INFORMATION ABOUT THIS PROXY STATEMENT

Why You Received This Proxy Statement

You are viewing or have received these proxy materials because Cognizant's Board of Directors is soliciting your proxy to vote your shares at the Annual Meeting. This proxy statement includes information that we are required to provide to you under the rules of the Securities and Exchange Commission (the "SEC") and that is designed to assist you in voting your shares.

Notice of Internet Availability of Proxy Materials

As permitted by SEC rules, Cognizant is making this proxy statement and its 2014 Annual Report available to certain of its stockholders electronically via the Internet. On or about April 23, 2015 we mailed to these stockholders a Notice of Internet Availability of Proxy Materials (the "Internet Notice") containing instructions on how to access this proxy statement and our 2014 Annual Report and vote online. If you received an Internet Notice by mail, you will not receive a printed copy of the proxy materials in the mail unless you specifically request them. Instead, the Internet Notice instructs you on how to access and review all of the important information contained in the proxy statement and 2014 Annual Report. The Internet Notice also instructs you on how you may submit your proxy over the Internet. If you received an Internet Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials contained on the Internet Notice.

Printed Copies of Our Proxy Materials

Some of our stockholders received printed copies of our proxy statement, 2014 Annual Report and proxy card. If you received printed copies of our proxy materials, then instructions regarding how you can vote are contained on the proxy card included in the materials.

Householding

The SEC's rules permit us to deliver a single Internet Notice or set of proxy materials to one address shared by two or more of our stockholders. This delivery method is referred to as "householding" and can result in significant cost savings. To take advantage of this opportunity, we have delivered only one Internet Notice or one set of proxy materials to multiple stockholders who share an address, unless we received contrary instructions from the impacted stockholders prior to the mailing date. We agree to deliver promptly, upon written or oral request, a separate copy

Edgar Filing: COGNIZANT TECHNOLOGY SOLUTIONS CORP - Form DEF 14A

of the Internet Notice or proxy materials, as requested, to any stockholder at the shared address to which a single copy of those documents was delivered. If you prefer to receive separate copies of the Internet Notice or proxy materials, contact Broadridge Financial Solutions, Inc. at (800) 542-1061 or in writing at Broadridge, Householding Department, 51 Mercedes Way, Edgewood, New York 11717.

If you are currently a stockholder sharing an address with another stockholder and wish to receive only one copy of future Internet Notices or proxy materials for your household, please contact Broadridge at the above phone number or address.

Questions and Answers about the 2015 Annual Meeting of Stockholders

WHO IS ENTITLED TO VOTE AT THE ANNUAL MEETING?

The record date for the Annual Meeting is April 6, 2015. You are entitled to vote at the Annual Meeting only if you were a stockholder of record at the close of business on that date, or if you hold a valid proxy for the Annual Meeting. The only class of stock entitled to be voted at the Annual Meeting is our Class A Common Stock. Each outstanding share of Class A Common Stock is entitled to one vote for all matters before the Annual Meeting. At the close of business on the record date, there were 610,499,069 shares of Class A Common Stock issued and outstanding and entitled to vote at the Annual Meeting.

WHAT IS THE DIFFERENCE BETWEEN BEING A RECORD HOLDER AND HOLDING SHARES IN STREET NAME ?

A record holder holds shares in his or her name. Shares held in street name means shares that are held in the name of a bank or broker on a person's behalf.

AM I ENTITLED TO VOTE IF MY SHARES ARE HELD IN STREET NAME ?

Yes. If your shares are held by a bank or a brokerage firm, you are considered the beneficial owner of those shares held in street name. If your shares are held in street name, these proxy materials are being provided to you by your bank or brokerage firm, along with a voting instruction card if you received printed copies of our proxy materials. As the beneficial owner, you have the right to direct your bank or brokerage firm how to vote your shares, and the bank or brokerage firm is required to vote your shares in accordance with your instructions. If your shares are held in street name, you may not vote your shares in person at the Annual Meeting unless you obtain a legal proxy from your bank or brokerage firm.

HOW MANY SHARES MUST BE PRESENT TO HOLD THE ANNUAL MEETING?

A quorum must be present at the Annual Meeting for any business to be conducted. The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the shares of Class A Common Stock outstanding on the record date will constitute a quorum.

WHO CAN ATTEND THE 2015 ANNUAL MEETING OF STOCKHOLDERS?

You may attend the Annual Meeting only if you are a Cognizant stockholder who is entitled to vote at the Annual Meeting, or if you hold a valid proxy for the Annual Meeting. If you plan to attend the Annual Meeting, you must call the Company's investor relations staff at 201-498-8840 or email David.Nelson@cognizant.com no later than 5:00 p.m. Eastern time on May 31, 2015 to have your name placed on the attendance list. In

Edgar Filing: COGNIZANT TECHNOLOGY SOLUTIONS CORP - Form DEF 14A

order to be admitted into the Annual Meeting, your name must appear on the attendance list and you must present government-issued photo identification (such as a driver's license). If your bank or broker holds your shares in street name, you will also be required to present proof of beneficial ownership of our Class A Common Stock on the Record Date, such as the Internet Notice you received from your bank or broker, or a bank or brokerage statement or a letter from your bank or broker showing that you owned shares of our Class A Common Stock at the close of business on the Record Date.

WHAT IF A QUORUM IS NOT PRESENT AT THE ANNUAL MEETING?

If a quorum is not present at the scheduled time of the Annual Meeting, a majority of the outstanding shares represented at the Annual Meeting, by proxy or in person, and entitled to vote may adjourn the Annual Meeting.

Table of Contents

QUESTIONS AND ANSWERS ABOUT THE 2015 ANNUAL MEETING OF STOCKHOLDERS

WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE INTERNET NOTICE OR MORE THAN ONE SET OF PROXY MATERIALS?

It means that your shares are held in more than one account at the transfer agent and/or with banks or brokers. Please vote all of your shares. To ensure that all of your shares are voted, for each Internet Notice or set of proxy materials, please submit your proxy by phone, via the Internet, or, if you received printed copies of the proxy materials, by signing, dating and returning the enclosed proxy card in the enclosed envelope.

HOW DO I VOTE?

We recommend that stockholders vote by proxy even if they plan to attend the Annual Meeting and vote in person. If you are a stockholder of record, there are three ways to vote by proxy:

by Telephone You can vote by telephone by calling 1-800-690-6903 and following the instructions on the proxy card;

by Internet You can vote over the Internet at www.proxyvote.com by following the instructions on the Internet Notice or proxy card; or

by Mail You can vote by mail by signing, dating and mailing the proxy card, which you may have received by mail. Telephone and Internet voting facilities for stockholders of record will be available 24 hours a day and will close at 11:59 p.m., Eastern time, on June 1, 2015.

If your shares are held in street name through a bank or broker, you will receive instructions on how to vote from the bank or broker. You must follow their instructions in order for your shares to be voted. Telephone and Internet voting also will be offered to stockholders owning shares through certain banks and brokers. If your shares are not registered in your own name and you would like to vote your shares in person at the Annual Meeting, you should contact your bank or broker to obtain a legal proxy or broker's proxy card and bring it to the Annual Meeting in order to vote.

CAN I CHANGE MY VOTE AFTER I SUBMIT MY PROXY?

Yes.

If you are a registered stockholder, you may revoke your proxy and change your vote:

by submitting a duly executed proxy bearing a later date;

by granting a subsequent proxy through the Internet or telephone;

Edgar Filing: COGNIZANT TECHNOLOGY SOLUTIONS CORP - Form DEF 14A

by giving written notice of revocation to the Secretary of Cognizant prior to or at the Annual Meeting; or

by voting in person at the Annual Meeting.

Your most recent proxy card or telephone or Internet proxy is the one that is counted. Your attendance at the Annual Meeting itself will not revoke your proxy unless you give written notice of revocation to the Secretary before your proxy is voted or you vote in person at the Annual Meeting.

If your shares are held in street name, you may change or revoke your voting instructions by following the specific directions provided to you by your bank or broker, or you may vote in person at the Annual Meeting by obtaining a legal proxy from your bank or broker and submitting the legal proxy along with your ballot.

WHO WILL COUNT THE VOTES?

Representatives of Broadridge Financial Solutions, Inc., our inspector of election, will tabulate and certify the votes.

Table of Contents

QUESTIONS AND ANSWERS ABOUT THE 2015 ANNUAL MEETING OF STOCKHOLDERS

WHAT IF I DO NOT SPECIFY HOW MY SHARES ARE TO BE VOTED?

If you submit a proxy but do not indicate any voting instructions, the persons named as proxies will vote in accordance with the recommendations of the Board of Directors. The Board of Directors' recommendations are set forth on page 2 of this proxy statement, as well as with the description of each proposal in this proxy statement.

WILL ANY OTHER BUSINESS BE CONDUCTED AT THE ANNUAL MEETING?

We know of no other business that will be presented at the Annual Meeting. If any other matter properly comes before the stockholders for a vote at the Annual Meeting, however, the proxy holders named on the Company's proxy card will vote your shares in accordance with their best judgment.

HOW MANY VOTES ARE REQUIRED FOR THE APPROVAL OF THE PROPOSALS TO BE VOTED UPON AND HOW WILL ABSTENTIONS AND BROKER NON-VOTES BE TREATED?

Proposal	Votes required	Effect of Abstentions and Broker Non-Votes
<u>Proposal 1:</u> Election of Directors	A director nominee will be elected to the Board of Directors if the votes cast for the nominee exceed the votes cast against the nominee.	No effect.
<u>Proposal 2:</u> Advisory (Non-Binding) Vote on Executive Compensation (Say-on-Pay)	The affirmative vote of a majority of the votes cast.	No effect.
<u>Proposal 3:</u> Ratification of Appointment of Independent Registered Public Accounting Firm	The affirmative vote of a majority of the votes cast.	No effect. We do not expect any broker non-votes on this proposal.
<u>Proposal 4:</u> Stockholder Proposal Regarding Stockholder Action by Written Consent	The affirmative vote of a majority of the votes cast.	No effect.

WHAT IS AN ABSTENTION AND HOW WILL ABSTENTIONS BE TREATED?

An abstention represents a stockholder's affirmative choice to decline to vote on a proposal. Abstentions are counted as present and entitled to vote for purposes of determining a quorum. Shares voting "abstain" have no effect on the election of directors, the approval of the compensation of our named executive officers, the ratification of our independent registered public accounting firm and the stockholder proposal regarding stockholder action by written consent.

WHAT ARE BROKER NON-VOTES AND DO THEY COUNT FOR DETERMINING A QUORUM?

Generally, broker non-votes occur when shares held by a broker in "street name" for a beneficial owner are not voted with respect to a particular proposal because the broker (1) has not received voting instructions from the beneficial owner and (2) lacks discretionary voting power to vote those shares. A broker is entitled to vote shares held for a beneficial owner on routine matters, such as the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm, without instructions from the beneficial owner of those

Edgar Filing: COGNIZANT TECHNOLOGY SOLUTIONS CORP - Form DEF 14A

shares. On the other hand, absent instructions from the beneficial owner of such shares, we expect that a broker will not be entitled to vote shares held for a beneficial owner on all of the other proposals to be voted on at the Annual Meeting. Broker non-votes count for purposes of determining whether a quorum is present.

WHERE CAN I FIND THE VOTING RESULTS OF THE 2015 ANNUAL MEETING OF STOCKHOLDERS?

We plan to announce preliminary voting results at the Annual Meeting and we will report the final results in a Current Report on Form 8-K, which we intend to file with the SEC shortly after the Annual Meeting.

Corporate Governance

GENERAL

Our Board of Directors has adopted Corporate Governance Guidelines, a Code of Ethics entitled *Cognizant's Core Values and Standards of Business Conduct* and charters for our Nominating and Corporate Governance Committee, Audit Committee and Compensation Committee to assist the Board in the exercise of its responsibilities and to serve as a framework for the effective governance of the Company. You can access our current committee charters, our Corporate Governance Guidelines and our Code of Ethics in the *Company Overview* section of the *About Cognizant* page of our website located at www.cognizant.com, under the *Corporate Governance* tab, or by writing to our Secretary at our offices at Glenpointe Centre West, 500 Frank W. Burr Blvd., Teaneck, New Jersey 07666.

DETERMINATION OF INDEPENDENCE

Under NASDAQ Stock Market rules, a Director will only qualify as an *independent director* if, in the opinion of our Board of Directors, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a Director. In evaluating the independence of our Directors, the Board considered transactions and relationships between the Company and its subsidiaries and each Director and their family members, as defined in the NASDAQ rules. As a result of this review, the Board determined that each of Maureen Breakiron-Evans, John Fox, John Klein, Leo S. Mackay, Jr., Michael Patsalos-Fox, Robert Weissman, and Thomas Wendel do not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a Director and that each of these Directors is an *independent director* as defined under NASDAQ rules.

DIRECTOR CANDIDATES

The process followed by the Nominating and Corporate Governance Committee to identify and evaluate director candidates includes requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Committee and the Board. From time to time, we also engage search firms to assist in the identification of director candidates.

In considering whether to recommend any particular candidate for inclusion in the Board's slate of recommended Director nominees, the Nominating and Corporate Governance Committee will apply the criteria set forth in our Corporate Governance Guidelines. These criteria include the candidate's integrity, business acumen, knowledge of our business and industry, experience, diligence, absence of conflicts of interest and the ability to act in the interests of all stockholders. The Nominating and Corporate Governance Committee does not have a specific policy with regard to the consideration of diversity in identifying director nominees. However, our Corporate Governance Guidelines provide that the value of diversity on the Board should be considered. The Committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. We believe that the backgrounds and qualifications of our Directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities.

Edgar Filing: COGNIZANT TECHNOLOGY SOLUTIONS CORP - Form DEF 14A

Stockholders may recommend individuals to the Nominating and Corporate Governance Committee for consideration as potential Director candidates by submitting the names of the recommended individuals, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of Class A Common Stock for at least a year as of the date such recommendation is made, to the Nominating and Corporate Governance Committee, c/o Corporate Secretary, Cognizant Technology Solutions Corporation, Glenpointe Centre West, 500 Frank W. Burr Blvd., Teaneck, New Jersey 07666. Assuming that appropriate biographical and background material has been provided on a timely basis, the Committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others.

Table of Contents

CORPORATE GOVERNANCE

VOTING FOR DIRECTORS

Our By-laws provide that the vote standard for the election of directors is a majority of votes cast in uncontested elections. In accordance with the Company's By-laws, if none of our stockholders provides the Company notice of an intention to nominate one or more candidates to compete with the Board's nominees in a Director election, or if our stockholders have withdrawn all such nominations by the day before the Company mails its notice of meeting to our stockholders, a nominee must receive more votes cast for than against his or her election or re-election in order to be elected or re-elected to the Board. The Board expects a Director to tender his or her resignation if he or she fails to receive the required number of votes for re-election. The Board will nominate for election or re-election as Director only candidates who agree to tender, promptly following such person's failure to receive the required vote for election or re-election at the next meeting at which such person would face election or re-election, an irrevocable resignation that will be effective upon Board acceptance of such resignation. In addition, the Board will fill Director vacancies and new directorships only with candidates who agree to tender, promptly following their appointment to the Board, the same form of resignation tendered by other Directors in accordance with this corporate governance guideline. If an incumbent Director fails to receive the required vote for re-election, then, within 90 days following certification of the stockholder vote, the Nominating and Corporate Governance Committee will act to determine whether to accept the Director's resignation and will submit such recommendation for prompt consideration by the Board, and the Board will act on the Nominating and Corporate Governance Committee's recommendation. The Nominating and Corporate Governance Committee and the Board may consider any factors they deem relevant in deciding whether to accept a Director's resignation.

Any Director who tenders his or her resignation pursuant to this provision may not participate in the Nominating and Corporate Governance Committee recommendation or Board action regarding whether to accept the resignation offer.

Thereafter, the Board will promptly disclose its decision-making process and decision regarding whether to accept the Director's resignation offer (or the reason(s) for rejecting the resignation offer, if applicable) in a Form 8-K furnished to the SEC.

If each member of the Nominating and Corporate Governance Committee fails to receive the required vote in favor of his or her election in the same election, then those independent Directors who did receive the required vote will appoint a committee amongst themselves to consider the resignation offers and recommend to the Board whether to accept them. However, if the only Directors who did not receive the required vote in the same election constitute three or fewer Directors, all Directors may participate in the action regarding whether to accept the resignation offers.

COMMUNICATIONS FROM STOCKHOLDERS

The Board will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. Our Chairman of the Board and Secretary and General Counsel are primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the other Directors as they consider appropriate.

Under procedures approved by a majority of the independent Directors, communications are forwarded to all Directors if they relate to important substantive matters and include suggestions or comments that our Secretary and Chairman of the Board consider to be important for the Directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we tend to receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to the Board should address such communications to the Board of Directors by emailing the Board of Directors at the following email address: corporategovernance@cognizant.com; or in writing: c/o Corporate Secretary, Cognizant Technology Solutions Corporation, Glenpointe Centre West, 500 Frank W. BOARD LEADERSHIP STRUCTURE AND ROLE IN RISK OVERSIGHT

The Board evaluates its leadership structure and role in risk oversight on an ongoing basis. Since December 2003, the Company's board leadership structure has separated the Chairman of the Board and Chief Executive Officer roles into two

positions. Currently, John E. Klein is the Chairman of the Board and Francisco D. Souza is the Chief Executive Officer. The Board determines what leadership structure it deems appropriate based on factors such as the experience of the applicable individuals, the current business environment of the Company or other relevant factors. After considering these factors, the Board determined that continuing to separate the positions of Chairman of the Board and Chief Executive Officer is the appropriate board leadership structure at this time.

The Board of Directors is also responsible for oversight of the Company's risk management practices while management is responsible for the day-to-day risk management processes. This division of responsibilities is the most effective approach for addressing the risks facing the Company. The Board receives periodic reports from management regarding the most significant risks facing the Company. In addition, the Audit Committee assists the Board in its oversight role by receiving periodic reports regarding the Company's risk and control environment. The Board does not believe that its role in the oversight of the Company's risks affects the Board's leadership structure.

CODE OF ETHICS

We have adopted a written Code of Ethics that applies to our Directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. We have posted our Code of Ethics, entitled "Cognizant's Core Values and Standards of Business Conduct," in the "Company Overview" section of the "About Cognizant" page of our website located at www.cognizant.com, under the "Corporate Governance" tab. In addition, we intend to post on our website all disclosures that are required by law or NASDAQ Stock Market listing standards concerning any amendments to, or waivers from, any provision of our Code of Ethics.

ATTENDANCE BY MEMBERS OF THE BOARD OF DIRECTORS AT MEETINGS

There were eight meetings of the Board of Directors during 2014. Each Director attended at least 75% of the aggregate of (i) all meetings of the Board of Directors held during the period in which he or she served as a Director and (ii) the total number of meetings held by the committees on which he or she served during the period, if applicable.

Our Corporate Governance Guidelines provide that Directors are expected to attend the Annual Meeting of Stockholders. For the 2014 Annual Meeting of Stockholders, Mr. D. Souza acted as Chairman, and all other Directors participated by teleconference, except for Ms. Breakiron-Evans, who did not attend.

Director Compensation

Directors who are our employees or employees of our subsidiaries receive no cash remuneration for serving as Directors.

In 2014, all Directors who were not our employees or employees of our subsidiaries, referred to herein as non-employee Directors, other than our Chairman, received an annual retainer of \$40,000 for their service on the Board of Directors (with no additional fees paid for attendance at meetings of the Board of Directors), our Chairman received an annual retainer of \$140,000 (with no additional fees paid for attendance at meetings of the Board of Directors), the Chair of the Audit Committee received an annual retainer of \$15,000, the Chair of the Compensation Committee received an annual retainer of \$10,000 and the Chair of the Nominating and Corporate Governance Committee received an annual retainer of \$5,000.

For purposes of establishing non-employee Director compensation for 2015, the Compensation Committee engaged Pay Governance LLC, an independent executive compensation advisory firm, to review all elements of non-employee Director compensation, benchmark such compensation in relation to other comparable companies with which we compete for Board talent and provide recommendations to ensure that our non-employee Director compensation program remains competitive. Pay Governance benchmarked our non-employee Director compensation against the same group of technology-related firms used by Pay Governance in preparing its recommendations to the Compensation Committee in determining stock-based awards for executive officers in December 2014 (see page 37 of this proxy statement). Based on the Pay Governance review, the Board determined that, for 2015, all non-employee Directors, other than our Chairman, will receive an annual retainer of \$90,000 for their service on the Board of Directors (with no additional fees paid for attendance at meetings of the Board of Directors), our Chairman will receive an annual retainer of \$240,000 (with no additional fees paid for attendance at meetings of the Board of Directors), the Chair of the Audit Committee will receive an annual retainer of \$25,000 and the Chair of the Compensation Committee and the Chair of the Nominating and Corporate Governance Committee will each receive an annual retainer of \$15,000.

All non-employee Directors receive \$1,500 for attendance at each meeting of a committee of the Board of Directors, other than telephonic meetings that are held for 30 minutes or less, for which no attendance fee is paid.

Directors were previously eligible to participate in our: (1) Amended and Restated 1999 Incentive Compensation Plan, which we refer to as the 1999 Incentive Plan; and (2) Amended and Restated Non-Employee Directors' Stock Option Plan, which we refer to as the Director Plan. During 2009, the 1999 Incentive Plan and the Director Plan were succeeded by the Cognizant Technology Solutions Corporation 2009 Incentive Compensation Plan, which we refer to as the 2009 Incentive Plan. Awards granted under the previous plans are still valid, however no additional awards may be granted from the 1999 Incentive Plan and the Director Plan. All Directors are currently eligible to participate in our 2009 Incentive Plan. Upon a Director's retirement while in good standing, the Board's intent is to utilize its discretion to accelerate the vesting of such Director's outstanding equity awards.

From 2009 through 2014, each newly elected non-employee Director would receive a deferred stock unit grant under the 2009 Incentive Plan equal in value to \$160,000 as measured by the closing price of the Company's Class A Common Stock (rounded down to the nearest whole share) on the date of grant. The date of grant was the date of election to the Board unless otherwise specified by the Board or a Committee thereof. The shares underlying such stock unit grant are issued upon the Director's termination of service in accordance with the 2009 Incentive Plan. In 2015, based on the Pay Governance review described above, the Board eliminated the deferred stock unit grant for newly elected non-employee Directors.

During 2014, the Directors were granted options to purchase shares of Class A Common Stock and restricted stock units with respect to shares of Class A Common Stock under the 2009 Incentive Plan. Each of the options granted under the 2009 Incentive Plan vests ratably, fifty percent per year on the anniversary of such grant in 2015 and 2016, and has an exercise price equal to the fair market value per share of Class A Common Stock on the grant date or the closing price on the last trading day if granted on a weekend or holiday, and a maximum term of seven

Edgar Filing: COGNIZANT TECHNOLOGY SOLUTIONS CORP - Form DEF 14A

years measured from such date. The Directors will have a limited period in which to exercise their vested options following cessation of Board service.

Each of the restricted stock units granted to the Directors under the 2009 Incentive Plan during 2014 vests ratably one-third per year on the anniversary of such grant in 2015, 2016 and 2017. The non-employee Directors had the opportunity to defer

Howe and Weissman elected to defer such settlement until the first to occur of (i) a change in control of the Company, (ii) the Director's death or permanent disability or (iii) the July 1 immediately following his separation from service from the Company. Ms. Breakiron-Evans and Messrs. Wendel and Klein elected to defer such settlement until the first to occur of: (i) a change in control of the Company, (ii) the Director's death or disability or (iii) (a) with respect to one-third of the Director's restricted stock units (rounded down to the nearest whole share), the July 1 immediately following his or her separation from service from the Company and (b) with respect to one-third of his or her restricted stock units (rounded down to the nearest whole share), the second July 1 immediately following his or her separation from service from the Company and (c) with respect to the remainder of his or her restricted stock units, the third July 1 following his or her separation from service from the Company. Messrs. Patsalos-Fox, Fox and Mackay, Jr. did not elect to defer the settlement of their restricted stock units.

PROPOSALS TO BE VOTED ON PROPOSAL 1

Election of Directors

At the Annual Meeting, two (2) Class II Directors and four (4) Class III Directors are to be elected to hold office until the Annual Meeting of Stockholders to be held in 2016 or until their successors shall have been duly elected and qualified, subject to such director's prior death, resignation, retirement, disqualification or removal from office.

We currently have nine (9) Directors. A majority of the votes cast is required for the election of directors at the Annual Meeting. A majority of the votes cast means that the number of votes cast for a director nominee must exceed the number of votes cast against that director nominee. Abstentions and broker non-votes are not considered to be votes cast and, accordingly, will have no effect on the outcome of the vote on this proposal.

In accordance with our By-laws and Corporate Governance Guidelines, the Board will nominate for election or re-election as a Director only candidates who agree to tender, promptly following their failure to receive the required vote for election or re-election at the next meeting at which they would face election or re-election, an irrevocable resignation that will be effective upon acceptance by the Board. In addition, the Board will fill Director vacancies and new directorships only with candidates who agree to tender the same form of resignation, promptly following their appointment to the Board.

If an incumbent Director fails to receive the required vote for re-election, then, within 90 days following certification of the stockholder vote, the Nominating and Corporate Governance Committee will act to determine whether to accept the Director's resignation and will submit the recommendation for prompt consideration by the Board, and the Board will act on the Nominating and Corporate Governance Committee's recommendation.

Thereafter, the Board will promptly disclose its decision-making process and decision regarding whether to accept the Director's resignation offer (or the reason(s) for rejecting the resignation offer, if applicable) in a Form 8-K furnished to the SEC.

Any Director who tenders his or her resignation pursuant to this provision of our Corporate Governance Guidelines may not participate in the Nominating and Corporate Governance Committee recommendation or Board action regarding whether to accept the resignation offer. If each member of the Nominating and Corporate Governance Committee fails to receive the required vote in favor of his or her election in the same election, then those independent Directors who did receive the required vote will appoint a committee amongst themselves to consider the resignation offers and recommend to the Board whether to accept them. However, if the only Directors who did not receive the required vote in the same election constitute three or fewer Directors, all Directors may participate in the action regarding whether to accept the resignation offers.

As set forth in our Certificate of Incorporation, the terms of office of the members of the Board of Directors are currently divided into three classes, which division will terminate at the 2016 Annual Meeting of Stockholders. Our Certificate of Incorporation further provides that each director elected at or after the 2014 Annual Meeting of Stockholders will serve for a term expiring at the first annual meeting of stockholders held after such director's election, subject to such director's prior death, resignation, retirement, disqualification or removal from office.

The current class composition is as follows: Class I, whose term will expire at the 2016 Annual Meeting of Stockholders; Class II, whose term currently expires at the 2015 Annual Meeting of Stockholders and whose new term will expire at the 2016 Annual Meeting of Stockholders; and Class III, whose term currently expires at the 2015 Annual Meeting of Stockholders and whose new term will expire at the 2016 Annual Meeting of Stockholders. The current Class I Directors are Maureen Breakiron-Evans, John E. Klein, and Lakshmi Narayanan; the current Class II Directors are Michael Patsalos-Fox and Robert E. Weissman; and the current Class III Directors are Francisco D. Souza, John N. Fox, Jr., Leo S. Mackay, Jr. and Thomas M. Wendel.

PROPOSAL 2

Advisory Vote on Executive Compensation (Say-on-Pay)

BACKGROUND

The Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Dodd-Frank Act, requires that our stockholders have the opportunity to cast an advisory (non-binding) vote on executive compensation at the Annual Meeting, commonly referred to as a Say-on-Pay vote.

The advisory vote on executive compensation is a non-binding vote on the compensation of our named executive officers, or Named Executives, as described in the Compensation Discussion and Analysis section, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure, set forth in this proxy statement. Please read the Compensation Discussion and Analysis section starting on page 35 of this proxy statement for a detailed discussion about our executive compensation programs, including information about the fiscal 2014 compensation of our Named Executives.

The advisory vote on executive compensation is not a vote on our general compensation policies, the compensation of our Board of Directors or our compensation policies as they relate to risk management. The Dodd-Frank Act requires that we hold the advisory vote on executive compensation at least once every three years. At the 2011 Annual Meeting of Stockholders, the Company's stockholders recommended, on an advisory basis, that the stockholder vote on the compensation of our Named Executives occur every year. Accordingly, our next advisory say-on-pay vote (following the non-binding advisory vote at this Annual Meeting) is expected to occur at our 2016 Annual Meeting of Stockholders.

The Compensation Committee of our Board of Directors oversees and administers our executive compensation program, including the evaluation and approval of compensation plans, policies and programs offered to our Named Executives. The Compensation Committee has designed the executive compensation program for our Named Executives to meet the following objectives:

Ensure executive compensation is aligned with our corporate strategies and business objectives.

Subject a substantial portion of an executive officer's compensation to achieving both short-term and long-term performance objectives that enhances stockholder value by linking rewards to measurable corporate and individual performance.

Reinforce the importance of meeting and exceeding identifiable and measurable goals through superior awards for superior performance.

Provide total direct compensation that is competitive in markets in which we compete for management talent in order to attract, retain and motivate the best possible executive talent.

Provide an incentive for long-term continued employment with our Company.

Reinforce our desired culture and unique corporate environment by fostering a sense of ownership, urgency and overall entrepreneurial spirit.

We believe our approach to goal setting and setting of targets with payouts at multiple levels of performance assists in mitigating excessive risk-taking that could harm our value or reward poor judgment by our executives. Several features of our programs reflect sound risk management practices. We believe we have allocated our compensation among base salary and short and long-term compensation target opportunities in such a way as to not encourage excessive risk-taking. In addition, we believe that the mix of equity award instruments used under our long-term incentive program that includes full value awards as well as the multi-year vesting of our equity awards also mitigate risk and properly account for the time horizon of risk. The Compensation Discussion and Analysis section starting on page 35 of this proxy statement provides a more detailed discussion of our executive compensation program and compensation philosophy.

The vote solicited by this Proposal No. 2 is advisory, and therefore is not binding on the Company, our Board of Directors or our Compensation Committee. The outcome of the vote will not require the Company, our Board of Directors or our Compensation Committee to take any action, and will not be construed as overruling any decision by the Company or the Board of Directors.

Table of Contents

PROPOSAL 2 Advisory Vote on Executive Compensation (Say-on-Pay)

Furthermore, because this non-binding, advisory resolution primarily relates to the compensation of our Named Executives that has already been paid or contractually committed, there is generally no opportunity for us to revisit these decisions. However, our Board of Directors, including our Compensation Committee, values the opinions of our stockholders and, to the extent there is any significant vote against the executive officer compensation as disclosed in this proxy statement, we will consider our stockholders' concerns and evaluate what actions, if any, may be appropriate to address those concerns. At the Company's Annual Meeting of Stockholders held on June 3, 2014, approximately 98.7% of the votes cast on the Say-on-Pay proposal at that meeting were voted in favor of the proposal.

Stockholders will be asked at the Annual Meeting to approve the following resolution pursuant to this Proposal No. 2:

RESOLVED, that the stockholders of Cognizant Technology Solutions Corporation approve, on an advisory basis, the compensation of the Company's Named Executives, disclosed pursuant to Item 402 of Regulation S-K in the Company's definitive proxy statement for the 2015 Annual Meeting.

VOTE REQUIRED

The approval of this proposal requires the affirmative vote of a majority of the votes cast. Abstentions and broker non-votes are not considered to be votes cast and, accordingly, will have no effect on the outcome of the vote on this proposal.

RECOMMENDATION OF THE BOARD

The Board of Directors unanimously recommends a vote FOR the approval of the advisory (non-binding) vote on executive compensation.

PROPOSAL 3

Ratification of Appointment of Independent Registered Public Accounting Firm

Our Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the Company's independent registered public accounting firm. Our Audit Committee has appointed PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2015. Our Board has directed that this appointment be submitted to our stockholders for ratification. Although ratification of our selection of PricewaterhouseCoopers LLP is not required, we value the opinions of our stockholders and believe that stockholder ratification of our selection is a good corporate governance practice.

PricewaterhouseCoopers LLP served as our independent registered public accounting firm in 2014 and, together with its predecessor firm, Coopers & Lybrand LLP, has continuously served in that capacity since before we became a public company in 1998. To assure continuing audit independence, the Audit Committee periodically considers whether there should be a regular rotation of the accounting firm that is retained, and considers the advisability and potential impact of selecting a different accounting firm. Our Audit Committee is also responsible for the audit fee negotiations associated with the accounting firm. Neither the accounting firm nor any of its members has any direct or indirect financial interest in or any connection with us in any capacity other than as our auditors, providing audit and non-audit related services.

In accordance with SEC rules and PricewaterhouseCoopers LLP policies, audit partners are subject to rotation requirements to limit the number of consecutive years an individual partner may provide services to our Company. For lead and concurring audit partners, the maximum number of consecutive years of service in that capacity is five years. Our Audit Committee and its chairperson are directly involved in the selection of the lead audit partner at the start of each rotation.

In the event that the selection of PricewaterhouseCoopers LLP is not ratified by the stockholders, the Audit Committee will consider this fact when it selects the independent auditors for 2016. Even if the selection of PricewaterhouseCoopers LLP is ratified, the Audit Committee retains the discretion to select a different independent auditor at any time if it determines that such a change is in the interests of the Company. One or more representatives of PricewaterhouseCoopers LLP are expected to attend the Annual Meeting and to have an opportunity to make a statement and be available to respond to appropriate questions from stockholders.

The members of our Audit Committee and our Board believe that the continued retention of PricewaterhouseCoopers LLP to serve as the Company's independent registered public accounting firm is in the best interests of the Company and its stockholders.

VOTE REQUIRED

This proposal requires the affirmative vote of a majority of the votes cast. Abstentions are not considered to be votes cast and, accordingly, will have no effect on the outcome of the vote on this proposal. Because brokers have discretionary authority to vote on the ratification of the appointment of PricewaterhouseCoopers LLP, we do not expect any broker non-votes in connection with this proposal.

RECOMMENDATION OF THE BOARD

The Board of Directors unanimously recommends a vote FOR the Ratification of PricewaterhouseCoopers LLP as our Independent Registered Public Accounting Firm.

PROPOSAL 4

Stockholder Proposal Regarding Stockholder Action by Written Consent

The Company has been advised that James McRitchie and Myra K. Young, 9295 Yorkship Court, Elk Grove, California 95758, beneficial owners of 100 shares of the Company's common stock, intend to submit the proposal set forth below at the Annual Meeting. Mr. McRitchie and Ms. Young have delegated John Chevedden to act on their behalf regarding the proposal.

Proposal 4 Right to Act by Written Consent

Resolved, Shareholders request that our Board of Directors undertake such steps as may be necessary to permit written consent by shareholders entitled to cast the minimum number of votes that would be necessary to authorize the action at a meeting at which all shareholders entitled to vote thereon were present and voting. This written consent is to be consistent with applicable law and consistent with giving shareholders the fullest power to act by written consent consistent with applicable law. This includes shareholder ability to initiate any topic for written consent consistent with applicable law.

The shareholders of Wet Seal (WTSLA) successfully used written consent to replace certain underperforming directors in 2012. This proposal topic also won majority shareholder support at 13 major companies in a single year. This included 67%-support at both Allstate and Sprint. Hundreds of major companies enable shareholder action by written consent.

Taking action by written consent in lieu of a meeting is a means shareholders can use to raise important matters outside the normal annual meeting cycle. A study by Harvard professor Paul Gompers supports the concept that shareholder dis-empowering governance features, including restrictions on shareholder ability to act by written consent, are significantly related to reduced shareholder value.

A shareholder right to act by written consent and to call a special meeting are 2 complimentary ways to bring an important matter to the attention of both management and shareholders outside the annual meeting cycle.

A shareholder right to act by written consent is one method to equalize our limited provisions for shareholders to call a special meeting. Delaware law allows 10% of shareholders to call a special meeting without mandating a holding period. However it takes 25% of Cognizant shareholders, from only those shareholders with at least one-year of continuous stock ownership, to call a special meeting.

Thus potentially 50% of Cognizant shareholders could be disenfranchised from having any voice whatsoever in calling a special meeting due to the Cognizant one-year lock-out period. The average holding period for stock is less than one-year according to Stock Market Investors Have Become Absurdly Impatient.

Please vote to enhance shareholder value:

Right to Act by Written Consent Proposal 4

THE BOARD'S STATEMENT OF OPPOSITION

Mr. Chevedden submitted a substantially identical proposal for consideration at the Company's 2013 annual meeting. The Company's stockholders rejected the proposal at the 2013 annual meeting, and the Board of Directors **UNANIMOUSLY** recommends that stockholders vote **AGAINST** this proposal once again.

This proposal could distract the Board and management, potentially undermining the Company's future performance.

Under the proposal, one or more stockholders, no matter how small their holdings, would be able to solicit written consents at any time and as frequently as they choose on a range of issues, some of which may be duplicative or conflicting and be entirely self-interested, with no relation to maximizing value for all stockholders. This could lead to a disordered state of corporate affairs, serve as a distraction to the Board and management and impose significant burdens on the Company with little or no corresponding benefit to stockholders.

Table of Contents

PROPOSAL 4 Stockholder Proposal Regarding Stockholder Action by Written Consent

Further, allowing stockholder action by written consent would leave the Company and its stockholders constantly vulnerable to small groups of activist investors who do not owe fiduciary duties to the Company and who have only their own short-term interests in mind. Action by written consent could allow these stockholders to use the written consent procedure to take action (including agreeing to sell the Company) without a meeting and without giving notice to the other stockholders or the Company. This would deprive stockholders of an opportunity to participate in a meeting, consider arguments for and against a proposed action and deliberate in an open and clear manner prior to voting.

Permitting solicitations and actions outside of (and in addition to) the traditional setting of a stockholder meeting would place the Company under constant threat from these short-term activists, distracting management and the Board from their focus on increasing stockholder value over the long-term. The following 10-year performance graph, presented in the same form (other than number of years covered) and with the same peer group index as the 5-year performance graph included in our Annual Report on Form 10-K for the year ended December 31, 2014, demonstrates the value that our long-term approach has had for our stockholders.

PROPOSAL 4 Stockholder Proposal Regarding Stockholder Action by Written Consent

As shown by the table above, the Company's performance over the last ten years has significantly exceeded the S&P 500 Index, the NASDAQ-100 and the Peer Group Index. The Company has been able to achieve this strong performance in part because management and the Board have been able to take actions that they believe will lead to the long-term success of the business, without operating under the constant threat that would be posed if short-term activists could act by written consent at any time, and at all times. The Board and management respectfully request that stockholders reject this proposal to distract the Board and management from their objective of creating long-term value for **ALL** stockholders.

The Company's stockholders already have the right to call a special meeting at any time.

We believe stockholder rights are better protected by the Company's current special meeting provisions, which provide that stockholders may propose any proper matter for a vote at our annual meeting and that any stockholder, or group, owning at least 25% of the Company's Class A Common Stock continuously for at least one year, has the right to call a special meeting of stockholders at any time. Consequently, stockholders currently have the ability to raise important matters and bring such matters to a vote of other stockholders at any time during the year. All stockholders have the opportunity to express views and vote on proposed actions and to participate in such meetings, which occur at a time and date announced publicly in advance.

The Company's existing corporate governance practices and policies already ensure stockholder democracy and the accountability of our Board of Directors.

The Board believes that the adoption of this proposal is ill-advised in light of the sound corporate governance practices and stockholder protections the Company currently has in place. In addition to providing for stockholders' right to call special meetings, the Company has been responsive to stockholder input and enhanced its governance practices and policies over the past several years to ensure the rights of our stockholders and the accountability of our Board of Directors, including:

Majority Voting in Director Elections. The Company's Amended and Restated By-Laws provide that, in an uncontested election of directors, a director nominee must receive more for votes than against votes to be elected. Our Corporate Governance Guidelines provide that any incumbent director nominee who fails to receive the requisite number of votes is expected to tender his or her resignation.

Board Declassification. In 2013, the Board of Directors recommended and the stockholders approved an amendment to the Company's Certificate of Incorporation to declassify our Board of Directors and provide for the annual election of all directors by 2016.

No Poison Pill. In 2003, the Company adopted a Rights Plan. That plan expired by its terms on March 5, 2013, and the Company decided not to adopt a new plan or amend the existing one to extend its term.

We believe that our existing corporate governance practices and policies strike the optimal balance between facilitating the monitoring of Board members by stockholders and enabling stockholders to act quickly in support of their interests, while avoiding the governance risk associated with the ability of stockholders to act by written consent.

VOTE REQUIRED

The approval of this proposal requires the affirmative vote of a majority of the votes cast. Abstentions and broker non-votes are not considered to be votes cast and, accordingly, will have no effect on the outcome of the vote on this proposal.

RECOMMENDATION OF THE BOARD OF DIRECTORS

The Board of Directors unanimously recommends a vote AGAINST the proposal regarding stockholder action by written consent.

The Company demonstrated strong performance for 2014 with year-over-year revenue growth of 16.1% (15.1% excluding the acquisition of TZ US Parent, Inc., or TriZetto, a leading provider of healthcare IT software and solutions). Key drivers of that growth were:

Increased customer spending on discretionary projects that we were able to capitalize upon;

Further expansion of our service offerings, including consulting, Information Technology Infrastructure Services, or IT IS, and Business Process Services, or BPS, which enabled us to cross-sell new services to our customers and meet the rapidly growing demand for complex large-scale outsourcing solutions;

Increased penetration at existing customers, including strategic clients; and

Continued expansion of the market for global delivery of IT services and BPS.

In addition, we completed several acquisitions during 2014 that we will believe will accelerate our ability to provide multi-service integrated solutions to the healthcare industry and enhance our overall digital delivery capabilities. In particular, we believe the fourth quarter acquisition of TriZetto, the largest acquisition in our history, enhances our current competitive position in the healthcare sector and, more importantly, creates an important longer term opportunity for us to combine TriZetto's platforms with our services and program management capabilities to create end-to-end integrated platform-based solutions that bring together infrastructure, applications, the cloud and business process services.

Governance Practices

The Company has several governance practices that it believes support our good compensation practices:

The Compensation Committee is comprised of independent directors;

To assist in analyzing compensation decisions, the Compensation Committee directly retains an independent compensation consultant who works directly with the committee and does not provide other services to the Company;

The Company maintains a formal clawback policy applicable to any performance-based compensation paid to its executives;

The Company maintains stock ownership and holding guidelines;

The Company maintains a policy prohibiting its directors, officers and other employees from buying or selling puts, calls or other derivative securities of the Company;

The Company maintains a policy prohibiting its directors, officers and other employees from engaging in short sales of the Company's securities; and

The Company maintains a policy prohibiting its directors, officers and other employees from pledging the Company's securities as collateral for a loan (or modifying an existing pledge) unless the pledge has been approved by the Audit Committee. In addition, directors, officers and other employees are prohibited from using the Company's securities as collateral in a margin account.

Overview of Compensation Program and Philosophy

The following Compensation Discussion and Analysis describes the material elements of compensation for our Named Executives who are identified in the 2014 Summary Compensation Table below. The Named Executives are the individuals who served during 2014 as our Chief Executive Officer; President; Chief Financial Officer; Chief Executive Officer - IT Services; and Executive Vice President, Strategy and Marketing.

The Compensation Committee of our Board of Directors oversees and administers our executive compensation program, including the evaluation and approval of compensation plans, policies and programs offered to our Named Executives. The Compensation Committee operates under a written charter adopted by our Board of Directors and is comprised entirely of independent, non-employee directors as determined in accordance with various NASDAQ Stock Market, SEC and Internal Revenue Code (IRC) rules. The Compensation Committee has the authority to engage its own independent advisor to assist in carrying out its responsibilities under its charter.

Compensation Program Objectives

The Compensation Committee has designed the executive compensation program for our Named Executives to meet the following objectives:

Edgar Filing: COGNIZANT TECHNOLOGY SOLUTIONS CORP - Form DEF 14A

Ensure executive compensation is aligned with our corporate strategies and business objectives.

Subject a substantial portion of an executive officer's compensation to achieving both short-term and long-term performance objectives that enhance stockholder value by linking rewards to measurable corporate and individual performance.

Reinforce the importance of meeting and exceeding identifiable and measurable goals through superior awards for superior performance.

Provide total direct compensation that is competitive in markets in which we compete for management talent in order to attract, retain and motivate the best possible executive talent.

Provide an incentive for long-term continued employment with our Company.

Reinforce our desired culture and unique corporate environment by fostering a sense of ownership, urgency and overall entrepreneurial spirit.

We believe our approach to goal setting and setting of targets with payouts at multiple levels of performance results assists in mitigating excessive risk-taking that could harm our value or reward poor judgment by our executives. Several features of our programs reflect sound risk management practices. We believe we have allocated our compensation among base salary and short and long-term compensation target opportunities in such a way as to not encourage excessive risk-taking, but to reward

meeting strategic company goals that enhance stockholder value. In addition, we believe that the mix of equity award instruments used under our long-term incentive program that includes full value awards as well as the multi-year vesting of our equity awards also mitigate risk and properly accounts for the time horizon of risk.

We do not believe that any of our compensation policies create risks that are reasonably likely to have a material adverse effect on the Company.

Role of Stockholder Say-on-Pay Votes

The Company provides its stockholders with the opportunity to cast an annual, nonbinding advisory vote on executive compensation. At the Company's Annual Meeting of Stockholders held on June 3, 2014, approximately 98.7% of the votes cast on the Say-on-Pay proposal at that meeting were voted in favor of the proposal. Our Compensation Committee considered the outcome of that advisory vote to be an endorsement of the Compensation Committee's compensation philosophy and implementation. As such, in making its decisions regarding executive compensation for 2014, the Compensation Committee considered the significant level of stockholder support for our compensation program and chose to retain the 2013 structure of the executive compensation program, including the ratio of performance-based compensation to all other compensation and the ratio of performance-based equity compensation to time-based equity compensation, while making quantitative adjustments to reflect the performance of the Company and our Named Executives in 2014. The Compensation Committee will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for the Named Executives.

Determination of Competitive Compensation and Engagement of Compensation Consultant

To achieve its objectives for our executive compensation program, the Compensation Committee evaluates our executive compensation program with the goal of setting compensation at levels the Committee believes are competitive with those of other growth technology-related companies that compete with us for executive talent. The Compensation Committee has periodically engaged an independent consultant to provide additional assurance that the Company's executive compensation programs are reasonable and consistent with its objectives. The consultant reports directly to the Compensation Committee, periodically participates in committee meetings and advises the Compensation Committee with respect to compensation trends and best practices, plan design, and the reasonableness of individual compensation awards. Although the Compensation Committee reviews the compensation practices of our peer companies as described below, the Compensation Committee does not adhere to strict formulas or survey data to determine the mix of compensation elements. Instead, as described below, the Compensation Committee considers various factors in exercising its discretion to determine compensation, including the experience, responsibilities and performance of each Named Executive as well as the Company's overall financial performance. This flexibility is particularly important in designing compensation arrangements to attract and retain executives in a highly-competitive, rapidly changing market.

In 2012, the Compensation Committee engaged Pay Governance, LLC, an independent executive compensation advisory firm, to review all elements of executive compensation, benchmark such compensation in relation to other comparable companies with which we compete for executive talent and provide recommendations to ensure that our executive compensation program continues to enable us to attract and retain qualified executives through competitive compensation packages which will result in the attainment of our short-term and long-term strategic objectives. The Compensation Committee asked Pay Governance to provide the benchmark data for purposes of setting 2012 and 2013 compensation. Pay Governance benchmarked our executive compensation against a group of technology-related firms selected based on revenue, headcount and market capitalization, including: Accenture Plc, Automatic Data Processing, Inc., CA, Inc., Computer Sciences Corporation, Convergys Corporation, Fidelity National Information Services, Inc., Fiserv, Inc., MasterCard, Inc., NetApp, Inc., SAIC, Inc., Symantec Corporation, Visa, Inc., and Yahoo! Inc.

In 2013 and 2014, the Compensation Committee engaged Pay Governance to review its planned changes to 2013 compensation and 2014 non-equity compensation based on company performance, individual performance and responsibilities, and market trends. In addition, in mid-2014 the Compensation Committee again engaged Pay Governance to review all elements of executive compensation, benchmark such compensation in relation to other comparable companies with which we compete for executive talent and provide recommendations. Pay Governance benchmarked our executive compensation against a group of technology-related firms selected based on revenue, headcount and market capitalization, which group was the same as used in Pay Governance's 2012 review except that SAIC, Inc. was replaced by Leidos Holdings,

EXECUTIVE COMPENSATION

Inc. The mid-2014 review, benchmarking and recommendations by Pay Governance were considered by the Compensation Committee in determining the stock-based awards made in December 2014.

The Compensation Committee has assessed the independence of Pay Governance and concluded that no conflict of interest exists that would prevent Pay Governance from providing independent advice to the Compensation Committee regarding executive and director compensation matters.

Role of Executive Officers in Determining Executive Compensation

Our Chief Executive Officer, aided by our President, provided statistical data and made recommendations to the Compensation Committee to assist it in determining 2014 compensation levels. In addition, our Chief Executive Officer provided the Compensation Committee with a review of the performance of the other executive officers. While the Compensation Committee utilized this information and valued management's observations with regard to compensation, the ultimate decisions regarding executive compensation were made by the Compensation Committee.

Components of Compensation

Our executive compensation program utilizes three primary components to achieve the foregoing objectives. These three components comprise an executive's total direct compensation: base salary, non-equity incentive awards for annual financial performance, and periodic stock-based awards. Prior to 2007, equity compensation was granted primarily in the form of stock options which derived their value from appreciation of the market price of our Class A Common Stock. Grants of performance-based stock units were introduced in 2007 and grants of restricted stock units were introduced in 2008.

Internal Pay Equity

Our compensation programs are designed so that potential realizable compensation is set relative to each executive's level of responsibility and potential impact on our performance. While the compensation levels and design may be similar for executives at the same level, actual compensation may vary due to changes in individual performance over time.

Base Salary

The Compensation Committee reviews the base salaries of our Named Executives on an annual basis. The primary objective of the base salary component of an executive's total direct compensation is to provide financial stability and certainty through market competitive salary levels, recognizing each Named Executive's experience, knowledge, skills, relative value and sustained contribution to our Company. We make periodic adjustments to base salary based on individual performance and contributions, market trends, increases in the cost of living, competitive position and our financial situation. Consideration is also given to relative responsibility, seniority, experience and performance of each individual Named Executive. No specific weight is assigned to any of the above criteria relative to the Named Executives' compensation. In 2014, each Named Executive other than Mr. Mehta received a salary increase of approximately 3%, primarily to account for the annual increase in the cost of living and general market trends, reflecting the fact that there were no major changes in the other factors mentioned above, including such Named Executives' roles, responsibilities and performance. In 2014, Mr. Mehta received a salary increase of approximately 10% to reflect his expanded responsibilities. The Compensation Committee does not attempt to set compensation components to meet specific benchmarks relative to our peers because the Compensation Committee believes that excessive reliance on benchmarking is detrimental to stockholder interests as it can result in compensation that is unrelated to the value delivered by the Named Executives. Based on this analysis, effective January 1, 2014, the base salaries of our Named Executives were set as follows:

Name	2014 Base Salary
Francisco D. Souza	\$ 626,000
Gordon Coburn	\$ 595,500
Karen McLoughlin	\$ 372,000
Rajeev Mehta	\$ 508,000

Malcolm Frank	\$	382,000

Annual Non-Equity Incentive

We have designed our annual non-equity incentive program to stimulate and support a high-performance environment by tying such incentive compensation to the attainment of organizational financial goals and by recognizing superior performance. The annual cash incentive bonuses are intended to compensate individuals for the achievement of these goals. The Compensation Committee determines actual cash incentive bonuses after the end of the fiscal year based upon the Company's performance.

The Compensation Committee believes that each Named Executive's annual cash incentive bonus should be based upon the achievement of financial goals, which are tied to metrics that are valued by our stockholders. The Compensation Committee believes that our stockholders value and measure the performance of the Named Executives based principally on the growth of Company revenue, earnings and cash flow. Consequently, the Compensation Committee believes that setting incentive targets based upon revenue, earnings and Days Sales Outstanding (DSO) is appropriate. Over the past several years, one of our principal goals has been to grow revenue at an industry-leading pace, while maintaining operating margin and DSO. The annual cash incentive bonus target has been set in an effort to achieve this operating performance. We set annual incentive target levels for our Named Executives based on a percentage of their salary. For 2014, the applicable percentages and resulting target bonus awards were as follows:

Name	2014 Target	Percentage of Salary Payable at
	Bonus Award	Target Award Level
Francisco D. Souza	\$ 532,100	85%
Gordon Coburn	\$ 506,175	85%
Karen McLoughlin	\$ 316,200	85%
Rajeev Mehta	\$ 431,800	85%
Malcolm Frank	\$ 324,700	85%

The Compensation Committee determined the revenue (subject to adjustments for certain 2014 acquisitions), earnings (operating income before charges for stock-based compensation expense and acquisition-related charges and subject to adjustments for certain 2014 acquisitions) and DSO (calculated using the Company's methodology in effect at the time the target for the 2014 fiscal year was established, and subject to adjustments for certain 2014 acquisitions) targets for the 2014 fiscal year that would be used for each of the Named Executives, and it also set a minimum and maximum threshold for each component of the annual incentive target as shown in the table below.

	Threshold	Target	Maximum
	(dollars in thousands)		
Revenue	\$9,785,000	\$10,300,000	\$10,815,000
Earnings	\$1,933,044	\$2,034,783	\$2,136,522
Days sales outstanding	81	70	60
Payout as a percent of target	50%	100%	200%

In addition, the Compensation Committee determined that the weighting of the components of the annual cash incentive bonus target would be:

Element	Weighting Percentage (%)
Achievement of revenue target	50%
Achievement of earnings target	40%
Achievement of DSO target	10%

Due to the high growth objectives set for the revenue and earnings components, there was substantial uncertainty at the time the Compensation Committee established the performance goals for 2014 as to the likelihood of the Company's attainment of the targeted levels of performance.

Edgar Filing: COGNIZANT TECHNOLOGY SOLUTIONS CORP - Form DEF 14A

The maximum amount a Named Executive can earn under the annual cash incentive bonus plan is 200% of the target bonus amount, and for performance below the threshold level, no bonus will be paid for a particular component. Based on the 2014

corporate performance against the metrics described above, the Compensation Committee approved the following annual bonus payments to the Named Executives, which represents approximately 96% of the target bonus amount for each Named Executive:

Name	2014 Bonus Award
Francisco D. Souza	\$ 511,705
Gordon Coburn	\$ 486,773
Karen McLoughlin	\$ 304,080
Rajeev Mehta	\$ 415,249
Malcolm Frank	\$ 312,254

Long-Term Incentives - Stock-Based Awards

We provide long-term incentive compensation through stock-based awards. Prior to 2008, we made such awards in the form of stock options and/or performance-based stock units that vest over multiple years. During 2008, based upon a study prepared by the independent compensation consulting firm then engaged by the Compensation Committee, our Compensation Committee modified its strategy on the use of stock-based compensation to discontinue annual grants of stock options and to include the use of restricted stock units. Our Compensation Committee continued such strategy in the following years with the awards of restricted stock units and performance-based stock units to our Named Executives. We believe that such restricted stock units and performance-based stock units are a valuable component of our long-term incentive program for several reasons, including ongoing concerns over the dilutive effect of option grants on our outstanding shares, our desire to make a portion of our Named Executives' compensation less subject to market volatility, and our desire to create a retention mechanism which creates the incentive to maximize stockholder value.

The Compensation Committee currently plans to use a combination of stock options, performance-based stock units, and/or restricted stock units in future years. We believe that stock-based grants provide our executive officers with a strong incentive to manage the Company from the perspective of an owner with an equity stake in the long-term success of the business, create an ownership culture and help to align the interests of our executives and our stockholders. In addition, the vesting feature of our equity grants should further our goal of executive retention, because this feature provides an incentive to our executive officers to remain in our employ during the vesting period.

In considering the number of long-term incentives to grant, the Compensation Committee first establishes a target compensation value that it wants to deliver to the Named Executives through long-term equity awards. In doing so, the Compensation Committee generally takes into account various factors, including the value of restricted stock units and performance-based stock units that each of our executive officers has previously been awarded, the base salary of the executive officer and the heavy weight placed on equity in the mix of total compensation, and the perceived retention value of the total compensation package in light of the competitive environment. The Compensation Committee also generally takes into account increases in the cost of living, the size of comparable awards made to individuals in similar positions within the industry, the scope, responsibility and business impact of the officer's position, the individual's potential for increased responsibility and promotion over the award term, and the individual's personal experience and performance in recent periods. Once the target value is established, the Compensation Committee determines the number of restricted stock units and performance-based stock units by reference to the current value of the Company's Class A Common Stock.

In 2014, the Compensation Committee established target long-term incentive compensation values that were, as compared to the values provided in 2013, approximately 3% higher for Messrs. D. Souza and Coburn, 6% higher for Mr. Mehta and 31% higher for Ms. McLoughlin and Mr. Frank. For Messrs. D. Souza and Coburn, the increases were primarily to account for increases in the cost of living and general market trends, reflecting the fact that there were no major changes in the other factors mentioned above. For Mr. Mehta, the increase was to reflect his expanded responsibilities and to account for increases in the cost of living and general market trends. For Ms. McLoughlin, the increase was primarily to bring her compensation to a market-competitive level for her experience and position as Chief Financial Officer. For Mr. Frank, the increase was primarily to account for his performance with respect to key strategic initiatives and increased responsibilities he has taken on in the area of digital services.

EXECUTIVE COMPENSATION

Based on the foregoing considerations, in December 2014, the Compensation Committee approved the award of the following restricted stock units to our Named Executives:

Name	Date of Grant	Number of Restricted Stock Units
Francisco D Souza	December 1, 2014	65,908
Gordon Coburn	December 1, 2014	35,220
Karen McLoughlin	December 1, 2014	16,800
Rajeev Mehta	December 1, 2014	33,659
Malcolm Frank	December 1, 2014	16,506

Such restricted stock units were granted pursuant to the terms and conditions of the Company's 2009 Incentive Plan and the related Stock Unit Award Agreements.

The December 2014 restricted stock units, referred to herein as the December 2014 Stock Units, vest in quarterly installments over three years, with 1/12th of the December 2014 Stock Units vesting on each March 1, June 1, September 1 and December 1 of each of years 2015, 2016 and 2017.

Also, based on the foregoing considerations, in December 2014, the Compensation Committee approved the award of the following performance-based stock units, also referred to herein as the Performance Units:

Name	Date of Grant	Number of Performance Units
Francisco D Souza	December 1, 2014	122,401
Gordon Coburn	December 1, 2014	65,409
Karen McLoughlin	December 1, 2014	31,199

Malcolm Frank	December 1, 2014	30,655

The Performance Units are subject to attainment of certain performance milestones as well as certain continued service requirements. The Performance Units vest, if at all, based upon the level of achievement of the revenue milestone, also referred to herein as the Performance Milestone, set forth below as follows:

- (a) 0% of the Performance Units will vest if the Company's 2015 revenue is less than \$11,875,000,000.
- (b) 50% of the Performance Units will vest upon the Company's achievement of 2015 revenue of \$11,875,000,000.
- (c) 100% of the Performance Units will vest upon the Company's achievement of 2015 revenue of \$12,228,000,000.
- (d) 200% of the Performance Units will vest upon the Company's achievement of 2015 revenue of \$13,050,000,000 or greater. For these purposes, revenue is calculated pursuant to U.S. GAAP, subject to adjustments for certain acquisitions.

Edgar Filing: COGNIZANT TECHNOLOGY SOLUTIONS CORP - Form DEF 14A

Whether and to what extent the Performance Milestone has been achieved will be determined by the Compensation Committee in its sole and absolute discretion based upon the audited financials for the 2015 fiscal year. The number of Performance Units that will vest for performance between the applicable threshold targets will be determined using straight-line interpolation, rounded down to the preceding whole number (e.g., 101.74 rounded down to 101).

In addition, of the Performance Units that vest based upon attainment of the Performance Milestone, shares of Company Class A Common Stock underlying $1/3$ rd (or 33.33%) of such vested Performance Units, rounded down to the nearest whole number, will be issued on the eighteen-month anniversary of the date of grant, provided that the Named Executive remains in the Company's service through such anniversary date, and shares of Company Class A Common Stock underlying the remaining $2/3$ rd (or 66.67%) of the vested Performance Units will be issued on the thirty-six month anniversary of the date of grant, provided that the Named Executive remains in the Company's service through such anniversary date, each such date referred to herein as the Issue Date. For the avoidance of doubt, a Named Executive shall only be entitled to have shares of Company Class A Common Stock underlying Performance Units issued to him or her if the applicable Performance Milestone is achieved based on the schedule set forth above and the Named Executive remains in the service of the Company through the applicable Issue Date.

Supplemental Retirement Programs

Other than the Cognizant Technology Solutions Supplemental Retirement Plan, described below, we do not have any nonqualified deferred compensation programs, pension plans or pre-tax supplemental executive retirement plans for our executive officers, except for Mr. Coburn. We established a nonqualified deferred compensation program for Mr. Coburn in order to provide him with the equivalent economic value of the retirement plan in which he participated while the Company was majority-owned by IMS Health. Accordingly, Mr. Coburn is entitled to an annual Company contribution to his nonqualified deferred compensation account equal to 6% of his base salary and earned annual performance bonus.

In addition, our U.S.-based executive officers who are subject to contribution restrictions under our 401(k) savings plan due to statutory limits that apply to highly-compensated employees are eligible to participate in the Cognizant Technology Solutions Supplemental Retirement Plan, referred to herein as the CSRP, on the same basis as all other regular U.S.-based employees. The CSRP is a nonqualified savings plan in which the employee's contributions are made on a post-tax basis to an individually owned, portable and flexible retirement plan held with a life insurance company. The CSRP works alongside established qualified retirement plans such as our 401(k) savings plan or can be the basis for a long term stand-alone retirement savings plan. We provide a fully vested incentive match following the same formula as our 401(k) savings plan. Because the CSRP is not subject to the same IRS non-discrimination rules as our 401(k) savings plan, employees that face limitations on their 401(k) contributions due to these rules can avail themselves of the CSRP without foregoing the Company match. Although there is a limit in the amount of employer contributions, there is no limit to the amount an employee may contribute to the CSRP and it can be used in concert with other retirement strategies that may be available outside of our Company.

Broad-Based Programs

Our U.S.-based executive officers are eligible to participate in our broad-based medical, dental and vision insurance, life and accidental death insurance, and 401(k) savings plan, post-tax supplemental retirement plan and our employee stock purchase plan on the same basis as all other regular employees. Under the 401(k) savings plan, we match employee contributions at the rate of 50% for each dollar contributed during each pay period, up to the first 6% of eligible compensation contributed during each pay period, subject to applicable IRS limits. The matching contributions immediately vest. The 401(k) savings plan and other generally available benefit programs allow us to remain competitive for employee talent.

We believe that the availability of the aforementioned broad-based benefit programs generally enhances employee morale and loyalty.

Perquisites

We seek to maintain an egalitarian culture in our facilities and operations. The Company's philosophy is to provide a minimal amount of personal benefits perquisites to its executives and generally only when such benefits have a business purpose.

We incur expenses to ensure that our employees, including our executive officers, are accessible to us and our customers at all times and to promote our commitment to provide our employees and executives with the necessary resources and items of technology to allow them to operate around the clock in a virtual office environment. However, we do not view these expenses as executive perquisites because they are essential to the efficient performance of their duties and are comparable to the benefits provided to a broad-based group of our employees. In addition, if an immediate family member accompanies an executive to attend a business function at which such family member is generally expected to attend, the Company reimburses the executive for the related travel expenses. Each of the Named Executives receives a perquisite in the form of an annual physical exam.

In addition, the Company provides Mr. D Souza with limited access to an administrative assistant of the Company for his personal business purposes. Mr. D Souza does not reimburse the Company for its cost of providing the administrative services and the Company pays him an additional amount to help offset any income taxes associated with the receipt of such services.

*Compensation Policies**Stock Ownership Guidelines*

The Company maintains a stock ownership and retention policy which is applicable to the Named Executives and non-employee directors. The policy requires such individuals, consistent with their responsibilities to the stockholders of the Company, to hold a significant equity interest in the Company. The policy expects each individual to attain a minimum share ownership level equal to the lesser of a certain number of shares and a multiplier times his or her base salary or retainer, as indicated below:

Officer or Director Level	Ownership Target
Chief Executive Officer	Lesser of 50,000 shares and 5x annual base salary
U.S.-based named executive officer (other than Chief Executive Officer)	Lesser of 30,000 shares and 4x annual base salary
Chairman of the Board of Directors (or Lead Director, if applicable)	Lesser of 10,000 shares and 4x annual retainer
Vice Chairman of the Board of Directors	Lesser of 10,000 shares and 4x annual base salary
Non-employee directors	Lesser of 3,000 shares and 4x annual retainer

Clawback Policy

The Company maintains a Clawback Policy which applies to all Named Executives and certain other members of management. The policy provides that if the Company is required to prepare an accounting restatement due to material noncompliance by the Company with any financial reporting requirement under the securities laws, that is caused directly or indirectly by any current or former employee's gross negligence, willful fraud or failure to act that affects the performance measures or the payment, award or value of any compensation which is based in whole or in part on the achievement of financial results by the Company, the Company may recover from any employee covered by the policy, regardless of whether or not such employee engaged in the applicable misconduct, the difference between (1) the amount of any such incentive compensation actually paid or awarded to, or realized by, the covered employee during the preceding three years, and (2) the amount of any such incentive compensation that would have been paid or awarded to, and value that would have been realized by, the covered employee based on the financial results under the restatement, as determined in the sole discretion of the Compensation Committee.

To the extent the applicable restatement is caused directly or indirectly by any current or former covered employee's willful fraud or intentional manipulation of performance measures that affect the payment, award or value of incentive compensation, the Company may recoup from such covered employee responsible for the fraud or manipulation, the difference between (1) the amount of any such incentive compensation actually paid or awarded to, and value of any such incentive compensation realized by, such covered employee at any time while a covered employee, and (2) the amount of any such incentive compensation that would have been paid or awarded to, and value of any incentive compensation that would have been realized by, such covered employee at any time while a covered employee based on the financial results under the restatement, as determined in the sole discretion of the Compensation Committee.

Equity Grant Practices

The Compensation Committee or the Board of Directors approves the stock-based equity awards, such as the restricted stock units and performance-based stock units, at its regularly scheduled meetings or by written consent. Awards approved during a regularly scheduled meeting become effective on the date of the meeting or as of a future date, as specified by the Compensation Committee or the Board of Directors in its approval. Awards approved by unanimous written consent become effective as of the date the Company is in receipt of all signed consents or as of a future date, as specified by the Compensation Committee or the Board of Directors in the written consent. In addition, our Board of Directors has authorized an executive committee of Company management, comprised of Messrs. Narayanan, D Souza and Coburn (the Executive Committee), to grant stock-based equity awards to newly hired and existing employees. Stock options granted by the Executive Committee are granted in accordance with the Company's policy governing the issuance of stock options which is detailed below. The grant of restricted stock units and performance-based stock units is not covered by the policy governing the issuance of stock options.

The Compensation Committee and the Board of Directors do not engage in any market timing of the stock-based equity awards made to the executive officers or other award recipients. There is no established practice of timing our awards in

advance of the release of favorable financial results or adjusting the award date in connection with the release of unfavorable financial developments affecting our business. It is our intent that all stock option grants, whether made by the Board of Directors, the Compensation Committee or the Executive Committee, have an exercise price per share equal to the fair market value of our Class A Common Stock based on the closing market price per share on the grant date.

The Company has a written policy governing the grant of stock options. The policy applies equally to grants of stock options to executives and other employees. The policy provides, among other things, that:

Stock option grants may be made by the Executive Committee, the Board of Directors or the Compensation Committee, provided the Executive Committee shall not grant options to any of its members, to any employee subject to Section 16 reporting as defined by the SEC that are not members of the Executive Committee or to anyone who is or may be a covered employee under IRC Section 162(m) that are not members of the Executive Committee;

The exercise price of each stock option shall not be less than 100 percent of the fair market value of our Class A Common Stock on the date of grant based on the closing market price per share on such date;

Stock options granted by the Executive Committee must be within the guidelines set forth in the policy and may only be granted on the fourteenth (14th) day of a calendar month or, if the fourteenth (14th) day is a day that the Class A Common Stock is not publicly traded, then on the last preceding trading date. The grants are reported to the Board at its next regularly scheduled meeting;

Ongoing and Post-Employment Compensation

Edgar Filing: COGNIZANT TECHNOLOGY SOLUTIONS CORP - Form DEF 14A

The Company recognizes that a change of control can create uncertainty for its employees that may result in loss or distraction of executives during a critical period. As a result, in February 2013, we entered into Amended and Restated Executive Employment and Non-Disclosure, Non-Competition and Invention Assignment Agreements (collectively, the Employment Agreements) with each of the Named Executives under which certain payments and benefits would be provided should the executive officer's employment terminate under certain circumstances, including in connection with a change in control. The Employment Agreements replace the Severance and Noncompetition Agreement previously entered into with Messrs. D Souza, Coburn and Mehta. Prior to this, Ms. McLoughlin and Mr. Frank were not a party to any such agreement with the Company.

Under these agreements, in the event of an involuntary termination, other than in the case of a termination for cause, death, disability, or in the event that the Named Executive resigns for Good Reason (other than any termination described in the next paragraph) the Named Executive will receive his then-current base salary for the twenty-two (22) month period following termination in regular installments, commencing on or as soon as practicable after the applicable general release of claims is effective and within 35 days of the date of such termination, and an amount equal to the monthly COBRA medical insurance

cost under the Company's medical plan for the Named Executive, his spouse and dependents for the twelve (12) months after termination. In addition, the portion of any outstanding equity awards that were subject to vesting solely upon continued service with the Company and would have vested had the Named Executive remained employed during the year following the termination will become fully vested and exercisable as of the termination date, and with respect to any equity award subject to vesting in whole or in part based on achievement of performance objectives, to the extent such performance period expired on or before the termination date, the performance objectives have been satisfied and the only condition remaining to vesting is continued employment, the portion of such equity awards that would have vested during the year following the termination date will become fully vested and exercisable as of the termination date. The Named Executive will also be entitled to any amounts earned, accrued and owed but not yet paid to Named Executive as of the termination date and any benefits accrued and earned in accordance with the terms of any benefits plans or programs, and this amount is not conditioned upon the release becoming effective.

The Employment Agreement also provides that in the event of an involuntary termination that coincides with, or within the twelve (12) month period immediately after, the first occurrence of a change in control, we will pay such individual the following, provided he or she executes and does not revoke a general release of claims: a cash payment equal to one times his annual base salary, to be paid in regular installments over a period of twelve months commencing on or as soon as practicable after the release is effective and within 35 days of the date of such termination, a cash payment equal to the amount of the target bonus the Named Executive would otherwise have been eligible to receive for the performance year in which the termination occurs, assuming that the Named Executive and the Company have achieved 100% of performance targets and objectives, to be paid in a lump sum on or as soon as practicable after the release is effective and within 35 days of the date of such termination, and an amount equal to the monthly COBRA medical insurance cost under the Company's medical plan for the Named Executive and his spouse and dependents for the twelve (12) months after termination. In addition, the portion of any outstanding equity awards that were subject to vesting solely upon continued service with the Company will become fully vested and exercisable as of the termination date, and with respect to any equity award subject to vesting in whole or in part based on achievement of performance objectives, to the extent such performance period expired on or before the termination date, the performance objectives have been satisfied and the only condition remaining to vesting is continued employment, such equity awards become fully vested and exercisable as of the termination date. Moreover, with respect to the portion of any equity award subject to vesting in whole or in part based on achievement of performance objectives, to the extent the applicable performance period has not expired before the termination date, the Company must pro-rate the performance objectives for the period up to the closing of the change in control and make a good faith determination of the level of achievement of the performance objective and treat as fully vested and exercisable the proportionate amount of equity awards corresponding to that level of achievement. The Named Executive will also be entitled to any amounts earned, accrued and owed but not yet paid to Named Executive as of the termination date and any benefits accrued and earned in accordance with the terms of any benefits plans or programs, and this amount is not conditioned upon the effectiveness of the release.

The Employment Agreement also provides that in the event any payments under the Employment Agreement would constitute parachute payments under IRC Section 280G, then the payments under the Employment Agreement shall be reduced by the minimum amount necessary so that no amounts paid will be non-deductible to the Company or subject to the excise tax imposed under IRC Section 4999.

Pursuant to such agreements, each Named Executive has agreed not to engage in any competitive business in any capacity for one year following termination of employment and not to solicit any of our employees to leave our employ within the one-year period following termination of employment. Our executive officers are also bound by confidentiality covenants that protect our and our customers' confidential information and business and by intellectual property covenants that require Named Executives to fully and promptly disclose all inventions and works developed while at the Company and for a period of six months after employment termination.

We believe that the Employment Agreements continue to achieve two important goals crucial to our long-term financial success, namely, the long-term retention of our senior executives and their commitment to the attainment of our strategic objectives. These agreements will allow our participating executive officers to continue to focus their attention on our business operations and strategic plans without undue concern over their own financial situations during periods when substantial disruptions and distractions might otherwise prevail. We believe that these severance packages are also fair and reasonable in light of the years of service our executive officers have rendered us (average tenure of over 10 years), the level of

EXECUTIVE COMPENSATION

dedication and commitment they have rendered us over that period, the contribution they have made to our growth and financial success and the value we expect to receive from retaining their services, including during challenging transition periods following a change in control.

None of the Named Executives is entitled to any tax gross-up payments for the tax liability they incur with respect to such severance benefits.

The material terms of the Named Executives' post-employment compensation are described below in the section of the proxy statement entitled "Potential Payments upon Termination or Change in Control" starting on page 51 of this proxy statement.

TAX CONSIDERATIONS

IRC Section 162(m) generally disallows a tax deduction to publicly held companies for compensation exceeding \$1.0 million paid to certain of the corporation's executive officers, to the extent that compensation exceeds \$1.0 million per covered officer in any fiscal year. The limitation applies only to compensation which is not considered to be "qualified performance-based compensation" for purposes of Section 162(m). The Compensation Committee believes it is important to maintain incentive compensation at the requisite level to attract and retain the executive officers essential to the Company's financial success, even if all or part of that compensation may not be "qualified performance-based compensation", and therefore subject to the \$1.0 million limitation on deductible compensation under Section 162(m). Accordingly, the Compensation Committee may provide one or more executive officers with the opportunity to earn incentive compensation, whether through cash bonus programs tied to the Company's financial performance or equity awards other than in the form of stock options, which may be in excess of the amount deductible by reason of Section 162(m) or other provisions of the IRC. In establishing such cash and equity incentive compensation programs for the Company's executive officers, the Compensation Committee believes that the potential deductibility of the compensation payable under those programs should be only one of a number of relevant factors taken into consideration, and not the sole governing factor.
