Acquisition of Stauber Performance Ingredients

On December 23, 2015, Hawkins, Inc. (the Company) completed the acquisition of all of the outstanding equity interests of SPH Holdings, Inc. (SPH) from an investor group led by ICV Partners II, L.P. The acquisition was consummated in accordance with the terms and conditions of the previously announced Stock Purchase Agreement by and among the Company, the selling shareholders named therein and ICV Manager, LLC. SPH is the parent company of Stauber Performance Ingredients, a supplier of specialty products and ingredients to the nutritional, food, pharmaceutical, cosmetic and pet care industries.

The total consideration for the acquisition was approximately \$157.0 million in cash, subject to certain adjustments (including pursuant to a customary working capital adjustment). The Company funded the cash closing payments with cash on hand and \$131.0 million in proceeds from the Credit Facility (defined below).

The terms of the Stock Purchase Agreement pursuant to which the acquisition was completed were previously disclosed in the Form 8-K filed on November 23, 2015 (file no. 0-7647), Item 1.01 of which is incorporated herein by reference.

Senior Secured Credit Facility

On December 23, 2015, the Company entered into a credit agreement (the Credit Agreement) with U.S. Bank National Association (U.S. Bank) as Sole Lead Arranger and Sole Book Runner, other lenders from time to time party thereto (collectively, the Lenders), whereby U.S. Bank is also serving as Administrative Agent. The Credit Agreement provides the Company with senior secured credit facilities (the Credit Facility) totaling \$165.0 million, consisting of (i) a \$100.0 million senior secured term loan credit facility (the Term Loan Facility) and (ii) a \$65.0 million senior secured revolving loan credit facility (the Revolving Loan Facility). The Revolving Loan Facility includes a \$5.0 million letter of credit subfacility and \$8.0 million swingline subfacility. U.S. Bank and JP Morgan Chase Bank, N.A., have each agreed to serve as initial lenders under the Credit Agreement.

The Company used \$131.0 million of the proceeds from the Credit Facility to fund its acquisition of Stauber Performance Ingredients. The Company may use the remaining \$34.0 million for working capital, capital expenditures, restricted payments and acquisitions permitted under the Credit Agreement, and other general corporate purposes.

Borrowings under the Credit Facility bear interest at a rate per annum equal to one of the following, plus, in both cases, an applicable margin based upon the Company's leverage ratio: (a) LIBOR for an interest period of one, two, three or six months as selected by the Company, reset at the end of the selected interest period, or (b) a base rate determined by reference to the highest of (1) U. S. Bank's prime rate, (2) the Federal Funds Effective Rate plus 0.5%, or (3) one-month LIBOR for U.S. dollars plus 1.0%. The LIBOR margin is 1.125%, 1.25% or 1.5%, depending on the Company's leverage ratio. The base rate margin is either 0.125%, 0.25% or 0.5%, depending on the Company's leverage ratio.

In addition to paying interest on the outstanding principal under the Credit Facility, the Company is required to pay a commitment fee on the unutilized commitments thereunder. The commitment fee is either 0.25% or 0.3%, depending on the Company's leverage ratio.

Loans under the Term Loan Facility will be repaid in quarterly installments on the last day of each fiscal quarter, with \$5.0 million to be paid in year one, \$7.5 million to be paid in year two, and \$10.0 million to be paid in years three through five. The remaining outstanding balance will be repaid in full after five years.

The Credit Facility is secured by substantially all of the personal property assets of the Company and its subsidiaries.

Commencing with the fiscal year ending April 3, 2016, the Credit Agreement will require the Company to maintain (a) a minimum fixed charge coverage ratio of 1.15 to 1.00 and (b) a maximum total cash flow leverage ratio of 3.0 to 1.0. The Credit Agreement also contains other customary affirmative and negative covenants, including covenants that restrict the ability of the Company and its subsidiaries to incur additional indebtedness, dispose of significant assets, make certain investments, including any acquisitions other than permitted acquisitions, make certain payments, enter into sale and leaseback transactions, grant liens on its assets or rate management transactions, subject to certain limitations. The Company will be permitted to make distributions, pay dividends and repurchase shares so long as no default or event of default exists or would exist as a result thereof.

The Credit Agreement contains customary events of default, the occurrence of which would permit the lenders to terminate their commitments and accelerate loans under the Credit Facility, including failure to make payments under the Credit Facility, failure to comply with covenants in the Credit Agreement and other loan documents, cross default to other material indebtedness of the Company or any of its subsidiaries, failure of the Company or any of its subsidiaries to pay or discharge material judgments, bankruptcy of the Company or any of its subsidiaries, and change of control of the Company.

Each of U.S. Bank and JP Morgan has performed and may continue to perform commercial banking and financial services for the Company and its subsidiaries for which they have receive and will continue to receive customary fees.

The foregoing summary of the Credit Agreement and underlying Credit Facility is not complete and is qualified by reference to the full text of the credit agreement, which is filed as Exhibit 10.1 to this Current Report on Form 8-K and is incorporated herein by reference.
