2015 ANNUAL MEETING OF STOCKHOLDERS

GENERAL INFORMATION

This Proxy Statement and the enclosed form of proxy are solicited on behalf of Sprouts Farmers Market, Inc., a Delaware corporation, by our board of directors for use at the 2015 Annual Meeting of Stockholders, (referred to as the *Annual Meeting*) and any postponements or adjournments thereof. The Annual Meeting will be held at The JW Marriott Phoenix Desert Ridge Resort & Spa, 5350 East Marriott Drive, Phoenix, Arizona 85054, on **Friday, May 1, 2015** at 8:00 a.m. local time.

Internet Availability of Proxy Materials

In accordance with rules adopted by the Securities and Exchange Commission (referred to as the *SEC*) that allow companies to furnish their proxy materials over the Internet, we are mailing a Notice of Internet Availability of Proxy Materials instead of a paper copy of our proxy statement and our 2014 Annual Report to most of our stockholders. The Notice of Internet Availability of Proxy Materials contains instructions on how to access those documents and vote over the Internet. The Notice of Internet Availability of Proxy Materials also contains instructions on how to request a paper copy of our proxy materials, including our proxy statement, our 2014 Annual Report, and a form of proxy card. We believe this process will allow us to provide our stockholders the information they need in a more timely manner, while reducing the environmental impact and lowering our costs of printing and delivering the proxy materials.

These proxy solicitation materials are being first provided on or about March 19, 2015 to all stockholders entitled to vote at the meeting.

Record Date

Stockholders of record at the close of business on March 4, 2015, which we have set as the record date, are entitled to notice of and to vote at the meeting.

Number of Outstanding Shares

On the record date, there were 152,363,987 outstanding shares of our common stock, par value \$0.001 per share.

Requirements for a Quorum

The holders of a majority of the issued and outstanding shares of common stock entitled to vote at the meeting, present in person or represented by proxy, shall constitute a quorum for the transaction of business at the meeting. Each stockholder voting at the meeting, either in person or by proxy, may cast one vote per share of common stock held on all matters to be voted on at the meeting.

Votes Required for Each Proposal

Assuming that a quorum is present, directors shall be elected by a plurality of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors. Therefore, the two nominees who receive the greatest number of affirmative votes cast shall be elected as directors. Our stockholders do not have cumulative voting rights for the election of directors.

Table of Contents

The advisory vote on the compensation of our named executive officers for fiscal 2014 (commonly referred to as a say-on-pay proposal), the proposal to approve the material terms of the performance goals under our 2013 Incentive Plan (referred to as the *2013 Incentive Plan*) for purposes of Section 162(m) of the Internal Revenue Code and the proposal to ratify PricewaterhouseCoopers LLP as the independent auditor of our company for the fiscal year ending January 3, 2016 shall each be decided by the affirmative vote of a majority of shares present in person or represented by proxy at the meeting and entitled to vote thereon.

The advisory vote on the say-on-pay proposal is non-binding, but our board of directors will consider the input of stockholders based on a majority of votes cast for the say-on-pay proposal.

The vote on each matter submitted to stockholders is tabulated separately. Broadridge Financial Solutions, or a representative thereof, will tabulate the votes.

Our Board's Recommendation for Each Proposal

Our board of directors recommends that you vote your shares:

FOR each of the two Class II director nominees;

FOR the say-on-pay proposal;

FOR the approval of the material terms of the performance goals under our 2013 Incentive Plan for purposes of Section 162(m) of the Internal Revenue Code; and

FOR the ratification of PricewaterhouseCoopers LLP as the independent auditor of our company for the fiscal year ending January 3, 2016.

Voting Instructions

You may vote your shares by proxy by doing any one of the following: vote via the Internet at www.proxyvote.com; call 1-800-690-6903 to vote by telephone; sign, date and return your proxy or voting instruction card in the prepaid enclosed envelope to vote by mail; or attend the annual meeting to vote in person. When a proxy is properly executed and returned, the shares it represents will be voted at the meeting as directed.

If a proxy card is properly executed and returned and no voting specification is indicated, the shares will be voted (1) for the election of each of the two nominees for director set forth in this proxy statement, (2) for the non-binding advisory resolution to approve the compensation paid to our named executive officers for fiscal 2014, (3) for the proposal to approve the material terms of the performance goals under our 2013 Incentive Plan for purposes of Section 162(m) of the Internal Revenue Code, (4) for the proposal to ratify the appointment of PricewaterhouseCoopers LLP, an independent registered public accounting firm, as the independent auditor of our company for the fiscal year ending January 3, 2016, and (5) as the persons specified in the proxy deem advisable in their discretion on such other matters as may come before the meeting. As of the date of this proxy statement, we have received no notice of any such other matters.

If you attend the Annual Meeting, you may vote in person even if you have previously voted via the Internet or by phone or returned a proxy or voting instruction card by mail, and your in-person vote will supersede any vote previously cast.

Broker Non-Votes and Abstentions

If you are a beneficial owner of shares held in street name and do not provide the broker, bank or other nominee that holds your shares with specific voting instructions, under the rules of various national and regional securities exchanges, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If the broker, bank or other nominee that holds your shares

Table of Contents

does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is commonly referred to as a broker non-vote.

The election of directors (*Proposal 1*), the say-on-pay proposal (*Proposal 2*) and the proposal to approve the material terms of the performance goals under our 2013 Incentive Plan for purposes of Section 162(m) of the Internal Revenue Code (*Proposal 3*) are matters considered non-routine under applicable rules. A broker, bank, or other nominee cannot vote without your instructions on non-routine matters; as a result, there may be broker non-votes on Proposals 1, 2 and 3. **For your vote to be counted in the above proposals, you will need to communicate your voting decisions to your broker, bank, or other nominee before the date of the meeting using the voting instruction form provided by your broker, bank, or other nominee.**

The ratification of appointment of PricewaterhouseCoopers LLP as our independent auditor for the fiscal year ending January 3, 2016 (*Proposal 4*) is a matter considered routine under applicable rules. A broker, bank, or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected in connection with Proposal 4.

Broker non-votes and abstentions each are counted for determining the presence of a quorum. The election of directors requires a plurality of votes cast. Neither broker non-votes nor any withhold votes in the election of directors will have any effect thereon. Because they represent votes present and entitled to vote that are not cast in favor of a proposal, abstentions will have the same effect as votes against Proposal 2, Proposal 3 or Proposal 4. Broker non-votes, however, do not represent votes present and entitled to vote on non-routine matters, and therefore, will have no effect on Proposal 2 or Proposal 3.

Revoking Proxies

Any stockholder giving a proxy may revoke the proxy at any time before its use by furnishing to us either a written notice of revocation or a duly executed proxy (via Internet, telephone or mail) bearing a later date, or by attending the meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request.

Election Inspector

Votes cast by proxy or in person at the meeting will be tabulated by the election inspector appointed for the meeting, who will determine whether a quorum is present. The election inspector will treat broker non-votes and abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum, and as described in the Broker Non-Votes and Abstentions section of this proxy statement for purposes of determining the approval of any matter submitted to stockholders for a vote. The election inspector need not be a stockholder, and any of our directors or officers may be an inspector on any question other than a vote for or against his or her election to any position with our company or on any other matter in which he or she may be directly interested.

Voting Results

The final voting results from the Annual Meeting will be publicly disclosed in a Current Report on Form 8-K to be filed with the SEC within four business days of the Annual Meeting.

Costs of Solicitation of Proxies

We will bear the cost of this solicitation. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for expenses incurred in forwarding solicitation materials to such beneficial owners. Proxies also may be solicited by certain of our directors and officers, personally or by telephone or e-mail, without additional compensation. We do not currently intend to engage any third-party proxy solicitor.

Table of Contents

Householding

We are required to provide an Annual Report to all stockholders who receive this Proxy Statement. To reduce future costs to our company, if you are a stockholder of record and have more than one account in your name, or at the same address as other stockholders of record, you may authorize us to discontinue duplicate mailings of future Annual Reports, commonly referred to as householding. To do so, mark the designated box on each proxy card for which you wish to discontinue receiving an Annual Report. If you are voting via the Internet or by telephone, you can either follow the prompts when you vote or give instructions to discontinue duplicate mailings of future Annual Reports. Street name stockholders who wish to discontinue receiving duplicate mailings of future Annual Reports should review the information provided in the proxy materials mailed to them by their bank or broker. If, now or in the future, you wish to receive a separate copy of the Annual Report, please notify us by sending a written request to our Corporate Secretary at our principal executive offices, 5455 East High Street, Suite 111, Phoenix, Arizona 85054, and we will promptly deliver a separate copy.

Admission to the Annual Meeting will be on a first-come, first-served basis and will require proof of ownership described above. Stockholders and proxy holders must also present a government-issued form of photo identification, such as a driver's license, and comply with customary security procedures. We will be unable to admit anyone who does not present identification or refuses to comply with our security procedures. The use of cameras or other recording devices will not be allowed at the Annual Meeting.

statement and is not to be considered a part of these proxy materials or subject to Regulations 14A or 14C or to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended, or the Exchange Act. The information contained in the Compensation Committee Report and the Report of the Audit Committee shall not be deemed filed with the SEC or subject to Regulations 14A or 14C or to the liabilities of Section 18 of the Exchange Act.

Any such requests should be directed to our Corporate Secretary at our principal executive offices set forth in this proxy statement.

Table of Contents**Board Structure**

Our certificate of incorporation and bylaws provide for a classified board of directors with staggered three-year terms, consisting of three classes as follows:

Class	Director	Independent
Class I (term expires at 2017 annual meeting)	Terri Funk Graham	
	J. Douglas Sanders	Yes
	Steven H. Townsend	No Yes
Class II (term expires at 2015 annual meeting)	Joseph Fortunato	
	Lawrence P. Molloy	Yes Yes
Class III (term expires at 2016 annual meeting)	Shon A. Boney	
	Andrew S. Jhawar	No No

Our board of directors has determined that Mr. Fortunato, Ms. Graham, Mr. Molloy and Mr. Townsend each qualify as an independent director, as defined in the corporate governance rules of the NASDAQ Stock Market. There are no family relationships among any of our directors, director nominees, or executive officers.

Only one class of directors will be elected at each annual meeting of our stockholders, with the other classes continuing for the remainder of their respective three-year terms. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of our directors. Our directors may be removed for cause by the affirmative vote of the holders of a majority of our voting stock.

The division of our board of directors into three classes with staggered three-year terms may delay or prevent a change of our management or a change in control of our company.

Board Leadership Structure

Our board of directors has no policy with respect to the separation of the offices of Chief Executive Officer and Chairman of the Board. It is the board's view that rather than having a rigid policy, the board, with the advice and assistance of the nominating and corporate governance committee, and upon consideration of all relevant factors and circumstances, will determine, as and when appropriate, whether to institute a formal policy. Currently, our leadership structure separates these roles, with Mr. Jhawar serving as our Chairman of the Board and Doug Sanders serving as our President and Chief Executive Officer. Our board believes that separating these roles provides the appropriate balance between strategy development, flow of information between management and the board of directors, and oversight of management. We believe this provides guidance for our board of directors, while also positioning our Chief Executive Officer as the leader of the company in the eyes of our customers, team members, and other stakeholders. As Chairman, Mr. Jhawar, among other responsibilities, presides over regularly scheduled meetings of the board, serves as a liaison between the directors, and performs such additional duties as our board of directors may otherwise determine and delegate. By having Mr. Jhawar serve as Chairman of the Board, Mr. Sanders is better able to focus his attention on running our company.

In addition, the board believes that it obtains effective additional board leadership through the role of a Lead Independent Director and appointed Mr. Townsend to that position in February 2015. The Lead Independent Director presides over executive sessions of the board, assists the Chairman with setting the agenda for board meetings, facilitates communication among senior management and the non-employee directors, and performs such additional duties as our board may otherwise determine and delegate.

The Board's Role in Risk Oversight

Our board of directors is primarily responsible for overseeing our risk management processes. Our board, as a whole, determines the appropriate level of risk for our company, assesses the specific risks that we face, and reviews management's strategies for adequately mitigating and managing the identified risks. Although our board administers this risk management oversight function, our audit, compensation, and nominating and corporate governance committees support our board in discharging its oversight duties and address risks inherent in their respective areas. We believe this division of responsibilities is an effective approach for addressing the risks we face and that our board leadership structure supports this approach.

Board Participation

Our board of directors held four meetings in fiscal 2014. During fiscal 2014, each of our directors attended at least 75% of the total number of meetings of our board of directors and of the committees on which they serve, other than Mr. Fortunato who was unable to attend two meetings of the board of directors and two meetings of the audit committee due to scheduling conflicts related to his former position as Chairman of the Board, Chief Executive Officer and President of GNC Holdings, Inc. Mr. Fortunato's first absence from our February 2014 board and audit committee meeting was due to his responsibilities related to GNC Holdings year-end public reporting, and his second absence occurred in August 2014 during the transition from his positions at GNC Holdings. Mr. Fortunato resigned from these positions with GNC Holdings in August 2014 and has attended each board and audit committee meeting subsequent to his transition from GNC Holdings, and we fully expect Mr. Fortunato's schedule will now allow him to attend a greater number of our meetings in fiscal 2015 and beyond. We regularly schedule executive sessions in which independent directors meet without the presence or participation of management.

We encourage our directors to attend each annual meeting of stockholders. To that end, and to the extent reasonably practical, we generally schedule a meeting of our board of directors on or around the same day as our annual meeting of stockholders. Each of our directors attended our 2014 annual meeting of stockholders.

Board Committees

Our board of directors has the authority to appoint committees to perform certain management and administration functions. Our board of directors has an audit committee, a compensation committee, and a nominating and corporate governance committee. The composition and responsibilities of each committee are described below. Members will serve on these committees until their resignation or until otherwise determined by the board of directors.

Audit Committee

Our audit committee consists of Lawrence P. Molloy, Chairperson, Joseph Fortunato and Steven H. Townsend. Our board of directors has determined that each such individual is independent under the rules of the SEC and the NASDAQ Stock Market and is an audit committee financial expert within the meaning of SEC regulations. Each member of our audit committee can read and understand fundamental financial statements in accordance with audit committee requirements. In arriving at this determination, the board has examined each audit committee member's scope of experience in financial roles and the nature of their employment.

The audit committee has the following responsibilities, among others things, as set forth in the audit committee charter:

reviewing and pre-approving the engagement of our independent registered public accounting firm to perform audit services and any permissible non-audit services;

Our audit committee formally met five times during fiscal 2014.

Compensation Committee

Our compensation committee consists of Steven H. Townsend, Chairperson, Terri Funk Graham and Lawrence P. Molloy. Our board of directors has determined that each such individual is independent under NASDAQ Stock Market listing standards, and a non-employee director as defined in Rule 16b-3 promulgated under the Exchange Act.

The compensation committee has the following responsibilities, among other things, as set forth in the compensation committee's charter:

reviewing, modifying, and approving (or if it deems appropriate, recommending to the full board of directors regarding) our overall compensation strategy and policies and discussing such compensation with our independent registered public accounting firm;

reviewing (or if it deems appropriate, recommending to the full board of directors regarding) performance goals and objectives relevant to the compensation of our executive officers and assessing their performance against these goals and objectives;

reviewing and recommending to the full board of directors the compensation of our directors;

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee consists of Terri Funk Graham, Chairperson, Joseph Fortunato and Lawrence P. Molloy. Our board of directors has determined that each such individual is independent under NASDAQ Stock Market listing standards.

The nominating and corporate governance committee has the following responsibilities, among other things, as set forth in the nominating and corporate governance committee's charter:

reviewing periodically and evaluating director performance on our board of directors and its applicable committees, and recommending to our board of directors and management areas for improvement;

establishing criteria and qualifications for membership on the board of directors and its committees;

interviewing, evaluating, nominating, and recommending individuals for membership on our board of directors;

reviewing and assessing, at least annually, the performance of the nominating and corporate governance committee and the adequacy of its charter.

Our nominating and corporate governance committee formally met one time during fiscal 2014 and took action by written consent one time.

Identifying and Evaluating Director Candidates

Our nominating and corporate governance committee will consider persons recommended by stockholders for inclusion as nominees for election to our board of directors. Stockholders wishing to recommend director candidates for consideration by the nominating and corporate governance committee may do so by writing to our Corporate Secretary at our principal executive offices set forth in this proxy statement, and giving the recommended nominee's name, biographical data and qualifications, accompanied by the written consent of the recommended nominee.

The evaluation process for director nominees who are recommended by our stockholders is the same as for any other nominee and is based on numerous factors that our nominating and corporate governance committee considers appropriate, some of which may include strength of character, mature judgment, career specialization, relevant technical skills, diversity reflecting ethnic background, gender and professional experience, and the extent to which the nominee would fill a present need on our board of directors.

Board Diversity

While we do not have a formal policy outlining the diversity standards to be considered when evaluating director candidates, our objective is to foster diversity of thought on our board of directors. To accomplish that objective, the nominating and corporate governance committee considers ethnic and gender diversity, as well as differences in perspective, professional experience, education, skill, and other qualities

in the context of the needs of our board of directors. Nominees are not to be discriminated against on the basis of race, religion, national origin, sex, sexual orientation, disability, or any other basis prohibited by law. The nominating and corporate governance committee evaluates its effectiveness in achieving diversity on the board of directors through its annual review of board member composition.

Availability of Corporate Governance Information

Our board of directors has adopted charters for our audit, compensation, and nominating and corporate governance committees describing the authority and responsibilities delegated to the committee by our board of directors. Our board of directors has also adopted corporate governance guidelines, a code of conduct and ethics that applies to all of our team members, a code of ethics that applies to members of our board of directors and a code of ethics that applies to our principal executive officer and senior financial officers, including those officers responsible for financial reporting. We post on our website, at <http://investors.sprouts.com>, the charters of our audit, compensation, and nominating and corporate governance committees and our corporate governance guidelines and the codes of conduct and ethics reference above. We intend to disclose any amendments to these codes, or any waivers of their requirements, on our website to the extent required by applicable SEC or NASDAQ rules. The inclusion of our website address in this proxy statement does not include or incorporate by reference the information on or accessible through our website into this proxy statement. Table of Contents**DIRECTOR COMPENSATION**

Only directors that are considered independent under applicable SEC and NASDAQ rules received consideration for service on our board of directors. In 2014, our independent directors received the following cash compensation: an annual retainer of \$40,000, payable quarterly; \$1,500 for each board and committee meeting attended in person and \$500 for each board and committee meeting attended by telephone; and reimbursement of expenses relating to attendance at board and board committee meetings. In addition, the chairperson of each of our board committees received an annual cash retainer of \$15,000, payable quarterly.

In addition to the cash compensation discussed above, each independent director received an equity grant of an option to purchase shares of our common stock having a value of \$50,000 on the date of grant. The number of options granted to each independent director was determined by dividing the grant date value by the Black-Scholes value per share of our common stock as of the grant date. The exercise price is equal to the closing price of our common stock on the grant date.

Our board of directors recognizes that stock ownership by directors may strengthen their commitment to the long-term future of our company and further align their interests with those of our stockholders. In accordance with our Corporate Governance Guidelines, our independent directors are expected over a reasonable time to beneficially own shares of our common stock (including shares owned outright, unvested shares, and stock options or other equity grants) having a value of at least three times their annual cash retainer until he/she leaves the board.

In late 2014, our board of directors reviewed the position of our independent director compensation program relative to our peer group discussed below and determined to position total direct compensation at the 45th percentile. For 2015, our board of directors determined to increase the annual retainer for independent directors from \$40,000 to \$45,000, eliminate meeting fees and establish committee retainer fees of \$10,000 per committee assignment, maintain the audit committee chairperson retainer at \$15,000, establish a \$15,000 retainer for our lead independent director, and reduce the compensation and nominating committee chairperson retainers to \$10,000, and increase the annual equity compensation for 2015 to \$60,000, comprised 50% in the form of restricted stock units vesting one-third on each anniversary of the grant date, and 50% in the form of time-based stock options vesting quarterly over three years.

Section One Overview and Executive Summary***Compensation Program Background and Philosophy***

We completed our initial public offering (referred to as our *IPO*) in August 2013. Prior to our IPO, our executive compensation program was established primarily by our board of directors and consisted primarily of base salary, annual performance-based bonuses, and options to purchase shares of our common stock. In connection with our IPO, we formed a compensation committee comprised entirely of independent directors, and beginning with fiscal 2014, our executive compensation has been administered by the compensation committee. Our executive compensation program is intended to attract, motivate, and retain executives and reward the creation of stockholder value. We seek to provide executive compensation packages that are competitive with comparable companies and reward the achievement of short-term and long-term performance goals.

Like most companies, we use a combination of fixed and variable compensation to reward and incentivize strong performance, as well as to align the interests of our executives with those of our stockholders. The compensation committee's philosophy is to position the target value of total direct compensation (referred to as *TDC*) at the 50th percentile of comparable companies (our peer group discussed below along with other market survey data), which we believe will enable us to remain competitive in attracting and retaining qualified executive officers.

Our compensation committee establishes performance targets for short-term and long-term incentive plans that require the achievement of significant financial results, and a significant portion of executive compensation is based on these established financial targets. Compensation also depends on other factors such as company and individual performance, the compensation paid by comparable companies, achievement of strategic objectives and the professional development and potential of individual officers.

Edgar Filing: Sprouts Farmers Market, Inc. - Form DEF 14A

At our 2014 annual meeting, our stockholders overwhelmingly approved, on an advisory basis, the 2013 compensation of our executive officers described in our 2014 proxy statement. Approximately 98% of the votes cast on the matter were voted For such advisory say-on-pay approval, while approximately 2%

Table of Contents

were voted Against. In addition, at the Company's 2014 annual meeting, a majority of our stockholders supported the Board's recommendation to hold a vote on the Company's executive compensation program annually. As a result of the support received for its recommendation, the Board of Directors determined to hold a vote on executive compensation annually.

Our compensation committee took this approval into account as one of many factors it considered in connection with the discharge of its responsibilities. Even though the 2013 executive compensation received strong support, our compensation committee continued to refine our executive compensation program for 2014 and 2015 as described further below, as a demonstration of its attention to corporate governance and its emphasis on the link between pay and performance.

For 2014, our pay mix consisted of base salary, annual performance-based bonuses, and time-vest equity incentives consisting of stock options and restricted stock units (referred to as *RSUs*). We have no guaranteed bonuses, no pension plans or other executive retirement plans except our 401(k) plan available to all team members, and limited executive perquisites consisting only of an auto allowance provided to our CEO and payment of health and life insurance premiums for certain of our named executive officers.

For 2015, we determined to replace time-vest RSUs with performance-based restricted stock (referred to as *performance shares*). We believe that this change, together with our continuing use of an annual incentive bonus program based on company financial and operational objectives, closely links executive officer compensation to performance.

2014 Fiscal Year Performance

Fiscal 2014 was a critical year as we transitioned from a private to public company and the natural and organic food retail sector became more competitive than ever before. We believe our incentive-based executive compensation program for our named executive officers was instrumental in helping our company achieve our strong financial performance. Through hard work, focus, and discipline, we exceeded every goal for fiscal 2014.

Highlights of our fiscal 2014 performance include the following:

24 new stores opened, representing unit growth of 14%;

Net sales of \$2.97 billion; a 22% increase compared to 2013;

Comparable store sales growth of 9.9% and two-year combined comparable store sales growth of 20.6%;

Net income increased to \$107.7 million;

Diluted earnings per share of \$0.70; and

Adjusted EBITDA¹ of \$265.4 million; a 36% increase from 2013.

¹ Adjusted EBITDA is a non-GAAP financial measure that is explained and reconciled to the comparable GAAP measure in [Appendix A](#) to this proxy statement. We define Adjusted EBITDA as net income before interest expense, provision for income tax, and depreciation, amortization and accretion, excluding store closure and exit costs, one-time costs associated with our 2011 business combination with Henry's Holdings, LLC and 2012 acquisition of Sunflower Farmers Market, Inc., gains and losses from disposal of assets, public offering expenses, loss on extinguishment of debt and certain other items that we do not consider representative of our ongoing financial performance.

Executive Summary of Our Fiscal 2014 Executive Compensation Program

The following provides an overview of our fiscal 2014 compensation program as detailed in the following sections.

For fiscal 2014, compensation to our named executive officers consisted primarily of base salary, annual performance-based bonuses and time-vest equity incentives consisting of stock options and RSUs.

Named executive officer base salaries range from the 25th 3rd percentile of comparable companies, with a goal of achieving on average the 35th percentile over time; incentive compensation amounts range from the 25th 5th percentile of comparable companies, with a goal of achieving on average the 50th percentile over time; and TDC ranges from the 25th 5th percentile of comparable companies, with a goal of achieving on average the 50th percentile over time.

We maintain stock ownership guidelines to encourage managing from an owner's perspective and to further align named executive officer interests with the interests of stockholders. Executives are required to own stock (including shares underlying equity awards) equal to five-times base salary for our CEO, and two-times base salary for other executive officers.

Our executives participate in the same group benefit programs, such as 401(k) and health benefits, on substantially the same terms as other salaried team members.

We have no guaranteed bonuses, no pension plans, no tax gross-up arrangements, and limited executive perquisites consisting only of an auto allowance provided to our CEO and payment of health and life insurance premiums for certain of our named executive officers.

Committee Actions Taken for 2015

An important principle driving our compensation program is our belief that it benefits our stockholders for management's compensation to be tied to our company's current and long-term performance. As a result, in 2015 at-risk pay will continue to comprise a significant portion of our executive compensation, particularly for our most senior officers. As we continue our transition to a mature public company in a competitive environment, our compensation committee continues to refine our compensation program. Our compensation committee determined to take the following actions with respect to our 2015 compensation structure:

The compensation committee increased the base salaries of our executive officers by 5% to 10% as part of the committee's plan to move base salaries towards the 3rd 5th percentile of comparable companies and to move TDC levels to approximate the 50th percentile of these comparable companies, with the exception of the CEO. In late 2014, Mr. Sanders requested that his 2015 base salary not be increased over 2014, expressing to the compensation committee his team philosophy on compensation and the importance of retaining other key employees in the organization through incentive programs.

The compensation committee continued to emphasize objective pay-for-performance criteria through the use of Plan EBITDA (defined below) and comparable store sales targets and the elimination of the individual performance component for our annual performance-based bonuses.

The cash bonus opportunities for each of our CEO, CFO and COO will remain the same for 2015, and for our other executive officers will increase to 50% of base salary.

The compensation committee will maintain equity-based compensation equal to 300% of base salary for our CEO, 150% of base salary for our COO and CFO, and 80% of base salary for our other named executive officers, with the exception of our CLO, for whom the compensation committee approved a one-time grant equal to 160% of base salary in recognition of his exceptional contributions to our company in 2014.

Table of Contents

As part of our committee's emphasis on pay for performance, the compensation committee revised our long-term incentive compensation to replace time-vest RSUs with performance shares, which will be subject to our company achieving certain earnings per share performance targets. Thus, more of named executive officer compensation will be tied to performance to further ensure alignment with stockholders. For our CEO, 58% of target TDC for 2015 will be performance-based. For the other named executive officers, on average, 53% of target TDC will be performance-based.

The agreements governing our equity awards will contain a double trigger change-in-control provision.

Section Two Elements of our Compensation Program

The elements of our executive compensation program are presented below in summary format and more fully explained in the sections that follow:

Cash Compensation	Base Salary	Base salary is designed to provide a competitive fixed rate of pay recognizing different levels of responsibility and performance within our company.
	Performance-based Bonus	Our performance-based bonus is an annual cash incentive program to reward team members for achieving critical company goals.
Long-Term Incentive Compensation	Stock Options	Stock options are granted to provide incentive for long-term creation of stockholder value. Options represented 60% of the value of the annual long-term incentive grants awarded in fiscal 2014. Beginning in fiscal 2015, stock options will be reduced to 50% to shift more of the long-term incentive mix toward performance shares.
	Restricted Stock Units	RSUs have been granted to provide incentive for long-term creation of stockholder value. Beginning in fiscal 2015, time-vest RSUs will be replaced with performance shares.
Benefit Programs	Health, Welfare and Retirement Programs	Executives participate in the same benefit programs that are offered to other salaried team members. Our benefits are designed to provide market competitive benefits to protect team members and their covered dependents health and welfare and provide retirement benefits in the form of a 401(k).
Other	Perquisites	Limited perquisites are provided to certain executives in the form of company-paid health and life insurance premiums and a car allowance for our CEO.

Base Salary

Base salary is a fixed portion of compensation based on an individual's skills, responsibilities, experience and sustained performance. Base salaries for executives are benchmarked against jobs at other companies with similar responsibilities and scope and are targeted at the 35th percentile of market data for comparable companies. Actual salaries reflect an individual's responsibilities and more subjective factors, such as the compensation committee's (and the CEO's in the case of other named executive officers) assessment of the individual named executive officer's performance.

Changes in base salary for the named executive officers depend on compensation versus the external market for similar jobs, the individual's current salary compared to the market, changes in job responsibilities and the officer's contributions to our performance as determined by the compensation committee.

Performance-based Cash Incentive Compensation

We utilize performance-based cash incentives to motivate executives to attain short-term objectives that align with long-term business goals. Meeting or exceeding our annual business and financial goals is important to executing our long-term business strategy and delivering long-term value to stockholders. Our cash incentive plan is based upon (1) Adjusted EBITDA (as defined above), as adjusted for expenses incurred in connection with secondary offerings of stock by stockholders and accrual of bonuses for our

Table of Contents

executive officers above their target bonus amounts (referred to as *Plan EBITDA*), and (2) comparable store sales growth. No incentive award is payable to executives unless a pre-established minimum Plan EBITDA goal is achieved.

The cash incentive plan focuses executives on critical financial and operational goals. Our compensation committee believes that Plan EBITDA is a primary indicator to our stockholders of overall business health, and its use achieves our desire to use a measure of profitability that drives stockholder value creating behaviors. The second measure, comparable store sales growth, focuses executive officers on both strengthening our core business and making our stores more effective.

Each executive officer has a target annual incentive bonus opportunity, expressed as a percentage of base salary (referred to as the *Target Bonus*), with the ability to earn above or below that target based on our company's actual performance. Individual award opportunities vary by job level and are targeted at the 50th percentile of comparable companies.

At the beginning of 2014, the compensation committee and board of directors approved the financial and operational goals for the company. The compensation committee also reviewed and approved the Target Bonus opportunity for each executive officer. If Plan EBITDA and comparable store sales growth were 100% of the established targets, our executive officers would be each entitled to receive 100% of such officer's respective Target Bonus. In addition, each executive officer had the opportunity to earn an outperformance bonus above such officer's Target Bonus. The Target Bonus and Total Bonus Opportunity for our executive officers for 2014 were as follows:

Compensation Tier	Target Bonus (as % of Base Salary)	Total Bonus Opportunity (as % of Base Salary)
Tier I (CEO)	100%	200%
Tier II (COO and CFO)	70%	140%
Tier III (other named executive officers)	40%	60%

Because such a large percentage of executive officer compensation is performance-based, our compensation committee invests significant time determining the financial targets for our annual cash bonus program. In general, management makes the initial recommendation for the financial target based upon our company's annual board-approved budget, and these recommendations are reviewed and discussed by the committee and its advisors. The major factors used in setting one or more targets for a particular year are the results for the most recently-completed year and the budget for the current year. Other factors taken into account may include general economic and market conditions. Our compensation committee sets the final corporate performance goal during our first quarter, typically at a level our compensation committee believes is challenging, but reasonable, for management to achieve.

Table of Contents

Award payouts are determined each February following completion of the plan year by measuring the performance against each award component. In determining whether the performance ranges are met, the compensation committee exercises its judgment whether to reflect or exclude the impact of changes in accounting principles and extraordinary, unusual or infrequently occurring events. Our company must achieve a minimum of 95% of the Plan EBITDA target for any payout to be earned under the annual incentive bonus plan. The 2014 incentive award target goals and 2014 results are shown below.

Weighting	Rational for Measure	Target Goal	2014 Results
Plan EBITDA (75%)	Reflects overall business health and is a measure of profitability that drives stockholder value	\$228.3 million	\$268.5 million
Comparable Store Sales (25%)	Demonstrates strength in core business	7.5%	9.9%

Equity Incentive Compensation

Each year we grant equity-based awards to executive officers and key team members to motivate and reward them for long-term stockholder value creation and to retain top talent. Long-term incentive awards are targeted at the 50th percentile of comparable companies. In 2014, as we transitioned away from the private company compensation structure previously in place, which included pre-IPO option awards, our compensation committee determined to grant time-vest stock options and RSUs. The value of such equity awards increases or decreases as a result of changes in the market price of our common stock, creating opportunities in the event of successful market performance of our shares, aligning the interests of our named executive officers with our stockholders.

In late 2014, the compensation committee reviewed the mix of long-term incentive awards (60% options and 40% RSUs) and, with the goal of moving more of the awards toward performance-based vehicles, determined to replace time-vest RSUs with performance shares, along with a new mix of long-term incentive awards for grants made in 2015 (50% stock options and 50% performance shares).

Award	2014 Weighting	2015 Weighting	Vesting Terms and Other Conditions
Stock Options	60%	50%	The exercise price equals the closing price on the date of grant. Options vest quarterly over three years and expire after seven years.
RSUs	40%	-	RSUs vest 1/3 on each anniversary of the grant date. The number of shares of our common stock subject to RSUs is determined using the 20-day trailing average closing price for our common stock as reported on the grant date.
Performance Shares	-	50%	Performance shares can be earned after a one-year performance period based on achievement of earnings per share targets. If earned, such performance shares vest 50% on the second anniversary of the grant date (2017), and 50% on the third anniversary of the grant date (2018).

Benefits and Perquisites

We provide our named executive officers with benefits that our board of directors believes are reasonable and in the best interests of our company and our equity holders. Consistent with our compensation philosophy, we maintain competitive benefit packages for our named executive officers. The compensation committee, in its discretion, may revise, amend or add to an officer's benefits if it deems it advisable. We believe these benefits are generally equivalent to benefits provided by comparable companies.

Retirement Plan Benefits. We sponsor a 401(k) defined-contribution plan, or the 401(k) Plan, covering substantially all eligible team members, including our named executive officers. Team

Table of Contents

member contributions to the 401(k) Plan are voluntary. Contributions by participants are limited to their annual tax deferred contribution limit by the Internal Revenue Service. We contribute an amount up to 50% of the first 6% of the eligible compensation deferred by a participant.

Health and Welfare Benefits. We offer medical, dental, vision, life insurance, short-term and long-term disability insurance and accidental death and dismemberment insurance for all eligible team members. Named executive officers are eligible to participate in the same plans as other salaried employees.

Perquisites. We pay the premium amounts for medical, dental, vision, life insurance, short-term and long-term disability insurance and accidental death and dismemberment insurance plans on behalf of certain of our named executive officers. In addition, our CEO receives a car allowance.

Section Three How Executive Pay is Established

Role of Our Compensation Committee

Our compensation committee, which is comprised entirely of independent directors, is responsible for, among other things, overseeing our executive compensation policies and programs with the goal of maintaining compensation that is competitive and reflects the long-term interests of our stockholders. You can learn more about the compensation committee's purpose, responsibilities, structure and other details by reading the committee's charter posted on our investor relations website at <http://investors.sprouts.com>. The inclusion of our website address in this proxy statement does not include or incorporate by reference the information on or accessible through our website into this proxy statement.

While our chief executive officer and other executive officers may attend meetings of the compensation committee or our board of directors from time to time, the ultimate decisions regarding executive officer compensation are made solely by the members of our compensation committee. These decisions are based not only on our compensation committee's deliberations, but also on input requested from outside advisors, including our compensation committee's outside compensation consultant, with respect to, among other things, market data analyses. The final decisions relating to our CEO's compensation are determined solely by our compensation committee. Decisions regarding other executive officers are made by our compensation committee after considering recommendations from our CEO.

Role of the Compensation Consultant

Our compensation committee may periodically engage the services of outside compensation consultants to provide advice in connection with making executive compensation determinations. The chairperson of our compensation committee, in consultation with other committee members, defines the scope of any consultant's engagement and related responsibilities. These responsibilities may include, among other things, advising on issues of executive compensation and equity compensation structure and assisting in the preparation of compensation disclosure for inclusion in our SEC filings. In fulfilling its responsibilities, the outside compensation consultant may interact with management or our other outside advisors to the extent necessary or appropriate.

In October 2013, our compensation committee engaged Mercer, Inc. (referred to as *Mercer*) as its independent compensation consultant to provide the committee with an executive compensation assessment, peer group analysis, and related compensation advice. During 2014, we paid Mercer \$128,692 for the provision of employee benefits brokerage services. These services were performed by different offices of Mercer and were unrelated to compensation services. In addition, we paid affiliates of Mercer \$361,199 for the provision of insurance brokerage and crisis

management consulting services, \$58,000 for the provision of actuarial services, and \$68,893 for the use of its risk management information system.

Table of Contents

The compensation committee's outside compensation consultant provides analyses and recommendations that inform the committee's decisions, but it does not decide or approve any compensation decisions. For 2014, Mercer developed criteria used to identify peer and other comparable companies for executive compensation and performance comparisons, and reviewed and discussed with the committee various proposals presented to the committee by management. Mercer also provided updates on market trends and the regulatory environment as it related to executive compensation. Mercer representatives met informally with the chairperson of the committee and with certain members of our management team, and formally with our compensation committee during a telephonic meeting.

The compensation committee has previously considered the factors set forth in the NASDAQ Stock Market rule regarding compensation advisor independence. Specifically, the compensation committee has analyzed whether the work of Mercer as compensation consultant raised any conflict of interest, taking into consideration the following factors: (i) the provision of other services to our company by Mercer; (ii) the amount of fees from our Company paid to Mercer as a percentage of Mercer's total revenue; (iii) the policies and procedures of Mercer that are designed to prevent conflicts of interest; (iv) any business or personal relationship of Mercer or the individual compensation advisors employed by Mercer with an executive officer of our company; (v) any business or personal relationship of the individual compensation advisors with any member of the compensation committee; and (vi) any stock of our company owned by Mercer or the individual compensation advisors employed by Mercer.

Management's Role in Setting Compensation

Members of our human resources, finance, and legal departments work with our CEO to recommend changes to existing compensation plans and programs, to recommend financial and other targets to be achieved under those programs, to prepare analyses of financial data and other briefing materials to assist the compensation committee in making its decisions and, ultimately, to implement the decisions of our compensation committee.

Our CEO is actively engaged in setting compensation for other executives through a variety of means, including recommending for compensation committee approval the financial goals and the annual variable pay amounts for our executive team. He works closely with other members of executive management in analyzing relevant market data to determine base salary and annual target bonus opportunities for senior management and to develop targets for our short- and long-term incentive plans. Our CEO is subject to the same financial performance goals as our other executive officers, all of which are ultimately determined and approved by our compensation committee.

Compensation Levels and Benchmarking

We benchmark our executive compensation against a peer group of companies with which we may compete for executive talent. Market pay data for the peer group is gathered through compensation surveys conducted by Mercer. We target the 50th percentile of comparable companies (our peer group along with other market survey data) for TDC in order to attract, motivate, develop and retain top-level executive talent.

The peer group is periodically evaluated and updated to ensure the companies in the group remain relevant. The compensation committee approved the following criteria for our peer group beginning in 2014: (i) companies within the grocery retail sector, including specialty and conventional retailers; (ii) companies in the natural and organic food distribution sector, (iii) companies considered high-growth retail companies, (iv) companies with revenue between \$1.5 billion and \$6.5 billion (approximately 0.5x to 2.5x our trailing 12 months revenue), with the exception of Whole Foods Market, Inc., which had 2013 revenue of \$12.9 billion but was determined by our compensation committee and its consultant to be a direct specialty retail peer; or (v) companies with a market capitalization between \$200 million and \$6 billion, again with the exception of Whole Foods Market, Inc.

Table of Contents

Overall compensation levels for executive officers are determined based on one or more of the following factors: the individual's duties and responsibilities within our company; the individual's experience and expertise; the compensation levels for the individual's peers within our company; compensation levels for similar positions in the retail grocery industry or in the high growth retail industry more generally; performance of the individual and our company as a whole; and the levels of compensation necessary to recruit new executive officers. For 2014 and 2015, our compensation committee reviewed the compensation of our executive officers and compared it with that of both our peer group companies and broader, composite global market survey data provided by our compensation consultant.

The peer group of the 15 companies which, along with broader survey data, were used for benchmarking purposes in fiscal 2014 is set forth below (in millions).

Company	Most Recent FYE Revenue	Market Value as of Most Recent FYE
Whole Foods Market, Inc.	\$14,194	\$13,767
United Natural Foods, Inc.	\$6,794	\$2,911

Natural Grocer by Vitamin Cottage	\$521	\$366
75th Percentile	\$4,710	\$4,173
Median	\$2,693	\$1,692
25th Percentile	\$2,339	\$366
Sprouts Farmers Market	\$2,967	\$4,970

(1) The most recent FYE information for inclusion in this proxy statement was for fiscal 2013.

For 2015, Mercer recommended refinements to our peer group to remove Harris Teeter, which was acquired, and Natural Grocer by Vitamin Cottage and Village Super Market, because their revenue, market capitalization and other factors were significantly below the median. Going forward, the compensation committee may also take into account the peer groups used by proxy advisory firms.

As discussed above, our compensation committee now targets the TDC of our executive officers at the 50th percentile of comparable officers at comparable companies, as derived from both peer group data and broader composite survey data. Our compensation committee may vary from this target range for various elements of compensation depending on the executive officer's job performance, skill set, level of responsibilities, prior compensation, and business conditions.

Table of Contents

Our compensation committee intends to continue its practice of retaining executive compensation consultants from time to time, as our compensation committee deems appropriate, to advise our compensation committee with respect to its compensation policies and provide compensation data from comparable companies.

Section Four 2014 Named Executive Officer Achievements and Pay Actions

The following contributions and achievements during 2013 were taken into consideration by the compensation committee in making 2014 compensation decisions:

Doug Sanders. Mr. Sanders serves as President and Chief Executive Officer. Mr. Sanders' compensation for 2014 reflects his overall leadership in guiding our company through our IPO and first year as a publicly traded company, while simultaneously driving our company's achievement of its financial and operational goals, recruiting and developing key members of our leadership team, and providing the vision and execution for our nationwide growth strategy. Mr. Sanders was appointed to our board of directors in February 2015.

Jim Nielsen. Mr. Nielsen serves as our Chief Operating Officer. Base Salary: All named executive officers were given salary adjustments in 2014 to adjust their relative position towards the 35th percentile of comparable companies. Base salary amounts presented above differ from the amounts disclosed in the Summary Compensation Table because increases in base salary become effective in February. Therefore, the amounts reported in the Summary Compensation Table reflect two months at the 2013 base salary rate and ten months at the 2014 rate.

Performance Award: The 2014 cash incentive award reflects achievement of maximum outperformance opportunity for our officers. This was calculated under the terms of the plan as described in the Elements of Our Executive Compensation Program. Bonus amounts reflected above are based upon a percentage of the base salary amounts actually paid in 2014.

Long-Term Incentive Grants (Stock and Option Awards): The compensation committee approved the long-term incentive grant for each named executive officer based upon our peer group median long-term incentive values and reflective of the mix of equity vehicles described in the Elements of Our Executive Compensation Program.

The 2014 market positioning of our named executive officers compensation compared against our peer group and market survey data is set forth in the following table.

Section Five Executive Compensation Governance

Stock Ownership Guidelines

To further align the long-term interests of our executives and our shareholders, in fiscal 2014, our board approved stock ownership guidelines applicable to our CEO and other executive officers. Our CEO must maintain beneficial ownership of shares of Sprouts stock equal in market value to five times his current annual base salary, and our other executive officers must maintain beneficial ownership of shares of Sprouts stock equal in market value to two times his or her respective current annual base salary. Our CEO and other executive officers have five years to satisfy these stock ownership guidelines.

Change-in-Control and Severance Arrangements

Our named executive officers' employment agreements do not provide for additional benefits upon a change of control of our company. For further information regarding compensation payable to our named executive officers in the event of termination of such officer's employment, see - *Potential Payments Upon Termination or Change of Control*.

Hedging and Pledging Policy

In fiscal 2014, our board of directors revised our insider trading policy to expressly prohibit transactions involving hedging or pledging of Sprouts shares by directors, officers or team members without the approval of our Chief Legal Officer, who would review risks of proposed transactions.

Tax Deductibility of Executive Compensation

A limitation on deductibility of compensation may occur under Section 162(m) of the Internal Revenue Code which generally limits the tax deductibility of compensation paid by a company to its chief executive officer and certain other highly compensated executive officers to \$1,000,000 per person. There is also an exception to the limit on deductibility for performance-based compensation that meets certain requirements. As a new public company, we are not subject to this limitation currently. In order to limit the non-deductibility in the future, we are seeking our stockholders' approval of the material terms of the performance goals under the 2013 Incentive Plan as stockholder-approved performance goals for purposes of Section 162(m). See *Proposal 3: Approval of the Material Terms of the Performance Goals under our 2013 Incentive Plan* for additional details.

Clawback of Certain Compensation Following Restatement of Financial Statements

Our corporate governance guidelines provide that if the board of directors learns of any misconduct by an officer that contributed to our company having to restate all or a portion of our financial statements, it shall take such action as it deems necessary to remedy the misconduct, prevent its recurrence and, if appropriate, take remedial action against such officer in a manner it deems appropriate. In determining what remedies to pursue, the board of directors shall take into account all relevant factors, including whether the restatement was the result of negligence or intentional or gross misconduct. The board of directors will, in all appropriate cases, require reimbursement of any bonus or incentive compensation awarded to an officer or effect the cancellation of unvested restricted, deferred stock awards previously granted to the officer if: (i) the amount of the bonus, incentive compensation or stock award was calculated based upon the achievement of certain financial results that were subsequently the subject of a restatement, (ii) the executive engaged in intentional misconduct that caused or partially caused the need for the restatement and (iii) the amount of the bonus, incentive compensation or stock award that would have been awarded to the officer had the financial results been properly reported would have been lower than the amount actually awarded. In addition, the

board of directors, in its full and complete discretion, may dismiss the officer, authorize legal action for breach of fiduciary duty or take such other action to enforce the officer's obligations to our company as the board of directors determines fit the facts surrounding the particular case.

Table of Contents

Risk Considerations

Our board of directors does not believe that our compensation policies and practices create risks that are reasonably likely to have a material adverse effect on our company for the following reasons:

we believe our fixed pay is competitive given our size and stage of development;

our variable pay is based on achieving short-term financial goals, we set a threshold for financial targets below which no bonus payment can be made, and cash bonuses are awarded at amounts that are capped to avoid windfall payouts; and

long-term performance is rewarded through grants of equity that are only valuable if the price of our equity increases over time, which aligns our executives' interests with those of our equity holders.

- (1) Options are to acquire shares of common stock. Options expire seven years from the grant date. Time-vested options generally vest over 12 quarters. Each performance-based option vests based on the achievement of EBITDA (as defined in the option agreements) and pro forma comparable store sales targets, weighted equally. One-third of the performance-based options vest each of the first three years after the grant date if such targets are met. In addition, all options vest upon occurrence of a change in control of the company.

- (3) The market value of unvested RSUs is calculated by multiplying the number of unvested RSUs held by the applicable named executive officer by the closing market price of our common stock on the Nasdaq Global Select Market on the last trading day of fiscal 2014, December 26, 2014, which was \$32.73 per share.

agreement. Each employment agreement contains a base salary that was set as a result of negotiations between the executive and our board of directors, and is subject to adjustment on an annual basis. Additionally, each employment agreement provides for a bonus based upon our company's attainment of annual goals established by our board and the compensation committee. Each employment agreement also provides vacation benefits, reimbursement for business expenses, and the right to participate in company-wide benefits, including insurance, retirement, and other plans and programs as are available to our executive officers. Each employment agreement contains a covenant not to compete with our company or solicit our team members or customers for a period equal to the greater of 12 months immediately following termination of employment or the end of the period during which severance payments are being made, subject to certain exceptions, as well as confidentiality, preservation of intellectual property and non-disparagement obligations.

We and each named executive officer may terminate the officer's employment at any time. In the event of termination of employment, amounts payable to our named executive officers are reflected in the *Executive Compensation - Potential Payments Upon Termination or Change of Control* section below.

Potential Payments Upon Termination or Change of Control

The tables below reflect the amount of compensation to our named executive officers in the event of termination of such officer's employment or upon a change of control. The amount of compensation payable to each named executive officer upon voluntary or for cause termination, involuntary for good reason or involuntary not for cause termination, and in the event of disability or death of the executive or upon a change of control of our company is shown below. The amounts shown assume that such termination or change of control was effective as of December 28, 2014, and thus include amounts earned through such time and are estimates of the amounts which would be paid out to the executives upon their termination. The actual amounts to be paid out can only be determined at the time of such officer's separation from our company. Our officers' employment agreements do not provide for additional benefits upon a change of control of our company; however, our equity award agreements provide for the immediate vesting of the award upon a qualifying change of control transaction.

REPORT OF THE AUDIT COMMITTEE

The Board of Directors has appointed an audit committee consisting of Lawrence P. Molloy, Chairperson, Joseph Fortunato and Steven H. Townsend. All of the members of the committee are independent of our company and management, as independence is defined in applicable rules of the SEC and the NASDAQ Stock Market, and our board of directors has determined that each is an audit committee financial expert within the meaning of SEC regulations. Each member of our audit committee can read and understand fundamental financial statements in accordance with audit committee requirements. In arriving at this determination, the board has examined each audit committee member's scope of experience in financial roles and the nature of their employment.

The purpose of the audit committee is to provide oversight of the Company's accounting and financial reporting processes and audits of the financial statements of the Company and compliance with applicable legal requirements and regulations. The primary responsibilities of the committee include reviewing and pre-approving the engagement of our independent registered public accounting firm, reviewing our annual and quarterly financial statements and reports discussing the statements and reports with our independent registered public accounting firm and management, and reviewing and monitoring our accounting principles, accounting policies, financial and accounting controls and compliance with legal and regulatory requirements. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. The independent auditor is responsible for auditing the financial statements and expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles. Our board of directors has adopted a written charter for our audit committee, available at <http://investors.sprouts.com>, that reflects, among other things, requirements of the Sarbanes-Oxley Act of 2002, rules adopted by the SEC, and rules of NASDAQ. The inclusion of our website address in this proxy statement does not include or incorporate by reference the information on or accessible through our website into this proxy statement.

In fulfilling its oversight responsibilities, the committee reviewed and discussed with management and the independent auditor the audited financial statements at December 28, 2014 and December 29, 2013 and for each of the years in the three-year period ended December 28, 2014. The committee discussed with the independent auditor the matters required to be discussed by Public Company Accounting Oversight Board (PCAOB) Auditing Standard No. 16, *Communications with Audit Committees*, and other applicable regulations. This included a discussion of the independent auditor's judgments as to the quality, not just the acceptability, of our company's accounting principles and such other matters as are required to be discussed with the committee under generally accepted auditing standards. In addition, the committee received from the independent auditor written disclosures and the letter required by applicable requirements of the PCAOB regarding the independent accountant's communications with the audit committee concerning independence. The committee also discussed with the independent auditor the independent auditor's independence from management and our company, including the matters covered by the written disclosures and letter provided by the independent auditor.

The committee discussed with our independent auditor the overall scope and plans for its audit. The committee meets with the independent auditor, with and without management present, to discuss the results of the independent auditor's examinations, its evaluations of our company, the internal controls, and the overall quality of the financial reporting. The committee held three meetings during fiscal 2014.

Based on the reviews and discussions referred to above, the committee recommended to the Board of Directors, and the Board approved, that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 28, 2014 for filing with the Securities and Exchange Commission.

The report has been furnished by the audit committee to our board of directors.

PROPOSAL 2: ADVISORY VOTE ON EXECUTIVE COMPENSATION (SAY-ON-PAY)

Background

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (referred to as the *Dodd-Frank Act*), enables our stockholders to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with SEC rules.

Summary

We are asking our stockholders to provide advisory approval of the compensation of our named executive officers (which consist of our President and Chief Executive Officer, our Chief Financial Officer, and our three other most highly compensated executive officers during our fiscal year ended December 28, 2014), as such compensation is described in the *Executive Compensation Compensation Discussion and Analysis* section, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure set forth in this proxy statement, beginning on page 21. We urge our stockholders to review the complete *Executive Compensation* section included in this proxy statement for more information.

Our executive compensation program is designed to promote the creation of long-term stockholder value by paying for performance, attracting and retaining valuable team members and aligning the interests of our named executive officers with those of our stockholders. Our fiscal 2014 executive officer compensation program consists of base salary, annual cash performance-based bonus, equity awards in the form of restricted stock units and options to purchase our shares, benefits generally available to all of our salaried team members and limited perquisites. The fixed components (base salary and benefits) of our named executive officer compensation are designed to be competitive in order to induce talented executives to join our company. The variable cash component (cash performance-based bonus) is tied specifically to the achievement of company-wide objectives and is designed so that above average performance is rewarded with above average rewards. The equity awards are subject to time-based vesting which will reward sustained performance that is aligned with long-term stockholder interests. By tying a large portion of executive compensation to achievement of short-term and long-term strategic and operational goals, we seek to closely align the interests of our named executive officers with the interests of our stockholders.

Our board of directors believes that the information provided above and within the *Executive Compensation* section of this proxy statement demonstrates that our executive compensation program is designed appropriately and is working to ensure that management's interests are aligned with our stockholders' interests to support long-term value creation.

In accordance with the requirements of Section 14A of the Exchange Act and the related rules of the SEC, our board of directors will request your advisory vote on the following resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the company's named executive officers for the fiscal year ended December 28, 2014, as disclosed in this Proxy Statement pursuant to the SEC's executive compensation disclosure rules (which disclosure includes the Compensation Discussion and Analysis, the compensation tables and the narrative discussion that accompanies the compensation tables), is hereby approved.

Required Vote

The say-on-pay proposal requires the affirmative vote of a majority of shares present in person or represented by proxy at the meeting and entitled to vote on the proposal.

Table of Contents

The say-on-pay vote is advisory, and therefore not binding on our company, our compensation committee, or our board of directors. Although non-binding, the vote will provide information to our compensation committee and our board of directors regarding investor sentiment about our executive compensation philosophy, policies, and practices, which our compensation committee and our board of directors will be able to consider when determining executive compensation for the years to come.

Recommendation of the Board

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR ADOPTION OF THE RESOLUTION APPROVING THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS FOR THE FISCAL YEAR ENDED DECEMBER 28, 2014, AS DESCRIBED IN THE *EXECUTIVE COMPENSATION - COMPENSATION DISCUSSION AND ANALYSIS* SECTION AND THE RELATED TABULAR AND NARRATIVE DISCLOSURE SET FORTH IN THIS PROXY STATEMENT.

PROPOSAL 3: APPROVAL OF THE MATERIAL TERMS OF THE PERFORMANCE GOALS UNDER OUR 2013 INCENTIVE PLAN

Background

We are seeking stockholder approval of the material terms of the performance goals under our Sprouts Farmers Market, Inc. 2013 Incentive Plan (referred to as the *2013 Incentive Plan*).

On July 23, 2013, prior to our IPO, our equity holders approved, the 2013 Incentive Plan as previously adopted by our board. The 2013 Incentive Plan replaced the 2011 Option Plan (except with respect to outstanding stock options under the 2011 Option Plan). The 2013 Incentive Plan enables us to formulate and implement a compensation program that will attract, motivate and retain experienced, highly-qualified team members who will contribute to our financial success, and aligns the interests of our team members with those of our stockholders through the ability to grant a variety of stock-based and cash-based awards. The 2013 Incentive Plan serves as the umbrella plan for our stock-based and cash-based incentive compensation programs for our directors, officers and other team members.

Section 162(m) of the Internal Revenue Code of 1986, as amended (referred to as the *Code*) limits the deductions a publicly held company can claim for compensation in excess of \$1 million in a given year paid to the chief executive officer or any of the next three highest-paid officers, other than the chief financial officer, in each case serving on the last day of the fiscal year. An exception to this deduction limitation may be available for certain awards granted during a limited time period following a company's initial public offering under compensation plans that were in existence prior to the company becoming publicly held, as defined under Section 162(m) regulations. We are currently eligible to use this exception. Another exception, not limited to this time period, is available for performance-based compensation. Performance-based compensation that meets the requirements of Section 162(m) is not counted against the \$1 million deductibility cap, and therefore remains fully deductible.

One of the Section 162(m) requirements is that the material terms of the performance goals applicable to the performance-based compensation must be approved by stockholders. For this purpose, the material terms include: (i) the employees eligible to receive the performance-based compensation; (ii) the business criteria on which the performance goals are based, and (iii) the limit on the amount of compensation that could be paid to any employee. Although we are currently in the post-IPO transition period, we believe that it is in our and our stockholders' best interests to obtain stockholder approval of the material terms of the performance goals under our 2013 Incentive Plan, as required for purposes of the performance-based compensation exception.

On February 24, 2015, our board approved amendments to the 2013 Incentive Plan, which set out the material terms of the performance goals (described under *Performance-based Awards* and *Limitations on Awards to Employees* below) and are intended to apply to performance-based compensation granted under the 2013 Incentive Plan.

Even though we are seeking stockholder approval for purposes of Section 162(m) of the Code, grants may be made under the 2013 Incentive Plan which do not qualify for the performance-based compensation exception under Section 162(m) of the Code, and the Committee (as defined below) retains full discretion to determine whether or not a particular grant is intended to qualify as performance-based compensation under Section 162(m) of the Code.

Effect of Proposal

Approval of this Proposal 3 will **not** increase the number of shares available for issuance under the 2013 Incentive Plan. The sole effect of our stockholders' approval of this Proposal 3 will be to enable the compensation attributable to grants of stock options and stock appreciation rights and cash awards,

Table of Contents

restricted stock, restricted stock units, bonus shares, dividend equivalents and other share-based awards under the 2013 Incentive Plan to qualify for the performance-based compensation exception under Section 162(m) of the Code. If our stockholders do not approve the material terms of the performance goals under our 2013 Incentive Plan, the 2013 Incentive Plan will remain in effect. We will continue to make awards under the 2013 Incentive Plan, but we will not be able to make awards under the 2013 Incentive Plan that are exempt from the deduction limitations of Section 162(m) of the Code by reason of the performance-based compensation exception.

Summary of 2013 Incentive Plan

The following is a summary of the material terms of our 2013 Incentive Plan. This summary is qualified in its entirety by reference to the complete text of our 2013 Incentive Plan, which is attached as Appendix B to this proxy statement and incorporated herein by reference. This summary is not intended to be a complete description of the terms of our 2013 Incentive Plan.

Administration. The 2013 Incentive Plan is administered by our compensation committee, or another committee appointed by our board of directors and generally consisting of persons who are non-employee directors, as defined under Rule 16b-3 under the Exchange Act, outside directors, within the meaning of Section 162(m) and independent directors under the NASDAQ Global Select Market's rules (in either case, referred to as the *Committee*). References to the Committee can include our entire board of directors if it is performing any functions of the Committee under the 2013 Incentive Plan.

The Committee has the authority to select award recipients, determine the type, size and other terms and conditions of awards, and make all other decisions and determinations as may be required under the terms of the 2013 Incentive Plan or as the Committee may deem necessary or advisable for the administration of the 2013 Incentive Plan. The Committee is permitted to delegate to one or more of our senior executives the authority to make grants of awards to officers (other than executive officers), team members and other individuals (other than non-employee directors) who provide services for Sprouts and such other administrative responsibilities as the Committee may deem necessary or advisable, to the extent such delegation is consistent with applicable law and the applicable stock exchange rules.

Eligibility. Officers, team members and non-employee directors of Sprouts and other individuals who provide services for Sprouts are eligible to be selected as award recipients (referred to as *Participants*).

The granting of awards under our 2013 Incentive Plan is discretionary, and we cannot determine the number or type of awards to be granted in the future to any particular person or group. Approximately 405 team members, including all of our executive officers, and four non-employee directors were participants in our 2013 Incentive Plan as of December 28, 2014.

Type of Awards. The Committee is authorized to grant awards which are payable in shares, which provide the opportunity to receive shares, or which are payable in cash based on the value of shares (*Share-based Awards*). The Committee is also authorized to grant other awards payable in cash and dividend equivalents (described below) (*Cash-based Awards*). Awards which may be granted under the 2013 Incentive Plan include: stock options, restricted stock, bonus shares, stock appreciation rights, restricted stock units, stock units, performance units and dividend equivalents. Awards may be granted alone or in combination with any other award granted under the 2013 Incentive Plan or any other plan based on the Committee's discretion.

Terms and Conditions of Awards. The Committee will determine the size of each award to be granted (including, where applicable, the number of shares to which an award will relate), and all other terms and conditions of each award, including, any exercise price, grant price, or purchase price, any restrictions or conditions relating to

transferability, forfeiture, exercisability, or settlement of an award, whether an award

will be settled (or an exercise or purchase price will be paid) in cash, shares or other consideration, and any schedule or performance conditions for the lapse of such restrictions or conditions, and accelerations or modifications of such restrictions or conditions. No award granted under the 2013 Incentive Plan may expire more than ten years from the date of grant. Any awards granted to non-employee directors will be granted to all non-employee directors on a non-discretionary basis based on a formula approved by the Committee. In connection with the acquisition of any business by us, any outstanding equity grants with respect to stock of the acquired company may be assumed or replaced by awards under the 2013 Incentive Plan (*Substitute Awards*) upon such terms and conditions as the Committee determines in its sole discretion. Notwithstanding any provision of the Plan to the contrary, *Substitute Awards* shall have such terms as the Committee deems appropriate.

The types of awards that may be granted under the 2013 Incentive Plan include the following:

Stock Options and Stock Appreciation Rights. A stock option is a right to purchase a specified number of shares of our common stock at an exercise price established at the date of grant. A stock appreciation right (referred to as a *SAR*) entitles the recipient to receive, upon surrender of the *SAR*, an amount of cash or number of shares of our common stock having a fair market value equal to the positive difference, if any, between the fair market value of one share of common stock on the date of exercise and the exercise price of the *SAR*. The exercise price of any stock option or *SAR* granted under the 2013 Incentive Plan may not be less than the fair market value of our common stock on the date of grant, except for *Substitute Awards*. The Committee will specify at the time an option or *SAR* is granted, when, under what conditions and in what proportions, an option or *SAR* becomes vested and exercisable.

Restricted Stock and Restricted Stock Units. An award of restricted stock is an issuance of shares of our common stock that is subject to certain restrictions established by the Committee and to forfeiture if the holder does not satisfy certain requirements (including, for example, continued employment with us for a specified period of time). Recipients of restricted stock may not transfer the stock until the restrictions are satisfied, but may be entitled to vote the restricted stock and to exercise other shareholder rights. Thus, upon grant, the shares may accrue and pay dividends. However, if vesting of a restricted stock award is based on the achievement of performance conditions, dividends will only vest and be paid to the extent the restricted stock vests and becomes payable. An award of restricted stock units entitles the recipient to receive shares of our common stock or cash equal to the value of a specified number of shares of our common stock at some later date once certain conditions have been satisfied. At that time or a later date, if payment has been deferred, the shares or cash, as applicable, will be delivered. Dividend equivalents may accrue, or be paid, on restricted stock units at the discretion of the Committee. However, if vesting of restricted stock units is based on the achievement of performance conditions, any related dividend equivalents will only vest and be paid to the extent the underlying award vests and becomes payable.

Dividend Equivalents. Dividend equivalents represent the right to receive an amount, which is determined by multiplying the number of shares subject to an award by the per-share cash dividend, or the per-share fair market value of any dividend payable in consideration other than cash, paid by Sprouts on Shares. Dividend equivalents may be granted subject to the terms and conditions determined by the Committee. However, if vesting of an award is based on the achievement of performance conditions, any related dividend equivalents will only vest and be paid to the extent the underlying award vests and becomes payable.

Performance-based Awards. The Committee may determine that cash awards, restricted stock, restricted stock units, bonus shares, dividend equivalents and certain other Share-based Awards granted to a key employee shall be considered qualified performance-based compensation under Section 162(m) of the Code (see discussion of Section 162(m) under Section 162(m) above and under Federal Income Tax Implications of the 2013 Incentive Plan below). For such awards (other than stock options and SARs), (such

Table of Contents

awards, *Performance-based Awards*), the Committee will establish in writing (i) the objective performance goals that must be met in order for the awards to be payable or the restrictions to lapse, (ii) the period during which performance will be measured, (iii) the maximum amounts that may be paid if the performance goals are met, consistent with the limits set forth in the 2013 Incentive Plan and (iv) other conditions as the Committee deems appropriate and consistent with Section 162(m) of the Code. The performance goals for Performance-based Awards are intended to satisfy the applicable regulations under Section 162(m) of the Code and, consistent with such regulations, the Committee may reduce, but not increase, the amount of compensation that is payable upon achievement of the designated performance goals.

The Committee will use objectively determinable performance goals based on one or more of the following performance measures: (i) share price, (ii) net income or earnings before or after taxes (including earnings before interest, taxes, depreciation and/or amortization), (iii) operating income, (iv) earnings per share, (v) comparable store sales growth, (vi) cash flow, (vii) return on capital, (viii) revenues, (ix) return measures, (x) sales or product volume, (xi) inventory turns, (xii) working capital, (xiii) gross or net profitability/profit margins, (xiv) objective measures of productivity or operating efficiency, (xv) costs, (xvi) budgeted expenses (operating and capital), (xvii) market share (in the aggregate or by segment), (xviii) level or amount of acquisitions, (xix) economic value-added, (xx) enterprise value, (xxi) book value, (xxii) customer satisfaction survey results, (xxiii) objective measures related to store openings, relocations and remodelings (including number, cost, timeline, productivity and operating efficiency) and (xxiv) objective measures related to lease arrangements (including number, cost and timeline). These performance criteria are permitted to be applied on an absolute basis or be relative to one or more peer companies or indices or any combination thereof or, if applicable, be computed on an accrual or cash accounting basis. The performance goals may relate to the Participant's business unit, specified subsidiaries, or the performance of Sprouts as a whole, or any combination of the foregoing. Performance goals need not be uniform as among Participants. The Committee may determine that Performance-based Awards shall be granted, exercised, and/or settled upon achievement of any one performance goal or that two or more of the performance goals must be achieved as a condition to grant, exercise, and/or settlement of such Performance-based Awards.

The Committee will determine, in its sole discretion, the amount, if any, to be paid pursuant to each Performance-based Award and the satisfaction of other terms of the award agreement. The Committee will certify the performance results for the performance period specified in the award agreement before payment is made.

To the extent applicable, unless the Committee determines otherwise, the determination of the achievement of performance goals will be based on the relevant financial measure, computed in accordance with U.S. generally accepted accounting principles (GAAP), and in a manner consistent with the methods used in our audited financial statements. In setting the performance goals for Performance-based Awards, the Committee may provide for such adjustments as it deems appropriate, consistent with the requirements of Section 162(m) of the Code, including objectively determinable adjustments for: extraordinary items, as determined by our independent public accountants in accordance with GAAP, changes in accounting methods, store closure and exit costs, non-recurring acquisition expenses, gains and losses from disposal of assets, public offering expenses, losses on extinguishment of debt, expenses related to discontinued operations, or the related tax impacts of each of the foregoing adjustments. In addition, the Committee may, within the time period permitted by Section 162(m) of the Code, provide that the calculation of operating income (including on a per share basis) will be made on the same basis as reflected in a release of our earnings for a previously completed period as specified by the Committee.

Aggregate Limitation Shares. Subject to adjustment, as described below, the aggregate number of shares that may be issued under the 2013 Incentive Plan during the life of the 2013 Incentive Plan will not exceed 10,089,072. As of December 28, 2014, there were 9,232,525 shares available for future issuance under the 2013 Incentive Plan. For each share that is actually delivered pursuant to a Share-based Award,

Table of Contents

the aggregate share limit under the 2013 Incentive Plan will be reduced by one share. Upon the exercise of each stock-settled SAR, the aggregate share limit under the 2013 Incentive Plan will be reduced further by the number of shares having a fair market value equal to the exercise price for the number of shares so exercised. For each Share-based Award, each share withheld to satisfy the exercise price or withholding taxes with respect to any such award will reduce the aggregate share limit by one share. To the extent that any shares are forfeited and returned to us for no consideration, or are repurchased by us for the price paid by the Participant for such shares, the aggregate share limit under the 2013 Incentive Plan will be increased to the same extent that the aggregate share limit was decreased upon the issuance of the shares based on the ratios above. To the extent that any shares are tendered to us in satisfaction of the withholding obligations for any Share-based Awards, the aggregate share limit under the 2013 Incentive Plan will be increased by each share so tendered. Shares delivered under the 2013 Incentive Plan may be newly issued shares or reacquired shares (including shares acquired on the market).

Substitute Awards will not reduce the 2013 Incentive Plan's aggregate share limit, subject to applicable stock exchange requirements. If we assume a stockholder approved equity plan from an acquired company, any shares of common stock available under the assumed plan (after appropriate adjustments, as required to reflect the transaction) may be issued pursuant to awards under the 2013 Incentive Plan and will not reduce the 2013 Incentive Plan's aggregate share limit, subject to applicable stock exchange requirements.

Limitations on Awards to Employees. All awards under the 2013 Incentive Plan, other than cash awards and dividend equivalents, will be expressed in shares. The 2013 Incentive Plan provides the following individual limits, which are subject to adjustment as described below: (i) the maximum number of Shares with respect to which any stock options and SARs may be granted under the 2013 Incentive Plan in any one calendar year to any employee shall not exceed 500,000, and (ii) the maximum number of shares with respect to which restricted stock, restricted stock units, stock units, bonus shares and other Share-based Awards (other than stock options and SARs) intended to be Performance-based Awards may be granted under the 2013 Incentive Plan in any one calendar year to any employee shall not exceed 150,000.

In addition, an employee may not accrue cash dividends and dividend equivalents on Performance-based Awards during any one calendar year in an aggregate amount in excess of \$250,000 with respect to such awards made to the employee on or after March 1, 2015. The maximum aggregate amount that may be paid to an employee under Cash-based Awards (other than dividend equivalents) intended to be Performance-based Awards granted under the 2013 Incentive Plan with respect to each 12 month period within a performance period will not exceed \$4,000,000. If a performance period includes more than one year, the amount payable with respect to each 12 month period will be determined by dividing the total amount payable for the performance period by the number of years in the performance period. The individual limits will apply without regard to whether the awards are to be paid in shares or cash.

Adjustments. In the event of a large, special or non-recurring dividend or distribution, recapitalization, reorganization, business combination, spin-off, exchange of shares, repurchase, liquidation, dissolution or other corporate exchange or other similar corporate transaction or event affecting our common stock, the Committee may, as it deems to be equitable and in order to preserve (without enlarging) the rights of Participants: adjust the number and kind of shares subject to the aggregate and individual share limitations described above, the number and kind of shares subject to outstanding awards and the exercise price, grant price, or purchase price of an award. In the event of any stock dividend or split, the Committee will make such substitutions or adjustments (including those in the preceding sentence) as it deems fair and equitable.

In addition, the Committee is authorized to make adjustments in the terms and conditions of, and the criteria included in, awards (including cancellation of awards in exchange for the intrinsic (i.e., in-the-money) value, if any, of the

vested portion thereof, substitution of awards using securities or other obligations of a successor or other entity, acceleration of the expiration date for awards, or adjustment to performance goals in respect of awards) in recognition of unusual or nonrecurring events (including, without

Table of Contents

limitation, events described in the preceding paragraph, and acquisitions and dispositions of businesses and assets) affecting us or any business unit, or our financial statements, or in response to changes in applicable laws, regulations, or accounting principles. If any such event will result in the acquisition of all or substantially all of our outstanding shares, then if the document governing such acquisition (e.g., merger agreement) specifies the treatment of outstanding awards, such treatment shall govern without the need for any action by the Committee. Any adjustments to Performance-based Awards will be consistent with Section 162(m).

Restrictions on Repricing. Except in the case of a corporate transaction involving Sprouts (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination or exchange of shares), outstanding stock options and SARs previously granted under the 2013 Incentive Plan may not be repriced without stockholder approval. The term repricing refers to amendments designed to reduce the exercise price of outstanding stock options or SARs or the cancellation of outstanding stock options or SARs in exchange for cash, other awards or stock options or SARs with an exercise price that is less than the exercise price of the original award.

Transferability. Awards and other rights under the 2013 Incentive Plan will not be transferable by a Participant except to a beneficiary in the event of the Participant's death (to the extent any award survives the Participant's death), and, if exercisable, shall be exercisable during the lifetime of a Participant only by the Participant or his guardian or legal representative. However, the Committee may permit awards and other rights under the 2013 Incentive Plan to be transferred during the lifetime of the Participant to family members (and trusts or other entities for the benefit of Participants and family members) for purposes of the Participant's estate planning, or to charities for charitable purposes (in each case as determined by the Committee).

Clawback Policy. All awards made under the 2013 Incentive Plan shall be subject to the applicable provisions of our clawback or recoupment policies, share trading policies and other policies that may be implemented by our board of directors from time to time, including policies that may be implemented after the date an award is granted.

Ability to Adopt Other Arrangements. Neither the adoption of the 2013 Incentive Plan nor the submission of the 2013 Incentive Plan or of any amendment to our stockholders for approval will be construed as creating any limitations on the power of our board of directors to adopt other compensatory arrangements, as it may deem desirable, including the granting of awards otherwise than under the 2013 Incentive Plan, and such arrangements may be either applicable generally or only in specific cases.

Amendment; Termination. Our board of directors may amend, suspend, discontinue, or terminate the 2013 Incentive Plan or the Committee's authority to grant awards under the 2013 Incentive Plan without stockholder approval or Participant consent, provided that stockholder approval will be required for any amendment that will (i) materially modify the terms of the 2013 Incentive Plan or (ii) require stockholder approval as a matter of law or regulation or under the stock exchange rules. An amendment to the 2013 Incentive Plan generally may not materially impair the rights of a Participant under any award. The Committee may amend, suspend, discontinue, or terminate any award and any related award agreement. However, a Participant's rights under an award may not be materially impaired without the Participant's consent. Our board of directors may, however, amend the 2013 Incentive Plan and awards in such manner as it deems appropriate in the event of a change of applicable law or regulations.

Unless earlier terminated by our board of directors, the 2013 Incentive Plan will terminate on the day before the tenth anniversary of the later of its effective date or the date of any subsequent stockholder approval of the 2013 Incentive Plan.

Federal Income Tax Implications of the 2013 Incentive Plan

The federal income tax consequences arising with respect to awards granted under the 2013 Incentive Plan will depend on the type of award. From the recipients' standpoint, as a general rule, ordinary income will be recognized at the time of payment of cash, or delivery of actual shares. Future appreciation on shares held beyond the ordinary income recognition event will be taxable at capital gains rates when the shares are sold. We, as a general rule, will be entitled to a tax deduction that corresponds in time and amount to the ordinary income recognized by the recipient, and we will not be entitled to any tax deduction in respect of capital gain income recognized by the recipient. Exceptions to these general rules may arise under the following circumstances:

- (i) if shares, when delivered, are subject to a substantial risk of forfeiture by reason of failure to satisfy any employment or performance-related condition, ordinary income taxation and our tax deduction will be delayed until the risk of forfeiture lapses (unless the recipient makes a special election to ignore the risk of forfeiture);
- (ii) if a team member is granted a stock option that qualifies as an incentive stock option, no ordinary income will be recognized, and we will not be entitled to any tax deduction, if shares acquired upon exercise of such option are held longer than the later of one year from the date of exercise and two years from the date of grant. However, if the employee disposes of the shares acquired upon exercise before satisfying both holding period requirements, the employee will recognize ordinary income at the time of the disposition equal to the difference between the fair market value of the shares on the date of exercise (or the amount realized on the disposition, if less) and the exercise price, and we will be entitled to a tax deduction in that amount. The gain, if any, in excess of the amount recognized as ordinary income will be long-term or short-term capital gain, depending upon the length of time the employee held the shares before the disposition;
- (iii) For awards granted after a specified transition period, we will not be entitled to a tax deduction for compensation attributable to awards granted to certain of our covered team members, if and to the extent such compensation does not qualify as performance-based compensation under Section 162(m) of the Code, and such compensation, along with any other non-performance-based compensation paid to the applicable team member in the same calendar year, exceeds \$1 million; and
- (iv) an award may be taxable at 20 percentage points above ordinary income tax rates at the time it becomes vested, plus interest, even if that is prior to the delivery of the cash or stock in settlement of the award, if the award constitutes deferred compensation under Internal Revenue Code Section 409A, and the requirements of Code Section 409A are not satisfied.

We may withhold from any delivery of shares in connection with an award, any other payment relating to an award, or any other payment to a Participant, amounts of withholding and other taxes due or potentially payable in connection with any transaction involving an award, and take such other action as the Committee may deem advisable to enable us to satisfy obligations for the payment of withholding taxes and other tax obligations relating to any award. We may require Participants to make cash payments in satisfaction of withholding tax obligations.

The foregoing provides only a general description of the application of federal income tax laws to certain awards under the 2013 Incentive Plan, and is not intended as tax guidance to Participants in the 2013 Incentive Plan, as the tax consequences may vary with the types of awards made, the identity of the recipients and the method of payment or settlement. This summary does not address the effects of other federal taxes (including possible golden parachute excise taxes) or taxes imposed under state, local, or foreign tax laws.

Audit Committee Pre-Approval Policies and Procedures

Our audit committee has adopted policies and procedures for the pre-approval of audit services, internal control-related services and permitted non-audit services rendered by our independent registered public accounting firm. The chairman of the audit committee has been delegated the authority to pre-approve any engagement for audit services or permitted non-audit services (other than internal control-related services, which must be pre-approved by the full audit committee), provided the chairman must present any decisions made under the auspices of this authority to the full committee at the next scheduled meeting.

All of the services provided by PwC described above were approved by our audit committee pursuant to our audit committee's pre-approval policies.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, executive officers, and persons who beneficially own more than ten percent of our common stock to file with the SEC initial reports of beneficial ownership and reports of changes in beneficial ownership of common stock. Directors, executive officers, and ten percent stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely upon our review of the copies of such forms that we received during the year ended December 28, 2014, and written representations that no other reports were required, we believe that each person who at any time during such year was a director, officer, or beneficial owner of more than ten percent of our common stock complied with all Section 16(a) filing requirements during the year ended December 28, 2014.

Table of Contents**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth information regarding the beneficial ownership of our common stock as of the record date, March 4, 2015, by the following:

each of our directors and named executive officers;

all of our directors and executive officers as a group; and

each person, or group of affiliated persons, who is known by us to beneficially own more than 5% of our common stock.

For further information regarding material transactions between us and certain of our stockholders, see *Certain Relationships and Related Party Transactions*.

Beneficial ownership is determined according to the rules of the SEC and generally means that a person has beneficial ownership of a security if he, she, or it possesses sole or shared voting or investment power of that security, including options that are currently exercisable or exercisable within 60 days of the record date, March 4, 2015. Shares issuable pursuant to options are deemed outstanding for computing the percentage of the person holding such options, but are not outstanding for computing the percentage of any other person. Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the persons named in the table below have sole voting and investment power with respect to all shares of common stock shown that they beneficially own, subject to community property laws where applicable. The information does not necessarily indicate beneficial ownership for any other purpose.

Our calculation of the percentage of beneficial ownership is based on 152,363,987 shares of common stock outstanding as of March 4, 2015.

Unless otherwise indicated, the address of each beneficial owner listed in the table below is c/o Sprouts Farmers Market, Inc., 5455 East High Street, Suite 111, Phoenix, Arizona 85054.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Other than compensation arrangements, we describe below transactions and series of similar transactions during our last three fiscal years to which we were a party or will be a party, in which:

the amounts involved exceeded or will exceed \$120,000; and

any of our directors, executive officers, or holders of more than 5% of our capital stock, or any member of the immediate family of the foregoing persons, had or will have a direct or indirect material interest.

Compensation arrangements for our directors and named executive officers are described elsewhere in this proxy statement.

Stockholders Agreement

We are party to a stockholders agreement (referred to as the *Stockholders Agreement*) with stockholders that held all of our outstanding shares of common stock prior to our IPO. The Stockholders Agreement became effective upon the pricing of our IPO. The Stockholders Agreement contained various restrictions on the transfer of shares of our common stock by the stockholders party thereto, all of which expired during 2014.

In addition, the Stockholders Agreement provides the Apollo Funds with the right to require us to register for resale shares of common stock. During fiscal 2014, registered secondary offerings by Apollo closed on April 2, 2014, August 18, 2014 and November 14, 2014. The aggregate cost to the Company for these three offerings was \$2.6 million, including \$1.0 million of payroll taxes for employee exercise of stock options in these offerings.

Volcanic Red

We purchased coffee from Volcanic Red, LLC (dba Volcanic Red Coffees), a company in which Shon Boney (together with his immediate family members) owns a 15% interest. Our purchases in fiscal 2014 totaled \$8.3 million. As of December 28, 2014, we had recorded accounts payable due to this vendor of \$0.5 million.

Certain Transactions with Apollo Affiliates

In connection with our credit facility, we paid an arrangement fee of \$760,000 to an affiliate of Apollo. Apollo Global Securities, LLC, another affiliate of Apollo, was an underwriter of our secondary offerings that closed on April 2, 2014 and August 18, 2014 and received fees of approximately \$0.8 million and \$1.3 million, respectively.

Indemnification of Officers and Directors

Our certificate of incorporation and bylaws provide that we will indemnify each of our directors and officers to the fullest extent permitted by Delaware law. In addition, in connection with our IPO, we entered into indemnification agreements with each of our directors and executive officers.

Policies and Procedures for Related Party Transactions

We have adopted a policy that our executive officers, directors, nominees for election as a director, beneficial owners of more than 5% of any class of our common stock, and any members of the immediate family of any of the foregoing persons are not permitted to enter into a related person transaction with us without the prior consent of our audit committee. Any request for us to enter into a transaction with an executive officer, director, nominee for election as a director, beneficial owner of more than 5% of any class

of our common stock, or any member of the immediate family of any of the foregoing persons, in which the amount involved exceeds \$120,000 and such person would have a direct or indirect interest, must first be presented to our audit committee for review, consideration, and approval. In approving or rejecting any such proposal, our audit committee is to consider the material facts of the transaction, including, but not limited to, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related person's interest in the transaction. All of the transactions described above were entered into after presentation, consideration, and approval by our board of directors.

DEADLINE FOR RECEIPT OF STOCKHOLDER PROPOSALS

Pursuant to Rule 14a-8 under the Exchange Act, any proposal that a stockholder of our company wishes to have included in the proxy statement in connection with our 2016 Annual Meeting of Stockholders must be submitted to us no later than November 20, 2015. These time limits also apply in determining whether notice is timely for purposes of rules adopted by the SEC relating to the exercise of discretionary voting authority. Table of Contents**APPENDIX A****RECONCILIATION OF NON-GAAP FINANCIAL MEASURE**

This proxy statement contains a financial measure, Adjusted EBITDA, that is not calculated in accordance with accounting principles generally accepted in the United States of America (referred to as *GAAP*). We believe the presentation of Adjusted EBITDA aids in the understanding of our business performance but it is not intended to be an alternative to GAAP measures.

We define Adjusted EBITDA as net income before interest expense, provision for income tax, and depreciation, amortization and accretion, excluding store closure and exit costs, one-time costs associated with our 2011 business combination with Henry's Holdings, LLC and 2012 acquisition of Sunflower Farmers Market, Inc. (referred to collectively as the *Transactions*), gains and losses from disposal of assets, public offering expenses, the loss on extinguishment of debt and certain other items we do not consider representative of our ongoing financial performance.

This non-GAAP measure is intended to provide additional information only and does not have any standard meaning prescribed by GAAP. Use of this term below may differ from similar measures reported by other companies. Because of its limitations, Adjusted EBITDA should not be considered as a measure of discretionary cash available to use to reinvest in growth of our business, or as a measure of cash that will be available to meet our obligations. This non-GAAP measure has its limitations as an analytical tool, and you should not consider it in isolation or as a substitute for analysis of our results as reported under GAAP.

The following table shows a reconciliation of adjusted EBITDA to net income for the thirteen and fifty-two weeks ended December 28, 2014 and December 29, 2013.

Table of Contents

(a) Store closure and exit costs represents reserves established for closed stores and facilities, adjustments to those reserves for changes in expectations for sublease or actual subleases or settlements with landlords. Ongoing expenses related with the closed facilities are also included. The Company excludes store closure and exit costs from its adjusted EBITDA to provide period-to-period comparability of its operating results because management believes these costs do not directly reflect the ongoing performance of its store operations.

(b) Costs associated with acquisitions and integration represent the costs to integrate the combined businesses resulting from the Transactions. These expenses include professional fees and severance, which the Company excludes from its adjusted EBITDA to provide period-to-period comparability of the Company's operating results because management believes these costs do not directly reflect the ongoing performance of its store operations.

(c) Loss on disposal of assets represents the losses recorded in connection with the disposal of property and equipment. The Company excludes losses on disposals of assets from its adjusted EBITDA to provide period-to-period comparability of its operating results because management believes these costs do not directly reflect the ongoing performance of its store operations.

(d) IPO bonus represents the bonuses paid to certain employees in connection with the Company's initial public offering. The Company excludes the IPO bonus from its adjusted EBITDA to provide period-to-period comparability of its operating results because management believes these costs do not directly reflect the ongoing performance of its store operations.

(e) Secondary offering expenses including employment taxes on options exercises represents expenses the Company incurred in its secondary public offerings and employment taxes paid by the Company in connection with options exercised in those offerings. The Company has excluded these items from its adjusted EBITDA to provide period-to-period comparability of its operating results because management believes these costs do not directly reflect the performance of its store operations.

(f) Loss on extinguishment of debt represents the write-off of deferred financing costs and original issue discounts and expenses related to the refinancing or unscheduled repayment of debt. The Company has excluded this item from its adjusted EBITDA to provide period-to-period comparability of its operating results because management believes these costs do not directly reflect the performance of its store operations.

(g) Adjusted income tax provision for all periods presented represents the income tax provision plus the tax effect of the adjustments described in notes (a) through (f) above based on statutory tax rates for the period. The Company has excluded these items from its adjusted income tax provision because management believes they do not directly reflect the ongoing performance of its store operations and are not reflective of its ongoing income tax provision.

(b) correct any defect or supply any omission or reconcile any inconsistency in the Plan and to construe and interpret the Plan and any Award, rules and regulations, Award Agreement, or other instrument hereunder;

(c) make determinations relating to eligibility for and entitlements in respect of Awards, and to make all factual findings related thereto; and

All determinations and decisions of the Committee shall be final and binding upon a Participant or any person claiming any rights under the Plan from or through any Participant, and the Participant or such other person may not further pursue his or her claim in any court of law or equity or other arbitral proceeding.

3.3 Delegation by Committee. Except to the extent prohibited by applicable law or the applicable rules of a stock exchange, the Committee may delegate, on such terms and conditions as it determines in its sole and absolute discretion, to one or more senior executives of the Company (i) the authority to make grants of Awards to officers (other than executive officers) and employees of the Company and any Subsidiary or other individuals (other than Non-Employee Directors) who provide services to the Company or any Subsidiary and (ii) other administrative responsibilities. Any such allocation or delegation may be revoked by the Committee at any time.

No member of the Committee, nor any officer or employee of the Company acting on behalf of the Committee, shall be personally liable for any action, determination, or interpretation taken or made in good faith with respect to the Plan, and all members of the Committee and any officer or employee of the Company acting on behalf of the Committee or members thereof shall, to the extent permitted by law, be fully indemnified and protected by the Company with respect to any such action, determination, or interpretation.

4. Awards

4.1 Eligibility. The Committee shall have the discretion to select Award recipients from among the following categories of eligible recipients: (a) individuals who are employees (including officers) of the Company or any Subsidiary, (b) Non-Employee Directors, and (c) other individuals who provide services to the Company or any Subsidiary.

4.2 Type of Awards. The Committee shall have the discretion to determine the type of Award to be granted to a Participant. The Committee is authorized to grant Awards as a bonus, or to grant Awards in lieu of obligations of the Company or any Subsidiary to pay cash or grant other awards under other plans or compensatory arrangements, to the extent permitted by such other plans or arrangements. Shares issued pursuant to an Award in the nature of a purchase right (e.g., stock options) shall be purchased for such consideration, paid for at such times, by such methods, and in such forms, including cash, Shares, other Awards, or other consideration, as the Committee shall determine.

4.3 Terms and Conditions of Awards. The Committee shall determine the size of each Award to be granted (including, where applicable, the number of Shares to which an Award will relate), and all other terms and conditions of each such Award (including, but not limited to, any exercise price, grant price, or purchase price, any restrictions or conditions relating to transferability, forfeiture, exercisability, or

settlement of an Award, and any schedule or performance conditions for the lapse of such restrictions or conditions, and accelerations or modifications thereof, based in each case on such considerations as the Committee shall determine). The Committee may determine whether, to what extent, and under what circumstances an Award may be settled, or the exercise price of an Award may be paid, in cash, Shares, other Awards, or other consideration, or an Award may be canceled, forfeited, or surrendered. The right of a Participant to exercise or receive a grant or settlement of any Award, and the timing thereof, may be subject to such performance conditions as may be specified by the Committee. The Committee may use such business criteria and measures of performance as it may deem appropriate in establishing performance conditions, and may exercise its discretion to reduce or increase the amounts payable under any Award subject to performance conditions, except with respect to Performance-Based Awards, which shall be governed by Section 6. Notwithstanding the foregoing, (i) except with respect to Substitute Awards, the price per Share at which Shares may be purchased upon the exercise of a stock option shall not be less than one hundred percent (100%) of the Fair Market Value on the date of grant of such stock option, (ii) except with respect to Substitute Awards, with respect to stock appreciation rights, the price per Share from which stock appreciation is measured shall not be less than one hundred percent (100%) of the Fair Market Value of such Share on the date of grant of the stock appreciation right, (iii) the period during which an Award may remain outstanding shall not exceed ten (10) years from the date the Award is granted, (iv) dividends and Dividend-Equivalent Rights shall not be paid with respect to unvested performance shares and performance units, as applicable, (provided dividends and Dividend-Equivalent Rights may accrue on such unvested awards and be paid to the extent the awards vest), and (v) any Awards granted to Non-Employee Directors shall be granted to all Non-Employee Directors on a non-discretionary basis based on a formula approved by the Committee.

4.4 *No Repricing of Stock Options or Stock Appreciation Rights.* Except in connection with a corporate transaction involving the Company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of shares), the terms of outstanding Awards may not be amended to reduce the exercise price of outstanding stock options or the base amount of outstanding stock appreciation rights or cancel outstanding stock options or stock appreciation rights in exchange for cash, other awards or stock options or stock appreciation rights with an exercise price or base amount, as applicable, that is less than the exercise price or base amount, as applicable, of the original stock options or stock appreciation rights without stockholder approval.

4.5 *Stand-Alone, Additional, Tandem, and Substitute Awards.* Subject to Section 4.4, Awards granted under the Plan may, in the discretion of the Committee, be granted either alone or in addition to, in tandem with, or in substitution or exchange for, any other Award or any award granted under another plan of the Company, any Subsidiary, or any business entity to be acquired by the Company or a Subsidiary, or any other right of a Participant to receive payment from the Company or any Subsidiary.

5. Limitations on Awards

5.1 *Aggregate Number of Shares Available for Awards.* The aggregate number of Shares that may be delivered to Participants or their Beneficiaries pursuant to all Awards granted under the Plan shall not exceed 10,089,072 (the Aggregate Share Limit).

5.2 *Individual Limits for Awards.* All Awards under the Plan shall be expressed in Shares (other than Cash-Based Awards and Dividend-Equivalent Rights, which need not be expressed in Shares). The individual Share limits of this Section 5.2 shall apply without regard to whether the Awards are to be paid in Shares or cash. Subject to adjustments pursuant to Section 7 with respect to clauses (a) and (b) below:

(a) the maximum number of Shares with respect to which any stock options and stock appreciation rights may be granted under the Plan in any one calendar year to any employee shall not exceed 500,000;

B-4

Table of Contents

(b) the maximum number of Shares with respect to which restricted stock, restricted stock units, stock units, bonus shares and other Share-Based Awards intended to constitute Performance-Based Awards may be granted under the Plan in any one calendar year to any employee shall not exceed 150,000;

(c) an employee may not accrue cash dividends and Dividend-Equivalent Rights under the Plan on Performance-Based Awards during any one calendar year in an aggregate amount in excess of \$250,000 with respect to such Awards made to the employee on or after March 1, 2015; and

(d) the maximum aggregate amount that may be paid to an employee under Cash-Based Awards (other than Dividend Equivalent Rights) intended to be Performance-based Awards granted under the Plan with respect to each 12 month period within a performance period shall not exceed \$4,000,000 (if a performance period includes more than one year, the amount payable with respect to each 12 month period shall be determined by dividing the total amount payable for the performance period by the number of years in the performance period).

5.3 *Source of Shares.* Shares of Common Stock issued under the Plan may be authorized but unissued shares of Common Stock or reacquired shares of Common Stock, including shares purchased by the Company on the open market for purposes of the Plan.

5.4 *Share Counting.*

(a) The Aggregate Share Limit shall be reduced as follows: (i) for each Share that is actually delivered pursuant to a Share-Based Award (other than a Share-Based Award that is payable in cash), the Aggregate Share Limit shall be reduced by one Share, (ii) for a stock-settled stock appreciation right, in addition to the reduction described in clause (i), upon exercise thereof, the Aggregate Share Limit shall be reduced by a number of Shares having a Fair Market Value equal to the base price or exercise price for the number of Shares so exercised, and (iii) for each Share withheld by the Company to satisfy the exercise price or withholding taxes with respect to any Share-Based Award, the Aggregate Share Limit shall be reduced by one Share.

(b) The Aggregate Share Limit shall be increased as follows: (i) for any Award that resulted in a reduction in the Aggregate Share Limit pursuant to Section 5.4(a), the Aggregate Share Limit shall be increased for each Share issued pursuant to such Award that is forfeited and returned to the Company for no consideration, or is repurchased by the Company from the Participant for the price paid by the Participant for such Share, and (ii) for any Shares that are tendered to the Company by a Participant in satisfaction of any withholding tax obligation arising in connection with an Award, the Aggregate Share Limit shall be increased by each Share so tendered.

(c) The Aggregate Share Limit shall neither be increased nor decreased in respect of (i) the grant or settlement of any Cashed-Based Award, or any Share-Based Award to the extent settled in cash, (ii) Shares repurchased by the Company on the open market to satisfy the obligation to deliver Shares pursuant to Awards, or (iii) the grant or settlement of Substitute Awards, as described in Section 5.5.

5.5 *Acquisitions.* In connection with the acquisition of any business by the Company or any of its Subsidiaries, any outstanding equity grants with respect to stock of the acquired company may be assumed or replaced by Awards under the Plan upon such terms and conditions as the Committee determines in its sole discretion. Shares subject to any such outstanding grants that are assumed or replaced by Awards under the Plan in connection with an acquisition (Substitute Awards) shall not reduce the Aggregate Share Limit, consistent with applicable stock exchange requirements. Notwithstanding any provision of the Plan to the contrary, Substitute Awards shall have such terms as the Committee deems appropriate, including without limitation exercise prices or base prices on different terms than those described herein. In the event that the Company assumes a stockholder-approved equity plan of an acquired

company, available Shares under such assumed plan (after appropriate adjustments to reflect the transaction) may be issued pursuant to Awards under this Plan and shall not reduce the Aggregate Share Limit, subject to applicable stock exchange requirements.

Table of Contents**6. Performance-Based Awards**

6.1 *In General.* The Committee may determine that Stock-Based Awards, other than stock options and stock appreciation rights, and Cash-Based Awards granted to a key employee shall be considered qualified performance-based compensation under Section 162(m) of the Code. The provisions of this Section 6 shall apply to any such Awards that the Committee determines are to be considered qualified performance-based compensation under Section 162(m) of the Code (Performance-Based Awards). Awards shall only qualify as Performance-Based Awards if at the time of grant the Committee is comprised solely of two or more outside directors (as such term is used in Section 162(m) of the Code and the regulations thereunder).

6.2 *Performance Goals.* When Performance-Based Awards are granted, the Committee shall establish in writing (a) the objective performance goals that must be met, (b) the period during which performance will be measured, (c) the maximum amounts that may be paid if the performance goals are met, consistent with the limits of Section 5.2 above, and (d) any other conditions that the Committee deems appropriate and consistent with the requirements of Section 162(m) of the Code for qualified performance-based compensation. For Performance-Based Awards, the performance goals shall satisfy the requirements of the applicable regulations under Section 162(m), including the requirement that the achievement of the goals be substantially uncertain at the time they are established and that the performance goals be established in such a way that a third party with knowledge of the relevant facts could determine whether and to what extent the performance goals have been met. For Awards identified by the Committee as Performance-Based Awards the Committee shall not have discretion to increase the amount of compensation that is payable based on achievement of the performance goals except as provided under Section 162(m), but may reduce the amount of compensation that is payable.

6.3 *Performance Measures.* For Awards identified by the Committee as Performance-Based Awards, the Committee shall use objectively determinable performance goals based on one or more of the following performance measures: (a) share price, (b) net income or earnings before or after taxes (including earnings before interest, taxes, depreciation and/or amortization), (c) operating income, (d) earnings per share, (e) comparable store sales growth, (f) cash flow, (g) return on capital, (h) revenues, (i) return measures, (j) sales or product volume, (k) inventory turns, (l) working capital, (m) gross or net profitability/profit margins, (n) objective measures of productivity or operating efficiency, (o) costs, (p) budgeted expenses (operating and capital), (q) market share (in the aggregate or by segment), (r) level or amount of acquisitions, (s) economic value-added, (t) enterprise value, (u) book value, (v) customer satisfaction survey results, (w) objective measures related to store openings, relocations and remodelings (including number, cost, timeline, productivity and operating efficiency) and (x) objective measures related to lease arrangements (including number, cost and timeline). These performance criteria are permitted to be applied on an absolute basis or be relative to one or more peer companies or indices or any combination thereof or, if applicable, be computed on an accrual or cash accounting basis. The performance goals may relate to the Participant's business unit, specified Subsidiaries, or the performance of the Company as a whole, or any combination of the foregoing. Performance goals need not be uniform as among participants. The Committee may determine that Performance-Based Awards shall be granted, exercised, and/or settled upon achievement of any one performance goal or that two or more of the performance goals must be achieved as a condition to grant, exercise, and/or settlement of such Performance-Based Awards.

6.4 *Timing of Establishment of Goals.* The Committee shall establish the performance goals in writing either before the beginning of the performance period or during a period ending no later than the earlier of (a) 90 days after the beginning of the performance period or (b) the date on which 25 percent of the performance period has been completed, or such other date as may be required or permitted under applicable regulations under Section 162(m) of the Code.

6.5 *Certification of Results.* The Committee shall certify the performance results for the performance period specified in the Award Agreement before payment with respect to the performance

results is made. The Committee shall determine the amount, if any, to be paid pursuant to each Award based on the achievement of the performance goals and the satisfaction of other terms of the Award agreement, and subject to Committee discretion as described in Section 6.2 above.

6.6 *Impact of Extraordinary Items or Changes in Accounting.* To the extent applicable, subject to the following sentence and unless the Committee determines otherwise, the determination of the achievement of performance goals shall be based on the relevant financial measure, computed in accordance with U.S. generally accepted accounting principles (GAAP), and in a manner consistent with the methods used in the Company's audited financial statements. In setting the performance goals for Performance-Based Awards within the period prescribed in Section 6.4, the Committee may provide for such adjustments as it deems appropriate, to the extent consistent with the requirements of Section 162(m), including but not limited to, objectively determinable adjustments for: (i) extraordinary items as determined by the Company's independent public accountants in accordance with GAAP, (ii) changes in accounting methods, (iii) store closure and exit costs, (iv) non-recurring acquisition expenses, (v) gains and losses from disposal of assets, (vi) public offering expenses, (vii) losses on extinguishment of debt, (viii) expenses related to discontinued operations, or (ix) the related tax impacts of each of the foregoing adjustments. Notwithstanding the foregoing, in calculating operating income (including on a per share basis), the Committee may, within the period described in Section 6.4, provide that such calculation shall be made on the same basis as reflected in a release of the Company's earnings for a previously completed period as specified by the Committee.

7. Adjustments

In the event of any change in the outstanding Shares by reason of any reorganization, recapitalization, merger, amalgamation, consolidation, spin-off, combination or exchange of Shares, repurchase, liquidation, dissolution or other corporate exchange, any large, special and non-recurring dividend or distribution to stockholders, or other similar corporate transaction, the Committee may make such substitution or adjustment, if any, as it deems to be equitable and in order to preserve, without enlarging, the rights of Participants, as to (a) the number and kind of Shares which may be delivered pursuant to Section 5.1 and the maximum number and kind of Shares with respect to which a Participant may receive Awards in any year as set forth in Section 5.2, (b) the number and kind of Shares subject to or deliverable in respect of outstanding Awards, and (c) the exercise price, grant price or purchase price relating to any Award. The Committee will make such substitutions or adjustments including as described in (a), (b) or (c) above as it deems fair and equitable to the Participants as a result of any Share dividend or split declared by the Company. In addition, the Committee is authorized to make adjustments in the terms and conditions of, and the criteria included in, Awards (including cancellation of Awards in exchange for the intrinsic (i.e., in-the-money) value, if any, of the vested portion thereof, substitution of Awards using securities or other obligations of a successor or other entity, acceleration of the expiration date for Awards, or adjustment to performance goals in respect of Awards) in recognition of unusual or nonrecurring events (including, without limitation, events described in the preceding sentence, and acquisitions and dispositions of businesses and assets) affecting the Company, any Subsidiary or any business unit, or the financial statements of the Company or any Subsidiary, or in response to changes in applicable laws, regulations, or accounting principles. Notwithstanding the foregoing, if any such event will result in the acquisition of all or substantially all of the Company's outstanding Shares, then if the document governing such acquisition (e.g., merger agreement) specifies the treatment of outstanding Awards, such treatment shall govern without the need for any action by the Committee. Notwithstanding the foregoing, any adjustments to Performance-Based Awards pursuant to this Section 7 shall be consistent with Section 162(m) of the Code.

8. General Provisions

8.1 *Compliance with Laws and Obligations.* The Company shall not be obligated to issue or deliver Shares in connection with any Award or take any other action under the Plan in a transaction subject

to the registration requirements of any applicable securities law, any requirement under any listing agreement between the Company and any securities exchange or automated quotation system, or any other law, regulation, or contractual obligation of the Company, until the Company is satisfied that such laws, regulations, and other obligations of the Company have been complied with in full. Certificates representing Shares issued under the Plan will be subject to such stop-transfer orders and other restrictions as may be applicable under such laws, regulations, and other obligations of the Company, including any requirement that a legend or legends be placed thereon.

8.2 *Limitations on Transferability.* Awards and other rights under the Plan will not be transferable by a Participant except to a Beneficiary in the event of the Participant's death (to the extent any such Award, by its terms, survives the Participant's death), and, if exercisable, shall be exercisable during the lifetime of a Participant only by such Participant or his guardian or legal representative; provided, however, that, if and only to the extent permitted by the Committee, Awards and other rights hereunder may be transferred during the lifetime of the Participant, to family members (and trusts or other entities for the benefit of Participants and family members) for purposes of the Participant's estate planning, or to charities for charitable purposes (in each case as determined by the Committee), and may be exercised by such transferees in accordance with the terms of such Award. Awards and other rights under the Plan may not be pledged, mortgaged, hypothecated, or otherwise encumbered, and shall not be subject to the claims of creditors. A Beneficiary, transferee, or other person claiming any rights under the Plan from or through any Participant shall be subject to all terms and conditions of the Plan and any Award Agreement applicable to such Participant, except as otherwise determined by the Committee, and to any additional terms and conditions deemed necessary or appropriate by the Committee.

8.3 *No Right to Continued Employment; Leaves of Absence.* Neither the Plan, the grant of any Award, nor any other action taken hereunder shall be construed as giving any employee, consultant, director, or other person the right to be retained in the employ or service of the Company or any of its Subsidiaries (for the vesting period or any other period of time), nor shall it interfere in any way with the right of the Company or any of its Subsidiaries to terminate any person's employment or service at any time. Unless otherwise specified in the applicable Award Agreement and to the extent consistent with Code Section 409A, (a) an approved leave of absence shall not be considered a termination of employment or service for purposes of an Award under the Plan, and (b) any Participant who is employed by or performs services for a Subsidiary shall be considered to have terminated employment or service for purposes of an Award under the Plan if such Subsidiary is sold or no longer qualifies as a Subsidiary of the Company, unless such Participant remains employed by the Company or another Subsidiary.

8.4 *Taxes.* The Company and any Subsidiary is authorized to withhold from any delivery of Shares in connection with an Award, any other payment relating to an Award, or any payroll or other payment to a Participant, amounts of withholding and other taxes due or potentially payable in connection with any transaction involving an Award, and to take such other action as the Committee may deem advisable to enable the Company, its Subsidiaries and Participants to satisfy obligations for the payment of withholding taxes and other tax obligations relating to any Award. This authority shall include authority to withhold or receive Shares or other consideration and to require Participants to make cash payments in respect thereof in satisfaction of withholding tax obligations.

8.5 *Changes to the Plan and Awards.* The Board may amend, suspend, discontinue, or terminate the Plan or the Committee's authority to grant Awards under the Plan without the consent of stockholders or Participants, except that any amendment shall be subject to the approval of the Company's stockholders at or before the next annual meeting of stockholders for which the record date is after the date of such Board action if (a) it materially modifies the terms of the Plan or (b) such stockholder approval is required by any applicable law, regulation or stock exchange rule. The Board may otherwise, in its discretion, determine to submit other such amendments to stockholders for approval; provided, however, that, without the consent of an affected Participant, no such action may materially impair the rights of such Participant under any Award theretofore granted. The Committee may amend, suspend, discontinue, or

B-8

Table of Contents

terminate any Award theretofore granted and any Award Agreement relating thereto; provided, however, that, without the consent of an affected Participant, no such action may materially impair the rights of such Participant under such Award. Any action taken by the Committee pursuant to Section 7 shall not be treated as an action described in this Section 8.5. Notwithstanding anything in the Plan to the contrary, the Board may amend the Plan and Awards in such manner as it deems appropriate in the event of a change of applicable law or regulations.

8.6 *No Right to Awards; No Stockholder Rights.* No Participant or other person shall have any claim to be granted any Award under the Plan, and there is no obligation for uniformity of treatment of Participants, employees, consultants, or directors. No Award shall confer on any Participant any of the rights of a stockholder of the Company unless and until Shares are duly issued or transferred and delivered to the Participant in accordance with the terms of the Award.

8.7 *Unfunded Status of Awards; Creation of Trusts.* The Plan is intended to constitute an unfunded plan for incentive compensation. With respect to any payments not yet made to a Participant pursuant to an Award, nothing contained in the Plan or any Award shall give any such Participant any rights that are greater than those of a general creditor of the Company; provided, however, that the Committee may authorize the creation of trusts or make other arrangements to meet the Company's obligations under the Plan to deliver cash, Shares, other Awards, or other consideration pursuant to any Award, which trusts or other arrangements shall be consistent with the unfunded status of the Plan unless the Committee otherwise determines.

8.8 *Nonexclusivity of the Plan.* Neither the adoption of the Plan by the Board nor the submission of the Plan or of any amendment to stockholders for approval shall be construed as creating any limitations on the power of the Board to adopt such other compensatory arrangements as it may deem desirable, including the granting of awards otherwise than under the Plan, and such arrangements may be either applicable generally or only in specific cases.

8.9 *No Fractional Shares.* No fractional Shares shall be issued or delivered pursuant to the Plan or any Award. The Committee shall determine whether cash, or Award, or other property shall be issued or paid in lieu of fractional shares or whether such fractional shares or any rights thereto shall be forfeited or otherwise eliminated.

8.10 *Company Policies.* All Awards granted under the Plan shall be subject to any applicable clawback or recoupment policies, share trading policies and other policies that may be implemented by the Board from time to time, including such policies that may be implemented after the date an Award is granted.

8.11 *Successors and Assigns.* The Plan and Award Agreements may be assigned by the Company to any successor to the Company's business. The Plan and any applicable Award Agreement shall be binding on all successors and assigns of the Company and a Participant, including any permitted transferee of a Participant, the Beneficiary or estate of such Participant and the executor, administrator or trustee of such estate, or any receiver or trustee in bankruptcy or representative of the Participant's creditors.

8.12 *Governing Law.* The Plan and all Award Agreements shall be governed by and construed in accordance with the laws of the State of Delaware, without giving effect to any choice of law or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of Delaware.

8.13 *Severability of Provisions.* If any provision of the Plan shall be held invalid or unenforceable, such invalidity or unenforceability shall not affect any other provisions hereof, and the Plan shall be construed and enforced as if such provisions had not been included.

B-9

Table of Contents

8.14 *Plan Termination.* Unless earlier terminated by the Board, the Plan shall terminate on the day before the tenth anniversary of the later of the Effective Date or the date of any subsequent stockholder approval of the Plan. Upon any such termination of the Plan, no new authorizations of grants of Awards may be made, but then-outstanding Awards shall remain outstanding in accordance with their terms, and the Committee otherwise shall retain its full powers under the Plan with respect to such Awards.

8.15 *Section 409A.* Notwithstanding the other provisions hereof, the Plan and the Awards are intended to comply with the requirements of Code Section 409A, to the extent applicable. Accordingly, all provisions herein and with respect to any Awards shall be construed and interpreted such that the Award either (a) qualifies for an exemption from the requirements of Code Section 409A or (b) satisfies the requirements of Code Section 409A to the maximum extent possible; provided, however, that in no event shall the Company be obligated to reimburse a Participant or Beneficiary for any additional tax (or related penalties and interest) incurred by reason of application of Code Section 409A, and the Company makes no representations that Awards are exempt from or comply with Code Section 409A and makes no undertakings to ensure or preclude that Code Section 409A will apply to any Awards. If an Award is subject to Code Section 409A, (i) distributions shall only be made in a manner and upon an event permitted under Code Section 409A, (ii) payments to be made upon a termination of employment shall only be made upon a separation from service under Code Section 409A, (iii) unless the Award Agreement specifies otherwise, each installment payment shall be treated as a separate payment for purposes of Code Section 409A, and (iv) in no event shall a participant, directly or indirectly, designate the calendar year in which a distribution is made except in accordance with Code Section 409A. Notwithstanding anything herein to the contrary, in the event that any Awards constitute nonqualified deferred compensation under Code Section 409A, if (x) the Participant is a specified employee of the Company as of the specified employee identification date for purposes of Code Section 409A (as determined in accordance with the policies and procedures adopted by the Company) and (y) the delivery of any cash or Shares payable pursuant to an Award is required to be delayed for a period of six months after separation from service pursuant to Code Section 409A, such cash or Shares shall be paid within 15 days after the end of the six-month period. If the Participant dies during such six-month period, the amounts withheld on account of Code Section 409A shall be paid to the Participant's Beneficiary within 30 days of the Participant's death. The Committee shall have the discretion to provide for the payment of an amount equivalent to interest, at such rate or rates fixed by the Committee, on any delayed payment. The determination of key employees, including the number and identity of persons considered key employees and the identification date, shall be made by the Committee or its delegate each year in accordance with Code Section 416(i) and the specified employee requirements of Code Section 409A.
