As permitted under the Notice and Access rules adopted by the Securities and Exchange Commission, we are primarily furnishing proxy materials to our shareholders via the Internet rather than mailing paper copies of the materials to each shareholder. As a result, most shareholders will receive a Notice of Internet Availability of Proxy Materials (the Notice) and others will receive paper copies of the Proxy Statement, the proxy card and the Annual Report to Shareholders. The Notice contains instructions on how to access the Proxy Statement and the Annual Report to Shareholders via the Internet, instructions on how to vote your shares, as well as instructions on how to request a paper or electronic copy of our proxy materials, if you so desire. We believe electronic delivery should expedite the receipt of materials, significantly lower costs and help to conserve natural resources.

Whether you received the Notice or paper copies of our proxy materials, the Proxy Statement, our Annual Report to Shareholders, and any amendments to the foregoing materials that are required to be furnished to shareholders will be available for you to review online by following the instructions contained in the Notice or proxy card. You also may view our proxy materials at <https://materials.proxyvote.com/19247A>.

The Board of Directors has fixed the close of business on March 14, 2014 as the record date for the determination of shareholders entitled to receive notice of, and to vote on, all matters presented at our Annual Meeting or any adjournments thereof. Your vote is very important. Whether you plan to attend the meeting or not, we ask you to please cast your vote. Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting to be Held on May 8, 2014

Under rules adopted by the Securities and Exchange Commission (the SEC), we are furnishing proxy materials to our shareholders primarily via the Internet. Annual Report to Shareholders, on the Internet and instructions on how to vote on the Internet, in person or by mail. The Notice also contains instructions on how to request a paper or electronic copy of the proxy materials. If you received the Notice by mail, you will not receive a printed copy of the proxy materials unless you request one. Shareholders Entitled to Vote

Holders of record of our common stock at the close of business on March 14, 2014 are entitled to vote their shares of our common stock at our Annual Meeting. As of March 14, 2014, 44,733,986 shares of our common stock, par value \$0.01 per share, were outstanding. Holders of our common stock are entitled to one vote per share.

How to Vote

If you hold your shares directly, there are four ways to vote. If your shares are held in an account at a bank or broker, you will receive an instruction card and information on how to give voting instructions to your bank or broker.

Shareholders who hold their shares directly may vote as follows:

By Mail: Shareholders who received a proxy card along with the Proxy Statement from us or who have requested a proxy card from us by following the instructions on the Notice, may sign, date and return their proxy cards in the pre-addressed, postage-paid envelope that is provided.

OR

By Internet: You may vote at www.proxyvote.com 24 hours a day, seven days a week. Instructions are provided on your Notice or proxy card. The Internet voting system has been designed to provide security for the voting process and to confirm that your vote has been recorded accurately. You will need the 12-digit Control Number included on your Notice or proxy card in order to vote online. If you vote by the Internet, you may incur costs associated with Internet access, such as usage charges from Internet service providers and telephone companies.

OR

By Telephone: Shareholders may vote by telephone by calling 1-800-690-6903. You will need the 12-digit Control Number included on your Notice or proxy card in order to vote by telephone.

OR

At the Meeting: If you attend our Annual Meeting, you may vote in person by ballot, even if you have previously returned a proxy card or otherwise voted.

Voting at Our Annual Meeting

In the event you mail your proxy and you attend our Annual Meeting, you may revoke your proxy and cast your vote personally at our Annual Meeting. If your shares are held in the name of a bank, broker or other holder of record, you must obtain a proxy, executed in your favor, from the holder of record to be able to vote at our Annual Meeting.

All proxies that have been properly signed and returned and not revoked will be voted in accordance with your instructions at our Annual Meeting. If you sign and return your proxy card but do not give voting instructions, the shares represented by that proxy will be voted as recommended by the Board of Directors.

Voting on Other Matters

If you sign and return your proxy card and if any other matters are properly presented at our Annual Meeting for consideration, the persons named in the proxy will have the discretion to vote on those matters for you. As of the date that we filed this Proxy Statement, we were not aware of any other matter to be raised at our Annual Meeting.

Revocation of Proxies

Edgar Filing: COHEN & STEERS INC - Form DEF 14A

You have the right to revoke your proxy. This right allows you to change your mind about how your shares will be voted at our Annual Meeting. You may revoke your proxy at any time before voting is declared closed at

our Annual Meeting. You may revoke your proxy by sending a signed proxy card with a later date before voting is declared closed, or by voting in person at our Annual Meeting. You may also revoke your proxy by using the telephone or Internet voting options explained on your Notice or proxy card. You cannot, however, revoke your proxy at our Annual Meeting if you do not attend in person.

If your proxy is not properly revoked, we will vote your shares as indicated by your most recent valid proxy.

Required Vote

The presence, in person or by proxy, of the holders of a majority in voting power of our issued and outstanding common stock and entitled to vote at our Annual Meeting is necessary to constitute a quorum. Abstentions and broker non-votes are counted as present for purposes of determining a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner. Under current New York Stock Exchange rules, if you do not instruct your broker how to vote with respect to Items 1 and 3, your broker may not vote your shares with respect to such proposals. We believe that there cannot be any broker non-votes with respect to the proposal in Item 2 because brokers have discretion under the New York Stock Exchange rules to vote uninstructed shares on such proposal.

With respect to Item 1, in an uncontested election of directors, to be elected, a director nominee must receive affirmative votes representing a majority of the votes cast by the holders of our common stock present in person or represented by proxy at our Annual Meeting and entitled to vote on the election of directors (a majority vote). Abstentions and broker non-votes are not counted as votes for or against a director nominee and will have no effect on the outcome of the election. In a contested election of directors, to be elected, a director nominee must receive a plurality of the votes cast by the holders of our common stock present in person or represented by proxy at our Annual Meeting and entitled to vote on the election of directors. Under our Bylaws, a contested election is an election in which, as of the tenth day preceding the date we first transmit our notice of meeting for such annual meeting to our shareholders or at any time thereafter, the number of nominees for director is greater than the number to be elected.

Each incumbent director standing for re-election at our Annual Meeting has agreed to resign, upon acceptance of such resignation by the Board of Directors, if such director does not receive a majority vote. The Board of Directors must accept or reject such resignation within 90 days following certification of the shareholder vote.

If a director's resignation is not accepted by the Board of Directors, that director will continue to serve until our next annual meeting of shareholders and until his successor is duly elected and qualified or until such director's earlier death, resignation, or removal. The Board of Directors, in its sole discretion, may either (i) fill a vacancy resulting from the Board of Directors' acceptance of a director's resignation or a director nominee who is not an incumbent director not receiving a majority vote pursuant to the Bylaws or (ii) decrease the size of the Board of Directors to eliminate the vacancy.

The affirmative vote of holders of a majority in voting power of our common stock present in person or represented by proxy and entitled to vote on the matter is required to approve Item 2 (ratification of our independent registered public accounting firm) and Item 3 (approval of the compensation of our named executive officers). If you abstain from voting on Items 2 and 3, it will have the same effect as a vote against the proposal. Broker non-votes will have no effect on the outcome of Item 3. Items 2 and 3 are advisory in nature and are non-binding.

Cost of Proxy Solicitation

We will pay the expenses of soliciting proxies. Proxies may be solicited in person or by mail, telephone, electronic transmission, and facsimile transmission on our behalf by our directors, officers or employees, without additional compensation. We will reimburse brokerage houses and other custodians, nominees and fiduciaries that are requested to forward soliciting materials to the beneficial owners of the stock held of record by such persons.

List of Shareholders

A list of shareholders entitled to vote at our Annual Meeting will be available at our Annual Meeting and for ten days prior to our Annual Meeting at our principal executive offices, between the hours of 8:45 a.m. and 4:30 p.m. local time, by written request to the Corporate Secretary, Cohen & Steers, Inc., at 280 Park Avenue, New York, New York 10017. Requests may also be directed to the Corporate Secretary at (212) 832-3232.

Delivery of Multiple Copies of Our Proxy Materials to Shareholders

Our Annual Report to Shareholders accompanies this Proxy Statement. In order to reduce printing and postage costs, we have undertaken an effort to deliver only one copy of the Annual Report to Shareholders, Proxy Statement or Notice to multiple shareholders of record sharing an address. This delivery method, called "householding," will not be used, however, if we receive contrary instructions from one or more of the shareholders sharing an address. If your household has received only one copy of our Annual Report to Shareholders, Proxy Statement or Notice, we will promptly deliver a separate copy of these documents to any shareholder who sends a written request to the Corporate Secretary, Cohen & Steers, Inc., at 280 Park Avenue, New York, New York 10017. Requests may also be directed to the Corporate Secretary at (212) 832-3232. You may also notify us that you would like to receive separate copies of our annual reports, proxy statements or notices of internet availability of proxy materials in the future by sending a written request to our Corporate Secretary at the address set forth above or by contacting the Corporate Secretary at (212) 832-3232. If your household is receiving multiple copies of our annual reports, proxy statements or notices of internet availability of proxy materials, and you wish to request delivery of a single copy, you may send a written request to our Corporate Secretary at the address set forth above. Even if your household has received only one set of our Annual Report to Shareholders, Proxy Statement or Notice, a separate proxy card has been provided for each shareholder of record. Each proxy card should be signed, dated, and returned to us.

If your shares are held in an account with a bank, broker or other nominee and you receive more than one set of annual reports, proxy statements or notices of internet availability of proxy materials, you may contact the bank, broker or other nominee to eliminate duplicate mailings.

Confidentiality of Voting

We keep all proxies, ballots, and voting tabulations confidential as a matter of practice. We only let our Inspector of Election, Broadridge Financial Solutions, Inc., examine these documents. Occasionally, shareholders provide written comments on their proxy card, which are then forwarded to us by Broadridge.

Voting Results

Broadridge, our independent tabulating agent, will count the votes relating to each proposal and act as the Inspector of Election. We will publish the voting results in a Current Report on Form 8-K, which will be filed with the SEC within four business days of the Annual Meeting.

Annual Report

We make available free of charge through our website at www.cohenandsteers.com, under the heading "Company SEC Filings," our Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, and all amendments to those reports as soon as reasonably practicable after such material is electronically filed with or furnished to the SEC. **Further, we will provide, without charge to each shareholder upon written request, a copy of our Annual Reports on Form 10-K (including our consolidated financial statements, schedules and list of exhibits), Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, and all amendments to those reports. Requests for copies should be addressed to the Corporate Secretary, Cohen & Steers, Inc., 280 Park Avenue, New York, New York 10017. Requests may also be directed to (212) 832-3232 or via e-mail to ajohnson@cohenandsteers.com.** Copies may also be accessed electronically by means of the SEC's website at www.sec.gov. Neither our Annual Report on Form 10-K for the year ended December 31, 2013 nor the 2013 Annual Report to Shareholders shall constitute a part of the proxy solicitation materials.

PRINCIPAL SHAREHOLDERS

As of March 14, 2014, our chief executive officer, Robert H. Steers, and our executive chairman, Martin Cohen, each directly and indirectly owned approximately 27% and 26%, respectively, of our outstanding common stock. As long as Mr. Steers and Mr. Cohen together continue to own a majority of the voting power of our common stock, together they will be able to elect our entire Board of Directors and generally to determine the outcome of all corporate actions requiring shareholder approval.

ITEM 1:

ELECTION OF DIRECTORS

Our Amended and Restated Certificate of Incorporation and Bylaws provide that the Board of Directors will consist of that number of directors determined from time to time by resolution of the Board of Directors. The number of directors is currently fixed at six. Acting upon the recommendation of its Nominating and Corporate Governance Committee, the Board of Directors has nominated the six persons identified herein for election as directors, to hold office until the next annual meeting of shareholders and the election and qualification of their successors. The Board of Directors recommends a vote **FOR** each of the six persons identified herein for election as directors.

The proxies solicited hereby, unless directed to the contrary therein, will be voted **FOR** the six nominees named in this Proxy Statement. All such nominees are currently directors of our company. All nominees have consented to being named in this Proxy Statement and to serve if elected. The Board of Directors has no reason to believe that any nominee will be unavailable or unable to serve as a director, but if for any reason any nominee should not be available or able to serve, the shares represented by all valid proxies will be voted by the person or persons acting under said proxy in accordance with the recommendation of the Board of Directors.

Information Concerning the Nominees and Directors

The Board of Directors seeks to ensure that it is composed of members whose particular experience, qualifications, attributes and skills, when taken together, allow the Board of Directors to satisfy its oversight responsibilities effectively. As set forth below under **Corporate Governance at Cohen & Steers Consideration of Director Candidates**, in identifying candidates for director, the Board of Directors and its Nominating and Corporate Governance Committee takes into account (1) the comments and recommendations of our current board members regarding the qualifications and effectiveness of the existing Board of Directors and additional qualifications that may be required when selecting new board members, (2) the requisite expertise and appropriate diversity of backgrounds of the overall composition of the Board of Directors, (3) the independence of non-management members of the Board of Directors and other possible conflicts of interest of existing and potential members of the Board of Directors and (4) any other factors it considers appropriate. Although the company does not have a formal policy regarding diversity, the Board of Directors believes that diversity is an important component of a board of directors, including diversity of background, skills, experience, expertise, gender, race and culture. Further, the Board of Directors does not discriminate on the basis of race, color, national origin, gender, religion, disability, or sexual preference in selecting director candidates.

When considering whether our directors and director nominees have the experience, qualifications, attributes and skills, taken as a whole, to enable the Board of Directors to satisfy its oversight responsibilities effectively in light of the company's business and structure, the Nominating and Corporate Governance Committee and the Board of Directors focused primarily on each director's specific experience and expertise as described in each director's individual biography set forth below. In particular, with respect to Mr. Rhein, the Board of Directors considered his experience, expertise and background in accounting matters, which includes specialization in the real estate sector, as well as his service on the board of directors of a publicly traded real estate investment trust. With respect to Mr. Simon, the Board of Directors considered the broad perspective brought by Mr. Simon's experience directing the research and analysis of companies in many diverse industries. With respect to Mr. Villani, the Board of Directors considered his background in the investment management industry, believing in particular that Mr. Villani's experience as the chief executive officer of a large global investment management firm is valuable to the company. With respect to Mr. Connor, the Board of Directors considered his experience in the investment banking industry where he advised companies across a wide range of industries as well as his current service as the chief financial officer of a publicly traded company. The Board of Directors also considered the knowledge and many years of experience with the company represented by Mr. Steers and Mr. Cohen, including their founding of the company.

As part of those efforts, we review federal laws affecting corporate governance, such as the Sarbanes-Oxley Act of 2002 and the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act), as well as rules adopted by the SEC and the New York Stock Exchange, Inc. (the NYSE).

Corporate Governance Guidelines

The Board of Directors has adopted Corporate Governance Guidelines that address the following key corporate governance subjects, among others: (i) director qualification standards, including guidelines for determining independence; (ii) director responsibilities; director access to management and, as necessary and appropriate, independent advisors; (iii) director compensation; director orientation and continuing education; management succession; and (iv) an annual performance evaluation of the Board of Directors. Our Corporate Governance Guidelines are available on our corporate website at www.cohenandsteers.com under the heading Company Corporate Governance.

Code of Business Conduct and Ethics

The Board of Directors has adopted a Code of Business Conduct and Ethics for our directors, officers, and employees which addresses, among others: (i) conflicts of interest; (ii) corporate opportunities; (iii) confidentiality of information; (iv) fair dealing; (v) protection and proper use of our assets; (vi) compliance with laws, rules and regulations (including insider trading laws); and (vii) encouraging the reporting of any illegal or unethical behavior. The Board of Directors has also adopted a Code of Ethics for Senior Financial Officers. The purpose of the Code of Ethics for Senior Financial Officers is to promote honest and ethical conduct and compliance with applicable laws, particularly as related to the maintenance of our financial books and records and the preparation of our financial statements. Our Code of Business Conduct and Ethics and Code of Ethics for Senior Financial Officers are available on our corporate website at www.cohenandsteers.com under the heading

Company Corporate Governance. As required by applicable SEC and NYSE rules, we will promptly disclose any substantive changes in or waivers of the Code of Business Conduct and Ethics or Code of Ethics for Senior Financial Officers granted to our executive officers, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, and our directors by posting such information on our website at www.cohenandsteers.com under the heading Company Corporate Governance.

Shareholders are encouraged to visit the Corporate Governance section of the Company page of our website at www.cohenandsteers.com for additional information about our Board of Directors and its committees, and corporate governance at our company.

Director Independence

Background. Under the NYSE listing standards, a director does not qualify as independent unless our Board of Directors affirmatively determines that the director does not have a material relationship with us, either directly or as a partner, shareholder, or officer of an organization that has a relationship with us. In addition, directors who have relationships covered by one of five bright-line independence tests established by the NYSE, as discussed below, may not be found to be independent.

The NYSE's director independence requirements are designed to increase the quality of board oversight at listed companies and to lessen the possibility of damaging conflicts of interest. The NYSE listing standards do not define every relationship that will be considered material for purposes of determining a director's independence from our management. Material relationships may include commercial, industrial, banking, consulting, legal, accounting, charitable, and familial relationships, among others. As the concern is a director's independence from our management, however, the NYSE does not view the ownership of even a significant amount of our stock, by itself, as a bar to an independence finding.

The NYSE has adopted five bright-line independence tests for directors. Each of these tests describes a specific set of circumstances that prohibit a director from being considered independent from our management.

For example, a director who is an employee of the company, or whose immediate family member is an executive officer of the company, is not considered to be independent until three years following the end of the employment relationship. The other bright-line independence tests address circumstances involving: (i) the receipt of more than \$120,000 per year in direct compensation from us, except for certain permitted payments such as director fees; (ii) employment by or affiliations with our current or former internal or external auditors; (iii) interlocking directorates; and (iv) certain business relationships involving companies that make payments to, or receive payments from, us above specified annual thresholds. For more information about the NYSE's bright-line director independence tests, including the NYSE commentary explaining the application of the tests, please go to the NYSE's website at www.nyse.com.

Independence determinations made by the Board of Directors. At its meeting on March 14, 2014, the Board of Directors made a determination as to the independence of each director nominee, in accordance with the applicable NYSE listing standards. The Board of Directors determined at this meeting that each of Messrs. Rhein, Simon, Villani and Connor does not have a material relationship with us (either directly or as a partner, shareholder or officer of an organization that has a relationship with us) and is independent in accordance with the NYSE listing standards and the applicable SEC rules. At this meeting, the Board of Directors considered, but did not believe to be material, the fact that we, through our advisory clients, owned as of December 31, 2013, approximately 3.04% of the outstanding common stock of HCP, Inc., a company for which Mr. Rhein serves on the board of directors. Further, the Board of Directors considered, but did not believe to be material, the fact that certain members of the Board of Directors are investors in certain mutual funds that we manage. Finally, the Board of Directors determined that each of Mr. Steers and Mr. Cohen are not independent. None of the directors participated in the final determination of his own independence.

Consideration of Director Candidates

It is the policy of the Nominating and Corporate Governance Committee to consider properly submitted shareholder recommendations for candidates for membership on the Board of Directors as described below under Identifying and Evaluating Candidates for Directors. In evaluating such recommendations, the Nominating and Corporate Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board of Directors and to address the selection criteria set forth below under Director Qualifications. Shareholder recommendations for consideration by the Nominating and Corporate Governance Committee should include the candidate's name and specific qualifications to serve on the Board of Directors. The recommending shareholder should also submit evidence of such shareholder's ownership of shares of our common stock, including the number of shares owned and the length of time of ownership. The recommendation should be addressed to the Corporate Secretary, Cohen & Steers, Inc., 280 Park Avenue, New York, New York 10017.

Director qualifications. Our Corporate Governance Guidelines contain Board of Directors selection criteria that apply to Nominating and Corporate Governance Committee-recommended candidates for a position on our Board of Directors. The minimum qualifications for serving as a member of the Board of Directors are that a candidate must demonstrate strength of character, mature judgment, familiarity with our business and industry, independence of thought and an ability to work collegially. The Board of Directors also considers the skill sets and experiences of the existing directors, and actively seeks to add directors who will bring additional relevant skill sets and experiences to the Board of Directors or will replace skill sets and experience lost through a director's retirement. Although the company does not have a formal policy regarding diversity, the Board of Directors believes that diversity is an important component of a board of directors, including diversity of background, skills, experience, gender, race and culture. Further, the Board of Directors does not discriminate on the basis of race, color, national origin, gender, religion, disability, or sexual preference in selecting director candidates. Each director must represent the interests of all of our shareholders.

Identifying and evaluating candidates for director. The Nominating and Corporate Governance Committee identifies potential director candidates by asking current directors and executive officers to notify the Nominating and Corporate Governance Committee if they become aware of persons meeting the criteria described above. The Nominating and Corporate Governance Committee also may engage firms that specialize in identifying director candidates. As described above, the Nominating and Corporate Governance Committee will also consider candidates recommended by shareholders.

Once a potential candidate has been identified by the Nominating and Corporate Governance Committee, the Nominating and Corporate Governance Committee reviews publicly available information regarding the person to assess whether the candidate should be considered further. If the Nominating and Corporate Governance Committee determines that the candidate warrants further consideration, the Chairman of the Nominating and Corporate Governance Committee, or a person designated by the Nominating and Corporate Governance Committee, will contact the potential candidate. Generally, if the potential candidate expresses a willingness to be considered and to serve on the Board of Directors, the Nominating and Corporate Governance Committee will request information from the candidate and review such candidate's experience and qualifications. The Nominating and Corporate Governance Committee's evaluation process does not vary based on whether a candidate is recommended by a shareholder, although the Nominating and Corporate Governance Committee may take into consideration the number of shares of common stock held by the recommending shareholder and the length of time that such shares have been held.

All nominees for election to our Board of Directors at this 2014 Annual Meeting other than Mr. Connor are standing for re-election. Mr. Connor was appointed as a director of the company by the Board of Directors on March 14, 2014. Our chief executive officer recommended to the Nominating and Corporate Governance Committee that Mr. Connor be included as a nominee for election at this 2014 Annual Meeting.

Executive Sessions

Executive sessions of non-management directors are held before each regularly scheduled board meeting. In 2013, the non-management directors held four executive sessions. Non-management directors include all directors who are not our officers, and all non-management directors have been determined by the Board of Directors to be independent. Currently, Mr. Steers and Mr. Cohen are the only management directors serving on our Board of Directors. Each executive session is chaired by one of the non-management members of the Board of Directors on a rotating basis. Any non-management director may request that additional executive sessions be scheduled.

Board of Directors Oversight of Risk Management

The Board of Directors' risk management role within the company is one of informed oversight. Through the processes and procedures implemented by the company, the company's management brings to the attention of the Board of Directors the key risks that may affect the company and how management addresses these risks. Likewise, the Board of Directors works with executive management to set the tone at the top such that prudent mitigation of risk is incorporated into business decision-making at the company. The Board of Directors also helps management shape the company's overall risk philosophy and risk tolerance, staying apprised of the most significant risks and assessing the appropriateness of management's response to risk exposures.

The Audit Committee plays a key role in the oversight of the company's financial risk management function. In that regard, the company's internal auditor and management meet with the Audit Committee periodically to discuss the financial risks facing the company, highlighting any new risks that may have arisen since they last met. The Compensation Committee is responsible for overseeing the management of risks relating to the company's compensation plans and programs. The Nominating and Corporate Governance Committee manages risks associated with independence and compensation of members of the Board of Directors, as well as executive succession planning. While each committee is responsible for evaluating and providing oversight of certain risks, the entire Board of Directors is regularly informed of the company's overall risk structure through active participation in such committee meetings and committee reports to the full Board of Directors.

The company undertakes at least annually together with its internal auditor a risk assessment to identify and evaluate the company's key risks. The results of such assessment are reported to the Audit Committee and the Board of Directors. Whenever the company encounters any new risks, such as when the company enters a new or related line of business or develops a new product or service, such initiative is reviewed with the Board of Directors and any unique risks associated with such service or product are reviewed with the Board of Directors prior to its implementation.

The company has established a global risk management committee (which is composed of senior officers from relevant departments of the company) as well as other operating committees that regularly assess and evaluate risks

related to the company's business and develop plans to manage these risks effectively. Any significant findings or modifications to the risk management profile of the company are reported to the Board of Directors.

The company operates in a highly regulated industry. With respect to the U.S. regulatory oversight of the company, our organization is subject to several regulatory bodies including the SEC, the Financial Industry Regulatory Authority and the NYSE. Internationally, through our subsidiaries, we are regulated by the Hong Kong Securities and Futures Commission and the United Kingdom Financial Conduct Authority. Management has developed compliance programs that govern the conduct of our business and employees both in and outside the United States. These programs are designed to detect and prevent any wrongdoing under relevant rules and regulations and address the company's risk profile, and are incorporated into the company's training programs for all employees, which are conducted at least annually. A strong tone at the top has been set by the Board of Directors and executive management, which is communicated by executive management to all employees, that non-compliance will not be tolerated. At least quarterly (and on a more regular basis as necessary), the general counsel and an associate general counsel review with the Audit Committee all regulatory matters, if any, with respect to the company's business. In addition, the general counsel and an associate general counsel review with the Audit Committee all litigation matters, if any, as well as any related party transactions and material breaches or potential breaches of the company's policies and procedures.

In overseeing risk management, the Board of Directors is also briefed on the company's insurance program (including directors' and officers' coverage), the type and level of insurance coverage, material gaps, if any, in the insurance program, and how the company's insurance program compares to others in the industry.

Board Leadership Structure

Martin Cohen, a co-founder of the company together with Robert Steers, is the executive chairman of the company. The Board of Directors and its Nominating and Corporate Governance Committee believe that this leadership structure is appropriate for the company and is in the best interests of its shareholders because Mr. Cohen is familiar with the company's business and industry and capable of effectively identifying strategic priorities and leading the discussion and execution of strategy. While the formerly combined role of co-chairman and co-chief executive officer held by Mr. Cohen and Mr. Steers prior to January 1, 2014 promoted unified leadership and direction for the Board of Directors and executive management, the separation of those roles effective from that date allows Mr. Cohen to focus on leading the Board of Directors and allows Mr. Steers, as the sole chief executive officer of the company, to focus on the day-to-day operations of the company and execution of the company's strategic initiatives and business plan. The separation of the roles of chairman and chief executive officer, and the enhancement of the chairman role to executive chairman, was considered appropriate for the company by the Board of Directors and its Nominating and Corporate Governance Committee.

Four of the current six members of the Board of Directors meet the independence requirements of the NYSE, the SEC and the Board of Directors' standards for determining director independence. Mr. Steers and Mr. Cohen are the only members of our executive management who are also directors. The Board of Directors and its Nominating and Corporate Governance Committee do not believe that the chairman of the company's Board of Directors must be independent in order to ensure that the Board of Directors provides independent and effective oversight of our business and affairs. In fact, the Board of Directors believes that such oversight is maintained at the company through the majority independent composition of the Board of Directors, the strong leadership and contributions of our independent directors and committees, and our highly effective corporate governance structures and processes already in place.

The Board of Directors does not have a lead independent director, though each quarterly executive session of non-management directors is chaired by one of the independent members of the Board of Directors on a rotating basis. Given the size of the Board of Directors, the fact that all independent directors serve on each of the committees of the Board of Directors, and the open lines of communication between the four independent directors and Mr. Steers, Mr. Cohen and the other members of senior management, the Board of Directors and its Nominating and Corporate Governance Committee do not believe that there is currently a need for a lead independent director.

Communications with the Board

The Board of Directors has established a process to receive communications from shareholders and other interested parties. Any interested party may contact any member (or all members) of the Board of Directors (including, without limitation, the directors that preside over the executive sessions of non-management directors, or the non-management directors as a group), any Board of Directors committee or any chair of any such committee by mail or electronically. To communicate with the Board of Directors, any individual director or any group or committee of directors, correspondence should be addressed to the Board of Directors or any such individual directors or group or committee of directors by either name or title. All such correspondence should be sent c/o general counsel, Cohen & Steers, Inc., 280 Park Avenue, New York, New York 10017. To communicate with any of our directors electronically, shareholders should go to our corporate website at www.cohenandsteers.com. Under the heading Company Board of Directors Contact the Board of Directors, shareholders will find the e-mail address boardcommunications@cohenandsteers.com, which may be used for writing an electronic message to the Board of Directors, any individual director, or any group or committee of directors. Please follow the instructions on our website in order to send your message.

All communications received as set forth in the preceding paragraph will be opened by an associate general counsel or his or her designee for the sole purpose of determining the appropriateness of the content of such communication. Any contents that are not advertising, promotions of a product or service, or patently offensive will be forwarded promptly to the addressee. In the case of communications to the Board of Directors or any group or committee of directors, sufficient copies of the contents will be made for each director who is a member of the Board of Directors or the group or committee to which the envelope or e-mail is addressed. Concerns relating to accounting, internal controls or auditing matters will be brought to the attention of the Chairman of the Audit Committee and handled in accordance with procedures established by the Audit Committee with respect to such matters.

INFORMATION ABOUT THE BOARD AND ITS COMMITTEES

The Board of Directors has three standing committees: an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. The current charters for each of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee are available on our corporate website at www.cohenandsteers.com under the heading Company Corporate Governance.

The Audit Committee

The Board of Directors has a standing Audit Committee that is presently composed of Messrs. Rhein (Chair), Simon, Villani and Connor and satisfies the requirements of Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the Exchange Act). Rule 10A-3 establishes listing standards relating to audit committees with respect to (i) the independence of audit committee members; (ii) the audit committee's responsibility to select and oversee our independent registered public accounting firm; (iii) procedures for handling complaints regarding our accounting practices; (iv) the authority of the audit committee to engage advisors; and (v) funding for the independent registered public accounting firm and any outside advisors engaged by the audit committee. As previously stated, the Board of Directors has determined that each of Messrs. Rhein, Simon, Villani and Connor does not have a material relationship with us (either directly or as a partner, shareholder or officer of an organization that has a relationship with us) and is independent in accordance with the NYSE listing standards and the applicable SEC rules. Furthermore, the Board of Directors has determined that Mr. Rhein qualifies as an audit committee financial expert as defined in the SEC rules and that each of Messrs. Rhein, Simon, Villani and Connor has accounting and related financial management expertise in accordance with the listing standards of the NYSE.

The Audit Committee's primary purposes are to assist the Board of Directors with its oversight of the following: (i) the integrity of our financial statements; (ii) the independent registered public accounting firm's qualifications and independence; (iii) the performance of our internal audit function and independent registered public accounting firm; and (iv) the compliance by us with applicable legal and regulatory requirements. The Audit Committee also prepares the audit committee report as required by the SEC's rules for inclusion in our annual proxy statement.

The Audit Committee regularly holds separate sessions with management, internal auditors, and the independent registered public accounting firm. The Audit Committee's procedures for the pre-approval of the

audit and permitted non-audit services are described in Item 2: Ratification of the Appointment of Independent Registered Public Accounting Firm Audit Committee Pre-Approval Policy.

The Compensation Committee

The Compensation Committee is responsible for overseeing our compensation plans and programs and determining the compensation for certain of our executive officers. The Compensation Committee is presently composed of Messrs. Villani (Chair), Rhein, Simon and Connor. As previously stated, the Board of Directors has determined that each of Messrs. Villani, Rhein, Simon and Connor does not have a material relationship with us (either directly or as a partner, shareholder or officer of an organization that has a relationship with us) and is independent in accordance with the NYSE listing standards, including the independence requirements specific to compensation committee membership, and is a non-employee director as defined in the applicable SEC rules.

The Compensation Committee has delegated to Mr. Steers and Mr. Cohen the authority (with certain limitations) to grant awards under the Amended and Restated Stock Incentive Plan to participants in the plan who are not directors or officers of the company for purposes of Section 16 of the Exchange Act. For additional information on the Compensation Committee's responsibilities, its use of outside advisors, its approach to administering the company's executive compensation program and its consideration and determination of executive compensation, see Compensation of Executive Officers Compensation Discussion and Analysis.

Compensation Committee Interlocks and Insider Participation

None of the Compensation Committee's members is or has been an officer or employee of the company. None of our executive officers served as a director or a member of a compensation committee (or other committee serving an equivalent function) of any other entity, the executive officers of which served on our Board of Directors or as a member of the Compensation Committee during 2013.

The Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is responsible for the following: (i) assisting the Board of Directors in identifying individuals qualified to become members of the Board of Directors; (ii) recommending to the Board of Directors the director nominees to be elected at annual meetings of shareholders; (iii) recommending to the Board of Directors corporate governance guidelines applicable to us; (iv) leading the Board of Directors in its annual evaluation of the Board of Directors and management's performance; and (v) recommending to the Board of Directors director nominees for each committee of the Board of Directors.

The Nominating and Corporate Governance Committee is presently composed of Messrs. Simon (Chair), Rhein, Villani and Connor. As previously stated, the Board of Directors has determined that each of Messrs. Simon, Rhein, Villani and Connor does not have a material relationship with us (either directly or as a partner, shareholder or officer of an organization that has a relationship with us) and is independent in accordance with the NYSE listing standards.

Meetings of the Board and its Committees

The Board of Directors met four times during 2013. During 2013, the committees of the Board of Directors held the following number of meetings: Audit Committee eight meetings; Compensation Committee four meetings; and Nominating and Corporate Governance Committee two meetings. In 2013, each director attended at least 75% of the meetings of the Board of Directors and each committee of the Board of Directors on which such director served.

The Board of Directors believes that it is important for shareholders to have the opportunity to meet and talk to the independent members of the Board of Directors. Therefore, the Board of Directors generally schedules a board meeting in conjunction with our annual meetings of shareholders and expects directors, absent valid reasons, to attend the annual meeting of shareholders. All of the members of the Board of Directors who served as directors during 2013 attended the 2013 annual meeting of shareholders.

Compensation of Directors

It is our policy to not pay additional compensation to directors who are also members of our management. The Nominating and Corporate Governance Committee reviews and recommends to our Board of Directors the compensation of our non-management directors. As part of this review, the Nominating and Corporate Governance Committee consults with McLagan Partners, a leading compensation consulting and research firm, to determine the reasonableness and adequacy of our non-management director compensation.

Each non-management director receives an annual retainer of \$145,000, \$70,000 of which is payable quarterly in cash and \$75,000 of which is payable quarterly in restricted stock units. The restricted stock units are granted under our Amended and Restated Stock Incentive Plan and are 100% vested on the date of grant. Any fractional shares are paid in cash. The shares of common stock underlying the restricted stock units granted to a director are delivered to the director on the third anniversary of the date of grant. Dividends on these restricted stock units are paid in cash as and when dividends are paid by us on our common stock.

The chair of the Audit Committee receives an additional annual cash retainer of \$15,000, the chair of the Compensation Committee receives an additional annual cash retainer of \$7,500 and the chair of the Nominating and Corporate Governance Committee receives an additional annual cash retainer of \$5,000. Each member of the Audit Committee (including the chair) receives an additional annual cash retainer of \$15,000, each member of the Compensation Committee (including the chair) receives an additional annual cash retainer of \$7,500, and each member of the Nominating and Corporate Governance Committee (including the chair) receives an additional annual cash retainer of \$5,000.

Non-management directors are also reimbursed for reasonable travel and related expenses associated with attendance at board or committee meetings as well as reasonable expenses for continuing education programs related to their role as a member of the Board of Directors.

Non-management directors do not earn separate and additional fees for attending, either in person or telephonically, individual meetings of the Board of Directors or its committees. Compensation for participation in such meetings is included in the directors' annual retainers as described above. Further, non-management directors do not receive any fees or compensation from us other than compensation for serving as one of our directors.

The following table sets forth the compensation paid by us to our non-management directors in 2013.

REPORT OF THE AUDIT COMMITTEE

In accordance with and to the extent permitted by SEC rules, the information contained in the following Report of the Audit Committee shall not be incorporated by reference into any of our future filings made under the Exchange Act, or under the Securities Act of 1933, as amended (the Securities Act), and shall not be deemed to be soliciting material or to be filed under the Exchange Act or the Securities Act.

Report of the Audit Committee

The Board of Directors has appointed an Audit Committee composed of four directors, each of whom is independent in accordance with the NYSE listing standards. The Board of Directors has determined that Mr. Rhein is an audit committee financial expert, as that term is defined in the SEC rules.

The Board of Directors has adopted a written charter for the Audit Committee. A copy of that charter is available on our corporate website at www.cohenandsteers.com under the heading Company Corporate Governance. The Audit Committee's job is one of oversight as set forth in its charter. It is not the duty of the Audit Committee to prepare our financial statements, to plan or conduct audits, or to determine that our financial statements are complete and accurate and prepared in accordance with generally accepted accounting principles in the United States of America. Management is responsible for preparing our financial statements and for maintaining internal control over financial reporting and disclosure controls and procedures. Our independent registered public accounting firm is responsible for auditing our financial statements and expressing an opinion as to whether those audited financial statements fairly present our financial position, results of operations, and cash flows in conformity with generally accepted accounting principles in the United States of America.

The Audit Committee has reviewed and discussed our audited financial statements for the fiscal year ended December 31, 2013 with management and with Deloitte & Touche LLP, our independent registered public accounting firm.

The Audit Committee has discussed with Deloitte & Touche LLP the matters required to be discussed by Public Company Accounting Oversight Board Auditing Standard No. 16 Communications with Audit Committees.

The Audit Committee has received from Deloitte & Touche LLP the written statements required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditor's communications with the Audit Committee concerning independence, and the Audit Committee has discussed with Deloitte & Touche LLP that firm's independence. The Audit Committee has concluded that Deloitte & Touche LLP's provision of audit and non-audit services to the company and its affiliates is compatible with Deloitte & Touche LLP's independence.

Based on the review and discussions referred to above, the Audit Committee has recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2013 for filing with the SEC.

Section 16(a) of the Exchange Act requires our directors, executive officers and persons who own more than ten percent of a registered class of our equity securities to file reports of holdings of, and transactions in, our common stock with the SEC. To the best of our knowledge, based solely on a review of copies of such reports furnished to the company and representations from these reporting persons that no reports we required, we believe that in 2013 our directors, executive officers and ten percent holders complied with the requirements of Section 16(a). COMPENSATION OF EXECUTIVE OFFICERS

Compensation Discussion and Analysis

Introduction

Our compensation programs are designed to support our business goals by attracting, motivating and retaining the high-performing talent we need to maintain and strengthen our position in the intensely competitive asset management industry. This section of the Proxy Statement explains how our compensation programs are designed and operate with respect to our executive officers who are named in the compensation tables of this Proxy Statement (we refer to these individuals as the named executive officers). For fiscal 2013, our named executive officers were our chief executive officer, Robert H. Steers, our executive chairman and former co-chief executive officer, Martin Cohen, our president, Joseph M. Harvey, our chief financial officer, Matthew S. Stadler, and our chief operating officer, Adam M. Derechin.

The Compensation Committee determines all components of our chief executive officer's and executive chairman's compensation. With respect to the other named executive officers, the Compensation Committee seeks recommendations from our chief executive officer and executive chairman and reviews and approves all components of our other named executive officers' compensation. This includes making individual compensation decisions and reviewing and revising our compensation plans, programs, and guidelines as appropriate.

Compensation Philosophy

The following principles guide the design and oversight of our compensation programs:

Compensation is related to performance. We believe that an employee's compensation should be tied to individual, team and company performance. For a discussion of the performance criteria considered by the Compensation Committee in setting the compensation of our named executive officers, see [Named Executive Officer Compensation](#) below.

Compensation levels are competitive. Our Compensation Committee annually reviews compensation survey data provided by McLagan Partners, our compensation consultant, to help ensure that our compensation programs are competitive (see [Compensation Consultant](#), [Compensation Comparison Groups](#), and [Named Executive Officer Compensation](#) below). The survey data covers companies with whom we compete for leadership talent. The Compensation Committee does not aim to target compensation levels within a particular range related to levels provided by industry peers. Instead, the Compensation Committee uses survey data as one factor within a broader decision-making process focused on ensuring that total compensation levels (*i.e.*, annual base salary, annual incentive performance bonus and awards of restricted stock units) are competitive in the context of company performance, individual performance and each of the named executive officer's experience and job responsibilities. The company also periodically participates in industry seminars conducted by McLagan as well as asset management industry surveys that are conducted by McLagan which provide valuable information to the company in assessing the competitiveness of its compensation levels.

Equity awards are a significant part of total compensation. Equity awards in the form of grants of restricted stock units comprise a significant portion of the total compensation for the named executive officers. Our named executive officers are awarded restricted stock units as part of their annual incentive performance bonuses, a portion of which includes restricted stock units granted pursuant to our Mandatory Stock Bonus Program. These restricted stock units are generally granted at the time annual incentive performance bonuses are paid.

Grants of restricted stock units are consistent with our pay-at-risk philosophy, as receipt of the restricted stock units is generally conditioned on continued employment. In granting restricted stock units to our named executive officers, the Compensation Committee strives to provide our named executive officers with long-term incentive award opportunities that are consistent with awards made by companies in our industry and reflect each named executive officer's individual performance. In addition, we believe that grants of restricted stock units align the interests of the named executive officers with those of our other shareholders, encourage our named executive officers to develop and lead our business and promote a commitment to the company's long-term

success. The restricted stock units generally vest over four years and are conditioned on continuous employment, which we believe serves as a retention incentive.

We promote employee ownership of our common stock. We provide our employees, including certain of our named executive officers, the opportunity to become shareholders of our company by permitting them to purchase shares of our common stock at a discount. Under our Amended and Restated Employee Stock Purchase Plan (ESPP), employees may purchase shares of our common stock at a 15% discount.

Say-on-Pay and Say-on-Frequency Results

The Compensation Committee considered the voting results of the non-binding advisory say-on-pay vote at our 2013 Annual Meeting of Shareholders in connection with determining executive compensation. A substantial majority of our shareholders (95.49% of the votes cast by our shareholders) approved the compensation of our named executive officers described in our 2013 proxy statement. As this level of support was extremely high, the Compensation Committee determined that shareholders generally supported our compensation programs. Accordingly, our approach to executive compensation for 2013 remained consistent with past practice. The Compensation Committee intends to continue to consider the views of shareholders when establishing and administering the company's compensation programs.

At our 2011 Annual Meeting of Shareholders, a substantial majority of our shareholders (91.3% of the votes cast by our shareholders) voted for say-on-pay proposals to occur once every year. In light of this vote, and consistent with our recommendation, the Board of Directors determined that it currently intends to include a say-on-pay vote once every year until the next required vote on the frequency of shareholder votes on named executive officer compensation. Accordingly, we are holding the next annual say-on-pay vote at this 2014 Annual Meeting of Shareholders. We currently expect the next advisory vote on the frequency of shareholder votes on named executive officer compensation to occur at our 2017 Annual Meeting of Shareholders.

Elements of Executive Compensation

The primary components of the compensation of our named executive officers are annual base salaries and annual incentive performance bonuses (delivered to our named executive officers in part as cash bonuses and in part as restricted stock units, a portion of which includes restricted stock units granted pursuant to our Mandatory Stock Bonus Program).

Annual base salary. Base salaries are set at levels that are competitive with similar positions at comparable asset management companies (the group of comparable asset management companies is set forth under Compensation Comparison Groups below). Consistent with asset management industry practices, the Compensation Committee sets base salaries for named executive officers at levels that constitute a relatively low percentage of their total compensation. This approach is consistent with the principle of linking compensation to performance because it results in most of an executive's compensation being earned through performance related incentives.

While we review base salaries annually, base salaries for our executives are generally adjusted less frequently. Adjustments, if any, in our executives' base salaries are made to recognize significant expansion of an individual's role, outstanding and sustained individual performance, or if competitive market data indicate a significant deviation from the market. Between 2008 and 2013, none of the named executive officers received a base salary increase.

Annual incentive performance bonus. The Compensation Committee grants annual incentive performance bonuses to our named executive officers under our Amended and Restated Annual Incentive Plan. Annual incentive performance bonuses are designed to tie bonus amounts to executive performance, the company's performance and long-term increases in shareholder value. Because incentive compensation awards are based in part on executive and company performance, we believe incentive compensation should constitute the largest portion of a named executive officer's annual compensation.

At the beginning of each fiscal year, the Compensation Committee, with input from senior management, reviews the general performance criteria for the company and our named executive officers. Such criteria may include the company's net revenues, income, assets under management, net flows, and investment performance and other factors as determined by the Compensation Committee. In addition, the Compensation Committee determines the maximum annual incentive performance bonus for each of the named executive officers (for a specific discussion of the performance criteria reviewed and/or set by the Compensation Committee for performance year 2013, see [Named Executive Officer Compensation](#) below).

The maximum annual incentive performance bonuses are expressed as a percentage of our adjusted pre-tax profit. Adjusted pre-tax profit means our pre-incentive and pre-tax income, excluding extraordinary items. The maximum annual incentive performance bonus set for each named executive officer is not a target of the actual annual incentive performance bonus that will be paid to each named executive officer, but a cap on the range of compensation that the named executive officer may be paid while maintaining the tax deductibility of the bonus as performance-based compensation for purposes of Section 162(m) of the Internal Revenue Code. The Compensation Committee typically approves annual incentive performance bonuses to the named executive officers that are less than the maximum percentages allocated to the named executive officers. The Compensation Committee believes that this bonus structure is in the best interests of shareholders because it enables the most prudent use of our assets by providing for the deductibility of performance-based compensation while allowing the Compensation Committee to appropriately compensate the named executive officers based on the performance of the company and the executive.

At the end of each fiscal year, the Compensation Committee approves a specific annual incentive performance bonus amount for each named executive officer. The 2013 annual incentive performance bonus amounts approved by the Compensation Committee for our named executive officers are discussed below under the heading [Named Executive Officer Compensation](#). In determining annual incentive performance bonus amounts, the Compensation Committee does not rely on predetermined formulas, weighted factors, specific benchmark percentiles or other specific and potentially limiting criteria. Rather, in determining the actual annual incentive performance bonus payable to a named executive officer, the Compensation Committee considers the overall performance of the company and the individual, a market data provided by McLagan, our compensation consultant, of the compensation practices of our public and private peer competitors (see [Compensation Consultant and Compensation Comparison Groups](#) below), historical compensation levels for each named executive officer, and other factors that the Compensation Committee deems relevant. In addition, the Compensation Committee considers recommendations from our chief executive officer and executive chairman in determining annual incentive performance bonuses for the other named executive officers.

Annual incentive performance bonuses are generally paid in January of the year following the fiscal year performance period and are generally composed of cash and restricted stock units, a portion of which is granted pursuant to our Mandatory Stock Bonus Program under our Amended and Restated Stock Incentive Plan. The Compensation Committee retains the discretion to adjust the cash and equity components of annual incentive performance bonuses from year to year as it deems appropriate.

Mandatory Stock Bonus Program. To retain our named executive officers and promote stock ownership, we mandatorily defer a meaningful portion of their annual incentive performance bonuses into restricted stock units pursuant to our Mandatory Stock Bonus Program under our Amended and Restated Stock Incentive Plan. In previous years, the company matched a portion of the executives' mandatorily deferred amount in additional restricted stock units. However, at its May 8, 2012 meeting, the Compensation Committee, upon advice from McLagan and management, discontinued the company match on mandatorily deferred annual incentive performance bonus amounts, commencing with performance year 2012. All historical grants made pursuant to the company match under the Mandatory Stock Bonus Program will continue to vest and be delivered in accordance with the previous schedule. Any dividends paid by us on our common stock will be reflected in additional restricted stock units on such deferred amounts. The restricted stock units vests ratably over four years, and all accrued dividends vest on the fourth anniversary of the date of grant. For the amounts deferred under the Mandatory Stock Bonus Program for the named executive officers, see the tables contained on pages 26 and 27.

Optional Stock Purchase Program. From 2004 through 2012, our named executive officers could voluntarily defer a portion of their annual incentive performance bonus into restricted stock units pursuant to our Optional Stock Purchase Program under our Amended and Restated Stock Incentive Plan. Under the terms of our Optional Stock Purchase Program, we matched a portion of the optional deferred amount in additional restricted stock units. Any dividends paid by us on our common stock would be reflected in additional restricted stock units on such deferred and company matching contribution amounts. Pursuant to the terms of our Optional Stock Purchase Program, the restricted stock units acquired from voluntarily deferred amounts were immediately vested (but delivered on the third anniversary of the date of grant) and the restricted stock units from the company matching contributions and accrued dividends vested and were delivered on the third anniversary of the date of grant. At its May 8, 2012 meeting, the Compensation Committee, upon advice from McLagan and management, discontinued the Optional Stock Purchase Program, commencing with performance year 2013. All historical grants made pursuant to the Optional Stock Purchase Program, as well as the company match on such grants, will continue to vest and/or be delivered in accordance with the previous schedule. All of the named executive officers who made an election to voluntarily defer a portion of their 2012 annual incentive performance bonus were permitted to defer such optional deferred amount, and received a matching contribution from the company on such optional deferred amount. For the amounts deferred under the Optional Stock Purchase Program by certain of our named executive officers, see the table contained on page 27.

Restricted stock unit awards. In addition to the restricted stock units granted pursuant to our Mandatory Stock Bonus Program, as part of their annual incentive performance bonuses, our named executive officers receive awards of restricted stock units. Except in circumstances where a dividend is determined to be an extraordinary dividend, as determined in the sole discretion of the Compensation Committee, no dividends are paid on such restricted stock units. Any extraordinary dividend equivalent restricted stock units vest and will be delivered on the final delivery date for such restricted stock units, subject to continued employment.

Other compensation. Our named executive officers are generally eligible to participate, on an elective basis, in two other compensation plans that are generally available to all employees.

The ESPP. The purpose of the ESPP is to encourage and enable eligible employees to purchase our stock at a discount, thereby promoting employee stock ownership and, in turn, alignment of employee and shareholder interests. All named executive officers (except Mr. Steers and Mr. Cohen, who are not eligible to participate) may participate in this plan on the same basis as all other eligible employees. Eligible employees may elect to contribute on an after-tax basis between 1% and 10% of their annual salary and incentive performance bonus to purchase our common stock; provided, however, that an employee may not contribute more than \$25,000 to the plan under Internal Revenue Service restrictions. Shares are purchased at a 15% discount from the fair market value of our common stock as determined on the last day of each of the quarterly offering periods.

401(k) Savings Plan. We offer a tax-qualified 401(k) plan to all eligible employees. Employees may elect to contribute on a pre-tax basis between 1% and 100% of their annual pay to the 401(k) plan, up to the annual Internal Revenue Service maximum. We match 50% of employee contributions in cash in order to encourage employee participation, with such matching contribution vesting over a five year period.

Benefits and Perquisites

Our practice is to provide benefits and perquisites to our named executive officers that are the same as those offered to all of our other employees.

Hedges of the Company's Stock

Our employees are prohibited from engaging in any transaction intended to hedge or minimize losses in our securities, including engaging in transactions in puts, calls or other derivatives on our securities, or short-selling our securities or selling against the box (*i.e.*, failing to deliver sold securities).

Compensation Consultant

The Compensation Committee has sole discretion to retain and terminate compensation consultant(s) to assist in the evaluation of the compensation of our executive officers. In 2013, the Compensation Committee retained McLagan Partners, a leading compensation consulting and research firm, to advise it on all matters related to the compensation of our named executive officers and our general compensation programs. McLagan advised the Compensation Committee in determining annual base salaries and annual incentive performance bonuses for our named executive officers and designing and determining their individual restricted stock unit amounts. McLagan also assisted the Compensation Committee by providing comparative market data on the compensation practices and programs of peer competitors and provided guidance on industry trends and best practices. In addition, McLagan assisted the Nominating and Corporate Governance Committee in setting director compensation.

Under SEC and NYSE rules, the Compensation Committee is required to perform an independence assessment prior to selecting any compensation consultant and must evaluate, on at least an annual basis, whether any work provided by such consultant raised any conflicts of interest. The Compensation Committee assessed McLagan's independence at its March 14, 2014 meeting. In assessing McLagan's independence, the Compensation Committee examined the services McLagan provided during fiscal 2013 and determined that neither McLagan nor its affiliates provided any services to the company or any of the company's affiliates other than as set forth immediately herein. Accordingly, the Compensation Committee determined that McLagan is independent, and that McLagan's work has not raised any conflicts of interest.

Compensation Comparison Groups

To ensure that our executive compensation programs are competitive, the Compensation Committee, with advice from McLagan, assessed market pay levels from two comparison groups: (i) 14 asset management companies that publicly disclose their executive compensation levels; and (ii) 38 asset management companies which, from a size and complexity perspective, are more similar to us.

The 14-firm group of asset management companies that publicly disclosed pay included: Affiliated Managers Group, Inc.; AllianceBernstein L.P.; BlackRock, Inc.; Calamos Asset Management, Inc.; Eaton Vance Corp.; Federated Investors, Inc.; Franklin Resources, Inc.; GAMCO Investors, Inc.; Invesco Ltd.; Janus Capital Group, Inc.; Lazard Asset Management; State Street Global Advisors, Inc.; Legg Mason, Inc.; and T. Rowe Price Group, Inc. The 38-firm group of asset management companies that are more comparable to the company from a size and complexity perspective included: Aberdeen Asset Management, Inc.; Acadian Asset Management, LLC; AEW Capital Management; Arrowstreet Capital, L.P.; AXA Investment Managers; BNP Paribas Investment Partners; The Boston Company Asset Management, LLC; Brandes Investment Partners, L.P.; Brandywine Global Investment Management, LLC; Brown Investment Advisory & Trust Company; Brown Brothers Harriman & Co.; Calamos Asset Management, Inc.; Clearbridge Advisors; DuPont Capital Management; Epoch Investment Partners, Inc.; GIC Private Limited; Glenmede Trust Company; Harvard Management Company, Inc.; Heitman Income Research & Management; Institutional Capital LLC; INTECH Investment Management LLC; Logan Circle Partners, L.P.; Managers Investment Group LLC; Matthews International Capital Management, LLC; Mercer Global Investments; NWQ Investment Management Company, LLC; Orbis Investment Management Limited; PanAgora Asset Management, Inc.; ProShare Advisors LLC; Raymond James Financial Services, Inc.; Reich & Tang Asset Management, LLC; RS Investment Management Co. LLC; Sands Capital Management, LLC; Schroder Investment Management North America Inc.; Virtus Investment Partners, Inc.; Vontobel Asset Management, Inc.; William Blair & Company, LLC; and XL Group.

Role of Management

Our senior management, under the leadership of our chief executive officer and executive chairman, plays an important role in establishing and maintaining our compensation programs. Senior management's role includes recommending compensation plans and programs to the Compensation Committee, implementing the Compensation Committee's decisions regarding the plans and programs and assisting and supporting the Compensation Committee in carrying out its duties.

Our chief executive officer and executive chairman regularly attend Compensation Committee meetings and provide information regarding the individual performance of the other named executive officers and make annual

recommendations to the Compensation Committee of appropriate compensation levels for all named executive officers other than themselves.

Risk Considerations Relating to Our Compensation Programs

The Compensation Committee has discussed risk as it relates to our compensation programs with management and McLagan, and the Compensation Committee does not believe our compensation programs encourage excessive or inappropriate risk taking. By utilizing a balanced approach to total compensation, whereby we mandatorily defer a meaningful portion of our named executive officers' annual incentive performance bonuses in the form of restricted stock units and actively promote long-term stock ownership to our employees, we seek to align the interests of our named executive officers with the interests of our shareholders.

Named Executive Officer Compensation

Chief Executive Officer and Executive Chairman. The Compensation Committee established a 2013 base salary of \$750,000 for each of Mr. Steers and Mr. Cohen, unchanged since 2008. The Compensation Committee elected not to adjust base salaries for Mr. Steers and Mr. Cohen for 2013 because it determined that their current salaries remain reasonable and competitive.

On March 13, 2013, the Compensation Committee met and reviewed the general performance criteria for the company and for each of Mr. Steers and Mr. Cohen. At that meeting, the Compensation Committee also determined that the maximum annual incentive performance bonus for each of Mr. Steers and Mr. Cohen would be no more than 4.5% of our 2013 adjusted pre-tax profit, subject to the \$10 million individual maximum payment amount set forth in the Amended and Restated Annual Incentive Plan. As previously discussed, in establishing this percentage, the Compensation Committee expected that the actual annual incentive performance bonus amounts awarded to Mr. Steers and Mr. Cohen for the fiscal year would be less than the maximum percentage.

On January 9, 2014, the Compensation Committee met to determine the 2013 annual incentive performance bonuses for each of Mr. Steers and Mr. Cohen. As part of this process, the Compensation Committee considered the following factors:

1. The company's overall performance during 2013 as measured from a strategic, investment and financial perspective. In particular, the Compensation Committee concluded that in 2013 the company's (a) strategic performance was superior, with the company achieving virtually all of its goals related to product growth and diversification and client retention and expansion; (b) relative investment performance was superior, particularly within its largest funds; and (c) financial performance was mixed, in large part due to spending decisions made during the year that were intended to position the company for long-term success.
2. The individual executive's impact on the company's strategic, investment and financial performance.
3. The individual executive's actual compensation during 2012.
4. Competitive pay levels as measured versus the two comparison groups set forth above.
5. Advice from McLagan, the compensation consultant for performance year 2013.

Based on its overall evaluation of these factors, the Compensation Committee determined that Mr. Steers' and Mr. Cohen's annual incentive performance bonuses for performance year 2013 should be reduced by 10% compared to the amount awarded for performance year 2012.

The table below sets forth total compensation considered and approved by the Compensation Committee for Mr. Steers and Mr. Cohen for the 2013 performance period, but is presented in a format that differs from the amounts required to be disclosed by SEC regulations in the Summary Compensation Table. Total compensation with respect to the 2012 and 2011 performance periods are included for comparative purposes.

Name	Year	Annual Base Salary (\$)	Cash (\$)	Annual Incentive Performance Bonus			RSU Award (\$)	Total Compensation (\$)
				Mandatory RSU Deferral (\$)	Mandatory RSU Match(1) (\$)	Voluntary RSU Deferral (\$)		
Robert H. Steers	2013	750,000	365,294	1,254,706			405,000	2,775,000
	2012	750,000	450,000	1,350,000			450,000	3,000,000
	2011	750,000	450,000	1,350,000	337,500		112,500	3,000,000
Martin Cohen	2013	750,000	365,294	1,254,706			405,000	2,775,000
	2012	750,000	450,000	1,350,000			450,000	3,000,000
	2011	750,000	450,000	1,350,000	337,500		112,500	3,000,000

(1) At its May 8, 2012 meeting, the Compensation Committee discontinued the company match on mandatorily deferred annual incentive performance bonus amounts.

The restricted stock unit amounts included in the table above for the 2013 performance period were actually granted in January 2014, and therefore, are not reflected in the Summary Compensation Table or the 2013 Grants of Plan-Based Awards table because they were not granted in 2013.

Other Named Executive Officers. Based on the recommendations of Mr. Steers and Mr. Cohen, the Compensation Committee elected not to adjust the base salaries of Messrs. Harvey, Stadler and Derechin for 2013 because it determined that their salaries continued to be reasonable and competitive.

On March 13, 2013, the Compensation Committee met and reviewed the general performance criteria for the company and for each of Messrs. Harvey, Stadler and Derechin. At that meeting, the Compensation Committee also determined that the maximum annual incentive performance bonus for each of Messrs. Harvey, Stadler and Derechin would be no more than 3.5%, 2.5% and 2.5%, respectively, of our 2013 adjusted pre-tax profit, each subject to the \$10 million individual maximum payment amount set forth in the Amended and Restated Annual Incentive Plan. As previously discussed, in establishing these percentages, the Compensation Committee expected that the actual annual incentive performance bonus amounts awarded to each of Messrs. Harvey, Stadler and Derechin for the fiscal year would be less than their respective maximum percentages.

On January 9, 2014, the Compensation Committee met and approved the annual incentive performance bonuses for each of Messrs. Harvey, Stadler and Derechin for the 2013 performance period. In approving these awards, the Compensation Committee considered the recommendations of the chief executive officer and executive chairman, the company's net income, revenues, assets under management and net flows, the historical annual incentive performance bonus awards for each of Messrs. Harvey, Stadler and Derechin and other factors about each of these named executive officers, including their individual responsibilities, the chief executive officer's and executive chairman's assessment of their individual performance during the fiscal year, and the chief executive officer's and executive chairman's views of the initiative, business judgment and management skills of these named executive officers.

As was the case with Mr. Steers and Mr. Cohen, the Compensation Committee determined that the 2013 annual incentive performance bonuses for each of these named executive officers should be reduced by 10% compared to the amounts awarded for performance year 2012.

The table below sets forth total compensation considered and approved by the Compensation Committee for each of Messrs. Harvey, Stadler and Derechin for the 2013 performance period, but this table is presented in a format that differs from the amounts required to be disclosed by SEC regulations in the Summary Compensation Table. Total compensation with respect to the 2012 and 2011 performance periods are included for comparative purposes.
