ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON APRIL 27, 2015

PROXY STATEMENT

GENERAL INFORMATION

This proxy statement is furnished to stockholders of BIOLASE, Inc., a Delaware corporation (the *Company*, *we*, *our* or *us*), in connection with the solicitation of proxies by our Board of Directors (our *Board*) for use at our annual meeting of stockholders to be held on Monday, April 27, 2015, and at any adjournment or postponement thereof (*our annual meeting*). Our annual meeting will be held at 11:00 a.m. local time at our corporate headquarters located at 4 Cromwell, Irvine, California, 92618. This proxy statement and the accompanying proxy card are first being sent or given to stockholders on or about April [], 2015.

Q. Why am I receiving these materials?

- A. We sent you this proxy statement because our Board is soliciting your proxy to vote at our annual meeting. This proxy statement summarizes the information you need to vote at our annual meeting. You do not need to attend our annual meeting to vote your shares.

Q. What proposals will be voted on at our annual meeting?

- A. Stockholders will vote on five proposals at our annual meeting:

the election of five directors to serve until the next annual meeting of stockholders and until their successors are duly elected and qualified;

the ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015;

the ratification of an amendment to our bylaws shifting litigation expenses to unsuccessful claiming current and former directors;

an amendment to the Biolase, Inc. 2002 Stock Incentive Plan; and

an advisory vote on the compensation of our named executive officers.

We will also consider other business, if any, that properly comes before our annual meeting.

Q. How does our Board recommend that stockholders vote on the proposals?

A. Our Board recommends that stockholders vote FOR the election of Paul N. Clark, Dr. Jonathan T. Lord, Dr. Frederic H. Moll, Jeffrey M. Nugent and James R. Talevich (collectively, the **Board Nominees**), FOR the ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015, FOR the ratification of the amendment to our bylaws, FOR the approval of the amendment to the Biolase, Inc. 2002 Stock Incentive Plan, and FOR the approval of the advisory resolution on executive compensation.

Although our Board does not recommend that stockholders vote FOR the election of Federico Pignatelli to our Board, Mr. Pignatelli is included in this proxy statement and is listed on the proxy card because our Board resolved that, consistent with the Agreement, dated as of June 6, 2013 (the **Pignatelli Agreement**), among Federico Pignatelli, the Company and each of Alexander K. Arrow, Norman J. Nemoy and Gregory E. Lichtwardt, Mr. Pignatelli would be nominated for election to our Board at our annual meeting. As such, Mr. Pignatelli is sometimes referred to in this proxy statement as the **Other Nominee**.

Table of Contents

Q. Who is entitled to vote?

- A. The record date for our annual meeting (the *record date*) is the close of business on April 1, 2015. As of the record date, 58,152,792 shares of our common stock, par value \$0.001 per share, were outstanding. No shares of our preferred stock were outstanding on the record date. Only holders of record of our common stock as of the record date will be entitled to notice of and to vote at our annual meeting or any adjournment or postponement thereof. Each stockholder is entitled to one vote for each share of our common stock held by such stockholder on the record date. Stockholders may not cumulate votes in the election of directors.

Q. Can I vote FOR the Board Nominees only?

- A. Yes. Our Board is comprised of five directors. Our Board is recommending the five Board Nominees (Paul N. Clark, Dr. Jonathan T. Lord, Dr. Frederic H. Moll, Jeffrey M. Nugent and James R. Talevich), whose names appear on the Company's proxy card. In addition to the names of the Board Nominees, the Company's proxy card lists Federico Pignatelli. If you desire to vote in accordance with our Board's recommendation, you should leave the boxes next to Mr. Pignatelli's name blank.

Q. What do I need for admission to our annual meeting?

- A. Stockholders will be admitted to our annual meeting only if they are entitled to vote at the meeting. If you are the stockholder of record, your name will be verified against the list of stockholders prior to your admittance to our annual meeting. You should be prepared to present photo identification for admission at our annual meeting. If you hold your shares in street name, you should provide proof of beneficial ownership on the record date, such as a brokerage account statement showing that you owned shares of our common stock as of the record date, a copy of the voting instruction card provided by your broker, bank or other nominee or other similar evidence of ownership as of the record date, as well as your photo identification, for your admission. If you do not provide photo identification or comply with the other procedures outlined above upon request, you will not be admitted to our annual meeting.

Q. How can I vote my shares without attending our annual meeting?

- A. If you are a holder of record of shares of our common stock, you may direct your vote without attending our annual meeting by signing, dating and mailing your proxy card in the enclosed postage-paid envelope or by following the instructions on the proxy card to vote by Internet.

If you hold your shares in street name via a broker, bank or other nominee, you may direct your vote without attending our annual meeting by signing, dating and mailing your voting instruction card in the enclosed postage-paid envelope. Internet voting may also be available. Please see your voting instruction card for instructions.

Q. Can I change my vote or revoke my proxy?

- A. You may change your vote or revoke your proxy at any time before it is voted at our annual meeting. If you are a stockholder of record, you may change your vote or revoke your proxy by:

delivering to us (Attention: Corporate Secretary) at the address on the first page of this proxy statement a written notice of revocation of your proxy;

delivering to us an authorized proxy bearing a later date (including a proxy over the Internet); or

attending our annual meeting and voting in person.

Attendance at our annual meeting will not, by itself, revoke a proxy.

If your shares are held in the name of a bank, broker or other nominee, you may change your vote by submitting new voting instructions to your bank, broker or other nominee. Please note that if your shares are

Table of Contents

held of record by a bank, broker or other nominee, and you decide to attend and vote at our annual meeting, your vote in person at our annual meeting will not be effective unless you present a legal proxy, issued in your name from the record holder (your bank, broker or other nominee).

Q. What constitutes a quorum?

A. The presence at our annual meeting, either in person or by proxy, of holders of a majority of the aggregate number of shares of our issued and outstanding common stock entitled to vote shall constitute a quorum for the transaction of business at our annual meeting. Shares represented by properly completed proxy cards either marked **ABSTAIN** or **WITHHOLD AUTHORITY TO VOTE** or returned without voting instructions are counted as present for the purpose of determining whether a quorum is present. Also, if shares are held by banks, brokers or other nominees who are prohibited from exercising discretionary authority for beneficial owners who have not given voting instructions (*broker non-votes*), those shares will be counted as present for quorum purposes.

Q. What vote is required to approve each matter to be considered at our annual meeting?

A. *Election of Directors (Proposal One)*. Our bylaws provide for a majority voting standard for the election of directors unless, as of the record date for the meeting, the number of nominees exceeds the number of directors to be elected at such meeting. Under our bylaws, where the number of nominees exceeds the number of directors to be elected at a meeting of stockholders for the election of directors, each director is to be elected by the affirmative vote of a plurality of the votes cast by the shares represented and entitled to vote at such meeting with respect to the election of such director. This means that the five candidates receiving the highest number of **FOR** votes will be elected. A properly executed proxy card marked **WITHHOLD** with respect to the election of a director nominee will be counted for purposes of determining if there is a quorum at our meeting but will not be considered to have been voted **FOR** or **AGAINST** the director nominee. An abstention or a broker non-vote on Proposal One will not have any effect on the election of directors.

IN COMPLETING THE PROXY CARD, PLEASE MAKE SURE THAT YOU ONLY MARK FOR OR WITHHOLD WITH RESPECT TO FIVE DIRECTOR NOMINEES. If a stockholder properly submits a proxy card that directs the proxy holder to vote **FOR** and/or **WITHHOLD** a vote with respect to more than five director nominees, the shares represented by such proxy card will be counted as present for purposes of establishing a quorum and will be voted as directed on all matters other than the election of directors, and in the election of directors, **FOR** votes will be counted for up to five of the director nominees; any **WITHHOLD** votes for any director nominees will be treated as if neither **FOR** nor **WITHHOLD** had been marked for such nominees; and if there are more than five **FOR** votes for director nominees, then none of the votes will be counted in the election of directors.

Ratification of Appointment of Independent Registered Public Accounting Firm (Proposal Two). The affirmative vote of the majority of the shares of our common stock present in person or represented by proxy and entitled to vote on the subject matter is required for approval. An abstention on Proposal Two will have the same effect as a vote against Proposal Two. A broker non-vote will not have any effect on Proposal Two and will not be counted.

Ratification of Amendment to Our Bylaws (Proposal Three). The affirmative vote of the majority of the shares of our common stock present in person or represented by proxy and entitled to vote on the subject matter is required for approval. An abstention on Proposal Three will have the same effect as a vote against Proposal Three. A broker

non-vote will not have any effect on Proposal Three and will not be counted.

Amendment to the Biolase, Inc. 2002 Stock Incentive Plan (Proposal Four). The affirmative vote of the majority of the shares of our common stock present in person or represented by proxy and entitled to vote on the subject matter is required for approval. An abstention on Proposal Four will have the same effect as a vote against Proposal Four. A broker non-vote will not have any effect on Proposal Four and will not be counted.

Table of Contents

Advisory Resolution on Executive Compensation (Proposal Five). Proposal Five is being submitted to enable stockholders to approve, on an advisory basis, the compensation of the Company's named executive officers. The affirmative vote of the majority of the shares of our common stock present in person or represented by proxy and entitled to vote on the subject matter is required for approval. An abstention on Proposal Five will have the same effect as a vote against Proposal Five. A broker non-vote will not have any effect on Proposal Five and will not be counted. Proposal Five is an advisory vote only, and, therefore, it will not bind the Company or our Board. However, our Board and the Compensation Committee will consider the voting results, as appropriate, when making future decisions regarding executive compensation.

Q. What is the deadline for submitting a proxy?

A. To ensure that proxies are received in time to be counted prior to our annual meeting, proxies submitted by Internet should be received by 11:59 p.m. Eastern Time on the day immediately prior to our annual meeting (or if our annual meeting is adjourned, by 11:59 p.m. Eastern Time on the day immediately prior to the date on which our annual meeting is reconvened), and proxies submitted by mail should be received prior to the start of our annual meeting.

Q. What does it mean if I receive more than one proxy card?

A. If you hold your shares in more than one account, you will receive a proxy card for each account. To ensure that all of your shares are voted, please complete, sign, date and return a proxy card for each account or use the proxy card for each account to vote by Internet. To ensure that all of your shares are represented at our annual meeting, we recommend that you vote every proxy card that you receive.

Q. How will my shares be voted if I return a blank proxy card or a blank voting instruction card?

A. If you are a holder of record of shares of our common stock and you sign and return a proxy card without giving specific voting instructions, your shares will be voted FOR:

the election of the Board Nominees (Paul N. Clark, Dr. Frederic H. Moll, Jonathan T. Lord, Jeffrey M. Nugent and James R. Talevich);

the ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015;

the ratification of an amendment to our bylaws shifting litigation expenses to unsuccessful claiming current and former directors;

the approval of the amendment to the Biolase, Inc. 2002 Stock Incentive Plan; and

the approval of the advisory resolution on executive compensation.

If you hold your shares in street name via a broker, bank or other nominee and do not provide the broker, bank or other nominee with voting instructions (including by signing and returning a blank voting instruction card), your shares:

will be treated as broker non-votes ;

will be counted as present for purposes of establishing a quorum;

will be voted in accordance with the broker s, bank s or other nominee s discretion on routine matters, such as the proposal to ratify the appointment of our auditors; and

will not be counted in connection with the election of directors, the ratification of an amendment to our bylaws previously approved by our Board, the amendment to the Biolase, Inc. 2002 Stock Incentive Plan, the advisory vote on the compensation of our named executive officers or any other non-routine matters.

Table of Contents

Our Board knows of no matter to be presented at our annual meeting other than the election of directors, ratification of our independent registered public accounting firm, the ratification of an amendment to our bylaws previously approved by our Board, the amendment to the Biolase, Inc. 2002 Stock Incentive Plan and the advisory resolution on executive compensation. If any other matters properly come before our annual meeting upon which a vote properly may be taken, shares represented by all proxies received by us on the proxy card will be voted with respect thereto as permitted and in accordance with the judgment of the proxy holders.

Q. What happens if a stockholder submits a proxy card that directs the proxy holder to vote FOR and/or WITHHOLD with respect to more than five director nominees?

A. If a stockholder properly submits a proxy card that directs the proxy holder to vote FOR and/or WITHHOLD a vote with respect to more than five director nominees, the shares represented by such proxy card will be counted as present for purposes of establishing a quorum and will be voted as directed on all matters other than the election of directors, and in the election of directors, FOR votes will be counted for up to five of the director nominees; any WITHHOLD votes for any director nominees will be treated as if neither FOR nor WITHHOLD had been marked for such nominees; and if there are more than five FOR votes for director nominees, then none of the votes will be counted in the election of directors. PLEASE MAKE SURE THAT YOU ONLY MARK FOR OR WITHHOLD WITH RESPECT TO FIVE DIRECTOR NOMINEES.

Q. Who is making this solicitation?

A. This proxy solicitation is being made on behalf of our Board.

BACKGROUND

In early February 2014, Larry Feinberg, the managing member of the general partner of Oracle Partners, L.P. (*Oracle Partners*), told Federico Pignatelli that he believed our Board needed more experienced directors. Messrs. Pignatelli and Feinberg agreed that Paul Clark and Jeffrey Nugent — two independent directors with previous experience — would be good additions to our Board. Mr. Pignatelli asked two directors — Alexander K. Arrow and Samuel Low — to resign so he could appoint Messrs. Clark and Nugent to fill the vacancies that would be created by their resignations. Drs. Arrow and Low agreed, and our Board held a telephonic meeting on February 28, 2014. On March 3, 2014, the Monday following the meeting, the Company issued a press release announcing that Drs. Arrow and Low had resigned on February 28, 2014 and that, on the same day, Messrs. Clark and Nugent had been appointed to our Board to fill the vacancies created by the resignations.

Mr. Pignatelli was quoted in the press release as saying he was thrilled by the new appointments. Then, after a majority of our Board made clear that they wanted Mr. Pignatelli to resign as Chief Executive Officer, Mr. Pignatelli asked Drs. Arrow and Low to rescind their resignations. Each purported to rescind his resignation on March 3, 2014. Then, on March 6, 2014, Mr. Pignatelli instructed the Company to file a Form 8-K stating that our Board had appointed Messrs. Clark and Nugent and that as a result of these appointments, there were eight directors on our Board.

On March 11, 2014, Oracle Partners brought an action against the Company seeking a declaration that, among other things, our Board consisted of only six members (not eight) and Drs. Arrow and Low had resigned from our Board and been replaced by Messrs. Clark and Nugent.

Following discovery and an expedited trial, the Delaware Court of Chancery held that (1) our Board was comprised of five directors, (2) Dr. Arrow's resignation was effective and Mr. Clark was validly appointed and (3) Dr. Low's resignation was ineffective and Mr. Nugent had not been validly appointed. The Delaware Supreme Court affirmed the Chancery Court's decision. Mr. Pignatelli resigned as Chairman of the Board and Chief Executive Officer of the Company on June 12, 2014, the same date as the Delaware Supreme Court's ruling. As the Delaware Supreme Court observed, the effect of the Chancery Court's judgment was that there was a majority of our Board who had signaled their desire to remove Mr. Pignatelli as Chief Executive Officer.

On June 16, 2014, Mr. Clark was appointed Chairman of the Board, and Jeffrey M. Nugent was appointed as a director of the Company and our Acting Chief Executive Officer.

Although the Nominating and Corporate Governance Committee did not recommend the nomination of Mr. Pignatelli for election to our Board at our 2014 annual meeting, our Board resolved that, consistent with the Pignatelli Agreement, Mr. Pignatelli would be nominated (but not recommended) for election to our Board at our 2014 annual meeting.

On July 3, 2014, Mr. Pignatelli purported to provide notice of his intention to nominate five candidates (including himself) for election to our Board at our 2014 annual meeting. However, such notice failed to comply with the Company's bylaws, because at the time that he provided such notice, while Mr. Pignatelli was a beneficial owner of our common stock, he did not have his holder of record provide such notice on his behalf.

On July 21, 2014, Mr. Pignatelli filed a complaint in the Court of Chancery of the State of Delaware, naming the Company, and all of the Company's directors other than himself and Norman J. Nemoy as defendants. The complaint alleged, among other things, that (a) the slate of director nominees proposed by Mr. Pignatelli was valid, (b) certain members of our Board breached their fiduciary duties by rejecting Mr. Pignatelli's slate, (c) the Company breached the

Pignatelli Agreement, (d) the Company and certain members of our Board breached their implied duties of good faith and fair dealing by adopting a definition of "nominate" under the Pignatelli Agreement that was "nonsensical," (e) the shares recently issued by the Company to certain investors in connection with the Company's private placement announced on July 21, 2014

Table of Contents

should not be allowed to vote at our annual meeting and (f) the Company's recently enacted bylaw amendments, including the fee-shifting bylaw provision (which is the subject of Proposal Three), were invalid. Mr. Pignatelli sought expedited proceedings with respect to all of his claims other than the claims relating to the bylaw amendments.

On July 24, 2014, the Chancery Court denied Mr. Pignatelli's motion for expedited proceedings on all but one of his claims (the rejection of Mr. Pignatelli's slate), and on July 29, 2014, Mr. Pignatelli filed a notice of voluntary dismissal of his July 21, 2014 complaint.

On August 5, 2014, Mr. Nemoy resigned as a director of the Company, and on August 6, 2014, Mr. Pignatelli resigned as a director of the Company and withdrew as a nominee for re-election to our Board at our 2014 annual meeting.

Mr. Nugent was appointed as President and Chief Executive Officer of the Company on September 2, 2014.

Table of Contents**MATTERS TO BE CONSIDERED AT THE ANNUAL MEETING****PROPOSAL ONE****ELECTION OF DIRECTORS****General**

Our Board currently consists of five directors whose term of office expires at our annual meeting. Our bylaws provide that our Board will consist of no more than five directors.

At a meeting held on February 11, 2015, our Board nominated each of Paul N. Clark, Dr. Frederic H. Moll, Dr. Jonathan T. Lord, Jeffrey M. Nugent and James R. All of the Board Nominees currently serve on our Board. All of the Board Nominees and the Other Nominee have consented to be named in this proxy statement and have agreed to serve, if elected, until the 2016 Annual Meeting of Stockholders and until their successors have been duly elected and qualified or until their earlier resignation, removal or death.

Unless otherwise instructed, the proxy holders will vote the shares represented by proxies received by them FOR each of the Board Nominees.

Recommendation of Our Board

Our Board believes that it is important to ensure that our Board is comprised of highly qualified individuals who have relevant experience and are accomplished in their respective fields. Our Board also believes that it is important for the full Board to work together constructively with a focus on shareholder value and a duty to both the Company and to

the interests of all of the Company's stockholders. Our Board believes that the Board Nominees meet these criteria.

FOR THESE REASONS, OUR BOARD RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF MESSRS. CLARK, NUGENT, AND TALEVICH, AND DRs. MOLL AND LORD.

Table of Contents

Our Board does not recommend a vote **FOR** the election of the Other Nominee, for the following reasons:

Mr. Pignatelli is the Company's former Chairman of the Board and Chief Executive Officer of the Company. Our Board decided in 2014 that our Board and the Company would benefit from new leadership, and our Board continues to hold this belief.

Our Board is focused on working together constructively with a focus on shareholder value and a duty both to the Company and to the interests of all the Company's stockholders. Based on factors including Mr. Pignatelli's recent lawsuits against the Company and other members of our Board, our Board believes that Mr. Pignatelli is not focused on those same goals.

Our Board believes that Mr. Pignatelli's recent public statements, including a published February 2015 threat to launch a proxy contest, call into question Mr. Pignatelli's ability to work with other current Board members and Company management.

CORPORATE GOVERNANCE

Board Role in Risk Oversight

Our Board takes an enterprise-wide approach to risk management that seeks to complement our organizational objectives, strategic objectives, long-term organizational performance and the overall enhancement of stockholder value. Our Board assesses and considers the risks we face on an ongoing basis, including risks that are associated with our financial position, our competitive position, the impact of our operations on our cost structure, our historical reliance on a small number of distributors, and our reliance on single source suppliers for some of our components. Our Board's approach to risk management includes understanding the risks we face, analyzing them with the latest information available and determining the steps that should be taken to manage those risks, with a view toward the appropriate level of risk for a company of our size and financial condition.

Certain committees of our Board actively manage risk within their given purview and authority. Our Audit Committee, for example, reviews our disclosure controls and our internal controls over financial reporting on a quarterly basis, including our overall risk assessment and our processes and procedures for assessing risks. In addition, our Compensation Committee, in setting performance metrics, creates incentives for our senior executives that encourage only an appropriate level of risk-taking that is commensurate with our Company's short-term and long-term strategies and their attendant risks.

Board Composition and Qualifications

Each Board Nominee brings a strong and unique set of skills and background to our Board and gives our Board as a whole substantial experience and competence in a wide variety of areas, including board of directors service, executive management, medical devices, capital equipment, specialty healthcare, consumer products, sales and marketing, international operations, public accounting, corporate finance, risk assessment, and manufacturing.

Board Leadership Structure

Our Board currently consists of four non-management directors and our President and Chief Executive Officer, Mr. Nugent. Mr. Clark, one of our independent directors, is Chairman of our Board. Our Board has no policy requiring that the positions of the Chairman of the Board and the Chief Executive Officer be separate or that they be occupied by the same individual. Our Board believes that this matter is properly addressed as part of the succession planning process and that it is in the best interests of the Company for our Board to determine whether to combine the positions from time to time.

Director Independence

Our Board has determined that each of the Board Nominees other than Mr. Nugent is an independent director as defined by the listing standards of the NASDAQ Marketplace Rules (the *NASDAQ Rules*) and the

Table of Contents

rules and regulations of the United States Securities and Exchange Commission (the *SEC*). Former directors Dr. Samuel Low and Norman J. Nemoy were also determined to be independent. Mr. Pignatelli was determined to not be independent based on his service beginning in November 2007 as our interim Chief Executive Officer and based on his service, from January 2008 until June 2014, as our President and, from September 2010 until June 2014, as our Chief Executive Officer. Former director Dr. Alexander K. Arrow was determined to not be independent based on his service, beginning in June 2013, as our President and Chief Operating Officer. Mr. Nugent was determined not to be independent based on his current service as our current President and Chief Executive Officer.

Board Committees and Meetings

Our Board held 13 meetings (including regularly scheduled and special meetings) during the year ended December 31, 2014. During 2014, each person currently serving as a director attended at least 75% of the aggregate of (i) the total number of meetings of our Board held during the period for which he was a director and (ii) the total number of meetings held by all committees of our Board on which such director served during the period for which he served. Although we have no policy with regard to director attendance at our annual meetings of stockholders, it is customary for, and we encourage, all of our directors to attend our annual meetings of stockholders. All of our directors attended our 2014 annual meeting of stockholders.

Our Board has established three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. Each committee operates pursuant to a written charter that has been approved by our Board. A copy of the current charter for each of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee is available on our website at www.biolase.com. We do not intend the address to be an active link or to otherwise incorporate the contents of our website into this report.

Audit Committee. The Audit Committee currently consists of Messrs. Clark and Talevich and Dr. Moll. Mr. Talevich serves as its chairman. Our Board has determined that Mr. Talevich qualifies as the audit committee financial expert under the SEC rules and meets the financial sophistication requirements of the NASDAQ Rules. Mr. Talevich is independent, as independence of audit committee members is defined in the NASDAQ Rules.

The primary responsibilities of the Audit Committee include, but are not limited to: (i) the appointment, compensation and oversight of the work of our independent auditor; (ii) reviewing the reports of the independent auditors regarding our accounting practices and systems of internal accounting controls, as applicable; (iii) reviewing our financial reports, our accounting and financial policies in general, and management's procedures and policies with respect to our internal accounting controls; and (iv) reviewing the independence qualifications and quality controls of the independent auditor. The Audit Committee held seven meetings during 2014.

Compensation Committee. The Compensation Committee currently consists of Mr. Clark and Dr. Lord. Dr. Lord serves as its chairman. Each of the current members of the Compensation Committee qualifies as a non-employee director under SEC rules and regulations and as an outside director under the Internal Revenue Code of 1986, as amended (the *Code*).

The Compensation Committee's primary responsibilities include, but are not limited to: (i) reviewing and developing our general compensation policies; (ii) reviewing and approving the compensation of our Chief Executive Officer and other executive officers, including salary, bonus, long-term incentive and equity compensation, and any other perquisites or special benefits; (iii) making awards under and acting as administrator of our equity incentive plans; (iv) overseeing administration of our other employee benefit plans; (v) making recommendations to our Board regarding director compensation; and (vi) producing an annual report on executive compensation for inclusion in our

annual proxy statement. The charter for the Compensation Committee requires it to meet at least twice annually. The Compensation Committee held three meetings during 2014.

Table of Contents

For compensation decisions relating to our executive officers other than our Chief Executive Officer, our Compensation Committee has historically considered the recommendations of our Chief Executive Officer, based on his assessment of each executive officer's position and responsibilities, experience and tenure, his observations of each executive officer's performance during the year and his review of competitive pay practices. Our Chief Executive Officer does not have a role in determining or recommending director compensation. The Compensation Committee has the sole authority to retain consultants and advisors as it may deem appropriate in its discretion, and the Compensation Committee has the sole authority to approve related fees and other retention terms.

The Compensation Committee has the authority to hire and fire its own outside compensation consultant and any other advisors it deems necessary. Since July 2014, the Compensation Committee has engaged Arnosti Consulting, Inc. (*Arnosti*) to act as its independent consultant. The consultant provides the Compensation Committee with information regarding market compensation levels, general compensation trends and best practices. The Compensation Committee also asks the consultant to opine on the reasonableness of specific pay decisions and actions for the named executive officers, as well as the appropriateness of the design of the Company's executive compensation programs.

The activities of the compensation consultant are directed by the Compensation Committee, although the consultant may communicate with members of management, as appropriate, to gather data and prepare analyses as requested by the Compensation Committee. During late 2014, the Compensation Committee asked Arnosti to review market data and advise our Compensation Committee on setting executive compensation and the competitiveness and reasonableness of the Company's executive compensation program; review and advise the Compensation Committee regarding the Company's pay for performance, equity grant and dilution levels, each as relative to the Company's peers; review and advise the Compensation Committee regarding regulatory, disclosure and other technical matters; and review and advise the Compensation Committee regarding the Company's compensation risk assessment procedures. The Compensation Committee also asked Arnosti to provide opinions on named executive officer pay decisions.

In 2014, Arnosti did not provide any other services to the Company. The Compensation Committee assessed the independence of Arnosti pursuant to SEC rules and concluded that Arnosti's work for the Compensation Committee does not raise any conflict of interest.

The Compensation Committee has determined that Arnosti is independent because it does no work for us other than that requested by the Compensation Committee. The Chairman of the Compensation Committee reviews the consultant's invoices, which are paid by the Company.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee currently consists of Messrs. Clark and Talevich and Drs. Lord and Moll. Mr. Clark serves as its chairman. The Nominating and Corporate Governance Committee is responsible for, among other things: (i) identifying individuals who are qualified to be members of our Board and selecting or recommending that our Board select the nominees for directorships; (ii) to the extent deemed appropriate by the committee, developing and recommending to our Board a set of corporate governance principles for the Company; (iii) establishing the criteria and procedures for selecting new directors; (iv) overseeing the process for evaluating our Board and management; and (v) reviewing and reassessing, at least annually, the adequacy of the Nominating and Corporate Governance Committee, including the compliance of the committee with its charter. The Nominating and Corporate Governance Committee held three meetings during 2014.

The Nominating and Corporate Governance Committee considers candidates for membership to our Board suggested by its members and our other Board members, as well as by our management and stockholders. The Nominating and Corporate Governance Committee may also retain a third-party executive search firm to identify candidates. All recommendations submitted by stockholders should be submitted to the Nominating and Corporate Governance

Committee to the attention of the Corporate Secretary. The stockholder must submit a detailed resume of the candidate and an explanation of the reasons why the stockholder believes this candidate is qualified for service on our Board. The stockholder must also provide such other information about the candidate

Table of Contents

that would be required by the SEC rules to be included in a proxy statement. In addition, the stockholder must include the consent of the candidate and describe any relationships, arrangements or undertakings between the stockholder and the candidate regarding the nomination or otherwise. The stockholder must also submit proof of stockholdings in the Company. All communications are to be directed to the Chairperson of the Nominating and Corporate Governance Committee, to the attention of the Corporate Secretary, BIOLASE, Inc., 4 Cromwell, Irvine, California 92618. A stockholder wishing to formally nominate a director for election at a stockholder meeting must comply with the provisions in the Company's bylaws addressing stockholder nominations of directors.

The Nominating and Corporate Governance Committee focuses on the following criteria in determining whether a candidate is qualified to serve on our Board: (i) personal and professional integrity, ethics and values; (ii) experience in corporate management, such as serving as an officer or former officer of a publicly held company; (iii) experience in the Company's industry and with relevant social policy concerns; (iv) experience as a board member of another publicly held company; (v) academic expertise in an area of the Company's operations; (vi) practical and mature business judgment; (vii) whether the candidate has the time required for preparation, participation and attendance at meetings; and (viii) requirements relating to board and board committee composition under applicable law and the NASDAQ Rules. The Nominating and Corporate Governance Committee, and our Board, may also consider the overall diversity of our Board when making a determination on qualification for service on our Board to ensure that our Board is able to represent the best interests of all of our stockholders and to encourage innovative solutions and viewpoints by considering background, education, experience, business specialization, technical skills and other factors with respect to a particular candidate, as compared to composition of our Board at a given time. The Nominating and Corporate Governance Committee does not have a specific policy with regard to the consideration of director candidates recommended by stockholders because the Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders on the same basis that it evaluates other nominees for director.

Stockholder Communications

Any stockholder who wishes to communicate with our Board or any individual director may send written communications to our Board or such director c/o Corporate Secretary, BIOLASE, Inc., 4 Cromwell, Irvine, California 92618. The communication must include the stockholder's name, address and an indication that the person is our stockholder. The Corporate Secretary will review any communications received from stockholders and will forward such communications to the appropriate director or directors, or committee of our Board, based on the subject matter.

Section 16(a) Beneficial Ownership Reporting Compliance

The members of our Board, executive officers and beneficial holders of more than ten percent of the outstanding shares of our common stock are subject to the reporting requirements of Section 16(a) of the Securities Exchange Act of 1934 (the *Exchange Act*) which requires them to file reports with respect to their ownership of our securities. To our knowledge, based solely upon the copies of Section 16(a) reports and written representations which we received from such persons for their 2014 fiscal year transactions in our common stock and their common stock holdings, we believe that all reporting requirements under Section 16(a) for such fiscal year were met in a timely manner by our directors, executive officers and greater than ten percent beneficial owners.

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics. This code of ethics applies to our directors, executive officers and employees. This code of ethics is publicly available in the corporate governance section of the

stockholder relations page of our website located at <http://www.biolase.com/Pages/Investors> and in print upon request to the Secretary at BIOLASE, Inc., 4 Cromwell, Irvine, California, 92618. If we make amendments to the code of ethics or grant any waiver that we are required to disclose, we will disclose the nature of such amendment or waiver on our website.

COMPENSATION DISCUSSION AND ANALYSIS

This compensation discussion and analysis section discusses the compensation policies and programs for our named executive officers, which consist of:

Jeffrey M. Nugent, our President and Chief Executive Officer since September 2014 and our acting Chief Executive Officer from June 2014 to September 2014;

Federico Pignatelli, who served as our Chief Executive Officer from September 2010 until his resignation in June 2014;

Alexander K. Arrow, M.D., who served as our President and Chief Operating Officer from June 2013 until August 2014 and as our Chief Medical Officer effective from August 2014 until his resignation in December 2014;

Frederick D. Furry, who served as our Chief Financial Officer from November 2010 until his resignation in January 2015; and

Dmitri Boutoussov, our Vice President of Research and Development since July 2013 and our Chief Technology Officer from October 2010 to July 2013.

The Compensation Committee of our Board is primarily responsible for overseeing the development and administration of the total compensation program for corporate officers and key executives and administering our executive incentive bonus and stock plans.

Compensation Objectives

It is important that we employ energetic people who are enthusiastic about our mission and our products, and we believe this must start at the top with our executive officers who set an example for the entire company.

Table of Contents

We are engaged in a very competitive industry, and our success depends upon our ability to attract and retain qualified executive officers by offering them competitive compensation packages. Our compensation programs for our executive officers are designed to attract and retain such key executive officers and to reward them in a fashion commensurate with our corporate performance and the value created for our stockholders. Our compensation programs also support our short-term and long-term strategic goals and values and reward the individual contributions of our executive officers to our success.

Our policy is to provide our executive officers with competitive compensation opportunities that reward their contribution to our financial success and individual performance, while providing financial stability and security. Accordingly, the compensation package for executive officers is mainly comprised of the following compensation elements: (1) a base salary, designed to be competitive with salary levels in the industry and to reflect individual performance; (2) an annual discretionary bonus payable in cash and based on the review of certain annual financial and other performance measures, which supports our short-term performance; (3) where appropriate, long-term stock-based incentive awards, which support our long-term performance and are designed to strengthen the mutual interests between our executive officers and our stockholders; and (4) in one case, severance payments and other benefits payable upon termination of an officer's employment by us without cause or by our officer for good reason, including following a change of control of us, which promotes executive retention and efforts toward the best interests of our stockholders in the event of an actual or threatened change of control of us. We believe that each of these elements and their combination supports our overall compensation objectives.

Determination of Compensation Awards

The Compensation Committee determines the compensation to be paid to our executive officers. For compensation decisions relating to our executive officers other than our Chief Executive Officer, our Compensation Committee has historically considered the recommendations of our Chief Executive Officer, based on his assessment of each executive officer's position and responsibilities, experience and tenure, his observations of each executive officer's performance during the year and his review of competitive pay practices. In addition, Arnosti provides independent executive consulting services to the Compensation Committee. The Compensation Committee periodically reviews the total compensation levels and the distribution of compensation among the compensation elements identified above for each of our executive officers. The Compensation Committee determines the total compensation levels for our executive officers by considering each executive officer's position and responsibilities, the individual's performance of his job-related duties and responsibilities and our financial performance, in the context of our compensation policies and objectives and competitive market data (evaluated with the assistance of Arnosti) applicable to each executive officer's position.

The principal factors that were taken into account in establishing each executive officer's compensation package for 2014 are described below. The Compensation Committee may in its discretion apply entirely different factors, such as different measures of financial performance, for future years.

In addition, the Compensation Committee periodically reviews peer group data. The Compensation Committee believes that our most direct competitors for executive talent include significantly larger and better-capitalized companies in the medical device industry, comprising a broader range of companies than those with which we usually are compared for purposes of stock performance.

Market Comparisons

As discussed above, the Compensation Committee periodically reviews peer group data with the assistance of Amosti. The Compensation Committee believes that our most direct competitors for executive talent include significantly

larger and better-capitalized companies in the medical device industry, comprising a broader range of companies than those with which we usually are compared for purposes of stock performance. The Compensation Committee does not believe that it is appropriate to establish compensation levels based only on

Table of Contents

market practices. The Compensation Committee believes that compensation decisions are complex and require a deliberate review of Company performance and peer compensation levels, as well as the overall business environment and the contributions of each individual. Accordingly, the Committee's approach is to consider competitive compensation practices as a relevant factor rather than establishing compensation at specific benchmark percentiles. This enables us to respond to dynamics in the labor market and provides us with flexibility in maintaining and enhancing our executive officers' engagement, focus, motivation and enthusiasm for our future.

Components of Compensation

During 2014, our executive officers' compensation was composed of base salary, annual incentive bonuses, equity compensation, certain perquisites, and, in one case, a potential severance payment payable upon certain events, including a qualifying termination of the executive officer's employment subsequent to a change of control of the Company. After review of certain annual financial and other performance measures, as well as certain other factors, the Company declined to pay the annual incentive bonus and grant equity compensation to most of the named executive officers in 2014.

The Compensation Committee monitors the results of the annual advisory "say-on-pay" proposal and incorporates such results as one of many factors considered in connection with the discharge of its responsibilities. Because a substantial majority of our stockholders approved the compensation program described in our proxy statement in 2014, the Compensation Committee did not implement changes to our executive compensation program as a result of the stockholder advisory vote.

Base Salaries

Our executive officers' base salaries are assessed annually by the Compensation Committee, taking into account each officer's position and responsibilities, including accomplishments and contributions, experience and tenure. In addition, the Compensation Committee considered our stockholders' previous approval, on an advisory basis, of the compensation of the Company's named executive officers, as well as the Company's recent performance and current market conditions.

Mr. Nugent. Mr. Nugent's annual base salary of \$300,000 was negotiated at the time of his appointment as acting Chief Executive Officer in June 2014 and was based on comparable market data.

Mr. Pignatelli. Mr. Pignatelli was appointed to the position of acting Chief Executive Officer in August 2010 and, at his request, received an annual base salary of \$1.00. Mr. Pignatelli continued to receive a symbolic annual base salary of \$1.00 in his position as our Chief Executive Officer from September 2010 until his resignation in June 2014.

Dr. Arrow. Dr. Arrow's annual base salary of \$250,000 was set at the time of his appointment as our President and Chief Operating Officer in June 2013. Effective August 2014, Dr. Arrow assumed the position of Chief Medical Officer and continued to receive an annual base salary of \$250,000. His base salary was negotiated and was based on comparable market data, as well as our compensation goals and objectives.

Mr. Furry. Mr. Furry's annual base salary was increased from \$195,000 to \$220,000 in December 2013. His base salary was negotiated and was based on comparable market data, as well as our compensation goals and objectives.

Mr. Boutoussov. Mr. Boutoussov's annual base salary is \$250,000. His base salary was negotiated in December 2012 and was based on comparable market data, as well as our compensation goals and objectives.

Annual Bonuses

Our annual bonuses have been historically intended to reward accomplishment of our overall short-term corporate performance and objectives for a fiscal year.

Table of Contents

Mr. Nugent. No formal annual bonus opportunity was set for Mr. Nugent in 2014. Accordingly, no bonus was paid to, or accrued for, Mr. Nugent for 2014.

Mr. Pignatelli. Pursuant to his request, Mr. Pignatelli was not eligible to receive any annual bonus for 2014.

Dr. Arrow. In 2014, Dr. Arrow was eligible to receive a bonus based upon achieving certain financial and operational metrics as established from time to time by the Compensation Committee. No bonus was paid to, or accrued for, Dr. Arrow for 2014.

Mr. Furry. No formal annual bonus opportunity was set for Mr. Furry in 2014. Accordingly, no bonus was paid to, or accrued for, Mr. Furry for 2014.

Mr. Boutoussov. No formal annual bonus opportunity was set for Mr. Boutoussov in 2014. Accordingly, no bonus was paid to, or accrued for, Mr. Boutoussov for 2014.

Stock-Based Incentive Awards

Stock-based incentives are designed to align the interests of our executive officers with those of our stockholders and provide each individual with a significant incentive to manage us from the perspective of an owner with an equity stake in our business. Stock options allow our executive officers to purchase shares of our common stock at a fixed price per share (which is at least the closing sale price of our stock on the grant date) over a specified period of time. Stock options generally become exercisable in a series of installments over either a three- or four-year period, contingent upon the officer's continued employment with us. Accordingly, stock options provide a return to the executive officer only if he remains employed by us during the vesting period, and then only if the market price of the shares appreciates over the option term. As such, stock options not only reward our corporate performance but are also a key retention tool. The size of the option grant to each executive officer, including any grant considered for the Chief Executive Officer and our other named executive officers, is set at a level that is intended to create a meaningful opportunity for stock ownership based on the individual's position with us, the individual's performance of his job-related duties and responsibilities in recent periods and his potential for future responsibility and promotion over the option term. The Compensation Committee also takes into account the number of unvested options held by the executive officer in order to maintain an appropriate level of equity incentive for that individual. The weight given to each of these factors varies from individual to individual. In 2014, the Compensation Committee determined that restricted stock units (*RSUs*) could also be utilized as a tool to incentivize certain executive members of management, and to further align management and stockholder interest.

Mr. Nugent. On July 13, 2014, in connection with his appointment as our acting Chief Executive Officer, Mr. Nugent was granted options to purchase 172,282 shares of Company common stock at an exercise price of \$1.98 per share, and 37,879 RSUs. One-sixth of the stock options and one-sixth of the RSUs vested immediately, with the remaining five-sixths vesting ratably on a monthly basis over a twelve-month period ending on July 13, 2015, subject to Mr. Nugent's continued service with the Company through the applicable vesting dates. The Compensation Committee considered these grants as necessary to obtain, and appropriate for, Mr. Nugent's services.

Other Named Executive Officers. No stock-based incentive awards were granted to any of our other named executive officers in 2014.

Policies with Respect to Equity Compensation Award Determinations

We do not time the award of stock option grants in advance of material announcements in order to achieve lower exercise prices. Prior to Mr. Nugent's award of RSUs, we had not granted any equity compensation awards other than stock options. Our policy is that stock options are granted with an exercise price equal to or greater

Table of Contents

than the closing price of our common stock on the date of grant and that all option grants are approved in advance of or on the date of the grant. The Secondary Stock Option Committee (consisting of our Chief Executive Officer and Chief Financial Officer) is delegated authority by our Board to approve stock option grants in an amount not to exceed 12,000 shares per person and only for newly-hired employees and in compliance with the express terms and conditions of our 2002 Stock Incentive Plan. For stock option grants to new employees, our policy is that they be issued on, and have an exercise price equal to or greater than the closing stock price of our common stock on, such employee's start date, presuming that the award was pre-approved by the Secondary Stock Option Committee. Grants to employees that exceed 12,000 shares are first reviewed with our Board or the Compensation Committee. The Chief Executive Officer must review these grants at least semiannually with the Compensation Committee.

Perquisites and Other Benefits

The Company does not generally provide any perquisites, and the Company did not provide any perquisites to any named executive officer in 2014.

Severance and Change of Control Arrangements

Messrs. Nugent and Boutoussov are employed by the Company on an at will basis, and they do not have any employment agreements or severance provisions. Each of Mr. Pignatelli, Dr. Arrow and Mr. Furry was employed on an at will basis prior to his respective resignation. Mr. Boutoussov has an agreement that provides certain benefits in the event of a qualifying termination of employment following a change in control of the Company. As of December 31, 2014, Mr. Boutoussov's change in control benefits totaled approximately \$273,000, which represented one year of salary and certain medical and dental benefits. Messrs. Nugent, Pignatelli and Furry and Dr. Arrow do not have any change in control agreements with the Company.

Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code disallows a tax deduction to publicly held companies for compensation paid to certain of their executive officers to the extent that such compensation exceeds \$1.0 million per covered officer in any fiscal year. The limitation applies only to compensation that is not considered to be performance-based. Nonperformance-based compensation paid to our executive officers for the 2014 fiscal year did not exceed the \$1.0 million limit per officer, and we do not expect the nonperformance-based compensation to be paid to our executive officers for the 2015 fiscal year to exceed that limit. Our option grants under our 2002 Stock Incentive Plan are intended to qualify as performance-based compensation.

There are certain circumstances under which our Board and Compensation Committee may decide to exceed the deductibility limit imposed under Section 162(m) or to otherwise pay non-deductible compensation. These circumstances may include maintaining a competitive salary for a named executive officer position or attracting highly qualified executives to join us and to promote their retention with compensation that is not performance-based as part of their initial employment offers. Because it is unlikely that the cash compensation payable to any of our executive officers in the foreseeable future will approach the \$1.0 million limit, we do not expect to take any action to limit or restructure the elements of cash compensation payable to our executive officers so as to qualify that compensation as performance-based compensation under Section 162(m). We will reconsider this decision should the individual cash compensation of any executive officer ever approach the \$1.0 million level.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee during 2014 was an officer or employee of the Company during 2014, or in any prior year, and none of the members of the Compensation Committee had any relationship requiring disclosure under Item 404 of Regulation S-K. There were no Compensation Committee interlocks during 2014 as described in Item 407(e)(4) of Regulation S-K.

AUDIT COMMITTEE REPORT

The Audit Committee oversees our independent registered public accounting firm and assists our Board in fulfilling its oversight responsibilities on matters relating to the integrity of our financial statements, our compliance with legal and regulatory requirements and the independent registered public accounting firm's qualifications and independence by meeting regularly with the independent registered public accounting firm and financial management personnel. Management is responsible for the preparation, presentation and integrity of our financial statements; establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rule 13a-15(f)); evaluating the effectiveness of disclosure controls and procedures; and evaluating any change in internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting.

In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed our financial statements as of and for the fiscal year ended December 31, 2014 with management and BDO USA, LLP, our independent registered public accounting firm. The Audit Committee also discussed with BDO USA, LLP the matters required to be discussed by Auditing Standard No. 16, *Communications with Audit Committees*, as amended. This included a discussion of the independent registered public accounting firm's judgments as to the quality, not just the acceptability, of our accounting principles and such other matters that generally accepted auditing standards require to be discussed with the Audit Committee. The Audit Committee also received the written disclosures and the letter from BDO USA, LLP required by Public Company Accounting Oversight Board Rule 3526, Independence Discussion with Audit Committees, as amended, and the Audit Committee discussed the independence of BDO USA, LLP with that firm.

Based on the Audit Committee's review and discussions noted above, the Audit Committee recommended to our Board, and our Board approved, that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2014 for filing with the SEC. The Audit Committee also appointed BDO USA, LLP as our independent registered public accounting firm for 2015, subject to stockholder ratification.

Table of Contents**PROPOSAL TWO****RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has appointed BDO USA, LLP as our independent registered public accounting firm for 2015, subject to stockholder ratification. Our Board is asking our stockholders to ratify the appointment by the Audit Committee of BDO USA, LLP as the independent public accounting firm to conduct the audit of our financial statements for the fiscal year ending December 31, 2015. Stockholder ratification of such selection is not required by our bylaws or any other applicable legal requirement. However, our Board is submitting the selection of BDO USA, LLP to our stockholders for ratification as a matter of good corporate governance.

In the event our stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to continue to retain BDO USA, LLP for the 2015 fiscal year. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee believes that such a change should be made.

A representative of BDO USA, LLP is expected to be present at our annual meeting, will have the opportunity to make a statement if he or she desires to do so and is expected to be available to respond to appropriate questions.

Determination of Independence

In considering the nature of the services provided by our independent registered public accounting firm, the Audit Committee determined that such services are compatible with the provision of independent audit services. The Audit Committee discussed these services with our independent registered public accounting firm and our management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the SEC to implement the Sarbanes-Oxley Act of 2002, as well as the American Institute of Certified Public Accountants.

Pre-Approval Policy

According to policies adopted by the Audit Committee and ratified by our Board, to ensure compliance with the SEC's rules regarding auditor independence, all audit and non-audit services to be provided by our independent registered public accounting firm must be approved by the Audit Committee. This policy generally provides that we will not engage any independent registered public accounting firm to render audit or non-audit services unless the service is specifically approved in advance by the Audit Committee.

Table of Contents

From time to time, the Audit Committee may pre-approve specified types of services that are expected to be provided to us by our independent registered public accounting firm during the next 12 months. Any such pre-approval will be detailed as to the particular service or type of services to be provided and is also generally subject to a maximum dollar amount. In providing any pre-approval, the Audit Committee considers whether the services to be approved are consistent with the SEC's rules on auditor independence.

All fees paid to BDO USA, LLP in 2014 and 2013 were pursuant to engagements pre-approved by the Audit Committee, and none of those engagements made use of the exception to pre-approval contained in Regulation S-X, Rule 2-01(c)(7)(i)(C).

Recommendation of Our Board

OUR BOARD UNANIMOUSLY RECOMMENDS THAT OUR STOCKHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF BDO USA, LLP TO SERVE AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2015.

PROPOSAL THREE

RATIFICATION OF AMENDMENT TO BYLAWS SHIFTING LITIGATION EXPENSES TO UNSUCCESSFUL CLAIMING CURRENT AND FORMER DIRECTORS

Our Board is seeking ratification by the Company's stockholders of an amendment to our Amended and Restated Bylaws adding a new Section 12.2 (the *Amendment*), which was adopted by our Board on June 26, 2014. Subject to certain exceptions, the Amendment permits the Company to shift litigation expenses to any current or former director of the Company (or anyone acting on behalf of any current or former director of the Company) (each, a *Claiming Director*) who unsuccessfully asserts a claim or proceeding (including any claim or proceeding purportedly filed on behalf of the Company or any stockholder) against the Company or any of its current directors or officers. The Amendment is very limited in scope—it only applies to current or former directors (or anyone acting on behalf of any current or former director), not to other stockholders or other persons generally. The full text of the Amendment is as follows:

Section 12.2 Certain Litigation Costs.

To the fullest extent permitted by law, in the event that (a) without obtaining advance approval of the Board, any current or former director or anyone on behalf of any current or former director (each, a *Claiming Director*) asserts any claim or initiates any proceeding or joins, offers substantial assistance to or has a direct financial interest in any claim or proceeding against the Corporation or any of its directors or officers (including any proceeding purportedly filed on behalf of the Corporation or any stockholder), and (b) such *Claiming Director* (or the third party that received substantial assistance from the *Claiming Director* or in whose claim or proceeding such *Claiming Director* had a direct financial interest) does not obtain a judgment on the merits that substantially achieves, in substance and amount, the full remedy sought by such *Claiming Director* (or third party), then such *Claiming Director* shall be obligated to reimburse the Corporation and any such director or officer for all fees, costs and expenses of every kind and description (including all reasonable attorneys' fees and other litigation expenses) that the Corporation or any such director or officer actually incurs in connection with such claim or proceeding; provided, however, that the foregoing shall not apply with respect to any claim asserted or proceeding initiated by a *Claiming Director* for which such *Claiming Director* is entitled to (i) indemnification under Section 10.1 or any agreement with the Corporation or (ii) bring suit under Section 10.1(b). For purposes of this Section 12.2, *proceeding* shall have the definition set forth in Section 10.1(a) of these Bylaws.

Reasons for Proposal

Our Board approved the Amendment on June 26, 2014 in light of our Board's belief that Federico Pignatelli, the former Chairman and Chief Executive Officer of the Company who was then a member of our Board, and/or Norman J. Nemoy, another then-member of our Board, would assert frivolous claims against the Company and its directors and officers and cause the Company to incur unnecessary time and expense in defending against such litigation. Our Board's belief was based on the following:

from March 2014 to June 2014, Mr. Pignatelli had instructed the Company to pursue litigation relating to the composition of our Board, with the aim of preventing our Board from being comprised of a majority of directors who desired to remove him as Chief Executive Officer; and

at the time of the Amendment, the Company was in continuing non-compliance with a liquidity ratio under its credit facility and had very limited cash on-hand.

On July 21, 2014, Mr. Pignatelli filed a complaint in the Court of Chancery of the State of Delaware alleging, among other things, that (a) each member of our Board other than Messrs. Pignatelli and Nemoy had breached his fiduciary duties by rejecting Mr. Pignatelli's slate of nominees for the Company's 2014 annual meeting, (b) each member of our Board other than Messrs. Pignatelli and Nemoy had breached his implied duties of good faith and fair dealing in adopting a definition of "nominate" under the Pignatelli Agreement that was

Table of Contents

nonsensical and (c) the Company had breached the Pignatelli Agreement. On July 24, 2014, the Court of Chancery of the State of Delaware denied Mr. Pignatelli's motion for expedited proceedings on all but one of his claims (the rejection of Mr. Pignatelli's slate). On July 29, 2014, Mr. Pignatelli filed a notice of voluntary dismissal of his July 21, 2014 complaint.

Our Board continues to believe that the Amendment is beneficial and will help the Company and its stockholders avoid litigation costs related to suits brought by current or former directors like Mr. Pignatelli by allocating the cost of any meritless future litigation to an unsuccessful Claiming Director. Although the Company has more cash on-hand now than it did in June 2014, our Board believes that the Company should not spend this cash defending the Company or its directors or officers against frivolous lawsuits brought by current or former directors or anyone acting on their behalf.

In considering the Amendment, our Board believes that the Company's stockholders should consider the following:

the Amendment is drafted narrowly, because the Board intended to protect the Company and its stockholders against the cost of abusive litigation initiated by current or former directors without affecting the claims of any other stockholders and without unduly chilling meritorious claims of current or former directors;

the Amendment does not apply to litigation brought by any stockholder or person other than any current or former director or anyone acting on behalf of any current or former director; and

the Amendment applies only if a current or former director, or anyone acting on behalf of any current or former director, fails to obtain a judgment on the merits that substantially achieves, in substance and amount, the full remedy sought by such current or former director or other person acting on behalf of a current or former director.

In view of our Board's desire to communicate openly and seek the input of its stockholders, our Board has decided to submit the Amendment to a stockholder vote for ratification.

Effect of Stockholder Vote

If our stockholders ratify the Amendment, the Amendment will remain in force, and it may be more difficult for a Claiming Director to challenge the validity and enforceability of the Amendment. If our stockholders fail to ratify the Amendment, our Board will repeal the Amendment.

Recommendation of Our Board

OUR BOARD UNANIMOUSLY RECOMMENDS THAT OUR STOCKHOLDERS VOTE FOR THE PROPOSAL TO RATIFY THE AMENDMENT TO OUR AMENDED AND RESTATED BYLAWS SHIFTING LITIGATION EXPENSES TO UNSUCCESSFUL CLAIMING CURRENT AND FORMER DIRECTORS.

PROPOSAL FOUR
AMENDMENT TO THE
BIOLASE, INC. 2002 STOCK INCENTIVE PLAN

General

We are asking our stockholders to approve an amendment to our 2002 Stock Incentive Plan (as amended effective as of May 26, 2004, November 15, 2005, May 16, 2007, May 5, 2011, June 6, 2013 and August 27, 2014, the *Stock Incentive Plan*), which amendment was approved by our Board on March 20, 2015, subject to stockholder approval. The effect of the amendment is to increase the number of shares of our common stock available for issuance under the Stock Incentive Plan by an additional 2,300,000 shares and to implement a change to our non-employee director compensation program. The amendment would not modify the Stock Incentive Plan except to increase the number of shares of our common stock reserved for issuance under the Stock Incentive Plan and to prevent any further grants under the Automatic Option Grant Program as described below. The full text of the Stock Incentive Plan, as proposed to be amended, is attached to this proxy statement as Appendix B.

As of March 25, 2015, 749,871 shares of our common stock were available for issuance under the Stock Incentive Plan. The number of shares of our common stock is being increased with the amendment in order to provide for awards in future years. We intend to award grants to directors, officers, and employees to provide incentives to such individuals to focus on our critical long-range objectives and to encourage the attraction and retention of such individuals.

The principal features of the Stock Incentive Plan are summarized below. However the summary is qualified in its entirety by reference to the Stock Incentive Plan itself, which is attached to this proxy statement as Appendix B. We encourage you to read the Stock Incentive Plan carefully.

Background of the Stock Incentive Plan

The Stock Incentive Plan was approved by our stockholders on May 23, 2002. The Stock Incentive Plan originally reserved 1,000,000 shares of our common stock for issuance as stock awards or upon exercise of options granted pursuant to the Stock Incentive Plan plus the number of shares that remained available as of such date under the predecessor 1998 Stock Option Plan. The Stock Incentive Plan was amended in 2004 to increase the shares reserved by an additional 1,000,000 shares. In 2005, the Stock Incentive Plan was amended to increase the shares reserved by an additional 950,000 shares. In May 2007, the Stock Incentive Plan was amended to increase the shares reserved by an additional 1,000,000 shares. In May 2011, the Stock Incentive Plan was amended to increase the shares reserved by an additional 1,000,000 shares. In June 2013, the Stock Incentive Plan was amended to increase the shares reserved by an additional 800,000 shares. In August 2014, the Stock Incentive Plan was amended to increase the shares reserved by an additional 1,500,000 shares. Following the August 2014 amendment, the total number of shares of our common stock reserved for issuance under the Stock Incentive Plan was 9,250,000.

The Stock Incentive Plan is designed to serve as a comprehensive equity incentive program to attract and retain the services of individuals essential to our long-term growth and financial success. Accordingly, our officers and other employees, our non-employee directors and independent contractors have the opportunity to acquire a meaningful equity interest in us through their participation in the Stock Incentive Plan. As of March 25, 2015, approximately 215 officers and employees, four non-employee directors, and 12 independent contractors were eligible to participate in the Stock Incentive Plan. Our burn rate of shares utilized under the Stock Incentive Plan has averaged approximately

3.7% over the past three years.

Shares Subject to the Stock Incentive Plan

As of March 25, 2015, 5,468,941 shares of our common stock were subject to outstanding options and RSUs and 749,871 shares remained available for issuance under the Stock Incentive Plan. If this proposal is

Table of Contents

approved, then an additional 2,300,000 shares would be available for issuance under the Stock Incentive Plan. All outstanding options were issued at the closing sale price of our common stock on the date of grant or higher. Options generally expire following termination of the optionee's service between 90 days and 12 months following termination of service and have an exercise term not to exceed 10 years from the date of grant. The market value of the securities underlying the outstanding options as of March 31, 2015 was \$2.02 per share of our common stock. If this proposal is approved and all available shares for issuance under the Stock Plan were in fact issued, such shares would constitute approximately 12.8% of our common stock outstanding as of March 25, 2015. We plan to file a registration statement on Form S-8 to register the additional 2,300,000 shares being reserved under the Stock Incentive Plan.

Description of the Stock Incentive Plan

The Stock Incentive Plan consists of three equity incentive programs: (1) the discretionary option grant program, (2) the stock issuance program, and (3) the automatic option grant program for our non-employee directors. The principal features of each program are described below.

Both our Board and the Compensation Committee have the authority to act as the Stock Incentive Plan administrator of the discretionary option grant and stock issuance programs with respect to option grants and stock issuances made to our executive officers and directors and also have the authority to make option grants and stock issuances under those programs to all other eligible individuals. Our Board may at any time appoint a secondary committee comprised of one or more directors to have concurrent authority to make option grants and stock issuances under those two programs to individuals other than executive officers and non-employee directors. All grants under the Stock Incentive Plan will be made in strict compliance with the express provisions of the applicable program. Options granted under the Stock Incentive Plan may be incentive stock options as defined in Section 422 of the Code, or non-qualified options. The Stock Incentive Plan prohibits the re-pricing of outstanding stock options or the exchange of outstanding stock options for stock options with a lower exercise price, unless stockholder approval is obtained, or if in connection with a change of control of us or a change in our common stock (such as the result of a merger, stock split, stock dividend or recapitalization of us).

Discretionary Option Grant Program

The plan administrator has complete discretion under the discretionary option grant program to determine which eligible individuals are to receive option grants, the time or times when those grants are to be made, the number of shares subject to each such grant, the status of any granted option as either an incentive stock option or a non-statutory option under the federal tax laws, the vesting schedule (if any) to be in effect for the option grant and the maximum term for which any granted option is to remain outstanding.

Each granted option must have an exercise price per share determined by the plan administrator, and such exercise price cannot be less than the fair market value of our common stock on the date of grant. No granted option can have a term in excess of ten years. In general, all shares subject to an outstanding option vest and become fully exercisable immediately prior to a change of control of us unless the option is assumed or continues in full force pursuant to the change in control transaction, replaced with a cash incentive program which preserves the economic value of the shares subject to the option that remain unexercisable or the plan administrator imposes any other limitations.

Stock Issuance Program

Shares may be issued under the stock issuance program at a price per share determined by the plan administrator, payable in cash or for past services rendered to us (or, if permitted by the plan administrator, by delivery of a promissory note). The plan administrator has complete discretion under the program to determine which eligible

individuals are to receive such stock issuances or restricted stock unit awards, the time or times when those issuances or awards are to be made, and the number and purchase price of shares subject to each such

Table of Contents

issuance or award. The plan administrator has discretion over the vesting schedule for shares issued under the stock issuance program, provided that shares issued at less than fair market value on the date of grant will vest over a period of not less than three years, with accelerated vesting permitted only upon a change of control or in other limited circumstances (*e.g.*, death or disability of the recipient, termination without cause or pursuant to a severance agreement or plan under which the recipient provides consideration for accelerated vesting). Shares of our common stock may also be issued under the program pursuant to restricted stock unit awards that entitle the recipients to receive those shares upon the attainment of designated performance goals (subject to a minimum performance period of not less than one year) or satisfaction of specified service requirements (subject to the same general three-year vesting period described above). Up to 5% of the total number of shares reserved for issuance under the Stock Incentive Plan may be issued without regard to the foregoing restrictions. In general, the plan administrator may, in its discretion, at any time waive the surrender or cancellation of an award upon an individual's cessation of service or failure to attain any applicable performance goals, upon a change in control, proxy contest or upon any other event. In general, all unvested shares vest immediately prior to a change of control of us unless such repurchase rights are assumed or continued in full force pursuant to the change in control transaction or the plan administrator imposes any other limitations.

Automatic Option Grant Program

Beginning with our 2007 annual meeting of stockholders, eligible non-employee members of our Board have received annual option grants over their period of service on our Board under the Automatic Option Grant Program. Subject to stockholder approval of this Proposal Four, beginning with our 2015 annual meeting of stockholders, we will no longer make any grants under the Automatic Option Grant Program. Instead, commencing with our 2015 annual meeting of stockholders, our non-employee directors will receive compensation under a program approved by our Board, upon the recommendation of the Compensation Committee, which may include grants under our discretionary option grant program. For a description of the compensation program for non-employee directors that, subject to stockholder approval of this Proposal Four, will be in effect beginning with our 2015 annual meeting of stockholders, see above in this proxy statement under Director Compensation. We believe that amending the Stock Incentive Plan to eliminate future grants under the Automatic Option Grant Program, and instead allowing our Board, upon the recommendation of the Compensation Committee, to determine the compensation program for our non-employee directors will provide our Board with greater flexibility to set appropriate compensation for our non-employee directors.

All options granted under the Automatic Option Grant Program prior to our 2015 annual meeting of stockholders will continue to vest over one year in equal quarterly increments, with the first vesting date occurring three months after the date of grant; provided that all such options immediately vest if a person ceases to serve on our Board due to death or disability. Upon any cessation of service, the optionee has a limited period of time in which to exercise his or her outstanding vested options. Except as otherwise provided in the Stock Incentive Plan, options granted under the Automatic Option Grant Program are subject to the same terms in effect for options made under the discretionary option grant program.

Table of Contents**Historical Grants under the Stock Incentive Plan**

The following table sets forth the number of options and shares granted over the lifetime of the Stock Incentive Plan to the individuals and groups as indicated as of March 25, 2015:

All current employees (other than current executive officers) (approximately 137 persons)	3,102,419	0

Restrictions on Cancellation, Re-grants and Repricing

Except with the approval of our stockholders, (i) no option may be granted in exchange for or in connection with the cancellation or surrender of an outstanding option with a higher exercise price and (ii) no option may be amended to reduce its exercise price other than in connection with a change in control or adjustment made in connection with a change in our common stock without receipt of consideration by the Company (such as the result of a merger, stock split, stock dividend or recapitalization of us).

Amendment and Termination of the Stock Incentive Plan

Our Board may amend or modify the Stock Incentive Plan at any time, subject to any required stockholder approval to increase the number of reserved shares under applicable laws and regulations, including Code Section 422, Exchange Act Rule 16b-3 and the NASDAQ Rules. In addition, stockholder approval is required to modify the eligibility requirements for participation in the Stock Incentive Plan. Our Board may not amend the Stock Incentive Plan without the consent of an optionee or participant if such amendment adversely affects the rights and obligations of such optionee or participant with respect to options or unvested stock issuances at the time outstanding under the Stock Incentive Plan.

Certain Federal Income Tax Consequences

No taxable income is recognized by the optionee at the time of the grant of an incentive stock option, and no taxable income is recognized for regular tax purposes at the time the option is exercised. However, the excess of the fair market value of our common stock received over the option price is an item of adjustment for alternative minimum tax

purposes. The optionee will recognize taxable income in the year in which the purchased shares are sold or otherwise made the subject of a taxable disposition. For federal income tax purposes, dispositions are divided into two categories: qualifying and disqualifying. A qualifying disposition occurs if the sale or other disposition is made more than two years after the date the option for the shares involved in such sale or disposition is granted and more than one year after the date the shares are transferred upon exercise. If the sale or disposition occurs before these two periods are satisfied, then a disqualifying disposition will result.

Table of Contents

Upon a qualifying disposition, the optionee will recognize long-term capital gain in an amount equal to the excess of the amount realized upon the sale or other disposition of the purchased shares over the exercise price paid for the shares. If there is a disqualifying disposition of the shares, then the excess of the fair market value of those shares on the exercise date (or amount realized upon disposition, if lower) over the exercise price paid for the shares will be taxable as ordinary income to the optionee. Any additional gain or loss recognized upon the disposition will be recognized as a capital gain or loss by the optionee.

We will not be entitled to any income tax deduction if the optionee makes a qualifying disposition of the shares. If the optionee makes a disqualifying disposition of the purchased shares, then we will be entitled to an income tax deduction, for the taxable year in which such disposition occurs, equal to the ordinary income recognized by the optionee.

All other options granted under the Stock Incentive Plan will be non-statutory stock options and will not qualify for any special tax benefits to the optionee. An optionee will not recognize any taxable income at the time he or she is granted a non-statutory stock option. However, upon exercise of the non-statutory stock option, the optionee will recognize ordinary income for federal income tax purposes in an amount generally measured as the excess of the then fair market value of each share over its exercise price. Upon an optionee's resale of such shares, any difference between the sale price and the fair market value of such shares on the date of exercise will be treated as capital gain or loss and will generally qualify for long-term capital gain or loss treatment if the shares have been held for more than one year. The Code provides for reduced tax rates for long-term capital gains based on the taxpayer's income and the length of the taxpayer's holding period.

The recipient of a restricted share award will generally recognize ordinary compensation income when such shares are no longer subject to a substantial risk of forfeiture, based on the excess of the value of the shares at that time over the price, if any, paid for such shares. However, if the recipient makes a timely election under the Code to be subject to tax upon the receipt of the shares, the recipient will recognize ordinary compensation income at that time equal to the fair market value of the shares over the price paid, if any, and no further ordinary compensation income will be recognized when the shares vest.

The recipient of a restricted stock unit award will generally recognize ordinary compensation income when the shares subject to such award are transferred to the recipient in an amount equal to the excess of the value of the shares at that time over the price, if any, paid for such shares.

Except as otherwise described above with respect to incentive stock options, we generally will be entitled to a deduction when and for the same amount that the recipient recognizes ordinary income, subject to the limitations of Section 162(m) of the Code with respect to compensation paid to certain covered employees. Under Section 162(m), income tax deductions of publicly-held corporations may be limited to the extent total compensation (including base salary, annual bonus, stock option exercises and non-qualified benefits paid) for certain executive officers exceeds \$1 million in any one year. However, the Section 162(m) deduction limit does not apply to certain performance-based compensation as provided for by the Code provided certain requirements are met. In general, stock options will satisfy the performance-based compensation exception if the awards are made by a qualifying compensation committee, the underlying plan sets the maximum number of shares that can be granted to any person within a specified period and the compensation is based solely on an increase in the stock price after the grant date (*i.e.*, the exercise price or base price is greater than or equal to the fair market value of the stock subject to the award on the grant date).

The foregoing does not purport to be a complete summary of the federal income tax considerations that may be relevant to holders of options or restricted shares, or to us. It also does not reflect provisions of the income tax laws of any municipality, state or foreign country in which an optionee may reside, nor does it reflect the tax consequences of

an optionee's death.

PROPOSAL FIVE
ADVISORY VOTE ON THE COMPENSATION OF OUR
NAMED EXECUTIVE OFFICERS
(SAY-ON-PAY VOTE)

As required by Section 14A of the Exchange Act, we are asking our stockholders to vote, on an advisory basis, on the compensation of our named executive officers as described in this proxy statement, referred to as the NEOs. We believe that the compensation policies for the NEOs are designed to attract, motivate and retain talented executive officers and are aligned with the long-term interests of our stockholders. Stockholders are urged to read the Compensation Discussion and Analysis section, beginning on page 18 of this proxy statement, which discusses in detail our 2014 executive compensation program and decisions made by the Compensation Committee.

Summary of Key Compensation Practices

Our compensation programs for our executive officers are designed to attract and retain such key executive officers, and to reward them in a fashion commensurate with our corporate performance and the value created for our stockholders. Our compensation programs also support our short-term and long-term strategic goals and values and reward the individual contributions of our executive officers to our success. Our policy is to provide our executive officers with competitive compensation opportunities that reward their contribution to our financial success and individual performance, while providing financial stability and security. Accordingly, the compensation package for executive officers is mainly comprised of the following compensation elements: (1) a base salary, designed to be competitive with salary levels in the industry and to reflect individual performance; (2) an annual discretionary bonus payable in cash and based on the review of certain annual financial and other performance measures, which supports our short-term performance; (3) where appropriate, long-term stock-based incentive awards, which support our long-term performance and are designed to strengthen the mutual interests between our executive officers and our stockholders; and (4) in one case, severance payments and other benefits payable upon termination of an officer's employment by us without cause or by our officer for good reason, including following a change of control of us, which promotes executive retention and efforts toward the best interests of our stockholders in the event of an actual or threatened change of control of us. We believe that each of these elements and their combination supports our overall compensation objectives.

Compensation Committee Stays Current on Best Practices

We regularly update our Compensation Committee and entire Board on compensation best practices and trends. The Compensation Committee meets from time to time without management present.

Say-on-Pay Vote

This advisory stockholder vote, commonly referred to as a Say-on-Pay vote, gives stockholders the opportunity to approve or not approve the compensation of the NEOs that is disclosed in this proxy statement by voting for or against the following resolution (or by abstaining with respect to the resolution):

RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC, which disclosure includes the Compensation Discussion and Analysis, the Summary Compensation Table and

the other related tables and disclosure in this proxy statement.

This vote is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs and the philosophy, policies and practices described in this proxy statement. Because your vote is advisory, it will not be binding on our Board, the Compensation Committee or the Company. However, our Board and the Compensation Committee value the opinions of our stockholders and will take into account the

Table of Contents

outcome of the stockholder vote on this proposal at our annual meeting when considering future executive compensation arrangements. We currently intend to submit the compensation of our named executive officers to an advisory vote of our stockholders annually.

Recommendation of Our Board

OUR BOARD UNANIMOUSLY RECOMMENDS THAT OUR STOCKHOLDERS VOTE FOR THE ADVISORY RESOLUTION RELATING TO THE COMPENSATION OF OUR NEOS AS DISCLOSED IN THIS PROXY STATEMENT.

ADDITIONAL INFORMATION

Proxy Solicitation Costs

We will bear the entire cost of solicitation, including the preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional solicitation materials we furnish to our stockholders. Copies of the Company's solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. Upon request, we will reimburse such persons for their costs in forwarding such solicitation materials to such beneficial owners. We have also retained MacKenzie to assist in the solicitation of proxies at an initial fee not to exceed \$15,000 plus reimbursement for reasonable out-of-pocket expenses incurred during the solicitation. To date, such costs and expenses have equaled approximately \$17,500. MacKenzie and our directors, officers and employees may solicit proxies by mail, in person, by telephone or by other electronic means, such as email, facsimile or over the Internet. Our directors, officers and employees will not receive any additional compensation for these solicitation activities. We agreed to indemnify MacKenzie against liabilities and expenses arising in connection with the proxy solicitation unless caused by MacKenzie's gross negligence, bad faith, willful misconduct or fraud.

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries (*e.g.*, brokers) to satisfy the delivery requirements for proxy statements, annual reports and notices of internet availability of proxy materials with respect to two or more stockholders sharing the same address by delivering a single copy of the applicable document(s) addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

Brokers with account holders who are stockholders of the Company may be householding our proxy materials. A single proxy statement or notice may be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that it will be householding communications to your address, householding will continue until you are notified otherwise or until you notify your broker or the Company that you no longer wish to participate in householding.

If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, annual report or notice you may (1) notify your broker, (2) direct your written request to: BIOLASE, Inc., 4 Cromwell, Irvine, California 92618, Attention: Corporate Secretary. Stockholders who currently receive multiple copies of our proxy statement and/or notice at their address and would like to request householding of their communications should contact their broker. In addition, the Company will promptly deliver, upon written or oral request to the address or telephone number above, a separate copy of the proxy statement, annual report and/or notice to a stockholder at a shared address to which a single copy of the document(s) was delivered.

BIOLASE, INC.

2002 STOCK INCENTIVE PLAN

(As proposed to be amended)

ARTICLE ONE

GENERAL PROVISIONS

I. PURPOSE OF THE PLAN

The Plan is intended to promote the interests of the Corporation by providing eligible persons who are employed by or serve the Corporation or any Parent or Subsidiary with the opportunity to acquire a proprietary interest, or otherwise increase their proprietary interest, in the Corporation as an incentive for them to remain in such service.

Capitalized terms shall have the meanings assigned to such terms in the attached Appendix.

II. STRUCTURE OF THE PLAN

A. The Plan shall be divided into three separate equity incentive programs:

1. the Discretionary Option Grant Program under which eligible persons may, at the discretion of the Plan Administrator, be granted options to purchase shares of Common Stock;
2. the Stock Issuance Program under which eligible persons may, at the discretion of the Plan Administrator, be issued shares of Common Stock directly, either through the immediate purchase of such shares or as a bonus for services rendered the Corporation (or any Parent or Subsidiary); and
3. the Automatic Option Grant Program under which eligible non-Employee directors have automatically received option grants at designated intervals over their period of continued Board service.

B. The provisions of Articles One and Five shall apply to all equity programs under the Plan and shall govern the interests of all persons under the Plan.

III. ADMINISTRATION OF THE PLAN

A. Administration of the Automatic Option Grant Program shall be self-executing in accordance with the terms of that program, and no Plan Administrator shall exercise any discretionary functions with respect to any option grants made under that program.

B. The Primary Committee and the Board shall have concurrent authority to administer the Discretionary Option Grant and Stock Issuance Programs with respect to Section 16 Insiders. (However, grants made to Section 16 Insiders by the entire Board will not be exempt from the million-dollar compensation deduction limitation of Code Section 162(m).) Administration of the Discretionary Option Grant and Stock Issuance Programs with respect to all other persons eligible to participate in those programs may, at the Board's discretion, be vested in the Primary

Committee or a Secondary Committee, or the Board may retain the power to administer those programs with respect to all such persons; provided, that a Secondary Committee which includes any Employee is not authorized to make grants to non-Employee directors. However, any discretionary option grants or stock issuances for members of the Primary Committee should be authorized by a disinterested majority of the Board.

C. Members of the Primary Committee or any Secondary Committee shall serve for such period of time as the Board may determine and may be removed by the Board at any time. The Board may also at any time terminate the functions of any Secondary Committee and reassume all powers and authority previously delegated to such committee.

Appendix B - 1

Table of Contents

D. Service on the Primary Committee or the Secondary Committee shall constitute service as a director, and members of each such committee shall accordingly be entitled to full indemnification and reimbursement as directors for their service on such committee. No member of the Primary Committee or the Secondary Committee shall be liable for any act or omission made in good faith with respect to the Plan or any option grants or stock issuances under the Plan.

E. Each Plan Administrator shall, within the scope of its administrative functions under the Plan, have full power and authority (subject to the provisions of the Plan) to establish such rules and procedures as it may deem appropriate for proper administration of the Discretionary Option Grant and Stock Issuance Programs and to make such determinations under, and issue such interpretations of, the provisions of those programs and any outstanding options or stock issuances thereunder as it may deem necessary or advisable. Decisions of the Plan Administrator within the scope of its administrative functions under the Plan shall be binding on all parties who have an interest in the Discretionary Option Grant and Stock Issuance Programs under its jurisdiction or any option or stock issuance thereunder.

IV. ELIGIBILITY

A. The persons eligible to participate in the Discretionary Option Grant and Stock Issuance Programs are as follows:

1. Employees,
2. non-Employee members of the Board or the board of directors of any Parent or Subsidiary, and
3. independent contractors who provide services to the Corporation (or any Parent or Subsidiary).

B. Only non-Employee directors shall be eligible to participate in the Automatic Option Grant Program and only with respect to grants made prior to the Corporation's 2015 annual meeting of stockholders.

V. STOCK SUBJECT TO THE PLAN

A. The stock issuable under the Plan shall be shares of authorized but unissued or reacquired Common Stock, including shares repurchased by the Corporation on the open market. The maximum number of shares of Common Stock which may be issued over the term of the Plan shall not exceed 11,550,000 shares. Such authorized share reserve is comprised of (1) the initial share reserve for the Plan of 1,000,000 shares authorized by the Board on April 16, 2002 and approved by the stockholders on May 23, 2002, (2) the number of shares that remained available for issuance, as of May 23, 2002, under the Predecessor Plan as last approved by the Corporation's stockholders, including the shares subject to outstanding options under the Predecessor Plan, (3) an additional increase of 1,000,000 shares of Common Stock authorized by the Board on April 28, 2004 and approved by the stockholders on May 26, 2004, (4) an additional increase of 950,000 shares of Common Stock authorized by the Board on September 19, 2005 and approved by the stockholders on November 15, 2005, (5) an additional 1,000,000 shares of Common Stock authorized by the Board on February 28, 2007 and approved by the stockholders on May 16, 2007, (6) an additional 1,000,000 shares of Common Stock authorized by the Board on February 17, 2011 and approved by the stockholders on May 5, 2011, (7) an additional 800,000 shares of Common Stock authorized by the Board on March 23, 2013 and approved by the stockholders on June 6, 2013, (8) an additional 1,500,000 shares of Common Stock authorized by the Board on July 14, 2014 and approved by the stockholders on August 27, 2014 and (9) an additional 2,300,000 shares of Common Stock authorized by the Board on March 20, 2015 and approved by the stockholders at the Corporation's 2015 annual meeting of stockholders.

Table of Contents

B. No one person participating in the Plan may receive stock options and direct stock issuances for more than 1,500,000 shares of Common Stock pursuant to the Plan in the aggregate per calendar year. No more than 200,000 shares of Common Stock may be granted under Article Three hereof.

C. Shares of Common Stock subject to outstanding options (including options transferred to this Plan from the Predecessor Plan) shall be available for subsequent issuance under the Plan to the extent (1) those options expire or terminate for any reason prior to exercise in full or (2) the options are cancelled in accordance with the cancellation/regrant provisions of the Plan. Unvested shares issued under the Plan and subsequently cancelled or repurchased by the Corporation, at a price per share not greater than the original issue price paid per share, pursuant to the Corporation's repurchase rights under the Plan shall be added back to the number of shares of Common Stock reserved for issuance under the Plan and shall accordingly be available for reissuance through one or more subsequent option grants or direct stock issuances under the Plan. However, should the exercise price of an option under the Plan be paid with shares of Common Stock or should shares of Common Stock otherwise issuable under the Plan be withheld by the Corporation in satisfaction of the withholding taxes incurred in connection with the exercise of an option or the vesting of a stock issuance under the Plan, then the number of shares of Common Stock available for issuance under the Plan shall be reduced by the gross number of shares for which the option is exercised or which vest under the stock issuance, and not by the net number of shares of Common Stock issued to the holder of such option or stock issuance.

D. If any change is made to the Common Stock by reason of any stock split, stock dividend, recapitalization, combination of shares, exchange of shares or other change affecting the outstanding Common Stock as a class without the Corporation's receipt of consideration, appropriate adjustments shall be made by the Plan Administrator to (1) the maximum number and/or class of securities issuable under the Plan, (2) the maximum number and/or class of securities for which any one person may be granted options and direct stock issuances under the Plan per calendar year, and (3) the number and/or class of securities and the exercise price per share in effect under each outstanding option under the Plan (including the options transferred to this Plan from the Predecessor Plan). Such adjustments to the outstanding options are to be effected in a manner that shall preclude the enlargement or dilution of rights and benefits under such options. The adjustments determined by the Plan Administrator shall be binding.

ARTICLE TWO

DISCRETIONARY OPTION GRANT PROGRAM

I. OPTION TERMS

Each option shall be evidenced by one or more documents in the form approved by the Plan Administrator. However, each such document shall comply with the terms specified below. Each document evidencing an Incentive Option shall, in addition, be subject to the provisions of the Plan applicable to such options.

A. Exercise Price.

1. The exercise price per share shall be fixed by the Plan Administrator but shall not be less than 100% of the Fair Market Value per share of Common Stock on the option grant date.

2. The exercise price shall become immediately due upon exercise of the option and shall, subject to the provisions of Section I of Article Five and the documents evidencing the option, be payable in one or more of the forms specified below:

(a) cash or check made payable to the Corporation,

(b) shares of Common Stock held for the requisite period necessary to avoid a charge to the Corporation's earnings for financial reporting purposes and valued at Fair Market Value on the Exercise Date, or

Appendix B - 3

Table of Contents

(c) to the extent the option is exercised for vested shares, through a special sale and remittance procedure pursuant to which the Optionee shall concurrently provide irrevocable instructions to (a) a Corporation-designated brokerage firm to effect the immediate sale of the purchased shares and remit to the Corporation, out of the sale proceeds available on the settlement date, sufficient funds to cover the aggregate exercise price payable for the purchased shares plus all applicable income and employment taxes required to be withheld by the Corporation by reason of such exercise and (b) the Corporation to deliver the certificates for the purchased shares directly to such brokerage firm in order to complete the sale.

Except to the extent such sale and remittance procedure is utilized, payment of the exercise price for the purchased shares must be made on the Exercise Date.

B. Exercise and Term of Options. Each option shall be exercisable at such time or times, during such period and for such number of shares as shall be determined by the Plan Administrator and set forth in the documents evidencing the option. However, no option shall have a term in excess of 10 years measured from the option grant date.

C. Effect of Termination of Service.

1. The following provisions shall govern the exercise of any options granted pursuant to the Discretionary Option Grant Program that are outstanding at the time of the Optionee's cessation of Service:

(a) Immediately upon the Optionee's cessation of Service, the option shall terminate with respect to the unvested shares subject to the option.

(b) Should the Optionee's Service be terminated for Misconduct or should the Optionee otherwise engage in Misconduct, then the option shall terminate immediately with respect to all shares subject to the option.

(c) Should the Optionee's Service terminate for reasons other than Misconduct, then the option shall remain exercisable during such period of time after the Optionee's Service ceases as shall be determined by the Plan Administrator and set forth in the documents evidencing the option, but no option shall be exercisable after its Expiration Date. During the applicable post-Service exercise period, the option may not be exercised in the aggregate for more than the number of vested shares for which the option is exercisable on the date of the Optionee's Service ceased. Upon the expiration of the applicable exercise period or (if earlier) upon the Expiration Date, the option shall terminate with respect to any vested shares subject to the options.

2. Among its discretionary powers, the Plan Administrator shall have complete discretion, exercisable either at the time an option is granted or at any time while the option remains outstanding, to extend the period of time for which the option is to remain exercisable following the Optionee's cessation of Service, but in no event beyond the expiration of the option term. The Plan Administrator should consider the tax and accounting consequences before exercising such discretion.

D. Stockholder Rights. The holder of an option shall have no stockholder rights with respect to the shares subject to the option until such person shall have exercised the option, paid the exercise price and become a holder of record of the purchased shares.

E. Repurchase Rights. The Plan Administrator shall have the discretion to grant options that are exercisable for unvested shares of Common Stock. Should the Optionee cease Service while such shares are unvested, the Corporation shall have the right to repurchase any or all of those unvested shares at a price per share equal to the *lower* of (1) the exercise price paid per share or (2) the Fair Market Value per share of Common Stock at the time

of the repurchase. The terms upon which such repurchase right shall be exercisable (including the period and procedure for exercise and the appropriate vesting schedule for the purchased shares) shall be established by the Plan Administrator and set forth in the document evidencing such repurchase right.

Appendix B - 4

Table of Contents

F. **Limited Transferability of Options.** During the lifetime of the Optionee, Incentive Options shall be exercisable only by the Optionee and shall not be assignable or transferable other than by will or the laws of inheritance following the Optionee's death. Non-Statutory Options shall be subject to the same restriction, except Non-Statutory Options may be assigned in whole or in part during the Optionee's lifetime to one or more members of the Optionee's family or to a trust established exclusively for one or more such family members or to the Optionee's former spouse. The terms applicable to the assigned portion shall be the same as those in effect for the option immediately prior to such assignment and shall be set forth in such documents issued to the assignee as the Plan Administrator may deem appropriate.

II. INCENTIVE OPTIONS

The terms specified below shall be applicable to all Incentive Options. Except as modified by the provisions of this Section II, all the provisions of Articles One, Two and Five shall be applicable to Incentive Options. Options, which are specifically designated as Non-Statutory Options when issued under the Plan, shall *not* be subject to the terms of this Section II.

A. **Eligibility.** Incentive Options may only be granted to Employees.

B. **Dollar Limitation.** The aggregate Fair Market Value of the shares of Common Stock (determined as of the respective date) for which one or more options granted to any Employee pursuant to the Plan (or any other option plan of the Corporation or any Parent or Subsidiary) may for the first time become exercisable as Incentive Options during any one calendar year shall not exceed \$100,000. To the extent that an Optionee's options exceed that limit, they will be treated as Non-Statutory Options (but all of the other provisions of the option shall remain applicable), with the first options that were awarded to the Optionee to be treated as Incentive Options.

C. **10% Stockholder.** If any Employee to whom an Incentive Option is granted is a 10% Stockholder, then the exercise price per share shall not be less than 110% of the Fair Market Value per share of Common Stock on the option grant date, and the option term shall not exceed five years measured from the option grant date.

III. CHANGE IN CONTROL

A. In the event a Change in Control occurs, the shares of Common Stock at the time subject to each outstanding option granted pursuant to this Discretionary Option Grant Program shall automatically vest in full so that each such option shall, immediately prior to the effective date of the Change in Control, become exercisable for all the shares of Common Stock at the time subject to such option and may be exercised for any or all of those shares as fully vested shares of Common Stock. However, an outstanding option shall not become vested on such an accelerated basis if and to the extent: (1) such option is to be assumed by the successor corporation (or parent thereof) or is otherwise to continue in full force pursuant to the terms of transaction or (2) such option is to be replaced with a cash incentive program of the successor corporation which preserves the spread existing at the time of the Change in Control on any shares for which the option is not otherwise at that time exercisable and provides for subsequent payout of that spread no later than the time the Optionee would vest in those option shares or (3) the acceleration of such option is subject to other limitations imposed by the Plan Administrator.

B. All outstanding repurchase rights under the Discretionary Option Grant Program shall automatically terminate, and the shares of Common Stock subject to those terminated rights shall immediately vest in full, immediately prior to the occurrence of a Change in Control, except to the extent: (1) those repurchase rights are to be assigned to the successor corporation (or parent thereof) or are otherwise to continue in full force pursuant to the terms of the transaction or (2) such accelerated vesting is precluded by other limitations imposed by the Plan Administrator.

Appendix B - 5

Table of Contents

C. Immediately following the consummation of the Change in Control, all outstanding options granted pursuant to the Discretionary Option Grant Program shall terminate, except to the extent assumed by the successor corporation (or parent thereof) or otherwise continued in full force and effect pursuant to the terms of the transaction.

D. Each option granted pursuant to the Discretionary Option Grant Program that is assumed or otherwise continued in effect in connection with a Change in Control shall be appropriately adjusted, immediately after such Change in Control, to apply to the number and class of securities which would have been issuable to the Optionee in consummation of such Change in Control had the option been exercised immediately prior to such Change in Control. Appropriate adjustments to reflect such Change in Control shall also be made to (1) the exercise price payable per share under each outstanding option, provided the aggregate exercise price payable for such securities shall remain the same, (2) the maximum number and/or class of securities available for issuance over the remaining term of the Plan and (3) the maximum number and/or class of securities for which any one person may be granted options and direct stock issuances pursuant to the Plan per calendar year. To the extent the holders of Common Stock receive cash consideration for their Common Stock in consummation of the Change in Control, the successor corporation may, in connection with the assumption of the outstanding options granted pursuant to the Discretionary Option Grant Program, substitute one or more shares of its own common stock with a fair market value equivalent to the cash consideration paid per share of Common Stock in such transaction.

E. Among its discretionary powers, the Plan Administrator shall have the ability to structure an option (either at the time the option is granted or at any time while the option remains outstanding) so that the option shall become immediately exercisable and some or all of the shares subject to that option shall automatically become vested (and some or all of the repurchase rights of the Corporation with respect to the unvested shares subject to that option shall immediately terminate) upon the occurrence of a Change in Control, a Proxy Contest or any other specified event or the Optionee's Involuntary Termination within a designated period of time following any of these events. In addition, the Plan Administrator may provide that one or more of the Corporation's repurchase rights with respect to some or all of the shares held by the Optionee at the time of such a Change in Control, a Proxy Contest, or any other specified event or the Optionee's Involuntary Termination within a designated period of time following such an event shall immediately terminate and all of the shares shall become vested.

F. The portion of any Incentive Option accelerated in connection with a Change in Control or Proxy Contest shall remain exercisable as an Incentive Option only to the extent the \$100,000 limitation described in Section II.B. above is not exceeded. To the extent such dollar limitation is exceeded, the accelerated portion of such option shall be exercisable as a Non-Statutory Option under the federal tax laws.

G. The outstanding options shall in no way affect the right of the Corporation to undertake any corporate action.

ARTICLE THREE

STOCK ISSUANCE PROGRAM

I. STOCK ISSUANCE TERMS

Shares of Common Stock may be issued under the Stock Issuance Program through direct and immediate issuances without any intervening option grants. Each stock issuance under this program shall be evidenced by a stock issuance agreement that complies with the terms specified below. Shares of Common Stock may also be issued under the Stock Issuance Program pursuant to awards that entitle the recipients to receive those shares upon the attainment of designated performance goals or the satisfaction of specified Service requirements.

Appendix B - 6

Table of Contents

A. Purchase Price.

1. The purchase price per share shall be fixed by the Plan Administrator.
2. Subject to the provisions of Section I of Article Five, shares of Common Stock may be issued under the Stock Issuance Program for any of the following items of consideration which the Plan Administrator may deem appropriate in each individual instance:
 - (a) cash or check made payable to the Corporation, or
 - (b) past services rendered to the Corporation (or any Parent or Subsidiary).

B. Vesting Provisions.

1. Except as otherwise provided below in Section I.B.2 of the Plan, shares of Common Stock issued under the Stock Issuance Program for a purchase price less than one hundred percent (100%) of the Fair Market Value of the shares of Common Stock on the date of the grant of the stock issuance agreement for such shares of Common Stock, shall be subject to the following vesting requirements of this Section I.B.1 of the Plan. The shares of Common Stock shall vest ratably over a period of not less than three years subject to continued employment or service with the Corporation (with the Corporation retaining the right to repurchase any of such unvested shares at the original purchase price of such shares in the event the recipient terminates employment as provided in the stock issuance agreement, except as otherwise provided in this section). The vesting of such shares of Common Stock may not be accelerated except in the event of a Change of Control of the Corporation, in the event of the death or Disability of the recipient of the shares of Common Stock, in the event of the actual or constructive termination of the employment or services of the recipient with the Corporation by the Corporation without cause (as determined by the Board) pursuant to the stock issuance agreement, an employment or services agreement, or in connection with a separation agreement or severance plan or arrangement under which the recipient of the shares of Common Stock is required to provide consideration for such acceleration of the vesting of the shares of Common Stock. Notwithstanding the foregoing, shares of Common Stock may also be issued under the Stock Issuance Program pursuant to awards that entitle the recipients to receive those shares (i) solely upon the attainment of designated performance goals provided that the minimum performance period is not less than one year, or (ii) upon the satisfaction of additional Service requirements in addition to the Service requirements in the preceding provisions of this section.
2. Shares of Common Stock issued under the Stock Issuance Program representing up to five percent (5%) of the total number of shares of Common Stock reserved for issuance under the Plan shall not be subject to the restrictions provided above in Section I.B.1 of the Plan and may, in the discretion of the Plan Administrator, be fully and immediately vested upon issuance or may vest in one or more installments over the Participant's period of Service or upon attainment of specified performance objectives. The elements of the vesting schedule applicable to any unvested shares of Common Stock issued under the Stock Issuance Program pursuant to this Section I.B.2 shall be determined by the Plan Administrator and incorporated into the stock issuance agreement. Shares of Common Stock issued pursuant to this Section I.B.2 may also be issued under the Stock Issuance Program pursuant to awards that entitle the recipients to receive those shares upon the attainment of designated performance goals or the satisfaction of specified Service requirements.
3. Any new, substituted or additional securities or other property (including money paid other than as a regular cash dividend) which the Participant may have the right to receive with respect to the Participant's unvested shares of Common Stock by reason of any stock dividend, stock split, recapitalization, combination of shares, exchange of shares or other change affecting the outstanding Common Stock as a class without the Corporation's receipt of

consideration shall be issued subject to such escrow arrangements as the Plan Administrator shall deem appropriate and shall be vested to the same extent the Participant's shares of Common Stock are vested.

4. The Participant shall have full stockholder rights (other than transferability) with respect to any shares of Common Stock issued to the Participant pursuant to the Stock Issuance Program, whether or not

Appendix B - 7

Table of Contents

the Participant's interest in those shares is vested. Accordingly, the Participant shall have the right to vote such shares and to receive any regular cash dividends paid on such shares. Cash dividends constitute taxable compensation to the Participant and are deductible by the Corporation (unless the Participant has made an election under Section 83(b) of the Code).

5. Should the Participant cease to remain in Service while holding one or more unvested shares of Common Stock issued under the Stock Issuance Program or should the performance objectives not be attained with respect to one or more such unvested shares of Common Stock, then those shares shall be immediately surrendered to the Corporation for cancellation, and the Participant shall have no further stockholder rights with respect to those shares. To the extent the surrendered shares were previously issued to the Participant for consideration paid in cash or cash equivalent (including the Participant's purchase-money indebtedness), the Corporation shall repay the Participant, without interest, the *lower* of (a) the cash consideration paid for the surrendered shares or (b) the Fair Market Value of those shares at the time of cancellation and/or shall cancel the unpaid principal balance of any outstanding purchase-money note of the Participant attributable to the surrendered shares by the applicable clause (a) or (b) amount.

6. The Plan Administrator may in its discretion waive the surrender and cancellation of one or more unvested shares of Common Stock that would otherwise occur upon the cessation of the Participant's Service or the non-attainment of the performance objectives applicable to those shares. Such waiver shall result in the immediate vesting of the Participant's interest in the shares of Common Stock as to which the waiver applies. Such waiver may be effected at any time, whether before or after the Participant's cessation of Service or the attainment or non-attainment of the applicable performance objectives.

7. Outstanding share right awards under the Stock Issuance Program shall automatically terminate, and no shares of Common Stock shall actually be issued in satisfaction of those awards, if the performance goals or Service requirements established for such awards are not attained or satisfied. The Plan Administrator, however, shall have the discretionary authority to issue shares of Common Stock under one or more outstanding share right awards as to which the designated performance goals or Service requirements have not been attained or satisfied.

II. CHANGE IN CONTROL

A. All of the Corporation's outstanding repurchase rights under the Stock Issuance Program shall terminate automatically, and all the shares of Common Stock subject to those terminated rights shall immediately vest in full, immediately prior to the occurrence of a Change in Control, except to the extent (1) those repurchase rights are to be assigned to the successor corporation (or parent thereof) or are otherwise to continue in full force and effect pursuant to the terms of the transaction or (2) such accelerated vesting is precluded by other limitations imposed in the stock issuance agreement.

B. The Plan Administrator shall have the discretionary authority to structure one or more of the Corporation's repurchase rights under the Stock Issuance Program so that those rights shall automatically terminate in whole or in part, and some or all of the shares of Common Stock subject to those terminated rights shall immediately vest, upon the occurrence of a Change in Control, a Proxy Contest or any other event, or the Participant's Involuntary Termination within a designated period of time following any of these events.

ARTICLE FOUR

AUTOMATIC OPTION GRANT PROGRAM

I. OPTION TERMS

A. **Automatic Grants.** Prior to the Corporation's 2015 annual meeting of stockholders, option grants shall be made pursuant to the Automatic Option Grant Program in effect under this Plan as follows:

1. *Initial Grant:* Provided the non-Employee director has not previously been in the employ of the Corporation or any Parent or Subsidiary, each such individual who is first elected or appointed as a non-

Appendix B - 8

Table of Contents

Employee director at any time on or after the Plan Effective Date shall automatically be granted, on the date of such initial election or appointment, a Non-Statutory Option. The number of shares of Common Stock subject to the option shall be equal to the sum of (a) 20,000 and (b) the product of (x) 1,250 shares and (y) (i) 1 plus (ii) the number of whole calendar months between the date of election or appointment of such non-Employee director to the Board and the anticipated date of the next Annual Stockholders Meeting or Special Meeting in lieu of an Annual Stockholders Meeting at which directors are elected.

2. *Annual Grants:* On the date of each Annual Stockholders Meeting or Special Meeting in lieu of an Annual Stockholders Meeting at which directors are elected, each individual who is to continue to serve as a non-Employee director following an Annual Stockholders Meeting, whether or not that individual is standing for re-election to the Board at that particular Annual Stockholders Meeting, shall automatically be granted a Non-Statutory Option to purchase 20,000 shares of Common Stock. There shall be no limit on the number of such annual option grants any one non-Employee director may receive over his or her period of Board service, and non-Employee directors who have previously been in the employ of the Corporation (or any Parent or Subsidiary) or who have otherwise received one or more option grants from the Corporation shall be eligible to receive one or more such annual option grants over their period of continued Board service.

For the avoidance of doubt, commencing with the Corporation's 2015 annual meeting of stockholders, no option grants shall be made pursuant to the Automatic Option Grant Program, but shall continue to be authorized under Article Two.

B. **Exercise Price.** The exercise price per share for each option grant made under the Automatic Option Grant Program shall be equal to 100% of the Fair Market Value per share of Common Stock on the option grant date.

C. **Option Term.** Each option grant under the Automatic Option Grant Program shall have a term of 10 years measured from the option grant date.

D. **Exercise and Vesting of Options.**

1. Each option under the Automatic Option Grant Program shall be immediately exercisable for any or all of the option shares. However, any unvested shares purchased under the option shall be subject to repurchase by the Corporation, at the lower of (a) the exercise price paid per share or (b) the Fair Market Value per share of Common Stock at the time of repurchase, should the Optionee cease such Board service prior to vesting in those shares.

2. The shares subject to each initial option grant shall vest, and the Corporation's repurchase right shall lapse, in quarterly installments upon the Optionee's completion of each quarter of service as a non-Employee director measured from the option grant date.

3. The shares subject to each annual option grant shall vest, and the Corporation's repurchase right shall lapse, in four successive quarterly installments upon the Optionee's completion of the each quarter of service as a non-Employee director measured from the grant date.

E. **Termination of Service.** The following provisions shall govern the exercise of any options granted to the Optionee pursuant to the Automatic Option Grant Program that are outstanding at the time the Optionee ceases to serve as a director:

1. The option shall be exercisable until the earlier to occur of (a) the Expiration Date or (b) the one-year anniversary of the date the Optionee's Board service terminated.

2. During the post-Service exercise period, the option may not be exercised in the aggregate for more than the number of vested shares of Common Stock for which the option is exercisable at the time of the Optionee's cessation of Board service.

Appendix B - 9

Table of Contents

3. Should the Optionee's Board service cease due to death or Permanent Disability, then all shares at the time subject to the option shall immediately vest so that such option may be exercised for any or all of those shares as fully vested shares of Common Stock.

4. Upon the expiration of the one year exercise period or (if earlier) upon the Expiration Date, the option shall terminate for any vested shares for which the option has not been exercised. However, the option shall, immediately upon the Optionee's cessation of Board service for any reason other than death or Permanent Disability, terminate to the extent the option is not otherwise at that time exercisable for vested shares.

II. CHANGE IN CONTROL/PROXY CONTEST

A. In the event a Change in Control occurs while the Optionee remains a director, the shares of Common Stock at the time subject to each outstanding option that was granted pursuant to this Automatic Option Grant Program shall automatically vest in full so that each such option shall, immediately prior to the effective date of the Change in Control, become exercisable for all the shares subject to the option at that time as fully vested shares of Common Stock and may be exercised for any or all of those vested shares. Immediately following the consummation of the Change in Control, each automatic option grant shall terminate, except to the extent assumed by the successor corporation (or parent thereof) or otherwise continued in effect pursuant to the terms of the Change in Control transaction.

B. In the event a Proxy Contest occurs while the Optionee remains a director, the shares of Common Stock at the time subject to each outstanding option granted pursuant to this Automatic Option Grant Program shall automatically vest in full so that each such option shall, immediately prior to the effective date of the Proxy Contest, become exercisable for all the option shares as fully vested shares of Common Stock and may be exercised for any or all of those vested shares. Such option shall remain exercisable until the *earliest* to occur of (1) the Expiration Date, (2) the expiration of the one-year period measured from the date of the Optionee's cessation of Board service, or (3) the termination of the option in connection with a Change in Control transaction.

C. All outstanding repurchase rights under this Automatic Option Grant Program shall automatically terminate, and the shares of Common Stock subject to those terminated rights shall vest in full, immediately prior to the occurrence of a Change in Control or a Proxy Contest that occurs while the Optionee remains a director.

D. Each option which is assumed or otherwise continued in effect in connection with a Change in Control shall be appropriately adjusted, immediately after such Change in Control, to apply to the number and class of securities which would have been issuable to the Optionee in consummation of such Change in Control had the option been exercised immediately prior to such Change in Control. Appropriate adjustments shall also be made to the exercise price payable per share under each outstanding option, *provided* the aggregate exercise price payable for such securities shall remain the same. To the extent the holders of Common Stock receive cash consideration for their Common Stock in consummation of the Change in Control, the successor corporation may, in connection with the assumption of the outstanding options granted pursuant to the Automatic Option Grant Program, substitute one or more shares of its own common stock with a fair market value equivalent to the cash consideration paid per share of Common Stock in such transaction.

E. The grant of options under the Automatic Option Grant Program shall in no way affect the right of the Corporation to undertake any corporate action.

III. REMAINING TERMS

The remaining terms of each option granted under the Automatic Option Grant Program shall be the same as the terms in effect for option grants made under the Discretionary Option Grant Program.

Appendix B - 10

ARTICLE FIVE

MISCELLANEOUS

I. FINANCING

The Plan Administrator may permit any Optionee or Participant to pay the option exercise price under the Discretionary Option Grant Program or the purchase price of shares issued under the Stock Issuance Program by delivering a full-recourse, interest-bearing promissory note payable in one or more installments. After considering the tax and accounting consequences, the Plan Administrator shall establish the terms of any such promissory note (including the interest rate and the terms of repayment). In no event may the maximum credit available to the Optionee or Participant exceed the sum of (A) the aggregate option exercise price or purchase price payable for the purchased shares (less the par value of such shares) plus (B) any applicable income and employment tax liability incurred by the Optionee or the Participant in connection with the option exercise or share purchase. Prior to permitting the use of promissory notes as payment under the Plan, the Plan Administrator should consider the restrictions on doing so imposed by Regulation U.

II. TAX WITHHOLDING

A. The Corporation's obligation to deliver shares of Common Stock upon the exercise of options or the issuance or vesting of such shares granted pursuant to the Plan shall be subject to the satisfaction of all applicable income and employment tax withholding requirements.

B. The Plan Administrator may, in its discretion, provide any or all holders of Non-Statutory Options or unvested shares of Common Stock issued pursuant to the Plan (other than the options granted to non-Employee directors or independent contractors) with the right to use shares of Common Stock in satisfaction of all or part of the Withholding Taxes to which such holders may become subject in connection with the exercise of their options or the vesting of their shares. Such right may be provided to any such holder in either or both of the following formats:

1. **Stock Withholding**: The election to have the Corporation withhold, from the shares of Common Stock otherwise issuable upon the exercise of such Non-Statutory Option or the vesting of such shares, a portion of those shares. So as to avoid adverse accounting treatment, the number of shares that may be withheld for this purpose may not exceed the minimum number needed to satisfy the applicable income and employment tax withholding rules.

2. **Stock Delivery**: The election to deliver to the Corporation, at the time the Non-Statutory Option is exercised or the shares vest, one or more shares of Common Stock previously acquired by such holder (other than in connection with the option exercise or share vesting triggering the Withholding Taxes). So as to avoid adverse accounting treatment, the number of shares that may be withheld for this purpose may not exceed the minimum number needed to satisfy the applicable income and employment tax withholding rules.

III. SHARE ESCROW/LEGENDS

Unvested shares of Common Stock may, in the Plan Administrator's discretion, be held in escrow by the Corporation until the Optionee's or the Participant's interest in such shares vests or may be issued directly to the Optionee or the Participant with restrictive legends on the certificates evidencing those unvested shares.

IV. RESTRICTIONS ON CANCELLATION AND REGRANT OF STOCK OPTIONS AND REPRICING OF STOCK OPTIONS

Except with the approval of the stockholders of the Corporation, (i) no option may be granted under the Plan to an employee, consultant or member of the Board in direct exchange for, or in direct connection with, the cancellation or surrender of an outstanding option of such person having a higher exercise price, and (ii) no

Appendix B - 11

Table of Contents

option granted under the Plan may be amended to reduce the exercise price per share of the Common Stock of the Corporation subject to such option below the exercise price of the option as of the date the option is granted, except to reflect the substitution for or assumption of the option in connection with a Change in Control of the Corporation or if any change is made in the Common Stock subject to the Plan or subject to any option under the Plan without the receipt of consideration by the Corporation (through merger, consolidation, reorganization, recapitalization, reincorporation, stock dividend, dividend in property other than cash, stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or other transaction not involving the receipt of consideration by the Corporation) in which case the outstanding stock options will be appropriately adjusted in the class or classes and number of securities and price per share of Common Stock subject to such outstanding stock options. In the event of the substitution for or assumption of an option in connection with a Change in Control of the Corporation or if any change is made in the Common Stock subject to the Plan or subject to any option under the Plan without the receipt of consideration by the Corporation, the Board shall make such adjustments, and its determination shall be final, binding and conclusive. (The conversion of any convertible securities of the Corporation shall not be treated as a transaction without receipt of consideration by the Corporation.)

V. EFFECTIVE DATE AND TERM OF THE PLAN

A. The Plan shall become effective on May 23, 2002. No options may be granted or stock issued under the Plan at any time before May 23, 2002.

B. The Plan shall serve as the successor to the Predecessor Plan, and no further option grants or direct stock issuances shall be made under the Predecessor Plan after May 23, 2002. All options outstanding under the Predecessor Plan on May 23, 2002 shall be transferred to the Plan at that time and shall be treated as outstanding options under the Plan.

C. Each outstanding option so transferred shall continue to be governed by the terms of the documents evidencing such option, and no provision of the Plan shall be deemed to automatically affect or otherwise modify the rights or obligations of the holders of such transferred options.

D. Notwithstanding the previous sentence, one or more provisions of the Plan, including, without limitation, the acceleration provisions of the Discretionary Option Grant Program relating to Changes in Control and Proxy Contests, may, in the Plan Administrator's discretion, be extended to one or more options incorporated from the Predecessor Plans provided that such provision or provisions do not adversely affect the Optionee's rights and obligations.

E. Unless terminated by the Board prior to such time, the Plan shall terminate on May 23, 2019. Should the Plan terminate when any options or unvested shares are outstanding, such awards shall continue in effect in accordance with the provisions of the documents evidencing such grants or issuances.

VI. AMENDMENT OF THE PLAN

The Board shall have complete and exclusive power and authority to amend the Plan or any awards made hereunder. However, no such amendment of the Plan shall adversely affect the rights and obligations with respect to options or unvested stock issuances at the time outstanding under the Plan unless the Optionee or the Participant consents to such amendment, and, except as provided in Section IV of Article Five of the Plan relating to adjustments upon changes in Common Stock, no increase in the number of shares of Common Stock reserved for issuance under the Plan shall be effective unless approved by the stockholders of the Corporation to the extent stockholder approval is necessary to satisfy the requirements of Section 422 of the Code, Securities and Exchange Commission Rule 16b-3 or any Nasdaq or securities exchange listing requirements. In addition, stockholder approval shall be necessary to modify the eligibility requirements for participation in the Plan.

VII. USE OF PROCEEDS

Any cash proceeds received by the Corporation from the sale of shares of Common Stock under the Plan shall be used for any corporate purpose.

VIII. REGULATORY APPROVALS

A. The implementation of the Plan, the granting of any stock option under the Plan and the issuance of any shares of Common Stock (1) upon the exercise of any option or (2) under the Stock Issuance Program shall be subject to the Corporation's procurement of all approvals and permits required by regulatory authorities having jurisdiction over the Plan, the stock options granted under it and the shares of Common Stock issued pursuant to it.

B.
