Francis, Mr. Richard M. Hutson II, Mr. R. Horace Johnson, Mr. H. Joe King, Jr., Mr. James R. Morton and Mr. A. Scott Parker III. The Board of Directors Independence Standards can be found in the Investor Relations section of the Company's website at www.invtitle.com under the heading "Corporate Governance."

Executive Sessions

Executive sessions that include only the independent members of the Board of Directors are held periodically.

Compensation Committee Interlocks and Insider Participation

In 2008, Mr. Hutson, Mr. Morton and Mr. Parker served as the members of the Compensation Committee. Mr. Loren Harrell served on the Compensation Committee until the end of his term in May, 2008, at which time Mr. Hutson joined the Compensation Committee. None of these directors have ever been officers or employees of the Company or any of its subsidiaries. During 2008, none of the executive officers of the Company served on the compensation committee (or equivalent), or the board of directors, of another entity whose executive officer(s) served on the Board of Directors of the Company or its Compensation Committee.

Board of Directors and Committees

During the year ended December 31, 2008, the Board of Directors held four meetings. All incumbent directors and nominees attended 75% or more of the aggregate number of meetings of the Board of Directors and committees of the Board on which they served. The Company expects each of its directors to attend the Annual Meeting of Shareholders unless an emergency prevents them from attending. All of the Board members were present at the 2008 Annual Meeting.

The Company's Board of Directors has a standing Audit Committee, Compensation Committee, and Nominating Committee.

The Audit Committee. In 2008 the Audit Committee was composed of Mr. Francis, Mr. Johnson and Mr. King. The Audit Committee met nine times in 2008.

The Audit Committee is directly responsible for overseeing the Company's accounting and financial reporting processes and appointing, retaining, compensating and overseeing the Company's independent registered public

accounting firm and reviewing the scope of the annual audit proposed by the independent registered public accounting firm. In addition, the Committee reviews and approves related party transactions and periodically consults with the independent registered public accounting firm on matters relating to internal financial controls and procedures. The Committee is responsible for establishing and administering complaint procedures related to accounting and auditing matters.

The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which is posted under the Committee heading of the Corporate Governance area of the Investor Relations section of the Company's website at www.invtitle.com. The Audit Committee reviews and assesses the adequacy of the charter on an annual basis.

3

The Board of Directors has determined that each member of the Company's Audit Committee is "independent" as defined under applicable NASDAQ listing standards and SEC rules. The Board of Directors has also determined that all of the current Audit Committee members—Mr. Francis, Mr. Johnson and Mr. King—are "audit committee financial experts" as defined under applicable SEC rules. See "Audit Committee Report" below for the formal report of the Audit Committee for 2008.

The Compensation Committee. In 2008, the Compensation Committee was composed of Mr. Hutson, Mr. Morton and Mr. Parker. Mr. Loren Harrell served on the Compensation Committee until the end of his term in May, 2008, at which time Mr. Hutson joined the Compensation Committee. The Compensation Committee met three times in 2008. The Board of Directors has determined that each member of the Compensation Committee is "independent" as defined under applicable NASDAQ listing standards.

The Compensation Committee operates under a written charter that can be found under the Committee heading of the Corporate Governance area of the Investor Relations section of the Company's website at www.invtitle.com. The Compensation Committee reviews and assesses the adequacy of the charter on an annual basis.

The Compensation Committee determines, or recommends to the Board of Directors for determination and for payment by the Company's wholly owned subsidiary, Investors Title Insurance Company, salaries, bonuses and other compensation of executive officers. The Committee also reviews, approves and administers the Company's equity incentive plans. For additional information regarding the Company's processes and procedures for the consideration and determination of director and executive officer compensation, see "Compensation of Directors" and "Executive Compensation" Compensation Discussion and Analysis Determining Executive Compensation" below.

See "Compensation Committee Report" below for the formal report of the Compensation Committee for 2008.

The Nominating Committee. In 2008, the Nominating Committee was composed of Mr. Francis, Mr. King and Mr. Morton. The Nominating Committee met two times in 2008.

The Nominating Committee operates under a written charter that can be found under the Committee heading of the Corporate Governance area of the Investor Relations section of the Company's website at www.invtitle.com. The Nominating Committee reviews and assesses the adequacy of the charter on an annual basis.

The Board of Directors has determined that each member of the Company's Nominating Committee is "independent" as defined under applicable NASDAQ listing standards.

The Nominating Committee is responsible for identifying, evaluating and recommending to the Board of Directors candidates for election to the Board of Directors as well as appropriate members for the Audit and Compensation Committees. A slate of nominees for director to present to the shareholders is recommended to the Board of Directors by the Nominating Committee and determined by at least a majority vote of the members of the Board of Directors whose terms do not expire during the year in which the election of directors will occur.

The Nominating Committee considers a variety of factors before recommending a new director nominee or the continued service of existing Board members. At a minimum, the Nominating Committee believes that a director nominee must demonstrate character and integrity, have an inquiring mind, possess substantial experience at a strategy or policy setting level, demonstrate an ability to work effectively with others, possess either high-level managerial experience in a relatively complex organization or experience dealing with complex problems, have sufficient time to devote to the affairs of the Company and be free from conflicts of interest with the Company and its subsidiaries.

4

Other factors the Nominating Committee considers when evaluating a potential director nominee are:

1. Whether the candidate would assist in achieving a diverse mix of Board members;
2. The extent of the candidate's business experience, technical expertise, and specialized skills or experience;
3. Whether the candidate, by virtue of particular experience relevant to the Company's current or future business, will add specific value as a Board member; and
4. Any other factors related to the ability and willingness of a candidate to serve, or an incumbent director to continue his or her service to, the Company.

The Nominating Committee believes that a majority of the members of the Company's Board of Directors should be independent as defined under applicable NASDAQ listing standards and, as a result, it also considers whether a potential director nominee is independent under such standards. The Committee also requires that all members of the Audit Committee be financially literate pursuant to applicable NASDAQ listing standards and that at least one member of the Audit Committee be an "audit committee financial expert" as defined under SEC rules. Therefore, the Nominating Committee considers whether a potential director nominee meets these criteria when evaluating his or her qualifications.

It is the policy of the Nominating Committee to consider all director candidates recommended by shareholders, provided that such recommendations are made in accordance with the procedures outlined below. The Nominating Committee evaluates such candidates in accordance with the same criteria it uses to evaluate all other director candidates.

Any shareholder that wishes to recommend a director candidate to be considered for the 2010 Annual Meeting of Shareholders should send his or her recommendation to the attention of the Corporate Secretary, Investors Title Company, P.O. Box 2687, Chapel Hill, North Carolina 27515-2687, no later than December 15, 2009. The candidate's name, age, business address, residential address, principal occupation, qualifications and the number of shares of Common Stock beneficially owned by the candidate must be provided with the recommendation. The shareholder must also provide a signed consent of the candidate to serve, if elected, as a director of the Company, and shall include all other information that would be required under the rules of the SEC in the proxy statement soliciting proxies for election of the director candidate.

COMPENSATION OF DIRECTORS

Directors who are not employees of the Company receive an annual retainer for Board services of \$3,000 and an attendance fee of \$1,500 for each meeting of the Board of Directors attended, in addition to actual travel expenses related to the meetings. Directors receive a \$500 fee for participating in a committee meeting provided that the committee meeting is held on a day other than the regularly scheduled board meeting date. The Audit Committee Chairperson receives an additional annual retainer of \$500. Directors who are employees of the Company are paid no fees or other remuneration for service on the Board or on any Board committee.

On May 21, 2008, the date of the Company's 2008 Annual Meeting of Shareholders, each non-employee director was granted 500 Stock Appreciation Rights ("SARs") under the Company's 2001 Stock Option and

Restricted Stock Plan with an exercise price of \$47.88. Upon exercise of each SAR, a director is entitled to receive an amount (payable in shares of the Company's common stock) equal to the difference between the closing price of the Company's common stock on the business day immediately preceding the date of exercise and the exercise price. The number of shares paid on exercise is determined by dividing this amount by the closing price of the Company's common stock on the business day immediately preceding the date of exercise. These SARs vest in four quarterly installments and became exercisable, to the extent vested, as of June 30, 2008. These SARs will expire on May 21, 2015.

The Board of Directors makes all decisions regarding the compensation of the members of the Board of Directors. The Chief Executive Officer makes periodic recommendations regarding director compensation, and the Board of Directors may exercise its discretion in modifying any recommended compensation adjustments or awards to the directors.

PROPOSALS REQUIRING YOUR VOTE

Proposal 1 - Election of Directors

The Company’s Board of Directors is composed of 9 members divided into three classes with staggered terms of three years for each class. Based on the recommendations of the Nominating Committee, the Board of Directors has nominated James A. Fine, Jr., H. Joe King, Jr. and James R. Morton for election to serve for a three-year period or until their respective successors have been elected and qualified.

The nominees will be elected if they receive a plurality of the votes cast for their election. Broker non-votes and abstentions will be counted for purposes of establishing a quorum, but will not be counted in the election of directors and therefore will not affect the election results if a quorum is present. It is the intention of the persons named as proxies in the accompanying proxy card to vote all shares represented by proxy for the three nominees listed below, unless the authority to vote is withheld. If any of the nominees should withdraw or otherwise become unavailable for reasons not presently known, the shares represented by proxy will be voted for three nominees including such substitutions as shall be designated by the Board of Directors. The shares represented by proxy in no event will be voted for more than three persons.

The Board unanimously recommends that you vote FOR the election of the directors nominated to serve until the Annual Meeting of Shareholders in 2012.

Proposal 2 □ Approval of 2009 Stock Appreciation Plan

On March 2, 2009, the Board of Directors adopted, subject to stockholder approval, the Investors Title Company 2009 Stock Appreciation Right Plan (the "Plan"). The Plan reserves 250,000 shares of the Company's common stock for issuance of stock appreciation rights ("SARs") to key employees, officers, directors and consultants of the Company and its subsidiaries.

As described under "Executive Compensation" Compensation Discussion and Analysis and Compensation of Directors, equity-based incentive awards are periodically provided to officers and directors in order to closely link their interests with those of the Company's stockholders, reward performance and encourage long-term commitment. By delivering value only when the market price of the Company's common stock increases, such awards provide an incentive for officers and directors to manage the Company from the perspective of an owner with an equity stake.

With these purposes in mind, equity-based incentives have been provided to key employees, officers and directors for a number of years under the 2001 Stock Option and Restricted Stock Plan, as amended, which expires February 11, 2011, and the 1997 Stock Option and Restricted Stock Plan, which expired March 9, 2007 (the "Prior Plans"). Under the Prior Plans, 121,220 shares of common stock are subject to outstanding grants and only 133,500 shares remain available for future grants. Outstanding grants under the Prior Plans will continue in effect until exhausted or expired.

The Plan being proposed for approval at the meeting is intended to increase the reserve of common stock available for SAR grants to continue to provide equity-based incentive compensation to our key employees, officers and directors that is consistent with the Company's long-term strategic objectives and the objectives of the executive compensation program.

The Plan is also intended to provide income tax benefits. Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), generally limits the deduction that the Company may take for compensation of the

Chief Executive Officer and certain other most highly compensated executive officers. Under Section 162(m), certain compensation will not be subject to this limitation if certain requirements are satisfied, including stockholder approval of the Plan. If the Plan is approved by the stockholders and other conditions of Section 162(m) relating to performance-based compensation are satisfied, the compensation paid to covered officers under the Plan will not fail to be deductible by us due to the operation of Section 162(m).

The following is a summary of the principal terms and provisions of the Plan. The full text of the Plan is attached to this proxy statement as Appendix A. Please refer to Appendix A for a more complete description of the terms of the Plan.

Description of the Plan

The Plan provides that up to 250,000 shares of the Company's common stock will be available for grants of SARs. The total number of shares that may be issued to any one participant with respect to SARs granted under the Plan may not exceed an aggregate of 50,000 shares of common stock. Unless sooner terminated as provided

in the Plan, the Plan will terminate on March 2, 2019, and no SARs may be granted under the Plan after such date. If any SAR granted pursuant to the Plan expires or terminates for any reason before it has been exercised in full, the unpurchased shares of our Common Stock subject to that SAR will again be available for the purposes of the Plan.

The Plan will be administered by the Compensation Committee of the Board of Directors (the "Committee") or, to the extent required, a subcommittee of at least two members of the Compensation Committee who are "non-employee" directors within the meaning of Rule 16b-3 promulgated under the Securities Exchange Act of 1934 or "outside directors" within the meaning of Section 162(m) of the Code.

The Committee in its sole discretion will determine the key employees, officers and directors whom shall be granted SARs under the Plan, the number of SARs to be granted, the exercise price and duration of each SAR, the corporate or individual performance or other vesting requirements for SARs, and any other terms and conditions of SARs granted under the Plan. The Board of Directors may also grant SARs from time to time to consultants who are not employees of our Company.

The exercise price of SARs granted under the Plan will be determined by the Committee at the time of the grant, but may not be less than 100% of the closing market price of our common stock on the business day immediately preceding the date of grant. The Committee will determine at the time of the grant the dates on which SARs will become exercisable and may accelerate the scheduled exercise date of a SAR if it deems appropriate. No SAR may expire later than ten years from the date of grant.

Upon exercise of a SAR, the grantee will be entitled to receive an amount (payable in shares of our common stock, cash or combination of each as determined by the Committee) equal to the difference between the closing market price of the Company's common stock on the business day immediately preceding the date of exercise and the exercise price.

Unless otherwise provided in the applicable SAR award agreement, a SAR will terminate if the SAR holder ceases to be employed by the Company, or any parent or subsidiary, for any reason other than death or disability. In the event a SAR holder becomes disabled while employed by the Company, a SAR may be exercised at any time within three months after the date of termination due to disability unless a longer or shorter period is provided in the applicable SAR award agreement. If a SAR holder dies while employed by the Company, or any parent or any subsidiary, the SAR award will expire one year after the date of death, unless a longer or shorter period is specifically provided in the applicable SAR award agreement.

If the Company becomes a party to any merger or consolidation in which it is not the surviving entity or pursuant to which the Company's stockholders exchange their common stock, or if the Company is dissolved or liquidated or sells all or substantially all of its assets, all SARs outstanding under the Plan will, unless otherwise provided in the applicable SAR award agreement, terminate on the effective date of such event. Prior to such

effective date, however, the Committee may, in its discretion, (i) make any or all outstanding SARs immediately exercisable, (ii) authorize a payment to any SAR holder that approximates the economic benefit that he would realize if his SAR were exercised immediately before such effective date, (iii) authorize a payment in such other amount as it deems appropriate to compensate any SAR holder for the termination of a SAR, or (iv) arrange for the granting of a substitute SAR to any SAR holder.

The number and class of shares available under the Plan and the exercise price per each share covered by a SAR will be adjusted appropriately in the event of stock splits and combinations, share dividends and similar changes in capitalization.

The Plan provides that the Board of Directors may terminate, amend or revise the terms of the Plan at any time, except that no amendment or revision shall, without approval of the stockholders, (i) increase the maximum aggregate number of shares subject to the Plan, except as permitted by the Plan in order to make appropriate adjustments for stock splits, share dividends or similar changes in common stock; (ii) change the minimum purchase price for shares subject to SARs granted under the Plan; (iii) extend the maximum duration of ten years established under the Plan for any SAR award; or (iv) permit the granting of a SAR award to anyone other than

eligible participants under the terms of the Plan.

Federal Income Tax Consequences

As described above, the Plan is intended to meet the provisions of Section 162(m) such that any deductions realized from SAR transactions under the Plan will not be limited.

The Plan is intended to comply with Section 409A of the Code, to the extent applicable. The Company reserves the right to amend the Plan or any award granted under the Plan, by action of the Committee, without the consent of any affected participant, to the extent deemed necessary or appropriate for purposes of maintaining compliance with Section 409A of the Code and the regulations promulgated thereunder.

Plan Benefits

Because the Plan is discretionary, it is not possible to determine or estimate the benefits or amounts that may be granted in the future to employees, officers or directors under the Plan.

Vote Required

Approval of the Plan will require a majority of the votes cast at a meeting at which a majority of the outstanding shares of our common stock entitled to vote are present in person or by proxy.

The Board unanimously recommends that you vote FOR the proposal to approve the 2009 Stock Appreciation Right Plan.

The Compensation Committee (for purposes of this Proxy Statement, the "Committee") of the Board has responsibility for establishing an executive compensation philosophy, implementing a compensation program designed to uphold the principles of the compensation philosophy, and continually monitoring adherence to the compensation program. One of the Committee's most important responsibilities is continually reviewing the total compensation paid to the Company's executives to ensure it is fair, reasonable, and competitive. The Committee has reviewed and discussed the Compensation Discussion and Analysis presented below with management, and based on such review and discussions, the Committee recommended that the Compensation Discussion and Analysis be included in this Proxy Statement and the Company's Annual Report on Form 10-K for the year ended December 31, 2008.

EXECUTIVE COMPENSATION**Compensation Discussion and Analysis**

The Committee is responsible for setting the compensation of the named executive officers listed in the Summary Compensation Table. The ensuing discussion and analysis of the material elements of the Company's executive compensation program focuses on the following:

- the philosophy and objectives of the compensation program, including the results and behaviors the program is designed to reward;
- the process used to determine executive compensation;
- each element of compensation (see "Elements of Executive Compensation" section below);
- the reasons why the Committee chooses to pay each element;
- how the Committee determines the amount of each element; and
- how each element and the Committee's decisions regarding that element fit into the Committee's stated objectives and affect the Committee's decisions regarding other elements.

Philosophy and Objectives of the Executive Compensation Program

The Committee believes that the ultimate objective of an effective executive compensation program is to reward the accretion of stockholder value over the long term. In keeping with this philosophy, the Committee has designed the Company's executive compensation program to reward the achievement of the Company's objectives, and to align the interests of executives with those of stockholders.

Retention of talented executives with the skills, experience, and vision to lead the Company is integral to the Company's success. However, given the Company's history as a family-managed company, the Committee's philosophy tends to focus more on fairness, executive performance, and long-term commitment than on attracting and retaining the Company's executive officers.

To support the over-arching objective of the accretion of stockholder value, a significant focus of the executive compensation program is to reward the attainment of short-term and long-term Company goals, and to provide the proper motivation for the executive officers to strive to achieve those goals. The Committee believes that to align the interests of executives and stockholders, the executive compensation package must include both cash and equity compensation.

While the Committee does review stock performance in making its compensation decisions, it places relatively low emphasis on short-term stock performance as a measurement of Company and executive performance. The Committee feels this is appropriate since short-term movements in stock price are subject to factors unrelated to performance and beyond the control of executive officers, including factors affecting the securities markets generally. The Company's management strives to build stockholder value by meeting customer needs, building cash flow and return on assets, and promoting operational excellence and strategic innovation. The pursuit of such long-term objectives is not always consistent with producing short-term results to increase stock price, but the Committee believes that taking a long-term view will demand performance that is more likely to maximize return to the stockholders over time. The Committee believes that there are many ways in which its executive officers and other executives contribute to building a successful company. While the Company's financial statements and stock price should eventually reflect the results of those efforts, many long-term strategic decisions made in pursuing the growth and development of the Company may have little visible impact on stock price in the short term.

Finally, the Committee's philosophy considers the cyclical nature of the Company's business, which is strongly influenced by factors external to the Company, such as prevailing mortgage interest rates, wage growth and employment rates, and overall economic activity in the markets the Company serves. Because these factors are beyond the control of the executive officers, the Committee does not attempt to closely link annual operating results with annual compensation. Instead, the Committee focuses on the accretion of stockholder value over time, among other measures, in evaluating the performance of the executive officers and in designing the executive compensation program.

In summary, the Company's executive compensation program is designed to support five objectives:

- aligning executives' interests with those of stockholders;
- promoting and rewarding the fulfillment of annual and long-term strategic objectives;
- promoting and rewarding long-term commitment;
- maintaining internal compensation equity; and
- competing for talent in order to attract and retain executives with the skills and attributes the Company needs.

Determining Executive Compensation

The Committee makes all compensation decisions for the named executive officers and approves recommendations regarding equity awards for all of the Company's elected officers. Decisions regarding non-equity compensation of all other officers and employees are made by the Company's named executive officers.

The Chief Executive Officer annually reviews the performance of each of the other named executive officers with respect to achievement of established performance standards and attainment of the Company's objectives. Based on those reviews, the Chief Executive Officer makes recommendations with respect to compensation to the Committee. The Committee then can exercise its discretion in modifying any recommended adjustments or awards to the other named executive officers based upon its evaluation of their performance as well as other aspects of the Committee's compensation philosophy.

The Committee's review of the Chief Executive Officer's compensation is subject to separate procedures. The Committee evaluates the Chief Executive Officer's performance, reviews the Committee's evaluation with him, and based on that evaluation and review, determines the amount of salary adjustment and incentive award. Consistent with the requirements of the listing standards of The Nasdaq Stock Market LLC, the Chief Executive Officer is excused from meetings of the Committee during voting deliberations regarding his compensation.

The Committee is guided by its executive compensation philosophy, its own judgment, and other sources of information that it considers relevant. In addition, the Committee annually reviews tally sheets showing each executive officer's compensation history with respect to each element of compensation for a period of five years. The Committee does not currently retain executive compensation consultants.

Based upon the cyclical nature of the Company's business, the Committee believes that compensation of the executive officers cannot be based upon fixed formulas and that the prudent use of discretion in determining compensation will generally be in the best interests of the Company and its stockholders. Accordingly, in the exercise of its discretion, the Committee may approve changes in compensation that it considers to be appropriate to award performance or otherwise to provide incentives toward fulfilling the philosophy and objectives of our executive compensation program.

Elements of Executive Compensation

For the fiscal year ended December 31, 2008, the principal components of compensation for the named executive officers were:

- base salaries;
- annual performance-based incentive compensation;
- long-term equity incentive compensation;
- a nonqualified supplemental retirement benefit plan;
- a nonqualified deferred compensation plan;
- benefits under employment agreements;
- potential payments and benefits upon change of control; and
- benefits and perquisites.

Base Salaries. Base salaries represent a usual and expected component of executive compensation, and are paid to provide executives with a fixed level of compensation. In setting base salaries for the executive officers, the Committee considers the following factors:

- the responsibilities and critical leadership role of the executives;
- the experience and individual performance of the executives, and their contribution to the Company's strategic initiatives;
- the Company's financial performance, judged in light of external market factors;
- the Company's stock price performance, in absolute terms and relative to its peers and the market as a whole;

18

- the Committee's evaluation of market demand for executives with similar capability and experience;
- the Committee's desire to strike an appropriate balance between the fixed elements of compensation and the variable performance-based elements; and
- obligations under employment agreements.

Salary levels are typically considered annually as part of the Company's performance review process, or upon a promotion or other change in job responsibility. For 2008, each of the named executive officers received an increase in base salary, reflected as a percentage of 2007 base salary, as follows: J. Allen Fine □ 6.8%; James A. Fine, Jr. □ 6.9%; W. Morris Fine □ 12.1%. The increase for each officer for 2008 includes a 4.0% administrative increase provided to all qualifying employees in connection with a transition from the Simplified Employee Pension Plan to the 401(k) Plan adopted by the Company in 2008. Further, the increase for W. Morris Fine includes an additional 5.2% to reflect responsibilities in connection with his position as Executive Vice President and to provide compensation equity with James A. Fine, Jr., in keeping with the philosophy and objectives of the Company's executive compensation program.

Performance-Based Incentive Compensation. Incentive compensation is provided to reward performance and motivate the executives to achieve the Company's short-term and long-term objectives. The Committee sets target incentive awards that are designed to link a substantial portion of each individual's total annual compensation to the attainment of these objectives. In setting target incentive awards, the Committee considers each executive's level of responsibility and degree of influence on the Company's objectives, as well as the Committee's desire to strike an appropriate balance between the fixed elements of compensation and the variable performance-based elements. By design, targeted at-risk pay for the named executive officers is a significant

component of the total compensation package, between 55% and 65% of potential total cash compensation.

Grants of incentive awards are based primarily upon the attainment of performance objectives. The performance objectives are centered on the Company's financial performance, the pursuit of growth and diversification in business, and other strategic initiatives. The incentive compensation for any given year is not tied to target amounts by a specific fixed formula. In determining the incentive award amounts, the Committee reviews the Company's progress toward meeting its objectives, and each executive officer's contribution toward that progress, in the context of award amounts from prior years, as well as the Committee's judgment and use of discretion.

No incentive payments were granted to the executive officers for 2008 as a result of reduced Company profits. In the Committee's view, the reduced Company performance in 2008 is primarily attributable to overall market conditions beyond the control of executives. Notwithstanding progress the Company made toward achieving certain of its objectives, and the fact that the Company's financial performance was superior to that of many of its peers, the Committee decided to forego the incentive payments in light of the financial performance and overall market uncertainty.

Long-Term Equity Incentive Compensation. The Committee periodically considers awarding equity-based incentives to the named executive officers, as well as other officers and employees, in order to closely link the interests of the program participants with those of stockholders, reward short-term performance, and encourage long-term commitment. By delivering value only when the value of the Company's stock increases, equity-based incentives motivate executives to focus on managing the Company from the perspective of an owner with an equity stake in the Company. In the Committee's opinion, past equity-based incentive awards were successful in focusing senior management on building profitability and shareholder value.

The Committee does not follow the practice of making annual or other periodic awards to individuals who are determined to be eligible to participate in the Plan. However, the Committee does regularly evaluate the stock ownership of key employees and, when it deems it appropriate, makes awards in accordance with the philosophy outlined above.

Typically, eligible employees are those who are in a position to significantly influence the achievement of the Company's objectives. Awards granted to an individual are based upon a number of factors, including the Company's performance, the individual's performance, and the recipient's position, salary, and performance. In addition, the Committee considers the degree of each potential recipient's ability to influence the attainment of the Company's goals. We expect that individuals who receive these awards will retain a substantial portion of the shares awarded to them to foster a mutuality of interests with our stockholders.

All stock option grants are made under the Investors Title Company 1997 and 2001 Stock Option and Restricted Stock Plans, which stockholders approved on May 13, 1997 and May 16, 2001, respectively. Stock option grants generally become exercisable in five or ten equal annual installments beginning on the grant date, and no more than 50,000 options may be granted to one individual under each Plan. No new stock option grants were made to the executive officers in 2008. No additional equity grants may be issued under the 1997 plan. Under the 2001 plan, 133,500 additional units are available for issuance, and they may be issued through February 11, 2011.

The Board has recommended for shareholder approval a new 2009 Stock Appreciation Right Plan, referenced in this proxy statement as Proposal 2. The Committee believes approval of this plan is important to increase the reserve of equity available to us so that we can continue to provide equity-based incentive compensation to our key employees, officers, and directors, which is consistent with our long-term strategic objectives and the objectives of our executive compensation program.

Non-Qualified Supplemental Retirement Benefit Plan. The Committee adopted a Non-Qualified Supplemental Retirement Benefit Plan of the Company's wholly owned subsidiary, Investors Title Insurance Company (ITIC), in November 2003. This plan is an unfunded defined contribution plan designed to provide additional retirement benefits on a tax-deferred basis for select management or highly compensated employees. It is intended to promote long-term commitment by enhancing the participants' post-retirement financial security.

The Committee determines the roster of plan participants on the basis of the significance of each employee's ability to influence the Company's objectives. Currently, each of the named executive officers participates in this plan.

For 2004 through 2008, ITIC made quarterly hypothetical contributions to each participant's account under the plan equal to 22% of his cash compensation each quarter. The plan contemplates that after 20 quarters of participation, additional contributions to each participant's account will be at the Committee's discretion. The twentieth quarter for specified contributions ended on December 31, 2008.

Amounts credited to a participant's account may be deemed either to earn a specified rate of interest or to be invested in a security, index, or other investment as determined by the Committee from time to time. Since the effective date of the plan, the amounts credited to each participant's account have been deemed to earn interest at an annual rate of return, compounded quarterly, based on the then current yield on the 10-Year U.S. Treasury Note.

Except as discussed below, amounts in a participant's account (reflecting the hypothetical contributions and any deemed returns) are paid at the earlier of the participant's termination of employment or death. Each participant has the option of electing to be paid either a lump sum amount equal annual installments spread over a term, of five, ten, fifteen, or twenty years, or life annuity payments.

The hypothetical Company contributions for 2008, reflecting amounts credited to the Non-Qualified Supplemental Retirement Benefit Plan accounts of the executive officers, are included in the "All Other Compensation" amounts shown in the Summary Compensation Table below.

The Supplemental Retirement Benefit Plan was amended effective January 1, 2009, to provide clarification to certain provisions of the plan, and to provide for the plan's compliance with the requirements of Internal Revenue Code Section 409A. The amendments also provided for a special one-time distribution election as permitted under Section 409A. Under the special distribution election, each participant was entitled to elect to receive a one-time lump sum distribution on January 15, 2009 of all amounts in the participant's account. Each executive officer elected to be paid their respective plan balances in full on January 15, 2009.

Non-Qualified Deferred Compensation Plan. The Committee adopted a Non-Qualified Deferred Compensation Plan of ITIC in June 2004. This plan is an unfunded defined contribution plan designed to provide additional retirement benefits on a tax deferred basis for select management or highly compensated employees. It is intended to promote long-term commitment by enhancing the participants' post-retirement financial security. The Committee determines the roster of plan participants on the basis of the significance of each employee's ability to influence the Company's objectives. Currently, each of the named executive officers participates.

For 2005 and subsequent years, the Deferred Compensation Plan permits each participant to elect annually to defer any portion of his cash compensation. The plan also provides that on or before December 31st of each year, beginning in 2004, the Company will make a hypothetical contribution to a participant's account under the plan equal to the amount that would have been contributed to the participant's Simplified Employee Pension Plan if the contributions to this plan were not limited under the federal tax laws.

Except as discussed below, participant account balances (reflecting elective compensation deferrals, the hypothetical contributions, and any deemed returns) are paid at each participant's termination of employment in a lump sum.

The amounts credited to the Deferred Contribution accounts of the named executive officers reflecting the Company's hypothetical contributions are included in the "All Other Compensation" amounts shown in the Summary Compensation Table below.

The Non-Qualified Deferred Compensation Plan was amended effective January 1, 2009, to provide clarification to certain provisions of the plan, and to provide for the plan's documentary compliance with the requirements of Internal Revenue Code Section 409A. Material amendments include the following:

- Removal of the requirement that the Company make a hypothetical contribution to each participant's account under the plan equal to the amount that would have been contributed the participant's Simplified Employee Pension Plan if the contributions to this plan were not limited under the federal tax laws.
- The provision of a special one-time distribution election as permitted under Section 409A. Under the special distribution election, each participant was entitled to elect to receive a one-time lump sum distribution on January 15, 2009 of all amounts in the participant's account. Each executive officer elected to be paid their respective plan balances in full on January 15, 2009.
- A clarification that no further Company contributions shall be made for calendar years beginning on or after January 1, 2009.

Benefits Under Employment Agreements. ITIC has entered into employment agreements with the executive officers under which they are entitled to certain compensation and benefits, including severance benefits. These agreements are intended to provide employment security by specifying minimum base salaries and benefits. Additionally, under these agreements, the executive officers agree to certain non-competition and non-solicitation covenants. For additional information regarding these employment agreements see [] *Summary Compensation Table* [] *Employment Agreements* [] below. For detailed information regarding severance benefits see [] *Potential Payments Upon Termination or Change of Control* [] below.

The employment agreements for each of the executive officers were amended effective January 1, 2009. Material amendments include the following:

- Documentary compliance with Internal Revenue Code Section 409A, including a requirement that any annual performance-based incentive compensation be paid no later than March 15 of the calendar year following the year in which the compensation is earned as well as more stringent requirements regarding conditions under which a payment may be made under the plan and the timing of such payments.
- A provision that the Company will make an annual cash payment to each executive officer equal to the amount that would have been contributed to the Executive's 401(k) plan account if the contributions to the 401(k) plan were not limited under the federal tax laws. This replaces a substantially similar provision that was removed in the amended Non-Qualified Deferred Compensation Plan.

- An increase in the minimum base salary for each executive officer to reflect existing base salaries. Base salaries have increased in conjunction with the annual salary review process since the original employment agreements were executed, and the amended agreements reflect the current salaries.
- The establishment of minimum payments to each executive officer in the event of (i) disability or retirement, (ii) termination by the Company without cause, or (iii) termination by the officer for good reason or due to a change in control. Previously, such payment amounts were based on a multiple of each executive officer's then current base salary and average bonus compensation, each of which is subject to uncertainty and volatility from year to year attributable primarily to market conditions.
- Removal of provisions that were redundant with the Non-Qualified Supplemental Retirement Benefit Plan, the Non-Qualified Deferred Compensation Plan, or the respective Death Benefit Plan Agreements.

Potential Payments and Benefits Upon Change of Control. Under the employment agreements with the executive officers they are entitled to certain severance payments if they terminate employment because of a change of control, as well as a salary increase of 100% if a change in control does not result in termination of employment.

The arrangements were established because:

- it is in the best interest of the Company and its stockholders to assure that the Company will have the continued dedication of the Company's executive officers notwithstanding the possibility, threat, or occurrence of a change in control; and
- it is imperative to diminish the inevitable distraction to such executive officers by virtue of the personal uncertainties and risks created by a pending of threatened change in control.

For detailed information regarding severance benefits payable in connection with a termination because of a change in control see *[- Potential Payments Upon Termination or Change in Control]* below.

Benefits and Perquisites. The Company provides all eligible employees, including the named executive officers, with a benefit program that the Committee believes is reasonable, competitive, and consistent with the overall objectives of the compensation program.

The executive officers are eligible to participate in the Company's group insurance program, which during 2008 included group health, dental, vision, life insurance, and long-term disability insurance. Other benefits offered during 2008 included flexible spending accounts and a pretax premium plan, paid sick leave, paid holidays, and paid vacations.

In 2008, ITIC adopted the Investors Title Company and Affiliates 401(k) Plan. The 401(k) plan went into effect February 1, 2008, and replaced the Simplified Employee Pension Plan. Under the 401(k) plan, the Company makes contributions amounting to three percent of compensation for each eligible employee. The Company may make additional contributions under the profit share provisions of the plan. For the 2008 plan year, the Company contributed an additional 1% of compensation for eligible employees under the profit share provisions of the plan.

The Company provides Company-owned vehicles to certain officers and employees who hold positions requiring frequent travel. The Company does not prohibit the personal use of Company-owned vehicles, but the value of any personal use is treated as taxable compensation. Each of the executive officers is assigned a Company-owned vehicle, and may use the vehicle for personal use according to the Company's policy covering all Company-owned vehicles.

James A. Fine, Jr. and W. Morris Fine are also parties to Death Benefit Plan Agreements, which provide that, in the event of death, certain amounts payable under their respective employment agreements will be paid in a lump sum within 60 days of death to their respective beneficiaries. Under each agreement, the respective beneficiary would also be paid a lump sum amount equal to \$2,000,000 subject to adjustments as described under *[- Potential Payments Upon Termination or change of Control]* *James A. Fine Jr. and W. Morris Fine* below.

James A. Fine, Jr.'s agreement was executed in May 2004, and amended in 2008 to provide consistency with his employment agreement. W. Morris Fine's agreement was executed in December 2008. The terms of each agreement are materially identical. W. Morris Fine's agreement was executed in 2008 in order to provide equity with the agreement in place for James A. Fine, Jr. The agreements are provided to minimize the distraction to the executive officers of personal risks and uncertainties.

As a matter of policy, the Committee does not award personal benefits or perquisites that are unrelated to the Company's business.

The Committee reviews and approves annually all benefits and perquisites paid to our executive officers.

Tax and Accounting Implications

Deductibility of Executive Compensation. As part of its role, the Committee reviews and considers the tax deductibility of executive compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended, which provides that a public company is generally not entitled to deduct for Federal income tax purposes non-performance-based compensation paid to any of its executive officers in excess of \$1.0 million. Special rules apply for "performance-based" compensation, including the pre-approval of performance goals applicable to that compensation.

All compensation paid to the named executive officers in 2008, 2007 and 2006 was fully deductible for the purposes of Section 162(m). However, to maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the Committee has not adopted a policy that all compensation must be deductible for Federal income tax purposes.

Accounting for Stock-Based Compensation. Beginning on January 1, 2006, the Company began accounting for stock-based payments in accordance with the requirements of FASB Statement 123(R).

Potential Payments Upon Termination or Change of Control

Under the employment agreements in effect on December 31, 2008, the executive officers are entitled to severance payments and benefits under their employment agreements as described below. The following descriptions do not reflect amendments to the employment agreements that became effective on January 1, 2009 as described above.

J. Allen Fine. Under Mr. J. Allen Fine's employment agreement, if his employment is terminated due to his death, disability, or retirement (following his 70th birthday), he is entitled to receive:

- his then current base salary paid monthly for three years;
- three annual payments paid on each of the first, second and third anniversaries of the termination date equal to his average bonus compensation during the preceding three years;

25

- accrued benefits under the Nonqualified Supplemental Retirement Benefit Plan and Nonqualified Deferred Compensation Plan;
- accelerated vesting in full of all his stock options;
- continued participation in the Company's health insurance plans by him and his wife at no expense until his death or, if later, his wife's death; and
- continued participation in the Company's health insurance plans by his dependent children at no expense until any such children are no longer dependent.

Under Mr. Fine's employment agreement, if his employment is terminated by the Company other than for "cause" or by him due to the Company's materially breaching the agreement (i.e., good reason), he is entitled to receive:

- his then current base salary paid monthly for five years;
- five annual payments paid on each of the first, second and third anniversaries of the termination date equal to his average bonus compensation during the preceding three years;
- accrued benefits under the Nonqualified Supplemental Retirement Benefit Plan and Nonqualified Deferred Compensation Plan;
- accelerated vesting in full of all his stock options; and
- continued health insurance coverage as described above.

Under Mr. Fine's employment agreement, if he terminates his employment because of a "change in control," he is entitled to receive:

- a lump sum payment equal to 2.99 times his then current base salary;
- a lump sum payment equal to 2.99 times his average bonus compensation during the preceding three years;
- accrued benefits under the Nonqualified Supplemental Retirement Benefit Plan and Nonqualified Deferred Compensation Plan;
- accelerated vesting in full of all his stock options; and
- continued health insurance coverage as described above.

If a change in control does not result in a termination of employment, Mr. Fine is entitled to a base salary increase of 100%.

If any portion of these payments and benefits, or payments and benefits under any other plan, agreement or arrangement, would constitute an "excess parachute payment" for purposes of the Internal Revenue Code, such payments and benefits payable under the agreement will be reduced until no portion thereof would fail to be deductible by reason of being "an excess parachute payment."

Under Mr. Fine's employment agreement, if his employment is terminated by the Company for "cause," he is entitled to receive:

- an amount equal to that amount he would have received as salary had he remained an employee until the later of the date of his termination and 30 days after notice of termination; and
- accrued benefits under the Nonqualified Supplemental Retirement Benefit Plan and Nonqualified Deferred Compensation Plan.

Under Mr. Fine's employment agreement, "cause" is defined as:

- the executive's conviction of, or plea of guilty or nolo contendere to, any crime involving dishonesty or moral turpitude;
- the commission by executive of a fraud against the Company for which he is convicted;
- gross negligence or willful misconduct by executive with respect to the Company which causes material detriment to the Company;
- the falsification or manipulation of any records of the Company;
- repudiation of the agreement by executive or executive's abandonment of employment with the Company;
- breach by executive of his confidentiality, non-competition or non-solicitation obligations under the agreement; or
- failure or refusal of executive to perform his duties with the Company or to implement or follow the policies or directions of the Board of Directors within 30 days after a written demand for performance is delivered to executive that specifically identifies the manner in which the Board of Directors believes that executive has not performed his duties or failed to implement or follow the policies or directions of the Board of Directors.

Under Mr. Fine's employment agreement, a "change in control" will occur if:

- any person or group acting in concert, other than the executive or his affiliates or immediate family members, is or becomes the beneficial owner, directly or indirectly, of securities of the Company representing 50% or more of the combined voting power of the Company's outstanding shares entitled to vote for the election of directors;
- the directors serving at the time the agreement was entered into or any successor to any such director (and any additional director) who after such time (i) was nominated or selected by a majority of the directors serving at the time of his or her nomination or selection and (ii) who is not an "affiliate" or "associate" (as defined in Regulation 12B under the Securities Exchange Act of 1934) of any person who is the beneficial owner, directly or indirectly, of securities representing 50% or more of the combined voting power of the Company's outstanding shares entitled to vote for the election of directors, cease for any reason to constitute at least a majority of the Company's Board of Directors;
- a sale of more than 50% of the Company's assets (measured in terms of monetary value) is consummated; or
- any merger, consolidation, or like business combination or reorganization of the Company is consummated that results in the occurrence of any event described above.

J. Allen Fine is also party to a Death Benefit Plan Agreement with the Company. Notwithstanding the payout provisions of Mr. Fine's employment agreement, the Death Benefit Plan Agreement provides that certain amounts

payable under Mr. Fine's employment agreement in the event of his death will be paid in a lump sum within 60 days of his death to a beneficiary designated by Mr. Fine.

James A. Fine, Jr. and W. Morris Fine. The employment agreements of James A. Fine, Jr. and W. Morris Fine are substantially identical to J. Allen Fine's employment agreement, except that under their agreements (1) Messrs. Fine, Jr. and Fine are eligible to receive retirement benefits under their agreements after age 50, rather than age 70, and (2) following termination of employment by the Company other than for "cause" or by the executive due to a material breach by the Company of the agreement (i.e., "good reason") or because of a "change in control," they are entitled to cause the Company to transfer to them any life insurance policies owned by the Company on their lives.

James A. Fine, Jr. is also party to a Death Benefit Plan Agreement with the Company. Notwithstanding the payout provisions of Mr. Fine's employment agreement, the Death Benefit Plan Agreement provides that certain amounts payable under Mr. Fine's employment agreement in the event of his death will be paid in a lump sum within 60 days of his death to a beneficiary designated by him. Under the Death Benefit Plan Agreement, Mr. Fine's designated beneficiary would also be paid a lump sum amount equal to \$2,000,000,

- reduced by the following amounts that would be paid under Mr. Fine's employment agreement and the Supplement Retirement Plan in the event of his death:

- (a) the Company's contributions to Mr. Fine's account under the Supplemental Retirement Plan;
- (b) three times his then current base salary;
- (c) three times his average bonus compensation during the preceding three years;
- (d) the cost of continued participation in the Company's health insurance plans by him and his wife until his death or, if later, his wife's death; and
- (e) the cost of continued participation in the Company's health insurance plans by his dependent children until any such children are no longer dependent; and

- increased by the amounts accrued on the Company's books as of the date of death for the payments described in items (a) through (e) above.

In 2008, W. Morris Fine also became party to a Death Benefit Plan Agreement which is substantially identical to the Death Benefit Plan Agreement with James A. Fine, Jr.

Conditions to Receipt of Severance Benefits. Under each named executive officer's employment agreement, the Company's obligations to provide the executive with the severance benefits described above are contingent on:

- The executive's compliance with certain covenants with respect to confidential information;
- The executive's compliance with a two year non-competition covenant; and
- The executive's compliance with a two year non-solicitation covenant.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Board of Directors recognizes that related party transactions present a heightened risk of conflicts of interest, or the perception of conflicts of interest, and has adopted a written policy to be followed in connection with all related party transactions involving the Company. Pursuant to the policy, all related party transactions must be approved by either (1) a majority of the disinterested members of the Audit Committee of the Board of Directors or (2) a majority of independent and disinterested members of the Board of Directors. In either case, a related party transaction may not be approved by a single director. For purposes of the policy, the term "related party transaction" is defined as any transaction that is required to be disclosed in the Company's proxy statements or other filings with the SEC pursuant to Item 404(a) of Regulation S-K under the Securities Exchange Act of 1934 and any material "conflict of interest" transaction with a director, as that term is defined under the North

Carolina Business Corporation Act. For fiscal year 2008, there were three related party transactions required to be disclosed in this Proxy Statement. On June 23, 2008, the Company purchased 10,000 shares of its common stock from Betty Dickey, sister of A. Scott Parker III, Director, for \$470,100, or \$47.01 per share. On August 12, 2008, the Company purchased 65,000 shares of its common stock from A. Scott Parker III, Director, for \$3,087,500 or \$47.50 per share. On September 4, 2008, the Company purchased 31,000 shares of its common stock from Betty Dickey for \$1,364,310 or \$44.01 per share. All three transactions were approved by the Company's Audit Committee.

APPENDIX A

INVESTORS TITLE COMPANY 2009 STOCK APPRECIATION RIGHT PLAN

ARTICLE I

GENERAL PROVISIONS

Section 1.1 Purpose. This 2009 Stock Appreciation Right Plan (the "Plan") of Investors Title Company and its subsidiaries (the "Company") is intended to induce those persons who are in a position to contribute materially to the success of the Company to remain with the Company, to offer them rewards in recognition of their contributions to the Company and to offer them incentives to continue to promote the Company's best interests.

Section 1.2 Administration. The Plan shall be administered by the Compensation Committee of the Board of Directors (the "Committee") *provided, however*, that (i) with respect to any awards under the Plan to an individual who is, on the relevant date, an officer, director or ten percent (10%) beneficial owner of any class of the Company's equity securities that is registered pursuant to Section 12 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), all as defined under Section 16 of the Exchange Act, Committee shall mean a subcommittee of at least two (2) members of the Compensation Committee who are "non-employee" directors within the meaning of Rule 16b-3 adopted under the Exchange Act, and (ii) with respect to any awards under the Plan to "covered employees" within the meaning of Section 162(m) of the Code or any successor statute, Committee shall mean a subcommittee of the Compensation Committee consisting of at least two members of the Compensation Committee who are "outside directors" within the meaning of Section 162(m) of the Code. Any action by the Committee shall be taken by majority vote at a meeting thereof called in accordance with procedures adopted thereby, or by unanimous written consent of the Committee.

Section 1.3 Authority of Committee.

(a) Subject to the other provisions of this Plan, the Committee shall have sole authority in its absolute discretion: to grant stock appreciation rights (["SARs"]) pursuant to Article II under the Plan; to determine the officers, employees and directors to whom SARs shall be granted under the Plan; to determine the number of shares subject to any SAR under the Plan; to fix the exercise price and the duration of each SAR granted under the Plan; to establish corporate or individual performance or other vesting standards for SARs granted under the Plan; to establish any other terms and conditions of SARs granted under the Plan; and to accelerate the time at which any outstanding SAR granted under the Plan may be exercised. The Board may also grant SARs from time to time to consultants who are not employees of the Company. No member of the Board or of the Committee shall be liable for any action or determination made in good faith with respect to the Plan or any SAR granted thereunder. In addition, directors or former directors of the Company, including members or former members of the Committee, shall be entitled to indemnification by the Company to the extent permitted by applicable law and by the Company's Articles of Incorporation or Bylaws with respect to any liability or expense arising out of such person's participation in the administration of this Plan.

(b) Subject to the other provisions of this Plan, and with a view to effecting its purpose, the Committee shall have sole authority in its absolute discretion: to construe and interpret the Plan; to prescribe, amend, and rescind rules and regulations relating to the Plan; to make any other determinations relating to the Plan; and to do everything necessary or advisable to administer the Plan.

32

(c) All decisions, determinations, and interpretations made by the Committee shall be binding and conclusive on all SAR grantees and on their legal representatives, heirs and beneficiaries.

Section 1.4 Shares Subject to the Plan: Reservation of Shares. The maximum aggregate number of shares of common stock of the Company available pursuant to the Plan for the grant of SARs, subject to adjustments as provided in Section 1.6, shall be 250,000 shares of the Company's common stock, no par value (the "Common Stock"). The aggregate number of shares of Common Stock with respect to which SARs under the Plan may be granted to any individual (including SARs that are subsequently cancelled) shall not exceed an aggregate of 50,000 shares of Common Stock. If any SAR granted pursuant to the Plan expires or terminates for any reason before it has been exercised in full, the unpurchased shares subject to that SAR shall again be available for the purposes of the Plan. The Company shall at all times reserve and keep available such number of shares of its Common Stock as shall be sufficient to satisfy the requirements of the Plan.

Section 1.5 Eligibility. SARs may be granted under the Plan to such key employees (including statutory employees within the meaning of Section 3121(d) of the Code), officers, directors or consultants of the Company or a subsidiary of the Company, whether or not employees, as the Committee shall select from time to time in its discretion.

Section 1.6 Adjustments. If the shares of Common Stock of the Company are increased, decreased, changed into or exchanged for a different number or kind of shares or securities through merger, consolidation, combination, exchange of shares, other reorganization, recapitalization, reclassification, stock dividend, stock split or reverse stock split in which the Company is the surviving entity, an appropriate and proportionate adjustment shall be made in the maximum number and kind of shares as to which SARs may be granted under this Plan. A corresponding adjustment changing the number or kind of shares allocated to unexercised SARs that shall have been granted prior to any such change shall likewise be made. Any such adjustment in outstanding SARs shall be made without change in the aggregate purchase price applicable to the unexercised portion of any such SAR, but with a corresponding adjustment in the price for each share covered by the SAR, and shall be made in a manner consistent with the requirements of Section 409A of the Code in order for any such SAR to remain exempt from the requirements of Section 409A of the Code. In making any adjustment pursuant to this Section 1.6, any fractional shares shall be disregarded.

In the event of a change in the Common Stock of the Company as presently constituted, which is limited to a change of all of its authorized shares with par value into the same number of shares with a different par value or without par value, the shares resulting from any such change shall be deemed to be Common Stock within the meaning of the Plan.

The grant of a SAR under the Plan shall not affect in any way the right or power of the Company to make adjustments, reclassifications, reorganizations or changes in its capital or business structure.

ARTICLE II

STOCK APPRECIATION RIGHTS

Section 2.1 Grant. The Committee may cause the Company to grant SARs to eligible participants under the Plan in such amounts as the Committee, in its sole discretion shall determine. The Committee shall have complete discretion in determining the terms and conditions pertaining to such SARs consistent with the provisions of the Plan. The grant price of a SAR shall not be less than the fair market value (as hereinafter defined) per share of the Common Stock at the time the SAR is granted. For the purpose of the Plan, the "fair market value" per share of Common Stock on any date of reference shall be the Closing Price of the Common Stock referred to in clauses (i), (ii) or (iii) below, whichever appropriate, on the business day immediately preceding such date. For this purpose, the Closing Price of the Common Stock on any business day shall be: (i) if the Common Stock is listed or admitted for trading on any United States national securities exchange, or if actual transactions are otherwise reported on the National Market System of the National Association of Securities Dealers Automated Quotation

33

System ("NASDAQ") or other consolidated transaction reporting system, the last reported sale price of Common Stock on such exchange or reporting system on which the Common Stock is principally traded, as reported in any newspaper of general circulation; (ii) if clause (i) is not applicable and the Common Stock is otherwise quoted on NASDAQ, or any similar system of automated dissemination of quotations of securities prices in common use, the mean between the closing high bid and low asked quotations for the Common Stock on such system for such day; or (iii) if neither clause (i) nor (ii) is applicable, the mean between the high bid and low asked quotations for the Common Stock as reported by the National Quotation Bureau, Incorporated if at least two securities dealers have inserted both bid and asked quotations for Common Stock on at least five of the preceding ten days. If neither clause (i) nor clauses (ii) or (iii) are applicable, "fair market value" per share of Common Stock shall be such value as shall be determined by the Committee in its sole discretion, unless the Committee shall identify a different method for determining fair market value in a fair and uniform manner.

Section 2.2 Exercise of SARs. SARs may be exercised upon whatever terms and conditions the Committee, in its sole discretion, imposes upon them.

Section 2.3 SAR Agreement. Each SAR grant shall be evidenced by a SAR agreement that shall specify the grant price, the term of the SAR, and such other provisions as the Committee shall determine.

Section 2.4 Term of SARs. The term of a SAR granted under the Plan shall be determined by the Committee, in its sole discretion; *provided, however*, that such term shall not exceed ten (10) years.

Section 2.5 Payment of SAR Amount. Upon exercise of a SAR, the grantee of the SAR shall be entitled to receive payment from the Company in an amount determined by multiplying:

- (a) The difference between the fair market value (as defined in Section 2.1) of a share of Common Stock on the date of exercise over the grant price; by
- (b) The number of shares of Common Stock with respect to which the SAR is exercised.

At the discretion of the Committee or as otherwise provided in the applicable SAR agreement, the payment upon SAR exercise shall be in cash, in shares of Common Stock of equivalent value, or in some combination thereof.

Section 2.6 SARs Not Transferable. Except as otherwise provided in the applicable SAR Agreement, SARs granted pursuant to this Plan may not be sold, pledged, assigned or transferred in any manner other than by will or the laws of descent or distribution and may be exercised during the lifetime of a SAR grantee only by that

grantee.

Section 2.7 Termination of Employment, Disability or Death

(a) If a SAR grantee ceases to be employed by the Company, or any subsidiary corporation, for any reason other than death or disability, any SAR granted to such grantee that is unexercised or still subject to any restrictions or conditions shall be terminated and forfeited, unless otherwise provided in the applicable SAR agreement.

(b) If a SAR grantee becomes disabled within the meaning of Section 22(e)(3) of the Code while employed by the Company, or any subsidiary corporation, any SAR may be exercised at any time within three months after the date of termination of employment due to disability, unless a longer or shorter period is provided in the applicable SAR agreement.

(c) If a SAR grantee dies while employed by the Company, or any subsidiary corporation, any SAR shall expire one year after the date of death, unless a longer or shorter period of exercise is provided in the applicable SAR agreement. During this period, the SAR may be exercised, except as otherwise provided in the applicable SAR agreement, by the person or persons to whom the SAR grantee's rights under the SAR shall pass by will or by the laws of descent and distribution, but in no event may the SAR be exercisable more than ten years from the date of grant.

34

(d) Unless otherwise provided in the applicable SAR agreement, any SAR that may be exercised for a period following termination of the SAR grantee's employment may be exercised only to the extent it was exercisable immediately before such termination and in no event after the SAR would expire by its terms without regard to such termination.

(e) Unless otherwise provided in the applicable SAR agreement, if a nonemployee director ceases to serve the Company in that capacity, the SAR grantee's rights upon such termination shall be governed in the manner of a SAR grantee's rights upon termination of employment as set forth above.

Section 2.8 Reorganizations. Unless otherwise provided in the applicable SAR agreement, if the Company shall be a party to any merger or consolidation in which it is not the surviving entity or pursuant to which the shareholders of the Company exchange their Common Stock for other securities or for cash in any acquisition transaction, or if the Company shall dissolve or liquidate or sell all or substantially all of its assets, or upon consummation of a tender offer approved by the Board, all SARs outstanding under this Plan, unless otherwise provided in the applicable SAR agreement, shall terminate on the effective date of such merger, consolidation, dissolution, liquidation, sale or tender offer; *provided, however*, that prior to such effective date, the Committee may, in its discretion, either (i) make any or all outstanding SARs immediately exercisable, (ii) authorize a payment to any SAR grantee that approximates the economic benefit that he would realize if his SAR were exercised immediately before such effective date, (iii) authorize a payment in such other amount as it deems appropriate to compensate any SAR grantee for the termination of his SAR, or (iv) arrange for the granting of a substitute SAR to any SAR grantee.

ARTICLE III

MISCELLANEOUS PROVISIONS

Section 3.1 Tax Reimbursement Payments or Loans. In view of the federal and state income tax savings expected to be realized by the Company upon exercise of a SAR, the Committee may, in its discretion, provide that the Company will make a cash payment or a loan or a combination thereof to the grantee of a SAR (or his personal representatives or heirs) for the purpose of assisting such grantee in the payment of personal income taxes arising from such exercise or lapse of restrictions and conditions. The basis for determining the amount and conditions of such cash payment or loan or combination thereof and the terms and conditions of any such loan shall be specified in the agreement pursuant to which the grant is made or may be subsequently determined by the Committee. The Committee, in its discretion, may from time to time forgive any such loan in whole or in part.

Section 3.2 Tax Withholding. No SAR grantee shall be entitled to issuance of a stock certificate representing shares purchased upon exercise of a SAR until such grantee has paid, or made arrangements for payment, to the Company of an amount equal to the income and other taxes that the Company is required to withhold from such person as a result of his exercise of a SAR. In addition, such amounts as the Company is required to withhold by reason of any tax reimbursement payments made pursuant to Section 3.1 may be deducted from such payments.

Section 3.3 Employment. Nothing in the Plan or in any SAR agreement shall confer upon any eligible employee any right to continued employment by the Company or any subsidiary of the Company, or limit in any way the right of the Company or any subsidiary of the Company at any time to terminate or alter the terms of that employment.

Section 3.4 Effective Date of Plan. This Plan shall be effective March 2, 2009, the date of adoption of the Plan by the Board of Directors of the Company, subject to approval of the Plan by the shareholders of the Company by the a majority of the votes cast at a meeting at which a majority of the Company's Common Stock is present either in person or by proxy held within 12 months of the date of adoption of the Plan by the Board.

35

Section 3.5 Termination and Amendment of Plan. The Plan may be amended, revised or terminated at any time by the Board; *provided, however*, that no amendment or revision shall, without the approval of the Company's shareholders, (a) increase the maximum aggregate number of shares subject to this Plan, except as permitted under Section 1.6; (b) change the minimum purchase price for shares subject to SARs granted under the Plan; (c) extend the maximum duration established under the Plan for any SAR; or (d) permit the granting of a SAR to anyone other than those individuals described in Section 1.5 hereof. Unless sooner terminated, the Plan shall terminate on March 2, 2019. No SAR shall be granted under the Plan after the Plan is terminated.

Section 3.6 Prior Rights and Obligations. No amendment, suspension, or termination of the Plan shall, without the consent of the person who has received a SAR, alter or impair any of that person's rights or obligations under any SAR granted under the Plan prior to such amendment, suspension, or termination.

Section 3.7 Securities Laws. Shares of Common Stock issuable pursuant to this Plan may, at the option of the Company, be registered under applicable federal and state securities laws, but the Company shall have no obligation to undertake such registrations and may, in lieu thereof, issue shares hereunder only pursuant to applicable exemptions from such registrations. In the event that no such registrations are undertaken, the shares shall be issued only to persons who qualify to receive such shares in accordance with the exemption from registration on which the Company relies. In connection with any issuance of shares or certificates under the Plan, the Committee may require appropriate representations from the recipient of such shares and take such other action as the Committee may deem necessary, including but not limited to placing restrictive legends on certificates evidencing such shares and placing stop transfer instructions in the Company's stock transfer records, or delivering such instructions to the Company's transfer agent, in order to assure compliance with any such exemptions. Notwithstanding any other provision of the Plan, no shares will be issued pursuant to the Plan unless such shares have been registered under all applicable federal and state securities laws or unless, in the opinion of counsel satisfactory to the Company, exemptions from such registrations are available.

Section 3.8 Compliance With Section 409A of the Code. The Plan is intended to comply with Section 409A of the Code, to the extent applicable. Notwithstanding any provision of the Plan to the contrary, the Plan shall be interpreted, operated and administered consistent with this intent. In that regard, and notwithstanding any provision of the Plan to the contrary, the Company reserves the right to amend the Plan or any award granted under the Plan, by action of the Committee, without the consent of any affected participant, to the extent deemed necessary or appropriate for purposes of maintaining compliance with Section 409A of the Code and the regulations promulgated thereunder.
