PROXY STATEMENT

FOR THE 2016 ANNUAL MEETING OF STOCKHOLDERS

MAY 18, 2016

We have sent you this Proxy Statement and the enclosed Proxy Card because the Board of Directors (the Board) of Nevro Corp. (referred to herein as the Company, Nevro, we, us or our) is soliciting your proxy to vote at our 2016 Annual Meeting of Stockholders (the Annual Meeting) to be held on Wednesday, May 18, 2016 at 10:30 a.m. local time, at the Sofitel San Francisco Bay, 223 Twin Dolphin Drive, Redwood City, CA 94065.

This Proxy Statement summarizes information about the proposals to be considered at the Annual Meeting and other information you may find useful in determining how to vote.

The Proxy Card is the means by which you actually authorize another person to vote your shares in accordance with your instructions.

In addition to solicitations by mail, our directors, officers and regular employees, without additional remuneration, may solicit proxies by telephone, e-mail and personal interviews. We may retain outside consultants to solicit proxies on our behalf as well. All costs of solicitation of proxies will be borne by us. Brokers, custodians and fiduciaries will be requested to forward proxy soliciting material to the owners of stock held in their names, and we will reimburse them for their reasonable out-of-pocket expenses incurred in connection with the distribution of proxy materials.

Pursuant to the rules adopted by the Securities and Exchange Commission (the SEC), we have elected to provide access to our 2016 Annual Meeting materials, which include this Proxy Statement and our Annual Report on Form 10-K for the year ended December 31, 2015 (the Form 10-K), over the internet in lieu of mailing printed copies. We will begin mailing the Notice of Internet Availability to our stockholders of record as of March 23, 2016 (the Record Date) for the first time on or about April 6, 2016. The Notice of Internet Availability will contain instructions on how to access and review the 2016 Annual Meeting materials, and will also contain instructions on how to request a printed copy of the Annual Meeting materials. In addition, we have provided brokers, dealers, banks, voting trustees and their nominees, at our expense, with additional copies of our proxy materials and the Form 10-K so that our record holders can supply these materials to the beneficial owners of shares of our common stock as of the Record Date. The Form 10-K is also available in the Financial Information section of our website at <http://www.nevro.com/>.

The only outstanding voting securities of Nevro are shares of common stock, \$0.001 par value per share (the common stock), of which there were 28,298,823 shares outstanding as of the Record Date (excluding any treasury shares). The holders of a majority in voting power of the shares of common stock issued and outstanding and entitled to vote, present in person or represented by proxy, are required to hold the Annual Meeting.

Pursuant to the Jumpstart Our Business Startups Act of 2012 (the JOBS Act), we are not required to seek an advisory non-binding Say-on-Pay vote on executive compensation from our stockholders until the end of the three-year period beginning on the date of first sale of our common stock pursuant to an effective registration statement under the Securities Act of 1933, as amended, which occurred in November 2014 in connection with our initial public offering (IPO). Therefore, we are not currently seeking an advisory Say-on-Pay vote; however, we are seeking a non-binding advisory vote of our stockholders on the frequency of future advisory votes by stockholders on executive compensation (Proposal 3). In compliance with the phase-in period provided in the JOBS Act, we intend to seek an advisory Say-on-Pay vote beginning with the annual meeting of stockholders to be held in 2017.

INFORMATION ABOUT THE PROXY PROCESS AND VOTING

Why am I receiving these materials?

We have made this Proxy Statement and Proxy Card available to you on the internet or, upon your request, have delivered printed proxy materials to you, because the Board is soliciting your proxy to vote at the Annual Meeting, including any adjournments or postponements of the Annual Meeting. You are invited to attend the Annual Meeting to vote on the proposals described in this Proxy Statement. However, you do not need to attend the Annual Meeting to vote your shares. Instead, you may simply complete, sign and return the Proxy Card, or follow the instructions below to submit your proxy over the telephone or on the internet.

This Proxy Statement, the Notice of Internet Availability, the Notice of Annual Meeting and accompanying Proxy Card were first made available for access by our stockholders on or about April 6, 2016 to all stockholders of record entitled to vote at the Annual Meeting.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on the Record Date will be entitled to vote at the Annual Meeting. At the close of business on the Record Date, there were 28,298,823 shares of common stock issued and outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If, on the Record Date, your shares were registered directly in your name with the transfer agent for our common stock, Wells Fargo Shareowner Services, then you are a stockholder of record. As a stockholder of record, you may vote in person at the Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, we urge you to fill out and return the Proxy Card or vote by proxy over the telephone or on the internet as instructed below to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Agent

If, on the Record Date, your shares were held in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid Proxy Card from your broker or other agent.

What am I being asked to vote on?

You are being asked to vote on three (3) proposals:

Proposal 1 the election of three Class II directors to hold office until our 2019 annual meeting of stockholders;

Edgar Filing: NEVRO CORP - Form DEF 14A

Proposal 2 the ratification of the selection, by the Audit Committee of our Board, of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2016; and

Proposal 3 a non-binding advisory vote on the frequency of future advisory votes by stockholders on the compensation of our named executive officers.

In addition, you are entitled to vote on any other matters that are properly brought before the Annual Meeting.

Table of Contents

How do I vote?

For Proposal 1, you may either vote **For** all the nominees to the Board or you may **Withhold** your vote for any nominee you specify.

For Proposal 2, you may either vote **For** or **Against** or abstain from voting.

For Proposal 3, you may vote for **1 Year**, **2 Years** or **3 Years** or abstain from voting.

Please note that by casting your vote by proxy you are authorizing the individuals listed on the Proxy Card to vote your shares in accordance with your instructions and in their discretion with respect to any other matter that properly comes before the Annual Meeting or any adjournments or postponements thereof.

The procedures for voting are as follows:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the Annual Meeting. Alternatively, you may vote by proxy by using the accompanying Proxy Card, over the internet or by telephone. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. Even if you have submitted a proxy before the Annual Meeting, you may still attend the Annual Meeting and vote in person. In such case, your previously submitted proxy will be disregarded.

To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.

To vote using the Proxy Card, simply complete, sign and date the accompanying Proxy Card and return it promptly in the envelope provided. If you return your signed Proxy Card to us before the Annual Meeting, we will vote your shares in accordance with the Proxy Card.

To vote by proxy over the internet, follow the instructions provided on the Notice of Internet Availability.

To vote by telephone, you may vote by proxy by calling the toll-free number found on the Notice of Internet Availability.

Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Agent

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, you should have received a voting instruction card and voting instructions with these proxy materials from that organization rather than from us. Simply complete and mail the voting instruction card to ensure that your vote is counted. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker, bank or other agent included with these proxy materials, or contact your broker, bank or other agent

to request a proxy form.

We provide internet proxy voting to allow you to vote your shares online, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your internet access, such as usage charges from internet access providers and telephone companies.

Who counts the votes?

Broadridge Financial Solutions, Inc. (Broadridge) has been engaged as our independent agent to tabulate stockholder votes, or Inspector of Election (the Inspector). If you are a stockholder of record, your executed Proxy Card is returned directly to Broadridge for tabulation. As noted above, if you hold your shares through a broker, your broker returns one Proxy Card to Broadridge on behalf of all its clients.

Table of Contents**How are votes counted?**

Votes will be counted by the Inspector appointed for the Annual Meeting. With respect to Proposal 3, the Inspector will separately count 1 Year, 2 Years and 3 Years votes, abstentions and broker non-votes. For all other proposals, the Inspector will separately count For and, with respect to Proposal 2, Against votes, abstentions and broker non-votes. In addition, with respect to Proposal 1, the election of directors, the Inspector will count the number of Withheld votes received for the nominees. If your shares are held by your broker as your nominee (that is, in street name), you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. If you do not give instructions to your broker, your broker can vote your shares with respect to routine items, but not with respect to non-routine items. See below for more information regarding: **What are broker non-votes? and Which ballot measures are considered routine or non-routine ?**

What are broker non-votes ?

Broker non-votes occur when a beneficial owner of shares held in street name does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed non-routine. Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker or nominee holding the shares. If the beneficial owner does not provide voting instructions, the broker or nominee can still vote the shares with respect to matters that are considered to be routine, but not with respect to non-routine matters. In the event that a broker, bank, custodian, nominee or other record holder of common stock indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular proposal, then those shares will be treated as broker non-votes with respect to that proposal. Accordingly, if you own shares through a nominee, such as a broker or bank, please be sure to instruct your nominee how to vote to ensure that your vote is counted on each of the proposals.

Which ballot measures are considered routine or non-routine?

The ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2016 (Proposal 2) is considered routine under applicable rules. A broker or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected to exist in connection with Proposal 2. The election of directors (Proposal 1) and non-binding advisory vote on the frequency of future advisory votes on executive compensation (Proposal 3) are considered non-routine under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore there may be broker non-votes on Proposals 1 and 3.

How many votes are needed to approve the proposal?

With respect to Proposal 1, the election of directors, the three nominees receiving the highest number of For votes will be elected.

With respect to Proposal 2, the affirmative vote of the majority of votes cast (excluding abstentions) is required for approval. This is a routine proposal and therefore we do not expect any broker non-votes.

With respect to Proposal 3, the advisory vote frequency alternative (1 Year, 2 Years or 3 Years) receiving the highest number of votes will be approved. If none of the frequency alternatives receives a majority of the votes cast (excluding abstentions and broker non-votes), we will consider the highest number of votes cast by the stockholders to be the frequency that has been selected by the stockholders. However, this proposal is advisory and non-binding upon us.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of the Record Date.

Table of Contents

What if I return a Proxy Card but do not make specific choices?

If we receive a signed and dated Proxy Card and the Proxy Card does not specify how your shares are to be voted, your shares will be voted as follows:

For the election of each of the three nominees for director;

For the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2016; and

1 Year for the non-binding advisory vote regarding the future advisory votes by the stockholders on the compensation of our named executive officers.

If any other matter is properly presented at the Annual Meeting, your proxy (one of the individuals named on your Proxy Card) will vote your shares in his or her discretion.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors, officers and employees may also solicit proxies in person, by telephone or by other means of communication. Directors, officers and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one set of materials?

If you receive more than one set of materials, your shares are registered in more than one name or are registered in different accounts. In order to vote all the shares you own, you must either sign and return all of the Proxy Cards or follow the instructions for any alternative voting procedure on each of the Proxy Cards.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

You may submit another properly completed proxy with a later date.

You may send a written notice that you are revoking your proxy to our Corporate Secretary at 1800 Bridge Parkway, Redwood City, California 94065.

You may attend the Annual Meeting and vote in person. Simply attending the Annual Meeting will not, by itself, revoke your proxy.

If your shares are held by your broker, bank or other agent, you should follow the instructions provided by them.

When are stockholder proposals due for next year's Annual Meeting?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by December 7, 2016, to our Corporate Secretary at 1800 Bridge Parkway, Redwood City, California 94065; provided that if the date of the annual meeting is more than 30 days from May 18, 2017, the deadline is a reasonable time before we begin to print and send our proxy materials for next year's annual meeting. Pursuant to the bylaws, in order for a stockholder to present a proposal for next year's annual meeting, other than proposals to be included in the proxy statement as described above, or to nominate a director, you must do so between January 18, 2017 and February 17, 2017; provided that if the date of that annual meeting is more than

Table of Contents

30 days before or more than 60 days after May 18, 2017, you must give notice not later than the 90th day prior to the annual meeting date or, if later, the 10th day following the day on which public disclosure of the annual meeting date is first made. You are also advised to review our bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if the holders of a majority in voting power of the shares of common stock issued and outstanding and entitled to vote are present in person or represented by proxy at the Annual Meeting. On the Record Date, there were 28,298,823 shares outstanding and entitled to vote. Accordingly, 14,149,412 shares must be represented by stockholders present at the Annual Meeting or by proxy to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy or vote at the Annual Meeting. Abstentions will be counted towards the quorum requirement. If there is no quorum, either the chairperson of the Annual Meeting or a majority in voting power of the stockholders entitled to vote at the Annual Meeting, present in person or represented by proxy, may adjourn the Annual Meeting to another time or place.

How can I find out the results of the voting at the Annual Meeting?

Voting results will be announced by the filing of a Current Report on Form 8-K within four business days after the Annual Meeting. If final voting results are unavailable at that time, we will file an amended Current Report on Form 8-K within four business days of the day the final results are available.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Our Board, is divided into three classes. Each class consists, as nearly as possible, of one-third of the total number of directors, and each class has a staggered, three-year term. Unless the Board determines that vacancies (including vacancies created by increases in the number of directors) shall be filled by the stockholders, and except as otherwise provided by law, vacancies on the Board may be filled only by the affirmative vote of a majority of the remaining directors. A director elected by the Board to fill a vacancy (including a vacancy created by an increase in the number of directors) shall serve for the remainder of the full term of the class of directors in which the vacancy occurred and until such director's successor is elected and qualified.

The Board currently consists of seven seated directors, divided into the three following classes:

Class I directors: Brad Vale, Ph.D., D.V.M., Michael DeMane and Lisa D. Earnhardt, whose current terms will expire at the annual meeting of stockholders to be held in 2018;

Class II directors: Ali Behbahani, M.D. and Wilfred E. Jaeger, M.D., whose current terms will expire at the Annual Meeting; and

Class III directors: Frank Fischer and Shawn T McCormick, whose current terms will expire at the annual meeting of stockholders to be held in 2017.

At each annual meeting of stockholders, the successors to directors whose terms will then expire will be elected to serve from the time of election and qualification until the third subsequent annual meeting of stockholders.

Drs. Behbahani and Jaeger and Rami Elghandour, our current President, have been nominated to serve as Class II directors and have each elected to stand for re-election (except for Mr. Elghandour, who is standing for election). In February 2016, our Board approved an executive leadership succession plan pursuant to which, effective June 1, 2016, Mr. DeMane, our current Chairman of the Board and Chief Executive Officer, will transition to the role of Executive Chairman of the Board and Mr. Elghandour will assume the role of President and Chief Executive Officer. In connection with this executive leadership transition, our Board has nominated Mr. Elghandour for election to the Board. Each director to be elected will hold office from the date of their election by the stockholders until the third subsequent annual meeting of stockholders or until his successor is elected and has been qualified, or until such director's earlier death, resignation or removal.

Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the three nominees named below. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as the Board may propose. Each person nominated for election has agreed to serve if elected, and management has no reason to believe that any nominee will be unable to serve. Directors are elected by a plurality of the votes cast at the meeting.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The material in this report is not soliciting material, is not deemed filed with the SEC, and is not to be incorporated by reference into any filing of Nevro under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

The primary purpose of the Audit Committee is to oversee our financial reporting processes on behalf of our Board. The Audit Committee's functions are more fully described in its charter, which is available on our website at <http://www.nevro.com/>. Management has the primary responsibility for our financial statements and reporting processes, including our systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management Nevro's audited financial statements as of and for the year ended December 31, 2015.

The Audit Committee has discussed with PricewaterhouseCoopers LLP, the Company's independent registered public accounting firm, the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, Communications with Audit Committees, as adopted by the Public Company Accounting Oversight Board (the PCAOB). In addition, the Audit Committee discussed with PricewaterhouseCoopers LLP their independence, and received from PricewaterhouseCoopers LLP the written disclosures and the letter required by Ethics and Independence Rule 3526 of the PCAOB. Finally, the Audit Committee discussed with PricewaterhouseCoopers LLP, with and without management present, the scope and results of PricewaterhouseCoopers LLP's audit of such financial statements.

Based on these reviews and discussions, the Audit Committee has recommended to our Board that such audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2015 for filing with the SEC. The Audit Committee also has engaged PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016 and is seeking ratification of such selection by the stockholders.

PROPOSAL NO. 3

ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY (SAY-ON-PAY) VOTES BY STOCKHOLDERS ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Summary

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act) enables our stockholders to indicate how frequently they believe we should seek a non-binding advisory vote from stockholders on the compensation of our named executive officers (our Chief Executive Officer, our Chief Financial Officer and our other three most highly compensated executive officers, collectively the NEOs) i.e., how frequently to request future Say-on-Pay votes from stockholders. We are accordingly seeking a non-binding advisory vote from stockholders as to the frequency with which our stockholders should have an opportunity to provide an advisory approval - a Say-on-Pay - of our NEO compensation. We are providing our stockholders with the choice of selecting a frequency of 1 year, 2 years or 3 years or abstaining from this advisory vote.

Pursuant to the Jumpstart Our Business Startups Act of 2012, also referred to as the JOBS Act, we are not required to seek an advisory Say-on-Pay vote until the end of the three-year period beginning on the date of first sale of our common stock pursuant to an effective registration statement under the Securities Act of 1933, as amended, which occurred in November 2014 in connection with our IPO. In compliance with this phase-in period, we intend to seek an advisory Say-on-Pay vote beginning with the annual meeting of stockholders to be held in 2017.

While we will continue to monitor developments in this area, the Board currently plans to seek an advisory Say-on-Pay vote from stockholders every year, beginning with the annual meeting of stockholders to be held in 2017. We believe that this frequency is appropriate because it will enable our stockholders to vote, on an advisory basis, on the most recent executive compensation information that is presented in each of our proxy statements, leading to a more meaningful and coherent communication between the Company and our stockholders on the compensation of our NEOs.

The Board's current plan is further based on the premise that this recommendation could be modified if it becomes apparent that an annual frequency vote is not meaningful, is burdensome or is more frequent than indicated by best corporate governance practices.

Board Recommendation

Based on these factors, the Board recommends that future advisory votes by stockholders on named executive officer compensation occur every year, until the next advisory vote on the frequency of future Say-on-Pay votes. Stockholders are not being asked to approve or disapprove the Board's recommendation, but rather to indicate their choice among the following frequency options: one year, two years or three years, or to abstain from voting on this item. If none of the frequency alternatives - one year, two years or three years - receives a majority of the votes cast, we will consider the highest number of votes cast by stockholders to be the frequency that has been selected by stockholders. Accordingly, we are asking stockholders to approve the following non-binding advisory resolution at the Annual Meeting:

RESOLVED, that the compensation of named executive officers of Nevro Corp. (the Company) be submitted to an advisory vote by the Company's stockholders every (a) 1 year, (b) 2 years, or (c) 3 years, with such alternative that receives the highest number of votes cast representing the vote of stockholders.

The vote on this resolution is advisory, and therefore not binding on the Company, the Board or its Compensation Committee. The Board may decide that it is in the best interests of the Company and its stockholders to hold future advisory Say-on-Pay votes more or less frequently than the frequency indicated by stockholders in voting on this proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS APPROVE, IN A NON-BINDING ADVISORY VOTE, THAT FUTURE ADVISORY VOTES BY STOCKHOLDERS ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS BE REQUESTED *EVERY 1 YEAR*.

CORPORATE GOVERNANCE

Code of Conduct and Ethics

We have adopted a Code of Conduct and Ethics that applies to all of our employees, officers and directors, including those officers responsible for financial reporting. The Code of Conduct and Ethics is available on our website at <http://www.nevro.com/>. We expect that any amendments to the Code of Conduct and Ethics, or any waivers of its requirements, will be disclosed on our website. The reference to our web address does not constitute incorporation by reference of the information contained at or available through our website.

Corporate Governance Guidelines

We believe in sound corporate governance practices and have adopted formal Corporate Governance Guidelines to enhance our effectiveness. Our Board adopted these Corporate Governance Guidelines in order to ensure that it has the necessary practices in place to review and evaluate our business operations as needed and to make decisions that are independent of our management. The Corporate Governance Guidelines are also intended to align the interests of directors and management with those of our stockholders. The Corporate Governance Guidelines set forth the practices our Board follows with respect to Board and committee composition and selection, Board meetings, Chief Executive Officer performance evaluation and succession planning. A copy of our Corporate Governance Guidelines is available on our website at <http://www.nevro.com/>.

Independence of the Board of Directors

Under New York Stock Exchange rules and regulations, a majority of the members of a listed company's board of directors must qualify as independent, as affirmatively determined by such board. The Board consults with the Company's counsel to ensure that the Board's determinations are consistent with all relevant securities and other laws and regulations regarding the definition of independent, including those set forth in pertinent New York Stock Exchange listing standards, as in effect from time to time.

Consistent with these considerations, our Board has determined that all of our directors, other than Mr. DeMane and, if elected, Mr. Elghandour, qualify as independent directors in accordance with the New York Stock Exchange listing requirements. Mr. DeMane is not considered independent because he is an employee of Nevro. Mr. Elghandour would not be considered independent because he is an employee of Nevro. The New York Stock Exchange independence definition includes a series of objective tests, such as that the director is not, and has not been for at least three years, one of our employees and that neither the director nor any of his family members has engaged in various types of business dealings with us. In addition, as required by New York Stock Exchange rules, our Board has made a subjective determination as to each independent director that no relationships exist, which, in the opinion of our Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, our Board reviewed and discussed information provided by the directors and us with regard to each director's business and personal activities and relationships as they may relate to us and our management. There are no family relationships among any of our directors or executive officers.

As required under New York Stock Exchange rules and regulations, our independent directors meet in regularly scheduled executive sessions at which only independent directors are present. All of the committees of our Board are comprised entirely of directors determined by the Board to be independent within the meaning of New York Stock Exchange rules and regulations.

Leadership Structure of the Board

Our bylaws and Corporate Governance Guidelines provide our Board with flexibility to combine or separate the positions of Chairman of the Board and Chief Executive Officer and/or the implementation of a lead director

Table of Contents

in accordance with its determination that utilizing one or the other structure would be in the best interests of the Company. Currently, Mr. DeMane serves as the Chief Executive Officer and Chairman of the Board. Effective June 1, 2016, Mr. DeMane will transition to the role of Executive Chairman of the Board and step down as Chief Executive Officer. At that time, Rami Elghandour, our current President, will assume the role of President and Chief Executive Officer.

Mr. Fischer serves as presiding independent director at meetings of the independent members of the Board when they meet in executive sessions. In his role as presiding independent director, Mr. Fischer presides over the executive sessions of the Board in which Mr. DeMane does not participate and serves as a liaison to the Chief Executive Officer and management on behalf of the independent members of the Board.

The Board believes this leadership structure strikes an appropriate balance between effective and efficient Company leadership and oversight by non-management directors. We believe that Mr. DeMane's experience as our Chief Executive Officer and Chairman of the Board will help maintain effective communication and coordination between the Board and Mr. Elghandour, our Chief Executive Officer and President as of June 1, 2016.

Our Board has concluded that our current leadership structure is appropriate at this time. However, our Board will continue to periodically review our leadership structure and may make changes as it deems appropriate.

Role of Board in Risk Oversight Process

Risk assessment and oversight are an integral part of our governance and management processes. Our Board encourages management to promote a culture that incorporates risk management into our corporate strategy and day-to-day business operations. Management discusses strategic and operational risks at regular management meetings, and conducts specific strategic planning and review sessions during the year that include focused discussions and analyses of the risks facing us. Throughout the year, senior management reviews these risks with the Board at regular Board meetings as part of management presentations that focus on particular business functions, operations or strategies, and presents the steps taken by management to mitigate or eliminate such risks.

Our Board does not have a standing risk management committee, but rather administers this oversight function directly through our Board as a whole, as well as through various standing committees of our Board that address risks inherent in their respective areas of oversight. In particular, our Board is responsible for monitoring and assessing strategic risk exposure and our Audit Committee is responsible for overseeing our major financial risk exposures and the steps our management has taken to monitor and control these exposures. The Audit Committee also monitors compliance with legal and regulatory requirements. Our Nominating and Corporate Governance Committee monitors the effectiveness of our corporate governance guidelines and considers and approves or disapproves any related-person transactions. Our Compensation Committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking.

Compensation Committee

Our Compensation Committee reviews and recommends policies relating to compensation and benefits of our officers and employees. The Compensation Committee reviews and recommends to our Board corporate goals and objectives relevant to the compensation of our Chief Executive Officer and other executive officers, evaluates the performance of these officers in light of those goals and objectives and sets the compensation of these officers, other than the Chief Executive Officer, based on such evaluations. Our Board retains the authority to determine and approve, upon the recommendation of the Compensation Committee, the compensation of the Chief Executive Officer, unless such authority has been delegated to the Compensation Committee. Our executive officers submit proposals to the

Compensation Committee regarding our executive and director compensation, which the Compensation Committee may recommend to our Board. The Compensation Committee also recommends to our Board the issuance of stock options and other awards under our stock plans. The Compensation Committee will review and evaluate, at least annually, the performance of the Compensation Committee and its members, including compliance by the Compensation Committee with its charter. The Compensation Committee is entitled to delegate any or all of its responsibilities to a subcommittee to the extent consistent with our certificate of incorporation, bylaws, Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), applicable laws, regulations and NYSE rules. The current members of our Compensation Committee are Drs. Behbahani, Jaeger and Vale. Dr. Jaeger serves as the chairman of the committee. Each of the members of our Compensation Committee is independent under the applicable rules and regulations of the New York Stock Exchange and is a non-employee director as defined in Rule 16b-3 promulgated under the Exchange Act and an outside director as that term is defined in Section 162(m) of the Code.

Our Compensation Committee has retained Compensia, Inc. (Compensia), a nationally recognized compensation consulting firm, to serve as its independent compensation consultant and to conduct market

research and analysis on our various executive positions, to assist the committee in developing appropriate incentive plans for our executives on an annual basis, to provide the committee with advice and ongoing recommendations regarding material executive compensation decisions, and to review compensation proposals of management. Compensia reports directly to the Compensation Committee and does not provide any non-compensation related services to the Company. In compliance with the disclosure requirements of the SEC regarding the independence of compensation consultants, Compensia addressed each of the six independence factors established by the SEC with the Compensation Committee. Its responses affirmed the independence of Compensia on executive compensation matters. Based on this assessment, the Compensation Committee determined that the engagement of Compensia does not raise any conflicts of interest or similar concerns. In addition, the Compensation Committee evaluated the independence of its other outside advisors to the Compensation Committee, including outside legal counsel, considering the same independence factors and concluded their work for the Compensation Committee does not raise any conflicts of interest.

The Compensation Committee operates under a written charter that satisfies the applicable standards of the SEC and the New York Stock Exchange. A copy of the Compensation Committee charter is available to security holders on the Company's website at <http://www.nevro.com/>.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee is responsible for making recommendations to our Board regarding candidates for directorships and the size and composition of our Board. In addition, the Nominating and Corporate Governance Committee is responsible for overseeing our corporate governance policies and reporting and making recommendations to our Board concerning governance matters. The current members of our Nominating and Corporate Governance Committee are Dr. Behbahani, Ms. Earnhardt and Mr. Fischer. Mr. Fischer serves as the chairman of the committee. Each of the members of our Nominating and Corporate Governance Committee is an independent director under the applicable rules and regulations of the New York Stock Exchange relating to Nominating and Corporate Governance Committee independence. The Nominating and Corporate Governance Committee operates under a written charter. A copy of the Nominating and Corporate Governance Committee charter is available to security holders on the Company's website at <http://www.nevro.com/>.

Our Nominating and Corporate Governance Committee is responsible for reviewing with the Board, on an annual basis, the appropriate characteristics, skills and experience required for the Board as a whole and its individual members. In evaluating the suitability of individual candidates (both new candidates and current members), the Nominating and Corporate Governance Committee, in recommending candidates for election, and the Board, in approving (and, in the case of vacancies, appointing) such candidates, will take into account many factors, including the following: diversity of personal and professional background, perspective and experience; personal and professional integrity, ethics and values; experience in corporate management, operations or finance, such as serving as an officer or former officer of a publicly held company, and a general understanding of marketing, finance and other elements relevant to the success of a publicly-traded company in today's business environment; experience in the industries in which we compete and with relevant social policy concerns; experience as a board member or executive officer of another publicly held company; relevant academic expertise or other proficiency in an area of the Company's operations; diversity of business and career experience relevant to the success of the Company; and practical and mature business judgment. The Board evaluates each individual in the context of the Board as a whole, with the objective of assembling a group that can best maximize the success of the business and represent stockholder interests through the exercise of sound judgment using its diversity of experience in these various areas.

The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders. For a stockholder to make any nomination for election to the Board at an annual meeting, the

Our bylaws also specify further requirements as to the form and content of a stockholder's notice. We recommend that any stockholder wishing to make a nomination for director review a copy of our bylaws, as amended and restated to date, which is available, without charge, from our Corporate Secretary, at 1800 Bridge Parkway, Redwood City, California 94065.

Table of Contents**DIRECTOR COMPENSATION**

In connection with, and effective as of, our initial public offering in 2014, we implemented a compensation policy for our non-employee directors (the Director Plan). Pursuant to the Director Plan, each non-employee director receives an annual cash retainer of \$40,000. Non-employee directors who serve on one or more committees are eligible to receive the following annual committee fees:

Committee	Chair	Other Member
Audit committee	\$ 20,000	\$ 10,000
Compensation committee	\$ 15,000	\$ 8,000
Nominating and corporate governance committee	\$ 10,000	\$ 5,000

Under the Director Plan, each non-employee director who is initially elected or appointed to our Board will receive an option for that number of shares of our common stock necessary for the award to have an aggregate grant date fair value of approximately \$150,000 upon the director's initial appointment or election to our Board (the Initial Grant). In addition, each non-employee director who is serving on our Board immediately following an annual stockholder's meeting will receive an annual option to purchase that number of shares of our common stock necessary for the award to have an aggregate grant date fair value of approximately \$90,000 on the date of such annual stockholder's meeting (the Annual Grant). The Initial Grant will vest as to 1/3 of the shares subject to the Initial Grant each year following the grant date, subject to continued service through each applicable vesting date. The Annual Grant will vest as to 1/12th of the shares subject to the Annual Grant each month following the grant date, which vesting will accelerate in full on the date of the next annual stockholder's meeting to the extent unvested as of such date, subject to continued service through each applicable vesting date. All equity awards, including any Initial Grants and Annual Grants, held by our non-employee directors will vest in full immediately prior to the occurrence of a change in control.

COMPENSATION DISCUSSION AND ANALYSIS

General

The following Compensation Discussion and Analysis (CD&A) provides information on the compensation arrangements for our Named Executive Officers (our Chief Executive Officer, our Chief Financial Officer and our other three most highly compensated executive officers, collectively our NEOs) and is intended to provide context for the decisions underlying the compensation paid to our NEOs in 2015. This CD&A should be read together with the compensation tables and related disclosures set forth below. Our NEOs for 2015 were as follows:

Michael DeMane, Chief Executive Officer;

Rami Elghandour, President;

Andrew H. Galligan, Chief Financial Officer;

Doug Alleavitch, Vice President, Quality;

Andre Walker, Senior Vice President, Research & Development.

In April 2015, Mr. Alleavitch joined us as our Vice President, Quality. In addition, in February 2016, the Board approved an executive leadership succession plan pursuant to which, effective June 1, 2016, Mr. DeMane will transition to the role of Executive Chairman of the Board and Mr. Elghandour will assume the role of President and Chief Executive Officer. We have approved new compensatory arrangements with each of Messrs. DeMane and Elghandour reflecting their new roles with the Company, and expect to enter into new written agreements with each regarding compensatory matters.

Executive Summary

2015 Performance Highlights and Pay for Performance. Our executive compensation programs are designed to deliver pay in accordance with corporate and individual performance, rewarding superior performance and providing consequences for underperformance. We believe that compensation of our NEOs for fiscal year 2015 was aligned with the Company's performance during 2015. Highlights of that performance include:

We received approval from the United States Food and Drug Administration (FDA) for our Senza spinal cord stimulation (SCS) system in May 2015. This approval allowed us to commercialize our HF10 therapy in the United States.

We completed an underwritten public offering of our common stock in June 2015, which included shares of our common stock held by certain of our stockholders, through which we received cash proceeds of approximately

\$118.4 million, net of underwriting discounts and commissions and offering costs paid by us.

We increased revenue by 114% compared to 2014.

In order to align pay with performance, a significant portion of our NEOs' compensation is delivered in the form of equity awards and annual cash incentives, each of which depends on our actual performance. For fiscal year 2015, approximately 83% of our NEOs' total target compensation was in the form of stock options and annual cash incentives.

2015 Compensation Highlights. Consistent with our compensation philosophy, key compensation decisions for 2015 included the following:

Base Salaries and Target Annual Cash Incentive Opportunities. The 2015 base salaries and target bonuses for our NEOs remained level or were increased in order to maintain competitive levels of compensation for our NEOs and were set by our Compensation Committee based on a number of considerations, including reference to reports setting forth the 25th, 50th and 75th percentiles of compensation paid by our peer group of companies.

Table of Contents

Annual Cash Incentives. For 2015, our Compensation Committee selected eleven performance goals for our performance-based annual bonus program that were intended to promote our business plan and short-term goals, including with respect to sales and marketing, product development and operations. In light of our achievement of each of the performance goals, the Board determined to pay out annual bonuses at 100% of target for each of our NEOs.

Equity-Based Long Term Incentives. In 2015, we granted approximately 74% of our NEOs target direct compensation as equity-based compensation in the form of stock options. We believe that stock options effectively align the interests of our executives with those of our stockholders, providing significant leverage if our growth objectives are achieved while also placing a significant portion of compensation at risk if our objectives are not achieved. In the event that our executives fail to increase stockholder value over the term of their stock options, or if stockholder value remains stagnant, then our NEOs will realize no value from their stock options.

Compensation Governance and Best Practices. We are committed to having strong governance standards with respect to our compensation programs, procedures and practices. Our key compensation practices include the following:

Pay for performance. A significant portion of executive compensation is at risk based on corporate performance, and additionally is equity-based, in order to align the interests of our executive officers with stockholders.

Strong link between performance measures and strategic objectives. Performance measures for incentive compensation are linked to operating priorities designed to create long-term stockholder value.

Independent compensation consultant. The Compensation Committee retains an independent compensation consultant to review our executive compensation program and practices.

No guaranteed annual salary increases or bonuses. Our NEOs salary increases are based on individual evaluations and their annual cash incentives are tied to corporate performance.

No tax gross-ups. We do not provide any tax gross-ups to our NEOs.

Limited perquisites. We do not provide any perquisites or personal benefits to our NEOs, other than in limited circumstances.

No hedging or pledging. We prohibit our employees and directors from hedging or pledging any Company securities.

Executive Compensation Objectives and Philosophy

The key objective in our executive compensation program is to attract, motivate and reward leaders with the skills and experience necessary to successfully execute on our strategic plan to maximize stockholder value. Our executive compensation program is designed to:

Attract and retain talented and experienced executives in a competitive and dynamic market;

Motivate our NEOs to help the Company achieve the best possible financial and operational results;

Provide reward opportunities consistent with our performance on both a short-term and long-term basis; and

Align the long-term interests of our NEOs with those of our stockholders.

Table of Contents

We strive to set our overall total compensation at a competitive level. Executives may be compensated above or below the targeted market position based on factors such as experience, performance, scope of position and the competitive demand for proven executive talent, as described further below under *Determination of Executive Compensation*.

Determination of Executive Compensation

Our Compensation Committee is responsible for establishing and overseeing our executive compensation programs and annually reviews and determines the compensation to be provided to our NEOs, other than with respect to our Chief Executive Officer, whose compensation is determined by the Board.

In setting executive compensation, the Compensation Committee considers a number of factors, including the recommendations of our Chief Executive Officer (other than with respect to himself), current and past total compensation, competitive market data and analysis provided by the Compensation Committee's independent compensation consultant, Company performance and each executive's impact on performance, each executive's relative scope of responsibility and potential, each executive's individual performance and demonstrated leadership and internal equity pay considerations. Our Chief Executive Officer's recommendations are based on his evaluation of each NEO's individual performance and contributions, of which he has direct knowledge. Our Board makes decisions regarding our Chief Executive Officer's compensation, following recommendation from the Compensation Committee.

Competitive Market Data and Independent Compensation Consultant

In order to design a competitive executive compensation program that will continue to attract top executive talent, Compensia was retained as an independent compensation consultant to provide a competitive review of executive compensation, including base salary, annual incentives and equity compensation as compared with market data. In August 2014, Compensia provided an analysis of data derived from (i) members of our peer group, as further described below, and (ii) the Radford July 2014 Life Sciences Industry Survey, which included U.S. companies in the life science sector with headcounts of between 50 and 150. In consultation with Compensia, in August 2014, our Compensation Committee selected our peer group as follows:

Anika Therapeutics	Derma Sciences	Rockwell Medical	Utah Medical Products
Antares Pharma	Endologix	STAAR Surgical	Vascular Solutions
AtriCure	GenMark Diagnostics	SurModics	Veracyte
Cardiovascular Systems	Intersect ENT	Tandem Diabetes Care	ZELTIQ Aesthetics
Cerus	OraSure Technologies	TriVascular Technologies	

As of August 2014, as compared to such peer group, we were at the 21st percentile for revenue for the preceding four quarters, the 65th percentile for 30 day average market cap and the 26th percentile for headcount.

For 2015, the Compensation Committee used Compensia's analysis to help structure a competitive executive compensation program, position executive compensation by considering the 25th, 50th and 75th percentiles of market data, and make individual compensation decisions based on comparable positions at companies with which we compete for talent. While the Compensation Committee does not establish compensation levels solely based on a review of competitive data, it believes such data is a useful tool in its deliberations as our compensation policies and practices must be competitive in the marketplace for us to be able to attract, motivate and retain qualified executive officers.

Components of Compensation

The primary elements of our NEOs' compensation and the main objectives of each are:

Base Salary. Base salary attracts and retains talented executives, recognizes individual roles and responsibilities and provides stable income;

Table of Contents

Annual Performance-Based Incentive Compensation. Annual performance bonuses promote short-term performance objectives and reward executives for their contributions toward achieving those objectives; and

Equity Based Long-Term Incentive Compensation. Equity compensation, provided in the form of stock options, aligns executives' interests with our stockholders' interests, emphasizes long-term financial and operational performance, and helps retain executive talent.

In addition, our NEOs are eligible to participate in our health and welfare programs and our 401(k) plan on the same basis as our other employees. We also maintain severance and change in control arrangements, which aid in attracting and retaining executive talent and help executives to remain focused and dedicated during potential transition periods due to a change in control. Each of these elements of compensation for 2015 is described further below.

Base Salary

Base salaries provide our NEOs with a reasonable degree of financial certainty and stability. Our Compensation Committee annually reviews and determines the base salaries of our executives and evaluates the base salaries of new hires at the time of hire. In September 2014, our Compensation Committee approved salary increases, effective as of our initial public offering and for 2015, of 30% for Mr. Elghandour, 23% for Mr. Galligan and 10% for Mr. Walker. The Compensation Committee determined to maintain Mr. DeMane's base salary as then in effect. Mr. Alleavitch's base salary was set by the Compensation Committee at the time of his hire in April 2015. In setting the base salaries of our NEOs, the Compensation Committee considered a number of factors, including those set forth above under *Determination of Executive Compensation*, as well as, for reference, the 25th and 75th percentiles of compensation paid by our peer group of companies, though it did not benchmark to any particular percentile. Following such determinations, our NEOs' base salaries were as set forth below:

Name	2015 Annualized Base Salary
Michael DeMane	\$500,000
Rami Elghandour	\$331,000
Andrew H. Galligan	\$331,000
Doug Alleavitch	\$291,000
Andre Walker	\$285,000

Annual Performance-Based Incentive Compensation

Our annual performance-based bonus program is designed to motivate our executives to meet or exceed company-wide short-term performance objectives. Our annual bonus program provides for the payment of cash bonuses based on each NEOs' target annual bonus and our achievement of corporate performance objectives.

In September 2014, our Compensation Committee approved the following increases to our NEOs' target cash bonuses, expressed as a percentage of annual base salary, effective January 2015: Mr. DeMane: 75% from 50%; Mr. Elghandour: 50% from 20%; Mr. Galligan: 50% from 20%; Mr. Walker: 40% from 20%. Mr. Alleavitch's target cash bonus was set by the Compensation Committee at the time of his hire in April 2015. In setting the target cash bonuses of our NEOs, the Compensation Committee considered a number of factors, including those set forth above under *Determination of Executive Compensation*, as well as, for reference, the 25th and 75th percentiles of compensation paid by our peer group of companies, though it did not benchmark to any particular percentile. Following such determinations, our NEOs' target bonuses were as set forth below:

Name	2015 Target Bonus
Michael DeMane	75%
Rami Elghandour	50%
Andrew H. Galligan	50%
Doug Alleavitch	40%
Andre Walker	40%

Table of Contents

For fiscal year 2015, our Compensation Committee approved eleven goals in the categories of sales and marketing, product development and operations under our annual bonus program. Our goals included (i) achieving an international revenue target of \$38 million (which is at least 15% year over year revenue growth), (ii) achieving a U.S. revenue target of \$20 million (based on two full quarters of commercialization of Senza in the United States), (iii) finalizing Phase 3 of the Company's launch plan for Senza in the United States, which included implementation of pricing, territory assignment, hiring plan, training program, professional education, and messaging, by the earlier of April 1, 2015 or the month prior to the launch of Senza in the United States, (iv) hiring and training at least 45 U.S. sales representatives by December 31, 2015, (v) approval of Senza by the Federal Drug Administration by December 31, 2015, (vi) publication of SENZA-RCT by June 30, 2015, (vii) approval of Senza for 3T Head and Extremity Magnetic Resonance Imaging application by June 30, 2015 and (viii) successfully meeting product demand forecast for fiscal year 2015, as well as goals relating to our sales and marketing operations. Given that certain of our non-financial sales and marketing goals, product development goals and operational goals are related to our business strategy and are highly confidential, we do not publicly disclose them. We believe their disclosure would provide our competitors, customers and other third parties with significant insights regarding our confidential business strategies that could cause us substantial competitive harm. These goals were set by our Compensation Committee at a level our Compensation Committee determined would require substantial effort to be achieved, such that the goals would not be expected to be achieved with average or below average performance.

For fiscal 2015, there was no specific weighting for each performance goal when determining the overall bonus amount, and instead the Board evaluates the overall achievement of all performance goals based on the importance to the success of the Company. For each of these performance goals under the annual cash incentive program, the Board sets general performance goal, but there is no minimum or maximum achievement for each performance target, instead the Board weighs the achievement, partial achievement or non-achievement for each performance target when deciding the overall achievement level. For future fiscal years, our Compensation Committee may determine to allocate specific weightings to each performance goal.

Corporate goals and performance targets are reviewed and approved by the Compensation Committee, which gives its recommendations to the Board prior to any allocation of the bonus. In March 2016, the Compensation Committee reviewed our 2015 company-wide performance with respect to determining bonuses to executive officers and the Board determined, after reviewing the recommendations from the Compensation Committee, a company-wide target achievement of 100% based on achievement of all the performance goals either at or above established targets. With respect to the international revenue and U.S. revenue targets, the Board determined that the Company exceeded both targets, having achieved international revenue of \$45.3 million and U.S. revenue of \$24.3 million over the two full quarters following the commercialization of Senza in the United States in May 2015. Following its review and determinations, the Board approved, based on recommendations from the Compensation Committee, cash bonuses to the NEOs at 100% of their target bonus opportunity. The NEOs' 2015 performance bonuses are set forth in the column entitled "Non-Equity Incentive Plan Compensation" in the "2015 Summary Compensation Table" below.

Equity-Based Long-Term Incentive Awards

Our Compensation Committee believes it is essential to provide equity-based compensation to our executive officers in order to link the interests and risks of our executive officers with those of our stockholders, reinforcing our commitment to ensuring a strong linkage between company performance and pay. In 2015, we granted all equity-based compensation to our NEOs in the form of stock options, which we believe effectively align the interests of our executives with those of our stockholders because our NEOs will realize no value in their stock options in the event they fail to increase stockholder value over the term of their options.

In connection with Mr. Alleavitch's commencement of employment with us, in April 2015, we granted to Mr. Alleavitch an option to purchase 36,500 shares of the Company's common stock, which vests as to 25% of the shares subject to the option on the first anniversary of Mr. Alleavitch's start date and 1/48th of the shares subject to the option on each monthly anniversary thereafter, subject to his continued service.

Table of Contents

In addition, in December 2015, we made the following grants of stock options to our NEOs:

Number of Shares		
Name	Underlying Stock Options	Grant Date Fair Value
Michael DeMane	100,000	\$ 3,003,770
Rami Elghandour	49,500	\$ 1,486,866
Andrew H. Galligan	44,500	\$ 1,336,678
Doug Alleavitch	21,000	\$ 630,792
Andre Walker	14,000	\$ 420,528

These stock option awards vest as to 1/48th of the shares subject to the option on each monthly anniversary of November 5, 2015, subject to continued employment.

In setting the overall values of the stock option grants to our NEOs, the Compensation Committee considered a number of factors, including those set forth above under *Determination of Executive Compensation*, as well as, for reference, the 25th, 50th and 75th percentiles of compensation paid by our peer group of companies, though it did not benchmark to any particular percentile. The Compensation Committee considered the levels of such grants to be appropriate in order to provide retention value, increase the amount of compensation at risk and more closely tie our NEOs' pay to our stockholders' interests.

Retirement Savings, Health and Welfare Benefits

Our NEOs participate in our company-sponsored benefit programs on generally the same basis as other salaried employees, including a standard complement of health and welfare benefit plans and a 401(k) plan, which is intended to qualify under Section 401(k) of the Code, such that a portion of their eligible compensation may be deferred on a pre-tax basis. Under the 401(k) plan, employees may elect to reduce their current compensation by up to the statutorily prescribed annual limit and to have the amount of such reduction contributed to the 401(k) plan. We currently do not provide matching contributions to employees under the 401(k) plan.

Perquisites and Other Personal Benefits

Pursuant to the employment agreement with Mr. DeMane, we reimburse or directly pay the costs incurred by him for commuting from the Minneapolis, Minnesota area to the Company's offices in Redwood City, California, including reasonable travel expenses and accommodations. Our Compensation Committee believes that this commuting-related benefit is reasonable and necessary to retain Mr. DeMane and is intended to reduce the obstacles to Mr. DeMane in performing services for the Company. In addition, we provide supplemental insurance benefits to Mr. Elghandour, which we believe to be reasonable and necessary to retain Mr. Elghandour.

Other than the commuting-related benefit provided to Mr. DeMane and supplemental insurance benefits provided to Mr. Elghandour, we do not currently provide perquisites to our NEOs, and we do not view perquisites or other personal benefits as a significant component of our executive compensation program. In the future, we may provide perquisites or other personal benefits in limited circumstances, such as where we believe it is appropriate to assist an individual executive officer in the performance of his or her duties, to make our executive officers more efficient and effective or for recruitment, motivation, or retention purposes. All future practices with respect to perquisites or other personal benefits will be approved by the Compensation Committee.

Severance and Change in Control Arrangements

We are party to an employment agreement with Mr. DeMane and change in control severance agreements with each of our other NEOs, which provide for severance benefits and payments upon certain terminations without cause or resignations for good reason. Our Compensation Committee believes that these types of arrangements are necessary to attract and retain executive talent and are a customary component of executive

compensation. In particular, such arrangements can serve to mitigate a potential disincentive for them when they are evaluating a potential acquisition of the Company and can encourage retention through the conclusion of the transaction. The payments and benefits provided under our severance and change in control arrangements are designed to provide our NEOs with treatment that is competitive with market practices. A description of these arrangements, as well as information on the estimated payments and benefits that our NEOs would have been eligible to receive as of December 31, 2015, are set forth in *Potential Payments Upon Termination or Change in Control* below.

New Employment Arrangements

In February 2016, the Board approved an executive leadership succession plan pursuant to which, effective June 1, 2016, Mr. DeMane will transition to the role of Executive Chairman of the Board and Mr. Elghandour will assume the role of President and Chief Executive Officer. We have approved new compensatory arrangements with each of Messrs. DeMane and Elghandour reflecting their new roles with the Company and expect to enter into new written agreements with each evidencing such arrangements. Pursuant to Mr. DeMane's new arrangement, effective June 1, 2016, Mr. DeMane will be eligible to receive an annual salary of \$500,000 for his service as Executive Chairman and will be eligible to receive a cash bonus targeted at 75% of his annual salary. Pursuant to Mr. Elghandour's new arrangement, effective June 1, 2016, Mr. Elghandour's base salary and target cash bonus will be increased to \$523,000 and 75% of base salary, respectively. In addition, in connection with Mr. Elghandour's appointment as President and Chief Executive Officer, we granted to Mr. Elghandour an option to purchase 269,726 shares of common stock and an award of restricted stock (RSU award) covering 63,695 shares of common stock. The option award will vest as to an aggregate of 202,294 shares over a period of four years in equal monthly installments commencing on June 1, 2016, subject to Mr. Elghandour's continued service as of each vesting date. The remaining 67,432 shares subject to the option award will vest and become exercisable, if at all, as to 1/4th of the shares annually upon the filing of the Company's Annual Report on Form 10-K for each year, beginning in 2017, subject to the Mr. Elghandour's continued service and to the achievement of certain performance criteria for the annual installment. The RSU award will vest as to an aggregate of 47,771 shares on each anniversary of June 1, 2016 over a period of four years, subject to Mr. Elghandour's continued service as of each vesting date. The remaining 15,924 shares under the RSU award will vest, if at all, as to 1/4th of the shares annually upon the filing of the Company's Annual Report on Form 10-K for each year, beginning in 2017, subject to the Mr. Elghandour's continued service and to the achievement of certain performance criteria for the annual installment.

Other Policies and Considerations

Derivatives Trading, Hedging, and Pledging Policies. Our Insider Trading Policy provides that no officer, director, employee or consultant, or any immediate family member or any member of the household of any such person, shall purchase or sell any type of security while in possession of material, non-public information relating to the security, whether the issuer of such security is the Company or any other company. This prohibition includes any interest or position relating to put options, call options or short sales, or engaging in hedging transactions. In addition, our Insider Trading Policy provides that no employee, officer or director may pledge Company securities as collateral to secure loans. This prohibition means, among other things, that these individuals may not hold Company securities in a margin account, which would allow the individual to borrow against their holdings to buy securities.

Deductibility of Compensation. Section 162(m) of the Code generally disallows the deductibility of certain compensation expenses in excess of \$1,000,000 to any one executive officer within a fiscal year. Compensation that is performance-based is excluded from this limitation. For compensation to be performance-based, it must meet certain criteria, including performance goals approved by our stockholders and, in certain cases, objective targets based on performance goals approved by our stockholders. We believe that maintaining the discretion to evaluate the performance of our executive officers through the use of performance-based compensation is an important part of our

responsibilities and benefits our stockholders, even if it may be non-deductible under Section 162(m) of the Code.

Table of Contents

Nonqualified Deferred Compensation. The Compensation Committee takes into account whether components of the compensation for our executive officers will be adversely impacted by the penalty tax imposed by Section 409A of the Code, and aims to structure these components to be compliant with or exempt from Section 409A to avoid such potential adverse tax consequences.

Golden Parachute Payments. Sections 280G and 4999 of the Code provide that certain executive officers and other service providers who are highly compensated or hold significant equity interests may be subject to an excise tax if they receive payments or benefits in connection with a change in control of the company that exceeds certain prescribed limits, and that we, or a successor, may forfeit a deduction on the amounts subject to this additional tax. We did not provide any executive officer, including any NEO, with a gross-up or other reimbursement payment for any tax liability that he or she might owe as a result of the application of Sections 280G or 4999 during 2015 and we have not agreed and are not otherwise obligated to provide any NEO with such a gross-up or other reimbursement.

Accounting for Share-Based Compensation. We follow Financial Accounting Standard Board (FASB) Accounting Standards Codification Topic 718 (ASC Topic 718) for our share-based compensation awards. ASC Topic 718 requires companies to measure the compensation expense for all share-based payment awards made to employees and directors, including stock options and restricted stock units, based on the grant date fair value of these awards. This calculation is performed for accounting purposes and reported in the compensation tables below, even though our executive officers may never realize any value from their awards. ASC Topic 718 also requires companies to recognize the compensation cost of their share-based compensation awards in their income statements over the period that an executive officer is required to render service in exchange for the option or other award.

Potential Payments Upon Termination or Change in Control

In 2015, we were party to an employment agreement with Mr. DeMane (the DeMane Agreement) and change in control severance agreements with each of our other NEOs (the CIC Severance Agreements), which provided for severance benefits and payments upon certain terminations without cause or resignations for good reason, both outside of a change in control and in connection with a change in control.

Under the DeMane Agreement, in the event Mr. DeMane's employment is terminated by us other than for cause or as a result of Mr. DeMane resigning for good reason (each, as defined in the DeMane Agreement), then Mr. DeMane will receive (i) a severance payment equal to 12 months of Mr. DeMane's base salary, payable in a cash lump sum, and (ii) payment or reimbursement by us of COBRA premiums for up to 12 months. In the event Mr. DeMane's employment is terminated within the period commencing three months prior to and ending 12 months following a change of control, by us other than for cause or as a result of Mr. DeMane resigning for good reason, then in lieu of the foregoing severance benefits, Mr. DeMane will receive (i) a severance payment equal to the sum of (a) two times Mr. DeMane's annual base salary and (b) two times Mr. DeMane's annual target bonus, payable in cash lump sum, (ii) payment or reimbursement by us of COBRA premiums for up to 24 months, and (iii) 100% of Mr. DeMane's then-unvested options and other equity awards will immediately vest and, if applicable, become exercisable. Mr. DeMane's severance benefits are contingent on Mr. DeMane providing a general release of claims against us.

Pursuant to the terms of the CIC Severance Agreements with our other NEOs, in the event the executive's employment is terminated by us other than for cause or the executive experiences a constructive termination (each, as defined in the CIC Severance Agreements), then the executive will receive as severance six months of base salary in a single cash lump sum payment and six months of COBRA reimbursement; provided, that if the termination or resignation occurs within the period commencing three months prior to a change in control and ending 12 months after a change in control, the severance will consist of 12 months of base salary paid in a single cash lump sum, 100% of the executive's target bonus paid in a single cash lump sum, 12 months of COBRA reimbursement and full vesting acceleration for each stock option and other equity award held by the executive. The executive must timely deliver an effective release of claims to us in order to be eligible for the foregoing severance benefits.

Each of the DeMane Agreement and the CIC Severance Agreements provide for a parachute payment – best pay provision, under which payments and benefits will either be made to the executive in full or as to such lesser amount as which would result in no portion of the payments and benefits being subject to an excise tax under Section 280G of the Code, whichever of the foregoing amounts is greater on an after-tax basis.

Compensation Risk Assessment

Consistent with the SEC's disclosure requirements, we have assessed our compensation programs for all employees. We have concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on us. Management has evaluated our executive and employee compensation and benefits programs to determine if these programs' provisions and operations create undesired or unintentional risk of a material nature. The risk assessment process includes a review of program policies and practices; analysis to identify risks and risk controls related to our compensation programs; and determinations as to the sufficiency of risk identification, the balance of potential risk to potential reward, the effectiveness of our risk controls and the impacts of our compensation programs and their risks to our strategy. Although we periodically review all compensation programs, we focus on the

programs with variability of payout, with the ability of a participant to directly affect payout and the controls on participant action and payout. In relation to this, we believe that our incentive compensation arrangements provide incentives that do not encourage risk taking beyond our ability to effectively identify and manage significant risks and are compatible with effective internal controls and our risk management practices.

The Compensation Committee monitors our compensation programs on an annual basis and expects to make modifications as necessary to address any changes in our business or risk profile.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, during the year ended December 31, 2015, all Section 16(a) filing requirements applicable to our officers, directors and greater than 10% beneficial owners were complied with, except with respect to late Form 4 reports for each of Messrs. Elghandour and Galligan in connection with exempt option exercises that occurred in late December 2015.

ADDITIONAL INFORMATION

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

Brokers with account holders who are Nevro stockholders may be "householding" our proxy materials. A single proxy statement may be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that it will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you notify your broker or the Company that you no longer wish to participate in "householding."

If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate proxy statement and annual report, you may (1) notify your broker, (2) direct your written request to: 1800 Bridge Parkway, Redwood City, California 94065 or (3) contact our Investor Relations manager, Katherine Bock, by telephone at (650) 433-3247. Stockholders who currently receive multiple copies of this Proxy Statement at their address and would like to request "householding" of their communications should contact their broker. In addition, the Company will promptly deliver, upon written or oral request to the address or telephone number above, a separate copy of the Form 10-K, Proxy Statement, Proxy Card or Notice of Internet Availability of Proxy Materials to a stockholder at a shared address to which a single copy of the documents was delivered.

Other Matters

As of the date of this Proxy Statement, the Board does not intend to present any matters other than those described herein at the Annual Meeting and is unaware of any matters to be presented by other parties. If other matters are properly brought before the Annual Meeting for action by the stockholders, proxies will be voted in accordance with the recommendation of the Board or, in the absence of such a recommendation, in the discretion of the proxy holder.

We have filed our Annual Report on Form 10-K for the fiscal year ended December 31, 2015 with the SEC. It is available free of charge at the SEC's web site at www.sec.gov. Upon written request by a Nevro stockholder, we will mail without charge a copy of our Annual Report on Form 10-K, including the financial statements and financial statement schedules, but excluding exhibits to the Annual Report on Form 10-K. Exhibits to the Annual Report on Form 10-K are available upon payment of a reasonable fee, which is limited to our expenses in furnishing the requested exhibit. All requests should be directed to the Corporate Secretary, 1800 Bridge Parkway, Redwood City, California 94065.
