For our virtual Annual Meeting, we have elected to use full set delivery as our primary means of providing our proxy materials to stockholders. Consequently, all stockholders will have the opportunity to receive paper copies of our proxy materials, including our annual report to stockholders and a proxy card which will indicate the date, time and online address of the virtual Annual Meeting, the matters to be acted upon at the meeting, the recommendations of the Board of Directors with regard to each matter and information on how to attend and vote at the virtual Annual Meeting.

The only voting securities of Virgin America Inc. are shares of voting common stock, par value \$0.01 per share (the voting common stock), of which there were 43,120,052 shares outstanding as of March 20, 2015 (the Record Date) (excluding any treasury shares). We need the holders of a majority in voting power of the shares of voting common stock issued and outstanding and entitled to vote, present by remote communication or represented by proxy, to hold the virtual Annual Meeting. As of the Record Date, there were also 6,852,738 shares of non-voting common stock, par value \$0.01 per share (the non-voting common stock), issued and outstanding, which shares of non-voting common stock may be converted into shares of voting common stock on a share-for-share basis at the option of the holder under certain circumstances. These shares of non-voting common stock, even if converted into shares of voting common stock after the Record Date but prior to the date of the virtual Annual Meeting, will not be entitled to vote at the virtual Annual Meeting.

In this Proxy Statement, we refer to Virgin America Inc. as the Company, Virgin America, we or us and the Board Directors as the Board. When we refer to Virgin America's fiscal year, we mean the twelve-month period ending December 31 of the stated year.

The Company's Annual Report to Stockholders, which contains consolidated financial statements as of and for the year ended December 31, 2014, accompanies this Proxy Statement. You also may obtain a copy of the Company's Annual Report on Form 10-K for fiscal year 2014 that was filed with the Securities and Exchange Commission (the SEC), without charge, by writing to our Secretary at the above address. The Company's Annual Report on Form 10-K is also available in the Financial Information section of our website at <http://ir.virginamerica.com>.

The Proxy Process and Stockholder Voting

Questions and Answers about this Proxy Material and Voting

Who Can Vote at the Virtual Annual Meeting?

Only stockholders of record holding shares of voting common stock at the close of business on March 20, 2015 will be entitled to vote at the virtual Annual Meeting. At the close of business on the Record Date, there were 43,120,052 shares of voting common stock issued and outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If, on March 20, 2015, your shares of voting common stock were registered directly in your name with the transfer agent for our common stock, Wells Fargo Shareowner Services, then you are a stockholder of record of shares of voting common stock. As a stockholder of record of shares of voting common stock, you may vote online during the virtual Annual Meeting or vote by proxy. Whether or not you plan to attend the virtual Annual Meeting, we urge you to fill out and return the enclosed proxy card or vote by proxy over the telephone or on the Internet as instructed below to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Agent

If, on March 20, 2015 your shares of voting common stock were held in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares of voting common stock held in street name, and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the virtual Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares of voting common stock in your account. You are also invited to attend the virtual Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares of voting common stock at the virtual Annual Meeting unless you request and obtain a valid proxy card from your broker or other agent.

What Do I Need in Order to Be Able to Attend the Virtual Annual Meeting Online?

Virgin America will be hosting the virtual Annual Meeting via live webcast only. Any stockholder can attend the virtual Annual Meeting live online at <http://www.virtualshareholdermeeting.com/VA2015>. The webcast will start at 9:00 a.m. Pacific Daylight Time. Stockholders may vote and submit questions while attending the virtual Annual Meeting online. In order to be able to enter the virtual Annual Meeting, you will need the control number, which is included on your proxy card if you are a stockholder of record of shares of voting common stock or included with your voting instruction card and voting instructions you received from your broker, bank or other agent if you hold your shares of voting common stock in a street name. Instructions on how to attend and participate online are also posted online at <http://www.virtualshareholdermeeting.com/VA2015>.

What am I Being Asked to Vote on?

You are being asked to vote **FOR:**

the election of three Class I directors to hold office until our 2018 Annual Meeting of Stockholders;

Edgar Filing: Virgin America Inc. - Form DEF 14A

the ratification of the selection, by the audit committee of the Board, of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2015; and

the approval, on an advisory basis, of the compensation of the Company's named executive officers. You are also being asked to vote for **EVERY ONE YEAR**, on an advisory basis, as the frequency of future advisory votes to approve executive compensation.

2 Virgin America Inc. 2015 Proxy Statement

In addition, you are entitled to vote on any other matters that are properly brought before the virtual Annual Meeting.

How Do I Vote?

You may vote by mail or follow any alternative voting procedure described on the proxy card. To use an alternative voting procedure, follow the instructions on each proxy card that you receive.

For the election of directors, you may either vote **FOR** each of the three nominees or you may withhold your vote for any nominee you specify. For the ratification of the selection of the Company's independent auditors and the advisory vote to approve named executive officer compensation, you may vote **FOR** or **AGAINST** or abstain from voting. For the advisory vote on the frequency of the advisory vote to approve named executive officer compensation, you may choose to vote for one of three options: holding the vote every one year, holding the vote every two years or holding the vote every three years, or you may choose to abstain.

The procedures for voting are as follows:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote during the virtual Annual Meeting. Alternatively, you may vote by proxy over the Internet or by signing, dating and returning the proxy card, or by telephone. Whether or not you plan to attend the virtual Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. Even if you have submitted a proxy before the virtual Annual Meeting, you may still attend and vote at the virtual Annual Meeting. In such case, your previously submitted proxy will be disregarded.

To vote during the virtual Annual Meeting, follow the online instructions provided on the proxy card to log in to <http://www.virtualshareholdermeeting.com/VA2015>.

To vote by proxy over the Internet, follow the instructions provided on the proxy card.

To vote by telephone, call the toll free number found on the proxy card.

To vote by mail, simply complete, sign and date the proxy card and return it promptly by mail.

If we receive your signed proxy card, or your vote by Internet or phone before the virtual Annual Meeting, we will vote your shares of voting common stock as you direct.

Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Agent

If you are a beneficial owner of shares of voting common stock registered in the name of your broker, bank or other agent, you should have received a voting instruction card and voting instructions with these proxy materials from that organization rather than from us. Simply complete and mail the voting instruction card to ensure that your vote is counted. To vote online during the virtual Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker, bank or other agent included with these proxy materials, or contact your broker, bank or other agent to request a proxy form.

Who Counts the Votes?

Broadridge Financial Solutions, Inc. (Broadridge) has been engaged as our independent agent to tabulate stockholder votes. If you are a stockholder of record of shares of voting common stock, and you choose to vote over the Internet (either prior to or during the virtual Annual Meeting) or by telephone, Broadridge will access and tabulate your vote electronically, and if you choose to sign and mail your proxy card, your executed proxy card is returned directly to Broadridge for tabulation. As noted above, if you hold your shares of voting common stock through a broker, your broker (or its agent for tabulating votes of shares of voting common stock held in street name, as applicable) returns one proxy card to Broadridge on behalf of all its clients.

How are Votes Counted?

With respect to Proposal No. 1, the election of directors, the three nominees receiving the highest number of votes will be elected. With respect to Proposal Nos. 2, 3 and 4, the affirmative vote of the holders of a majority in voting power of the shares of voting common stock which are present in person, by remote communication or by proxy and entitled to

vote on each proposal is required for approval. With respect to Proposal No. 4, the advisory vote on the frequency of the advisory vote to approve named executive officer compensation, if none of the frequency alternatives (one year, two years or three years) receives a majority vote, the Company will consider the alternative receiving the greatest number of votes to be the frequency that stockholders approve. However, because this vote is advisory and not binding on us or the Board in any way, the Board may decide that it is in our best interests and our stockholders' best interests to hold an advisory vote to approve named executive officer compensation more or less frequently than the option approved by our stockholders.

Brokers who hold shares of voting common stock in street name for the accounts of their clients may vote such shares either as directed by their clients or in the absence of such direction, in their own discretion if permitted by the stock exchange or other organization of which they are members. If your shares of voting common stock are held by a broker on your behalf, and you do not instruct the broker as to how to vote these shares on Proposal No. 2, the broker may exercise its discretion to vote for or against that proposal in the absence of your instruction. With respect to Proposal Nos. 1, 3 or 4, the broker may not exercise discretion to vote on those proposals. Such event would constitute a broker non-vote, and these shares will not be counted as having been voted on the applicable proposal. However, broker non-votes will be considered present and entitled to vote at the virtual Annual Meeting and will be counted in determining whether or not a quorum is present. **Please instruct your bank or broker so that your vote can be counted.**

If stockholders abstain from voting, the applicable shares of voting common stock will be considered present and entitled to vote at the virtual Annual Meeting and will be counted in determining whether or not a quorum is present. With respect to Proposal No. 1, abstentions are not considered votes cast **FOR** or **AGAINST** a nominee's election and will have no effect in determining whether a nominee for director has received sufficient votes. With respect to Proposal Nos. 2-3, abstentions are considered in determining the number of votes required to obtain the necessary majority vote for the proposal and will have the same legal effect as voting against the proposal. With respect to Proposal No. 4, abstentions are considered in determining the number of votes required to obtain the necessary plurality vote for the proposal.

How Many Votes Do I Have?

On each matter to be voted upon, you have one vote for each share of voting common stock you own as of March 20, 2015.

How Do I Vote Via Internet or Telephone?

You may vote by proxy via the Internet or telephone by following the instructions provided on the proxy card. Please be aware that if you vote over the Internet or by telephone, you may incur costs such as telephone and Internet access charges, as applicable, for which you will be responsible. The Internet and telephone voting facilities for eligible stockholders of record will close at the start of the virtual Annual Meeting on May 14, 2015. The giving of such a telephonic or Internet proxy will not affect your right to vote during the virtual Annual Meeting should you decide to attend the virtual Annual Meeting.

The telephone and Internet voting procedures are designed to authenticate stockholders' identities, to allow stockholders to give their voting instructions and to confirm that stockholders' instructions have been recorded properly.

What if I Return a Proxy Card But Do Not Make Specific Choices?

If we receive a signed and dated proxy card, and the proxy card does not specify how your shares of voting common stock are to be voted, your shares of voting common stock will be voted **FOR** the election of each of the three

nominees for director, **FOR** the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm, **FOR** the approval, on an advisory basis, of named executive officer compensation and for **EVERY ONE YEAR** as the frequency for the advisory vote to approve named executive officer compensation. If any other matter is properly presented at the virtual Annual Meeting, your proxy (one of the individuals named on your proxy card) will vote your shares of voting common stock using his or her best judgment.

4 Virgin America Inc. 2015 Proxy Statement

Who is Paying for this Proxy Solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors, officers and employees may also solicit proxies in person, by telephone or by other means of communication. Directors, officers and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What Does It Mean If I Receive More Than One Set of Materials?

If you receive more than one set of materials, your shares of voting common stock are registered in more than one name or are registered in different accounts. In order to vote all the shares of voting common stock that you own, you must follow the instructions for voting on the proxy cards that you receive by mail, which include instructions for voting over the Internet, by telephone or by signing, dating and returning any of such proxy cards.

Can I Change My Vote After Submitting My Proxy?

Yes. You can revoke your proxy at any time before the final vote at the virtual Annual Meeting. If you are the record holder of your shares of voting common stock, you may revoke your proxy in any one of three ways:

You may submit another properly completed proxy with a later date.

You may send a written notice that you are revoking your proxy to our Secretary at 555 Airport Boulevard, Burlingame, California 94010.

You may attend and vote during the virtual Annual Meeting. Simply logging into the virtual Annual Meeting will not, by itself, revoke your proxy.

If your shares of voting common stock are held by your broker, bank or other agent, you should follow the instructions provided by such party.

When are Stockholder Proposals Due for Next Year's Annual Meeting?

To be considered for inclusion in the proxy materials for next year's Annual Meeting, your proposal must be submitted in writing 120 calendar days before the date of the Company's proxy statement released to stockholders in connection with the previous year's annual meeting, to our Secretary at 555 Airport Boulevard, Burlingame, California 94010; provided that if the date of that Annual Meeting is earlier than April 14, 2016 or later than June 13, 2016, the deadline will be a reasonable time before we begin to print and send our proxy materials for next year's Annual Meeting. If you wish to submit a proposal that is not to be included in the proxy materials for next year's Annual Meeting pursuant to the SEC's stockholder proposal procedures or to nominate a director, you must do so between January 15, 2016 and February 14, 2016; provided that if the date of that annual meeting is earlier than April 14, 2016 or later than July 13, 2016, you must give notice not later than the 90th day prior to the annual meeting date or, if later, the 10th day following the day on which public disclosure of the annual meeting date is first made. You are also advised to review our amended and restated bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

What is the Quorum Requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if the holders of a majority in voting power of the shares of voting common stock issued and outstanding and entitled to vote are present in person, by remote communication or represented by proxy at the virtual Annual Meeting. On the Record Date, there were 43,120,052 shares of voting common stock outstanding and entitled to vote. Accordingly, 21,560,027 of such shares must be represented by stockholders present at the virtual Annual Meeting or by proxy to have a quorum.

Your shares of voting common stock will be counted towards the quorum only if you submit a valid proxy vote or vote at the virtual Annual Meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there

is no quorum, either the chairperson of the virtual Annual Meeting or a majority in voting power of the stockholders entitled to vote at the virtual Annual Meeting, present in person, by remote communication or represented by proxy, may adjourn the virtual Annual Meeting to another time or place.

How Can I Find Out the Results of the Voting At The Virtual Annual Meeting?

Voting results will be announced by the filing of a Current Report on Form 8-K within four business days after the virtual Annual Meeting. If final voting results are unavailable at that time, we will file an amended Current Report on Form 8-K within four business days of the day the final results are available.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

The Board consists of nine members. In accordance with our amended and restated certificate of incorporation, the Board is divided into three classes with staggered three-year terms. At each annual general meeting of stockholders, the successors to directors whose terms then expire will be elected to serve from the time of election and qualification until the third annual meeting following election. Our directors are divided among the three classes as follows:

Class I directors: Messrs. Donald J. Carty, C. David Cush and Stacy J. Smith, whose current terms will expire at the virtual Annual Meeting;

Class II directors: Messrs. Cyrus F. Freidheim, Jr., Robert A. Nickell and Samuel K. Skinner, whose current terms will expire at the annual meeting of stockholders to be held in 2016; and

Class III directors: Messrs. Stephen C. Freidheim, Evan M. Lovell and John R. Rapaport, whose current terms will expire at the annual meeting of stockholders to be held in 2017.

Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors.

The division of the Board into three classes with staggered three-year terms may delay or prevent a change of our management or a change in control.

Messrs. Carty, Cush and Smith have been nominated to serve as Class I directors and have each agreed to stand for reelection. Each director to be elected will hold office from the date of their election by the stockholders until the third subsequent annual meeting of stockholders or until his successor is elected and has been qualified, or until such director's earlier death, resignation or removal.

Shares of voting common stock represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the three nominees named below. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as the Board may propose. Each person nominated for election has agreed to serve if elected, and management has no reason to believe that any nominee will be unable to serve. Directors are elected by a plurality of the votes cast at the meeting.

The Board of Directors Recommends a Vote

for the Election of Each Named Nominee.

The following table sets forth, for the Class I nominees and our other current directors who will continue in office after the virtual Annual Meeting, information with respect to their ages and position/office held with the Company as of the date of this Proxy Statement:

Independence of the Board

As required under the NASDAQ Stock Market rules, a majority of the members of a listed company's board of directors must qualify as independent, as affirmatively determined by the Board. The Board consults with the Company's counsel to ensure that the Board's determinations are consistent with all relevant securities and other laws and regulations regarding the definition of independent, including those set forth in pertinent listing standards of the NASDAQ Stock Market, as in effect from time to time.

Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his or her family members, and the Company, its senior management and its independent registered public accounting firm, the Board has affirmatively determined that Mr. Cyrus F. Freidheim, Jr., Mr. Stephen C. Freidheim, and Messrs. Carty, Nickell, Rapaport, Skinner and Smith are independent directors within the meaning of the applicable NASDAQ Stock Market listing standards. In doing so, the Board considered the interest that Mr. Cyrus F. Freidheim, Jr., Mr. Stephen C. Freidheim and Mr. Rapaport each have in Cyrus Capital Partners, L.P., or funds related to or affiliated with Cyrus Capital Partners, L.P., and have determined that these relationships do not conflict with the elements of independence set forth in the NASDAQ Stock Market listing standards.

As required under the NASDAQ Stock Market rules, our independent directors meet in regularly scheduled executive sessions at which only independent directors are present.

Information Regarding the Board and its Committees

Board Responsibilities; Risk Oversight

The Board is responsible for, among other things, overseeing the conduct of our business; reviewing and, where appropriate, approving our major financial objectives, plans and actions; and reviewing the performance of our chief executive officer and other members of management based on reports from the compensation committee. Following the end of each year, the Board conducts an annual self-evaluation, which includes a review of any areas in which the Board or management believes the Board can make a better contribution to our corporate governance, as well as a review of the committee structure and an assessment of the Board's compliance with corporate governance principles. In fulfilling the Board's responsibilities, directors have full access to our management and independent advisors. With respect to the Board's role in our risk oversight, our audit committee discusses with management our policies with

respect to risk assessment and risk management and our significant financial risk exposures and the actions management has taken to limit, monitor or control such exposures. Our audit committee reports to the full Board with respect to these matters, among others.

Leadership Structure

We have historically separated the roles of Chief Executive Officer and Chairman of the Board in recognition of the differences between the two roles. The Chief Executive Officer is responsible for setting our strategic direction and our day-to-day leadership and performance, while the Chairman of the Board provides guidance to the Chief Executive Officer and sets the agenda for Board meetings and presides over meetings of the full Board. In addition, our amended and restated bylaws provide that the independent directors may appoint a lead director from among them to perform such duties as may be assigned by the Board.

Board Committees

Our Board has the following committees: an audit committee, a compensation committee, a nominating and corporate governance committee and a finance committee. The composition and responsibilities of each committee are described below. Members serve on these committees until their resignation or until otherwise determined by the Board.

Audit Committee

Our audit committee oversees our corporate accounting and financial reporting process. Among other matters, the audit committee evaluates the independent auditors' qualifications, independence and performance; determines the engagement of the independent auditors; reviews and approves the scope of the annual audit and the audit fee; discusses with management and the independent auditors the results of the annual audit and the review of our quarterly financial statements; approves the retention of the independent auditors to perform any proposed permissible non-audit services; monitors the rotation of partners of the independent auditors on the Company's engagement team as required by law; reviews our critical accounting policies and estimates; oversees our internal audit function and annually reviews the audit committee charter and the committee's performance. The current members of our audit committee are Cyrus F. Freidheim, Jr., who is the chair of the committee, Donald J. Carty and Robert A. Nickell. Our Board has determined that Mr. Carty is an audit committee financial expert as defined under the applicable rules of the SEC and has the requisite financial sophistication under the applicable rules and regulations of NASDAQ. All members of our audit committee are independent. The audit committee operates under a written charter that satisfies the applicable standards of the SEC and the NASDAQ Stock Market. A copy of the audit committee charter is available to security holders in the Corporate Governance section of our website at <http://ir.virginamerica.com>.

Compensation Committee

Our compensation committee reviews and recommends policies relating to compensation and benefits of our officers and teammates. The compensation committee reviews and approves corporate goals and objectives relevant to compensation of our Chief Executive Officer and other executive officers, evaluates our performance in light of those goals and objectives and recommends to the Board which sets the compensation of these officers based on such evaluations. The compensation committee also considers recommendations of our Chief Executive Officer with respect to the compensation of other executive officers. Our Chief Executive Officer evaluates each other executive officer's overall performance and contributions to us at the end of each fiscal year and reports to the compensation committee his recommendations of the other executive officers' compensation. The compensation committee also administers the issuance of stock options and other awards under our stock plans. The compensation committee will review and evaluate, at least annually, the performance of the compensation committee and its members, including compliance of the compensation committee with its charter. The current members of our compensation committee are Stacy J. Smith, Robert A. Nickell and Samuel K. Skinner, with Mr. Skinner serving as the chair of the committee.

In order for our compensation committee to continue to make recommendations or determinations with respect to executive compensation, such committee must be composed of a majority of independent directors within 90 days from the date our common stock was listed on NASDAQ and entirely of independent directors within one year from the date our common stock was listed on NASDAQ. Our Board has affirmatively determined that each of Messrs. Smith, Nickell and Skinner meets the definition of independent director for purposes of NASDAQ listing rules and for purposes of Section 162(m) of the Internal Revenue Code. A copy of the compensation committee charter is available to security holders in the Corporate Governance section of our website at <http://ir.virginamerica.com>.

In 2014, our compensation committee engaged Frederic W. Cook & Co., Inc. (F.W. Cook), a nationally recognized compensation consulting firm, to serve as its independent compensation consultant and to conduct market research and analysis on our various executive positions, to assist the committee in developing appropriate incentive plans for

our executives on an annual basis, to provide the committee with advice and ongoing recommendations regarding material executive compensation decisions, and to review compensation proposals of management. F.W. Cook reports directly to the compensation committee and does not provide any non-compensation related services to the Company. Our compensation committee reviewed the independence of F.W. Cook, employing the independence factors specified in the NASDAQ Stock Market listing standards. Based on this assessment, the compensation committee determined that the engagement of F.W. Cook does not raise any conflicts of interest or similar concerns. In addition, the compensation committee evaluated the independence of its other outside advisors, including outside legal counsel, considering the same independence factors, and concluded their work for the compensation committee does not raise any conflicts of interest.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee is responsible for making recommendations regarding candidates for directorships and the size and composition of our Board. In addition, the nominating and corporate governance committee is responsible for overseeing our corporate governance guidelines and reporting and making recommendations concerning governance matters. The nominating and corporate governance committee is comprised of Mr. Stephen C. Freidheim and Messrs. Carty and Skinner, with Mr. Carty serving as the chair of the committee.

Potential candidates for nomination to the Board are discussed by the nominating and corporate governance committee. In considering candidates for nomination to the Board, the nominating and corporate governance committee may consider, among other criteria the nominating and corporate governance committee deems appropriate, the candidate's (i) diversity of personal background, perspective and experience; (ii) personal and professional integrity, ethics and values; (iii) experience in corporate management, such as serving as an officer or former officer of a publicly held company, and general understanding of marketing, finance and other elements relevant to the success of a publicly traded company in today's business environment; (iv) experience relevant to the Company's industry and relevant social policy concerns; (v) experience as a board member of another publicly held company; (vi) relevant academic expertise or other proficiency in an area of the Company's operations; (vii) practical and mature business judgment, including ability to make independent analytical inquiries; and (viii) promotion of a diversity of business or career experience relevant to the success of the Company. As a newly formed public company, our nominating and corporate governance committee has not yet implemented a policy regarding consideration of director candidates recommended by security holders but expects to do so in 2015.

In order for our nominating and corporate governance committee to continue to make selections or recommendations with respect to directors, such committee must be composed of a majority of independent directors within 90 days from the date our common stock was listed on NASDAQ and entirely of independent directors within one year from the date our common stock was listed on NASDAQ. Our Board has affirmatively determined that each of Mr. Stephen C. Freidheim and Messrs. Carty and Skinner meets the definition of independent director for purposes of the NASDAQ listing rules. A copy of the nominating and corporate governance committee charter is available to security holders in the Corporate Governance section of our website at <http://ir.virginamerica.com>.

Finance Committee

Our finance committee reviews and recommends matters relating to the financial condition and capital structure of our Company, including those related to fuel hedging and investment strategies. The current members of our finance committee are Messrs. Lovell, Nickell and Rapaport, with Mr. Nickell serving as the chair of the committee. A copy of the finance committee charter is available to security holders in the Corporate Governance section of our website at <http://ir.virginamerica.com>.

Meetings of the Board, Board and Committee Member Attendance and Annual Meeting Attendance

The Board met twelve times during the last year. The audit committee of the Board met six times; the compensation committee of the Board met five times; the nominating and corporate governance committee of the Board did not meet because it was a newly formed committee as of the date of our initial public offering in November 2014; and the finance committee of the Board met nine times during the last year. During 2014, each Board member attended 75% or more of the aggregate of the meetings of the Board and of the committees on which he served. We encourage all of our directors and nominees for director to attend our annual meeting of stockholders; however, attendance is not mandatory.

Stockholder Communications with the Board

Edgar Filing: Virgin America Inc. - Form DEF 14A

Should stockholders wish to communicate with the Board or any specified individual directors, such correspondence should be sent to the attention of the Secretary, at 555 Airport Boulevard, Burlingame, California 94010. The Secretary will forward the communication to the Board members.

Compensation Committee Interlocks and Insider Participation

None of the members of our compensation committee is or has at any time during the past year been an officer or employee of ours. None of our executive officers currently serves or in the past year has served as a member of the Board or compensation committee of any entity that has one or more executive officers serving on our Board or compensation committee.

Code of Business Conduct and Ethics

Our Board has adopted a Code of Business Conduct and Ethics. The Code of Business Conduct and Ethics is applicable to our executive officers and teammates, including our Chief Executive Officer, Chief Financial Officer and principal accounting officer. The Code of Business Conduct is available in the Corporate Governance section of our website at <http://ir.virginamerica.com>. The Code of Business Conduct and Ethics addresses, among other things, issues relating to conflicts of interests, including internal reporting of violations and disclosures, and compliance with applicable laws, rules and regulations. The purpose of the Code of Business Conduct and Ethics is to deter wrongdoing and to promote, among other things, honest and ethical conduct and to ensure to the greatest possible extent that our business is conducted in a legal and ethical manner. We intend to promptly disclose (1) the nature of any amendment to our code of ethics that applies to our directors, executive officers or other principal financial officers and (2) the nature of any waiver, including an implicit waiver, from a provision of our code of ethics that is granted to one of these specified directors, officers or other principal financial officers, the name of such person who is granted the waiver and the date of the waiver on our website in the future.

Limitation of Liability and Indemnification

Our amended and restated certificate of incorporation contains provisions that limit the liability of our directors for monetary damages to the fullest extent permitted by Delaware law. Consequently, our directors will not be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duties as directors, except liability for:

any breach of the director's duty of loyalty to us or our stockholders;

any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;

unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law; or

any transaction from which the director derived an improper personal benefit.

Our amended and restated certificate of incorporation provides that we may indemnify our directors and officers, in each case to the fullest extent permitted by Delaware law. Our amended and restated bylaws provide that we are obligated to indemnify our directors and officers to the fullest extent permitted by Delaware law and advance expenses incurred by a director or officer in advance of the final disposition of any action or proceeding and permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in that capacity regardless of whether we would otherwise be permitted to indemnify him or her under the provisions of Delaware law. We enter into agreements to indemnify our directors, executive officers and other employees as determined by our Board. With specified exceptions, these agreements provide for indemnification for

related expenses including, among other things, attorneys' fees, judgments, fines and settlement amounts incurred by any of these individuals in any action or proceeding. We believe these limitations of liability provisions and indemnification agreements are necessary to attract and retain qualified persons as directors and officers. We also maintain directors' and officers' liability insurance.

The limitation of liability and indemnification provisions in our amended and restated certificate of incorporation, amended and restated bylaws and indemnification agreements may discourage stockholders from bringing a lawsuit against our directors and officers for breach of their fiduciary duty. Our amended and restated certificate of incorporation provides that any such lawsuit must be brought in the Court of Chancery of the State of Delaware. The foregoing provisions may also reduce the likelihood of derivative litigation against our directors and officers, even though an action, if successful, might benefit us and other stockholders. Further, a stockholder's investment may be adversely affected to the extent that we pay the costs of settlement and damage awards against directors and officers as required by these indemnification provisions. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise,

we have been advised that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act, and is, therefore, unenforceable. At present, there is no pending litigation or proceeding involving any of our directors, officers or employees for which indemnification is sought, and we are not aware of any threatened litigation that may result in claims for indemnification.

Proposal No. 2

Ratification of Selection of Independent

Registered Public Accounting Firm

The audit committee of the Board has engaged Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2015 and is seeking ratification of such selection by our stockholders at the virtual Annual Meeting. Ernst & Young LLP has audited our financial statements since the year ended December 31, 2009. Representatives of Ernst & Young LLP are expected to be present at the virtual Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither our amended and restated bylaws nor other governing documents or law require stockholder ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm. However, we are submitting the selection of Ernst & Young LLP to our stockholders for ratification as a matter of good corporate practice. If our stockholders fail to ratify the selection, the audit committee will reconsider whether or not to retain Ernst & Young LLP. Even if the selection is ratified, the audit committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of the Company and our stockholders.

To be approved, the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm must receive a **FOR** vote from the holders of a majority in voting power of the shares of voting common stock which are present by remote communication or represented by proxy and entitled to vote on the proposal. Broker non-votes will be counted towards a quorum, but will have no effect on the outcome of this proposal. Abstentions are considered in determining the number of votes required to obtain the necessary majority vote for the proposal and will have the same legal effect as voting against the proposal.

Pre-Approval Policies and Procedures

The audit committee pre-approves all audit and non-audit services provided by its independent registered public accounting firm. This policy is set forth in the charter of the audit committee and available in the Corporate Governance section of our website at <http://ir.virginamerica.com>.

The audit committee approved all audit, audit-related and tax consulting services provided by Ernst & Young LLP for 2014 and 2013 and the estimated costs of those services. Actual amounts billed, to the extent in excess of the estimated amounts, were periodically reviewed and approved by the audit committee.

The audit committee considered whether the non-audit services rendered by Ernst & Young LLP were compatible with maintaining Ernst & Young LLP's independence and concluded that they were so compatible.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* THE RATIFICATION OF THE SELECTION OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM *FOR* THE YEAR ENDING DECEMBER 31, 2015.

Proposal No. 3

Advisory Vote to Approve Executive Compensation

Pursuant to Section 14A of the Exchange Act, the Company is providing stockholders with an advisory (non-binding) vote on compensation programs for our named executive officers (sometimes referred to as a "say on pay" vote). Accordingly, you may vote on the following resolution at the virtual Annual Meeting:

Resolved, that the stockholders approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables and the related narrative disclosure in this Proxy Statement.

To be approved, this proposal must receive a **FOR** vote from the holders of a majority in voting power of the shares of voting common stock which are present by remote communication or represented by proxy and entitled to vote on the proposal. Abstentions and broker non-votes will be counted towards a quorum. Broker non-votes will have no effect on the outcome of this proposal. Abstentions are considered in determining the number of votes required to obtain the necessary majority vote for the proposal and will have the same legal effect as voting against the proposal.

This vote is nonbinding. However, the Company is providing stockholders with an advisory (non-binding) vote on compensation programs for our named executive officers as a matter of good corporate practice. The Board and the compensation committee expect to take into account the outcome of the vote when considering future executive compensation decisions to the extent they can determine the cause or causes of any significant negative voting results.

As described in detail under "Compensation Discussion and Analysis" our compensation programs are designed to attract and retain a skilled executive team to manage our business functions, maintain our culture and enhance the value of our business. Our philosophy regards as fundamental the notion that executive officer compensation be structured to provide competitive base salaries and benefits to attract and retain executive officers and to provide incentive compensation to motivate executive officers to attain, and to recognize executive officers for attaining, financial, operational, guest services, safety and team member engagement and other goals that are consistent with increasing stockholder value. We also believe that our executive compensation program should include a long-term incentive component that aligns executives' interests with our stockholders' interests. The objectives of our long-term incentive awards, including equity-based compensation, are to encourage executives to focus on our long-term growth and to incentivize executives to manage our Company from the perspective of stockholders with a meaningful stake in our success. Stockholders are encouraged to read the Compensation Discussion and Analysis, the accompanying compensation tables and the related narrative disclosure.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THE COMPENSATION DISCUSSION AND ANALYSIS, THE ACCOMPANYING COMPENSATION TABLES AND THE RELATED NARRATIVE DISCLOSURE.

Proposal No. 4:

Advisory Vote on the Frequency of an Advisory Vote to Approve Executive Compensation

In addition to providing stockholders with the opportunity to cast an advisory vote to approve executive compensation, the Company this year is providing stockholders with an advisory vote on whether the advisory vote to approve executive compensation should be held every one, two or three years.

The Board has determined that an advisory say on pay vote on the compensation of our named executive officers that occurs on an annual basis is the most appropriate option for the Company. Accordingly, the Board recommends that the advisory vote to approve the compensation of our named executive officers occur on a frequency of **EVERY ONE YEAR**. The Board believes that a frequency of **EVERY ONE YEAR** for an advisory say on pay vote will allow our stockholders to provide timely, direct input on our executive compensation philosophy, policies and practices as disclosed in the Proxy Statement each year.

The proxy card provides stockholders with the opportunity to choose to vote for one of three options: holding the vote every one year, holding the vote every two years or holding the vote every three years, or they may choose to abstain. To constitute the recommendation of the stockholders, the applicable frequency option must receive the affirmative vote of the holders of a majority in voting power of the shares of voting common stock which are present in person, by remote communication or by proxy and entitled to vote on this proposal. However, if none of the frequency options receives a majority vote, we will consider the frequency that receives the highest number of votes by stockholders to be the frequency that has been selected by our stockholders. Abstentions and broker non-votes will be counted towards a quorum. Broker non-votes will have no effect on the outcome of this proposal. Abstentions are considered in determining the number of votes required to obtain the necessary plurality vote but will not be counted as votes in favor of any of the three frequency options.

This advisory vote on the frequency of the say on pay vote is nonbinding. However, the Company is providing stockholders with an advisory vote on this matter as a matter of good corporate practice. The Board and the compensation committee will take into account the outcome of the vote when considering the frequency of future advisory votes to approve executive compensation.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE OPTION OF *EVERY ONE YEAR* FOR FUTURE ADVISORY VOTES TO APPROVE EXECUTIVE COMPENSATION.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, during the fiscal year ended December 31, 2014, all Section 16(a) filing requirements applicable to our officers, directors and greater than 10% beneficial owners were complied with.

Compensation Arrangements for Our Non-Employee Directors

We compensate our non-employee directors for their service on our Board but do not pay director fees to directors who are our employees. In 2014, each non-employee director was entitled to receive an annual retainer of \$60,000 paid in quarterly installments and an annual grant of 3,974 restricted stock units, which vests on the first anniversary of the date of grant. In addition, we reimburse our non-employee directors for their reasonable expenses incurred in attending meetings of our Board and committees of our Board. Our non-employee directors are not currently entitled to receive any additional fees for their service as a director.

The program also provides for the Chairman of the Board, the Vice-Chairman of the Board, the Chair of the Audit Committee and the Chair of the Compensation Committee to receive additional annual retainers of \$30,000, \$15,000, \$10,000 and \$7,000. In addition, each non-employee director and his or her immediate family members are entitled to certain positive-space travel privileges on our flights, along with a payment to compensate the director for any taxes on the benefit, while serving as a director, consistent with the practices of our competitors in the airline industry. We believe that providing these benefits is a relatively inexpensive way to enhance the competitiveness of the non-employee director compensation package and is consistent with industry practice. These benefits (except the tax gross-up) are provided for a non-employee director's lifetime if the director (i) has served for four or more years on our Board or (ii) was a member of the Board at the completion of our initial public offering. A non-employee director who serves less than four years on the Board and was not a member of the Board at the completion of our initial public offering is entitled to one year of positive-space travel privileges on our flights for each year of service as a director.

Fiscal 2014 Director Equity Awards

Our Board made a supplemental grant of 19,870 restricted stock units, or RSUs, to a new director, Stacy J. Smith, at the time he joined the Board in January 2014. One-third of these RSUs vest on each of the first, second and third anniversary of the date Mr. Smith joined our Board, subject to his continued service. In addition, in September 2014, our Board contingently awarded 19,870 RSUs to each of the four non-employee directors who are not affiliated with our principal shareholders, namely, Messrs. Carty, Nickell, Skinner and Cyrus Freidheim. These awards, which were contingent upon the successful completion of our initial public offering, were a one-time grant made in recognition of the contributions made by these outside directors who served on the Board prior to 2013 without an annual equity grant for their Board service, and vest in equal installments over the same period as Mr. Smith's RSU awards, subject to their continued service.

Director Compensation Table

The following table sets forth information regarding compensation earned by our non-employee directors during 2014.

Carty, Nickell, Skinner and C. Freidheim each received a one-time grant of 19,870 RSUs contingent on the completion of our initial public offering, one-third of which vested on January 15, 2015, and one-third of which vests on each of January 15, 2016, and 2017, in recognition of the contributions made by these outside directors who served on the Board prior to 2013 without an annual equity grant for their Board service. In addition, as of December 31, 2014, the following non-employee directors held the following numbers of RSUs: Mr. Carty, 24,866; Mr. C. Freidheim, 3,974; Mr. Nickell, 3,974; and Mr. Skinner, 13,600. As noted in (1) and (2) above, each of Mr. S. Freidheim, Mr. Lovell and Mr. Rapaport disclaimed beneficial ownership of their 2014 restricted stock unit awards. None of our non-employee directors held any stock options as of December 31, 2014.

Revisions to Director Compensation in 2015

In 2014, our Board requested that its independent consultant, F.W. Cook, review our compensation program for non-employee directors. Based on that review, the Board decided to make certain adjustments to cash and equity compensation elements in our program for non-employee directors effective January 1, 2015. Under the revised program, each non-employee director will receive an annual cash retainer of \$60,000 paid in quarterly installments. In addition, each non-employee director will be entitled to receive an annual grant of RSUs with an aggregate value of \$75,000 determined based upon the closing price of our common stock on the date of the grant. The Chairman of the

Board, the Vice-Chairman of the Board, and the Chair of the Audit Committee will receive additional annual cash retainers of \$30,000, \$15,000 and \$15,000. The Chairs of the Compensation, Finance, and Nominating & Corporate Governance Committees will receive additional annual cash retainers of \$7,500 each. Non-chair members of the Audit Committee will receive additional annual cash retainers of \$5,000 each. For 2015, the RSU grants for non-employee directors will be made following the annual stockholders meeting to align with directors' service.

Stock Ownership Guidelines

In 2014, our Board adopted stock ownership guidelines for the Board. Under these guidelines, non-employee directors who are not affiliated with our principal stockholders (currently, Messrs. Carty, Nickell, Skinner and Smith) are required to own the shares of our common stock equal or greater than three times their annual Board cash retainer (\$180,000) within five years of their date of initial election to the Board or, if later, the date of our initial public offering. In the event the stock ownership guidelines are not met within the five-year period, then each director must hold at least 50% of all net shares received through RSU or realized through stock option exercises until the stock ownership guidelines are achieved. For these purposes, net shares means all shares retained after applicable withholding of any shares for tax purposes, and stock ownership includes shares (including restricted stock) owned directly or held in trust by the executive officer or an immediate family member who resides in the same household but does not include shares a director has the right to acquire through the exercise of stock options.

We were named the top-ranked U.S. airline in the annual Airline Quality Rating by Wichita State University and Embry-Riddle Aeronautical University, a study of comparative performance by major airlines in four areas important to consumers (on-time performance, customer complaints, involuntary denied boarding and mishandled bags) based on publicly reported data filed with the U.S. Department of Transportation (the DOT).

We captured multiple travel industry awards for our guest service, product and operational excellence, including being named Best Domestic Airline in both *Travel + Leisure* magazine's annual World's Best Awards and *Condé Nast Traveler* magazine's annual Readers' Choice Awards for the seventh consecutive year. We also received awards as the Best U.S. Low-Cost Airline for the fifth consecutive year as well as the Best Staff Service among North American Airlines for the fourth consecutive year in the 2014 World Airline Awards.

Compensation Philosophy and Objectives

We compete with airlines and many other companies in seeking to attract and retain a highly skilled executive team. The overall goal of our compensation program is to attract and retain a skilled executive team to manage our business functions, maintain our culture and enhance the value of our business. In doing so, we draw upon a pool of talent that is highly sought after by other airlines and companies.

We regard as fundamental that executive officer compensation be structured to provide competitive base salaries and benefits to attract and retain executive officers and to provide incentive compensation to motivate executive officers to attain, and to recognize executive officers for attaining, financial, operational, individual and other goals that are consistent with increasing stockholder value. We also believe that our executive compensation program should include a long-term incentive component that aligns executives' interests with our stockholders' interests. The objectives of our long-term incentive awards, including equity-based compensation, are to encourage executives to focus on our long-term growth and to incentivize executives to manage our company from the perspective of stockholders with a meaningful stake in our success.

In determining the form and amount of compensation payable to the NEOs, we are guided by the following objectives and principles:

Market-based, competitive compensation levels should attract and retain a skilled team. Set compensation at market-based, competitive levels that enable us to hire and retain high-performance teammates throughout the organization.

Pay for performance should motivate executive officers to attain financial, operational and other goals consistent with increasing stockholder value. Link a significant portion of the total compensation opportunities of our executive officers to our annual strategic objectives, reflecting our financial, operational, guest service, safety and teammate engagement performance targets, to motivate those officers to attain goals that are consistent with increasing stockholder value.

Long-term equity compensation should align executives' interests with our stockholders' interests. Provide equity-based compensation opportunities, consistent with the interests of our stockholders, to encourage our executives to focus on our long-term business strategy and growth prospects.

Determination of Compensation

The compensation committee conducts an annual review of our Chief Executive Officer's compensation and makes recommendations to our Board regarding adjustments, if any, to his compensation. The compensation committee also reviews and considers the recommendations of the Chief Executive Officer with respect to the other NEOs' compensation, including base salaries and annual incentive compensation, when establishing the other NEOs' compensation on no less than an annual basis. As part of its review, the compensation committee evaluates our company's performance each year against the approved operating plan objectives. Our Chief Executive Officer recuses himself from compensation committee and Board discussions when his compensation is reviewed.

The compensation committee evaluates our executive compensation policies and practices on an ongoing basis to ensure that they are structured to motivate attainment of certain short-term and long-term financial and operational goals. Subjective factors considered in compensation determinations include an executive's skills and capabilities, contributions as a member of the executive management team, influence on our overall performance and whether the total compensation potential and structure is sufficient to ensure the retention of an executive when considering the compensation potential that may be available elsewhere.

In making compensation determinations historically, the compensation committee has not undertaken any formal benchmarking or reviewed any formal surveys of compensation for our competitors but has instead relied primarily on its general knowledge of the competitive market for executive talent, including in our industry. In 2014, the committee engaged an independent compensation consultant, F.W. Cook, to assist the committee with its review of our executive compensation program in connection with our transition to a public reporting company and to develop potential revisions to our executive compensation program consistent with the practices of other comparable publicly traded companies in the airline and transportation sector. That consultant has performed no prior consulting or other services for our company.

In 2014, the compensation committee established a peer group for purposes of evaluating our executive compensation program as our company neared its initial public offering. The peer group was approved by the committee based upon the recommendation of F.W. Cook. Companies were selected using objective screening criteria including revenue, market value, and industry classification. The peer group is intended to include companies that we compete with for business, executive talent and investor capital. For 2014, our peer group comprised the following 16 airline and transportation/logistics companies:

Air Transport Services Group	Heartland Express	Spirit Airlines
Alaska Air Group	Hub Group	Werner Enterprises
Allegiant Travel Co	JetBlue Airways	WestJet Airlines
Atlas Air Worldwide Holdings	Knight Transportation	XPO Logistics
Forward Air Corp	Republic Airways Holdings	
Hawaiian Holdings	SkyWest	

As of December 31, 2014, our revenue value ranked between the 25th percentile and the median of the peers.

	Annual Revenue	Market Capitalization
	(in millions)	(in millions)
75th Percentile	\$ 3,261	\$ 3,291
Median	1,830	2,305

25th Percentile	1,128	1,361
Virgin America	1,478	1,857

In addition, in order to understand pay practices in the larger airline industry, the compensation committee reviewed the pay design practices at a separate group of larger commercial airlines, including: Air Canada, American Airlines Group, Delta Air Lines, Southwest Airlines and United Continental Holdings. These pay levels were not included in statistics viewed by the compensation committee and were not used for decision-making. The data were to allow context on compensation and information regarding incentive design within larger, high-profile airline industry competitors for talent.

The pay data from the peer group companies are used as points of reference when setting our executive officers compensation, but we do not target a particular level of pay in comparison to our peers.

Components of Compensation for 2014

In 2014, the compensation program for our NEOs consisted of four components:

base salary;

annual cash incentive;

equity-based incentives; and

other benefits.

We are continuing to build our executive compensation program around each of the above elements because each individual component is beneficial in achieving one or more of the objectives of the program, and we believe that, collectively, they are effective in achieving our overall objectives.

Base Salary

We believe a competitive base salary is essential in attracting and retaining key executive talent, and we provide our NEOs with a base salary to compensate them for services rendered during the fiscal year. The base salary payable to each NEO provides a fixed component of compensation reflecting the executive's role, qualifications, experience and scope of responsibilities. Base salary amounts also consider, among other factors, the NEO's potential to take on additional responsibilities, competitive market practices (using the compensation committee members' general knowledge of the competitive market, based on, among other things, experience with other companies and our industry) and internal parity. In general, the compensation committee reviews potential adjustments to the base salaries of our NEOs on an annual basis.

The base salary of each of our named executive officers was initially established by the compensation committee or the Board in connection with the hiring of the officer and reflected arm's length negotiation as well as the application of general market experience by members of the Board or compensation committee. In 2014, the compensation committee did not recommend an increase in NEO base salary amounts. The amounts paid to our NEOs as base salaries in 2014 are set forth under the 2014 Summary Compensation Table below.

Incentive Compensation

We maintain an Incentive Compensation Plan (the "ICP") in order to recognize the performance of our management team, including our NEOs, in achieving our strategic objectives, including financial and commercial, operational, guest service and safety and team member engagement targets for the year. The compensation committee reviews and recommends the performance goals under the ICP and the target awards for the NEOs, which are reviewed and approved by the Board.

The compensation committee has generally used a guideline target opportunity for our NEOs, with Mr. Cush having a target of 100% of base salary, Mr. Forte having a target of 55% of base salary and Messrs. Hunt, Varley and Ms. Fiorillo each having a target of 45% of base salary, based on our company's achievement of the established target. The determination of the amount of annual incentives paid to our executive officers generally reflects a number of considerations, including achievement of performance goals discussed above, company earnings and a subjective

evaluation of the individual contributions of the executive officer during the relevant period. In addition to reviewing the specific performance objectives for the individual categories listed in the table below, and then compiling a summary percentage determination of performance against objectives, the Board may make further adjustments to the incentive payment made based on the achievement of targeted versus actual pre-tax earnings. Under this adjustment, a pre-tax loss may result in no ICP award, and the achievement of 0-25%, 26-50%, 51-75%, 76-100% and more than 100% of targeted pre-tax earnings may result in an adjustment of the ICP amount to 25%, 50%, 75%, 100% and up to 150%, of the resulting award in the discretion of the Board.

The compensation committee recommended, and the Board established, performance targets for Fiscal 2014 as follows:

Measure	Performance Measure Objectives	Weight
Financial & Commercial Performance	Operating Income	20%
	PRASM	20%
	CASM ex-fuel	20%
Operational Performance	On-Time Performance	7.5%
	Completion Factor	7.5%
Guest Service	Baggage Performance	7.5%
	Net Promoter Score	7.5%
Safety and Team Member Engagement	Teammate Engagement	5%
	Aircraft Ground Damage	5%

The specific targets set by our compensation committee and Board for our financial and commercial objectives for 2014 were designed to address the following performance measures:

Performance Category	Performance Measure	Performance Measure Objectives
Financial	Operating Income	These financial objectives measure our Company's revenue and cost performance against the business plan approved by the Board during the annual budget review.
	Ticketed PRASM versus Industry	
	ExFuel CASM	
Operational	On-Time Performance	On-Time performance is a key operational performance measure used in DOT rankings and is also used to reward front line teammate performance.
	Completion Factor	Flight completion factor is a key operational performance measure.
Exceptional Service	Mishandled Baggage Performance	Baggage performance is an important customer experience objective included in DOT rankings and is also used to reward front line teammate performance.
	Net Promoter Score	This score measures the loyalty of our Company's customer relationships.
Safety & Team Member Engagement	Aircraft Ground Damage	

Aircraft ground damage is an important operational performance measurement and is also used to reward front line teammate performance.

Teammate Engagement

Teammate engagement reflects the involvement, commitment and productivity of our Company's teammates.

In 2015, our compensation committee determined that the specific financial and commercial objectives achieved in 2014 were as follows:

Performance Category	Performance Measurement	Measure Weighting	2014		Target Result
			2014 Target Performance Measure	Actual Performance	
Financial	Operating Income	20%	\$104.4 million	\$120.5 million	Target Exceeded
Financial	Ticketed PRASM versus Industry	20%	98.5%	101%	Target Exceeded
Financial	Ex Fuel CASM	20%	7.10	7.13	Below Target
Operational	On-Time Performance	7.5%	82.5%	82.6%	Target Exceeded
Operational	Completion Factor	7.5%	99.4%	99.4%	Target Met
Guest Service	Mishandled Baggage Performance	7.5%	<1.65 bags per 1,000 guests	.95 bags per 1,000 guests	Target Exceeded
Guest Service	Net Promoter Score	7.5%	> 67%	74%	Target Exceeded
Safety & Team	Aircraft Ground Damage	5%	2.2 per 10,000 departures	1.9 per 10,000 departures	Target Exceeded
Member Engagement	Teammate Engagement	5%	> 64%	Company did not complete a teammate survey in 2014	Target not met

Based on our company's performance exceeding targeted performance in seven categories and slightly below targeted performance on two other measurements, our compensation committee determined that, overall, the performance objectives under the ICP for 2014 had been attained at 100% of target with two of the three financial and commercial performance objectives exceeding the objective, both of the operational performance objectives met, both guest service objectives met and one of two safety and team member engagement objectives met. Given the 29% overachievement on the pre-tax earnings goal (an achievement of \$85.6 million versus a target of \$66.3 million), and the successful completion of our initial public offering, the compensation committee and Board made an adjustment of the ICP payout amount to 125% of target. In determining individual payments under the ICP, our compensation committee and Board determined to pay each NEO based on the corporate achievement.

The actual amounts paid to our NEOs under the 2014 ICP are set forth under the 2014 Summary Compensation Table below.

Equity-Based Incentives

We use stock-based awards in our executive compensation program in order to align the interests of our NEOs with those of our stockholders. We believe our long-term performance is enhanced through an equity ownership culture since it encourages a focus on the long-term performance of our company.

We use equity grants in connection with initial employment offers to newly hired NEOs in order to attract prospective candidates to join our company and to promote the success of our business. We provided equity awards to the NEOs

at the time of hire in the form of options to purchase shares of our common stock or restricted stock units, or RSUs. We believe that such equity awards provide an effective performance incentive because executive officers obtain increasing value from their options and RSUs if our stock price increases (which would benefit all stockholders) and they remain employed with us beyond the date that their options or RSUs vest. Further, awards granted prior to 2014 generally included price-contingent vesting conditions, which as of the end of our fiscal year, have not been fully satisfied.

In November 2014, our Board granted each of our NEOs a stock payment award and an award of RSUs under the 2014 Equity Incentive Award Plan:

In order to incentivize our NEOs to complete our company's initial public offering successfully and to offset some of the impact of the dilution caused by the conversion of certain convertible notes in connection with such offering, the Board, while our company was privately held, granted the following awards of fully vested shares of our common stock: Mr. Cush, 100,828 shares; Mr. Hunt, 13,149 shares; Ms. Fiorillo, 9,522 shares; and Mr. Varley, 12,491 shares. A portion of these shares was withheld to cover tax withholding obligations.

In addition, in order to assist in retaining our NEOs, and giving consideration to the concentration of outstanding equity awards in performance-based vehicles, the Board granted the following RSU awards to the NEOs with one-third of the RSUs vesting on the first, second and third anniversary of our initial public offering: Mr. Cush, 34,441 RSUs; Mr. Forte, 18,545 RSUs; Mr. Hunt, 16,558 RSUs; Ms. Fiorillo, 14,571 RSUs; and Mr. Varley, 14,571 RSUs. These service-vesting RSUs awards, made at the time of the initial public offering, were based on recommendations from the independent compensation consultant and were intended to provide each NEO with an equity grant at the median of our peer group.

Benefits

The NEOs receive the same health, welfare and other benefits provided to all of our teammates:

medical, dental and vision insurance;

life insurance, accidental death and dismemberment and business travel and accident insurance;

health and dependent care flexible spending accounts;

short- and long-term disability; and

401(k) plan and matching contributions.

Perquisites

As is common in the airline industry, each NEO, and his or her spouse or domestic partner, immediate family members and, in certain circumstances, other designees, are entitled to certain travel privileges on our flights, some of which may be on a positive-space basis. Similar travel benefits are afforded to all of our teammates on a more limited basis. The value of such positive-space leisure flight benefits for the executives is reported as taxable income. An officer who retires with a minimum of five years of service and an eligibility number equal to 65 or greater, obtained by the sum of the officer's age plus years of service, may continue to receive complimentary flight benefits for the officer, the officer's spouse, domestic partner or designated companion and dependent children. We reimburse the retired officer for associated income taxes on the complimentary travel with an imputed tax value up to \$10,000 per year.

We believe that providing these benefits is a relatively inexpensive way to enhance the competitiveness of each NEO's compensation package and is consistent with industry practice. Additionally, we fund matching 401(k) contributions and provide enhanced, company-paid life insurance for our NEOs at three times their annual salaries, capped at \$750,000. Finally, certain NEOs also receive housing, travel and tax-related stipends. Such tax stipends are for foreign nationals and are provided to offset the effect of paying double income taxes. We do not provide any other significant perquisites or personal benefits to our NEOs. The perquisites received by NEOs represent a small part of the overall compensation for these executives and are offered to provide competitive compensation arrangements. See the 2014 Summary Compensation Table and the related footnotes for information regarding benefits received by the NEOs in 2014.

Stock Ownership Guidelines. In 2015, our Board adopted stock ownership guidelines to strengthen the alignment between our executive officers and stockholders. Under these guidelines, the CEO is required to own shares of our company's common stock greater than or equal to five times his base salary, and the other NEOs are required to own shares of our company's common stock greater than or equal to three times their base salary within five years of their date of hire or, if later, the date of our company's initial public offering. In the event the stock ownership guidelines are not met within the five year period, then each NEO must hold at least 50% of all net shares received through RSU vesting or realized through stock option exercises until the stock ownership guidelines applicable to the NEO are achieved. For these purposes, net shares means all shares retained after applicable withholding of any shares for tax purposes and stock ownership includes shares (including restricted stock) owned directly or held in trust by the executive officer or an immediate family member who resides in the same household but does not include shares an executive officer has the right to acquire through the exercise of stock options.

Tax and Accounting Considerations

While our Board and our compensation committee generally consider the financial accounting and tax implications of their executive compensation decisions, neither element has been a material consideration in the compensation awarded to our NEOs historically. Section 162(m) disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for our Chief Executive Officer and each of the other

NEOs (other than our Chief Financial Officer), unless compensation is performance-based or qualifies for another exemption from Section 162(m). As historically our stock was not publicly traded, our compensation committee and our Board had not previously considered the deductibility limit imposed by Section 162(m) in setting compensation. Our compensation committee and our Board expect to consider the potential effects of Section 162(m) of the Internal Revenue Code of 1986, as amended, on the compensation paid to our NEOs in 2015.

(1) In accordance with SEC rules, this column reflects the grant date fair value of RSUs calculated in accordance with ASC Topic 718 for stock-based compensation transactions. No amounts were included for 2013 as the time-based, liquidity-event-based and market-based vesting components with stock price triggers were not yet met at the time. Assuming that all of the vesting conditions to the awards were met, based on a value of our common stock of \$8.45 per share as of the date of grant, the value of 2013 awards as of the grant date would be \$3,090,725 for Mr. Cush, \$263,836 for Mr. Hunt, \$250,630 for Mr. Varley, and \$191,063 for Ms. Fiorillo. Mr. Forte did not receive RSUs in 2013. For additional information on the valuation assumptions, see Note 11 to our consolidated financial statements included in the section entitled *Notes to the Consolidated Financial Statements* elsewhere in our Annual Report.

(2) In accordance with SEC rules, this column represents the grant date fair value of stock options granted, calculated in accordance with ASC Topic 718 for stock-based compensation transactions. Potential Payments upon Termination or Change in Control

Under the offer letter entered into with Mr. Cush in connection with the commencement of his employment, if we terminate Mr. Cush for other than cause or if he resigns for good reason (as each such term is defined in Mr. Cush's offer letter), Mr. Cush is entitled to a cash payment equal to 24 months' base salary.

Under the offer letter entered into with Mr. Forte in connection with the commencement of his employment, if we terminate Mr. Forte for other than cause or if he resigns for good reason (as each such term is defined in his employment letter), Mr. Forte is entitled to a cash payment equal to 12 months' base salary.

Under the offer letter entered into with Mr. Varley in connection with the commencement of his employment, if we terminate Mr. Varley for other than cause or if he resigns for good reason (as each such term is defined in Mr. Varley's offer letter), Mr. Varley is entitled to a cash payment equal to 12 months' base salary.

Under the offer letter entered into with Ms. Fiorillo, if we terminate Ms. Fiorillo's employment for other than cause (as defined in the offer letter), Ms. Fiorillo is entitled to receive a payment equal to six months' base salary. In addition, based on her age and years of service to us, Ms. Fiorillo would also qualify for a retired officer travel benefit which provides leisure travel flight benefits on Virgin America during her retirement equivalent to those available to her as an officer.

In connection with our initial public offering, we adopted a Change in Control Severance Plan, or the Severance Plan, pursuant to which each of our NEOs is eligible for certain severance and change in control benefits. Under the Severance Plan, in the event that the NEO is terminated without Cause or resigns for Good Reason (each as defined below) during the 18-month period immediately following a change in control (as defined in the 2014 Plan) of our company, then such NEO is entitled to receive (i) a lump sum cash severance payment equal to two times the sum of the NEO's base salary and his or her target annual cash bonus opportunity for the year of termination; (ii) payment by us of COBRA premiums for up to 24 months following the date of termination; (iii) full accelerated vesting of each of the NEO's then outstanding equity awards; (iv) career counseling and career transition services paid by us in an amount up to \$10,000; and (v) lifetime confirmed space first class air travel for the NEO and his or her covered family members and dependents for leisure travel. Under the Severance Plan, the NEO must provide a general release of claims against the Company in order to receive the foregoing severance benefits.

Under the Amended and Restated 2005 Virgin America Stock Incentive Plan (the 2005 Stock Plan), if a participant's employment is terminated without cause or constructively terminated within one year following a change in control event (as each such term is defined in the 2005 Stock Plan), then 50% of the shares subject to options held by the participant become vested and exercisable immediately. In addition, the vesting of certain performance-based options and RSUs accelerates in the event of certain changes in control as more specifically described in the footnotes to the Outstanding Equity Awards at December 31, 2014 table above.

The table below quantifies certain compensation and benefits that would have become payable to each of our NEOs if his or her employment had terminated on December 31, 2014, as a result of each of the termination scenarios described below, taking into account the NEO's compensation as of that date.

- (3) Value calculated by multiplying \$43.25, which constitutes the closing trading price of our common stock as of December 31, 2014, times the number of restricted stock units outstanding as of December 31, 2014. The number of unvested stock awards were as follows: Mr. Cush 608,307; Mr. Hunt 47,655; Mrs. Fiorillo 37,090; Mr. Forte 18,545; and Mr. Varley 44,111.

- (4) Value constitutes the value of the stock underlying the unvested stock options based on \$43.25 per share, which is the closing trading price of our common stock as of December 31, 2014, over the exercise price of the stock options. The number of unvested stock options were as follows: Mr. Cush 0; Mr. Hunt 2,649; Mrs. Fiorillo 0; Mr. Forte 44,156; and Mr. Varley 0.

The travel benefit was estimated using our incremental cost of providing flight benefits (including incremental fuel costs and the incremental cost of customer services such as baggage handling, insurance, security and cleaning) using a discount based on mortality assumptions listed on the U.S. Life Expectancy Tables and an estimate of flight usage by each NEO and his or her family members.
- (7) Mrs. Fiorillo would qualify for the retired officer complementary travel benefit in connection with her termination of employment.

Compensation Risk Assessment

Management has presented its assessment of the risks involved with our executive compensation program to our compensation committee to ensure that such programs do not encourage our teammates to take excessive or unnecessary risks or to engage in decision-making that promotes short-term results at the expense of our long-term interests. This risk assessment process included a review by management of all of our compensation policies and practices, with a focus on the programs with variability of payout, where actions by the participant could directly affect payout. Management also assessed our compensation programs against potential risks relating to pay mix, performance metrics and payment timing. As a result of this review, no area of risk was determined by management to be reasonably likely to have a material adverse effect on us.

In reaching its conclusion that our compensation policies and practices do not give rise to risks that are reasonably likely to have a material adverse effect on us, management considered the following policies and practices that are incorporated into our executive compensation program to ensure that it reflects an appropriate balance between the achievement of short-term and long-term results:

Balanced Mix of Compensation Components The target compensation mix for our executive officers is composed of base salary, annual cash incentive compensation and long-term incentive compensation in the form of equity awards, which provides a compensation mix that is not overly weighted toward short-term cash incentives.

Incentive Compensation Plan Uses a Diverse Mix of Performance Objectives Our ICP uses a mix of strategic objectives, including financial, operational, guest service and safety/teammate engagement measurements to reward our executive performance. Our financial performance component is also balanced and measures results achieved in operating income, passenger revenue per available seat mile, or PRASM, ancillary revenue from customers and CASM ex-fuel. In addition, the compensation committee exercises discretion in determining compensation

amounts, including corporate and individual performance, and our ICP does not pay out unless pre-established target levels for one or more measures are met.

Long-Term Incentive Compensation Vesting Our long-term incentives are equity-based, with multi-year vesting required to complement our annual cash incentive compensation plan. As a result, the financial opportunity in our equity rewards program is best realized through long-term appreciation of our stock price, which mitigates excessive short-term risk-taking. Our equity-based awards generally vest over a three- or four-year period, subject to the executive's continuing service with the Company. This promotes alignment of our management team's interests with our long-term objectives and with stockholders' interests.

Report of the Audit Committee of the Board of Directors

The material in this report is not soliciting material, is not deemed filed with the SEC and is not to be incorporated by reference into any filing of Virgin America under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

The primary purpose of the audit committee is to oversee our corporate accounting and financial reporting processes on behalf of the Board. The audit committee's functions are more fully described in its charter, which is available in the Corporate Governance section of our website at <http://ir.virginamerica.com>. Management has the primary responsibility for our financial statements and reporting processes, including our systems of internal controls. In fulfilling its oversight responsibilities, the audit committee reviewed and discussed with management Virgin America's audited consolidated financial statements as of and for the year ended December 31, 2014.

The audit committee has discussed with Ernst & Young LLP, the Company's independent registered public accounting firm, the matters required to be discussed by Statement on Auditing Standards (SAS) No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU section 380) as adopted by the Public Company Accounting Oversight Board (PCAOB) in Rule 3200T. In addition, the audit committee discussed with Ernst & Young LLP their independence, and received from Ernst & Young LLP the written disclosures and the letter required by Ethics and Independence Rule 3526 of the PCAOB. Finally, the audit committee discussed with Ernst & Young LLP, with and without management present, the scope and results of Ernst & Young LLP's audit of such financial statements.

Based on these reviews and discussions, the audit committee has recommended to the Board that such audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2014 for filing with the SEC. The audit committee also has engaged Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015 and is seeking ratification of such selection by the stockholders.

Certain Relationships and Related

Transactions

We describe below transactions and series of similar transactions, during our last fiscal year, to which we were a party or will be a party, in which:

the amounts involved exceeded or will exceed \$120,000; and

any of our directors, executive officers, holders of more than 5% of our common stock or any member of their immediate family had or will have a direct or indirect material interest.

Underwriting Agreement

On November 13, 2014, we entered into an underwriting agreement pursuant to which we and certain of our stockholders, including Cyrus Holdings and the Virgin Group, sold an aggregate of 15,338,225 shares of our common stock to Barclays Capital Inc., Deutsche Bank Securities Inc. and the other underwriters listed in such underwriting agreement.

Virgin License Agreements

In April 2007, we entered into a trademark license agreement with certain entities affiliated with the Virgin Group under which we were granted the exclusive right to operate our airline under the brand name Virgin America within the United States (including Puerto Rico), Canada and Mexico, as well as the right to operate our airline under such name from any of the foregoing countries to points in the Caribbean, which we refer to as the Airline License. In March 2013, we amended the Airline License to expand our rights and the rights of Virgin Atlantic Airways (an affiliate of the Virgin Group) to codeshare with other airlines. The term of the Airline License, as amended, is 15 years from the original date of execution, and the Airline License is renewable for an additional 15-year term if we meet certain revenue targets. The Airline License may be terminated upon the occurrence of a number of specified events, including if we commit a material breach of our obligations under the agreement that is uncured for more than 10 business days or if we materially damage the brand.

Separately, in November 2008, we entered into a trademark license agreement with certain other entities affiliated with the Virgin Group that allows us to promote and offer a Virgin America branded credit card, which is structured to tie to our Elevate loyalty program (the Credit Card License). The Credit Card License is exclusive to the United States only and otherwise has identical terms as the Airline License.

Under the Airline License and the Credit Card License described below, we pay the Virgin Group royalties equal to 0.5% of our revenues from the operation of our airline and certain other activities traditionally associated with the airline industry. We paid license fees of \$5.2 million, \$6.7 million, \$7.1 million and \$7.5 million for 2011, 2012, 2013 and 2014.

On November 19, 2014, we and certain entities affiliated with the Virgin Group entered into amended and restated license agreements related to our use of the Virgin name and brand under the Airline License and the Credit Card License. The amended and restated license agreements provide for, among other things:

an extension of our right to use the Virgin name and brand until 25 years after November 19, 2014;

commencing in the first quarter of 2016, an increase in the annual license fee that we pay to the Virgin Group from 0.5% to 0.7% of our total revenue until our total annual revenue exceeds \$4.5 billion, at which point our license fee would be 0.5%; and

the right to appoint a director to our Board, but only to the extent the Virgin Group does not otherwise have a representative sitting on our Board.

Limit on Virgin Group's Ownership of Voting Common Stock

On November 19, 2014, we entered into an agreement with certain entities affiliated with the Virgin Group that limits the Virgin Group and its affiliates (as defined in the Securities Exchange Act of 1934, as amended) from acquiring

additional shares of voting stock if, as a result of such acquisition, the Virgin Group would hold in excess of 20% of the total outstanding shares of voting stock, without our consent. This limit on the Virgin Group's ownership of voting stock is designed to assist our compliance with current federal law that restricts persons who are not U.S. citizens from owning more than 24.9% of our voting stock. Our agreement with the Virgin Group provides that, if this law is amended to permit persons who are not citizens of the United States to own more than 24.9% of the outstanding shares of our voting stock, then the limit will be adjusted to become 5% less than the maximum percentage of our voting stock which the revised federal law would allow non-U.S. citizens to own.

2014 Recapitalization

On November 13, 2014, we entered into a recapitalization agreement (the "2014 Recapitalization Agreement") with the Cyrus Holdings and CM Finance Inc. (together "Cyrus Capital") and the Virgin Group, that provided for the disposition of all of the principal and accrued interest outstanding pursuant to certain secured related-party notes (the "Related-Party Notes") and all outstanding warrants to purchase shares of our common stock. Pursuant to the 2014 Recapitalization Agreement, we retained \$220.0 million of net proceeds in connection with our initial public offering and used the remaining net proceeds of \$56.5 million to repay a portion of the total of \$684.8 million of principal and accrued interest outstanding under the Related-Party Notes. Remaining principal and accrued interest under the Related-Party Notes was either (1) exchanged for a new \$50.0 million note bearing interest at a rate of 5.0% per annum, compounded annually, which is described below under "Virgin Group Note"; (2) repaid in connection with the release to us of cash collateral held by our credit card processors in exchange for a letter of credit facility arranged by the Virgin Group, which is described below under "Letter of Credit Facility"; or (3) exchanged for shares of our common stock. In addition, the outstanding warrants to purchase shares of our common stock were either exchanged without receipt of cash consideration for shares of our common stock or cancelled in their entirety. Prior to the consummation of the transactions contemplated by the 2014 Recapitalization Agreement, the Virgin Group held approximately \$420.2 million aggregate principal amount and accrued interest of the Related-Party Notes, and Cyrus Capital held approximately \$264.6 million aggregate principal amount and accrued interest of the Related-Party Notes. The Virgin Group and Cyrus Capital also held the majority of our outstanding warrants.

Virgin Group Note

On November 19, 2014, in connection with the transactions contemplated by the 2014 Recapitalization Agreement, we issued a new note with a principal amount of \$50.0 million (the "Virgin Group Note") to the Virgin Group in exchange for the cancellation of \$50.0 million of outstanding principal of Related-Party Notes held by the Virgin Group. The Virgin Group Note is our senior unsecured obligation, bears interest at a rate of 5.0% per annum, compounded annually, and will become on November 19, 2022, or November 19, 2020 if we are no longer required to provide collateral to our credit card transaction processors and can therefore terminate the Letter of Credit Facility described below. In addition, in connection with the issuance of the Virgin Group Note, we agreed to restrictions preventing us from incurring any future secured indebtedness related to our unencumbered assets unless the Virgin Group Note is secured on a *pari passu* basis with such debt.

Registration Rights

On November 13, 2014, we entered into a registration rights agreement pursuant to which Cyrus Capital and the Virgin Group, their respective transferees and certain other investors are entitled to certain demand and piggyback registration rights, subject to lock-up arrangements and certain restrictions.

Letter of Credit Facility

On November 19, 2014, the Virgin Group arranged for a \$100.0 million letter of credit facility (the "Letter of Credit Facility") to be issued on our behalf to certain companies that process substantially all of our credit card transactions.

The Letter of Credit Facility allows these companies to release approximately \$100.0 million of cash collateral to us. In connection with the release of this cash collateral, we used \$100.0 million to repay principal and accrued interest due under certain of the Related Party Notes held by the Virgin Group. The Letter of Credit Facility contains an annual commitment fee of 5.0% payable by us to the Virgin Group, and the Virgin Group shall provide this Letter of Credit Facility for a period of five years from November 19, 2014. In addition, we are responsible for annual fees associated with the issuance and maintenance of the Letter of Credit Facility. The Letter of Credit Facility will only become an

42 Virgin America Inc. 2015 Proxy Statement

obligation of ours if one or both of our credit card processors were to draw on the Letter of Credit Facility. In addition, we agreed to restrictions preventing us from incurring any future secured indebtedness related to our unencumbered assets unless our reimbursement obligations to the Virgin Group are secured on a *pari passu* basis with such secured debt. The Letter of Credit Facility will be reduced or terminated to the extent that collateral requirements are decreased or eliminated by our credit card transaction processors. On November 18, 2014, we entered into an amendment to its agreement with American Express Travel Related Services Company, Inc. (Amex) in order to provide that the holdback provided for in such agreement will be reduced by the amount of any letter of credit provided to Amex by certain financial institutions, which will include the letter of credit provided by the Letter of Credit Facility.

PAR Capital Private Placement

PAR Capital purchased approximately \$52.1 million of common stock, or 2,264,492 shares, from the Virgin Group and Cyrus Holdings in a private placement at a price per share equal to 96% of the initial public offering price. In connection with this private placement, we paid to the Virgin Group and Cyrus Holdings an aggregate amount of approximately \$2.1 million, the aggregate discount to the initial public offering price of the shares purchased by PAR Capital from the Virgin Group and Cyrus Holdings.

Indemnification Agreements

We have entered into indemnification agreements with each of its directors and executive officers. These agreements, among other things, require us to indemnify each director and executive officer to the fullest extent permitted by Delaware law, including indemnification of expenses such as attorneys' fees, judgments, fines and settlement amounts incurred by the director or executive officer in any action or proceeding, including any action or proceeding by or in right of us, arising out of the person's services as a director or executive officer.

Policies and Procedures for Related-Party Transactions

Our Board has adopted a written related-party policy setting forth the policies and procedures for the review and approval or ratification of related-person transactions by the audit committee. This policy covers any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships in which we are to be a participant, the amount involved exceeds \$120,000 and a related party had or will have a direct or indirect material interest, including purchases of goods or services by or from the related party or entities in which the related party has a material interest, indebtedness, guarantees of indebtedness and employment by us of a related party.

Other Matters

The Board knows of no other matters that will be presented for consideration at the virtual Annual Meeting. If any other matters are properly brought before the virtual Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.
