**Jacobs Engineering Group Inc. Reports Earnings for the Third Quarter of Fiscal 2017**

DALLAS, TEXAS - Jacobs Engineering Group Inc. (NYSE:JEC) today announced its financial results for the third fiscal quarter ending June 30, 2017.

**Quarter Highlights:**

Net earnings of \$89.0 million, or \$0.74 per share;

Adjusted net earnings of \$95.3 million, or \$0.79 per share;

Backlog of \$18.6 billion up \$100 million vs. prior quarter and over \$200 million a year ago; highest professional services backlog in nine quarters;

Gross margin improvement of over 150 basis points vs. prior year to 18.3%, driven by strong project execution and increased focus on more profitable business;

Announced definitive agreement to acquire CH2M combination unites two industry-leading, innovative companies with highly complementary capabilities.

Jacobs reported net earnings of \$89.0 million, or \$0.74 per share, on revenue of \$2.5 billion for the third fiscal quarter ended June 30, 2017. This compares to net earnings of \$69.1 million, or \$0.57 per share, on revenues of \$2.7 billion for the third fiscal quarter ended July 1, 2016.

Jacobs net earnings for the third fiscal quarter 2017 include approximately \$6.3 million, or \$0.05 per share, in after-tax Restructuring and other charges, mainly associated with the 2015 Restructuring. While the 2015 Restructuring was concluded in fiscal second quarter 2017, certain costs associated with previously identified restructuring actions were recognized this quarter, as previously communicated. Our third fiscal quarter 2016 results included approximately \$25.8 million, or \$0.21 per share, in charges related to the 2015 Restructuring.

Excluding the Restructuring and other charges above, Jacobs adjusted net earnings for the quarter totaled \$95.3 million, or \$0.79 per share, favorable as compared to \$94.8 million or \$0.78 per share for the corresponding period for 2016.

Our net earnings for the current quarter included \$3.5 million, or \$0.02 per share, in professional service fees associated with the Company's announced definitive agreement to acquire CH2M.

Total backlog was \$18.6 billion at June 30, 2017, including a professional services component of \$12.6 billion, as compared to total backlog of \$18.3 billion and a professional services component of \$11.9 billion for the corresponding period last year. On a sequential basis, gross profit (and margin) associated with our Q3 backlog continued to improve from our Q2 FY17 levels.

Steve Demetriou, Jacobs Chairman and CEO commenting on the results for the quarter, said, *I am pleased with our third quarter results which are aligned with our communicated expectations during last quarter's earnings call. Sequential revenue growth, continued robust gross margin performance, and strong cost discipline supported our year over year improvement.* Steve added, *The recently announced CH2M transaction serves as the beginning of the next exciting chapter in the history of Jacobs, and will enhance our strategy to target high growth, high margin business, and reinforce our position as a premier global design, engineering, construction, operations and maintenance technical services firm.*

The Company's cash flow from operations was \$179.5 million in the third quarter. Additionally, during the quarter, the Company repurchased 0.3 million shares of common stock at a total cost of \$16.0 million and paid dividends of \$18.0 million.

### Outlook

Kevin Berryman, Jacobs CFO, commented, *The growth in our backlog and continued margin strength across all lines of business positions us to deliver on our goal to improve growth momentum into FY18. Expectations of our underlying operating performance for the upcoming fourth quarter remain positive and in line with current expectations. As a result, our expected full year results are now expected to deliver adjusted earnings per share of \$3.00-\$3.15, including transaction costs associated with our recently announced acquisition of CH2M of approximately \$0.07 per share.*

**Non-U.S. GAAP Financial Measures:**

In this press release, the Company has included certain non-GAAP financial measures as defined in Regulation G promulgated under the Securities Exchange Act of 1934, as amended. The non-GAAP financial measures included in this press release are adjusted net earnings and adjusted EPS.

Adjusted net earnings and adjusted EPS are non-GAAP financial measures that are calculated by excluding the after-tax costs related to the 2015 Restructuring activities as well as other charges associated with our Europe, U.K. and Middle East region (collectively referred to as Restructuring and other charges), which are not considered by management to be part of the Company's ordinary operations. We believe that the adjusted net earnings and adjusted EPS are useful to management, investors and other users of our financial information in evaluating the Company's operating results and understanding the Company's operating trends by excluding the effects of the Restructuring and other charges, which can obscure underlying trends. Additionally, management uses adjusted net earnings and adjusted EPS in its own evaluation of the Company's performance, particularly when comparing performance to past periods, and believes these measures are useful for investors because they facilitate a comparison of our financial results from period to period.

The Company provides non-GAAP measures to supplement U.S. GAAP measures, as they provide additional insight into the Company's financial results. However, non-GAAP measures have limitations as analytical tools and should not be considered in isolation and are not in accordance with, or a substitute for, U.S. GAAP measures. In addition, other companies may define non-GAAP measures differently, which limits the ability of investors to compare non-GAAP measures of the Company to those used by our peer companies.

The following tables reconcile the components and values of U.S. GAAP net earnings and EPS to the corresponding adjusted amounts. For the comparable periods presented below, such adjustments consist of amounts incurred in connection with the Restructuring and other charges. Amounts are shown in thousands, except for per-share data:
