INFORMATION REGARDING THE ANNUAL MEETING

Proxy Statement; Date, Time and Place of Annual Meeting

We are furnishing this proxy statement in connection with the solicitation of proxies by our Board of Directors for use at our 2015 annual meeting of stockholders (the annual meeting) to be held on May 14, 2015, at 8:30 a.m., local time, at our offices, 3280 Peachtree Road, N.W., Atlanta, Georgia 30305, in the boardroom located on the 23rd floor, or at any adjournment or postponement of that meeting. At the annual meeting, stockholders will be asked to consider and vote on the items of business listed and described in this proxy statement. This proxy statement and the accompanying proxy card are first being distributed to our stockholders and made available on the Internet on or about April 20, 2015.

Record Date; Quorum; Outstanding Common Stock Entitled to Vote

All holders of record of our Class A common stock and our Class C common stock as of March 27, 2015 (the Record Date) are entitled to receive notice of, and to vote at, the annual meeting. If your shares are held in street name through a bank, broker or other nominee, you must obtain a proxy card from your bank, broker or other nominee in order to be able to vote your shares at the annual meeting. As of the Record Date, there were 232,660,960 shares of our Class A common stock outstanding and 644,871 shares of our Class C common stock outstanding. Each share of Class A common stock outstanding is entitled to one vote for each of the seven director nominees and one vote on each other matter to be acted on at the annual meeting, and each share of Class C common stock is entitled to ten votes for each of the seven director nominees and ten votes on each other matter to be acted on at the annual meeting. On the Record Date, there were 239,109,670 votes represented by the outstanding shares of Class A common stock and Class C common stock. The presence, in person or by proxy, of holders of a majority of the voting power represented by our outstanding shares of Class A common stock and Class C common stock, voting together as a single class, is required to constitute a quorum for the transaction of business at the annual meeting.

Abstentions and broker non-votes will be treated as present for purposes of determining a quorum. A broker non-vote occurs when a registered holder (such as a bank, broker or other nominee) holding shares in street name for a beneficial owner does not vote on a particular proposal because the registered holder does not have discretionary voting power for that particular proposal and has not received voting instructions from the beneficial owner. Banks, brokers or other nominees that have not received voting instructions from their clients cannot vote on their clients behalf on the election of directors or the approval, on an advisory basis, of the compensation paid to our named executive officers, which is sometimes referred to as the advisory vote on executive compensation or the say-on-pay vote, but may (but are not required to) vote their clients shares on the proposal to ratify the appointment of our independent registered public accounting firm.

If a quorum is not present at the scheduled time of the annual meeting, the chairman of the meeting may adjourn or postpone the annual meeting until a quorum is present. The time and place of the adjourned or postponed annual meeting will be announced at the time the adjournment or postponement is taken, and, unless such adjournment or postponement is for more than 30 days, no other notice will be given. An adjournment or postponement will have no effect on the business that may be conducted at the annual meeting.

Voting Rights; Vote Required for Approval

Each share of Class A common stock outstanding is entitled to one vote for each of the seven director nominees and one vote on each other matter to be acted on at the annual meeting, and each share of Class C common stock is entitled to ten votes for each of the seven director nominees and ten votes on each other matter to be acted on at the annual meeting. Cumulative voting for director nominees is not allowed.

The affirmative vote of a majority of the votes entitled to be cast and represented at the annual meeting is required to elect each director nominee, to approve the advisory vote on executive compensation and to ratify the

Table of Contents

appointment of our independent registered public accounting firm for 2015. Votes withheld from the election of directors and abstentions with respect to the approval of the advisory vote on executive compensation and the ratification of the appointment of our independent registered public accounting firm for 2015 will have the same effect as a vote against such director or such proposal, but broker non-votes are not considered to be votes cast and will have no effect on the outcome of the vote on the election of directors or the approval of the advisory vote on executive compensation.

Voting and Revocation of Proxies

A proxy is a legal designation of another person to vote stock you own. That other person is called a proxy. If you designate someone as your proxy in a written or electronic document, that document is also called a proxy, a proxy card or a form of proxy. A proxy card for you to use in voting at the annual meeting accompanies this proxy statement. You may also vote by telephone or via the Internet as follows:

by telephone: call toll free 1-800-652-VOTE (8683) and follow the instructions provided by the recorded message; or

via the Internet: visit www.envisionreports.com/CMLS and follow the steps outlined on the secure website.

All properly executed proxies that are received prior to, or at, the annual meeting and not revoked (and all shares properly voted by telephone or via the Internet) will be voted in the manner specified. If you execute and return a proxy card, and do not specify otherwise, the shares represented by your proxy will be voted **FOR** each of the director nominees, **FOR** the advisory approval of executive compensation and **FOR** the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2015.

If you have given a proxy or voted by telephone or via the Internet pursuant to this solicitation, you may nonetheless revoke that proxy or vote by attending the annual meeting and voting in person. In addition, you may revoke any proxy you give before the annual meeting by voting by telephone or via the Internet at a later date (in which case only the last vote will be counted) prior to 1:00 a.m. Central Time on May 14, 2015, by delivering a written statement revoking the proxy or vote or by delivering a duly executed proxy bearing a later date to Richard S. Denning, Corporate Secretary, at our principal executive offices, 3280 Peachtree Road, N.W., Suite 2300, Atlanta, Georgia 30305, so that it is received prior to the annual meeting, or by voting at the annual meeting itself prior to the closing of the polls. If you have executed and delivered a proxy to us or voted by telephone or via the Internet, your attendance at the annual meeting will not, by itself, constitute a revocation of your proxy.

Solicitation of Proxies and Householding

We will bear the cost of the solicitation of proxies. We will solicit proxies initially by mail. Further solicitation may be made by our directors, officers and employees personally, by telephone, facsimile, e-mail or otherwise, but they will not be compensated specifically for these services. We have retained D.F. King & Co., Inc. to assist with the solicitation of proxies for a fee of \$6,500 plus reimbursement of out of pocket expenses. Upon request, we will reimburse brokers, dealers, banks or similar entities acting as nominees for their reasonable expenses incurred in forwarding copies of the proxy materials to the beneficial owners of the shares of common stock they hold of record.

From time to time, we, and if you hold your shares in street name, your bank, broker or other nominee, may participate in the practice of householding proxy soliciting material. This means that if you reside in the same household as other stockholders of record or beneficial owners of our common stock, you may not receive your own copy of our proxy materials, even though each stockholder receives his or her own proxy card. If your household received one set of proxy materials and you are a stockholder of record who would like to receive additional copies of our proxy materials, you may request a duplicate set by contacting our Corporate Secretary

Table of Contents

at our principal executive offices, 3280 Peachtree Road, N.W., Suite 2300, Atlanta, Georgia 30305 or at the following telephone number: (404) 949-0700. If you share an address with other stockholders of record and your household received multiple sets of proxy materials, and you would like for your household to receive a single copy of our proxy materials, you may make such a request by contacting our Corporate Secretary at our principal executive offices listed above. If you hold your shares in street name, please contact your bank, broker or other nominee directly to request a duplicate set of proxy materials or to reduce the number of copies of our proxy materials that are sent to your household.

Other Matters

Except for the votes on the proposals described in this proxy statement, no other matter is expected to come before the annual meeting. If any other business properly comes before the annual meeting, the persons named as proxies will vote in their discretion to the extent permitted by law.

PROPOSAL NO. 1: ELECTION OF DIRECTORS

Pursuant to our Third Amended and Restated Certificate of Incorporation (the *Charter*) and our Amended and Restated By-laws (the *By-laws*), members of the board of directors (the *Board of Directors* or the *Board*) are elected or appointed to a term which expires at the next successive annual meeting of stockholders and when their successors are elected and qualified. Each current director was elected by our stockholders at our 2014 annual meeting of stockholders. In light of increased personal and professional commitments, Mr. Robert H. Sheridan, III, who has served as a valued member of the Board since July 1998, has determined not to stand for reelection at the 2015 annual meeting of stockholders. In connection therewith, the Board, upon the recommendation of the Nominating Committee, has nominated Mary G. Berner for election to the Board.

The director nominees have all been nominated for election by our Board of Directors, upon the recommendation of the Nominating Committee of the Board. If elected, each of the director nominees will serve until the 2016 annual meeting of stockholders or until each is succeeded by another qualified director who has been duly elected or appointed. Our Board of Directors has no reason to believe that any of the individuals nominated will be unable or unwilling to serve as directors. If for any reason any of these individuals becomes unable or unwilling to serve before the annual meeting, it is expected that the persons named in the proxy will vote for the election of such other persons as our Board of Directors may recommend.

In connection with our completing the acquisition of Citadel Broadcasting Corporation (*Citadel*) in September 2011, we entered into a stockholders agreement (the *Stockholders Agreement*) with certain of our Stockholders. Currently, BA Capital Company, L.P. (*BA Capital*) and Banc of America Capital Investors SBIC, L.P. (*BACI*) (together, the *BofA Stockholders*), Lewis W. Dickey, Jr., John W. Dickey and certain other members of their family (collectively, the *Dickeys*), and Crestview Radio Investors, LLC (*Crestview*) are the stockholders entitled to certain rights and obligations under the *Stockholders Agreement*. The *Stockholders Agreement* currently provides that Crestview has the right to designate two individuals for nomination to the Board of Directors, and the *Dickeys* have the right to designate one individual for nomination to the Board of Directors. In connection with Mr. Sheridan's retirement from the Board of Directors, the *BofA Stockholders* have waived their right to designate one individual for nomination to the Board. The *Stockholders Agreement* also provides that the other positions on the Board of Directors will be filled by individuals selected and nominated by the Board of Directors, each of whom must meet applicable independence criteria. Further, the parties to the *Stockholders Agreement* (other than the Company) have agreed to support the director nominees who are designated by the relevant stockholders and are presented to the Company's stockholders for approval at stockholder meetings. Unless waived, each stockholder party's respective director nomination rights under the *Stockholders Agreement* generally survives for so long as that stockholder continues to own a specified percentage of the Company's stock, subject to certain exceptions. Messrs. Marcus and Cassidy are currently Crestview's designees to our Board of Directors and Mr. Lewis W. Dickey, Jr., our Chairman, President and Chief Executive Officer, is the *Dickeys*' designee to our Board of Directors. Messrs. Everett and Tolley (who had served as the designee of our former stockholder, Blackstone FC Communications Partners L.P. (*Blackstone*), pursuant to the *Stockholders Agreement* prior to the expiration in early 2014 of Blackstone's right to make such designation), Ms. Glick and Ms. Berner, have each been selected and nominated by our Board of Directors upon the recommendation of our Nominating Committee, and each has been determined to meet applicable independence criteria.

Detailed information about each of the director nominees is provided below.

Lewis W. Dickey, Jr., age 53, is our Chairman, President and Chief Executive Officer. Mr. Dickey has served as Chairman, President and Chief Executive Officer since December 2000. Mr. Dickey was one of our founders and initial investors, and served as Executive Vice Chairman from March 1998 to December 2000. Mr. Dickey is a nationally regarded consultant on radio strategy and the author of *The Franchise Building Radio Brands*, published by the National Association of Broadcasters, one of the industry's leading texts on competition and strategy. Mr. Dickey also serves as a member of the National Association of Broadcasters Radio board of directors. Mr. Dickey is the brother of John W. Dickey, our Executive Vice President of Content and Programming.

Table of Contents

Mr. Dickey has over 30 years of experience in the radio broadcasting industry in a variety of strategic, operational and financing areas. As a founder of Cumulus Media, Mr. Dickey was instrumental in our development and growth. His service as our Chairman and Chief Executive Officer over the past fifteen years has resulted in his having a unique level of knowledge of the opportunities and challenges associated with our business. Among other things, he brings to our Board of Directors his extensive background in station acquisitions, integration and management. Mr. Dickey's familiarity with us, our industry and various market participants makes him uniquely qualified to lead and advise the Board of Directors as Chairman.

Mary G. Berner, age 55, is a nominee to serve as one of our directors. Ms. Berner is the President and Chief Executive Officer of MPA, The Association of Magazine Media, which is the industry association for multi-platform magazine media companies. She has held this position since September 2012. Prior thereto, she was the President and Chief Executive Officer of Reader's Digest Association, a global media and direct marketing company, a position she held since March 2007. While at Reader's Digest Association, Ms. Berner successfully led that company through a restructuring of its debt in a voluntary pre-arranged reorganization under Chapter 11 of the U.S. Bankruptcy Code in under eight months, emerging from bankruptcy protection in February 2010. Nearly two years after Ms. Berner resigned from Reader's Digest Association, that company again filed for bankruptcy protection under Chapter 11 in February 2013. Prior to her positions at Reader's Digest Association, Ms. Berner had previously served as Chief Executive Officer of Fairchild Publications, and held senior executive roles at News Corporation, Advance Magazine Group and Lang Communications, where she led several of the largest consumer and B2B magazine media brands in the United States.

Ms. Berner's 30 years of senior executive experience in the media and advertising industry will, we believe, allow her to add significant strategic perspective to the Board. In addition, her track record of overseeing revenue growth in the companies she has led, as well as her expertise managing businesses in transition, will be important in helping to position us for future success.

Brian Cassidy, age 41, has served as one of our directors since May 2014. Mr. Cassidy is a Partner at Crestview Partners, a private equity firm, having joined the firm in 2004. He focuses on Crestview's media investment strategy. Mr. Cassidy is currently a director of Crestview portfolio companies Camping World/Good Sam Enterprises and NEP Group, Inc. He is also responsible for monitoring the firm's investment in CORE Media Group and was previously involved with ValueOptions, Inc., OneLink Communications, Charter Communications, Inc. and Insight Communications. Prior to joining Crestview, Mr. Cassidy worked in private equity at Boston Ventures, where he invested in companies in the media and communications, entertainment and business services industries. He also worked for one year as the acting CFO of a portfolio company. Mr. Cassidy was also an investment banking analyst at Alex. Brown & Sons, where he completed a range of financing and M&A assignments for companies in the consumer and business services sectors. Mr. Cassidy received an M.B.A. from the Stanford Graduate School of Business and an A.B. in Physics from Harvard College.

Mr. Cassidy brings significant financial acumen and an understanding of risk and capital-related matters as a result of his professional experience, which are critical to our success and important to the Board of Directors. In addition, Mr. Cassidy has significant knowledge and experience working with companies in the media and communications industries, which provides a valuable, industry-focused skill set to the Board of Directors.

Ralph B. Everett, age 63, has served as one of our directors since July 1998. From January 2007 until his retirement in January 2014, Mr. Everett served as the President and Chief Executive Officer of the Joint Center for Political and Economic Studies, a national, nonprofit research and public policy institution located in Washington, D.C. Prior to 2007, and for eighteen years, Mr. Everett had been a partner with the Washington, D.C. office of the law firm Paul Hastings LLP, where he headed the firm's Federal Legislative Practice Group. He had previously worked in the U.S. Senate for more than a decade, including serving as a staff director and chief counsel of the Committee on Commerce, Science and Transportation. In 1998, Mr. Everett was appointed by President Clinton as United States Ambassador to the 1998 International Telecommunication Union Plenipotentiary Conference. In the same year, he led the U.S. delegation to the Second World Telecommunication Development Conference in Malta, joining participants from more than 190 nations. He is also a member of the Board of Visitors of Duke University Law School and serves on the boards of Independent

Table of Contents

Sector and The National Coalition on Black Civic Participation. In addition, Mr. Everett served on the board of Star Scientific, Inc. from December 2012 to December 2013.

Mr. Everett has nearly four decades of leadership experience in politics and public policy, and also possesses an extensive legal background, particularly in FCC and radio broadcasting matters. In addition, Mr. Everett's management experience as a chief executive officer of a public policy institute focused on political and economic matters provides a valuable perspective to our Board of Directors.

Alexis Glick, age 42, has served as one of our directors since February 2013. Ms. Glick is currently the chief executive officer of GENYOUth Foundation, a non-profit organization dedicated to fighting childhood obesity, a position she has held since February 2011. Prior thereto, Ms. Glick served as Vice President of Fox Business News, which she helped launch and where she anchored various business news programs. Prior to joining Fox Business News in 2006, she was a correspondent and anchor for both NBC and CNBC. Earlier in her career, Ms. Glick was an executive at Morgan Stanley, where she headed floor operations at the New York Stock Exchange.

Ms. Glick's experience in branding, media and finance makes her a valuable member of our Board of Directors, and allows her to bring a unique perspective to the Compensation Committee. Her experience with various aspects of a large media company as well as her financial background and management roles with Morgan Stanley, Fox Business News and the GENYOUth Foundation enhance Ms. Glick's value as a member of the Board of Directors and the Compensation and Nominating Committees.

Jeffrey A. Marcus, age 68, has served as one of our directors, and our lead independent director, since September 2011. Mr. Marcus joined Crestview Partners, a private equity firm, in 2004, and currently serves as head of the Crestview Partners' media and communications investment strategy. Prior to joining Crestview Partners, Mr. Marcus served in various positions in the media and communications industry, including as President and Chief Executive Officer of AMFM Inc. (formerly Chancellor Media Corporation), one of the nation's largest radio broadcasting companies, and as founder and chief executive officer of Marcus Cable Company, a privately-held cable company. Mr. Marcus is currently a director of Camping World/Good Sam Enterprises, and NEP Group, Inc. In the last five years, Mr. Marcus also served as a director of Charter Communications, Inc. and DS Services of America, Inc.

Mr. Marcus brings a diverse financial and business management background to our Board of Directors, as evidenced by the variety of senior management positions he has held throughout his career in the media and communications industry. This history and experience contributes to the Board of Directors and its committees through significant insight into a number of functional areas critical to Cumulus. Mr. Marcus has also served as a member of several boards of directors, which allows him to leverage his experience for the further benefit of the Company.

David M. Tolley, age 47, has served as one of our directors since January 2011, having originally joined the Board of Directors as a designee of Blackstone pursuant to the Stockholders' Agreement. Mr. Tolley is a private investor who previously was employed by Blackstone from 2000 until December 2011, most recently serving as Senior Managing Director. Prior to joining Blackstone, Mr. Tolley held a series of positions at Morgan Stanley & Co. He served as a director of Cumulus Media Partners, LLC from 2006 to August 2011, is currently a director of Beech Holdings LLC, and is the former Chairman of the board of directors of New Skies Satellites Holdings Ltd.

Mr. Tolley has over fifteen years of experience in private equity investments and investment banking, with extensive experience in mergers, acquisitions and financings. He has particular experience in the telecommunications and media sectors. His competence in critical financial analysis and strategic planning, and vast experience in both transactions in, and overseeing operations of, numerous companies in the telecommunications and media industries, bring essential skills and a unique perspective to the Board of Directors and to his service on the Audit and Nominating Committees.

INFORMATION ABOUT THE BOARD OF DIRECTORS

The Board of Directors is elected by our stockholders to oversee our business and affairs and to assure that the long-term interests of our stockholders are being served. Our business is conducted by our employees, managers and officers under the direction of the Chief Executive Officer, and with the oversight of the Board of Directors.

The Board of Directors held six meetings during 2014. Each director attended at least 75% of the meetings of the Board of Directors and the committees on which he or she served, during the period that he or she served. During the intervals between scheduled meetings, the Board periodically is updated by management on business, operational and strategic developments, and engages in active discussions about such developments. We do not have a formal policy regarding attendance by directors at our annual meetings of stockholders, but we encourage all incumbent directors, as well as all director nominees, to attend the annual meeting. All director nominees who were members of our Board of Directors in 2014 attended last year's annual meeting of stockholders.

Director Independence

Our Board of Directors has reviewed the standards of independence for directors established by applicable laws and regulations, including the current listing standards of the NASDAQ Marketplace Rules, and has reviewed and evaluated the relationships of the directors with us and our management. Based upon this review and evaluation, our Board of Directors has determined that none of the current non-employee members of the Board of Directors or director nominees has a relationship with us or our management that would interfere with such director's exercise of independent judgment, and that each current non-employee member of the Board of Directors—Messrs. Cassidy, Everett, Marcus, Sheridan and Tolley, and Ms. Glick—is independent—as such term is defined under the NASDAQ marketplace rules. In addition, Mary G. Berner, a nominee for election to the Board of Directors, has also been determined to be independent. Arthur J. Reimers, who retired from the Board of Directors on February 27, 2014, was also an independent director prior to his retirement. The independent directors meet periodically in executive sessions.

Board of Directors Leadership Structure

Lewis W. Dickey, Jr. serves as our Chairman, President and Chief Executive Officer. Our Board of Directors believes that Mr. L. Dickey, Jr.'s service as both Chairman of the Board of Directors and Chief Executive Officer is in our and our stockholders' best interests. He has extensive experience in radio broadcasting, is viewed as a leader in the industry and possesses detailed and in-depth knowledge of the issues, opportunities and challenges that we face. Our Board of Directors continues to believe that he is, therefore, best positioned to guide the Board of Directors to ensure that our directors' time and attention are focused on the most critical matters. His combined role enables decisive leadership and clear accountability, and enhances our ability to communicate our message and strategy clearly and consistently to our stockholders, employees, customers and suppliers, as well as to the investment community and the capital markets, particularly given the challenging economic conditions and changes that occur from time to time within the industry.

In connection with our transformational growth and related refinancing transactions in 2011, and pursuant to the terms of the Stockholders Agreement, we created the position of lead director at that time. The Board of Directors continues to believe that this is appropriate in order to allow Mr. L. Dickey, Jr. to continue to focus on managing the Company's business, to provide additional structure for our independent directors role in the oversight of the Company, and to demonstrate the effective, independent leadership on the Board of Directors.

Pursuant to the Stockholders Agreement, for so long as Crestview remains the Company's largest stockholder, it retains the right to select one of its designees on our Board of Directors, who must qualify as an independent director and be a member of our Board of Directors, to serve as lead director. Pursuant thereto,

Table of Contents

Mr. Marcus was appointed as lead director effective September 16, 2011, and continues to serve as lead director. The lead director's responsibilities include, among others:

providing oversight of corporate governance matters;

servicing as liaison between the independent directors and the Chairman and as consensus builder for the Board of Directors;

assisting the Chairman in guiding the Board of Directors in its strategic focus;

reviewing and participating in developing Board of Directors meeting agendas;

overseeing and managing any potential conflict of interest issues;

coordinating communication and integration across committees; and

presiding over executive sessions of the independent directors.

We believe that the foregoing structure and responsibilities, when combined with the Company's other governance policies and procedures, provide appropriate opportunities for oversight, discussion and evaluation of decisions and direction from the Board of Directors.

Committees of the Board of Directors

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating Committee. Each committee operates pursuant to a written charter in compliance with the applicable provisions of the Sarbanes-Oxley Act of 2002, the related rules of the SEC and the NASDAQ Marketplace Rules. Copies of these charters are available on our corporate website, at www.cumulus.com.

The Audit Committee. The purpose of the Audit Committee is to assist our Board of Directors in fulfilling its oversight responsibilities with respect to:

our accounting, reporting and financial practices, including the integrity of our financial statements;

our compliance with legal and regulatory requirements;

the independent auditors' qualifications and independence; and

the performance of the independent auditors and our own internal audit function.

The Audit Committee is responsible for overseeing our accounting and financial reporting processes and the audits of our financial statements on behalf of our Board of Directors. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of our independent registered public accounting firm (including resolution of any disagreements between our management and our independent registered public accounting firm regarding financial reporting), and our independent registered public accounting firm reports

Edgar Filing: CUMULUS MEDIA INC - Form DEF 14A

directly to the Audit Committee.

The Audit Committee met four times in 2014. The members of the Audit Committee during 2014 were David M. Tolley (Chairman), Brian Cassidy (beginning upon his election as a director in May 2014), Ralph B. Everett (until May 2014), Robert H. Sheridan, III and, prior to his retirement in February 2014, Arthur J. Reimers. Our Board of Directors has determined that each Audit Committee member is independent, as such term is defined under the rules of the Securities and Exchange Commission (the SEC) and the NASDAQ Marketplace Rules applicable to audit committee members, and meets the financial literacy requirements of the NASDAQ Marketplace Rules. None of the aforementioned members has participated in the preparation of our or our subsidiaries' financial statements at any time during the past three years. In addition, our Board of Directors has determined that each of Messrs. Tolley, Cassidy and Sheridan (1) is an audit committee financial expert, as such term is defined under the rules of the SEC, and (2) meets the NASDAQ Marketplace Rules' professional

experience requirements. In making such determination, the Board of Directors took into consideration, among other things, the express provision in Item 407(d) of SEC Regulation S-K that the determination that a person has the attributes of an audit committee financial expert shall not impose any greater responsibility or liability on that person than the responsibility and liability imposed on such person as a member of the Audit Committee and the Board of Directors, nor shall it affect the duties and obligations of other Audit Committee members or the Board of Directors.

The Compensation Committee. The Compensation Committee oversees the determination of all matters relating to employee compensation and benefits and specifically reviews and approves salaries, bonuses and equity-based compensation for our executive officers.

Our Board of Directors has delegated specifically to the Compensation Committee the following areas of responsibilities:

performance evaluation, compensation and development of our executive officers;

establishment of performance objectives under the Company's short- and long-term incentive compensation arrangements and determination of the attainment of such performance objectives; and

oversight and administration of benefit plans.

The Compensation Committee generally consults with management in addressing executive compensation matters. Subject to applicable parameters in various employment agreements entered into with our executive officers, our Chief Executive Officer, based on the performance evaluations of the other executive officers, recommends to the Compensation Committee compensation for those executive officers. The executive officers, including our Chief Financial Officer, also provide recommendations to the Compensation Committee from time to time regarding key business drivers included in compensation program design, especially incentive programs, which may include defining related measures and explaining the mutual influence on or by other business drivers and the accounting and tax treatment relating to certain awards. Our Chief Executive Officer also provides regular updates to the Compensation Committee regarding current and anticipated performance outcomes, including the impact on executive compensation. The Compensation Committee has the authority to retain compensation consultants from time to time as it deems appropriate. For additional information about the Compensation Committee's process and its role, as well as the role of executive officers, in determining executive compensation, see *Executive Compensation* Compensation Discussion and Analysis.

The Compensation Committee met four times in 2014. In between scheduled meetings, the members of the Compensation Committee receive periodic updates and are active in ensuring that the Company's compensation programs remain consistent with marketplace developments and Company performance. The members of the Compensation Committee during 2014 were Jeffrey A. Marcus (Chairman), Alexis Glick, David M. Tolley (through May 2014) and Ralph B. Everett (beginning in May 2014). Each of the members of the Compensation Committee is independent, as such term is defined under the NASDAQ Marketplace Rules.

The Nominating Committee. In 2014, after taking into account recent changes in the size, market capitalization, and Board structure, and in light of evolving developments in corporate governance practices, the Board determined to create a standing Nominating Committee. Pursuant to its written charter, the Nominating Committee is responsible for:

identifying individuals qualified to become Board members, consistent with criteria approved from time to time by the Board;

selecting, or recommending that the Board select, the director nominees to election at each annual meeting of stockholders; and

recommending to the Board members of the Board to serve on the standing committees of the Board.

Table of Contents

The Nominating Committee met one time in 2014. The members of the Nominating Committee during 2014 were Jeffrey A. Marcus (Chairman), Alexis Glick and David M. Tolley. Each of the members of the Nominating Committee is independent, as such term is defined under the NASDAQ Marketplace Rules.

Risk Oversight

Our Board of Directors as a whole has responsibility for risk oversight, with reviews of certain areas being conducted by the relevant Board committee, which reports on its deliberations to the full Board of Directors (except for those risks that require risk oversight solely by independent directors) as further described below. The Board of Directors believes that this structure for risk oversight is appropriate and, as only independent directors serve on the Board of Directors standing committees, the independent directors have full access to all available information for risks that may affect us.

The Audit Committee is specifically charged with reviewing and discussing risk management (primarily financial and internal control risk), and receives regular reports from management (including legal and financial representatives), independent auditors, internal audit and outside legal counsel on risks related to, among other things, our financial controls and reporting, covenant compliance under our various financing and other agreements and cost of capital. The Compensation Committee considers risks related to the Company's compensation policies and programs, and makes recommendations to the Board of Directors with respect to whether those compensation policies and programs are properly implemented to discourage inappropriate risk-taking, and is regularly advised by management (including legal and financial representatives) and outside legal counsel. In addition, the Company's management, including the Company's General Counsel, regularly communicates with the Board of Directors regarding important risks that merit its review and oversight, including regulatory risk and risks stemming from periodic litigation or other legal matters in which we are involved. Finally, our Board of Directors believes that our leadership structure of a combined Chairman and Chief Executive Officer, along with a separate lead director, allows for appropriate identification and assessment of issues that should be brought to the Board of Directors' attention.

Director Nomination Process

As described above, in light of, among other things, evolving developments in corporate governance practices, in 2014 we created a standing Nominating Committee. The purposes of the Nominating Committee include identifying individuals qualified to become Board members and recommending candidates to the Board to fill new or vacant positions. In recommending candidates, the Nominating Committee considers such factors as it deems appropriate, consistent with criteria approved by the Board and as described in more detail below.

The Nominating Committee does not maintain a formal process for identifying and evaluating nominees for director. Historically, director candidates had been first identified by evaluating the current members of our Board of Directors. If a member whose term is expiring at the next succeeding annual meeting of stockholders no longer wished to continue in service, or if our Board of Directors decided not to re-nominate such member, the Nominating Committee would then determine, consistent with the Stockholders' Agreement as applicable, whether to commence a search for qualified individuals meeting the criteria discussed below. However, in connection with Mr. Sheridan's decision not to stand for reelection at the Annual Meeting and in light of the increased size and complexity of our business as well as general developments in corporate governance, we engaged a global search firm to assist in identifying and evaluating potential additional director nominees for the 2015 annual meeting.

The Nominating Committee evaluates all candidates based upon, among other factors, a candidate's financial literacy, knowledge of our industry and other organizations of comparable size, other relevant background experience, judgment, skill, integrity, the interplay of a candidate's experience with the experience of other Board members, status as a stakeholder, independence (for purposes of compliance with the rules of the SEC and the NASDAQ Marketplace Rules), and willingness, ability and availability for service. There are no

Table of Contents

stated minimum criteria for director nominees, although the Nominating Committee may also consider such other factors as it may deem are in the best interests of us and our stockholders. The Nominating Committee considers diversity as it deems appropriate in this context (without having a formal diversity policy), given our current needs and the current needs of the Board of Directors to maintain a balance of knowledge, experience and capability. When considering diversity, the Nominating Committee considers diversity as one factor, of no greater or lesser importance than other factors, and considers diversity in a broad context of race, gender, age, business experience, skills, international experience, education, other board experience and other relevant factors.

Historically, we have not had a formal policy with regard to the consideration of director candidates recommended by our stockholders. To date, our Board of Directors has not received any recommendations from stockholders requesting that it consider a candidate for inclusion among our Board of Directors' slate of nominees in our proxy statement, other than pursuant to the Stockholders' Agreement, and certain predecessor agreements. The absence of such a policy does not mean, however, that a recommendation would not have been considered had one been received, or will not be considered if one is received in the future. Our Board of Directors from time to time may give consideration to the circumstances in which the adoption of a formal policy would be appropriate.

Our By-laws provide for stockholder nominations to our Board of Directors, subject to certain procedural requirements. To nominate a director to our Board of Directors, a stockholder must give timely notice of the nomination in writing to our Corporate Secretary not later than 90 days prior to the anniversary date of the annual meeting of stockholders in the preceding year. All such notices must include (i) the stockholder's name and address, (ii) a representation that the stockholder is one of our stockholders, and will remain so through the record date for the upcoming annual meeting of stockholders, (iii) the class and number of shares of our common stock that the stockholder holds (beneficially and of record), and (iv) a representation that the stockholder intends to appear in person or by proxy at the upcoming annual meeting of stockholders to make the nomination. The stockholder must also provide information on his or her prospective nominee, including such person's name, address and principal occupation or employment, a description of all arrangements or understandings between the stockholder, his or her prospective nominee and any other persons (to be named), the written consent of the prospective nominee and such other information as would be required to be included in a proxy statement soliciting proxies for the election of director nominees.

STOCKHOLDER COMMUNICATION WITH THE BOARD OF DIRECTORS

Any matter intended for our Board of Directors, or for any individual member or members of our Board of Directors, should be directed to Richard S. Denning, Corporate Secretary, at our principal executive offices, 3280 Peachtree Road, N.W., Suite 2300, Atlanta, Georgia 30305, with a request to forward the same to the intended recipient. In the alternative, stockholders may direct correspondence to our Board of Directors to the attention of the chairman of the Audit Committee of the Board of Directors, in care of Richard S. Denning, Corporate Secretary, at our principal executive offices. All such communications will be forwarded unopened.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Pursuant to Section 16(a) of the Securities Exchange Act of 1934, our directors and executive officers, and any persons who beneficially own more than 10% of our common stock, are required to file initial reports of ownership and reports of changes in ownership with the SEC. Based upon our review of copies of such reports for our 2014 fiscal year and written representations from our directors and executive officers, we believe that our directors and executive officers, and beneficial owners of more than 10% of our common stock, timely complied with all applicable filing requirements for our 2014 fiscal year, except for a single filing, relating to a single transaction, for Mr. John Dickey, which was filed late due to an administrative oversight.

- (1) Each share of Class A common stock and each share of Class C common stock entitles its holder to one vote and ten votes, respectively, on each matter to be voted upon by stockholders. Holders of Class C common stock are entitled to a separate class vote on any amendment of any specific rights of the holders of Class C common stock that does not similarly affect the rights of the holders of Class A common stock. Each holder of Class C common stock is entitled to convert at any time all or any part of such holder's shares of Class C common stock into an equal number of shares of Class A common stock without cost to such holder (except any transfer taxes that may be payable). However, to the extent that such conversion would result in the holder holding more than 4.99% of the Class A common stock following such conversion, the holder shall first deliver to the Company an ownership certification for the purpose of enabling the Company to (i) determine that such holder does not have an attributable interest in another entity that would cause the Company to violate applicable FCC rules and regulations and (ii) obtain any necessary approvals from the FCC or the United States Department of Justice. The Company, however, is not required to convert any share of Class C common stock if the Company reasonably and in good faith determines that such conversion would result in a violation of the Communications Act, the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, or the rules and regulations promulgated under either such Act. In the event of the death of Mr. L. Dickey, Jr. or in the event he becomes disabled and, as a result, terminates his employment with us, each share of Class C common stock held by him, or any party related to or affiliated with him, will automatically be converted into one share of Class A common stock.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This compensation discussion and analysis provides an overview of our compensation philosophy, objectives, policies and programs, the elements of compensation that we provide, and the material factors that we consider in making the decisions to pay such compensation. Following this analysis, we have provided a series of tables containing specific information about the compensation earned, or paid, in 2014 to the following individuals, whom we refer to as our named executive officers:

Lewis W. Dickey, Jr., our Chairman, President and Chief Executive Officer;

Joseph P. Hannan, our Senior Vice President, Treasurer and Chief Financial Officer;

John W. Dickey, our Executive Vice President of Content and Programming;

Richard S. Denning, our Senior Vice President, Secretary and General Counsel; and

Jonathan (John) G. Pinch, who retired from the position of Executive Vice President and Co-Chief Operating Officer on November 29, 2014.

The discussion below is intended to help you understand the information provided in those tables and put that information in context within our overall compensation program.

Overview of 2014 Performance and Compensation

In 2014, the Compensation Committee, both independently and in consultation with the other members of the Board, continued to implement and enhance the elements of our executive compensation programs and philosophy, including:

establishing goals under the Company's annual incentive compensation programs based on quantifiable financial and personal performance objectives determined in the first quarter of each fiscal year;

developing and applying objectives in making equity incentive compensation decisions including, for future periods, determining to apply metrics that objectively measure Company performance against that of industry peers;

evaluating amounts paid or payable in light of Company performance compared to that of comparable companies based on an analysis by the Compensation Committee's independent compensation consultant, described below:

only paying incentive compensation amounts if actual performance met the minimum established quantifiable objectives; and

striving to ensure that the named executive officers were appropriately incented and compensated based upon an overall assessment of the Company's expected and actual operational and strategic performance, including within the context of our industry and peers, and their individual contributions to the Company, all as described below.

Edgar Filing: CUMULUS MEDIA INC - Form DEF 14A

The types and amounts of actual compensation paid in and for 2014 were consistent with this philosophy and programs, including generally taking into account the achievements of management in light of continuing challenges facing the Company and the radio broadcasting industry in general. Furthermore, based on actual Company performance during 2014 and as described in more detail below, the Compensation Committee did not approve the payout of any non-equity incentive plan awards because the pre-established performance goals were not met, nor did it approve the payment of any equity incentive, or discretionary cash bonus, awards.

Role of the Compensation Committee

The Compensation Committee is responsible for overseeing all aspects of our executive compensation, including designing, implementing and evaluating the operation of the Company's compensation programs in accordance with its compensation philosophy. The Compensation Committee reviews and approves, or recommends to the Board of Directors for approval, all compensation for our executive officers, including grants of equity awards, and any changes in compensation program design and implementation. Additional information about the Compensation Committee, including its composition, responsibilities and operations, can be found in Information About the Board of Directors Committees of the Board of Directors The Compensation Committee.

Executive Compensation Philosophy

We seek to design and implement an overall compensation program with the following three primary related objectives:

providing a total compensation package that allows us to compete effectively in attracting, rewarding and retaining executive leadership talent;

incentivizing executives towards, and rewarding them for, meaningful performance that contributes to enhanced long-term stockholder value and our general long-term financial health; and

aligning the interests of our executives with those of our stockholders.

In accordance with these goals, we generally seek to provide a material portion of each executive officer's compensation in the form of at-risk incentive awards, including awards that are measured on individual performance and with payouts generally dependent upon our success as a Company in achieving our business strategy and objectives. With respect to Company performance, we typically focus primarily on the performance and results of our broadcasting and network operations, and the cash flow generated by our business, as these metrics have traditionally been relevant indicators of operational and financial success and drivers of value creation for our Company and our industry, although these metrics may change in any year dependent upon our strategic plans and goals.

To implement the foregoing, the Compensation Committee retains certain flexibility to determine the types and amounts of fixed and incentive-based cash compensation, as well as equity-based compensation opportunities each year, based on an analysis of relevant factors including historical and expected individual responsibilities and contributions, Company performance and internal and external pay equity considerations.

Compensation Program Elements and Their Purpose

As described above, the compensation program for our executive officers consists primarily of the following integrated components: base salary, annual incentive award opportunities and long-term incentive opportunities. The program also contains elements relating to retirement, severance and other employee benefits.

Base Salary. Base salary is the fixed portion of an executive officer's annual compensation and is intended to recognize fundamental market value for the skills and experience of the individual relative to the responsibilities of his position with us. Changes to base salary are generally intended to reflect, among other things, the officer's performance as measured through functional progress, career and skill development and mastery of the executive position's competency requirements. Base salary is the fundamental element of the total compensation package to which most other elements relate.

The Compensation Committee seeks to establish base salaries at levels that it considers fair, after considering a variety of factors, including the scope and complexity of the officer's position; the officer's expertise; the officer's experience relative to his position and responsibilities; the officer's contributions and

Table of Contents

importance to us in achieving the Company's short- and long-term goals; the officer's historical compensation; the salary ranges for persons in comparable positions at comparable companies (to the extent available); the competitiveness of the market for the officer's services; and the recommendations of our Chief Executive Officer (for the named executive officers other than himself). Subject to applicable employment agreements, determinations as to appropriate base salaries of our named executive officers are generally not made by applying a particular formula or using designated benchmarks.

Annual Incentive Compensation Awards. Unlike base salary, which is fixed, annual incentive compensation is intended to vary as a direct reflection of Company and, in some instances, individual performance, usually over a twelve-month period. The annual incentive compensation opportunity is typically expressed as a percentage of base salary and paid in the form of a cash bonus, although the Compensation Committee has discretion to grant or pay annual incentive compensation awards, in whole or in part, in the form of equity awards and has done so in the past. In addition to annual incentive compensation awards, the Compensation Committee has the authority to make discretionary bonus awards, including awards based on Company or individual performance, at any time.

Long-Term Incentive Awards. Long-term incentive awards have historically been made in the form of grants of either options that are exercisable for shares of our Class A common stock upon payment of a designated option exercise price that is set at equal to or above the fair market value of such stock on the date of the award, or awards of restricted shares of our Class A common stock. In each case, the awards are subject to time or performance-based vesting requirements, are granted with the intent to motivate toward, and reward performance over, a multi-year period with links to continued service, the creation of long-term stockholder value and performance criteria. This long-term incentive opportunity is generally designed and implemented to maintain a desired balance between short- and long-term compensation, as further discussed below. The realized compensation from these incentives will vary as a reflection of our stock price or other financial performance over time.

Benefits Under Employee Retirement/Health and Welfare Benefit Plans. These benefits are intended to provide competitive levels of medical, retirement and income protection, such as life and disability insurance coverage, for our executives and their families. Our executive officers generally are eligible to participate in the same programs that provide medical coverage (active employee and retiree), life insurance, disability and retirement offered to all of our eligible employees. In addition, our executive officers are eligible to participate in an executive life insurance program. We believe that our benefits and retirement programs are comparable to those offered by other similar companies in the broadcasting industry and, as a result, are appropriate to ensure that our compensation package for our executive officers remains competitive.

Severance and Other Termination Benefits. Each executive officer is party to an employment agreement pursuant to which he may be eligible to receive severance benefits upon his termination of employment in various circumstances, including in connection with a change in control. The severance-related arrangements in those agreements are described in more detail under Potential Payments upon Termination or Change in Control. We believe that our severance arrangements, including the amount and conditions to the payment of the severance benefits, are comparable to those offered by similar companies in the broadcasting industry and, as a result, are appropriate to ensure that compensation for our executive officers remains competitive.

Executive Perquisites. We do not believe it is appropriate to provide our executive officers with substantial perquisites beyond their stated compensation, but we do offer certain limited perquisites such as insurance and a matching contribution under a Company 401(k) plan that we believe are reasonable and necessary to compete for executive talent. We do not believe it is appropriate to provide perquisites such as country club memberships, financial planning costs or a car allowance to our executive officers.

Compensation Levels Among Executive Officers. There are no policy differences with respect to the compensation of individual executive officers even though the level of compensation may differ based on scope

Table of Contents

of responsibilities and performance. Any compensation disparity between our Chief Executive Officer and our other executive officers is primarily due to the Chief Executive Officer having significantly greater responsibilities for strategic leadership, management and oversight of a large enterprise and the corresponding market factors reflecting this difference.

Compensation Framework

The Role of Executive Officers in Determining Executive Compensation

The Compensation Committee generally consults with members of management in connection with the implementation of our executive compensation philosophy. For example, our Chief Executive Officer, and other management personnel, from time to time assist the Compensation Committee in understanding, and provide recommendations regarding, key business factors that are relevant to the design and implementation of our compensation programs. This may include defining certain business measures and explaining any influence on or by various business elements and the accounting and tax treatment relating to certain awards. Our Chief Executive Officer also evaluates the performance of the other executive officers and develops recommendations regarding their compensation, including proposed compensation levels for individual executive officers within the constructs of their respective employment agreements, using internal and external resources. These resources may include compensation surveys, external data and reports from third parties or publicly available information. Recommendations from our Chief Executive Officer generally take into account the various elements of our compensation program including design, compliance and competitive strategy as well as consideration of the individual executive officer's performance and compensation level. The Compensation Committee reviews and discusses these recommendations and determines whether to accept, reject or revise the proposals. Our Chief Executive Officer also provides updates to the Compensation Committee regarding current and anticipated operating performance outcomes and their anticipated impact on executive compensation.

Our internal and external legal counsel assist in ensuring that appropriate plan documentation and approvals are received in order to keep executive pay programs in compliance with applicable legal and stock exchange listing requirements. Our legal counsel also advises the Compensation Committee and our Board of Directors on compliance with appropriate corporate governance standards and requirements.

When Long-term Grants are Made

The Compensation Committee typically evaluates and, if appropriate, grants long-term incentive awards annually. The meeting date is generally scheduled in advance and without regard to potential stock price movement. The Compensation Committee also retains the discretion to make separate or additional grants, or amendments to previous grants, of incentive awards from time to time throughout each year in light of business or other applicable developments.

Discretion to Modify Awards

As previously noted, annual incentive awards are typically based on Company performance and, in some instances, may be based on the performance of each individual named executive officer, over the most recently completed fiscal year. The Compensation Committee reserves the right to adjust Company or individual goals during the course of the year in order to reflect changes in our business.

Under our equity incentive plans, the Compensation Committee has certain discretion to adjust or modify the terms of an award, including awards that might otherwise be forfeited. The Compensation Committee generally does not have the authority to unilaterally rescind an award. Each award defines the terms under which it would be forfeited according to the terms of the applicable equity incentive plan.

Table of Contents

Allocating Between Annual and Long-Term Compensation Elements

We seek to ensure our executive compensation program is balanced in terms of each element of pay relative to competitive practices, with an appropriate incentive emphasis placed on long-term results. The overall program is intended to balance business objectives for executive pay for performance, retention, competitive market practices and stockholder interests. Each year, in light of a number of considerations including recent and expected business developments, individual and Company performance, historical compensation and other relevant metrics, we seek to ensure an appropriate percentage of the annual total direct compensation target opportunity is subject to performance risk for our executive officers. The Compensation Committee allocates total compensation opportunities between short- and long-term incentives based upon, among other things, input of compensation consultants or other advisors from time to time, and various analyses of general compensation practices at similar companies, as well as its view of how best to incent and retain key personnel.

Stockholder Input on Executive Compensation Matters

In accordance with applicable law and as described in more detail in Proposal 2 below, we are providing our stockholders with the opportunity to vote, on a non-binding basis, to approve the compensation of our named executive officers as disclosed pursuant to the compensation disclosure rules of the SEC (the "say-on-pay vote"). Our stockholders voted on a similar matter at the 2014 annual meeting of stockholders.

At our 2014 annual meeting of stockholders, a majority of the shares voted on the say-on-pay vote were in favor of the compensation paid to our named executive officers. While the Compensation Committee believes this vote endorses the Company's compensation philosophy, policies and practices, the Compensation Committee continually monitors the overall performance of the Company and the industry, and has monitored the say on pay approval rate since the Company initially was required to provide a vote to stockholders in 2013, general developments in executive compensation principles and stockholder and other stakeholder input. Based upon these and other factors, for 2014 the Compensation Committee did not approve any payments of annual cash incentive compensation awards in light of the fact that the pre-established opportunity levels were not achieved, nor did the Compensation Committee approve or make any long-term equity incentive award grants. Furthermore, the Compensation Committee did not approve or make any discretionary cash or equity-based bonus or other awards in 2014. The Compensation Committee intends to continue to give appropriate consideration to the vote results for say-on-pay proposals in this and future years when making compensation decisions for our named executive officers. The Compensation Committee expects that it will continue to consider any input it may receive from stockholders and other stakeholders, and more general developments in executive compensation principles, in the development and implementation of the Company's executive compensation philosophy, policies and programs in future periods. For additional information on the say-on-pay vote with respect to the compensation paid to our executive officers in 2014, see Proposal No. 2: Advisory Vote on Executive Compensation below.

Compensation Consultants

The Compensation Committee has the authority to retain compensation consultants from time to time as it deems appropriate. Beginning in 2011, in connection with the significant transformation of the Company in terms of size, scope of operations, and capital structure, and the related increase in executive responsibilities in connection with its acquisition of Citadel Broadcasting Corporation (Citadel), the Company engaged Meridian Compensation Partners, LLC (Meridian) to advise the Company on various executive compensation matters. Meridian has assisted the Compensation Committee, from time to time, on a variety of matters, including the development of an equity incentive plan, the design and sizing of various equity awards that were made, or proposed to be made, under that plan in 2011, certain elements of the executive officer employment agreements entered into in 2011, and the non-employee director compensation arrangements implemented by the Company in 2012.

Table of Contents

In 2014, the Compensation Committee again engaged Meridian to provide the Committee with an analysis of the competitiveness of the compensation paid or payable to the Company's executive officers, including amounts payable under those officers' employment agreements, as compared against certain peer companies. For purposes of this analysis, Meridian analyzed publicly available information from the following eleven publicly-traded radio or TV broadcasting companies:

Emmis Communications Corporation	Radio One, Inc.
Entercom Communications Corp.	Saga Communications, Inc.
Entravision Communications Corporation	Salem Communications Corporation
Gray Television, Inc.	Sinclair Broadcast Group, Inc.
Lin TV Corp.	Spanish Broadcasting System, Inc.
Nexstar Broadcasting Group, Inc.	

Meridian does not have a relationship with, nor did it provide any services to, the Company or the Compensation Committee other than in connection with the engagement as described above.

Compensation Decisions for 2014

Base Salary. As described above, we entered into employment agreements with each of our named executive officers in 2011. Pursuant to these employment agreements, the terms of which were developed by the Compensation Committee with assistance from Meridian, the named executive officers were entitled to receive the following minimum annual base salaries: Mr. L. Dickey (\$1,450,000), Mr. Hannan (\$550,000), Mr. J. Dickey (\$875,000), Mr. Pinch (\$775,000), and Mr. Denning (\$500,000). These salaries, which are subject to annual increases, were established in light of the significant increase in each of the named executive officer's responsibilities beginning in 2011 following the Company's acquisition of Citadel Broadcasting Company.

In light of the Compensation Committee's assessment of Company performance and the general awareness and assessment of compensation levels at comparable companies, the Compensation Committee determined not to make any increases to base salary for the named executive officers for 2014, instead determining to maintain base salaries at the level set in 2011.

Annual Incentive Compensation Award Opportunity. Each named executive officer's employment agreement provides that he will be eligible for an annual cash incentive award based upon achievement of annual performance goals for the Company and/or the individual as determined by the Compensation Committee each year. These agreements also provide that the annual cash incentive award opportunity will be calculated as a percentage of each executive's base salary as follows:

Name	Target Award Opportunity (as a % of base salary)	Maximum Award Opportunity (as a % of base salary)¹
Lewis W. Dickey, Jr.	100%	150%
Joseph P. Hannan	50%	75%
John G. Pinch	75%	100%
John W. Dickey	75%	100%
Richard S. Denning	40%	60%

(1) Pursuant to the terms of his employment agreement, Mr. Pinch's award opportunity was prorated through the date of his retirement. Notwithstanding these award opportunities, the employment agreements also provide that the Compensation Committee may adjust the target and maximum award opportunities for an executive officer in any year. No such adjustments were made in 2014.

Table of Contents

In February 2014, the Compensation Committee established certain objectives and criteria applicable to the annual incentive compensation award opportunities for the named executive officers. The Compensation Committee selected the criteria for each named executive officer based on each individual's functional areas of responsibility within the Company, and the Compensation Committee's perceived importance of the objectives to the overall success of the Company. The Compensation Committee also determined at that time that the payment of annual incentive compensation in 2014 above the target award opportunity level would be at the discretion of the Compensation Committee based on its assessment of factors relevant to each individual's performance. The Compensation Committee determined that each named executive officer would be entitled to receive the applicable target award opportunity if Cumulus achieved budgeted EBITDA goals, and satisfied other objectives related to managing costs, developing content, achieving gains in market share, as well as successes in strategic planning and implementation and optimizing financial liquidity.

In reviewing the performance and compensation levels of the executive officers for 2014 at the completion of that fiscal year, the Compensation Committee determined that the quantitative financial performance objectives were not met at the threshold level. As a result, no annual incentive compensation was paid for 2014.

Long-Term Incentive Awards. As described above, the Compensation Committee considers the grant of equity incentive awards on an annual basis, or at such other times as circumstances warrant, as an important component of our overall compensation philosophy to reward and incent performance over a multi-year period with links to continued service and long-term stockholder value creation.

As with determinations of base salary and annual short-term incentives, determinations as to appropriate long-term incentives of our named executive officers historically have not depended upon the application of a particular formula or the use of designated benchmarks.

As previously disclosed, in connection with the significant corporate transactions undertaken by the Company in 2011, and in light of the significant additional responsibility of the named executive officers as a result thereof, the Compensation Committee granted to the named executive officers an equity incentive award in September 2011. Those awards were made in the form of stock options, the exercise price of which was 186% of the closing price per share of the Class A common stock on the date the awards were granted.

In light of the size and timing of equity award grants to the named executive officers in 2013, which awards were made in October of that year, as well as data provided by Meridian with respect to the compensation of the executive officers, general industry conditions and actual Company performance in 2014, the Compensation Committee did not grant any long-term incentive awards to the executive officers in 2014.

Impact of Restated Earnings on Previously Paid or Awarded Compensation

We have not had to restate earnings in a manner that would impact incentive award payments. If restatements are necessary in the future, the Compensation Committee and the Board of Directors would consider the facts and circumstances relating to the cause and impact of the restatement, as well as the requirements under Section 304 of the Sarbanes-Oxley Act of 2002, in determining whether any payments based upon the financial results were made unjustly and the materiality and probability of recovering such payments.

Accounting and Tax Impact on Direct Compensation

For executive officers, all compensation is subject to federal, state and local taxes as ordinary income or capital gains as various tax jurisdictions provide. Section 162(m) of the U.S. tax code places a limit of \$1,000,000 on the amount of compensation that we may deduct in any one year with respect to any of our executive officers. However, the U.S. tax code also provides that qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met. To maintain flexibility in compensating our executive officers, however, the Compensation Committee reserves the right to use its judgment to authorize compensation payments that may be subject to the limit when the Compensation Committee believes that such

Table of Contents

payments are appropriate. Accordingly, certain components of the compensation program for our executive officers are designed to be qualifying performance-based compensation under Section 162(m) of the tax code, while others are not.

We do not expect accounting treatment of various forms of equity awards under GAAP to vary significantly and, therefore, accounting treatment is not expected to have a material effect on the selection of forms of compensation.

Summary of Compensation and Benefit Plan Risk

Our compensation and benefits policies and practices include a number of features designed to address potential risks while rewarding employees for achieving long-term financial and strategic objectives through prudent business judgment and appropriate risk taking. These include a balanced mix of compensation components and prudent performance goals discussed above. The Compensation Committee considers potential risks when reviewing and approving compensation programs. After assessing compensation related risks for our employees, the Compensation Committee determined that the Company's compensation and benefit policies and practices are not likely to have a material adverse effect on the Company and that the plans currently in place or contemplated are appropriately balanced between retention and incentive to enable the Company to retain its management team and provide the executive officers with appropriate incentives focused on meeting the objectives, developed by management and the Board of Directors, designed to create long-term stockholder value.

Compensation Committee Report

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on this review and these discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

Potential Payments upon Termination or Change in Control

The following analyses set forth the compensation that would be payable to each of the named executive officers other than Mr. Pinch in the event of termination of their employment under the following scenarios: resignation for good reason, termination without cause, termination for cause, resignation without good reason (voluntary resignation), termination in connection with a change in control, and termination due to death or disability. The analyses assume that the date of termination was December 31, 2014, and the dollar value of any equity is calculated using a per share price of \$4.23, which was the reported closing price of our Class A common stock on December 31, 2014. In addition, the analyses assume the sale, on that date, of all restricted shares and shares of Class A common stock issuable upon exercise of unvested options whose vesting is accelerated as a result of termination.

In connection with Mr. Pinch's retirement, effective November 29, 2014, he became entitled to receive severance payments as set out in his employment agreement, namely the sum of his base salary and target bonus amount, each as in effect immediately prior to his retirement, together with an amount equal to any performance-based bonus to which he would become entitled for 2014, pro-rated through the date of his retirement, and the continuation of certain health and welfare benefits. Such amounts will be payable in 2015. As a result, he would not have been entitled to any other payments at December 31, 2014 in connection with any termination or change in control on such date.

All potential payments to the executive officers upon termination of their employment or upon a change in control are governed by the terms of their respective employment agreements as described below, or the equity incentive plan pursuant to which various equity incentive awards were issued. For additional information regarding the employment agreements, see Employment Agreements.

Each employment agreement provides that in the event the Company terminates the relevant named executive officer's employment without cause (including the Company notifying the executive of the Company's intent to not renew such agreement) or if the executive terminates his employment for good reason during the term of the agreement, the executive will be entitled to the following:

an amount equal to a multiple (the severance multiplier) of the sum of the executive's respective annual base salary and target bonus award opportunity then in effect. The severance multiplier is 2.0 for Mr. L. Dickey, Jr. and 1.0 for the other named executive officers;

Table of Contents

a lump-sum payment equal to the pro rata amount of the annual bonus the executive would have received if he had remained employed by the Company through the last day of the calendar year, based on actual performance through the applicable performance period;

immediate vesting of 50% of any unvested equity awards, with the remaining 50% of such awards being forfeited, provided, however, that if such termination occurs during the six-month period immediately preceding a change in control (as defined in the agreements), then 100% of any unvested equity awards will become fully vested on the consummation of the change in control; and

continued participation by the executive and his dependents in the Company's medical, dental, vision and hospitalization plans for 18 months for the other named executives.

In the event that the Company terminates the executive's employment without cause or the executive terminates his employment for good reason within a specified period following a change in control, the executive will be entitled to the same payments and benefits as described above, except the severance multiplier will be 3.0 for Mr. L. Dickey, Jr. and 2.0 for the other named executive officers, and 100% of the executive's equity awards will vest immediately. The specified period is 18 months in the case of Mr. L. Dickey, Jr. and nine months in the case of the other named executive officers.

Each employment agreement further provides that if the executive is terminated with cause, the executive terminates his employment without good reason or the executive's employment is terminated due to death or disability, then the Company is only obligated to pay the executive any base salary, bonus payments for any completed fiscal year and unreimbursed expenses that were accrued, but unpaid, through the date of termination.

In the event of a termination by the Company without cause or a termination by the relevant executive for good reason, the Company will not be obligated to pay to the executive any amounts other than those in the immediately preceding paragraph unless such executive executes in favor of the Company a general release of any claims against the Company.

In addition, payments and benefits under each of the employment agreements in event of a termination by the Company without cause or a termination by the relevant executive for good reason (other than terminations within one year following a change in control) are subject to compliance by the terminated executive with the 18-month non-competition and non-solicitation covenants in each of the agreements. Payments and benefits under each of the employment agreements are also subject to compliance by the terminated executive with the confidentiality covenants in each of the agreements.

According to each executive's employment agreement:

good reason means, in each case without the executive's consent, (i) a material diminution in his authority, duties or responsibilities or an adverse change in his reporting responsibilities; (ii) a material reduction in his base salary; (iii) the relocation of his principal place of employment to a location more than thirty (30) miles from the city of Atlanta, Georgia; or (iv) a material breach of the employment agreement by the Company;

cause means (i) the conviction of the executive of a felony under the laws of the United States or any state thereof, whether or not appeal is taken; (ii) the conviction of the executive for a violation of criminal law involving the Company and its business; (iii) the willful misconduct of the executive, or the willful or continued failure by the executive (except as a result of disability or illness) to substantially perform his duties under the agreement, in either case which has a material adverse effect on the Company; or (iv) the willful fraud or material dishonesty of the executive in connection with his performance of duties to the Company; and

change in control means the date that: (i) any one person, or more than one person acting as a group, acquires ownership of stock of the Company that, together with stock of the Company held by such person or group, constitutes more than fifty percent (50%) of the total fair market value or total voting

Table of Contents

power of the stock of the Company; provided, if any one person, or more than one person acting as a group, is considered to own more than fifty percent (50%) of the total fair market value or total voting power of the stock of the Company, the acquisition of additional stock by the same person or persons is not considered to cause a change in control ; (ii) any one person, or more than one person acting as a group, acquires (or has acquired during the twelve-month period ending on the date of the most recent acquisition by such person or persons) ownership of the Company's stock possessing thirty percent (30%) or more of the total voting power of the stock of the Company; (iii) a majority of members of the Board of Directors is replaced during any twelve-month period by directors whose appointment or election is not endorsed by a majority of the members of the Board of Directors before the date of the appointment or election; or (iv) any one person, or more than one person acting as a group, acquires (or has acquired during the twelve-month period ending on the date of the most recent acquisition by such person or persons) assets from the Company that have a total gross fair market value equal to or more than forty percent (40%) of the total gross fair market value of all of the assets of the Company immediately before such acquisition or acquisitions.

In addition to payments made pursuant to the employment agreements, in the case of termination as a result of death or disability, the named executive officers are entitled to accelerated vesting of unvested stock option awards granted to any of them under our 2011 equity incentive plan.

Lewis W. Dickey, Jr. The following analysis describes the potential payments upon termination of employment for Mr. L. Dickey, Jr. Unless otherwise specified, all cash payments are lump-sum payments.

Assuming a termination had occurred on December 31, 2014, Mr. L. Dickey, Jr. would have been entitled to receive:

for resignation for good reason or termination without cause during the six-month period preceding a change in control, a total of \$5,976,076, which consists of: \$5,800,000 (representing a severance payment of two times the sum of his base salary and target bonus as in effect immediately prior to the date of termination), plus \$0 (representing a lump sum cash payment for his annual bonus), plus \$169,200 (representing the proceeds from the sale at \$4.23 per share of 100% of his unvested equity awards as of the date of termination), plus \$6,876 (the value of 18 months continued coverage under our employee benefit plans);

for resignation for good reason or termination without cause during the eighteen-month period following a change in control, a total of \$8,876,076, which consists of: \$8,700,000 (representing a severance payment of three times the sum of his base salary and target bonus as in effect immediately prior to the date of termination), plus \$0 (representing a lump sum cash payment for his annual bonus), plus \$169,200 (representing the proceeds from the sale at \$4.23 per share of 100% of his unvested equity awards as of the date of termination), plus \$6,876 (the value of eighteen months continued coverage under our employee benefit plans); and

for termination as a result of death or disability, no payout as a result of the exercise price of 100% of his stock option awards which accelerate upon his death or disability being in excess of the market price on December 31, 2014.

Employment Agreements

On November 29, 2011, we entered into employment agreements with each of our named executive officers. Each of the agreements has a term through November 29, 2015 and contains a provision for automatic extensions of one-year periods thereafter, unless terminated in advance by either party in accordance with the terms of the agreement, other than Mr. Pinch's agreement, which terminated in connection with his retirement. Pursuant to the agreements, each executive was entitled to receive a minimum annual base salary, subject to increase from time to time by the Board of Directors.

The agreements also provide that each executive will be eligible for an annual cash bonus based upon the achievement of Company and/or individual annual performance goals determined by the Compensation Committee each year. The annual cash bonus is calculated as a percentage of the executive's base salary, with the target and maximum award opportunities available to the applicable executive as follows: Mr. L. Dickey, Jr. (Target 100%, Maximum 150%), Mr. Hannan (Target 50%, Maximum 75%), Mr. J. Dickey (Target 75%, Maximum 100%) and Mr. Denning (Target 40%, Maximum 60%).

Edgar Filing: CUMULUS MEDIA INC - Form DEF 14A

Notwithstanding these target and maximum award opportunities, the agreements provide that Compensation Committee may adjust the target and maximum award opportunities for any executive for each year.

The employment agreements also provide for payments to the executive officers upon termination of their employment. For more information about the terms of these payments see [Potential Payments upon Termination or Change in Control](#).

PROPOSAL NO. 2: ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act) provides stockholders with the right to vote to approve, on an advisory, nonbinding, basis, the compensation of our named executive officers as disclosed pursuant to the compensation disclosure rules of the SEC. This stockholder advisory vote is commonly referred to as the say-on-pay vote. At the Company's 2013 annual meeting of stockholders, the Company's stockholders took action with respect to the say-on-pay vote and an advisory vote on the frequency of say-on-pay votes. A majority of votes cast on the advisory vote on the frequency of say-on-pay votes were for such vote to occur every year, supporting the Board's recommendation. Based upon such result, the Board determined that an advisory say-on-pay vote would be held every year until the next advisory vote on the frequency of future say-on-pay votes, which will occur no later than at the Company's 2019 annual meeting of stockholders. The Company's stockholders also took action with respect to a say on vote at the 2014 annual meeting of shareholders.

As described in Executive Compensation Compensation Discussion and Analysis, our philosophy with respect to executive compensation is to implement certain core compensation principles, namely, alignment of management's interests with our stockholders' interests and encouraging and rewarding meaningful performance that contributes to enhanced long-term stockholder value and our general long-term financial health. Our compensation programs are designed in a consistent manner, and seek to ensure we can effectively attract and retain executive leadership, reward meaningful performance that enhances stockholder value and our financial strength, and align the interests of executives with other stockholders. We believe that our executive compensation philosophy and programs are appropriate to ensure management's interests are aligned with our stockholders' interests in furtherance of long-term value creation. In the course of implementing our compensation programs for 2014, the Compensation Committee, with input from management, determined what it considered appropriate levels and types of quantifiable financial-based incentives to motivate our named executive officers to achieve short-term and long-term business goals, after reviewing historical compensation levels, data and analyses regarding the compensation at our peer companies and the Company's business expectations for 2014. We have also continued to refine our overall approach to incentive based compensation, including by not providing any discretionary incentive awards in 2014. Please read Executive Compensation Compensation Discussion and Analysis, including the accompanying compensation tables and related narrative, of this proxy statement for additional details about our executive compensation philosophy and programs, including information about the fiscal year 2014 compensation of our named executive officers.

The say-on-pay vote gives you as a stockholder the opportunity to express your views on the compensation of our named executive officers in 2014. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers in 2014 and the compensation philosophy, objectives, policies and practices described in this proxy statement. The Compensation Committee, which administers our executive compensation program, values the opinions expressed by stockholders and will consider the outcome of these votes in making its decisions on executive compensation in the future. Accordingly, the Board of Directors recommends that stockholders approve the following advisory resolution:

RESOLVED, that the stockholders of Cumulus approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, compensation tables and accompanying footnotes and narratives disclosed in this proxy statement.

Because this vote is advisory, it will not be binding on the Compensation Committee, the Board or the Company. However, it will provide information to our management and Compensation Committee regarding investor sentiment about our executive compensation philosophy, objectives, policies and practices, which management and the Compensation Committee will be able to consider when determining executive compensation for the remainder of fiscal 2015 and beyond.

Recommendation of the Board of Directors

Your Board of Directors unanimously recommends a vote FOR the advisory approval of the compensation of the Company's named executive officers as disclosed in this proxy statement.
