Total number of clients through the Company's Internet wealth management platform as of June 30, 2017 was 438,981, up from 425,708 and 324,918 as of March 31, 2017 and June 30, 2016, respectively.

Mr. Kenny Lam, Group President of Noah, said, "We have delivered robust earnings in the first half of 2017. We are excited by the new talents we are on-boarding to our core team and the foundation we have built. We will continue to focus on executing our long-term strategy as China's leading wealth and asset manager."

SECOND QUARTER 2017 FINANCIAL RESULTS

Net Revenues

Net revenues for the second quarter of 2017 were RMB707.3 million (US\$104.3 million), an 8.5% increase from the corresponding period in 2016, primarily driven by increased recurring service fee revenues.

Wealth Management Business

Net revenues from one-time commissions for the second quarter of 2017 were RMB297.6 million (US\$43.9 million), a 2.0% increase from the corresponding period in 2016. The increase was mainly due to the increase in the aggregate value of wealth management products.

Net revenues from recurring service fees for the second quarter of 2017 were RMB209.3 million (US\$30.9 million), a 7.5% increase from the corresponding period in 2016. The increase was primarily due to the cumulative effect of wealth management products with recurring service fees previously distributed.

Net revenues from performance-based income for the second quarter of 2017 were RMB22.0 million (US\$3.2 million), compared with RMB0.1 million in the corresponding period of 2016, due to the realization of performance-based income from secondary market equity products and private equity products distributed in previous periods.

Net revenues from other service fees for the second quarter of 2017 were RMB21.6 million (US\$3.2 million), a 17.4% increase from the corresponding period in 2016, primarily due to the growth of new business within the wealth management segment.

Asset Management Business

Net revenues from recurring service fees for the second quarter of 2017 were RMB128.3 million (US\$18.9 million), a 17.0% increase from the corresponding period in 2016. The increase was primarily due to the increase in assets under management.

Net revenues from performance-based income for the second quarter of 2017 were RMB1.5 million (US\$0.2 million), compared with RMB23.6 million in the corresponding period of 2016.

Internet Financial Service Business

Net revenues for the second quarter of 2017 were RMB26.4 million (US\$3.9 million), a 133.0% increase from the corresponding period in 2016. The increase was primarily due to the growth in overall Internet financial services, including online wealth management, micro-lending, payment processing and other services, compared with the corresponding period of 2016.

Operating costs and expenses

Operating costs and expenses include compensation and benefits, selling expenses, general and administrative expenses, other operating expenses and government subsidies. Operating costs and expenses for the second quarter of 2017 were RMB483.1 million (US\$71.3 million), a 5.6% increase from the corresponding period in 2016. As the increase in net revenue outpaced the increase in operating costs and expenses year-on-year, the Company's operating margin improved in the second quarter of 2017 as discussed below.

Wealth Management Business

Operating costs and expenses for the second quarter of 2017 were RMB365.4 million (US\$53.9 million), an 8.2% increase from the corresponding period in 2016.

Compensation and benefits for the second quarter of 2017 were RMB250.8 million (US\$37.0 million), a 0.3% decrease from the corresponding period in 2016.

Selling expenses for the second quarter of 2017 were RMB66.9 million (US\$9.9 million), a 0.7% decrease from the corresponding period in 2016.

General and administrative expenses for the second quarter of 2017 were RMB29.9 million (US\$4.4 million), a 6.2% decrease from the corresponding period in 2016, primarily due to the reduced loss from fixed asset disposal compared with the same period last year.

Other operating expenses were RMB27.5 million (US\$4.1 million) for the second quarter of 2017, an increase of 30.1% from the corresponding period in 2016. The increase was primarily due to the growth of new business within the wealth management segment.

Government subsidies represent cash subsidies received from local governments for general corporate purposes. The Company's wealth management business received RMB9.7 million (US\$1.4 million) in government subsidies in the second quarter of 2017, compared with RMB34.2 million in the corresponding period of 2016.

Asset Management Business

Operating costs and expenses for the second quarter of 2017 were RMB60.5 million (US\$8.9 million), an 8.9% decrease from the corresponding period in 2016.

Compensation and benefits for the second quarter of 2017 were RMB44.7 million (US\$6.6 million), a 1.5% increase from the corresponding period of 2016.

Selling expenses for the second quarter of 2017 were RMB1.4 million (US\$0.2 million), compared with RMB4.4 million in the corresponding period of 2016.

General and administrative expenses for the second quarter of 2017 were RMB11.2 million (US\$1.6 million), a 39.1% decrease from the corresponding period in 2016. The decrease was mainly due to certain expenses that were not VAT deductible in the second quarter last year.

Government subsidies represent cash subsidies received from local governments for general corporate purposes. The asset management business received RMB0.1 million in government subsidies in the second quarter of 2017, compared with RMB2.0 million in the corresponding period of 2016.

Internet Financial Service Business

Operating costs and expenses for the second quarter of 2017 were RMB57.1 million (US\$8.4 million), a 7.0% increase from the corresponding period in 2016. Operating costs and expenses for the second quarter of 2017 primarily consisted of compensation and benefits of RMB35.5 million (US\$5.2 million), selling expenses of RMB3.0 million (US\$0.4 million), general and administrative expenses of RMB8.2 million (US\$1.2 million) and other operating expenses of RMB10.5 million (US\$1.5 million).

Operating Margin

Operating margin for the second quarter of 2017 was 31.7%, an increase from 29.8% for the corresponding period in 2016. The increase was mainly due to improved operating margin for the asset management business and reduced operating loss of the Internet financial service business.

Operating margin for the wealth management business for the second quarter of 2017 increased to 33.6% from 33.1% for the corresponding period in 2016.

Operating margin for the asset management business for the second quarter of 2017 was 53.5%, compared with 50.9% for the corresponding period in 2016.

Operating loss for the Internet financial service business for the second quarter of 2017 was RMB30.8 million (US\$4.5 million), down from RMB42.1 million for the corresponding period in 2016.

Income Tax Expenses

Income tax expenses for the second quarter of 2017 were RMB60.2 million (US\$8.9 million), a 24.3% increase from the corresponding period in 2016. The increase was primarily due to the combined impact of higher taxable income and a higher effective tax rate.

Income from Equity in Affiliates

Income from equity in affiliates for the second quarter of 2017 was RMB23.3 million (US\$3.4 million), a 154.4% increase from the corresponding period in 2016. The increase was mainly due to the increased net asset value of the Company's investments in the funds managed by Gopher as a general partner.

Net Income

Net Income

Edgar Filing: Noah Holdings Ltd - Form 6-K

Net income for the second quarter of 2017 was RMB205.9 million (US\$30.4 million), a 16.9% increase from the corresponding period in 2016.

Net margin for the second quarter of 2017 was 29.1%, up from 27.0% for the corresponding period in 2016.

Net income attributable to Noah shareholders for the second quarter of 2017 was RMB207.0 million (US\$30.5 million), a 13.6% increase from the corresponding period in 2016.

Net income attributable to Noah shareholders per basic and diluted ADS for the second quarter of 2017 was RMB3.67 (US\$0.54) and RMB3.52 (US\$0.52), respectively, up from RMB3.24 and RMB3.10, respectively, for the corresponding period in 2016.

Non-GAAP Net Income Attributable to Noah Shareholders

Non-GAAP net income attributable to Noah shareholders for the second quarter of 2017 was RMB226.5 million (US\$33.4 million), a 14.4% increase from the corresponding period in 2016.

Non-GAAP net margin attributable to Noah shareholders for the second quarter of 2017 was 32.0%, up from 30.4% for the corresponding period in 2016.

Non-GAAP net income attributable to Noah shareholders per diluted ADS for the second quarter of 2017 was RMB3.84 (US\$0.57), up from RMB3.37 for the corresponding period in 2016.

Balance Sheet and Cash Flow

As of June 30, 2017, the Company had RMB2,003.5 million (US\$295.5 million) in cash and cash equivalents, compared with RMB2,609.2 million as of March 31, 2017 and RMB1,398.9 million as of June 30, 2016.

Net cash inflow from the Company's operating activities during the second quarter of 2017 was RMB72.8 million (US\$10.7 million), compared with income from operations of RMB224.3 million for the corresponding period in 2016; the difference was mainly due to temporary cash outflows related to the Company's factoring business.

Net cash outflow from the Company's investing activities during the second quarter of 2017 was RMB671.2 million (US\$99.0 million), primarily due to increases in short-term and long-term investments to improve cash usage and capital management.

Net cash inflow from the Company's financing activities was RMB4.2 million (US\$0.6 million) in the second quarter of 2017, which mainly included proceeds from issuance of ordinary shares upon exercise of stock options.

On July 8, 2016, the Company's board of directors authorized a share repurchase program of up to US\$50 million worth of its issued and outstanding ADSs over the course of one year. As of June 30, 2017, the Company had repurchased 224,775 ADSs for approximately US\$5.1 million under this program, inclusive of transaction charges, at an average effective price of US\$22.76.

2017 FORECAST

The Company estimates that non-GAAP net income attributable to Noah shareholders for the full year 2017 will be in the range of RMB825 million to RMB860 million, an increase of 14.1% to 18.9% compared with the full year 2016. This estimate reflects management's current business outlook and is subject to change.

DISCUSSION OF NON-GAAP FINANCIAL MEASURES

In addition to disclosing financial results prepared in accordance with U.S. GAAP, the Company's earnings release contains non-GAAP financial measures that exclude the effects of all forms of share-based compensation. The reconciliation of these non-GAAP financial measures to the nearest GAAP measures is set forth in the table captioned "Reconciliation of GAAP to Non-GAAP Results" below.

The non-GAAP financial measures disclosed by the Company should not be considered a substitute for financial measures prepared in accordance with U.S. GAAP. The financial results reported in accordance with U.S. GAAP and reconciliation of GAAP to non-GAAP results should be carefully evaluated. The non-GAAP financial measure used by the Company may be prepared differently from, and therefore may not be comparable to, similarly titled measures used by other companies.

When evaluating the Company's operating performance in the periods presented, management reviewed non-GAAP net income attributable to Noah shareholders results reflecting adjustments to exclude the impact of share-based compensation to supplement U.S. GAAP financial data. As such, the Company believes that the presentation of the non-GAAP net income attributable to Noah shareholders, non-GAAP net income attributable to Noah shareholders per diluted ADS and non-GAAP net margin attributable to Noah shareholders provides important supplemental information to investors regarding financial and business trends relating to the Company's financial condition and results of operations in a manner consistent with that used by management. Pursuant to U.S. GAAP, the Company recognized significant amounts of expenses for the restricted shares and share options in the periods presented. The Company utilized the non-GAAP financial results to make financial results comparable period to period and to better understand its historical business operations.
