PROXY STATEMENT

FOR 2015 ANNUAL MEETING OF STOCKHOLDERS

to be held on Wednesday, July 15, 2015 at 1:30 p.m. Pacific Daylight Time

This proxy statement and the enclosed form of proxy are furnished in connection with solicitation of proxies by our board of directors for use at the annual meeting of stockholders (the Annual Meeting) to be held on July 15, 2015 and any postponements, adjournments or continuations thereof. The Annual Meeting will be held at the Woodmark Hotel, located at 200 Carillon Point, Kirkland, Washington 98033, on July 15, 2015 at 1:30 p.m. Pacific Daylight Time. On or about May 27, 2015, we expect to mail to our stockholders a Notice of Internet Availability of Proxy Materials containing instructions on how to access our proxy statement for our annual meeting and our annual report to stockholders.

The information provided in the question and answer format below is for your convenience only and is merely a summary of the information contained in this proxy statement. You should read this entire proxy statement carefully.

What matters am I voting on?

You will be voting on:

the election, as Class II directors, of the two nominees named in this proxy statement to hold office until the 2018 annual meeting of stockholders or until their successors are duly elected and qualified;

a proposal to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2015; and

any other business that may properly come before the meeting.

How does the board of directors recommend I vote on these proposals?

The board of directors recommends a vote:

FOR the two nominees named in this proxy statement for election as Class II directors; and

FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2015.

Who is entitled to vote?

Edgar Filing: NanoString Technologies Inc - Form DEF 14A

Holders of our common stock as of the close of business on May 18, 2015, the record date, may vote at the Annual Meeting. As of the record date, we had 18,410,901 shares of common stock outstanding. In deciding all matters at the Annual Meeting, each stockholder will be entitled to one vote for each share of common stock held on the record date. We do not have cumulative voting rights for the election of directors.

Registered Stockholders. If your shares are registered directly in your name with our transfer agent, you are considered the stockholder of record with respect to those shares, and the Notice was provided to you directly by us. As the stockholder of record, you have the right to grant your voting proxy directly to the individuals listed on the proxy card or to vote in person at the Annual Meeting.

Street Name Stockholders. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and the Notice was forwarded to

you by your broker or nominee, who is considered the stockholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker or nominee how to vote your shares. Beneficial owners are also invited to attend the Annual Meeting. However, since a beneficial owner is not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you follow your broker's procedures for obtaining a legal proxy. If you request a printed copy of the proxy materials by mail, your broker or nominee will provide a voting instruction card for you to use.

How do I vote?

There are four ways to vote:

by Internet at <http://www.proxyvote.com>, 24 hours a day, seven days a week, until 11:59 p.m. Eastern time, on July 14, 2015 (have your proxy card in hand when you visit the website);

by toll-free telephone at 1-800-690-6903 (have your proxy card in hand when you call), until 11:59 p.m. Eastern time, on July 14, 2015;

by completing and mailing your proxy card (if you received printed proxy materials); or

by written ballot at the Annual Meeting.

Can I change my vote?

Yes. You can change your vote or revoke your proxy any time before the Annual Meeting by:

entering a new vote by Internet or by telephone;

returning a later-dated proxy card;

notifying the Corporate Secretary of NanoString Technologies, Inc., in writing, at the address listed on the front page; or

completing a written ballot at the Annual Meeting.

What is the effect of giving a proxy?

Proxies are solicited by and on behalf of our board of directors. The persons named in the proxy have been designated as proxies by our board of directors. When proxies are properly dated, executed and returned, the shares represented by such proxies will be voted at the Annual Meeting in accordance with the instruction of the stockholder. If no specific instructions are given, however, the shares will be voted in accordance with the recommendations of our board of directors as described above. If any matters not described in the Proxy Statement are properly presented at the Annual Meeting, the proxy holders will use their own judgment to determine how to vote your shares. If the

Annual Meeting is adjourned, the proxy holders can vote your shares on the new meeting date as well, unless you have properly revoked your proxy instructions, as described above.

Why did I receive a notice regarding the availability of proxy materials on the Internet instead of a full set of proxy materials?

In accordance with the rules of the Securities and Exchange Commission (SEC), we have elected to furnish our proxy materials, including this proxy statement and our annual report to our stockholders, primarily via the Internet. On or about May 27, 2015, we expect to mail to our stockholders a Notice of Internet Availability of Proxy Materials (the Notice) that contains instructions on how to access our proxy materials on the Internet, how to vote at the meeting, and how to request printed copies of the proxy materials and annual report. Stockholders may request to receive all future proxy materials in printed form by mail or electronically by e-mail by following the instructions contained in the Notice. We encourage stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce our costs and the environmental impact of our annual meetings.

What is a quorum?

A quorum is the minimum number of shares required to be present at the annual meeting for the meeting to be properly held under our bylaws and Delaware law. The presence, in person or by proxy, of a majority of all issued and outstanding shares of common stock entitled to vote at the meeting will constitute a quorum at the meeting. A proxy submitted by a stockholder may indicate that all or a portion of the shares represented by the proxy are not being voted (stockholder withholding) with respect to a particular matter. Similarly, a broker may not be permitted to vote stock (broker non-vote) held in street name on a particular matter in the absence of instructions from the beneficial owner of the stock. See [How may my brokerage firm or other intermediary vote my shares if I fail to provide timely directions?](#) The shares subject to a proxy that are not being voted on a particular matter because of either stockholder withholding or broker non-vote will count for purposes of determining the presence of a quorum. Abstentions are also counted in the determination of a quorum.

How many votes are needed for approval of each matter?

Proposal No. 1: The election of directors requires a plurality vote of the shares of common stock voted at the meeting. Plurality means that the individuals who receive the largest number of votes cast for are elected as directors. As a result, any shares not voted for a particular nominee (whether as a result of a stockholder abstention or a broker non-vote) will not be counted in such nominee's favor and will have no effect on the outcome of the election.

Proposal No. 2: The ratification of the appointment of PricewaterhouseCoopers LLP must receive the affirmative vote of a majority of the shares present in person or by proxy at the meeting and entitled to vote thereon to be approved. Abstentions are considered votes cast and thus, will have the same effect as a vote against the proposal. Broker non-votes will have no effect on the outcome of this proposal.

How are proxies solicited for the Annual Meeting?

The board of directors is soliciting proxies for use at the Annual Meeting. All expenses associated with this solicitation will be borne by us. We will reimburse brokers or other nominees for reasonable expenses that they incur in sending these proxy materials to you if a broker or other nominee holds your shares.

How may my brokerage firm or other intermediary vote my shares if I fail to provide timely directions?

Brokerage firms and other intermediaries holding shares of common stock in street name for customers are generally required to vote such shares in the manner directed by their customers. In the absence of timely directions, your broker will have discretion to vote your shares on our sole routine matter the proposal to ratify the appointment of PricewaterhouseCoopers LLP. Absent direction from you, your broker will not have discretion to vote on the election of directors.

Is my vote confidential?

Proxy instructions, ballots, and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within NanoString Technologies, Inc. or to third parties, except as necessary to meet applicable legal requirements, to allow for the tabulation of votes and certification of the vote, or to facilitate a successful proxy solicitation.

Where can I find the voting results of the Annual Meeting?

We will announce preliminary voting results at the Annual Meeting. We will also disclose voting results on a Current Report on Form 8-K that we will file with the SEC within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Current Report on Form 8-K, we will file a Current Report on Form 8-K to publish preliminary results and will provide the final results in an amendment to the Form 8-K as soon as they become available.

I share an address with another stockholder, and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

We have adopted a procedure called householding, which the SEC has approved. Under this procedure, we deliver a single copy of the Notice and, if applicable, the proxy materials to multiple stockholders who share the same address unless we received contrary instructions from one or more of the stockholders. This procedure reduces our printing costs, mailing costs, and fees. Stockholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written or oral request, we will deliver promptly a separate copy of the Notice and, if applicable, the proxy materials to any stockholder at a shared address to which we delivered a single copy of any of these documents. To receive a separate copy, or, if you are receiving multiple copies, to request that NanoString Technologies, Inc. only send a single copy, of the Notice and, if applicable, the proxy materials, stockholders may contact us as follows:

NanoString Technologies, Inc.

Attention: Investor Relations

530 Fairview Avenue N, Suite 2000

Seattle, WA 98109

Stockholders who hold shares in street name may contact their brokerage firm, bank, broker-dealer or other similar organization to request information about householding.

What is the deadline to propose actions for consideration at next year's annual meeting of stockholders or to nominate individuals to serve as directors?

Stockholder Proposals

Stockholders may present proper proposals for inclusion in our proxy statement and for consideration at the next annual meeting of stockholders by submitting their proposals in writing to our Corporate Secretary in a timely manner. For a stockholder proposal to be considered for inclusion in our proxy statement for our 2016 annual meeting of stockholders, our Corporate Secretary must receive the written proposal at our principal executive offices not later than January 28, 2016. In addition, stockholder proposals must comply with the requirements of Rule 14a-8 regarding the inclusion of stockholder proposals in company-sponsored proxy materials. Proposals should be addressed to:

NanoString Technologies, Inc.

Attention: Corporate Secretary

530 Fairview Avenue N, Suite 2000

Seattle, WA 98109

Our bylaws also establish an advance notice procedure for stockholders who wish to present a proposal before an annual meeting of stockholders but do not intend for the proposal to be included in our proxy statement. Our bylaws provide that the only business that may be conducted at an annual meeting is business that is (i) specified in our proxy materials with respect to such meeting, (ii) otherwise properly brought before the meeting by or at the direction of our board of directors, or (iii) properly brought before the meeting by a stockholder of record entitled to vote at the annual meeting who has delivered timely written notice to our Corporate Secretary, which notice must contain the

information specified in our bylaws. To be timely for our 2016 annual meeting of stockholders, our Corporate Secretary must receive the written notice at our principal executive offices:

not earlier than March 13, 2016; and

not later than the close of business on April 12, 2016.

In the event that we hold our 2016 annual meeting of stockholders more than 30 days before or more than 60 days after the one-year anniversary date of the 2015 annual meeting, then notice of a stockholder proposal that is not

intended to be included in our proxy statement must be received no earlier than the close of business on the 120th day before such annual meeting and no later than the close of business on the later of the following two dates:

the 90th day prior to such annual meeting; or

the 10th day following the day on which public announcement of the date of such meeting is first made. If, after complying with the provisions above, a stockholder, or such stockholder's qualified representative, does not appear at the annual meeting to present the stockholder's proposal, we are not required to present the proposal for a vote at such meeting.

Nomination of Director Candidates

You may propose director candidates for consideration by our nominating and corporate governance committee. Any such recommendations should include the nominee's name and qualifications for membership on our board of directors and should be directed to the Corporate Secretary of NanoString Technologies, Inc. at the address set forth above. For additional information regarding stockholder recommendations for director candidates, see Board of Directors and Corporate Governance Stockholder Recommendations for Nominations to the Board of Directors.

In addition, our bylaws permit stockholders to nominate directors for election at an annual meeting of stockholders. To nominate a director, the stockholder must provide the information required by our bylaws. In addition, the stockholder must give timely notice to our Corporate Secretary in accordance with our bylaws, which, in general, require that the notice be received by our Corporate Secretary within the time period described above under Stockholder Proposals for stockholder proposals that are not intended to be included in our proxy statement.

Availability of Bylaws

A copy of our bylaws may be obtained by accessing our filings on the SEC's website at www.sec.gov. You may also contact our Corporate Secretary at our principal executive offices for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates.

PROPOSAL NO. 1**ELECTION OF DIRECTORS**

Our business affairs are managed under the direction of our board of directors, which is currently composed of six members. Five of our directors are independent under the NASDAQ Stock Market listing standards. Our board of directors is divided into three staggered classes of directors. At each annual meeting of stockholders, a class of directors will be elected for a three-year term to succeed the same class whose term is then expiring.

Each director's term continues until his or her successor is duly elected and qualified or until his or her death, resignation or removal. Any increase or decrease in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors. This classification of our board of directors may have the effect of delaying or preventing changes in control of our company.

The following table sets forth the names and certain other information for each of the nominees for election as a director and for each of the continuing members of the board of directors as of May 18, 2015.

We believe Dr. Hershberg is qualified to serve as a director of NanoString because of his extensive experience as a senior executive officer at multiple biotechnology companies.

Director Independence

Our board of directors has undertaken a review of its composition, the composition of its committees and the independence of directors and considered whether any director has a material relationship with us that could compromise his ability to exercise independent judgment in carrying out his responsibilities. Based upon information requested from and provided by each director concerning his background, employment and affiliations, including family relationships, the board of directors has determined that none of Messrs. Young, Waite and Norden and Drs. Galakatos and Hershberg, representing five of our six directors, has a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is an independent director as defined under the rules of The NASDAQ Global Market. The board of directors also determined that Messrs. Norden (chairman), Waite and Young, who comprise our audit committee, Dr. Galakatos (chairman) and Messrs. Waite and Norden, who comprise our compensation committee, and Messrs. Waite (chairman), Young and Drs. Galakatos and Hershberg, who comprise our nominating and corporate governance committee, satisfy the independence standards for those committees established by applicable SEC rules and the rules of The NASDAQ Global Market.

Leadership Structure

Mr. Young serves as the Chairman of the Board, and Mr. Gray serves as President and Chief Executive Officer of the Company. The roles of Chief Executive Officer and Chairman of the Board are currently separated in recognition of the differences between the two roles. We believe that it is in the best interests of our stockholders for the Board to make a determination regarding the separation or combination of these roles each time it elects a new Chairman or appoints a Chief Executive Officer, based on the relevant facts and circumstances applicable at such time. In June

2010, when Mr. Gray was first appointed President and Chief

-10-

Executive Officer, the Board determined it was in the best interests of the Company to continue to maintain an independent Chairman to allow Mr. Gray to focus on his primary responsibility for the operational leadership and strategic direction of the Company.

Board Meetings and Committees

During the year ended December 31, 2014, the board of directors held nine meetings (including regularly scheduled and special meetings) and no incumbent director attended fewer than 75% of the total number of meetings of the board of directors and the committees of which he was a member.

Although we do not have a formal policy regarding attendance by members of our board of directors at annual meetings of stockholders, we encourage, but do not require, directors to attend.

Our board of directors has an audit committee, a compensation committee, and a nominating and corporate governance committee, each of which has the composition and responsibilities described below. Members serve on these committees until their resignation or until otherwise determined by our board of directors.

Audit Committee

The current members of our audit committee are Messrs. Norden, Waite and Young. Mr. Norden is chairman of the audit committee. The composition of our audit committee meets the requirements for independence under current NASDAQ Stock Market listing standards and SEC rules and regulations. Each member of our audit committee meets the financial literacy requirements of the NASDAQ Stock Market listing standards. Our board of directors has determined that Mr. Norden is an audit committee financial expert, as that term is defined under the SEC rules implementing Section 407 of the Sarbanes-Oxley Act of 2002, and possesses financial sophistication, as defined under the rules of The NASDAQ Global Market. For Mr. Norden's biographical information, see the section captioned Proposal No. 1 Election of directors Nominees for Director in this proxy statement.

Our audit committee oversees our corporate accounting and financial reporting process and assists the board of directors in monitoring our financial systems. Our audit committee will also:

approve the hiring, discharging and compensation of our independent auditors;

oversee the work of our independent auditors;

approve engagements of the independent auditors to render any audit or permissible non-audit services;

review the qualifications, independence and performance of the independent auditors;

review financial statements, critical accounting policies and estimates;

review the adequacy and effectiveness of our internal controls; and

review and discuss with management and the independent auditors the results of our annual audit, our quarterly financial statements and our publicly filed reports.

The audit committee had six meetings in 2014. The audit committee operates under a written charter that was adopted by our board of directors and satisfies the applicable rules of the SEC and the listing standards of the NASDAQ Stock Market. A copy of the Audit Committee Charter is available on our website at <http://investors.nanostring.com/governance.cfm>.

Compensation Committee

The current members of our compensation committee are Dr. Galakatos and Messrs. Norden and Waite. Dr. Galakatos is the chairman of our compensation committee. The composition of our compensation committee meets the requirements for independence under current NASDAQ Stock Market listing standards and SEC rules

and regulations. Each member of the compensation committee is also a non-employee director, as defined pursuant to Rule 16b-3 promulgated under the Exchange Act, and an outside director, as defined pursuant to Section 162(m) of the Internal Revenue Code.

Our compensation committee oversees our compensation policies, plans and benefits programs. The compensation committee will also:

review and recommend policies relating to compensation and benefits of our officers and employees;

review and approve corporate goals and objectives relevant to compensation of our chief executive officer and other senior officers;

evaluate the performance of our officers in light of established goals and objectives;

recommend compensation of our officers based on its evaluations; and

administer the issuance of stock options and other awards under our stock plans.

During 2014, our compensation committee met eight times. The compensation committee operates under a written charter that was adopted by our board of directors and satisfies the applicable rules of the SEC and the listing standards of the NASDAQ Stock Market. A copy of the Compensation Committee Charter is available on our website at <http://investors.nanostring.com/governance.cfm>. Pursuant to its charter, the compensation committee may form subcommittees and delegate to such subcommittees any power and authority the compensation committee deems appropriate, excluding any power or authority required by law, regulation or listing standard to be exercised by the compensation committee as a whole.

Nominating and Corporate Governance Committee

The current members of our nominating and corporate governance committee are Drs. Galakatos and Hershberg and Messrs. Waite and Young. The chairman of the nominating and corporate governance committee is Mr. Waite. The composition of our nominating and corporate governance committee meets the requirements for independence under current NASDAQ Stock Market listing standards and SEC rules and regulations.

Our nominating and corporate governance committee oversees and assists the board of directors in reviewing and recommending nominees for election as directors. The nominating and corporate governance committee will also:

evaluate and make recommendations regarding the organization and governance of the board of directors and its committees;

assess the performance of members of the board of directors and make recommendations regarding committee and chair assignments;

recommend desired qualifications for board of directors membership and conduct searches for potential members of the board of directors; and

review and make recommendations with regard to our corporate governance guidelines.

During 2014, our nominating and corporate governance committee met eight times. The nominating and corporate governance committee operates under a written charter that was adopted by our board of directors and satisfies the applicable rules of the SEC and the listing standards of the NASDAQ Stock Market. A copy of the Nominating and Corporate Governance Committee Charter is available on our website at <http://investors.nanostring.com/governance.cfm>.

Considerations in Evaluating Director Nominees

The nominating and corporate governance committee uses a variety of methods for identifying and evaluating director nominees. In its evaluation of director candidates, the nominating and corporate governance committee will consider the current size and composition of the board of directors and the needs of the board of

directors and the respective committees of the board of directors. Some of the qualifications that the nominating and corporate governance committee considers include, without limitation, issues of character, integrity, judgment, diversity, age, independence, skills, education, expertise, business acumen, business experience, length of service, understanding of the Company's business, other commitments and the like. Other than the foregoing, there are no stated minimum criteria for director nominees.

Although the board of directors does not maintain a specific policy with respect to board diversity, the board of directors believes that the board should be a diverse body, and the nominating and corporate governance committee considers a broad range of backgrounds and experiences. In making determinations regarding nominations of directors, the nominating and corporate governance committee may take into account the benefits of diverse viewpoints. The nominating and corporate governance committee also considers these and other factors as it oversees the annual board of director and committee evaluations.

The nominating and corporate governance committee engaged Russell Reynolds Associates, Inc. as part of the nominating process that led to the appointment of Dr. Hershberg to our board of directors in March 2015. Russell Reynolds Associates, Inc. identified and assisted in evaluating a number of director candidates, whose names were then submitted to our nominating and corporate governance committee for final evaluation.

Stockholder Recommendations for Nominations to the Board of Directors

The nominating and corporate governance committee will consider candidates for directors recommended by stockholders so long as such recommendations comply with the certificate of incorporation and bylaws of our company and applicable laws, rules and regulations, including those promulgated by the SEC. The committee will evaluate such recommendations in accordance with its charter, our bylaws and the regular nominee criteria described above. This process is designed to ensure that the board of directors includes members with diverse backgrounds, skills and experience, including appropriate financial and other expertise relevant to our business. Eligible stockholders wishing to recommend a candidate for nomination should contact our Corporate Secretary in writing. Such recommendations must include information about the candidate, a statement of support by the recommending stockholder, evidence of the recommending stockholder's ownership of our stock and a signed letter from the candidate confirming willingness to serve on our board of directors. The committee has discretion to decide which individuals to recommend for nomination as directors.

A stockholder of record can nominate a candidate directly for election to the board of directors by complying with the procedures in Section 2.4(ii) of our bylaws. Any eligible stockholder who wishes to submit a nomination should review the requirements in the bylaws on nominations by stockholders. Any nomination should be sent in writing to NanoString Technologies, Inc., Attention: Corporate Secretary, 530 Fairview Avenue N, Suite 2000, Seattle, WA 98109. Notice must be received by us no earlier than March 13, 2016, and no later than April 12, 2016. The notice must state the information required by Section 2.4(ii)(b) of our bylaws and otherwise must comply with applicable federal and state law.

Stockholder Communications with the Board of Directors

Stockholders wishing to communicate with a non-management member of the board of directors may do so by writing to such director, and mailing the correspondence to: NanoString Technologies, Inc., Attention: Corporate Secretary, 530 Fairview Avenue N, Suite 2000, Seattle, WA 98109. All such stockholder communications will be forwarded to the appropriate committee of the Board or non-management director.

Corporate Governance Principles and Code of Business Conduct and Code of Ethics

Our board of directors has adopted Corporate Governance Principles. These principles address, among other items, the responsibilities of our directors, the structure and composition of our board of directors and corporate governance policies and standards applicable to us in general. In addition, our board of directors has adopted a

Code of Business Conduct that applies to all of our employees, officers and directors, including our Chief Executive Officer, Chief Financial Officer, and other executive and senior financial officers. The board of directors also has adopted a Code of Ethics that applies to our Chief Executive Officer, Chief Financial Officer and other senior financial officers. The full text of our Corporate Governance Principles, Code of Business Conduct and Code of Ethics is posted on the Corporate Governance portion of our website at <http://investors.nanostring.com/governance.cfm>. We will post amendments to our Code of Business Conduct or waivers of our Code of Business Conduct for directors and executive officers on the same website.

Risk Management

The board of directors has an active role, as a whole and also at the committee level, in overseeing the management of our risks. The board of directors is responsible for general oversight of risks and regular review of information regarding our risks, including credit risks, liquidity risks and operational risks. The compensation committee is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements. The audit committee is responsible for overseeing the management of risks relating to accounting matters and financial reporting. The nominating and corporate governance committee is responsible for overseeing the management of risks associated with the independence of the board of directors and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire board of directors is regularly informed through discussions from committee members about such risks. The board of directors believes its administration of its risk oversight function has not affected the board of directors leadership structure.

Non-Employee Director Compensation

The following table provides information regarding compensation paid by us to our non-employee directors during 2014. Dr. Hershberg did not join our board until 2015 and therefore is not included in the table below. Directors who are also our employees receive no additional compensation for their service as a director. During 2014, one director, Mr. Gray, our President and Chief Executive Officer, was an employee. Mr. Gray's compensation is discussed under the caption Executive Compensation. We reimburse our directors for expenses associated with attending meetings of our board of directors and meetings of committees of our board.

Director Compensation Program

Director Compensation Policy

The compensation committee retained Arnosti Consulting, Inc., a compensation advisory firm, to provide recommendations on director compensation following our initial public offering based on an analysis of market data compiled from certain public technology companies. Based on the recommendation of Arnosti Consulting, Inc., in June 2013, our board of directors approved a director compensation policy for our non-employee directors that became effective following our initial public offering. For purposes of the policy, the board of directors classified each director into one of the two following categories: (1) an employee director, is a director who is employed by us; and (2) a non-employee director, is a director who is not an employee director. Only non-employee directors will receive compensation under the director compensation policy. All directors will be reimbursed for expenses in their capacities as directors in accordance with our standard expense reimbursement policy. Non-employee directors will receive compensation in the form of equity and cash under the director compensation policy, as described below. Certain of our non-employee directors are employees, officers, directors, managers, managing members or general partners of a stockholder of our company or an entity that is an affiliate of such stockholder (excluding our company), and as a result of the internal policies of such stockholder or its affiliates, these directors may be required to hold or remit any compensation received for their service on our board of directors for the benefit of such stockholder or its affiliates.

Equity Compensation

Upon joining our board of directors, each non-employee director receives an option to purchase 0.08% of our outstanding shares on the date of grant. The exercise price of the initial grant is the fair market value, as determined in accordance with our 2013 Equity Incentive Plan, on the date of the grant. The shares underlying the initial grant vest as to 50% of the total shares subject to such award on the one year anniversary of the date the director commenced services, and the remaining 50% of the total shares vest in 12 equal monthly installments thereafter, in each case, subject to continued service as a director through each vesting date.

At the beginning of each fiscal year, each non-employee director is granted an option to purchase 0.04% of our outstanding shares on the date of grant. The exercise price of this annual grant is the fair market value, as determined in accordance with our 2013 Equity Incentive Plan, on the date of the grant. All of the shares underlying the annual grant vest on the one year anniversary of the date of grant, subject to continued service as a director through the vesting date.

The vesting of each grant described above accelerates in full upon a change in control as defined in our 2013 Equity Incentive Plan.

Cash Compensation

Currently, each non-employee director receives an annual cash retainer of \$35,000 for each fiscal year for serving on the board of directors. In addition to the annual retainer, the chairman of the board of directors is entitled to an additional cash retainer of \$40,000 per year, and the chairman of each of the board's three standing committees are entitled to an additional cash retainer of \$10,000 per year.

All cash payments are payable in four equal installments at the end of each calendar quarter during which such individual served as a director (such payments to be prorated for service during a portion of such quarter).

Our board of directors, acting pursuant to the recommendation of its nominating and corporate governance committee, revised cash compensation levels for non-employee directors serving as chairman of each of the board of directors audit committee, compensation committee and nominating and corporate governance committee, and established cash compensation levels for non-employee directors serving on such committees. The changes will become effective as of the date of the 2015 annual meeting of stockholders.

The following table summarizes the revised non-employee director cash compensation levels approved by our board of directors:

Position	Compensation
Audit Committee, Chairman	\$ 15,000
Audit Committee, Member	7,500
Compensation Committee, Chairman	12,000

PROPOSAL NO. 2**RATIFICATION OF APPOINTMENT OF****INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The audit committee of the board of directors has appointed PricewaterhouseCoopers LLP (PricewaterhouseCoopers), independent registered public accountants, to audit our financial statements for the year ending December 31, 2015. During the year ended December 31, 2014, PricewaterhouseCoopers served as our independent registered public accounting firm.

Notwithstanding its selection and even if our stockholders ratify the selection, our audit committee, in its discretion, may appoint another independent registered public accounting firm at any time during the year if the audit committee believes that such a change would be in the best interests of NanoString Technologies, Inc. and its stockholders. At the Annual Meeting, the stockholders are being asked to ratify the appointment of PricewaterhouseCoopers as our independent registered public accounting firm for the year ending December 31, 2015. Our audit committee is submitting the selection of PricewaterhouseCoopers to our stockholders because we value our stockholders' views on our independent registered public accounting firm and as a matter of good corporate governance. Representatives of PricewaterhouseCoopers will be present at the Annual Meeting, and they will have an opportunity to make statements and will be available to respond to appropriate questions from stockholders.

If the stockholders do not ratify the appointment of PricewaterhouseCoopers, the board of directors may reconsider the appointment.

Fees Paid to the Independent Registered Public Accounting Firm

The following table summarizes the fees of PricewaterhouseCoopers LLP, our independent registered public accounting firm, for 2014 and 2013.

Fee Category	Year Ended December 31,	
	2014	2013
Audit fees(1)	\$ 610,074	\$ 747,055
Audit-related fees		
Tax fees	19,700	24,449
All other fees(2)	6,200	1,800
Total fees	\$ 635,974	\$ 773,304

- (1) Audit fees consist of fees for professional services provided in connection with the audit of our annual consolidated financial statements, review of our quarterly consolidated financial statements and our initial public and follow-on offerings.
- (2) All other fees include any fees billed that are not audit, audit related, or tax fees. In 2014 and 2013, these fees related to accounting research software.

Auditor Independence

In 2014, there were no other professional services provided by PricewaterhouseCoopers that would have required the audit committee to consider their compatibility with maintaining the independence of PricewaterhouseCoopers.

Audit Committee Policy on Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Pursuant to its charter, the audit committee must review and approve, in advance, the scope and plans for the audits and the audit fees and approve in advance (or, where permitted under the rules and regulations of the SEC, subsequently) all non-audit services to be performed by the independent auditor that are not otherwise prohibited

by law and any associated fees. The audit committee may delegate to one or more members of the committee the authority to pre-approve audit and permissible non-audit services, as long as this pre-approval is presented to the full committee at scheduled meetings. In accordance with the foregoing, the committee has delegated to the chair of the audit committee the authority to pre-approve services to be performed by our independent registered public accounting firm and associated fees, provided that the chair is required to report any decision to pre-approve such audit-related or non-audit services and fees to the full audit committee for ratification at its next regular meeting.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR
THE RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP.**

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors is currently comprised of three independent directors and operates under a written charter originally adopted by the Board of Directors in October 2012, which charter is reviewed on an annual basis and amended as necessary by the Board of Directors upon recommendation by the Audit Committee.

The members of the Audit Committee are currently Gregory Norden (chairman), Charles P. Waite and William D. Young. Each of the members of the Audit Committee is an independent director as currently defined in Rules 5605(c)(2)(A)(i) and (ii) of the NASDAQ listing standards and Rule 10A-3 of the Exchange Act of 1934. The Board of Directors has also determined that Mr. Norden is an audit committee financial expert as described in applicable rules and regulations of the U.S. Securities and Exchange Commission (SEC).

The Audit Committee appoints an accounting firm as our independent registered public accounting firm. The independent registered public accounting firm is responsible for performing an independent audit of our financial statements in accordance with generally accepted auditing standards and issuing a report thereon. Management is responsible for our internal controls and the financial reporting process. The Audit Committee is responsible for monitoring and overseeing these processes.

The Audit Committee held six meetings during 2014. The meetings were designed to provide information to the Audit Committee necessary for it to conduct its oversight function of the external financial reporting activities and audit process of our company, and to facilitate and encourage communication between the Audit Committee, management and our independent registered public accounting firm, PricewaterhouseCoopers LLP. Management represented to the Audit Committee that our financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee reviewed and discussed the audited financial statements for fiscal year 2014 with management and the independent registered public accounting firm. The Audit Committee also instructed the independent registered public accounting firm that the Audit Committee expects to be advised if there are any subjects that require special attention.

The Audit Committee discussed with the independent registered public accounting firm the matters required to be discussed by Auditing Standard No. 16, Communications with Audit Committees, as adopted by the Public Company Accounting Oversight Board (PCAOB).

The Audit Committee has also received the written disclosures and the letter from the independent registered public accounting firm, PricewaterhouseCoopers LLP, required by applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with PricewaterhouseCoopers LLP that firm's independence.

Based on its review of the audited financial statements and the various discussions noted above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2014 for filing with the SEC.

Processes and Procedures for Compensation Decisions

Our compensation committee is responsible for the executive compensation programs for our executive officers and reports to our board of directors on its discussions, decisions and other actions. Typically, our Chief Executive Officer makes recommendations to our compensation committee, often attends committee meetings and is involved in the determination of compensation for the respective executive officers that report to him, except that our Chief Executive Officer does not make recommendations as to his own compensation. Our Chief Executive Officer makes recommendations to our compensation committee regarding short- and long-term compensation for all executive officers (other than himself) based on our results, an individual executive officer's contribution toward these results and performance toward individual goal achievement. Our compensation committee then reviews the recommendations and other data and makes decisions as to total compensation for each executive officer, including the Chief Executive Officer, as well as each individual compensation component.

The compensation committee is authorized to retain the services of one or more executive compensation advisors, as it sees fit, in connection with the establishment of our compensation programs and related policies. Beginning in 2012, the compensation committee retained Arnosti Consulting, Inc., a compensation consultant, to provide it with information, recommendations and other advice relating to executive compensation on an ongoing basis. Accordingly, Arnosti Consulting, Inc. now serves at the discretion of the compensation committee. The compensation committee engaged Arnosti Consulting, Inc. to assist in developing a group of peer companies to help us determine the appropriate level of overall compensation for our executive officers, as well as assess each separate element of compensation, with a goal of ensuring that the compensation we offer to our executive officers is competitive and fair.

Executive Employment Arrangements

R. Bradley Gray

We entered into an employment agreement in May 2010 with Mr. Gray, our President and Chief Executive Officer. The employment agreement has no specific term and constitutes at-will employment. For 2015, Mr. Gray's annual base salary is \$475,000, and he is eligible for an annual incentive payment equal to 70% of his base salary, subject to achievement of performance metrics.

Previously, Mr. Gray was eligible for a special annual retention bonus equal to \$52,000 per year, subject to continued employment with us on January 1 of each year through 2014. In 2012, the compensation committee approved a payment of \$104,000 for the acceleration of the unpaid portion of Mr. Gray's annual retention bonus.

In connection with Mr. Gray's commencement of employment, we granted him stock options, or sign-on stock options, covering an aggregate of (1) 241,905 shares subject to time-based vesting and (2) 15,125 shares subject to performance-based vesting. The stock options were granted pursuant to our 2004 Stock Option Plan with an exercise price equal to the per share fair market value of our common stock on the date of grant. All of Mr. Gray's sign-on stock options (other than 89,285 shares subject to time-based vesting) were early-exercisable as to unvested shares, subject

to our right to repurchase any unvested shares upon termination of employment for any reason at a repurchase price per share equal to the original purchase price per share. Twenty-five percent of

Mr. Gray's sign-on time-based stock options vested in June 2011, with the remaining 75% vesting in equal monthly installments over the following three years, until the option fully vested in June 2014. Fifty percent of Mr. Gray's performance-based sign-on stock options vested upon the FDA's final approval of Prosigna in September 2013 and the remaining 50% are scheduled to vest upon the tools portion of our business achieving profitability, subject to Mr. Gray's continuing service through such vesting date.

If Mr. Gray's employment is terminated other than for cause (as defined in his employment agreement and summarized below), death or disability or he resigns for good reason (as defined in his employment agreement and summarized below), in each case, upon or within 12 months following such change in control, then 100% of the then-unvested portion of the sign-on stock options will vest.

Also, if we terminate his employment other than for cause, death or disability or he resigns for good reason, then subject to his execution of a release of claims and his continued adherence to certain restrictive covenants, he will receive continuing base salary payments for a period of 12 months.

As an incentive to induce Mr. Gray to join us, we provided him an allowance for relocation expenses of up to \$100,000. To the extent that any of the relocation expenses were deemed taxable, we provided a gross-up benefit.

Additionally, in connection with his hiring, we extended to Mr. Gray a full recourse loan of \$115,000 at an annual interest rate equal to 2.72%. The loan was repaid in 2012.

James A. Johnson

We entered into an employment agreement in September 2012 with Mr. Johnson, our Chief Financial Officer. The employment agreement has no specific term and constitutes at-will employment. For 2015, Mr. Johnson's annual base salary is \$362,000, and he is eligible for an annual incentive payment equal to 50% of his base salary, subject to achievement of performance metrics.

In connection with Mr. Johnson's commencement of employment, we granted him stock options, or sign-on stock options, covering an aggregate of 82,968 shares. The stock options were granted pursuant to our 2004 Stock Option Plan with an exercise price equal to the per share fair market value of our common stock on the date of grant. All of Mr. Johnson's sign-on stock options were early-exercisable as to unvested shares, subject to our right to repurchase any unvested shares upon termination of employment for any reason at a repurchase price per share equal to the original purchase price per share. Twenty-five percent of Mr. Johnson's sign-on stock options vested in September 2013, and the remaining 75% vest in equal monthly installments, until the option is fully vested in September 2016, the fourth anniversary of the vesting commencement date.

In addition and supplementing the vesting schedule described above, in the event that Mr. Johnson's employment is terminated other than for cause (as defined in his employment agreement and summarized below), death or disability or Mr. Johnson resigns for good reason (as defined in his employment agreement and summarized below), in each case, upon or within 12 months following such change in control, then 100% of the then-unvested portion of the sign-on stock options will vest.

Also, if we terminate his employment other than for cause, death or disability or he resigns for good reason, then subject to his execution of a release of claims and his continued adherence to certain restrictive covenants, he will receive continuing base salary payments for a period of six months.

Wayne D. Burns

We entered into an employment agreement in June 2009 with Mr. Burns, our Senior Vice President, Operations and Administration. The employment agreement has no specific term and constitutes at-will employment. For 2015, Mr. Burns' annual base salary is \$360,000 and he is eligible for an annual incentive payment equal to 45% of his base salary, subject to achievement of performance metrics.

In connection with Mr. Burns' commencement of employment, we granted him stock options, or sign-on stock options, covering an aggregate of 39,062 shares. The stock options were granted pursuant to our 2004 Stock Option Plan with an exercise price equal to the per share fair market value of our common stock on the date of grant. Twenty-five percent of these stock options vested in June 2010, with the remaining 75% vesting in equal monthly installments over the following three years, until the option fully vested in June 2013.

If we terminate his employment other than for cause (as defined in his employment agreement and summarized below), death or disability or he resigns for good reason (as defined in his employment agreement and summarized below), then subject to his execution of a release of claims and his continued adherence to certain restrictive covenants, he will receive continuing base salary payments for a period of 12 months.

Definition of Terms

For purposes of the 2004 Stock Option Plan, change in control means generally a:

sale of all or substantially all of our assets;

our merger, consolidation or other business combination transaction with or into another corporation, entity or person, other than certain transactions in which a majority of the voting power of our stock continues to hold a majority of the voting power of our stock; or

the direct or indirect acquisition (including by way of a tender or exchange offer) by any person, or persons acting as a group, of beneficial ownership or a right to acquire beneficial ownership of shares representing a majority of the voting power of the then outstanding shares of our capital stock.

For purposes of each of the named executive officers' employment agreements, cause means generally:

a violation of one of our material written policies that continues uncured for 30 days;

an act of dishonesty in connection with an executive's responsibilities as our employee;

such executive's conviction of, or plea of nolo contendere to, a felony;

such executive's gross misconduct;

such executive's failure or refusal to follow the lawful and proper directives of the board of directors which are within his duties; or

such executive's material breach of his proprietary information agreement or the non-disparagement provision of his employment agreement.

For purposes of the named executive officers' employment agreements, "good reason" means generally any of the following without such executive's written consent:

a material and permanent diminution in such executive's duties, authority or responsibilities;

a reduction in base salary then in effect by more than 5% (or, for Mr. Gray, more than 10%);

our material breach of such executive's employment agreement; or

a refusal by such executive to relocate to a facility or location more than 40 miles (or, for Mr. Gray, more than 50 miles) from our current location.

To qualify as a resignation for good reason, an executive must provide notice to us within 90 days (or, for Mr. Burns, 30 days) of the initial existence of the condition or event described above and allow us to cure the condition or event within 30 days following our receipt of the notice.

For purposes of Mr. Johnson's sign-on stock option agreement, "cause" means generally:

an executive's failure to substantially perform his duties or responsibilities (other than a failure resulting from his disability) after receiving notice of failure and 10 days to cure;

an executive's commission of any act of fraud, embezzlement, dishonesty or misrepresentation;

an executive's violation of any federal or state law or regulation applicable to our business;

an executive's breach of any confidentiality or invention assignment agreement with us; or

an executive being convicted of, or entering a plea of nolo contendere to, a felony or committing any act of moral turpitude, dishonesty or fraud against us, or the misappropriation of our material property.

The cause determination is made by the board of directors in good faith.

For purposes of Mr. Johnson's sign-on stock option agreement, "good reason" means generally:

the material diminution of an executive's duties; provided that diminution following a change in control solely by virtue of duties occurring at a subsidiary or division level rather than at the parent will not be deemed good reason;

a material reduction in base salary;

a material change in geographic location of where an executive must perform services; or

our material breach of the option agreement.

To qualify as a resignation for good reason, the executive must provide notice to us within 90 days of the initial existence of the condition or event described above and allow us to cure the condition or event within 30 days following our receipt of notice.

401(k) Plan

We maintain a tax-qualified retirement plan that provides eligible employees with an opportunity to save for retirement on a tax advantaged basis. All participants' interests in their deferrals are 100% vested when contributed. In 2014, we contributed \$0.4 million into the 401(k) plan as matching contributions. In 2012 and 2013 we made no matching contributions into the 401(k) plan. Pre-tax contributions are allocated to each participant's individual account and are then invested in selected investment alternatives according to the participants' directions. The 401(k) plan is intended to qualify under Sections 401(a) and 501(a) of the Internal Revenue Code. As a tax-qualified retirement plan, contributions to the 401(k) plan and earnings on those contributions are not taxable to the employees until distributed from the 401(k) plan, and all contributions are deductible by us when made.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information with respect to the beneficial ownership of our common stock at May 15, 2015 for:

each person who we know beneficially owns more than 5% of our common stock;

each of our directors;

each of our named executive officers; and

all of our directors and executive officers as a group.

The percentage of beneficial ownership shown in the table is based upon 18,410,020 shares outstanding as of May 15, 2015.

Information with respect to beneficial ownership has been furnished by each director, executive officer or beneficial owner of more than 5% of our common stock. We have determined beneficial ownership in accordance with the rules of the SEC. These rules generally attribute beneficial ownership of securities to persons who possess sole or shared voting power or investment power with respect to those securities. In addition, the rules take into account shares of common stock issuable pursuant to the exercise of stock options or warrants that are either immediately exercisable or exercisable on or before the 60th day after May 15, 2015. Certain of the options granted to our named executive officers may be exercised prior to the vesting of the underlying shares. We refer to such options as being early exercisable. Shares of common stock issued upon early exercise are subject to our right to repurchase such shares until such shares have vested. These shares are deemed to be outstanding and beneficially owned by the person holding those options or a warrant for the purpose of computing the percentage ownership of that person, but they are not treated as outstanding for the purpose of computing the percentage ownership of any other person. Unless otherwise indicated, the persons or entities identified in this table have sole voting and investment power with respect to all shares shown as beneficially owned by them, subject to applicable community property laws.

Except as otherwise noted below, the address for each person or entity listed in the table is c/o NanoString Technologies, Inc., 530 Fairview Avenue, N., Suite 2000, Seattle, Washington 98109.

RELATED PERSON TRANSACTIONS

In addition to the arrangements described below, we have also entered into the arrangements which are described under the caption *Executive Compensation* *Executive Employment Arrangements* .

Related Party Transaction Policy

We have adopted a formal, written policy that our executive officers, directors (including director nominees), holders of more than 5% of any class of our voting securities, and any member of the immediate family of or any entities affiliated with any of the foregoing persons, are not permitted to enter into a related party transaction with us without the prior approval or, in the case of pending or ongoing related party transactions, ratification of our audit committee. For purposes of our policy, a related party transaction is a transaction, arrangement or relationship where we were, are or will be involved and in which a related party had, has or will have a direct or indirect material interest, other than transactions available to all of our United States employees.

Certain transactions with related parties, however, are excluded from the definition of a related party transaction including, but not limited to: (1) transaction with another company at which a related party's only relationship is as an employee (excluding as an executive officer or a director) or beneficial owner of less than 5% of that company's shares; (2) transaction where the related party's interest arises solely from the ownership of our equity securities and all holders of our common stock received the same benefit on a pro rata basis (e.g. dividends); (3) transactions available to all employees generally; (4) transactions involving the purchase or sale of products or services in the ordinary course of business, not exceeding \$20,000; and (5) transactions in which the related party's interest derives solely from his or her service as a director, trustee or officer (or similar position) of a not-for-profit organization or charity that receives donations from the Company.

No member of the audit committee may participate in any review, consideration or approval of any related party transaction where such member or any of his or her immediate family members is the related party. In approving or rejecting the proposed agreement, our audit committee shall consider the relevant facts and circumstances available and deemed relevant to the audit committee, including, but not limited to: (1) the benefits and perceived benefits, or lack thereof, to our company; (2) the impact on a director's independence in the event the related party is a director, an immediate family member of a director or an entity in which a director is a partner, stockholder or executive officer; (3) the materiality and character of the related party's direct and indirect interest; (4) the actual or apparent conflict of interest of the related party; (5) the availability of other sources for comparable products or services; (6) the opportunity costs of alternative transactions; (7) the terms of the transaction; (8) the commercial reasonableness of the terms of the proposed transaction; and (9) terms available to unrelated third parties or to employees under the same or similar circumstances. In reviewing proposed related party transactions, the audit committee will only approve or ratify related party transactions that are in, or not inconsistent with, the best interests of our company and stockholders, as the audit committee determines in good faith.

Except for the purchase of shares of our common stock in connection with option exercises by certain of our officers, the transactions described below were consummated prior to our adoption of the formal, written policy described above and therefore the foregoing policies and procedures were not followed with respect to the transactions. However, we believe that the terms obtained or consideration that we paid or received, as applicable, in connection with the transactions described were comparable to terms available or the amounts that would be paid or received, as applicable, in arm's-length transactions.
