PART III

Item 10. *Directors, Executive Officers and Corporate Governance*

Directors, Executive Officers and Key Employees

Our executive officers, directors and key employees and their positions are set forth below. The address for each executive officer, director and key employee is c/o Hercules Capital, Inc., 400 Hamilton Avenue, Suite 310, Palo Alto, California 94301.

Name	Age	Positions
<i>Interested Director:</i>		
Manuel A. Henriquez ⁽¹⁾	54	Chairman of the Board of Directors, President and Chief Executive Officer
<i>Independent Directors:</i>		
Robert P. Badavas	65	Director
Allyn C. Woodward, Jr.	77	Director
Thomas J. Fallon	56	Director

David Lund	64	Interim Chief Financial Officer

(1) Mr. Henriquez is an interested person, as defined in section 2(a)(19) of the 1940 Act, of the Company due to his position as an executive officer of the Company.

Set forth below is information, as of April 30, 2018, regarding Messrs. Fallon and Koenig, who are being nominated for election as director of Hercules by our stockholders at the 2018 annual meeting, as well as information about our other current directors whose terms of office will continue after the annual meeting, including each director's (i) name and age; (ii) a brief description of their recent business experience, including present occupations and employment during at least the past five years; (iii) directorships, if any, that each director holds and has held during the past five years; and (iv) the year in which each person became a director of the Company. As the information that follows indicates, each nominee and each continuing director brings strong and unique experience, qualifications, attributes, and skills to our board. This provides our board, collectively, with competence, experience, and perspective in a variety of areas, including: (i) corporate governance and board service; (ii) executive management, finance, and

accounting; (iii) venture capital financing with a technology-related focus; (iv) business acumen; and (v) an ability to exercise sound judgment.

Moreover, the nominating and corporate governance committee believes that it is important to seek broad diversity of experience, professions, skills, geographic representation and backgrounds. The

nominating and corporate governance committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. We believe that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow our board to fulfill its responsibilities. Our board does not have a specific diversity policy, but considers diversity of race, religion, national origin, gender, sexual orientation, disability, cultural background and professional experiences in evaluating candidates for board membership.

CORPORATE GOVERNANCE

Board Committees

Our Board has established an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance (NCG) Committee. A brief description of each committee is included in herein and the charters of the Audit, Compensation, and NCG Committees are available on the Governance Documents section of our website at <http://investor.htgc.com/governance-documents>.

As of the date of this Amendment, the members of each of our Board Committees are as follows (the names of the respective committee chairperson are bolded and noted with a C):

Audit	Compensation	Nominating and Governance
Joseph Hoffman C	Jorge Titinger C	Doreen Woo Ho -C
Robert Badavas	Allyn C. Woodward, Jr.	Thomas Fallon
Brad Koenig	Doreen Woo Ho	Joseph Hoffman
Allyn C. Woodward, Jr.		Brad Koenig

Each of our directors who sits on a committee satisfies the independence requirements for purposes of the rules promulgated by the NYSE and the requirements to be a non-interested director as defined in Section 2(a)(19) of the 1940 Act. Mr. Hoffman and Badavas and Koenig, Chairman and members of the Audit Committee, respectively, are each an audit committee financial expert as defined by applicable SEC rules.

Committee Governance

Each committee is governed by a charter that is approved by the Board, which sets forth each committee’s purpose and responsibilities. The Board reviews the committees’ charters, and each committee reviews its own charter, on at least an annual basis, to assess the charters’ content and sufficiency, with final approval of any proposed changes required by the full Board.

Committee Responsibilities and Meetings

The key oversight responsibilities of the Board’s committees, and the number of meetings held by each committee during 2017, are as follows:

<i>Audit Committee</i>	<i>Number of meetings held in 2017:4</i>
------------------------	--

Overseeing the accounting and financial reporting processes and the integrity of the financial statements.

Establishing procedures for complaints relating to accounting, internal accounting controls or auditing matters.

Examining the independence qualifications of our auditors.

Assisting our Board's oversight of our compliance with legal and regulatory requirements and enterprise risk management.

Assisting our Board in fulfilling its oversight responsibilities related to the systems of internal controls and disclosure controls which management has established regarding finance, accounting, and regulatory compliance.

Reviewing and recommending to the Board the valuation of the Company's portfolio.

Compensation Committee

Number of meetings held in 2017: 8

Oversees our overall compensation strategies, plans, policies and programs.

The approval of director and executive compensation.

The assessment of compensation-related risks.

Nominating and Corporate Governance Committee

Number of meetings held in 2017: 3

Discharging our Board's responsibilities related to general corporate governance practices, including developing, reviewing and recommending to our Board a set of principles to be adopted as the Company's Corporate Governance Guidelines.

Conducting an annual performance evaluation of our Board, its committees, and its members.

Reviewing board composition, size, and refreshment and identifying and recommending to our Board qualified director candidates.

Overseeing succession planning for CEO and NEOs of the Company.

Criteria considered by the NCG Committee in evaluating qualifications of individuals for election as members of the Board consist of the independence and other applicable NYSE corporate governance requirements; the 1940 Act and all other applicable laws, rules, regulations and listing standards; and the criteria, policies and principles set forth in the NCG Committee charter.

Considers nominees properly recommended by a stockholder. Nominations for directors may be made by stockholders if notice is timely given and if the notice contains the information required in our Bylaws. Proposals must comply with the other requirements contained in our Bylaws, including supporting documentation and other information.

The NCG Committee regularly considers the composition of our Board to ensure there is a proper combination of skills and viewpoints. In 2017, the NCG Committee conducted a search to identify new director nominee candidates who would enhance the mix of leadership skills and qualifications on our Board. On October 25, 2017, the Board increased its size to eight directors and filled the vacancy by appointing Brad Koenig to serve on the Board until his earlier resignation or removal. On October 25, 2017, the Board also appointed Jorge Titinger to the Board until such time as his successor is duly elected and qualified or until their earlier resignation or removal. Mr. Titinger's appointment became effective at the time of the 2017 annual meeting and he filled the position vacated by Susanne Lyons, who stepped down at the 2017 annual meeting.

Code of Business Conduct and Ethics

Our code of business conduct and ethics requires that our directors and executive officers avoid any conflict, or the appearance of a conflict, between an individual's personal interests and the interests of Hercules. Pursuant to our code of business conduct and ethics, which is available on the Governance Documents page of our website at <http://investor.htgc.com/governance-documents>, each director and executive officer must disclose any conflicts of interest, or actions or relationships that might give rise to a conflict, to our Audit Committee. Certain actions or relationships that might give rise to a conflict of interest are reviewed and approved by our Board.

Availability of Corporate Governance Documents

To learn more about our corporate governance and to view our corporate governance guidelines, code of business conduct and ethics, and the charters of our Audit Committee, Compensation Committee, and NCG Committee, please visit the Governance Document page of our website at <http://investor.htgc.com/governance-documents>. Copies of these documents are also available in print free of charge by writing to Hercules Capital, Inc., c/o Melanie Grace, Secretary, 400 Hamilton Avenue, Suite 310, Palo Alto, California 94301.

Section 16(a) Beneficial Ownership Reporting Compliance

We believe, based on a review of Forms 3, 4 and 5 and any amendment thereto filed with the SEC and other information known to us, that during fiscal year 2017, our directors, officers (as defined in the rules under Section 16 of the Exchange Act), and any greater than 10% stockholders have complied with all Section 16(a) filing requirements in a timely manner with the exception of a Form 4 for Mr. Harris which was filed late due to an administrative oversight.

Item 11. *Executive Compensation*

Compensation Discussion and Analysis

The Compensation Discussion and Analysis discusses our 2017 executive compensation program, as it relates to the following executive officers:

Manuel A. Henriquez	Chairman of the Board of Directors and Chief Executive Officer (CEO)
Scott Bluestein	Chief Investment Officer
Melanie Grace	General Counsel, Chief Compliance Officer and Secretary
Gerard R. Waldt, Jr. ⁽¹⁾⁽²⁾	Interim Chief Accounting Officer
David Lund ⁽¹⁾	Interim Chief Financial Officer (CFO)
Mark Harris ⁽¹⁾	Chief Financial Officer
Andrew Olson ⁽²⁾	Vice President of Finance and Senior Controller

(1) Effective November 2, 2017, the Company and Mr. Harris mutually agreed that Mr. Harris would separate from the Company and end his tenure as Chief Financial Officer and Chief Accounting Officer. The Board appointed David Lund, the Company's former Chief Financial Officer, as Interim Chief Financial Officer and Gerard R. Waldt, Jr., the Company's current Controller, as Interim Chief Accounting Officer.

(2) Mr. Olson announced his resignation, effective July 21, 2017, from his position as Vice President of Finance and Senior Controller. Gerard R. Waldt, Jr., the Company's current assist Assistant Controller, assumed the position of Controller. Subsequently, the Board appointed Mr. Waldt as the Company's Interim Chief Accounting Officer. We refer to Messrs. Henriquez, Bluestein, Waldt, Lund, Harris and Olson and Ms. Grace as our named executive officers, or NEOs .

Executive Summary

Under the oversight of our Compensation Committee, the Company's executive compensation program is designed to attract, incent and retain talented individuals who are critical to our continued success and our corporate growth and who will deliver sustained strong performance over the longer term. Our executive compensation program is designed to motivate the Company's executive officers to maintain the financial strength of the Company while avoiding any inappropriate focus on short-term profits that would impede the Company's long-term growth and encourage excessive risk-taking.

In 2017, the Company continued to review and enhance our compensation practices in accordance with our executive compensation philosophy. The review considered both compensation levels and company performance over a one-, three-, and five-year period from 2013 to 2017 (the Performance Periods). The Company believes that compensation paid to our NEOs for 2017 was commensurate with the Company's overall absolute performance as well as our

performance relative to peers during the Performance Periods. The 2017 compensation decisions made by the Compensation Committee considered the fact that our performance relative to a peer group of companies was above the median, and in most cases above the 75th percentile, measured using:

Return on average assets (ROAA)

Return on equity (ROE)

Return on investment capital (ROIC)

Total shareholder return (TSR)

The Company's incentive compensation practices are significantly limited by the requirements imposed on us as an internally managed business development company (BDC) pursuant to the 1940 Act. (See *Limitations Imposed by the Investment Company Act of 1940* below). These are regulatory limitations related to our corporate structure that are relatively unique and do not apply to most other publicly-traded companies. As discussed further below, our NEOs were compensated to reflect the Company's performance during the Performance Periods.

In addition to key factors involved in the 2017 decisions made by the Compensation Committee, we continue to maintain the enhancements to our executive officer compensation program that we adopted in 2016, such as our clawback policy for all Section 16 officers and consideration of a mix of corporate and individual performance factors for our NEOs. In 2017, the Company entered into retention awards with Messrs. Henriquez, Harris and Bluestein that provide for certain benefits upon certain terminations of employment.

Compensation Philosophy and Objectives

The primary principle of our compensation program is to engage and align a substantial portion of executive compensation to the financial strength, long-term profitability, and risk management of the Company and to the creation of long-term stockholder value. As an internally managed BDC, the Company's compensation program is designed to encourage our NEOs to think and act like stockholders. The structure of the NEOs' compensation program is designed to encourage and reward the following factors, among other things:

Sourcing and pursuing attractively priced investment opportunities to venture-backed and selected publicly-listed companies;

Maintaining credit quality, monitoring financial performance, and ultimately managing a successful exit of the Company's investment portfolio;

Achieving the Company's dividend objectives (which focus on stability and potential growth);

Providing compensation and incentives necessary to attract, motivate and retain key executives critical to our continued success and growth;

Focusing management behavior and decision-making on goals that are consistent with the overall strategy of the business;

Ensuring a linkage between NEO compensation and individual contributions to our performance; and

Creation of compensation principles and processes that are designed to balance risk and reward in a way that does not encourage unnecessary risk taking.

We believe that our continued success during 2017, despite strong competition for top-quality executive talent in the commercial and venture lending industry, was attributable to our ability to attract, motivate and retain the Company's outstanding executive team using both short- and long-term incentive compensation programs.

The Company's compensation objectives are achieved through its executive compensation program, which for 2017 consisted of the following:

ELEMENTS OF EXECUTIVE COMPENSATION		
Compensation Element	Form of Compensation	Principal Compensation Objective
Annual Base Salary	Cash paid on a regular basis throughout the year	Provide a level of fixed income that is market competitive to allow the Company to retain and attract executive talent
Annual Cash Bonus Awards	Cash awards paid on an annual basis following year-end (not formulaic, but subject to Committee discretion, due to regulatory requirements that do not allow formulaic incentive plans as explained in more detail later in this CD&A in the section titled <i>Our Regulatory Status and Limitations Imposed by the Investment Company Act of 1940</i>)	Reward NEOs who contribute to our financial performance and strategic success during the year, and reward individual achievements
Long-Term Equity Incentive Awards	Equity incentive awards vest 1/3 on a one-year cliff with remaining 2/3 vesting quarterly over two years based on continued employment with the Company	Reward NEOs who contribute to our success through the alignment and creation of shareholder value, provide meaningful retention incentives, and reward individual achievements

The compensation program is designed to reflect best practices in executive compensation:

2017 GOVERNANCE BEST PRACTICES HIGHLIGHTS OF EXECUTIVE COMPENSATION	
No employment agreements for NEOs.	Maintain stock ownership guidelines for NEOs to own at least two times his or her salary.
No guaranteed retirement benefits.	No executive perquisite allowances beyond the benefit programs offered to all employees.
No tax gross ups for NEOs.	No repricing of stock options without stockholder approval, as required under applicable NYSE rules (and subject to other requirements under the 1940 Act).
Clawback policy for all Section 16 officers.	Routinely engage an independent compensation consultant to review NEO compensation.

No pension

Executive Compensation Governance

The Company's executive compensation program is supported by strong corporate governance and Board-level oversight. The Compensation Committee provides primary oversight of our compensation programs, including the design and administration of executive compensation plans, assessment and setting of corporate performance goals, as well as individual performance metrics, and the approval of executive compensation. In addition, the Compensation Committee retains an independent compensation consultant, and where appropriate, discusses compensation-related matters with our CEO, as it relates to the other NEOs. The Compensation Committee developed our 2017 compensation

program, and the compensation paid to our NEOs during and in respect of 2017 was approved by the Compensation Committee as well as all of our independent directors.

Role of Compensation Committee: The Compensation Committee is comprised entirely of independent directors who are also non-employee directors as defined in Rule 16b-3 under the Exchange Act, independent directors as defined by the NYSE rules, and are not interested persons of the Company, as defined by Section 2(a)(19) of the 1940 Act. For 2017, Ms. Woo Ho, Messrs. Titinger and Woodward comprised the Compensation Committee, and Mr. Titinger chaired the Compensation Committee.

The Compensation Committee operates pursuant to a charter that sets forth its mission, specific goals and responsibilities. A key component of the Compensation Committee's goals and responsibilities is to evaluate, approve and/or make recommendations to our Board regarding the compensation of our NEOs, and to review their performance relative to their compensation to assure that they are compensated in a manner consistent with the compensation philosophy discussed above.

The Compensation Committee has not established a policy or target for the allocation between cash and non-cash or short-term and long-term compensation. Rather, the Compensation Committee undertakes a subjective analysis in light of the principles described herein and, in connection with its analysis, reviews and considers information provided by independent compensation consultants and surveys to which the Company subscribes to determine the appropriate level and mix of base compensation, performance-based pay, and other elements of compensation.

In addition, the Compensation Committee evaluates and makes recommendations to our Board regarding the compensation of the directors for their services. Annually, the Compensation Committee:

Evaluates our CEO's performance

Reviews our CEO's evaluation of the other NEOs' performance

Determines and approves the compensation paid to our CEO, and

With input from our CEO, reviews and approves the compensation of the other NEOs.

The Compensation Committee periodically reviews our compensation programs and equity incentive plans to ensure that such programs and plans are consistent with our corporate objectives and appropriately align our NEOs' interests with those of our stockholders. The Compensation Committee also administers our stock incentive program. The Compensation Committee may not delegate its responsibilities discussed above.

Role of Compensation Consultant: The Compensation Committee has engaged Frederic W. Cook & Co., Inc., or F.W. Cook, as an independent outside compensation consultant to assist the Compensation Committee and provide advice on incorporating a variety of compensation matters relating to CEO and NEOs compensation, peer group selection, compensation program design best practices, market and industry compensation trends, improved program designs, market competitive director compensation levels and regulatory developments. F.W. Cook was hired by and reports directly to the Compensation Committee. Our

compensation consultant does not provide any other services to the Company. The Compensation Committee has assessed the independence of F.W. Cook pursuant to the NYSE rules, and it has been concluded that the consultant's work for the Compensation Committee does not raise any conflict of interest. Subsequently, the Compensation Committee engaged Frederic W. Cook & Co. to provide the following services to the Committee:

Provide information, research, market analysis and recommendations with respect to our 2017 executive and non-employee director compensation programs, including evaluating the components of our executive and non-employee director compensation programs and the alignment of the compensation programs with our performance;

In connection with its research with respect to executive and non-employee director compensation programs, update the Compensation Committee on market trends, changing practices, and legislation pertaining to compensation programs;

Advise on the design of the executive and non-employee director compensation programs and the reasonableness of individual compensation targets and awards, including in the context of business and shareholder performance;

Provide advice and recommendations that incorporated both market data and Company-specific factors; and

Assist the Compensation Committee in making pay recommendations for the NEOs after the evaluation of, among other things, Company and individual performance, market pay level, and management recommendations.

The Compensation Committee's executive compensation determinations are subjective and the result of the Compensation Committee's business judgment. Its determinations are informed by the experiences of its members and the peer group pay and performance data provided by its independent compensation consultant. Accordingly, the Compensation Committee does not target a percentile within its peer group. Instead, it uses the data as a reference point in determining the types and amounts of compensation provided by the Company.

Role of Chief Executive Officer: From time to time and at the Compensation Committee's request, our CEO will attend the Compensation Committee's meetings to discuss the Company's performance and compensation-related matters. Our CEO does not attend executive sessions of the Compensation Committee, unless invited by the Compensation Committee. While our CEO does not participate in any deliberations relating to his own compensation, our CEO reviews on at least an annual basis the performance of each of the other NEOs and other executive officers. Based on these performance reviews and the Company's overall absolute and relative performance, our CEO makes recommendations to the Compensation Committee on any changes to base salaries, annual bonuses and equity awards. The Compensation Committee considers the recommendations submitted by our CEO, as well as data and analysis provided by management and F.W. Cook, but retains full discretion to approve and/or recommend for Board approval all executive and director compensation.

Competitive Benchmarking Against Peers

To determine the competitiveness of executive compensation levels, the Compensation Committee analyzes a group of internally managed BDCs, financial services companies and real estate investment trusts (REITs) as set forth below (the Peer Group). The Peer Group is viewed as reflecting the labor market for our officer and employee talent, has a similar investor base, and, like the Company, the BDCs and REITs are pass-through entities with the majority of earnings required to be distributed to shareholders as a dividend. The Compensation Committee does not specifically benchmark the compensation of our NEOs against that paid by other companies. During 2017, the Compensation Committee, based on the advice of F.W. Cook, reviewed the peer group used in connection with prior compensation decisions. Based on this review, and the advice of F.W. Cook, the Compensation Committee updated our Peer Group to better align it to our business. Our Peer Group was used as a factor in determining the annual cash bonus awards made with respect to 2017 (but paid in 2018) as well as the further considerations further described below under *Annual Cash Bonus Awards* . The Peer Group data used in such determination is for the period January 1, 2017 through September 30, 2017.

HTGC PEER Group		
Internally Managed BDC s	Financial Services	Real Estate Investment Trusts
Triangle Capital ⁽¹⁾ KCAP Financial Main Street Capital	Alliance Bernstein BGC Partners Cowen Group Evercore Partners Fortress Investment Group Greenhill & Co. Houlihan Lokey LPL Financial Holdings On Deck Capital Wisdom Tree Investment	Capstead Mortgage CYS Investments Hannon Armstrong iStar Inc Ladder Capital MFA Financial Redwood Trust Sabra Health Care Seritage Growth

⁽¹⁾ *Triangle Capital is no longer included in the 2018 peer group since it was acquired by Benefit Street Partners. As of September 30, 2017, which is the period the Compensation Committee reviewed our Peer Group, the Company outperformed most of its Peer Group over the one-, three- and five-years as follows:*

Return on Average Assets (excl. cash)	Return on Equity	Return on Invested Capital	Total Shareholder Returns
---------------------------------------	------------------	----------------------------	---------------------------

Performance Period	% Rank of Peer		% Rank of Peer		% Rank of Peer		% Rank of Peer	
	HTGC	Group	HTGC	Group	HTGC	Group	Group

3-year	6.1%	99%	10.4%	99%	6.2%	99%	6.5%	59%
5-year	6.4%	98%	10.6%	97%	6.5%	98%	13.6%	61%

1-, 3- and 5-year calculations of performance are based on Q3 2017 and as of November 10, 2017 for TSR.

Companies with less than three and/or less than five full years of historical financial and TSR performance are excluded.

Financial Services peers are excluded from analysis of capital allocation because services companies are not as capital intensive as REITs and BDCs, which are primarily engaged in direct investment of firm capital.

The Company believes that compensation paid to our NEOs for 2017 was commensurate with the Company's overall absolute performance as well as our performance relative to the Peer Group during the relevant Performance Periods. The 2017 compensation decisions made by the Compensation

Committee considered the fact that our performance relative to the Peer Group was above the median, and in most cases above the 75th percentile, measured using Return on Average Assets, Return on Equity, Return on Investment Capital and Total Shareholder Return during the trailing one-, three-, and five-years as indicated in the chart above.

In addition, the Compensation Committee also considers the Company's total shareholder returns as compared to a select number of BDC Peers* to consider the competitiveness of executive compensation levels. As of December 30, 2017, the Company delivered the following one-, three- and five years of 1.8%, 13.2% and 72.4% as compared to our BDC peers of 1.1%, 9.3% and 12.6%.**

CEO Pay Ratio

For 2017, our last completed fiscal year, the median of the annual total compensation of all of our employees (other than Mr. Henriquez, our Chief Executive Officer (our CEO)) was \$209,713, and the annual total compensation of our CEO, as reported in the Summary Compensation Table, was \$8,235,700. Based on this information, our CEO's 2017 annual total compensation was approximately 39.3 times that of the median of the 2017 annual total compensation of all of our employees.

We selected December 31, 2017 as the date used to identify our median employee whose annual total compensation was the median of the annual total compensation of all our employees (other than our CEO) for 2017. As of December 31, 2017, our employee population consisted of 66 individuals (other than Mr. Henriquez), located in our California, Connecticut, Illinois, Massachusetts, New York and Washington, D.C. offices. We compared the annual total compensation for our employee population in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, which included salary, bonus, stock awards and employer contributions to employee accounts in our 401(k) plan. In making this determination, we annualized the compensation of 79 employees who either were hired or terminated in 2017 but did not work for us the entire fiscal year.

Our Regulatory Status and Limitations Imposed by the Investment Company Act of 1940

We are an internally-managed, non-diversified, closed-end investment company that has elected to be regulated as a business development company under the Investment Company Act of 1940, as amended, referred to as the 1940 Act. As a BDC, we are required to comply with certain regulatory requirements, including the 1940 Act, rules promulgated under the 1940 Act, and exemptive orders issued to us by the Securities and Exchange Commission, or the SEC. We refer to these requirements, rules and exemptive orders as the 1940 Act Requirements. Among other things, these 1940 Act Requirements:

Limit our ability to implement non-equity incentive plans (i.e., cash incentive plans) that would restrict the discretion and decision-making authority of our Compensation Committee. The 1940 Act Requirements provide that we may maintain either an equity incentive plan or a profit sharing plan. A profit sharing plan as defined under the 1940 Act is any written or oral plan, contract, authorization or arrangement, or any practice, understanding or undertaking whereby amounts payable under the compensation plan are dependent upon or related to the profits of the company. The SEC has stated that compensation plans possess profit-sharing characteristics if an investment company is obligated to make payments under such a plan based on the level of income, realized gains or loss on investments or unrealized appreciation or depreciation

of assets of such investment company.

We believe that equity incentives strongly align the interests of our stockholders with our executive officers and other employees, and, accordingly, we implemented an equity incentive plan in 2004. Given our 2004 Equity Incentive Plan, referred to as the Equity Plan, the 1940 Act Requirements prohibit us from also implementing a cash incentive plan that restricts our Compensation Committee's discretion in the final determination of cash incentive awards.

Limit the terms we may include in our Equity Plan and limit our ability to implement certain changes to our Equity Plan without the SEC's approval. Our Equity Plan is administered pursuant to specific exemptive orders granted by the SEC. We believe the current structure of our Equity Plan reflects the terms and plan provisions currently permitted for an internally-managed BDC.

Why is this important to the Company's executive compensation? The 1940 Act Requirements that restrict the Company to sponsoring either an equity incentive plan or a profit sharing plan limit the Company's use of formulas or non-discretionary objective performance goals or criteria in its incentive plans. This means that the Compensation Committee is not permitted to use a nondiscretionary formulaic application of any performance criteria for corporate and individual goals to determine compensation. Rather, the Compensation Committee must take into consideration all factors and use its discretion to determine the appropriate amount of compensation for our NEOs. The Compensation Committee's objective is to work within this regulatory framework to maintain and motivate pay-for-performance alignment, to establish appropriate compensation levels relative to our Peer Group and to implement compensation best practices. Annual cash bonus decisions are not made pursuant to a formulaic cash bonus plan in order to comply with our obligations under the 1940 Act.

2017 Advisory Vote on Executive Compensation

At our 2017 annual meeting of stockholders, our advisory vote on say-on-pay received support from our stockholders with 94% of votes cast. The Company believes that the continuing dialogue with our stockholders on company performance, compensation and other governance matters is important. In advance of our 2017 annual meeting of stockholders, management engaged in numerous direct dialogues with our largest institutional shareholders, as well as a number of other institutional shareholders, to gain broad-based and/or specific insights into the Company's overall performance, operating expenses, including executive compensation and corporate governance practices. In addition, we invited each of our institutional stockholders holding more than 1% of the Company's stock to speak directly with management specifically on executive compensation and corporate governance practices. The Company anticipates continuing our stockholder engagement efforts following the 2018 annual meeting and in advance of our future annual meetings.

Assessment of Company Performance

In determining annual compensation for our NEOs, the Compensation Committee analyzes and evaluates the individual achievements and performance of our NEOs as well as the overall relative and absolute operating performance and achievements of the Company. We believe that the alignment of (i) our business plan, (ii) stockholder expectations and (iii) our employee compensation is essential to long-term business success and the interests of our stockholders and employees and to our ability to attract and retain executive talent, especially in a competitive environment for top-quality executive talent in the venture debt industry.

Our business plan involves taking on credit risk over an extended period of time, and a premium is placed on our ability to maintain stability and growth of net asset values as well as continuity of earnings growth to pass through to stockholders in the form of recurring dividends over the long term. Our strategy is to generate income and capital gains from our investments in the debt with warrant securities,

and to a lesser extent direct equity, of our portfolio companies. This income supports the anticipated payment of dividends to our stockholders. Therefore, a key element of our return to stockholders is current income through the payment of dividends. This recurring payout requires a methodical asset acquisition analyses as well as highly active monitoring and management of our investment portfolio over time. To accomplish these functions, our business requires implementation and oversight by management and key employees with highly specialized skills and experience in the venture debt industry. A substantial part of our employee base is dedicated to the generation of new investment opportunities to allow us to sustain dividends and to the maintenance of asset values in our portfolio. In addition to the performance factors above, the Company considered the following Company-specific performance factors over the relevant Performance Periods: overall credit performance, performance against annual gross funding goals, overall yields, efficiency ratios, total and net investment income and realized and unrealized gains and losses.

Elements of Executive Compensation and 2017 Compensation Determinations

Base Salary

We believe that base salaries are a fundamental element of our compensation program. The Compensation Committee establishes base salaries for each NEO to reflect (i) the scope of the NEO's industry experience, knowledge and qualifications, (ii) the NEO's position and responsibilities and contributions to our business growth and (iii) salary levels and pay practices of those companies with whom we compete for executive talent.

The Compensation Committee considers base salary levels at least annually as part of its review of the performance of NEOs and from time to time upon a promotion or other change in job responsibilities. During its review of base salaries for our executives, the Compensation Committee primarily considers: individual performance of the executive, including leadership and execution of strategic initiatives and the accomplishment of business results for our company; market data provided by our compensation consultant; our NEOs total compensation, both individually and relative to our other NEOs; and for NEOs other than the CEO, the base salary recommendations of our CEO.

NEO	2017 Base Salary
Manuel A. Henriquez	\$ 827,249
Scott Bluestein	\$ 500,000
Melanie Grace	\$ 345,000
Gerard R. Waldt, Jr. ⁽¹⁾⁽³⁾	\$ 152,800
David Lund ⁽¹⁾⁽²⁾	\$ 49,854
Mark Harris ⁽¹⁾	\$ 347,105
Andrew Olson ⁽³⁾	\$ 121,847

- (1) Effective November 2, 2017, the Company and Mr. Harris mutually agreed that Mr. Harris would separate from the Company and end his tenure as Chief Financial Officer and Chief Accounting Officer. The Board appointed David Lund, the Company's former Chief Financial Officer, as Interim Chief Financial Officer and Gerard R. Waldt, Jr., the Company's current Controller, as Interim Chief Accounting Officer.
- (2) Mr. Lund began as a contractor on October 31, 2017 serving as the Company's Interim Chief Financial Officer. The base salary represents base compensation amounts paid to Mr. Lund between October 31, 2017 and December 31, 2017.
- (3) Mr. Olson announced his resignation, effective July 21, 2017, from his position as Vice President of Finance and Senior Controller. Gerard R. Waldt, Jr., the Company's current assist Assistant Controller, assumed the position of

Controller. Subsequently, the Board appointed Mr. Waldt as the Company's Interim Chief Accounting Officer.
Annual Cash Bonus Awards

The Compensation Committee, together with input from our CEO, developed a specific bonus pool for the 2017 operating year to be available for our annual cash bonus program. The amount determined to be available for our annual cash program was dependent upon many factors that are not formulaic due to our obligations under the 1940 Act.

The Compensation Committee designs our annual cash bonuses to motivate our NEOs to achieve financial and non-financial objectives consistent with our operating plan. The Compensation Committee generally targets cash bonuses to 50% to 100% of an NEO's base salary; however, such bonus amounts may exceed these targets in the event of exceptional company and individual performance.

Bonuses are not formulaic to comply with the 1940 Act regulations that govern our business as an internally managed BDC and have restrictions on setting compensation to specific financial measurements. As a result, the Compensation Committee considers overall business performance factors and individual factors, including CEO feedback, when determining the size of individual NEO bonuses. Accordingly, should actual company and NEO performance exceed expectations, the Compensation Committee may adjust individual cash bonuses to take such superior performance into account. Conversely, if company and NEO performance is below expectations, the Compensation Committee will consider such performance in determining the NEO's actual cash bonus.

In evaluating the performance of our NEOs to arrive at their 2017 cash bonus awards, the Compensation Committee specifically compared our performance and the returns of our stockholders against the performance and shareholder returns of other select BDCs. In particular, the Committee considered our high relative total shareholder return and high return on invested capital relative to peer group benchmarks as this shows the success for shareholders and of the core business mission of allocating equity and debt capital efficiently for a high risk-adjusted return.

When sizing our cash bonus pool and allocating bonus awards, the total compensation paid to our NEOs and other employees is evaluated against the expense ratios of other BDCs. With respect to 2017, company-wide compensation expense as a percentage of average assets among the peers in the Peer Group was considered. For the fiscal year ended December 31, 2017, the ratio of our compensation expense divided by total revenue was below the median of our Peer Group.

Based on the foregoing considerations and analysis, and after due deliberation, the Compensation Committee awarded our current NEOs the following annual cash bonuses with respect to 2017.

NEO	2017 Cash Bonus Award ⁽¹⁾
Manuel A. Henriquez	\$ 1,600,000
Scott Bluestein	\$ 750,000
Melanie Grace	\$ 145,000
Gerard R. Waldt, Jr.	\$ 150,000

(1) Messrs. Lund, Harris and Olson did not receive cash bonuses for 2017.

Long-Term Equity Incentive Compensation

2004 Equity Incentive Plan

Our long-term equity incentive compensation is designed to develop a strong linkage between pay and our strategic goals and performance, as well as to align the interests of our NEOs, and other executives and key employees, with those of our stockholders by awarding long-term equity incentives in the form of stock options, restricted stock and/or restricted stock units. These awards are made pursuant to our Equity Plan, which permits options, restricted stock and restricted stock unit awards.

We believe that annual equity grants, in the form of restricted stock awards or restricted stock units, to our NEOs are a critical part of our compensation program as they allow us to:

Align our business plan, stockholder interests and employee concerns,

Manage dilution associated with equity-based compensation,

Match the return expectations of the business more closely with our equity-based compensation plan, and

Retain key management talent.

We believe that these annual equity grants motivate performance that is more consistent with the type of return expectations that we have established for our stockholders. Accordingly, the Company awards restricted stock award grants to our NEOs. These grants typically vest over three years.

Grant Practices for Executive Officers

Annual equity compensation grants to executive officers have typically been granted in the first quarter of the year. The Company does not grant stock options to executive officers. As a result, there were no option grants to our NEOs in 2017.

Restricted Stock Units

In January 2018, the Compensation Committee granted restricted stock units to the NEOs. With respect to the restricted stock units, the Compensation Committee assessed each current NEO's individual performance for 2017, our overall company performance in 2017 and the levels of equity compensation paid by other companies with whom we compete for executive talent. Based on this assessment, the Compensation Committee determined that the following restricted stock units be granted to our current NEOs with respect to 2017, in the amounts and on the dates set forth below to reward them for services performed in 2017. These restricted stock units vest as to one-third of the shares underlying the awards on the first anniversary of the grant date, and they vest as to the remaining shares in equal quarterly installments over the next two years. Settlement of the restricted stock units is deferred following vesting and the restricted stock units will not be settled until the earliest to occur of (1) January 9, 2022, (2) the death or disability of the NEO, (3) the separation from service of the NEO, or (4) a change in control of the Company. Each restricted stock unit will entitle the holder to dividend equivalents in the form of the Company's common stock, which dividend equivalent payments will be settled on the date the related restricted stock unit is settled. We believe these restricted stock unit awards assist the Company in retaining the NEOs and the deferral provisions effectively create a mandatory post-vesting holding period to ensure a long-term alignment horizon.

Gerard R. Waldt, Jr.	01/09/2018	7,669	\$ 100,004

(1) Based on the closing price per share of our common stock of \$13.04 on January 9, 2018.

(2) Messrs. Lund, Harris and Olson did not receive grants of restricted stock units.

Restricted Stock Awards

In January 2018, the Compensation Committee assessed each current NEO's individual performance for 2017, our overall company performance in 2017 and the levels of equity compensation paid by other companies with whom we compete for executive talent. Based on this assessment, the Compensation Committee determined that the following restricted stock awards be made to our current NEOs with respect to 2017, in the amounts and on the dates set forth

below to reward them for services performed in 2017. These restricted stock awards vest as to one-third of the shares underlying the

awards on the first anniversary of the grant date, and they vest as to the remaining shares in equal quarterly installments over the next two years.

(2) Messrs. Waldt, Lund, Harris and Olson did not receive grants of restricted stock awards.

Other Elements of Compensation

Retention Agreements: Messrs. Henriquez, Harris and Bluestein entered into retention agreements with the Company in October 2017 which provide for severance benefits in the event of certain terminations of employment. In November 2017, Mr. Harris and the Company mutually agreed to enter into a separation agreement, which supersedes the terms of Mr. Harris' retention agreement. Messrs. Lund and Waldt and Ms. Grace do not have a written severance agreement or other arrangement providing for payments or benefits upon a termination of employment. No NEO is entitled to any tax gross up payment if severance is paid in connection with a change-in-control.

Benefits and Perquisites: Our NEOs receive the same benefits and perquisites as other full-time employees. Our benefits program is designed to provide competitive benefits and is not based on performance. Our NEOs and other full-time employees receive health and welfare benefits, which consist of life, long-term and short-term disability, health, dental, vision insurance benefits and the opportunity to participate in our defined contribution 401(k) plan. During 2017, our 401(k) plan provided for a match of contributions by the company for up to \$18,000 per full-time employee. Other than the benefits set forth immediately above, our NEOs are not entitled to any other benefits or perquisites.

Potential Payments Upon Termination or Change of Control: No NEO or employee of the Company has a written employment agreement, or other agreement, providing for enhanced cash payments in connection with a change of control of the Company except with respect to the retention agreements described herein. Further, no NEO or any other employee is entitled to any tax gross-up payments.

Retention Agreements

In October 2017, Messrs. Henriquez, Harris and Bluestein entered into retention agreements with the Company pursuant to which, if (1) the Executive's employment is terminated by the Company without cause or by the Executive for good reason, or (2) the Company becomes an externally managed BDC and the new external advisor does not make a written offer of employment to the Executive or makes a written offer of employment to the Executive that is not on similar terms to the Executive's current employment with the Company (including, without limitation, authority, responsibilities, base salary, annual bonus opportunity, long term incentive opportunity and retention benefits) and the Executive does not accept such offer then, subject to the Executive's execution of a release of claims

in favor of the Company, each of Mr. Henriquez and Mr. Bluestein shall be entitled to receive the following benefits:

Mr. Henriquez shall be entitled to receive (a) a lump sum payment in an amount equal to two times the sum of (i) annual base salary and (ii) an amount equal to the three-year average annual bonus actually earned by and paid to Mr. Henriquez for the three full performance periods immediately prior to the termination date; (b) any unpaid annual bonus earned with respect to a

prior performance period and not yet paid as the date of termination; (c) a pro rata annual bonus with respect to the performance period in which termination of employment occurs, (d) (x) continued vesting of outstanding equity awards for two years in the case of a termination not in connection with a change in control of the Company or (y) full vesting of outstanding equity awards in the case of a termination in connection with a change in control of the Company and (e) reimbursement of the full amount of COBRA premiums for Mr. Henriquez and his eligible dependents for 18 months following termination of employment.

Mr. Bluestein shall be entitled to receive (a) a lump sum payment in an amount equal to 1.75 times the sum of (i) annual base salary and (ii) an amount equal to the three-year average annual bonus actually earned by and paid to Mr. Bluestein for the three full performance periods immediately prior to the termination date; (b) any unpaid annual bonus earned with respect to a prior performance period and not yet paid as the date of termination; (c) a pro rata annual bonus with respect to the performance period in which termination of employment occurs, (d) (x) continued vesting of outstanding equity awards for 1.75 years in the case of a termination not in connection with a change in control of the Company or (y) full vesting of outstanding equity awards in the case of a termination in connection with a change in control of the Company and (e) reimbursement of the full amount of COBRA premiums for Mr. Bluestein and his eligible dependents for 18 months following termination of employment.

In November 2017, Mr. Harris and the Company mutually agreed to enter into a separation agreement, which provides that the Company will pay Mr. Harris a monetary sum equivalent to six months gross base salary plus up to an additional six months subject to Mr. Harris certifying he is not employed and is actively seeking employment during such time. In addition, the Company will reimburse Mr. Harris for health insurance premiums for him and his eligible dependents under COBRA for a period of up to twelve months subject to the same qualifications applicable to payments based on his gross base salary. The separation agreement also contains certain additional provisions that are customary for agreements of this type, including confidentiality, non-solicitation, and non-disparagement covenants, as well as a general release of the Company against certain claims. The separation agreement supersedes the terms of Mr. Harris' retention agreement, under which he would have received (a) a lump sum payment in an amount equal to 1.5 times the sum of (i) annual base salary and (ii) an amount equal to the three-year average annual bonus actually earned by and paid to Mr. Harris for the three full performance periods immediately prior to the termination date; (b) any unpaid annual bonus earned with respect to a prior performance period and not yet paid as the date of termination; (c) a pro rata annual bonus with respect to the performance period in which termination of employment occurs, (d) (x) continued vesting of outstanding equity awards for 1.5 years in the case of a termination not in connection with a change in control of the Company or (y) full vesting of outstanding equity awards in the case of a termination in connection with a change in control of the Company and (e) reimbursement of the full amount of COBRA premiums for Mr. Harris and his eligible dependents for 18 months following termination of employment.

Corporate Goals

For 2017, the Compensation Committee developed corporate goals that were required to be achieved for executive officers to receive up to 50% of their incentive compensation. These goals included operational performance as well as performance relative to the Peer Group. While the criteria may not be weighted, the Compensation Committee took into consideration each of these factors to determine whether the executive officers are eligible for up to 50% of the proposed incentive compensation. The Compensation Committee believes that the corporate goals applicable to all executive officers create an alignment not only with shareholders but also to the Company's business strategy and performance goals.

Defined Individual Goals

For 2017, the Compensation Committee developed individual goals for the CEO. In addition, the CEO and each NEO developed individual goals for the NEOs and such goals were approved by the Compensation Committee. Each set of individual goals are unique to the executive officer's responsibilities and position within the Company. While each of the factors may not be weighted, the Compensation Committee took into consideration each of these factors to determine whether the executive officers are eligible for up to 50% of the executive officer's incentive compensation.

Pay-for-Performance Alignment

The Company believes that there exists an alignment between the compensation of our NEOs and our performance over the relevant Performance Periods. As noted above, a broad range of individual performance factors and company performance factors are analyzed each year, including total shareholder return relative to our Peer Group, and, in 2017, analysis of relative ROAA, ROE, and ROIC versus the compensation peers over one-, three-, and five-years to measure short-, medium-, and long-term performance. The objective in analyzing these key performance factors is to align NEO compensation to our performance relative to our Peer Group and our absolute corporate performance.

The Company's annual bonus and equity awards constitute an effective mix of short- and long-term compensation components and reflect key measures of our performance and the returns enjoyed by our stockholders. Consistent with our pay-for-performance philosophy, the Compensation Committee will make future compensation decisions taking into account our absolute and relative performance, and, if our future performance were to fall significantly below our peers, the Compensation Committee would consider adjusting NEO compensation prospectively.

Total Compensation Expense Relative to other Internally Managed BDCs

In determining annual bonus awards, the total compensation paid to our NEOs and other employees against the expense ratios of other internally managed BDCs, as well as a comparison to total SG&A for select externally managed BDCs, was considered.

Internal Pay Equity Analysis

Our compensation program is designed with the goal of providing compensation to our NEOs that is fair, reasonable, and competitive. To achieve this goal, the Company believes it is important to compare compensation paid to each NEO not only with compensation in our Peer Group, as discussed above, but also with compensation paid to each of our other NEOs. Such an internal comparison is important to ensure that compensation is equitable among our NEOs.

As part of the Compensation Committee's review, we made a comparison of our CEO's total compensation paid for the period ending November 29, 2017 against that paid to our other NEOs during the same year. Upon review, the Compensation Committee determined that our CEO's compensation relative to that of our other NEOs was appropriate because of his level and scope of responsibilities, expertise and performance history, and other factors deemed relevant by the Compensation Committee. The Compensation Committee also reviewed the mix of the individual elements of compensation paid to our NEOs for this period, the individual performance of each NEO and any changes in responsibilities of the NEO.

Stock Ownership Guidelines

The Company maintains stock ownership guidelines, which are outlined in our corporate governance guidelines, because we believe that material stock ownership by our executives plays a role in effectively

aligning the interests of these employees with those of our stockholders and strongly motivates our executives to build long-term shareholder value. Pursuant to our stock ownership guidelines, each member of senior management is required to beneficially own at least two times the individual's annual salary in Company common stock, based on market value, within three years of joining the Company. Our Board may make exceptions to this requirement based on particular circumstances; however, no exceptions have been made for our current NEOs. Messrs. Henriquez and Bluestein have met their minimum guidelines.

Tax and Accounting Matters

Stock-Based Compensation. We account for stock-based compensation, including options and shares of restricted stock granted pursuant to our Equity Plan and 2006 Non-Employee Director Plan in accordance with the requirements of Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) Topic 718. Under the FASB ASC Topic 718, we estimate the fair value of our option awards at the date of grant using the Black-Scholes-Merton option-pricing model, which requires the use of certain subjective assumptions. The most significant of these assumptions are our estimates on the expected term, volatility and forfeiture rates of the awards. Forfeitures are not estimated due to our limited history but are reversed in the period in which forfeiture occurs. As required under the accounting rules, we review our valuation assumptions at each grant date and, as a result, are likely to change our valuation assumptions used to value stock-based awards granted in future periods. We estimate the fair value of our restricted stock awards based on the grant date market closing price.

Deductibility of Executive Compensation. When analyzing both total compensation and individual elements of compensation paid to our NEOs, the Company considers the income tax consequences to the Company of its compensation policies and procedures. In particular, the Company considers Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), which, for tax years beginning on or prior to December 31, 2017, limits the deductibility of non-performance-based compensation paid to certain of the NEOs to \$1,000,000 per affected NEO.

Effective for tax years beginning on or after January 1, 2018, Section 162(m) of the Code generally limits the deductibility of all compensation paid to certain executive officers to \$1,000,000 per affected executive officer. A transition rule applies to qualifying performance-based compensation granted pursuant to a written binding contract prior to November 2, 2017, which has not been materially modified since that date.

The Compensation Committee intends to balance its objective of providing compensation to our NEOs that is fair, reasonable, and competitive with the Company's ability to claim compensation expense deductions. Our Board believes that the best interests of the Company and our stockholders are served by executive compensation programs that encourage and promote our principal compensation philosophy, enhancement of shareholder value, and permit the Compensation Committee to exercise discretion in the design and implementation of compensation packages. Accordingly, we may from time to time pay compensation to our NEOs that may not be fully tax deductible, (including by reason of Section 162(m) of the Code), including certain bonuses and restricted stock. Stock options granted under our stock plan for tax years beginning on or prior to December 31, 2017 are intended to qualify as performance-based compensation under Section 162(m) of the Code. The Company will continue to review its executive compensation plans periodically to determine what changes, if any, should be made as a result of any deduction limitations.

Clawback Policy for Section 16 Officers

The Board has adopted a clawback policy for all Section 16 officers. The policy applies to all Section 16 officers and reaches beyond financial statements. Pursuant to our clawback policy, for

payments that are predicated on financial results augmented by fraud, embezzlement, gross negligence or deliberate disregard of applicable rules resulting in significant monetary loss, damage or injury to the Company (Excess Compensation), the Compensation Committee has the authority to seek repayment of any Excess Compensation, including (1) cancellation of unvested, unexercised or unreleased equity incentive awards; and (2) repayment of any compensation earned on previously exercised or released equity incentive awards whether or not such activity resulted in a financial restatement.

The Compensation Committee has sole discretion under this policy, consistent with any applicable statutory requirements, to seek reimbursement of any Excess Compensation paid or received by the Section 16 officer for up to a 12-month period prior to the date of the Compensation Committee action to require reimbursement of the Excess Compensation. Any clawback of Excess Compensation must be based upon fraud adjudicated by a court of competent jurisdiction or a financial restatement. Further, following a restatement of our financial statements, we will recover any compensation received by the CEO and CFO that is required to be recovered by Section 304 of the Sarbanes-Oxley.

For purposes of this policy, Excess Compensation will be measured as the positive difference, if any, between the compensation earned by a Section 16 officer and the compensation that would have been earned by the Section 16 officer had the fraud, embezzlement, gross negligence or deliberate disregard of applicable rules resulting from significant monetary loss, damage or injury to the Company not occurred.

Risk Assessment of the Compensation Programs

Our Board believes that risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on the Company. The Company has designed our compensation programs, including our incentive compensation plans, with specific features to address potential risks while rewarding employees for achieving long-term financial and strategic objectives through prudent business judgment and appropriate risk taking. We use common variable compensation designs, with a significant focus on individual contributions to our performance and the achievement of absolute and relative corporate objectives, as generally described in this Compensation Discussion and Analysis.

The Compensation Committee and the Board reviewed our compensation programs to assess whether any aspect of the programs would encourage any of our employees to take any unnecessary or inappropriate risks that could threaten the value of the Company. The Company has designed our compensation programs to reward our employees for achieving annual profitability and long-term increase shareholder value.

Our Board recognizes that the pursuit of corporate objectives possibly leads to behaviors that could weaken the link between pay and performance, and, therefore, the correlation between the compensation delivered to employees and the long-term return realized by stockholders. Accordingly, our executive compensation program is designed to mitigate these possibilities and to ensure that our compensation practices are consistent with our risk profile. These features include the following:

- Bonus payouts and equity incentive awards that are not based solely on corporate performance objectives, but are also based on individual performance levels,

- The financial opportunity in our long-term equity incentive program that is best realized through long-term appreciation of our stock price, which mitigates excessive short-term risk-taking,

Annual cash bonuses that are paid after the end of the fiscal year to which the bonus payout relates,

The engagement and use of a compensation consultant,

The institution of stock ownership guidelines applicable to our executive officers, and

Final decision making by our Compensation Committee and our Board of directors on all awards. Additionally, the Company performed an assessment of compensation-related risks for all of our employees. Based on this assessment, we concluded that our compensation programs do not create risks that are reasonably likely to have a material adverse effect on the Company. In making this evaluation, the Company reviewed the key design elements of our compensation programs in relation to industry best practices, as well as the means by which any potential risks may be mitigated. In addition, management completed an inventory of incentive programs below the executive level and reviewed the design of these incentives and concluded that such incentive programs do not encourage excessive risk-taking.

Compensation Committee Report

We have reviewed and discussed the foregoing Compensation Discussion and Analysis with management. Based on our review and discussions with management, we recommend to the Board that the Compensation Discussion and Analysis be included in the Annual Report on Form 10-K/A for the year ended December 31, 2017.

Manuel A. Henriquez ⁽³⁾					

(1) Messrs. Badavas, Fallon, Hoffman, Woodward and Ms. Woo Ho earned \$125,000, \$100,000, \$115,000, \$125,000 and \$100,000, respectively, and each elected to receive an additional retainer fee of 3,903 shares of our common stock in lieu of cash. The total value of the shares issued to each of Messrs. Badavas, Fallon, Hoffman and Woodward and Ms. Woo Ho services in fiscal 2017 was \$50,000. Messrs. Koenig and Titingier did not receive any cash compensation during 2017.

(2) Represents distributions paid during 2017 on unvested common stock under restricted stock awards.

(3) As an employee director, Mr. Henriquez does not receive any compensation for his service as a director. The compensation Mr. Henriquez receives as our chief executive officer is disclosed in the Summary Compensation Table and elsewhere under *EXECUTIVE COMPENSATION*.

As of December 31, 2017, Messrs. Badavas, Fallon, Hoffman and Woodward and Ms. Woo Ho had outstanding options in the amount of 20,000, 25,000, 25,000, 25,000, and 10,000, respectively. As of December 31, 2017, Messrs. Fallon, Hoffman and Woodward and Ms. Woo Ho held unvested shares of restricted stock in the amount of 1,666, 3,333, 1,666, and 1,666, respectively.

Edgar Filing: Hercules Capital, Inc. - Form 10-K/A

During 2017, the compensation for serving on our Board as an independent director included the following:

<i>Annual Director Retainer Fee</i>	\$100,000
<i>Annual Chairperson Fee</i>	\$25,000, Audit Committee \$25,000, Compensation Committee
	\$15,000, NCG Committee
<i>Annual Lead Director Fee</i>	\$25,000

In 2017, we granted each independent director, except for Messrs. Titinger and Koenig who were not directors at the time of the grant, an additional retainer of \$50,000, which was distributed as shares of common stock in lieu of cash. Employee directors do not receive compensation for serving on our Board. In addition, we reimburse our directors for their reasonable out-of-pocket expenses incurred in attending Board meetings.

Compensation Committee Interlocks and Insider Participation

All members of our Compensation Committee are independent directors and none of the members are present or past employees of the Company. No member of our Compensation Committee: (i) has had any relationship with the Company requiring disclosure under Item 404 of Regulation S-K under the Securities Exchange Act of 1934, as amended, referred to as the Exchange Act; or (ii) is an executive officer of another entity, at which one of our executive officers serves on the Board.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth, as of April 25, 2018, the beneficial ownership of each current director, each nominee for director, our NEOs, each person known to us to beneficially own 5% or more of the outstanding shares of our common stock, and our executive officers and directors as a group.

Beneficial ownership is determined in accordance with the rules of the SEC. Common stock subject to options or warrants that are currently exercisable or exercisable within 60 days of April 25, 2018 are deemed to be outstanding

and beneficially owned by the person holding such options or warrants. Such shares, however, are not deemed outstanding for the purposes of computing the percentage ownership of any other person. Percentage of ownership is based on 85,899,098 shares of common stock outstanding as of April 25, 2018.

Unless otherwise indicated, to our knowledge, each stockholder listed below has sole voting and investment power with respect to the shares beneficially owned by the stockholder, except to the extent authority is shared by their spouses under applicable law. Unless otherwise indicated, the address of all executive officers and directors is c/o Hercules Capital, Inc., 400 Hamilton Avenue, Suite 310, Palo Alto, California 94301.

Our directors are divided into two groups interested directors and independent directors. Interested directors are interested persons as defined in Section 2(a)(19) of the 1940 Act, and independent directors are all other directors.

Item 13. *Certain Relationships and Related Transactions and Director Independence*
Certain Relationships and Related Transactions

We have established a written policy to govern the review, approval and monitoring of transactions involving the Company and certain persons related to Hercules. As a BDC, the 1940 Act restricts us from participating in transactions with any persons affiliated with Hercules, including our officers, directors, and employees and any person controlling or under common control with us.

In order to ensure that we do not engage in any prohibited transactions with any persons affiliated with Hercules, our officers screen each of our transactions for any possible affiliations, close or remote, between the proposed portfolio investment, Hercules, companies controlled by us and our employees and directors.

We will not enter into any agreements unless and until we are satisfied that no affiliations prohibited by the 1940 Act exist or, if such affiliations exist, we have taken appropriate actions to seek Board review and approval or exemptive relief from the SEC for such transaction.

Director Independence

The NYSE's listing standards and Section 2(a)(19) of the 1940 Act require that a majority of our Board and every member of our Audit, Compensation, and NCG Committees are independent. Under the NYSE's listing standards and our corporate governance guidelines, no director will be considered to be independent unless and until our Board affirmatively determines that such director has no direct or indirect material relationship with our company or our management. Our Board reviews the independence of its members annually.

In determining that Ms. Woo Ho and Messrs. Badavas, Fallon, Hoffman, Koenig and Titingger are independent, our Board, through the NCG Committee, considered the financial services, commercial, family and other relationships between each director and his or her immediate family members or affiliated entities, on the one hand, and Hercules and its subsidiaries, on the other hand.

Item 14. Principal Accountant Fees and Services
Principal Accountant Fees and Services

The following aggregate fees by PricewaterhouseCoopers LLP (PwC), our independent public accounting firm, were billed to us for work attributable to 2017 and 2016 audit, tax and other services.

	Fiscal Year Ended	
	(in millions)	
	2017	2016
Audit Fees	\$ 1.3	\$ 1.4
Audit-Related Fees		
Tax Fees	\$ 0.1	\$ 0.1
All Other Fees		
Total Fees:	\$ 1.4	\$ 1.5

Audit Fees. Audit fees include fees for services that normally would be provided by the accountant in connection with statutory and regulatory filings or engagements and that generally only the independent accountant can provide. In addition to fees for the audit of our annual financial statements, the audit of the effectiveness of our internal control over financial reporting and the review of our quarterly financial statements in accordance with generally accepted auditing standards, this category contains fees for comfort letters, statutory audits, consents, and assistance with and review of documents filed with the SEC.

Audit-Related Fees. Audit related fees are assurance related services that traditionally are performed by the independent accountant, such as attest services that are not required by statute or regulation.

Tax Fees. Tax fees in fiscal years 2017 and 2016 include professional fees for tax compliance and tax advice.

All Other Fees. Fees for other services would include fees for products and services other than the services reported above. Other fees billed in fiscal years 2017 and 2016 relate to on-line technical accounting software service. Our Audit Committee has considered the compatibility of non-audit services with the auditor's independence.

Pre-Approval Policy

All services rendered by PwC were permissible under applicable laws and regulations, and were pre-approved by the Audit Committee for 2017 and 2016, as applicable, in accordance with its pre-approval policy. The Audit Committee has established a policy regarding the pre-approval of all audit and permissible non-audit services provided by our independent auditors. The policy requires the Audit Committee to approve each audit or non-audit engagement or accounting project involving the independent auditors and the related fees, prior to the commencement of the engagement or project to make certain that the provision of such services does not adversely affect the firm's independence. Approval of such engagement is provided at regularly scheduled meetings of the Audit Committee. However, the Audit Committee may delegate pre-approval authority to the Audit Committee chairman or any of the Audit Committee members who is an independent director, so long as the estimated fee for the particular service for which pre-approval is sought does not exceed \$100,000. Our Audit Committee does not delegate its responsibilities to pre-approve services performed by the independent public accounting firm to management.
