Item 1.01 Entry into a Material Definitive Agreement.

On May 19, 2014, Signet UK Finance plc (the Issuer), a public limited liability company organized under the laws of England and Wales and a wholly owned subsidiary of Signet Jewelers Limited (Signet), completed its offering of \$400.0 million aggregate principal amount of the Issuer's 4.700% Senior Notes due 2024 (the Notes). The Notes are fully and unconditionally guaranteed on a senior unsecured basis by Signet and certain subsidiaries of Signet (collectively, the Guarantors). The Notes were sold in a public offering pursuant to a registration statement on Form S-3 (File No. 333-195865) (the Registration Statement) and a related prospectus and prospectus supplement filed with the Securities and Exchange Commission. The Notes were issued pursuant to a base indenture (the Base Indenture) dated as of May 19, 2014 among the Issuer, the Guarantors and Deutsche Bank Trust Company Americas, as trustee (the Trustee), as amended by a first supplemental indenture dated as of May 19, 2014, among the Issuer, the Guarantors and the Trustee (together with the Base Indenture, the Indenture).

The Notes will mature on June 15, 2024. Interest accrues on the Notes from May 19, 2014 and will be paid in cash on June 15 and December 15 of each year, commencing December 15, 2014. The Notes are senior unsecured obligations of the Issuer and rank equally with all of the Issuer's existing and future unsubordinated and unsecured senior debt. The Notes will be senior in right of payment to all of the Issuer's future subordinated debt and will be effectively subordinated to all of the Issuer's future secured debt to the extent of the value of the assets securing such debt.

The net proceeds from the offering (before expenses) were approximately \$393.9 million and are expected to be used as part of the financing for Signet's proposed acquisition of Zale Corporation. Prior to the closing of the Zale acquisition, the Issuer intends to invest the net proceeds from this offering in U.S. government securities, short-term certificates of deposit, money market funds or other short-term interest bearing investments or demand deposit accounts. If the Zale acquisition is not consummated or the related merger agreement is terminated, in each case, on or prior to February 19, 2015, the Issuer will be required to redeem the Notes at a redemption price equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if any, to, but not including, the applicable redemption date. Prior to March 15, 2024 (three months prior to the maturity date), the Issuer may redeem some or all of the Notes at any time at a redemption price equal to the greater of the principal amount of the Notes and a make whole price equal to the sum of the present values of the remaining scheduled payments of principal and interest on the Notes to be redeemed (exclusive of interest accrued to the date of redemption) discounted to the redemption date on a semi-annual basis at the applicable treasury rate plus 35 basis points, plus accrued and unpaid interest, if any to, but not including, the date of redemption. On or after March 15, 2024, the Issuer may redeem some or all of the Notes at a redemption price equal to 100% of the principal amount thereof, plus accrued and unpaid interest, if any, to, but not including, the date of redemption. The Issuer may also redeem all of the Notes at a price equal to 100% of the principal amount thereof, plus accrued and unpaid interest, if any, upon the occurrence of certain changes in applicable tax law. Upon the occurrence of a Change of Control Repurchase Event as defined in the Indenture, the Issuer will be required to make an offer to repurchase the Notes at a price equal to 101% of their principal amount, plus accrued and unpaid interest, if any, to, but not including, the date of repurchase. The press release announcing the closing is attached hereto as Exhibit 99.1 and is incorporated by reference herein.

The Indenture contains customary covenants, including restrictions on the ability of the Issuer and the Guarantors to create liens, enter into sale leaseback transactions and to consolidate or merge with, or transfer all or substantially all of their assets to, another entity. These covenants are subject to important limitations and exceptions, as described in the Indenture. The Indenture also contains customary events of default and provides that any Guarantor may be released from its obligations under its guarantee and in accordance with the terms set forth in the Indenture.

The foregoing description of the Indenture is qualified in its entirety by reference to the full text of the Base Indenture and the First Supplemental Indenture, which have been filed as Exhibits 4.1 and 4.2 hereto, respectively, and are incorporated herein by reference. The form of Note is filed as Exhibit 4.3 hereto.
