Subject: Request for explanation

Dear Sir,

1. We refer to the report published by Reuters on January 2, 2017 under the headline:

EXCLUSIVE: Renova negotiating sale of power plant to AES Brasil, source says; stock price rises more than 20% ,

which contains the following statements:

The share price of Renova Energia, the vehicle for renewable energy investments of the Minas Gerais electricity utility Cemig, shot up more than 20 per cent in mid-session this Monday on the Bovespa, after Reuters reported that

the company is in negotiations to sell a wind farm complex in the Northeast.

A source with knowledge of the transaction said today (Monday) that Renova is negotiating its Alto Sertão II wind farm complex with the Brazilian unit of the US company AES (AES.N) for between 600 million and 700 million Reais.

The source also said that most of the proceeds from the sale of the plant will be used to reduce Renova's debt.

At 1.47 p.m., the price of Renova's Units was up 22.50%, at 7.35 Reais, a peak for the day. At that time the Bovespa index was down 0.68%, the share price of AES Tietê was down 0.21%, and Cemig's share price was up 0.13%.

The Alto Sertão II wind farm complex, in Bahia, has capacity to generate 386 megawatts and has been in operation since 2014.

Renova also intends to use part of the proceeds of the sale to complete construction of a new wind farm complex, Alto Sertão III, also in Bahia, on which the works are 90% complete.

Representatives of Renova and AES Brasil did not immediately comment.

Cemig has been looking for partners or ways of capitalizing Renova since the failure in 2015 of a transaction in which the US company SunEdison would have taken a stake in the company this was canceled after SunEdison had financial difficulties in the US.

Cemig at one point organized a tender procedure to sell an interest in Renova, in which various multinational companies participated, but this did not produce any transaction.

Amid the difficulties, in 2016 Renova announced various reorganization measures, including renegotiation of contracts with power suppliers and reduction of its investment plan.

2. In view of the above, we order you to make a statement about this news report, and to comment on any other information considered to be important on the subject.
3. This statement should be given through the Empresas.NET system, in the category: *Market Announcement*, under the sub-category: *Responses to consultations by CVM/Bovespa*; subject heading: *Media News Reports*, and should include a transcription of this letter.
4. We warn you that, by order of our Company Relations Supervision Management, using its legal powers under Sub-item II of Article 9 of Law 6385/1976 and CVM Instruction 452/07, a coercive fine of R\$ 1,000 (one thousand Reais) is applicable, without prejudice to other administrative sanctions, for non-compliance with the requirement contained in this Official Letter, which is sent exclusively by e-mail, by January 3, 2017, notwithstanding the provisions of §1 of Article 6 of CVM Instruction 358/02.

Reply by CEMIG

Dear Ms. Nilza Maria Silva de Oliveira,

In reply to Official Letter 4/2017-CVM/SEP/GEA-1, of January 2, 2017, we repeat the content of the Market Notice published by Renova Energia S.A., an affiliated company of Cemig, on January 3, 2016:

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

In response to the above request, the Company states that Renova has evaluated several options for reduction of its indebtedness and adapting its business plan, among which are sale of assets or entry of new partners into the company. However, so far there is no formal decision on the sale of assets nor any agreement on the terms and conditions of any potential disposal.

The Company takes this opportunity of reiterating its commitment to opportune and timely disclosure of all and any facts that are of interest to its stockholders, in accordance with Article 2 of CVM Instruction 358/2002.

Rio de Janeiro, February 10, 2017.

Subject: Request for information on news report.

Dear Sir,

1. We refer to the news reports published on February 10, 2017, in the *O Estado de São Paulo* newspaper, under the headline:

Control of Belo Monte plant is put on sale for R\$ 10 billion

containing statements to the following effect (we have summarized):

*The Belo Monte hydroelectric plant, in Pará, is for sale. According to information obtained by the Estado newspaper, the **Companies** that comprise the controlling stockholding block of Norte Energia, the company that holds the concession managing the plant, have contracted Bradesco BBI to seek potential **Investors** in Brazil and other countries. The operation also involves an international bank to carry out the negotiations for sale of the hydroelectric plant that is the world's third largest after only the Three Gorges plant in China and Itaipu Binacional.*

*What is for sale is the interests of the **companies** Neoenergia, Cemig, Light, Vale, Sinobras, J. Malucelli and **the pension funds** Petros (**Petrobras**) and Funcef (Caixa Econômica Federal). In aggregate, these companies hold a 50.02% interest in Norte Energia. The book value of Belo Monte is estimated at R\$ 10 billion. The project will be completed only in 2019, and still requires investment of at least R\$ 5 billion.*

When completed it will have generation capacity for 11,233 MW, and will have consumed more than R\$ 31 billion when the project began it was budgeted at R\$ 18 billion. According to sources close to the company, to acquire the plant, purchasers will have to take over the financing of approximately R\$ 22 billion granted to the project by the Brazilian Development Bank (BNDES). The plant is still applying for a further R\$ 2 billion from the BNDES to

complete the works. [...]

Question asked by the Brazilian Securities Commission (CVM)

Rio de Janeiro, February 13, 2017.

Subject: Request for information on news report.

Dear Sir,

1. We refer to the article published on February 11, 2017 in the *Folha de S. Paulo* newspaper, under the headline:
Companies demanding R\$ 750 million from the Santo Antônio plant

which contained the following statements:

Companies of the electricity sector are demanding return of at least R\$ 750 million invested in the Santo Antônio hydroelectric plant in the state of Rondônia. The consortium that manages the plant refuses to return amounts invested by the partners, even with an arbitration judgment determining that stockholders who put money into the venture have the right to receive money back because directors of the company acted to the benefit of only a part of the group of partners.

Among the injured parties are the state-controlled public-sector companies Eletrobras, Furnas and Cemig, which are in conflict. Cemig, which belongs to the government of Minas Gerais State, is demanding that the federal state-controlled companies Eletrobras and Furnas, the majority stockholders, order the Executive Board of Santo Antônio Energia to return the funds. Santo Antônio Energia is a private-sector company whose partners, as well as the state-controlled companies, are companies linked to the construction companies Odebrecht and Andrade Gutierrez.

Alleging cash problems inhibiting payment of its commitments, Santo Antonio Energia has been asking its partners for more than R\$ 2 million since 2014. The company says that it suffered losses due to strikes that destroyed worksites of the plant and, for this reason, the project works were delayed and it became more expensive than planned, causing losses. In 2016, Cemig and Andrade refused to put new funds into the company, alleging that part of the funds was benefiting a related party, and deposited the amounts in escrow with the court.

Both alleged that the money would benefit Odebrecht. So as not to have to pay to Santo Antonio, the companies opened arbitration proceedings a type of judgment that runs parallel to the courts.

DEADLINE

In a letter sent to Eletrobras in September, to which this newspaper (Folha de São Paulo) has had access, Cemig said that the amount of money paid irregularly is at least R\$ 750 million. The deadline for return of the money has passed, but no return has taken place. We approached Cemig, and it said that it would not make any statement because the arbitration proceedings are being held in secret. Eletrobras said that Furnas would answer.

Furnas stated that it has requested a copy of the whole proceedings, and said: Since then, Furnas has been reiterating full and immediate implementation of the order given by the judgment. Santo Antonio Energia stated that It has always rigorously complied with all and any final, unappealable decision given by the courts or by arbitration, and will continue to do so.

Reply by CEMIG

Dear Ms. Nilza Maria Silva de Oliveira,

In reply to Official Inquiry No. 85/2017/CVM/SEP/GEA-1, of February 13, 2017, we inform you that, as disclosed in the Reference Forms for 2015 and 2016, duly filed by the Company with the CVM on October 21, 2014, the Extraordinary General Meeting of Stockholders (EGM) of Madeira Energia was held, in which an increase in the share capital of Mesa was approved, by majority, in the amount of R\$ 1.59 billion. On November 19, 2014 SAAG Investimentos S.A. (SAAG) and Cemig Geração e Transmissão S.A. (Cemig) filed an action for provisional remedy against Mesa, requesting an interim order to suspend, until consideration on the merit by the Arbitration Tribunal, the period for exercise, by SAAG and by Cemig, of the right of first refusal to subscribe their proportional part (the disputed portion) of the capital of Mesa, in the amount of R\$ 174.72 million, approved by the Extraordinary General Meeting of Stockholders of Mesa held on October 21, 2014. The action also requested suspension of all the effects of the decisions as they relate to SAAG and Cemig and to their interests in Mesa, including in relation to the dilution and the penalties specified in the Stockholders Agreement of Mesa. The application for interim relief was granted on November 21, 2014, by the 39th Civil Court of the Central Jurisdiction of São Paulo.

Indeed, Cemig and SAAG voted against approval of the said capital increase in MESA, to be partially allocated to payment of the amounts requested by Santo Antônio Construction Consortium (CCSA), in the amount of approximately R\$ 750 million, on the grounds of (i) the absence of calculation of the amounts supposedly owed, and (ii) the absence of prior approval by the Board of Directors, as is required by the by-laws and the Stockholders Agreement of MESA, and also (iii) the existence of credits receivable by the latter from CCSA, able to be offset, in an amount higher than the total amounts demanded. The other stockholders made the same vote as Furnas, which made the increase and the payment conditional upon the provision of a guarantee by CCSA that it would ensure the return of the money.

In parallel, the Executive Board of MESA posted an impairment of certain credits owed to MESA by CCSA, which had been regularly accounted in successive business years, reducing them by approximately R\$ 750M. Cemig and SAAG, and subsequently Furnas, stated that they were opposed to the reduction, carried out without legal grounds and against the express contractual rules.

For the purpose of obtaining annulment of the capital increase and of the impairment, Cemig and SAAG began arbitration proceedings against Mesa in the Market Arbitration Chamber (*Câmara de Arbitragem do Mercado*, or CAM). These proceedings are being held *in camera*, in accordance with the regulations of the CAM.

The judgment, in 2016, recognized the irregularities indicated above, in full, and ordered annulment of the acts that had been impugned. SAAG and Cemig are in the process of taking measures to implement the decision. At present the Executive Board of MESA has not complied with the decision in relation to either of the two matters.

Cemig takes this opportunity of reiterating its commitment to opportune and timely disclosure of all and any facts that are of interest to its stockholders, in accordance with Article 2 of CVM Instruction 358/2002.

MATERIAL ANNOUNCEMENT

Applications to Energy Ministry for opening of administrative proceedings:

Concessions of the *Volta Grande, Jaguara, São Simão and Miranda* Plants

Cemig (*Companhia Energética de Minas Gerais*), a listed company with securities traded on the stock exchanges of São Paulo, New York and Madrid, in accordance with CVM Instruction 358 of January 3, 2002, as amended, **hereby informs** the Brazilian Securities Commission (CVM), the São Paulo Stock Exchange (BM&F Bovespa S.A.) and the market in general, **as follows**:

Today, Cemig's wholly-owned subsidiary Cemig Geração e Transmissão S.A. (**Cemig GT**):

reiterated, to the Mining and Energy Ministry (MME), its request for extension, for 20 (twenty) years, of the concessions of the *Jaguara, São Simão* and *Miranda* Hydroelectric Plants as specified by Clause 4 of its Concession Contract No. 007 of 1997;

and, subsidiarily,

requested opening of an Administrative Proceeding under Paragraph 1-C of Article 8 of Law 12783/2013, in benefit of one of the service providing subsidiaries of Cemig GT.

Paragraph 1-C was added to Article 8 of Law 12783, of 2013, by Law 13360, of November 17, 2016, and enables the federal government to grant a concession contract for electricity generation for a period of 30 (thirty) years when there is transfer of control of a legal entity that is already providing this service (in this case, one of the subsidiaries of Cemig GT), and is under direct or indirect control of an individual State, or the Federal District, or the municipality, provided that:

I the tender, which may be by auction or by competitive bidding, is held by the controlling stockholder on or before February 28, 2018; and

II the transfer of control takes place by June 30, 2018.

The subsidiary request is made on the grounds of the spirit of conciliation and cooperation that should govern the relationship between a concession holder and the concession-granting power, and the constant quest, at all times, for alternatives that present the best solution for consumers, for the country and for the stockholders of the Company who in this case include the people of the state of Minas Gerais.

Thus, in the event that the Ministry decides to maintain its position, and if all the court judgments that have determined that Law 12783/2013 should prevail to the detriment of the provisions of the Second Subclause of Clause 4 of Contract CEMIG 007 of 1997 are maintained, Cemig GT has requested, for the benefit of one of its subsidiaries, application of the rule that is now contained in §1-C of Article 8 of Law 12783 of 2013.

We would point out that the presentation of the Subsidiary Request does not result in any waiver by Cemig GT of its right which is the subject of the legal actions that it currently has in progress against the federal government to guaranteed extension of the concessions as specified in Clause 4 of Concession Contract 007/1997.

Cemig further reports that, also today (Feb. 21, 2017) it has filed with the MME a response to the formal question that had been addressed to it by that Ministry namely a request for statement as to its interest in remaining as provider of electricity generation service after the completion of the concession of the *Volta Grande* Hydroelectric Plant, scheduled to occur on February 23, 2017. In this response, and adding a request of its own, the Company:

stated its interest in remaining responsible for the provision of electricity generation service by this hydroelectric plant, and also

requested opening of an administrative proceeding under §1-C of Article 8 of Law 12783/2013, to the benefit of one of the service providing subsidiaries of Cemig GT.

Cemig will keep its stockholders and the market timely and appropriately informed on the progress of this matter.

PROPOSAL
BY THE BOARD OF DIRECTORS
TO THE
EXTRAORDINARY GENERAL MEETING OF STOCKHOLDERS
TO BE HELD ON MARCH 30, 2017

Dear Stockholders:

whereas:

- a) in its management of the Company and in the exercise of the right to vote in the wholly-owned subsidiaries, subsidiaries, affiliated companies and consortia, the Board of Directors and the Executive Board are required at all times faithfully to comply with certain targets, as stated in Clause 11, § 7, of the Company's by-laws:

to keep the Company's consolidated indebtedness equal to or less than 2 (two) times the Company's Ebitda (Earnings before interest, taxes, depreciation and amortization);

to keep the consolidated ratio of (Net debt) / (Net debt + Stockholders' equity) to a maximum of 40% (forty per cent); and

to limit the consolidated amount of funds allocated to capital investment and acquisition of any assets in each business year to the equivalent of 40% (forty per cent) of Ebitda (profit before interest, taxes, depreciation and amortization);

- b) under Clause 11, Paragraph 9, of the by-laws the said target values of these indicators may be exceeded for reasons related to temporarily prevailing conditions, upon prior justification and specific approval by the Board of Directors, up to the following limits:

Consolidated indebtedness less than or equal to 2.5 times Ebitda (profit before interest, taxes, depreciation and amortization); and

Consolidated (Net debt) / (Net debt + Stockholders equity): maximum of 50%;

- c) above these limits, including the case of limitation of (Consolidated funds allocated to capital investment and acquisition of any assets) to 40% of Ebitda (profit before interest, taxes, depreciation and amortization), the targets may be exceeded upon prior justification with grounds and specific approval by the stockholders in a General Meeting of Stockholders;

- d) authorization was obtained from the stockholders meeting in an Extraordinary General Meeting of Stockholders on May 30, 2016, for exceeding, in 2016,

the target of keeping the Company's consolidated indebtedness as specified in Subclause a of Paragraph 7 of Clause 11 of the Company's by-laws to less than or equal to 4.12 (four point one two) times the Company's Ebitda (profit before interest, taxes, depreciation and amortization);

the target of keeping the ratio established in Subclause b of Paragraph 7 of Clause 11 of the by-laws, namely the consolidated ratio of (Net debt) / (Net debt + Stockholders' equity) to a maximum of 52%; and

the target of keeping the amount stated in Subclause d of Paragraph 7 of Clause 11 of the by-laws, namely the consolidated amount of funds allocated to capital investment and acquisition of any assets in the business year to a limit of 146% of Cemig's Ebitda;

- e) for 2017, the Company expects to obtain a further authorization from the stockholders, after approval of the annual budget by the Board of Directors, since the indicators continue to be, and will continue to be, above the limits stated in the bylaws;
- f) the budget for 2017 is in the process of analysis, discussion and decision by the Board of Directors, making it difficult to calculate the related indicators to provide information for a new decision by the stockholders on the final limits for the current year; and this makes it necessary for the stockholders, in General Meeting, to authorize passage of targets for Paragraph 7 of Clause 11 of the bylaws at preliminary levels, until a further General Meeting of Stockholders can decide on exceeding of the indicators calculated as a function of the 2017 budget, and ratify those targets having been exceeded from January 1, 2017 until the General Meeting of Stockholders that decides on this proposal;
- g) the Ordinary and Extraordinary General Meetings of Stockholders of Cemig held concurrently on April 29, 2016 elected members of the Board of Directors for a new period of office of two years, that is to say, until the AGM of 2018;

- j) the stockholder José Pais Rangel and the representative of Geração Futuro L. Par FIA, for the minority of stockholders with voting shares, nominated a sitting member and a substitute member for the Board of Directors;
- k) at those concurrent Ordinary and Extraordinary General Meetings of Stockholders, the chair stated that, to complete the Board of Directors, the following stockholders had the rights to put forward numbers of sitting members of the Board of Directors (and related substitute members) in the following proportions:

FIA Dinâmica Energia,	1.4 members and their respective substitute members;

- p) an Extraordinary General Meeting of Stockholders was held on October 25, 2016, to make new appointments to the Board of Directors;
- q) in that Extraordinary General Meeting, the representative of BNDESPar, for the purpose of verifying that that election by multiple vote was regular, especially in view of the fact that the Board Members previously elected in a separate vote will be maintained in their positions, asked the meeting committee to provide the record of the stockholders present in the said Ordinary/Extraordinary Meetings, as specified in Paragraph 8 of Article 141 of Law 6404/1976, and the respective number of shares that participated in the said separate voting;
- r) it having been found that there was a mistake in the record of the number of votes for election of the Stockholders José Pais Rangel and José João Abdalla Filho in the said Meetings, the representative of the stockholder BNDESPar stated that it had not been possible to check that matter, and then requested that Cemig should call a further General Meeting of Stockholders to rectify that number of votes and to ratify the other decisions, and the other stockholders consented to this request;
- s)

the Board Members José Pais Rangel (sitting member) and José João Abdalla Filho (substitute) were elected with the votes of the stockholder José Pais Rangel and of Geração Futuro L. Par FIA, and these shares were not used in the election of the other members of the Board;
