QUESTIONS AND ANSWERS ABOUT THE EXCHANGE OFFER

Below are some of the questions that you as a holder of Alcatel Lucent Securities may have regarding the Exchange Offer and answers to those questions. The answers to these questions do not contain all information relevant to your decision whether to tender your Alcatel Lucent Securities. To better understand the Exchange Offer, Nokia (also referred to as we, us, or our) urges you to read carefully the remainder of this exchange offer/prospectus and the accompanying letter of transmittal.

Why am I receiving this exchange offer/prospectus?

Nokia, a Finnish corporation, is offering, upon the terms and subject to the Conditions set forth in this exchange offer/prospectus and the French Offer Documentation, to acquire all of the Alcatel Lucent Securities through the Exchange Offer whereby Alcatel Lucent Securities will be exchanged for Nokia Shares or Nokia ADSs, as described below. The Exchange Offer is comprised of the U.S. Offer and the French Offer. The U.S. Offer is being made pursuant to this exchange offer/prospectus to all U.S. holders of outstanding Alcatel Lucent Shares, all U.S. holders of outstanding OCEANEs and all holders of outstanding Alcatel Lucent ADSs, wherever located. Holders of Alcatel Lucent ADSs located outside of the United States may participate in the U.S. Offer only to the extent the local laws and regulations applicable to those holders permit them to participate in the U.S. Offer.

What is the purpose of the Exchange Offer?

The purpose of the Exchange Offer is for Nokia to acquire all of the Alcatel Lucent Securities in order to combine the businesses of Nokia and Alcatel Lucent.

What will I receive if the Exchange Offer is completed?

Following the completion of the Exchange Offer, you will receive:

0.55 Nokia Share for every Alcatel Lucent Share you validly tender into, and do not withdraw from, the U.S. Offer,

0.55 Nokia ADS for every Alcatel Lucent ADS you validly tender into, and do not withdraw from, the U.S. Offer, and

Nokia Share for every 2018 OCEANE, Nokia Share for every 2019 OCEANE and Nokia Share for every 2020 OCEANE you validly tender into, and do not withdraw from, the U.S. Offer.

The French Offer comprises an offer to exchange 0.55 Nokia Share for every Alcatel Lucent Share, Nokia Share for every 2018 OCEANE, Nokia Share for every 2019 OCEANE and Nokia Share for every 2020 OCEANE, made pursuant to separate French Offer Documentation available to holders of Alcatel Lucent Shares and OCEANEs located in France (holders of Alcatel Lucent Shares and OCEANEs located outside of France may not participate in the French Offer except if, pursuant to the local laws and regulations applicable to those holders, they are permitted to participate in the French Offer).

No fractional Nokia Shares or fractional Nokia ADSs will be issued. Holders of Alcatel Lucent Securities tendering into the U.S. Offer or the French Offer will receive cash in lieu of any fractional Nokia Shares or Nokia ADSs to which such holders may otherwise be entitled, following the implementation of a mechanism to resell such fractional Nokia Shares or Nokia ADSs.

Table of Contents**What options are available to the holders of the OCEANES in connection with the Exchange Offer?**

In connection with the Exchange Offer, holders of the OCEANES may elect to take any of the following steps with respect to their OCEANES:

Tender the OCEANES into the Exchange Offer. The Exchange Offer is being made to all holders of the OCEANES issued and outstanding and such holders may accept the Exchange Offer by tendering their OCEANES into the U.S. Offer or the French Offer, as applicable. For every 2018 OCEANE you validly tender into, and do not withdraw from, the U.S. Offer, you will receive Nokia Share, for every 2019 OCEANE you validly tender into, and do not withdraw from, the U.S. Offer, you will receive Nokia Share and for every 2020 OCEANE you validly tender into, and do not withdraw from, the U.S. Offer, you will receive Nokia Share.

Convert the OCEANES into or exchange the OCEANES for Alcatel Lucent Shares at the change of control conversion/exchange ratio. Prior to the opening of the Exchange Offer the conversion/exchange ratio was 1.06 Alcatel Lucent Share for every 2018 OCEANE, 1.00 Alcatel Lucent Share for every 2019 OCEANE and 1.00 Alcatel Lucent Share for every 2020 OCEANE. The opening of the Exchange Offer has resulted in a temporary adjustment to the conversion/exchange ratios applicable to each series of OCEANES. The adjusted conversion/exchange ratios resulting from the Exchange Offer are Alcatel Lucent Shares for every 2018 OCEANE, Alcatel Lucent Shares for every 2019 OCEANE and Alcatel Lucent Shares for every 2020 OCEANE. The right of OCEANES holders to obtain Alcatel Lucent Shares on the basis of the adjusted conversion/exchange ratios will expire, (x) if the AMF declares that the French Offer is successful, on the date that is 15 French business days after the publication by the AMF of the results of the French Offer (taking into account the results of the U.S. Offer), which is currently expected to be , or, if there is a subsequent offering period, the date that is 15 French business days after the end of the subsequent offering period of the French Offer; (y) if the AMF declares that the French Offer (taking into account the results of the U.S. Offer) is unsuccessful, the date of publication by the AMF of the result of the French Offer; or (z) if Nokia withdraws the Exchange Offer, the date on which such withdrawal is published. If the holders of the OCEANES choose to convert their OCEANES into or exchange their OCEANES for Alcatel Lucent Shares, they may then be able to tender such Alcatel Lucent Shares into the Exchange Offer in accordance with its terms and Conditions.

After the completion of the Exchange Offer, request an early redemption of their OCEANES. If the Exchange Offer is successful (resulting in a change of control of Alcatel Lucent under the terms of the OCEANES), each holder of the OCEANES who did not tender their OCEANES into the Exchange Offer may request that Alcatel Lucent redeem their OCEANES for cash at par plus, as applicable, accrued interest from the last interest payment date for each series of the OCEANES until the early redemption date.

Early redemption decided by the general meeting of the holders of any series of OCEANES. In the event the Alcatel Lucent Shares cease to be listed on Euronext Paris and are not listed on any other regulated market within the European Union within the meaning of the European Union Directive 2004/39/EC, and the Alcatel Lucent ADSs or the Alcatel Lucent Shares cease to be listed on a regulated market in the United States, the representative of the body for each type of OCEANE (*le représentant de la masse*) may, upon decision of the general meeting of the holders of such OCEANES, other than Nokia if it holds more than 10% of the relevant series of OCEANES, make all of such OCEANES redeemable by Alcatel Lucent at a price in cash equal to par plus, as applicable, accrued interest from the last interest payment date for each of the OCEANES until the early redemption date.

Table of Contents

In addition to the foregoing and in accordance with the terms of the OCEANEs, if the Exchange Offer is successful and subject to applicable law, Nokia reserves the right to cause Alcatel Lucent to redeem for cash at par value plus, as applicable, accrued interest, any series of the OCEANEs if less than 15% of the issued OCEANEs of any such series remain outstanding at any time.

Holders of OCEANEs that remain outstanding after the events described above will remain creditors of Alcatel Lucent with the ability to convert their OCEANEs into or exchange their OCEANEs for Alcatel Lucent Shares at the then applicable conversion/exchange ratio.

As promptly as possible following completion of the Exchange Offer and subject to applicable law and stock exchange rules, Nokia intends to request Euronext Paris to delist Alcatel Lucent Shares and OCEANEs from the regulated market of Euronext Paris and seek to delist Alcatel Lucent ADSs from the NYSE.

For the avoidance of doubt, Nokia does not intend to arrange for any of the OCEANEs to become convertible into Nokia convertible bonds whether as a part of the Exchange Offer or otherwise.

If OCEANEs are converted into or exchanged for Alcatel Lucent Shares during the Exchange Offer and the Exchange Offer is unsuccessful, will former holders of OCEANEs have to surrender their Alcatel Lucent Shares?

No. After conversion/exchange has taken place, the OCEANEs are no longer outstanding and the relevant Alcatel Lucent Shares will not have to be surrendered if the Exchange Offer is not successful.

Can holders of Alcatel Lucent Stock Options and Performance Shares participate in the Exchange Offer?

Holders of options to acquire Alcatel Lucent Shares who wish to tender into the Exchange Offer or the subsequent offering period, if any, must exercise their Alcatel Lucent Stock Options, and Alcatel Lucent Shares must be issued to such holders prior to the Expiration Date or the expiration of the subsequent offering period, as applicable.

Pursuant to the Memorandum of Understanding, Alcatel Lucent agreed to accelerate or waive certain terms of the Alcatel Lucent Stock Options, subject to certain conditions.

Alcatel Lucent Performance Shares granted by Alcatel Lucent cannot be tendered in the Exchange Offer or the subsequent offering period, if any, unless such Alcatel Lucent Performance Shares have vested and are transferable prior to the Expiration Date or the expiration of the subsequent offering period, as applicable.

Pursuant to the Memorandum of Understanding, Nokia and Alcatel Lucent agreed to implement a mechanism with respect to unvested Performance Shares granted before April 15, 2015 pursuant to which the beneficiaries may waive their rights to receive Performance Shares in exchange for Alcatel Lucent Shares, subject to certain conditions.

What percentage of Nokia will holders of Alcatel Lucent Securities own after the Exchange Offer?

After completion of the Exchange Offer and assuming that all Alcatel Lucent Securities are tendered into the Exchange Offer or the subsequent offering period, if any, former holders of Alcatel Lucent Securities are expected to own approximately 33.5% of the issued and outstanding Nokia Shares on a fully diluted basis.

What are the Conditions to the U.S. Offer?

Nokia's obligation to accept, and to exchange, any Alcatel Lucent Securities validly tendered into the U.S. Offer is subject only to:

the Minimum Tender Condition; and

the Nokia Shareholder Approval.

Subject to applicable SEC and AMF rules and regulations, Nokia reserves the right, in its sole discretion, to waive the Minimum Tender Condition to any level at or above the Mandatory Minimum Acceptance Threshold.

How does the Nokia shareholders' vote impact the deal?

Nokia's obligation to accept, and to exchange, any Alcatel Lucent Securities validly tendered into the Exchange Offer will be subject to, among other Conditions, the Nokia Shareholder Approval.

Nokia's extraordinary general meeting of shareholders has been convened for [redacted] to consider and vote on the resolution contemplated by the Nokia Shareholder Approval. Proxy materials for such meeting were separately distributed by Nokia prior to the date of this exchange offer/prospectus. The resolution must be approved by shareholders representing at least two-thirds of the votes cast and Nokia Shares represented at such extraordinary general meeting of Nokia's shareholders.

What happens if less than 100% of Alcatel Lucent Securities have been purchased following the completion of the Exchange Offer or the subsequent offering period, if any?

If, at the completion of the Exchange Offer or the subsequent offering period, if any, Nokia owns 95% or more of the share capital and voting rights of Alcatel Lucent (Alcatel Lucent Shares held in treasury being considered as held by Nokia for the purpose of the calculation), Nokia intends to request from the AMF, within three months of the expiration of the French Offer period or the subsequent offering period, if any, the implementation of a squeeze-out for the remaining outstanding Alcatel Lucent Shares for cash consideration. In addition, if, at the completion of the Exchange Offer or the subsequent offering period, if any, Nokia owns 95% or more of the sum of the outstanding Alcatel Lucent Shares and the Alcatel Lucent Shares issuable upon conversion of all of the OCEANEs then outstanding (Alcatel Lucent Shares held in treasury being considered as held by Nokia for the purpose of the calculation), Nokia intends to request from the AMF, within three months of the expiration of the French Offer period or the subsequent offering period, if any, the implementation of a squeeze-out for the remaining OCEANEs for cash consideration.

In accordance with French law and the AMF General Regulation, in such a squeeze-out, Nokia intends, prior to the implementation of the squeeze-out for cash consideration, to propose to the holders of Alcatel Lucent Securities as an alternative to cash consideration, an option to exchange their Alcatel Lucent Securities for Nokia Shares and/or Nokia ADSs, as applicable, at the same exchange ratios offered in the context of the Exchange Offer (the Exchange Option). The holders of Alcatel Lucent Securities may opt for the Exchange Option for all or part of their Alcatel Lucent Securities within a time period to be determined at a later date. The Alcatel Lucent Securities not tendered into the Exchange option will be subject to the squeeze-out for cash consideration.

If Nokia owns less than 95% of the share capital and voting rights of Alcatel Lucent immediately after the completion of the subsequent offering period, then Nokia reserves the right, subject to applicable law, to (i) commence a buy-out offer for the Alcatel Lucent Securities it does not own on the relevant date pursuant to the AMF General Regulation if at any time thereafter it owns 95% or more of the voting rights of Alcatel

Lucent; (ii) commence at any time a simplified offer for the Alcatel Lucent Securities it does not own on the relevant date pursuant to Article 233-1 et seq. of the AMF General Regulation; (iii) cause Alcatel Lucent to be merged into Nokia or an affiliate thereof, contribute assets to, merge certain of its subsidiaries with, or undertake other reorganizations of, Alcatel Lucent; or (iv) take any other steps to consolidate its ownership of Alcatel Lucent. We do not currently intend to structure any of the foregoing steps so that it would result in the OCEANEs becoming convertible bonds of Nokia Corporation, becoming debt obligations of Nokia Corporation or otherwise convertible into Nokia Shares or Nokia ADSs.

In addition, Nokia reserves the right, subject to applicable law, at any time after the completion of the Exchange Offer or the subsequent offering period, as applicable, to cause Alcatel Lucent to redeem at par value, plus, as applicable, accrued interest from the date the interest was last paid, to the date set for the early redemption all of the outstanding 2018 OCEANEs, 2019 OCEANEs or 2020 OCEANEs, if less than 15% of the issued OCEANEs of any such series remain outstanding.

Why is there a separate French Offer?

As Alcatel Lucent is a French *société anonyme* with a listing on Euronext Paris, a French Offer is required pursuant to French laws and regulations and is being conducted in accordance with French law and the AMF General Regulation.

What are the differences between the U.S. Offer and the French Offer?

The terms and conditions of the U.S. Offer and the French Offer are substantially the same. As a result of differences in law and market practice between the United States and France, however, the procedures for accepting the Exchange Offer and tendering Alcatel Lucent Securities, and some of the rights of tendering holders of Alcatel Lucent Securities, under the U.S. Offer and the French Offer, are not identical. The primary difference between the U.S. Offer and the French Offer is that the U.S. Offer is available to U.S. holders of Alcatel Lucent Shares and OCEANEs and to holders of Alcatel Lucent ADSs, wherever located, while the French Offer is available to holders of Alcatel Lucent Shares and OCEANEs located in France (holders of Alcatel Lucent Shares and OCEANEs located outside of France may not participate in the French Offer except if, pursuant to the local laws and regulations applicable to those holders, they are permitted to participate in the French Offer). Holders of Alcatel Lucent ADSs located outside of the United States may participate in the U.S. Offer only to the extent the local laws and regulations applicable to those holders permit them to participate in the U.S. Offer.

How do I validly tender my Alcatel Lucent ADSs into the U.S. Offer?

The steps you must take to validly tender your Alcatel Lucent ADSs will depend on whether you hold your Alcatel Lucent ADSs directly or indirectly through a broker, dealer, commercial bank, trust company or other nominee.

If you hold Alcatel Lucent ADSs directly and would like to tender them into the Exchange Offer, you must tender them to the U.S. exchange agent prior to the ADS Tender Deadline, which is 5:00 P.M., New York time, on the U.S. business day immediately preceding the Expiration Date, which is _____, unless the U.S. Offer is extended. In order to validly tender your directly-held Alcatel Lucent ADSs, you must take the following actions:

if you hold your Alcatel Lucent ADSs in certificated form, you must complete and sign the letter of transmittal included with this exchange offer/prospectus and return it together with your Alcatel Lucent ADS certificates and any required documentation to the U.S. exchange agent at the appropriate address specified on the back cover page of this exchange offer/prospectus;

Table of Contents

if you hold your Alcatel Lucent ADSs in uncertificated form on the register of the Alcatel Lucent depository (in direct registration form), you must complete and sign the letter of transmittal included with this exchange offer/prospectus and return it with any required documentation to the U.S. exchange agent at the appropriate address specified on the back cover page of this exchange offer/prospectus; and

if you hold your Alcatel Lucent ADSs in book-entry form indirectly through DTC, you must tender your Alcatel Lucent ADSs to the U.S. exchange agent by using the ATOP system.

If you hold your Alcatel Lucent ADSs indirectly through a broker, dealer, commercial bank, trust company or other nominee, you should not complete and sign the letter of transmittal included with this exchange offer/prospectus. Instead, you should instruct your broker, dealer, commercial bank, trust company or other nominee to validly tender your Alcatel Lucent ADSs to the U.S. exchange agent on your behalf.

The U.S. exchange agent has established an additional means for registered holders of uncertificated Alcatel Lucent ADSs to complete and deliver letters of transmittal via the internet, by signing onto a secure website established and maintained by the U.S. exchange agent and filling in the applicable information online. Detailed instructions for completing and delivering the letter of transmittal via the internet (including the applicable password) are set forth in the letter of transmittal being delivered to holders of uncertificated Alcatel Lucent ADSs together with this exchange offer/prospectus.

If your Alcatel Lucent ADSs are not immediately available, you may also follow the guaranteed delivery procedures described in this exchange offer/prospectus.

How do I validly tender my Alcatel Lucent Shares or OCEANEs into the U.S. Offer?

You do not need to complete a letter of transmittal to tender your Alcatel Lucent Shares or OCEANEs into the U.S. Offer.

If you hold Alcatel Lucent Shares or OCEANEs through a custodian that is not a French financial intermediary, your custodian should either forward to you the transmittal materials and instructions sent by the French financial intermediary that holds the Alcatel Lucent Shares or OCEANEs on behalf of the custodian as record owner or send you a separate form prepared by the custodian. If you have not yet received instructions from your custodian, please contact your custodian directly.

If you hold Alcatel Lucent Shares or OCEANEs through a French financial intermediary, your French financial intermediary should send you transmittal materials and instructions for accepting the U.S. Offer before the last day of the offer. If you have not yet received instructions from your French financial intermediary, please contact your French financial intermediary directly.

If your Alcatel Lucent Shares or OCEANEs are held in pure registered form (*nominatif pur*), you must first request that your Alcatel Lucent Shares or OCEANEs be converted to administered registered form (*nominatif administré*) or to bearer form (*au porteur*).

How much time do I have to decide whether to tender?

You may tender your Alcatel Lucent Shares and OCEANEs into the U.S. Offer at any time prior to the Expiration Date (which is currently 11:00 A.M., New York City time (5:00 P.M. Paris time), on _____, but will change if the U.S. Offer is extended). You may tender your Alcatel Lucent ADSs into the U.S. Offer at any time prior to the ADS Tender Deadline (which is currently 5:00 P.M., New York City time, on the U.S. business day immediately preceding the Expiration Date, which is currently _____, unless the U.S. Offer is extended).

Table of Contents

Can the Exchange Offer be extended?

Yes. Subject to the applicable rules and regulations of the AMF and the SEC, the Expiration Date and the ADS Tender Deadline may be extended.

Only the AMF has the authority to set or to extend the expiration date of the French Offer. If the French Offer is extended, the AMF will issue a notice of extension on its website <http://www.amf-france.org>. In addition, Nokia will post a notice of any extension of the French Offer or the U.S. Offer on its website www.nokia.com, and will issue a public announcement. The information on Nokia's or the AMF's website is not a part of this exchange offer/prospectus and is not incorporated by reference herein.

Pursuant to the Memorandum of Understanding, Nokia agreed to ensure that, subject to applicable law, the period during which the U.S. Offer is open corresponds to the period during which the French Offer is open (including any extensions or subsequent offering periods in relation to the French Offer), and Nokia expressly reserves the right to extend the U.S. Offer either to match any extension of the French Offer or otherwise. Furthermore, Nokia may be required by the U.S. federal securities laws (including Rule 14e-1 under the Exchange Act) to extend the duration of the U.S. Offer if Nokia makes a material change to the terms of the U.S. Offer.

Will there be a subsequent offering period?

Pursuant to the Memorandum of Understanding and according to the AMF General Regulation, if at the successful completion of the Exchange Offer Nokia owns more than 50% but less than 95% of Alcatel Lucent share capital and voting rights, Nokia agreed to conduct a subsequent offering period after the date of announcement of the results of the French Offer by the AMF (taking into account the results of the U.S. Offer) (subject to the satisfaction or waiver of the Minimum Tender Condition and the receipt of the Nokia Shareholder Approval). The subsequent offering period would be conducted on the same terms as the Exchange Offer, but the Alcatel Lucent Securities properly tendered during the subsequent offering period will not be permitted to be withdrawn and will be accepted without any minimum condition.

Can I withdraw Alcatel Lucent Securities that I have tendered into the U.S. Offer?

Yes. You may withdraw any Alcatel Lucent Shares and OCEANEs tendered into the U.S. Offer at any time prior to the Expiration Date, and you may withdraw any Alcatel Lucent ADSs tendered into the U.S. Offer at any time prior to the ADS Tender Deadline. In addition, in accordance with U.S. securities laws, you may generally withdraw your tendered Alcatel Lucent Securities tendered into the U.S. Offer if they have not been accepted for exchange within 60 days after the beginning of the offer period. However, these withdrawal rights will not be available following the Expiration Date, in the case of Alcatel Lucent Shares and OCEANEs, or the ADS Tender Deadline, in the case of Alcatel Lucent ADSs, and prior to the commencement of the subsequent offering period, if any. Also, subject to satisfaction of all Conditions other than the Minimum Tender Condition, these withdrawal rights will not be available during the period that the securities tendered into the Exchange Offer are being counted. Pursuant to Rule 14d-7(a)(2) under the Exchange Act, no withdrawal rights will apply to Alcatel Lucent Securities tendered during a subsequent offering period, if any.

How do I withdraw Alcatel Lucent Securities previously tendered into the U.S. Offer?

To withdraw previously tendered Alcatel Lucent ADSs, the U.S. exchange agent must receive a timely written or facsimile transmission notice of withdrawal. Any such notice must specify the name of the person who tendered the Alcatel Lucent ADSs being withdrawn, the number of Alcatel Lucent ADSs being withdrawn and the name of the registered holder if different from that of the person who tendered such Alcatel Lucent ADSs. To withdraw previously tendered Alcatel Lucent Shares or OCEANEs, you

Table of Contents

should contact your French or non-French financial intermediary or nominee through whom you tendered the Alcatel Lucent Shares or OCEANEs regarding their withdrawal procedures to validly withdraw tendered Alcatel Lucent Shares or OCEANEs in the U.S. Offer.

Will I have to pay any fees or commissions for tendering my Alcatel Lucent Securities?

If your Alcatel Lucent Securities are tendered into the U.S. Offer by your broker, dealer, commercial bank, trust company or other nominee, you will be responsible for any fees or commissions they may charge you in connection with such tender. No commission will be paid by Nokia to any intermediary of Alcatel Lucent Security holders or any person soliciting the contribution of Alcatel Lucent Securities into the Exchange Offer.

You will also be responsible for all governmental charges and taxes payable in connection with tendering your Alcatel Lucent Securities.

Will tendered Alcatel Lucent Securities be subject to proration?

No. Subject to the terms and Conditions, Nokia will acquire any and all Alcatel Lucent Securities validly tendered into, and not withdrawn from, the U.S. Offer.

Can I tender less than all the Alcatel Lucent Securities that I own into the Exchange Offer?

Yes. You may elect to tender all or a portion of the Alcatel Lucent Securities that you own into the U.S. Offer.

If I decide not to tender, how will the Exchange Offer affect my Alcatel Lucent Securities?

The completion of the Exchange Offer is conditioned, among other things, upon the satisfaction or waiver of the Minimum Tender Condition.

If the Exchange Offer is successful, the acquisition by Nokia of Alcatel Lucent Securities in the Exchange Offer will reduce the number of Alcatel Lucent Securities that might otherwise trade publicly and may reduce the number of holders of Alcatel Lucent Securities, which could adversely affect the liquidity and market value of the Alcatel Lucent Securities not acquired in the Exchange Offer.

On opening of the first U.S. business day following the ADS Tender Deadline, the NYSE may suspend trading in the Alcatel Lucent ADSs pending public announcement of the results of the Exchange Offer. Because the AMF may not announce the results of the French Offer (taking into account the results of the U.S. Offer) until up to nine French trading days after the Expiration Date (although we expect the announcement to be made approximately four to five French trading days after the Expiration Date), holders of Alcatel Lucent ADSs who do not tender their Alcatel Lucent ADSs in the U.S. Offer may be unable to trade Alcatel Lucent ADSs on the NYSE during this period. Further, if fewer than 600 000 Alcatel Lucent ADSs would remain outstanding following completion of the Exchange Offer, the NYSE may not resume trading in the Alcatel Lucent ADSs even after the publication of the results of the Exchange Offer. Holders of Alcatel Lucent ADSs who do not tender their Alcatel Lucent ADSs in the Exchange Offer may therefore be unable to trade their Alcatel Lucent ADSs on the NYSE at any point following the Expiration Date.

As promptly as practicable following completion of the Exchange Offer and subject to applicable law and Euronext Paris rules, Nokia intends to request Euronext Paris to delist the Alcatel Lucent Shares and OCEANEs from the regulated market of Euronext Paris. Nokia also intends, subject to applicable law, to cause Alcatel Lucent to terminate the Alcatel Lucent deposit agreement and seek to delist the Alcatel Lucent ADSs from the NYSE and, when possible, to deregister the Alcatel Lucent Shares and Alcatel Lucent ADSs under the Exchange Act.

Table of Contents

Will I have appraisal rights in connection with the Exchange Offer?

No. There are no appraisal or similar rights available to holders of Alcatel Lucent Securities in connection with the Exchange Offer.

What are the tax consequences if I participate or do not participate in the Exchange Offer?

For information on certain French, Finnish, and U.S. tax consequences of the Exchange Offer, see the "Tax Considerations" section of this exchange offer/prospectus. You should consult your own tax advisor on the tax consequences to you of tendering your Alcatel Lucent Securities in the Exchange Offer.

How and where will the outcome of the Exchange Offer be announced?

The AMF is expected to announce the results of the French Offer taking into account the results of the U.S. Offer approximately four to five and in any event no later than nine French trading days following the Expiration Date and, if applicable, the ending of the subsequent offering period. In addition, Nokia will post a notice of the results of the Exchange Offer on www.nokia.com, and will issue a public announcement. The information on Nokia's website is not a part of this exchange offer/prospectus and is not incorporated by reference herein.

When will I receive my Nokia Shares or Nokia ADSs?

You will receive the Nokia Shares or Nokia ADSs you are entitled to receive pursuant to the U.S. Offer approximately five French trading days following the announcement of the results of the French Offer (taking into account the results of the U.S. Offer) by the AMF and, if applicable, of the subsequent offering period. If the Exchange Offer expires and the Conditions are not satisfied or terminated in accordance with applicable law, the U.S. exchange agent will return tendered Alcatel Lucent ADSs to you within one U.S. business day after the expiration or termination of the U.S. Offer, and the tendered Alcatel Lucent Shares or OCEANes will be returned to you within three U.S. business days after the expiration or termination of the U.S. Offer.

Who can I call with questions?

If you have more questions about the Exchange Offer, you should contact Nokia's information agent, Georgeson Inc., toll-free at (800) 314-4549.

The Companies

Nokia (page 115)

Nokia is a Finnish Corporation, established in 1865 and organized under the laws of the Republic of Finland. The company is registered with the Finnish Trade Register under the business identity code 0112038-9. Under its articles of association in effect on the date of this exchange offer/prospectus, Nokia's corporate purpose is to engage in the telecommunications industry and other sectors of the electronics industry as well as the related service businesses, including the development, manufacture, marketing and sales of mobile devices, other electronic products and telecommunications systems and equipment as well as related mobile, Internet and network infrastructure services and other consumer and enterprise services. Nokia may also create, acquire and license intellectual property and software as well as engage in other industrial and commercial operations. Further, Nokia may engage in securities trading and other investment activities.

Nokia is currently focused on three businesses: network infrastructure software, hardware and services, which is offered through Nokia Networks; mapping and location intelligence, which is provided through HERE; and advanced technology development and licensing, which is pursued through Nokia Technologies. Through its three businesses, Nokia has a global presence, with operations and research and development (R&D) facilities in Europe, North America and Asia, sales in approximately 140 countries, and employs approximately 62 000 people. Nokia is also a major investor in R&D, with expenditure through its three businesses exceeding EUR 2.5 billion in 2014.

On August 3, 2015, Nokia announced an agreement to sell its HERE digital mapping and location services business to a consortium of leading automotive companies, comprising AUDI AG, BMW Group and Daimler AG. The transaction values HERE at an enterprise value of EUR 2.8 billion with a normalized level of working capital and is expected to close in the first quarter of 2016, subject to customary closing conditions and regulatory approvals. Upon closing, Nokia estimates that it will receive net proceeds of slightly above EUR 2.5 billion, as the purchaser would be compensated for certain defined liabilities of HERE currently expected to be slightly below EUR 300 million as part of the transaction. Upon closing of the HERE transaction, which does not affect the exchange ratio of this Exchange Offer, and assuming that the Exchange Offer has not yet been completed, Nokia will consist of two businesses: Nokia Networks and Nokia Technologies.

It is currently expected that after the Completion of the Exchange Offer, Networks business would be conducted through four business groups: Mobile Networks, Fixed Networks, Applications & Analytics and IP/Optical Networks. The business group leaders would report directly to Nokia's President and Chief Executive Officer:

Mobile Networks (MN) would include Nokia's and Alcatel Lucent's comprehensive Radio portfolios and most of their converged Core network portfolios including IMS/VoLTE and Subscriber Data Management, as well as the associated mobile networks-related Global Services business. This unit would also include Alcatel Lucent's Microwave business and all of the combined company's end-to-end Managed Services business.

Table of Contents

Fixed Networks (FN) would comprise the current Alcatel Lucent Fixed Networks business, whose cutting-edge innovation and market position would be further supported through strong collaboration with the other business groups.

Applications & Analytics (A&A) would combine the Software and Data Analytics-related operations of both companies. This comprehensive applications portfolio would include Customer Experience Management, OSS as distinct from network management such as service fulfilment and assurance, Policy and Charging, services, Cloud Stacks, management and orchestration, communication and collaboration, Security Solutions, network intelligence and analytics, device management and Internet of Things connectivity management platforms. CloudBand would also be housed in this business group, which would drive innovation to meet the needs of a convergent, Cloud-centric future.

IP/Optical Networks (ION) would combine the current Alcatel Lucent IP Routing, Optical Transport and IP video businesses, as well as the software defined networking (SDN) start-up, Nuage, plus Nokia's IP partner and Packet Core portfolio.

Along side these four business groups of Networks, Nokia Technologies would continue to operate as a separate business group with a clear focus on licensing and the incubation of new technologies.

Nokia's registered office and its principal executive office is Karaportti 3, FI-02610 Espoo, Finland, and the telephone number is +358 (0) 10-448-8000.

Nokia Shares are traded on the Nasdaq Helsinki under the symbol NOKIA and Nokia ADSs are traded on the NYSE under the symbol NOK. In addition, application has been made for Admission of the Nokia Shares to Euronext Paris. Nokia expects to request that the Admission be approved to take effect prior to the completion of the Exchange Offer. As of June 30, 2015, 3 678 328 858 Nokia Shares were outstanding (including 54 326 556 Nokia Shares owned by Nokia group companies and 477 477 741 Nokia Shares represented by Nokia ADSs).

In October 2012, Nokia issued the Convertible Bond. If the Convertible Bond is converted into Nokia Shares in its entirety, which would occur by November 17, 2015 because of Nokia's prior announcement that it will exercise its option to redeem the Convertible Bonds on November 26, 2015, at the current conversion price of EUR 2.39 per Nokia Share, approximately 313 723 849 Nokia Shares (assuming full conversion) would be issued, representing approximately 5.2% of the issued and outstanding Nokia Shares after completion of the Exchange Offer (assuming that all Alcatel Lucent Securities are tendered into the Exchange Offer or the subsequent offering period, if any).

Reasons for the Exchange Offer (page 47)

We believe that the combination of Nokia's and Alcatel Lucent's businesses will create significant value for stakeholders of both companies. Following the completion of the Exchange Offer, Nokia will be well-positioned to create the foundation of seamless connectivity for people and things wherever they are. We believe that this foundation is essential for enabling the next wave of technological change, including the Internet of Things and transition to the cloud.

The strategic rationale for combining the two companies includes:

creation of end-to-end portfolio scope and scale player with leading global positions across products, software and services to meet changing industry paradigms;

complementary offerings, customers and geographic footprint;

enhanced research and development capabilities creating an innovation powerhouse with significant combined R&D resources;

the recent execution track-record on both sides and common vision for the future;

the opportunity to realize significant cost savings and other synergies; and

the development of a robust capital structure and strong balance sheet.

Table of Contents

End-to-end portfolio scope and scale player with leading global positions across products, software and services to meet changing industry paradigms

Combining Nokia with Alcatel Lucent will bring together the complementary capabilities of both companies with an end-to-end portfolio of software, services and products, which will be weighted towards next-generation technologies enabling us to provide better solutions to customers and access new opportunities in an expanded, addressable market.

Following the completion of the Exchange Offer, the combined company is expected to be a leader in technologies such as fixed broadband, LTE, IP routing, cloud applications and advanced analytics, positioning the company as either the number one or two player in most key business areas. We expect to have the scale to service the very largest global multinational customers with a broader range of products, software and services across a wider geographic footprint, which we believe will make us the strategic partner of choice for the long term.

Complementary offerings, customers and geographic footprint

The Exchange Offer brings together two businesses which we believe have highly complementary portfolios and geographies, bringing together the best of fixed and mobile, IP routing, core networks, cloud applications and services. Together, Nokia and Alcatel Lucent will have particular strength in the United States, China, Europe and Asia-Pacific. We believe that the combined company will be positioned to target a larger addressable market, and we estimate, based on our internal data, that the combined company would have an improved growth profile.

Enhanced research and development capabilities creating an innovation powerhouse with significant combined R&D resources

The combined company will have significant innovation capabilities, with Alcatel Lucent's Bell Labs and Nokia's FutureWorks, as well as Nokia Technologies. The latter is expected to stay as a separate entity with a clear focus on licensing and the incubation of new technologies.

The recent execution track-record on both sides and common vision for the future

We believe that both companies are in a far better position to combine at this point in time and the combination is being conducted from a position of strength. Both companies have recently improved their operational efficiency and agility through significant restructurings, Nokia has purchased Siemens share of Nokia Siemens Network, divested substantially all of its Devices & Services business to Microsoft and has announced the pending disposal of its HERE digital mapping and location services business while Alcatel Lucent is coming to the end of the Shift plan.

The opportunity to realize significant cost savings and other synergies

The combined company would target approximately EUR 900 million of operating cost synergies to be achieved on a full year basis in 2019, assuming completion of the Exchange Offer no later than the end of the first half of 2016.

The development of a robust capital structure and strong balance sheet

The combined company will benefit from enhanced financial resources for growth and investment purposes. The combined company is expected to have a strong balance sheet, which will support our ambition to re-establish our long-term investment-grade rating. Assuming conversion of all OCEANES

Table of Contents

and completion of the sale of our HERE business, the pro forma net cash position of the combined company at June 30, 2015 would have been EUR 8.1 billion and pro forma cash and cash equivalents of the combined company at June 30, 2015 would have been EUR 10.5 billion. Net cash is a non-IFRS financial measure. Refer to Selected Unaudited Pro Forma Combined Financial Information for a description of how we define and calculate net cash. Following the completion of the Exchange Offer, Nokia intends to evaluate the resumption of a capital structure optimization program for the combined group, and remains committed to having an efficient capital structure.

Integration and Reorganization (page 57)

The strategic direction of Alcatel Lucent will be to continue to offer leading solutions in Alcatel Lucent's business lines by taking advantage of the increased customer base attributable to the combination of Nokia and Alcatel Lucent. Nokia intends to integrate Alcatel Lucent into the Nokia group as soon as possible if the Exchange Offer is successful. In addition, Nokia intends to propose changes to the composition of Alcatel Lucent's board of directors if the Exchange Offer is successful. The composition of the Alcatel Lucent board of directors will take into account the new share ownership structure of Alcatel Lucent and in particular, the ownership level of Nokia. Also refer to the Certain Consequences of the Exchange Offer section below for a description of certain consequences of the Exchange Offer on Alcatel Lucent Securities.

Squeeze-out (page 54)

If, at the completion of the Exchange Offer or the subsequent offering period, if any, Nokia owns 95% or more of the share capital and voting rights of Alcatel Lucent (Alcatel Lucent Shares held in treasury being considered as held by Nokia for the purpose of the calculation), Nokia intends to request from the AMF, within three months of the expiration of the French Offer period or the subsequent offering period, if any, the implementation of a squeeze-out for the remaining outstanding Alcatel Lucent Shares for cash consideration. In addition, if, at the completion of the Exchange Offer or the subsequent offering period, if any, Nokia owns 95% or more of the sum of the outstanding Alcatel Lucent Shares and the Alcatel Lucent Shares issuable upon conversion of all of the OCEANes then outstanding (Alcatel Lucent Shares held in treasury being considered as held by Nokia for the purpose of the calculation), Nokia intends to request from the AMF, within three months of the expiration of the French Offer period or the subsequent offering period, if any, the implementation of a squeeze-out for the remaining OCEANes for cash consideration.

In accordance with French law and the AMF General Regulation, in such a squeeze-out, Nokia intends, prior to the implementation of the squeeze-out for cash consideration, to propose the Exchange Option to the holders of Alcatel Lucent Securities. The holders of Alcatel Lucent Securities may opt for the Exchange Option for all or part of their Alcatel Lucent Securities within a time period to be determined at a later date. The Alcatel Lucent Securities not tendered into the Exchange Option will be subject to the squeeze-out for cash consideration. We believe that the Exchange Option conducted in accordance with the French law and the AMF General Regulation would constitute a tender offer for U.S. securities law purposes. If it qualifies for a Tier I exemption from the U.S. tender offer rules, the Exchange Option may be conducted primarily in accordance with French law. Furthermore in such case, any Nokia Shares and Nokia ADSs forming part of the consideration offered in any the Exchange Option may be exempt from registration pursuant to Rule 802 promulgated under the Securities Act.

If Nokia owns less than 95% of the share capital and voting rights of Alcatel Lucent immediately after the completion of the subsequent offering period, then Nokia reserves the right, subject to applicable law, to (i) commence a buy-out offer for the Alcatel Lucent Securities it does not own on the relevant date pursuant to the AMF General Regulation if at any time thereafter it owns 95% or more of the

Table of Contents

voting rights of Alcatel Lucent; (ii) commence at any time a simplified offer for the Alcatel Lucent Securities it does not own on the relevant date pursuant to Article 233-1 et seq. of the AMF General Regulation; (iii) cause Alcatel Lucent to be merged into Nokia or an affiliate thereof, contribute assets to, merge certain of its subsidiaries with, or undertake other reorganizations of, Alcatel Lucent; or (iv) take any other steps to consolidate its ownership of Alcatel Lucent. We do not currently intend to structure any of the foregoing steps so that it would result in the OCEANEs becoming convertible bonds of Nokia Corporation, becoming debt obligations of Nokia Corporation or otherwise convertible into Nokia Shares or Nokia ADSs.

In addition, Nokia reserves the right, subject to applicable law, at any time after the completion of the Exchange Offer or the subsequent offering period, as applicable, to cause Alcatel Lucent to redeem at par value, plus, as applicable, accrued interest from the date the interest was last paid, to the date set for the early redemption of all of the outstanding 2018 OCEANEs, 2019 OCEANEs or 2020 OCEANEs, if less than 15% of the issued OCEANEs of any such series remain outstanding.

Net cash is defined as total cash and other liquid assets less interest-bearing liabilities. Total cash and other liquid assets is defined as the sum of Investments at fair value through profit and loss, liquid, Available-for-sale investments, liquid assets and Cash and cash equivalents. Interest-bearing liabilities is defined as the sum of Long-term interest bearing liabilities, Current portion of long-term interest-bearing liabilities and Short-term borrowings. Each component of net cash is presented within Nokia's Statement of Financial Position. Net cash has limitations as an analytical tool and should not be considered in isolation or as a substitute for analysis of our liquidity position as reported under IFRS. Some of these limitations include: although we include only liquid assets in the calculation, not all assets included in the calculation constitute cash or cash equivalents; the calculation does not reflect all of our liabilities; and the calculation does not distinguish the maturity of our indebtedness included in the calculation. The following table sets forth the calculation of pro forma combined net cash:

EURm	Unaudited Pro Forma Combined as of June 30, 2015
Investments at fair value through profit and loss, liquid assets	570
Available-for-sale investments, liquid assets	3 834

Long-term interest-bearing liabilities	4 306

The unaudited pro forma financial information presented above has been prepared assuming that Nokia acquires 100% of Alcatel Lucent through the Exchange Offer and that a squeeze-out is not effected.

The following sensitivity analysis provides a range of potential outcomes, assuming the minimum ownership interest in Alcatel Lucent of 51%, the ownership at the midpoint of the range of 75% and the impact of the squeeze-out assuming 95% of the outstanding shares are tendered in the Exchange Offer. In the 51% and 75% scenarios, 49% and 25%, respectively, of the carrying amount of OCEANE convertible bonds were assumed to remain outstanding. In the 95% scenario, Nokia has assumed that the remaining 5% is purchased in cash to illustrate the cash consideration alternative and OCEANE convertible bonds fully convert. The adjustments to be made to Pro forma adjustments column in the unaudited pro forma condensed combined statement of financial position as of June 30, 2015 and the unaudited pro forma condensed combined income statements for the six months ended June 30, 2015 and the year ended December 31, 2014 would be as follows:

Table of Contents**RISK FACTORS**

An investment in Nokia Shares or Nokia ADSs involves risks, some (but not all) of which are related to the Exchange Offer. In considering whether or not to tender your Alcatel Lucent Securities in the U.S. Offer, you should carefully consider the information set forth under this section of this exchange offer/prospectus, the risk factors contained in the Alcatel Lucent 2014 Form 20-F (which is incorporated by reference into this exchange offer/prospectus), the risk factors contained in the Nokia 2014 Form 20-F (which is incorporated by reference into this exchange offer/prospectus) and the other information included or incorporated by reference into this exchange offer/prospectus. Each of the matters described in these risk factors could have a material adverse effect on the businesses, financial condition and/or results of operations of Nokia and Alcatel Lucent (together with their respective subsidiaries) individually or as a combined company and on the market price of the Nokia Shares, the Nokia ADSs and the Alcatel Lucent Securities.

Risk Factors Relating to the Exchange Offer and the Squeeze-out

The exchange ratio of the Exchange Offer is fixed and will not be adjusted in case of any changes in the price of the relevant securities. Because the market price of Nokia Shares and Nokia ADSs fluctuates, holders of Alcatel Lucent Securities cannot be certain of the market value of the Nokia Shares or Nokia ADSs that will be issued in connection with the Exchange Offer.

Following the completion of the Exchange Offer, you will receive (i) 0.55 Nokia Share for every Alcatel Lucent Share you validly tender into the Exchange Offer, (ii) 0.55 Nokia ADS for every Alcatel Lucent ADS you validly tender into the Exchange Offer and (iii) Nokia Share for every 2018 OCEANE, Nokia Share for every 2019 OCEANE and Nokia Share for every 2020 OCEANE you validly tender into the Exchange Offer. These exchange ratios are fixed and will not be adjusted in case of any changes in the price of Nokia Shares, Nokia ADSs or Alcatel Lucent Securities. If the price of Nokia Shares or Nokia ADSs decreases, which may occur as the result of a number of reasons (many of which are out of our control), including as a result of the risks described herein, holders of Alcatel Lucent Securities will receive less value for their Alcatel Lucent Securities than the value calculated pursuant to the exchange ratio on the date the Exchange Offer was announced. Because the Exchange Offer may not be completed until the Conditions have been satisfied or waived (please see the section of this exchange offer/prospectus entitled *The Exchange Offer Terms of the Exchange Offer Conditions to the Exchange Offer*), a significant period of time may pass between the commencement of the Exchange Offer and the time that we accept Alcatel Lucent Securities for exchange. Therefore, at the time you tender your Alcatel Lucent Securities pursuant to the U.S. Offer, you will not know the exact market value of the Nokia Shares or Nokia ADSs that will be issued if we accept the Alcatel Lucent Securities for exchange. However, tendered Alcatel Lucent Securities may be withdrawn at any time prior to the time they are accepted for exchange pursuant to the Exchange Offer (except during any subsequent offering period or any period during which the tendered Alcatel Lucent Securities are being counted).

Holders of Alcatel Lucent Securities are urged to obtain current market quotations for Nokia Shares, Nokia ADSs and the relevant Alcatel Lucent Securities when they consider whether to tender their Alcatel Lucent Securities pursuant to the Exchange Offer.

The value of the Nokia Shares and the Nokia ADSs may decrease.

It is likely that the price of the Nokia Shares and the Nokia ADSs will fluctuate, even significantly from time to time, and may not always accurately reflect the value of Nokia and its subsidiaries. The value of the Nokia Shares and the Nokia ADSs may decrease. The prices that investors may realize for their

Table of Contents

holdings of Nokia Shares and Nokia ADSs, when they are able to do so, may be influenced by a large number of factors, including factors beyond our control. In addition, stock markets have in the recent past experienced extreme price and volume fluctuations, which, as well as general economic and political conditions, could have a material adverse effect on the market price of the Nokia Shares or the Nokia ADSs.

The issuance of Nokia Shares pursuant to the Exchange Offer could lead to the share price of Nokia Shares being adversely affected.

In connection with the completion of the Exchange Offer, Nokia expects to issue approximately _____ Nokia Shares. The issuance of these new Nokia Shares could depress the market price of the existing Nokia Shares and Nokia ADSs.

Following the Exchange Offer, Nokia may be unable to successfully implement its business plans or successfully integrate Alcatel Lucent's business or achieve the targeted synergies and other efficiencies.

Nokia and Alcatel Lucent currently operate as independent public companies. After the Exchange Offer, Nokia will be required to allocate significant resources, including management attention, to integrating Alcatel Lucent's business and implementing its post-acquisition business plans. Achieving the anticipated benefits of the Alcatel Lucent acquisition will depend largely on the timely and efficient integration of the business operations of Nokia and Alcatel Lucent and our ability to successfully implement our post-acquisition business plans. The process of integrating Alcatel Lucent into Nokia's existing business involves certain risks and uncertainties, and there can be no assurances that Nokia will be able to integrate the two businesses in the manner or within the timeframe currently anticipated. Potential challenges that Nokia may encounter during the integration process include the following:

the complexities associated with integrating Alcatel Lucent, while simultaneously continuing to provide Nokia's high quality products and services on a consistent basis;

the complexities of integrating Alcatel Lucent, which is a company with different products, services, markets and customers as well as conducting the business that includes areas that are new to Nokia;

the challenges relating to the consolidation of corporate, financial, control and administrative functions, including cash management, foreign exchange/hedging operations, internal and other financing, insurance, financial control and reporting, information technology, communications, compliance and other administrative functions;

the challenges relating to the coordination of research and development, marketing and other support functions;

the inability to retain or motivate key employees of the combined company and recruit needed resources;

disruptions caused for instance by company reorganizations triggered by the acquisition that may result in inefficiency in the organization;

the inability to achieve the targeted organizational changes, efficiencies or synergies in the targeted time or extent or the costs associated with implementing such changes;

possible contractual issues with customers, vendors, licensees or other contractual parties, including, for instance, claims regarding ceasing or renegotiation of existing contracts;

the inability to rationalize as required product lines or retire legacy products and related after-sales services as a result of pre-existing customer commitments;

Table of Contents

loss of, or lower volume of business from, key customers, or the inability to renew agreements with existing customers or achieve new customer relationships, including limitations linked to customer policies as regards to aggregate vendor share or supplier diversity policy;

integration and implementation costs resulting from the acquisition of Alcatel Lucent;

conditions imposed by laws, regulators or industry standards on our businesses or adverse regulatory or industry developments or litigation affecting the combined company, as a result of the Exchange Offer or otherwise;

higher than anticipated costs associated with the transaction, including transaction costs;

potential unknown or larger than estimated liabilities including those related to compliance issues and pension liabilities and unforeseen increased expenses, delays or regulatory conditions associated with the integration and Nokia's ability to mitigate anticipated and contingent liabilities;

potential deterioration of Nokia's and Alcatel Lucent's brands; and

performance shortfalls as a result of the diversion of management's attention caused by completing the Exchange Offer and integrating Alcatel Lucent.

For these reasons, among others, you should be aware that it is possible that the integration process following the Exchange Offer could result in the distraction of Nokia's management, the disruption of Nokia's ongoing business or inconsistencies in its services, standards, controls, procedures and policies, any of which could adversely affect the ability of Nokia to maintain relationships with customers, vendors and employees or could otherwise have a material adverse effect on the business, financial conditions and/or results of operations of Nokia.

Nokia's anticipated benefits from acquiring Alcatel Lucent are based on estimates that are dependent on external factors, and may not be achieved within the envisioned timeframe or at all.

There can be no assurance that Nokia will achieve any of the anticipated benefits of acquiring Alcatel Lucent, including business growth opportunities, cost synergy benefits, increased profitability and other synergy benefits described elsewhere in this exchange offer/prospectus within the timeframe currently estimated by Nokia, or that any such benefits can be achieved at all. The anticipated benefits of acquiring Alcatel Lucent depend, in part, on the efficiency improvement measures that both Nokia and Alcatel Lucent have individually taken in recent years, and are expected to continue to undertake in the near future. While some of these measures have already generated cost savings and operational efficiencies, the full intended benefits of these measures, or any additional initiatives that Nokia or the combined company may take in the future, may not be realized (see Nokia's and Alcatel Lucent's annual reports on Form 20-F for more information about the efficiency improvement measures). Furthermore, there can be no assurance that adverse developments in general economic conditions will not limit, eliminate or delay Nokia's or the combined company's ability to realize anticipated benefits, which could have a material adverse effect on the business, financial condition and/or results of operations of Nokia or Alcatel Lucent.

In addition, the anticipated cost reductions and other benefits expected to arise from acquiring Alcatel Lucent and the integration of Alcatel Lucent into Nokia's existing business as well as related costs to implement such measures are derived from the estimates of Nokia and such estimates are inherently uncertain. The estimates included in this exchange offer/prospectus are based on a number of assumptions made in reliance on the information available to Nokia and management's judgments based on such information, including, without limitation, information relating to the business operations, financial condition and results of operations of Alcatel Lucent. While Nokia believes these estimated

Table of Contents

synergy benefits and related costs are reasonable, the underlying assumptions are inherently uncertain and are subject to a wide variety of significant business, economic, and competitive factors, risks and uncertainties that could cause the actual results to differ materially from those contained in the synergy benefit and related cost estimates.

The completion of the Exchange Offer would constitute a change of control of Alcatel Lucent which would give rise to an obligation to redeem some of Alcatel Lucent's existing indebtedness.

Alcatel Lucent had approximately EUR 3.6 billion aggregate principal amount of outstanding senior notes as of June 30, 2015, of which EUR 2.1 billion contain a change of control provision. Completion of the Exchange Offer would constitute a change of control under the terms of some of Alcatel Lucent's senior notes. Within 30 days following the change of control, Alcatel Lucent must give notice to each holder of such senior notes and offer to repurchase the relevant notes in cash equal to 101% of the aggregate principal amount of the notes repurchased plus accrued and unpaid interest on a date specified in the notice, which must be no earlier than 30 days and no later than 60 days following the day such notice is distributed. Alcatel Lucent may also make a change of control offer in advance of the change of control conditioned on the consummation of the change of control on the basis that a definitive agreement for the change of control is in place. Alcatel Lucent may not be able to obtain sufficient capital to repurchase or refinance Alcatel Lucent's outstanding notes in these circumstances. Failure to repurchase the notes as required would result in an event of default under the terms of the notes, which could put Alcatel Lucent in default under agreements governing its other indebtedness, including the acceleration of the payment of any borrowings thereunder, and may have an adverse effect on the value of Alcatel Lucent Securities and, indirectly, on the value of the Nokia Shares.

The completion of the transactions contemplated by the Exchange Offer would constitute a change of control of Alcatel Lucent which would give rise to an obligation to redeem all of the OCEANES.

If the Exchange Offer is successful (resulting in a change of control of Alcatel Lucent under the terms of the OCEANES), each holder of the OCEANES who did not tender their OCEANES into the Exchange Offer may request that Alcatel Lucent redeem their OCEANES for cash at par plus, as applicable, accrued interest from the last interest payment date for each series of the OCEANES until the early redemption date. Alcatel Lucent may not be able to obtain sufficient capital to repurchase or refinance the OCEANES in these circumstances. Failure to repurchase the OCEANES as required may result in an event of default under the terms of such series of the OCEANES, which could put Alcatel Lucent in default under agreements governing its other indebtedness, including the acceleration of the payment of any borrowings thereunder, and may have an adverse effect on the value of Alcatel Lucent Securities and, indirectly, on the value of the Nokia Shares.

The Exchange Offer will trigger certain provisions contained in certain Alcatel Lucent agreements that may require Alcatel Lucent to make change of control payments or permit a counterparty to an agreement with Alcatel Lucent to terminate that agreement.

Alcatel Lucent is a party to various agreements with third parties, including joint venture agreements, certain financing facilities, pension funds agreements, contracts for the performance of engineering and related work/services, IT contracts, technology and intellectual property rights licenses as well as employment agreements that contain change of control provisions that will be triggered upon the completion of the Exchange Offer. Agreements with change of control provisions typically provide for or permit the termination of the agreement upon the occurrence of a change of control of one of the parties, which can be waived by the relevant counterparties. If Nokia and Alcatel Lucent determine that one or more of such waivers are necessary, Alcatel Lucent will make reasonable efforts to seek and

Table of Contents

obtain these waivers. Although Nokia and Alcatel Lucent believe the likelihood of a material consent being withheld is low, there can be no assurance that such consents will be obtained at all or on favorable terms. The inability to obtain waivers from more than one relevant counterparty could have a material adverse effect on the business, financial condition and/or results of operations at Nokia and Alcatel Lucent.

We have not verified the reliability of the Alcatel Lucent information included in, or incorporated by reference into, this exchange offer/prospectus and, as a result, our estimates of the impact of completion of the Exchange Offer on the pro forma financial information in this exchange offer/prospectus may be incorrect.

In respect of information relating to Alcatel Lucent presented in, or incorporated by reference into, this exchange offer/prospectus, including all Alcatel Lucent financial information, we have relied exclusively upon publicly available information, including information publicly filed by Alcatel Lucent with securities regulatory authorities. Although we have no knowledge that would indicate that any statements contained in this exchange offer/prospectus based upon such reports and documents are inaccurate, incomplete or untrue, we were not involved in the preparation of such information and statements and, therefore, cannot verify the accuracy, completeness or truth of such information or any failure by Alcatel Lucent to disclose events that may have occurred, but that are unknown to us, that may affect the significance or accuracy of any such information. Alcatel Lucent has not provided representatives of Nokia with access to Alcatel Lucent's accounting records, and, therefore, we have not independently verified certain adjustments and assumptions with respect to Alcatel Lucent's financial information in preparing the pro forma financial information presented in this exchange offer/prospectus. Any financial information regarding Alcatel Lucent that may be detrimental to the combined entity and that has not been publicly disclosed by Alcatel Lucent, or errors in our estimates, may have an adverse effect on the benefits we expect to achieve through the Exchange Offer and may result in material inaccuracies in the pro forma financial information included in this exchange offer/prospectus.

The unaudited pro forma condensed combined financial information in this exchange offer/prospectus is presented for illustrative purposes only and may differ materially from the operating results and financial condition of the combined company following completion of the pro forma events.

The unaudited pro forma condensed combined financial information in this exchange offer/prospectus is presented for illustrative purposes only and is not necessarily indicative of what the combined company's actual financial position or results of operations would have been had the pro forma events been completed on the dates indicated. In addition, the unaudited pro forma condensed combined financial information does not purport to project the future financial position or operating results of the combined company. The preparation of the pro forma condensed combined financial information is based upon available information and certain assumptions and estimates that Nokia and Alcatel Lucent currently believe are reasonable. The unaudited pro forma condensed combined financial information reflects adjustments, which are based upon preliminary estimates, to allocate the purchase price to Alcatel Lucent's net assets. The purchase price allocation reflected in this exchange offer/prospectus is preliminary, and the final allocation of the purchase price will be based upon the actual purchase price and the fair value of the assets and liabilities of Alcatel Lucent as of completion of the Exchange Offer. In addition, subsequent to the completion of the Exchange Offer, there may be further refinements of the purchase price allocation as additional information becomes available. Accordingly, the final purchase accounting adjustments may differ materially from the pro forma adjustments reflected in this exchange offer/prospectus. See the section entitled "Unaudited Pro Forma Condensed Combined Financial Information."

The Exchange Offer will affect the trading markets for any Alcatel Lucent Securities not acquired by Nokia and, as a result, their liquidity and market value could be adversely affected.

The completion of the Exchange Offer is conditioned, among others, upon the satisfaction of the Minimum Tender Condition or, if waived by Nokia in its sole discretion, the crossing of the Mandatory Minimum Acceptance Threshold. Nokia's acquisition of Alcatel Lucent Securities below the squeeze-out threshold would decrease both the number of Alcatel Lucent Securities that might otherwise trade publicly and the number of holders of Alcatel Lucent Securities, which could, in turn, also adversely affect the liquidity and market value of the Alcatel Lucent Securities not acquired in the Exchange Offer. In addition, as promptly as practicable following completion of the Exchange Offer and subject to applicable law and Euronext Paris rules, Nokia intends to request Euronext Paris to delist the Alcatel Lucent Shares and OCEANEs from the regulated market of Euronext Paris. Nokia also intends, subject to applicable law, to cause Alcatel Lucent to terminate the Alcatel Lucent deposit agreement and intends to seek to delist the Alcatel Lucent ADSs from the NYSE and, when possible, to deregister the Alcatel Lucent Shares and Alcatel Lucent ADSs under the Exchange Act. This could, in turn, also adversely affect the liquidity and market value of the Alcatel Lucent Securities not acquired in the Exchange Offer.

On opening of the first U.S. business day following the ADS Tender Deadline, the NYSE may suspend trading in the Alcatel Lucent ADSs pending public announcement of the results of the Exchange Offer. Because the results of the Exchange Offer are not expected to be announced up to nine French trading days after the Expiration Date (although we expect the announcement to be made approximately four to five French trading days after the Expiration Date), holders of Alcatel Lucent ADSs who do not tender their Alcatel Lucent ADSs in the Exchange Offer may be unable to trade Alcatel Lucent ADSs on the NYSE during this period. Further, if fewer than 600 000 Alcatel Lucent ADSs would remain outstanding following completion of the Exchange Offer, the NYSE may not resume trading in the Alcatel Lucent ADSs even after the announcement of the results of the Exchange Offer. Holders of Alcatel Lucent ADSs who do not tender their Alcatel Lucent ADSs in the U.S. Offer may therefore be unable to trade their Alcatel Lucent ADSs on the NYSE at any point following expiration of the Exchange Offer.

Alcatel Lucent shareholders will have a reduced ownership and voting interest in the combined company.

Alcatel Lucent shareholders currently have the right to vote in the election of directors of Alcatel Lucent and on certain other matters affecting Alcatel Lucent. Following the Exchange Offer, each Alcatel Lucent shareholder who tendered his or her Alcatel Lucent Shares or Alcatel Lucent ADSs into the Exchange Offer will become a shareholder of Nokia with a percentage ownership of the combined company that is much smaller than the shareholder's percentage ownership of Alcatel Lucent. After completion of the Exchange Offer and assuming that all Alcatel Lucent Securities are tendered into the Exchange Offer or the subsequent offering period, if any, former holders of Alcatel Lucent Securities are expected to own approximately 33.5% of the issued and outstanding Nokia Shares on a fully diluted basis. Because of this, Alcatel Lucent's shareholders, as a group, will have substantially less influence on the management and policies of Nokia than they currently have, as a group, with respect to the management and policies of Alcatel Lucent.

The issuance of additional Nokia Shares may dilute all other shareholdings.

Future issuances of Nokia Shares or other securities may dilute the holdings of shareholders and could materially and adversely affect the price of the Nokia Shares, including the Nokia Shares offered in the Exchange Offer. Nokia may issue additional Nokia Shares or securities convertible into Nokia Shares through directed offerings without pre-emptive rights for existing holders in connection with future

Table of Contents

acquisitions, any share incentive or share option plan or otherwise. Any such additional offering could reduce the proportionate ownership and voting interests of holders of Nokia shares, as well as the earnings per share and the net asset value per share.

Listing of Nokia Shares on Euronext Paris may not succeed as expected or the listing may not take place at all.

In conjunction with the Exchange Offer, Nokia has applied for the Nokia Shares (including the Nokia Shares to be issued in connection with the Exchange Offer) to be listed on Euronext Paris. Nokia expects to request that Admission be approved to take effect prior to the completion of the Exchange Offer. However, the Admission may be delayed or may not be approved in all respects or at all. Failure to list the Nokia Shares on Euronext Paris in the manner expected by Nokia's management, including a delay in such listing, may have a material adverse effect on the completion of the transactions contemplated by the Exchange Offer and on Nokia's and Alcatel Lucent's respective businesses, financial conditions and results of operations. In addition, as a consequence of the listing of the Nokia Shares on Euronext Paris, Nokia will be expected to comply with the requirements applicable to issuers whose shares are listed on Euronext Paris. Compliance with said requirements may give rise to increased administrative work and costs, which may have an adverse effect on the financial position and results of operations of Nokia. Moreover, Nokia cannot predict the extent to which liquidity will develop on Euronext Paris, especially given the existing listing of the Nokia Shares on Nasdaq Helsinki and Nokia ADSs on the NYSE. This could reduce the value of your Nokia Shares and impair your ability to sell your Nokia Shares at the time or price at which you wish to sell them. A lack of liquidity on Euronext Paris may also impair Nokia's ability to raise capital by selling Nokia Shares and may impair Nokia's ability to acquire or invest in other companies, products or technologies by using Nokia Shares as consideration.

Some of Alcatel Lucent's directors and executive officers may have financial interests in the Exchange Offer that are different from or are in addition to those of holders of Alcatel Lucent Securities.

Certain members of the board of directors and management of Alcatel Lucent participated in determining the terms of the Exchange Offer. These individuals may have certain interests in the Exchange Offer that are different from, or in addition to, the interests of holders of Alcatel Lucent Securities generally and that may have caused them to view the proposed transaction more favorably and/or differently than you might.

The Alcatel Lucent board of directors was aware of these interests when it considered the Exchange Offer at its meeting of _____ and determined that _____.

Information on the interests of executive officers and directors of Alcatel Lucent in the Exchange Offer is described in Alcatel Lucent's Solicitation/Recommendation Statement on Schedule 14D-9, which is being distributed to the holders of Alcatel Lucent Securities together with this exchange offer/prospectus and is incorporated herein by reference.

Holders of Nokia ADSs may not be able to exercise voting rights or receive distributions as readily as holders of Nokia Shares.

Holders of Nokia Shares and Nokia ADSs may have to provide certain beneficial ownership information in order to be able to exercise voting rights in respect of their Nokia Shares and to exercise the voting rights of the Nokia Shares underlying their Nokia ADSs. In addition, holders of Nokia ADSs who would like to vote with their underlying Nokia Shares at general meetings of Nokia's shareholders must instruct the Nokia depositary on how to vote these underlying Nokia Shares. Neither Nokia nor the

Table of Contents

Nokia depository can guarantee that you will receive the notice for any general meeting or any voting materials provided by the Nokia depository in time to ensure that you are able to instruct the Nokia depository to vote the Nokia Shares represented by your Nokia ADSs. Furthermore, the Nokia depository and its agents are not responsible for failure to carry out voting instructions or for the manner of carrying out voting instructions. Therefore, there is a risk that your vote may not be carried out in the manner intended and, in such instance, there would be no recourse available to you. You also may not receive the distributions that Nokia makes on the Nokia Shares or any value for them if it is illegal or impracticable for the Nokia depository to make them available to you.

Upon your receipt of Nokia Shares in the U.S. Offer, you will become a shareholder in Nokia, a Finnish corporation, which may change certain shareholder rights and privileges you hold as a shareholder of Alcatel Lucent, a French corporation.

Nokia is a Finnish corporation and is governed by the laws of the Republic of Finland, its articles of association and the rules and regulations applicable to it as a result of the listing of the Nokia Shares on relevant markets from time to time, such as the rules of the Nasdaq Helsinki and the NYSE. Finnish law extends to shareholders certain rights and privileges that may not exist under French law and, conversely, may not extend certain rights and privileges that you currently have as a shareholder of Alcatel Lucent, which is governed by the laws of the French Republic and Alcatel Lucent's articles of association. For a detailed comparison of the rights of Nokia shareholders with the rights of Alcatel Lucent shareholders, please see the section entitled "Comparison of Rights of Holders of Nokia Shares and Alcatel Lucent Shares."

You may be forced to transfer your Alcatel Lucent Securities to Nokia if Nokia conducts a squeeze-out under French law or takes other steps to consolidate its ownership of Alcatel Lucent.

If, at the completion of the Exchange Offer or the subsequent offering period, if any, Nokia owns 95% or more of the share capital and voting rights of Alcatel Lucent (Alcatel Lucent Shares held in treasury being considered as held by Nokia for the purpose of the calculation), Nokia intends to request from the AMF, within three months of the expiration of the French Offer period or the subsequent offering period, if any, the implementation of a squeeze-out for the remaining outstanding Alcatel Lucent Shares. In addition, if, at the completion of the Exchange Offer or the subsequent offering period, if any, Nokia owns 95% or more of the sum of the outstanding Alcatel Lucent Shares and the Alcatel Lucent Shares issuable upon conversion of all of the OCEANEs then outstanding (Alcatel Lucent Shares held in treasury being considered as held by Nokia for the purpose of the calculation), Nokia intends to request from the AMF, within three months of the expiration of the French Offer period or the subsequent offering period, if any, the implementation of a squeeze-out for the remaining OCEANEs.

If Nokia owns less than 95% of the share capital and voting rights of Alcatel Lucent immediately after the completion of the subsequent offering period, then Nokia reserves the right, subject to applicable law, to (i) commence a buy-out offer for the Alcatel Lucent Securities it does not own on the relevant date pursuant to Article 236-3 of the AMF General Regulation if at any time after the completion of the Exchange Offer it owns 95% or more of the voting rights of Alcatel Lucent; (ii) commence at any time a simplified offer for the Alcatel Lucent Securities it does not own on the relevant date pursuant to Article 233-1 et seq. of the AMF General Regulation; (iii) cause Alcatel Lucent to be merged into Nokia or an affiliate thereof, contribute assets to, merge certain of its subsidiaries with, or undertake other reorganizations of, Alcatel Lucent; or (iv) take any other steps to consolidate its ownership of Alcatel Lucent. We do not currently intend to structure any of the foregoing steps so that it would result in the OCEANEs becoming convertible bonds of Nokia Corporation, becoming debt obligations of Nokia Corporation or otherwise convertible into Nokia Shares or Nokia ADSs.

Table of Contents

In addition, Nokia reserves the right, at any time after the completion of the Exchange Offer or the subsequent offering period, as applicable, and subject to applicable law, to cause Alcatel Lucent to redeem at par value plus accrued interest from the date the interest was last paid, to the date set for the early redemption all of the outstanding 2018 OCEANEs, 2019 OCEANEs or 2020 OCEANEs, if less than 15% of the issued OCEANEs of any such series remain outstanding.

As a result of some of the foregoing steps, you may be forced to transfer your Alcatel Lucent Securities to Nokia by operation of law or otherwise.

Any failure by Nokia to promptly complete the squeeze-out of the remaining outstanding Alcatel Lucent Securities could adversely affect the market value of the Nokia Shares and the Nokia ADSs, and Nokia may be unable to fully realize the anticipated benefits of the Exchange Offer.

The completion of the Exchange Offer is conditioned upon the satisfaction of the Minimum Tender Condition or, if waived by Nokia in its sole discretion, the crossing of the Mandatory Minimum Acceptance Threshold. Thus, at the completion of the Exchange Offer, Nokia may own more than 50% but less than 95% of the share capital and voting rights of Alcatel Lucent Shares. Pursuant to the AMF General Regulation, Nokia must own 95% or more of the share capital and voting rights of Alcatel Lucent to implement a squeeze-out of the remaining outstanding Alcatel Lucent Shares, and 95% or more of the sum of the outstanding Alcatel Lucent Shares and the Alcatel Lucent Shares issuable upon conversion of all of the OCEANEs to implement a squeeze-out of the remaining outstanding OCEANEs (Alcatel Lucent Shares held in treasury being considered as held by Nokia for the purpose of the calculation). In addition, under French law, a squeeze-out must be implemented within three months after the expiration of a public offer period or the subsequent offering period, if any, for Alcatel Lucent Securities, such as the Exchange Offer.

Any temporary or permanent delay in acquiring all Alcatel Lucent Securities could adversely affect Nokia's ability to integrate Alcatel Lucent's business, including achieving targeted business benefits and synergies, as well as the market value of the Nokia Shares and Nokia ADSs and Nokia's access to capital and other sources of funding on acceptable terms.

If the Alcatel Lucent Shares remain listed on Euronext Paris for a significant period of time following completion of the Exchange Offer, AMF may not allow a squeeze-out of the remaining outstanding Alcatel Lucent Securities or Euronext Paris may refuse to delist Alcatel Lucent Shares, which would adversely affect Nokia's ability to integrate Alcatel Lucent's business into the Nokia group. In addition, Nokia may be unable to delist Alcatel Lucent ADSs from the NYSE or deregister Alcatel Lucent Shares and Alcatel Lucent ADSs under the Exchange Act, which would result in more onerous regulatory compliance obligations for the combined company and affect Nokia's ability to fully integrate Alcatel Lucent's business into Nokia group.

Consummation of the Exchange Offer may result in adverse tax consequences to Nokia resulting from a change of ownership of Alcatel Lucent.

We have not had access to certain information concerning Alcatel Lucent's tax situation. It is possible that the completion of the Exchange Offer may result in adverse tax consequences arising from a change of ownership of Alcatel Lucent. The tax consequences of a change of ownership of a corporation can lead to an inability to carry-over certain tax attributes, including, but not limited to, tax losses, tax credits and/or tax basis of assets. In addition, the change of ownership may result in other tax costs not normally associated with the ordinary course of business. Such other tax costs include, but are not limited to, stamp duties, land transfer taxes, franchise taxes and other levies. The fact that Nokia is unaware of information relevant to a determination of the potential tax consequences and related costs represents an additional transaction risk.

Certain shareholders may be unable to exercise their pre-emptive rights.

Certain holders of Nokia Shares or Nokia ADSs resident in, or with a registered address in, certain jurisdictions other than Finland, France, or the United States, may not be able to exercise their pre-emptive rights in respect of the Nokia Shares, including the Nokia Shares offered in the Exchange Offer, in any future offerings unless a registration statement, or the equivalent thereof under the applicable laws of their respective jurisdictions, is effective with respect to such Nokia Shares or an exemption from any registration or similar requirements under the applicable laws of their respective jurisdictions is available. In such cases, holders of Nokia Shares or Nokia ADSs who cannot exercise their pre-emptive rights may experience dilution in their holdings in Nokia. Further, if the number of holders of Nokia Shares or Nokia ADSs who cannot exercise their pre-emptive rights is large and the subscription rights of holders of Nokia Shares or Nokia ADSs are sold on the market, this could have an adverse effect on the price of the subscription rights.

Future sales of Nokia Shares may depress the price of the Nokia Shares.

The market price of the Nokia Shares, including the Nokia Shares offered through the Exchange Offer, could decline as a result of sales of a large number of Nokia Shares in the market after the Exchange Offer or the perception that these sales could occur. These sales, or the possibility that these sales may occur, could also make it more difficult for Nokia to sell equity securities in the future at a time and price that it deems appropriate.

The amount of dividend and equity return distributed to shareholders for each financial period is uncertain.

Nokia cannot assure that it will pay dividends or equity return on the shares issued by it, nor is there any assurance as to the amount of any dividend or return of equity it might pay. The payment and the amount of any dividend or return of equity will be subject to the discretion of Nokia's board of directors and, ultimately, the general meeting of Nokia's shareholders and will depend on available cash balances, retained earnings, anticipated cash needs, the results of Nokia's operations, its financial condition and any loan agreement restrictions binding Nokia as well as other relevant factors. See sections *The Transaction*, *Intentions of Nokia over the next twelve month period*, *Dividend Policy* and *Description of the Nokia American Depositary Shares*, *Dividends and Distributions*.

Risk Factors Relating to Nokia's Business and Financing

Should the current uncertain market conditions continue or deteriorate, Nokia or the combined company may not be able to receive sufficient financing.

General uncertainty as well as adverse developments in the financial market and general economic conditions, in particular, effects of the continued uncertainty or worsening of the current economic and financial situation, for instance in Greece and Puerto Rico, could have a material adverse effect on Nokia's ability to obtain sufficient financing needed by Nokia to carry out its business after completion of the Exchange Offer. The uncertain market conditions may mean that the price of the financing needed by Nokia will increase and that it will be less readily available. Nokia could, at any given point in time, encounter difficulties in raising funds and, as a result, lack the access to liquidity it needs, which in turn may have a material adverse effect on the business, financial condition and/or results of operations of Nokia and Alcatel Lucent.

Nokia's or the combined company's ability to make scheduled payments on its debt is subject to general economic, financial, competitive, market, regulatory and other factors that may be beyond its control. There can be no assurance that Nokia's or the combined company's operations will continue to generate sufficient cash flow to allow it to service its debt, to fund its working capital, pension

programs, capital expenditure and research and development requirement and to engage in future acquisitions. Failure to do so could have a material adverse effect on the business, financial condition and/or results of operations of Nokia and Alcatel Lucent.

Nokia's or the combined company's credit ratings may not reflect all risks and may not improve in the future.

Moody's and Standard & Poor's have assigned credit ratings to Nokia. These ratings may not reflect the potential impact of all risks relating to Nokia's business or the potential impact of the combination with Alcatel Lucent. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time. Should Nokia's credit rating be downgraded, this could increase the financial costs of Nokia and thereby have a material adverse effect on the business, financial condition and/or results of operations of Nokia and Alcatel Lucent.

Nokia has set a goal of re-establishing its investment grade credit rating. Although Moody's and Standard & Poor's upgraded Nokia's credit rating in 2014 with a positive outlook, there can be no assurance that Nokia or the combined company may in the future achieve an investment grade credit rating at the targeted time or at all. Failure to obtain an investment grade credit rating may have a material adverse effect on the business, financial condition and/or results of operations of Nokia and Alcatel Lucent.

In addition to the risks described herein, you should read and consider risk factors specific to Nokia's businesses that will also affect the combined company after the Exchange Offer, described in the Nokia 2014 Form 20-F or in Nokia's Report on Form 6-K, furnished to the SEC on August 14, 2015 and all of which are incorporated by reference into this exchange offer/prospectus.

Risk Factors Relating to Alcatel Lucent's Business

In addition to the risks described herein, you should read and consider risk factors specific to Alcatel Lucent's businesses that will also affect the combined company after the Exchange Offer, described in the Alcatel Lucent 2014 Form 20-F or in Alcatel Lucent's Report on Form 6-K, furnished to the SEC on August 5, 2015 and all of which are incorporated by reference into this exchange offer/prospectus (other than the constant currency statements in the segment and division discussion).

Risk Factors Relating to the Proposed Sale of our HERE business

The proposed sale of Nokia's HERE business may not be completed in a timely manner, or at all.

The outcome, transaction timeline and closing of the proposed sale of Nokia's HERE business may not materialize as expected, or at all. The conditions precedent for the sale of the HERE business, including regulatory conditions, may fail to be satisfied, and thus the transaction may fail to close. In addition, in connection with the sale of Nokia's HERE business, the intellectual property portfolio of HERE is transferred to the buyers of the business and Nokia would no longer benefit from its use.

Furthermore, in connection with the sale of Nokia's HERE business, Nokia has committed to indemnify the buyers with respect to certain losses that may be suffered by the buyers. Significant indemnification claims by the buyers with respect to the sale of the HERE business could have a material adverse effect on Nokia's financial condition.

Also, if Nokia fails to sell its HERE business following the public announcement of the proposed sale, it may have an adverse effect on HERE's brand, customer and supplier relationships and its reputation. This is particularly the case given that Nokia proposes to sell HERE to a consortium comprising some of HERE's top key automotive customers.

Table of Contents

If the proposed sale of the HERE business fails to complete, it could have a material adverse effect on the business, financial condition and/or results of operations of Nokia, or on the combined results of operation of Nokia and Alcatel Lucent following Completion of the Exchange Offer.

The proposed sale of our HERE business may be time-consuming and divert management attention.

The proposed sale of our HERE business may be time-consuming and divert the efforts and focus of our management and other key employees from their day-to-day business responsibilities.

THE TRANSACTION

Background of the Exchange Offer

The following summarizes the material events (but only those material events) that led to the signing of the Memorandum of Understanding and the commencement of the Exchange Offer and does not purport to catalogue every conversation or meeting among representatives of Nokia and Alcatel Lucent.

In the ordinary course of business, Nokia and Alcatel Lucent each periodically reviews and evaluates industry developments and strategic options to enhance its respective shareholder value, including assessing potential strategic options and business acquisitions and combinations and engaging in preliminary discussions with other industry participants.

On July 19, 2013, Stephen Elop, the then President and Chief Executive Officer of Nokia, and Michel Combes, Chief Executive Officer of Alcatel Lucent, met in Brussels, Belgium, to discuss various strategic options involving Nokia and Alcatel Lucent, including a potential combination of Nokia Solutions and Networks with Alcatel Lucent, or a potential combination of Nokia Solutions and Networks and Alcatel Lucent's wireless business.

In August and September 2013, following the initial discussions between the Chief Executive Officers of Nokia and Alcatel Lucent, further meetings and telephone conversations were held involving Timo Ihamuotila, Executive Vice President and Chief Financial Officer, from Nokia and Jesper Ovesen, the then Executive Chairman of Nokia Solutions and Networks, and Philippe Camus, Chairman of Alcatel Lucent, Michel Combes and Jean Raby, Chief Financial and Legal Officer, from Alcatel Lucent. These discussions focused on high level issues with respect to a potential combination of Nokia Solutions and Networks and Alcatel Lucent, including various scenarios for the structuring of any such combination. The Nokia board of directors was updated on these discussions in its meetings on September 17 and 29, 2013.

On October 2, 2013, Risto Siilasmaa, Chairman of the Nokia board of directors and Timo Ihamuotila met with Philippe Camus and Michel Combes in London, England, at the offices of Sullivan & Cromwell LLP (Sullivan & Cromwell), external legal advisor to Alcatel Lucent, with Philippe Camus participating via a video conference link from New York to discuss the potential combination of Nokia Solutions and Networks and Alcatel Lucent at a conceptual level. At this meeting, Nokia representatives indicated that timing of any discussions was not optimal from Nokia's perspective given the then ongoing sale of Nokia's Devices and Services business to Microsoft.

Between October 2013 and March 2014, the Nokia board of directors received updates on the discussions with Alcatel Lucent representatives and discussed various strategic options available for Nokia Solutions and Networks in its meetings.

Between October 2013 and May 2014, Nokia and Alcatel Lucent engaged in periodic contacts to assess willingness to reengage on discussions of a potential strategic transaction and continued high level discussions on possible transaction terms and structures during this period.

On April 30, 2014, Nokia's board of directors met and reviewed in detail different strategic options for Nokia's networks business. It was concluded that assets of Alcatel Lucent—either the wireless business or the entire Alcatel Lucent—constituted the best strategic fit for Nokia. Representatives of Nokia subsequently contacted representatives of Alcatel Lucent to re-engage on discussions of a potential strategic transaction.

Table of Contents

In the summer of 2014, substantive discussions between Nokia and Alcatel Lucent resumed following a call between Timo Ihamuotila and Jean Raby, where Alcatel Lucent proposed to contribute its wireless business to Nokia Solutions and Networks in return for a minority interest in the enlarged Nokia Solutions and Networks. The scope of the contribution excluded legacy pension liabilities in the United States, which would have remained with Alcatel Lucent. There were no further discussions on a combination of Nokia Solutions and Networks and Alcatel Lucent.

On July 29, 2014, a Nokia team led by Samih Elhage, Executive Vice President and Chief Financial and Operating Officer of Nokia Networks met with Alcatel Lucent representatives, including Jean Raby, Remi Thomas, Senior Vice President Mergers & Acquisitions of Alcatel Lucent, and Philippe Keryer, Chief Strategy and Innovation Officer of Alcatel Lucent, in Paris, France, to discuss at a high level the potential contribution of Alcatel Lucent's wireless business to Nokia Solutions and Networks in return for a minority interest in the enlarged Nokia Solutions and Networks.

On August 6, 2014, Timo Ihamuotila and Samih Elhage had a telephone conversation with Jean Raby concerning a potential contribution of Alcatel Lucent's wireless business to Nokia Solutions and Networks in return for a minority interest in the enlarged Nokia Solutions and Networks. The discussion focused on the strategic rationale for such transaction and the potential structuring matters.

Throughout August 2014, there were a series of telephone discussions involving representatives of Nokia, including Timo Ihamuotila and Samih Elhage, and representatives of Alcatel Lucent, including Jean Raby and Philippe Keryer, regarding the potential contribution of Alcatel Lucent's wireless business to Nokia Solutions and Networks in return for a minority interest in the enlarged Nokia Solutions and Networks, particularly around the scope of the assets to be contributed, the terms of any non-compete and a strategic partnership in IP routing. Nokia and Alcatel Lucent concluded that it was not possible to arrive at satisfactory terms for the potential contribution of Alcatel Lucent's wireless business to Nokia Solutions and Networks in return for a minority interest in the enlarged Nokia Solutions and Networks, largely as a result of remaining overlap in the businesses and the potential conflicts created by Alcatel Lucent holding a minority interest in the enlarged Nokia Solutions and Networks business. Nokia and Alcatel Lucent agreed they would continue to explore other possible strategic transactions that would not raise similar concerns, including a sale of Alcatel Lucent's wireless business to Nokia.

On September 4, 2014, Nokia and Alcatel Lucent agreed to actively discuss a possible sale of Alcatel Lucent's wireless business to Nokia and entered into a non-disclosure agreement.

On September 15, 2014, Nokia representatives, including Timo Ihamuotila, Maria Varsellona, Executive Vice President and Chief Legal Officer of Nokia and Samih Elhage met in London, England, with Jean Raby, Remi Thomas and Philippe Keryer, to discuss a potential sale of Alcatel Lucent's wireless business to Nokia and the mechanics for a potential carve out of Alcatel Lucent's wireless business from the rest of Alcatel Lucent.

Between September 15, 2014 and September 22, 2014, representatives of Nokia and Alcatel Lucent engaged in several telephonic discussions and exchanged emails with respect to a potential acquisition of Alcatel Lucent's wireless business by Nokia. The discussions focused on the carve out of Alcatel Lucent's wireless business from the rest of Alcatel Lucent and matters related to the treatment of Alcatel-Lucent Shanghai Bell, Co. Ltd. (ASB), a joint venture between Alcatel Lucent and China Huaxin Post and Telecommunication Economy Development Center, in connection with a potential transaction between Nokia and Alcatel Lucent.

On September 22, 2014, Nokia representatives, including Samih Elhage, together with representatives of J.P. Morgan Limited (J.P. Morgan), financial advisor to Nokia, and Skadden, Arps, Slate,

Meagher & Flom LLP (Skadden Arps), external legal advisor to Nokia, participated in an Alcatel Lucent management presentation in Chicago, Illinois, U.S., with respect to Alcatel Lucent's wireless business. The presentation was led by Dave Geary, Alcatel Lucent President of Wireless, Steven Sherman, Chief Financial Officer of Wireless, and Remi Thomas, and was also attended by the representatives of Zaoui & Co. Ltd. (Zaoui), financial advisor to Alcatel Lucent, and Sullivan & Cromwell.

On September 28, 2014, Rajeev Suri, President and Chief Executive Officer of Nokia, called Michel Combes and indicated that, subject to the approval of the Nokia board of directors and other customary conditions, including completion of due diligence, Nokia would be prepared to submit a non-binding offer to purchase Alcatel Lucent's wireless business for approximately EUR 600 million. Mr. Combes advised Mr. Suri that a purchase price of EUR 600 million would be insufficient for management to recommend the transaction to Alcatel Lucent's board of directors, but that Alcatel Lucent would continue to negotiate and conduct due diligence exercises with a view to improving the terms of the transaction. Following further negotiations and due diligence, Nokia indicated that it would be prepared to offer up to EUR 1.1 billion for the purchase of Alcatel Lucent's wireless business, subject to the approval of the Nokia board of directors and other customary conditions, including completion of due diligence.

On October 6, 2014, Nokia representatives, including Timo Ihamuotila and Samih Elhage, together with representatives of J.P. Morgan and Skadden Arps, participated in an Alcatel Lucent management presentation in Paris, France, at the offices of Sullivan & Cromwell focusing on the carve-out of Alcatel Lucent's wireless business. The presentation was led by Dave Geary and Remi Thomas, and was also attended by Jean Raby and the representatives of Zaoui and Sullivan & Cromwell.

On October 13, 2014, the Nokia board of directors held a conference call meeting, where it resolved to authorize the management of Nokia to make a non-binding offer to acquire Alcatel Lucent's wireless business.

On October 15, 2014, Nokia sent a letter to Alcatel Lucent with a non-binding indicative offer for the acquisition of Alcatel Lucent's wireless business. The letter offered to acquire Alcatel Lucent's wireless business (with such scope as identified in the letter and including Alcatel Lucent's interest in the wireless business of ASB, but excluding Alcatel Lucent's interest in the non-wireless business of ASB) for EUR 1.15 billion cash payable at closing of the transaction plus EUR 250 million cash payable post-closing, subject to Nokia's ability to repatriate certain cash funds held by Alcatel Lucent's wireless business. The letter included several assumptions and numerous conditions, including performance of a due diligence review of Alcatel Lucent's wireless business to Nokia's satisfaction, the delivery to Nokia of a comprehensive plan for the carve out of Alcatel Lucent's wireless business from Alcatel Lucent, completion of the carve out in all material respects before closing of the transaction, negotiation of definitive documentation to implement the transaction, and closing conditions (including Nokia's request to condition the transaction on obtaining consent from key customers of Alcatel Lucent).

Between October 19, 2014 and November 3, 2014, representatives of Nokia, including Timo Ihamuotila and Maria Varsellona, representatives of Alcatel Lucent, including Jean Raby and Remi Thomas, and the representatives of J.P. Morgan, Zaoui, Skadden Arps and Sullivan & Cromwell participated in a series of conference calls, discussing Nokia's non-binding indicative offer letter and its terms and conditions. The discussions focused on Nokia's indicative price, the process for carving out Alcatel Lucent's wireless business from the rest of the company, the scope of and responsibility for regulatory conditions, and other closing conditions (including Nokia's request to condition the transaction on obtaining consent from key customers of Alcatel Lucent). The discussion also focused on the process for carving out the wireless business of ASB from the rest of ASB, which would have required the consent of Alcatel Lucent's joint venture partner in ASB.

Mr. Ihamuotila stated that Nokia would like to engage in a due diligence review of Alcatel Lucent with a view to a potential acquisition of Alcatel Lucent by Nokia. Mr. Ihamuotila and Mr. Raby agreed that Nokia would perform limited due diligence review of Alcatel Lucent, focusing on Alcatel Lucent's pension liabilities, intellectual property and regulatory and compliance matters. On January 29, 2015, representatives of Nokia sent to representatives of Alcatel Lucent a due diligence request list for such review. Alcatel Lucent provided reciprocal due diligence requests, and engaged in due diligence and valuation exercises in respect of Nokia.

On January 27, 2015, representatives of Nokia, including Maria Varsellona and Samih Elhage, and representatives of J.P. Between February 13, 2015 and February 17, 2015, representatives of Nokia and Alcatel Lucent held a series of telephone conversations, discussing the term sheet for a potential acquisition of Alcatel Lucent's wireless business by Nokia. At the conclusion of these discussions, a number of material issues set forth in the draft term sheet remained outstanding and unresolved, including closing conditions (including Nokia's request to condition the transaction on obtaining consents from key customers of Alcatel Lucent) and the timeline and conditions for the planned carve out and related possible price implications. As a result of the negotiations and discussions to date, Nokia and Alcatel Lucent also viewed a potential acquisition of Alcatel Lucent's wireless business by Nokia as having significant obstacles to execution associated with the process for carving out Alcatel Lucent's wireless business from the rest of the company, the process for carving out the wireless business of ASB from the rest of ASB and the response of customers and other stakeholders to a carve-out transaction, and that a full combination of the businesses of Nokia and Alcatel Lucent could be comparatively advantageous from both a strategic and a value creation standpoint. In particular, certain customers of Alcatel Lucent had proactively expressed concerns about the potential disruption to business that a sale of Alcatel Lucent's wireless business would entail, given the long period needed to separate the wireless business from the other businesses of Alcatel Lucent. Nokia and Alcatel Lucent also recognized that a combination would be consistent with market preference for large vendors with scale and scope, particularly in 5G. Following February 17, 2015, Nokia and Alcatel Lucent did not resume substantive discussions with respect to a potential acquisition of Alcatel Lucent's wireless business by Nokia and did not execute any additional documentation with respect to any such transaction.

Table of Contents

Nokia considers that apart from the publicly available information or the information contained in this exchange offer/prospectus, it has not received specific information relating to, directly or indirectly, Alcatel Lucent and its subsidiaries and which would be likely, if made public, to have a significant influence on the share price of Alcatel Lucent Securities.

Reasons for the Exchange Offer

We believe that the combination of Nokia's and Alcatel Lucent's businesses will create significant value for stakeholders of both companies. Following the completion of the Exchange Offer, Nokia will be well-positioned to create the foundation of seamless connectivity for people and things wherever they are. We believe that this foundation is essential for enabling the next wave of technological change, including the Internet of Things and transition to the cloud.

The strategic rationale for combining the two companies includes:

creation of end-to-end portfolio scope and scale player with leading global positions across products, software and services to meet changing industry paradigms;

complementary offerings, customers and geographic footprint;

enhanced research and development capabilities creating an innovation powerhouse with significant combined R&D resources;

the recent execution track-record on both sides and common vision for the future;

the opportunity to realize significant cost savings and other synergies; and

the development of a robust capital structure and strong balance sheet.

End-to-end portfolio scope and scale player with leading global positions across products, software and services to meet changing industry paradigms

The driver of the changes we are seeing in the world around us and the demands being placed on the networks of the future are increasingly complex. Demand for seamless and ubiquitous access is combining with ever-increasing requirements for network analytics and network intelligence. We believe that this is requiring broader, deeper, and more sophisticated end-to-end capabilities, which very few companies can offer.

The growing complexity of product demands are set against a number of other shifting industry paradigms. Customer consolidation has been ongoing for a number of years now and has created fewer, larger players with broader global needs. Convergence is happening rapidly across both fixed and mobile, as well as IP and cloud. Virtualization is leading to increased network efficiency and scalability. Furthermore, web scale companies and certain large enterprise verticals are growing as a customer base for carrier-grade technologies

Combining Nokia with Alcatel Lucent will bring together the complementary capabilities of both companies with an end-to-end portfolio of software, services and products, which will be weighted towards next-generation technologies enabling us to provide better solutions to customers and access new opportunities in an expanded, addressable market.

Following the completion of the Exchange Offer, the combined company is expected to be a leader in technologies such as fixed broadband, LTE, IP routing, cloud applications and advanced analytics, positioning the company as either the number one or two player in most key business areas. We expect to have the scale to service the very largest global multinational customers with a broader range of products, software and services across a wider geographic footprint, which we believe will

Table of Contents

make us the strategic partner of choice for the long term. We believe that the Exchange Offer provides a very compelling path to achieving and accelerating the long term strategies vision that Nokia has laid out in its 10-year strategy to be a global technology leader in the programmable world.

Complementary offerings, customers and geographic footprint

The Exchange Offer brings together two businesses which we believe have highly complementary portfolios and geographies, bringing together the best of fixed and mobile, IP routing, core networks, cloud applications and services. Together, Nokia and Alcatel Lucent will have particular strength in the United States, China, Europe and Asia-Pacific. We believe that the combined company will be positioned to target a larger addressable market with an improved growth profile. Based on our estimates, the addressable market of the combined company in 2014 was approximately 50% larger than the current addressable networks market for Nokia alone, increasing from approximately EUR 84 billion to approximately EUR 130 billion. Based on Nokia's internal estimates, the combined company is expected to have a stronger growth profile than Nokia's current addressable market, and we estimate, based on our internal data, that the addressable market of the combined company would enjoy a Compound Annual Growth Rate (CAGR) of approximately 3.5% for 2014-2019.

Enhanced research and development capabilities creating an innovation powerhouse with significant combined R&D resources

The combined company will have significant innovation capabilities, with Alcatel Lucent's Bell Labs and Nokia's FutureWorks, as well as Nokia Technologies. The latter is expected to stay as a separate entity with a clear focus on licensing and the incubation of new technologies.

With more than 40 000 research and development employees, of which over 30 000 are software engineers, and combined 2014 research and development spending of EUR 4.7 billion, the combined company will be well positioned to accelerate development of future technologies including 5G, IP and software-defined networking, cloud and analytics, as well as digital health and digital media, bringing significant benefits to its customers.

The recent execution track-record on both sides and common vision for the future

We believe that both companies are in a far better position to combine at this point in time and the combination is being conducted from a position of strength. Both companies have recently improved their operational efficiency and agility through significant restructurings, Nokia has purchased Siemens share of Nokia Siemens Network, divested substantially all of its Devices & Services business to Microsoft and has announced the pending disposal of our HERE digital mapping and location services business, while Alcatel Lucent is coming to the end of the Shift plan.

Through its restructuring program, Nokia became a leader in Mobile Broadband while strengthening its financial position and having achieved one of the industry-leading profitabilities. Similarly, Alcatel Lucent has rebuilt its capital base through refinancings and divestments and refocused on IP Networking, Cloud and Ultra Broadband, leading to Alcatel Lucent's improvement in profitability and free cash flow. We expect to build on these learnings to make the expected integration of Nokia and Alcatel Lucent as seamless as possible.

Both companies share a common vision for the future, and believe that this transaction is the next logical step of our successful transformations and at the right time for both companies. Following the completion of the Exchange Offer, Nokia is expected to be well positioned to create the foundation of seamless connectivity which we believe is essential for enabling the next wave of technological change in our industry.

The opportunity to realize significant cost savings and other synergies

The combined company would target approximately EUR 900 million of operating cost synergies to be achieved on a full year basis in 2019, assuming completion of the Exchange Offer no later than the end of the first half of 2016. The operating cost synergies are expected to create a long-term structural cost advantage, coming from a wide range of areas, including:

organizational streamlining, rationalization of overlapping products and services, central functions, and regional and sales organizations;

reduction of various overhead costs in real estate, manufacturing and supply-chain, information technology and overall general and administrative expenses, including redundant public company costs;

procurement given expanded purchasing requirements of the combined company; and

R&D efficiencies, particularly in wireless.

The combined company would also target approximately EUR 200 million of reductions in interest expenses to be achieved on a full-year basis in 2017. The transaction is expected to be accretive to Nokia earnings on a non-IFRS basis (excluding restructuring charges and amortization of intangibles) in 2017. These targets both assume completion of the Exchange Offer no later than the end of the first half of 2016.

The development of a robust capital structure and strong balance sheet

The combined company will benefit from enhanced financial resources for growth and investment purposes. The combined company is expected to have a strong balance sheet, which will support our ambition to re-establish our long-term investment-grade rating. Assuming conversion of all OCEANES and completion of the sale of our HERE business, the pro forma net cash position of the combined company at June 30, 2015 would have been EUR 8.1 billion and pro forma cash and cash equivalents of the combined company at June 30, 2015 would have been EUR 10.5 billion. Net cash is a non-IFRS financial measure. Refer to Selected Unaudited Pro Forma Combined Financial Information for a description of how we define and calculate net cash. Following the completion of the Exchange Offer, Nokia intends to evaluate the resumption of a capital structure optimization program for the combined group, and remains committed to having an efficient capital structure.

Intentions of Nokia over the next twelve months

The following information sets out Nokia's intention with respect to Alcatel Lucent over the twelve month period immediately after a successful completion of the Exchange Offer or the subsequent offering period, if any.

Following a completion of the subsequent offering period, if any, for so long as Nokia owns less than 100% of the Alcatel Lucent Securities, its ability to implement its intentions described in this section may be limited by the applicable provisions of French corporate law. In particular, pursuant to French corporate law, any transaction between Alcatel Lucent and Nokia which is neither in the ordinary course nor on an arm's-length basis would be subject to the prior approval of Alcatel Lucent's board of directors (with the Nokia-nominated directors unable to vote on the resolution) and would also need to be subsequently ratified by Alcatel Lucent's shareholders' meeting (with Nokia unable to vote on the resolution and Alcatel Lucent Shares held by Nokia excluded from the quorum). However, Nokia, as an Alcatel Lucent shareholder, would be allowed to vote its Alcatel Lucent Shares with respect to any shareholder resolution to merge Alcatel Lucent and Nokia or any of its subsidiaries. Nokia does not currently anticipate that any such limitations would have a significant effect on its ability to implement its intentions over the twelve-month period immediately after the successful completion of the subsequent offering period, as outlined below.

Industrial, commercial and financial strategy and policy

If the Exchange Offer is successful, it is expected to create an innovation leader in next generation technology and services for an IP-connected world. The headquarters of the combined company would be in Finland with strategic business locations and major R&D centers in France, as well as other countries including Germany, the United States and China. The strategic goal of the combination is to create a combined company with an end-to-end portfolio scope and scale and leading global positions across next generation network technologies and services.

Table of Contents

We believe that Nokia and Alcatel Lucent have highly complementary assets, technologies and portfolios, bringing together fixed and mobile broadband, IP routing, core networks, cloud applications and services, as well as complementary geographical exposures, with particular strength in the United States, China, Europe and Asia-Pacific.

The combination is expected to create access to an expanded addressable market. In addition, together the companies are expected to be better equipped to meet the increasingly complex needs of customers globally given the industry trends: global Telco consolidation and convergence; expansion to quad-play offerings and delivering seamless experiences across multiple screens and applications; timing of the 5G investment cycle; and transition to the cloud.

The combined company would also utilize its unique innovation capabilities and is expected to be in a position to accelerate development of future technologies including 5G, IP and software-defined networking, cloud and analytics.

Also, Nokia expects to maintain its long term financial target to return to an investment grade credit rating and intends to manage the capital structure of the combined company accordingly, including by retaining adequate gross and net cash positions and by proactively reducing indebtedness. Nokia's intention to optimize its capital structure includes intention to maintain an efficient capital structure and intention to continue annual dividend payments following the completion of the Exchange Offer. Nokia also intends to evaluate the resumption of a capital structure optimization program for the combined group following the completion of the Exchange Offer.

The combined company would target approximately EUR 900 million of operating cost synergies in 2019 in addition to the remaining reduction targets under Alcatel Lucent's current Shift Plan. These synergies are expected to be derived from four main areas:

organizational streamlining, including support functions and regional and sales organizations;

infrastructure costs, including reduction of various overhead costs in real estate, manufacturing and supply-chain infrastructure, information technology, and overall general and administrative expenses, including redundant public company costs;

procurement, given expanded purchasing requirements of the combined company; and

R&D, particularly in wireless.

In addition, the combined company would target approximately EUR 200 million of reductions in interest expenses in 2017 by reducing outstanding indebtedness.

The transaction is structured as an acquisition of Alcatel Lucent by Nokia, with a clear governance structure for the execution of the integration.

We have appointed an Integration Planning Head, who reports directly to Rajeev Suri, President and Chief Executive Officer of Nokia.

Integration planning is done separately from our day-to-day operations, in order to minimize disruption to the ongoing business and to allow our employees to continue to focus on delivering successful business results, as well as comply with applicable competition laws and regulations.

We will dedicate our integration efforts to business areas with highest impact for example wireless infrastructure, sales and channel operations and support functions to ensure maximum competitiveness and innovation once we start the combined operations.

Management of Nokia and Alcatel Lucent

It is contemplated that following the completion of the Exchange Offer, Nokia's corporate governance structure will include the following:

Chairman of the board of directors: Risto Siilasmaa.

President and Chief Executive Officer: Rajeev Suri.

Nokia's board of directors having nine or ten members, including _____, _____ and _____, who have been nominated jointly by the Corporate Governance & Nomination committee of the Nokia board of directors and by Alcatel Lucent, one of whom is expected to serve as Vice Chairman of Nokia.

Leadership team built on strengths of both Nokia and Alcatel Lucent.

In addition, on October 7, 2015 Nokia announced the planned leadership and organizational structure for the combined company. However, no resolution regarding the composition of the Nokia Leadership team following the completion of the Exchange Offer has been made.

Concerning Alcatel Lucent, in the case of success of the Exchange Offer Nokia intends to change the composition of Alcatel Lucent's board of directors in order to reflect the percentage of Alcatel Lucent Shares held by Nokia and intends to obtain the majority of Alcatel Lucent's board of directors as soon as possible following the Exchange Offer.

Intentions of Nokia with respect to employment in France

In the context of the proposed combination with Alcatel Lucent and subject to its consummation, the commitments of Nokia in France relating to employment are the following:

Follow the Shift plan commitments regarding the level of employment in France, for a period of at least two years after the Completion of the Exchange Offer. The base comprises Alcatel Lucent France/International (ALUI) operational heads (excluding branches), Bell Labs France, RFS (Radio Frequency Systems) and excluding ASN (Alcatel-Lucent Submarine Networks) and Eu factory (Landing point of the reference perimeter is 4200 Headcount and excluding RFS unit). Nokia will maintain resources from its French operations throughout the reference period to support its customers in France;

Increase significantly and sustainably the R&D presence in France scaling up 5G, IP network management platforms (incl. Software Defined Networking) and cyber-security with employment evolving from 2000 people to 2500 people including the recruiting of at least 300 newly graduated talents over the coming three years. The R&D employment level will be maintained for a period of at least four years after the Completion of the Exchange Offer;

Edgar Filing: NOKIA CORP - Form F-4/A

Localize in France worldwide technology centers of expertise following the Completion of the Exchange Offer, including in the areas of:

IP management platforms (incl. Software Defined Networking);

Cyber Security (research, product development and platforms) while continuing to leverage the partnership established by Alcatel Lucent with Thalès;

Bell Labs; and

Wireless Transmission;

A major worldwide corporate organization in charge of strategic innovation including networks research and Bell Labs will be led from France and will comprise key staff members;

Maintain some operations and activities at operational hubs located in France and providing services to other locations in the world following the consummation of the transaction, including in the areas of:

Local support services;

Local pre- and post-sales resources for France and selected European & African countries;

Take all necessary measures to find sustainable solutions for the French employees who could be impacted by the rationalization of corporate activities between Nokia and Alcatel Lucent.

Synergies

The combined company would target approximately EUR 900 million of operating cost synergies to be achieved on a full-year basis in 2019, assuming completion of the Exchange Offer no later than the end of the first half of 2016. The operating cost synergies are expected to create a long-term structural cost advantage, coming from a wide-range of areas, including:

organizational streamlining, rationalization of overlapping products and services, central functions, and regional and sales organizations;

reduction of various overhead costs in real estate, manufacturing and supply-chain, information technology and overall general and administrative expenses, including redundant public company costs;

procurement given expanded purchasing requirements of the combined company; and

R&D efficiencies, particularly in wireless.

The combined company would also target approximately EUR 200 million of reductions in interest expenses to be achieved on a full-year basis in 2017. The transaction is expected to be accretive to Nokia earnings on a non-IFRS basis (excluding restructuring charges and amortization of intangibles) in 2017. These targets both assume completion of the Exchange Offer no later than the end of the first half of 2016.

Dividend Policy

Nokia does not have a quantitative distribution policy but it does generally view annual dividends as an important mechanism to return value to its shareholders. The proposals for dividend distribution of Nokia and, until the squeeze-out, if any, is implemented, Alcatel Lucent will continue to be determined by their respective managing bodies as regards their distribution capabilities, financial situation and the needs for the companies.

Alcatel Lucent has not distributed any dividends in the last 6 fiscal years.

Table of Contents

Squeeze-out

If, at the completion of the Exchange Offer or the subsequent offering period, as the case may be, Nokia owns 95% or more of the share capital and voting rights of Alcatel Lucent (Alcatel Lucent Shares held in treasury being considered as held by Nokia for the purpose of the calculation), Nokia intends to request from the AMF, within three months of the expiration of the French Offer period or the subsequent offering period, if any, the implementation of a squeeze-out for the remaining outstanding Alcatel Lucent Shares.

If, at the completion of the Exchange Offer or, if applicable, the subsequent offering period Nokia owns 95% or more of the sum of the outstanding Alcatel Lucent Shares and Alcatel Lucent Shares issuable upon conversion of all of the OCEANES (Alcatel Lucent Shares held in treasury being considered as held by Nokia for the purpose of the calculation), Nokia intends to request from the AMF, within three months of the expiration of the French Offer period or the subsequent offering period, if any, the implementation of a squeeze-out for the remaining OCEANES.

To implement any of the foregoing squeeze-out processes, Nokia will file with the AMF a new offer document, which must be cleared by the AMF. The AMF clearance will depend, among other things, on the evaluation of Alcatel Lucent Securities provided by Nokia and the fairness report of the independent expert which will be appointed by Alcatel Lucent's board of directors in accordance with the AMF General Regulation. In accordance with French law and regulations, in such a squeeze-out process, Nokia intends, prior to the implementation of the squeeze-out for cash consideration, to offer the holders of Alcatel Lucent Securities as an alternative to cash consideration, the Exchange Option. The holders of Alcatel Lucent Securities may opt for the Exchange Option for all or part of their Alcatel Lucent Securities within a time period to be determined at a later date. The Alcatel Lucent Securities not tendered into the Exchange Option will be subject to the squeeze-out for cash consideration.

Pursuant to French law and the AMF General Regulation, the cash consideration offered in a squeeze-out will be determined through a valuation of the relevant Alcatel Lucent Securities, using objective methods applied in the context of asset sales taking into account the value of Alcatel Lucent's assets, its past earnings, its market value, its subsidiaries and its business prospects and ascribing a value and a weight in each case.

The amount of cash consideration offered in the squeeze-out would be assessed against the valuation of the Alcatel Lucent Securities by Nokia's presenting bank for the squeeze-out. In addition, Alcatel Lucent's independent expert would make a determination whether the amount of cash consideration offered by Nokia is fair to holders of Alcatel Lucent Securities. Finally, the amount of the cash consideration offered by Nokia would be subject to the review of the AMF.

We believe that the Exchange Option conducted pursuant to and in accordance with French law and AMF General Regulation would constitute a tender offer for U.S. securities law purposes. Accordingly, when implementing the Exchange Option, we intend to assess whether or not the Exchange Option may be made in reliance on a Tier I or Tier II exemption from the U.S. tender offer rules pursuant to Regulation 14D under the Exchange Act. Following that assessment, we intend to extend the Exchange Option to all U.S. holders of Alcatel Lucent Securities in accordance with the applicable exemption under, or otherwise in accordance with, the U.S. securities laws.

If the Exchange Option qualifies for a Tier I exemption, it could be conducted primarily in accordance with French law. In addition, in such case, any Nokia Shares (including Nokia Shares represented by Nokia ADSs) offered in the Exchange Option would be exempt from the registration requirements of the Securities Act pursuant to Rule 802 promulgated under the Securities Act.

In addition, Nokia reserves the right, subject to applicable law, at any time after the completion of the Exchange Offer or the subsequent offering period, as applicable, to cause Alcatel Lucent to redeem at

Table of Contents

par value plus accrued interests from the date the interest was last paid, to the date set for the early redemption all of the outstanding 2018 OCEANEs, 2019 OCEANEs or 2020 OCEANEs, if less than 15% of the issued OCEANEs of any such series remain outstanding.

If Nokia owns less than 95% of the share capital and voting rights of Alcatel Lucent immediately after the completion of the Exchange Offer or, if applicable, the subsequent offering period for the Exchange Offer, then Nokia reserves the right, subject to applicable law, to (i) commence a buy-out offer for the Alcatel Lucent Securities it does not own on the relevant date pursuant to Article 236-3 of the AMF General Regulation if at any time after the completion of the Exchange Offer it owns 95% or more of the voting rights of Alcatel Lucent, (ii) commence at any time a simplified offer for the Alcatel Lucent securities it does not own on the relevant date pursuant to Article 233-1 et seq. of the AMF General Regulation, (iii) cause Alcatel Lucent to be merged into Nokia or an affiliate thereof, contribute assets to, merge certain of its subsidiaries with, or undertake other reorganizations of, Alcatel Lucent. In addition, Nokia intends to request to delist Alcatel Lucent Shares and OCEANEs from Euronext Paris and to seek to delist Alcatel Lucent ADSs from the NYSE, whether or not Alcatel Lucent Shares have been delisted from Euronext Paris, and, when possible, to deregister Alcatel Lucent Shares and Alcatel Lucent ADSs under the Exchange Act or (iv) take any other steps to consolidate its ownership of Alcatel Lucent.

Nokia currently does not intend to structure any such steps so that it would result in the Alcatel Lucent convertible bonds becoming convertible bonds of Nokia, becoming debt obligations of Nokia or otherwise becoming convertible into Nokia Shares or Nokia ADSs after the Completion of the Exchange Offer.

As of the date of this exchange offer/prospectus, Nokia does not have any current definitive plans to take any of the actions identified in paragraph (iii) or (iv) above. Should any such plans develop, Nokia will disclose them in due course and in accordance with applicable law.

Pursuant to French law and the AMF General Regulation, a buy-out offer is a public tender offer filed with the AMF by a shareholder holding, alone or in concert, at least 95% of the share capital and voting rights of a listed company and made for all the remaining outstanding securities of the company. The primary differences between an Exchange Offer and a buy-out offer are that in the buy-out offer Nokia and Alcatel Lucent would file a joint offer document with the AMF, the period of time during which the shareholders may tender their securities generally would be 10 French trading days (instead of 25 French trading days), and the squeeze-out would be implemented immediately after the buy-out offer if the 95% share capital and voting rights threshold is met.

Pursuant to French law and the AMF General Regulation, the consideration offered in a buy-out offer may be shares or cash. The consideration in a buy-out offer would be determined in the same manner as in a squeeze out (see above).

We believe that a buy-out offer conducted pursuant to Article 236-3 of the AMF General Regulation would constitute a tender offer for the purposes of the U.S. securities laws. Accordingly, we would structure any such offer in accordance with the applicable U.S. securities laws and regulations or any available exemption. We would assess and seek to reconcile (including by seeking any available regulatory relief) any difference between French law practice and the U.S. law and practice in each case applicable to the buy-out offer at that time.

Pursuant to French law and the AMF General Regulation, a simplified offer is a public tender offer filed with the AMF by a shareholder holding, directly or indirectly, alone or in concert, at least 50% of the share capital and voting rights of a listed company and made for all the remaining outstanding securities of such company. The primary differences between the Exchange Offer and a simplified offer are that in the simplified offer, the period of time during which the shareholders may tender their

Table of Contents

securities generally would be 10 French trading days (instead of 25 French trading days), and the tender of securities is irrevocable during the offer period and any subsequent offering period.

Pursuant to French law and the AMF General Regulation, the consideration offered in a simplified tender offer may be shares and/or cash. However, if in the twelve-month period before the offer is filed, the bidder, acting alone or in concert, has purchased for cash securities giving it more than 5% of the share capital or voting rights of the target company, the offer must include a cash alternative. The amount of the consideration is determined by the bidder and may not be lower than the volume weighted average share price over the 60 trading days preceding the filing or, as applicable, the announcement of the offer.

We believe that a simplified offer conducted pursuant to Article 233-1 et seq. of the AMF General Regulation would constitute a tender offer for the purposes of the U.S. securities laws. Accordingly, we would structure any such offer in accordance with the applicable U.S. securities laws and regulations or any available exemption. We would assess and seek to reconcile (including by seeking any available regulatory relief) any difference between French law practice and the U.S. law and practice in each case applicable to the simplified offer at that time.

Ownership of more than 50% but less than 95% of Alcatel Lucent post completion of the Exchange Offer

If, at the completion of the Exchange Offer and the subsequent offering period, Nokia owns more than 50% but less than 95% of the share capital and voting rights of Alcatel Lucent, Nokia reserves the right to take any of the actions described above to consolidate its ownership of Alcatel Lucent.

For so long as Nokia continues to own less than 100% of Alcatel Lucent (including while it implements any of the actions to consolidate its ownership or if such steps are not entirely successful), Alcatel Lucent Securities not acquired by Nokia would remain outstanding and may continue to trade on the applicable securities exchange(s) and may remain registered with the SEC, unless Nokia is successful in its efforts to delist and deregister such Alcatel Lucent Securities as described elsewhere in this exchange offer/prospectus.

Holders of any Alcatel Lucent Securities not owned by Nokia will continue to have rights under French law described in *Comparison of Rights of Holders of Nokia Shares and Alcatel Lucent Shares* section of this exchange offer/prospectus. In addition, depending on Nokia's level of ownership of the Alcatel Lucent Shares, it would be able to implement any transaction requiring majority and may be able to implement any transaction requiring a two-thirds vote of the Alcatel Lucent Shares, as described in *Comparison of Rights of Holders of Nokia Shares and Alcatel Lucent Shares* section of this exchange offer/prospectus.

Also, for so long as Nokia owns less than 100% of the Alcatel Lucent Securities, its ability to integrate Alcatel Lucent's operations with Nokia may be limited by the applicable provisions of French corporate law. In particular, pursuant to French corporate law, any transaction between Alcatel Lucent and Nokia which is neither in the ordinary course nor on an arm's-length basis would be subject to the prior approval of Alcatel Lucent's board of directors (with the Nokia-nominated directors unable to vote on the resolution) and would also need to be subsequently ratified by Alcatel Lucent's shareholders' meeting (with Nokia unable to vote on the resolution and Alcatel Lucent Shares held by Nokia excluded from the quorum). However, Nokia, as an Alcatel Lucent shareholder, would be allowed to vote its Alcatel Lucent Shares with respect to any shareholder resolution to merge Alcatel Lucent and Nokia or any of its subsidiaries. Nokia does not anticipate that any such limitations would have a significant effect on its ability to implement its intentions over the twelve-month period immediately after the successful completion of the subsequent offering period, as outlined in this section.

Table of Contents***Integration and Reorganization***

The strategic direction of Alcatel Lucent will be to continue to offer leading solutions in Alcatel Lucent's business lines by taking advantage of the increased customer base attributable to the combination of Nokia and Alcatel Lucent. Nokia intends to integrate Alcatel Lucent into the Nokia group as soon as possible if the Exchange Offer is successful. In addition, if the Exchange Offer is successful, Nokia intends to propose changes to the composition of the Alcatel Lucent board of directors. The composition of the Alcatel Lucent board of directors will take into account the new share ownership structure of Alcatel Lucent and in particular, the ownership level of Nokia.

It is currently expected that after the Completion of the Exchange Offer, Networks business would be conducted through four business groups: Mobile Networks, Fixed Networks, Applications & Analytics and IP/Optical Networks. These business groups would provide an end-to-end portfolio of products, software and services to enable the combined company to deliver the next generation of leading networks solutions and services to customers. Alongside these, Nokia Technologies would continue to operate as a separate business group with a clear focus on licensing and the incubation of new technologies. Nokia Technologies would continue to have its own innovation, product development and go-to-market operations. Each business group would have strategic, operational and financial responsibility for its portfolio and would be fully accountable for meeting its targets. The four Networks business groups would have a common Integration and Transformation Office to drive synergies and to lead integration activities. The business group leaders would report directly to Nokia's President and Chief Executive Officer:

Mobile Networks (MN) would include Nokia's and Alcatel Lucent's comprehensive Radio portfolios and most of their converged Core network portfolios including IMS/VoLTE and Subscriber Data Management, as well as the associated mobile networks-related Global Services business. This unit would also include Alcatel Lucent's Microwave business and all of the combined company's end-to-end Managed Services business. Through the combination of these assets, Mobile Networks would provide leading end-to-end mobile networks solutions for existing and new platforms, as well as a full suite of professional services and product-attached services.

Fixed Networks (FN) would comprise the current Alcatel Lucent Fixed Networks business, whose cutting-edge innovation and market position would be further supported through strong collaboration with the other business groups. This business group would provide copper and fiber access products and services to offer customers ultra-broadband end-to-end solutions to transform their networks, deploying fiber to the most economical point.

Applications & Analytics (A&A) would combine the Software and Data Analytics-related operations of both companies. This comprehensive applications portfolio would include Customer Experience Management, OSS as distinct from network management such as service fulfillment and assurance, Policy and Charging, services, Cloud Stacks, management and orchestration, communication and collaboration, Security Solutions, network intelligence and analytics, device management and Internet of Things connectivity management platforms. CloudBand would also be housed in this business group, which would drive innovation to meet the needs of a convergent, Cloud-centric future.

IP/Optical Networks (ION) would combine the current Alcatel Lucent IP Routing, Optical Transport and IP video businesses, as well as the software defined networking (SDN) start-up, Nuage, plus Nokia's IP partner and Packet Core portfolio. IP/Optical Networks would continue to drive Alcatel-Lucent's technology leadership, building large scale IP/Optical infrastructures for both service providers and, increasingly, web-scale and tech-centric enterprise customers.

Table of Contents

Nokia Technologies (TECH) would remain as a separate entity with a clear focus on licensing and the incubation of new technologies. Nokia Technologies would continue to have its own innovation, product development and go-to-market operations. We expect to align our financial reporting under two key areas: Nokia Technologies and the Networks business. The Networks business would comprise the business groups of Mobile Networks, Fixed Networks, Applications & Analytics and IP/Optical Networks. We also expect to provide selective financial data separately for each of the four Networks business groups to ensure transparency for investors over the performance of each of them.

Nokia ADS Conversion

Nokia has agreed with Citibank, N.A., Nokia's ADS depository, that, if the Exchange Offer is successful, Citibank will not charge any ADS issuance fees for the issuance of new Nokia ADSs upon deposit of Nokia Shares for a period of thirty calendar days beginning on the U.S. business day following the settlement of the subsequent offering period or, if there is no subsequent offering period, the settlement of the Exchange Offer. Pursuant to this arrangement, existing and new holders of Nokia Shares would, subject to compliance with the terms of the Nokia ADS deposit agreement, be able to convert their Nokia Shares into Nokia ADSs during such period without any ADS issuance fees.

No Solicitation of Alternate Proposals

The Memorandum of Understanding provides that, during the term of the Memorandum of Understanding, Alcatel Lucent undertakes:

- (a) not to and to cause its subsidiaries not to and to use its reasonable best efforts to cause its and its subsidiaries senior officers, directors or representatives not to:
 - (i) initiate, solicit, induce, or take any action with a view to facilitate or encourage, any inquiries, proposals or offers that constitute, or would reasonably be expected to lead to, an Alternate Proposal (as defined below);

Table of Contents

- (ii) engage or otherwise participate in any discussions or negotiations (including by way of furnishing non-public information or granting access to any of the properties or assets of Alcatel Lucent or its subsidiaries) with any person relating to any inquiries, proposals or offers that constitute, or would reasonably be expected to lead to, an Alternate Proposal;
- (iii) accept, approve, endorse or recommend any Alternate Proposal;
- (iv) approve or recommend or execute or enter into, any letter of intent, agreement in principle, memorandum of understanding, tender offer agreement, merger agreement, acquisition agreement, business combination agreement, joint venture agreement, option agreement or other similar agreement in respect of any Alternate Proposal; or
- (v) propose publicly or agree to do any of the foregoing related to any Alternate Proposal; and

- (b) to promptly after becoming aware of a receipt of an Alternate Proposal or of any request for non-public information or inquiry relating to Alcatel Lucent by any person or a group of persons who has or would reasonably be expected to make any Alternate Proposal, provide Nokia with notice of the terms and conditions of such Alternate Proposal, request or inquiry.

Notwithstanding the foregoing, if at any time Alcatel Lucent receives a bona fide written Alternate Proposal or any written request for non-public information or inquiry relating to Alcatel Lucent by any person or group of persons who has or is expected to make any bona fide written Alternate Proposal, in each case that the Alcatel Lucent board of directors determines in good faith constitutes or is reasonably likely to lead to a Superior Proposal, Alcatel Lucent may engage in any of the actions described in paragraph (a)(ii) above provided that (i) the person or group of persons making such Alternate Proposal or request, as applicable, for non-public information or inquiry has signed a confidentiality agreement with Alcatel Lucent on terms not less restrictive in any material respect on such person or group of persons than the confidentiality agreement between Nokia and Alcatel Lucent and containing (A) no exclusivity provision or provision (unless waived by such person) inconsistent with the terms of the no solicitation provision of the Memorandum of Understanding and (B) a standstill provision of a duration of at least one year (subject to customary exceptions), and (ii) all information which is provided to such person or group of persons but was not previously provided to Nokia must be provided to Nokia as promptly as practicable.

Alternate Proposal with respect to Alcatel Lucent means any offer or proposal for, or any indication of interest in by any person or group of persons, in one or a series of related transactions (other than the Exchange Offer) involving (i) any direct or indirect acquisition or purchase of (A) the Alcatel Lucent Securities that would result in any person or a group of persons owning 15% or more of the Alcatel Lucent Shares (either directly or after conversion or exercise of such Alcatel Lucent Securities) or (B) assets of Alcatel Lucent or any of its subsidiaries, including by way of the acquisition or purchase of, or subscription to, any class of equity securities or voting rights of any of its subsidiaries, that represent (or generate) 15% or more of the consolidated gross revenue, consolidated EBITDA or consolidated gross assets of Alcatel Lucent, as presented in the most recent audited annual consolidated financial statements of Alcatel Lucent; or (ii) any merger, reorganization, restructuring, contribution, share exchange, consolidation, business combination, joint venture, recapitalization, liquidation, dissolution or similar transaction involving Alcatel Lucent or any of its subsidiaries or any of their respective assets meeting the tests set forth in prong (i)(B) of this definition, but with the exception of (x) intra-group reorganizations and transactions or (y) any transfer, sale, disposition, exchange or distribution of all or part of Alcatel Lucent's interest in Alcatel Lucent Submarine Networks in accordance with the terms of the Memorandum of Understanding, provided that such transfer, sale, disposition, exchange or distribution does not involve or require the issuance of any Alcatel Lucent Shares.

Superior Proposal means any bona fide written Alternate Proposal from any person or group of persons (provided that, for the purpose of this definition, all references to 15% in the definition of Alternate Proposal are replaced by 30% with respect to prong (i)(A) of the Alternate Proposal definition and are replaced by 50% with respect to prong (i)(B) of the Alternate Proposal definition) that the Alcatel Lucent Board determines in good faith (after consultation with its outside legal counsel and financial advisors in each case of international repute) (i) to be more favorable to Alcatel Lucent, the holders of the Alcatel Lucent Securities and the other stakeholders of Alcatel Lucent than the Exchange Offer, taking into account, among other things, (x) all legal, financial, regulatory, timing, financing and other aspects of the Alternate Proposal, the Memorandum of Understanding and the Exchange Offer on the terms described in the Memorandum of Understanding (including the respective conditions to and the respective expected timing and risks of consummation), (y) any improved terms that Nokia may have offered pursuant to and in accordance with the Memorandum of Understanding (as described further below), and (z) the corporate interest (*intérêt social*) of Alcatel Lucent and (ii) the Alcatel Lucent Board determines in good faith (after consultation with its outside legal counsel and financial advisors in each case of international repute) that failure to pursue such Alternate Proposal would be inconsistent with its fiduciary duties under applicable law.

Change in Alcatel Lucent Board Recommendation

Except as described below, after the date of this exchange offer/prospectus Alcatel Lucent agreed not to make a Change in Alcatel Lucent Board Recommendation (as defined below). Alcatel Lucent is permitted to:

- (a) at any time make a Change in Alcatel Lucent Board Recommendation in response to the receipt of any bona fide written Alternate Proposal that the Alcatel Lucent Board determines in good faith constitutes a Superior Proposal. Unless such Superior Proposal is in the form of a formal offer filed and cleared with the AMF, prior to the Alcatel Lucent Board making such a Change in Alcatel Lucent Board Recommendation, Alcatel Lucent agreed to send a written notice thereof to Nokia. Upon receipt of such notice by Nokia, Alcatel Lucent agreed, upon the request of Nokia in its sole discretion, to negotiate in good faith with Nokia during a period of five MoU Business Days from the date on which Nokia received such notice with respect to any changes to the terms of Memorandum of Understanding or the Exchange Offer irrevocably offered by Nokia. If the Alcatel Lucent Board determines in good faith (after consultation with its outside legal counsel and financial advisors in each case of international repute), after giving effect to such changes as are irrevocably offered by Nokia, that such Alternate Proposal (i) continues to constitute a Superior Proposal and (ii) the failure to make a Change in Alcatel Lucent Board Recommendation in response to such Superior Proposal would be inconsistent with its fiduciary duties under applicable law, then Alcatel Lucent may make a Change in Alcatel Lucent Board Recommendation in response to such Superior Proposal; and
- (b) at any time following reasonable notice to Nokia, make a Change in Alcatel Lucent Board Recommendation in response to a material adverse effect with respect to Nokia, if the Alcatel Lucent Board determines in good faith (after consultation with its outside legal counsel and financial advisors in each case of international repute) that its failure to do so would be inconsistent with its fiduciary duties under applicable law.

Change in Alcatel Lucent Board Recommendation means, at any time following the issuance of the Alcatel Lucent Board Recommendation, Alcatel Lucent (through the Alcatel Lucent Chief Executive Officer or the Chairman of the Alcatel Lucent Board) or the Alcatel Lucent Board (i) withdrawing, amending, qualifying or modifying, or publicly proposing to withdraw, amend, qualify or modify, the Alcatel Lucent Board Recommendation in a manner materially adverse to Nokia, (ii) approving or recommending any Alternate Proposal, including by making any public statements that expressly and

unequivocally support any Alternate Proposal, or (iii) failing, upon the request of Nokia, to recommend against any publicly announced bona fide and credible Alternate Proposal within ten MoU Business Days after the initial public announcement thereof, provided that any material change in price or any other material term of such Alternate Proposal shall be deemed to be a new Alternate Proposal for purposes of this clause (iii); and provided further that, with respect to any action or inaction of the Alcatel Lucent Chief Executive Officer or the Chairman of the Alcatel Lucent Board (without the consent of the Alcatel Lucent Board), none of clauses (i), (ii) or (iii) constitute a Change in Alcatel Lucent Board Recommendation if the Alcatel Lucent Board, within two MoU Business Days of the relevant action or inaction, issues a statement expressly and unequivocally rejecting such action or inaction and re-issuing the Alcatel Lucent Board Recommendation.

Nokia Board Recommendation

On _____, the Nokia board of directors determined, subject to its fiduciary duties under applicable law and the terms and conditions of the Memorandum of Understanding, to recommend that the Nokia shareholders vote in favor of the resolution presented to them to approve the authorization for the Nokia board of directors to issue such number of new Nokia Shares as may be necessary for delivering the Nokia Shares offered in consideration for the Alcatel Lucent Securities tendered into the Exchange Offer and the appointment of the three members of the Nokia board of directors identified jointly by the Corporate Governance & Nomination committee of the Nokia board of directors and by Alcatel Lucent, in each case subject to the completion of the Exchange Offer.

Change in Nokia Board Recommendation

Except as set forth below, the Nokia board of directors agreed not to make a Change in Nokia Board Recommendation (as defined below). Notwithstanding the foregoing, at any time prior to the Nokia shareholder vote with respect to the Nokia Shareholder Approval, the Nokia board of directors may make a Change in Nokia Board Recommendation in response to a Nokia Intervening Event (as defined below) if it determines in good faith that its failure to do so would be inconsistent with its fiduciary duties under applicable law, after giving effect to such changes as are offered by Alcatel Lucent within ten MoU Business Days after receiving the notice thereof to address such Nokia Intervening Event. Prior to the Nokia board of directors making a Change in Nokia Board Recommendation, Nokia agreed to send a written notice to Alcatel Lucent that Nokia intends to take such action. Upon receipt of such notice by Alcatel Lucent, Nokia agreed, upon the request of Alcatel Lucent in its sole discretion, to negotiate in good faith with Alcatel Lucent during a period of ten MoU Business Days from the date on which Alcatel Lucent received such notice with respect to any changes to the terms of the Memorandum of Understanding or the Exchange Offer irrevocably offered by Alcatel Lucent. If the Nokia board of directors determines in good faith (after consultation with its outside legal counsel and financial advisors in each case of international repute), after giving effect to such changes as are irrevocably offered by Alcatel Lucent, that its failure to make a Change in Nokia Board Recommendation in connection with such Nokia Intervening Event continues to be inconsistent with its fiduciary duties under applicable law, then Nokia may make a Change in Nokia Board Recommendation in connection with such Nokia Intervening Event.

Change in Nokia Board Recommendation means Nokia (through the Nokia President & Chief Executive Officer or the Chairman of the Nokia board of directors) or the Nokia board of directors (i) at any time withdrawing, amending, qualifying or modifying, or publicly proposing to withdraw, amend, qualify or modify, the Nokia Board Recommendation in a manner materially adverse to Alcatel Lucent or the holders of the Alcatel Lucent Securities provided that, with respect to any action or inaction of the Nokia President & Chief Executive Officer or the Chairman of the Nokia board of directors (without the consent of the Nokia board of directors), none of the foregoing shall constitute a Change in Nokia Board Recommendation if the Nokia board of directors, within two MoU Business Days of the relevant

action or inaction, issues a statement expressly and unequivocally rejecting such action or inaction and re-issuing the Nokia Board Recommendation or (ii) at the time Nokia convenes or holds the Nokia general meeting, the Nokia board of directors failing to reiterate the Nokia Board Recommendation.

Nokia Intervening Event means any change, condition, effect, event or occurrence that is unknown to and not reasonably foreseeable by the Nokia board of directors on the date of the Memorandum of Understanding, which change, condition, effect, event or occurrence becomes known to the Nokia board of directors prior to obtaining the Nokia Shareholder Approval; provided, however, that none of the following (or the consequences thereof) will constitute a Nokia Intervening Event: (i) any action taken by any party pursuant to the Memorandum of Understanding or in connection with the transactions contemplated by the Memorandum of Understanding; (ii) any changes in the market price or trading volume of the Alcatel Lucent Securities or the Nokia Shares or the respective credit ratings of Alcatel Lucent or Nokia; (iii) the receipt, existence of or terms of any proposal by a third party to acquire (directly or indirectly) an interest, assets, securities or enter into an arrangement (including any merger, reorganization, restructuring, contribution, share exchange, consolidation, business combination, joint venture, recapitalization, liquidation, dissolution or similar transaction) in respect of Nokia or any of Nokia's subsidiaries or any inquiry relating thereto, or the implementation of any such arrangements; (iv) any change, condition, effect, event or occurrence relating to the transactions contemplated by the Memorandum of Understanding; or (v) any change, condition, effect, event or occurrence referred to in clauses (i) through (ix) of the definition of **Material Adverse Effect** (as set forth in the Memorandum of Understanding).

Indemnification and D&O Insurance

Subject to the completion of the Exchange Offer and for six years following the completion of the Exchange Offer, Nokia agreed to cause Alcatel Lucent or its subsidiaries to indemnify and provide advancement of expenses to all past and present directors and senior officers of Alcatel Lucent on terms not less favorable to such director or senior officer than those provided to him or her by Alcatel Lucent or its subsidiaries on the date of the Memorandum of Understanding. The preceding indemnity provision will be deemed satisfied if Alcatel Lucent or Nokia purchase a six-year tail prepaid policy on the relevant terms.

Conditions to the Filing of the French Offer

Pursuant to the Memorandum of Understanding, the filing of the French Offer with the AMF was subject to certain customary conditions precedent, including the following:

absence of injunction or law in effect immediately prior to the filing of the French Offer making illegal, restraining, enjoining or otherwise prohibiting the Exchange Offer;

receipt of competition approvals including (i) expiration or termination of the waiting period pursuant to the Hart-Scott-Rodino Antitrust Improvements Act of 1976, (ii) approval pursuant to Council Regulation (EC) No. 139/2004, and (iii) approval pursuant to the merger control laws in the following countries: Brazil, Canada, China, India, Japan, Taiwan and Russia;

the authorization of the Ministry of Economy and Finance of the French Republic and the receipt of the required approval of the Committee on Foreign Investment in the United States;

reiteration or issuance of the Alcatel Lucent Board Recommendation; and

absence of a continuing Material Adverse Effect (as defined in the Memorandum of Understanding) with respect to Alcatel Lucent. All of the foregoing conditions were satisfied or waived prior to the filing of the French Offer with the AMF on _____, 2015.

Termination of the Memorandum of Understanding

The Memorandum of Understanding may be terminated by mutual agreement of Nokia and Alcatel Lucent.

After the commencement of the U.S. Offer, the Memorandum of Understanding may be terminated either by Nokia or Alcatel Lucent with a written notice to the other party (subject to certain exceptions):

- (a) if, pursuant to Article 232-11 of the AMF General Regulation, the French Offer has been withdrawn by Nokia, or the AMF has published a notice that the French Offer was not successful;
- (b) if any relevant governmental authority of competent jurisdiction shall have (i) denied in writing any regulatory consent required under the Memorandum of Understanding or (ii) enacted, issued, promulgated or granted any restricting law prohibiting the transaction contemplated by the Memorandum of Understanding;
- (c) if the Alcatel Lucent board of directors withdraws its support for the Exchange Offer in connection with a Superior Proposal; or
- (d) prior to the completion of the Exchange Offer if the resolution related to the Nokia Shareholder Approval has been submitted at the Nokia extraordinary general meeting and the Nokia Shareholder Approval shall not have been validly obtained.

After the commencement of the Exchange Offer, the Memorandum of Understanding may be terminated by Nokia with a written notice to Alcatel Lucent (subject to certain exceptions) for any reason other than in connection with a Superior Proposal or in response to a material adverse effect with respect to Nokia if the Alcatel Lucent board of directors withdraws its support for the Exchange Offer.

After the commencement of the Exchange Offer, the Memorandum of Understanding may be terminated by Alcatel Lucent with a written notice to Nokia (subject to certain exceptions) if the Nokia board of directors makes a Change in Nokia Board Recommendation.

The Memorandum of Understanding contains certain other termination provisions that have expired prior to commencement of the U.S. Offer.

Even if the Memorandum of Understanding was terminated, such a termination would not automatically result in the withdrawal of the French Offer. According to Article 232-11 of the AMF General Regulation, an offeror may only withdraw its offer in limited circumstances.

Termination Fees

After the commencement of the Exchange Offer, Nokia may be obligated to pay to Alcatel Lucent:

- (a) EUR 150 million if the Memorandum of Understanding is terminated due to a failure to obtain Nokia Shareholder Approval;
- (b) EUR 300 million if the Memorandum of Understanding is terminated due to (i) Change in Nokia Board Recommendation or (ii) material breach by Nokia of the Memorandum of Understanding and Nokia's board of directors having taken deliberate action to frustrate the obtaining of the Nokia Shareholder Approval; or
- (c) EUR 400 million if the Memorandum of Understanding is terminated due to a relevant authority of competent jurisdiction having enacted or otherwise issued an injunction or a restricting law with respect to the Exchange Offer.

After the commencement of the Exchange Offer, Alcatel Lucent may be obligated to pay to Nokia:

- (a) EUR 300 million if the Memorandum of Understanding is terminated due to (i) Alcatel Lucent board of directors decision or measure leading to withdrawal of the French Offer pursuant to Article 232-11 of the AMF General Regulation or (ii) change in Alcatel Lucent Board Recommendation; or
- (b) EUR 300 million if (i) a certain type of an Alternate Proposal is publicly announced or otherwise communicated to Alcatel Lucent, (ii) Alcatel Lucent does not make a Change in Alcatel Lucent Board Recommendation, (iii) the Exchange Offer is terminated due to failure to satisfy the Minimum Tender Condition and (iv) within 12 months of such termination, Alcatel Lucent enters into and consummates an agreement with respect to such Alternate Proposal with the person making such Alternate Proposal.

The Memorandum of Understanding contains certain other termination fee provisions that expired prior to commencement of the U.S. Offer.

Standstill

Nokia and Alcatel Lucent agreed to reciprocal standstill periods, subject to customary exceptions, with respect to the other party's securities following certain events of termination of the Memorandum of Understanding. The standstill periods would last until the longer of the 12-month anniversary of the termination date of the Memorandum of Understanding and the 18-month anniversary of the date of the Memorandum of Understanding.

Exchange Ratio Adjustment Mechanism

According to the Memorandum of Understanding, if between the date of the Memorandum of Understanding (i.e., April 15, 2015) and the settlement date of the Exchange Offer or, if any, the subsequent offering period (or the relevant settlement date with respect to any additional acceleration mechanism of the Alcatel Lucent Stock Options and Performance Shares plans), (i) the outstanding Alcatel Lucent Shares or Nokia Shares are changed into a different number of shares or a different class by reason of any share dividend, subdivision, reclassification, split, reverse split, combination or exchange of shares, or (ii) Alcatel Lucent or Nokia resolve to pay any dividend (other than, with respect to Nokia, the ordinary dividend of 0.14 euros announced prior to the date of the Memorandum of Understanding, on January 29, 2015 and paid on May 21, 2015. It is specified that Nokia may,

pursuant to the Memorandum of Understanding, pay other ordinary course cash dividends consistent with past practices or a special cash dividend in an amount up to one billion euros without the prior consent of Alcatel Lucent, but which would give rise to an adjustment, or (iii) Alcatel Lucent or Nokia make any other distribution to its security holders or shareholders in each case with a record date before the settlement of the Exchange Offer or, if any, the subsequent offering period (or the relevant settlement date with respect to any additional acceleration mechanism of the Alcatel Lucent Stock Options and Performance Shares plans), then the consideration offered to the holders of Alcatel Lucent Securities after such event pursuant to the Exchange Offer will be appropriately adjusted to provide to the holders of such Alcatel Lucent Securities the same economic effect as contemplated by the Memorandum of Understanding prior to such event.

THE EXCHANGE OFFER

Terms of the Exchange Offer

Nokia, a Finnish corporation, is offering, upon the terms and subject to the Conditions set out in this exchange offer/prospectus and the French Offer Documentation to acquire all of the Alcatel Lucent Securities through the Exchange Offer whereby Alcatel Lucent Securities will be exchanged for Nokia Shares or Nokia ADSs, as described below.

As of the opening of the Exchange Offer, Nokia does not own, directly or indirectly, acting alone or in concert, any Alcatel Lucent Securities. As of the date of this exchange offer/prospectus, Nokia has not entered into any agreements to acquire Alcatel Lucent Securities outside of the Exchange Offer.

The Exchange Offer is comprised of the U.S. Offer and the French Offer. The U.S. Offer is being made pursuant to this exchange offer/prospectus to:

all U.S. holders of outstanding Alcatel Lucent Shares,

all holders of outstanding Alcatel Lucent ADSs, wherever located, and

all U.S. holders of outstanding OCEANES.

For every Alcatel Lucent Share you validly tender into, and do not withdraw from, the U.S. Offer, you will receive 0.55 Nokia Share. For every Alcatel Lucent ADS you validly tender into, and do not withdraw from, the U.S. Offer, you will receive 0.55 Nokia ADS. For every 2018 OCEANE you validly tender into, and do not withdraw from, the U.S. Offer, you will receive Nokia Share, for every 2019 OCEANE you validly tender into, and do not withdraw from, the U.S. Offer, you will receive Nokia Share and for every 2020 OCEANE you validly tender into, and do not withdraw from, the U.S. Offer, you will receive Nokia Share. Holders of Alcatel Lucent ADSs located outside of the United States may participate in the U.S. Offer only to the extent the local laws and regulations applicable to those holders permit them to participate in the U.S. Offer.

The French Offer to exchange 0.55 Nokia Share for every Alcatel Lucent Share, Nokia Share for every 2018 OCEANE, Nokia Share for every 2019 OCEANE, and Nokia Share for every 2020 OCEANE, is being made pursuant to the French Offer Documentation available to holders of Alcatel Lucent Shares and OCEANES who are located in France (holders of Alcatel Lucent Shares and OCEANES who are located outside of France may not participate in the French Offer except if, pursuant to the local laws and regulations applicable to those holders, they are permitted to participate in the French Offer).

After completion of the Exchange Offer and assuming that all Alcatel Lucent Securities are tendered into the Exchange Offer or the subsequent offering period, if any, former holders of Alcatel Lucent Securities are expected to own approximately 33.5% of the issued and outstanding Nokia Shares on a fully diluted basis.

Nokia's obligation to exchange Nokia Shares for Alcatel Lucent Securities pursuant to the Exchange Offer is subject to the Conditions described under Conditions to the Exchange Offer.

Holders of Alcatel Lucent Securities who tender their securities for Nokia Shares or Nokia ADSs pursuant to the Exchange Offer will not be obligated to pay any charges or expenses of the U.S. exchange agent, of the Nokia depository or of the Alcatel Lucent depository.

Holders whose Alcatel Lucent Securities are tendered for Nokia Shares or Nokia ADSs pursuant to the Exchange Offer by a broker, dealer, commercial bank, trust company or other nominee will be

responsible for any fees or commissions such nominees may charge in connection with such tender. No commission will be paid by Nokia to any intermediary of Alcatel Lucent Security holders or any person soliciting the contribution of Alcatel Lucent Securities into the Exchange Offer. Holders of Alcatel Lucent Securities who tender their securities pursuant to the Exchange Offer will also be responsible for all governmental charges and taxes payable in connection with such tender.

Offer Period

The U.S. Offer commenced on _____ following Nokia's filing of the Schedule TO with the SEC. The U.S. Offer and withdrawal rights for tenders of Alcatel Lucent Shares and OCEANes into the U.S. Offer will expire at the Expiration Date (which is 11:00 A.M., New York City time (5:00 P.M., Paris time) on _____ unless the U.S. Offer is extended). The ADS Tender Deadline for validly tendering and withdrawing Alcatel Lucent ADSs in the U.S. Offer will expire at 5:00 P.M., New York City time, on the U.S. business day immediately preceding the Expiration Date, which will be _____ unless the U.S. Offer is extended.

Extension, Termination and Amendment

Pursuant to the Memorandum of Understanding, Nokia has agreed to ensure that, subject to applicable law, the period during which the U.S. Offer is open (which will be at least 20 U.S. business days) corresponds to the period during which the French Offer is open (including any extensions or subsequent offering periods in relation to the French Offer). According to Article 231-34 of the AMF General Regulation, during the offer period, only the AMF can extend the French Offer. The AMF may extend the French Offer period in certain circumstances, including if a competing offer is filed, if the terms of the French Offer are improved, if the AMF's decision to clear the French Offer is being appealed, or in case it requires the amendment of the French Offer Documentation relating, in particular, to the legal, financial and accounting characteristics of Nokia or Alcatel Lucent, due to an omission or inaccuracy. Subject to the U.S. federal securities laws and the Memorandum of Understanding, Nokia expressly reserves the right to extend the U.S. Offer either to match the extension of the French Offer or otherwise.

Furthermore, Nokia may be required by the U.S. federal securities laws (including Rule 14e-1 under the Exchange Act) to extend the U.S. Offer, if Nokia makes a material change to the terms of the U.S. Offer. For example, if Nokia changes the percentage of Alcatel Lucent Securities sought in the U.S. Offer or the exchange ratio applicable to the U.S. Offer within ten U.S. business days prior to the then-scheduled Expiration Date, the U.S. Offer will be extended so that it will expire no less than ten U.S. business days after the change is first published, sent or given to holders of Alcatel Lucent Securities in order to allow adequate dissemination and investor response to the change. If Nokia makes any other material change to the terms of the U.S. Offer or in the information concerning the U.S. Offer, or waives a material condition of the U.S. Offer, Nokia will extend the U.S. Offer, if required by applicable law, for a period sufficient to allow you to consider the amended terms of the U.S. Offer. Nokia will comply with Rule 14d-4(d)(2) under the Exchange Act in connection with material changes to the terms of the U.S. Offer. If Nokia is required to extend the U.S. Offer pursuant to the SEC rules and regulations, it intends to seek AMF's consent to a corresponding extension of the French Offer. There is no guarantee that AMF would grant such consent, which may lead to different offering periods for the French Offer and the U.S. Offer.

To the extent permitted by applicable rules and regulations of the AMF and the SEC and subject to the Memorandum of Understanding, Nokia expressly reserves the right to, at any time and from time to time:

terminate or amend the U.S. Offer (and not accept at expiration of the offer period any Alcatel Lucent Securities) upon the failure of any of the Conditions described in this exchange offer/prospectus below under "Conditions to the Exchange Offer";

Table of Contents

prior to the expiration of the offer period of the French Offer, revoke the French Offer in accordance with the AMF General Regulation with the prior approval of the AMF if (i) the Exchange Offer becomes without purpose, or (ii) (A) Alcatel Lucent adopted measures which modify its substance during the offer period or in case the Exchange Offer is successful, or (B) the measures taken by Alcatel Lucent render the continuation of the Exchange Offer particularly onerous. The French Offer may be revoked until the expiration of the French Offer. The AMF General Regulation does not define under which circumstances an offer becomes without purpose or is substantially modified or is particularly onerous. The assessment is made by the AMF on a case-by-case basis. Revocation of the French Offer would likely have a material adverse effect on the U.S. Offer, including the likely failure of the Minimum Tender Condition; and

waive any Condition or otherwise amend the Exchange Offer in any respect, provided that, under the AMF General Regulation, Nokia may not amend the terms of the French Offer in a manner adverse to the shareholders and any amendment must be made no later than five French trading days prior to the expiration of the French Offer period and requires the prior approval of the AMF. A waiver of a material condition or any other material change to the U.S. Offer, if that waiver or change occurs ten or five U.S. business days, as applicable, prior to the date the U.S. Offer is scheduled to expire, may also require the extension of the U.S. Offer as described above. Under the AMF General Regulation, the Minimum Tender Condition is waived by Nokia, the Exchange Offer will lapse if Nokia fails to cross the Mandatory Minimum Acceptance Threshold. In addition, pursuant to the Memorandum of Understanding, Nokia cannot, without the prior written consent of Alcatel Lucent, amend, modify, supplement or waive any term of the Exchange Offer or Condition, other than the Minimum Tender Condition, in a manner materially adverse to Alcatel Lucent or the holders of Alcatel Lucent Securities.

In addition, as described further in Conditions to the Exchange Offer, we may waive the Minimum Tender Condition to any level above the Mandatory Minimum Acceptance Threshold at the time of announcement of the results of the French Offer by the AMF (taking into account the results of the U.S. Offer) without extending the Exchange Offer period.

To extend, terminate, waive a Condition to or amend the U.S. Offer, Nokia will notify the U.S. exchange agent by written notice or oral notice confirmed in writing. If Nokia determines to extend, terminate, waive a Condition to or amend the Exchange Offer, it will seek any required approval of the AMF and, upon such approval, or if such approval is not required, no later than 9:00 A.M., New York City time, on the next U.S. business day after such extension, termination, waiver or amendment, it will make public announcement thereof. Subject to applicable law (including Rule 14d-4(d)(1) under the Exchange Act, which requires that any material change in the information published, sent or given to shareholders in connection with the U.S. Offer be promptly disseminated to security holders in a manner reasonably designed to inform security holders of that change) and without limiting the manner in which Nokia may choose to make any public announcement, Nokia does not assume any obligation to publish, advertise or otherwise communicate any public announcement of this type, as explained below, other than by issuing a public announcement. In addition, Nokia will post notice of any public announcement of this type on Nokia's website at www.nokia.com. The information on such website is not a part of this exchange offer/prospectus and is not incorporated by reference herein.

If Nokia extends the period of time during which the U.S. Offer is open, the U.S. Offer will expire at the latest time and date to which Nokia extends the Expiration Date or ADS Tender Deadline, as applicable. During any such extension, all Alcatel Lucent Securities validly tendered into, and not withdrawn from, the U.S. Offer prior to that date will remain subject to your right to withdraw your Alcatel Lucent Securities, except during the subsequent offering period, as discussed below. You should read the discussion under Withdrawal Rights for more information about your ability to withdraw tendered Alcatel Lucent Securities.

Table of Contents***Subsequent Offering Period***

A subsequent offering period is an additional period of time after Nokia has acquired Alcatel Lucent Securities in the Exchange Offer during which holders may tender, but not withdraw, Alcatel Lucent Securities and receive the Exchange Offer consideration. Pursuant to the Memorandum of Understanding, and according to Article 232-4 of the AMF General Regulation, if more than 50% but less than 95% of the share capital and voting rights of Alcatel Lucent have been tendered in and not withdrawn from the Exchange Offer, there will be a subsequent offering period for the French Offer. Under the AMF General Regulation, the subsequent offering period for the French Offer will begin no later than ten French trading days following the publication by the AMF of the results of the French Offer (taking into account the results of the U.S. Offer) and must last at least ten French trading days. Pursuant to the Memorandum of Understanding, Nokia has agreed to ensure that, subject to applicable law, the period during which the U.S. Offer is open corresponds to the period during which the French Offer is open (including subsequent offering periods in relation to the French Offer). If a subsequent offering period is provided, Nokia will publicly announce the results of the Exchange Offer, including the approximate number and percentage of Alcatel Lucent Securities tendered to date, no later than nine French trading days after the expiration of the Exchange Offer period and will thereafter begin the subsequent offering period in accordance with AMF General Regulation. Nokia expressly reserves the right in its sole discretion to conduct a subsequent offering period for the U.S. Offer either to match the subsequent offering period of the French Offer or otherwise. Nokia also expressly reserves the right, in its sole discretion, to extend the subsequent offering period for the U.S. Offer by giving oral or written notice to the U.S. exchange agent.

Pursuant to Rule 14d-7(a)(2) under the Exchange Act, no withdrawal rights apply to Alcatel Lucent Securities tendered during a subsequent offering period and no withdrawal rights apply during the subsequent offering period with respect to the Alcatel Lucent Securities previously tendered in the U.S. Offer and accepted for exchange. The same consideration will be received by Alcatel Lucent Security holders tendering in the Exchange Offer or in a subsequent offering period. Please see the section of this exchange offer/prospectus entitled **Withdrawal Rights.**

Withdrawal Rights

Alcatel Lucent ADSs tendered into the U.S. Offer can be withdrawn at any time prior to the ADS Tender Deadline. However, these withdrawal rights will not be available following the expiration of the U.S. Offer and prior to the commencement of the subsequent offering period, if any. In addition, subject to satisfaction of all Conditions other than the Minimum Tender Condition, these withdrawal rights will not be available during the period that the securities tendered into the Exchange Offer are being counted. For your withdrawal of your Alcatel Lucent ADSs to be effective, the U.S. exchange agent must receive a timely written notice of withdrawal. Any such notice must specify the name of the person who tendered the Alcatel Lucent ADSs being withdrawn, the number of Alcatel Lucent ADSs being withdrawn and the name of the registered holder if different from that of the person who tendered such Alcatel Lucent ADSs.

If certificates evidencing Alcatel Lucent ADSs being withdrawn have been delivered or otherwise identified to the U.S. exchange agent, then, prior to the physical release of such certificates, (1) the U.S. exchange agent also must receive the name of the registered holder and the serial numbers of the particular certificate evidencing the Alcatel Lucent ADSs and (2) the signature(s) on the notice of withdrawal must be guaranteed by an eligible institution unless such Alcatel Lucent ADSs have been tendered for the account of an eligible institution. If Alcatel Lucent ADSs have been tendered pursuant to the procedure for book-entry transfer, any notice of withdrawal must specify the name and number of the account at DTC to be credited with the withdrawal of the securities.

Table of Contents

Alcatel Lucent Shares or OCEANEs tendered for exchange may be withdrawn at any time prior to the Expiration Date. However, these withdrawal rights will not be available following the expiration of the offer period and prior to the commencement of the subsequent offering period, if any. In addition, subject to satisfaction of all Conditions other than the Minimum Tender Condition, these withdrawal rights will not be available during the period that the securities tendered into the Exchange Offer are being counted. To withdraw previously tendered Alcatel Lucent Shares or OCEANEs, you should contact the French or non-French financial intermediary or nominee through whom you tendered regarding their withdrawal procedures. If you wish to withdraw your Alcatel Lucent Shares or OCEANEs, it is your responsibility to ensure that the financial intermediary that has been instructed to tender your Alcatel Lucent Shares or OCEANEs receives proper instruction to withdraw the tender of those Alcatel Lucent Shares or OCEANEs sufficiently in advance of the Expiration Date.

In addition, in accordance with U.S. securities laws, tendered Alcatel Lucent Securities may generally be withdrawn if they have not been accepted for exchange within 60 days after commencement of the U.S. Offer.

During any subsequent offering period no withdrawal rights will apply to Alcatel Lucent Securities tendered during such subsequent offering period, pursuant to Rule 14d-7(a)(2) under the Exchange Act.

Nokia will decide all questions as to the form and validity (including time of receipt) of any notice of withdrawal in its sole discretion, and its decision will be final and binding. None of Nokia, the U.S. exchange agent, the information agent nor any other person will be under any duty to give notification of any defects or irregularities in any notice of withdrawal or will incur any liability for failure to give any such notification.

Any Alcatel Lucent Securities properly withdrawn will be deemed not to have been validly tendered for purposes of the Exchange Offer. However, you may retender withdrawn Alcatel Lucent Securities by following one of the procedures discussed in the section of this exchange offer/prospectus entitled Procedure for Tendering at any time prior to the Expiration Date or the ADS Tender Deadline, as applicable, or during any subsequent offering period.

Conditions to the Exchange Offer

Nokia's obligation to accept, and to exchange, any Alcatel Lucent Securities validly tendered into the Exchange Offer will be subject only to:

the satisfaction of the Minimum Tender Condition or, if waived by Nokia in its sole discretion, the crossing of the Mandatory Minimum Acceptance Threshold; and

the receipt of the Nokia Shareholder Approval.

For purposes of the Minimum Tender Condition, the fully diluted Alcatel Lucent Shares will be calculated as follows: (i) in the numerator, the sum of (A) all Alcatel Lucent Shares (including Alcatel Lucent Shares represented by ADSs) validly tendered into the Exchange Offer as of the Expiration Date and (B) all Alcatel Lucent Shares issuable upon conversion of the OCEANEs validly tendered into the Exchange Offer as of the Expiration Date taking into account the relevant OCEANEs conversion ratio applicable on the Expiration Date; and (ii) in the denominator, the sum of (A) all Alcatel Lucent Shares issued and outstanding (including Alcatel Lucent Shares represented by ADSs) as of the Expiration Date and (B) all Alcatel Lucent Shares issuable at any time prior to, on or after the Expiration Date upon the exercise of any outstanding options, warrants, convertible securities or rights to purchase, subscribe or be allocated, newly issued Alcatel Lucent Shares, including upon conversion of the OCEANEs (taking into account the relevant OCEANEs conversion ratio applicable on the Expiration Date, exercise of Alcatel Lucent Stock Options or realization of Alcatel Lucent Performance Shares.

Table of Contents

Nokia, Alcatel Lucent and the holders of Alcatel Lucent Securities will not know whether the Minimum Tender Condition is satisfied before the publication by the AMF of the final results of the French Offer (taking into account the results of the U.S. Offer). At such time, Nokia shall determine, in its sole discretion, whether to waive the Minimum Tender Condition to any level at or above the Mandatory Minimum Acceptance Threshold.

Under the AMF General Regulation, Nokia may waive the Minimum Tender Condition until the date of publication by the AMF of the results of the French Offer (taking into account the results of the U.S. Offer). If Nokia waives the Minimum Tender Condition, set forth in provisions of Article 231-9 (II) of the AMF General Regulation, the Exchange Offer will lapse if, on the date of the expiration of the Exchange Offer period, Nokia does not hold a number of Alcatel Lucent Shares representing at least the Mandatory Minimum Acceptance Threshold.

If necessary to reach the Mandatory Minimum Acceptance Threshold, Nokia undertakes to convert a sufficient number of OCEANEs tendered into the Exchange Offer so that Nokia holds sufficient number of Alcatel Lucent Shares to cross the Mandatory Minimum Acceptance Threshold. The conversion of such OCEANEs will be deemed to have retroactive effect to the date of expiration of the Exchange Offer period for the purpose of calculating the Mandatory Minimum Acceptance Threshold.

The Mandatory Minimum Acceptance Threshold would be calculated as follows:

the numerator being the sum of (i) all Alcatel Lucent Shares validly tendered into the Exchange Offer (including Alcatel Lucent Shares represented by Alcatel Lucent ADSs) as of the expiration date of the Exchange Offer period and (ii) all Alcatel Lucent Shares issuable upon conversion of the OCEANEs validly tendered into the Exchange Offer as of the expiration date of the Exchange Offer period, taking into account the relevant OCEANE's conversion/exchange ratio applicable on the expiration date of such Exchange Offer, and (iii) all Alcatel Lucent Shares held in treasury by Alcatel Lucent as well as Alcatel Lucent Shares held by its subsidiaries; and

the denominator being the sum of (i) all Alcatel Lucent Shares issued and outstanding (including Alcatel Lucent Shares represented by Alcatel Lucent ADSs) as of the expiration date of the Exchange Offer period and (ii) all Alcatel Lucent Shares issuable upon conversion of the OCEANEs validly tendered into the Exchange Offer as of the Expiration Date taking into account the relevant OCEANE's conversion/exchange ratio applicable on the expiration date of the Exchange Offer.

As far as Nokia is aware, as of the date of this exchange offer/prospectus, the Mandatory Minimum Acceptance Threshold corresponds to Nokia receiving Alcatel Lucent Shares or % of the voting right of Alcatel Lucent (on the basis of a total number of Alcatel Lucent Shares and voting rights issued) in the Exchange Offer.

Nokia, Alcatel Lucent and the holders of Alcatel Lucent Securities will not know whether the Mandatory Minimum Acceptance Threshold has been reached until the publication by the AMF of the final results of the French Offer (taking into account the results of the U.S. Offer).

Subject to the SEC rules and regulation (including the SEC rules that require that material changes of a condition be promptly disseminated to shareholders in a manner reasonably designed to inform them of such changes), Nokia expressly reserves the right, at any time, and from time to time, to waive the Minimum Tender Condition, by giving oral or written notice of the waiver to the U.S. exchange agent and by making a public announcement in accordance with the procedures outlined in Extension, Termination and Amendment above. If the Minimum Tender Condition is waived by Nokia, the Exchange Offer will lapse if Nokia fails to cross the Mandatory Minimum Acceptance Threshold.

Table of Contents

If the Mandatory Minimum Acceptance Threshold is not met, the Alcatel Lucent Securities tendered in the Exchange Offer will be returned to their owner, within three French trading days after the publication by the AMF of the results of the French Offer (taking into account the results of the U.S. Offer), without interest, compensation or any other payment which may be owed to the owners by Nokia.

In addition, in accordance with the French law and AMF General Regulation, Nokia may waive the Minimum Tender Condition to any level above the Mandatory Minimum Acceptance Threshold no later than five French trading days before the Expiration Date, in accordance with the process outlined in Article 232-7 of the AMF General Regulation.

If Nokia elects to waive the Minimum Tender Condition at the time of announcement of the results of the French Offer by the AMF (taking into account the results of the U.S. Offer), Nokia would do each of the following:

announce that we may waive or reduce the Minimum Tender Condition at least five U.S. business days before the Expiration Date;

disseminate such announcement through a press release and other methods reasonably calculated to inform U.S. holders of the Alcatel Lucent Securities of the possibility of a waiver or reduction;

the press release would state that the Minimum Tender Condition may be waived to 50% of the Alcatel Lucent share capital or voting rights (taking into account OCEANES tendered into the Exchange Offer) on the date of the announcement of the results of the French Offer (taking into account the results of the U.S. Offer) in accordance with Article 231-9 of the AMF General Regulation;

during the five U.S. business day period after the announcement of a possible waiver or reduction, withdrawal rights would be provided in accordance with the terms of the U.S. Offer;

the announcement would advise Alcatel Lucent Security holders to withdraw tendered Alcatel Lucent Securities immediately if their willingness to tender into the U.S. Offer would be affected by the reduction or waiver of the Minimum Tender Condition;

a subsequent offering period of not less than five U.S. business days would be provided with respect to the U.S. Offer after the announcement of the results of the French Offer by the AMF (taking into account the results of the U.S. Offer) (and a simultaneous waiver or reduction of the Minimum Tender Condition); and

all conditions of the Exchange Offer, other than the Minimum Tender Condition, would be satisfied or waived after the Expiration Date (at which time, the withdrawal rights would be terminated).

If we waive the Minimum Tender Condition in accordance with the foregoing provisions at the time of announcement of the results of the French Offer (taking into account the results of the U.S. Offer), the Exchange Offer would be successful and, upon settlement, Nokia would own Alcatel Lucent Securities at a level above the Mandatory Acceptance Threshold but below the Minimum Tender Condition. In accordance with French law, at the Mandatory Minimum Acceptance Threshold, Nokia would control Alcatel Lucent.

In addition, following such waiver, we would, in accordance with the AMF General Regulation, provide a subsequent offering period of not less than ten French trading days with respect to the French Offer. We would provide a subsequent offering period with respect to the U.S. Offer to match the subsequent offering period of the French Offer, with such subsequent offering period being not less than five U.S.

business days. Holders of Alcatel Lucent Securities that did not tender their Alcatel Lucent Securities into the Exchange Offer prior to the Expiration Date, would be able to tender their Alcatel Lucent Securities into the subsequent offering period in accordance with the terms thereof.

Nokia's obligation to file the French Offer with the AMF under the Memorandum of Understanding was subject to certain other conditions precedent, including receipt of certain regulatory approvals, accuracy of representations and warranties, compliance with covenants and absence of a material adverse effect. All these conditions were satisfied or waived prior to filing of the French Offer with the AMF. Refer to the Memorandum of Understanding included in Annex A to this exchange offer/prospectus for a description of such conditions.

Procedure for Tendering

You must follow the procedures described below in a timely manner in order to tender your Alcatel Lucent Securities.

The steps you must take to validly tender into the Exchange Offer will depend on whether you hold Alcatel Lucent Shares, Alcatel Lucent ADSs or OCEANES and whether you hold such Alcatel Lucent Shares, Alcatel Lucent ADSs or OCEANES directly or indirectly through a broker, dealer, commercial bank, trust company or other nominee.

No commission will be paid by Nokia to any intermediary of Alcatel Lucent Security holders or any person soliciting the contribution of Alcatel Lucent Securities into the Exchange Offer.

Holders of Alcatel Lucent ADSs

If you hold Alcatel Lucent ADSs, you may tender your Alcatel Lucent ADSs into the U.S. Offer through the U.S. exchange agent, who will receive and hold tendered Alcatel Lucent ADSs for exchange on behalf of Nokia and, following completion of the Exchange Offer or the subsequent offering period, as applicable, will exchange such Alcatel Lucent ADSs for Nokia ADSs. While you could withdraw the Alcatel Lucent Shares represented by your Alcatel Lucent ADSs and tender those Alcatel Lucent Shares into the U.S. Offer, it may not be in your best interests to do so because you will have to pay a withdrawal fee to the Alcatel Lucent depository in an amount equal to USD 5.00 or less per 100 Alcatel Lucent ADSs (or portion thereof) surrendered to the Alcatel Lucent depository in exchange for withdrawal of Alcatel Lucent Shares. The Alcatel Lucent ADS depository receipt facility will be closed to deposits and withdrawals for four U.S. business days prior to the ADS Tender Deadline. Alcatel Lucent ADSs may not be tendered into the French Offer.

In tendering your Alcatel Lucent ADSs into the U.S. Offer, you should consider the following:

you will receive Nokia ADSs;

you will not have to pay any Nokia ADS issuance fee to the Nokia depository;

you will not have to pay any Alcatel Lucent ADS cancellation fee to the Alcatel Lucent depository; and

you will not have to pay any fee to the U.S. exchange agent to tender your Alcatel Lucent ADSs.

If you hold Alcatel Lucent ADSs and would like to tender them into the U.S. Offer, you should follow the procedures described below. Nokia has retained Citibank, N.A. to act as the U.S. exchange agent in connection with the U.S. Offer.

Table of Contents

Please note that, in accordance with Finnish law, Finnish citizens that own Nokia Shares must be registered directly on the Nokia shareholder register and thus cannot hold Nokia ADSs.

You must follow the procedures described below in a timely manner in order to tender your Alcatel Lucent ADSs into the U.S. Offer.

THE METHOD OF DELIVERY OF ADS CERTIFICATES, THE LETTER OF TRANSMITTAL AND ALL OTHER REQUIRED DOCUMENTS, INCLUDING DELIVERY THROUGH DTC, IS AT YOUR ELECTION AND RISK. ALCATEL LUCENT ADSs WILL BE DEEMED DELIVERED ONLY WHEN ACTUALLY RECEIVED BY THE U.S. EXCHANGE AGENT (INCLUDING, IN THE CASE OF A BOOK-ENTRY TRANSFER, BY BOOK-ENTRY CONFIRMATION). IF DELIVERY IS BY MAIL, NOKIA RECOMMENDS THAT YOU USE PROPERLY INSURED REGISTERED MAIL WITH RETURN RECEIPT REQUESTED. IN ALL CASES, SUFFICIENT TIME SHOULD BE ALLOWED TO ENSURE TIMELY DELIVERY.

If you hold your Alcatel Lucent ADSs directly in certificated form and you would like to tender them in the U.S. Offer, you must complete and sign the enclosed letter of transmittal and return it together with your Alcatel Lucent ADS certificates and all other required documentation to the U.S. exchange agent at the appropriate address specified on the back cover page of this exchange offer/prospectus no later than the ADS Tender Deadline, which is 5:00 P.M., New York City time on the U.S. business day immediately preceding the Expiration Date, which will be _____, unless the U.S. Offer is extended. The time involved in tendering Alcatel Lucent ADSs held directly in certificated form will vary depending on the time it takes you to complete the letter of transmittal and deliver it, your Alcatel Lucent ADS certificates and any other required documentation by registered mail to the U.S. exchange agent. If your Alcatel Lucent ADS certificates are not available, you may still tender your Alcatel Lucent ADSs in accordance with the guaranteed delivery procedures set forth under _____ Guaranteed Delivery _____.

If you hold your Alcatel Lucent ADSs in uncertificated form on the register of the Alcatel Lucent depository (in direct registration form), you must complete and sign the letter of transmittal included with this exchange offer/prospectus and return it with any required documentation to the U.S. exchange agent at the appropriate address specified on the back cover page of this exchange offer/prospectus no later than the ADS Tender Deadline, which is 5:00 P.M., New York City time on _____, unless the U.S. Offer is extended. The time involved in tendering your Alcatel Lucent ADSs held directly in uncertificated form will vary depending on the time it takes you to complete the letter of transmittal and deliver it and any other required documentation by registered mail to the U.S. exchange agent.

If you hold your Alcatel Lucent ADSs directly in book-entry form through DTC and you would like to tender them in the U.S. Offer, you must tender your Alcatel Lucent ADSs by book-entry transfer using the ATOP system no later than the ADS Tender Deadline, which is 5:00 P.M., New York City time on the U.S. business day immediately preceding the Expiration Date, which will be _____, unless the U.S. Offer is extended.

If you hold your Alcatel Lucent ADSs indirectly through a broker, dealer, commercial bank, trust company or other nominee, you should not complete and sign the letter of transmittal included with this exchange offer/prospectus. Instead, you should instruct your broker, dealer, commercial bank, trust company or other nominee to validly tender your Alcatel Lucent ADSs in the U.S. Offer through the U.S. exchange agent on your behalf sufficiently in advance of the ADS Tender Deadline so that the broker, dealer, commercial bank, trust company or other nominee can effect such tender through the U.S. exchange agent on your behalf prior to the ADS Tender Deadline. If you hold Alcatel Lucent ADSs indirectly through a broker, dealer, commercial bank, trust company or other nominee, the time involved to validly tender your

Table of Contents

Alcatel Lucent ADSs will vary depending on the time it takes you to instruct your broker, dealer, commercial bank, trust company or other nominee to validly tender your Alcatel Lucent ADSs in the U.S. Offer through the U.S. exchange agent and (i) if your Alcatel Lucent ADSs are evidenced by ADS certificates, the time it takes your broker, dealer, commercial bank, trust company or other nominee to complete the letter of transmittal on your behalf and deliver it and your Alcatel Lucent ADS certificates and any other required documentation by registered mail to the U.S. exchange agent or (ii) if you hold Alcatel Lucent ADSs in book-entry form through DTC, the time it takes your broker, dealer, commercial bank, trust company or other nominee to validly tender your Alcatel Lucent ADSs by book-entry transfer.

The U.S. exchange agent has established an additional means for registered holders of uncertificated Alcatel Lucent ADSs to complete and deliver letters of transmittal via the internet, by signing onto a secure website established and maintained by the U.S. exchange agent and filling in the applicable information online. Detailed instructions for completing and delivering the letter of transmittal via the internet (including the applicable password) are set forth in the letter of transmittal being distributed to holders of uncertificated Alcatel Lucent ADSs.

The U.S. exchange agent will receive and hold all tendered Alcatel Lucent ADSs for the benefit of Nokia. If all the Conditions have been satisfied or waived by Nokia, then the Alcatel Lucent ADSs will be accepted for exchange in the Exchange Offer.

Delivery of documents to DTC will not constitute delivery to the U.S. exchange agent.

If the certificates for Alcatel Lucent ADSs are registered in the name of a person other than the signer of the letter of transmittal, or if consideration is to be delivered or certificates for Alcatel Lucent ADSs not validly tendered or not accepted for payment are to be returned to a person other than the registered holder of the certificates surrendered, then the validly tendered certificates must be endorsed or accompanied by appropriate stock powers, in either case signed exactly as the name or names of the registered holders or owners appear on the certificates, with the signatures on the certificates or stock powers guaranteed by an eligible institution as described above.

No alternative, conditional or contingent tenders of Alcatel Lucent ADSs will be accepted, and no fractional Alcatel Lucent ADSs will be purchased. By delivering the letter of transmittal, you waive any right to receive any notice of the acceptance of your Alcatel Lucent ADSs for exchange.

All properly completed and duly executed letters of transmittal, Alcatel Lucent ADS certificates and any other required documents or, in the case of delivery of the letters of transmittal via internet, all letters of transmittal delivered via the U.S. exchange agent's designated website or, in the case of a book-entry transfer, all agent's messages, delivered to the U.S. exchange agent by you or on your behalf will be deemed, without any further action by the U.S. exchange agent, to constitute acceptance by you of the U.S. Offer with respect to your Alcatel Lucent ADSs validly tendered in the U.S. Offer upon the terms and subject to the conditions set forth in this exchange offer/prospectus and the accompanying letter of transmittal.

If your Alcatel Lucent ADSs are not accepted for exchange for any reason, your Alcatel Lucent ADS certificates or your Alcatel Lucent ADSs in book-entry form will be returned promptly after the expiration or termination of the U.S. Offer or your proper withdrawal of the Alcatel Lucent ADSs from the U.S. Offer, as applicable. In the case of Alcatel Lucent ADSs in book-entry form, such return will be effected by crediting such Alcatel Lucent ADSs to the account at DTC from which they were transferred. In the case of certificated ADSs, the return will be effected by mailing the applicable certificated ADSs to the address on the books and records of the Alcatel Lucent depository.

Table of Contents

Alcatel Lucent ADSs in respect of which a valid tender has been made will be held subject to the control of, or in an account controlled by, the U.S. exchange agent, and consequently you will not be able to sell, assign, transfer or otherwise dispose of such securities until such time as (i) you withdraw your Alcatel Lucent ADSs from the U.S. Offer, (ii) your Alcatel Lucent ADSs have been exchanged for Nokia ADSs (in which case you will only be able to sell, assign, transfer or otherwise dispose of the Nokia ADSs received in respect of your Alcatel Lucent ADSs) or (iii) your Alcatel Lucent ADSs have been returned to you if the U.S. Offer expires or is terminated or because they were not accepted for exchange.

Guaranteed Delivery

If you wish to tender Alcatel Lucent ADSs pursuant to the U.S. Offer and your Alcatel Lucent ADSs are not immediately available or you otherwise cannot deliver the Alcatel Lucent ADS certificates (the Alcatel Lucent ADRs) and all other required documents to the U.S. exchange agent prior to the ADS Tender Deadline, you may nevertheless tender such Alcatel Lucent ADSs into the U.S. Offer provided that all of the following conditions are satisfied:

the tender is made by or through a financial institution (including most banks, savings and loan associations and brokerage houses) that is a participant in good standing in the Securities Transfer Agents Medallion Program, the NYSE Medallion Signature Program or the Stock Exchanges Medallion Program, or is otherwise an Eligible Guarantor Institution (as defined in Rule 17Ad-15 under the Exchange Act) (referred to collectively as Eligible Institutions);

a properly completed and duly executed notice of guaranteed delivery, substantially in the form made available by us, is received by the U.S. exchange agent as provided below on or prior to the ADS Tender Deadline; and

within three U.S. business days after the date of execution of such notice of guaranteed delivery, you deliver to the U.S. exchange agent, either:

your Alcatel Lucent ADRs, in proper form for transfer, together with a properly completed and duly executed letter of transmittal, with any required signature guarantee, or

a confirmation of a book-entry transfer of your Alcatel Lucent ADSs into the account of the U.S. exchange agent at DTC as described above, together with a properly completed and duly executed letter of transmittal, with any required signature guarantee or an agent's message.

The notice of guaranteed delivery may be delivered by hand or transmitted by facsimile transmission mailed to the U.S. exchange agent, or may be delivered by agent's message in DTC's ATOP system. The notice of guaranteed delivery must in all cases include a guarantee by an Eligible Institution in the form set forth in such notice. Delivery of documents to DTC in accordance with its procedures does not constitute delivery to the U.S. exchange agent.

Holders of Alcatel Lucent Shares

If you hold Alcatel Lucent Shares, there are two possible ways to validly tender them into the U.S. Offer:

you can tender your Alcatel Lucent Shares in exchange for Nokia Shares; or

you can deposit your Alcatel Lucent Shares into the Alcatel Lucent ADS program, receive Alcatel Lucent ADSs representing your deposited Alcatel Lucent Shares and tender those Alcatel Lucent ADSs in exchange for Nokia ADSs in which case you will have to pay the Alcatel Lucent ADS issuance fee to the Alcatel Lucent depository of \$5.00 (or less) per

Table of Contents

100 Alcatel Lucent ADSs issued. The Alcatel Lucent ADS program will be closed to deposits and withdrawals for four U.S. business days prior to the ADS Tender Deadline.

In deciding which method you should use to validly tender your Alcatel Lucent Shares into the U.S. Offer, you should consider the following:

If you validly tender your Alcatel Lucent Shares:

you will receive Nokia Shares;

your Nokia Shares will be in uncertificated form and, at your election, may be deposited into either (i) the same account in which you held your Alcatel Lucent Shares or (ii) your personal book-entry account with a Finnish book-entry operator, into your account with a financial intermediary or your broker's, dealer's, commercial bank's, trust company's or other nominee's book-entry account with a Finnish book-entry operator or a financial intermediary. If you fail to make an election, or your election instruction is determined, in our sole discretion, to be deficient, your Nokia Shares will be deposited into the same account in which you held your Alcatel Lucent Shares; and

you will not have to pay any fee to the U.S. exchange agent to tender your Alcatel Lucent Shares.

If you hold Alcatel Lucent Shares and would like to deposit them in the Alcatel Lucent ADS program, receive Alcatel Lucent ADSs representing your deposited Alcatel Lucent Shares and tender those Alcatel Lucent ADSs into the U.S. Offer through the U.S. exchange agent, you should tender the Alcatel Lucent ADSs representing your deposited Alcatel Lucent ADSs by following the procedures described above in Holders of Alcatel Lucent ADSs. It may, however, not be in your best interests to do so because you will have to pay an issuance fee to the Alcatel Lucent depository in an amount equal to USD 5.00 or less per 100 Alcatel Lucent ADSs (or portion thereof) issued by the Alcatel Lucent depository in exchange for the Alcatel Lucent Shares deposited. The Alcatel Lucent ADS program will be closed to deposits and withdrawals for four U.S. business days prior to the ADS Tender Deadline.

Also, if you hold Alcatel Lucent Shares and would like to hold Nokia ADSs after Completion of the Exchange Offer, please note that Nokia has agreed with Citibank, N.A., Nokia's ADS depository, that, if the Exchange Offer is successful, Citibank will not charge any ADS issuance fees for the issuance of new Nokia ADSs upon deposit of Nokia Shares for a period of thirty calendar days beginning on the U.S. business day following the settlement of the subsequent offering period or, if there is no subsequent offering period, the settlement of the Exchange Offer. Thus, you can convert any Nokia Shares you receive in the Exchange Offer for Nokia ADSs without any ADS issuance fees during the relevant period.

You must follow the procedures described below in a timely manner in order to tender your Alcatel Lucent Shares into the U.S. Offer.

THE METHOD OF DELIVERY OF ANY AND ALL REQUIRED DOCUMENTS IS AT YOUR ELECTION AND RISK. ALCATEL LUCENT SHARES WILL BE DEEMED DELIVERED ONLY WHEN THE TENDERING FORMALITIES SET OUT BELOW HAVE BEEN DULY COMPLETED.

If you hold your Alcatel Lucent Shares through a French financial intermediary, you should not complete the letter of transmittal. Instead, your French financial intermediary should send you transmittal materials and instructions for participating in the U.S. Offer. If you have not yet received instructions from your French financial intermediary, please contact your French financial intermediary directly.

Table of Contents

If you hold your Alcatel Lucent Shares through a custodian that is not a French financial intermediary, you should not complete the letter of transmittal. Instead, your custodian should either forward you the transmittal materials and instructions sent by the French financial intermediary that holds the Alcatel Lucent Shares on behalf of your custodian as record owner or send a separate form prepared by your custodian. If you have not yet received instructions from your custodian, please contact your custodian directly.

If the Alcatel Lucent Shares you hold are registered in direct nominative form (*nominatif pur*) in the Alcatel Lucent shareholders register and you wish to tender your Alcatel Lucent Shares into the U.S. Offer, you must register them in administrated nominative form (*nominatif administré*) with a licensed financial intermediary of your choice, unless you have previously requested their conversion into bearer form. Nokia draws your attention to the fact that if you request the conversion of your Alcatel Lucent Shares into bearer form, you forfeit any benefits related to the holding of shares in nominative form if the Exchange Offer is not successful.

Holders of OCEANES

If you hold OCEANES, there are two possible ways to validly tender them into the U.S. Offer:

you can tender your OCEANES in exchange for Nokia Shares; or

you can convert your OCEANES into or exchange your OCEANES for Alcatel Lucent Shares at the change of control conversion/exchange ratio and tender the resulting Alcatel Lucent Shares.

In deciding which method you should use to validly tender your OCEANES into the U.S. Offer, you should consider the following:

If you validly tender your OCEANES:

you will receive Nokia Shares for every 2018 OCEANE, Nokia Shares for every 2019 OCEANE and Nokia Shares for every 2020 OCEANE tendered;

your Nokia Shares will be in uncertificated form and, at your election, may be deposited into either (i) the same account in which you hold your OCEANES or (ii) your personal book-entry account with a Finnish book-entry operator, into your account with a financial intermediary or your broker s, dealer s, commercial bank s, trust company s or other nominee s book-entry account with a Finnish book-entry operator or a financial intermediary;

if you fail to make an election, or your election instruction is determined, in our sole discretion, to be deficient, your Nokia Shares will be deposited into the same account in which you held your OCEANES; and

you will not have to pay any fee to the U.S. exchange agent to tender your OCEANES.

If you elect to convert your OCEANES into or exchange your OCEANES for Alcatel Lucent Shares at the change of control conversion/exchange ratio and tender the resulting Alcatel Lucent Shares:

upon conversion/exchange, you will receive Alcatel Lucent Shares for every 2018 OCEANE, Alcatel Lucent Shares for every 2019 OCEANE and Alcatel Lucent Shares for every 2020 OCEANE that you convert/exchange; and

Edgar Filing: NOKIA CORP - Form F-4/A

you may tender the resulting Alcatel Lucent Shares in accordance with the procedures outlined in Holders of Alcatel Lucent Shares above.

If you hold OCEANEs and would like to hold Nokia ADSs after Completion of the Exchange Offer, please note that Nokia has agreed with Citibank, N.A., Nokia's ADS depository, that, if the Exchange Offer is successful, Citibank will not charge any ADS issuance fees for the issuance of new Nokia ADSs upon deposit of Nokia Shares for a period of thirty calendar days beginning on the U.S. business day following the settlement of the subsequent offering period or, if there is no subsequent offering period, the settlement of the Exchange Offer. Thus, you can convert any Nokia Shares you receive in the Exchange Offer to Nokia ADSs without any ADS issuance fees during the relevant period.

You must follow the procedures described below in a timely manner in order to tender your OCEANEs into the U.S. Offer.

THE METHOD OF DELIVERY OF ANY AND ALL REQUIRED DOCUMENTS IS AT YOUR ELECTION AND RISK. OCEANEs WILL BE DEEMED DELIVERED ONLY WHEN THE TENDERING FORMALITIES SET OUT BELOW HAVE BEEN DULY COMPLETED.

If you hold your OCEANEs through a French financial intermediary, you should not complete the letter of transmittal. Instead, your French financial intermediary should send you transmittal materials and instructions for participating in the U.S. Offer. If you have not yet received instructions from your French financial intermediary, please contact your French financial intermediary directly.

If you hold your OCEANEs through a custodian that is not a French financial intermediary, you should not complete the letter of transmittal. Instead, your custodian should either forward you the transmittal materials and instructions sent by the French financial intermediary that holds the OCEANEs on behalf of your custodian as record owner or send a separate form prepared by your custodian. If you have not yet received instructions from your custodian, please contact your custodian directly.

If the OCEANEs you hold are registered in direct nominative form (*nominatif pur*) in the Alcatel Lucent shareholders register and you wish to tender your OCEANEs into the U.S. Offer, you must register them in administrated nominative form (*nominatif administré*) with a licensed financial intermediary of your choice, unless you have previously requested their conversion into bearer form. Nokia draws your attention to the fact that if you request the conversion of your OCEANEs into bearer form, you forfeit any benefits related to the holding of OCEANEs in nominative form if the Exchange Offer is not successful.

Other Requirements

If the letter of transmittal, notice of guaranteed delivery or any certificates or stock powers are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or other persons acting in a fiduciary or representative capacity, such persons should so indicate when signing. Proper evidence of authority to act must be submitted by such persons, although we may waive this requirement.

If any Alcatel Lucent Share or OCEANE or other evidence of ownership has been mutilated, destroyed, lost or stolen, you must:

furnish to your French financial intermediary or U.S. custodian satisfactory evidence of ownership and of the destruction, loss or theft or such document;

indemnify your French financial intermediary or U.S. custodian against loss; and

comply with any other reasonable requirements.

Table of Contents

If any Alcatel Lucent ADR has been mutilated, destroyed, lost or stolen, you must contact the Alcatel Lucent ADS depository and comply with the requirements under the deposit agreement to obtain a replacement Alcatel Lucent ADR before you will be able to tender those Alcatel Lucent ADSs in this U.S. Offer.

Your tender of Alcatel Lucent Securities pursuant to any of the procedures described above in Holders of Alcatel Lucent ADSs , Holder of Alcatel Lucent Shares and Holders of OCEANEs will constitute your binding agreement with us to the terms of the U.S. Offer and Conditions.

Validity of Tenders

Nokia will determine questions as to the validity, form, eligibility, including time of receipt, and acceptance for exchange of any tender of Alcatel Lucent Securities, in Nokia's sole discretion, and Nokia's determination shall be final and binding. Nokia reserves the absolute right to reject any and all tenders of Alcatel Lucent Securities that Nokia determines are not in proper form or the acceptance of or exchange for which may be unlawful. Nokia also reserves the absolute right to waive any defect or irregularity in the tender of any Alcatel Lucent Securities of any particular holder, whether or not similar defects or irregularities are waived in the case of other holders. No tender of Alcatel Lucent Securities will be deemed to have been validly made until all defects and irregularities in tenders of Alcatel Lucent Securities have been cured or waived. None of Nokia, the U.S. exchange agent nor any other person will be under any duty to give notification of any defects or irregularities in the tender of any Alcatel Lucent Securities, and none of them will incur any liability for failure to give any such notification. Nokia's interpretation of the terms of the Exchange Offer and Conditions, including the letter of transmittal and instructions thereto, will be final and binding.

Announcement of Results

The AMF is expected to announce the results of the French Offer, taking into account the results of the U.S. Offer, four to five and in any event no later than nine French trading days following the expiration of the French Offer period and, if applicable, the expiration of the subsequent offering period. In addition, Nokia will also announce the results of the Exchange Offer and, if applicable, the subsequent offering period by means of a public announcement to be issued on the date of announcement of the results by the AMF. In addition, notice will be posted on Nokia's website at www.nokia.com. The information on Nokia's website is not a part of this exchange offer/prospectus and is not incorporated by reference herein.

Settlement and Delivery of Securities

If the Conditions have been satisfied or, if applicable, waived, Nokia will accept for exchange and will exchange all Alcatel Lucent Securities that have been validly tendered into, and not withdrawn from, the Exchange Offer and Nokia will issue and deliver the Nokia Shares, and will cause its depository to issue and deliver Nokia ADSs through the U.S. exchange agent, approximately five French trading days following the announcement of the results of the French Offer by the AMF, in accordance with applicable Finnish, French and U.S. rules and regulations. With respect to the subsequent offering period, if any, in accordance with the AMF General Regulation, Nokia will accept for exchange and will exchange all Alcatel Lucent Securities that have been validly tendered into the Exchange Offer during the subsequent offering period and Nokia will issue and deliver the Nokia Shares and will cause its depository to issue and deliver Nokia ADSs through the U.S. exchange agent approximately five French trading days following the announcement of the results of the French Offer by the AMF during the subsequent offering period, in accordance with applicable Finnish, French and U.S. rules and regulations.

If you validly tender Alcatel Lucent ADSs to the U.S. exchange agent, Nokia will deposit the Nokia Shares issuable in respect of the Alcatel Lucent ADSs accepted for exchange in the U.S. Offer with the custodian of the Nokia depository. The Nokia depository will then issue Nokia ADSs representing such Nokia Shares. The U.S. exchange agent will distribute such Nokia ADSs to the holders of Alcatel Lucent ADSs acquired in the U.S. Offer as follows:

if you hold your Alcatel Lucent ADSs directly in certificated or uncertificated form and you or your nominee validly tendered your Alcatel Lucent ADSs in the U.S. Offer by means of delivery of a letter of transmittal, the U.S. exchange agent will register the applicable number of uncertificated Nokia ADSs in your name and mail to you a confirmation of such registration; or

if you hold your Alcatel Lucent ADSs in book-entry form through DTC and such Alcatel Lucent ADSs were delivered to the U.S. exchange agent by book-entry transfer using the ATOP system, the U.S. exchange agent will deliver the applicable number of Nokia ADSs to DTC for forwarding to the account of your nominee at DTC.

Please note that, in accordance with Finnish law, Finnish citizens that own Nokia Shares must be registered directly on the Nokia shareholder register and thus can only hold Nokia Shares in their book entry account with a Finnish book-entry operator.

If you validly tender Alcatel Lucent Shares or OCEANEs in the U.S. Offer, Nokia will issue uncertificated Nokia Shares in respect of the Alcatel Lucent Shares or OCEANEs accepted for exchange in the U.S. Offer and, at your election, will deposit them into either (i) the same account in which you held your Alcatel Lucent Shares or OCEANEs or (ii) your personal book-entry account with a Finnish book-entry operator, into your account with a financial intermediary or your broker s, dealer s, commercial bank s, trust company s or other nominee s book-entry account with a Finnish book-entry operator or a financial intermediary. If you fail to make an election or if your election instruction is determined, in our sole discretion, deficient, your Nokia Shares will be deposited into the same account in which you held your Alcatel Lucent Shares or OCEANEs. You will be able to deposit these Nokia Shares with the custodian of the Nokia depository for issuance of Nokia ADSs representing such Nokia Shares.

Under no circumstances will interest be paid on the exchange of Alcatel Lucent Securities, regardless of any delay in making the exchange or any extension of the Exchange Offer.

We expect that Nokia ADSs to be issued in connection with the Exchange Offer or the subsequent offering period, if any, will begin trading on the NYSE on a when-issued basis before the completion of the Exchange Offer or the subsequent offering period, if any, which is expected to occur approximately five French trading days after the announcement of the results of the French Offer by the AMF (taking into account the results of the U.S. Offer) or the subsequent offering period, if any. When-issued trading of Nokia ADSs will continue until the completion of the Exchange Offer or the subsequent offering period, if any. The when-issued trades of Nokia ADSs are expected to settle after issuance of the newly issued Nokia ADSs pursuant to the Exchange Offer or the subsequent offering period, as applicable.

Treatment of Fractional Nokia Shares or Nokia ADSs

No fractional Nokia Shares or Nokia ADSs will be issued by Nokia in the context of the Exchange Offer, including during the subsequent offering period. Holders of Alcatel Lucent Securities who tender in the Exchange Offer, including during the subsequent offering period, a number of Alcatel Lucent Securities which does not entitle them to a whole number of new Nokia Shares or Nokia ADSs, will be considered as having expressly agreed to participate in the mechanism to resell new fractional Nokia Shares or ADSs described below for the fractional Nokia Shares or Nokia ADSs to which they are entitled.

Table of Contents***Resale Mechanism for Nokia ADSs***

Promptly after the completion of the Exchange Offer or subsequent offering period, if necessary, the U.S. exchange agent will aggregate all fractional entitlements to new Nokia ADSs in order to obtain a whole number of new Nokia ADSs (their number being rounded down to the next whole number of ADSs) and will sell them on the open market for the account of the applicable tendering holders of Alcatel Lucent Securities participating in this resale mechanism promptly after receipt of the applicable Nokia Shares from Nokia. The cash amount (with respect to Nokia ADSs, in U.S. dollars, rounded to the nearest U.S. cent, it being noted that 0.50 U.S. cents will be rounded to one U.S. cent) will be paid to the applicable tendering holders of Alcatel Lucent Securities as soon as possible following such date. The holders of Alcatel Lucent Securities who participate in this mechanism to resell fractional Nokia ADS entitlements will receive the net proceeds of sales pro rata to their participation in this mechanism, it being specified that Nokia will cover the broker fees as well as any other fees which may be related to the settlement of the resale mechanism.

Resale Mechanism for Nokia Shares

Promptly after the completion of the Exchange Offer or subsequent offering period, if necessary Euronext Paris will aggregate all fractional entitlements to new Nokia Shares (their number being rounded up to the highest unit) in order to obtain a whole number of new Nokia Shares and will transfer them to Société Générale who will sell them on the open market for the account of the applicable tendering holders of Alcatel Lucent Securities participating in this resale mechanism promptly and no later than ten French trading days following the completion of the Exchange Offer or if necessary any subsequent offering period after receipt of the applicable Nokia Shares from Nokia. The cash amount (with respect to Nokia Shares, in U.S. dollars, rounded to the nearest U.S. cent, it being noted that 0.50 U.S. cents will be rounded to one U.S. cent) will be paid to the applicable tendering holders of Alcatel Lucent Securities as soon as possible following such date. The holders of Alcatel Lucent Securities who participate in this mechanism to resell fractional Nokia Share entitlements will receive the net proceeds of sales pro rata to their participation in this mechanism, it being specified that Nokia will cover the broker fees as well as any other fees which may be related to the setting up of this resale mechanism.

However, under no circumstances will any interest be paid on the cash amount to be received by a holder of Alcatel Lucent Securities in return for a fractional Nokia Share or Nokia ADS, even in the event of late payment of this amount.

At the end of any subsequent offering period, the same mechanism to resell fractional Nokia Shares or Nokia ADSs will be implemented in order to treat any fractional Nokia Shares or Nokia ADSs generated during the subsequent offering period.

Share Issuance and Power of Attorney

The Nokia Shares (including the Nokia Shares represented by Nokia ADSs) to be issued in the U.S. Offer will be created by means of an issuance of new ordinary shares of Nokia. In order to settle the Exchange Offer, it is contemplated that the general meeting of shareholders of Nokia will resolve to authorize the Nokia board of directors to issue new Nokia Shares in deviation from the shareholders' pre-emptive rights as consideration to the holders of Alcatel Lucent Securities who have tendered their Alcatel Lucent Securities into the Exchange Offer, and that the Nokia board of directors will make a resolution to issue new Nokia Shares based on the authorization by the general meeting of shareholders (and register such issuance of new shares with the Finnish Trade Register on settlement). See Description of the Nokia Shares and Articles of Incorporation Shares and Share Capital of Nokia. This issuance of shares will be effected by way of contribution-in-kind of Alcatel

Table of Contents

Lucent Securities by the U.S. exchange agent acting in its own name, but for the account of the shareholders who have validly tendered their Alcatel Lucent Securities in the U.S. Offer.

On the basis of a maximum total number of Alcatel Lucent Shares targeted by the Exchange Offer (including Alcatel Lucent Shares issuable upon the conversion of OCEANEs or the exercise of Stock Options) and Alcatel Lucent ADSs, if the participation in the Exchange Offer is 100%, a maximum number of million Nokia Shares may be issued in the Exchange Offer. The exact number of Nokia Shares to be issued will depend on the number of Alcatel Lucent Securities tendered in the Exchange Offer and into any subsequent offering period, as applicable, and will be determined after the publication by the AMF of the results of the French Offer (taking into account the results of the U.S. Offer).

The new Nokia Shares would be ordinary shares representing the share capital of Nokia, from the same category, entirely paid-up, with voting rights and without nominal value. They will have the same rights and benefits as all existing ordinary shares, including the right to any future dividend, as from the registration of the new shares in accordance with the Finnish Companies Act. The transferability of the Nokia Shares offered in the Exchange Offer for Alcatel Lucent Securities will not be limited by any provision of the Nokia Articles of Association, Finnish law or Nasdaq Helsinki and NYSE Euronext regulations.

For a more detailed description of the Nokia Shares refer to the section entitled Description of the Nokia Shares and Articles of Association Shares and Share Capital of Nokia .

If you tender your Alcatel Lucent ADSs in the U.S. Offer, you will be deemed to accept that, in connection with the share issuance described above, the U.S. exchange agent will undertake to contribute your Alcatel Lucent ADSs or the Alcatel Lucent ADSs in its own name, but for your account. In addition, by tendering the Alcatel Lucent ADSs you will authorize the U.S. exchange agent and, if applicable, the Alcatel Lucent depositary, to take the following actions for your account if the Exchange Offer is successful:

Execute a subscription commitment and enter into a contribution-in-kind agreement with Nokia pursuant to which Nokia will issue to the U.S. exchange agent for your account 0.55 Nokia Share in exchange of each Alcatel Lucent ADS you have validly tendered in, and not withdrawn from, the U.S. Offer; and

Upon issuance of the Nokia Shares for your account: instruct (a) the U.S. exchange agent to deposit the Nokia Shares issued for your account with the custodian for the Nokia ADS program and (b) the Nokia depositary to issue and deliver Nokia ADSs representing the deposited shares to you or your nominee.

Nokia shall not have the rights specified in clauses (d) or (f) above until it has irrevocably accepted those Alcatel Lucent ADSs tendered in the U.S. Offer. Upon acceptance by Nokia of tendered Alcatel Lucent ADSs in the U.S. Offer, the tendering holder of Alcatel Lucent ADSs shall have no further rights with respect to those Alcatel Lucent ADSs, except that the holder shall have a right to receive from Nokia the Nokia ADSs subject to and in accordance with the terms and conditions of the U.S. Offer;

irrevocably appoint each designee of Nokia as the attorney-in-fact and proxy of the tendering holder, each with full power of substitution, to exercise all voting and other rights of the tendering holder in such manner as each such attorney and proxy or his substitute shall, in his sole discretion, deem proper and otherwise act (by written consent or otherwise), with respect to all of the Alcatel Lucent ADSs tendered (and any associated Distributions) that have been accepted for payment by Nokia prior to the time of any vote or other action (and any and all other Alcatel Lucent Shares or other securities or rights issued or issuable in respect of such Alcatel Lucent ADSs) at any meeting of securityholders of Alcatel Lucent (whether annual or special and whether or not an adjourned or postponed meeting), any actions by written consent in lieu of any such meeting or otherwise. This proxy and power of attorney is coupled with an interest in the tendered Alcatel Lucent ADSs, is irrevocable and is granted in consideration of, and is effective upon, the acceptance for payment of the Alcatel Lucent ADSs by Nokia in accordance with the terms and conditions of the U.S. Offer. Such acceptance for payment shall

revoke any other proxy or written consent granted by the tendering holder at any time with respect to such Alcatel Lucent ADSs (and all such other Alcatel Lucent Shares or other securities or rights), and no subsequent proxies will be given or written consents will be executed by the tendering holder (and if given or executed, will not be deemed effective). The tendering holder understands that, in order for the Alcatel Lucent ADSs to be deemed validly tendered, immediately upon Nokia's acceptance of such Alcatel Lucent ADSs, Nokia or its designee must be able to exercise full voting, consent and other rights with respect to such Alcatel Lucent ADSs (and any associated distributions), including, the right to instruct the Alcatel Lucent depository with respect to voting at any meeting of Alcatel Lucent's stockholders;

represent and warrant that it has full power and authority to accept the U.S. Offer and to tender, exchange, sell, assign and transfer the Alcatel Lucent ADSs (and any associated Distributions) tendered by the letter of transmittal (and any and all other Alcatel Lucent Shares or other securities or rights issued or issuable in respect of such Alcatel Lucent ADSs), and that when the same are accepted for payment by Nokia, Nokia will acquire good, marketable and unencumbered title thereto and to all Distributions, free and clear of all liens, restrictions, charges and encumbrances and not subject to any adverse claims; and

agree to, upon request, execute and deliver all additional documents deemed by the U.S. exchange agent or Nokia to be necessary or desirable to complete the sale, assignment and transfer of the Alcatel Lucent ADSs (and any associated Distributions) tendered hereby (and any and all other Alcatel Lucent Shares or other securities or rights issued or issuable in respect of such Alcatel Lucent ADSs).

All authority conferred or agreed to be conferred pursuant to these representations and covenants shall not be affected by, and shall survive, the death or incapacity of and any obligation of the tendering holder shall be binding upon the heirs, personal representatives, successors and assigns of the tendering holder.

Representations and Covenants of Tendering Holders of Alcatel Lucent Shares and OCEANES

Upon tendering the Alcatel Lucent Shares or OCEANES in the U.S. Offer, the tendering holder of such Alcatel Lucent Shares or OCEANES is deemed to:

on the terms and subject to the conditions of the U.S. Offer (including, if the U.S. Offer is extended or amended, the terms and conditions of such extension or amendment), and subject to, and effective upon, acceptance for exchange of, and exchange for, the Alcatel Lucent Shares and OCEANES tendered in accordance with the terms of the U.S. Offer, sell, assign and transfer to, or upon the order of, Nokia, all right, title and interest in and to all of the Alcatel Lucent Shares and OCEANES being tendered and any and all dividends, distributions (including, without limitation, distributions of additional Alcatel Lucent Shares or OCEANES), rights or other securities issued or issuable in respect of such Alcatel Lucent Shares and OCEANES on or after the completion of the U.S. Offer, and appoints Nokia the true and lawful agent and attorney-in-fact of such holder with respect to such Alcatel Lucent Shares and OCEANES (and any Distributions) with full power of substitution (such power of attorney being deemed to be an irrevocable power coupled with an interest) to the fullest extent of such holder's rights with respect to such Alcatel Lucent Shares and OCEANES (and any Distributions) (a) to transfer ownership of such Alcatel Lucent Shares and OCEANES (and any Distributions) on the account books of Alcatel Lucent, together in either such case with all accompanying evidences of transfer and authenticity, to or upon the order of Nokia, (b) to present such Alcatel Lucent Shares and OCEANES (and any Distributions) for transfer on the books of Alcatel Lucent and (c) to receive all benefits and otherwise exercise all rights of beneficial ownership of such Alcatel Lucent Shares and OCEANES (and any Distributions), all

in accordance with the terms and the conditions of the U.S. Offer. The tendering holder is deemed to instruct the financial intermediary to tender, or to cause to be tendered, the Alcatel Lucent Shares and OCEANEs as part of the French centralizing procedures;

irrevocably appoint the designees of Nokia, and each of them, the attorneys-in-fact and proxies, each with full power of substitution, to the full extent of such holder's rights with respect to the Alcatel Lucent Shares and OCEANEs tendered which have been accepted for exchange by Nokia and with respect to any Distributions. Subject to applicable law, the designees of Nokia will, with respect to the Alcatel Lucent Shares and OCEANEs (and any associated Distributions) for which the appointment is effective, be empowered to exercise all voting, consent and any other similar rights of such holder, as they, in their sole discretion, may deem proper at any ordinary, extraordinary or adjourned meeting of Alcatel Lucent's shareholders or bondholders, by written consent in lieu of any such meeting or otherwise. This proxy and power of attorney shall be irrevocable and coupled with an interest in the tendered Alcatel Lucent Shares and OCEANEs. Such appointment is effective upon the acceptance by Nokia of the Alcatel Lucent Shares and OCEANEs tendered. If the U.S. Offer is successful, Nokia will be deemed to have accepted for exchange Alcatel Lucent Shares and OCEANEs validly tendered and not withdrawn on the Expiration Date, as set forth in the final results of the French Offer (taking into account the results of the U.S. Offer) published by the AMF. Upon the effectiveness of such appointment, without further action, all prior powers of attorney, proxies and consents given with respect to such Alcatel Lucent Shares and OCEANEs (and any associated Distributions) will be revoked, and no subsequent powers of attorney, proxies, consents or revocations may be given (and, if given, will not be deemed effective). Nokia reserves the right to require that, in order for Alcatel Lucent Shares and OCEANEs to be deemed validly tendered, immediately upon Nokia's exchange of such Alcatel Lucent Shares and OCEANEs, subject to applicable law, Nokia must be able to exercise full voting or consent rights with respect to such Alcatel Lucent Shares and OCEANEs (and any associated Distributions), including voting at any meeting of shareholders or bondholders; and

represent and warrant that the tendering holder has full power and authority to tender, sell, assign and transfer the Alcatel Lucent Shares and OCEANEs (and any Distributions) and, when the same are accepted for exchange by Nokia, Nokia will acquire good, marketable and unencumbered title thereto, free and clear of all liens, restrictions, charges and encumbrances, and the same will not be subject to any adverse claim. The tendering holder will be deemed to agree to, upon request, execute and deliver any additional documents deemed by the financial intermediary or Nokia to be necessary or desirable to complete the sale, assignment and transfer of the Alcatel Lucent Shares and OCEANEs (and any Distributions) tendered. In addition, the tendering holder will be deemed to agree to promptly remit and transfer to the financial intermediary for the account of Nokia any and all Distributions in respect of the Alcatel Lucent Shares and OCEANEs tendered, accompanied by appropriate documentation of transfer; and, pending such remittance or appropriate assurance thereof, Nokia shall be entitled to all rights and privileges as owner of any such Distributions and may withhold the entire consideration offered pursuant to the Exchange Offer or deduct from such consideration offered the amount or value thereof, as determined by Nokia in its sole discretion.

All authority conferred or agreed to be conferred pursuant to these representations and covenants shall not be affected by, and shall survive, the death or incapacity of and any obligation of the tendering holder shall be binding upon the heirs, personal representatives, successors and assigns of the tendering holder.

Table of Contents**Certain Consequences of the Exchange Offer**

After a successful completion of the Exchange Offer, Nokia is expected to own between 50% and 100% of Alcatel Lucent. As a result, Nokia will be in a position to exert influence over the strategic, operating and financial policies of Alcatel Lucent. If the squeeze-out is implemented, Nokia's ownership of Alcatel Lucent would increase to 100% and Nokia would be entitled to all benefits resulting from that ownership, including all income generated by Alcatel Lucent's operations and any future increase in Alcatel Lucent's value and the right to elect all members of the Alcatel Lucent board of directors. Similarly, Nokia would also bear the risk of losses generated by Alcatel Lucent's operations and any decrease in the value of Alcatel Lucent after such an acquisition.

Trading in Alcatel Lucent Securities During and After the Exchange Offer Period

During the Exchange Offer period, Alcatel Lucent Shares and OCEANEs not validly tendered into the Exchange Offer will continue to trade on Euronext Paris and Alcatel Lucent ADSs not validly tendered into the U.S. Offer will continue to trade on the NYSE.

On opening of the first U.S. business day following the ADS Tender Deadline, the NYSE may suspend trading in the Alcatel Lucent ADSs pending public announcement of the results of the Exchange Offer. Because the results of the Exchange Offer may not be announced until up to nine French trading days after the Expiration Date (although we expect the announcement to be made approximately four to five French trading days after the Expiration Date), holders of Alcatel Lucent ADSs who do not tender their Alcatel Lucent ADSs in the Exchange Offer may be unable to trade Alcatel Lucent ADSs on the NYSE during this period.

Trading in Alcatel Lucent Shares, Alcatel Lucent ADSs and OCEANEs may continue on Euronext Paris and the NYSE, as applicable, after the completion of the Exchange Offer, depending on the number of such Alcatel Lucent Securities not acquired in the Exchange Offer. However, following the completion of the Exchange Offer and depending on the number of remaining Alcatel Lucent Shares outstanding, Nokia intends, subject to applicable law and securities exchange regulations, to (i) request from Euronext Paris the delisting of the Alcatel Lucent Shares and OCEANEs from the regulated market of Euronext Paris and (ii) seek to delist the Alcatel Lucent ADSs from the NYSE (as discussed below in this section under **Reduced Liquidity of Alcatel Lucent Securities**).

Listings of the Nokia Shares

Nokia has applied for the Nokia Shares (including the Nokia Shares to be issued in connection with the Exchange Offer) to be admitted for listing to Euronext Paris. Nokia expects that Admission will take effect prior to the completion of the Exchange Offer. Nokia will apply for a listing of the Nokia Shares and Nokia ADSs to be issued in connection with the Exchange Offer on the Nasdaq Helsinki and the NYSE, respectively. We expect that Nokia ADSs to be issued in connection with the Exchange Offer or the subsequent offering period, if any, will begin trading on the NYSE on a **when-issued** basis before the completion of the Exchange Offer or the subsequent offering period, if any, which is expected to occur approximately five French trading days after the announcement of the results of the French Offer by the AMF (taking into account the results of the U.S. Offer) or the results of the subsequent offering period, if any.

Reduced Liquidity of Alcatel Lucent Securities

After completion of the Exchange Offer, and as applicable, after any subsequent offering period, Nokia intends, subject to applicable law and securities exchange regulations, to (i) request from Euronext Paris the delisting of the Alcatel Lucent Shares and OCEANEs from the regulated market of Euronext

Table of Contents

Paris and (ii) seek to delist the Alcatel Lucent ADSs from the NYSE and, when possible, to deregister the Alcatel Lucent Shares and Alcatel Lucent ADSs under the Exchange Act.

A delisting from Euronext Paris may occur in accordance with the Euronext Paris rules if Nokia (i) completes the squeeze-out or (ii) holds at least 90% of the voting rights of Alcatel Lucent following a simplified public offer and over the last 12 months before the delisting application the total value of Alcatel Lucent Shares traded on Euronext Paris represents less than 0.5% of Alcatel Lucent's market capitalization. Pursuant to Articles 6905/1 *et. seq.* of the Euronext Rule Book, Euronext Paris may delist shares listed on its markets upon a written request of the issuer, which must indicate the reasons of such request. Euronext Paris may decide not to proceed with the delisting of the shares as requested by the issuer if such a delisting affects the equitable, organized and efficient functioning of the market. Euronext Paris may also subject the delisting of the Alcatel Lucent Shares to any additional conditions which it deems appropriate.

If any of these delistings or the deregistration were to occur, there may be no publicly traded Alcatel Lucent Shares, OCEANEs or Alcatel Lucent ADSs, which would likely reduce their respective liquidity and market value. Even if such delistings or the deregistration do not occur, the Exchange Offer will reduce the number of Alcatel Lucent Shares, OCEANEs and Alcatel Lucent ADSs that might otherwise trade publicly and will reduce the number of holders of Alcatel Lucent Shares, OCEANEs and Alcatel Lucent ADSs which could, in turn, also adversely affect the liquidity and market value of the Alcatel Lucent Shares, OCEANEs and Alcatel Lucent ADSs not acquired in the Exchange Offer.

On opening of the first U.S. business day following the ADS Tender Deadline, the NYSE may suspend trading in the Alcatel Lucent ADSs pending public announcement of the results of the Exchange Offer. Because the AMF may not announce the results of the French Offer (taking into account the results of the U.S. Offer) until up to nine French trading days after the Expiration Date (although we expect the announcement to be made approximately four to five French trading days after the Expiration Date), holders of Alcatel Lucent ADSs who do not tender their Alcatel Lucent ADSs in the U.S. Offer may be unable to trade Alcatel Lucent ADSs on the NYSE during this period. Further, if fewer than 600 000 Alcatel Lucent ADSs remain outstanding following completion of the Exchange Offer, the NYSE may not resume trading in the Alcatel Lucent ADSs after the publication of the results of the Exchange Offer. Accordingly, holders of Alcatel Lucent ADSs who do not tender their Alcatel Lucent ADSs in the U.S. Offer may be unable to trade their Alcatel Lucent ADSs on the NYSE at any point following the ADS Tender Deadline. As of June 30, 2015, there were 499 863 626 Alcatel Lucent ADSs outstanding.

Quotations of the Alcatel Lucent Securities might still be available from another source. The extent of the market for the Alcatel Lucent Securities and the availability of such quotations would, however, depend upon the number of holders of these securities remaining at such time, the interest in maintaining a market in the Alcatel Lucent Securities on the part of securities firms and other factors.

Termination of the Alcatel Lucent Deposit Agreement

As promptly as practicable after completion of the Exchange Offer or the subsequent offering period, if any, Nokia intends, subject to applicable law, to cause Alcatel Lucent to terminate the Alcatel Lucent deposit agreement. Following such termination, the Alcatel Lucent depository would perform no further acts under the Alcatel Lucent deposit agreement, except to receive and hold (or sell) distributions on the deposited securities and deliver the deposited securities being withdrawn.

Following the termination of the deposit agreement, the Alcatel Lucent depository may do either of the following:

instruct its custodian to register all Alcatel Lucent Shares underlying the remaining Alcatel Lucent ADSs with Alcatel Lucent in registered form (*nominatif pur*) and provide Alcatel Lucent

Table of Contents

with a copy of the ADR register. Upon receipt of such instructions, Alcatel Lucent would register in registered form (*nominatif pur*) the Alcatel Lucent Shares represented by the Alcatel Lucent ADSs reflected on the register in each such holder's name; or

sell Alcatel Lucent Shares underlying the remaining Alcatel Lucent ADSs and (as long as it may lawfully do so) would hold in a segregated account the net proceeds of such sales, together with any other cash then held by it under the Alcatel Lucent deposit agreement, without liability for interest, in trust for the pro rata benefit of the holders of Alcatel Lucent ADSs not theretofore surrendered.

Statutory Exemption from Certain U.S. Tender Offer Requirements

The Exchange Offer qualifies as a Tier II offer in accordance with Rule 14d-1(d) under the Exchange Act and is, as a result, exempt from certain provisions of otherwise applicable U.S. statutes and rules relating to tender offers. In separating our offers into the U.S. Offer and the French Offer we are relying on the Tier II exemption from Rule 14d-10 under the Exchange Act. In addition, we intend to rely on the Tier II exemption from Rule 14d-11(c) and Rule 14d-11(d) on the conditions for the provision of a subsequent offering period, Rule 14e-1(c) on prompt payment and Rule 14e-1(d) on the procedures for giving notices of any extensions of the length of the tender offer, where we will follow French law and practice.

We may rely on other Tier II exemptions and may need to request additional relief from the SEC if the implementation of the French tender offer law and practice is inconsistent with the U.S. tender offer rules and practice. If we are unable to obtain such additional relief, we may have to amend the U.S. Offer to the extent we are permitted to do so as a matter of French law and regulations. While we do not anticipate that any amendment will be required that would be prohibited by French law, if such conflict arises we may be unable to complete the Exchange Offer.

Conversion/Exchange of OCEANE Bonds in the Event of a Tender Offer

Under the terms of each of the OCEANES, since the Exchange Offer may lead to a Change of Control (as defined below) of Alcatel Lucent, the opening of the Exchange Offer resulted in adjustment of the conversion/exchange ratio for the duration of the Adjustment Period (as defined below) in accordance with the following formula:

$$\text{NCER} = \text{CER} \times (1 + \text{OCEANE Issue Premium} \times (\text{D}/\text{DT}))$$

where:

NCER means the OCEANES new conversion/exchange ratio applicable during the Adjustment Period;

CER means the conversion/exchange ratio in effect before the Exchange Offer opening date, such conversion/exchange ratio being 1.06 Alcatel Lucent Share for every 2018 OCEANE, one Alcatel Lucent Share for every 2019 OCEANE, and one Alcatel Lucent Share for every 2020 OCEANE;

OCEANE Issue Premium means the premium, expressed as a percentage, determined by comparing the par value per unit of the OCEANES to the reference price of the Alcatel Lucent's Shares used at the time the final terms of the OCEANES were determined, such premium being 36.8% for the 2018 OCEANES, 40.2% for the 2019 OCEANES and 37.1% for the 2020 OCEANES;

D means the number of days between the Exchange Offer opening date (inclusive) and the OCEANE maturity date (exclusive), with the maturity date being July 1, 2018 for the 2018 OCEANES, January 30, 2019 for the 2019 OCEANES and January 30, 2020 for the 2020 OCEANES; and

DT means the number of days between the issuance date of the OCEANES (inclusive) (such date being July 3, 2013 for the 2018 OCEANES and June 10, 2014 for the 2019 OCEANES and 2020 OCEANES) and the maturity date of the OCEANES (exclusive) (such number of days being 1 824 days for the 2018 OCEANES, 1 695 days for the 2019 OCEANES and 2 060 days for the 2020 OCEANES).

As a result of the Exchange Offer, the adjusted conversion/exchange ratios (or the NCERs) are _____ for the 2018 OCEANES, _____ for the 2019 OCEANES and _____ for the 2020 OCEANES.

The adjustment of the conversion/exchange ratio discussed above will, pursuant to the terms of the respective securities notes of the OCEANES, benefit only those holders of OCEANES who will exercise their conversion/exchange right, between (and including):

- (a) the opening date of the Exchange Offer (which is _____), and
- (b) (i) (x) if the AMF declares that the French Offer is successful, the date that is 15 French business days after the publication by the AMF of the results of the French Offer (taking into _____)

account the results of the U.S. Offer), which is currently expected to be _____, or, if there is a subsequent offering period, the date that is 15 French business days after the end of the subsequent offering period of the French Offer, or (y) if the AMF declares that the French Offer (taking into account the results of the U.S. Offer) is unsuccessful, the date of publication by the AMF of the results of the French Offer; or

(ii) if Nokia withdraws the Exchange Offer, the date on which such withdrawal is published.

This period is referred to as the Adjustment Period.

For the purpose of the OCEANEs, the term Change of Control means acquisition by one or more individual(s) or legal entity or entities, acting alone or in concert, of the control of Alcatel Lucent, with control meaning the holding (directly or indirectly through the intermediary of companies themselves controlled by the individual(s) or entity or entities concerned) (x) the majority of voting rights attached to the Alcatel Lucent Shares or (y) more than 40% of these voting rights if no other Alcatel Lucent shareholder, acting alone or in concert, holds (directly or indirectly through the intermediary of companies controlled by this or these shareholders) a higher percentage of voting rights.

In the event of the conversion/exchange of the OCEANEs during the Adjustment Period, the corresponding Alcatel Lucent Shares will be delivered within a maximum of three French business days of the OCEANEs conversion/exchange request date.

In the event of an adjustment, Alcatel Lucent is obligated to notify the holders of OCEANEs of such adjustment, at the latest within five French business days following the entry into force of the new adjustment, by means of a notice published in a financial newspaper with general distribution in France. Such adjustment shall also be subject to a notice issued by Euronext Paris with the same details.

Early Redemption in the Event of a Change of Control

In the case of the occurrence of a Change of Control (as would be the case if the Exchange Offer is successful), any holder of OCEANEs may, at its option, request the early redemption in cash the OCEANEs owned by such holder at par plus, as applicable, accrued interest from the last interest payment date for each series of the OCEANEs until the early redemption date, pursuant to the terms of the prospectus relating to the issue of such OCEANEs.

If the Exchange Offer is successful, Alcatel Lucent is expected to inform the holders of OCEANEs of any Change of Control by means of a notice distributed by Alcatel Lucent and posted on its website (www.alcatel-lucent.com) as well as in a notice to be issued by Euronext Paris at the latest within 30 calendar days following the effective Change of Control. These notices are expected to remind the holders of OCEANEs that they have the right to request the early redemption of their OCEANEs and to indicate (i) the early redemption date which would be between the 25th and the 30th French business day following the distribution date of the notice by Alcatel Lucent, (ii) the redemption amount and (iii) the period, of at least 15 French business days following the distribution date of the notice by Alcatel Lucent, during which the early redemption requests for the OCEANEs must be received by the centralizing agent.

To obtain early redemption of the OCEANEs, holders of OCEANEs must file a request with the financial intermediary holding their OCEANEs in a securities account. Any such demand may not be revoked once it is received by the relevant financial intermediary.

Requests for early redemption and the corresponding OCEANEs must be received by the centralizing agent no later than the fifth French business day before the early redemption date.

Table of Contents

In such case, the OCEANEs, where an early redemption was requested, will be redeemed at a price equal to par plus, and regarding the 2018 OCEANEs and 2020 OCEANEs, accrued interests from the date the interest was last paid preceding the date of early redemption, to the date set for the early redemption.

Early Redemption in the Event of Delisting of the Alcatel Lucent Shares

Pursuant to the terms of the securities notes relating to the issue of each of the OCEANEs, the representative of the body (*Masse*) of the OCEANEs (*Représentant de la Masse*) may, upon decision of the general meeting of the holders of OCEANEs of one series (of that series Nokia will not vote with regard to OCEANEs if it holds more than 10% of the relevant series of OCEANEs), acting under conditions of quorum and majority provided for by law, by written notice sent to Alcatel Lucent, with a copy to the centralizing agent, request the early redemption of such series of the OCEANEs redeemable at a price equal to par plus, regarding the 2018 OCEANEs and the 2020 OCEANEs, accrued interests from the last interest payment date for each of the OCEANEs until the early redemption date, if (i) Alcatel Lucent's Shares cease to be listed on Euronext Paris and are not listed on any other regulated market within the European Union and (ii) the Alcatel Lucent ADSs or Alcatel Lucent Shares cease to be listed on a regulated market in the United States.

As a consequence, such early redemption right may be triggered in connection with the Exchange Offer in the event of implementation of a squeeze-out for Alcatel Lucent Shares, or of delisting of Alcatel Lucent Shares on Euronext Paris and the Alcatel Lucent ADSs on the NYSE.

Early Redemption of a Series of OCEANEs If the Outstanding OCEANEs of Such Series Represent Less Than 15% of the Issued OCEANEs of any Such Series

Pursuant to the terms of the prospectus relating to the issue of each of the OCEANEs, Alcatel Lucent may, at its option and at any time, subject to advance notice of at least 30 calendar days, redeem at par value plus, regarding the 2018 OCEANEs and the 2020 OCEANEs, accrued interests from the date the interest was last paid, to the date set for the early redemption all of the outstanding 2018 OCEANEs, 2019 OCEANEs or 2020 OCEANEs, if less than 15% of the issued OCEANEs of any such series remain outstanding. If the Exchange Offer is successful, Nokia expressly reserves the right, to cause Alcatel Lucent to effect such redemption at any relevant time.

The holders of OCEANEs will retain the ability to exercise their OCEANEs conversion/exchange right up to and including the seventh French business day immediately preceding the early redemption date.

Following the expiration of the subsequent offering period, the AMF will announce the results of the French Offer (taking into account the results of the U.S. Offer) by a notice which will be published no later than nine French trading days following the expiration date of the subsequent offering period of the French Offer and Euronext Paris will indicate in a notice the date of settlement of the subsequent offering period of the French Offer.

Certain Relationships with Alcatel Lucent and Interests of Nokia in the Exchange Offer

Except as set forth in this exchange offer/prospectus, neither Nokia nor, after due inquiry and to the best of Nokia's knowledge and belief, any of its directors, executive officers or other affiliates has any contract, arrangement, understanding or relationship with any other person with respect to any securities of Alcatel Lucent, including any contract, arrangement, understanding or relationship

concerning the transfer or the voting of any securities, joint ventures, loan or option arrangements, puts or calls, guaranties of loans, guaranties against loss or the giving or withholding of proxies. Except as otherwise described in this exchange offer/prospectus, there have been no contacts, negotiations or transactions since April 15, 2015, between Nokia, any of Nokia's subsidiaries or, after due inquiry and to the best knowledge and belief of Nokia, any of the persons listed on Schedule I to this exchange offer/prospectus, and Alcatel Lucent or its affiliates, on the other hand, concerning a merger, consolidation or acquisition, an exchange offer or other acquisition of securities, an election of directors, or a sale or other transfer of a material amount of assets.

The name, citizenship, business address, business telephone number, principal occupation or employment, and five-year employment history for each of the directors and executive officers of Nokia and certain other information are set forth in Schedule I to this exchange offer/prospectus. Except as described in this exchange offer/prospectus and in Schedule I hereto, none of Nokia or, after due inquiry and to the best knowledge and belief of Nokia, any of the persons listed on Schedule I to this exchange offer/prospectus, has during the last ten years (i) been convicted in a criminal proceeding (excluding traffic violations or similar misdemeanors) or (ii) been a party to any judicial or administrative proceeding (except for matters that were dismissed without sanction or settlement) that resulted in a judgment, decree or final order enjoining the person from future violations of, or prohibiting activities subject to, federal or state securities laws or finding any violation of such laws. Except as set forth in this exchange offer/prospectus, to Nokia's knowledge, after reasonable inquiry, none of the persons listed on Schedule I hereto, nor any of their respective associates or majority owned subsidiaries, beneficially owns or has the right to acquire any securities of Alcatel Lucent or has effected any transaction in securities of Alcatel Lucent during the past 60 days.

Other than as described below, Nokia does not believe that the Exchange Offer and the squeeze-out will result in a change of control under any of Nokia's stock option plans or any change in control agreement between Nokia and any of its employees. As a result, no other options or equity grants held by such persons will vest as a result of the Exchange Offer or the squeeze-out, if any.

In 2015, Nokia reimbursed Alcatel Lucent EUR 20 000 for the costs of performing a shareholder analysis in accordance with Rule 14d-1 under the Exchange Act, in connection with the Exchange Offer. In 2015, Nokia also reimbursed Alcatel Lucent EUR 8 000 for the cost of performing a shareholder analysis in connection with the Exchange Offer for jurisdictions outside the United States. In addition, pursuant to Rule 14d-5 under the Exchange Act, Nokia paid Alcatel Lucent USD _____ in 2015 for the approximate cost of mailing materials related to the Exchange Offer.

In addition to disclosures made in the Nokia 2014 Form 20-F the following arrangements may be triggered by the acquisition of Alcatel Lucent by Nokia.

As described in Nokia 2014 Form 20-F, the service contract of Rajeev Suri, President and Chief Executive Officer, includes a limited termination event that applies until June 30, 2016 subject to specified circumstances. If Mr. Suri's employment with Nokia is terminated by Nokia within six months of the completion of the Exchange Offer (and at or prior to June 30, 2016), and other specified circumstances of the limited termination event are fulfilled, he would be entitled to, in addition to normal severance payment payable upon his termination by Nokia for reasons other than cause, to a pro rated value of unvested equity awards under the Nokia Networks Equity Incentive Plan (the "EIP"). Subject to this limited time treatment of unvested equity awards under the EIP, all of Mr. Suri's other unvested equity will be forfeited.

In addition, in connection with the Exchange Offer, Nokia entered into personal agreements with certain senior management participants in EIP, including Samih Elhage, Executive Vice President and Chief Financial and Operating Officer of Nokia Networks, pursuant to which, if their respective

employment with Nokia is terminated (other than for cause) by Nokia within 12 months of completion of the Exchange Offer they would be entitled to, in addition to normal severance payment payable upon their termination by Nokia for reasons other than cause, to pro-rata settlement of the value of their EIP options. Further, such participants have the right to trigger termination and pro-rata settlement of their respective EIP options after the completion of the Exchange Offer if they are offered a role within Nokia with materially less responsibility or less total target cash compensation.

Interests of Executive Officers and Directors of Alcatel Lucent in the Exchange Offer

Certain members of the board of directors and management of Alcatel Lucent participated in determining the terms of the Exchange Offer. These individuals may have certain interests in the Exchange Offer that are different from, or in addition to, the interests of holders of Alcatel Lucent Securities generally and that may have caused them to view the proposed transaction more favorably and/or differently than you might.

The Alcatel Lucent board of directors was aware of these interests when it considered the Exchange Offer at its meeting of _____ and determined that _____.

Information on the interests of executive officers and directors of Alcatel Lucent in the Exchange Offer is described in Alcatel Lucent's Solicitation/Recommendation Statement on Schedule 14D-9, which is being distributed to holders of Alcatel Lucent Securities together with this exchange offer/prospectus and is incorporated herein by reference.

Treatment of Alcatel Lucent Stock Options and Performance Shares

Alcatel Lucent Stock Options

Holders of Alcatel Lucent Stock Options who wish to tender in the Exchange Offer or the subsequent offering period, if any, must exercise their Alcatel Lucent Stock Options, and Alcatel Lucent Shares must be issued to such holders prior to the Expiration Date or the expiration of the subsequent offering period, as applicable.

Pursuant to the Memorandum of Understanding, Alcatel Lucent agreed to accelerate or waive certain terms of the Alcatel Lucent Stock Options, subject to certain conditions. In respect of holders of Alcatel Lucent Stock Options who elect not to accept the acceleration, the terms and conditions of their Alcatel Lucent Stock Options will remain unchanged, including the performance and presence conditions.

Alcatel Lucent Performance Shares

Alcatel Lucent Performance Shares cannot be tendered in the Exchange Offer or the subsequent offering period, if any, unless such Performance Shares have vested and are transferable prior to the Expiration Date or the expiration of the subsequent offering period, as applicable. Pursuant to the Memorandum of Understanding, Nokia and Alcatel Lucent agreed to implement a mechanism with respect to the unvested Performance Shares granted before April 15, 2015 pursuant to which the beneficiaries may waive their rights to receive Performance Shares in exchange for Alcatel Lucent Shares, subject to certain conditions.

The number of Alcatel Lucent Shares delivered in exchange for the beneficiary's waiver of rights to receive Performance Shares would be equal to the total number of Performance Shares which would be granted to the relevant beneficiary if all presence conditions and performance conditions were fulfilled, minus, in the relevant countries, the number of Alcatel Lucent Shares which have to be sold in

Table of Contents

order to cover payable tax charges. However, in respect of performance conditions relating to periods ending prior to the date of acceleration, the Alcatel Lucent Shares will be delivered only to the extent such conditions have been fulfilled in accordance with their terms.

In respect of beneficiaries who elect not to accept the acceleration, the terms and conditions of their Performance Shares will remain unchanged, including the performance conditions and the presence conditions. Nokia and Alcatel Lucent agreed however to adjust the performance conditions attached to any such Performance Shares as a result of the closing of the Exchange Offer and Alcatel Lucent amended the terms and conditions of the applicable Performance Share plans correspondingly.

Liquidity Mechanism

Pursuant to the Memorandum of Understanding, Nokia and Alcatel Lucent have agreed to enter into a liquidity agreement with the holders of Alcatel Lucent Performance Shares allocated after April 15, 2015, pursuant to which, in case of (i) delisting of the Alcatel Lucent Shares, (ii) holding by Nokia, directly or indirectly, of more than 85% of the Alcatel Lucent Shares, or (iii) average daily trading volume of Alcatel Lucent Shares on Euronext Paris falling below five million (5 000 000) Alcatel Lucent Shares for twenty consecutive French trading days, in each case, at the date of expiration of the applicable legal, tax, regulatory or governance constraints or holding periods (the Lock-Up Period), all Alcatel Lucent Performance Shares would be automatically exchanged by Nokia into Nokia Shares on the next French trading day after the end of the Lock-Up Period.

The exchange ratio offered in the liquidity agreement would correspond to the exchange ratio of the Exchange Offer, subject to certain adjustments, in case of financial transactions of Nokia or Alcatel Lucent.

TAX CONSIDERATIONS

France Income Tax Consequences

According to Article 244 bis B and C of the French Tax Code, subject to the provisions of applicable international tax treaties, any capital gain realized from the transfer of Alcatel Lucent Securities in the context of the Exchange Offer by persons (i) who are not tax residents of France within the meaning of Article 4 B of the French Tax Code (i.e., natural persons who do not have their home or their main place of residence in France; who do not carry on in France, as their main professional activity, either as a self-employed person or as an employee, and who do not have the center of their main interests in France), or (ii) whose registered office is located outside France, will not be, in principle, subject to French tax unless either (A) they carry on a professional activity in France through a permanent establishment or a fixed base in France to which their Alcatel Lucent Securities are related, or (B) they have held, at any time during the five years preceding the transfer, directly or indirectly, alone or with related individuals, more than 25% of the shares or voting rights in Alcatel Lucent.

However, capital gains of persons or entities who are resident, established or incorporated outside France and in Non Cooperative States or Territories (NCST) within the meaning of Article 238-0 A of the French Tax Code, will be taxed at a flat rate of 75%, regardless of the percentage of shares or voting rights they hold in Alcatel Lucent. A list of the NCST is published in a French Ministerial Decree and updated annually.

Everyone should consult their own tax advisor about French income tax consequences.

United States Federal Income Tax Consequences

The following is a general discussion of the principal U.S. federal income tax consequences to U.S. holders (as defined below) of (i) the exchange of Alcatel Lucent Securities for Nokia Shares and Nokia ADSs (together Nokia Securities) pursuant to the Exchange Offer, (ii) the squeeze-out of outstanding Alcatel Lucent Securities, and (iii) the ownership of Nokia Securities received in the Exchange Offer or the squeeze-out of Alcatel Lucent Securities. The following discussion is based on the Internal Revenue Code, as amended (the Code), the U.S. Treasury regulations promulgated thereunder, and judicial and administrative authorities, rulings and decisions, all as in effect as of the date of this offer to exchange. These authorities may change, possibly with retroactive effect, and any such change could affect the accuracy of the statements and conclusions set forth in this discussion. This discussion does not address the 3.8% Medicare tax, any state or local tax consequences, nor does it address any U.S. federal tax considerations other than those pertaining to the U.S. federal income tax.

The following discussion applies only to U.S. holders of Alcatel Lucent Securities that (i) participate in the Exchange Offer, the Exchange Option or the squeeze-out of Alcatel Lucent Securities, and (ii) hold Alcatel Lucent Securities and will hold Nokia Securities as capital assets within the meaning of Section 1221 of the Code (generally, property held for investment). Further, this discussion does not purport to consider all aspects of U.S. federal income taxation that might be relevant to U.S. holders in light of their particular circumstances and does not apply to holders subject to special treatment under the U.S. federal income tax laws, such as:

dealers or brokers in securities, commodities or foreign currencies;

traders in securities that elect to apply a mark-to-market method of accounting;

banks and certain other financial institutions;

insurance companies;

mutual funds;

Table of Contents

tax-exempt organizations;

holders liable for the alternative minimum tax;

partnerships or other pass-through entities or investors in partnerships or such other pass-through entities;

regulated investment companies;

real estate investment trusts;

former citizens or residents of the United States;

U.S. expatriates;

holders whose functional currency is not the U.S. dollar;

holders who hold Alcatel Lucent Securities or Nokia Securities as part of a hedge, straddle, constructive sale or conversion transaction or other integrated investment;

a person who owns or has owned directly, indirectly or constructively, 10% or more of the voting stock of Alcatel Lucent prior to the Exchange Offer;

holders who acquired Alcatel Lucent Securities or Nokia Securities pursuant to the exercise of employee stock options, through a tax qualified retirement plan or otherwise as compensation; or

holders who exercise appraisal rights.

This discussion is based in part upon the representations of the Alcatel Lucent depositary and the Nokia depositary and the assumption that each obligation in the Alcatel Lucent deposit agreement (and any related agreement) and the Nokia deposit agreement (and any related agreement) will be performed in accordance with its terms, and that the representations contained in each deposit agreement are true. For U.S. federal income tax purposes, a holder of Nokia ADSs or Alcatel Lucent ADSs, as applicable, will be treated as the holder of the underlying Nokia Shares or Alcatel Lucent Shares, as applicable, represented by those ADSs. Accordingly, the following discussion, except where otherwise expressly noted, applies equally to U.S. holders of Nokia or Alcatel Lucent ADSs, on the one hand, and Alcatel Lucent or Nokia Shares on the other.

For purposes of this discussion, the term "U.S. holder" means a beneficial owner of Alcatel Lucent Securities or Nokia Securities, as the case might be, that is:

a citizen or individual resident of the United States;

Edgar Filing: NOKIA CORP - Form F-4/A

a corporation (or any other entity or arrangement treated as a corporation for U.S. federal income tax purposes) created or organized under the laws of the United States, any state thereof, or the District of Columbia;

a trust (A) the administration of which is subject to the primary supervision of a United States court and which has one or more U.S. persons, within the meaning of Section 7701(a)(3)) of the Code, who have the authority to control all substantial decisions of the trust, or (B) that otherwise has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person; or

an estate the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source.

If an entity treated as a partnership for U.S. federal income tax purposes holds Alcatel Lucent Securities or Nokia Securities, the tax treatment of a partner will generally depend upon the status of

Table of Contents

the partner and the activities of the partnership. Each such partner having an interest in Alcatel Lucent Securities or Nokia Securities is urged to consult its own tax advisor.

U.S. holders should consult their own tax advisors regarding the U.S. federal, state, local and other tax consequences of the Exchange Offer, the Exchange Option and squeeze-out of Alcatel Lucent Securities, and of holding and disposing of Nokia Securities in their particular circumstances. Currently, reciprocal tax treaties, with protocols thereto, are in effect between the United States and Finland, and the United States and France. U.S. holders should consult their tax advisors with respect to the effect of such treaties (and their respective protocols) on the Exchange Offer, the Exchange Option and squeeze-out of Alcatel Lucent Securities, and the owning and disposing of Nokia Securities in their particular circumstances. Any reference to a squeeze-out in this section includes the applicable Exchange Option, where appropriate.

U.S. Federal Income Tax Consequences of Exchanging Alcatel Lucent Securities Pursuant to the Exchange Offer and the Squeeze-out of Alcatel Lucent Securities***Possible Characterizations of the Exchange of Alcatel Lucent Shares and Alcatel Lucent ADSs and the Squeeze-out of Alcatel Lucent Shares and Alcatel Lucent ADSs***

The receipt of Nokia Securities by U.S. holders in exchange for Alcatel Lucent Shares or Alcatel Lucent ADSs pursuant to the Exchange Offer or the squeeze-out of Alcatel Lucent Shares and Alcatel Lucent ADSs is expected to be a taxable transaction for U.S. federal income tax purposes, and is not expected to qualify as a tax-free reorganization under any provision of the Code. If any U.S. holders receive cash in exchange for Alcatel Lucent Shares or Alcatel Lucent ADSs pursuant to the squeeze-out of Alcatel Lucent Shares or Alcatel Lucent ADSs (other than cash received pursuant to the mechanism put in place to sell fractional Nokia Shares or Nokia ADSs), such exchange also is expected to be a taxable transaction for U.S. federal income tax purposes.

The tax consequences to U.S. holders will depend, in part, on whether the exchange of Alcatel Lucent Shares and Alcatel Lucent ADSs for Nokia Securities pursuant to the Exchange Offer and the subsequent squeeze-out of Alcatel Lucent Shares or Alcatel Lucent ADSs are treated as a single integrated transaction for U.S. federal income tax purposes. If the transactions are so treated, and any holders of Alcatel Lucent Shares or Alcatel Lucent ADSs receive cash in the squeeze-out in exchange for such Alcatel Lucent Shares or Alcatel Lucent ADSs (other than cash received pursuant to the mechanism put in place to sell fractional Nokia Shares or Nokia ADSs), then the exchange of Alcatel Lucent Shares or Alcatel Lucent ADSs pursuant to the Exchange Offer and the subsequent squeeze-out of Alcatel Lucent Shares or Alcatel Lucent ADSs will be taxable to all U.S. holders, regardless of whether such holders receive solely Nokia Securities in exchange for their Alcatel Lucent Shares or Alcatel Lucent ADSs (whether pursuant to the Exchange Offer or the squeeze-out). It is possible, however, that either (i) all holders of Alcatel Lucent Shares and Alcatel Lucent ADSs participate in the Exchange Offer (and thus receive solely Nokia Securities in exchange for their Alcatel Lucent Shares or Alcatel Lucent ADSs), or (ii) no holder of Alcatel Lucent Shares or Alcatel Lucent ADSs receives cash in exchange for such Alcatel Lucent Shares or Alcatel Lucent ADSs in the squeeze-out (other than cash received pursuant to the mechanism put in place to sell fractional Nokia Shares or Nokia ADSs) (although cash is the default consideration, such holder may elect to receive Nokia Securities in the squeeze-out). In either such event, the exchange of Alcatel Lucent Shares or Alcatel Lucent ADSs for Nokia Securities (whether pursuant to the Exchange Offer or the squeeze-out) would be tax-free.

Alternatively, if the exchange of Alcatel Lucent Shares or Alcatel Lucent ADSs for Nokia Securities pursuant to the Exchange Offer and the squeeze-out of Alcatel Lucent Shares and Alcatel Lucent ADSs were treated as separate transactions for U.S. federal income tax purposes, then (i) if Nokia acquires Alcatel Lucent Shares and Alcatel Lucent ADSs constituting control (i.e., at least 80% of the combined amount of Alcatel Lucent Shares and Alcatel Lucent ADSs) pursuant to the Exchange Offer, then the exchange of Alcatel Lucent Shares and Alcatel Lucent ADSs for Nokia Securities pursuant to

Table of Contents

the Exchange Offer would be tax-free to U.S. holders, or (ii) if Nokia does not acquire Alcatel Lucent Shares or Alcatel Lucent ADSs constituting control pursuant to the Exchange Offer, then the exchange of Alcatel Lucent Shares or Alcatel Lucent ADSs for Nokia Securities pursuant to the Exchange Offer would be a taxable transaction. The exchange of Alcatel Lucent Shares or Alcatel Lucent ADSs in the squeeze-out (whether in exchange for cash or Nokia Securities) would in any case be a taxable transaction if any holder of Alcatel Lucent Shares or Alcatel Lucent ADSs received cash.

Possible Characterizations of the Exchange of OCEANEs and the Squeeze-out of OCEANEs

In both of the scenarios discussed above, if the exchange of Alcatel Lucent Shares or Alcatel Lucent ADSs for Nokia Securities (whether pursuant to the Exchange Offer or in the squeeze-out) were tax-free, the treatment of the exchange of OCEANEs would depend on whether the OCEANEs are considered securities for U.S. federal income tax purposes. There is no precise definition under U.S. federal income tax law of the term security, and all facts and circumstances pertaining to a debt instrument must be considered in determining whether it constitutes a security for U.S. federal income tax purposes. Generally, corporate debt obligations with original terms to maturity of less than five years do not constitute securities and corporate debt obligations with original terms to maturity of ten years or more do constitute securities for U.S. federal income tax purposes. Based on the terms of the OCEANEs, it is likely that the OCEANEs would not be treated as securities for U.S. federal income tax purposes. Accordingly, even if the exchange of Alcatel Lucent Shares or Alcatel Lucent ADSs (whether pursuant to the Exchange Offer or in the squeeze-out) were tax-free, the exchange of OCEANEs (whether for Nokia Securities pursuant to the Exchange Offer or for Nokia Securities or cash in the squeeze-out) would be a taxable transaction.

Possible Alternative Transactions

As described in The Transaction Intentions of Nokia over the next twelve months Squeeze-out, if Nokia acquires less than 95% of the Alcatel Lucent Securities pursuant to the Exchange Offer, Nokia reserves the right to enter into certain transactions to acquire the remaining Alcatel Lucent Securities, one of which would be to cause Alcatel Lucent to be merged into Nokia or an affiliate thereof. It is possible, depending on the terms of the transaction and the consideration paid, that such transaction may qualify as tax-free for U.S. federal income tax purposes, whether or not any such transaction were integrated with the exchange of Alcatel Lucent Shares and Alcatel Lucent ADSs for Nokia Securities pursuant to the Exchange Offer. If such transaction is integrated with the exchange of Alcatel Lucent Shares and Alcatel Lucent ADSs for Nokia Securities pursuant to the Exchange Offer and takes certain forms (including, potentially, the merger of Alcatel Lucent with and into certain affiliates of Nokia), it may cause the exchange by U.S. holders of Alcatel Lucent Shares and Alcatel Lucent ADSs for Nokia Securities pursuant to the Exchange Offer to be tax-free. Because the existence and terms of any such transaction cannot be known as of the completion of the Exchange Offer, U.S. holders are urged to consult their tax advisors regarding the consequences that any such transaction may have.

Intended Characterization of the Exchange of Alcatel Lucent Securities and the Squeeze-out of Alcatel Lucent Securities

Nokia and Alcatel Lucent intend to take the position that the exchanges of Alcatel Lucent Securities for Nokia Securities pursuant to the Exchange Offer and the squeeze-out are treated as part of a single integrated transaction for U.S. federal income tax purposes and expect that such exchanges will be taxable. The remainder of this discussion assumes such treatment. Nevertheless, such position is not binding on the IRS or the courts, and the taxable nature of the transactions depends, in part, on facts that cannot be known as of the completion of the Exchange Offer. Accordingly, U.S. holders are urged to consult their tax advisors regarding the consequences of the exchange of Alcatel Lucent Securities for Nokia Securities pursuant to the Exchange Offer or the receipt of cash or Nokia Securities in the squeeze-out of Alcatel Lucent Securities.

Table of Contents***U.S. Federal Income Tax Consequences of a Taxable Transaction***

U.S. holders of Alcatel Lucent Securities generally will recognize gain or loss equal to the difference, if any, between (1) (i) the sum of the fair market value of Nokia Securities received by such U.S. holder in the Exchange Offer and any cash received in lieu of any fractional Nokia Securities to which such holder may otherwise be entitled, or (ii) the sum of the cash and fair market value of Nokia Securities (including any cash received in lieu of any fractional Nokia Securities to which such holder may otherwise be entitled) received by such U.S. holder in the squeeze-out of Alcatel Lucent Securities, as applicable, and (2) such U.S. holder's adjusted tax basis in the Alcatel Lucent Securities surrendered in exchange therefor. For this purpose, U.S. holders of Alcatel Lucent Securities must calculate gain or loss separately for each identified block of Alcatel Lucent Securities exchanged (that is, Alcatel Lucent Securities acquired at the same cost in a single transaction).

A U.S. holder's gain or loss in Alcatel Lucent Securities generally will be capital gain or loss. Non-corporate U.S. holders, including individuals, who have held the Alcatel Lucent Securities for more than one year will be eligible for reduced tax rates. The deductibility of capital losses is subject to limitations. Any such gain or loss generally will be treated as U.S. source income or loss for foreign tax credit limitation purposes.

For U.S. federal income tax purposes, a U.S. holder's aggregate tax basis in the Nokia Securities received pursuant to the offer will be equal to the fair market value of the Nokia Securities received by such U.S. holder on the date Alcatel Lucent Securities are exchanged pursuant to the exchange offer, and a U.S. holder's holding period with respect to such Nokia Securities will begin on the day following the date such U.S. holder's Alcatel Lucent Securities are exchanged pursuant to the Exchange Offer.

U.S. federal income tax law does not specifically identify how U.S. holders should determine the fair market value of the Nokia Securities on the date of exchange. Fair market value generally is the price at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and both having reasonable knowledge of the facts. There are several possible methods of measuring such value, including: (i) the opening trading price of Nokia Securities quoted on NYSE or the Nasdaq Helsinki Ltd. on the first regular trading day after the exchange; (ii) the average of the high and low trading price of Nokia Securities quoted on NYSE or the Nasdaq Helsinki Ltd. on the first regular trading day after the exchange; and (iii) the closing trading price of Nokia Securities quoted on NYSE or the Nasdaq Helsinki Ltd. on the first regular trading day after the exchange. U.S. holders should consult their tax advisors with respect to the determination of the fair market value of the Nokia Securities as of the date of the exchange.

U.S. holders of Alcatel Lucent Securities should consult their tax advisors as to the specific tax consequences of the receipt of Nokia Securities in exchange for Alcatel Lucent Securities pursuant to the Exchange Offer, and the receipt of cash and/or Nokia Securities pursuant to the squeeze-out of Alcatel Lucent Securities, in each case, including the applicability and effect of the alternative minimum tax and any state, local, foreign and other tax laws.

The discussion in this section assumes that Alcatel Lucent is not, and has not been at any time during the holding period of a U.S. holder that disposes of Alcatel Lucent Securities pursuant to the Exchange Offer or the squeeze-out, a passive foreign investment company (PFIC) for U.S. federal income tax purpose. If Alcatel Lucent were a PFIC or had been a PFIC at any time during the holding period of a U.S. holder that disposes of Alcatel Lucent Securities pursuant to the Exchange Offer or the squeeze-out, the U.S. federal income tax consequences to such holder would be different from those described above. U.S. holders are urged to consult their own tax advisors regarding whether Alcatel Lucent is or has been, during such U.S. holders' holding period of their Alcatel Lucent Securities, a PFIC and regarding the tax consequences to them of such status of Alcatel Lucent.

Table of Contents**U.S. Federal Income Tax Consequences of Ownership of Nokia Securities*****Taxation of Dividends and Other Distributions on Nokia Securities***

Subject to the PFIC rules discussed below, the gross amount of distributions made to a U.S. holder with respect to Nokia Securities generally will be included in such U.S. holder's gross income as ordinary dividend income on the date of actual or constructive receipt by the depository, in the case of Nokia ADSs, or by a U.S. holder, in the case of Nokia Shares, but only to the extent that the distribution is paid out of our current or accumulated earnings and profits (as determined under U.S. federal income tax principles). Because we do not maintain records of earnings and profits in accordance with U.S. Federal income tax principles, U.S. holders should expect that the full amount of any distribution will be reported as dividend. Dividends will not be eligible for the dividends-received deduction allowed to corporations.

Under the Finnish Income Tax Act and the Act on Taxation of Non-residents' Income, non-residents of Finland are generally subject to a withholding tax at a rate of 30% for non-corporate taxpayers, and 20% for corporate taxpayers, payable on dividends paid by a Finnish resident company. However, pursuant to the Convention between the Government of the United States of America and the Government of the Republic of Finland for the Avoidance of Double Taxation and the Prevention of Fiscal Evasion with respect to Taxes on Income and on Capital, as amended (the "U.S.-Finland Treaty"), dividends paid to U.S. holders generally will be subject to Finnish withholding tax at a reduced rate of 15% of the gross amount of the dividend (see "Tax Considerations - Finnish Income Tax Consequences of Ownership and Disposal of Nokia Securities").

Provided that certain holding period and other requirements are met, certain non-corporate U.S. holders are eligible for reduced rates of U.S. federal income tax at a maximum rate of 20% in respect of qualified dividend income. Dividends paid with respect to Nokia Securities generally will be qualified dividend income if we were not, in the year prior to the year in which the dividend was paid, and are not, in the year in which the dividend is paid, a PFIC. We currently believe that dividends paid with respect to Nokia Securities will constitute qualified dividend income for U.S. federal income tax purposes; however, this is a factual matter and is subject to change. U.S. holders of Nokia Securities are urged to consult their own tax advisors regarding the availability to them of the reduced dividend tax rate.

For U.S. foreign tax credit purposes, dividends will generally be treated as income from foreign sources and will constitute passive category income. Depending on a U.S. holder's particular facts and circumstances, a U.S. holder may be eligible to claim a foreign tax credit in respect of Finnish income taxes withheld with respect to dividends received on Nokia Securities. If a U.S. holder does not elect to claim a foreign tax credit for foreign taxes withheld, such U.S. holder may be permitted instead to claim a deduction in respect of such withholding taxes, but only for a year in which such U.S. holder elects to do so for all creditable foreign income taxes. The rules governing the foreign tax credit are complex and their outcome depends in large part on each U.S. holder's particular facts and circumstances. Accordingly, U.S. holders should consult their own tax advisors regarding the availability and computation of the foreign tax credit in light of their own particular circumstances.

Dividends paid in euros will be included in a U.S. holder's income on the date of such U.S. holder's (or in the case of ADSs, the depository's) receipt of the dividend in an amount equal to the U.S. dollar value of the dividends paid (determined at the spot euro/U.S. dollar rate on the date the dividend distribution is includible in the U.S. Holder's income), regardless of whether the payment is in fact converted into U.S. dollars at that time. Generally, any gain or loss resulting from currency exchange rate fluctuations during the period between the time such payment is received and the date the dividend payment is converted into U.S. dollars will be treated as U.S. source ordinary income or loss to a U.S. holder.

Sale or Other Disposition of Nokia Securities

Subject to the PFIC rules discussed below, U.S. holders will recognize taxable gain or loss on any sale, exchange or other taxable disposition (a Disposition) of Nokia Securities equal to the difference, if any, between the amount realized on the Disposition of Nokia Securities and a U.S. holder's tax basis in such Nokia Securities (determined as discussed above in U.S. Federal Income Tax Consequences of the Exchange Offer and the Squeeze-out of Alcatel Lucent Securities). Such gain or loss generally will be capital gain or loss. Non-corporate U.S. holders, including individuals, who have held the Nokia Securities for more than one year as of the date of Disposition will be eligible for reduced tax rates. The deductibility of capital losses is subject to limitations. Any such gain or loss generally will be treated as U.S. source income or loss for foreign tax credit limitation purposes.

Passive Foreign Investment Company Rules

We believe that we were not classified as a PFIC for U.S. federal income tax purposes for our taxable year ended December 31, 2014 and we do not expect to be classified as a PFIC for our current taxable year or in the foreseeable future. U.S. holders are advised, however, that this conclusion is a factual determination that must be made annually and thus may be subject to change.

If we were a PFIC, a U.S. holder of Nokia Securities generally may be subject to imputed interest charges and other disadvantageous tax treatment with respect to any gain from the sale or exchange of Nokia Securities and certain distributions with respect to Nokia Securities.

If we were a PFIC, certain information reporting consequences would apply and certain elections (including a mark-to-market election) may be available to U.S. holders with respect to Nokia Securities that may mitigate some of the adverse tax consequences resulting from PFIC treatment. U.S. holders should consult their tax advisers regarding the application of the PFIC rules to an investment in Nokia Securities.

Foreign Asset Reporting

Certain U.S. holders who are individuals are required to report information relating to an interest in Nokia Securities, subject to certain exceptions (including an exception for securities held in accounts maintained by financial institutions), by filing IRS Form 8938 (Statement of Specified Foreign Financial Assets) with their federal income tax return. U.S. holders are urged to consult their tax advisors regarding their information reporting obligations, if any, with respect to their ownership and disposition of Nokia Securities.

Finland

The following is a general discussion of the Finnish tax consequences to U.S. holders of Alcatel Lucent Securities exchanged for Nokia Securities pursuant to this Exchange Offer. The description below is applicable to holders non-resident in Finland for the purposes of Finnish domestic tax legislation, and resident in the United States for the purposes of the U.S.-Finland Treaty.

The following description does not address tax considerations applicable to the holders of the Nokia Shares that may be subject to special tax rules, including, among others, controlled foreign corporations, income tax-exempt entities and general or limited partnerships.

This description is based on:

The Finnish Income Tax Act (1535/1992), as amended;

The Finnish Act on Taxation of Non-residents' Income (627/1978), as amended;

Table of Contents

The Finnish Transfer Tax Act (931/1996), as amended; and

U.S.-Finland Treaty.

In addition, relevant Finnish case law as well as decisions and statements made by the Finnish tax authorities in effect and available on the date of this exchange offer/prospectus have been taken into account.

All of the foregoing is subject to change, which could apply retroactively and could affect the tax consequences described below.

Finnish Income Tax Consequences of Ownership and Disposal of Nokia Securities

Taxation of Dividends and Other Distributions on Nokia Securities

As of tax year 2014, distributions of funds from reserves of unrestricted equity (as defined in the Finnish Companies Act, Chapter 13, Section 1, point 1) by a publicly listed company (as defined in the Finnish Income Tax Act, Section 33 a, Sub-section 2, a Listed Company) are taxed as distributions of dividends. Therefore, references to the taxation of dividends in the following also apply to distributions of funds from reserves of unrestricted equity.

Under the Finnish Income Tax Act and the Finnish Act on Taxation of Non-residents Income, dividends paid by a Finnish Listed Company to non-resident shareholders are subject to Finnish withholding tax. The withholding tax as a final tax at source is withheld by the company distributing the dividend at the time of the dividend payment. Unless otherwise set forth in an applicable tax treaty, the withholding tax rate for a dividend received by a non-resident individual shareholder is 30%, and the withholding tax rate for a dividend received by a non-resident company is 20%.

Under the U.S.-Finland Treaty the withholding tax rate on dividends paid to persons entitled to the benefits under the treaty is reduced. In general, the Finnish withholding tax rate on dividend distributions regarding portfolio shares is reduced to 15%, and a further reduction to 5% is available to corporate shareholders for dividend distributions on qualifying holdings (direct ownership of at least 10% of the voting rights of the distributing company). The reduced withholding tax rate will be available if the recipient of the dividend has provided the payer of the dividend the necessary details on the applicability of the tax treaty. The details needed to benefit from the lower rates set out in the tax treaty, are i) recipient's name, ii) date of birth or identity code number, iii) any other official identification code, iv) recipient's address in the U.S. and v) a certificate confirming the recipient's tax residency in the U.S.

Further, where Nokia Shares, including Nokia Shares held through Nokia ADSs, are held through a nominee account, the withholding tax rate on the dividend is 15% provided that the payer (the dividend distributing company or the Finnish custodian bank) with adequate diligence has ensured that the provisions of the U.S.-Finland Treaty are applicable to the beneficial owner. In effect, the foreign custodian must be registered in the custodian register maintained by the Finnish Tax Administration and resident in a country with which Finland has a tax treaty. Further, the foreign custodian must have an agreement with the Finnish account operator with regard to the custody of the shares, whereby, *inter alia*, the foreign custodian commits to provide to the account operator information regarding the state of residence of the beneficial owner as well as the applicability of the U.S.-Finland Treaty to such beneficial owner. Should the beneficial owner of the dividend, by virtue of the U.S.-Finland Treaty, be entitled to a withholding tax rate lower than 15%, the application of such rate is subject to the provision of more detailed information regarding the identity of the beneficial owner (as further defined in the Act on Taxation of Non-residents Income and guidelines of the Finnish Tax Administration). In case the required information is not provided, a withholding tax of 30% will be imposed on dividends paid in respect of Nokia Shares held through a nominee account.

Sale or Other Disposition of Nokia Shares

Under the Finnish Income Tax Act and the Finnish Act on Taxation of Non-residents Income, non-residents who are not subject to unlimited tax liability in Finland are not subject to Finnish tax on capital gains realized on the sale or other disposition of the Nokia Securities, unless the non-resident tax payer is deemed to have a permanent establishment for income tax purposes in Finland and the Nokia Securities are considered assets of such permanent establishment.

Finnish Transfer Tax

A transfer tax of 1.6% is generally applicable to transfers of shares issued by an entity organized in Finland (and certain other Finnish securities), subject to several exceptions. For example, Finnish transfer tax is generally not applicable to transfers where both parties are non-residents or to the issuance / subscription of new shares. The exchange of Alcatel Lucent Securities for Nokia Securities is not subject to Finnish transfer tax, as the Nokia Shares issued as consideration will be newly issued Nokia Shares.

Furthermore, subsequent transfers of Nokia Securities generally should not be subject to transfer tax, as the transfer tax is generally not payable on the transfer of shares subject to public trading against a fixed cash consideration. The exemption is applicable provided that (i) an investment service company or a foreign investment service company or another investment service provider, as defined in the Finnish Act on Investment Services (747/2012), is brokering or serving as a party to the transaction, or (ii) the transferee has been approved as a trading party in the market where the transfer is executed. If the broker or other party to the transfer is not a Finnish investment firm, Finnish credit institution or Finnish branch or office of a foreign investment firm or credit institution, the transfer will be exempt from transfer tax provided that the transferee (liable for the tax) notifies the Finnish tax authorities of the transfer within two months thereof or the broker submits an annual declaration concerning the transfer to the Finnish Tax Administration as set forth in the Act on Assessment Procedure. The tax exemption does not apply to transfers executed as equity investments (for example as contribution in kind) or distributions of funds (for example shares paid as dividends), transfers in which consideration comprises in full or in part of work performed, or to certain other transfers set out in the Finnish Transfer Tax Act.

Table of Contents**THE COMPANIES****Nokia**

Nokia is a Finnish Corporation, established in 1865 and organized under the laws of the Republic of Finland. The company is registered with the Finnish Trade Register under the business identity code 0112038-9. Under its articles of association in effect on the date of this exchange offer/prospectus, Nokia's corporate purpose is to engage in the telecommunications industry and other sectors of the electronics industry as well as the related service businesses, including the development, manufacture, marketing and sales of mobile devices, other electronic products and telecommunications systems and equipment as well as related mobile, Internet and network infrastructure services and other consumer and enterprise services. Nokia may also create, acquire and license intellectual property and software as well as engage in other industrial and commercial operations. Further, Nokia may engage in securities trading and other investment activities.

Nokia is currently focused on three businesses: network infrastructure software, hardware and services, which is offered through Nokia Networks; mapping and location intelligence, which is provided through HERE; and advanced technology development and licensing, which is pursued through Nokia Technologies. Through its three businesses, Nokia has a global presence, with operations and research and development (R&D) facilities in Europe, North America and Asia, sales in approximately 140 countries, and employs approximately 62 000 people. Nokia is also a major investor in R&D, with expenditure through its three businesses exceeding EUR 2.5 billion in 2014.

On August 3, 2015, Nokia announced an agreement to sell its HERE digital mapping and location services business to a consortium of leading automotive companies, comprising AUDI AG, BMW Group and Daimler AG. The transaction values HERE at an enterprise value of EUR 2.8 billion with a normalized level of working capital and is expected to close in the first quarter of 2016, subject to customary closing conditions and regulatory approvals. Upon closing, Nokia estimates that it will receive net proceeds of slightly above EUR 2.5 billion, as the purchaser would be compensated for certain defined liabilities of HERE currently expected to be slightly below EUR 300 million as part of the transaction. Upon closing of the HERE transaction, which does not affect the exchange ratio of this Exchange Offer, and assuming that the Exchange Offer has not yet been completed, Nokia will consist of two businesses: Nokia Networks and Nokia Technologies.

It is currently expected that after the Completion of the Exchange Offer, Networks business would be conducted through four business groups: Mobile Networks, Fixed Networks, Applications & Analytics and IP/Optical Networks. These business groups would provide an end-to-end portfolio of products, software and services to enable the combined company to deliver the next generation of leading networks solutions and services to customers. Alongside these, Nokia Technologies would continue to operate as a separate business group. Each business group would have strategic, operational and financial responsibility for its portfolio and would be fully accountable for meeting its targets. The four Networks business groups would have a common Integration and Transformation Office to drive synergies and to lead integration activities. The business group leaders would report directly to Nokia's President and Chief Executive Officer:

Mobile Networks (MN) would include Nokia's and Alcatel Lucent's comprehensive Radio portfolios and most of their converged Core network portfolios including IMS/VoLTE and Subscriber Data Management, as well as the associated mobile networks-related Global Services business. This unit would also include Alcatel Lucent's Microwave business and all of the combined company's end-to-end Managed Services business. Through the combination of these assets, Mobile Networks would provide leading end-to-end mobile networks solutions for existing and new platforms, as well as a full suite of professional services and product-attached services.

Table of Contents

Fixed Networks (FN) would comprise the current Alcatel Lucent Fixed Networks business, whose cutting-edge innovation and market position would be further supported through strong collaboration with the other business groups. This business group would provide copper and fiber access products and services to offer customers ultra-broadband end-to-end solutions to transform their networks, deploying fiber to the most economical point.

Applications & Analytics (A&A) would combine the Software and Data Analytics-related operations of both companies. This comprehensive applications portfolio would include Customer Experience Management, OSS as distinct from network management such as service fulfillment and assurance, Policy and Charging, services, Cloud Stacks, management and orchestration, communication and collaboration, Security Solutions, network intelligence and analytics, device management and Internet of Things connectivity management platforms. CloudBand would also be housed in this business group, which would drive innovation to meet the needs of a convergent, Cloud-centric future.

IP/Optical Networks (ION) would combine the current Alcatel Lucent IP Routing, Optical Transport and IP video businesses, as well as the software defined networking (SDN) start-up, Nuage, plus Nokia's IP partner and Packet Core portfolio. IP/Optical Networks would continue to drive Alcatel-Lucent's technology leadership, building large scale IP/Optical infrastructures for both service providers and, increasingly, web-scale and tech-centric enterprise customers.

Nokia Technologies (TECH) would remain as a separate entity with a clear focus on licensing and the incubation of new technologies. Nokia Technologies would continue to have its own innovation, product development and go-to-market operations. We expect to align our financial reporting under two key areas: Nokia Technologies and the Networks business. The Networks business would comprise the business groups of Mobile Networks, Fixed Networks, Applications & Analytics and IP/Optical Networks. We also expect to provide selective financial data separately for each of the four Networks business groups to ensure transparency for investors over the performance of each of them.

Nokia's registered office and its principal executive office is Karaportti 3, FI-02610 Espoo, Finland, and the telephone number is +358 (0) 10-448-8000.

Nokia Shares are traded on the Nasdaq Helsinki under the symbol NOKIA and Nokia ADSs are traded on the NYSE under the symbol NOK. In addition, application has been made for Admission of the Nokia Shares to Euronext Paris. Subject to the completion of the Exchange Offer, Nokia expects to request that the Admission be approved to take effect following the completion of the Exchange Offer. As of June 30, 2015, 3 678 328 858 Nokia Shares were outstanding (including 54 326 556 Nokia Shares owned by Nokia group companies and 477 477 741 Nokia Shares represented by Nokia ADSs).

The terms of the Convertible Bond allow Nokia to redeem the bond at any time after November 25, 2015 for cash at its principle amount, together with accrued but unpaid interest until the redemption date. The redemption is conditional on the volume weighted average price of the Nokia Shares during a specified period immediately prior to the date of the notice of redemption being equal to or exceeding 150% of the conversion price for the Convertible Bond. On October 8, 2015, Nokia announced that it had decided to exercise its option to redeem the Convertible Bond on November 26, 2015. It is expected that the notice of redemption of the Convertible Bond will result in the full conversion of the bond into Nokia Shares by the holders of the bonds which at the conversion price of EUR 2.39 per Nokia Share would result in the issuance of 313 723 849 Nokia Shares (assuming full conversion) and would, represent approximately 5.2% of the issued and outstanding Nokia Shares after completion of the Exchange Offer and assuming that all Alcatel Lucent Securities are tendered into the Exchange Offer or the subsequent offering period, if any.

Taxation of Nokia

The following is a general discussion of the Finnish corporate taxation regarding especially publicly listed limited liability companies. The following is applicable to Nokia as it is a publicly listed limited liability company, regarded as a separate entity for Finnish taxation purposes.

This description is based on:

The Finnish Business Income Tax Act (360/1968), as amended;

The Finnish Income Tax Act (1535/1992), as amended;

The Finnish Act on Elimination of International Double Taxation (1552/1995), as amended;

The Finnish Real Estate Tax Act (654/1992), as amended;

The Finnish Public Broadcasting Company Tax Act (484/2012), as amended; and

Edgar Filing: NOKIA CORP - Form F-4/A

The Finnish Act on Group Contribution (825/1986), as amended.

Nokia has its residence in Finland for taxation purposes, is registered in Finland and incorporated under Finnish Law. Pursuant to Section 9 of the Finnish Income Tax Act, Finnish resident companies are taxable in Finland on their worldwide income. Foreign-source income and capital gains (including those from permanent establishments) are grossed up by foreign taxes paid and included in the income taxable in Finland.

Table of Contents

Under the Finnish Business Income Tax Act, the corporate profits of Nokia are subject to national corporate income tax. As of the tax year 2014, the corporate tax rate in Finland was 20%.

In 2014, Nokia Corporation's income taxes (i.e. the income taxes of the parent company of the Nokia group) amounted to a net income tax benefit of EUR 58 million, a change of EUR 81 million compared to a net income tax expense of EUR 23 million in 2013. The current income tax expense was EUR 149 million for the year ended December 31, 2014, compared to EUR 23 million for the year ended December 31, 2013. The net income tax benefit was attributable to the recognition of EUR 207 million of deferred tax assets. In 2013, no deferred tax assets were recognized.

As for Nokia group, in 2014 income taxes for continuing operations amounted to a net income tax benefit of EUR 1 408 million, a change of EUR 1 610 million compared to a net expense of EUR 202 million in 2013. The current income tax expense for continuing operations was EUR 374 million for the year ended December 31, 2014, compared to EUR 354 million for the year ended December 31, 2013. The net income tax benefit was attributable to the recognition of EUR 1 782 million of deferred tax assets. In 2013, deferred tax assets of EUR 152 million were recognized.

The income tax expense comprises current income tax and deferred income tax. Current income taxes are based on the results of the company and calculated according to Finnish tax rules. Deferred tax assets and liabilities are calculated for temporary differences between tax bases and book values using the tax rate for future years as enacted at the statement of financial position date. Deferred tax liabilities are recognized in full. Deferred income tax assets are recognized at the probable amount estimated to be received.

Judgment is required in determining current tax expense, uncertain tax positions, deferred tax assets and deferred tax liabilities, and the extent to which deferred tax assets can be recognized. Estimates are based on forecasted future taxable income and tax planning strategies. Liabilities for uncertain tax positions are recorded based on estimates and assumptions on the amount and likelihood of outflow of economic resources and the timing of payment when it is more likely than not that certain positions will be challenged and may not be fully sustained upon review by tax authorities.

Additionally, Nokia is liable to pay municipal real estate tax (tax rate varies between municipalities and type of immovable property), value added tax and a public broadcasting service tax which amounts to a maximum of EUR 3 000 per annum. No net wealth tax is imposed in Finland.

The main income categories in Finland are business income, income from agriculture and forestry and other income. As a general rule, all business related income, received in the form of money or a benefit of monetary value is taxable business income. Correspondingly, expenses incurred in obtaining or preserving business income, which is subject to taxation, are deductible. However, several exceptions to this rule exist. Capital gains (relating to the business carried out) are generally taxable as ordinary business income. Capital gains are taxed at the general corporate tax rate of 20%. According to Section 6b of the Finnish Business Income Tax Act, a participation exemption is granted for gains on the sale of shares under certain circumstances.

According to Section 6a of the Finnish Business Income Tax Act, dividends that a resident publicly listed company receives from another resident company or from a foreign company listed in article 2 of the Council Directive 2011/96/EU (as amended by Directive 2013/13/EU) are not taxable income of the receiving company. Dividends received from other company resident in the EEA are tax exempt if the company is subject to at least 10% tax on the income, the dividends are paid out in its state of residence without being tax exempt or having an option not to be taxed and the distributing company's residence for tax purposes is in that country and its residence under an applicable tax treaty is not

Table of Contents

outside the EEA. However, 75% of the income is taxable and 25% tax-exempt, if the dividends are received from a foreign company listed in the second Article of the Council Directive 2011/96/EU, the shares belong to the receiving company's investment assets and the receiving company owns directly less than 10% of the shares in the distributing company at the time of the distribution of dividends. The same applies to dividends from the investment asset shares of resident companies (applicable despite the shareholding would exceed 10%) and of other foreign companies resident in the EEA.

Pursuant to Section 119 of the Finnish Income Tax Act, where net business income is negative, ordinary losses may be carried forward to be set off against business income for the following ten years. Capital losses from the disposal of business assets constitute part of the ordinary losses in the business income category. Under Section 50 of the Finnish Income Tax Act, capital losses from the disposal of other than business assets must be set off against the capital gains in the other income category in the same financial year or in the following five years. However, capital losses incurred on shares are not deductible if the corresponding gains would be tax-exempt under Section 6b of the Finnish Business Income Tax Act. Losses incurred by a foreign permanent establishment can be deducted by the resident head office, provided that Finland applies the credit method for the elimination of double taxation (see below). The right to carry forward tax losses in publicly listed companies (and their Finnish subsidiaries) is not affected by any changes of ownership in a company's publicly listed shares.

In Finland, whether a company is part of a group of companies does not directly affect the company's taxation. However, under certain circumstances tax-deductible group contributions are available for limited liability companies under the Act on Group Contribution. When the requirements of the Act on Group Contribution are fulfilled, the group contribution is tax-deductible for the contributing company and taxable income for the receiving company. Pursuant to Sections 3 and 7 of the aforementioned act, in order to qualify, both companies must be resident in Finland and there must be at least 90-percent ownership, direct or indirect, from the beginning of the tax year. Group contributions may also be received or granted by a Finnish branch of a company resident in the European Union or in a country that has concluded a double tax treaty with Finland (including an article on non-discrimination). Under Section 3 of the Act on Group Contribution, group contributions can be credited in both ways (from a parent company to a subsidiary and vice versa), as well as horizontally between sister companies. The granted group contributions may not exceed the taxable income of the contributing company in the tax year (Section 6 of the Act on Group Contribution). Pursuant to Section 5 of the Act on Group Contribution, the group contribution is tax-deductible only if the corresponding deduction is made in the books of the contributing company and if the receiving company books the contribution as its taxable income during the tax year in which the deduction is made in the contributing company. In addition, under Section 7 of the aforementioned act, the financial year of the companies must end on the same day.

In order to avoid double taxation of the foreign-source business income, Finland typically applies the credit method (Section 2 of the Act on Elimination of International Double Taxation). Foreign national taxes on income may be credited against the Finnish corporate income tax (based on recent Finnish court praxis, also other national taxes may be credited in Finland on a case-by-case basis). Under Section 4 of the Finnish Act on Elimination of International Double Taxation the amount of tax credit is limited to the amount of the Finnish tax that is attributable to the income taxed abroad. Pursuant to Section 5 of the aforementioned act tax credits are also computed separately for each source of income and unused credits may be carried forward for five years. The regime does not limit the benefits granted under a tax treaty. The exemption method, governed by Section 6 of the Finnish Act on Elimination of International Double Taxation is applicable only if a tax treaty provides so, which is the case for business income under a few older tax treaties concluded by Finland. Under the exemption method, the exempted income is not included in the taxable income of the company.

DESCRIPTION OF THE NOKIA SHARES AND ARTICLES OF ASSOCIATION

Shares and Share Capital of Nokia

Nokia has one class of shares. Each Nokia Share entitles the holder to one vote at the general meetings of shareholders of Nokia. On June 30, 2015 the share capital of Nokia Corporation amounted to EUR 245 896 461.96 and the total number of Nokia Shares issued was 3 678 328 858 including 54 326 556 shares owned by Nokia group companies representing approximately 1.5% of the total number of Nokia Shares and the total voting rights. Under the articles of association of Nokia, Nokia Corporation does not have minimum or maximum share capital or a par value of a share. Nokia Shares are traded on the Nasdaq Helsinki under the symbol NOKIA . Nokia ADSs are traded on the NYSE under the symbol NOK .

In order to settle the Exchange Offer, it is contemplated that the general meeting of shareholders of Nokia will resolve to authorize the Nokia board of directors to issue new Nokia Shares in deviation from the shareholders' pre-emptive rights as consideration to the holders of Alcatel Lucent Securities who have tendered their Alcatel Lucent Securities into the Exchange Offer. The Nokia board of directors is expected to resolve to issue new Nokia Shares based on the authorization by the general meeting of shareholders (and register such issuance of new shares with the Finnish Trade Register on or as soon as practicable following settlement). The final amount and the final terms of the Nokia Share issuance will be based, among others, on the actual number of Alcatel Lucent Securities tendered in the Exchange Offer in exchange for Nokia Shares (including those underlying Nokia ADSs), which is contemplated to be set at the closing price on Euronext Paris on the day before the implementation of the share issuance or the day before the end of the offer period of the Exchange Offer, as determined by the Nokia board of directors. On the basis of this value of the Alcatel Lucent Securities, the Nokia board of directors will fix the issue price of the newly issued Nokia Shares. Hence, the resolution of the general meeting of shareholders is contemplated to be made on the following terms:

As a consequence, the capital structure of Nokia will be composed as follows following the completion of the Exchange Offer:

Legislation Under Which Nokia Shares will be Issued

New Nokia Shares will be issued pursuant to Finnish law and governed by Finnish law.

Summary of the Articles of Association of Nokia

The following description is a summary of only certain provisions of the articles of association of Nokia and, where relevant, of Nokia's other organizational regulations (the Organizational Regulations), each as expected to be in force at completion of the Exchange Offer. It should be read in conjunction with the articles of association of Nokia and the Organizational Regulations, and the relevant provisions of Finnish law, and should not be considered legal advice regarding these matters. The descriptions herein do not, however, describe every aspect of the articles of association and the Organizational Regulations of Nokia or Finnish law. An English translation of the articles of association

Table of Contents

of Nokia as of the completion of the Exchange Offer incorporated by reference as an exhibit to this exchange offer/prospectus.

Purpose and Objectives of Nokia, Duration

Nokia's corporate purpose is to engage in the telecommunications industry and other sectors of the electronics industry as well as the related service businesses, including the development, manufacture, marketing and sales of mobile devices, other electronic products and telecommunications systems and equipment as well as related mobile, Internet and network infrastructure services and other consumer and enterprise services. Nokia may also create, acquire and license intellectual property and software as well as engage in other industrial and commercial operations. Further, Nokia may engage in securities trading and other investment activities. The duration of Nokia is unlimited.

Voting Powers of the Members of the Board of Directors

Under Finnish law and the articles of association of Nokia, resolutions of the board of directors are adopted with a majority vote. A member of the board of directors must refrain from taking any part in the consideration of a contract between the board member and the company or third party, or any other issue that may provide any material benefit to him or her that may be contradictory to the interests of the company. Under Finnish law, there is no age limit requirement for members of the board of directors, and there are no requirements under Finnish law that a member of the board of directors must own a minimum number of shares in order to qualify to act as a member of the board of directors. However, Nokia's board of directors has established a guideline retirement age of 70 years for the members of the board of directors and the Corporate Governance and Nomination Committee will not, without specific reason, propose re-election of a person who has reached 70 years of age. In addition, in accordance with the current company policy, approximately 40% of the annual remuneration payable to the members of the board of directors is paid in Nokia Shares purchased in the open market, which are required to be retained until the end of the board membership (except for those shares needed to offset any costs relating to the acquisition of the shares, including taxes).

Share Rights, Preferences and Restrictions

Each Nokia Share confers the right to one vote at Nokia's general meetings of shareholders. According to Finnish law, a company generally must hold an annual general meeting convened by the board of directors within six months of the end of each fiscal year. In addition, the board of directors is obliged to call an extraordinary general meeting at the request of the auditor or shareholders representing a minimum of 10% of all outstanding shares. Under Nokia's articles of association, the members of the board of directors are elected for a term beginning at the annual general meeting at which they are elected and expiring at the end of the next annual general meeting.

Under Finnish law, shareholders may attend and vote at general meetings of shareholders in person or by proxy. It is not customary in Finland for a company to issue forms of proxy to its shareholders. Accordingly, Nokia does not do so. However, registered holders and beneficial owners of Nokia ADSs are issued forms of proxy by the Nokia depository as more fully described in Description of the Nokia American Depository Shares .

To attend and vote at a general meeting of shareholders, a shareholder must be registered in the register of shareholders in the Finnish book-entry system on the record date set forth in the notice of the general meeting of shareholders. The record date of the general meeting of shareholders is the eighth business day preceding the meeting. A registered holder or a beneficial owner of the Nokia ADSs, like other beneficial owners whose shares are registered in the company's register of shareholders in the name of a nominee, may attend and vote with such shares, provided that they

Table of Contents

arrange to have their name entered in the temporary register of shareholders for the general meeting of shareholders prior to the date set forth for such registration in the notice of the general meeting of shareholders.

To be entered in the temporary register of shareholders for the general meeting of shareholders, a holder of Nokia ADSs must provide the Nokia depositary, or have his or her broker or other custodian provide the Nokia depositary, on or before the voting deadline, as defined in the proxy material issued by the Nokia depositary, a proxy with the following information: the name, address, and social security number or another corresponding personal identification number of the holder of the Nokia ADSs, the number of shares to be voted by the holder of the Nokia ADSs and the voting instructions. The register of shareholders as of the record date of each general meeting of shareholders is public. Other nominee registered shareholders can attend and vote at the general meeting of shareholders by instructing their broker or other custodian to register the shareholder in Nokia's temporary register of shareholders and give the voting instructions in accordance with the broker's or custodian's instructions.

By completing and returning the form of proxy provided by the Nokia depositary, a holder of Nokia ADSs also authorizes the Nokia depositary to give a notice to Nokia, required by Nokia's articles of association, of the holder's intention to attend the general meeting of shareholders.

Each Nokia Share confers equal rights to a share in the distribution of the company's funds. Dividend entitlement generally lapses after three years if a dividend remains unclaimed for that period, in which case the unclaimed dividend will be retained by Nokia. Each Nokia Share confers equal rights to the company's assets in the liquidation of the company after the claims of the company's creditors have been satisfied.

Amendment of the articles of association of Nokia generally requires a decision of the general meeting of shareholders, supported by two-thirds of the votes cast and two-thirds of the shares represented at the general meeting of shareholders, save for certain qualified decisions that would materially affect the rights attached to shares. Such decisions may require individual consent from each of the affected shareholders.

Disclosure of Shareholder Ownership or Voting Power

According to the Finnish Securities Market Act (746/2012), as amended, (the Finnish Securities Market Act), which entered into force on January 1, 2013, a shareholder of a listed company must disclose its ownership or voting power to the company and the Finnish Financial Supervisory Authority when the ownership or voting power reaches, exceeds or falls below 5%, 10%, 15%, 20%, 25%, 30%, 50% or 90% of all the shares or the voting rights outstanding. The term "ownership" includes ownership by the shareholder as well as selected related parties and calculating the ownership or voting power covers agreements or other arrangements, which when concluded would cause the proportion of voting rights or number of shares to reach, exceed or fall below the aforementioned limits. Upon receiving such notice, the company shall disclose it by a stock exchange release without undue delay.

Purchase Obligation

Nokia's articles of association require a shareholder that alone or together with its selected related parties holds one-third or one-half of all of Nokia's shares to purchase the shares of all other shareholders that so request, at a price generally based on the historical weighted average trading price of the shares. A shareholder who becomes subject to the purchase obligation is also obligated to purchase any other rights entitling to the shares issued by Nokia, such as any subscription rights, stock options or convertible bonds, if so requested by the holder. The purchase price of the shares under Nokia's articles of association is the higher of: (a) the weighted average trading price of the shares on

Table of Contents

Nasdaq Helsinki during the ten Finnish business days prior to the day on which Nokia has been notified by the purchaser that its holding has reached or exceeded the threshold referred to above or, in the absence of such notification or its failure to arrive within the specified period, the day on which the Nokia board of directors otherwise becomes aware of this; or (b) the average price, weighted by the number of shares, which the purchaser has paid for the shares it has acquired during the last twelve months preceding the date referred to in (a).

Under the Finnish Securities Market Act, a shareholder whose voting power exceeds 30% or 50% of the total voting rights in a company must, within one month, offer to purchase the remaining shares of the company, as well as any other rights entitling to the shares issued by the company, such as subscription rights, convertible bonds or stock options issued by the company. The purchase price shall be the fair market price of the securities in question. The fair market price is determined on the basis of the highest price paid for the security during the preceding six months by the shareholder or any party in close connection to, or acting in concert with, the shareholder. This price can be deviated from for a specific reason. If the shareholder or any other party referred to above has not during the six months preceding the offer acquired any securities that are the target for the offer, the fair market price is determined based on the average of the prices paid for the security in public trading during the preceding three months weighted by the volume of trade. This price can be deviated from for a specific reason.

Under the Finnish Companies Act, a shareholder whose holding exceeds nine-tenths of the total number of shares or voting rights in Nokia has both the right and, upon a request from the minority shareholders, the obligation to purchase all the shares of the minority shareholders for the fair market price. The fair market price is determined, among other things, on the basis of the recent market price of the shares. The purchase procedure under the Finnish Companies Act differs, and the purchase price may differ, from the purchase procedure and price under the Finnish Securities Market Act, as discussed above. However, if the threshold of nine-tenths has been exceeded through either a mandatory or a voluntary public offer pursuant to the Finnish Securities Market Act, the fair market price under the Finnish Companies Act is deemed to be the price offered in the public offer, unless there are specific reasons to deviate from it.

Pre-emptive Rights

In connection with any offering of shares, the existing shareholders have a pre-emptive right to subscribe for shares offered in proportion to the number of shares in their possession. However, a general meeting of shareholders may vote, by a majority of two-thirds of the votes cast and shares represented at the general meeting of shareholders, to waive this pre-emptive right provided that a weighty financial reason for the company to do so exists.

Under the Finnish Act on the Monitoring of Foreign Corporate Acquisitions (172/2012, as amended), a notification to the Ministry of Employment and the Economy is required for a non-resident of Finland, when directly or indirectly acquiring 10% or more of the voting power or corresponding influence in a company. The Ministry of Employment and the Economy has to confirm the acquisition unless the acquisition would jeopardize important national interests, in which case the matter is referred to the Council of State. If the company in question is operating in the defense sector an approval by the Ministry of Employment and the Economy is required before the acquisition is made. These requirements are not applicable in certain circumstances, such as sharing subscriptions in a share issuance that is proportional to the holder's earlier ownership of the relevant company's shares or to inheritance and certain other transfers. Moreover, the requirements do not apply to residents of countries in the European Economic Area or European Free Trade Association countries except if the company in question is operating in the defense sector.

Overview of the Finnish Securities Market

The following summary is a general description of the Finnish securities market and is based on the laws in force in Finland on the date hereof. The summary is not exhaustive.

General Information

The securities market in Finland is supervised by the Finnish Financial Supervisory Authority. The primary law governing securities markets is the Finnish Securities Market Act, which contains provisions, notably, in respect of company and shareholder disclosure obligations, prospectus requirements, public tender offers and market abuse. The role of the Finnish Financial Supervisory Authority is to monitor compliance with these regulations.

The Finnish Securities Market Act specifies minimum disclosure requirements for Finnish companies applying to have their shares listed on the Nasdaq Helsinki or whose securities are publicly traded or who offer their securities to the public. The information provided on factors that may have a material effect on the value of the securities must be sufficient to enable investors to make a sound evaluation of the securities being offered and of the issuing company. Finnish listed companies are responsible for regularly publishing their financial information as well as for informing the markets of any matters likely to have a material effect on the value of their securities.

A shareholder is required to notify, without undue delay, a Finnish listed company and the Finnish Financial Supervisory Authority when its voting participation in, or its percentage ownership of, the voting rights or the total number of shares of such Finnish listed company reaches, exceeds or falls below 5%, 10%, 15%, 20%, 25%, 30%, 50%, 2/3 or 90%, calculated in accordance with the Finnish Securities Market Act, or when it enters into an agreement or other arrangement that, when implemented, has such effect. When a listed company has received the above-mentioned information, it must make the information public by a stock exchange release.

According to the Finnish Securities Market Act, a shareholder holding more than 30% or 50% of the voting rights attached to shares in a company after the shares or securities entitling to such shares of the company have been entered into public trading, is obligated to make a public tender offer for all remaining shares and securities entitling to such shares in the company at fair value (*mandatory bid*). After exceeding the 30% threshold and having made a mandatory public tender offer, the shareholder may increase his or her holding in the company until the holding exceeds 50% of voting rights attached to shares in a company, at which point the obligation to make a mandatory public tender offer is again triggered. In addition, under the Finnish Companies Act, a shareholder holding shares representing more than 90% of all the shares and votes in a company has the right to redeem the remaining shares in the company at fair market value (*squeeze-out*). Furthermore, a shareholder whose shares can be redeemed in the above-mentioned manner is entitled to demand redemption of his or her shares from the majority shareholder entitled to exercise redemption (*sell-out*). Detailed rules apply to the calculation of the proportions of shares and votes discussed above. In a company's articles of association, there may be specific provisions on redemption obligation or right deviating from the law.

The Finnish Penal Code (39/1889), as amended, contains provisions relating to breach of disclosure requirements, the misuse of privileged or inside information and market manipulation. Breach of these provisions constitutes a criminal offence. The Finnish Financial Supervisory Authority has the right to impose administrative sanctions for breach of the provisions relating to market abuse and disclosure requirements to the extent that the offence does not fall within the scope of the Finnish Penal Code. The Finnish Financial Supervisory Authority can, for example, issue a public warning or impose monetary penalties for the breach of disclosure or reporting requirements, insider register provisions, misuse of insider information or market manipulation.

Trading on the Nasdaq Helsinki and Clearing and Settlement through Euroclear Finland

Share trading on the Nasdaq Helsinki occurs through automatic order matching. In carrying out share trades, the Nasdaq Helsinki uses the INET trading platform, which is an order-based system in which buy-and sell-orders are matched as trades when the price and volume information tally. In the INET trading platform, the trading day consists, as a general rule, of the following main phases: pre-trading, continuous trading, the closing auction and post-trading.

During the pre-trading session from 9.00 a.m. to 9.45 a.m., orders may be entered, changed or deleted. The opening call begins at 9.45 a.m. and ends at 10.00 a.m. Round lot orders entered during the pre-trading phase and existing orders that may be valid for more than one day are automatically transferred into the opening call. Continuous trading takes place between 10.00 a.m. and 6.25 p.m. Continuous trading begins sequentially immediately after the opening for the day that has ended at 10.00 a.m., at which time the first share's opening price is determined, after which continuous trading in said share commences. Approximately ten minutes later, the opening prices of all the shares have been determined and trading based on market demand continues until 6.25 p.m. The closing auction begins at approximately 6.25 p.m. and ends at approximately 6.30 p.m., when the closing prices are determined and when the continuous trading ends as well. In post-trading between 6.30 p.m. and 7.00 p.m., the only trades that may be registered are contract trades for shares in after-hours trading. The shares will be registered at prices established during the trading day.

Trades are primarily cleared by netting them in the clearing and settlement system of the European Multilateral Clearing Facility acting as the central counterparty and executed in Euroclear Finland Ltd's automated clearing and settlement system on the second banking day after the trade date (T + 2), unless otherwise agreed by the parties.

Trading in shares on Nasdaq Helsinki and clearing of securities in Euroclear Finland Ltd take place in euros, with the minimum tick size for trading quotations being EUR 0.0001. All price information is produced and published only in euros.

The Finnish Book-Entry Securities System

General Information

Use of the book-entry securities system is mandatory for all companies with shares listed on the Nasdaq Helsinki. The book-entry securities system is centralized at Euroclear Finland Ltd, which provides national clearing and registration services for securities. Euroclear Finland Ltd maintains a book-entry securities system for both equity and debt securities. The registered office of Euroclear Finland Ltd is located at Urho Kekkosen katu 5 C, FI-00100, Helsinki, Finland.

Euroclear Finland Ltd keeps company-specific shareholder registers of the shareholders of companies entered into the book-entry securities system and offers book-entry account services to shareholders who do not wish to use the services of commercial account operators. The basic custody expenses incurred by Euroclear Finland Ltd in connection with maintaining the book-entry accounts are mainly borne by the issuers and account operators participating in the book-entry securities system. The account operators, which consist of for example credit institutions, investment services companies and other institutions licensed to act as account operators by Euroclear Finland Ltd, are entitled to make entries in the book-entry register and administer the book-entry accounts.

Registration

In order to effect entries in the Finnish book-entry securities system, a holder of securities or such holder's nominee must establish a book-entry account with Euroclear Finland Ltd or with an account

operator or register its securities through nominee registration. Finnish security holders may not hold their securities through a nominee. For holders of securities who have not transferred their securities into book-entries, a joint book-entry account shall be opened with Euroclear Finland Ltd and the company is entered as the account holder. All transactions in securities registered in the book-entry securities system are executed as computerized book-entry transfers. The account operator confirms book-entry transfers by sending notifications of transactions to the holder of the respective book-entry account. The account holders also receive an annual statement of their holdings as of the end of each calendar year.

Each book-entry account must give the particulars of the account holder and other holders of rights to the book-entries in the account or of the manager of a nominee registration who manages the assets in the nominee-registered account, as well as information on the account operator for the account. The required information includes the type and number of the book-entry securities registered in the account as well as the rights and restrictions pertaining to the account and the book-entries. Any nominee-registered account must be identified when making entries in the account. Euroclear Finland Ltd and the account operators are responsible for maintaining the confidentiality of the information they receive. Euroclear Finland Ltd and the company must, however, make public certain information (such as the account holder's name, nationality and address) contained in the register of shareholders maintained by Euroclear Finland Ltd, save in the case of nominee registration. The Finnish Financial Supervisory Authority is entitled to receive certain information on nominee registrations upon request.

Each account operator is liable for errors and omissions in the book-entry registers maintained by it and for any unauthorized disclosure of information. However, if an account holder has suffered a loss as a result of a faulty registration or an amendment to, or deletion of, rights related to registered securities and the account operator is unable to compensate such loss, such account holder is entitled to receive compensation from the statutory registration fund of Euroclear Finland Ltd. The capital of the registration fund must be at least 0.0048% of the average of the total market value of the book-entries kept in the book-entry securities system during the last five calendar years and it must not be less than EUR 20 million. The compensation to be paid to one injured party shall be equal to the amount of loss suffered by such injured party from a single account operator, subject to a maximum amount of EUR 25 000. The liability of the registration fund to pay damages in relation to each incident is limited to EUR 10 million.

Custody of Securities and Nominee Registration

A non-Finnish shareholder may appoint an account operator (or certain non-Finnish organizations approved by Euroclear Finland Ltd) to act as a custodial nominee account holder on its behalf. A nominee shareholder is entitled to receive dividends and to exercise all share subscription rights and other financial and administrative rights attaching to the shares held in its name. A beneficial owner wishing to participate in a general meeting of shareholders shall seek temporary registration in the shareholders' register. The notification of the temporary registration shall be made at the latest on the date set out in the notice of the general meeting of shareholders, which shall be after the record date of the general meeting of shareholders. A custodial nominee account holder or another nominee is required to disclose to the Finnish Financial Supervisory Authority and to the relevant company, upon request, the actual identity of the shareholder of any shares registered in the name of such nominee, where the beneficial owner is known, as well as the number of shares owned by such beneficial owner. If the name of the beneficial owner is not known, the nominee is required to disclose said information in respect of the representative acting on behalf of the beneficial owner and to submit a written declaration to the effect that the beneficial owner of the shares is not a Finnish natural person or legal entity.

Finnish Depositories for both Euroclear Bank, S.A./N.V. as operator of Euroclear Finland Ltd and Clearstream have nominee accounts within the book-entry securities system and, accordingly,

non-Finnish shareholders may hold their shares listed on the Nasdaq Helsinki on their accounts in Euroclear Bank, S.A./N.V. and in Clearstream.

Shareholders wishing to hold their shares in the book-entry securities system in their own name but who do not already maintain a book-entry account in Finland are required to open a book-entry account with Euroclear Finland Ltd or an account operator as well as a bank account denominated in euro in Finland.

Compensation Fund for Investors

Under Finnish law, investors are divided into professional and non-professional investors. The definition of professional investors includes business enterprises and public entities, that can be deemed to know the securities markets and the risks related thereto. An investor may also declare in writing that, on the basis of his professional skills and experience in investment activities, he or she is a professional investor. However, private investors are generally considered non-professional investors.

Credit institutions and such investment firms managing or retaining clients' assets that do not provide solely intermediation or investment advisory services or organizing of multi-lateral trading must belong to a statutory compensation fund for investors. The compensation fund safeguards payment of clear, indisputable receivables that are due when an investment company or a credit institution, for a reason other than temporary insolvency, is not capable of paying the claims of investors within a determined period of time. Only claims of non-professional investors are paid by the compensation fund. An investor is paid 90% of the investor's receivable, subject to a maximum amount of EUR 20 000. The fund does not compensate for losses due to a fall in equity prices or incorrect investment decisions, whereby the customer is still responsible for the consequences of his or her investment decisions. If a deposit bank becomes insolvent, customers of such deposit bank shall be compensated from the deposit guarantee fund for claims up to EUR 100 000. The funds of an investor are safeguarded either through the deposit guarantee fund or the compensation fund. Accordingly, the same funds of an investor do not benefit from double protection.

DESCRIPTION OF THE NOKIA AMERICAN DEPOSITARY SHARES

Nokia has appointed, and Citibank, N.A. has agreed, to act as the Nokia depository. Citibank, N.A. depository offices are located at 388 Greenwich Street, 14th Floor, New York, NY 10013, United States. Nokia ADSs represent ownership interests in securities that are on deposit with the depository. Nokia ADSs may be represented by certificates that are commonly known as American Depositary Receipts or ADRs. The Nokia depository has appointed Nordea Bank Finland PLC as a custodian to safekeep the securities on deposit.

A copy of the deposit agreement is on file with the SEC under cover of a Registration Statement on Form F-6. You may obtain a copy of the deposit agreement from the SEC's Public Reference Room at 100 F Street, N.E., Washington, D.C. 20549 and from the SEC's website (www.sec.gov). Please refer to registration numbers 333-105373 and 333-182900 when retrieving such copy.

Nokia is providing you with a summary description of the material terms of the Nokia ADSs and of your material rights as an owner of Nokia ADSs. Please remember that summaries by their nature lack the precision of the information summarized and that the rights and obligations of an owner of Nokia ADSs will be determined by reference to the terms of the deposit agreement and not by this summary. Nokia urges you to review the deposit agreement in its entirety.

Each Nokia ADS represents the right to receive one Nokia Share on deposit with the custodian. A Nokia ADS also represents the right to receive any other property received by the Nokia depository or the custodian on behalf of the owner of the Nokia ADS but that has not been distributed to the owners of Nokia ADSs because of legal restrictions or practical considerations.

If you become an owner of Nokia ADSs, you will become a party to the deposit agreement and therefore will be bound to its terms and to the terms of any ADR that represents your Nokia ADSs. The deposit agreement and the ADR specify Nokia's rights and obligations as well as your rights and obligations as owner of Nokia ADSs and those of the Nokia depository. As a Nokia ADS owner you appoint the Nokia depository to act on your behalf in certain circumstances. The deposit agreement and the ADRs are governed by New York law. However, Nokia's obligations to the owners of Nokia Shares will continue to be governed by the laws of Finland, which may be different from the laws in and of the United States.

In addition, applicable laws and regulations may require you to satisfy reporting requirements and obtain regulatory approvals in certain circumstances. You are solely responsible for complying with such reporting requirements and obtaining such approvals. Neither the Nokia depository, the custodian, Nokia nor any of their respective agents or affiliates shall be required to take any actions whatsoever on behalf of you to satisfy such reporting requirements or obtain such regulatory approvals under applicable laws and regulations.

As an owner of Nokia ADSs, you may hold your Nokia ADSs either by means of an ADR registered in your name, through a brokerage or safekeeping account, or through an account established by the Nokia depository in your name reflecting the registration of uncertificated Nokia ADSs directly on the books of the depository (the direct registration system or DRS). The direct registration system reflects the uncertificated (book-entry) registration of ownership of Nokia ADSs by the Nokia depository. Under the direct registration system, ownership of Nokia ADSs is evidenced by periodic statements issued by the Nokia depository to the owners of the Nokia ADSs. The direct registration system includes automated transfers between the Nokia depository and The Depository Trust Company (DTC), the central book-entry clearing and settlement system for equity securities in the United States. If you decide to hold your Nokia ADSs through your brokerage or safekeeping account, you must rely on the procedures of your broker or bank to assert your rights as a Nokia ADS owner.

Table of Contents

Banks and brokers typically hold securities such as the Nokia ADSs through clearing and settlement systems such as DTC. The procedures of such clearing and settlement systems may limit your ability to exercise your rights as an owner of Nokia ADSs. Please consult with your broker or bank if you have any questions concerning these limitations and procedures. All Nokia ADSs held through DTC will be registered in the name of a nominee of DTC. Any reference to you made herein assumes that the reader owns Nokia ADSs and will own Nokia ADSs at the relevant time. This summary description assumes you have opted to own the Nokia ADSs directly by means of a Nokia ADS registered in your name and, as such, you will be referred to in this summary as the owner.

Dividends and Distributions

As an owner, you generally have the right to receive the distributions Nokia makes on the securities deposited with the custodian bank. Your receipt of these distributions may be limited, however, by practical considerations and legal limitations. Owners will receive such distributions under the terms of the deposit agreement in proportion to the number of Nokia ADSs held as of a specified record date.

Distributions of Cash

Whenever Nokia makes a cash distribution for the securities on deposit with the custodian, Nokia will deposit the funds with the custodian. Upon receipt of confirmation of the deposit of the requisite funds, the depository will arrange for the funds to be converted into U.S. dollars and for the distribution of the U.S. dollars to the owners, subject to Finnish laws and regulations.

The conversion into U.S. dollars will take place only if the conversion can be effected on a reasonable basis and if the U.S. dollars are transferable to the United States. The amounts distributed to owners will be net of the fees, expenses, taxes and governmental charges payable by owners under the terms of the deposit agreement. The Nokia depository will apply the same method for distributing the proceeds of the sale of any property (such as undistributed rights) held by the custodian in respect of securities on deposit.

Distributions of Shares

Whenever Nokia makes a free distribution of Nokia Shares for the securities on deposit with the custodian, Nokia will deposit the applicable number of Nokia Shares with the custodian. Upon receipt of confirmation of such deposit, the depository will *either* distribute to owners new Nokia ADSs representing the Nokia Shares deposited *or* modify the Nokia ADS-to-ordinary shares ratio, in which case each Nokia ADS you hold will represent rights and interests in the additional Nokia Shares so deposited. Only whole new Nokia ADSs will be distributed. Fractional entitlements will be sold and the proceeds of such sale will be distributed as in the case of a cash distribution.

The distribution of new Nokia ADSs or the modification of the Nokia ADS-to-Nokia Shares ratio upon a distribution of Nokia Shares will be made net of the fees, expenses, taxes and governmental charges payable by owners under the terms of the deposit agreement.

No such distribution of new Nokia ADSs will be made if it would violate a law (i.e., the U.S. securities laws).

Distributions of Rights

Whenever Nokia intends to distribute rights to purchase additional Nokia Shares, Nokia will give prior notice to the depository and Nokia will assist the depository in determining whether it is lawful and feasible to distribute rights to purchase additional Nokia ADSs to owners.

Table of Contents

The Nokia depositary will establish procedures to distribute rights to purchase additional Nokia ADSs to owners and to enable such owners to exercise such rights if it is lawful and feasible to make the rights available to owners of Nokia ADSs, and if Nokia provides all of the documentation contemplated in the deposit agreement (such as opinions to address the lawfulness of the transaction). You may have to pay fees, expenses, taxes and other governmental charges to subscribe for the new Nokia ADSs upon the exercise of your rights. The depositary will *not* distribute the rights to you if:

Nokia does not timely request that the rights be distributed to you or Nokia requests that the rights not be distributed to you;

Nokia fails to deliver satisfactory documents to the depositary; or

it is not lawful or feasible to distribute the rights.

The depositary will use reasonable efforts to sell the rights that are not exercised or not distributed. The proceeds of such sale will be distributed to owners as in the case of a cash distribution. If the depositary is unable to sell the rights, it will allow the rights to lapse.

Other Distributions

Whenever Nokia intends to distribute property other than cash, Nokia Shares or rights to purchase additional Nokia Shares, Nokia will notify the depositary in advance. If so, Nokia will assist the depositary in determining whether such distribution to owners is lawful and feasible.

If it is lawful and feasible to distribute such property to you, the depositary will distribute the property to the owners in a manner it deems equitable and practicable.

The distribution will be made net of fees, expenses, taxes and governmental charges payable by owners under the terms of the deposit agreement. In order to pay such taxes and governmental charges, the depositary may sell all or a portion of the property received.

The proceeds of such a sale will be distributed to owners as in the case of a cash distribution.

Changes Affecting Nokia Shares

The Nokia Shares held on deposit for your Nokia ADSs may change from time to time. For example, there may be a change in nominal or par value, a split-up, consolidation or reclassification of such Nokia Shares or a recapitalization, reorganization, merger, consolidation or sale of assets.

If any such change were to occur, your Nokia ADSs would, to the extent permitted by law, represent the right to receive the property received or exchanged in respect of the Nokia Shares held on deposit. The depositary may in such circumstances deliver new Nokia ADSs to you, amend the deposit agreement, the ADRs and the applicable Registration Statement(s) on Form F-6, call for the exchange of your existing Nokia ADSs for new Nokia ADSs and take any other actions that are appropriate to reflect as to the Nokia ADSs the change affecting the Nokia Shares.

Issuance of Nokia ADSs upon Deposit of Nokia Shares

The depositary may create Nokia ADSs on your behalf if you or your broker deposits Nokia Shares with the custodian. The depositary will deliver these Nokia ADSs to the person you indicate only after you pay any applicable issuance fees and any charges and taxes payable for the transfer of the Nokia Shares to the custodian. Your ability to deposit Nokia Shares and receive Nokia ADSs may be limited by U.S. and Finnish legal considerations applicable at the time of deposit.

Table of Contents

The issuance of Nokia ADSs may be delayed until the depository or the custodian receives confirmation that all required approvals have been given and that the Nokia Shares have been duly transferred to the custodian. The depository will only issue Nokia ADSs in whole numbers.

When you make a deposit of Nokia Shares, you will be responsible for transferring good and valid title to the depository. As such, you will be deemed to represent and warrant that:

the Nokia Shares are validly issued, outstanding, fully paid and non-assessable;

you are duly authorized to deposit the Nokia Shares; and

the Nokia Shares presented for deposit are free and clear of any lien, encumbrance, security interest, charge, mortgage pledge or restriction on transfer, and are not, and the Nokia ADSs issuable upon such deposit will not be, restricted securities (as defined in the deposit agreement).

If any of the representations or warranties is incorrect in any way, Nokia and the depository may, at your cost and expense, take any and all actions necessary to correct the consequences of the misrepresentations.

Transfer, Combination and Split Up of ADRs

As an ADR owner, you will be entitled to transfer, combine or split up your ADRs and the Nokia ADSs evidenced thereby. For transfers of ADRs, you will have to surrender the ADRs to be transferred to the depository and you must also:

ensure that the surrendered ADR certificate is properly endorsed or otherwise in proper form for transfer;

provide such proof of identity and genuineness of signatures as the depository deems appropriate;

provide any transfer stamps required by the State of New York or the United States; and

pay all applicable fees, charges, expenses, taxes and other government charges payable by ADR owners pursuant to the terms of the deposit agreement, upon the transfer of ADRs.

To have your ADRs either combined or split up, you must surrender the ADRs in question to the depository with your request to have them combined or split up, and you must pay all applicable fees, charges and expenses payable by ADR owners, pursuant to the terms of the deposit agreement, upon a combination or split up of ADRs.

Withdrawal of Shares Upon Cancellation of Nokia ADSs

As an owner, you will be entitled to present your Nokia ADSs to the Nokia depository for cancellation and then receive the corresponding number of underlying Nokia Shares at the custodian's offices. Your ability to withdraw the Nokia Shares may be limited by U.S. and Finnish legal considerations applicable at the time of withdrawal. In order to withdraw the Nokia Shares represented by your Nokia ADSs, you will be required to pay to the Nokia depository the fees for cancellation of Nokia ADSs and any charges and taxes payable upon the transfer of the Nokia Shares being withdrawn. You assume the risk for delivery of all funds and securities upon withdrawal. Once canceled, the Nokia ADSs will not have any rights under the deposit agreement.

If you hold Nokia ADSs registered in your name, the Nokia depository may ask you to provide proof of identity and genuineness of any signature and such other documents as the depository may deem appropriate before it will cancel your Nokia ADSs. The withdrawal of the Nokia Shares represented by

Table of Contents

your Nokia ADSs may be delayed until the Nokia depository receives satisfactory evidence of compliance with all applicable laws and regulations. Please keep in mind that the Nokia depository will only accept Nokia ADSs for cancellation that represent a whole number of securities on deposit.

You will have the right to withdraw the securities represented by your Nokia ADSs at any time except for:

temporary delays that may arise because (i) the transfer books for the Nokia Shares or Nokia ADSs are closed, or (ii) Nokia Shares are immobilized on account of a general meeting or a payment of dividends;

obligations to pay fees, taxes and similar charges; or

restrictions imposed because of laws or regulations applicable to Nokia ADSs or the withdrawal of securities on deposit.

The deposit agreement may not be modified to impair your right to withdraw the securities represented by your Nokia ADSs except to comply with mandatory provisions of law.

Voting Rights

As an owner, you may have the right under the deposit agreement to instruct the Nokia depository to exercise the voting rights for the Nokia Shares represented by your Nokia ADSs. The voting rights of holders of Nokia Shares are described under the section heading "Description of the Nokia Shares and Articles of Association" of this exchange offer/prospectus.

As soon as practicable, after receipt of notice by the Nokia depository, the Nokia depository will distribute to you any notice of general meeting received from Nokia together with information explaining how to instruct the Nokia depository to exercise the voting rights of the securities represented by Nokia ADSs. In addition, voting rights may be conditioned on proof of ownership.

If the Nokia depository timely receives valid voting instructions from an owner of Nokia ADSs, the Nokia depository will endeavor to cause the Nokia Shares on deposit to be voted by the custodian directly or by proxy in accordance with the voting instructions received from owners of Nokia ADSs.

Please note that the ability of the Nokia depository to carry out voting instructions may be limited by practical and legal limitations and the terms of the securities on deposit. Nokia cannot assure you that you will receive voting materials in time to enable you to return voting instructions to the Nokia depository in a timely manner.

Disclosure of Interests

By holding your Nokia ADSs, you consent to and agree to be bound by the provisions of or governing any deposited securities (including, without limitation, provisions of U.S. and Finnish law, Nokia's articles of association, and resolutions and regulations of Nokia's board of directors adopted pursuant to provisions of Finnish law or Nokia's articles of association) including, without limitation, those that:

require disclosure to Nokia of beneficial or other ownership of the deposited Nokia Shares, other Nokia Shares or other securities;

require disclosure of your address and nationality; and

impose potential limitations on voting rights.

Edgar Filing: NOKIA CORP - Form F-4/A

You are further deemed to agree that Nokia may block voting or other rights to enforce the disclosure obligations discussed above or to enforce compliance with the ownership limitations described above. You also agree by holding Nokia ADSs to cooperate with the Nokia depositary's efforts to comply with Nokia's instructions on these matters.

Table of Contents**Fees and Charges**

As a Nokia ADS holder, you will be required to pay the following service fees to the Nokia depository:

Service	Fees
Issuance of Nokia ADSs (other than for stock distributions and upon exercise of rights)	Up to USD 0.05 per Nokia ADS issued
Cancellation of Nokia ADSs	Up to USD 0.05 per Nokia ADS surrendered
Distribution of cash dividends or other cash distributions	Up to USD 0.02 per Nokia ADS held
Distribution of Nokia ADSs pursuant to stock dividends, free stock distributions or exercise of rights	Up to USD 0.05 per Nokia ADS held
Distribution of securities other than Nokia ADSs or rights to purchase additional Nokia ADSs	Up to USD 0.05 per Nokia ADS held
Transfer of ADRs	Up to USD 1.50 per certificate presented for transfer

Please note that not withstanding the foregoing, you will not be charged any issuance fees for issuances of Nokia ADSs in settlement of the Exchange Offer.

As a Nokia ADS holder you will also be responsible to pay certain fees and expenses incurred by the Nokia depository and certain taxes and governmental charges such as:

fees for the transfer and registration of Nokia Shares charged by the registrar and transfer agent for the Nokia Shares in Finland (i.e., upon deposit and withdrawal of Nokia Shares);

expenses incurred for converting foreign currency into U.S. dollars;

expenses for cable, telex and fax transmissions and for delivery of securities;

taxes and duties upon the transfer of securities (i.e., when Nokia Shares are deposited or withdrawn from deposit); and

fees and expenses incurred in connection with the delivery or servicing of Nokia Shares on deposit.

Depository fees payable upon the issuance and surrender of Nokia ADSs are typically paid to the Nokia depository by the brokers (on behalf of their clients) receiving the newly issued Nokia ADSs from the Nokia depository and by the brokers (on behalf of their clients) delivering the Nokia ADSs to the Nokia depository for cancellation. The brokers in turn charge these fees to their clients.

The depository fees payable for cash distributions are generally deducted from the cash being distributed. In the case of distributions other than cash (i.e., stock dividend, rights), the depository bank charges the applicable fee to the record date of Nokia ADS owners concurrent with the distribution. In the case of Nokia ADSs registered in the name of the ADS owners (whether certificated or uncertificated in direct registration), the Nokia depository sends invoices to the applicable record date of Nokia ADS owners. In the case of Nokia ADSs held in brokerage and custodian accounts (via DTC), the Nokia depository generally collects its fees through the systems provided by DTC (whose nominee is the registered holder of the Nokia ADSs held in DTC) from the brokers and custodians holding Nokia ADSs in their DTC accounts. The brokers and custodians who hold their clients' Nokia ADSs in DTC accounts in turn charge their clients' accounts the amount of the fees paid to the depository banks.

In the event of refusal to pay the depository fees, the Nokia depository may, under the terms of the deposit agreement, refuse the requested service until payment is received or may set off the amount of the depository fees from any distribution to be made to the Nokia ADS holder.

Table of Contents

Note that the fees and charges you may be required to pay may vary over time and may be changed by Nokia and by the Nokia depository. You will receive prior notice of such changes.

The Nokia depository may reimburse Nokia for certain expenses incurred by Nokia in respect of the ADR program established pursuant to the deposit agreement, by making available a portion of the depository fees charged in respect of the ADR program or otherwise, upon such terms and conditions as Nokia and the Nokia depository may agree from time to time.

Nokia has agreed with the Nokia depository, that, if the Exchange Offer is successful, the Nokia depository will not charge any ADS issuance fees for the issuance of new Nokia ADSs upon deposit of Nokia Shares for a period of thirty calendar days beginning on the U.S. business day following the settlement of the subsequent offering period or, if there is no subsequent offering period, the settlement of the Exchange Offer.

Amendments and Termination

Nokia may agree with the Nokia depository to modify the deposit agreement at any time without your consent. Nokia undertakes to give owners 30 days prior notice of any modifications that would prejudice any of their substantial rights under the deposit agreement. In addition, Nokia may not be able to provide you with prior notice of any modifications or supplements that are required to accommodate compliance with applicable provisions of law.

You will be bound by the modifications to the deposit agreement if you continue to hold your Nokia ADSs after the modifications to the deposit agreement become effective. The deposit agreement may not be amended to impair your right to withdraw the securities represented by your Nokia ADSs except to comply with mandatory provisions of law.

Nokia has the right to direct the Nokia depository to terminate the deposit agreement. Similarly, the Nokia depository may in certain circumstances on its own initiative terminate the deposit agreement. In either case, the Nokia depository must give notice to the owners at least 30 days before termination. Until termination, your rights under the deposit agreement will be unaffected.

After termination, the Nokia depository will continue to collect distributions received (but will not distribute any such property until you request the cancellation of your Nokia ADSs) and may sell the securities held on deposit. After the sale, the Nokia depository will hold the proceeds from such sale and any other funds then held for the owners of Nokia ADSs in a non-interest bearing account. At that point, the Nokia depository will have no further obligations to owners other than to account for the funds then held for the owners of Nokia ADSs still outstanding (after deduction of applicable fees, taxes and expenses).

Books of Depository

The Nokia depository will maintain Nokia ADS holder records at its depository office and at the principal office of the custodian. You may inspect such records at such office during regular business hours but solely for the purpose of communicating with other owners in the interest of business matters relating to the Nokia ADSs and the deposit agreement.

The Nokia depository will maintain in New York facilities to record and process the issuance, cancellation, combination, split-up and transfer of Nokia ADSs. These facilities may be closed from time to time, to the extent not prohibited by law.

Table of Contents

Limitations on Obligations and Liabilities

The deposit agreement limits Nokia's obligations and the Nokia depository's obligations to you. Please note the following:

Nokia and the Nokia depository are obligated only to take the actions specifically stated in the deposit agreement in good faith and without negligence.

The Nokia depository disclaims any liability for any failure to carry out voting instructions, for any manner in which a vote is cast or for the effect of any vote, provided it acts in good faith and in accordance with the terms of the deposit agreement.

The Nokia depository disclaims any liability for the validity or worth of the Nokia Shares, for allowing any rights to lapse under the terms of the deposit agreement, for the timeliness of any of Nokia's notices or for Nokia's failure to give notice.

Nokia and the Nokia depository will not be obligated to perform any act that is inconsistent with the terms of the deposit agreement.

Nokia and the Nokia depository disclaim any liability if Nokia or the Nokia depository is prevented, delayed or forbidden from or subject to any civil or criminal penalty or restraint on account of, or delayed in, doing or performing any act or thing required by the terms of the deposit agreement, by reason of any provision, present or future of any law or regulation, or by reason of present or future provision of any provision of Nokia's articles of association, or any provision of or governing the securities on deposit, or by reason of any act of God or war or other circumstances beyond their control.

Nokia and the Nokia depository disclaim any liability by reason of any exercise of, or failure to exercise, any discretion provided for the deposit agreement or in Nokia's articles of association or in any provisions of or governing the securities on deposit.

Nokia and the Nokia depository further disclaim any liability for any action or inaction in reliance on the advice or information received from legal counsel, accountants, any person presenting Nokia Shares for deposit, any owner of Nokia ADSs or authorized representatives thereof, or any other person believed by either Nokia or the Nokia depository in good faith to be competent to give such advice or information.

Nokia and the Nokia depository may rely without any liability upon any written notice, request or other document believed to be genuine and to have been signed or presented by the proper parties.

Pre-Release Transactions

The Nokia depository may, in certain circumstances, issue Nokia ADSs before receiving a deposit of Nokia Shares or release Nokia Shares before receiving Nokia ADSs for cancellation. These transactions are commonly referred to as pre-release transactions. The deposit agreement limits the aggregate size of pre-release transactions and imposes a number of conditions on such transactions (i.e., the need to receive collateral, the type of collateral required, the representations required from brokers, etc.). The depository may retain the compensation received from the pre-release transactions.

Taxes

You will be responsible for the taxes and other governmental charges payable on the Nokia ADSs and the securities represented by the Nokia ADSs. Nokia, the Nokia depository and the custodian may deduct from any distribution the taxes and governmental charges payable by owners and may sell any and all property on deposit to pay the taxes and governmental charges payable by owners. You will be liable for any deficiency if the sale proceeds do not cover the taxes that are due.

Table of Contents

The Nokia depositary may refuse to issue Nokia ADSs, to deliver, transfer, split and combine ADRs or to release securities on deposit until all taxes and charges are paid by the applicable holder.

Foreign Currency Conversion

The Nokia depositary will arrange for the conversion of all foreign currency received into U.S. dollars if it determines that such conversion can be made on a reasonable basis, and it will distribute the U.S. dollars in accordance with the terms of the deposit agreement. You may have to pay fees and expenses incurred in converting foreign currency, such as fees and expenses incurred in complying with currency exchange controls and other governmental requirements.

If the Nokia depositary determines that the conversion of foreign currency cannot be made on a reasonable basis, or if any required approvals are denied or not obtainable at a reasonable cost or within a reasonable period, the Nokia depositary may take the following actions in its discretion:

convert the foreign currency to the extent practical and lawful and distribute the U.S. dollars to the owners for whom the conversion and distribution is lawful and practical;

distribute the foreign currency to owners for whom the distribution is lawful and practical; and

hold the foreign currency (without liability for interest) for the remaining owners.

The ordinary shareholders' meeting may grant each shareholder the option to receive payment of the dividend or interim dividend in cash or in shares for all or part of the dividend distributed or the interim dividend.

The shareholders' meeting or, in the case of an interim dividend, the board of directors, fixes the date from which the dividend shall be distributed.

Under French law, there is no statutory minimal distribution rate with respect to distributable profits. However, minority shareholders can bring court action under the majority abuse doctrine if they can prove that a retaining of profits (generally repeated over several fiscal years) was decided for the sole benefit of majority shareholders, without justification by corporate interests.

Nokia

The profits or the losses for the financial year consist of the difference between the net sales (plus other income) and the expenses of the financial year after amortizations, depreciations, financial expenses and taxes. The distributable profits are the profits for the financial year minus the previous losses plus the profits carried over from previous financial years.

The annual general meeting of shareholders, on a proposal of the board of directors, may decide to carry over some or all of the profits, to allocate them to reserve funds or to distribute them to the shareholders as dividend. Moreover, a general meeting of shareholders may also decide to distribute assets from the unrestricted equity reserves, which distribution can also be made in cash. In addition, unrestricted equity (whether profits or reserves) may be distributed through repurchase or redemption of the company's own shares.

Dividends are generally distributed annually based on the financial statements for the previous financial year, but an interim or special dividend is also possible based on audited interim financial statements adopted by an extraordinary general meeting of shareholders.

At least half of the profits for the financial year must be distributed as a so called minority dividend, if so demanded at the annual general meeting of shareholders by shareholders with at least 10% of all the shares in the company before the decision on the disposition of the profits has been made. However, a shareholder may not demand distribution of profits in excess of the amount that can be distributed without the consent of the company's creditors, nor in excess of 8% of the shareholders' equity of the company.

A general meeting of shareholders may decide to initiate the liquidation of the company by a qualified majority of two-thirds of the votes cast and shares represented at the general meeting. All shares have an equal right to the company's assets in the company's liquidation after the claims of the company's creditors have been satisfied.

An extraordinary general meeting of shareholders may decide to initiate the liquidation of the company by a qualified majority of two-thirds of the votes cast and shares represented at the general meeting. All shares have an equal right to the company's assets in the company's liquidation after the claims of the company's creditors have been satisfied.

*Preferential
Subscription Right*

Pursuant to the provisions of the French Commercial Code, shareholders have a preferential subscription right in a share capital increase in cash, in proportion to the number of the shares owned. During the subscription period, this preferential subscription right is detachable from the shares for trading purposes. Shareholders may waive their preferential rights on an individual basis.

Pursuant to the Finnish Companies Act, shareholders have a pre-emptive right in a share issue, in proportion to the number of the shares owned. The preferential subscription right applies both to an issue of new shares and treasury shares. During the subscription period, this preferential subscription right is detachable from the shares for trading purposes. Shareholders may waive their preferential rights on an individual basis.

The extraordinary shareholders' meeting called to decide or authorize the share capital increase may suppress the preferential subscription right for the entirety of the share capital increase or of one or more portions of such increase. It may also reserve such a share capital increase to one or several designated persons, in which case such designated persons, if existing shareholders, shall not take part in the vote.

A general meeting of shareholders convened to resolve on or authorize the share issue may deviate from the preferential subscription right for the entire share issue or a part thereof. Resolution on such directed share issue requires a weighty financial reason for the company and a two-thirds majority of the votes cast and shares represented at the general meeting of shareholders.

When the extraordinary shareholders' meeting decides on the share capital increase, it votes on the reports of the board of directors and of the statutory auditor. When the extraordinary shareholders' meeting delegates to the board of directors its power to decide on the share capital increase, the extraordinary shareholders' meeting votes on the statutory auditor's report.

At the date hereof, the Alcatel Lucent's board of directors includes two board observers.

Powers of the Board

Pursuant to the French Commercial Code, the board of directors shall determine the business strategies of the company and shall ensure their implementation. Subject to the matters expressly reserved for the shareholders, and within the limits of the corporate purpose, the board of directors shall deal with any question that affects the company's operations and govern the affairs of the company through its deliberations.

The board of directors carries out all verifications that it considers useful. The chairman of the board of directors or the Chief Executive Officer of the company shall communicate to each member of the board of directors all documents and information required to fulfill his/her duties.

The board of directors may vote on the matter of whether management of the company shall be performed by the Chief Executive Officer or the Chairman of the board of directors only if at least two-thirds of its current members are present.

In its relationships with third parties, the company is bound by board of directors actions that do not fall under the corporate purpose of the company, unless the company proves that the third parties knew, or could not ignore due to the circumstances, that such action exceeded such corporate purpose, it being specified that the mere publication of the articles of association is not sufficient to constitute such proof.

Pursuant to the Finnish Companies Act, the board of directors is responsible for the management and the proper arrangement of the company's operations. The board of directors is also responsible for supervising the company's bookkeeping and financial matters. According to Nokia's articles of association, the Chairman of the board of directors alone or two members of the board of directors jointly are authorized to represent the company.

The board of directors has a general competence on the matters of the company. Thus, all matters, which under the Finnish Companies Act and the articles of association have not been placed in the competence of the general meeting of shareholders, are within the competence of the board of directors. If a President and Chief Executive Officer has been appointed, the management of the company is divided between him or her and the board of directors, the President and Chief Executive Officer being responsible for the executive management of the company's day-to-day operations. Actions of the President and Chief Executive Officer are supervised by the board of directors.

In its relationships with third parties, the company may be bound even by such actions of the board of directors that do not fall under the corporate purpose specified in the articles of association, unless proven that the third parties knew, or should have known at the time, that such action exceeded the corporate purpose. Mere publication of the articles of association is not sufficient to constitute such proof.

The shareholders' meeting may grant the directors, as remuneration for their activities, a fixed annual amount in attendance fees, as determined by the shareholders meeting. The apportionment of that sum among directors is determined by the board of directors.

In addition, the board of directors may grant the directors, as exceptional remuneration for special assignments or duties entrusted to them, subject to the related party transaction regulation.

The shareholders, the chairman of the general meeting of shareholders or the company's auditor may also be liable for loss caused to the company, other shareholders or third parties through a violation of the provisions of the Finnish Companies Act or the company's articles of association.

Liability of directors based on the Finnish Companies Act does not exclude liability based on other grounds, such as contractual liability or liability based on breaches of other laws such as environmental legislation or securities legislation.

Furthermore, individual members of the board of directors may become personally liable for loss caused by acts or omissions that are held to constitute a criminal offence under the Finnish Penal Code.

The annual general meeting of shareholders may grant the members of the board of directors remuneration for their activities, in addition to which attendance fees and compensation for membership in board committees may be granted. In accordance with Nokia's policy, no additional fees are paid for meeting attendance, and part of the board of directors' remuneration is paid in Nokia Shares.

The board of directors determines the remuneration granted to the President and Chief Executive Officer, and the Personnel Committee of the board of directors determines the remuneration for the direct reports of the President and the Chief Executive Officer (beyond certain level). 		Pursuant to the Finnish Companies Act, it is only possible to limit the company's right to claim damages from, <i>inter alia</i> , the members of the board of directors by amending the company's articles of association, which is subject to the unanimous approval of all shareholders. Furthermore, it is not possible to limit the company's right to claim damages to the extent that such loss or damage has been caused either due to a breach of the mandatory provisions of the Finnish Companies Act or through willful act or grossly negligent behavior. Nokia's articles of association do not include any provisions limiting the company's right to claim damages.
		It is, however, possible for a Finnish company to indemnify individual members of its board of directors and officers against claims for damages made by shareholders or third parties through individual indemnity undertakings. The exact scope of such indemnity undertakings under Finnish law is not clear, but they cannot be used to limit the company's right to claim damages from the members of its board of directors or the managing director.
<i>Board Quorum and Voting Requirements</i>	Pursuant to Article L. 225-37 of the French Commercial Code, the board of directors has a quorum when at least half of its members are present to the meeting. The board of directors has a quorum when more than half of the members of the board of directors are present. The proportion is calculated on the basis of the number of members who have been appointed. At its meeting of July 29, 2015, the Board of Directors accepted the resignation of Mr. Michel Combes from his position of Chief Executive Officer and Director of Alcatel Lucent, effective on September 1, 2015. The directors agreed that gathering the functions of Chairman and Chief Executive Officer as from that date would be a more appropriate governance given the circumstances. They thus appointed, for the duration of the transition period, Mr. Philippe Camus, at that time Chairman of the Board of Alcatel Lucent, as Chairman and Interim Chief Executive Officer, effective on September 1, 2015.

*Statutory Thresholds
Crossing Notifications*

According to the articles of association of Alcatel Lucent, any shareholder holding shares equal to or in excess of 2% of the total number of the shares must, within a period of five French trading days from the date on which this share ownership threshold is reached, inform the company by letter or fax of the total number of shares that he or she owns. This notification shall be made each time a further threshold of 1% is reached.

Any shareholder holding shares equal to or in excess of 3% of the total number of the shares must, within a period of five French trading days from the date on which this share ownership threshold is reached, request the registration of his or her shares. This obligation to register shares shall apply to all the shares already held as well as to any shares that may be acquired subsequently in excess of this threshold. their shares, options or other special rights redeemed for cash at fair market value by the acquiring company. Unless agreed between the parties, the fair market value is determined through arbitration proceedings mandated by the Finnish Companies Act.

In the case of a demerger into a pre-existing company, the shareholders, holders of options or other special rights entitling the holders to shares of a demerging company who object to the demerger have the right, under certain circumstances, to have their demerger consideration (i.e., the consideration payable by the pre-existing acquiring company) redeemed for cash at fair market value by the acquiring company. Unless agreed between the parties, the fair market value is determined through arbitration proceedings mandated by the Finnish Companies Act.

Nokia does not have a provision for statutory thresholds crossing notifications.

from the date on which this share ownership threshold is reached, shall be deemed to be a notification that the threshold has been reached. A further request shall be sent in the same conditions each time a further threshold of 1% is reached, up to 50%.

Calculation of the thresholds above shall include indirectly held shares and shares equivalent to existing shares as defined in Article L. 233-7 et. seq. of the French Commercial Code (e.g., shares held by controlled subsidiaries, held by another person for the account of that person, or held by a third party acting in concert with that person).

Shareholders must certify that all securities owned or held as defined in the preceding paragraph are included in each such declaration and must also indicate the date or dates of acquisition.

These notice obligations apply to holders of shares through ADS.

Should shareholders not comply with the provisions set forth above, voting rights for shares exceeding the declarable thresholds shall, at the request of one or more shareholders holding at least 3% of the share capital, be withdrawn under the conditions and within the limits laid down by law.

Any shareholder whose shareholding falls below either of the thresholds provided for above must also inform the company thereof, within the same period of five trading days and in the same manner.

*Legal Thresholds
Crossing Notifications*

Pursuant to the provisions of the French Commercial Code, any natural or legal person, acting alone or in concert, whose shareholding exceeds or falls below the ownership thresholds of 5%, 10%, 15%, 20%, 25%, 30%, 1/3, 50%, 2/3, 90% or 95% of the share capital or of the voting rights of Alcatel Lucent, shall notify Alcatel Lucent and the AMF

Pursuant to the Finnish Securities Market Act, a shareholder has an obligation to notify Nokia and the Finnish Financial Supervisory Authority of his or her portion of holdings and voting rights when the portion reaches, exceeds or falls below 5%, 10%, 15%, 20%, 25%, 30%, 50%, 2/3 or 90% of the voting rights or the number of

within a period of four French trading days (before the close of the trading session) from the date following the day on which this share ownership threshold is reached, and shall specify the total number of shares that he or she owns.

Pursuant to the terms of Article L. 233-9 I 4° and 4°bis of the French Commercial Code, the computation of the aforementioned thresholds must take into account the existing shares or voting rights that the declaring shareholder is entitled to acquire on his own initiative, immediately or in the future, by virtue of an agreement or a financial instrument paid for in cash, as well as existing shares or voting rights that are the object of any agreement or financial instrument paid for in cash and which have an economic effect for the declaring shareholder similar to shareholding. Additionally, the obligation to notify separately obliges the declaring shareholder to present, in addition to the usual information, complementary information concerning the following financial instruments: (i) securities giving deferred access to new shares and (ii) existing shares that the declaring shareholder is entitled to acquire by virtue of an agreement or of a financial instrument whose exercise depends on the initiative of a third party.

A shareholder failing to regularly notify the company and the AMF of the crossing of one of the above mentioned ownership thresholds will be deprived of the voting rights attached to the number of shares exceeding such thresholds for any shareholders meeting that would be convened for a period of two years following the date of regularization of the notification.

Declaration of Intent

Any shareholder whose shareholding exceeds 10%, 15%, 20% and 25% of the share capital or of the voting rights of Alcatel Lucent must declare his or her intentions for the six months to

Nokia

shares in the company. A notification must also be made when a shareholder is party to an agreement or other arrangement, the effect of which would mean that the above threshold is reached or exceeded or that the portion falls below the notification threshold when implemented. The notification is to be submitted without undue delay, however, no later than on the next Finnish trading day after the shareholder learned or should have learned of the transaction as a result of which his or her portion of holdings and voting rights has changed or will change. The shareholder is deemed to have been informed of the transaction no later than two calendar days after the transaction.

The portion of holdings is calculated in proportion to the number of shares entered in the Finnish Trade Register as well as to the number of votes carried by these shares. In calculating the portion of holdings, the existing portion of holdings is added with or subtracted by the change in the portion of holdings that an agreement or other arrangement will result in to the extent that the change is known. Also the portion of holdings and voting rights of an entity and foundation controlled by the shareholder and that of a pension foundation or pension fund of the shareholder and an entity controlled by it are included in the calculation.

The Finnish Financial Supervisory Authority may impose administrative sanctions for breach of the provisions relating to notification requirements, but such breach does not currently entail a loss of voting rights.

Nokia does not have a provision for declaration of intents.

may provide any material benefit to him or her that may be contradictory to the interests of the company.

A related party transaction as per Article L. 225-38 of the French Commercial Code is (i) an agreement entered into directly or through an intermediary person between Alcatel Lucent and its chief executive officer, one of its executive vice-presidents, one of its directors, one of its shareholders holding more than 10% of the voting rights or, if it is a legal person shareholder, the company controlling such legal person in the sense of Article L. 233-3 of the French Commercial Code; (ii) an agreement to which one of those persons have an indirect interest; or (iii) an agreement between Alcatel Lucent and a company, if the chief executive officer, one of the executive vice presidents or one of the directors of Alcatel Lucent is owner, or shareholder indefinitely liable, or manager, or director, or member of the supervisory board or, more generally, managing officer of that company.

In transactions benefiting the related parties of the company, a reversed burden of proof is applied, i.e., the members of the board of directors are presumed to have acted negligently if damage is caused to the company as a result of a transaction that benefits a party closely related to the company, unless the member or members of the board of directors can prove that they have acted with due care.

Transactions that do not fulfil the requirements of lawful distribution of assets (see Dividends, Other Distribution of Assets and Liquidation above), and which reduce the assets of the company or increase its liabilities without a sound business reason, constitute unlawful distribution of assets. Related-party transactions without a sufficient reason may fall under this definition.

The prior authorization given by the board of directors is motivated by and must justify the interest of the convention for Alcatel Lucent, in particular by detailing the financial conditions attached to that convention.

Related-party transactions must be disclosed in the notes to the financial statements, if such transactions are material and not on an arm's length-basis. Pursuant to the Finnish Companies Act, the company needs to include in its annual report information concerning any loans, liabilities and liability undertakings granted to a related party and the material terms of the arrangement if the combined amount of such liabilities exceeds EUR 20 000 or 5% of the equity on the company's balance sheet.

company, if it is probable at the time of filing of the action, that the company will not file a claim for damages. Additionally, an individual shareholder has a similar right to bring an action in his or her own name when it can be demonstrated that the non-enforcement of the claim for damages would be contrary to the general principle of equal treatment of the shareholders, as stated in the Finnish Companies Act. The shareholders bringing the action shall bear the legal costs themselves, but they have the right to be reimbursed by the company for such costs, in so far as the funds accruing to the company by means of the proceedings will suffice.

Any shareholder may engage an action in order to have his damage repaired, if this damage is incurred by an action of the directors or by the Chief Executive Officer, to the extent such damage is distinct of the damage that was potentially endured by the company, and even if the misconduct of the president is not detachable from his duties.

A shareholder does not have a direct right to receive compensation or damages for loss caused to the company.

Any shareholder may also, either individually or with a shareholders association answering certain conditions, or by combination with other shareholders under certain conditions, engage a legal action against the directors or against the Chief Executive Officer in order to obtain reparation for damages incurred by the company.

Actions for damages under the Finnish Companies Act must generally be initiated within five years from the end of the accounting period during which the decision leading to the loss was made or when the action leading to the loss was taken. Specific expiration periods apply if the loss is caused by a criminal offence.

The action for damages against the directors or against the Chief Executive Officer, either led by the company or by an individual, shall expire after three years from the damaging fact or, if it was concealed, from the discovery of the damaging fact, and after ten years if that fact is characterized as a crime.

If the person liable for damages has been discharged from liability by a decision of the general meeting of shareholders, the shareholders must, as a general rule, bring the action within three months of the resolution on such discharge from liability.

The aggregate face value of the OCEANES subject to the Exchange Offer was EUR 1 778 million as of June 30, 2015. It is expected that if all OCEANES are tendered into the Exchange Offer, Nokia would issue Nokia Shares in exchange (including Nokia Shares represented by Nokia ADSs) with an aggregate estimated fair value of EUR 2 815 million, based on the July 31, 2015 closing price of the Nokia Shares on the Nasdaq Helsinki.

The total costs and expenses expected to be incurred in connection with the transactions contemplated by the Exchange Offer by Nokia and Alcatel Lucent are estimated to range between EUR 110 million and EUR 140 million, and are primarily comprised of financial, legal and advisory costs.

Alcatel Lucent Stock Options

Holders of options to acquire Alcatel Lucent Shares who wish to tender in the Exchange Offer or the subsequent offering period, if any, must exercise their Alcatel Lucent Stock Options, and Alcatel Lucent Shares must be issued to such holders prior to the Expiration Date or the expiration of the subsequent offering period, as applicable.

Pursuant to the Memorandum of Understanding, Alcatel Lucent agreed to accelerate or waive certain terms of the Alcatel Lucent Stock Options, subject to certain conditions.

In respect of holders of Alcatel Lucent Stock Options who elect not to accept the acceleration, the terms and conditions of their Alcatel Lucent Stock Options will remain unchanged, including the performance and presence conditions.

Alcatel Lucent Performance Shares

Alcatel Lucent Performance Shares cannot be tendered in the Exchange Offer or the subsequent offering period, if any, unless such Performance Shares have vested and are transferable prior to the Expiration Date or the expiration of the subsequent offering period,

as

applicable. Pursuant to the Memorandum of Understanding, Nokia and Alcatel Lucent agreed to implement a mechanism with respect to the unvested Performance Shares granted before April 15, 2015 pursuant to which the beneficiaries may waive their rights to receive Performance Shares in exchange for Alcatel Lucent Shares, subject to certain conditions.

The number of Alcatel Lucent Shares delivered in exchange for the beneficiary's waiver of rights to receive Performance Shares would be equal to the total number of Alcatel Lucent Performance Shares which would be granted to the relevant beneficiary if all presence conditions and performance conditions were fulfilled, minus, in the relevant countries, the number of Alcatel Lucent Shares which have to be sold in order to cover payable tax charges. However, in respect of performance conditions relating to periods ending prior to the date of acceleration, the Alcatel Lucent Shares will be delivered only to the extent such conditions have been fulfilled in accordance with their terms.

In respect of beneficiaries who elect not to accept the acceleration, the terms and conditions of their Alcatel Lucent Performance Shares will remain unchanged, including the performance conditions and the presence conditions. Nokia and Alcatel Lucent agreed however to adjust the performance conditions attached to any such Alcatel Lucent Performance Shares as a result of the closing of the Exchange Offer and Alcatel Lucent amended the terms and conditions of the applicable Alcatel Lucent performance shares plans correspondingly.

Sale of HERE

On August 3, 2015, Nokia announced an agreement to sell its HERE digital mapping and location services business to a consortium of leading automotive companies (the HERE transaction). Nokia estimates that it will receive net proceeds of slightly above EUR 2.5 billion at the closing of the HERE transaction expected to occur in the first quarter of 2016, subject to customary closing conditions and regulatory approvals.

Nokia expects to book a gain on the HERE transaction including a related release of cumulative foreign exchange translation differences of approximately EUR 1.0 billion as a result of the HERE transaction. HERE has been a separate operating and reportable segment for financial reporting purposes and Nokia plans to report HERE as a discontinued operation from the third quarter of 2015 onwards.

Basis of presentation

The acquisition of Alcatel Lucent will be accounted for as a business combination using the acquisition method of accounting under the provisions of IFRS 3, Business Combinations (IFRS 3) with Nokia considered as the acquirer of Alcatel Lucent. The IFRS 3 acquisition method of accounting applies the fair value concepts defined in IFRS 13, Fair Value Measurement (IFRS 13) and requires, among other things, that the identifiable assets acquired and liabilities assumed in a business combination are recognized at their fair values as of the acquisition date, with any excess of the purchase consideration over the fair value of identifiable net assets acquired recognized as goodwill. The purchase price calculation and purchase price allocation presented herein were made solely for the purpose of preparing this Unaudited Pro Forma Financial Information.

The Unaudited Pro Forma Financial Information is derived from (a) the audited consolidated financial statements of Nokia for the year ended December 31, 2014, which are included in Form 20-F (filed by Nokia with the SEC on March 19, 2015), (b) the unaudited condensed consolidated financial statements of Nokia for the six months ended June 30, 2015, which are included in Form 6-K (furnished by Nokia with the SEC on August 14, 2015), (c) the audited consolidated financial statements of Alcatel Lucent's Annual Report on Form 20-F for the year ended December 31, 2014

filed by Alcatel Lucent with the SEC on March 24, 2015 and (d) the unaudited condensed consolidated financial statements of Alcatel Lucent for the six months ended June 30, 2015, which are included in Form 6-K (furnished by Alcatel Lucent with the SEC on August 5, 2015).

The unaudited pro forma condensed combined statement of financial position as of June 30, 2015 gives effect to the Exchange Offer as if it had occurred on that date. The unaudited pro forma condensed combined income statements for the six months ended June 30, 2015 and for the year ended December 31, 2014 give effect to the Exchange Offer as if it had occurred on January 1, 2014.

The unaudited pro forma condensed combined statement of financial position as of June 30, 2015 also gives effect to the sale of Nokia's HERE business as if it had occurred on that date. The unaudited pro forma condensed combined income statements for the six months ended June 30, 2015 and years ended December 31, 2014, 2013 and 2012 also give effect to the sale of Nokia's HERE business by presenting HERE as discontinued operations in accordance with IFRS 5 to give pro forma effect to the proposed sale of HERE. Refer to Note 5 for the Unaudited Pro Forma Financial Information adjusted for the pro forma effect of the HERE transaction for the years ended December 31, 2013 and 2012.

The Unaudited Pro Forma Financial Information reflects adjustments to historical financial information to give pro forma effect to events that are directly attributable to the Exchange Offer, have an ongoing effect on Nokia's income statements and are factually supportable. The unaudited pro forma condensed combined income statement information does not reflect any non-recurring items directly related to the Exchange Offer that the combined company may incur following the completion of the Exchange Offer and the sale of HERE, rather such non-recurring items are presented in the notes to the Unaudited Pro Forma Condensed Consolidated Financial Information. Nokia's Unaudited Pro Forma Financial Information and explanatory notes present how our financial statements may have appeared had the businesses actually been combined and had Nokia's capital structure reflected the Exchange Offer as of the dates noted above.

Nokia has performed a preliminary review of Alcatel Lucent's IFRS accounting policies, based primarily on publicly available information, to determine whether any adjustments were necessary to ensure comparability in the Unaudited Pro Forma Financial Information. At this time, Nokia is not aware of any differences that would have a material effect on the Unaudited Pro Forma Financial Information. Upon closing of the acquisition, Nokia will conduct a detailed analysis of Alcatel Lucent's accounting policies. Certain reclassifications were made to amounts in Alcatel Lucent's financial statements to align with Nokia's presentation as described further in Note 2 to the Unaudited Pro Forma Financial Information.

The Unaudited Pro Forma Financial Information assumes that all Alcatel Lucent Securities will be tendered into the Exchange Offer or the subsequent offering period, if any.

The Unaudited Pro Forma Financial Information reflects the application of pro forma adjustments that are preliminary and are based upon available information and certain assumptions, described in the accompanying notes thereto, that management believes are reasonable under the circumstances. Actual results may differ materially from the assumptions within the accompanying Unaudited Pro Forma Financial Information. The Unaudited Pro Forma Financial Information has been prepared by management for illustrative purposes only and is not necessarily indicative of the financial position or results of Nokia's operations that would have been realized had the acquisition of Alcatel Lucent or the HERE transaction contemplated above occurred as of the dates indicated, nor is it meant to be indicative of any anticipated financial position or future results of operations that we will experience going forward. In addition, the accompanying unaudited pro forma condensed combined income statements does not reflect any expected cost savings, synergies, restructuring actions, non-recurring items or one-time transaction related costs that we expect to generate or incur.

Tabular amounts in millions of euros (EURm) unless noted otherwise.

1) Acquisition of Alcatel Lucent

The acquisition of Alcatel Lucent will be accounted for in accordance with IFRS 3 using the acquisition method of accounting under which the purchase consideration is allocated to assets acquired and liabilities assumed based on their estimated fair values as of the acquisition date. The excess of the preliminary estimated purchase consideration over the estimated fair value of the identifiable net assets acquired has been allocated to goodwill in these pro forma condensed combined financial statements.

Preliminary estimate of the fair value of purchase consideration

The purchase consideration to acquire Alcatel Lucent consists of Nokia Shares to be transferred as part of the Exchange Offer. The Exchange Offer will consist of the following:

0.55 Nokia Share or 0.55 Nokia ADS (as applicable) for each Alcatel Lucent Share and Alcatel Lucent ADS; and

438 million Nokia Shares issued to OCEANE bondholders comprised of 241 million Nokia shares issued for 2018 OCEANEs, 117 million Nokia shares issued for 2019 OCEANEs and 80 million Nokia shares issued for 2020 OCEANEs.

The preliminary estimate of the purchase consideration transferred to acquire Alcatel Lucent as if the acquisition occurred on June 30, 2015 is as follows:

EURm	Estimated preliminary fair value
Preliminary fair value estimate of Nokia equity issued in Exchange for:	
Alcatel Lucent Shares or ADS (a)	9 882
OCEANEs (b)	2 815
Alcatel Lucent Stock Options (c)	118
Alcatel Lucent Performance Shares (d)	103
	12 918
Less: preliminary estimate of post-combination share-based compensation expense (e)	(26)
Preliminary estimate of purchase consideration	12 892

The preliminary fair value estimate of purchase consideration has been calculated based on the following assumptions:

- (a) The calculation is based on the number of Alcatel Lucent's outstanding shares of 2 794 343 771 on June 30, 2015 and the closing price of the Nokia Shares of EUR 6.43 on Nasdaq Helsinki on July 31, 2015 and the Exchange Offer ratio of the 0.55 Nokia Share/Nokia ADS for every one Alcatel Lucent Share or Alcatel Lucent ADS.
- (b) As part of the Exchange Offer, Nokia is offering to exchange each issued and outstanding OCEANE for Nokia Shares or Nokia ADSs. Under the terms of each of the OCEANEs, and as a result of the Exchange Offer, holders of OCEANEs will also have an

Edgar Filing: NOKIA CORP - Form F-4/A

opportunity to convert their OCEANes into or exchange their OCEANes for Alcatel Lucent Shares at an adjusted conversion/exchange ratio. Based on the closing share price of the Nokia Shares on Nasdaq

Table of Contents**Notes to Unaudited Pro Forma Condensed Combined Financial Statements**

Helsinki on July 31, 2015 of EUR 6.43 and the adjusted conversion exchange ratio, the change of control parity value of the OCEANE convertible bond exceeds the convertible bond par value. Thus, for the purposes of the Unaudited Pro Forma Financial Information, we have assumed all bonds would be converted to 796 million of Alcatel Lucent Shares (based on the adjusted conversion ratio) and that all such Alcatel Lucent Shares would be tendered in the Exchange Offer. OCEANEs consist of the following face value convertible bonds as of June 30, 2015:

- i. EUR 629 million 2018 OCEANEs;
- ii. EUR 688 million 2019 OCEANEs; and
- iii. EUR 460 million 2020 OCEANEs.

For acquisition accounting purposes, the preliminary fair value of the Nokia Shares issued to the holders of the OCEANEs is included as part of the preliminary estimate of purchase consideration for the acquisition of Alcatel Lucent. The holders of the OCEANEs are treated the same as a holder of an Alcatel Lucent Share in the Exchange Offer. Accordingly, for pro forma purposes, it is expected that 438 million Nokia Shares would be issued to the holders of the OCEANEs, with an estimated fair value of EUR 2 815 million based on the July 31, 2015 closing price of EUR 6.43 per Nokia Share.

It is assumed that, upon the completion of the Exchange Offer, all Alcatel Lucent Shares issued upon conversion/exchange of the OCEANEs will be exchanged for Nokia Shares and therefore, Nokia will not assume any liabilities related to the OCEANEs. As a result, the net carrying value of the OCEANEs of EUR 1 529 million has been eliminated from the pro forma statement of financial position as of June 30, 2015 as a reduction to long-term interest-bearing liabilities.

- (c) 18 million Nokia Shares issued at the July 31, 2015 closing price of EUR 6.43 per Nokia Share in exchange for 33 million of Stock Options that are assumed to be early converted into Alcatel Lucent Shares and tendered in the Exchange Offer. For the purpose of the Unaudited Pro Forma Financial Information, out-of-the money Stock Options are not expected to be tendered in the Exchange Offer.
- (d) In respect of the 29 million outstanding Performance Shares and based on the information available at June 30, 2015, 19 million Performance Shares are assumed to be accelerated and tendered in the Exchange Offer for 11 million Nokia Shares at the July 31, 2015 closing price of EUR 6.43 and 10 million Performance Shares will have ongoing service and performance obligations subsequent to the closing of the acquisition. The allocation of the fair value of Performance Shares between pre-combination and post-combination services reflected within this Unaudited Pro Forma Financial Information is based on preliminary estimates and a different purchase consideration will likely result when full information on Alcatel Lucent's Performance Share plans is available.
- (e) For the 10 million Performance Shares with an ongoing service and performance obligations, the fair value of a Performance Share has been calculated using the July 31, 2015 closing price of EUR 6.43 per Nokia Share adjusted for an estimated distribution rate on future income. Estimated share based compensation for the six months ended June 30, 2015 and for the year ended December 31, 2014 is EUR 3 million and EUR 7 million, respectively.

The preliminary estimate of the purchase consideration reflected in the Unaudited Pro Forma Financial Information does not purport to represent the actual consideration to be transferred upon closing of the acquisition of Alcatel Lucent. In accordance with IFRS, the fair value of the Nokia Shares to be issued as part of the consideration transferred will be measured on the completion date of the Exchange Offer

Table of Contents**Notes to Unaudited Pro Forma Condensed Combined Financial Statements**

at the then-current market price. This requirement will likely result in a purchase consideration different from the amount assumed in the Unaudited Pro Forma Financial Information and that difference may be material. A change of 5% per share in the Nokia ordinary share price would increase or decrease the consideration expected to be transferred by approximately EUR 646 million, which would be reflected in the Unaudited Pro Forma Financial Information as an increase or decrease to goodwill.

Assets acquired and liabilities assumed in connection with the acquisition of Alcatel Lucent

We have made a preliminary allocation of the aggregate estimated purchase consideration, which is based upon estimates that we believe are reasonable. As of the date of this exchange offer/prospectus, due to limited access to Alcatel Lucent's financial information, Nokia has not completed the detailed valuation studies necessary to arrive at the required estimates of fair value for all of Alcatel Lucent's assets to be acquired and liabilities to be assumed. Upon closing of the acquisition, Nokia will conduct a detailed valuation of all assets and liabilities as of the acquisition date at which point the fair value of assets and liabilities may differ materially from the amounts presented herein. Alcatel Lucent's consolidated balance sheet information as of June 30, 2015 was used in the preliminary purchase price allocation presented below.

The preliminary purchase price allocation is detailed as follows:

2) Reclassification of Alcatel Lucent's historical financial information

Certain reclassifications were made to align Alcatel Lucent's historical financial information with Nokia's financial statement presentation. Upon closing of the Alcatel Lucent acquisition, Nokia will conduct a detailed review of Alcatel Lucent's financial statement presentation. As a result of that review, Nokia may identify additional presentation differences between the two companies that, when conformed, could have further impact on the presentation of the combined financial statements. Based on the information available at this time, Nokia is not aware of any other presentation differences that could have a material impact on the Unaudited Pro Forma Financial Information.

3) Pro forma adjustments

The following pro forma adjustments give effect to the unaudited pro forma condensed combined income statements for the six month period ended June 30, 2015 and the year ended December 31, 2014, and the unaudited pro forma condensed combined statement of financial position as of June 30, 2015.

- (a) These adjustments reflect the elimination of the historical goodwill totaling EUR 3 360 million, book value of existing intangible assets totaling EUR 1 419 million, which are fair valued as part of the preliminary purchase price allocation and shareholders' equity of Alcatel Lucent totaling EUR 2 443 million as of June 30, 2015. Please refer to Note 3(g) for the fair value adjustment on goodwill.

Table of Contents**Notes to Unaudited Pro Forma Condensed Combined Financial Statements**

- (b) Represents the elimination of amortization expenses related to the existing intangible assets for the six month period ended June 30, 2015 and the year ended December 31, 2014 of EUR 134 million and EUR 261 million, respectively.
- (c) The preliminary fair values of intangible assets has been determined primarily through the use of the income approach, which requires an estimate or forecast of expected future cash flows through the use of either the multi-period excess earnings method or the relief-from-royalty method. The preliminary fair value estimates of the identifiable intangible assets and their average amortization lives are estimated as follows:

EURm	Estimated preliminary fair value	Range of average amortization life	Estimated Amortization	
			For the six month period ended June 30, 2015	For the year ended December 31, 2014
Customer relationships (i)	3 679	7-10 years	213	427
Developed technology (ii)	2 802	5-7 years	203	406
Other intangible assets (iii)	638	3-12 years	54	84
Total	7 119		470	917

- (i) Customer relationships represent the fair value of the customer agreements and underlying relationships with Alcatel Lucent's customers. Order backlog is included in the fair value of customer relationships. Based on the preliminary valuation, amortization expense of EUR 213 million has been recorded to the unaudited pro forma condensed combined income statements for the six month period ended June 30, 2015 and EUR 427 million for the year ended December 31, 2014.
- (ii) Developed technology represents the fair value of Alcatel Lucent's products that have reached technological feasibility and are a part of Alcatel Lucent's product lines at the time acquired as well as the fair value of the in process research and development projects. Based on the preliminary valuation, amortization expense of EUR 203 million has been recorded to the unaudited pro forma condensed combined income statements for the six month period ended June 30, 2015 and EUR 406 million in the year ended December 31, 2014.
- (iii) Other intangibles includes the fair value of the trade name and other existing intangible assets. Based on the preliminary valuation, amortization expense of EUR 54 million has been recorded to the unaudited pro forma condensed combined income statements for the six month period ended June 30, 2015 and EUR 84 million in the year ended December 31, 2014.
- (d) A preliminary fair value adjustment of EUR 108 million has been recorded to inventories in the pro forma statement of financial position as at June 30, 2015 to reflect the preliminary fair values of EUR 2 207 million. We anticipate that the fair value adjustment related to inventories would be utilized in full during the first half of 2016. As such, the impact on cost of sales has not been reflected in the pro forma combined condensed income statements for the six month period ended June 30, 2015 or the year ended December 31, 2014 because it is considered to be non-recurring in nature and is not expected to have a continuing impact on the combined operating results.
- (e) Represents the estimated non-current deferred income tax liability related to the fair value adjustments reflected in the Unaudited Pro Forma Financial Information (excluding adjustments related to goodwill, which are not tax effected). The resulting impact is an additional non-current deferred income tax liability of EUR 1 764 million. All deferred income tax impacts were calculated based on an assumed blended tax rate of 30%.

Table of Contents**Notes to Unaudited Pro Forma Condensed Combined Financial Statements**

- (f) A fair value for deferred revenue of EUR 446 million was estimated, which resulted in a EUR 72 million reduction to its carrying value. This estimate was prepared based on limited information as to the cost, timing and risk associated with the provision of future services. The effect of the fair value adjustment to deferred revenue is not reflected in the pro forma condensed combined income statement as it is considered to be non-recurring in nature and is not expected to have a continuing impact on the combined operating results.
- (g) The goodwill recognized in the pro forma statement of financial position as at June 30, 2015 represents the excess of the preliminary purchase consideration transferred over the fair value of identifiable net assets acquired. The goodwill of EUR 8 164 million arising from the acquisition is attributable to future technology, future customer relationships and assembled workforce. Nokia expects that the goodwill will not be deductible for tax purposes.
- (h) The total costs and expenses expected to be incurred by Nokia and Alcatel Lucent in connection with the transactions contemplated by the Exchange Offer are estimated to range from EUR 110 million to EUR 140 million, and are primarily comprised of financial, legal and advisory costs. The effect of financial, legal and advisory costs to be incurred in connection with the Exchange Offer are not reflected in the pro forma condensed combined income statement as these costs are considered to be a non-recurring charge directly related to the transaction and do not have a continuing impact on the combined operating results. In addition, future estimated transaction costs of EUR 95 million were reflected in Accrued expenses, deferred revenue and other liabilities in the pro forma statement of financial position as at June 30, 2015. No amounts were accrued for estimated transaction costs that were not factually supportable.

Nokia

As of June 30, 2015, Nokia accrued and expensed EUR 15 million of transaction costs. As a result, an adjustment has been made to Other expenses to remove these transaction costs from the income statement for the six month ended June 30, 2015, as these costs are considered to be non-recurring charges directly related to the transaction.

Alcatel Lucent

As of June 30, 2015, Alcatel Lucent accrued and expensed EUR 7 million of transaction costs. As a result, an adjustment has been made to Other expenses to remove these transaction costs from the income statement for the six month ended June 30, 2015, as these costs are considered to be non-recurring charges directly related to the transaction.

- (i) This adjustment reflects the elimination of transactions between Nokia and Alcatel Lucent amounting to EUR 14 million and EUR 29 million for the six month period ended June 30, 2015 and the year ended December 31, 2014, respectively. The receivable and corresponding payable between Nokia and Alcatel Lucent as of June 30, 2015 totaled EUR 8 million and has been eliminated.
- (j) Reflects the full elimination of the interest related to the OCEANEs for the six month period ended June 30, 2015 and the year ended December 31, 2014 totaling EUR 28 million and totaling EUR 38 million, respectively.
- (k) Upon acquisition, Nokia will consolidate all Alcatel Lucent subsidiaries including partly-owned subsidiaries such as Alcatel Lucent Shanghai Bell Co. Ltd (ASB), which has material non-controlling interests (50% less one share). Nokia elected to measure the non-controlling

Table of Contents

Notes to Unaudited Pro Forma Condensed Combined Financial Statements

interests using the proportionate share method whereby the goodwill recognized does not include any amount relating to the non-controlling interests. All other non-controlling interests in other subsidiaries are immaterial in aggregate.

- (l) The estimated income tax impacts of the pre-tax adjustments that are reflected in the unaudited pro forma condensed combined income statements were calculated using an assumed blended tax rate of 30%, which is based on preliminary assumptions related to which jurisdictions the income (expense) will be recorded. The effective tax rate of the combined company could be significantly different depending on the post-acquisition activities, including cash needs and geographical mix of net income.

- (m) Certain Alcatel Lucent senior non-convertible bondholders have the right to put their bonds to Alcatel Lucent for redemption at a specified price upon change of control. As of July 31, 2015 the senior non-convertible bonds trade at a market price that exceeds the put option exercise price. Thus, for the purposes of the Pro Forma Financial Information, we have assumed that the bondholders would not exercise this put option. A pro forma adjustment was made to reclassify the carrying amount of the senior non-convertible bonds of EUR 1 901 million from Long-term interest bearing liabilities to Current portion of long-term interest bearing liabilities.

4) Earnings per share

Pro forma basic earnings per share is calculated by dividing the pro forma profit from continuing operations attributable to equity holders of the parent by the pro forma weighted average number of shares outstanding as adjusted for the Exchange Offer.

Pro forma diluted earnings per share is calculated by adjusting the historical diluted weighted average number of shares outstanding with the pro forma dilutive effect of replacement share-based payment awards granted to certain Performance Share holders. For the six months ended June 30, 2015, the assumed conversion of Nokia's outstanding convertible bonds has been excluded from the calculation of diluted shares as it was determined to be antidilutive.

We present the pro forma effect of the HERE transaction and the related discontinued operations in the pro forma statement of financial position as of June 30, 2015 and the pro forma condensed combined income statements for the six month ended June 30, 2015 and for the year ended December 31, 2014.

The unaudited pro forma condensed combined statement of financial position and the unaudited pro forma condensed combined income statements for all periods presented were adjusted to fully eliminate all of the assets, liabilities and historical operating results included in the HERE business. In addition, the unaudited pro forma condensed combined statement of financial position reflects adjustments for the HERE transaction including the estimated net cash proceeds of approximately EUR 2.5 billion and the estimated EUR 1 billion gain on the sale and related release of foreign exchange translation differences. Non-recurring items including the one-time gain associated with the HERE transaction, are not reflected in the pro forma condensed combined income statements.

6) Range of possible offer acceptance levels

The Unaudited Pro Forma Financial Information presented above has been prepared assuming that Nokia acquires 100% of Alcatel Lucent through the Exchange Offer and that a squeeze-out is not effected.

The following sensitivity analysis provides a range of potential outcomes, assuming the minimum ownership interest in Alcatel Lucent of 51%, the ownership at the midpoint of the range of 75% and the impact of the squeeze-out assuming 95% of the outstanding shares are tendered in the Exchange Offer. In the 51% and 75% Scenarios, 49% and 25%, respectively, of the carrying amount of OCEANE convertible bonds were

assumed to remain outstanding. In the 95% scenario, Nokia has assumed that the remaining 5% is purchased in cash to illustrate the cash consideration alternative and the OCEANE convertible bonds fully convert. The adjustments to be made to Pro forma adjustments column in the unaudited pro forma condensed combined statement of financial position as of June 30, 2015 and the unaudited pro forma condensed combined income statements for the six months ended June 30, 2015 and the year ended December 31, 2014 would be as follows:

The U.S. Offer shall be made on terms at least as favorable as those offered to holders of Company Securities under the French Offer. Nokia shall use its reasonable best efforts to obtain from the SEC any no-action or exemptive relief necessary to permit the implementation and consummation of the Offers in accordance with the terms of this MoU. The Company shall use its reasonable best efforts to cooperate with Nokia in determining if any such exemptive relief is necessary and, if required, shall reasonably cooperate with Nokia to obtain such relief.

Section 2.4 General Terms and Conditions of the Offers

2.4.1 Offer Consideration

Subject to the terms and conditions of this MoU, on the relevant Offers settlement date (or the relevant settlement date with respect to any additional exchange mechanism described in Section 2.5), the Company Securities tendered into the Offers (including during any extension of the Offers) will be exchanged for newly issued shares of Nokia (the **Nokia Shares**), in accordance with the offer exchange ratio applicable to the relevant types of Company Securities (including any applicable adjustments required by this Section 2.4) set forth in Annex 2 (*Key Terms of the Offer*) as may be amended from time to time in accordance with this Section 2.4 (the **Offer Exchange Ratio**).

If between the date of this MoU and the relevant settlement dates of the Offers (or the relevant settlement date with respect to any additional exchange mechanism described in Section 2.5), the outstanding Company Shares or Nokia Shares are changed into a different number of shares or a different class by reason of any share dividend, subdivision, reclassification, split, reverse split, combination or exchange of shares, or the Company or Nokia resolves to pay any dividend (other than, with respect to Nokia, the Permitted Nokia Dividend) or make any other distribution to its security holders or shareholders in each case with a record date before the settlement of the Offers (or the relevant settlement date with respect to any additional exchange mechanism described in Section 2.5), then the Offer Exchange Ratio will be appropriately adjusted to provide to the holder of such Company Security the same economic effect as contemplated by this MoU prior to such event. Notwithstanding the foregoing, if the Offer Exchange Ratio is required to be adjusted pursuant to the distribution or spin-off to the holders of Company Shares of all or part of the Company's interest in ASN, such adjustment shall be calculated in accordance with Annex 2 (*Key Terms of the Offers*) and, with respect to the OCEANEs, shall be calculated in accordance with the relevant terms thereof. Nothing set forth in this Section 2.4.1 shall in any way limit or otherwise affect the Company's obligations under Section 6.1.1 or Nokia's obligations under Section 6.2.1.

2.4.2 Treasury Shares

Subject to the Offers being filed and opened in accordance with applicable Law, the Company shall and shall cause each of its Subsidiaries to tender into the Offers all Company Securities held by the Company or any of its Subsidiaries at the date of the French Offer Opening Date, other than those held for purposes of (i) the payment of performance units in Company Shares, (ii) the Company Shares to be received in lieu of Company Share Options, in each case as further described in Section 1.1. of the Company Disclosure Letter and (iii) the payment of the indemnity in Company Shares in accordance with Section 2.5.2.

Table of Contents

To the extent legally possible, the Parties shall put in place a liquidity mechanism for the holders of Company Share Options who, on or prior to the closing of the Offers or, if applicable, the subsequent offering period for the French Offer in accordance with Article 232-4 of the AMF General Regulation, cannot exercise their Company Share Options, tender the underlying Company Shares into the French Offer or the U.S. Offer, or sell the Nokia Shares that they would receive in exchange for the Company Shares resulting from the exercise of Company Share Options and tendered into any of the Offers, as applicable, due solely to legal, regulatory or governance constraints or holding periods, or would be subject to a less favorable tax treatment pursuant to such exercise, tender or sale because of tax constraints pursuant to Article 163 bis C of the French tax code or equivalent provisions of other jurisdictions (such legal, tax, regulatory or governance constraints or holding periods, the **Lock-Up Period**), provided, that such liquidity mechanism shall (i) provide for the exchange of the relevant Company Shares into Nokia Shares in accordance with the Offer Exchange Ratio (or, at Nokia's sole discretion, the acquisition for cash by Nokia of the relevant Company Shares at a price determined in accordance with the Offer Exchange Ratio and the average market price of the Nokia Shares over a period to be agreed and ending on the date of such acquisition by Nokia), subject to legal or customary adjustments, (ii) become effective only at the expiration of any applicable Lock-Up Period and subject to the condition that there is a Liquidity Event with respect to the Company Shares on or before such date and (iii) only be provided if the respective holders of Company Share Options have agreed to, promptly upon the expiration of any applicable Lock-Up Period pursuant to the terms of a liquidity agreement to be entered into between the relevant holders and Nokia, exercise the Company Share Options and immediately request the exchange (or, as the case may be, purchase) of the Company Shares resulting from such exercise, or to waive their right to such Company Share Options if they have not exercised them after a certain period to be agreed following the expiration of such Lock-Up Period. The occurrence of a Liquidity Event shall be agreed by the Parties in good faith taking into consideration the factors relevant to the liquidity of the Company Shares, provided that (a) the de-listing of the Company Shares, (b) the holding by Nokia of more than 85% of the Company Shares or (c) the average daily trading volume of the Company Shares on Euronext Paris falling below five million (5 000 000) Company Shares for twenty (20) consecutive trading days, shall in each case be deemed to constitute a Liquidity Event. The Company shall use commercially reasonable best efforts to allow Nokia to enter into liquidity agreements with beneficiaries of outstanding Company Share Options prior to the French Offer Opening Date.

The liquidity mechanism described above will also apply to Company Shares (i) received by holders of performance units granted by the Company prior to the date hereof who will receive Company shares, as decided by the Company Board on the date hereof and described in the Company Disclosure Letter and (ii) received in lieu of Company Share Options as described in Section 1.1 of the Company Disclosure Letter, it being understood that clause (ii) of the preceding paragraph will not apply to all such Company Shares. Such liquidity mechanism shall provide for the mandatory exchange of the relevant Company Shares into Nokia Shares in accordance with the Offer Exchange Ratio, subject to legal or customary adjustments, at their respective maturity in 2016, 2017 and 2018.

To the extent legally possible and practicable, the Parties may consider and agree on a cash compensation by the Company for Company Share Options that are out of the money at the date when a Liquidity Event occurs, but remain outstanding following such Liquidity Event pursuant to the terms and conditions of the relevant Company Share Plan.

In the event that the liquidity mechanism described in this Section 2.5.1 is not (or is not capable of being) implemented or applicable to all holders of Company Stock Options, the Parties agree to discuss in good faith any alternative solutions resulting in the substantially equivalent effect.

Table of Contents

Except as expressly set forth in the Company Disclosure Letter, the Company shall not, without Nokia's prior written consent, grant new Company Share Options, Company Performance Shares, other equity-based rights or securities, or performance units or, after the date hereof, or approve or amend any Company Share Plan.

2.5.2 Company Performance Shares

The Company shall offer the beneficiaries of Company Performance Shares to waive their rights to receive such Company Performance Shares in accordance with applicable Laws (except for Company Performance Shares granted after the date hereof as disclosed in the Company Disclosure Letter), in exchange for an indemnity which will be payable either in Company Shares or in cash, at the option of the Company, provided that, if the Company chooses to offer an indemnification in Company Shares, the beneficiary will have to undertake to tender such Company Shares into the Offers.

If the Company chooses to offer an indemnity in Company Shares, the number of Company Shares delivered as indemnity shall be equal to the total number of Company Performance Shares granted to the relevant beneficiary as if all presence conditions and performance conditions were fulfilled. However, in respect of performance conditions relating to periods ending prior to the date hereof, the indemnity will be paid only to the extent such conditions have been fulfilled in accordance with their terms. Such Company Shares will be delivered out of treasury shares held by the Company or its Subsidiaries.

Such indemnity in Company Shares will be payable between the Business Day following the announcement of the result of the Offers and the opening of the subsequent offering period for the French Offer in accordance with Article 232-4 of the AMF General Regulation.

In respect of beneficiaries who elect not to accept the indemnity, the terms and conditions of their Company Performance Shares will remain unchanged, including the performance conditions and the presence conditions, provided that the Parties agree to determine in good faith, between the date hereof and the French Offer Filing Date, the adjustments necessary to the performance conditions attached to any such Company Performance Shares as a result of the closing of the Offers and the Company Board shall amend the terms and conditions of the applicable award agreement and Company Share Plans correspondingly. In particular, the Parties will discuss in good faith (i) appropriate references for the evolution of the share price of the Company and Nokia before and after the closing of the Offers or, if applicable, the subsequent offering period for the Offers, or the completion of any squeeze-out procedure, if applicable, as well as (ii) the methodology relating to, and composition of, the appropriate panel of comparable companies for purposes of such performance conditions.

The Company will ensure, if legally permissible, that (i) the terms and conditions of the liquidity mechanism described above will automatically apply to any person accepting the grant of Company Performance Shares after the date hereof (e.g., through any online acceptance facility provided by the Company) and (ii) that such liquidity mechanism enters into effect immediately upon the expiration of any applicable Lock-Up Period.

To the extent legally possible, the Parties shall put in place a liquidity mechanism, under the conditions set forth in Section 2.5.1, for the holders of the Company Performance Shares which are subject to a Lock-Up Period and for holders who have not elected the indemnity described above.

In the event that the liquidity mechanism described in this Section 2.5.2 is not (or is not capable of being) implemented or applicable to all holders of Company Performance Shares, the Parties agree to discuss in good faith any alternative solutions resulting in the substantially equivalent effect.

Table of Contents

In any event, Nokia may decide to offer to roll over the Company Performance Shares plans into equivalent performance share programs applicable within the Nokia group.

Section 2.6 Post-Offers Reorganization

If, at the closing of the Offers or the reopened Offers, as the case may be, Nokia owns 95% of the share capital and voting rights of the Company, Nokia shall implement a squeeze-out of the remaining outstanding Company Shares within three (3) months of the closing of the Offers or, if applicable, the subsequent offering period for the Offers.

If Nokia owns less than 95% of the share capital and voting rights of the Company immediately after the closing of the Offers or, if applicable, the subsequent offering period for the Offers, then Nokia reserves the right to (i) commence a mandatory buy-out offer for the Company Securities it does not own on the relevant date pursuant to Article 236-3 of the AMF General Regulation if at any time it owns 95% or more of the voting rights of the Company, (ii) commence at any time a simplified offer for the Company Securities it does not own on the relevant date pursuant to Article 233-1 *et seq.* of the AMF General Regulation, or (iii) cause the Company to be merged into Nokia or an affiliate thereof, contribute assets to, merge certain of its Subsidiaries with, or undertake other reorganizations of, the Company.

To the extent permitted under applicable Law and subject to the provisions of the Confidentiality Agreement, each Party shall promptly furnish the other Party all information concerning itself, its Subsidiaries, directors, officers and shareholders and such other matters as may be reasonably requested by the other Party in connection with any Offer Document or Schedule 14D-9. To the extent permitted under applicable Law, each Party shall provide the other Party with a reasonable opportunity to review in advance and comment on drafts of filings and submissions made with the relevant securities regulators (including the AMF, the SEC and the FSA) in connection with the Offers, including the Offer Documents and Schedule 14D-9.

(j) the Company shall not and shall cause each of its Subsidiaries not to authorize or enter into an agreement to do any of the foregoing set forth in Sections 6.1.1(a) through (i) if the Company or such Subsidiary would be prohibited by the terms of Sections 6.1.1(a) through (i) from doing the foregoing; provided that (i) nothing in this Section 6.1.1 shall restrict the Company's ability to sell, dispose, spin-off or distribute to its shareholders or otherwise transfer all or part of its interest in ASN, provided that such sale, disposition, spin-off, distribution or transfer of all or part of its interest in ASN occurs on commercially reasonable terms and subject to any required adjustment to the Exchange Ratio in accordance with Section 2.4.1 (the **ASN Transfer**); and (ii) the termination of any Contract or any loss of business from a customer shall not in and of itself constitute a breach of this Section 6.1.1 (it being understood that the foregoing clause (ii) does not limit the Company's obligations under this Section 6.1.1).

6.1.2 Alternate Proposal

- (a) From and after the date hereof until the earlier of the Completion Date or the termination of this MoU in accordance with its terms, the Company shall not and shall cause its Subsidiaries not to and shall use its reasonable best efforts to cause its and its Subsidiaries senior officers, directors or representatives (including any investment banker, financial advisor, attorney, accountant or other advisor retained by it or any of its Subsidiaries) not to, directly or indirectly, in any manner whatsoever (i) initiate, solicit, induce, or take any action with a view to facilitate or encourage, any inquiries, proposals or offers that constitute, or would reasonably be expected to lead to, an Alternate Proposal, (ii) engage or otherwise participate in any discussions or negotiations (including by way of furnishing non-public information or granting access to any of the properties or assets of the Company or its Subsidiaries) with any Person relating to any inquiries, proposals or offers that constitute, or would reasonably be expected to lead to, an Alternate Proposal, (iii) accept, approve, endorse or recommend any Alternate Proposal, (iv) approve or recommend or execute or enter into, any letter of intent, agreement in principle, memorandum of understanding, tender offer agreement, merger agreement, acquisition agreement, business combination agreement, joint venture agreement, option agreement or other similar agreement in respect of any Alternate Proposal (any of the preceding in this sub-clause (iv), an **Alternate Proposal Agreement**) or (v) propose publicly or agree to do any of the foregoing related to any Alternate Proposal.
- (b) From and after the date hereof until the earlier of the Completion Date or the termination of this MoU in accordance with its terms, the Company shall promptly (and in any event within twenty four (24) hours) after becoming aware of a receipt by the Company, any of its Subsidiaries or any of their respective senior officers, directors or representatives of an Alternate Proposal or of any request for non-public information or inquiry relating to the Company or its Subsidiaries by any Person or a group of Persons who has or would reasonably be expected to make any Alternate Proposal, provide Nokia with written notice of

the terms and conditions of such Alternate Proposal, request or inquiry (including in each case any subsequent developments or modifications thereof), and the identity of the Person or Persons (and if known to the Company, its or their ultimate beneficiary owners) making any such Alternate Proposal, request or inquiry. Thereafter, the Company shall promptly provide Nokia with written notice setting forth all such information as is reasonably necessary to keep Nokia informed of any material development, of the status and details (including amendments or proposed amendments) of any such Alternate Proposal, request or inquiry (including any actions or discussions that may take place in accordance with Section 6.1.2(c)).

- (c) Notwithstanding anything in this MoU to the contrary, if at any time the Company receives (other than as a result of a breach by the Company of Section 6.1.2(a)) any bona fide written Alternate Proposal or any written request for non-public information or inquiry relating to the Company or its Subsidiaries by any Person or group of Persons who has or is expected to make any bona fide written Alternate Proposal, in each case that the Company Board determines in good faith constitutes or is reasonably likely to lead to a Superior Proposal, the Company may, subject to compliance with its obligations under this Section 6.1.2, engage in any of the actions referred to in Section 6.1.2(a)(ii), provided that (i) the Person or group of Persons making such Alternate Proposal or request, as applicable, for non-public information or inquiry has signed a confidentiality agreement with the Company on terms not less restrictive in any material respect on such Person or group of Persons than the Confidentiality Agreement containing (A) no exclusivity provision or provision (unless waived by such Person) inconsistent with the terms of this Section 6.1.2 and (B) a standstill provision of a duration of at least one (1) year (subject to customary exceptions), and (ii) all information which is provided to such Person or group of Persons but was not previously provided to Nokia shall be provided to Nokia as promptly as practicable (and in any event within twenty four (24) hours).
- (d) Except as set forth in this Section 6.1.2(d), the Company (through the Chief Executive Officer or the Chairman of the Company Board) or Company Board shall not make a Change in Company Announcement Statement, Change in Company Support Statement or a Change in Company Board Recommendation. The Parties agree that a Change in Company Announcement Statement, Change in Company Support Statement or a Change in Company Board Recommendation effected in accordance with this Section 6.1.2(d) shall not in and of itself constitute a breach of this MoU. Notwithstanding the first sentence of this Section 6.1.2(d) or anything else to the contrary in this MoU, the Company (through the Chief Executive Officer or the Chairman of the Company Board) or Company Board may:
- (i) make a Change in Company Announcement Statement immediately after the completion of the Consultation in accordance with the last paragraph of Section 5.1;
- (ii) at any time make a Change in Company Announcement Statement, a Change in Company Support Statement or a Change in Company Board Recommendation, as applicable, in response to the receipt of any bona fide written Alternate Proposal (received by the Company not in violation of Section 6.1.2(a)) that the Company Board determines in good faith constitutes a Superior Proposal. Unless such Superior Proposal is in the form of a formal offer filed and cleared with the AMF, prior to the Company Board making a Change in Company Announcement Statement, Change in Company Support Statement or a Change in Company Board Recommendation pursuant to this Section 6.1.2(d)(ii), the Company shall send a written notice to Nokia that the Company intends, in accordance with the terms of this Section 6.1.2(d)(ii), to take such action, which notice shall include all material information relating to such Alternate Proposal (including the identity of the third party, the proposed transaction structure and financing, if any, and other material terms and conditions). Upon receipt of such notice by Nokia, the Company shall, upon the request of Nokia in its sole discretion, negotiate in good

faith with Nokia during a period of five (5) Business Days from the date on which Nokia received such notice with respect to any changes to the terms of this MoU or the Offers irrevocably offered by Nokia. If the Company Board determines in good faith (after consultation with its outside legal counsel and financial advisors in each case of international repute), after giving effect to such changes as are irrevocably offered by Nokia, that such Alternate Proposal (i) continues to constitute a Superior Proposal and (ii) the failure to make a Change in Company Announcement Statement, Change in Company Support Statement or a Change in Company Board Recommendation, as applicable, in response to such Superior Proposal would be inconsistent with its fiduciary duties under applicable Law, then the Company may make a Change in Company Announcement Statement, Change in Company Support Statement or a Change in Company Board Recommendation, as applicable, in response to such Superior Proposal and may terminate this MoU pursuant to Section 8.2(e). In the event the Company Board determines that such Alternate Proposal no longer constitutes a Superior Proposal, then the Company shall thereafter, with respect to such Alternate Proposal, be subject to the provisions of Section 6.1.2(a) and Section 6.1.2(b) in all respects;

- (iii) at any time prior to the French Offer Filing Date, make a Change in Company Announcement Statement, a Change in Company Support Statement or a Change in Company Board Recommendation, as applicable, in response to a Company Intervening Event, if the Company Board determines in good faith that its failure to do so would be inconsistent with its fiduciary duties under applicable Law, after giving effect to such changes as are offered by Nokia within ten (10) Business Days after receiving the notice thereof pursuant to this Section 6.1.2(d)(iii) to address such Company Intervening Event. Prior to the Company Board making a Change in Company Announcement Statement, a Change in Company Support Statement or a Change in Company Board Recommendation pursuant to this Section 6.1.2(d)(iii), the Company shall send a written notice to Nokia that the Company intends, in accordance with the terms of this Section 6.1.2(d)(iii), to take such action, which notice shall include all material information relating to such Company Intervening Event. Upon receipt of such notice by Nokia, the Company shall, upon the request of Nokia in its sole discretion, negotiate in good faith with Nokia during a period of ten (10) Business Days from the date on which Nokia received such notice with respect to any changes to the terms of this MoU or the Offers irrevocably offered by Nokia. If the Company Board determines in good faith (after consultation with its outside legal counsel and financial advisors in each case of international repute), after giving effect to such changes as are irrevocably offered by Nokia, that its failure to make a Change in Company Announcement Statement, a Change in Company Support Statement or a Change in Company Board Recommendation, as applicable, in connection with such Company Intervening Event continues to be inconsistent with its fiduciary duties under applicable Law, then the Company may make a Change in Company Announcement Statement, a Change in Company Support Statement or a Change in Company Board Recommendation, as applicable, in connection with such Company Intervening Event; and
- (iv) at any time after the French Offer Filing Date and following reasonable notice to Nokia, make a Change in Company Announcement Statement, a Change in Company Support Statement or a Change in Company Board Recommendation, as applicable, in response to a Material Adverse Effect with respect to Nokia, if the Company Board determines in good faith (after consultation with its outside legal counsel and financial advisors in each case of international repute) that its failure to do so would be inconsistent with its fiduciary duties under applicable Law.
- (e) The Company shall (and shall cause its Subsidiaries), and shall use its reasonable best efforts to cause its and its Subsidiaries' senior officers, directors and representatives

(including any investment banker, financial advisor, attorney, accountant or other advisor retained by it or any of its Subsidiaries), to immediately cease and cause to be terminated any activities, discussions or negotiations existing as of the date of this MoU with any Person conducted heretofore with respect or relating to any Alternate Proposal. The Company shall promptly inform its Subsidiaries and its and its Subsidiaries senior officers, directors and representatives of the obligations undertaken in this Section 6.1.2.

- (f) Nothing contained in this MoU shall prohibit the Company or the Company Board from (i) disclosing to the shareholders of the Company a position contemplated by Rules 14d-9 and 14e-2(a) promulgated under the Exchange Act, or any substantially similar communication in connection with any Alternate Proposal that is not a tender offer, or (ii) making any disclosure to its shareholders if the Company or the Company Board has reasonably determined in good faith (after consultation with its outside legal counsel and financial advisors in each case of international repute) that the failure to do so would be inconsistent with its duties under applicable Law, including the AMF General Regulation, the NYSE rules or regulations or the SEC rules and regulations. It is understood and agreed that, for purposes of this MoU, a factually accurate public statement by the Company that describes the Company's receipt of an Alternate Proposal and the operation of this MoU with respect thereto, or any "stop, look and listen" communication by the Company Board, shall not constitute a breach of Section 6.1.2(a).

6.1.3 Access

Subject to applicable Laws and the terms of the Confidentiality Agreement, upon the reasonable request of Nokia, the Company shall (and shall cause its Subsidiaries to) use its commercially reasonable efforts to provide Nokia's directors, officers, employees and other authorized representatives (i) such information of the Company and its Subsidiaries, other than commercially sensitive information, as is reasonably necessary to facilitate the Company's integration planning and operational transition planning efforts, (ii) with such financial and operating data and other data relating to the Company, other than commercially sensitive information, as Nokia may from time to time reasonably request and (iii) such access to the Company's officers, directors and employees as Nokia may from time to time reasonably request. No information provided pursuant to this Section 6.1.3 shall affect or be deemed to modify any representation or warranty made by the Company. All such information shall be governed by the terms of the Confidentiality Agreement.

- (e) Nokia shall not and shall cause each of its Subsidiaries not to, in one or several transactions, acquire (whether by merger, consolidation, purchase or otherwise) any Person or assets, except for (i) transactions between Nokia and any of its Subsidiaries or transactions between Nokia's Subsidiaries or (ii) any acquisitions on commercially reasonable terms and at fair market value that both (x) individually do not exceed four hundred fifty million euros (€ 450 000 000) and (y) in the aggregate do not exceed seven hundred fifty million euros (€ 750 000 000); and

provided that the termination of any Contract or any loss of business from a customer shall not in and of itself constitute a breach of this Section 6.2.1 (it being understood that the foregoing does not limit Nokia's obligations under this Section 6.2.1).

The Company shall, promptly following the date of this MoU, designate two (2) or more individuals from either of whom Nokia may seek approval to undertake any actions (or inaction) under this Section 6.2.1 (it being understood that any such request shall not be considered an admission that the Company's consent is required under this MoU) and will ensure that such individuals will respond on behalf of the Company, to Nokia's written requests in an expeditious manner (e-mail being sufficient). The Company agrees that, if no disapproval of any such written request (sent to all designated individuals) from Nokia is made in writing (e-mail being sufficient) within four (4) Business Days of the date on which notice of such request is received by such individuals, then the Company will be deemed to have provided its approval to such request for all purposes of this Section 6.2.1.

6.2.2 Shareholders Meeting of Nokia

Nokia shall take, in accordance with applicable Law and its Organizational Documents and subject to the terms and conditions of this MoU, all action necessary to convene an extraordinary meeting of its shareholders (the **Nokia Shareholders Meeting**) for purposes of (i) the approval of the authorization for the Nokia Board to issue such number of new Nokia Shares as may be necessary for delivering the Nokia Shares offered in consideration for the Company Securities tendered into the Offers (or exchanged thereafter pursuant to 2.4.1) in accordance with the Offer Exchange Ratio (as it may be adjusted from time to time in accordance with the terms of this MoU) and for the consummation of the Offers (collectively, the **Nokia Shareholder Approval**), and (ii) the appointment of the members of the Nokia Board identified in accordance with the provisions of Annex 3 (Governance), in each case of (i) and (ii) subject to the consummation of the Offers.

6.2.3 Board Meeting of Nokia

At the time it convenes or holds the Nokia Shareholders Meeting, the Nokia Board shall reiterate the Nokia Board Recommendation. If the Nokia Board determines in good faith (after consultation with its outside legal counsel and financial advisors in each case of international repute), after giving effect to such changes as are irrevocably offered by the Company, that its failure to make a Change in Nokia Board Recommendation in connection with such Nokia Intervening Event continues to be inconsistent with its fiduciary duties under applicable Law, then Nokia may make a Change in Nokia Board Recommendation in connection with such Nokia Intervening Event.

Nothing contained in this MoU shall prohibit Nokia or the Nokia Board from making any disclosure to shareholders of Nokia if Nokia or the Nokia Board has reasonably determined in good faith (after consultation with its outside legal counsel and financial advisors in each case of international repute) that the failure to do so would be inconsistent with its duties under applicable Law, including the AMF General Regulation or the FSA regulations or NASDAQ OMX Helsinki Ltd., the NYSE or the SEC rules and regulations.

Section 9.13 Governing Law

This MoU shall be exclusively governed by and construed in accordance with the Laws of France, without regard to principles of conflicts of law, provided that the fiduciary duties of the Nokia Board shall be exclusively governed by and construed in accordance with the Laws of Finland, without regard to principles of conflicts of law, and provided, further, that the definition of "Material Adverse Effect" and any determination or dispute as to whether there has been or would be a "Material Adverse Effect" with respect to any Party for the purposes of any provision of this MoU shall be exclusively governed by and construed in accordance with the Laws of the State of Delaware, without regard to the conflict of laws principles thereof.

Section 9.14 Jurisdiction

The Parties undertake to use their best efforts to try to settle amicably any dispute, controversy or claim (including any non-contractual claim) arising out of or in connection with this MoU or the breach, termination or validity thereof (a "**Dispute**"). Therefore, before referring to arbitration any Party must notify by registered mail to the other Party its wish to try to settle amicably the Dispute. Such notice shall include description of the Dispute and any documents reasonably available to such Party and related thereto. The Parties undertake to involve the higher level of their management to try to settle amicably the Dispute.

Failing an amicable settlement within three (3) weeks of the receipt of the above-mentioned notification, the Dispute shall be finally settled by arbitration under the rules administered by the International Court of Arbitration (the "**Court**") of the International Chamber of Commerce ("**ICC**") then in effect (the "**Rules**"), except as modified herein. The seat of arbitration shall be London, United Kingdom. The language of the arbitration shall be English, provided that documents or testimony may be submitted in another language if a translation is provided.

In an arbitration the following shall apply:

- (i) The arbitration shall be conducted by three arbitrators (the "**Tribunal**") appointed in accordance with the Rules, and the Parties intend for the ICC Court to strictly enforce the relevant time periods in order to promptly constitute the Tribunal. The Terms of Reference (as defined in the Rules) shall be signed by the Tribunal and the Parties as expeditiously as possible but no later than twenty (20) Business Days after the confirmation of the appointment of the third arbitrator, subject to extension by the ICC Court. The Parties further direct the Tribunal to establish a strict timetable for the proceedings and generally conduct the arbitration as expeditiously as practicable, without prejudice to the disclosure rights of the Parties, in order to ensure a prompt resolution of any Dispute.
- (ii) The award shall be rendered by the Tribunal as expeditiously as possible after the close of the hearing and in any event no later than eighteen (18) months as from the date of the filing

of the Request for Arbitration (as defined in the Rules); provided, however, that the Tribunal may seek an extension of such time limit from the ICC Court for good cause. The award rendered by the Tribunal shall be final and binding on the Parties and enforceable against such Parties and their assets in any court of competent jurisdiction.

- (iii) By agreeing to arbitration, the Parties do not intend to deprive any competent court or the ICC Emergency Arbitrator of the jurisdiction to issue a pre-arbitral injunction, pre-arbitral attachment, or other order in aid of arbitration proceedings and the enforcement of any award. In any such judicial action: (i) each of the Parties irrevocably and unconditionally consents and submits to the exclusive jurisdiction and venue of the Courts of France; and (ii) each Party irrevocably waives, to the fullest extent it may effectively do so, any objection to the jurisdiction of such courts. The Parties agree that the Party seeking interim relief or the enforcement of the award may do so in the forum of its choice.
- (iv) Without prejudice to such provisional remedies as may be available under the jurisdiction of a court or the ICC Emergency Arbitrator, the Tribunal shall have full authority to grant provisional remedies and to direct the Parties to request that any court modify or vacate any temporary or preliminary relief issued by such court, and to award damages for the failure of any party to respect the Tribunal's orders to that effect. The arbitrators also shall be entitled to enforce specifically the terms and provisions of this MoU and to award monetary damages and other remedies pursuant to this MoU or applicable Law.
- (v) Costs shall be awarded in accordance with the Rules.
- (vi) This MoU and the rights and obligations of the Parties shall remain in full force and effect pending the award in any arbitration proceeding hereunder.
- (vii) All notices by one Party to another Party in connection with the arbitration shall be in accordance with the provisions of Section 9.12 except that no notice may be transmitted by facsimile.
- (viii) This agreement to arbitrate shall be binding upon the successors and permitted assigns of each Party.

NOKIA AND ALCATEL-LUCENT TO COMBINE TO CREATE AN INNOVATION LEADER IN NEXT GENERATION TECHNOLOGY AND SERVICES FOR AN IP CONNECTED WORLD

Helsinki & Paris, April 15, 2015 Nokia and Alcatel-Lucent announce today their intention to combine to create an innovation leader in next generation technology and services for an IP connected world. The two companies have entered into a memorandum of understanding under which Nokia will make an offer for all of the equity securities issued by Alcatel-Lucent, through a public exchange offer in France and in the United States, on the basis of 0.55 of a new Nokia share for every Alcatel-Lucent share. The all-share transaction values Alcatel-Lucent at EUR 15.6 billion on a fully diluted basis, corresponding to a fully diluted premium of 34% (equivalent to EUR 4.48 per share), and a premium to shareholders of 28% (equivalent to EUR 4.27 per share) (see Appendix 1), on the unaffected weighted average share price of Alcatel-Lucent for the previous three months. This is based on Nokia's unaffected closing share price of EUR 7.77 on April 13, 2015.

Each company's Board of Directors has approved the terms of the proposed transaction, which is expected to close in the first half of 2016. The proposed transaction is subject to approval by Nokia's shareholders, completion of relevant works council consultations, receipt of regulatory approvals and other customary conditions.

Enabling the connected world

The combined company will be uniquely positioned to create the foundation of seamless connectivity for people and things wherever they are. This foundation is essential for enabling the next wave of technological change, including the Internet of Things and transition to the cloud.

The combined company will have unparalleled innovation capabilities, with Alcatel-Lucent's Bell Labs and Nokia's FutureWorks, as well as Nokia Technologies, which will stay as a separate entity with a clear focus on licensing and the incubation of new technologies.

With more than 40 000 R&D employees and spend of EUR 4.7 billion in R&D in 2014, the combined company will be in a position to accelerate development of future technologies including 5G, IP and software-defined networking, cloud, analytics as well as sensors and imaging.

Alcatel-Lucent and Nokia have highly complementary portfolios and geographies, with particular strength in the United States, China, Europe and Asia-Pacific. They will also bring together the best of fixed and mobile broadband, IP routing, core networks, cloud applications and services. This combination is expected to create access to an expanded addressable market with improved long term growth opportunities.

Consumers are looking to access data, voice and video across networks of all kinds. In this environment technology that used to operate independently now needs to work well together. That is not always the case today, but together Nokia and Alcatel-Lucent are uniquely suited to helping telecom operators, internet players and large enterprises address this challenge.

TRANSACTION HIGHLIGHTS

0.55 of a newly issued ordinary share of Nokia (subject to adjustments for any dividend other than the previously proposed Nokia dividend for 2014) would be offered in exchange for each ordinary share and each American Depositary Share of Alcatel-Lucent. An equivalent offer would be made for each outstanding class of Alcatel-Lucent convertible bonds: OCEANE 2018, OCEANE 2019 and OCEANE 2020

The offer values Alcatel-Lucent at EUR 15.6 billion on a fully diluted basis, after taking into account the early conversion and associated dilution of Alcatel-Lucent's convertible bonds, corresponding to a fully diluted premium of 34% (equivalent to EUR 4.48 per share), and a premium to the shareholders of 28% (equivalent to EUR 4.27 per share), on the unaffected weighted average share price of Alcatel-Lucent for the previous three months. This is based on Nokia's unaffected closing share price of EUR 7.77 on April 13, 2015

Alcatel-Lucent shareholders would own 33.5% of the fully diluted share capital of the combined company, and Nokia shareholders would own 66.5%, assuming full acceptance of the public exchange offer

The combined company will be called Nokia Corporation, with headquarters in Finland and a strong presence in France. Risto Siilasmaa is planned to serve as Chairman, and Rajeev Suri as Chief Executive Officer

The combined company's Board of Directors is planned to have nine or ten members, including three members from Alcatel-Lucent, one of whom would serve as Vice Chairman

Assuming the closing of the transaction in the first half of 2016:

The combined company would target approximately EUR 900 million of operating cost synergies to be achieved on a full year basis in 2019

The combined company would target approximately EUR 200 million of reductions in interest expenses to be achieved on a full year basis in 2017

The transaction is expected to be accretive to Nokia earnings on a non-IFRS basis (excluding restructuring charges and amortisation of intangibles) in 2017

A strong financial profile on which to grow and invest: on a FY2014 combined basis, the proposed company would have had net sales of EUR 25.9 billion, a non-IFRS operating profit of EUR 2.3 billion, a reported operating profit of EUR 0.3 billion, R&D investments of approximately EUR 4.7 billion, and a strong balance sheet with combined net cash at December 31, 2014 of EUR 7.4 billion, assuming conversion of all Nokia and Alcatel-Lucent convertible bonds (for basis of preparation see Appendix 2)

Rajeev Suri, President and Chief Executive Officer of Nokia, said:

Together, Alcatel-Lucent and Nokia intend to lead in next-generation network technology and services, with the scope to create seamless connectivity for people and things wherever they are.

Edgar Filing: NOKIA CORP - Form F-4/A

Our innovation capability will be extraordinary, bringing together the R&D engine of Nokia with that of Alcatel-Lucent and its iconic Bell Labs. We will continue to combine this strength with the highly efficient, lean operations needed to compete on a global scale.

We have hugely complementary technologies and the comprehensive portfolio necessary to enable the internet of things and transition to the cloud. We will have a strong presence in every part of the world, including leading positions in the United States and China.

Table of Contents

Together, we expect to have the scale to lead in every area in which we choose to compete, drive profitable growth, meet the needs of global customers, develop new technologies, build on our successful intellectual property licensing, and create value for our shareholders.

For all these reasons, I firmly believe that this is the right deal, with the right logic, at the right time.

Michel Combes, Chief Executive Officer of Alcatel-Lucent, added:

A combination of Nokia and Alcatel-Lucent will offer a unique opportunity to create a European champion and global leader in ultra-broadband, IP networking and cloud applications. I am proud that the joined forces of Nokia and Alcatel-Lucent are ready to accelerate our strategic vision, giving us the financial strength and critical scale needed to achieve our transformation and invest in and develop the next generation of network technology.

This transaction comes at the right time to strengthen the European technology industry. We believe our customers will benefit from our improved innovation capability and incomparable R&D engine under the Bell Labs brand. The global scale and footprint of the new company will reinforce its presence in the United States and China.

The proposed transaction represents a compelling offer for our shareholders both in terms of upfront premium and long term value creation potential. Shareholders of Alcatel-Lucent now have the opportunity to participate in the future upside of the industrial project that they have supported during the last two years, through a stronger combined business with greater global scale and a better position for the longer term. The new company will also provide our employees exciting opportunities to be part of a global leader.

TRANSACTION OVERVIEW

The proposed transaction is expected to offer financial benefits to both Nokia and Alcatel-Lucent shareholders.

The combined company will be positioned to target a larger addressable market with an improved growth profile. Based on Nokia estimates, the addressable market of the combined company in 2014 was approximately 50% larger than the current addressable networks market for Nokia alone, increasing from approximately EUR 84 billion to approximately EUR 130 billion. The combined company is expected to have a stronger growth profile than Nokia's current addressable market, with an estimated CAGR of approximately 3.5% for 2014-2019.

The combined company would target approximately EUR 900 million of operating cost synergies to be achieved on a full year basis in 2019, assuming closing of the transaction in the first half of 2016. The operating cost synergies are expected to create a long-term structural cost advantage, coming from a wide-range of areas, including:

Organizational streamlining, rationalisation of overlapping products and services, central functions, and regional and sales organizations

Reduction of various overhead costs in real estate, manufacturing and supply-chain, information technology, and overall general and administrative expenses, including redundant public company costs

Procurement given expanded purchasing requirements of the combined company

The combined company would also target approximately EUR 200 million of reductions in interest expenses to be achieved on a full year basis in 2017. The transaction is expected to be accretive to Nokia earnings on a non-IFRS basis (excluding restructuring charges and amortization of intangibles) in 2017. These targets both assume closing of the transaction in the first half of 2016.

Table of Contents

The combined company is expected to have a strong balance sheet, with combined net cash at December 31, 2014 of EUR 7.4 billion, assuming conversion of all Nokia and Alcatel-Lucent convertible bonds.

Nokia maintains its long term target to return to an investment grade credit rating and intends to manage the combined capital structure accordingly by retaining significant gross and net cash positions and by proactively reducing indebtedness. This includes Nokia's intention to exercise an early repayment option for its EUR 750 million convertible bond in the fourth quarter of 2015, which is expected to result in the full conversion of this convertible bond to equity prior to the closing of the transaction, with no expected cash outflow.

Nokia will suspend its capital structure optimization program, including suspending the share repurchase program execution, effective immediately until the closing of the transaction. Following the closing of the transaction, Nokia intends to evaluate the resumption of a capital structure optimization program for the combined company.

The proposed transaction does not impact Nokia's ability and intent to continue annual dividend payments. Nokia's Board of Directors dividend proposal of EUR 0.14 for the year ended December 31, 2014 is maintained.

TRANSACTION TERMS

The proposed transaction is structured as a public exchange offer in France in accordance with the General Regulation of the French securities regulator, the *Autorité des Marchés Financiers* (the "AMF"), and all applicable securities laws and regulations in the United States, in which:

0.55 of a newly issued ordinary share of Nokia (subject to adjustments for any dividend other than the previously proposed Nokia dividend for 2014) would be offered in exchange for one ordinary share of Alcatel-Lucent issued and outstanding (including upon the exercise of Alcatel-Lucent stock options) at the time of the offer and tendered

0.55 of a newly issued ordinary share of Nokia (subject to adjustments for any dividend other than the previously proposed Nokia dividend for 2014) would be offered in exchange for one American Depositary Share of Alcatel-Lucent tendered

An equivalent offer will be made for each outstanding class of Alcatel-Lucent convertible bonds: OCEANE 2018, OCEANE 2019 and OCEANE 2020

After completion of the public exchange offer, Alcatel-Lucent shareholders would own 33.5% of the fully diluted share capital of the combined entity, and Nokia shareholders would own 66.5%, assuming full acceptance of the offer.

The proposed all-share transaction values Alcatel-Lucent at EUR 15.6 billion on a fully diluted basis, corresponding to a fully diluted premium of 34% (equivalent to EUR 4.48 per share), and a premium to the shareholders of 28% (equivalent to EUR 4.27 per share) on the unaffected weighted average share price of Alcatel-Lucent for the previous three months, based on Nokia's unaffected closing share price of EUR 7.77 on April 13, 2015.

The public exchange offer and the proposed combination will be implemented in accordance with the terms and conditions of the binding memorandum of understanding between Nokia and Alcatel-Lucent. In addition to the offer terms, the memorandum of understanding contains representations, warranties and undertakings by Nokia and Alcatel-Lucent typical in similar transactions. The memorandum of understanding may be terminated by Nokia or Alcatel-Lucent under certain circumstances prior to the

Table of Contents

filing and/or completion of the public exchange offers, including, for example, a material breach by either party of the terms and conditions of the memorandum of understanding prior to the filing of the offers, the occurrence of a material adverse effect in respect of either party prior to the filing of the offers, the Board of Directors of either party not issuing, or amending in an adverse manner its recommendation, non-receipt of regulatory approvals and certain other circumstances. The parties have further agreed on certain termination fees customary in similar European transactions and payable to the other party under certain circumstances, including a change or withdrawal of the recommendation by the Board of Directors of either party, and Nokia's failure to obtain the necessary shareholder approval or certain antitrust regulatory approvals.

Subject to Nokia acquiring at least ninety-five percent of the share capital and voting rights of Alcatel-Lucent, Nokia intends to commence a squeeze-out procedure of the remaining outstanding Alcatel-Lucent shares.

CONDITIONS TO OPENING AND COMPLETION OF THE PUBLIC EXCHANGE OFFER

The opening of the public exchange offer is subject to, inter alia, completion of relevant works council consultations; receipt of regulatory approvals in the relevant jurisdictions; the absence of any material adverse event occurring with respect to Nokia or Alcatel-Lucent prior to the filing of the offer with the *Autorité des Marchés Financiers* (AMF), the French securities regulator, and the United States *Securities and Exchange Commission* (SEC); the issuance by Alcatel-Lucent's board of a formal recommendation (*avis motivé*) in favour of the public exchange offer; and to other customary conditions.

In accordance with the French tender offer rules, following launch of the public exchange offer the completion of the offer will only be subject to the approval by Nokia's shareholders of the resolutions necessary to implement the combination and the public exchange offer, and to Nokia holding more than 50.00% of the share capital of Alcatel-Lucent on a fully diluted basis upon the closing of the public exchange offer.

PRELIMINARY TIMELINE AND NOKIA SHAREHOLDER MEETING

Alcatel-Lucent will immediately start the information process of its Group works council in order to obtain its opinion on the proposed public exchange offer.

It is expected that the remainder of 2015 will constitute a review period consisting of regulatory and merger control review in a number of jurisdictions, AMF review and other transaction approvals and reviews. Nokia plans to convene an Extraordinary General Meeting to pass the resolutions necessary to implement the combination and the public exchange offer after the receipt of relevant regulatory approvals. Nokia's Board of Directors will, subject to its fiduciary duties, recommend that its shareholders vote in favour of such resolutions.

The notice to the meeting will be published and more information on the public exchange offer and its background made available to both Nokia's and Alcatel-Lucent's shareholders after said regulatory steps, which is expected to take place in late 2015 or early 2016. The public exchange offer is expected to be launched and completed in the first half of 2016.

CORPORATE STRUCTURE AND GOVERNANCE

The planned combined company would be headquartered in Finland, with strategic business locations and major R&D centers in France, and many other countries including Germany, the United States and China. The business is expected to operate under the Nokia brand and intends to retain the Bell Labs brand to host its networks-focused innovation activities.

Table of Contents

Risto Siilasmaa is planned to serve as Chairman, and Rajeev Suri as Chief Executive Officer. The combined company's Board of Directors is planned to have nine or ten members, including three members from Alcatel-Lucent, one of whom would serve as Vice Chairman.

Nokia also announces today that it has initiated a review of strategic options for its HERE business. That review is ongoing, it may or may not lead to a transaction, and any further announcements about HERE will be made in due course, as appropriate.

Nokia Technologies, a source of superb innovation, expertise and intellectual property, is not impacted by today's announcements and will stay as a separate entity with a clear focus on incubating new technologies and sharing those technologies through an active licensing program.

Nokia shares are listed on Nasdaq Helsinki (ticker:NOK1V), and on the New York Stock Exchange in the form of American Depositary Receipts (ticker:NOK). In addition, Nokia will apply for a listing of Nokia's shares on NYSE Euronext Paris in connection with the public exchange offer.

COMMUNITIES AND ECOSYSTEM

Nokia is a global company, with deep roots and heritage in many parts of the world. When it joins with Alcatel-Lucent, it also expects that France, where Alcatel-Lucent is a fundamental participant in the technology ecosystem, will be a vibrant centre of the combined company. Nokia intends to be an important contributor to the overall development of the broader technology ecosystem and a driver of innovation in France.

Consistent with this goal, the combined company expects that after the closing of the transaction it will have a presence in France that spans leading innovation activities including a 5G/Small Cell R&D Centre of Excellence; a Cyber-Security lab similar to its existing facility in Berlin designed to support European collaboration on the topic; and a continued focus on Bell Labs and wireless R&D. Engaging with and supporting projects and academic efforts that enhance the development of future technologies will remain an important priority.

Upon closing of the transaction, Nokia also intends to establish a EUR 100 million investment fund to invest in start-ups in France with a focus on the Internet of Things and the Industrial Internet.

Nokia intends to maintain employment in France that is consistent with Alcatel-Lucent's end-2015 Shift Plan commitments, with a particular focus on the key sites of Villarceaux (Essonne) and Lannion (Côtes d'Armor). In addition, the company expects to expand R&D employment with the addition of several hundred new positions targeting recent graduates with skills in future-oriented technologies, including 5G. To ensure ongoing support for customers, activities for support services and pre- and post-sales are expected to continue as well.

Similarly Nokia and Alcatel-Lucent have had a defining impact on the United States communications industry. As long-standing technology partners of the US service providers and with a re-energized Bell Labs research and consultancy, the proposed combined company would have technological depth in all strategic domains combined with formidable operational strength. At a time where the industry is re-shaping itself with new architectures, business models and market players, Nokia and Alcatel-Lucent together would bring a compelling force to the fast evolving needs of large enterprises, webscale players, and the public sector, as well as service providers.

Nokia and Alcatel-Lucent also have a long and rich history in China. As a result of the transaction Nokia would own Alcatel-Lucent's 50% plus one share holding in Alcatel-Lucent Shanghai Bell, a company limited by shares supervised by the State-owned Assets Supervision and Administration

Commission of China. Risks and uncertainties include: the ability of Nokia to integrate Alcatel-Lucent into Nokia operations; the performance of the global economy; the capacity for growth in internet and technology usage; the consolidation and convergence of the industry, its suppliers and its customers; the effect of changes in governmental regulations; disruption from the proposed transaction making it more difficult to maintain relationships with customers, employees or suppliers; and the impact on the combined company (after giving effect to the proposed transaction with Alcatel-Lucent) of any of the foregoing risks or forward-looking statements, as well as other risk factors listed from time to time in Nokia's and Alcatel-Lucent's filings with the U.S. Securities and Exchange Commission (SEC).

The forward-looking statements should be read in conjunction with the other cautionary statements that are included elsewhere, including the Risk Factors section of the Registration Statement (as defined below), Nokia's and Alcatel-Lucent's most recent annual reports on Form 20-F, reports furnished on Form 6-K, and any other documents that Nokia or Alcatel-Lucent have filed with the SEC. Any forward-looking statements made in this stock exchange release are qualified in their entirety by these cautionary statements, and there can be no assurance that the actual results or developments anticipated by us will be realized or, even if substantially realized, that they will have the expected consequences to, or effects on, us or our business or operations. Except as required by law, we undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

IMPORTANT ADDITIONAL INFORMATION

This stock exchange release relates to the proposed public exchange offer by Nokia to exchange all of common stock and convertible securities issued by Alcatel-Lucent for new ordinary shares of Nokia. This stock exchange release is for informational purposes only and does not constitute an offer to exchange, or a solicitation of an offer to exchange, all of common stock and convertible securities of Alcatel-Lucent, nor is it a substitute for the tender offer statement on Schedule TO or the preliminary prospectus / offer to exchange included in the Registration Statement on Form F-4 (the Registration Statement) to be filed with the SEC, the listing prospectus of Nokia to be filed with the Finnish Financial Supervisory Authority or the tender offer document to be filed with the Autorité des marchés financiers (including the letter of transmittal and related documents and as amended and supplemented from time to time, the Exchange Offer Documents). The Registration Statement has not yet been filed with the SEC. The tender offer will be made only through the Exchange Offer Documents.

INVESTORS AND SECURITY HOLDERS ARE URGED TO READ THE EXCHANGE OFFER DOCUMENTS AND ALL OTHER RELEVANT DOCUMENTS THAT NOKIA OR ALCATEL-LUCENT HAS FILED OR MAY FILE WITH THE SEC, AMF, NASDAQ OMX HELSINKI OR FINNISH FINANCIAL SUPERVISORY AUTHORITY WHEN THEY BECOME AVAILABLE BECAUSE THEY CONTAIN OR WILL CONTAIN IMPORTANT INFORMATION.

All documents referred to above, if filed or furnished, will be available free of charge at the SEC's website (www.sec.gov).

Table of Contents**APPENDIX 1**

The fully diluted premium reflects the premium paid by Nokia on Alcatel-Lucent's market capitalization when adjusting for the dilutive effect of the Change of Control provisions in Alcatel-Lucent's three outstanding convertible bonds, which account for a substantial part of Alcatel-Lucent's equity, based on a 3-month volume weighted average price. Calculation (based on number of shares outstanding at the end of 2014) as follows:

- a. Alcatel-Lucent current diluted shares of 3 218 million reflecting: i) 2 780 million common outstanding shares as of Dec 31, 2014 net of 40 million of treasury shares, ii) 40 million shares from outstanding stock options (reflecting treasury method based on Alcatel-Lucent unaffected closing share price of EUR 3.86 on April 13, 2015), iii) 27 million performance shares, and iv) 370 million shares underlying Alcatel-Lucent's 2018 OCEANE convertible bonds
- b. Market capitalization of EUR 10 766 million based on Alcatel-Lucent current diluted shares of 3 218 million multiplied by the unaffected 3-month volume weighted average price of EUR 3.35
- c. Offer value based on Nokia's unaffected closing share price as of April 13, 2015 of EUR 7.77 and offer exchange ratio of 0.550x, resulting in an implied offer price of EUR 4.27 per share
- d. Alcatel-Lucent fully diluted shares of 3 643 million reflecting 3 218 million current diluted shares plus 426 million additional shares from Alcatel-Lucent's three tranches of OCEANE convertible bonds after reflecting change-of-control adjustment (takeover protection clause) based on an illustrative tender offer opening date of January 1, 2016. The breakdown of the 426 million shares is as follows: 68 million additional shares from the 2018 OCEANEs (over and above the 370 million already reflected in current diluted shares), 212 million shares from the 2019 OCEANEs and 145 million shares from the 2020 OCEANEs (neither of the 2019 or 2020 OCEANEs is included in the current diluted shares given they are out-of-the-money but the change-of-control adjustment reduces their effective conversion price, hence bringing them in-the-money).
- e. Fully diluted offer equity value of EUR 15 570 million (calculated as the implied offer price of EUR 4.27 multiplied by fully diluted shares of 3 643 million) less the aggregate face value of the 2019 and 2020 OCEANEs of EUR 1 149 million equaling the adjusted offer equity value of EUR 14 421 million (this number excludes the face value of the 2019 and 2020 OCEANEs but includes the premium offered to them as a consequence of a lower conversion price due to the change-of-control adjustment).
- f. Adjusted offer equity value of EUR 14 421 million divided by market capitalization of EUR 10 766 million equating to a fully diluted premium of 34%, equivalent to EUR 4.48 per share

APPENDIX 2: PRELIMINARY COMBINED FINANCIAL INFORMATION*Basis for preparation*

The unaudited financial information presented below is based on Nokia's and Alcatel-Lucent's audited financial statements for the full year 2013 and 2014.

The combined financial information is for illustrative purposes only. The combined financial information gives an indication of the combined company's sales and earnings assuming the activities were included in the same company from the beginning of each period. The combined financial information is based on a hypothetical situation and should not be viewed as pro forma financial information as purchase price allocation, differences in accounting principles and transaction costs have not been taken into account. The difference between transaction value, which has been calculated based on the closing price of Nokia shares as of April 13, 2015 and Alcatel-Lucent's book equity has been allocated to non-current assets. The expected synergies have not been included.

Table of Contents

For the purposes of financial reporting, the actual combined financials will, however, be calculated based on the transaction value and the fair values of Alcatel-Lucent's identifiable assets and liabilities at the closing date. Balance sheet items could therefore differ significantly from the combined financial information presented below and, as a result, have a significant impact on other items included in the income statement of the combined company.

This stock exchange release also contains non-IFRS operating profit information. For a reconciliation between reported and non-IFRS/adjusted information please see the reports for Q4 2014 and Full Year 2014. The reconciliation of the Full Year 2014 numbers can be found on page 41 in the report issued by Nokia on January 29, 2015 and on page 10 in the report issued by Alcatel-Lucent on February 6, 2015.

Table of Contents**PART II****INFORMATION NOT REQUIRED IN PROSPECTUS****Item 20. Indemnification of Directors and Officers**

Pursuant to the Finnish Companies Act, it is only possible to limit the company's right to claim damages from the members of the board of directors or the Chief Executive Officer by a provision to that effect in the company's articles of association, which is subject to the unanimous approval of all shareholders. Further, it is not possible to limit the company's right to claim damages to the extent that loss or damage has been caused either due to a breach of the mandatory provisions of the Finnish Companies Act or through willful or grossly negligent behavior. Nokia's articles of association do not include any provisions limiting the company's right to claim damages.

It is, however, possible for a Finnish company to indemnify its members of the board of directors and officers against claims for damages made by shareholders or third parties through the use of individual indemnity undertakings. The exact scope of such indemnity undertakings acceptable under Finnish law is not clear. However, it is generally accepted in Finnish legal literature that such indemnity undertakings cannot effectively be used to limit the company's right to claim damages from the members of its board of directors or the Chief Executive Officer.

Moreover, according to general principles of Finnish employment law, an employer may, under certain circumstances, be required to indemnify an employee against losses and expenses incurred by him in the execution of his or her duties under the employment agreement, subject to certain exceptions.

- (b) That, for purposes of determining any liability under the Securities Act, each filing of Alcatel Lucent's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report to Section 15(d) of the Exchange Act) that is incorporated by reference in this Registration Statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

- (c)
 - (1) To respond to requests for information that is incorporated by reference into the exchange offer/prospectus pursuant to Items 4, 10(b), 11 or 13 of Form F-4, within one business day of receipt of such request, and to send the incorporated documents by first-class mail or other equally prompt means; and

 - (2) To arrange or provide for a facility in the United States for the purpose of responding to such requests.

The undertaking in subparagraph (1) above includes information contained in documents filed subsequent to the effective date of this Registration Statement through the date of responding to the request.

- (d) To supply by means of a post-effective amendment all information concerning a transaction and Alcatel Lucent involved therein, that was not the subject of and included in this Registration Statement when it became effective.

- (e) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
