Committee determines otherwise.

In order for an employee to be an eligible participant in one of our annual incentive plans, he or she must have completed at least three months of active employment with us prior to the applicable fiscal year's end.

Tax and Accounting Considerations

Tax and accounting considerations generally do not have a material impact on our compensation decisions. However, our CHR Committee does consider the accounting and cash flow implications of various forms of executive compensation.

In our consolidated financial statements, we record salaries and bonuses as expenses in the amount paid or to be paid to the named executive officers. Accounting rules also require us to record an expense in our consolidated financial statements for stock option awards, even though such awards are not paid as cash to employees. Our CHR Committee believes that the many advantages of equity compensation more than compensate for the non-cash accounting expense associated with it.

Policy with Respect to Short-Term Trading and Short Selling

Under our trading policy, except with the prior approval of our Chief Executive Officer or our General Counsel, our directors, officers and certain designated employees may not buy and sell, or sell and buy, our restricted voting shares within a six-month time period. Our directors, officers and certain designated employees are also prohibited from short selling our restricted voting shares.

Compensation Committee Report

The Compensation and Human Resources Committee has reviewed and discussed the Compensation Discussion and Analysis with management and, based on such review and discussions, recommended to the Board that the Compensation Discussion and Analysis be included in this annual report on Form 10-K.

Compensation Program Risk Assessment

We have conducted a risk assessment of our compensation policies and practices for all of our employees (not just our executive officers). Based on this review, we concluded that risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on us. Our risk assessment included a review of program policies and practices; program analysis to identify risk and risk control related to the programs; and determinations as to the sufficiency of risk identification, the balance of potential risk to potential reward, risk control and the support of the programs and their risks to our strategy. Although we reviewed all compensation programs, we focused on the programs with variability of payout (e.g., short-term and long-term incentive programs), with the ability of a participant to directly affect payout and the controls on participant action and payout. As part of our review, we specifically noted the following factors that reduce the likelihood that excessive risk taking would have a material adverse effect on us: (i) a strong internal control structure, including business, legal and finance review of our customer contracts prior to entry into such contracts; (ii) payment to our employees of competitive base salaries and benefits that are not subject to performance risk; and (iii) a mix between cash and noncash and short-term and long-term compensation.

(1)

We have entered into employment agreements with each of our named executive officers that set an initial base salary at the time of hire. Thereafter, base salary for our Chief Executive Officer is determined by our Board, and base salary for our other executive officers is approved by our CHR Committee. See Compensation Discussion and Analysis Fixed Compensation Base Salary.

- (2) The amounts shown in this column for Messrs. Mullen, Grant, Lehmann, Lytton and Gill represent discretionary bonuses awarded by our CHR Committee for fiscal 2013 performance. With respect to Dr. Fatmi, the amount reported includes a discretionary bonus awarded by our CHR Committee for fiscal 2013 performance of \$51,305, and a retention incentive bonus of \$136,372 that Dr. Fatmi earned under the Retention Incentive Plan for service to us following the completion of the Banner Acquisition. Under the Retention Incentive Plan, which we assumed in connection with the Banner Acquisition, Dr. Fatmi received \$701,354 as an incentive to remain employed by Banner through the closing date of the Banner Acquisition and received an additional \$136,472 as an incentive to remain employed by us through the four months following the closing date. VION Holding N.V. reimbursed us for all payments made to Dr. Fatmi under the Retention Incentive Plan. Because the \$136,472 payable to Dr. Fatmi under the Retention Incentive Plan was in respect of services rendered to us following the completion of the Banner Acquisition, and not for services to Banner or VION, we have included this amount as bonus compensation in the Summary Compensation Table.
- (3) The amounts shown in this column represent the aggregate grant date fair value of awards granted during fiscal 2013 or fiscal 2012, as applicable, computed in accordance with Financial Accounting Standards Board Accounting Standard Codification Topic 718 and do not reflect the compensation actually received by the named executive officer. These award values have been determined based on certain assumptions, which are described in the Notes to our consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended October 31, 2013 filed with the SEC on January 10, 2014, as amended January 13, 2014.
- (4) The amounts shown in this column for each of our named executive officers represent bonuses paid under our 2013 Bonus Plan. With respect to Dr. Fatmi, the amount also includes the pro-rated amount of \$1,359 earned following the completion of the Banner Acquisition, out of a total of \$35,336 of additional bonuses that Dr. Fatmi earned under bonus arrangements that we assumed from Banner in connection with the acquisition. Ms. Mancuso's employment with Patheon ended on July 10, 2013. Since she was not employed with us at the time of payout, she was not eligible to receive any amounts under the 2013 Bonus Plan. See Short-Term Incentive Annual Cash Incentive Bonus.
- (5) The amounts shown in this column represent company matching contributions to the 401(k) retirement plan, the cost of supplemental health and insurance benefits, life insurance premiums, the cost of automobile allowances, relocation expenses, tax gross-ups, other perquisites or personal benefits and, with respect to Ms. Mancuso, severance payments. Details are provided below in All Other Compensation Table.
- (6) Ms. Mancuso's employment agreement provided that she would receive an annual base salary of 280,000 EUR. This table shows amounts earned by Ms. Mancuso until the termination date of July 10, 2013.
- (7) All amounts shown for Ms. Mancuso were paid in Euros and are presented in US\$, based on an average exchange rate during fiscal 2013 of 1.32 USD: 1.00 Euros.

- (6)

The amounts in this column represent tax gross-ups paid to our named executive officers in connection with relocation expenses and health benefits provided to them.

- (7) All amounts shown for Ms. Mancuso were paid in Euros and are presented in US\$, based on an average exchange rate during fiscal 2013 of 1.32 USD: 1.00 Euro.

Grants of Plan-Based Awards in Fiscal 2013

The following table provides information about stock options and non-equity incentive plan awards granted to our named executive officers in fiscal 2013. All options were granted under our stock option plan. Estimated possible payouts under non-equity incentive plan awards were based on our 2013 Bonus Plan. Our performance measures and financial results are discussed more fully in Compensation Discussion and Analysis. Since Ms. Mancuso was not employed with us at the end of fiscal 2013, she did not have any eligible earnings under the 2013 Bonus Plan and was therefore not eligible for any potential payments thereunder.

- (1) This column indicates the dates on which our Board approved options that could not be granted on the same day due to a blackout period in effect at that time.
- (2) There is no minimum amount payable under the 2013 Bonus Plan. No payout is earned with respect to a particular performance objective if we fail to achieve the threshold level of performance with respect to such objective. In addition, even if we meet minimum corporate financial metrics, the incentive payments under the 2013 Bonus Plan are subject to the individual executive's personal performance multiplier, which could be 0% for a rating of less than Meets Expectations. The threshold amount is 50% of the target amount shown, and the amount shown in this column represents the amount payable under the 2013 Bonus Plan if the threshold levels are met for each corporate performance measure and a 1.0 personal performance multiplier is applied.
- (3) The amounts in this column represent the amounts payable under the 2013 Bonus Plan if we meet 100% of each of the three target corporate financial performance measures and a 1.0 personal performance multiplier is applied.
- (4) The maximum amount payable under the 2013 Bonus Plan is 200% of the executive's target amount.
- (5) The exercise price displayed equals the closing price of our restricted voting shares on the TSX on the date of grant.
- (6) The estimated possible payouts for Dr. Fatmi are based on a prorated portion of his annual base salary as he did not become employed by our company until the closing of the Banner Acquisition on December 14, 2012.
- (7) Ms. Mancuso's employment with our company ended on July 10, 2013. Since she was not employed with us at the time of payout, she was not eligible to receive any payments under our 2013 Bonus Plan.

Narrative Discussion of Summary Compensation Table and Grants of Plan-Based Awards Table

This section discusses certain plans and arrangements pursuant to which our named executive officers received the compensation reported in the Summary Compensation Table and Grants of Plan-Based Awards Table. For further information about the process for determining executive compensation, compensation decisions made for fiscal 2013 and the relationships among different elements of compensation, see Compensation Discussion and Analysis.

Our named executive officers are generally entitled to participate in all benefit plans, including deferred compensation and retirement, welfare, perquisites, fringe benefit and life insurance plans, that may be in effect from time to time for senior executives generally. Mr. Mullen is also eligible to receive a target performance bonus of up to 100% of his base salary based on achieving financial and other targets set by our Board and our CHR Committee. In addition, we granted Mr. Mullen an initial award of 5,000,000 options on March 14, 2011. These options vest in five annual installments commencing on the first anniversary of the grant date and have a ten-year term. Mr. Mullen has entered into an Option Waiver and Termination Agreement, pursuant to which he has agreed to waive his rights to acceleration of his options in connection with the Arrangement previously announced by us on November 19, 2013 and pursuant to which a definitive proxy statement and management information circular dated February 4, 2014 (the Special Meeting Proxy Statement) has been filed with the SEC and on SEDAR and mailed to holders of our restricted voting shares and to voluntarily terminate and cancel all 4,000,000 of his outstanding options immediately prior to,

but subject to the occurrence of, the closing of the Arrangement.

Stuart Grant

Mr. Grant's employment agreement provides Mr. Grant with an annual base salary of \$430,000 and a target bonus of 45% of his annual base salary based on achieving predetermined financial and other targets set by our Chief Executive Officer and approved by the CHR Committee, which target bonus for fiscal 2012 was pro-rated from the effective date of his agreement. These options vest in five annual installments commencing on the first anniversary of the grant date and have a ten-year term. Dr. Fatmi is also eligible, at the discretion of our Board or our CHR Committee, to receive additional options, including an additional grant for 100,000 restricted voting shares on December 14, 2013. In addition, prior to and in connection with our entry into a definitive agreement to acquire Banner, Dr. Fatmi entered the Banner Change of Control Agreement. The Banner Change of Control Agreement required us to pay Dr. Fatmi a cash bonus equal to nine months' base salary if Dr. Fatmi continued to be employed by our company on December 14, 2013, the first anniversary of the Banner Acquisition. Because Dr. Fatmi satisfied this condition of the Banner Change of Control Agreement, we will pay him this retention bonus in January 2014.

Table of Contents**Retirement Benefits**

Our executives in locations outside the United States receive retirement benefits designed to be competitive with benefits provided to executives in comparable positions within their regions. As a senior executive in Italy during fiscal 2013, Ms. Mancuso was covered under a national labor agreement for Industrial Dirigenti, which stipulates certain compensatory arrangements and benefits for industrial executives in Italy. One of the benefits mandated by the agreement is a voluntary defined contribution plan, Previdai, in which Ms. Mancuso participated and contributed during fiscal 2013. We were required by Italian law to contribute a percentage of Ms. Mancuso's pensionable pay to the Previdai plan, which is administered by third parties.

Termination and Change in Control Benefits

The following contracts, agreements, plans and arrangements provide for payments to the applicable named executive officers at, following or in connection with either (i) certain terminations of employment or (ii) a change in control of our company. If a triggering event were to occur, the actual payments and benefits would likely be different from those presented here since the actual payments and benefits can only be determined at the time the relevant triggering event actually occurs. Because the following discussion only provides a general discussion of the circumstances that could trigger payments or benefits, the amounts reflected below do not specifically contemplate the potential consummation of the Arrangement. A discussion of the Arrangement Agreement and related matters is included under Compensation Committee Interlocks and Insider Participation Disclosure *Arrangement Agreement*, and the specific payments that may be made to our named executive officers under such contracts, agreements, plans and arrangements in connection with the Arrangement are discussed under *Special Factors Golden Parachute Compensation* beginning on page 91 of our Special Meeting Proxy Statement filed with the SEC and on SEDAR on February 4, 2014.

Stock Option Awards

Our stock option plan includes change in control provisions. Under our stock option plan, a change in control means the occurrence of either of the following: (i) any person, other than JLL Patheon Holdings or its affiliates, becomes a beneficial owner of more than 30% of the voting power of our then outstanding securities entitled to vote generally in the election of directors (with certain exceptions); or (ii) the consummation of a merger, amalgamation, arrangement, business combination, reorganization or consolidation or sale or other disposition of substantially all of the assets of our company, with certain exceptions. Under the terms of the options granted beginning in fiscal 2011, a change in control means the occurrence of any of the following: (i) any person other than JLL Patheon Holdings or its affiliates becomes a beneficial owner of more than 50% of the voting power of our then outstanding securities entitled to vote generally in the election of directors; (ii) our shareholders' approval of a dissolution or liquidation of our company; (iii) the consummation of a reorganization, merger, consolidation or amalgamation to which our company is a party and, as a result of which, persons other than the shareholders of our company immediately prior to such reorganization, merger, consolidation or amalgamation cease to own at least 50% of the voting power of the then outstanding voting securities of the surviving corporation in such reorganization, merger, consolidate or amalgamation entitled to vote generally in the election of directors; (iv) the sale or other disposition of all or substantially all the assets of our company; and (v) a majority of the seats of our Board, other than vacant sets, are held by persons who were not directors at the option's grant date and were neither (A) nominated for election by our Board nor (B) appointed by directors so nominated.

In the event of a change in control, each option granted and outstanding under our stock option plan will become immediately exercisable, even if such option is not otherwise vested or exercisable in accordance with its terms. Further, in the event of a change in control or potential change in control, our Board will have the power, subject to restrictions on amendments for which shareholder approval is required, to change the terms of the options as it considers fair and appropriate in the circumstances.

If the Arrangement is consummated, options outstanding immediately prior to the effective time of the Arrangement that have an exercise price per restricted voting share that is less than US\$9.32 shall be deemed to be vested and shall be acquired for cancellation by Patheon (free and clear of any liens) in exchange for a cash payment from Patheon per restricted voting share equal to the option consideration (the Option Consideration), determined pursuant to the Arrangement Agreement, and the holder of such option shall thereafter only have the right to receive the Option Consideration, less amounts withheld and remitted.

Each option that has an exercise price that is equal to or greater than US\$9.32 per restricted voting share shall be cancelled without consideration.

Our stock option plan (and any previous amendments and restatements of such plan) and all options thereunder, and any related agreements, shall be terminated and neither Patheon nor any other person, shall have any liabilities or obligations with respect thereto, except for the payment of the Option Consideration.

Employment Agreements

Our employment agreements with our named executive officers contain certain provisions relating to benefits our named executive officers may receive if they are terminated or if we experience a change in control. In general, our named executive officers (other than Ms. Mancuso) are only entitled to receive severance benefits under their employment agreements if they execute and do not revoke a waiver and release drafted by us within a prescribed time following termination of employment. In addition, the employment agreements with each of our named executive officers (other than Ms. Mancuso) include requirements related to confidentiality, non-solicitation and noncompetition. The non-solicitation and noncompetition requirements extend for 12 months following each named executive officer's termination of employment (24 months for Mr. Mullen). Set forth below is a summary of the material termination and change in control provisions of each named executive officer's employment agreement.

James C. Mullen

Mr. Mullen's employment agreement provides that if we terminate his employment without Cause, or if he terminates his employment for Good Reason, we are required to pay him severance equal to two years of his then current base salary, payable in 24 equal monthly installments. In addition, with respect to the initial grant to Mr. Mullen of 5,000,000 options, if we experience a Change in Control (as defined below), the unvested portion of Mr. Mullen's options would become immediately vested and exercisable and remain in force for the duration of their original term. In addition, if we terminate his employment without Cause, for incapacity or for death, or if he terminates his employment for Good Reason, a pro-rata portion of such options in which he would have become vested on the following anniversary of the effective date of his agreement will become immediately vested and exercisable on the date of his termination. If Mr. Mullen is terminated under circumstances entitling him to accelerated vesting of his options, he will be permitted to exercise his vested options within three months after the date of such termination. Mr. Mullen's right to severance benefits is contingent upon his continued compliance with the confidentiality, non-disparagement, non-solicitation and non-competition provisions of his employment agreement.

Stuart Grant

Mr. Grant's employment agreement provides that if we terminate his employment without Cause, or if he terminates his employment for Good Reason, we are required to pay him severance equal to his annual base salary, plus an amount determined by our CHR Committee in its sole discretion to reflect the annual incentive Mr. Grant would have otherwise earned during the year in which the termination occurs, in 12 equal monthly payments. In addition, if such termination occurs during the six-month period following a Change in Control, the unvested portion of the options granted to Mr. Grant under his employment agreement will become immediately vested and exercisable.

Michael E. Lytton

Mr. Lytton's employment agreement, as amended, provides that if we terminate his employment other than for Cause or if he terminates his employment for Good Reason, we are required to pay him severance equal to his annual base salary, plus any performance bonus for periods of service completed prior to the date of termination, in 12 equal monthly payments. Upon the occurrence of a Change in Control, Mr. Lytton's unvested options will, to the extent provided in our stock option plan and the applicable award agreement, become immediately vested and exercisable and remain exercisable for the remaining term of such option without regard to Mr. Lytton's termination of employment.

Michael Lehmann

Mr. Lehmann's employment agreement provides that if we terminate his employment without Cause, or if he terminates his employment for Good Reason, we are required to pay him severance equal to his annual base salary, in 12 equal monthly payments. Upon the occurrence of a Change in Control, Mr. Lehmann's unvested options will, to the extent provided in our stock option plan and the applicable award agreement, become immediately vested and exercisable and remain exercisable for the remaining term of such option without regard to Mr. Lehmann's termination of employment.

Aqeel Fatmi

Dr. Fatmi's employment agreement provides that if we terminate his employment without Cause, or if he terminates his employment for Good Reason, we are required to pay him severance equal to his annual base salary, in 12 equal monthly payments. Upon the occurrence of a Change in Control, Mr. Fatmi's unvested options will, to the extent provided in our stock option plan and the applicable award agreement, become immediately vested and exercisable and remain exercisable for the remaining term of such option without regard to Dr. Fatmi's termination of employment.

Harry Gill

Mr. Gill's employment agreement provides that if we terminate his employment without Cause, we are required to pay him severance equal to his annual base salary, plus an amount determined by the President of North America Operations in his sole discretion to reflect the annual incentive Mr. Gill would have otherwise earned during the year in which the termination occurs, in 12 equal monthly payments. In addition, if Mr. Gill elects COBRA continuation coverage for any of the group health benefits in which he was enrolled on the termination date, for the first 12 months after termination, we are required to pay the amounts necessary so that Mr. Gill's cost for such group health plan coverage is the same as it would have been had he remained employed.

Antonella Mancuso

Ms. Mancuso's employment agreement, as amended, provided that her employment could be terminated in accordance with the provisions of the National Bargaining Agreement then in force for executives of industrial companies in Italy.

Ms. Mancuso resigned from her employment with us as of July 10, 2013. In accordance with the terms of her separation agreement, Ms. Mancuso received \$320,091 in cash in satisfaction of the amounts payable to her under her employment agreement.

For purposes of the employment agreements with our named executive officers, other than Ms. Mancuso, the terms below have the following meanings, as applicable:

Cause means the determination, in good faith, by our Board, after notice to the executive officer and, if curable, a reasonable opportunity to cure, that one or more of the following events have occurred: (i) the executive officer has failed to perform his material duties, and such failure has not been cured after a period of 30 days' notice from us; (ii) any reckless or grossly negligent act by the executive officer having the effect of injuring the interests, business or reputation of any member of our Affiliated Group; (iii) the executive officer's commission of any felony (including entry of a *nolo contendere* plea); (iv) any misappropriation or embezzlement of the property of any member of our Affiliated Group; or (v) breach by the executive officer of any material provision of his employment agreement. Under Messrs. Mullen's, Grant's, Lehmann's and Lytton's and Dr. Fatmi's employment agreements, such breach of a material provision must, if curable, remain uncured for a period of 30 days after receipt by him of written notice from us of such breach, which notice must contain the specific reasonable cure requested, in order to constitute **Cause**.

Change in Control means any of the following events: (i) any person, other than JLL, becomes a beneficial owner of more than 50% of the voting power of our then outstanding securities entitled to vote generally in the election of directors; (ii) consummation of a merger or consolidation of our company or any of our direct or indirect subsidiaries with any other company (with certain exceptions); or (iii) shareholder approval of complete liquidation or dissolution of our company or disposition by us of all or substantially all of our assets.

Good Reason means the occurrence of any of the following events without the executive officer's consent: (i) a material reduction in the executive officer's duties or responsibilities or the assignment to the executive officer of duties materially inconsistent with his position; or (ii) a material breach by us of the executive officer's employment agreement. A termination of the executive officer's employment by him is not deemed to be for Good Reason unless (i) he gives notice to us of the existence of the event or condition constituting Good Reason within 30 days after such event or condition initially occurs or exists; (ii) we fail to cure such event or condition within 30 days after receiving such notice; and (iii) his separation from service within the meaning of the U.S. Internal Revenue Code of 1986, as amended (the **Code**), occurs not later than 90 days after such event or condition initially occurs or exists. Under Mr. Mullen's employment agreement, **Good Reason** also includes removal of him from his position. Mr. Mullen's agreement also provides that no termination for Good Reason is effective unless (i) he gives us written notice within 60 days of becoming aware of the initial occurrence of the event or condition constituting Good Reason and the specific reasonable cure requested by him; (ii) we have failed to cure such event or condition within 30 days of

receiving such notice; and (iii) he resigns within three months of the initial occurrence. Furthermore, Mr. Mullen may not resign for Good Reason if, on the date of notice to us, (i) grounds exist for his termination by us for Cause or (ii) he has already given us notice of (a) the non-renewal of his agreement at the end of its term or (b) his intention to resign without Good Reason.

Potential Payments upon Termination or Change in Control

The following table summarizes the estimated amounts payable to each named executive officer (other than Ms. Mancuso, whose actual payment paid in connection with her termination is discussed above) in the event of a termination of employment or change in control, or both. These estimates are based on the assumption that the various triggering events occurred on October 31, 2013, the last business day of fiscal 2013, and do not take into account the potential impact of the Arrangement, including the Option Waiver and Termination Agreement entered into by Mr. Mullen in connection with the Arrangement. See *Special Factors Golden Parachute Compensation* beginning on page 91 of our Special Meeting Proxy Statement filed with the SEC and on SEDAR on February 4, 2014.

We have noted below the other material assumptions used in calculating the estimated payments under each triggering event. The actual amounts that would be paid to a named executive officer upon termination of employment can only be determined at the time an actual triggering event occurs.

- (2) The values shown represent the payments that could have been made to our named executive officers pursuant to their respective employment agreements. These amounts are based on the named executive officer's base salary earned in fiscal 2013 and, with respect to Mr. Gill, the cost of COBRA continuation benefits of \$20,734. See Employment Agreements.
- (3) Equity amounts upon Change in Control represent the option gain on the disposition of previously unvested options following accelerated vesting on October 31, 2013.

(6) This amount is payable entirely in cash. The Chair of our Board is not entitled to any meeting attendance fees for Board or committee meetings.

Deferred Share Unit Plan

The DSU Plan was first approved by our Board on February 22, 2008 and was amended on March 27, 2008. The purposes of the DSU Plan are to (i) promote a greater alignment of interests between our directors and our shareholders and (ii) provide a compensation system for directors that, together with our other director compensation mechanisms, is reflective of the responsibility, commitment and risk accompanying Board membership and the performance of duties required of the various committees of our Board. Only our directors who are not our employees or employees of any of our affiliates, including any non-executive Chair of our Board (each an Eligible Director) are eligible to participate in the DSU Plan. The DSU Plan is administered by our CHR Committee.

Under the DSU Plan, each Eligible Director (other than the Chair of our Board) will receive in DSUs (i) an initial retainer fee for serving as a director payable on initiation of the DSU Plan or on being elected or appointed a director (the Initial Retainer) and (ii) a base retainer in respect of each fiscal year (the Base Retainer). In addition, each Eligible Director may elect to receive an annual retainer for serving as a director (the Annual Retainer) or an annual chairman s retainer (the Chair s Retainer), as applicable, in the form of DSUs or cash or any combination thereof.

Table of Contents

DSUs allocated to an Eligible Director pursuant to the DSU Plan are credited to an account maintained by us on the last day of each fiscal quarter in which the remuneration provided in DSUs accrued. The number of DSUs is determined by dividing the remuneration provided in DSUs by the Market Price on the particular payment day. The Market Price is defined to mean, in respect of any date, the weighted-average price at which our restricted voting shares have traded on the TSX during the two trading days immediately prior to such date. If any dividends are paid on our restricted voting shares, an Eligible Director will be credited with dividend equivalents in respect of the DSUs credited to his account as of the record date for payment of dividends, which dividend equivalents will be converted into additional DSUs. DSUs are fully vested upon being credited to an Eligible Director's account.

An Eligible Director will be paid the value of the DSUs credited to his account on voluntary resignation or retirement, death or disability, removal from our Board whether by shareholder resolution or failure to be re-elected, and in the case of an Eligible Director who is a U.S. taxpayer, on the date on which he has a separation from service within the meaning of the Code. Each DSU represents the right to receive a payment for such DSU equal to the Market Price on the redemption date applicable to such DSU.

Under the current compensation program, our Board approved the Initial Retainer of \$32,000 (to be paid in DSUs), the Base Retainer of \$32,000 (to be paid in DSUs) and the Annual Retainer of \$35,000 (to be paid in cash or DSUs) for Eligible Directors other than the Chair of our Board. Our Board approved the Chair's Retainer of \$140,000 (\$67,000 of which to be paid in cash or DSUs) for the Chair of our Board.

During fiscal 2013, a total of 117,950.96 DSUs were credited to Eligible Directors under the DSU Plan. As of October 31, 2013, a total of 862,962.44 DSUs were outstanding.

On November 18, 2013, four of our directors, Messrs. Levy, Lagarde, Agroskin and O'Leary, forfeited all of their respective DSUs pursuant to Deferred Share Unit Forfeiture Agreements executed by each of them, because they were ineligible to receive DSUs as employees of an Affiliate (as such term is defined in the DSU Plan) of Patheon.

Registration Rights

JLL Patheon Holdings may request Patheon to effect a qualification under Canadian securities laws or file a registration statement under the Securities Act of all or part of the restricted voting shares received on conversion of the Series C Preferred Shares held by JLL Patheon Holdings, any of our securities acquired by JLL Patheon Holdings after April 27, 2007, and any of our securities issued as a distribution made in respect thereof or issued in exchange for or in replacement thereof (a Demand Registration), subject to a maximum of two Demand Registrations. In addition, each time we elect to proceed with the preparation and filing of a prospectus under any Canadian securities laws or under the Securities Act in connection with a proposed distribution of any of our securities for cash, JLL Patheon Holdings is entitled to request that we cause any or all of the shares held by JLL Patheon Holdings to be included in such prospectus (an Incidental Registration). We are required to bear all registration expenses, excluding underwriting or placement discounts and commissions. The Demand Registration rights terminate when JLL Patheon Holdings and its affiliates no longer beneficially own at least 12,500,000 restricted voting shares received on conversion of Series C Preferred Shares and the Incidental Registration rights terminate when JLL Patheon Holdings and its affiliates no longer beneficially own at least 6,250,000 restricted voting shares received on conversion of the Series C Preferred Shares.

The Investor Agreement also contains other customary provisions such as general indemnification provisions by which we indemnify JLL Patheon Holdings and JLL Patheon Holdings indemnifies Patheon.

Board Representation

In furtherance of the right to elect directors to our Board pursuant to the terms of the Special Preferred Voting Shares, the Investor Agreement provides that our Board will consist of up to nine members and that JLL Patheon Holdings has the right to designate nominees for election or appointment to our Board (the JLL Representatives) as follows:

so long as JLL Patheon Holdings holds at least 22,811,123 restricted voting shares, it has the right to designate three JLL Representatives;

so long as JLL Patheon Holdings holds at least 11,405,561 restricted voting shares, it has the right to designate two JLL Representatives; and

so long as JLL Patheon Holdings holds at least 5,702,781 restricted voting shares, it will be entitled to designate one JLL Representative.

We have agreed to cause the JLL Representatives to be included as nominees proposed by our Board to the shareholders at future meetings and to use reasonable commercial efforts to cause the election of the JLL Representatives and solicit proxies in favor of their election.

In the event that JLL Patheon Holdings no longer holds any Special Preferred Voting Shares and is therefore not entitled to elect directors pursuant to the terms thereof, the board representation provisions of the Investor Agreement will be controlling.

Banner Acquisition Equity Commitment Letter

In connection with the entry into a share purchase agreement to acquire Banner, we entered into an equity commitment letter on October 28, 2012, pursuant to which JLL Patheon Holdings and certain of its affiliates agreed to, at the time of the consummation of the acquisition, contribute or cause to be contributed equity financing by participating in a rights offering or private placement of our company, in either case, in an amount of up to \$30 million, less amounts invested in our company by other shareholders. On December 3, 2012, we mailed to its shareholders of record as of November 27, 2012 offering materials related to the Rights Offering. The Rights Offering remained open until December 28, 2012 and closed December 31, 2012. To satisfy its obligations under the equity commitment letter described above, JLL Patheon Holdings exercised its rights under the basic subscription privilege in full, as well as the available over-subscription privilege, such that JLL Patheon Holdings and its affiliates purchased a total of 5,786,805 of the restricted voting shares for an aggregate sum of \$18,459,907.95, each share of which is presently owned of record by JLL CoOp.

Arrangement Agreement

On November 18, 2013, Patheon entered into the Arrangement Agreement with Newco, under which Patheon would be taken private pursuant to the Arrangement. Newco is sponsored by an entity controlled by JLL Partners and DSM.

The Arrangement Agreement contemplates that Newco will acquire, directly or indirectly, all of our restricted voting shares, including those held by affiliates of JLL Partners, for cash consideration of \$9.32 per share (the Cash Consideration). Vesting of options to purchase our restricted voting shares, other than those to be cancelled pursuant

to agreements with members of our management, will be accelerated, and holders will receive the excess, if any, of the Cash Consideration over the exercise price per share, with all options to purchase our restricted voting shares being cancelled. In addition, all of the Special Voting Preferred Shares will be purchased for nominal consideration and cancelled. The transaction provides total consideration to shareholders other than affiliates of JLL Partners of approximately \$582 million.

As part of the transaction, the limited partners of the JLL Partners-affiliated investment fund that indirectly owns 55.7% of the restricted voting shares will also receive the same Cash Consideration per restricted voting share as is provided to our minority shareholders, less the value of the general partnership interest of the investment fund and subject to the terms of the limited partnership agreement governing such investment fund. As part of the transaction, the general and limited partners of such investment fund will make indirect investments in Newco of approximately \$60 million and \$50 million, in aggregate, respectively.

In connection with the Arrangement, James C. Mullen, our Chief Executive Officer, has entered into an Option Waiver and Termination Agreement with us pursuant to which 4,000,000 of his issued and outstanding options to purchase restricted voting shares will be voluntarily cancelled immediately prior to the closing of the Arrangement, but subject to the closing of the Arrangement. Our other executive officers may also be offered the opportunity to enter into such waivers on identical terms.

Newco has agreed with Mr. Mullen to establish an equity incentive plan for certain members of our management and DSM's pharmaceutical products business group who will become senior managers of Newco following the closing of the Arrangement. Equity interests available under Newco's equity incentive plan for senior executives will represent up to 10% of the fully diluted units in Newco notwithstanding any future dilution of Newco's equity capital. The allocation of the interests in Newco's equity incentive

Table of Contents

plan has yet to be determined. However, Messrs. Mullen and Grant are expected to be participants in the equity incentive plan. The allocations will be determined by Newco in consultation with Mr. Mullen. It is also anticipated that Messrs. Mullen, Lytton and Grant and other senior executives of Patheon will enter into amendments of their existing employment agreements in connection with their assumption of executive positions with Newco. Newco has agreed with Mr. Mullen that he will be appointed the Chief Executive Officer of Newco following the effective time of the Arrangement. The terms of such new agreements have not been determined as of the date of this report.

JLL Patheon Co-Investment Fund, L.P. (JLL Holdco) has agreed that, immediately following the consummation of the Arrangement, it will issue to Mr. Mullen, and may issue to certain other members of Patheon senior management that will remain with Patheon following the effective time of the Arrangement, Class B Units in JLL Holdco. These equity interests will be issued pursuant to an equity incentive plan to be established by JLL Holdco and holders of such equity interests will be entitled to distributions in accordance with the terms of the Amended and Restated Limited Partnership Agreement of JLL Holdco, which will be adopted by JLL Holdco in connection with the consummation of the Arrangement. It is expected that the Class B Units to be issued to Mr. Mullen will represent an equity interest in JLL Holdco at closing of approximately 5.53%, and thus an indirect interest in Newco of approximately 2.82%, as a result of JLL Holdco's 51% interest in Newco, subject to the distribution priorities to be set forth in the Amended and Restated Limited Partnership Agreement of JLL Holdco.

The implementation of the Arrangement will be subject to approval by a majority of the votes cast at a special meeting by holders of restricted voting shares expected to be held on March 6, 2014 (the Special Meeting) other than affiliates of JLL Partners and Mr. Mullen (the Minority Shares), in addition to approval by 66% of all votes cast at the Special Meeting by holders of our restricted voting shares. The transaction is also subject to approval by the Ontario Superior Court of Justice, in addition to regulatory approvals and certain closing conditions customary in transactions of this nature.

The transaction will be financed through a combination of committed debt and equity financing, subject to the terms of those commitments. The equity financing includes an aggregate contribution of \$489 million from entities affiliated with JLL, certain co-investors and management, as well as DSM's contribution of its existing pharmaceutical products business. We have also received from affiliates of JLL and DSM a limited guarantee of certain obligations of Newco under the transaction.

The Arrangement Agreement provides for, among other things, a non-solicitation covenant on the part of our company (subject to customary fiduciary out provisions). The Arrangement Agreement also provides Newco with a right to match potential third party proposals received by our company. We may terminate the Arrangement Agreement in certain circumstances, which include the payment to Newco of a termination fee of \$23.64 million under certain circumstances. In addition, we are entitled to a termination fee from Newco in certain circumstances. Such termination fee is either \$49.26 million or \$24.63 million, depending on the circumstances of termination.

Voting and Support Agreements

JLL Patheon Holdings and all of our directors and executive officers who hold restricted voting shares have entered into voting and support agreements with us and Newco pursuant to which, among other things, they have agreed to vote, or cause to be voted, restricted voting shares beneficially owned or controlled by such persons in favor of the Arrangement (the Voting Agreements). As a result, holders of approximately 66.08% of the restricted voting shares and 20.45% of the Minority Shares have agreed to vote their restricted voting shares in favor of the proposed transaction.

The Voting Agreements terminate upon the earliest of (i) mutual agreement; (ii) the date of termination of the Arrangement Agreement in accordance with its terms or (iii) the effective time of the Arrangement.

Arrangement Equity Commitment Letter

Newco has received equity financing commitments for the transactions contemplated by the Arrangement, the aggregate proceeds of which will be used by Newco to fund a portion of its obligations under the Arrangement Agreement. JLL Partners VI, L.P., JLL Partners Fund V, L.P. and JLL Associates V (Patheon), L.P. have committed to capitalize JLL Holdco with an aggregate equity contribution in an amount of \$310 million, and JLL Holdco has committed to capitalize Newco with an equity contribution in an amount of \$462 million, in each case on or prior to the time specified in the Arrangement Agreement and on the terms and subject to the conditions set forth in the Equity Commitment Letter, dated as of November 18, 2013 (the Equity Commitment Letter). We are also an express third party beneficiary of the Equity Commitment Letter, subject to the limitations provided for in the Equity Commitment Letter.

Guarantee Letters

JLL Partners Fund VI, L.P. has also agreed to guarantee up to its pro rata percentage (51%) of the reverse termination fee and certain other payments that may become payable by Newco under the Arrangement Agreement, on the terms and subject to the conditions and limitations set forth in the Guarantee Letter in favor of our company, dated November 18, 2013 (the JLL Guarantee Letter).

Table of Contents

DSM has also agreed to guarantee up to its pro rata percentage (49%) of the reverse termination fee and certain other payments that may become payable by Newco under the Arrangement Agreement, on the terms and subject to the conditions set forth in the Guarantee Letter in favor of our company, dated November 18, 2013 (the "DSM Guarantee Letter" and with the JLL Guarantee Letter, the "Guarantee Letters").

Indemnification of Officers and Directors

We have agreed to purchase customary "tail" policies of directors' and officers' liability insurance providing protection no less favorable in the aggregate than the protection provided by the policies maintained by us which are in effect immediately prior to the effective date of the consummation of the transactions contemplated by the Arrangement Agreement and providing protection in respect of claims arising from facts or events which occurred on or prior to such date and Newco will, or will cause us to, maintain such tail policies in effect without any reduction in scope or coverage for six years from the effective date of the consummation of the transactions of the Arrangement Agreement, except that Newco will not be required to pay any amounts in respect to such coverage prior to the effective time of the consummation of the transactions contemplated by the Arrangement Agreement and that the costs of such policies shall not exceed 300% of the our annual aggregate premium for policies maintained by us as of November 19, 2013.

Newco has agreed to honor all rights to indemnification or exculpation existing at the time of the Arrangement Agreement in favor of our present and former company employees and directors, and has acknowledged that such rights will survive the completion of the consummation of the transactions contemplated by the Arrangement Agreement and continue in full force and effect in accordance with their terms.

Relationships with Alara Pharmaceutical Company

On January 1, 2002, Patheon P.R. entered into a commercial manufacturing agreement with Alara Pharmaceutical Company ("Alara"). Alara is wholly-owned by Mr. Viso, a member of the Board and who, together with his wife, owned approximately 8.3% of the outstanding restricted voting shares as of February 6, 2014. The manufacturing agreement pertains to a significant product for Patheon P.R., and under the manufacturing agreement, Patheon P.R. has the right to manufacture 85% of the worldwide requirements of Alara for such product. The approximate dollar amount of value derived from the manufacturing agreement during fiscal 2013 was \$14.4 million. The right to place orders for such product has been assigned to a third party who purchases this product directly from Patheon P.R.; however, the new drug application for this product remains the property of Alara. The manufacturing agreement was amended in 2002 and 2004 and expires in 2019. We believe that terms of the manufacturing agreement are standard for agreements of this nature.

Relationship with Patheon P.R.

On December 23, 2004, we acquired Patheon P.R. from Mr. Viso and his wife and the other Patheon P.R. shareholders. Patheon P.R. is now our wholly owned subsidiary. Mr. Viso, was the founder and, together with his wife, an 83.18% owner of Patheon P.R. Mr. Viso served as the President and Chief Executive Officer of Patheon P.R. from December 2004 to August 2005 and as its Chairman from August 2005 to December 2006. The share purchase agreement and a related escrow agreement pursuant to which we acquired Patheon P.R. allocated responsibility for the payment of certain amounts owed by Patheon P.R. to the Puerto Rico Industrial Development Company ("PRIDCO"). Following our acquisition of Patheon P.R., a dispute arose among Patheon P.R., the selling shareholders, including Mr. Viso, who acted as the sellers' representative, and our company regarding certain amounts owed by Patheon P.R. to PRIDCO. The parties agreed to settle the dispute pursuant to a letter agreement dated September 28, 2006, which provided that (i) the former Patheon P.R. shareholders (including Mr. Viso and his wife) were responsible for two payments to PRIDCO in 2006, each in the amount of \$1,193,549; (ii) Patheon P.R. was

responsible for nine quarterly payments to PRIDCO beginning in March 2007, each in the amount of \$265,233; and Patheon P.R. agreed to make quarterly royalty payments to selling shareholders in the amount of 1% of all revenue received by Patheon P.R. in respect of the manufacture by Patheon P.R. of certain products. The calculation of the quarterly royalty payments is based on the revenues received by Patheon P.R. during each calendar quarter from the manufacture of those products, beginning with the quarter ended June 30, 2009, and will continue until the aggregate amount of royalty payments made has reached \$2,387,098.88. As of the end of fiscal 2013, Patheon P.R. has paid the selling shareholders \$610,996.12 of which \$173,199.24 has been paid since the beginning of fiscal 2013.

To the knowledge of the directors and officers of Patheon, the only person or company that beneficially owns, or controls or directs, directly or indirectly, voting securities carrying 10% or more of the voting rights attached to the two classes of voting shares of Patheon is JLL Patheon Holdings. The Special Voting Preferred Shares of Patheon are held directly by JLL Patheon Holdings, and JLL Patheon Holdings beneficially owns the 78,524,986 restricted voting shares by virtue of its position as a controlling member of JLL Coop, which holds such shares directly. The Special Voting Preferred Shares currently entitle JLL Patheon Holdings to elect three directors of Patheon.

The following table sets forth information regarding the beneficial ownership of each class of our voting shares of stock as of February 6, 2014 for:

each person who is known by us to own beneficially more than 5% of any class of our voting shares;

each of our named executive officers;

each of our directors; and

all of our executive officers and directors as a group.

The number of shares beneficially owned by each shareholder is determined under rules promulgated by the SEC. The information does not necessarily indicate beneficial ownership for any other purpose. Under SEC rules, the number of shares of voting stock deemed outstanding includes shares issuable upon exercise of stock options held by the respective person or group that may be exercised within 60 days after February 6, 2014. For purposes of calculating each person's or group's percentage ownership, shares of voting stock issuable pursuant to stock options exercisable within 60 days after February 6, 2014 are reflected in the table below and included as outstanding and beneficially owned for that person or group but are not treated as outstanding for the purpose of computing the percentage ownership of any other person or group.

The percentages of shares outstanding provided in the table are based on 140,938,525 shares of our restricted voting shares outstanding as of February 6, 2014 and 150,000 shares of our Special Voting Preferred Shares outstanding as of February 6, 2014. The information as to securities beneficially owned, or controlled or directed, directly or indirectly, by each director, officer or other beneficial owner has been furnished to us by the respective person. Item 13. Certain Relationships and Related Transactions, and Director Independence.

The information set forth in this Amendment under Item 11 Executive Compensation Interest of Informed Persons in Material Transactions is incorporated herein by reference.

Policies and Procedures Regarding Review, Approval or Ratification of Related Person Transactions

In December 2010, Patheon's Board adopted written policies and procedures for the review and approval or ratification of any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships in which Patheon was or is to be a participant, the amount involved exceeds \$120,000, and an officer, director, director nominee or 5% shareholder of Patheon (or their immediate family members), each of whom Patheon refers to as a related person, had or will have a direct or indirect material interest.

A related person transaction reviewed under the policy will be considered approved or ratified if it is authorized by the Audit Committee after full disclosure of the related person's interest in the transaction. As appropriate for the circumstances, the Audit Committee will review and consider:

the related person's interest in the related person transaction;

the approximate dollar value of the amount involved in the related person transactions;

the approximate dollar value of the amount of the related person's interest in the transaction without regard to the amount of any profit or loss;

whether the transaction was undertaken in the ordinary course of Patheon's business;

whether the terms of the transaction are no less favorable to Patheon than terms that could have been reached with an unrelated third party;

the purpose of, and the potential benefits to Patheon of, the transaction; and

any other information regarding the related person transaction or the related person in the context of the proposed transaction that would be material to investors in light of the circumstances of the particular transactions.

The Audit Committee may approve or ratify the transaction only if the committee determines that, under all of the circumstances, the transaction is in, or is not in conflict with, Patheon's best interests. The Audit Committee may impose any conditions on the related person transaction that it deems appropriate.

In addition to transactions that are excluded by the instructions to the SEC's related person transaction disclosure rule, Patheon's Board has determined that the following transactions do not create a material direct or indirect interest on behalf of related persons and, therefore, are not related person transactions for purposes of this policy:

interests arising solely from the related person's position as an executive officer of another entity (whether or not the person is also a director of such entity), that is a participant in the transaction, where (i) the related person and all other related persons own in the aggregate less than a 10% equity interest in such entity, (ii) the related person and his or her immediate family members are not involved in the negotiation of the terms of the transaction and do not receive any special benefits as a result of the transaction, and (iii) the amount involved in the transaction equals less than the greater of \$200,000 or 5% of the annual gross revenues of the company receiving payment under the transaction; and

a transaction that is specifically contemplated by provisions of Patheon's charter and bylaws.

Table of Contents

The policy provides that transactions involving compensation of executive officers shall be reviewed and approved by our CHR Committee in the manner specified in its charter.

The policy provides that any related person transaction previously approved by the Audit Committee or otherwise already existing that is ongoing in nature shall be reviewed by the Audit Committee annually. The Audit Committee approved all related person transactions entered into during fiscal 2012, and reviewed all related person transactions already existing at the beginning of fiscal 2012 that are ongoing in nature, in accordance with the terms of the policy.

Director Independence and Board Committees

Our Board is comprised of the following standing committees: our CHR Committee; our CG Committee; and our Audit Committee. Our CHR Committee and our CG Committee are comprised of the following Board members: Michel Lagarde, Daniel Agroskin, and Joaquin Viso. Mr. Lagarde serves as Chair of both the CHR Committee and the CG Committee. The Audit Committee is comprised of the following Board members: Michel Lagarde, Brian G. Shaw, and Joaquin Viso. Mr. Shaw is the Chair of the Audit Committee.

As Patheon is not listed on a U.S. national securities exchange or an inter-dealer quotation system that has requirements that a majority of the board of directors be independent, the Board uses the definition of independence of the NASDAQ Stock Market LLC (NASDAQ) to determine whether Patheon's directors are independent for purposes of U.S. securities laws. The Board has determined that Derek J. Watchorn, Brian G. Shaw, Joaquín B. Viso and David E. Sutin are independent directors as defined by NASDAQ Rule 5605(a)(2).

Patheon's securities are listed on the TSX, and Patheon is a Canadian reporting issuer. Canadian securities laws employ a different definition of independence than NASDAQ. As prescribed in National Instrument 58-101 *Disclosure of Corporate Governance Practices*, in all Canadian jurisdictions other than British Columbia, independence is determined by Section 1.4 of National Instrument 52-110 *Audit Committees* (NI 52-110). Under NI 52-110, a director is generally considered to be independent unless in the view of the Board, a director has a direct or indirect material relationship with Patheon that could be reasonably expected to interfere with the exercise of the director's independent judgment. The Board has determined that Derek J. Watchorn, Brian G. Shaw, Joaquín B. Viso and David E. Sutin are independent under the Canadian securities laws.

The Board has determined that the following five directors are not independent under either the NASDAQ rules or Canadian securities laws: Paul S. Levy, Michel Lagarde and Daniel Agroskin (each a Managing Director of JLL Partners); Nicholas O'Leary (a Vice President of JLL Partners); and James C. Mullen, the Chief Executive Officer. Specifically, the Board has determined that under NI 52-110, Messrs. Levy, Lagarde, Agroskin and O'Leary are not independent directors because of their positions with JLL Patheon Holdings and/or its affiliates and the degree of control that JLL Patheon Holdings exercises over Patheon, and that under NASDAQ Rule 5605(a)(2), these directors are not independent directors because of their positions with JLL Patheon Holdings and/or its affiliates and the fact that JLL Patheon Holdings owns or controls a majority of Patheon's outstanding voting securities. Mr. Mullen is not independent because he is a member of Patheon's management. As a result, a majority of Patheon's directors are not independent. Our Board relies on the independent directors to facilitate the Board's exercise of independent judgment in carrying out its responsibilities. Our Board believes that it is comprised of a number of independent directors that is reflective of the share ownership of Patheon and in accordance with Patheon's contractual and other legal obligations.

Our CHR Committee is comprised of one independent director under the applicable NASDAQ rules and Canadian securities laws noted above, Mr. Viso, and two directors that are not independent under the standards mentioned above, Mr. Lagarde and Mr. Agroskin. Our CG Committee is comprised of one independent director under the applicable NASDAQ rules and Canadian securities laws noted above, Mr. Viso, and two directors that are not

independent under the standards mentioned above, Mr. Lagarde and Mr. Agroskin. Our Audit Committee is comprised of two independent directors under the applicable NASDAQ rules and Canadian securities laws noted above, Mr. Viso and Mr. Shaw, and one director that is not independent under the standards mentioned above, Mr. Lagarde.
