2014 Business Highlights

Net income for 2014 increased 56.4% to \$33.6 million compared with \$21.5 million for 2013. Excluding a discrete tax benefit of \$4.5 million recorded in the third quarter of 2014, net income for 2014 would have been \$29.1 million, up 35.4% from 2013.

2014 sales were \$341.8 million, an increase of 17.2% compared with 2013 sales of \$291.8 million.

Gross profit increased to \$188.9 million in 2014, up from \$161.9 million for 2013.

Our Total Shareholder Return (TSR) exceeded our industry and peer groups for 2014 and significantly exceeded the average TSR for our industry and peer groups for the past 5 years.

We acquired substantially all of the assets of The CAD Zone, Inc., a leading software provider in the law enforcement accident and crime scene reconstruction market.

We successfully launched the FARO Focus^{3D} X130 Laser Scanner and Laser Line Probe HD.

We opened our new Exton, Pennsylvania manufacturing and technical center.

Compensation Highlights

The compensation our named executive officers earned in 2014 reflects our strong financial performance in 2014, as described in our Compensation Discussion and Analysis and as reflected in the Summary Compensation Table in this proxy statement.

Notwithstanding our strong financial performance and our strong TSR, we did not meet all of the aggressive goals we set for ourselves. Thus, our executive officers each received less than 100% of their target compensation.

To better align the interests and rewards of our named executive officers with the long-term interests of our shareholders and drive the achievement of our purpose and vision, beginning with the long-term

Table of Contents

equity awards granted in 2015, we have transitioned our long-term equity awards granted to our executives to be exclusively performance-based incentive compensation, with awards earned based on both quantitative and qualitative factors.

Corporate Governance

Our corporate governance policies reflect many components of what are widely considered to be best practices:

We have a director resignation policy for those director nominees who receive more withheld than for votes in uncontested elections.

Six of our seven current directors are independent and only independent directors serve on the Audit, Compensation, and Governance and Nominating Committees.

Executive sessions of the independent directors are held at each in-person Board meeting.

Hedging transactions and pledging of our stock are prohibited for all directors and executive officers.

Significant stock ownership requirements are in place for directors and executive officers. Under these guidelines, our CEO is required to own stock having a value equal to at least six times his annual base salary, the other named executive officers are required to own stock having a value equal to at least two times their respective annual base salaries and our non-employee directors are required to own stock having a value equal to at least \$300,000.

Our clawback policy applies to executive officers performance-based incentive compensation in the event of a restatement of our financial statements due to misconduct.

Shareholder Engagement

We believe that building positive relationships with our shareholders is critical to our long-term success. We value our relationship with our shareholders and believe that we strengthen our ability to lead the Company by constructively engaging with our shareholders in discussing our business and operations. For this reason, our management team regularly offers to, and does frequently meet with, shareholders to discuss our quarterly and annual results, operations and other topics of interest to shareholders.

We were pleased that our shareholders overwhelmingly approved the non-binding advisory vote on our executive compensation in 2014 with approximately 98% of votes cast in favor of the proposal. Nevertheless, we continue to examine our executive compensation program to assure alignment between the interests of our executive officers and our shareholders as noted in the Compensation Highlights above.

PROXY STATEMENT FOR

2015 ANNUAL MEETING OF SHAREHOLDERS

This Proxy Statement is furnished in connection with the solicitation of proxies on behalf of the Board of Directors of FARO Technologies, Inc. (FARO, the Company, we, us or our) for use at the 2015 Annual Meeting of Shareholders (the Annual Meeting), to be held on May 20, 2015 at 9:00 a.m., Eastern time, at our principal executive offices, located at 250 Technology Park, Lake Mary, Florida 32746, and at any adjournment or postponement of the Annual Meeting. The telephone number at our principal executive offices is (407) 333-9911.

In accordance with the e-proxy rules adopted by the Securities and Exchange Commission (SEC), we are providing access to our proxy materials primarily by furnishing the proxy materials to our shareholders on the Internet, rather than mailing paper copies of the materials to each shareholder. On or about April 10, 2015, we will mail a Notice of Internet Availability of Proxy Materials (the Notice) to the majority of our shareholders, and on or about the same date, we will mail a printed copy of the proxy statement and a proxy card to shareholders who have requested to receive them. On the mailing date of the Notice, all shareholders will have the ability to access all of the proxy materials, including the proxy statement, on a website referred to in the Notice and this proxy statement. The Notice contains instructions on how to access and review the proxy materials, including the proxy statement and annual report to shareholders, on the Internet, how to request paper copies of the proxy materials and how shareholders can submit their proxies on the Internet. Brokerage firms and other nominees who hold shares on behalf of beneficial owners will be sending their own similar Notice.

Internet distribution of the proxy materials is designed to expedite receipt by shareholders, lower the cost of the Annual Meeting, and conserve natural resources. However, if you would prefer to receive printed proxy materials, please follow the instructions included in the Notice.

A list of shareholders entitled to vote at the Annual Meeting will be available for inspection by any shareholder at our principal executive offices for a period of ten days prior to the Annual Meeting and at the Annual Meeting itself.

This Proxy Statement and our 2014 Annual Report, which includes our Annual Report on Form 10-K for the fiscal year ended December 31, 2014, are available to shareholders at: www.proxyvote.com. Our 2014 Annual Report is not to be considered a part of these proxy materials or as having been incorporated by reference into this Proxy Statement.

ABOUT THE MEETING

What is the purpose of the Annual Meeting?

At the Annual Meeting, shareholders will vote on the following matters:

1.

Edgar Filing: FARO TECHNOLOGIES INC - Form DEF 14A

the election of two directors, Lynn Brubaker and Simon Raab, Ph.D., to the Board of Directors to serve for a three-year term expiring at the Annual Meeting of Shareholders in 2018;

Table of Contents

2. the ratification of Grant Thornton LLP as our independent registered public accounting firm for 2015; and

3. a non-binding resolution to approve the compensation of our named executive officers.

Shareholders will also transact any other business that may properly come before the Annual Meeting. Once the business of the Annual Meeting is concluded, shareholders will have an opportunity to ask questions as time permits. Members of our management and representatives of Grant Thornton LLP, our independent registered public accounting firm, will be present to respond to appropriate questions from shareholders.

Why am I receiving these materials?

We have made these proxy materials available to you on the Internet or, upon your request, have delivered printed versions of these proxy materials to you by mail, in connection with our solicitation of proxies for use at the Annual Meeting. This Proxy Statement describes matters we would like you to vote on at the Annual Meeting. It also provides you with information about these matters so that you can make an informed decision. These proxy materials were first sent or made available to shareholders on or about April 10, 2015.

What is included in these proxy materials?

These proxy materials include:

The Notice of 2015 Annual Meeting of Shareholders;

This Proxy Statement for the Annual Meeting; and

Our 2014 Annual Report, which includes our Annual Report on Form 10-K for the year ended December 31, 2014, as filed with the SEC on February 25, 2015 (the Annual Report).

If you requested printed versions of the proxy materials by mail, we will also include the proxy card or voting instruction form for the Annual Meeting.

Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

Pursuant to rules adopted by the SEC, we are using the Internet as the primary means of furnishing proxy materials to shareholders this year. Accordingly, we are sending a Notice to the majority of our shareholders. All shareholders will have the ability to access the proxy materials on the website referred to in the Notice or request a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or how to request a printed copy of the proxy materials may be found in the Notice. In addition, shareholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. We encourage shareholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of our annual meetings, and reduce our cost associated with the physical printing and mailing of materials.

I share an address with another shareholder, and we received only one Notice or one paper copy of the proxy materials. How can I obtain an additional copy of the Notice or proxy materials?

We have adopted an SEC-approved procedure called householding. Under this procedure, we may deliver a single copy of the Notice and, if applicable, this Proxy Statement and the Annual Report to multiple shareholders who share the same address unless we have received contrary instructions from one or more of the shareholders. This procedure reduces the environmental impact of our annual meetings, and reduces our printing and mailing costs. Shareholders who participate in householding will continue to receive separate proxy cards if they received a printed set of the proxy materials. Upon written or oral request, we will deliver promptly a separate copy of the Notice and, if applicable, this Proxy Statement and the Annual Report to any shareholder at a shared address to which we delivered a single copy of any of these documents.

Table of Contents

To receive free of charge a separate copy of the Notice and, if applicable, this Proxy Statement or the Annual Report, or separate copies of any future notice, proxy statement or annual report, shareholders may write or call us at the following:

FARO TECHNOLOGIES, INC.

Attn: Investor Relations

How can I get electronic access to the proxy materials?

The Notice will provide you with instructions regarding how to use the Internet to:

View our proxy materials for the Annual Meeting; and

Instruct us to send future proxy materials to you by email.

Our proxy materials are also available at www.proxyvote.com. This website address is included for reference only. The information contained on this website or our website is not incorporated by reference into this Proxy Statement.

Choosing to receive future proxy materials by email will reduce the impact of our annual meetings on the environment and will save us the cost of printing and mailing documents to you. If you choose to receive future proxy materials by email, you will receive an email message next year with instructions containing a link to those materials and a link to the proxy voting website. Your election to receive proxy materials by email will remain in effect until you terminate it.

What is a proxy?

A proxy is your legal designation of another person, also referred to as a proxy, to vote your shares of stock on your behalf. The written document providing notice of the Annual Meeting and describing the matters to be considered and voted on is called a proxy statement. The document used to designate a proxy to vote your shares of stock is called a proxy card. Our board of directors has designated two of our officers, Jay Freeland, our President and Chief Executive Officer (CEO), and Jody Gale, our Senior Vice President, General Counsel and Secretary, as proxies for the Annual Meeting.

Who is entitled to vote?

Holders of our common stock outstanding as of the close of business on March 27, 2015 (the Record Date) are entitled to vote at the Annual Meeting. Each shareholder is entitled to one vote for each share of common stock he or she held on the Record Date.

If your shares are held by a bank or brokerage firm, you are considered the beneficial owner of shares held in street name. If your shares are held in street name, your bank or brokerage firm (the record holder of your shares) will forward a Notice or, if applicable, a printed set of these proxy materials, along with a voting instruction card, to you. As the beneficial owner, you have the right to direct your record holder how to vote your shares, and the record holder is required to vote your shares in accordance with your instructions. If you do not give instructions to your bank or brokerage firm, it will nevertheless be entitled to vote your shares with respect to routine items, but it will not be permitted to vote your shares with respect to non-routine items. In the case of a non-routine item, your shares will be considered broker non-votes on that proposal.

Who can attend the Annual Meeting?

Edgar Filing: FARO TECHNOLOGIES INC - Form DEF 14A

All FARO shareholders, or individuals holding their duly appointed proxies, may attend the Annual Meeting. Appointing a proxy in response to this solicitation will not affect a shareholder's right to attend the

Table of Contents

Annual Meeting and to vote in person. Please note that if you hold your shares in street name, you will need to bring a copy of your bank or brokerage statement reflecting your stock ownership as of the Record Date to gain admission to the Annual Meeting. Shareholders must also present a form of personal photo identification to be admitted to the Annual Meeting.

How do I vote?

If you own shares registered directly with our transfer agent on the close of business on the Record Date, you may vote:

over the Internet, through the website shown on your Notice or proxy card;

by telephone, by calling toll-free 1-800-690-6903 in the United States from any touch-tone telephone and following the instructions;
or

If you received a printed set of proxy materials, by mailing your signed proxy card in the postage paid envelope provided. If your shares are held in street name, your bank or brokerage firm will forward a Notice or, if applicable, a printed set of these proxy materials, as well as a voting instruction card, to you. Please follow the instructions on the Notice or voting instruction card to vote your shares. Your bank or brokerage firm may also allow you to vote by telephone or the Internet.

If you are a registered shareholder and you attend the Annual Meeting, you may deliver a completed proxy card in person. Additionally, we will pass out written ballots to registered shareholders who wish to vote in person at the meeting. Beneficial owners of shares held in street name who wish to vote at the Annual Meeting will need to obtain a power of attorney or proxy from their record holder to do so.

How many shares must be present to hold the meeting?

A quorum of shareholders is necessary to hold a valid shareholders meeting. A majority of the 17,377,179 shares of common stock outstanding on the Record Date and entitled to be cast on any matter at the Annual Meeting must be represented, in person or by proxy, to constitute a quorum at the Annual Meeting. If you vote, your shares will be included in the number of shares to establish the quorum. Shares that are voted ABSTAIN, properly executed proxy cards or voting instruction cards that are returned without voting instructions and shares treated as broker non-votes will be counted as present for the purpose of determining whether the quorum requirement is satisfied.

Once a share is represented at the Annual Meeting, it will be deemed present for quorum purposes throughout the Annual Meeting (including any adjournment or postponement of the Annual Meeting unless a new record date is or must be set for such adjournment or postponement).

If a quorum is not present at the scheduled time of the Annual Meeting, a majority of the shareholders who are represented, in person or by proxy at the meeting, may adjourn the Annual Meeting until a quorum is present. The time and place of the adjourned meeting will be announced at the meeting at the time of adjournment, and no other notice will be given unless the Board of Directors fixes a new record date.

How many shares must be present to consider each matter at the Annual Meeting?

The presence, in person or by proxy, of a majority of the votes entitled to be cast on a specific proposal will constitute a quorum for that proposal. Even if a quorum is established for the Annual Meeting, it is possible that a quorum may not be established for a specific proposal presented at the Annual Meeting. Shares that are voted ABSTAIN or properly executed proxy cards or voting instructions cards that are returned without voting instructions will be counted as present for the purpose of determining whether the quorum requirement is satisfied for all proposals at the Annual Meeting. If your shares are held in street name and you do not provide

Table of Contents

voting instructions to your bank or broker, your shares will not affect the determination of whether a quorum exists for proposals 1 or 3, but your shares will be counted as present for the purpose of determining whether the quorum requirement is satisfied for proposal 2.

How are proxies voted?

All shares represented by valid proxies received prior to the taking of the vote at the Annual Meeting will be voted and, where a shareholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the shareholder's instructions.

What is the effect of not voting?

If you are a registered shareholder and you submit a proxy but do not provide any voting instructions, your shares will be voted:

FOR the election of Lynn Brubaker and Simon Raab, Ph.D. to the Board of Directors;

FOR the ratification of Grant Thornton LLP as our independent registered public accounting firm for 2015; and

FOR the approval of the compensation of our named executive officers.

If you are a registered shareholder and you do not vote, your un-voted shares will not count toward the quorum requirement for the Annual Meeting or any proposal considered at the Annual Meeting. If a quorum is obtained, your un-voted shares will not affect the outcome of any proposal.

If you own shares in street name and do not instruct your bank or brokerage firm how to vote your shares, your bank, broker, or other holder of record may not vote your shares on non-routine matters such as Proposal 1 Election of Directors or Proposal 3 Advisory Vote on Executive Compensation, and your shares will be considered broker non-votes on those proposals. However, it may vote your shares in its discretion on routine proposals such as Proposal 2 Ratification of Independent Registered Public Accounting Firm.

Abstentions (or Withhold votes for the election of directors) and broker non-votes will not affect the outcome of any proposals considered at the Annual Meeting.

Can I change my vote after I return my proxy card or vote by telephone or the Internet?

Yes. If you are a registered shareholder, even after you have submitted your proxy, you can change your vote by:

properly completing and signing another proxy card with a later date and returning the proxy card prior to the Annual Meeting;

voting again by telephone or the Internet until 11:59 pm, Eastern time, on May 19, 2015;

giving written notice of your revocation to FARO Technologies, Inc., Attention: Secretary, 250 Technology Park, Lake Mary, Florida 32746, prior to or at the Annual Meeting; or

voting in person at the Annual Meeting.

Your presence at the Annual Meeting will not in itself revoke your proxy; you must obtain a ballot and vote at the Annual Meeting to revoke your proxy. Unless properly changed or revoked, the shares represented by proxies received prior to the Annual Meeting will be voted at the

Annual Meeting.

If you hold your shares in street name, the above options for changing your vote do not apply, and you must instead follow the instructions received from your bank or broker to change your vote.

Table of Contents

What are the Board's recommendations on the proposals?

The Board recommends that you vote your shares as follows:

Proposal 1 FOR the election of the two nominees for director, Lynn Brubaker and Simon Raab, Ph.D., each with a three-year term expiring at the Annual Meeting of Shareholders in 2018;

Proposal 2 FOR ratification of Grant Thornton LLP as our independent registered public accounting firm for 2015; and

Proposal 3 FOR the approval of the compensation of our named executive officers.

What vote is required to elect the director nominees?

The affirmative vote of a plurality of the votes cast is required for the election of directors, which means that the two nominees for director receiving the greatest number of votes will be elected. If you vote Withhold with respect to one or more nominees, your shares will not be voted with respect to the person or persons indicated, although they will be counted for purposes of determining whether there is a quorum. Broker non-votes on the election of directors will have no impact on either the determination of a quorum or the outcome of the election.

What happens if a nominee is unable to stand for election?

If a nominee is unable to stand for election, the Board of Directors may either reduce the number of directors to be elected or select a substitute nominee. If a substitute nominee is selected, the proxy holders will vote your shares for the substitute nominee, unless you have voted Withhold with respect to the original nominee.

How many votes are required to ratify the appointment of the Company's independent registered public accounting firm?

The ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for 2015 requires the affirmative vote of a majority of the votes cast by the shareholders. Abstentions will have no impact on the outcome of this matter. Because this matter is a routine proposal, there will be no broker non-votes associated with this proposal.

How many votes are required to approve the advisory vote on the compensation of the Company's named executive officers?

The approval of the non-binding resolution to approve the compensation of our named executive officers requires the affirmative vote of a majority of the votes cast by the shareholders. Abstentions and broker non-votes will have no impact on the outcome of this matter.

Are there any other items to be discussed during the Annual Meeting?

We are not aware of any other matters that you will be asked to vote on at the Annual Meeting. If other matters are properly brought before the Annual Meeting and you have returned a proxy card, with or without voting instructions, or have voted by telephone or the Internet, the proxy holders will use their discretion in voting your shares on these matters as they may arise.

Who will count the vote?

American Stock Transfer & Trust Co. will count the vote and will serve as the inspector of the election.

Table of Contents

Who pays to prepare, mail, and solicit the proxies?

Proxies may be solicited by personal meeting, Internet, e-mail, advertisement, telephone, and facsimile machine, as well as by use of the mails. Solicitations may be made by our directors, officers, and other employees, as well as our investor relations firm, none of whom will receive additional compensation for such solicitations. We will bear the cost of soliciting proxies. Arrangements will be made, as appropriate, with banks, brokerage houses, and other custodians, nominees or fiduciaries to forward soliciting materials to the beneficial owners of the shares, and we will reimburse such persons for their out-of-pocket expenses incurred in providing those services.

Where can I find the voting results of the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be tallied by the inspector of election after the taking of the vote at the Annual Meeting. We will publish the final voting results in a Current Report on Form 8-K, which we are required to file with the SEC within four business days following the Annual Meeting.

Will I receive a copy of the Annual Report?

You may obtain a copy of the Annual Report by writing to our Investor Relations department at 250 Technology Park, Lake Mary, Florida 32746, by calling 1-800-736-0234, by e-mailing our Investor Relations department at InvestorRelations@faro.com or by accessing www.proxyvote.com. Our Annual Report is not incorporated by reference into this Proxy Statement and is not considered proxy soliciting material.

Where can I find Corporate Governance materials for the Company?

Our Code of Ethics for Senior Financial Officers, Global Ethics Policy and Corporate Governance Guidelines and the Charters for the Audit, Operational Audit, Compensation, and Governance and Nominating Committees of our Board of Directors are published on our website at www.faro.com, by first clicking [Investor Relations](#) and then [Leadership](#). We are not including the information contained on or available through our website as a part of, or incorporating such information by reference into, this Proxy Statement.

How can I contact the members of the Board?

Shareholders may communicate with the full Board or individual directors by submitting such communications in writing to FARO Technologies, Inc., Attention: Board of Directors (or the individual director(s)), 250 Technology Park, Lake Mary, Florida 32746. Communications should be sent by overnight or certified mail, return receipt requested. Such communications will be delivered directly to the Board or the individual director(s), as designated on such communication.

Table of Contents**PROPOSAL 1****ELECTION OF DIRECTORS**

THE BOARD OF DIRECTORS RECOMMENDS THAT OUR SHAREHOLDERS VOTE FOR PROPOSAL 1, THE ELECTION OF LYNN BRUBAKER AND SIMON RAAB, PH.D. TO THE BOARD OF DIRECTORS.

The Board of Directors is divided into three classes, as nearly equal as possible, with one class of directors elected each year for a three-year term. Each director's term is subject to the election and qualification of his or her respective successor, or such director's earlier death, resignation or removal. The Board currently consists of seven members. Two directors have terms that expire at this year's Annual Meeting, two directors have terms that expire at the 2016 Annual Meeting of Shareholders, and three directors have terms that expire at the 2017 Annual Meeting of Shareholders.

We do not know of any reason why any nominee would be unable or, if elected, would decline to serve as a director. If any nominee is unable or unwilling to serve as a director, the Board of Directors may either reduce the number of directors to be elected or select a substitute nominee. If the Board selects a substitute nominee, the shares represented by all valid proxies will be voted for the substitute nominee, other than shares voted "Withhold" with respect to the original nominee.

The two nominees for director, Lynn Brubaker and Simon Raab, Ph.D., are currently directors of the Company and are proposed to be elected at the Annual Meeting to serve until the 2018 Annual Meeting of Shareholders. The remaining five directors, whose terms do not expire at the Annual Meeting, will continue to serve as members of the Board for the terms set forth below.

Directors are elected by a plurality of the votes cast, meaning that the two nominees receiving the highest number of affirmative votes cast for the election of directors at the Annual Meeting will be elected as directors. Shares may not be voted cumulatively, and proxies cannot be voted for a greater number of persons than the number of nominees named. If you received a printed set of proxy materials, shares voted by the accompanying proxy card will be voted "FOR" Lynn Brubaker and Simon Raab, Ph.D., unless the proxy card is marked to withhold authority or to vote for alternative candidates. If you vote "Withhold" with respect to one or more nominees, your shares will not be voted with respect to the person or persons indicated. Broker non-votes on the election of directors will have no impact on the outcome of the election.

The names, ages, and principal occupations for at least the past five years of each of the current directors and the nominees and the names of any other public companies of which each has served as a director during the past five years are set forth below. There are no family relationships between any of our directors or executive officers.

CORPORATE GOVERNANCE AND BOARD MATTERS

Role and Risk Oversight of the Board of Directors

The Board provides general oversight and direction for the Company, monitors our performance and also acts as an advisor and counselor to senior management. In particular, the Board performs the following functions (the Oversight Functions):

Reviews and approves operating, organizational, financial and strategic plans;

Reviews our operational, financial and strategic performance;

Oversees and evaluates management's systems for internal control, financial reporting and public disclosure;

Oversees our global risk management;

Establishes corporate governance standards;*

Selects, evaluates and compensates our executive officers, including the CEO;

Oversees and evaluates senior management performance and compensation; and

Plans for effective development and succession of the CEO and senior management.

*In 2010, the Board of Directors adopted our Corporate Governance Guidelines, which were recently updated in 2014 and are available on our website at www.faro.com, by first clicking Investor Relations and then Leadership.

In its oversight of our global risk management, the Board reviews the overall risk exposure of the Company and discusses with management our risk assessment, including management's efforts to identify, monitor, control and report risk exposure. In addition, as part of its review of our strategic plans, the Board reviews all major risks that could materially adversely affect the Company, including operational and financial risks, political and regulatory risks, and employment and labor risks of our global business operations. In addition, our risk assessment has also been from time to time the subject of discussion among the independent members of the Board during their executive sessions, without the presence of Company management.

Each Board committee is also responsible for reviewing our risk exposure with respect to the respective committee's areas of responsibility, discussing such risks with Company management, and reporting significant risks to the Board. Each independent Board member, other than the Chairman, is a member of each Board committee. This helps to ensure that each independent Board member is fully informed and better able to contribute to the Oversight Functions. The Chairman is an invited guest to all Board committee meetings.

The Audit Committee focuses on significant risks associated with financial exposures. The Compensation Committee particularly reviews risks related to our compensation policies and practices. The Operational Audit Committee focuses on significant risks associated with our operational performance.

Leadership Structure of the Board of Directors

Edgar Filing: FARO TECHNOLOGIES INC - Form DEF 14A

Simon Raab, Ph.D., one of our founders and our past Chief Executive Officer, currently serves as Chairman of the Board and is an independent director. The independent members of the Board have elected Stephen Cole, another independent director, to serve as the Lead Director. Jay W. Freeland, our current Chief Executive Officer, also serves as a director.

The Chairman of the Board, the Lead Director and the CEO set the agenda for Board meetings with input from all other directors. Board materials related to agenda items are provided to Board members sufficiently in advance of Board meetings to allow the directors to prepare for discussion of the items at the meeting.

Table of Contents

The Chairman of the Board and the Lead Director together set the schedule of Board meetings; facilitate information flow and communication between the independent directors and Company management; coordinate the activities of the other independent directors; together with the Governance and Nominating Committee, provide advice to the Board and Company management with respect to corporate governance and recommend to the Board membership of Board committees; recommend the retention of Board and Committee consultants; together with the Compensation Committee and the Board, evaluate the performance of the CEO; and perform such other duties and responsibilities as the Board of Directors from time to time determines.

As earlier noted, executive sessions of independent directors are held at each regularly scheduled Board meeting for a discussion of relevant subjects, including the Oversight Functions. The Lead Director, with input from the Chairman of the Board and all other independent directors, prepares the agenda for executive sessions of the independent directors, although all independent directors are invited to raise any matters for discussion. The Lead Director presides over the executive sessions of the independent directors.

We believe that our current Board structure appropriately ensures that an independent director serves in a Board leadership position, acting as a liaison between the Board and Company management and allowing the Board to better perform its Oversight Functions. The current Board structure allows our President and CEO to focus on the day-to-day operations of the Company and also permits the independent directors to discuss and address risk management with Company management in Board meetings, as well as separate from management in executive session.

Director Independence

We are required to comply with NASDAQ's listing standards, including its corporate governance rules. NASDAQ rules require the Board of Directors to be comprised of a majority of independent directors, as that term is defined by the NASDAQ Marketplace Rules.

The Board of Directors has affirmatively determined that Lynn Brubaker, John Caldwell, Stephen Cole, John Donofrio, Simon Raab, Ph.D., and Marvin Sambur, Ph.D. are independent directors, as defined by the NASDAQ Marketplace Rules. The Board of Directors has determined that Mr. Freeland is the only director who is not independent, because he is the President and CEO of the Company.

Board Meetings and Committees

The Board of Directors held seven meetings during 2014. Each of our directors attended at least 90% of the applicable meetings of the Board and of the Committees on which he or she served during 2014. In addition, the independent directors met in executive session without the presence of management on the occasion of each regular Board meeting in 2014. While we have not adopted a formal policy regarding Board attendance at annual shareholder meetings, we encourage each of our Board members to attend the annual shareholder meetings in person, and all of our current directors attended the 2014 Annual Meeting of Shareholders in person. We also expect that each of our directors will attend the 2015 Annual Meeting in person.

The Board of Directors has four standing committees: an Audit Committee, an Operational Audit Committee, a Compensation Committee, and a Governance and Nominating Committee. Each Committee is comprised of all of our independent Board members, except Dr. Raab, who is invited to attend all such meetings as an observer.

Operational Audit Committee

The Operational Audit Committee met four times in 2014. The Operational Audit Committee acts under the terms of a written charter that is available on our website at www.faro.com, by first clicking Investor Relations and then Leadership. review and approval of senior management development objectives and related matters; and

Each of the Compensation Committee members qualifies as independent for Compensation Committee membership, as defined in the NASDAQ rules, as a non-employee director, as defined under Rule 16b-3 of the Exchange Act, and as an outside director, as defined under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code).

The Compensation Committee acts under the terms of a written charter that is available on our website at www.faro.com, by first clicking Investor Relations and then Leadership. As discussed in its charter, the Compensation Committee reviews our executive compensation policies and programs and endeavors to ensure they are aligned and implemented in accordance with our overall strategy, including enhancement of shareholder value. Although the Compensation Committee reviews annually and determines the CEO's compensation, it works with the Chairman of the Board and the President and CEO in evaluating the performance of all other officers at the Vice President level and above and in reviewing and approving annually all compensation programs and awards (including setting the base compensation for the upcoming year and approving bonus and equity incentive awards) for all officers at the Vice President level and above (other than the CEO). The Compensation Committee maintains final authority in the determination of individual executive compensation packages to ensure compliance with our compensation policy objectives.

The Compensation Committee's duties and responsibilities include, among other things:

oversight of our long-term equity plans, including reviewing and approving changes in such plans, granting equity awards to officers at the Vice President level and above, as well as approving the total amount of equity grants below the Vice President level and related parameters of such grants;

Specifically the Compensation Committee has engaged Pearl Meyer & Partners (Pearl Meyer), a compensation expert, to informally update the Compensation Committee on an annual basis, or more frequently if requested by the Committee, on matters that have been delegated to the Committee, and from time to time to provide a formal executive and director compensation study, including recommending best practices and median compensation at comparable companies.

The Compensation Committee may delegate its authority to grant awards under the FARO Technologies, Inc. 2014 Incentive Plan (the 2014 Equity Plan) to our executive officers. Governance and Nominating Committee

The Governance and Nominating Committee met two times in 2014. Each of the Governance and Nominating Committee members meets the definition of independence in the NASDAQ rules.

The Governance and Nominating Committee's written charter is available on our website at www.faro.com, by first clicking Investor Relations and then Leadership. As discussed in detail in the charter, the Governance and Nominating Committee is responsible for developing, evaluating and implementing our corporate governance policies. The Governance and Nominating Committee is also responsible for selecting and recommending for Board approval director nominees and the members and chair of each of the Board committees. Current members of the Board are considered for re-election unless they have notified the Company that they do not wish to stand for re-election. The Governance and Nominating Committee considers candidates for the Board recommended by current members of the Board or members of management. In addition, the Committee may, to the extent it deems appropriate, retain a professional search firm and other advisors to identify potential nominees for director. Shareholders may recommend director nominees for consideration by the Governance and Nominating Committee by writing to the Governance and Nominating Committee, Attention: Chairman, 250 Technology Park, Lake Mary, Florida 32746, and providing appropriate biographical information concerning each proposed nominee. each director must be independent of any particular constituency, be able to represent all shareholders of the Company and be committed to enhancing long-term shareholder value; and

each director must have sufficient time available to devote to activities of the Board and to enhance his or her knowledge of our business.

In identifying potential Board nominees and evaluating candidates for the Board, the Governance and Nominating Committee considers the nominee's experience, skills and qualifications. Although the Governance and Nominating Committee has not established specific goals with respect to diversity, the Governance and Nominating Committee, in accordance with the Corporate Governance Guidelines, does consider diversity in identifying potential Board nominees and evaluating Board candidates, including in the context of providing diversity in business perspectives, gender, ethnicity, education, experience and leadership qualities.

Annually, the Governance and Nominating Committee reviews the composition of the Board to assess whether it reflects the appropriate experience, skills and qualifications expected of Board members, as well as a variety of complementary experiences and backgrounds, sufficient to provide sound and prudent guidance, particularly in the areas of senior leadership, operations, finance, technology and governance. The Governance and Nominating Committee assesses the effectiveness of diversity within the Board every year as part of this annual assessment. Table of Contents*Terms of Director Compensation Program*

We use a combination of cash and equity compensation to attract and retain qualified candidates to serve on the Board, as detailed in the table below. In setting director compensation, we consider the significant amount of time that non-employee directors expend in fulfilling their duties to the Company, as well as the skill level required of members of the Board. In the fall of 2012, the Compensation Committee engaged Pearl Meyer to conduct a competitive market study of director compensation. The study was delivered in October 2012. Based on the results of the 2012 study, the Compensation Committee approved certain changes to our director compensation program, effective January 1, 2013, with a view to the following:

encouraging meetings and discussion without the concern for there being an incremental cost to the Company on each occasion;

simplifying the compensation model and aligning with best practices as recommended by the Pearl Meyer 2012 study; and

generally maintaining a reasonable compensation cost model going forward.

The actual aggregate cost of Board compensation in 2014 and 2013 was \$1,162,894 and \$1,161,203, respectively. The following table sets forth each component of our Board compensation in 2014:

Annual Cash Retainer:	\$ 60,000
Additional Annual Retainers:	
Governance and Nominating Committee Chairperson	\$ 10,000
Operational Audit Committee Chairperson	\$ 10,000
Audit Committee Chairperson	\$ 20,000
Compensation Committee Chairperson	\$ 15,000
Governance and Nominating Committee Non-Chair Member	\$ 5,000
Operational Audit Committee Non-Chair Member	\$ 5,000
Audit Committee Non-Chair Member	\$ 10,000
Compensation Committee Non-Chair Member	\$ 7,500
Lead Director	\$ 35,000(a)
Chairman	\$ 100,000(a)
Initial Equity Grant	\$ 100,000(b)
Annual Equity Grant	\$ 80,000(c)

- (a) Payable 50% in cash and 50% in shares of restricted stock. Shares of restricted stock will be granted annually on the day following the annual meeting of shareholders, and the number of shares to be granted will be determined by dividing the dollar value of the retainer by the closing price of our common stock on the date of grant. The shares of restricted stock will vest on the day prior to the following year's annual meeting date, subject to the Lead Director's or Chairman's, as applicable, continued membership on the Board as of such date.
- (b) Upon election to the Board, each non-employee director will receive shares of restricted stock with a value equal to \$100,000, calculated by using the closing price of our common stock on the date of the non-employee director's election to the Board. The initial restricted stock grant vests on the third anniversary of the grant date, subject to the non-employee director's continued membership on the Board as of such date.
- (c) On the day following the annual meeting of shareholders, each non-employee director receives shares of restricted stock with a value equal to that indicated in the above chart, calculated by using the closing price of our common stock on the day following the annual meeting of shareholders. The annual restricted stock grant vests the day prior to the following year's annual meeting date, subject to a director's continued membership on the Board as of such date.

Mandatory Board of Director Stock Ownership and Holding Periods

Effective in 2009, our non-employee directors are subject to minimum share ownership guidelines. Within two years after joining the Board, each non-employee director is required to own shares of our common stock with an aggregate value of \$300,000. The ownership requirement may be satisfied through (i) holdings of equity awards granted by us, the values of which are calculated based on the higher of (x) the then current value of the equity awards on the date of determining compliance with the minimum share ownership guidelines and (y) the grant date fair value of the equity awards, and/or (ii) shares of common stock purchased by the non-employee director independently, the values of which are calculated based on the closing price of our common stock on the purchase date. Also, each non-employee director must hold shares of our common stock acquired pursuant to the exercise of stock options or vesting of restricted stock for one year after exercise or vesting, as applicable, or until his or her retirement, whichever is earlier. In 2012, the Board amended the holding period requirement to permit sales by non-employee directors to the extent necessary to satisfy tax obligations arising from the vesting of their restricted stock awards. As of December 31, 2014, all of our directors were in compliance with the minimum share ownership guidelines.

Table of Contents**PROPOSAL 2****RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

THE BOARD OF DIRECTORS RECOMMENDS THAT OUR SHAREHOLDERS VOTE FOR PROPOSAL 2, THE RATIFICATION OF GRANT THORNTON LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

The Sarbanes-Oxley Act of 2002 requires the Audit Committee to be directly responsible for the appointment, compensation and oversight of the audit work of our independent registered public accounting firm. Grant Thornton LLP has audited our financial statements for the fiscal years ended December 31, 2014 and 2013. The Audit Committee has appointed Grant Thornton LLP as our independent registered public accounting firm for 2015.

Representatives of Grant Thornton LLP will be present at the meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions of shareholders.

Shareholders are not required to ratify the appointment of Grant Thornton LLP as our independent registered public accounting firm. However, we are submitting the ratification to our shareholders as a matter of good corporate practice. If our shareholders fail to ratify the appointment of Grant Thornton LLP, the Audit Committee may reconsider the retention of Grant Thornton LLP. Even if the selection of Grant Thornton LLP is ratified, the Audit Committee in its discretion may select a different independent accounting firm at any time during the year if it determines that such change would be in the best interests of the Company and our shareholders.

The affirmative vote of a majority of the votes cast is necessary for approval of the ratification of Grant Thornton LLP. Abstentions will have no impact on the ratification of our independent registered public accounting firm. Because this matter is a routine proposal, there will be no broker non-votes associated with this proposal.

INDEPENDENT PUBLIC ACCOUNTANTS

The following table presents fees for professional audit services rendered by Grant Thornton LLP for the audit of our financial statements for the fiscal years ended December 31, 2014 and 2013, and fees for other services rendered by Grant Thornton LLP during those periods.

	2014	2013
Audit fees(1)	\$ 1,894,835	\$ 1,487,648
Audit related fees(2)	37,392	27,442
All other fees		
Total fees	\$ 1,932,227	\$ 1,515,090

(1) Amounts for 2014 and 2013 include the audit of financial statements, review of financial statements included in Quarterly Reports on Form 10-Q, audit of the effectiveness of our internal control over financial reporting and statutory audits required internationally. Audit fees for 2014 increased from 2013 primarily due to our implementation of SAP, a new enterprise resource planning system, in the Americas region.

(2) Amounts for 2014 and 2013 include fees related to the audit of our employee benefit plan and, in 2014, the issuance of a consent related to a Form S-8 Registration Statement.

The Audit Committee has concluded that the provision of the audit and permitted non-audit services by Grant Thornton LLP in 2014 and 2013 is consistent with maintaining the independence of Grant Thornton LLP.

Table of Contents

Pursuant to the Audit Committee charter, the Audit Committee pre-approved all such services provided by Grant Thornton LLP. The Audit Committee has established pre-approval policies and procedures with respect to audit and permitted non-audit services to be provided by our independent auditors. Pursuant to these policies and procedures, the Audit Committee may form and delegate authority to subcommittees consisting of one or more members, when appropriate, to grant such pre-approvals, provided that decisions of such subcommittee to grant pre-approvals are presented to the full Audit Committee at its next scheduled meeting. The Audit Committee's pre-approval policies do not permit the delegation of the Audit Committee's responsibilities to management.

REPORT OF THE AUDIT COMMITTEE

Under the Audit Committee charter, the Audit Committee is responsible for overseeing the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the system of internal control over financial reporting and the financial reporting process. The independent accountants have the responsibility to express an opinion on the financial statements based on an audit conducted in accordance with generally accepted auditing standards. The Audit Committee has, among other things, the responsibility to monitor and oversee these processes.

The Audit Committee has:

- (1) reviewed and discussed the Company's audited financial statements with management;
- (2) discussed with the independent auditors the matters required to be discussed by Auditing Standard No. 16, Communications with Audit Committees, as adopted by the Public Company Accounting Oversight Board; and
- (3) received the written disclosures and the letter from the independent accountant required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with the independent accountant the independent accountant's independence.

The Audit Committee also considered the impact of non-audit services on the auditor's independence.

The Audit Committee reviewed with the independent accountants the overall scope and specific plans for its audit. Without management present, the Committee met with the independent accountants to review the results of their examinations, their evaluation of the Company's internal control over financial reporting, and the overall quality of the Company's accounting and financial reporting. The Audit Committee reviewed and discussed the Company's audited financial statements with the independent accountants.

Based on the review and discussions described above, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2014 for filing with the SEC.

PROPOSAL 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

THE BOARD OF DIRECTORS RECOMMENDS THAT OUR SHAREHOLDERS VOTE FOR PROPOSAL 3, THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act) provides shareholders with the opportunity to vote to approve, on a non-binding advisory basis, the compensation of our named executive officers. This advisory vote is commonly known as Say-on-Pay. Accordingly, the Board of Directors is asking our shareholders to indicate their support for the compensation of our named executive officers, as disclosed in this Proxy Statement.

This proposal is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and our executive compensation program and practices. The Compensation Committee endeavors to ensure that the philosophy and operation of our compensation program reinforces our culture and values, creates a balance between risk and reward, attracts, motivates, and retains executives over the long-term and aligns their interests with those of our shareholders. The Compensation Committee strives to provide total compensation relating to the CEO, the other named executive officers and all other employees at the Vice President level and above, that is fair, reasonable and achieves the objective described above. Our executive compensation program includes a significant performance-based component, in the form of a short-term annual incentive award, as well as a substantial emphasis on at-risk, equity-based long-term incentives. Please read the Compensation Discussion and Analysis, together with the related compensation tables and narrative disclosure below, for a detailed explanation of our executive compensation program and practices.

At our annual meetings of shareholders held in May 2012, May 2013 and May 2014, approximately 96%, 95% and 98%, respectively, of the votes cast on the Say-on-Pay proposal at those meetings were voted in favor of the proposal. The Compensation Committee believes this affirms our shareholders' support for our approach to executive compensation, and no significant changes were made to this approach for 2014 as a result of the votes in prior years. However, to better align executive officer interests and rewards with the long-term interests of our shareholders and drive the achievement of our purpose and vision, beginning with the long-term equity awards granted in 2015, we have transitioned our long-term equity awards granted to our executives to be exclusively performance-based, with awards earned based on both quantitative and qualitative factors.

The Board is asking our shareholders to vote FOR the following non-binding resolution:

Resolved, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion & Analysis and the related compensation tables and narrative disclosure, in the Proxy Statement is hereby approved on an advisory basis.

The approval of this proposal requires the affirmative vote of a majority of the votes cast by the shareholders. Abstentions and broker non-votes will have no impact on the outcome of this matter. As an advisory vote, the result will not be binding on the Board; however, the Compensation Committee, which is comprised solely of independent directors, will consider the outcome of the vote when evaluating the effectiveness of our compensation policies and practices.

The Board of Directors has determined, in line with the recommendation of our shareholders, to have an annual advisory vote on the compensation of our named executive officers. Accordingly, the next advisory vote on executive compensation will occur at our Annual Meeting of Shareholders in 2016. The next advisory vote on the frequency of Say-on-Pay votes will be conducted no later than our Annual Meeting of Shareholders in 2017.

OTHER MATTERS TO COME BEFORE THE ANNUAL MEETING

To bring business before an Annual Meeting, a shareholder must give written notice to our Secretary before the meeting and comply with the terms and time periods specified in our bylaws and described under **Deadline for Receipt of 2016 Shareholder Proposals and Director Nominees** . No shareholder has given written notice that he or she intends to bring business before the Annual Meeting in compliance with the terms and time periods specified in our bylaws.

Executive Summary

Our Business

We design, develop, manufacture, market and support software driven, three-dimensional (3-D) measurement, imaging and realization systems. We sell the majority of our products through a direct sales force across a broad number of customers in a range of manufacturing, industrial, architecture, surveying, building construction and law enforcement applications. Our FaroArm[®], FARO Laser ScanArm[®], FARO Gage, FARO Laser Tracker, FARO 3D Imager AMP, and their companion CAM² software provide for Computer-Aided Design, or CAD, based inspection and/or factory-level statistical process control and high-density surveying. Together, these products integrate the measurement, quality inspection, and reverse engineering functions with CAD software to improve productivity, enhance product quality and decrease rework and scrap in the manufacturing process. Our FARO Focus^{3D} and FARO Freestyle^{3D} laser scanners, and their companion SCENE and FARO forensic software, are utilized for a wide variety of 3-D modeling, documentation and high-density surveying applications, including in two of our key vertical markets architecture, engineering and construction (AEC) and law enforcement. We require an executive leadership team that reflects our culture and values. The executives must be experienced and entrepreneurial in order to successfully execute business strategy and create shareholder value.

2014 Business Highlights

2014 was an important year for FARO. Highlights from the year include the following:

Net income for 2014 increased 56.4% to \$33.6 million compared with \$21.5 million for 2013. Excluding a discrete tax benefit of \$4.5 million recorded in the third quarter of 2014, net income for 2014 would have been \$29.1 million, up 35.4% from 2013.

2014 sales were \$341.8 million, an increase of 17.2% compared to 2013 sales of \$291.8 million.

Table of Contents

Gross profit increased to \$188.9 million in 2014, up from \$161.9 million for 2013.

Our cash flow from operating activities decreased to \$5.7 million for 2014, compared with \$34.3 million for 2013, primarily attributable to an increase in accounts receivable year-over-year, reflecting our higher sales in 2014, especially in the last quarter of the year, and an increase in inventory to support our new product launches and the move to our new facility in Exton, Pennsylvania. In addition, we initiated several important business developments in 2014, including the following:

the acquisition of substantially all of the assets of The CAD Zone, Inc., a leading software provider in the law enforcement accident and crime scene reconstruction market;

the launch of the FARO Focus^{3D} X130 Laser Scanner and Laser Line Probe HD; and

the opening of our new Exton, Pennsylvania manufacturing and technical center.

In 2014, we also endeavored to strengthen and build our management team with the hiring of key personnel.

Our Total Shareholder Return (TSR) for the five-year period is substantially above our industry group and our peer group. Our one-year and three-year TSR is generally comparable to both our industry and peer groups. For a discussion of the companies in our peer group, see [Review of Peer Group Practices](#) below. We use the Global Industry Classification Standard (GICS) Subcode 4520 (Technology Hardware and Equipment) developed by Standard & Poor's and MSCI Barra as our industry group.

2014 Performance and Compensation

Although we believe we demonstrated strong performance in 2014 and achieved some of the goals established for 2014, our results did not meet all of the aggressive internal performance goals that we set for our 2014 executive compensation program. For example, the Compensation Committee selected the following internal Company performance objectives for Mr. Freeland's, Mr. Abram's, and Mr. Gale's 2014 short-term incentive awards. (\$ in millions except per share amounts)

Table of Contents

Performance Measure	Prior Year (2013)		Current Year (2014)	
	Actual Result	2014 Goals	Actual Result	Actual Result
Sales growth	6.7%	15.6%		17.2%
Gross margin	55.5%	56.3%		55.3%
Net income	\$ 21.5	\$ 28.0	\$	33.6*
Cash flow from operations excluding equity inflows	\$ 23.1	\$ 6.1	\$	(24.4)

* Net income for 2014 includes a \$4.5 million discrete tax adjustment. Excluding this discrete item, net income was \$29.1 million for 2014. This discrete item was excluded from our financial results when assessing the performance of our executives and determining the amounts to be paid under the 2014 short-term incentive programs.

The Compensation Committee selected these performance metrics at the beginning of 2014 because they are key drivers of our success, and the compensation realized by our named executive officers was directly affected by the internal financial performance objectives achieved in 2014. For example:

The short-term incentive opportunity for our named executive officers is weighted 50% to certain Company-wide financial metrics, 30% to individual operating objectives, and 20% to individual strategic metrics. We achieved strong financial and operating results in 2014 and exceeded most of our goals. As a result, the named executive officers earned short-term incentive award payouts ranging from 92% to 99% of target, reflecting achievement against the financial, operational and strategic metrics.

The number of stock options and restricted stock units granted to each named executive officer in 2014 was based upon his or her performance factor for the individual strategic and performance goals for 2013. As we did not achieve our targets in 2013, the long-term equity awards granted to our named executive officers in 2014 were significantly lower than their respective target values, as reflected in the Summary Compensation Table and the 2014 Grants of Plan-Based Award Table below.

Our named executive officers did benefit at least in part from our continued strong TSR, as the restricted stock units granted in 2014, as well as each executive's total stock holdings, appreciated in value commensurate with the appreciation in stock price during the year.

CEO Pay and Company Performance Alignment

Mr. Freeland's actual short-term incentive award for 2014 performance was \$214,245, representing a payout equal to 92% of his target award opportunity. Furthermore, 100% of his long-term equity award for 2014 was granted in the form of stock options, and the in-the-money value of those stock options at December 31, 2014 was \$45,361. The intrinsic value of this stock option award as of December 31, 2014 was only 6% of the grant date fair value of his target long-term equity award opportunity due to our failure to achieve our targets in 2013 discussed above. Accordingly, Mr. Freeland's total realizable pay at December 31, 2014 was equal to 52% of his target pay opportunity for the year.

FARO 2014 CEO Pay Target vs. Realizable at 12/31/14

	Base	Short-Term Incentive		Total	Long-Term Incentive		Total
	Salary	% Salary	\$ Value	Cash	% Salary	\$ Value	Direct Compensation
2014 Target Pay ^{1,2}	\$ 465,750	50%	\$ 232,875	\$ 698,625	150%	\$ 698,625	\$ 1,397,250
2014 Realizable Pay ³	\$ 465,750	46%	214,245	\$ 679,995	10%	\$ 45,361	\$ 725,356
Realizable % of Target	100%		92%	97%		6%	52%

¹ Includes base salary plus the target short-term incentive opportunity plus the target long-term equity grant date fair value, before adjustment based on our financial performance in 2013.

² The CEO was granted a long-term incentive award in the form of stock options in February 2014.

³ Includes base salary plus the actual short-term incentive paid based on 2014 performance plus the in the money value of the stock option grant at December 31, 2014.

As discussed above under 2014 Performance and Compensation, our results met some of our high internal expectations. The level of our CEO's pay for 2014 increased approximately 11% compared with 2013. Accordingly, our CEO's realizable pay and our one-year TSR were directionally aligned on an absolute basis and when compared to the other companies in our peer group. We are above the line on the graph below, which means that we had a higher ratio of TSR to CEO realizable pay, while the companies below the line had a lower ratio.

Executive Compensation Objectives and Philosophy

The Compensation Committee endeavors to ensure that the philosophy and operation of our compensation program reinforces our culture and values, creates a balance between risk and reward, attracts, motivates, and retains executives over the long-term and aligns their interests with those of our shareholders. The Compensation Committee strives to provide total compensation relating to the CEO, the other named executive officers and all other employees at the Vice President level and above, that is fair, reasonable and achieves the objective described above. Our executive compensation program includes a significant performance-based component, in the form of a short-term annual incentive award, as well as a substantial emphasis on at-risk, equity-based long-term incentives.

Table of Contents

The Compensation Committee has responsibility for establishing, implementing and monitoring adherence with our compensation philosophy. For more information regarding the Compensation Committee's duties and responsibilities, see page 15 of this Proxy Statement.

Executive Compensation Components

The primary components of compensation for the named executive officers in 2014 were base salary, short-term incentives in the form of annual bonus, and long-term equity incentives.

Base Salary

When setting base salaries, the Compensation Committee considers our overall financial performance and outlook and each executive's experience, expertise, level of responsibility, seniority, leadership qualities, professional advancement, individual accomplishment, compensation levels of comparable positions within our peer group, and other significant contributions to our success. When setting the salaries for the executive officers other than the CEO, the Compensation Committee also considers the CEO's recommendations and the prior performance review conducted by the CEO. The Compensation Committee's consideration of these factors and determination of appropriate salary levels is largely subjective. The Compensation Committee approved an increase in the base salaries of each of the named executive officers to the following levels:

Name	2014 Base Salary	% Increase from 2013
Mr. Freeland	\$ 465,750	3.5%
Ms. Hall	\$ 334,760	3.0%
Mr. Drews	\$ 325,957	4.4%

Mr. Abrams and Mr. Gale's initial base salaries of \$335,000 and \$285,000, respectively, were negotiated in connection with their commencement of employment with us. Mr. Bair's and Mr. Arezone's base salaries of \$257,094 and \$150,000, respectively, remained unchanged from their respective 2013 base salaries. Mr. Bair separated from the Company effective April 4, 2014. Mr. Drews separated from the Company in his capacity as Senior Vice President, Managing Director, Europe effective November 4, 2014. Under the terms of Mr. Drews' employment agreement, while relieved of his day-to-day responsibilities, he technically remains an employee until November 4, 2015. Mr. Drews still participated in our short-term incentive opportunity for 2014, which was prorated from January 1, 2014 to the date of his separation on November 4, 2014. Mr. Drews is paid in Euros; the amount reflected in the above table represents the approximate dollar value of his salary converted to US Dollars using the Euro to dollar exchange rate of 1 to 1.321 (which reflects the average exchange rate during 2014).

Short-Term Incentives Messrs. Freeland, Abram, Gale and Drews and Ms. Hall

Our short-term incentives provide management employees, including each of our named executive officers other than Mr. Arezone (who participates in the sales commission program described below), the opportunity for additional cash compensation based on achievement of Company financial performance goals, other operational objectives and individual goals. These goals are established at the beginning of the year by the Compensation Committee based on input from management. These metrics are designed to align the interests of the executives with the shareholders and require the Company and each individual executive to function well in order to achieve the target incentive amount.

Annual short-term cash incentive opportunities are expressed as a percentage of each participant's base salary. Target award opportunities for the named executive officers (other than the CEO) are equal to 40% of their base salaries, and the target award opportunity for the CEO is equal to 50% of his base salary (or greater, in the Compensation Committee's discretion). In determining annual awards, the Compensation Committee assigns a weighting to criteria established under three components: Company financial performance, operational

Table of Contents

performance and individual strategic objectives. However, the Compensation Committee retains the discretion to adjust the annual incentives on a subjective basis to ensure an equitable result, and bonuses may be reduced up to 100% based on corporate profitability.

Company Financial Performance. In 2014, fifty percent (50%) of the short-term incentive opportunity for Messrs. Freeland, Abram, Gale and Drews, and Ms. Hall was based on achievement of financial performance goals. For Messrs. Freeland, Abram and Gale, the Compensation Committee selected the following Company performance objectives for 2014, with different weighting for each metric: sales growth, gross margin, net income, and cash flow from operations. Each of these performance metrics is a key indicator of our financial performance. The Compensation Committee reviewed and approved the financial performance targets, each of which is set forth below, in conjunction with the Board of Directors' approval of the annual budget. (\$ in millions except per share amounts)

	Target	Actual
Sales growth	15.6%	17.2%
Gross margin	56.3%	55.3%
Net income	\$ 28.0	\$ 33.6*
Cash flow from operations	\$ 6.1	\$ (24.4)

* Net income includes a \$4.5 million discrete tax adjustment. Excluding this discrete item, net income was \$29.1 million for 2014. For purposes of assessing actual financial performance compared to the targets set forth by the Compensation Committee, we excluded the \$4.5 million discrete tax adjustment. The metrics for Mr. Drews and Ms. Hall were based on sales growth, gross margin and operating income for the Europe and Americas region, respectively.

Operational Performance. In 2014, thirty percent (30%) of the short-term incentive opportunity for Messrs. Freeland, Abram, Gale and Drews, and Ms. Hall was based on the achievement of operational objectives. The operating metrics set by the Compensation Committee with input from the Operational Audit Committee are designed to focus on improving both our short and long-term operating performance. Metrics such as failure rates, manufacturing efficiencies, service turnaround, and inventory turns are used as indicators of our overall strength and performance.

Individual Strategic. In 2014, twenty percent (20%) of the short-term incentive opportunity for Messrs. Freeland, Abram, Gale and Drews and Ms. Hall was based on achievement of individual strategic objectives. The Compensation Committee sets Mr. Freeland's individual strategic objectives and related weights and, together with Mr. Freeland, the individual strategic objectives and related weights for each of the other named executive officers on an annual basis. These criteria incorporate elements of individual performance and are intended to reflect the contributions made by the executive toward our overall objectives for the year and the executive's individual responsibilities.

The material performance metrics for each executive for 2014 are summarized below.

Mr. Freeland Key performance indicators included the financial performance of the Company against predetermined objectives (revenue growth, gross margin, net income, and cash flow). Strategic initiatives included strategic planning, advancing the research and development organization, redesigning operational metrics and board communication, operational effectiveness, and development of the leadership team.

Mr. Abram Key performance indicators included the financial performance of the Company against predetermined objectives (revenue growth, gross margin, net income, and cash flow). Strategic initiatives included strategic planning, global worldwide tax strategy, and organizational redesign and effectiveness.

Table of Contents

Mr. Gale Key performance indicators included the financial performance of the Company against predetermined objectives (revenue growth, gross margin, net income, and cash flow). Strategic initiatives included strategic planning, global worldwide tax strategy, board communication, and legal procedures.

Ms. Hall Key performance indicators included the financial performance of the Americas region against predetermined objectives (revenue growth, gross margin and operating income). Strategic initiatives included strategic planning, developing the Aerospace and Forensics vertical market strategy, new product development and project management.

Mr. Drews Key performance indicators included the financial performance of the Europe region against predetermined objectives (revenue growth, gross margin and operating income). Strategic initiatives included strategic planning, product innovation, new product releases, developing cloud technology strategy and automotive vertical market strategy.

Aggregate Performance Results. We achieved most of our financial performance targets for 2014, but not all the targets were achieved. Accordingly, the Compensation Committee determined that the named executive officers would be eligible for a portion of the fifty percent (50%) of the short-term incentive opportunity that was based on achievement of financial performance targets by the Company or the individual regions, depending on the targets for each executive. The operating metrics were reviewed quarterly by the Operational Audit Committee of the Board of Directors. The Compensation Committee determined the eligible portion of the thirty percent (30%) of the short-term incentive opportunity based on the achievement of the operational metrics assigned to the named executive officer for each quarter as well as for the full year. The Compensation Committee then applied each executive's individual performance factor to the remaining twenty percent (20%) of the target award, which reflected the strategic achievements by such executive. The calculation of the actual award was determined as follows:

Name	Financial Performance	Operational Performance	Strategic Objectives	Actual Award as % of Target
Mr. Freeland	99.5%	86.0%	80.0%	92%
Mr. Abram	99.5%	86.0%	80.0%	92%
Ms. Hall	103.8%	99.0%	86.7%	99%
Mr. Gale	99.5%	86.0%	80.0%	92%
Mr. Drews	54.8%	99.0%	80.0%	73%

As a result, the Compensation Committee awarded short-term incentives to Messrs. Freeland, Abram, Gale and Drews and Ms. Hall, as follows:

Name	2014 Target Award	2014 Actual Award	Actual Award as % of Target
Mr. Freeland	\$ 232,875	\$ 214,245	92%
Mr. Abram	\$ 134,000	\$ 122,744	92%
Ms. Hall	\$ 133,904	\$ 132,565	99%
Mr. Gale	\$ 114,000	\$ 104,880	92%
Mr. Drews	\$ 130,382	\$ 79,408	61%*

* Mr. Drews separated from the Company in his capacity as Senior Vice President, Managing Director, Europe effective November 4, 2014. Under the terms of Mr. Drews' employment agreement, while relieved of his day-to-day responsibilities, he technically remains an employee until November 4, 2015. Mr. Drews still participated in our short-term incentive opportunity for 2014, and his actual award was prorated from January 1, 2014 to the date of his separation on November 4, 2014.

Sales Commission Program Mr. Arezone

Mr. Arezone did not participate in the short-term incentive program because he receives commissions based on total sales in the Asia Pacific Region.

Table of Contents

Although Mr. Arezone did not receive an award under the short-term incentive program in 2014, the Compensation Committee nonetheless established key performance indicators for him, and he received an individual review. His key performance indicators included the financial performance of the Asia Pacific Region against predetermined objectives (revenue growth, gross margin and operating income). Strategic and operational initiatives included strategic planning, development of the AEC, heavy industrial, and oil and gas vertical markets, and operational effectiveness.

Effective November 4, 2014, Mr. Arezone was named Senior Vice President, Managing Director, Europe, Middle East and Africa and Asia Pacific Regions. In 2015, Mr. Arezone will be included in our short-term incentive program.

Long-Term Incentives

Our compensation program incorporates stock options and restricted stock units (RSUs) to attract, retain, engage and focus key employees for the long term and the realization of compensation objectives. We maintain three equity incentive plans the Amended and Restated 2004 Equity Incentive Plan (the 2004 Equity Plan), the 2009 Equity Incentive Plan (the 2009 Equity Plan), and the 2014 Equity Plan. Grants to executives of equity incentive compensation are determined by the Compensation Committee and are designed to align a portion of the executive compensation package with the long-term interests of our shareholders. The Compensation Committee grants a mix of options and RSUs to the named executive officers, other than Mr. Freeland who receives only stock options. Stock options are intended to promote shareholder alignment and hold executives accountable for generating shareholder return because they gain value only if our stock price increases. RSUs provide a share-efficient means for retaining top talent and promoting a long-term share owner perspective. Pearl Meyer has advised that a mix of options and RSUs is a market competitive practice within our peer group. Consistent with our entrepreneurial philosophy, the Compensation Committee and Mr. Freeland believe that it is important that the majority if not all of Mr. Freeland's long-term equity incentive awards be at risk, so that his long-term goals are directly aligned with the interests of the shareholders. Accordingly, all of Mr. Freeland's long-term equity incentive awards are issued in the form of stock options, and the long-term equity incentive awards for Messrs. Arezone and Drews and Ms. Hall are a combination of stock options and RSUs, in a ratio of 75% and 25%, respectively. Messrs. Abram and Gale received an initial grant of stock options in connection with their commencement of employment with us, and Mr. Gale will participate in the annual equity grant program in 2015.

Grant Guidelines. The Compensation Committee reviews and approves, upon management recommendation with respect to the named executive officers other than Mr. Freeland and in the case of Mr. Freeland, on its own initiative, the grant of stock options and RSUs to the named executive officers in amounts appropriate for an individual's level of responsibility, ability to affect the achievement of overall corporate goals, individual performance, tenure, and potential. The Compensation Committee also reviews and considers all prior outstanding equity awards in order to assess the performance and retention incentive strength of these awards. The Compensation Committee intends for the grant date fair value of the equity incentive awards to approximate the median of the peer group, with adjustments as necessary to suit the individual executive. With this in mind, in order to determine the number of shares subject to each award, the Compensation Committee historically has established the long-term equity incentive award value for each executive by (i) setting a target percentage of each executive's base salary, and (ii) multiplying that amount by the executive's performance factor for the individual strategic and performance goals for the prior year under the short-term incentive program. The resulting dollar value is then converted into, in the case of Mr. Freeland, a number of stock options, and, in the case of the other named executive officers, a number of stock options and RSUs. The number of stock options granted is determined using the Black-Scholes valuation model. The number of RSUs granted is based on the stock price on the date of determination. To better align executive officer interests and rewards with the long-term interests of our shareholders and drive the achievement of our purpose and vision, beginning with the long-term equity awards granted in 2015, we have transitioned our long-term equity awards granted to our executives to be exclusively performance-based, with awards earned based on both quantitative and qualitative factors.

Table of Contents

2014 Grants. The Compensation Committee established the following target long-term equity award values for the 2014 grants for Messrs. Freeland, Arezone, and Drews and Ms. Hall, expressed as a percentage of base salary: 150% for Mr. Freeland, 100% for Ms. Hall and 75% for Messrs. Arezone and Drews. However, in light of our financial performance in 2013, the Compensation Committee decided to reduce the target long-term equity award value for Messrs. Freeland, Arezone and Drews and Ms. Hall. In 2013, 70% of the executives' short-term incentive awards was based on our achievement of certain internal financial goals, which goals were not achieved. Accordingly, the named executive officers were not eligible for 70% of their target short-term incentive award for 2013, and the Compensation Committee also determined to reduce their 2014 target long-term equity award opportunity, accordingly. The Compensation Committee then applied each executive's 2013 individual performance factor to the remaining 30% of the target award. Based on this assessment, Messrs. Freeland, Arezone and Drews and Ms. Hall received long-term equity awards representing approximately 32%, 21%, 21% and 28% of their base salaries, respectively. Mr. Freeland receives all of his long-term equity awards in the form of stock options, while Messrs. Arezone and Drews and Ms. Hall receive 75% of their long-term equity awards in the form of stock options and 25% in the form of restricted stock units. Mr. Abram and Mr. Gale received an initial grant of stock options in connection with their commencement of employment with us, and Mr. Gale will participate in the annual equity grant program in 2015. The exercise price of all stock options is based on the closing price of our common stock on the date of grant. Options granted to executives vest in three equal annual installments, provided that the grantee is employed by us on the vesting date. The RSUs granted in 2014 vest in three equal annual installments on each anniversary of the grant date, provided that the executive is employed by us on the vesting date.

Grant Policy. Beginning in 2008, the Compensation Committee established a policy to (i) grant stock options and other equity incentives for current employees annually on the second business day following the release of our fourth quarter earnings for the preceding year, which usually occurs in late February or early March of each year, and (ii) grant stock options and other equity incentives for newly hired individuals on the date of hire. The annual grant of stock options and other equity incentive awards is made without regard to the timing of the release of any other material information that may not be contained in the annual earnings release, as well as without regard to whether possible positive or negative information is contained in the annual earnings release. The Compensation Committee has decided that beginning in 2015, grants of stock options and restricted stock units at the level of Vice President and above will be made at the target percentage of base salary and will be subject to performance-based vesting conditions over a period of three years, weighted equally among the achievement of individual strategic objectives, external relative value metrics and our internal long-term financial performance.

Compensation Governance Highlights

The Compensation Committee and Company management are mindful of evolving practices in executive compensation and corporate governance. In response, we have adopted the following policies and practices:

Pursuant to a policy adopted in 2010, we will not offer newly-hired executives any single-trigger change-in-control features similar to a lump sum cash payment payable upon the occurrence of a change in control, which is currently provided in our employment agreement with Mr. Freeland.

The Change in Control Severance Policy does not provide an excise tax gross-up.

The 2014 Equity Plan prohibits cash buyouts of stock options.

We maintain a compensation clawback policy, as further described beginning on page 42 of this Compensation Discussion and Analysis.

Since 2008, we have had a stock ownership policy for our non-employee directors and executive officers, as further described on pages 22 and 42 of this Proxy Statement, respectively. Among other things, this policy provides that our CEO must hold at least six times his base salary in Company stock, our other executives must hold at least two times their respective base salaries in Company stock, and our non-employee directors must own Company stock with a value of at least \$300,000.

Table of Contents

Company policy prohibits hedging and limits any pledging by our directors and executive officers.

The Compensation Committee does not believe that the work of its compensation consultant has raised any conflicts of interest.

To better align executive officer interests and rewards with the long-term interests of our shareholders and drive the achievement of our purpose and vision, beginning with the long-term equity award granted in 2015, we have transitioned our long-term equity awards granted to our executives to be exclusively performance-based, with awards earned based on both quantitative and qualitative factors.

The Compensation Committee has retained compensation consultants from time to time, including for formal executive and director compensation studies in 2008, 2010 and 2012. We anticipate the Compensation Committee will retain Pearl Meyer for similar studies in 2015. Such consultants are frequently consulted during the year on various matters and annually to informally update the Compensation Committee on matters that have been delegated to the Committee under its charter.

Role of the Compensation Consultant

The Compensation Committee has the authority to retain consultants and to obtain advice and assistance from external legal, accounting or other advisors, at our expense. Since 2008, the Compensation Committee has engaged Pearl Meyer to advise it on executive and outside director compensation matters. In this role, Pearl Meyer reports to and is instructed by the Compensation Committee. The Compensation Committee has the sole authority to approve the fees and other terms and conditions of any engagement with its independent advisor. The Compensation Committee annually considers the independence of Pearl Meyer relative to the six factors prescribed by the SEC and NASDAQ, and has concluded that the work of Pearl Meyer as the Compensation Committee's compensation consultant does not raise any conflict of interest.

During 2014, Pearl Meyer's services to the Compensation Committee were primarily with respect to (i) high level evaluation of our executive compensation program relative to best practices and the views of various proxy advisory firms, (ii) assisting with the development of the Compensation Discussion & Analysis for the proxy statement filed in connection with our 2014 Annual Meeting of Shareholders, and (iii) considering performance-based long-term compensation models and comparing them to our current model. A competitive review of the executive compensation program was not conducted by Pearl Meyer in 2014. The Compensation Committee expects to complete the next study with Pearl Meyer in the fourth quarter of 2015. In the years when such a study is not done, the Compensation Committee retains the compensation consultant to informally update the Compensation Committee on matters that have been delegated to the Committee under its charter.

Role of the Executive Officers in Compensation Decisions

Executive officers play a role in the administration, oversight, and determination of executive compensation. At the beginning of each fiscal year, each executive officer sets annual performance goals for those employees who report directly to him or her, which may include other executive officers. Throughout the year, each executive officer reviews the performance of the employees who report directly to him or her and evaluates those employees against their performance goals. In addition, we conduct a comprehensive performance and compensation review annually in the first quarter of each year across all levels of the organization, which includes a final performance review by each executive for each employee who reports directly to him or her. Following those reviews, the executive officers recommend to the CEO any equity and non-equity based awards, based upon the performance of those employees for the prior year and annual compensation adjustments for the current year.

The CEO similarly reviews and evaluates, on both an annual and mid-year basis, the employees who report directly to him, which include all of the other named executive officers. The CEO also reviews and evaluates the recommendations made with respect to other executive officers and recommends any modifications that he deems

Table of Contents

appropriate. The CEO reviews his overall findings with the Compensation Committee, including his review of the employees who report directly to him, and then recommends to the Compensation Committee equity and non-equity awards and annual compensation adjustments for all officers, other than himself.

Review of Peer Group Practices

The Compensation Committee reviews and analyzes the executive compensation program to determine whether it provides reasonable compensation at appropriate levels and remains competitive and effective. The Compensation Committee periodically engages Pearl Meyer to provide competitive market data to assist in this process and to update and advise the Compensation Committee on various executive compensation matters.

In making its 2014 compensation decisions, the Compensation Committee discussed with Pearl Meyer, its compensation consultant, current trends and other relevant matters in executive compensation, a discussion that was informed by the competitive market study conducted by Pearl Meyer during the fourth quarter of 2012. The 2012 study was utilized to assist the Compensation Committee in understanding pay competitiveness, pay and performance alignment, and the effectiveness of our equity-based compensation programs. The following companies were selected as the peer group for the 2012 study:

* These companies have been acquired subsequent to their selection to our peer group. While they were included in the review for purposes of setting 2014 compensation, they are not included in the TSR chart on page 32 of this Proxy Statement.

Table of Contents

These companies were selected based on a variety of criteria, with a focus on being reasonably comparable to FARO in terms of industry focus, global operational scope, revenue size, and market value.

When setting compensation levels, the Compensation Committee reviews and considers the competitive market information obtained from these studies and intends for total direct compensation (base salary, annual incentive plus grant date value of long-term equity awards) to approximate the median of the peer group. The peer group data, however, is not determinative of the executives' compensation; instead, the Compensation Committee uses the peer group data as one of many inputs in its deliberations, which also includes discussions of economic and industry conditions, current and anticipated company performance, individual executive performance and potential performance, and internal pay equity. In considering these and other factors, the Compensation Committee does not seek to specifically weight each factor but rather considers them in the aggregate and exercises judgment.

Consideration of Last Year's Advisory Shareholder Vote on Executive Compensation

At the 2014 Annual Meeting of Shareholders, approximately 98% of the votes cast by the shareholders were voted to approve the compensation of our named executive officers as discussed and disclosed in the 2014 Proxy Statement. The Board and the Compensation Committee appreciate and value the views of our shareholders. In considering the results of this advisory vote on executive compensation, the Compensation Committee concluded that the compensation paid to our named executive officers and our overall pay practices enjoy shareholder support and did not make any material changes to the executive compensation program in response to the shareholder vote.

Going forward, future advisory votes on executive compensation will serve as an additional tool to guide the Board and the Compensation Committee in evaluating the alignment of our executive compensation program with the interests of the Company and our shareholders. Shareholders may communicate with the Board, the Compensation Committee or individual directors regarding our executive compensation program by submitting such communications in writing to FARO Technologies, Inc., Attention: Board of Directors (or the Compensation Committee or the individual director(s)), 250 Technology Park, Lake Mary, Florida 32746. Communications should be sent by overnight or certified mail, return receipt requested. Such communications will be delivered directly to the Board, the Compensation Committee or the individual director(s), as designated on such communication.

At the 2011 Annual Meeting of Shareholders, our shareholders expressed a preference that advisory votes on executive compensation be held on an annual basis. Consistent with this preference, the Board determined to implement an advisory vote on executive compensation on an annual basis until the next required vote on the frequency of shareholder votes on the compensation of executive officers, which will be conducted no later than our Annual Meeting of Shareholders in 2017.

Employment Agreements and Change in Control Severance Policy

Employment Agreements. We have entered into employment agreements with Messrs. Freeland, Abram, Bair, Drews and Gale and Ms. Hall that provide, or provided, for severance benefits and, in the case of Mr. Freeland, change in control benefits. As described in greater detail in the Potential Payments Upon Termination or Change in Control section of this Proxy Statement, pursuant to the employment agreements, Mr. Freeland is entitled to a lump sum cash payment upon the occurrence of a change in control, and Messrs. Freeland, and Gale and Ms. Hall are entitled to severance benefits in the event of the executive's termination without cause or resignation for good reason. Severance protection plays an important role in attracting, motivating and retaining highly talented executives. In addition, the change in control benefits are intended to retain the executives during a time of an actual or threatened change in control and ensure that the executives are able to devote their entire attention to maximizing shareholder value and safeguarding employee interests. In December 2010, we amended Mr. Freeland employment agreement to provide that the change in control payment

Table of Contents

will be made on the earlier to occur of (i) Mr. Freeland's separation from service by the Company or by Mr. Freeland for good reason or (ii) the one-year anniversary of such change in control. This amendment provides an additional retention element to the change in control benefits provided under the employment agreement.

In order to promote consistency within our change in control arrangements, on April 2, 2009, the Compensation Committee approved an amendment to each of the employment agreements then in effect, including the employment agreement with Mr. Freeland, so that the change in control definition provided therein parallels the definition provided in the Change in Control Severance Policy described below. This amendment requires the consummation of a qualifying merger or similar transaction, rather than shareholder approval of the transaction, in order to constitute a change in control, and excludes from the definition of change in control any sales of substantially all of our assets to an entity in which our shareholders hold at least 50% of the voting securities, rather than 75%, as originally provided in the employment agreements.

Pursuant to our employment agreement with Mr. Bair, he received severance benefits upon his separation from the Company. In addition, FARO Europe GmbH & Co. KG, a subsidiary of the Company, is party to an employment agreement with Mr. Drews, which agreement was for an indefinite term and could be terminated upon 12 months' notice in 2013 and 2014, and upon 6 months' notice thereafter. Mr. Drews separated from the Company in his capacity as Senior Vice President, Managing Director, Europe effective November 4, 2014; however, based on the terms of his employment agreement, while relieved of his day-to-day responsibilities, he is still technically an employee until November 2015. On March 20, 2015, we entered into a separation and release letter agreement with Mr. Abram. Pursuant to the agreement, subject to the expiration of a seven-day revocation period, Mr. Abram will receive as severance an aggregate amount of \$122,744 under our 2014 short-term incentive program and a lump sum amount of \$140,898.32 as consideration for all of his outstanding equity awards under our 2009 Equity Plan and 2014 Equity Plan. In addition, we will reimburse the monthly COBRA payments made by Mr. Abram for a period not to exceed six months.

Change in Control Severance Policy. During 2014, Messrs. Abram, Arezone, Gale and Drews and Ms. Hall were covered by our Change in Control Severance Policy, which entitles certain employees to severance benefits in the event their employment with us is terminated without cause or for good reason within twelve months following a change in control. The Compensation Committee believes that this "double trigger" provides appropriate protections to officer-level employees and encourages retention in situations that may result in the loss of their jobs.

For more information on Messrs. Freeland's, Gale's, Abram's and Drews' and Ms. Hall's employment agreements and the Change in Control Severance Policy, see "Potential Payments Upon Termination or Change in Control" beginning on page 48 of this Proxy Statement.

Policies Regarding Termination and/or Change-in-Control Benefits Payable to New Hires. It is the Compensation Committee's intention that it will provide change-in-control protection to newly-hired executives in the form of (i) acceleration of vesting for outstanding equity awards, and (ii) severance benefits under the Change in Control Severance Policy. The existing change-in-control features of Mr. Freeland's employment agreement will not be offered to any such newly-hired executives. The Compensation Committee recognizes, however, that in the context of a change-in-control transaction, certain payments, such as retention bonuses, may be advisable. Accordingly, the Compensation Committee retains the discretion to enter into such arrangements in the event of an actual change-in-control transaction. In addition, the Compensation Committee determined that it will no longer provide tax reimbursements or gross-ups to newly-hired executive officers. Accordingly, in early 2010, the Compensation Committee adopted an amendment to the Change in Control Severance Policy removing the excise tax gross-up for future participants not covered by such policy as of the date of the amendment.

Executive Benefits and Perquisites

We provide limited perquisites and personal benefits to our named executive officers, including, among other items, relocation and temporary housing expense benefits for newly hired executive officers. We do not provide pension arrangements, post-retirement health coverage, or similar benefits for our executives.

The named executive officers participate in our Vice President and Above Life Insurance Plan and Executive Long-Term and Short-term Disability Plans. Under the Life Insurance Plan, we pay all required premiums for life insurance on executive officers, which includes the named executive officers, until the executive officer reaches age 65. The named executive officers will also have a life insurance benefit of three (3) times their annual salary up to a maximum benefit of \$750,000. After age 65, benefits are reduced as follows:

35% reduction after the age of 65;

an additional 25% of the original amount at the age of 70; and

an additional 15% of the original amount at the age of 75.

Our Long-Term Disability Plan is intended to replace a reasonable amount of an executive officer's income upon disability. The plan provides a total benefit in the event of a qualifying disability of up to 60% of pre-disability income with a maximum benefit of \$15,000 per month paid up until the age of 65 or longer (depending on when the participant becomes disabled).

The named executive officers also participate in various health and welfare programs generally available to all employees. Historically, all employees, including named executive officers, who participated in our 401(k) plan were eligible to receive a 100% match on the first 1% and a 50% match on each additional dollar of compensation deferred, up to a maximum of 6% of their compensation, not to exceed the maximum allowed by the IRS.

Corporate Tax and Accounting Considerations

Section 162(m) of the Code generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid to our CEO and the three other most highly compensated executive officers, other than the CFO. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met. The Compensation Committee considers tax deductibility when making executive compensation decisions, but reserves the right to award compensation that is not fully tax deductible when viewed as necessary to accomplish other compensation program objectives.

Stock Ownership Guidelines

In February 2008, the Compensation Committee adopted stock ownership guidelines to directly align the interests of executive officers with the interests of the shareholders. Under these guidelines, as updated by the Compensation Committee in 2014, the CEO is required to own stock having a value equal to six times his annual base salary and the other named executive officers are required to own stock having a value equal to two times their annual base salary. The ownership requirement may be satisfied through holdings of (i) equity awards granted by the Company, the values of which are calculated based on the higher of (x) the grant date fair value of the equity awards or (y) the then-current value of the equity awards on the date compliance is determined, and/or (ii) shares of common stock purchased by the executive independently, the values of which are calculated based on the closing price of our common stock on the purchase date. Each executive officer must comply with the minimum ownership requirements within five years after he or she becomes subject to the policy or the executive will be precluded from subsequent sales and transfer of shares and options awarded to the executive under our equity incentive plans. The Compensation Committee periodically reviews the status of each executive's equity holdings relative to our stock ownership guidelines. Our executive officers, other than Mr. Arezone, are in compliance with the policy as of December 31, 2014.

Compensation Clawback Policy

In April 2011, the Compensation Committee adopted a clawback policy with respect to the performance-based compensation awarded to our executive officers. The clawback policy requires that, in the event of a restatement of our financial statements that reduces the amount of performance-based compensation an executive officer would have received under the restated results, and if a court determines that an executive officer engaged

Table of Contents

in fraud or intentional illegal conduct that materially contributed to the need for the restatement, an independent committee of the Board must seek, subject to certain exceptions, to recover from that executive officer the after-tax difference between the performance-based compensation actually awarded to the officer and the amount the officer would have received under the restated financials.

Pursuant to the Dodd-Frank Act, all public companies will be required to adopt a formal recoupment policy relating to incentive compensation impacted by restated financial statements, and the recovery of impacted compensation will not be contingent on any person's misconduct. The SEC has not yet issued the regulations that will describe the specific requirements for the policy required under the Dodd-Frank Act. We will revise our clawback policy in accordance with the new requirements after final regulations are released.

Insider Trading Policy

In February 2013, the Governance and Nominating Committee amended our Insider Trading Policy to prohibit hedging and limit any pledging by our directors and executive officers.

Compensation Committee Report

The Compensation Committee has the overall responsibility of evaluating the performance and determining the compensation of the President and CEO and approving the compensation structure for the Company's other executive officers. In fulfilling its responsibilities, the Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on such review and discussion, the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement for the 2015 Annual Meeting of Shareholders for filing with the SEC, and incorporated by reference into our Annual Report on Form 10-K for the year ended December 31, 2014, as filed with the SEC on February 25, 2015.

Table of Contents**Risk Assessment of Overall Compensation Program**

The Compensation Committee has reviewed with management the design and operation of our incentive compensation arrangements for all employees, including executive officers, for the purpose of determining whether such programs might encourage inappropriate risk-taking that could have a material adverse effect on the Company. Management compiled an inventory of all incentive compensation arrangements applicable to our employees at all levels, which plans and arrangements were reviewed for the purpose of identifying any aspects of such programs that might encourage behaviors that could exacerbate business risks. In conducting this assessment, the Compensation Committee considered, among other things, the performance objectives used in connection with these incentive awards and the features of our compensation program that are designed to mitigate compensation-related risk. The Compensation Committee concluded that any risks arising from our compensation plans, policies and practices are not reasonably likely to have a material adverse effect on the Company.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review, Approval or Ratification of Transactions with Related Persons

Our Board of Directors has adopted a Statement of Policy and Procedures with respect to Related Person Transactions, which sets forth in writing the policies and procedures for the review, approval or ratification of any transaction (or any series of similar transactions) in which the Company, including any of its subsidiaries, were, are or will be a participant, in which the amount involved exceeds \$10,000, and in which any related person had, has or will have a direct or indirect material interest. For purposes of the policy, a related person is:

Any person who is, or at any time since the beginning of our last fiscal year was, our executive officer or director or a nominee to become one of our directors;

Any shareholder beneficially owning in excess of 5% of our outstanding common stock;

Any immediate family member of any of the foregoing persons; or

Any firm, corporation or other entity in which any of the foregoing persons is employed or is a general partner or principal or in which such person has a 10% or greater beneficial ownership interest.

Our Board of Directors has charged the Audit Committee with reviewing and approving related person transactions. Prior to the approval of, entry into, or amendment to a related person transaction, our Audit Committee reviews the proposed transaction and considers all relevant facts and circumstances, including:

The benefits to the Company from the proposed transaction;

The impact of the proposed transaction on the independence of the members of the Board of Directors, if applicable;

The availability of unrelated parties to perform similar work for a similar price in a similar timeframe;

The terms of the proposed transaction; and

The Audit Committee approves only those related person transactions that are in, or are not inconsistent with, the best interests of the Company and our shareholders. The Audit Committee may approve a proposed related person transaction if it finds that it has been fully apprised of all significant conflicts that may exist or otherwise may arise on account of the transaction, and it nonetheless believes that we are warranted in entering into the related person transaction, and the Audit Committee has developed an appropriate plan to manage the potential conflicts of interest.

Other than a transaction involving compensation, including the grant of equity awards, that is approved by our Board of Directors or Compensation Committee, we will only consummate or continue a related person transaction if it has been approved or ratified by our Audit Committee in accordance with the guidelines set forth in the policy.
